ARMISTICE PROGRAM WAS NOT REPORTED

(By Associated Press)
WASHINGTON, Oct. 30.—The armistice program said to have been prepared by the supreme war council, had not been reported early today by the American representative of the government. However, it is known that they favor terms equally as drastic as those described by the press dispatches as agreed upon at Versailles.

AUSTRIAN FLEET NOW AT FIUME

(By Associated Press)
PARIS, Oct. 30.—The Austrian fleet has been hastily concentrated at Fiume, according to a dispatch from Rome. Few vessels remain at Pola, but all that were at Cattaro have left. It is stated that the concentration was demanded by Hungary.

AUSTRIAN OFFICIAL STATEMENT TODAY

(By Associated Press)
VIENNA, Oct. 30.—In the Alano basin on the eastern end of the Italian mountain front, Austrian detachments were forced to retire Monday, but elsewhere, between Brenta and the Piave, the fighting activity was not intense, says the official Austrian statement.

SAYS CZECH COMMITTEE TAKEN OVER FUNCTIONS LOCAL GOVERNMENT

(By Associated Press)
COPENHAGEN, Oct. 30.—A Berlin dispatch says that the Czech National Committee has taken over functions of local government in Prague, the Bohemian capital, as the final step of a successful revolution there.

Mr. Geo. A. Nelson was able to resume his work this morning after being detained at home a week nursing Mrs. Nelson who was quite ill.

GERMANS SEND ANOTHER NOTE

ANOTHER GERMAN NOTE SAYS THAT KAISER HAS NO MORE POWER.

(By Associated Press)
WASHINGTON, Oct. 30.—Another note from the German government reached Washington today. It supplants the last brief communication, saying that armistice terms were awaited by reciting in detail the government changes which have taken place in Germany as an evidence that the kaiser has been deprived of all power of making war and negotiating peace.

WASHINGTON, Oct. 30.—As word of the new German peace move came it was learned that President Wilson was working today on the reply to the last note from Vienna in which the Austrian government accepted all the principles and conditions of the president and asked for an armistice and peace proposals.

Frederick Oderlin, the Swiss charge, received the German note, and appeared at the State Department shortly before noon to deliver it.

THE SUB MENACE WILL BE GREATER

(By Associated Press)
LONDON, Oct. 29.—Reports of German submarines being called to home ports, coupled with comparative inactivity on the part of the U-boats is being discussed by admiralty officers here. "If the war continues you may expect the submarine menace to be great, if not greater by January than any with which we have yet had to deal," they say.

Mr. and Mrs. F. H. Tucker and their daughter have been among the patients suffering influenza the past few days. Mrs. Tucker is able to be up again, but Mr. Tucker still suffers some fever, but is reported to be doing well, and it is hoped that the trouble will soon run its course and that he, too, will soon be able to be up.

TEXAS DRAFT CALLS ARE REINSTATED

(By Associated Press)
AUSTIN, Oct. 30.—The draft calls suspended during October on account of the influenza are being reinstated, and the movement of men to the training camps will begin early in November, according to an announcement of Major Townes, supervisor of the selective service in Texas.

JAPAN'S TRADE WITH U. S. HAS INCREASED MUCH

(By Associated Press)
TOKIO, Oct. 30.—Japan's trade with the United States increased during the six months ended June 30. Exports to the United States \$30,500,000, and imports, \$97,000,000.

The increase in exports was accounted for by the large shipments of raw silk, habutae and other staples, while the increase in imports is attributed to increased requirements of cotton, iron and machinery, as a result of the flourishing state of Japan's industries.

INDEPENDENT PEACE PRESENTED BY TURKS

(By Associated Press)
LONDON, Oct. 29.—Turkey has independently presented peace proposals to the entente nations, says a Constantinople report. The negotiations are expected to end soon.

LONDON VIEW OF AUSTRIAN REPLY

(By Associated Press)
LONDON, Oct. 29.—Austria's reply to Wilson is viewed as an unconditional surrender. Although it is recognized as an event of intrinsically greatest moment, denoting the breaking up of the Hapsburg power, the main interest in the situation lies in the effect it will have on the position of Germany.

TEXAN RECEIVES HONOR CITATION

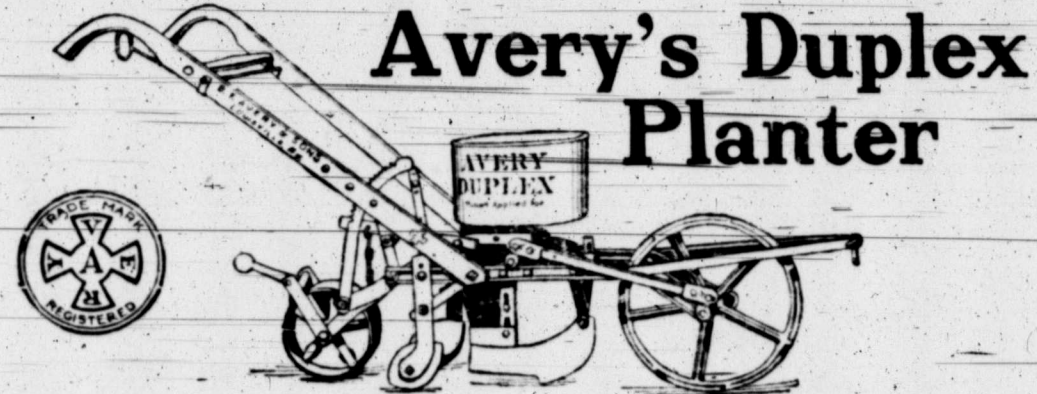

(By Associated Press)
WASHINGTON, Oct. 29.—First Lieutenant Alfred A. Grant, Syracuse St., Denton, Texas, has received the following honor citation from General Pershing:

First Lieutenant Alfred A. Grant, 27th Aero Squadron, for extraordinary heroism in action near Chateau Thierry, France. On July 2nd, 1918, with several other officers, Lieutenant Grant encountered an enemy patrol of nine planes. During the combat he became slightly separated from the other American machines and was attacked by three of the enemy. By skillful maneuvering and good marksmanship he destroyed one machine and drove off the other two. Home address—Alfred A. Grant, father, 86 Syracuse street, Denton, Texas.

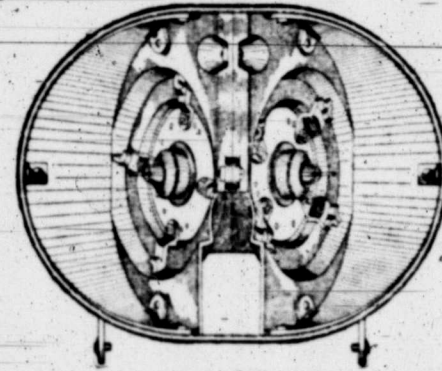

Miss Emma Billigheim of Chicago is in the city visiting her uncle and aunt, Mr. and Mrs. B. M. Isaacs.

The Planter Sensation of 1918

was the planter shown below. Farmers were so delighted with its work that they lost no time in spreading the good news among their neighbors, and orders poured in on the factory in overwhelming numbers from every Southern state.

is in a class by itself for planting peanuts, shelled or unshelled. There is no cut-off to crack or crush nuts. It also plants perfectly corn, beans, peas and other grains any distance apart.

Having a double hopper, it will plant corn and beans or peas at the same time; or plant a row of corn and then a row of beans without changing seed gears or emptying hopper. For cotton a separate hopper is furnished.

Thousands of farmers were disappointed last spring because the factory could not make these planters fast enough to supply the demand. It will probably be the same this coming spring, so let us book your order at once. "It's better to be sure than sorry."

AUSTRIAN FORCES HASTILY RETREAT

ALLIES CAPTURED OVER 20,000 ENEMY WITHDRAWS HIS ARTILLERY.

(By Associated Press)
ITALIAN HEADQUARTERS, Oct. 30.—The Austrian forces are retreating under an ever-increasing pressure, and it is felt that the attack against the enemy will become overwhelming as the entire allied force enters action.

Large bodies of allied troops have crossed the Piave river. It is expected that the Austrian supply of ammunition will give out.

There are indications that the enemy artillery is being withdrawn in an effort to save the big guns.

Over twenty thousand prisoners have been taken since the drive began.

AMERICANS READY TO TAKE PART

Elements of the American Expeditionary forces in Italy who have been in reserve are now ready to take part in the fighting east of the Piave. The Americans will probably be brigaded with the Italians.

ROME, Oct. 30.—The enemy is attacked frontally by the 8th and 12th armies, and threatened on the flank by the Tenth army, and has been forced to abandon the heights on the left bank of the Piave, and is hard pressed by the allies in retreating.

Several more villages have been liberated, including Congliano. Bitter fighting is taking place in the Montegrappa region. An additional thousand prisoners and over 150 guns have been

taken. Many of the guns are already in action against the enemy.

FORT WORTH POST OFFICE ADVOCATING ECONOMY

(By Associated Press)
FORT WORTH, Oct. 30.—With the present need for conservation of effort, a measure of economy is advocated by the postoffice here.

The people are urged to use 3-cent stamps instead of three 1-cent stamps and a 10-cent stamp rather than two 5-centers on parcels and letters.

All post office employees have been instructed to encourage stamps of highest denominations suited the exact amount of postage desired.

This will mean a large saving to the government in producing, transporting and cancelling stamps.

"Y" HUTS FOR THE S. A. T. C. COLLEGE UNITS

(By Associated Press)
COLLEGE STATION, Oct. 30.—In keeping with the plan of the International War Work Council of the Y. M. C. A. to provide a war worker for every S. A. T. C. unit in American colleges, R. A. Martin of Pittsburg and W. P. Bounds of Abilene, who recently graduated at the Y. M. C. A. training school at San Antonio, have been assigned to duty with the S. A. T. C. unit of A. & M. College. There is an ample Y. M. C. A. building here that answers all purposes of an army "Y" hut, but in instructions where no such buildings are already in existence, huts will be provided, it is announced.

GERMANS BEAT BRITISH PRISONERS

(By Associated Press)
LONDON, Oct. 30.—Evidence gathered by the British regarding the treatment of the British prisoners in German prison camps shows that Germany has violated the rules of international law. Working parties of British prisoners were beaten, tortured and made to work when they were ill.

HOW DOCTORS TREAT COLDS AND GRIPPE

Ask any physician or druggist and he will tell you that the best and only effective remedy for a bad cold, sore throat, influenza, or la grippe is what he calls "a brisk calomel purge," which means a big dose of calomel at bed time. But as the old style calomel has some very unpleasant and dangerous qualities physicians and druggists are now recommending the improved nausealess calomel called Calotabs which is purified and refined from the sickening and dangerous effects and whose medicinal virtues are vastly improved.

One Calotab on the tongue at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your diet, pleasures or work. Next morning your cold has vanished and your entire system is purified and refreshed. Calotabs are sold only in original sealed packages, price thirty-five cents. Your druggist guarantees Calotabs by refunding the price if you are not delighted.—adv.

In all of our experience in the drug business this Spanish Influenza has the worst Grip of any disease within our knowledge, but the grip of the Kaiser and to pay their War Savings pledges this week. Buy your this Grip. Millions of guns and men is the only force that will loosen the grip of the Kaiser and make the world free, therefore, we gladly join the ranks of business and patriotic men who are urging all our people to pay their War Savings pledges this week. Buy your Stamps without delay.

UNCONDITIONAL SURRENDER.

Col. R. T. Miller of the Rusk County News is not ready for all this talk about "peace negotiations," "armistice," etc., but with the true American spirit would administer the chastisement the enemy deserves while we are at it. The following pointed argument from his trenchant pen speaks the sentiment of many, and its logic can not fail to appeal to the reason of all:

"This country did not enter the war under the flash and flame of jingoism, nor the excitement and turmoil of the hour. But on the contrary, it entered the conflict after years of serious reflection and profound deliberation. It was moved, as no nation was ever moved before, by the highest principles of self-defense. It was fight or run. It was war, or stand still and be murdered. It was the inevitable resentment of wrong and the last resort to maintain self-respect in the family of civilized nations. That the bitter cup might pass and the nation spared the awful catastrophe of the most terrible conflict of all history, first one cheek and then the other was turned until both were scoured to the last extremity. Billions of money and millions of men have been drafted for what? To agree to terms of peace, laid down by the enemy, after a year of the most stupendous preparation ever made by any government in the world to run down the arch-fiend of civilization? Nay, verily. The enemy may cry peace, peace, but there will be no peace, until the enemy shall surrender, unconditionally, without any hint from any allied nation as to what his fate shall be except that the day of retributive justice shall be meted out. The outlaw, the criminal, exhausted in his diabolical scheme to destroy all that is noblest in civilization, is not authorized by law or justice to ask for anything in the world except mercy. It is our duty to pursue him, to lay on, until he shall throw up his hands and cry piteously, loud and long: "Be merciful to me, the chief of all sinners."

"Justice has no compromise to make with criminals. Germany may feel that she has been fortunate indeed if she gets out of this trouble with enough of the odds and ends left to start a new government. But when she surrenders unconditionally we will be satisfied for the allies to fix her fate."

The war news looks better every day. With Bulgaria and Turkey out of the running, and Austria-Hungary on the verge of crumbling, while the allies are pounding the life out of the Germans at every engagement, it is no wonder that Germany is making frequent appeals for an armistice, and if there is not some unlooked-for change in the program, it will not be long until she will be ready to meet the demands of an unconditional surrender. Let us continue to support the boys and speed the day.

Soldiers in battle have no time to rest, and the loyal people at home must likewise remain busy. Having disposed of the Liberty Bond issue in a glorious way, let us now get ready to do our duty with the United War Workers Campaign, an enterprise in which the various auxiliaries of the care and mercy have been pooled and will be worked together.

Let the women who wish to participate in future primaries remember that they must pay poll tax the same as men, and that the limit of time will expire with the last day of January.

In the general election an amendment will be submitted to the voters of Texas, providing for free text books for the children of the common schools; and raising the ad valorem tax from twenty-five cents to thirty-five cents on the one hundred dollars worth of property to take care of the expense. Its success would enable many to procure books who are not otherwise able, it will represent a big saving to the average poor family with several children to educate, and is very important and far-reaching measure in the interest of the cause of education which should be elected with a large majority.

The Lufkin News is about to bring in another oil well, with oil "spewing out of the ground right under the feet" of the inhabitants. It is to be devoutly hoped that Lufkin can find an oil well since it is making such a failure in finding a supply of water, and the confines of Louisiana are so far away.

Mr. J. H. Clayton, the sage of Davisville, the fruit and vegetable oasis of Angelina county, was a visitor to the city Friday and came around to see The Sentinel editor. Mr. Davis is postmaster and general confidential adviser of the community of Davisville, and what he says goes in the community. While in he unfolded a plan with much enthusiasm by which he hopes to put his town on the map (but which might result in its destruction) in having the Lufkin News and The Sentinel consolidate with Davisville as headquarters and Dock Lively and this editor in charge. He says that he has already arranged the matter with Brother Lively, and as an inducement said that he had a fall garden of beans, tomatoes, and other good things that grow to perfection in that section, and that nearby the fish, quail and squirrel are bickering for the adventure for tired editors. If the "flu" lasts in this community another day, bill collectors and other admiring friends may address us at the new location in care of Hon. J. H. Clayton. And to insure reply you might also send return postage. P. S. Come on, Dock, and let's go down for an "inspection trip," and Brother Clayton can send out and get us some type and some kind of an old press if the inducements for permanent residence hold out.

FINE TOMATOES

Friday afternoon Mr. J. M. Tenney, a progressive farmer of the Decoy community, brought The Sentinel a basket of fine tomatoes, and this morning Mr. E. M. McCuiston, another good farmer of the county residing out on Route No. 1, brought another basket.

Notwithstanding both are of the "fall variety," they measure up in quality to the usual spring product, and further attest the resources of the great country of ours, where we can have good things growing three-fourths of the year.

The Sentinel greatly appreciates these treats.

Lieutenant Ira Smith is in the city enjoying a little furlough with the homefolks. He is en route to Camp Eustis, Va., where he will take a little final target practice before taking leave for France, and he rejoices that the time is drawing near for him to get into the actual service.

PAY PLEDGE WEEK POINTS.

War Savings Stamp pledges made for the government are due. Pay Pledge Week, October 21-31. Pledges for November and December should be paid during Pay Pledge Week, if possible.

The government is needing vast sums of money to prosecute the war program, and peace or war these pledges must be paid.

The cost of War Savings Stamps during Pay Pledge Week is \$4.24 each. They may be obtained from the postoffice, any bank and almost every store.

The War Savings Stamp quota for Nacogdoches County is \$588,180. Every pledge paid will reduce the balance due on the quota just that much.

MUSIC WANTED.

"We must have music. It does toward lightening our task and stimulating a real patriotic spirit, what nothing else can do," writes Corporal W. P. Robertson, Jr., of the 303rd Machine Gun Battalion, Camp Devens. "We have a phonograph in our barracks and it serves as one of our paramount sources of amusement. If it were carried away half that makes barracks life merry would be gone."

To bring music to the men overseas, in transports and here in the cantonments is the patriotic duty of every phonograph owner according to Mr. Vivian Burnett, the author and composer, who is acting chairman of the National Phonograph-Records Recruiting Corps, with headquarters at 21 East 40th Street, New York City, which is a clearing house for distributing music to the boys. During this week (October 26 to November 2) Recruiting Week for Slacker Records, the several hundred local committees of the Corps expect to collect from homes throughout the United States a million records which are now not doing their patriotic bit.

Records of every kind are wanted, classical ones as well as rag records, according to Eric Bailey, Army Song Leader at Camp Upton who writes:

"It must not be thought that the boys only like the popular song and rag records. They listen just as appreciatively to the first-class opera records. You must realize that we have all classes in these camps. We have boys who not only know the good records but who have themselves sung and played in the best musical combinations in the country."

"I have had many boys who have sung such things as the Pagliacci "Prologo," the "Salvo Dimora" from Faust, Handel's "Where E'er you Walk," and hundreds of other classics beautifully, and these boys are not changed when they come into the army, only for the better. If the people at home only knew what good their slacker records might be doing they would certainly rush them to the front."

Mrs. Lindsey, chairman of the local committee of the National Phonograph-Records Recruiting Corps requests that those who wish to contribute machines, records, or needles send them to any member of the committee, where they will be assorted and repacked for shipment to the soldiers and sailors here and overseas.

Local Committee: Mrs. Eugene Blount, Mrs. Sturdevant, Miss Dunlap, Miss Blount.

ESCAPED CONVICT WAS CAUGHT AT JACKSONVILLE

The sheriff's office of this city is in receipt of the pleasing news that Albert Sanders, one of the negroes who escaped from jail in this city a few days ago, has been caught at Jacksonville, and is being held for the officers here.

The negro stole a horse and rode into Jacksonville, and sold him for \$30. Suspecting that something was wrong with the bargain, the city marshal went after him and had to shoot a couple of times before he finally surrendered.

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a 25 cent bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

Let no man relax his efforts because of the news that peace is near. The biggest job is yet ahead of America. To vanquish autocracy is one thing, to establish democracy is quite another. The oppressed nationalities must be helped in establishing a firm and representative form of government, the impoverished people must be helped until they are able to provide for themselves, thousands of our soldiers and skilled artisans and professional men will have to stay in Europe until order and government is established. Therefore, if the fruits of real victory are to be gathered and the great sacrifice of life and wealth are vindicated, it will take every dollar our Government can secure at once. It is a world-wide call for humanity. For this reason we urge all our friends to pay their War Savings Pledges at once—yes, without fail. In this way you will have a real part in the world's liberation.

S. MINTZ

Our firm stands for one hundred per cent Americanism by having personal representation in the fighting forces, by assistance in war work, and by subservient business to the great call of the nation and humanity. We feel sure that the most pressing emergency is just now upon the government. The ends for which our nation and the allies have fought must be firmly secured. To gain these ends will tax the loyalty, the resources and the forces of the whole nation. Every citizen must respond. We most heartily join the ranks of business firms who are urging all their patrons and friends to pay their War Savings Pledges, regardless of when the subscriptions are due, and to pay them at once. Let every man, woman and child buy War Savings Stamps to the limit at once.

LEE AND LEE

Since America entered the war, the cause of freedom which seemed to have been almost lost has gained victory after victory until peace for the whole world seems to be assured in the near future. But it places an obligation upon every American to rally to the support of the government with all of his financial ability in order that the work of obliterating militarism and establishing justice may be complete. This firm has gladly responded to every call of America, and urgently requests its patrons and friends to heed the special call of the authorities and pay up all War Savings pledges this week. Let old Nacogdoches County ring true by being one hundred per cent loyal with the cash.

LAST LINES AUSTRIAN DEFENSE BROKEN

(By Associated Press)
WITH THE ALLIES ON THE PIAVE, Oct. 29.—The last lines of the Austro-Hungarian resistance on the central positions along the Piave river were broken today by the British, French and Italian forces.

Our boys in France "go over the top" with a cheer and a whoop. Can't we do the same? Let's not wait to be reminded and urged to send them some records. Do it today.

BREAKS A BAD COLD IN A JIFFY! TRY IT

You can end gripe and break up a severe cold either in head, chest, body or limbs, by taking a dose of "Pape's Cold Compound" every two hours until three doses are taken. It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store.

We don't like to beg—we wouldn't beg for ourselves, but we will beg for our soldiers—if it is necessary. PLEASE send us some records. The Committee.

AUSTRIA ACCEPTS WILSON'S TERMS

(By Associated Press)
 AMSTERDAM, Oct. 28.—AUSTRIA IN HER REPLY TO PRESIDENT WILSON ACCEPTS ALL VIEWS EXPRESSED BY THE PRESIDENT IN HIS NOTE OF OCTOBER 19TH. AUSTRIA SAYS SHE IS WILLING AND READY, WITHOUT WAITING THE RESULT OF OTHER NEGOTIATIONS TO NEGOTIATE PEACE AND AN IMMEDIATE ARMISTICE ON ALL AUSTRO-HUNGARIAN FRONTS.

The text of the Austrian reply to President Wilson reads: "Austria-Hungary accepts all conditions the president has laid down for entry into negotiations for armistice and peace. No obstacle exists, according to the judgment of the Austro-Hungarian government, to the beginning of these negotiations."

WASHINGTON, Oct. 28.—The communication is regarded here as merely an acknowledgement of the president's note with an indication of the anxious desire of those now in power in Berlin to hasten the coming of a definite statement of terms upon which their enemies will permit hostilities to cease.

GERMAN REPLY HAS ARRIVED

(By Associated Press)
 WASHINGTON, Oct. 28.—The German government's reply to President Wilson's last note, asserting that negotiations for peace are being conducted by a people's government with actual and constitutional power and that the terms of the American and Allied governments for an armistice are awaited, reached the Swiss legation today by cable.

PROMISES RELEASE POLITICAL PRISONERS

WASHINGTON, Oct. 25.—The German military governor of the occupied Belgian territory has promised the release of all Belgian political prisoners except where a military menace would result, it was learned here today.

TURKISH MINISTER HAS SURRENDERED

(By Associated Press)
 LONDON, Oct. 26.—The Turkish minister to Switzerland has handed the British and French ministers an offer of peace virtually amounting to surrender according to a Berne dispatch.

FRENCH ADVANCE FIVE MILES TODAY

PARIS, Oct. 26.—Between Soissons and Chateau Porcien, the French in breaking up enemy resistance carried the line forward on a five mile front to a depth of two miles through positions prepared by the Germans in 1917.

On the Serre front southwest of Marle the French have captured the village of Mortiers after violent fighting, an official announcement says. Between the Oise and Serre the French maintain contact with the enemy.

TURKEY WILL ACCEPT PRESIDENTS TERMS

BASEL, Oct. 25.—Turkey will accept peace based on the principles of right and justice laid down by President Wilson, which the new Turkish government approves, Grand Zizier Tewfik Pasha is quoted in a Constantinople dispatch as having stated in parliament.

COLONEL HOUSE ARRIVES IN FRANCE

LONDON, Oct. 25.—Colonel E. M. House, personal friend and adviser of President Wilson, has arrived in France, although the reasons for House's visit to Europe at this time are withheld, it is understood that the visit is in connection with Germany's plea for armistice and peace.

CROWDS DEMAND THAT KAISER QUIT

PARIS, Oct. 25.—Enormous crowds assembled before the Reichstag building in Berlin yesterday demanding the abdication of the Kaiser and the formation of a republic, says a special dispatch from Zurich.

Mr. Horace Wilson is able to be out again after suffering a stubborn attack of the prevailing malady.

AMERICANS FIRE RAILROAD CENTERS

THESE CAPTURE AN IMMENSE ARMORED BATTLE PLANE.

WITH THE AMERICANS IN FRANCE, Oct. 25.—American sixteen-inch guns, manned by American Bluejackets co-operating with the French, began firing upon German railroad centers back of the Serre-Oise front yesterday.

The Americans directed their shells against railroad supply stations and junctions in the Vervine region and also in the vicinity of Rozoy.

North of Briecules on Wednesday the Americans captured an immense armored battle plane. The machine was virtually intact but the pilot and gunners made their escape. The fighting device and guns were so arranged that the gunners could fire directly beneath. So far as is known this is the first type captured by Americans.

American troops despite strong German artillery fire improved their positions at three important points along the front east and west of the Meuse during the night. East of the Meuse the Americans drove the enemy from the eastern edge of Bois-Dor-mont, gaining their objective.

GERMANS MAKING DESPERATE EFFORT

PARIS, Oct. 25.—Fighting along the American front on both sides of the Meuse is particularly fierce. The Germans appear to be making a desperate effort to hold their positions on this vital sector. Information received here gives the impression that they cannot resist much longer in their present positions.

HEAVY FIGHTING ON VERDUN FRONT

(By Associated Press)
 WASHINGTON, Oct. 26.—Heavy fighting on the Verdun front is described in Pershing's communique Friday. Strong German counter attacks east of the Meuse were repulsed everywhere except Belleau Wood, where four successive assaults forced partial withdrawal by the Americans. West of the Meuse the American lines further advanced in the face of determined resistance.

Eleven enemy planes and one balloon were brought down by Americans brigaded with the British in the last two weeks, the war department is informed.

Elan Blakey, who is with the boys at Camp Travis, is in the city, coming in response to a message announcing the serious illness of his brother, Wilton Blakey.

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not silitate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone strengthens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

BRITISH CONTINUE PRESS FORWARD

(By Associated Press)
 LONDON, Oct. 26.—The British continue pressing forward between Valenciennes and Tournay and have captured the villages of Odomez and Mauldeon. On the front north of Valenciennes British patrols progressed north of the railway between Valenciennes and Lequesnoy.

CROATIAN SOLDIERS REVOLT AT FLUME

BASEL, Oct. 25.—Croatian soldiers of the Seventy-ninth regiment at Flume have revolted, seized the city and destroyed the railroad there, it was announced in the lower chamber of the Hungarian parliament yesterday. Counts Apponye and Andrassy and the opposition deputies thereupon demanded the resignation of the ministry, says a Budapest dispatch.

Took Out Dreadful Soreness

When the kidneys are weakened and fail to throw impurities out of the blood, the poison remains in the system, and backache, soreness, and rheumatic pains develop. Mrs. Davis Henry, 65 S. Lincoln Ave., Washington, N. J. writes: "Foley Kidney Pills took the dreadful soreness out of my limbs and I walk good." Stripling, Haselwood & Co.

Dr. A. A. Nelson has been among the influenza patients of the city the past few days, and laid up at his home. With the outbreak of the epidemic in which some other physicians were ill, Dr. Nelson was caught with double duty to perform in helping care for the many sick patients over the city, which kept him going day and night without any rest or opportunity to take care of himself, until he finally had to take his bed.

All you who have torpid liver, weak digestion or constipated bowels look out for chills. The season is here and the air is full of the disease germs. The best thing to do is to get your liver in good condition and purify the stomach and bowels. HERBINE is the right remedy. It answers the purpose completely. Price 60c. Sold by Stripling and Haselwood.

W. H. Gray, Jr., who was granted a thirty-day furlough in which to gather his crop, reported back to Camp Travis last Tuesday, where he will resume his training, which was barely started when the furlough was granted for agricultural purposes.—Logansport Newsboy.

Indigestion, biliousness, bad breath, gas constipation or any condition arising from a mass of undigested food in the stomach needs immediate attention. Foley Cathartic Tablets are mild and gentle, but sure in action. Cause no griping, pain or nausea. Cleanse bowel, sweetens stomach and tones up liver. Stripling, Haselwood & Co.

Mr. W. J. Bailey of Wells, Texas, has been visiting his daughter, Mrs. Mark Stoker, in the city the past few days.

A Man's Cheerful Recommendation.

W. H. Frear, 63 Myrtle Ave., Albany N. Y., writes: "I thought kidney trouble might be the cause of my run-down condition and weakness; so I took Foley Kidney Pills, and they did the work. I cheerfully recommend them." They relieve lame back, rheumatic pains, stiff joints sore muscles.

All that we have, or expect to be and make is because of the great government under which we live. It deserves all that we have. If it takes that much to perpetuate its institutions. We also want all people to enjoy the same freedom which has blessed us and made us a nation that is the glory of all the earth. For these and many other reasons every citizen—man, woman and child—should heed the special call of the authorities and pay up their War Savings Pledges this week without fail. If you have not made a pledge buy all the War Savings Stamps you can now.

TEXAN RECEIVES HONOR CITATION

(By Associated Press)
 WASHINGTON, Oct. 26.—Byrne E. Baucom, Milford, Tex., as has received the following honor citation by General Pershing:

Second Lieutenant Byrne E. Baucom, S. S. C., observer, 1st Aero Squadron, for extraordinary heroism in action in the Chateau Thierry and St. Mihiel salients, France. Lieutenant Baucom, with First Lieutenant William P. Erwin, pilot, by a long period of faithful and heroic operations, set an inspiring example of courage and devotion to duty to his entire squadron. Throughout the Chateau Thierry actions in June and July, 1918, he flew as low as fifty feet from the ground behind the enemy lines, harassing German troops with machine-gun and rifles. He twice drove off the enemy planes which were attempting to destroy an American observation balloon. On September 12 and 13 he flew at extremely low altitude and carried out infantry contact patrols successfully. Again on September 12 he attacked a German battery and forced the Germans to abandon it, shot off his horse a German officer who was trying to escape, drove the cannoneers to their dugouts and kept them there until the infantry could come up and capture them. Home address Mrs. Edith Elizabeth Baucom, mother, Milford, Texas.

Your Battery's Lease of Life

Your battery's usefulness depends on the way you treat it, but even the best of care won't make a poorly insulated battery stand up through a long busy life.

The Still Better Willard, with ordinary care gives a good deal more than ordinary service and a great deal longer than ordinary life.

One of the reasons why this is so is that this battery has Threaded Rubber Insulation—which indefinitely postpones need of re-insulating.

Ask for the booklet "A Mark with a Meaning for You."

We test, repair and recharge storage batteries, and always carry a full supply of battery parts, new batteries and rental batteries. Testing service is free.

LABOR WANTED.

To the Entire Citizenship of Nacogdoches County: The government is building at Mussel Shoals, Alabama, a government munitions plant, and I have been appointed by Mr. H. W. Lewis, Labor director for the U. S. Government, to advise the public generally that the "flu" epidemic is practically over, and that conditions at this place are better than the average through-out the country; and that the gov-ernment is very anxious to se-cure laborers to finish this plant within the next sixty (60) days, and if you should know of any one that wishes employment, I shall be glad to take the matter up with them direct. Thanking you to give this all the publicity you can, I remain,

DESCRIPTION AMERICAN NAVAL BASE, FRANCE

AMERICAN NAVAL BASE, FRANCE, (Sept. — (Corres-pondence of The Associated Press)—Here on this rugged Breton coast there is an American naval establishment, which is a sort of composite of the busy activity of the Navy De-partment at Washington and of one of the big navy yards on the American seaboard.

Vice Admiral Wilson com-manding the American naval forces in French waters, has his headquarters here, with an exe-cutive staff quartered in one of the largest buildings of the city, fronting the Place President Wil-son. American bluejackets are on guard at all the entrances, and the steady files of American naval officers and sailors crowd the corridors on their various duties.

The street sare filled with American sailors on "liberty parties," often 5,000 and 6,000 in a single party. And on the water front there is the uste and activity of a uge navy yard, with scores of American naval craft and transports lying in the harbor, and the shore alive with a vast naval installation.

Besides the rush of the port itself, this is the naval adminis-tration center for 300 miles of the French coast, divided into three districts, with a number of the chief ports into which the masses of American men and material are pouring.

Aside from the American transport fleet which comes and goes, there is a standing person-nel of officers and men in these districts with some 80 ships—destroyers, repair ships, convert-ed yachts, mine sweepers and naval tugs. The shore estab-lishment is on the same exten-sive scale, with aerodromes for balloons and airplanes, great stacks of coal and mammoth tanks for fuel oil.

Naval headquarters is in con-stant touch with the whole range of this naval activity, and the 500 miles of front and rear are being kept up and out. All the orders are issued here. This intricate movement, the meetings at sea at appointed places—and the zig-zag routes which will cheat the hostile craft lying off the coast. From out-side headquarters one sees the wireless antennae stretching off to a near-by church steeple, thus giving a great sweep of wire for gathering the sound waves. There is also direct telegraph and telephone, so that if need be conversation can go on betwen the naval chiefs and American officers at Paris or London.

It is a huge work this big est-ablishment is carrying on. On the strictly naval side are the defensive and offensive opera-tions—defense of American and othr allied shipping in the vast movement of men and material across the Atlantic, and offensive in the war of extermination being made against enemy sub-marines.

Outside of the naval opera-tions, there is the steady march of a vast naval construction at all the ports along this 300 miles of sea front, repair plants, fuel stations, oil tanks, water works, and all the requirements of a great naval establishment which is constantly expanding.

TRYING TO MAKE POLITICAL THUNDER

Jacksonville Progress. Charles Stewart Davison, president of the Board of Trus-tees of the American Defense Society, with headquarters in New York City, today wired Judge John C. Box, Democrat nominee for Congress in the sec-ond district of Texas, asking for a yes or no answer to the ques-tion of whether he stood against any peace not based on the un-conditional surrender of Ger-many. A like telegram is being sent by this organization to ev-ery candidate for the United States senate and house of rep-resentatives in the United States. This telegram seems to be in line with the carping atti-tude of Senator Lodge and Theo-dore Roosevelt, who, on the eve of the Congressional election, are engaged in an effort to raise an issue out of the war which will embarrass the government and benefit the republican par-ty. Mr. Box answered the tele-gram as follows:

"I approve President's course to date as apparently satisfactory to our associates in war and in-suring disarming of Germany and righting outrages committed as fully as any other terms re-quiring complete submission. Wilson's procedure has additional advantages. Would not approve any peace terms not dictated by us and associates. I disapprove petty, political partisanship which tries to make issues by quibbling on names and obscur-ing substance, showing willing-ness to embarrass government for selfish political benefit.
JOHN C. BOX.

GOVERNOR ENDORSES FREE TEXT BOOKS; ASKS PEOPLE TO SUPPORT AMENDMENT

Governor's Office
Austin, Texas
October 21, 1918
The free text book amendment to the Constitution of Texas to be voted on November 5th offers the op-portunity for the most forward step ever taken to advance general edu-cation in Texas. When text books are made available alike to the poor and to the rich it is putting the same sort of democracy in the pub-lic schools of the State that our ar-

Governor Wm. P. Hobby

mies are seeking now to spread throughout the nations of the earth. Free text books will prove a fit-ting companion to the compulsory education law. Each will help the other. Compulsory education will be made easy when free text books are available, and free text books will become usable because of com-pulsory education.

When the world is democratized education will possess a higher val-ue than ever before, and so it is a propitious time to put education within the reach of every child and at the same time remove the bur-den that has heretofore been a part and parcel of education in Texas. A vote for free text books is a vote for education and democracy.
W. P. HOBBY,
Governor of Texas.

Tom Bickley, a well known barber of the city, visited Log-ansport yesterday.

THE HOUR OF DESTINY HAS STRUCK

The time for which the civ-ilized nations have been fighting, praying, suffering, hoping and giving seems to be just at hand. The age-long struggle of the masses of humanity against au-tocracy is turning in favor of universal liberty, justice and freedom. History will show that to the timely aid of Amer-ica the world will owe the reali-zation of its hope and the ac-complishment of its freedom. Democracy will be established in all the earth.

The vast accomplishments of our armies, the world-wide help rendered to all the struggling nations by our government, and the advent of universal liberty and justice, have all been made possible because the American people have given unstintingly of their substance, their money and their beloved sons for this holy cause. Every patriotic citizen who has contributed according to his or her ability, will share in the glory of a humanized world.

But the most critical hour is just ahead. Victory will be vetoed unless reconstruction is accomplished speedily and upon lines of liberty and justice for all. Therefore, every citizen should redouble his efforts in as-sisting the Government, so that there shall be no lack of funds to push the war to a victorious end and then have the resources with which to firmly establish the causes for which we have suffered and fought so long.

Knowing all this constitutes a great national and even world-wide emergency, the authorities have asked that all citizens who have pledged themselves to buy War Savings Securities, and all who have not yet so subscribed, purchase to the limit of their ability War Savings Stamps during this week. We are ask-ing our people to heed this call and to make the response unan- imous.

Your subscription or ability to buy War Savings Stamps may amount to only a few dollars to the individual, but, taken as a whole, should furnish the gov-ernment with from six to eight billions of dollars at once. There-fore, you can readily see how urgent is this call. Even if you have to borrow the money, pay your War Savings Pledges at once. If you made no pledge, let not a day pass without buy-ing to the extent of your ability.
M. C. JOHNSON,
Secretary Nacogdoches County W. S. Committee.

Cincinnati man discovers drug that loosens corn so it will lift out.

Good news spreads rapidly and druggists here are kept busy dispensing freezone, the recent discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers. A quarter of an ounce costs very little at any store which handles drugs, but this is said to be sufficient to rid one's feet of every hard or soft corn or cal-lus.

You apply just a few drops on the tender, aching corn or toughened callus and instantly the soreness is relieved, and soon the corn or callus is so shrivel-ed that it lifts out without pain. It is a ticky substance, which dries when applied and never in-flames or even irritates the sur-rounding skin.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

News has been received in the city that Shem Cunningham of this city was among the first ten of Austin College, at Sherman, to be assigned to the officers training camp. The many friends of the young man are proud of the brilliant record he is making, and have an abiding faith in his continued progress.

Moore Harrington, who is in St. Paul, Minn., with the 130th Squadron Sec B., Aviation Training School, recently finished his course, making the highest grade in his class when he was taken seriously ill and was carried to the base hospital, but his mother has a message bearing the good news that he is much better, being out of danger, and his commanding officers say that

he (the young man) will write them when he is able to sit up. Better you feel and how much Have you ever tried being generous and big hearted? Try it: you have no idea how much brighter the whole world looks. Is you had decided to send the boys two records, send four. Double your gift.

Does it irritate you to have so many calls for the soldiers, or are you glad and thankful to have so many ways to help them? Which way do you look at it? Their lives in camp and at the front, at the very best are not what they are accustomed to at home—yet they never grumble. Can't we give them some music to add a LITTLE to their happiness?

The wise man will get ready for the reaction, for these big prices on everything cannot last with the increased production that will come with the close of the war and the return of the millions of people to the various vocations. The law of "supply and demand" is all-powerful, and no condition or regulation has ever been able to overthrow it.

CHRISTMAS BOXES.

The County Chairman of the American Red Cross, the Rev. C. D. Atwell, requests me to give wide publicity to the following concerning Christmas Boxes for the boys in France:

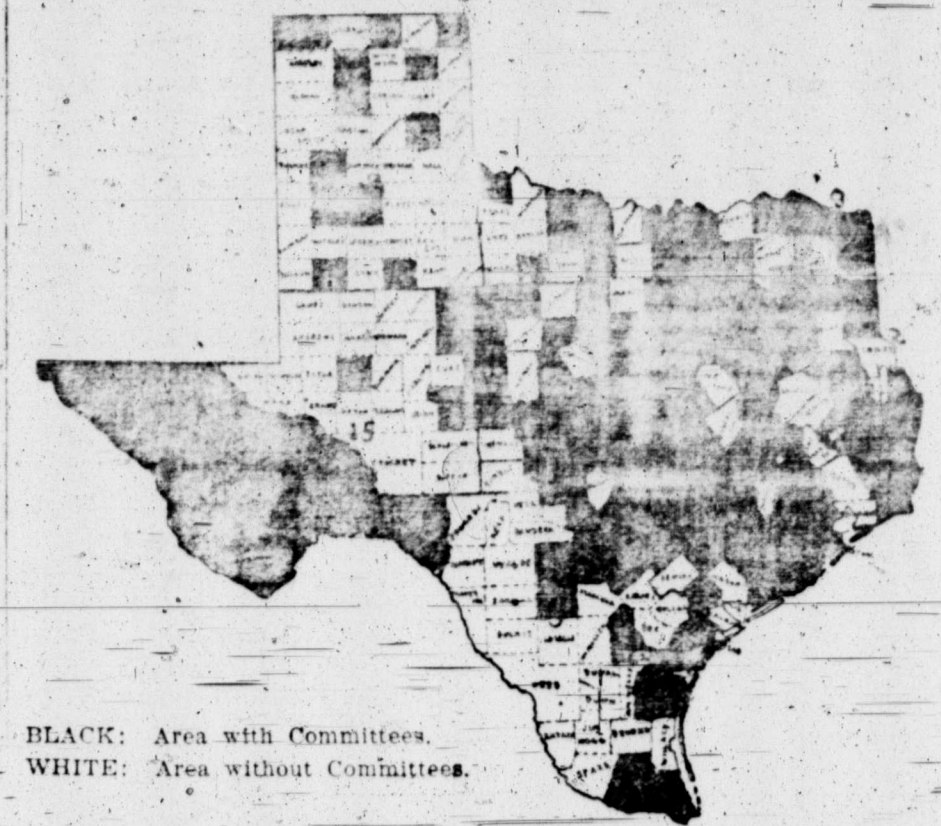

1. The War Department, post office and American Red Cross have entered into an arrangement to send Christmas boxes to the American soldiers in Europe.
 2. A printed label will be issued to each soldier by the Army abroad. This label he will send home to America.
 3. This label must not be lost as it cannot be duplicated.
 4. The labels will begin to arrive in America about Nov. 1st.
 5. The party receiving the label will present it to the nearest person named in the following list, who will be authorized to issue a standard box for shipment, but ONLY on presentation of the label.
- Appleby—Mrs. R. W. Tillery.
Chireno—Mrs. Harry Fall.

AREA OF TEXAS Showing Where County Federal Price Interpreting Committees Issue 'Fair Price Lists' for Marketing.

BLACK: Area with Committees.
WHITE: Area without Committees.

The Price Section of the Federal Food Administration for Texas has grown to such proportions in Texas that an inventory of the Committees shows 151 with a personnel of 675 men and women, while the Price Reporting Section has a personnel of 325.

All Price Interpreting Committees are appointed direct by Administrator Peden. Each committee has a chairman and the committees meet in the larger cities twice a week and in the smaller cities and towns once a week. The FAIR PRICE LISTS issued are published in the local newspapers and are intended as guides for the retailer and the consumer. The prices as interpreted must be adhered to by the merchants, and the consumers are urged to report all cases of violations to the County Food Administrators.

The Price Reporters make checks upon the retail merchants. Their reports are sent to the Price Section, Federal Food Administration for Texas, where the prices are compared with the local Fair Price Lists. Wherever there are indications of excessive charges, the matter is referred to the County Food Administrator for adjustment. Where the profiteering is flagrant it is referred to the Field Inspection Division and upon investigation turned over to the Enforcement Division for action.

It is the wish of Administrator Peden to have every county in Texas covered with a Price Interpreting Committee as a protection for the law-abiding merchant and for the consumer. At the rate the Section grows, all counties with any considerable population will be covered by November 1.

RETAIL PROFITS ON EGGS, BUTTER, CHEESE, BREAD AND POTATOES.

CHEESE—1. Maximum margins governing sale of American or Cheddar cheese by retailers have been announced as 6c and 7c per pound with fractional cost in dealer's favor. Six cents is maximum for cash and carry stores, and 7c for extra service stores.

BREAD—2. "Baking Division's investigation of manufacturing cost, and wholesale price, and retail price for bread warrant establishing the maximum retail price for long-pound loaf at 12c and one and one-half pound loaf at 15c. These are the maximum prices for either cash and carry or credit and delivery, and should be enforced in each State. Furthermore, investigation shows 5c and 12c wholesale price. In many sections these wholesale prices warrant a retail price of 9c per pound loaf and 14c for pound and half loaf, cash and carry, and administrators should arrange for distribution in as many places as possible.

BUTTER—3. Retailer's margins are set forth in Special License Regulations No. 20A, dated August 22, 1918, which provides that cash and carry stores' profit shall not exceed 3c per pound, and that credit and delivery stores' profit shall not exceed 4c per pound over their cost price. A clear definition of the items making up a retailer's cost is shown in these rules.

EGGS—4. Washington advises that it hopes to announce in the course of the next week or so definite margins of profit on eggs. From investigation now being conducted it has developed that there is a very wide range of retail margins throughout the country, varying from 3c per dozen to 15c. In the present margin it would seem to us if you would base your retail selling price at a margin over cost of 5c to 8c for the time being, it would not be far out of line.

POTATOES—5. A profit of 20 to 25 per cent on potatoes would probably not be greatly out of line, although these may be low large margins in some sections and not quite adequate in others for a fair return.

RULES GOVERNING SALE OF FLOUR TO FARMERS.

Restrictions covering the amount of flour that can be sold a farmer by a retailer at one time have been lifted by the Revised Wheat Price Regulations, effective that date, but a 20% cash advance supply is required, however, in the event the consumer to purchase in per cent substitutes in the time the flour is purchased.

In case of the farmer who has no cash, a 20% advance supply is not required. It is necessary to send out orders at the time flour is purchased, provided the farmer makes a written statement to the merchant at the time of purchase that he has these substitutes on hand and will use the same.

ADVANCE IN COFFEE TO MEET PRE-WAR PROFIT.

While the Food Administration is opposed to a retail advance in the price of roasted coffee to consumers, Administrator Peden has advised by Mr. Hoover to permit, where necessary, an 8c advance in coffee, and a 10c advance in price to insure the supply of coffee to the consumer. The advance in price will be 8c for the 10c advance supply, and 10c for the 12c advance supply. In case of the farmer who has no cash, a 20% advance supply is not required. It is necessary to send out orders at the time flour is purchased, provided the farmer makes a written statement to the merchant at the time of purchase that he has these substitutes on hand and will use the same.

LUMPS FROM THE SUGAR BOWL

SUGAR SLACKERS

Said the Yellow Sugarite —
To the Yellow Sugarite:
"I'm a-goin' to have no sugar,
And as much as I can get.
What's the difference whether war lasts
For a year or for a day?
Then he snatched a lump of sweetness
That he'd stily hid away.

Said the Yellow Sugarite —
To the Yellow Sugarite:
"All this Food talk makes me tired,
You are just exactly right."
Then she snopped into her handbag
And withdrew a sugar lump,
Which she dropped into her coffee
With a Kaiseristic "lump."

Said the citizen and patriot
To the slackers, as they sturred:
"I have seen you, and I know you,
And I've heard you every word,
And this message I would give you,
From the loyal U. S. A.
That the Timp-splined Sugar Slacker
Hasn't very long to stay."
—F. McMinds.

"YELLOW SUGAR" USERS ANOTHER FORM OF SLACKERS.

"Yellow Sugar" is the brand which patrons of public eating places carry in their pockets and add to their drinks, desserts and cereals after the restaurant proprietor has fulfilled his solemn obligation to the nation by serving only what is allowed on the basis of two pounds per person per month.

The "Yellow Sugarite" and the "Yellow Sugarite" is the male and female declension of these thin-skinned men and women who have only a casual interest in the winning of the war. Handling these men and women is a rather unpleasant task of the Food Administration; and their selfishness is the source of embarrassment and worry to the patriotic proprietors who are complying with the rules and regulations.

Administrator Peden announces that the law of public opinion should be invoked in all such cases and has requested that all loyal citizens noting patrons bringing sugar into public eating places send the names to the Houston headquarters so that the names may be made public. Name of person making report will be protected. Herbert Hoover, speaking to the State Food Administrators on the issue of sugar, said: "Sugar is the one commodity that voluntary conservation does not seriously reach. I suppose the great sugar eaters are those of the community who have the least moral resistance."

SUGAR BEING OBTAINED UNDER FALSE COLORS.

Summons to householders purchasing more than their allotment of sugar based on the ration of two pounds per person per month have, in a number of instances, been returned to the Food Administration marked "no such party at this address." The Enforcement Division is inclined to believe that purchases of sugar are being made under false names and retail merchants, where in case of doubt as to the name and address of a purchaser, are requested to verify the name and address in the City Directory; and where attempt to secure sugar under false pretense develops to report the name of the offender to the Food authorities.

The special and urgent call which comes to us from the authorities that all subscribers to War Savings Securities to pay up their pledges by the last day of this month, should be gladly and cheerfully responded to by every citizen. It may mean the saving of many lives and the speedy ending of the war. Pay up in full at once.

BLACKBURN AND MAST

No Mystery in Meat

Some things are so simple that they have to be explained again and again. When things are obvious, people keep looking for mysteries behind them.

So it is with the packing business. The mere size of Swift & Company confuses many. Because their imaginations are not geared up to scale, they believe there must be magic in it somewhere—some weird power.

Swift & Company is just like any other manufacturing business run by human beings like yourself; it takes in raw material on the one hand and turns out a finished product on the other.

Swift & Company keeps down the "spread," or the expense absorbed between raw and finished material, to as low a figure as possible. (If it didn't it would be put out of business by others who do.)

How much Swift & Company pays for the raw material, and how much it gets for the finished product, depends upon conditions which Swift & Company does not control.

It depends entirely upon how much people want the finished product, and how much raw material there is available to make it from.

The profits of Swift & Company amount to less than one cent per pound on all meats and by-products—less than one-fourth of a cent on beef.

OPENS TUESDAY NOV. 5

Walden's NACOGDOCHES BUSINESS COLLEGE

A dollar in the hands of the government now is better than many dollars in the future, for it will enable the military leaders to "carry on" to Berlin without stopping, thus bringing the war to an end perhaps many months sooner than we are thinking it could be done. Therefore, we take pleasure in urging all our patrons and friends to pay their War Savings pledges this week. Every dollar helps to win the war. Pay up in full now, regardless of when your pledge matures.

FARMERS AND MERCHANTS BANK

In view of the great emergency at the front, and the necessity of keeping our splendid armies abundantly supplied with food, clothing and munitions, thus helping the great "peace drive" which must end in the full surrender of autocracy to democracy, we urge all of our friends and patrons to respond to the call, asking that all who have pledged to buy War Savings Securities to do so this week. Do it now, and thus prove your patriotism by your works.

STONE FORT NATIONAL BANK

"Pay-the-President-Week" is now on, and all of our citizens are requested to pay their War Savings obligations, regardless of when they mature, by the last day of this month, so that the Government may have ready funds with which to keep the great drive of the allies going and assure a speedy termination of the war. Prove your Americanism by paying your pledge card this week.

EDGAR CARTER AND CHILD DIE IN DALLAS

From Friday's Daily.
The Sentinel takes the following report of the death of Edgar Carter, former editor of the Cushing Enterprise, and his child from a recent issue of the Jacksonville Daily Progress:

Edgar Carter died of influenza in Dallas Tuesday night, and his body will be carried to Cushing for burial. His child, which died Monday night, was buried at Cushing Tuesday. Lee G. Carter, brother of deceased, was in Dallas when the child died and accompanied the remains to Cushing. At the time of leaving Dallas he thought his brother was doing very well, but he became suddenly worse, and soon died.

Deceased also has two sisters residing here, Mrs. J. G. Swink and Miss Mary Carter. He lived in Jacksonville for several years, being a printer in the employ of S. R. Whitley. He was 36 years of age and is survived by his wife and three children.

Burial will take place tomorrow, as his wife was unable to make the trip to Cushing today.

TEXAS TOWN RECEIVES FOUR LOAN QUOTAS

(By Associated Press)
FORT WORTH, Oct. 28.—The little town of Britton enjoyed quite a distinction in the Fourth Liberty Loan drive. The line between Tarrant and Ellis counties runs directly through the town, while the lines of Johnson and Dallas counties split the corners.

This meant the Liberty Loan quota was to be split four ways. Accordingly each of the four counties allotted a quota to Britton.

CALL ISSUED FOR THE PAYMENT OF PLEDGES

DALLAS, Oct. 26.—Call for the payment of War Savings Stamp pledges between October 24 and November 31, has been issued and the period has been officially designated as Pay W. S. S. Pledge Week. Announcement of the call for pledge liquidations was made today by the War Savings Section of the Treasury Department for which Louis Lipsitz is Federal Director in Texas. During this period, it was pointed out by Mr. Lipsitz, all pledges up to and including October 31 are due for payment, and the Government is also requesting that November and December pledges be paid at this time.

The annual quota assigned to Texas by the Treasury Department is \$91,000,000. This quota was sub-divided among the given a specific quota based on counties in the state, each based population. On June 28, which was National War Savings Day, every adult was called upon by the government to pledge the amount he would save and invest in War Savings Stamps during the year. In some counties one or more pledge meetings, in addition to that of June 28, were held. These pledges, except the portions already paid, are now due.

"While amounts pledged for November and December do not fall due Pay Pledge Week, all persons who can completely liquidate their pledges so as to include these two months are urged to do so by the Government," the director explained, "because of the enormous need of money occasioned by the gigantic war operations the government is now engaged in. Texans have never failed the government and I feel that every person will make an earnest and conscientious effort to buy War Savings Stamps equal to his November and December pledges when he liquidates the portion due Pay Pledge Week."

MILITARY COMPANY MOVES TO LUFKIN

FROM EVERETT MATTHEWS

Mrs. G. W. Matthews of Melrose is in receipt of a letter from her son, Everette Matthews, who is with the fighting forces "Somewhere in France," which teems with optimism and love, and reflects the true spirit of the American soldier.

"I don't know so very much to write you at this time, but I want you to know that I am well and doing fine," the letter begins. "I surely would like to see you, but that is impossible. Yet don't think for one moment we feel blue, for we are not, and we are glad we are where we are, for for if anything we are due our lives to our country. If it is our hard luck to fall on the battlefield, just shout for joy and say 'He went down for as honorable thing as a man could. And mother I am glad to say that I don't mind it in the least. If one gets me, I get one of them. I am glad you people are doing your part while we are here trying to do our bit. I would be glad to know you folks made the best crops you ever made, and plenty of foodstuff, for that is all a soldier thinks of—something to eat and payday. I would like to write all of you, but haven't the time, so mother, I must stop now."

MRS. LEE VANCE WAS LAID TO REST SUNDAY

Mrs. Lee Vance died at her home out at the Frost-Johnson hill Saturday and her remains were laid to rest in Oak Grove cemetery in this city Sunday morning. Rev. C. A. Westbrook, an old friend of the family, officiating in the religious exercises.

Mrs. Vance is survived by her husband, who is engaged as the engineer on the Nacogdoches-Southeastern; a six-year-old daughter and her aged mother. She was married to Mr. Vance some ten years ago in Missouri, and the minister who officiated at her funeral yesterday officiated at her marriage. She was a noble christian woman, and since coming to Nacogdoches some seven years ago has made many friends who unite in profound sympathy with her loved ones in the great grief that has come to them.

TOM WALLACE OF CUSHING DIES IN SHREVEPORT

Tom Wallace, a well known and prominent citizen of the neighbor town of Cushing, died at the Caddo Hotel in Shreveport Saturday with a complication of pneumonia following an attack of influenza. His remains were brought back to Cushing Sunday and will be laid to rest in the family burying ground at Mr. Enterprise, his old home, today.

Mr. Wallace had been engaged in the manufacture and sale of railroad ties the past several years, and ranked as one of the most prominent and progressive men in this section of the state. He was a big-hearted, princely man, who was esteemed and admired by all who knew him, and had a great host of friends over the country who are made sad with the news of his death.

MRS. OSCAR McLAIN DIES IN ATHENS

The sad news has been received in the city of the death of Mrs. Oscar McLain at her home in Athens, which occurred last night, and Mr. McLain is also reported to be seriously ill, with little hope of recovery.

Mr. and Mrs. McLain suffered an attack of influenza which developed into pneumonia.

Mrs. I. W. McLain, mother of Mr. McLain, went to Athens several days ago to assist in nursing and caring for the patients, and Miss Ruth McLain went up Sunday afternoon. Other members of the family have been detained from going by reason of four of the children who have been sick at home, but who are reported to be resting better today.

Mr. McLain was reared in this

city, and resided here until a year or two ago when he moved to Jacksonville, and seems to have later moved on up to Athens. He and wife were among our most worthy citizens, who were highly respected and esteemed by all, and all Nacogdoches has been made sad with the news of the death of the good lady, and who will join in the profound hope that Mr. McLain may rally and be spared from the ravages of the trouble with which he is suffering.

MR. WILTON BLAKEY WAS LAID TO REST SUNDAY

Mr. Wilton Blakey, who was so ill with pneumonia last week, which attacked him in a complication with influenza, died at his home in this city Sunday morning about 3:00 o'clock, and his remains were laid to rest in Oak Grove cemetery Sunday afternoon at 4:00 o'clock.

The funeral service was conducted at the family residence by Rev. Massey of the Methodist church and Rev. Westbrook of the Baptist church where a number of sorrowing friends assembled to pay the last tribute of respect and offer consolation to the bereaved family.

Mr. Blakey is survived by his widow and a small son and small daughter. He was reared in the Melrose community where he spent his life until he moved to this city some five or six years ago. He was a member of the Baptist church and the Woodmen of the World, and he announced before he died that he was at peace with his God and ready to go. Previous to this illness he was a robust fellow, to all appearances in the enjoyment of perfect health and the promise of a long life, and his sudden taking away comes as a shock to his friends over the county. He was a man of pleasing personality, genteel and obliging, and all who knew him were his friends.

T. M. HARRIS DIES AT HOME IN GARRISON

Mr. T. M. Harris, a well known and prominent citizen of the neighbor town of Garrison, died at his home Saturday and his remains were laid to rest yesterday afternoon by the Masonic fraternity, of which he was an honored member of both the Master Mason and Royal Arch branches.

Mr. Harris is survived by his widow, four daughters and one son, the children all being small. At the time of his death he was manager of the Garrison Lumber Co., at Shepherd, which enterprise he has been operating most successfully the past several years. He was a progressive business man and a man of pleasing personality who was well liked by all who knew him, and had a wide circle of friends over the state. A number of prominent friends from Houston and other places came up and attended the funeral, and the community turned out en masse to pay the last tribute of respect to one they had long known and loved.

METHODIST CONFERENCE TO MEET AT TIMPSON

The Texas Conference of the M. E. Church, South, will convene in annual session at Timpson next month, and through the Timpson Times the committee in charge of the matter makes the following statement which should be read by those contemplating attending and the spirit of which will doubtless appeal to all:

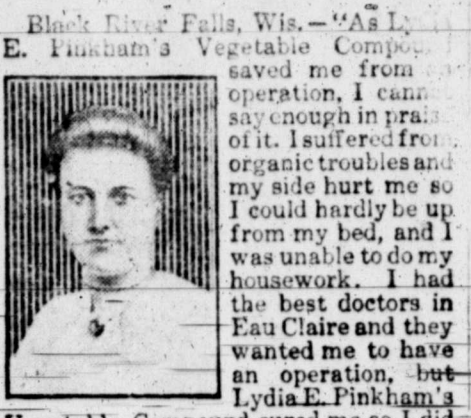

"We are not extending an invitation to the good wives of conference members for the reason that we believe patriotism and good sense will restrain them in this year of war, food administration, the request of the government that people refrain from riding on trains when such use of the railroads can be avoided, etc. The committee believes that invitation to the wives and others who are not really members of the conference would reflect upon their patriotism, and that we refuse to do, for our judgment is that there is not a more patriotic class in America than preachers and preachers' wives."

SPANISH INFLUENZA HAS MEXICO IN ITS GRIP

MEXICO CITY, Oct. 26.—The Spanish influenza epidemic is prevalent in virtually all parts of Mexico except in the extreme south and a few Pacific-coast states. The newspapers estimate sixty thousand cases, but the death rate is low. The disease seriously threatens the oil industry in Port Arthur. In the town of Gonzales, in the state of Guanajuato eighty per cent of the population are ill.

MODERN STRATEGY

All life-time is a school of strategy—a game of war upon germs and tendencies which, unless thwarted, weaken the system and invite disease. Modern health-strategy dictates the use of

SCOTT'S EMULSION

as a reliable means of thwarting the enemies of strength. Scott's is Nature's ally and its rich tonic and strength-supporting properties are known, with satisfaction, to millions. Build up your strength with the nourishing qualities of Scott's Emulsion.

We have boys "over there" fighting for the liberties of all nations. Is your boy, or your neighbors boy there too? They are going over the top nearly every day for you and me. They need the equipment and supplies the drive to victory alone can enable them to make. If you have pledged the Government to buy War Savings securities, pay that pledge now. If you have made no pledge, buy War Savings Stamps to the limit this week.

CASON, MONK AND COMPANY

During this scourge of the 'Flu we have compounded thousands of prescriptions for the sick, and we have had to work day and night to do it, but the greatest prescription that we have ever been called upon to fill is to urge you to buy steel pellets to keep off the grip of Kaiserism. It is the only specific, and we guarantee them to do the work. Therefore, pay your War Savings Pledges this week in order to keep the factories busy supplying our boys at the front with these Anti-Kaiser-steel-pellets. They will cure the world.

STRIPLING HASSELWOOD AND CO.

The United States did not enter into the great war because of a gospel of hate to any nation or people, but rather that all men might be free and all nationalities have the right to self-determination. But to have this kind of peace on earth and good will towards men, the powers of autocracy must be broken. It looks like the beginning of the end of the great war, but the ending must be in righteousness and justice for all. Therefore, help Uncle Sam, who is the champion of democracy, by meeting your War Savings pledges this week. If you made no pledge, buy War Savings Stamps to the limit of your ability now.

ANOTHER YOUNG WIFE WITH THE DEAD

Willie Seymour Vance was born in Arkansas, June 1892. While she was yet a child her parents moved to Missouri, where she was reared to young womanhood. June 27th, 1909, she was married to R. L. Vance, at Doniphan, Mo. Up to the time of her marriage she was one of the faithful attendants at Sunday school and the regular church services, and as an active and consecrated Christian was appreciated by the entire membership of the Doniphan Baptist church.

Some seven years ago she removed with her husband to Nacogdoches, Texas, where her husband has been in the employ of the Frost-Johnson Lumber Co. Just a little over a week ago she was called to Mansfield, La., on account of the death of her brother. It was on that trip that she too contracted the prevailing malady and after a brief week's illness departed this life last Saturday evening, Oct. 26th. On Sunday morning at 10:00 o'clock she was laid to rest in our beautiful Oak Grove cemetery, the funeral service being conducted by Rev. C. A. Westbrook, who was her former pastor at Doniphan, Mo., where he had performed her wedding ceremony more than nine years previous.

She leaves her husband, whom we all know as "Lee," a little daughter, Irene, five years of age, and her mother, Ms. J. W. Vance, and a host of friends to cherish her memory.

To her loved ones we would offer as words of consolation Whittier's words when he sang: "I know not where His islands lift

Their fringed palms in air; But this I know, I cannot drift Beyond His love and care." and too, these words from the disciple and apostle on Patmos, Rev. 15:13. "And I heard a voice from heaven saying unto me, write Blessed are the dead which die in the Lord from henceforth: Yea, saith the Spirit, that they may rest from their labors; and their works do follow them."

A FRIEND.

Otis Kelly, who has been at work in Houston for some time, has been visiting with the homefolks in the city this week. He has joined the Motor-Truck Brigade, and expects to enter immediately upon the service upon his return the latter part of this week.

Mr. J. M. Hacker of Shreveport is in the city, coming to join his wife in a little visit to the homefolks.

MR. OSCAR McLAIN DIED MONDAY NIGHT

The Sentinel made report of the distressing news in Monday's issue of the death of Mrs. Oscar McLain at her home in Athens, and in the same connection made the announcement that Mr. McLain was very low. Today we are called upon to finish the sad chapter with a report of the death of Mr. McLain who died at 1:00 o'clock last night.

Still another sad report to make is the news from Mrs. I. W. McLain, who was with her son and his wife when they died, this morning to the effect that the baby of the deceased couple is very low and will not likely live through the day, making it probable that all three bodies will be brought in for burial together.

The remains of Mr. and Mrs. McLain will be brought to this city tomorrow (Wednesday) afternoon on the south-bound train of the T. & N. O., which will arrive here about 3:00 o'clock. The funeral will be held from the depot, followed with interment in the Oak Grove cemetery, and as many friends as possible should go to the train and thus exhibit the mark of respect and esteem which we entertain for the good family.

The Sentinel has had the sorrowful task of reporting many deaths lately, but none have come with more shock and tragedy than this review. It is one of the fates which we can not understand why a young family, with a life so full of promise and usefulness, should be cut down and wiped out with one fell blow.

All Nacogdoches will join in profound sympathy with the bereaved relatives upon whom such a load of sorrow has been visited, and will unite in the hope and prayer that the good Comforter will attend them in the dark hours.

Sincere Gratitude.

Mrs. William Bell, Logansport, Ind., writes: "I deem it my duty to express my gratitude for the good Chamberlain's Colic and Diarrhoea Remedy did me when I had a severe attack of diarrhoea three years ago. It was the only medicine that relieved me."

DR. ELLIS MAST DIES AT CHIRENO TODAY

From Wednesday's Daily. Dr. Ellis Mast died at his home in Chireno this morning following a few days illness with pneumonia, and his body will be laid to rest in the cemetery at Chireno some time tomorrow, the funeral hour and definite arrangements having not been made at the time this report was gathered.

Dr. Mast was a son of Mr. D. C. Mast, a prominent and well known citizen of Melrose, and was about thirty-seven years old at the time of his death. He has been practicing medicine at Chireno since his graduation from school some ten or twelve years, and ranked with the best physicians and most useful citizens of the county. He enjoyed a large and lucrative practice, and he was ever ready to contribute a portion of his time and means to anything of country or community interest, and both the country and the community of his residence sustain a distinct loss in his death. Being a man of most pleasing personality, tender sympathy and friendly interest in those with whom he came in contact, Dr. Mast had a great host of friends over the country who will enter into profound sympathy with his bereaved widow and other relatives.

MRS. BENNETT BURROWS IS WITH THE DEAD

Mrs. Bennett Burrows died at her home near the ice plant last night after an illness of some six weeks duration, and her body will be laid to rest in the cemetery at North Church at 2:30 o'clock this afternoon.

Mrs. Burrows was about thirty-five years of age, and was a daughter of Mr. Frank Pugh, a prominent citizen of Logansport, La., where she was reared. She was a member of the Baptist church, in which she lived a consecrated Christian life, and was a refined, noble lady who was loved and admired by those who knew her.

All Nacogdoches will enter into profound sympathy with the devoted husband in the loss of his dear companion, taken from him while they were both in the prime of life, and neighbors and friends will share his sorrow.

TWO SISTERS DIE IN SAN AUGUSTINE

Last Saturday morning Mrs. Wade McClanahan, Jr., died at her home in San Augustine with an attack of pneumonia, which developed in a complication with influenza, and Monday afternoon her sister, Mrs. Dr. Smith, of the same town, died with the same trouble.

The body of Mrs. McClanahan was laid to rest in the cemetery at San Augustine Sunday afternoon, and the body of Mrs. Smith will be laid to rest this afternoon.

The good ladies were daughters of Mr. L. P. Sharp, a prominent citizen of the Red Land City, and were sisters of Mr. Frank Sharp of this city. Previous to the recent illness they suffered, they were in the enjoyment of good health, and were among the most prominent and useful ladies of the neighbor town.

Mr. and Mrs. Frank Sharp went to San Augustine last week with the news of the serious illness of the ladies and have remained for the funerals. Their many friends at home enter into profound sympathy with them in the great weight of sorrow that has overtaken them.

State Deputy Food Administrator Walthall has been at home today after a trip over the district, and says that he is finding matters in pretty good shape.

THE WRONG SON REPORTED DEAD

Dear Sentinel:

I write to correct an error and at the same time give a little writeup of a splendid man who was brought home dead for interment. I notice that the Sentinel and the Herald, both in last week's issue, stated that Elbert Walters died at Battle Creek, Michigan, and was brought here for burial and that he had left a widow and several children. Elbert Walters is not married, is not dead, but with the American Expeditionary Forces in France. It was Arnold Bertie Walters who died at Battle Creek, Michigan, and was brought to his father's home for burial. He was the oldest child of Mr. and Mrs. P. J. Walters, who are among the best citizens of this county. They had four sons in the service—they were Arnold, Elbert, Dave and Tillman. The two last named are in the navy. Arnold was 36 years old last July. He wrote his father that he felt it to be his duty to enter the service of his country and enlisted as a jeweler. He was doing a good business with his jewelry store at Ryan, Oklahoma, but left his business in the care of his wife and went to do his part for the world freedom. They had no children. His devoted, grief-stricken wife and her sister accompanied his body to the home of his father, the place of interment. He died Oct. 15, 1918, at Battle Creek, Michigan.

He belongs to the 110th Ordnance Depot Company, Camp Custer, Mich. Capt. D. W. Hutson commanding. His body was accompanied from Camp Custer to Cushing, Texas, by James M. Kirkpatrick, a genteel manly fellow, as military escort, who saw Arnold Walters, his comrade, wrapped in the American flag and buried before returning to his command. No boy ever left this community more beloved and highly respected than Arnold. Everyone was his friend. He made good wherever he lived. His company, the 110th, the Masonic Lodge at Ryan, Oklahoma, and the Eastern Star at Ryan, each sent a large wreath of flowers to be placed on his grave, and there were several individual wreaths from different places. Rev. G. W. C. Self preached the funeral to the largest crowd ever assembled at the Walters or Redland cemetery. After which the Cushing lodge of A. F. and A. M. No. 911 buried him with Masonic honors in the Walters cemetery.

Can Now Eat and Sleep in Comfort.

If troubled with indigestion or sleeplessness you should read what Miss Agnes Turner, Chicago, Ill., has to say: "Overwork, irregular meals and carelessness regarding the ordinary rules of health, gradually undermined it until last fall I became a wreck of my former self. I suffered from continual headache, was unable to digest my food, which seemed to lay as a dead weight on my stomach. I was very constipated and my complexion became dark, yellow and muddy as I felt. Sleeplessness was added to my misery, and I would awake as tired as when I went to sleep. I heard of Chamberlain's Tablets and found such relief for nearly two months. They cleansed my stomach, invigorated my system, and since that time I can eat and sleep in comfort. I am today entirely well."

Mart Griffin, a prominent planter from the northern part of the county, was a visitor to the city today.

A CHANGE IN THE LIBERTY LOAN CHAIRMAN

Hon. June C. Harris, who has served his country so faithfully and efficiently as Liberty Loan chairman of Nacogdoches county, with his wise and patriotic leadership, carrying the county gloriously "over the top" with each campaign, has resigned, his resignation has been accepted, and Mr. F. H. Tucker, cashier of the Commercial Guaranty Bank, has been appointed to the position.

Mr. Harris gives as his reasons that he could no longer bear the sacrifice that it entailed to his personal business, having to practically abandon personal affairs during the progress of each campaign, and not being able financially to hold up under it longer. He has, indeed, made a noble sacrifice as those of us who are more intimate with the volume of work that was imposed upon him know, and he is entitled to the same respect that would be accorded the loyal volunteer soldier on the battlefield.

In the selection of Mr. Tucker another good man has been selected for the place. As a banker and business man of many years experience, he is qualified to take hold of big business enterprises such as we have with these campaigns, and he is a loyal patriotic son of the nation who is ever ready to give of his time and means in anything he can contribute to the cause of his country. He will enjoy the same loyal support that has been accorded to Mr. Harris, and The Sentinel does not hesitate to vouchsafe the same wise, energetic leadership that we have enjoyed in all previous campaigns.

A valuable dressing for flesh wounds, burns, scalds, old sores, rash, chafed skin, is BAL-LARD'S SNOW LINIMENT. It is both healing and antiseptic. Price 25c, 50c, and \$1.00 per bottle. Sold by Stripling, Haselwood & Co.

A big-hearted citizen of our town said to one of the Slacker Record committee: "If you don't get as many records from our county as you think you ought, I want to give you my collection." How much that encouraged the committee! Yet we only ask you for a few of your records.

A bad personality condemns many men who would otherwise be useful. Nobody has time to waste or patience to bear the bore, and will avoid social or business connections with the fellow who persists in a review of the unpleasant things he knows.

A MAHL CITIZEN

BURIED SUNDAY

Rev. C. G. Freeman, a well known young Baptist minister of Mahl, died at his home Saturday, and his body was laid to rest in the cemetery at North Church Sunday.

The deceased leaves a widow and three small children. Mrs. Freeman is a niece of the Summers Brothers of this city.

Mr. Freeman resided on his farm at Mahl, and devoted what idle time he could spare to the ministry where his services were needed, and was developing for a larger and more useful life in this noble calling. He was loved and admired by those who knew him, and many hearts have been made sad with his death.

We are face to face, not only with a great national crisis, but with movements which shall determine the weal or woe of all the nations of the world. At such a time the Government has the right and we have the providential privilege of responding to the call for help to make democracy and liberty safe. Your War Savings pledge may be but a few dollars, but taken all together these pledges will give the government many billions of dollars with which to force the drive to the unconditional surrender of autocracy. Pay your pledge this week.
