NO. 42

THE ALLIES PRESS GERMAN POSITIONS

allies before the Germans evacuated. British Begin New Attack, and Collectively are Closing in Valenciennes Sector.

London, Oct. 23.—The British began a new attack today on the front between Locateau and Solemes, south of Valenciennes. Bruy, two and one-half miles north of Valenciennes, has been captured, and the British have reached the west bank of Scheldt.

With the Allies in Belgium, Oct. 23.—British troops were fighting their way into the center of Valenciennes today. They were facing strong enemy machine gun fire from the east bank of Scheldt canal which flows through the city.

Paris, Oct. 23.—On Serre front last night, Germans met the attack with heavy machine gun fire when the French were making an effort to cross South and Serre rivers. Further east the French made progress between Nizylecomte and Le Thour, taking prisoners.

London, Oct. 23.—North-east of Laon French troops have reached a line on Serre river, having made an advance of 3 miles on an eight-mile front.

With the Americans at Verdun, Oct. 23.—Brizvilles, a town on the western bank of the Meuse which has been stubbornly defended by the Germans has been given up by the enemy. This is the latest point at which the Americans have driven a dent in the German defenses.

Heavy fighting has been taking place in Grandpre region on western and American sector. The Germans are holding Bantheville in strength, and along Bantheville-Aincreville road every available point has been fortified with machine gun.

Dallas Fezell came home from the training camp in response to the news of his brother's death on a little furlough, and his many friends were glad to see him again, at the same time entering into profound sympathy with he and other members of the family in the great loss they have sustained.

AMERICANS WIN A STUBBORN FIGHT

(By Associated Press) With the Americans at Verdun Oct. 23.—After weeks fighting in the face of stubborn resistance, the Americans today cleared up Bois de Forrest, west of Briailles, capturing 75 prisoners, many of whom were machine gunners who fought to the last.

THE GERMAN NOTE BRINGS NO CHANGE

Washington, Oct. 23.—The official text of the German note to President Wilson was delivered at 10:00 o'clock this morning to Secretary Lansing by charge of the Swiss legation. The statement is authorized that there is nothing in the communication to alter the decision of the president, and that he will not propose an armistice to the Allies before the Germans evacuate occupied territory.

Exchanges between Washington and allied capitals have been in progress on basis of wireless. It is regarded certain that any reply President Wilson may make will be governed by the Supreme War Council in France.

RECENT CASES CITED OF GERMAN RUTHLESSNESS

(By Associated Press) London, Oct. 22.—In reference to the German denial that the German submarines had purposely destroyed life boats and passengers, two most recent cases are cited in the Llandovery Castle, a Canadian hospital ship, and the French steamer Lydianna. After the Llandovery had been torpedoed, and a raft with survivors had been picked up by a whale boat, the submarine rammed both.

CALLS FOR THE DRAFT NOW BEING RENEWED

(By Associated Press) Washington, Oct. 22.—Draft calls, suspended three weeks ago because of the epidemic of influenza, are now going out again in certain zones where the surgeon general feels that it is safe.

GERMANY FORMS STATE IN AUSTRIA

(By Associated Press) Basel, Oct. 23.—German-Austrian deputies in the Austrian Reichstag have formed an assembly for the purpose of conducting affairs of the Germanic people in Austria, and have issued a declaration announcing the creation of the "Germany State of Austria."

JAIL DELIVERY HERE YESTERDAY

Two Negro Prisoners Overpowered the Jailor, Assaulting Him, and Made Their Escape.

About 6:30 yesterday (Tuesday) afternoon when Deputy Sheriff Matt Spradley went into the jail to feed the prisoners and lock up for the night, two negro prisoners named Anderson and Williams, who are under sentence for forgery, assaulted him and beat him up until he was powerless to offer resistance, after which they threw him down in one corner of the jail, took the jail keys and his pistol, and after going outside, locked the jail, and made their escape.

The sheriff and other officers were summoned, and with the aid of City Marshal Woodlan's blood hounds, went in pursuit, but with downpour of rain the dogs could not keep the trail further than the junction, and pursuit had to be finally abandoned until this morning.

Several officers from this city went to Garrison early this morning from which place they will work out in the hope of picking upon the trail again.

Mr. Spradley's injuries were not serious, and he is out assisting in the search, but he complains of being very sore from the sharp he received at the hands of the prisoners.

One of the negroes is known to have had some money, and if they can get to a train, they will likely be hard to catch, but it is not thought they will attempt to board a train in this immediate vicinity.

CARD OF THANKS.

We take this method of returning our thanks, and giving assurance of our appreciation to our neighbors and friends for the help they extended to us in nursing and putting away our dear son, Guy, and for the many manifestations of sympathy extended to us since.

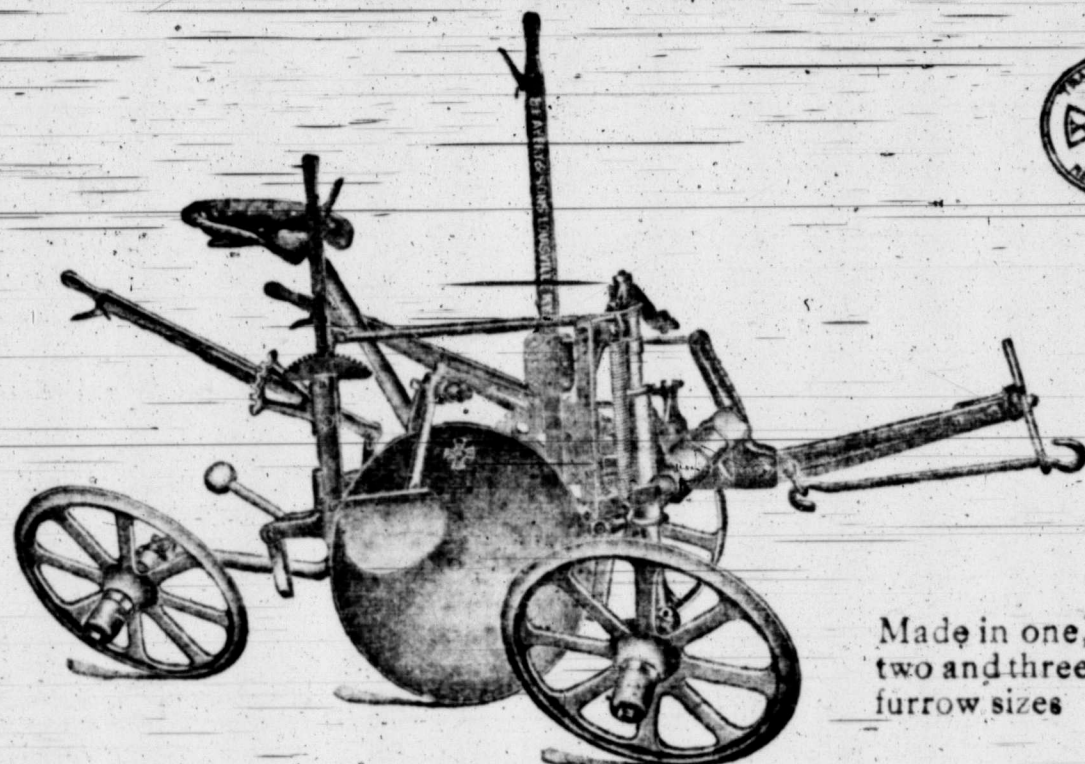

If misfortune ever visits any of you, may you find the same true friendship and sympathy, is our sincere wish and prayer.

Gratefully,
Mr. and Mrs. Charley Dodd.

Our esteemed farmer friend, Mr. T. E. Rector, called at the office Saturday and presented the force with half a dozen stalks of ribbon cane which was greatly enjoyed by the force. Mr. Rector says that he has a half acre of very fine cane this year, and that he weighed a dozen average stalks recently, which weighed five pounds apiece.

AVERY'S BOB CAT DISC PLOW Doesn't Care a Rap About the Weather

It plows magnificently whether the land is moist and mellow or dry and hard. During the rainless months just past "Bob Cats" kept right at work after others had left the field. The patented ADJUSTABLE DISC made this possible. The disc can be pitched to suit the condition of the ground in all seasons. Chilled ball bearings on the discs—dustproof bearings on all wheels—extra clearance under the frame—convenient placing of the levers—Avery's dial levels. These are some of the features that make Avery's Bob Cat Disc Plows unbeatable. Remember, AVERY'S BOB-CAT DISC PLOW is a Texas plow and is the result of years of study and trial in the determination to produce a plow suited to Texas conditions.

PROHIBITION LAW UNCONSTITUTIONAL

(By Associated Press) Austin, Texas, Oct. 23.—The Court of Criminal Appeals in a majority opinion held that the statewide prohibition law is unconstitutional. The opinion is by Judge Morrow who holds this law is in conflict with the local option feature of the constitution.

VILLA IS AGAIN TROUBLING MEXICO

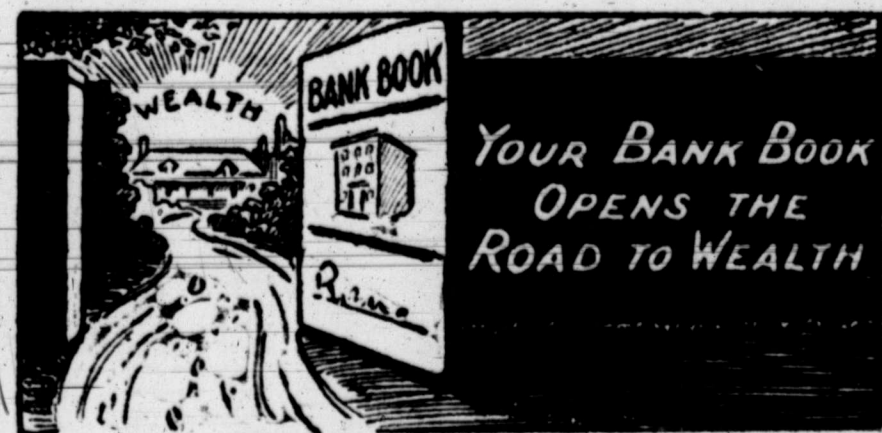

(By Associated Press) Chihuahua City, Mex., Oct. 23.—Francisco Villa and his band again have been on the warpath and have left a trail of death, destruction and desolation in their wake. With the departure of General Francisco Murguia, the northeastern zone commander, for Mexico City, Villa resumed his guerilla warfare on the towns and small settlements in Chihuahua state. Making a feint on Chihuahua City to draw in federal troops from outlying garrisons, he then dashed at Parral, was driven off, and attacked Jimenes junction. He held Jimenez for 12 hours, during which his men looted stores, killed soldiers and civilians, poisoned one family, and hanged another, including an 8-year-old girl. Driven out by General Joaquin Amaro, the Durango Indian, with his cavalry, Villa attacked Jimenez the second time. Before he could re-enter the plaza General Murguia arrived from the south with reinforcements and drove Villa into the hills.

One of Villa's typical tricks was executed against a federal force garrisoning Parral. The garrison commander received a letter written on official govern-

ment stationery and signed with the name of General Pedro Favela ordering him to proceed to Pilar de Concho to form a junction with Favela's force in pursuit of Villa. A signal fire on the pillar of the Conchos river was to be the signal for the junction of the two forces. The federals marched to the appointed place, the signal fire appeared on the limestone pillar and the Parral command advanced without advance guards or flankers. They were ambushed and almost annihilated. Villa had written the letter on captured federal stationery, had

copied Favela's signature from an old order taken from a prisoner, and had set the trap for the government forces.

Mrs. W. H. Harris and two children, Hazel and Jack, arrived Thursday from Nacogdoches, and will make Sour Lake their home; also W. H. Jr., bugler of Co. 1, 7th regiment Texas cavalry is here on a furlough recuperating from an attack of the "flu"—and like the bugler of Algiers, will never learn to sound the call to retreat.—Sour Lake Signal.

TO THE DEMOCRATS OF NACOGDOCHES COUNTY

The following telegram has been received by Governor Hobbs from Vance C. McCormack, chairman of the national democratic party, to-wit:

"Gov. W. P. Hobby, Austin, Texas. The election of a democratic congress and senate this fall is of the greatest of importance to the administration, and the party campaign funds very necessary. Texas' quota placed at \$25,000.00. We urge you to assume direction of committee to raise this in Texas. Please wire acceptance. Quick action necessary. Vance C. McCormack."

You can see for yourself what the telegram is, and the governor appointed W. E. Skillman, Dallas, Texas, chairman for this state, and Mr. Skillman has asked me to take charge of the matter in this county; and I want every true, loyal democrat who is desirous of upholding the hands of President Wilson to subscribe to this campaign fund.

The republicans are bragging that they will gain a majority in the house, and might have control of the senate by a narrow margin, and you who are so far from where the political parties are evenly divided do not realize how important it is to help our party select men from the close states to support our president.

The election will be had on November 5th, and if you feel like helping send speakers into the states where the parties are evenly divided, you may send in your contribution to me, and I will immediately mail the same to Mr. Skillman.

This is very important, and lets help in this cause by sending our dollars to help the democrats in the close states out of trouble; and if you do not do it, the republicans will elect their candidates and of course Woodrow Wilson's policies will not be upheld, but will be handicapped, and from what I gather from Mr. Skillman there is considerable uneasiness felt by our party in the close states, and it is up to us to help them out.

S. M. ADAMS,
Chairman.

The "German note" may not be satisfactory, and some may feel pessimistic in consequence thinking the war will be prolonged for an indefinite length of time by the repeated refusal of the allies to accept a peace with a compromise; but let us take hope for the "pipping" in the shell that is now coming will be followed with incubation of the real chicken ere long. The enemy could not more quickly destroy the morale of her soldiers and the people at home than by the concessions she is making, and she would not be making these concessions if it were not for the pressure and the panic she is feeling. The cool, level-headed layman does not crave vengeance, but all patriotic, intelligent people crave a peace that will destroy ambitious militarism and a permanent cessation of hostilities. It will take a certain amount of pressure to accomplish the result—and the pressure is being applied in great shape just at this time. "Lay on, McDuff!"

L. P. Rains, one of The Sentinel's staunch friends from Shelby County, was a pleasant caller at the office Saturday afternoon, dropping in to make annual settlement for his paper.

NEW OFFICERS FOR THE INFANTRY COMPANY

Capt. R. B. Walthall's resignation has been accepted as captain of the Infantry company of Texas National Guard, recently organized in this city, which necessitated the elevation of several of the officers of lower rank to fill this and other vacancies that automatically followed in the change.

With the change First Lieutenant C. B. Edwards of Lufkin has been appointed captain, and Sergeant Ward C. Johnson of this city has been made first lieutenant.

Capt. Walthall resigned as captain of the company for the purpose of giving his whole time to the Food Administration, having recently been appointed state deputy in this service. He is in receipt of a nice letter from the adjutant general commending him for concentrating his energies in this most vital work in which he seems so well adapted, and releasing him only for this reason.

Capt. Walthall has also resigned as county food administrator, not being able to give it the attention it needed while engaged with the larger work, and Editor W. S. Davis of the Redland Herald has been appointed to fill this vacancy. In the appointment of Mr. Davis a good man has been selected for the position, and the work can be systematized better by the new man having no other responsibility in the service.

The new captain, Capt. Edwards, is said to be a most excellent man for the new position that has come to him with the elevation. Being young and full of life and fire, teeming with patriotism and proficient, he will put his whole soul and might in the service. The new lieutenant is also a good man for the place. He has had much experience as a member many years of the Timpson Military Company, he is a born soldier who loves service, and he can be depended upon to do everything in his power for the success of his company in the cause of his country.

News comes from Washington that Federal recognition has been extended to the infantry, which insures that this branch of the army will soon be called into training for service, and the new officers will have everything in readiness for the call.

NACOGDOCHES COUNTY GOES OVER THE TOP

We Have Raised Our \$400,000 Quota With \$30,000 to Spare in the Fourth Liberty Loan.

From the county chairman, Hon. June C. Harris, the Sentinel gets the information that Nacogdoches County went over the top with about \$30,000 to spare in the fourth liberty loan campaign which closed Saturday night.

In the closing hours several large subscriptions were received, which with the belated reports from districts that had not been heard from, put it over. This campaign, following so closeley on the heels of other campaigns which have called for so much revenue, caused some fear as to the success of the usual good showing we have made in all former campaigns; but old Nacogdoches County can still hold her head up and keep her raank with the most patriotic communities of the country.

Mr. Harris and his helpers were untiring in their work for the success of the issue. So taxing was the work that Mr. Harris had to give up his personal business and devote his entire time, day and night and Sunday too, to it; but he never faltered, and the success of the campaign best attests it brilliantly.

We will not have another liberty loan until next spring, but other enterprises of the war will continue to claim attention and support, and we must continue to do our part. The all-important matter before the American people today is the winning of the war and the preservation of our country in its struggle. We cannot pursue the even tenor of our way or enjoy uninterrupted business until the victory is won; and the better co-operation we have with the people at home, supporting our soldier boys on the battle front, the sooner can we hope to accomplish the great purpose for which we set out.

ANOTHER SOLDIER BOY DIES AT THE CAMP

From Friday's Daily. The body of Edgar Muckleroy, who died at Camp Travis a day or two ago, is being brought back to Melrose for interment by his father, Mr. A. J. Muckleroy, who went to the camp and was with him when he died.

This young man was one of Nacogdoches county's most worthy and promising sons, and all hearts are made sad with the news of his death. In addition to other useful service, Mr. Muckleroy was a school teacher in which he was making a good record, and gave promise of becoming one of the county's most prominent and useful citizens. When his services were needed in the cause of his country, he went without a murmur and was training for the purpose of doing his bit overseas or wherever his country needed him. It is therefore no fault of his that he did not bring back the record of a great soldier.

The Muckleroy family is one of the largest families in this vicinity, and the young man therefore has many relatives as well as a great host of friends whose hearts are made sad with the untimely ending of the worthy son.

The body arrived this afternoon and will be laid to rest at Melrose tomorrow (Saturday) morning at 10:00 o'clock.

TEXAS INFANTRY GIVEN FEDERAL RECOGNITION

AUSTIN, Oct. 17.—The Eighth Infantry Regiment of the Texas National Guard has received federal recognition, states Adjutant General Harley this morning.

This completes the recognition of the Texas National Guard, as six cavalry regiments and two of infantry were previously considered. General Harley states that there is no available information as to when the infantry units will be designated for federal draft, and until that time the members are subject to being drafted as individuals.

TURKEY CABINET HAS COLLAPSED

(By Associated Press)
Bern, Oct. 21.—Turkey's new ministerial cabinet has collapsed. The members include Grand Vizor Tewfik and Minister of Foreign Affairs Fefast Pasha.

Mr. J. F. Floyd returned to Lufkin at noon to assist in nursing his children and grandchildren. Jim Floyd, wife and two children, and Mr. and Mrs. J. W. Johnson are all sick at the home of Mr. Floyd, one of the patients having developed a case of pneumonia.

Mrs. C. W. Butts of this city received a message Sunday bearing the sad news that her nephew, Walter Watkins of Llano, aged nineteen, had died with the Spanish influenza at the U. S. Naval Training Station at Mare Island, Cal.

LIBERTY LOAN OVER THE TOP

Washington, Oct. 21.—Figures pouring into the treasury department today indicated that the six billion goal for the fourth liberty loan had been passed with several hundred million to the good.

Reports from all reserve districts show bonds bought by at least twenty million persons, and probably several million more. Thus all records, both for size and distribution of war loans, have been broken by the fourth.

IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look, Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Sick children need to be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

GERMAN REPLY COMING TODAY

The Entente Complains With the Charges of Inhuman Practice, Etc., in Wilson Note.

London, Oct. 21.—Germany's reply to President Wilson's note, the text of which was received here today by wireless, says Germany hopes the United States will approve of no demand which may be irreconcilable with the honor of German people, and with the opening of the way to peace and justice. Germany protests against references of President Wilson in which he charges "illegal and inhuman acts, and deny that the navy purposely destroyed life boats with passengers, proposing that the facts be cleared up by neutral commissions."

The German note also suggests to President Wilson that opportunity be brought about to fix details of evacuation of occupied territory.

Germany, according to information received here, has asked neutral governments to inform President Wilson that Germany is prepared to agree to a neutral commission investigating the charges of depredations.

THE WIRELESS TEXT ARRIVES IN WASHINGTON

(By Associated Press)
Washington, Oct. 21.—Wireless version of the German reply reached the state department today. Officials announce that there be no comment until the official text is received.

GERMANS TO DENY CRUELTY CHARGE

COPENHAGEN, Oct. 19.—The newspaper Politiken says that Germany's answer to president Wilson will deny the accusation of German cruelties and declare that submarine warfare cannot be stopped so long as there is no armistice agreement.

The reply will not reject the president's demands but make further negotiations possible.

The Lufkin News reports the death of Mrs. W. R. Leach, a well known lady of the neighborhood.

AMERICAN PLANES DOWN SEVENTEEN

With the Americans, North-east of Verdun, Oct. 21.—In all American bombing expeditions behind the German lines Friday, American pursuit planes brought down seventeen German. No American machines were lost.

During the expedition the Americans met and vanquished several enemy formations with thirty-five or forty planes each.

A Man's Cheerful Recommendation

W. H. Frear, 63 Myrtle Ave., Albany, N. Y., writes: "I thought kidney trouble might be the cause of my run-down condition and weakness, so I took Foley Kidney Pills, and they did the work. I cheerfully recommend them." They relieve lame back, rheumatic pains, stiff joints, sore muscles.

REST OF REGISTRANTS TO RECEIVE QUESTIONNAIRES

WASHINGTON, Oct. 18.—General Crowder today ordered the release of the questionnaires to men of thirty-seven to forty-six and eighteen year classes under the draft in all local boards where the classification of the other groups have been completed.

Lieutenant Ward Johnson is convalescing from an attack of influenza.

HOW TO AVOID BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From Own Experience.

Providence, R. I.—"I was all run down in health, was nervous, had headaches, my back ached all the time. I was tired and had no ambition for anything. I had taken a number of medicines which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and backache and headaches disappeared. I gained in weight and feel fine, so I can honestly recommend Lydia E. Pinkham's Vegetable Compound to any woman who is suffering as I was."—Mrs. ADELINA B. LYNCH, 100 Plain St., Providence, R. I.

Backache and nervousness are symptoms or nature's warnings, which indicate a functional disturbance or an unhealthy condition which often develops into a more serious ailment. Women in this condition should not continue to drag along without help, but profit by Mrs. Lynch's experience, and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound—and for special advice write to Lydia E. Pinkham Med. Co., Lynn, Mass.

PERSHING REPORTS SUBSTANTIAL GAINS

WASHINGTON, Oct. 18.—Substantial gains on both sides of the Meuse against stubborn resistance by the reinforced enemy is reported in General Pershing's communique today.

An Associated Press dispatch announces that a cool wave is on the way. And since it is generally understood that it will take cool weather to relieve the country of the epidemic of influenza that has been running riot, the advent of the cooler temperature will be hailed with much delight.

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system. When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate. Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't grip.

GERMANS RETIRE BETWEEN OISE RIVER

PARIS, Oct. 18.—The Germans have begun a retirement movement between the Oise and the Serre rivers, between Laon and Cambrai. French troops advancing from Achery and Choigny are pursuing the German rear guards. Aguilcourt has been occupied by the French in the Argonne region the French have crossed the Aisne near Vouziers. Fighting continues in the area west of Grandpre.

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a small bottle of Danderrine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is sure evidence of a neglected scalp of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its life, its strength and its very life eventually producing a feverishness and itching of the scalp, which if not remedied, causes the hair roots to shrivel, become dead, and then the hair falls out. A little Danderrine tonight—no matter how late—will surely save your hair.

DEATH AT SWIFT

From Tuesday's Daily.
The sad news reached town yesterday of the death of Bertie Baker, son of Mr. Wiley W. Baker, at Swift.

The young man died Sunday night, and his body was laid to rest in the cemetery at Swift on Monday.

This good family has many friends over the county who will enter into profound sympathy with them in the great loss they have sustained, and the great grief that has come to them.

THE BEST PROOF

Given by a Nacogdoches Citizen. Doan's Kidney Pills were used—they brought benefit.

The story was told to Nacogdoches residents.

Time has strengthened the evidence.

Has proven the result lasting.

The testimony is home testimony.

The proof convincing.

It can be investigated by Nacogdoches residents.

C. Heitmann, shoemaker, 111 N. North St., Nacogdoches, says:

"I was annoyed by a constant, dull ache in the small of my back. I lacked ambition, and mornings I was tired and worn out. I got Doan's Kidney Pills at Mast's Drug Store and they cured me."

OVER THREE YEARS LATER Mr. Heitmann said: "The benefit Doan's Kidney Pills gave me has been lasting."

GERMANS MOVING SUBMARINE BASES

WITH THE ALLIES IN BELGIUM, Oct. 17.—Bruges, Turcoing and Roubaix have been emptied of all civilians and the Germans have removed military establishments from these cities. Submarines have been hastily removed from the U-boat base at Ostend and it appears from information that the German naval bases on the Belgian coast are either being moved or being made ready to move at an instant's notice.

Woman's Faith Helps Husband. "I love my good health to my wife who had faith in a newspaper ad she saw of Mayr's Wonderful Remedy. I was down so badly with stomach and liver trouble after 12 years of suffering and trying every known remedy that I had no faith in anything. This medicine has certainly been a 'God-send' to me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold by Stripling, Haselwood & Co., and also druggists everywhere.

BAPTIST ASSOCIATION POSTPONES MEETING

The man with whom success will play, is he who weighs the plan and likewise plans the way.

Some writer suggests that "some men are spoiled by success, but many more are spoiled without it." We plead guilty to the latter.

It is now suggested that if you are afraid of breaking your clock by turning the hour hand back an hour on the morning of the twenty-seventh, that you can turn the hands forward eleven hours.

Hello, Bill, how do you do? Alright, I reckon, except for the "flu." Don't shoot, you darned galoot, we didn't go to do it. We have been over the road, and carried the load that makes 'em do things they never did before. If we continue to survive, and the good Lord lets us strive, we hope to get back to earth and roam at will as of yore.

The business men of Nacogdoches County with something to sell will find in the advertising columns of The Sentinel a dynamo that would electrify the volume of their trade. With its live news service, hot off the wires, the people grasp it eagerly and read it with relish. No further proof is needed that your advertisement would get better results in a medium of this kind, and we both are losers if you fail to take advantage of the opportunity.

Nacogdoches County was treated to the first good old-fashioned rain yesterday afternoon and last night it has enjoyed for many months. We have had some other rains this fall, but they did not bring enough water to float the trash like this dirt and which carried the old-time ring. And while the rains sometime interfere with the convenience of the program for the day's routine of domestic affairs we will accept a few more of the same kind during the winter with which to replenish the subterranean reservoir which was becoming sadly depleted in its source of supply. In other words, let it rain some more.

Elsewhere in today's paper will be found a communication from Mr. Geo. T. McNESS, superintendent of the agricultural experiment station, in which the writer rather severely arraigns the farmer who prefers to remain in the ditch with his antiquated methods, but the chastisement is not without justification and good reason. Nacogdoches County was given the experiment station solely for the benefit of the farmers. With it is furnished a trained expert, who is supplied with all improved facilities for the purpose of working out experiments on different crops, vegetables, soils, etc., which is furnished to the farmers free, allowing them to give their whole time to the larger work of growing the crops. It is an opportunity that every intelligent, progressive farmer will quickly embrace, and which all should appreciate. And in this connection The Sentinel is constrained to join in the spirit of the correspondent's criticism with the suggestion that the man who will not grasp every opportunity to improve in the avocation in which he is engaged is lacking in that spirit of progressiveness and civic pride which will insure his success, and he not only does himself an injustice, but he is a

stumbling block in the way of others of a more progressive nature who need the room and opportunities which he turns down, and who will sooner or later get it.

The old adage that "we can never tell what we can stand until the test is applied," has been quoted in many quarters lately. With a great patriotic duty on our hands, intercepted in the closing hours with an epidemic which is said to be of Spanish origin and more vicious than the Spanish ponies of yore, many of us have really been convinced that we had no advance information on the matter, and admit our inability to suitably measure our limits of endurance in times of great stress. And we are also almost convinced that the Spanish invasion is a "Made in Germany" product.

A FINAL WORD.

The campaign for the Fourth Liberty Loan has closed. The nation has responded to the call and the result shows that the people are with the government and therefore loyal to the two million American boys who are defending us against a foreign foe. This is a great victory, equal in importance to a victory at arms on the field in France, and those who helped to win this victory are patriots who will be known as such to the end of this generation.

Old Nacogdoche county, as usual, did her duty. She subscribed for more than \$450,000.00, with a minimum quota of \$300,000.00.

A chairman of this campaign I have done my best. I have not pleased everybody. I did not expect to please everybody. I accept the criticism I have received as I accept the praise, with good will toward all and malice toward none. I have gladly given my time, my energy and my means in a righteous cause and have no regrets to haunt me, nor apologies to offer to any who have taken offense.

I sincerely thank all those who have helped and encouraged me. But for the loyal, faithful and wholehearted support which was accorded me by committees and individuals throughout the county my task would have been a hard one.

I especially thank the young ladies who assisted me in the clerical work incident to the campaign. Thus they contributed to the cause in a material and effective way and their splendid work was a great factor in the success of the campaign.

Too much cannot be said in praise of the Chairman of the Woman's Department and her faithful lieutenants.

I thank the merchants of the town and of all of the towns in the county for closing their stores and suspending business each time they were requested to do so. The banks have unselfishly devoted the time and energies of their forces to the work for which I am sincerely grateful.

Owners of service cars and automobile owners generally rendered valuable and unselfish assistance.

In fact the co-operation of patriotic people has been so perfect and general in this campaign as to put the "bond slacker" in a class to himself and may the Lord have mercy on him, for the people will show him little.

Sincerely,
JUNE C. HARRIS,
 County Chairman Fourth Liberty Loan Campaign.

SUPT. McNESS WRITES AN OPEN LETTER ON Why the Farmer Fails to Receive Benefit from the Experiment Station

Last Saturday afternoon two farmers returning from Nacogdoches were heard to make the following remarks regarding the experiment station. Farmer No. 1 stated to Farmer No. 2 that he could not see anything in the station, and Farmer No. 2 replied that he had never been on the place, and did not believe he could get anything out of it.

These two men are a type that is to be found in every locality, and constitute the non-progressive element that are a drawback to every movement toward the improvement of existing conditions, both in the rural districts and in the small towns to be found in our county. I venture to state that these men have never bought a Liberty Bond, neither have they invested in War Savings Stamps; and as for donating to the Red Cross, Y. M. C. A., or the Salvation Army war fund, such a matter never entered their cramped brains. If these two men had not been blinded by prejudice, they could have received some benefit by looking over the station fence while driving along the road, and have noticed the fine growth of fall-oats upon which some sleek-looking Jersey cows were grazing, and compare this to scrub cattle attempting to make a living on half-dead woody grass with a mixture of corn and cotton stalks. If they had been interested in improving their conditions, they could have stopped for a few minutes, tied their teams, and walked on to the station grounds and found out just when those oats were planted, how planted and the amount of seed oats sown to the acre. If they had done so, they would have found out that these oats were sown on August 24, at the rate of two bushels to the acre, that the land on which the oats were growing had been planted in corn the previous March and had produced twenty-three bushels of shelled corn to the acre, without using any fertilizer; that as soon as the corn was harvested the stalks were plowed under ten inches with a 12-inch plow, the oats were sown and harrowed under.

After looking at the oats, they could have noticed a piece of fresh-plowed ground upon which a crop of cowpeas had been grown and the vines plowed under, thus increasing the humus content of the soil besides adding about 42 pounds of nitrogen to the acre, equal to the application of 700 pounds of cotton seed meal, thus saving the \$20.85 that the cotton seed meal would have cost.

They could have compared the habits of growth of 67 varieties of cotton grown on the station this year, as well as the effect on the growth of cotton due to various ways of planting.

They could have seen twelve varieties of castor beans growing, for the purpose of finding out the variety producing the largest amount of oil, which oil is needed by our government for oiling the engines used in their airships.

If they were not interested in these matters, they could have seen the effect of terracing land and reclaiming gullies and so-called worn-out soil.

No man can visit the station without getting some ideas as to the improvement of his farm buildings, care of his farm implements and working tools, and the stabling of his work stock. These are a few of the benefits that these men could have secured free of charge, if they had not been blinded. They had eyes

but they saw not, not because they could not see, but because they did not want to see.

The federal and state governments have not established experiment stations for such men as these; it will do them no good until they have a change of heart toward scientific farming. Our government has asked the farmers of Nacogdoches County to plant wheat, and how many have complied with this request? They have told the farmer to break his land in the fall and plant small grain in order to help win the war, but how many have done so? They have asked the farmers of the Southwest to grow more feed and food crops instead of so much cotton; yet there are farmers in this county who have reduced their acreage of feed and food crops and increased their acreage of cotton, and these men would be insulted if you told them they were allies of Germany.

There are some farmers in this county that recognize the value of the experiment station and similar institutions; these men are the progressive element, and the foundation of improved agricultural conditions in our county. They plow in the fall of the year; you can find good stock upon their farms; they read the agricultural papers and bulletins issued by the agricultural department and the experiment station, and they will tell you that the work of the experiment station has made them better than a couple of months time farmers, given them better and-board in school on personal homes, enabled them to educate their children, and last but not least, increased their bank account two months earlier. Others

are backing up our boys over in Europe; these are the men who are not afraid to loan their money to the government and support every movement toward the improvement of the conditions under which we live.

YOUNG FOLKS, HERE IS YOUR OPPORTUNITY TO ECONOMIZE.

Pick scraps of time from the waste basket, turn them into dollars; earn while you learn by taking a money back guaranteed course of Bookkeeping, Shorthand, Business Law, Business English, Business Arithmetic, Salesmanship, Advertising or Business Writing through our correspondence department. We secure satisfactory results or refund tuition. All tuition paid on correspondence course is credited on personal course if the student desires to finish in our school. In other words, the instructions received in the correspondence department costs you absolutely nothing where a scholarship is bought later for personal work. Many find it to their advantage, even where they intend to take personal work later, to first enroll for correspondence work and utilize their spare moments until they are ready to enter, since it costs nothing extra. This often saves them a couple of months time and-board in school on personal homes, enabled them to educate their children, and enables them to leave college and accept a good position two months earlier. Others take the correspondence course,

finish it and accept a position without entering school.

We use our original copyrighted methods. We make every subject practical and interesting from start to finish; give every lesson personal attention and a personal reply. Our courses are practical and interesting by correspondence. We have taught hundreds successfully, and know we can teach you or we would not guarantee to refund your money. Why continue wasting your spare moments? Turn them into knowledge and make them earn dollars and serve your country. Catarhal Deafness Cannot Be Cured
 by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. FRATERNAL RESOLUTION

To the Worshipful Master Wardens and Brethren of Milam Lodge No. 2 A. F. & A. M.:

It has pleased Almighty God in his wisdom to remove from our midst our worthy and beloved brother, H. A. Dotson, whose cheerful life and fraternal love for the brethren, and whose devotion to our ancient order have been an inspiration to his brethren wherever the incidents of life have carried him. He was known far and near as a member wedded to the order, ever willing to sacrifice and do for the order or for his brethren, in a spirit of fraternal devotion, everything commensurate with his power.

It is not for us to fathom the mysteries of God's will. And, while it seems strange to us that the Great Geometrician of the Universe should see fit to remove him hence; yet, with child-like faith, we yield to Him who doeth all things well, and look forward through the eye of faith to that great day when we shall see him again, face to face, and realize more fully what it means to be raised by the strong grip of the lion's paw of the Tribe of Judah to that celestial lodge above where the supreme Grand Master of the Universe presides, and forever reigns, when we have been stripped of our faults and foibles and have been made perfect ashlar, fit for the Master's use.

Resolved, first, that in the death of Homer A. Dotson, the Masonic fraternity has lost a loved and devoted member; his family a devoted husband and father, whose constant love continuously planned and wrought for their benefit and happiness; the State a valued ex-official and upright citizen, a man in whose heart burned purely the fires of national pride and patriotism.

Resolved, second, that though he is called from us, his words of good cheer so oft spoken shall not be forgotten, and with one accord we trust to be able to emulate his good deeds in life and in the same spirit, which we would have our brethren manifest towards us, when we are called hence, forget those, if there be any which may have tended toward evil.

Resolved, third, while we have laid his body within the narrow limits of the silent tomb, there to moulder back to dust; we commend his soul to Almighty God who gave it. And, with fraternal love, point his love to ones to Him who permits not a sparrow to fall to the ground without His attention, and who in His love and goodness has commanded us to come unto Him when we are weary and oppressed, with the promise of sweet rest. To Him who said, and is still saying, Let not your hearts be troubled, for inasmuch as ye believe in God, you will also believe in me; I tell you, of a truth, there are many mansions in my Father's house, and I am going and prepare one for you, because I want you to be where I am, since it pleased the Father to create you for my glory and I became the first fruits of them that slept for your redemption.

Resolved, fourth, that a copy of these resolutions be spread upon the minutes of the lodge, a copy furnished to his family, and a copy be furnished to the press for publication.

THE ARMY MAN'S BANK

A banking hour in a Y. M. C. A. building of a Southern department camp. The army "Y" is the soldier's financial agent; it takes his savings and deposits them for him in a local city bank; it sells him Thrift stamps; it issues him express money orders, and in certain cases keeps money and valuables for him temporarily in the building. One "Y" man in each building is authorized to act as the agent of the express company to issue money orders to the soldiers. The banking service and the Thrift stamp sales encourage the army man to save his money, and this is made more possible by the free comforts, conveniences and entertainments offered by the Y. M. C. Do You Think There is No Competition?

If anyone thinks there is no competition amongst the big packers he ought to go through a day's work with Swift & Company.

Let him begin at the pens when the live stock comes in; let him try to buy a nice bunch of fat steers quietly and at his own price without somebody's bidding against him.

Let him realize the scrupulous care taken at the plant that not one thing is lost or wasted in order that costs may be held to a minimum.

Let him go up into the office where market reports are coming in, and reports of what other concerns are doing.

Let him watch the director of the Swift Refrigerator fleet, maneuvering it over the face of the country like a fleet of battleships at sea.

Let him take a trip with a Swift & Company salesman and try to sell a few orders of meat.

Let him stay at a branch house for an hour or two and see the retail meat dealers drive their bargains to the last penny as they shop around among the packers' branch houses, the wholesale dealers, and the local packing plants.

And then, when the day is over, let him have half an hour in the accounting department, where he can see for himself on what small profits the business is done. (Less than 4 cents on each dollar of sales.)

If he still thinks there is no competition in the meat business it will be because he wants to think so.

Bronchial coughs, tickling and asthmatic spasms breaks one's rest and weakens one so that the system is run-down and serious sickness may result. Eno Halbert, Paoli, Ind., writes: "I had a severe cold and coughed continually at night; could hardly sleep. Foley's Honey and Tar cured my cough." Stripling, Haselwood & Co.

Sincere Gratitude.

Mrs. William Bell, Logansport, Ind., writes: "I deem it my duty to express my gratitude for the good Chamberlain's Colic and Diarrhoea Remedy did me when I had a severe attack of diarrhoea three years ago. It was the only medicine that relieved me."

Two of the delivery boys for The Daily Sentinel who ride bicycles were unable to make delivery on their routes yesterday afternoon by reason of the heavy rain, but followed up with delivery early this morning.

Stopped Her Baby's Cough.

No remedy is better known than Foley's Honey and Tar for giving quick relief from coughs, colds and croup. Mrs. W. M. Stevens, Vivian W. Va., writes: "My baby had a terrible cough, and nothing did him any good. I read about Foley's Honey and Tar, the first dose helped him and in two days the cough stopped." Stripling, Haselwood & Co.

PAINTING AND DECORATING.

Enid, Okla., Oct. 11, 1918. To Whom it May Concern:

This is to certify that the bearer, Mr. R. R. Hogg, has been in the employ of our company for the past two seasons, as painter and decorator, and that he has proven himself to be faithful and trustworthy; and a man that you can place on a job and know that the same will be finished first-class and all minor things cared for, and we heartily recommend him to any one desiring the services of a competent painter and decorator.

Respectfully,

Enid Paint and Wall Paper Co.,
J. H. Williams.

I have come to your city to make my home, and being an experienced painter and decorator, I take this method of solicitation for a portion of your work. I have had ten years practical experience and guarantee my work to be first-class in every respect. A trial will convince you.

Respectfully,

RIDGEWAY E. HOGG,

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes:

"From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

TAKE

CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain."

"It has now been two years since I took Cardui, and I am still in good health. . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

PROF. WALDEN COMING TOMORROW OR NEXT DAY

The Sentinel is in receipt of a letter from Prof. L. R. Walden, superintendent of the Nacogdoches Business College, who went to Austin a few days ago to ship his business college equipment and accompany Mrs. Walden to the city, in which he says that he has been delayed on account of sickness of Mrs. Walden and other matters, but that they hope to reach Nacogdoches Friday or Saturday of this week, and re-open the business college as soon as the quarantine is lifted.

In speaking of future plans, Prof. Walden says: "Have shipped college and other furniture and am now ready to build a better and bigger school in Nacogdoches, the college town."

GERMAN NOTE EVADES ISSUE

Leaves Door Open For All Sorts of Quibbling; Too Evasive, Is the General Opinion.

(By Associated Press)
Paris, Oct. 22.—The German note is generally believed here to be equivocal, and phrased so as to leave the door open for all sorts of quibbling. No evidence is seen of a genuine desire to accept the only terms by which peace can be concluded. It is generally thought by the people here that the reply will not satisfy Washington.

(By Associated Press)
London, Oct. 22.—Newspapers almost without exception view the German reply with impatience and distrust. "Germany still is impotent," is the general belief.

THE HOLY SEE MAKES OVERTURES

(By Associated Press)
Rome, Oct. 22.—Appeal has been made to Prince Maximilian by the Holy See asking the Germans to refrain from devastating portions of Belgium, through which the German army is retreating. The reply said that instructions had been issued by the general staff that localities should be preserved. Later papal nuncio was informed that Lille and other places in the zone of operations had been spared as much as possible.

AN OLD CITIZEN DIES AT WODEN

News has been received in the city that Mr. A. Corley, a well-known and highly respected old citizen of the county, died at the home of his daughter, Mrs. Birdwell, at Woden, yesterday afternoon.

Mr. Corley reared a large family of sons and daughters, who rank with the good citizenship of the county. He was a good man and a good citizen, and has many friends over the county who will be pained to hear of his death, and who will unite in profound sympathy with the bereaved family in the loss they have sustained.

GERMANS REPORT AMERICAN DEFEAT

(By Associated Press)
Berlin, Oct. 22.—The German official statement says the American attack on the Somme front, on both sides of Bantheville, has broken down.

FURTHER PROGRESS MADE LAST NIGHT

(By Associated Press)
Paris, Oct. 22.—Further progress was made last night by the French on the Serre front, according to a statement from the war office. The French reached the railway northeast of Ashis-Sur-Serre, and also St. Jacques farm, northeast of Chalandry.

From Monday's Daily.
Mr. J. D. Crisp of Etoile took the train here this afternoon for Dallas, where he goes to accompany his son Ernest home. Ernest was recently honorably discharged from the war and came home, but started back to Fort Worth a few days ago to look after some business matters and was taken sick at Dallas en route. The Red Cross took him in charge and have been caring for him until his father could reach him.

TWO COUNTY BOYS IN CASUALTY LIST

In the rush of other work in handling an additional lot of telegraph and local news Monday, The Sentinel failed to work the casualty list, and we find since that there are two boys from this county listed.

Private Frank Gonzales is reported missing in action, and Private Claborn P. Crouch of Chireno is reported wounded severely.

Others from neighboring counties, are listed as follows: Private Preston Archer, Timpson, wounded; Private Oliver Shep Sellers, Henderson, missing in action; Private Wm. S. Allen, Jacksonville, wounded severely.

The morning and evening list for today (Oct. 22) contains a total of 577 names divided as follows: Killed in action, 49; missing in action, 43; wounded severely, 47; wounded slightly, 45; died of accident and other causes, 6; died of wounds, 11; wounded, degree undetermined, 322; died of disease, 54; prisoners, 21. Texans reported in the list are as follows: Bernhard G. Barre, Yoakum, killed in action; Charley W. Shelton, Thornton, killed in action; Thos. A. Mosely, Dallas, wounded; Jas. Henry Cooke, Coma, wounded; Homer T. Crews, Bogota, wounded; Walter G. Schultz, Dallas, wounded; Laxter Hicks, wounded; Max Autrey, Houston, dead.

CASCARETS WORK WHILE YOU SLEEP

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—Take Cascarets tonight.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Head aches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, flat gases, bad breath, yellow skin, morose fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep you feeling good for months.

ALLIES PUSHING TOWARD GHENT

German Resistance Has Stiffened, But Allies Reported as Making Good Progress.

(By Associated Press)
With the Allies in Belgium, Oct. 22.—Strong French forces attacked this morning on the center of the allied front in Belgium, and are reported to be making excellent progress in the direction of Ghent.

German resistance stiffened appreciably during last night, but the general situation along the front seems to be that the allies have reached a period of pause which is inevitable where rapid advances have been made. On the front of the British fourth army where Americans have been fighting the night was quiet. The situation is unchanged in the Valenciennes-Lechateau area.

TWO BROTHERS DIE AT SAN AUGUSTINE

Dr. Drew Davis, a well-known and prominent physician of San Augustine, died at his home in the neighbor town Sunday, and it is reported that while his body was being laid to rest Monday afternoon his brother, E. K. Davis, passed away. It is also reported that two of the latter gentleman's family are dangerously ill.

HEAD AND NOSTRILS STUFFED FROM COLD

Don't stay stuffed up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge of nose running; relieves sick headache, dizziness, freckles, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores.

BRITISH TROOPS MAKE PROGRESS

London, Oct. 22.—The official statement says our troops made further progress between Valenciennes and Tournai. The enemy's resistance on this front is increasing in the Tournai sector, but after sharp fighting we drove the enemy from the village of Orq and Froyen woods.

GERMAN NOTE HAS BEEN RECEIVED

Swiss Legation Transmitted It to the State Department. No Opinion Until Tomorrow.

(By Associated Press)
Washington, Oct. 22.—The official text of the German note has been received, being transmitted to the state department by the Swiss legation. The official text shows considerable difference in the verbiage to that reported in the wireless version, which is expected to clarify certain obscurities that seemed vague and objectionable.

GERMANS DRAFTING REPLY TO WILSON

BERNE, Oct. 18.—Wilson's reply to the German note has created a new state of affairs in the diplomatic discussions relative to peace. It is said that the German reply makes it clearly understood that the tone employed by Wilson was open to objections.

The presence of Von Hindenburg in Berlin is believed to foreshadow a drafting of the reply to Wilson.

THE STOREKEEPER UP TO DATE

Gas masks are indispensable articles near the front. This Y. M. C. A. canteen manager has been forced to don his "muzzle," but he is still holding his position behind the counter. He was later wounded while on duty.

Y. M. C. A. men at the front not only see that the boys are furnished refreshments, but they often help in the care of the wounded. Several Red Triangle workers have been wounded by shell and gas, while a number have lost their lives in this service. The sign just over the "Y" man's shoulder reads: "Our Slogan—Best for the Man in the Mud."

WOMEN'S ARMY TO BUILD MORALE

Happy Idea Meeting Hearty Response Among Patriotic Women.

A new "army" has been born. It is called the "Sunshine Division" and it is made up of women—mostly young women—who are eager to be a part of definite organized effort to help win the war. The soldiers will not bear arms and court death like their sisters among the Russians. Instead, their line of duty will have to do with service that will strengthen morale, and help win the war by promoting life among the American and allied soldiers, rather than death among the enemy—the final result, according to military authorities, being equally as effective in its relation to victory.

The "women soldiers" of the Sunshine Division will enjoy a definite loss of war work which they have not had before unless they have become members of the leading war work agencies, such as the Red Cross. The plan, which had its inception with a group which composed the concert party headed by Miss Wilson, the president's daughter, which gave concerts in all the army camps, suggests a happy and suitable disposal of the available time and talent of patriotic young women not engaged in definite war activity. Interested persons are being referred to Maj. A. P. Onkes, at offices of the United War Work Activities, Dallas, Texas.

SISTER DIES AT MARSHALL MR. ELBERT WALTERS DIES UP IN MICHIGAN

Miss Addie May Wheeler, a sister of Mrs. Robert Wilson of this city, died at Marshall a few days ago, and her remains were laid to rest in the Wheeler family burying ground at Arcadia. Mrs. Wilson and children arrived home yesterday from Arcadia, where she went to attend the funeral.

The young lady did not live but three days after being taken ill with pneumonia, but was conscious throughout her illness, and was possessed with a pre-sentiment from the first that she would not recover. She is the first of a family of eleven children to die.

Miss Wheeler will be remembered as having held a position with the firm of Tucker, Hay, Bunker & Co. in this city for a long time, which she filled with grace and ability. She was a beautiful, accomplished and very charming young lady, and as a member of the Christian church lived a consecrated Christian life. She had many friends in the city who will be pained to hear the news of her death, and who will enter into profound sympathy with Mrs. Wilson and other relatives in the great grief that has come to them.

FRANK FEAZELL

IS WITH THE DEAD

Frank Feazell, a well known and highly respected citizen of this city for the past eighteen or twenty years, died at his home Sunday afternoon following a short illness with pneumonia, and his remains will be laid to rest in the city cemetery this afternoon at 4 o'clock.

If enough of the officers and members can be assembled in time, there being much interruption in the ranks with sickness, the Woodmen will be in charge of the funeral service, with Rev. C. A. Westbrook of the Baptist Church, his pastor, in charge of the religious services.

The body was prepared for burial by the undertaking department of the Tucker-Sitton Hardware Co., who will also give whatever assistance necessary in laying the body to rest.

Mr. Feazell is survived by his widow and two small sons, about ten and thirteen years of age, his father and five brothers and four sisters. He was in the fortieth year of his age, and has been residing in Nacogdoches and vicinity the past twenty years. He was born and reared in Northern Louisiana. He was a member of the Baptist church, in which he lived a consecrated Christian life, and belonged to the Woodmen of the World and some other lodges the names of which The Sentinel could not learn in time for this report.

Those who know him best will attest the sterling worth of Mr. Feazell as a neighbor and as a citizen. He was quiet and unassuming in his manner, but he was ever ready to do his part in anything of community interest. To know him was to esteem and admire him, and he could count his friends by his acquaintance. The whole community feels keenly the loss, and all will join in profound sympathy with the bereaved family in the great grief that has been visited upon them.

ONE HUNDRED PER CENT COLORED DISTRICT

The colored school district four miles from Chireno at the Liberty Loan meeting last night subscribed \$1,500. There were eighteen negro men present and every man subscribed.

This is a remarkable record, and worthy of high commendation.

From Monday's Daily. The body of Elbert Walters was brought in yesterday from a training camp in Michigan, and will be laid to rest in the Walters burying ground in the Wallace Grove community this afternoon at 3 o'clock.

The deceased is a son of Mr. Tom Walters of the Wallace Grove community, and was reared in the county, but has been away several years. He was about thirty-five years of age, and is survived by his widow and several children. When his country needed his services he volunteered as a master carpenter and was engaged with the government forces at a training camp up in Michigan when he was stricken down with pneumonia, from which he died.

No further proof is needed of his worth than that he volunteered in the cause of his country, with the best he had in his life, when his country needed him. While he was not a citizen of the county at the time of his enlistment, Nacogdoches County is the home of his nativity, and will revere his memory as one of her many worthy sons who gave up all in defense of his country.

GUY DODD DIES; GUY AT THE FRONT TODAY

From Monday's Daily. Guy Dodd, the seventeen-year-old son of Mr. Charlie Dodd, superintendent of the logging department of the Frost-Johnson Lumber Co., died at his home out at the "Front" this morning, and his remains will be brought in on the N. & S. E. this afternoon, from which the body will be conveyed to the city cemetery for interment.

The deceased is said to have been a most excellent young man of exemplary habits, and was universally esteemed by all who knew him.

GERMANS CARRIED AWAY INHABITANTS OF LILLE

London, Oct. 21.—Germany has dispatched an order to her submarine commanders forbidding the torpedoing of passenger ships.

Dr. W. H. Campbell has gone to Doucette to supply for the physician of that place, who is sick. It is reported that nearly everybody in that community is sick, and the doctor will likely enjoy a pretty lively practice while he is away.

ALBERT H. KONKRITE DIES AT GROVETON

Mr. Albert H. Konkrite, a native and former citizen of this county who has been making his home at Groveton for some time, died at his home Saturday night and his body was brought to Chireno, passing through here yesterday afternoon, where he will be laid to rest this afternoon at 2:30 by the side other loved ones gone before.

Mr. Konkrite was a son of the late Mr. and Mrs. A. H. Konkrite of Chireno, prominent pioneer citizens of the neighbor town, and was about thirty-eight years of age at the time of his death. He is survived by his widow, two brothers, Robert Konkrite of Houston, J. H. Konkrite of Beaumont; four sisters, Mrs. T. J. Curl of Chireno, Mrs. A. T. Russell of this community, Mrs. J. S. Blanton and Mrs. John Spark of Brownsville. The two latter will not be able to reach Chireno in time for the funeral. He is also a nephew of Mr. R. A. Hall of this city, and Mr. Hall is said to be the last survivor of his immediate family, all his brothers and sisters having crossed the Great Divide. The surviving widow of Mr. Konkrite is a daughter of M. Jack Garrett of San Augustine, and is a cousin of Mrs. Ben Tucker of this city.

Mr. Konkrite has been in the employ of the Nacogdoches Grocery Co. for the past ten years, and is said to have become one of the most proficient and worthy members of this organization. He was a member of the Christian church, in which he was living a consecrated Christian life, and he was loved and admired by all who knew him, both in a business and a social way.

MORE THAN TWO MILLION SOLDIERS OVERSEAS

(By Associated Press) WASHINGTON, Oct. 19.—More than two million soldiers have now gone overseas, General March told the senate military committee today.

While the conference was in session, General March was told that the Germans had evacuated entire Belgian coast which is now in possession of the allies.

British patrols participating in the allied advance have reached the Hollaand frontier opposite Bruges, General March was informed.

The German retirement from the Belgian coast General March added, was increasing in breadth and speed. The total infantry swept across the territory evacuated in three days is more than eight thousand square miles.

HON. HOMER A. DOTSON WAS LAID TO REST

From Friday's Daily. The body of Hon. Homer A. Dotson was brought in from Mt. Enterprise Thursday afternoon and tenderly laid to rest in the city cemetery. The body was brought on a truck, and was accompanied by several automobile loads of Mr. Enterprise relatives and friends.

Upon arrival the Masonic fraternity, of which the deceased was an honored member, took charge of the body. Rev. C. A. Westbrook, pastor of the Baptist church, officiated in the religious service, reading appropriate passages of scripture and making feeling reference to the life that had been cut down and the begeties of the reward who has held out faithful to the end after which the Masonic fraternity tenderly laid the body to rest in the vault, observing the pretty and sublime ritualistic service of the order.

Owing to the fact that it was not generally known just when the funeral would occur, the attendance was not as large as it would have otherwise been, but a number of friends were present, and the whole town feels a personal interest in the loss, uniting in profound sympathy with the bereaved family left behind.

As noted in this paper in the first report, Mr. Dotson was a citizen of this city previous to his removal to Mt. Enterprise and was a prominent member of the Nacogdoches bar. He also served this county with ability and distinction in the state legislature, and was ever a useful citizen in all the affairs of community interest. He was also a man of pleasing personality, who was universally liked by all who knew him, and no man had more admiring friends.

Mr. Dotson is survived by his widow and four children, with whom all enter into profound sympathy.

JUNIOR RED CROSS WORKER WAS HERE

Miss McGrath, district chairman of the Red Cross, of Galveston was in the city yesterday in consultation with Rev. C. D. Atwell and Miss Ruby Fincher.

At the meeting Miss Fincher was appointed chairman of the Junior Red Cross at this place, and discussion was had in the matter of plans for the work and raising the coming quota.

Hirschel Pierce, who has been stationed in a training camp at Chicago for some time, has arrived home. Hirschel had the misfortune to suffer an injury in one of his limbs by a fall some time ago, from which he is still lame, and which disqualified him for the service as a soldier.

WILSON REJECTS AUSTRIAS OFFER

(By Associated Press) WASHINGTON, Oct. 19.—President Wilson has rejected the Austro-Hungarian government's offer to conclude an armistice and negotiate peace on the principles enunciated, and given notice that mere autonomy for Austria's subject nationalities is no longer acceptable, that they must have liberty.

The Austrian note handed the Swedish minister by Lansing calls attention to the recognition of the Czecho-Slovaks as a belligerent government and the States of America also recognized the justice of the nationalistic aspirations of the Jugo Slavs for freedom.

EVACUATION OF BRUSSELS BEGUN

(By Associated Press) AMSTERDAM, Oct. 19.—The German military evacuation of Brussels has begun, according to M. Heinrich. The activities of the Belgian deputy is quoted by a Dutch correspondent who says that the deputy himself has already arrived in Brussels.

TUMULT PREVAILED HUNGARIAN DIET

(By Associated Press) BASEL, Oct. 18.—Scenes of tumult prevailed at a meeting of the Hungarian diet yesterday, during which demands for peace were made and it was announced that Austria was being organized on a federal basis. The uproar was so great that the presiding officer was obliged to adjourn the meeting. The disorder continued however, the deputies calling each other bleak—guards, liars, traitors, slaves and other names.

Can Now Eat and Sleep in Comfort.

If troubled with indigestion or sleeplessness you should read what Miss Agnes Turner, Chicago, Ill., has to say: "Overwork, irregular meals and carelessness regarding the ordinary rules of health, gradually undermined it until last fall I became a wreck of my former self. I suffered from continual headache, was unable to digest my food, which seemed to lay as a dead weight on my stomach. I was very constipated and my complexion became dark, yellow and muddy as I felt. Sleeplessness was added to my misery, and I would awake as tired as when I went to sleep. I heard of Chamberlain's Tablets and found such relief for nearly two months. They cleansed my stomach, invigorated my system, and since that time I can eat and sleep in comfort. I am today entirely well."

ATTENTION RED CROSS WORKERS

On account of the influenza epidemic, no meetings will be held at the Red Cross rooms until further notice is given. The garment room will be open every afternoon from two until five however, for the purpose of receiving contributions to the linen shower and for giving out wool and instructions. A large shipment of wool has just arrived, with a request from headquarters that it be knitted into sweaters as soon as possible, so everybody will have plenty of work to do at home until the rooms can be opened for meetings again.

BRITISH CASUALTIES.

(By Associated Press) London, Oct. 22.—British casualties for the week ending today numbered 37,157 as compared with 35,710 for the previous week. Officers killed, 517; men killed, 4,971; officers wounded and missing, 164; men wounded and missing, 30,198.

From Tuesday's Daily. Mrs. George A. Nelson and daughter, Miss Abbie, have been among the influenza patients of the city the past few days.

The epidemic of influenza has caused much interruption with the force of workmen at the Frost-Johnson mill lately, as it has with all other business and industrial enterprises of this section. At one time forty of the employes were out of commission, which seriously handicapped operations.

Dr. F. R. Tucker, who has been quite ill the past several days, was reported to be resting much better this morning. The doctor's condition was so bad for awhile yesterday that alarming reports gained currency over the city, but he rallied and his condition has been growing better since.
