No. 41

INSURRECTION IN UKRAINE SPREADING

(By Associated Press)
STOCKHOLM, Oct. 16.—Insurrection is spreading in Ukraine and recently extended throughout the entire government of Podolia. It is reported that at several places German troops are siding with the rebels.

Several thousand are declared to have hoisted the red flag near Egaterionslav, and to have killed officers. They are now marching on Kharkov to join revolutionary soldiers who hold the town.

A peasant force of five thousand men, armed with machine guns and cannon are moving on Poltava.

BELGIAN CAVALRY NEAR BIG RAILWAY CENTER

(By Associated Press)
FIFTH THE BRITISH IN FLANDERS, Oct. 16.—The Belgian cavalry is reported this morning to be within a mile of the important railway center of Thiel.

FRANCE ENTHUSIASTIC OVER WILSON'S ANSWER

(By Associated Press)
PARIS, Oct. 16.—Enthusiastic approval was given Wilson's answer to Germany by newspapers here this morning.

The Gligaro says that Wilson's depth of thought and staunch loyalty no longer permit Germany to compromise with defeat.

—Buy a Bond—
Mrs. Lyles came in from Dallas for a visit to her mother, Mrs. Kelley, and other relatives and friends.

BRITISH VESSEL SUNK IN COLLISION

(By Associated Press)
NEW YORK, Oct. 16.—The British freight steamer Port Philip, out-bound, was sunk in a collision with a United States war vessel off Swinburn Island in the lower bay, this morning. The crew of fifty men was saved.

FOR SALE—Two scholar ships in the Tyler Commercial College, one of the largest business colleges in the South. Apply at The Sentinel office.

BELGIAN ARMY IS RAPIDLY ADVANCING

(By Associated Press)
LONDON, Oct. 16.—The Belgian army under King Albert is advancing rapidly along the Cortemarck-Thourout road. The fall of the Belgian town Thourout, whose capture was prematurely announced unofficially yesterday is expected almost immediately.

DEFICIENCY BILL GIVEN QUICK CONSIDERATION

(By Associated Press)
WASHINGTON, Oct. 16.—Immediate consideration was given by the house today to the military deficiency bill, carrying over six billion dollars, reported by the appropriation committee to provide for an enlarged war program during the coming nine months. Leaders say the bill will be passed tomorrow.

THE BODY IS BEING CARRIED TO JEFFERSON

A message was received in the city last night, from the brother of the young man, announcing that the body of Lieutenant W. B. Hoffmeister, who died at Camp Travis yesterday, was being carried to his old home at Jefferson for interment.

It was first thought that the body of the young man would be brought to this city for burial. Lieutenant Hoffmeister went out from this city, and was esteemed as one of our most worthy, patriotic young men. While he did not get to see service in France, he applied himself to the work to equip for the best service possible when the time came, and has given all that any man can.

All Nacogdoches will reverently remember the memory of the patriotic young man, and join in profound sympathy with his loved ones in the great loss they have sustained.

Link Simpson received a message from Austin last night, bringing the cheering news that his brother, Ford Simpson, who was reported to be dangerously ill with pneumonia, was resting better. All Nacogdoches will join in the fervent hope that he may continue to mend and have a speedy recovery.

KAISER ABDICATED HUNS GIVE UP REPORT SAYS

(By Associated Press)
LONDON, OCT. 16.—REUTER'S LEARNS THAT GERMANY'S REPLY TO WILSON IS EXPECTED TO BE COMMUNICATED IMMEDIATELY AND IS LIKELY TO CONSTITUTE A GENERAL ACCEPTANCE OF PRESIDENT WILSON'S CONDITIONS. ANOTHER REPORT SAID THAT THE GERMAN ACCEPTANCE WILL STIPULATE THAT THE INTERESTS OF THE GERMAN PEOPLE MUST BE RESPECTED.

AMSTERDAM, OCT. 16.—THE COURANT PRINTS A SPECIAL EDITION GIVING THE REPORT THAT GERMANY HAD CAPITULATED AND THAT EMPEROR WILLIAM HAD ABDICATED.

WILSONS ANSWER CAUSES A PANIC

(By Associated Press)
LONDON, Oct. 16.—President Wilson's reply to the German peace note produced a most unfavorable impression in Berlin, says a Central News dispatch from Amsterdam, today.

Publication of the reply was followed by a panic in Berlin banking circles, and on the stock exchange.

The German supreme command will come to Berlin at the end of the present week to deliberate on mobilization, the concentration of their national strength and the raising of the military age.

HUNS BOMBARD FRENCH SEAPORT

(By Associated Press)
WITH THE FRENCH IN FLANDERS, Oct. 16.—The Germans today resumed their long range bombardment of the French seaport of Dunkirk on the Strait of Dover. There were some civilian victims.

FRENCH MAKE GOOD PROGRESS

(By Associated Press)
PARIS, Oct. 16.—The French last night captured Acy-Romance within a mile of the important railway junction of Reims. They also made some further progress north of Sissonne, while between Sissonne and Reims they repulsed violent enemy counter attacks near St. Germainmont.

BRITISH ENTER LILLE

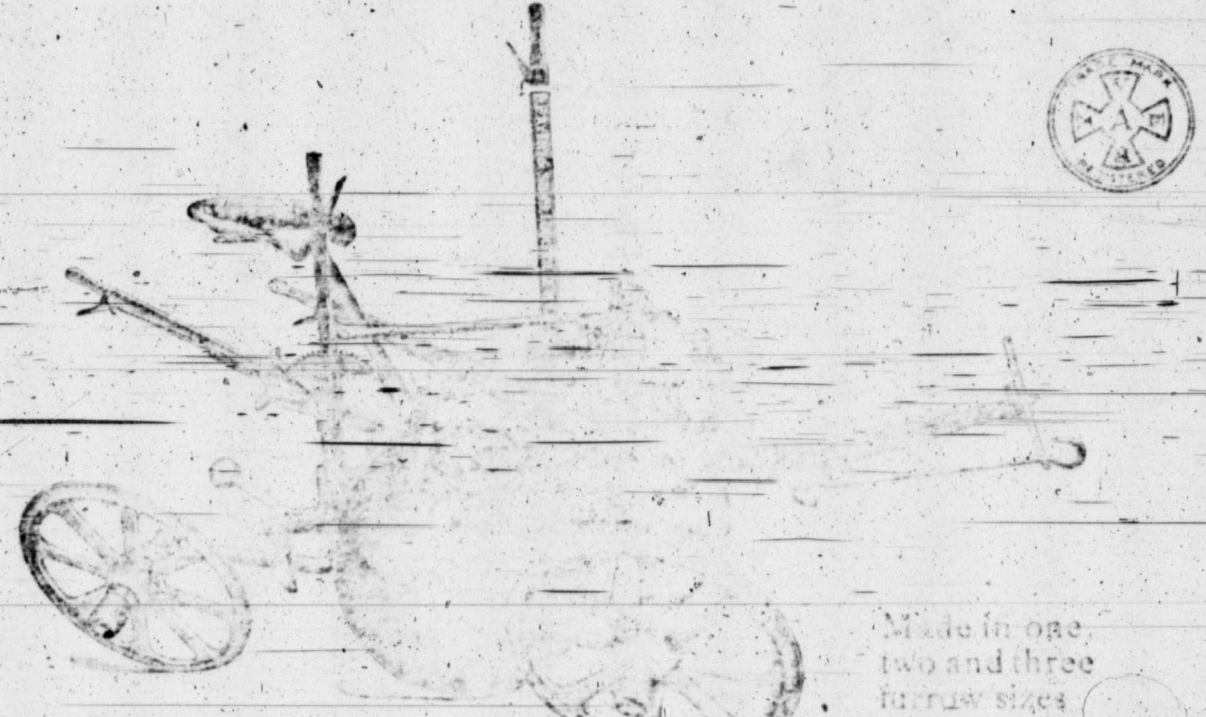

British patrols entered the southwestern suburbs of Lille this morning.

AVERY'S BOB CAT DISC PLOW Does Not Care a Rap About the Weather

It plows most efficiently whether the ground is wet and heavy or dry and hard. During the rough seasons, it is the only plow that will work on the ground in all seasons. The patented AVERY'S BOB CAT DISC PLOW is the only plow that will work on the ground in all seasons. The patented AVERY'S BOB CAT DISC PLOW is the only plow that will work on the ground in all seasons. The patented AVERY'S BOB CAT DISC PLOW is the only plow that will work on the ground in all seasons.

CASON MONK and CO.

ALLIES IN BELGIUM RAPIDLY ADVANCING

(By Associated Press)
WITH THE ALLIES IN BELGIUM, Oct. 16.—Allied troops are miles east of Roulers and advanced patrols are within a mile of Courtrai. The Lys river seems to have been crossed between Comines, which has been captured and Warneton reports indicate that another crossing of the Lyse has been effected at Wervicq.

To the south the enemy has begun a withdrawal and his troops have been moved backward from Pont-A-Vennin and Bercoutau, and from the Rollegem front.

Everywhere the Germans are fighting rear guard actions with a large number of men involved in the struggle.

Cuene has been stormed and taken and the Belgians have captured Bevern station.

HOMER A. DOTSON DIED THIS MORNING

Wednesday's Daily
A message was received in the city this afternoon announcing the sad news that Hon. Homer A. Dotson had died at his home in Mt. Enterprise about 11:30 this morning following an illness with pneumonia.

The news comes as a great shock to the great host of friends of the gentleman in this city, who did not know he was ill.

The body of the gentleman will be brought to this city for interment and will be laid to rest by the Masonic fraternity, of which order the deceased was an honored and much loved member.

Previous to his removal to Mt. Enterprise, Mr. Dotson was a citizen of Nacogdoches, and served this county in the state legislature with ability and distinction. He was a progressive, useful citizen, and a gentleman

of pleasing personality who was esteemed and loved by all who knew him. At the time of his death Mr. Dotson was president and general manager of the short line of railroad running from Mt. Enterprise to Caro, which he took over when the mill company cut out their timber and moved away. By taking it over he saved Mt. Enterprise the railroad, and The Sentinel is informed that he was doing well with the road-making it a self-sustaining enterprise.

The Sentinel will have more to say of the life and death of the good man after the funeral.

Mr. J. C. Martin of Attoyac received a message last night announcing that his brother, Ver-

non C. Martin, was dangerously ill at Camp Mills, in New York, and has wired to know if he can get through the lines, in which event he will go to his bedside. The young man had finished his course of training in the camp, and had been moved to the latter place for transportation overseas. His heavy clothing had already been issued to him, and he was expecting to leave every day.

So far as The Sentinel can learn, no further news has been received from the bedside of Tom Buchanan, who was reported ill at the training camp, and "no news" in this instance will be considered "good news."

The Carthage Register says: "Some folks are so busy hating the Hun they forget it takes work to win the war."

The Carthage Register says: "Some folks are so busy hating the Hun they forget it takes work to win the war."

A ruling has been issued by the United States Circuit Court of Appeals for the Fifth Circuit.

The Lufkin News reports the "porch swing wedding" as the latest fashion for tying nuptial knots in that city.

When our boys catch the kaiser, we want him brought to Sour Lake and hand-cuffed, then placed in a closed room with all the mosquitoes of the town.

NURSES WANTED

Emergency women nurses are badly needed at a number of the training camps to nurse the patients suffering with influenza and its complications.

Graduate nurses desiring to enlist for this service will report to Col. Clayton, commanding surgeon, Fort Sam Houston, San Antonio.

Women who have training to equip them for the service can engage in nothing more patriotic than to volunteer to help nurse these soldier boys who are training to fight the battles of the country.

LOST—One orange and white setter dog, 6 months old. Notify H. W. Whited at Frost John son mill.

NACOGDOCHES TRADITIONS

From Monday's Daily.

Old land marks are interesting to old residents, and often also to other people. The recent purchase of the old Council house homestead by the county commissioners and adding it to the court house grounds adjacent to the premises by their right of eminent domain is a fine thing.

In the early settlement of the old town this was a favorite section. Gen. Piedras, a noted trouble maker of the early days had his home just back of the present Masonic Hall.

Pilar street along by these old premises, was the old King's Highway. Sam Reid, L. S. Taylor and Fritz Hoya might confirm some of these facts, or traditions if they were old enough.

John Orton are two young or too modern. We can not let bygone be bygone altogether. Let us not forget—not as it was written—they are memories too sacred.

J. E. M.

Don't You Need One Now?

Indigestion, biliousness, bad breath, gas constipation or any condition arising from a mass of undigested food in the stomach needs immediate attention.

Stopped Her Baby's Cough.

No remedy is better known than Foley's Honey and Tar for giving quick relief from coughs, colds and croup.

FROM R. L. VAN ZANDT AND W. G. McADOO

The only means by which we at home can share with our boys in France the honor of having taken part in the war is by making actual sacrifices. It is the only way we can satisfy our own conscience and maintain the respect of our fellow men.

WASHINGTON, Oct. 10.—P. J. Van Zandt, Governor, Federal Reserve Bank of Dallas, Texas. I stated in a recent address in New York City that there was only 22,500 subscribers to the Third Liberty Loan who took in excess of ten thousand dollars each, and emphasized the importance of materially increasing the number of these larger subscriptions.

I have received reports from every part of the country, which indicate that the rural districts are making splendid progress toward the goal, but that the cities are lagging behind and that the larger subscriptions are coming in very slowly.

(Signed) W. G. McADOO, R. L. VAN ZANDT,

A Man's Cheerful Recommendation.

W. H. Frear, 63 Myrtle Ave., Albany N. Y., writes: "I thought kidney trouble might be the cause of my run-down condition and weakness, so I took Foley Kidney Pills, and they did the work."

PORTO RICO EARTHQUAKE DOES DAMAGE

HAVANNA, Oct. 12.—Widespread damage was done by an earthquake in Porto Rico, destroying many buildings and hampering cable communication.

THE WAR SAVINGS REPORT FOR SEPTEMBER

Below is an itemized statement of War Savings pledges redeemed in September through War Savings Societies in Nacogdoches County.

There is an appreciable falling off in sales reported by the War Savings Societies in the city. Why? Is it because lack of interest on the part of the societies in looking after collectors, or a lack of interest on the part of the public in redeeming their pledges?

Special attention is called to the splendid report of the West End primary school, \$222.50 for the one week in September. Other schools in the city and county have hardly organized and the school is going at it in November.

First Presbyterian	280.00
Christian Aid	222.50
Orton Hill	200.00
Alkar Society	150.00

TOTAL	\$27,619.85
Grand Total, \$32,698.95. Reported sales through War Savings Societies have aggregated to date, \$228,839.70.	

The following societies have not reported:

Christ Church Guild, Baptist Aid, Presbyterian U. S. A., C. C. Club, Julius Eichel Co., Irion Hill, Ladies of the Maccabees, Ford Service Station, all of Nacogdoches, Also Douglas, Needmore, Oak Ridge, Mt. Moriah, Pleasant Hill, Rock Springs, Sacul and Trinity.

LEAH ZEVE, County Chairman Woman's Committee, War Savings.

SURGEONS agree that in cases of Cuts, Burns, Bruises and Wounds, the FIRST TREATMENT is most important. When an EFFICIENT antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once.

Now that the "flu" has been put on Nacogdoches too, the only fashionable thing to do is to have a case of "flu."

ABOUT THE BUSINESS COLLEGE STUDENTS HOME

An earnest effort is being made to close the matter pertaining to the purchase of the Students' home for Walden's Nacogdoches Business College.

Mr. Walden will make a "rush" trip to Austin as soon as this matter is closed up, attend to shipping his school and other furniture and come back in a car with Mrs. Walden, who is needed in the work here.

Every subscriber to the scholarship fund is urged to do his part now that the school may advertise extensively through several states, and a large attendance secured for the January term.

A telegraph department is to be added, new furniture installed and everything that is necessary will be done to make the school equal if not better than the best.

Let's finish this matter without further delay and in a manner that will show the progressiveness of our business men and women.

If your child starts in its sleep, grinds its teeth, while sleeping, picks at the nose, has a bad breath, fickle appetite, pale complexion, and dark rings under its eyes; it has worms; and as long as they remain in the intestines, that child will be sickly.

RESOLUTIONS.

The Death Angel visited the home of I. M. Buckner, on Sept. 6, 1918, and called the father and husband, Q. N. Buckner, home to his last resting place.

Q. N. Buckner was born April 5th, 1841, in Stockton, Cedar County, Mo. He joined the Masonic order in 1868 at Quichita, Ark.; and he was always a true and faithful member until his death. He was a member of the Methodist church.

At the age of twenty he enlisted in the Civil War, and made a gallant soldier.

He leaves a widow, four children and one brother to mourn their loss. There are three boys, Eugene Buckner, who lives at Tenaha, Texas; Oscar Buckner, lives at Melrose and Lawrence Buckner, who lives at Attoyac. One daughter, Mrs. Grace Flournoy, lives in Louisiana. His brother, Jim Buckner, lives at Homer, Angelina county.

On Sunday, Sept. 8, 1918, at 2 o'clock, the funeral service was conducted by Rev. Wallace at the Methodist church. After the services his body was laid to rest in the Chireno cemetery by the Masonic Order. He was a gallant and fearless soldier always true to his country. He was a kind, gentle and dutiful husband and father. As a citizen he could not be excelled, always ready to help, aid and assist the poor and needy.

Kind friends and dear relatives weep not for what is our loss is heaven's gain. A chair is vacant in that home a voice is hushed and still. It matters not where you may roam.

W. K. Feemaan, W. H. Rawlinson, L. Taylor, Committee.

YOUTH-TIME

The important time to lay a strong foundation for robust manhood is while life is young and the body developing. A growing child needs every possible help to conserve energy and control the body in vigorous health.

SCOTT'S EMULSION comes with particular help. It is the strongest and most nourishing of all the south-time nourishers and strengthened to withstand the moods of disease by the consistent use of Scott's.

HUNS BELIEVE PEACE STEPS BE CONTINUED

LONDON, Oct. 11.—Germany's answer to Wilson's reply to the German peace proposal was published in Berlin papers last evening. The North German Gazette says that "we have reasons to believe that the peace steps which have been commenced will be continued."

HUNS TO EVACUATE ST, GOBAIN FOREST

LONDON, Oct. 11.—Today's advices from the battle front indicate that it is virtually certain that the Germans will have to evacuate the St. Gobain forest almost immediately.

Soul Kiss
Face Powder
St. Louis, Mo.

LOCAL NEWS ITEMS.
From Friday's Daily.
Mrs. A. G. Lesterjette and daughter, Mrs. Alice McNulty, will arrive home this afternoon from New Orleans, where Mrs. McNulty was learning the trade of operating a linotype machine.

Nugent Brown, son of R. Lee Brown, a former citizen of the county, stopped off and made a little visit to Judge Perritte yesterday while en route from Ellington Field to New York, from which place he expects to soon sail for the battlefronts in France.

Mr. A. G. Lesterjette, the well known driller, has returned from Lufkin where he has been engaged some days in drilling a deep water well, and reports that he brought in a fine well of good soft artesian water. This achievement will doubtless cause rejoicing in the neighbor town, where a supply of good water has been a problem for some time, and causing the inhabitants much concern and worry.

Mrs. Eugene Blount wishes to say to the knitters that on account of the high cost of wool and length of time required for knitting, the committee has decided to make caps by machine of elder-down. She wishes to thank the many persons who volunteered the very first day, and to say it is a real, genuine pleasure to be in a work where there are so many interested and sympathetic helpers. It seems that our suffering allies have only to let their needs and wants be known and the generous American public will give them anything they have.

HEAD AND NOSTRILS STUFFED FROM COLD

Don't stay stuffed-up! Quit blowing and sneezing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will melt the mucus and break up a severe cold either in the head, chest, body or throat. It promptly opens clogged-up nostrils and air passages, stops early discharge of nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and irritation.

LUZIANNE coffee

an I Good Cheer go together like Possum and Sweet Potatoes

BECAUSE Luzianne makes the best-tasting cup of coffee you ever drank. It's roasted just right. The fragrance—you can't forget it. And the flavor is delicious.

"When It Pours, It Reigns"

Coffee-lovers know that Luzianne just hits the spot, for it's full of punch and pep.

If you don't think that this good old Luzianne is worth what you paid, then tell your grocer and he'll give you back every cent.

KAISER FOUGHT AMERICAN SHIPS FIGHT IN ADRIATIC

LONDON, Oct. 11.—Unofficial advice received here says that Prince Maximilian's peace proposal to Wilson was made in direct opposition to Emperor William. It is suggested that this may be the reason for summoning the German sovereigns for a conference.

WASHINGTON, Oct. 11.—The speculation here as to the meaning of the conference of the sovereign German states, called by the Kaiser, ranges from an appeal to the petty sovereigns for renewed fealty to the supreme war lord and the suppression of disaffection in their territories to the abdication of the kaiser and unconditional surrender.

RED CROSS

From Friday's Daily.
The Chairman forwarded to headquarters yesterday the following knitted articles:
405 pairs socks.
14 sweaters.
20 helmets.
7 pairs wristlets.
These came in from the local branch and points in the county since the large shipment of shipment of sweaters and helmets Monday of this week.

GERMANS BEGIN BIG RETREAT IN CHAMPAGNE
PARIS, Oct. 11.—In the Champagne sector the Germans have begun a retreat toward the Aisne. French forces have crossed the Aisne at Termes.

'CASCARETS' WORK WHILE YOU SLEEP

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—Take Cascarets tonight.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

GERMANS TRY TO SLOW UP ANGLO-AMERICAN ATTACK

(By Associated Press)
WITH THE BRITISH ARMY IN FRANCE, Oct. 12.—The enemy began attempts to slow up the Anglo-American advance on the Main battle front, today.
Bridges across the Selle river from Leateau southward, were dynamited and the Germans were digging in furiously a mile east of the river.

AUSTRIAN PREMIER HAS RESIGNED

(By Associated Press)
ZURICH, Oct. 12.—Baron von Hussarek, the Austrian Premier, has resigned, according to the Vienna correspondent of the Vossische Zeitung, which adds that Professor Lammasch, pacifist anti-Germanist, has been appointed as his successor.

WASHINGTON, Oct. 12.—The German reports that the reply to President Wilson is "in a sense" an acceptance, caused the authoritative statement warning the public against believing that Germany was about to end the war by unconditional surrender.

AMSTERDAM, Oct. 12.—Berlin bankers notified the correspondent here that Wilson's first condition of the evacuation of territory is unacceptable.

PARIS, Oct. 12.—Semi-official summaries of German press comments indicate that Germany's answer to the demand for evacuation of occupied territory will demand evacuation of German colonies and occupied Turkish territory.

AMSTERDAM, Oct. 12.—The Bremen Weser Zeitung reports feverish excitement among clandestine food speculators who face a dilemma whether to hold on to their stock or to sell. The newspaper says that it has received advertisements offering various delicacies, which have long disappeared from the market.

WASHINGTON, Oct. 12.—The state department is still without official advices confirming the reports that Turkey appealed to the allies for peace on the allies terms. Also nothing regarding the report that Austria sent another communication.

FRENCH ADVANCE IS VERY RAPID

PARIS, Oct. 12.—(Official)—The river Suippe has been crossed at several places and the Retoure river reached between Hodilecourt and Sault Stremy. The French are rapidly advancing in Champagne. Sugny and Machult being reached, and a whole series of powerful enemy barriers have fallen at a blow.
A dispatch from the French army headquarters says that the whole region south of Laon is burning.
The French penetrated the important railway town of Vouziers this morning. They hold the general line of Retoure and the road from Pauvres to Vouziers.

ATTEMPTS TO TAKE LIFE OF PRESIDENT WILSON

(By Associated Press)
NEW YORK, Oct. 12.—A man who gave his name as H. J. Boone and claimed he only wished to shake hands with Wilson, rushed from the crowd as the President passed down the street at the head of a Liberty parade today. Secret service men hurried the man from the crowd which surged forward, thinking that an attempt was made on the president's life. A loaded pistol was found in the street near where the man was arrested.

380 AMERICANS LOST ON TRANSPORT

LONDON, Oct. 12.—A check at American headquarters it was announced that 380 American soldiers were lost when the transport Otrano sunk in a collision off the Scottish coast.

The bodies of two hundred of the Otrano's victims were recovered. The ship is a total wreck. The Kaskaura, with which it collided, and its passengers safe. The troop ships collided while a heavy storm was raging. The lost troops were largely from the United States, without sea experience preferring to remain on the bigger ship than risk jumping to the small destroyer Mounsey, which attempted to rescue them.

Helps Sick Women

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, and the pains were very severe. A friend told me I had tried everything else, why not Cardui? ... I did, and soon saw it was helping me. ... After 12 bottles, I am strong and well."

TAKE CARDUI

The Woman's Tonic

Do you feel weak, dizzy, worn-out? Is your lack of good health caused from any of the complaints so common to women? Then why not give Cardui a trial? It should surely do for you what it has done for so many thousands of other women who suffered—it should help you back to health.

Ask some lady friend who has taken Cardui. She will tell you how it helped her. Try Cardui.

All Druggists

ENGLAND WANTS GERMAN SURRENDER

(By Associated Press)
LONDON, Oct. 14.—No temporary armistice nor any armistice at all, unless accompanied by Germany's unconditional surrender, is the dominating note in the comment on Germany's peace terms. The allies will take nothing less than unconditional surrender in the fields, and there must be no armistice until a defeat in the field is acknowledged by the enemy.

Commenting on the German peace note the Mail says "Germany's reply is not an acceptance of Wilson's terms." The statement that they have been accepted is not only an untruth in the German reply. The present German government was founded by the same powers and minions as those which directed every foul act that has disgraced the name of Germany, from the tearing up of the scrap of paper to the sinking of the Leinster

Mr. H. E. Seale, a well known farmer and citizen, residing a few miles east of the city, has moved his family to town to enable the children to attend school here during the present term.

We have plenty of Sugar certificates on hand for those wishing same.

HAVE YOU BEEN SICK?

Then you realize the utter weakness that robs ambition, destroys appetite and makes work a burden. To regain your strength nothing has ever equaled or compared with Scott's Emulsion; its blood-enriching properties give energy to the body while its tonic value sharpens the appetite in a natural, permanent way. If you are run down, tired, nervous, overworked or lack strength, be sure to get Scott's Emulsion today.

The Sentinel

WALTON & GIBBS, Publishers
 TELEPHONE 94

If we raise our quota and go over the top gloriously in the Liberty Loan campaign with the present epidemic of influenza over the country, we need have no fear of the future.

With every house closed up and only a few people to be seen on the streets, The Sentinel feels that it is violating a Sunday in the work of publishing a paper today, and we only do so because it is to the best interests of the cause of the community to go ahead with the publication of the paper.

The United States, in common with its allies, demands of Germany that she cease her campaign of frightfulness and give some better evidence of the sincerity of her overtures for peace before a cessation of hostilities can be granted. And you can pin your faith to the idea that the infamous enemy of civilization will come to any and all terms demanded at an early date. In the meantime buy all the liberty bonds you can and let's give our boys unstinted support in a glorious finish.

In compliance with requests in the matter, Nacogdoches has remained closed up as tight as the proverbial clam today, with the lid on every business and industrial enterprise in the city that could possibly be closed, and the people have joined in the campaign to put over the Liberty Bond issue without any more foolishness about it. Workers have gone out in every direction, and so far as The Sentinel can learn a good response is being had, giving hope that the goal will be reached with the activity of the day, or so nearly so that it will not take much further effort to carry it over the top.

PROF. WALDEN GOES AFTER HIS EQUIPMENT

Prof. L. E. Walden, superintendent of the Business College, left at noon today for Austin where he goes to ship his business college equipment to this city, and will return through the country with Mrs. Walden in the family car.

Sufficient subscriptions to the new home for the boarding students have received to make Prof. Walden safe in going ahead with the improvements in building up a first-class business college in this city. Upon his return he will take over the McLain building familiarly known as the Eaves house which will be converted into a boarding place for students, and the equipment which was formerly used in the Austin school will be

installed in the school here. Mrs. Walden, who is reputed to also be a very proficient teacher, will engage in the work with Prof. Walden and thus all plans are being worked out for the establishment of a first-class business college here along lines that have previously been discussed.

As The Sentinel has taken occasion to say in the past, a first-class business college will be worth much to the educational and commercial life of the city, and we rejoice in the knowledge that it will soon be a reality. Prof. Walden has worked faithfully to establish such an institution here, believing it to be the logical point to serve this section of East Texas, and with the good foundation he has laid we may expect him to now go forward in the development of a great institution which will meet the demands and which will take its place in the further upbuilding of the city.

PHONOGRAPH RECORDS FOR SOLDIER BOYS

Phonograph music, as you know, together with reading matter, is often the only aid to comfort and morale available in camp, dugout or hospital. But records are expensive and they are often quickly broken or worn out. The various huts and cantonments need virtually an unlimited supply. This movement will stir the musical world and the public in general to an understanding that music can best "do its bit" by keeping a good stream of records, machines and needles steadily flowing from home collections to the front.

The movement somewhat parallels recent splendid drive for books and magazines. And it is preeminently a job for the music world, which as yet has had little opportunity to make a distinctive contribution to the war. The big official and semi-official war welfare organizations have expressed their desire to receive records and machines and to co-operate. Every step will be taken with the approval of the proper authorities, and the financial matters will be scrupulously supervised.

Records may be delivered to any member of the local committee or to Mr. Lindsey's office down town. The local committee is composed of the following ladies: Mrs. I. L. Sturdevant, Mrs. Eugene Blount, Miss Minnie Blount, Miss Jamie Dunlap, Mrs. Robert Lindsey.

Stopped Her Baby's Cough.

No remedy is better known than Foley's Honey and Tar for giving quick relief from coughs, colds and croup. Mrs. W. M. Stevens, Vivian W. Va., writes: "My baby had a terrible cough, and nothing did him any good. I read about Foley's Honey and Tar, the first dose helped him and in two days the cough stopped. Stripling, Haselwood & Co."

FOR COLDS AND GRIPPE FOLLOW DOCTORS' ADVICE	
Ask any physician or druggist and he will tell you that the first step in the treatment of a cold, cough, influenza or gripe should invariably be "a brisk calomel purgative, preferably the nauseous calomel, called Calotabs." This alone is often sufficient to break up a severe cold over night, or cut short an attack of gripe and possibly prevent pneumonia.	
One Calotab on the tongue at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating pleasures or work. Next morning your cold has vanished and your entire system is purified and refreshed. Calotabs are sold only in original sealed packages; price thirty-five cents. Recommended and guaranteed by druggists everywhere. Price refunded if you are not delighted.	

How's Your Spark?

No spark is just as bad as no gas. And a weak uncertain fitful spark is worse than the poorest grade of fuel. You're particular about your gas—why not about your spark. If you aren't getting the red hot sort of spark that makes your motor hum, you ought to come in and ask us Why. We can tell you some interesting things about batteries, and that remarkable insulation Threaded Rubber. There are facts worth studying in the new booklet "A Mark with a Meaning for You." Ask for a copy.

We test, repair and recharge storage batteries, and always carry a full supply of battery parts, new batteries and rental batteries. Testing service is free.

WOMEN TORTURED.

Suffer Terribly With Corns Because of High Heels. But Why Care Now.

Women wear high heels which buckle up their toes and they suffer terribly from corns. Women then proceed to trim these pests, seeking relief, but they hardly realize the terrible danger from infection, says a Cincinnati authority. Corns can easily be lifted out with the fingers if you will get from any drug store a quarter of an ounce of a drug called freezone. This is sufficient to remove every hard or soft corn or callus from one's feet. You simply apply a few drops directly upon the tender, aching corn

or callus. The soreness is relieved at once and soon the entire corn or callus, root and all, lifts out without one particle of pain. This freezone is a sticky substance which dries in a moment. It just shrivels up the corn without inflaming or even irritating the surrounding skin or tissue. Tell your wife about this.

Why do we have music in our homes, churches, clubs and movies? Why our bands and orchestras throughout this land? Should we not supply our boys with music to cheer their hearts while they are away from us fighting our battles? Draft your "Slacker Records"—for the great "Drive" Oct. 26-Nov. 2.

AMERICANS CHOP GERMAN LINES

(By Associated Press)
WITH THE AMERICANS AT VERDUN, Oct. 15—From east of the Meuse to the vicinity of Grand Pre, American forces chopped a series of fresh notches in the German line today. While the Germans resisted with grim determination, their decision to hold till the last. A portion of their line before the Americans may open the way to swift disaster.

Although action extended to the east bank of the Meuse most savage fighting took place about Romange, where the enemy is striving to maintain the sector of the Kremhild line running northwardly from Romange.

Units of the Second American army which began operations Oct. 12th, under command of Major General Robert L. Bullard today repulsed German raids on their positions.

Tanks were brought into operation today by American to break through enemy wire entanglements west of Romange.

TOM BUCHANAN IS REPORTED SERIOUSLY ILL

From Tuesday's Daily.
 A message was received in the city yesterday announcing that Tom Buchanan, a well known young man of this city who held a position in the postoffice before leaving, was seriously ill with pneumonia in the training camps at Camp Travis.

Darwin Buchanan left last night for his bedside, and a great host of friends of the young man and the family will unite in the hope that he may find Tom better upon his arrival, and that the young man may soon recover from his illness.

SOLDIER BOY DEAD

From Tuesday's Daily.
 Mr. Fred H. Wilson is in receipt of a message announcing the death of Lieutenant W. B. Hoffmeister at Camp Travis.

Other messages indicate that the remains of the young man will be shipped back to this city for interment.

The Sentinel will have a more extended report of the life and death of this worthy young man tomorrow.

ATTENTION RED CROSS WORKERS

From Tuesday's Daily.
 On account of the influenza epidemic, no meetings will be held at the Red Cross rooms until further notice is given. The garment room will be open every afternoon from two until five however, for the purpose of receiving contributions to the linen shower and for giving out wool and instructions. A large shipment of wool has just arrived, with a request from headquarters that it be knitted into sweaters as soon as possible, so everybody will have plenty of work to do at home until the rooms can be opened for meetings again.

TEXAN RECEIVES HONOR CITATION

WASHINGTON, Oct. 15.—Private Wm. L. Simms, Co. A, 13th Machine Gun Battalion, of McLean, Texas, has received a citation of honor from General Pershing as follows: For extraordinary heroism in action at Frapelle, France, August 16-18, 1918. Private Simms, while acting as a runner, showed exceptional bravery in carrying messages through a heavily shelled and gassed area. After being wounded in the hand he made twelve trips from Frapelle to his company headquarters at Chapelle Saint Clair. Home address: W. S. Simms, father, McLean, Texas.

RED CROSS

We want to thank the ladies for the splendid work they did last week in turning out the hundred convalescing robes in such short time. They began work on them Wednesday afternoon and Saturday. I was able to notify headquarters that they were finished and subject to shipping orders. From now on there will be more of just such orders. While there will be need for steady production or standard dressing, etc., these will be special hurlyburly calls for various supplies and while there may be times when the demands are not so pressing we must be like the fighting part of the army, ready for any command for intensive work at any time, and on short notice. From the chairman of the local branch to heads of committees and workers, each and all did splendidly.

C. D. ATWELL,
 County Chairman.

DISTRICT COURT

From Tuesday's Daily.
 In the district court yesterday, C. H. Williams, a negro, was tried on a charge of forgery and given four years in the penitentiary.

Good amusement was attached to this trial in the cunning employed by the defendant, as developed in the testimony. Williams went through a prosperous negro colony in the western part of the county, where there are several negroes who own large bodies of land, and represented himself to be a land buyer. He did not want to close up a deal for any land at the particular time, but represented that he was getting in touch with all the large bodies available he could, and in the course of a conversation along this line would get the owner to write his name and the amount of land he had on a slip of paper. Thus having obtained the information of who owned the larger bodies of land and a copy of their signatures he repaired to a more secluded spot and immediately began practice in imitating their signatures, in which he became sufficiently proficient to write them to checks in amounts convenient to meet his immediate necessities for funds. In the trial he had no attorney and when asked by the court, at different times, what his wishes were he would readily respond to the statement: "I plead for mercy."

The court today is being engaged with civil business.

TRANSPORT SUNK IN HOME PORT

(By Associated Press)
AN ATLANTIC PORT, Oct. 15—A United States transport was sunk at a pier here this morning. It is reported to have had soldiers on board at the time.

Later—Hoboken, Oct. 15.—The sinking of the transport America occurred at five o'clock this morning, while most of the troops were still in their berths. In their hurried escape from the ship to the pier most of them had so little time to do their clothes. The Red Cross was called upon for assistance and soon trucks were filled with blankets and clothing. All troops were taken off safely.

The cause of the sinking is unknown, but the ship was undergoing interior repairs and water in some way entered the hold.

Born to Mr. and Mrs. Albert Bright, at 5 this morning, a fine boy.

STOP THAT ACHE

Don't worry and complain about a bad back. Get rid of that pain and lameness! Use Doan's Kidney Pills. Many Nacogdoches people have used them and know how effective they are. Here's a Nacogdoches case:

Mrs. John H. Cox, N. Fredonia, St., says: "The grip left my kidneys in a bad fix and my back ached until I was almost exhausted. I used Doan's Kidney Pills for a short time and got fine results. I haven't had to use a kidney medicine since."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Cox had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

WILSON CLOSING DOOR TO PEACE TO KAISERISM

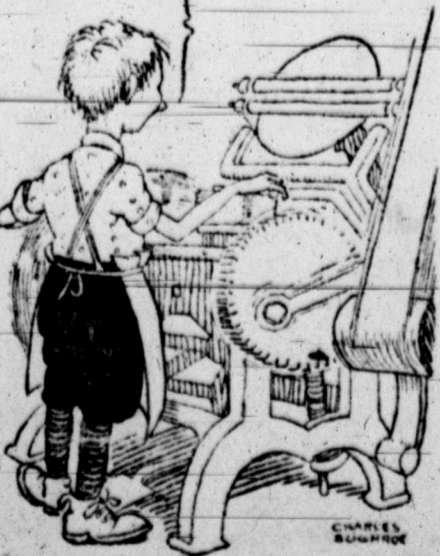

(By Associated Press)
 WASHINGTON, Oct. 15.—Wilson's reply to Germany was a ready surrender, and finally closing the doors to peace with kaiserism, was on the cables today if it has not already arrived at Berne.

So far the president has not dealt with the pleas of Turkey and Austria-Hungary. There is no indication that these allies of Germany will hear from him until the dominant factor in the central alliance makes another move, unless one or both of them make a renewal of their pleas seeking surrender, without regard course or fate of Germany.

Subscribe for the Daily Sentinel. Price 50c per month, or \$5.00 per year.

MICKIE SAYS

PRETTY LUCKY FOR ME, I CLAIM, THAT EVERYBODY DON'T KNOW WHAT CLASSY PRINTING WE TURN OUT IN THIS SHOP. WE'D BE RUNNING THIS HERE JOB PRESS DAY AN' NIGHT!

DO YOUR DUTY

You would be a very unnatural parent if you did not wish to give your boy or girl the best educational advantages that are in your power, a very thoughtless parent if you sent him to the first school that mailed you a catalogue, and an unpardonable parent if you entered him in a school without first investigating its location, sanitation, equipment, character of student body, faculty, system of discipline, and above all the moral surroundings. Yours is the duty of investigation, comparison, and ultimate decision.

Your boy or girl is the hope of your life. In him or her is centered your most cherished ambitions. His or her worth to you cannot be measured by dollars and cents, but his or her value must be measured by the training which he received in home and school. If the local school were an ideal place for your boy or girl, you wouldn't think about sending him away from home. Under present conditions, they doubtless need more self-reliance, because they lack the power of initiative, they want in breadth the scope of vision, haven't learned how to study, can't make for themselves, and are ignorant of the fine arts of a business career. If so, their education should be continued in a business training where discipline really means something, where personal supervision by the faculty is constant where our service is rendered above everything else, and where manly and womanly conduct are held paramount to all other considerations.

Our thoughts are centered upon the welfare of our girls while here in school, as well as their future business career. We have secured the services of Mrs. Chas. T. Bonner of Tyler, Texas, as Dean of Women. Mrs. Bonner is well qualified for the great responsibility of caring for the hundreds of young women who are fitting themselves to take the places of our splendid young men who have answered our country's call. Mrs. Bonner has traveled over this country, and in Europe observing the positions and conditions of women. She has been closely identified with the State Federation of Women's Club since its inception, and has been actively interested in church work for the betterment of womanhood. Her deep interest and sympathy for young women give her at once a place in the hearts of the students, she will try as nearly as possible to fill the place of mother to each girl.

Our 228 page catalogue will tell you as to the financial standing of our institution. It will tell you of the endorsement by the best business men, ministers, lawyer, and banker, it will give you the experience of young people who came to us with limited means, and in a short time in school, what their success and future has meant to them. We know you are bound to be interested, so ask us to furnish you the proof. Our large beautifully illustrated catalogue is free, if you will fill out this coupon and mail to us.

YOUR CAST-OFF CLOTHING TO WARM BELGIANS IF YOU'LL GET IT IN NOW AND PLAY THE GAME

Campaign by Belgian Relief Commission During Week September 23-30. Commission Must Raise 5,000 Tons. Get in Touch With Your Local Red Cross and Give All You Can.

Five thousand tons of clothing for the destitute people of occupied Belgium and France!

This is the objective of a drive to be conducted by the American Red Cross at the request of Herbert C. Hoover, chairman of the Belgian Relief Commission, during the week beginning Monday, September 23. The clothing drive of the Red Cross last March brought in 5,000 tons of garments and it is estimated that at least as much more will be required to clothe the 10,000,000 people in the occupied territory during the coming winter.

As in the previous campaign, the clothing will be collected by the chapters of the Red Cross throughout the United States, each chapter getting its allotment from its division headquarters. There are thirteen of these divisions and each has already been apprised by National headquarters in Washington of the amount of clothing its chapters are expected to produce. Every kind of garment, for all ages and both sexes, is urgently needed. Garments of strong materials are wanted, as they will be subject to the hardest kind of wear. Flimsy garments, ballroom dresses, high-heeled slippers, silk hats, straw hats, and derbies, which were donated in large quantities in the last clothing campaign, will not be accepted. Such articles would be of no use.

This clothing can come from America only. Five thousand tons are needed to ride Belgium through the coming winter. Securing the clothing is a matter of life and death for this helpless, courageous population behind the German lines.

In Belgium it is impossible to buy shoes. There is no more leather of any description on the market. Every available substitute has been tried. For a time old bedding from factories was used, and roofing paper, of which there happened to be a stock, was resorted to for resoling shoes. But the Germans, after having seized all the leather, requisitioned these substitutes also, and soon not a single yard of belting was left in any Belgian industrial establishment.

Now the Belgians fasten pieces of old rug onto wooden soles and wear them for shoes.

And they make coats out of old blankets—and blankets out of anything. Daily the ravages of tuberculosis throughout Belgium become more terrible. Deaths from this disease have increased 100 per cent and cases of external tuberculosis 1000 per cent. The doctors, in spite of their untiring devotion, can no longer cope with the rising tide of disease.

Today, two die where one died in peace times, while owing to undernourishment the birth rate has been cut in half.

An American, writing from abroad about the conditions of this brave little country, says, "Poor Belgium! One-third of her people has starved to death; one-third has been carried away to work for Germany, and those who remain are left trying to decide between these two fates."

THE INSIDE STORY OF WHY SUGAR IS SCARCE

U. S. Food Administration Explains Facts With Regard to Reserve Stock; Geographical Complications in Sugar Distribution; Prospects for 1918-19 Sugar Crops; and the Shipping Situation

OUR RESERVE STOCK

Our sugar comes to us in definite seasonal cycles. The cane sugar of Cuba, Hawaii, Porto Rico, Philippines, and other sugar sources, is exported to this country in the period from January to October. Although there is some available even as late as December, the amount is relatively small. From October to January we depend chiefly on our own domestic beet and cane crops but it is not until November that the beet sugar is available in the eastern part of the country. To bridge the gap between the end of the arrivals of cane sugar from outside of the country, and the arrival of beet sugar from the Western States, we depend normally on our reserve supply of cane sugar of some 200,000 tons. Since our shortage during the latter part of last year our reserve stock has been in a depleted condition. Refiners now have only about 120,000 tons of raw cane sugar on hand about 40 per cent of the normal reserve supply. Had our consumption in the past six months been reduced sufficiently, our stock might now have been large enough to take care of our needs.

GEOGRAPHICAL COMPLICATIONS IN SUGAR DISTRIBUTION

An additional factor which complicates our sugar situation is the physical factor of the geographical extent of our country. It is possible that there may be an excess of sugar in the country as a whole, and at the same time severe shortages in particular localities far away from centers of distribution. Thus it has been stated "There will be considerable supplies of sugar available in the South and West, but because the gateway to the Atlantic seaboard through the Chesapeake and the Potomac Valley will be congested by the movement of munitions and war supplies for our overseas forces, it is extremely probable that any considerable tonnage can be moved East."

It is therefore not only necessary to make certain of sufficient supplies for the country taken as a unit, but it is also necessary to plan ahead with a view to having sugar available in all parts of the country even in the face of transportation difficulties. This of course involves building up of larger stocks than usual.

PROSPECTS FOR OUR 1918-19 SUGAR CROPS

With the shortage of labor already universally existent in the United States owing to the demands of the war industries, and with the prospect of further inroads under the new 18 to 45 draft regulations, there is serious question in the minds of the producers of our domestic beet and sugar crops as to their ability to maintain the normal rate of production this next season.

It is most prudent to prepare for a reduced production of our domestic beet and cane crops. From our main sources of supply, Cuba particularly, and also Hawaii and Porto Rico, come reports of severe labor shortages and difficulties in obtaining necessary supplies and fertilizers. While the probability of reduced production in these places is not as great as in the continental United States, some considerable reduction is certain to come.

It would, therefore, be unwise to depend on the 1918-19 sugar crops to make up for any deficiency in our present supply. It is better to build up stocks to provide against further crop reduction.

THE SHIPPING SITUATION

All of the foregoing considerations, however, would not bring about a shortage in normal times. Sugar could be brought from distant places in the demand was sufficient to warrant the financial outlay to obtain supplies. In fact, at this time, there is some 500,000 tons of sugar available in Java of last year's crop too far away to be moved, either to the United States or to the allies, which in ordinary times would certainly have been brought here to relieve the situation. The economic use of shipping facilities in accordance with our war program makes it advisable that we reduce our sugar consumption and employ shipping for more necessary purposes.

In brief, then, the entire sugar situation is an outgrowth of war conditions, and must be attacked as a war problem. We may expect it to be with us as a problem until the war ends, and this makes imperative the restrictive regulations on sugar consumption, although at times there may appear to be a surplus of sugar stocks in the country.

THE BRITISH ARE MAKING BIG GAINS

WITH THE ANGLO-AMERICANS, Oct. 11.—The great battle now being fought in this region is on a front of nearly thirty miles, it having been extended to the north. The British are gaining everywhere. There is virtually no enemy infantry operations.

American troops operating with the British on the front southeast of Cambrai, completed last night the capture of Vaux and Igny and St. Souplet.

In the region immediately east of Cambrai the British have reached the outskirts of St. Vaast and St. Aubert.

North of the Leateau-St. Hillaire line the Germans are in headlong retreat, say airplane observers. The Douai salient has been made still deeper and now the Germans may evacuate that city at any time. The only resistance worth mentioning is coming from enemy machine gunners. The bulk of the enemy artillery seems to have fled far east of the battle ground as to be out of range.

KAISER WILLIAM CALLS CONSULTATION

AMSTERDAM, Oct. 11.—Emperor William has summoned the sovereigns of all German Federal states to Berlin for a consultation before answering Wilson's note. Such a conference is unique in the history of Germany.

DISTRICT COURT.

From Friday's Daily. The grand jury has made its final report, turning in nine more felony indictments, and has been discharged for the term. A new feature of the work of this grand jury is that it did not return a single misdemeanor indictment, which through the speaks well for the county attorney, and the county and justice courts of this county.

Mr. J. P. Lovett, who had been confined in jail since last Saturday on a charge of killing Elzie Bogue, was released on a \$5000 bond yesterday afternoon. His trial has been set for next Thursday and a venire of 125 men ordered summoned.

The civil suit of H. F. Gillette vs. the Commercial Guaranty State Bank, which went to trial yesterday morning, went to the jury just before noon today.

The next matter to be taken up after the Gillette suit was the State of Texas vs. D. Brown, charged with killing Alex Escoc Sr. It will be remembered that Escoc is the old negro who was killed while the posse was hunting the negro who killed Jack Carnley.

District court did not get into trial in the D. Brown case on account of a material witness being sick and unable to attend court.

The jury in the Gillette case brought in a verdict in favor of Mr. Gillette for \$552 and gave the defendant bank a judgment against the telegraph company for the amount, on the theory that the telegraph company was negligent in accepting a forged telegram.

Nothing else being available there has not been much court since, but Judge Guinn has remained in the city in readiness if anything became available for trial.

SLACKER RECORD DRIVE.

Oct. 26—Nov. 2. "Music hath charms to soothe" Our boys in France need music now. Go through your victrola or phonograph records and pick out some for your boy "over there."

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a small bottle of Danderine right now—Also, stops itching scalp.

This, brittle, colorless and scraggy hair is mute evidence of a neglected scalp, of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die. Then the hair falls out fast. A little Danderine tonight—no—say time—will surely save your hair.

AVIATORS ENJOYED VISIT TO NACOGDOCHES

To the Citizens of Nacogdoches: It is quite impossible for us to leave this wonderful little city without in some way expressing our sincere appreciation of the treatment accorded us during our somewhat prolonged visit here. We, being from the north, have often heard of the hospitality of the Southern people, but never before have we come in contact with such wholehearted hospitality, generosity and good-will as you folks showed us. Our wishes, in almost every instance, were anticipated by you and fulfilled in such a way that the memory of the people of Nacogdoches will always be a pleasure to us.

We regret very much that we had the trouble we did, but aeronautical motors often get quite as temperamental as the men who drive them and refuse to function except at their own sweet will. There seems to be an impression that a poor motor and shift were sent here to boost the Fourth Liberty Loan.

While we admit that the plane is not the newest model, still it is in perfect condition when it left Rean Field, and we merely had a bit of bad luck here. We refer only to the motor when we say bad luck, because only through the obstinacy of the engine did we get the opportunity of enjoying the many good things of this city.

Last, but not least by any means, we wish to thank the Boy Scouts for so loyally assisting us in guarding the ships. They surely are a credit to their organization and we will always remember with much affection those lads who watched our planes in order that we could enjoy ourselves.

We regret to leave the many pleasant friends we have made here and our hope is that should we ever get into difficulty again may it be in Nacogdoches.

LT. L. P. MADER.
LT. J. TIERNY.

IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look, Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Sick children need to be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

NEARLY TWO MILLION MEN IN FRANCE NOW

WASHINGTON, Oct. 11.—Over a million and nine hundred thousand American troops have been sent overseas, said General March today, coupling his report with an urgent request to support the Fourth Liberty Loan.

General March reports that the ninetieth division, composed of Texas and Oklahoma troops is now on the St. Mihiel front.

HUNDREDS KILLED WHEN HUNS TORPEDO BIG SHIP

BELFAST, Oct. 11.—Hundreds of lives were lost as the result of the torpedoing of the mail steamer beinster in the Irish sea yesterday. So far no Americans are reported lost. The vessel carried six hundred and eighty-seven passengers, including women and children and a crew of seventy. Two torpedoes were fired without warning from a distance of 150 yards.

WOMAN WORKS 15 HOURS A DAY

Marvelous Story of Woman's Change from Weakness to Strength by Taking Druggist's Advice.

Peru, Ind.—"I suffered from a displacement with Pains in my back, down my legs, so that I could not get on my feet. I tried different medicines without any benefit and several doctors told me nothing would do me any good. My druggist told me of Lydia E. Pinkham's Vegetable Compound. I took it for a few days and the result that I am now well and strong. I got up in the morning at four o'clock, do my housework, go to factory and work all day, come home and get supper and feel good. I don't know how many of my friends I have told about Lydia E. Pinkham's Vegetable Compound has done for me."—MRS. ANNA METERIANO, 21 West 10th St., Peru, Ind.

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury—quick-silver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and bloating you. Calomel attacks the bowels and should never be put into your system. When you feel bilious, sluggish, constipated and all bloated out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate. Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic strengthens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

PEANUTS.

We are ready to buy all of your dry, clean, peanuts. If you have that kind bring them along at once, either in sacks or blk. Nacogdoches Oil Mill 3d3w

OFFICIAL TEXT OF NOTE ARRIVES

(By Associated Press) WASHINGTON, Oct. 11.—The official text of the German's reply to President Wilson reached the Swiss legation here this morning, and arrangements were being made to present it to the state department as soon as it was decided that the text was identical with that received by wireless Saturday night.

The Swiss charge appeared at the State Department a few minutes after the appointed time and delivered Germany's answer without comment to Lansing. The note was delivered to Wilson by a White House messenger a few minutes after Lansing had read and found it not different from the wireless of Saturday night.

After a conference with the president, Senator Ashurst, of Arizona stated that Wilson would do nothing to weaken the success of the allied armies in the field, but what he would do would rather strengthen the military situation. This is the first statement by anybody who has talked with the president.

GERMANS RETREAT WITH DIFFICULTY

(By Associated Press) PARIS, Oct. 11.—It is believed here that as a result of the continuous advance of the allies that the Germans will be forced to hastily retreat to the Lille-Mezieres-Metz line. The German retreat is being carried out with difficulty, owing to the bombardment of railroads by airplanes. Large amounts of booty are being abandoned by the Germans everywhere.

RESIGNATION PRINCE MAX IS PROBABLE

(By Associated Press) LONDON, Oct. 11.—The resignation of Prince Maximilian as the German Imperial chancellor is probable, say reports from Holland today. The Berlin National Zeitung is quoted as saying the chancellor's requirement is regarded in certain circles as inevitable.

FRANCE BREAKS WITH FINNLAND

(By Associated Press) PARIS, Oct. 14.—France has broken off semi-official diplomatic relations which have existed with Finland. This action was taken when the Finnish diet, having by a coup de etat substituted a monarchy for a republic, and called a German Prince to the throne. French interests in Finland will be in charge of a consular agent at Helsingfors.

ALLIES BEGIN A BIG ATTACK TODAY

(By Associated Press) WITH THE ALLIES IN FLANDERS, Oct. 14.—The Allies attacked this morning at dawn on a wide front in Flanders. Allied troops driving in the general direction of Ghent and Courtrai have made good gains at first reports.

Taken Up—An iron gray horse mule, five or six years old in good shape, and will weigh 1100 or 1200 lbs. Owner can recover same by paying expenses. Charley White, seven miles south of town. Shawnee road. 14-1dlw

DECLARES STATE SIEGE PORTUGAL

(By Associated Press) LISBON, Oct. 11.—The Portuguese government has declared a statement of siege for all Portuguese territory. The president as commander in chief of all military and naval forces has taken direct command of the forces. The military promptly reduced a small show of insubordination at Penafiel. Tranquillity reigns in the country.

ALL CALLS DEFERRED

From Monday's Daily. The Local Exemption Board is in receipt of a communication from headquarters advising them to defer all calls for men for the training camps until further notice. This step has been taken in an effort to focus out the epidemic of influenza in the training camps. Men will be sent during October, and probably several weeks later.

This order comes as a relief to the exemption boards of the country, giving them more time to check up the new registrants and get their books in better shape for future orders.

FROM J. W. HOOPES.

DALLAS, Oct. 15.—It would seem impossible to add anything to the stirring message issued yesterday by Judge Ramsey, Federal Reserve Agent of this district in which he pointed out the duty of every citizen in this national crisis, yet twenty-four hours have elapsed and there are developments in the international situation which permit of our dealing a little more frankly with the peace question.

I feel that I am not violating that duty incumbent upon every man to wait upon the president's decision when I say that I believe that the man who yells peace today as great a public danger as the man who yells fire in a theatre without adequate reason. He may start a stampede with fatal results. The German government is ready to enter into discussion on the broad principles laid down by our president. The interpretation of these principles, by men steeped in duplicity and in human depravity may not agree with those of our president, our government, our people and their allies. Such discussions may terminate abruptly or drag on for an indefinite period if even they are entered upon at all.

Germany has not made peace, cannot make peace. That is the function and privilege of the allied civilized nations. So far as the Liberty Loan is concerned, most of the money now being asked for has been spent in advance and of course must be provided. Moreover the maintenance of our boys in France, their safe return and rehabilitation here is as definite a charge upon us as was the preparation for the great struggle. No possibility of peace touches the Liberty Loan question even remotely. Let this be clear for foolish or evilly disposed people may be found who will endeavor to find a connection between the two things.

J. W. HOOPES, Executive Manager, Fourth Liberty Loan, 11th Federal Reserve District.

A valuable dressing for flesh wounds, burns, scalds, old sores, rash, chafed skin, is BAL-LARD'S SNOW LINTIMENT. It is both healing and antiseptic. Price 25c, 50c, and \$1.00 per bottle. Sold by Stripling, Haselwood & Co.

DELAYED TURKISH NOTE ARRIVES

(By Associated Press) WASHINGTON, Oct. 14.—Turkey's long delayed note asking, like Germany and Austria, that Wilson take a hand in the restoration of peace, was delivered today at the state department.

SPANISH INFLUENZA RAPIDLY SPREADING

Persons Weave and Run Down Easy Victims—Futile Your Own Self Against It by Talking.

Tanlac. According to the report issued by state and federal health authorities the Spanish influenza epidemic is rapidly spreading to all parts of the country. It now seems that practically every state in the union has been affected before it has had time to run its course.

It has not only become a great public health problem, but it has affected the progress of our work on all its various departments. Already the Shipping Board has announced that it will suspend its operations in many cities where the epidemic has been closed and public gatherings of all kinds forbidden.

Medical authorities agree that people who are weak and run down are the earliest victims of the influenza epidemic. If you find yourself tired, weak and losing flesh, or if you are in a generally run down condition, or if you catch cold easily, this warning should be heeded promptly. You are really in great danger, because the germ of this disease is very catching and you are apt to fall an easy victim if you come in contact with the germ. People who are well and strong are not likely to contract the disease because they are able to throw it off.

The common sense way to keep form taking it is to fortify the system against attack by building up the system. In other words to use the old adage "An ounce of prevention is worth a pound of cure." And if you are in a sub-normal condition the proper thing to do is to begin to build immediately to build up your powers of resistance. To accomplish this nothing on earth will strengthen you and build you up like Tanlac the powerful reconstructive tonic which contains the very elements needed by the system to give you fighting strength and ward off the influenza germ.

First of all, Tanlac begins its action by creating a good healthy appetite for wholesome, nourishing food, and assists every organ of the body to perform its natural functions, thus helping to build up health and strength in the natural way. Tanlac is also the ideal strengthening tonic for persons who are suffering from the after effects of influenza, Grippe, or Bronchial troubles, and hundreds of thousands are using it daily with the most gratifying results. In connection with the Tanlac treatment, it is necessary to keep the bowels open by taking Tanlac Laxative Tablets, samples of which are included with every bottle of Tanlac. It is also important that the every day rules of hygiene be observed; that is, sleep in well ventilated rooms, get plenty of fresh air and exercise, and keep away from crowds.

Tanlac is sold in Nacogdoches by Swift Bros. and Smith and Stripling and Haselwood and Co.

Cut This Out—It is Worth Money DON'T MISS THIS. Cut out this slip, enclose with 5c to Foley & Co., 2335 Sheffield Avenue, Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup. Foley Kidney Pills and Foley Cathartic Tablets. Sold by Stripling and Haselwood

FROM THE CARRIERS OF NACOGDOCHES COUNTY

To the patrons of R. F. D. routes As there seems to be more or less complaints about the delivery of the mail, we wish to make a few remarks on same.

If you fail to get your mail as often as you wish blame the carrier, for he should go in his sleep to the parties writing them and hurry it up.

If the train is late or has a wreck on the track, or the train is out of order, blame your carrier or the carrier's other tools. Make your own arrangements for the night to go and get your mail.

If a carrier makes a mistake and places a letter in some place where it does not go, or if the carrier does not carry out his duty, please let the carrier know by writing him a note, or by writing the carrier's name on the letter, and let him know.

The postal laws and regulations say the carrier should deliver all mail except his own. If you have a letter in the box, the own carrier should immediately place it in his box for the carrier to get on his next trip. The postal laws also say for the carriers to have their mail stamped when left in their box, so if you will stop buying a nickel's worth of stamps at a time you can save time and trouble to both yourself and carriers.

If your box is too high or close to a ditch you should move it and keep fastened secure on the post, not on stumps or yard fences.

Always request your mail to be addressed to the number of the route and box. If you have people visiting you be sure to give their name to the carriers. If you will comply to these few requests it will be a great help to you and your carriers.

CARRIERS.

KNITTERS, ATTENTION

The consignment of wool, so long expected, has at last arrived, and will be given out at the garment room from 2 to 5 every afternoon to both city and county workers. This is heavy wool only, and must be made into sweaters according to new directions for sweaters of heavy wool. The printed directions will be given out with the wool. There is a request from headquarters that these sweaters be completed as soon as possible, therefore everyone who can begin now will gladly be furnished with materials.

Report From Main St. Circle. 18 bags, 37 pairs booties, 11 dresses, 21 sacques, 16 bath rags, 1 convalescent robes.

Layette Report—Mrs. Eugene Blount, Chairman. 36 binders, 56 diapers, 56 needle cases, 23 dresses, 16 bath rags, 21 sacques, 37 pairs booties, 18 bags.

Took Out Dreadful Soreness

When the kidneys are weakened and fail to throw impurities out of the blood, the poison remains in the system, and backache, soreness, and rheumatic pains develop. Mrs. Davis Henry, 65 S. Lincoln Ave., Washington, N. J., writes: "Foley Kidney Pills took the dreadful soreness out of my limbs and I walk good." Stripling, Haselwood & Co.

WOOD for sale, all kinds. See C. V. Tenney at Sentinel office.

WANTED—First-class separator man for peanut thresher. Phone Lapham, 9605 or call at formerly the Stocker farm. 5tf

UNCLE SAM'S ADVICE ON FLU

U. S. Public Health Service Issues Official Health Bulletin on Influenza.

LATEST WORD ON SUBJECT.

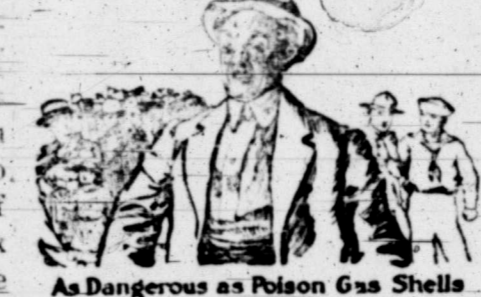

Epidemic Probably Not Spanish in Origin—Germ Still Unknown—People Should Guard Against "Droplet Infection"—Surgeon General Blue Makes Authoritative Statement.

Washington, D. C. (Special).—Although "King Alfonso" of Spain was one of the victims of the influenza epidemic in 1889 and again this summer, Spanish authorities repudiate any claim to the origin of the "Spanish" disease. If the people of this country do not take care the epidemic will be one of widespread character, the United States that soon we shall have the "Spanish" influenza.

What is Spanish influenza? Is it something new? Does it come from Spain?

The disease now occurring in this country and called "Spanish influenza" is undoubtedly a very contagious kind of cold, accompanied by fever, pain

Coughs and Sneezes Spread Diseases

As Dangerous as Poison Gas Shells

In the head, eyes, ears, back or other parts of the body and a feeling of severe sickness. In most of the cases the symptoms disappear after three or four days, the patient then rapidly recovering. Some of the patients, however, develop pneumonia, or inflammation of the ear, or meningitis, and many of these complicated cases die. Whether this so-called "Spanish" influenza is identical with the epidemics of influenza of earlier years is not yet known.

Epidemics of influenza have visited this country since 1647. It is interesting to know that this first epidemic was brought here from Valencia, Spain. Since that time there have been numerous epidemics of the disease. In 1889 and 1890 an epidemic of influenza, starting somewhere in the Orient, spread first to Russia and thence over practically the entire civilized world. Three years later there was another flare-up of the disease. Both times the epidemic spread widely over the United States.

Although the present epidemic is called "Spanish influenza," there is no reason to believe that it originated in Spain. Some writers who have studied the question believe that the epidemic came from the Orient and they call attention to the fact that the Germans mention the disease as occurring along the eastern front in the summer and fall of 1917.

How can "Spanish influenza" be recognized?

There is as yet no certain way in which a single case of "Spanish influenza" can be recognized. On the other hand, recognition is easy where there is a group of cases. In contrast to the outbreaks of ordinary coughs and colds, which usually occur in the cold months, epidemics of influenza may occur at any season of the year. Thus the present epidemic raged most intensely in Europe in May, June and July. Moreover, in the case of ordinary colds, the general symptoms (fever, pain, depression) are by no means as severe or as sudden in their onset as they are in influenza. Finally, ordinary colds do not spread through the community so rapidly or so extensively as does influenza.

In most cases a person taken sick with influenza feels sick rather suddenly. He feels weak, has pains in the eyes, ears, head or back, and may be sore all over. Many patients feel dizzy, some vomit. Most of the patients complain of feeling chilly, and with this comes a fever in which the temperature rises to 103 to 104. In most cases the pulse remains relatively slow.

In appearance one is struck by the fact that the patient looks sick. His eyes and the inner side of his eyelids may be slightly bloodshot, or "congested," as the doctors say. There may be running from the nose, or there may be some cough. These signs of a cold may not be marked; nevertheless the patient looks and feels very sick.

In addition to the appearance and the symptoms, an accurate diagnosis, examination of the patient's blood may aid the physician in recognizing "Spanish influenza," for it has been found

that in this disease the number of white corpuscles shows little or no increase above the normal. It is possible that the laboratory investigations now being made through the National Research Council and the United States Hygienic Laboratory will furnish a more certain way in which individual cases of this disease can be recognized.

What is the course of the disease? Do people die of it?

Ordinarily, the fever lasts from three to four days and the patient recovers. But while the production of deaths in the present epidemic has generally been low, in some cases the outbreak has been severe and deaths have been numerous. When death occurs it is usually the result of a complication.

What causes the disease and how is it spread?

Bacteriologists who have studied influenza epidemics in the past have found in many of the cases a very small rod-shaped germ, after its discovery Professor Pfeiffer's bacillus. In other cases of apparently the same kind of disease there were found pneumococci, the germs of "lung" pneumonia. Still others have been caused by streptococci and by others germs with long names.

It is not yet known what particular kind of germ causes the epidemic, but it has been suggested that influenza is spread from person to person by coughing, sneezing, or by particles of mucus, spit on the floor and on the sidewalk. As in most other catching diseases, a person who has only a mild attack of the disease himself may give a very severe attack to others.

What should be done by those who catch the disease?

It is very important that every person who becomes sick with influenza should go home at once and go to bed. This will help keep away dangerous complications and will, at the same time, keep the patient from scattering the disease far and wide. It is highly desirable that no one be allowed to sleep in the same room with the patient. In fact, no one but the nurse should be allowed in the room.

If there is cough and sputum or running of the eyes and nose, care should be taken that all such discharges are collected on bits of gauze or rag or paper napkins and burned. If the patient complains of fever and headache, he should be given water to drink, a cold compress to the forehead and a light sponge. Only such medicine should be given as is prescribed by the doctor. It is foolish to ask the druggist to prescribe and may be dangerous to take the so-called "safe, sure and harmless" remedies advertised by patent medicine manufacturers.

If the patient is so situated that he can be attended only by some one who must also look after others in the family, it is advisable that such attendant wear a wrapper, apron or gown over the ordinary house clothes while in the sick room and slip this off when leaving to look after the others.

Nurses and attendants will do well to guard against breathing in dangerous disease germs by wearing a simple fold of gauze or mask while near the patient.

Will a person who has had influenza before catch the disease again?

It is well known that an attack of measles or scarlet fever or smallpox usually protects a person against another attack of the same disease. This appears not to be true of "Spanish influenza." According to newspaper reports the King of Spain suffered an attack of influenza during the epidemic thirty years ago, and was again stricken during the recent outbreak in Spain.

How can one guard against influenza?

In guarding against disease of all kinds, it is important that the body be kept strong and able to fight off disease germs. This can be done by having a proper proportion of work, play and rest, by keeping the body well clothed, and by eating sufficient wholesome and properly selected food. In connection with diet, it is well to remember that milk is one of the best all-around foods obtainable for adults as well as children. So far as a disease like influenza is concerned, health authorities everywhere recognize the very close relation between its spread and overcrowded homes. While it is not always possible, especially in times like the present, to avoid such overcrowding, people should consider the health danger and make every effort to reduce the home overcrowding to a minimum. The value of fresh air through open windows cannot be over emphasized.

When crowding is unavoidable, as in street cars, care should be taken to keep the face so turned as not to inhale directly the air breathed out by another person.

It is especially important to be aware of the person who coughs or sneezes without covering his mouth and nose. It is also important that one should keep out of crowds and stuffy places as much as possible, especially houses, offices and workshops well-ventilated, and also time out of doors. Every day, walk to work if at all practicable. In short, make every possible effort to breathe as much pure air as possible.

In all health matters follow the advice of your doctor and obey the regulations of your local and state health officers.

Cover up each cough and sneeze, if you don't, you'll spread disease.

SPECIAL RED CROSS LINEN SHOWER!

We have a limited stock of 9-4 Bleached Sheet and 18x36 Huck Towels which we have placed on sale at Special Prices for the benefit of those making purchases for the Red Cross Linen Shower.

9-4 Bleached Sheet

INCORPORATED

MEETING CANCELLED

There will not be a meeting of the C. C. Club Thursday afternoon for the reason that the City Council has requested all "meetings" be discontinued on account of the threatened epidemic of influenza.

MRS. A. D. PARNELL, Sec'y.

The Sentinel has two scholarships in the Tyler Commercial college for sale.

"OVER THE TOP."

County Charman Harris informs The Sentinel this afternoon that Garrison, Oak Flat, and Palestine had gone over the top, and that Cushing was practically over.

Some other communities have previously reported an over-subscription, and it is hoped that the great majority of the communities, if not all, will go over with the campaign of the day.

NACOGDOCHES TRADITIONS

In my latest "Traditions" recently mailed to your paper, I got wrong as to the family of John F. Gilbert. There were surviving four daughters, viz: Mrs. Bettie Mitchell, Mrs. Martha Council, Mrs. Belle Hawkins, and Mrs. Emma Fears of Appleby. Please correct my MMS accordingly. Then "burn it" if you see fit.

Influenza is extremely prevalent here (San Antonio) especially in military locations, with hospitals overrun. Dr. Reagan helps treat it, and has offered his fine dwelling free for sick soldiers. Mrs. Mayfield is in her fifth day with it, but is improving.

Poor Kaiser and Huns—they might take it as a blessing instead of what is justly due and coming to them.

Yours,

J. E. MAYFIELD

Thought Man Was Crazy.

"I have suffered from stomach and liver trouble for years; the last two years people have been calling me crazy. The doctors could not do anything for me. The awful bloating of gas seemed to press against my brain and I could not think clearly. Three months ago a friend advised taking Mayr's Wonderful Remedy and it has worked wonders in my case. All my bloating and suffering is gone and I feel as though newly born." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments including appendicitis. One dose will convince or money refunded. Stripling, Haselwood & Co., and all good druggists.

A SOLDIER BOY DIES IN FRANCE

Angus R. Pleucker, living out some three miles south of town, received a message last night bearing the sad news that his twin-brother, Thos. R. Pleucker had died with pneumonia in France Sept. 20th.

The young man is survived by his mother and several brothers and sisters, all well known and highly respected citizens of this county.

He has given his life for his country, and no greater tribute could be paid him. He was an upright, honest farmer boy when he enlisted, and he was spared to render real service in the cause of world-wide liberty, the brotherhood of man and un- His death adds another star to the service flag of Nacogdoches county, and he is said to his credit that it comes from real service and voluntary sacrifice.

All Nacogdoches county will enter into profound sympathy with the bereaved loved ones of the young man left behind, and will join in paying homage to his memory.

Mrs. Gillette is in receipt of a message announcing that her daughter, Miss Louise Dow, and Miss Valerie Cash were both quite sick in Houston, to which place they went for a visit a few days ago. They are victims of the epidemic of influenza, and it is hoped that they will soon recover.

Mr. J. J. Greve, who served us so faithfully and efficiently for several years as depot agent, moving to Houston last year to take a larger work, is in the city visiting with friends for a few days. Mr. Greve has been sick the past several weeks and was given a vacation of thirty days in which to recuperate. The many friends of the family will be rejoiced to learn that they contemplate moving back to Nacogdoches, and if they so decide, they will receive a cordial welcome.

BRITISH PATROLS GAIN MUCH GROUND

(By Associated Press) LONDON, Oct. 16.—Gains of ground by British patrols during last night in the Douai-Lille sector is reported in Haig's official statements today.

GRAINS TO BE SENT ABROAD BY THE U. S.

Under the agreement entered into by the Food Administration with the food controllers of the allied nations, our breadstuffs export program for the coming year will be: Wheat, rye, barley and corn, or flour calculated as grain for breadstuffs, 403,329,000 bushels, of which from 100,000,000 to 150,000,000 bushels may be cereals other than wheat.

SUGAR and Flour certificates 50c per hundred. Sentinel.

To Lend the Way They Fight.

Dedicated to Our Boys "Over There" By the Central Liberty Loan Organization Eleventh Federal Reserve District.

To lend the way they fight—for me,
What splendid lending that would be!
Such radiant strength of heart and hand
Lights up the waste of No Man's Land!
Such scorn of danger as they go:
With smile and song to meet the foe,
Such zeal to know the VICTORY won,
To know a soldier's duty done,
To lend the way they fight—for me,
What splendid lending that would be!

To lend the way they fight—for me,
What selfless lending that would be!
For ever through the battle's haze,
The bullets' hail, the field-guns' blaze,
They dream of home and love and life,
Of child and mother, sweetheart, wife;
For these they fight and laugh at pain,
And blind with blood fight on again,
To lend the way they fight—for me,
What selfless lending that would be!

To lend the way they fight—for me,
What glorious lending that would be!
For ever with them as they fight,
Flames out the great white sword of Right;
And up above the bursting shell
The pall of smoke, the war's red hell,
It writes some message in the sky,
That makes it even sweeter to die;
To lend the way they fight—for me,
What glorious lending that would be!

U. S. Judge, Edward Meek, Speaks Plainly to His Fellow-Citizens

Though removed from the danger zone of war and carnage by continent and ocean, our hearts are there, for our own flesh and blood are there fighting in a cause we hold dearer than life itself. All agree that the sacred right of self government is the issue. There is complete unanimity among the patriotic citizens of this country that the war must be won no matter how long or what the sacrifices it takes to win it. There is also a conviction that the war will not be won until the Allies are in position to dictate the terms of peace to Germany at Berlin.

The daily reports coming to us from the fighting front in France reveal the splendid courage and intrepid courage and an enthusiasm in action so big, so real, so genuine that it probes and inspires their brother soldiers of the Allies. Have we not much cause to be proud of our own?

And this is the young manhood of our American civilization, reared in the days and ways of liberty and peace, suddenly summoned to war. These men are the rare product of one hundred and fifty years of Republican Democracy in this continent. And now, what is required of us civilians who remain at home? To live within the law; to observe the regulations imposed by constituted authority; to give loyal and whole souled support to our Government. We realize more

and more through these weeks and months of stress and strain that the Government of our fathers is founded upon the Mighty and Everlasting principles of liberty. Equality between man and man, and Justice alike to the high and low, the rich and poor. It is to preserve these our soldiers are fighting overseas. Our first great continuous and ever-present duty is to supply the sinews of war, the material funds, the money needed to prosecute the war to a successful issue—this most tremendous war in world history.

We are not called upon to give, to donate this money. We are called upon to loan it, to invest it in bonds to bear interest and the principal to be returned to us at a stipulated time. Under these conditions, when called upon again by the United States to invest in Liberty Bonds, can we do less than Loan to them for the prosecution of our war to the utmost sum of money we can reduce to our possession within the stipulated time, having first made provision for a simple and abstemious living and for the bare demands of trade or business. If we fail in this duty, and of its performance in the stated measure, then we fail to do our level best in a material way for the great world cause, the cause for which our soldiers are ready to make the supreme sacrifice. Ready? Yes, willingly and gloriously ready.

EDWARD R. MEEK.
