## SENATE ENDORSES HOBBY MEASURE

(By Associated Press)  
AUSTIN, Feb. 5.—The senate today passed the endorsement and third reading of Governor Hobby's proposed amendment to the constitution to lead the credit of the state to citizens and heads of families in Texas to acquire homes.

## WOULD EXCLUDE GERMANS FROM THE UNITED STATES

(By Associated Press)  
AUSTIN, Feb. 5.—The exclusion of Germans from the United States for a period of fifty years, is urged in a resolution introduced today in the lower house of the legislature.

The resolution denounces the German brutalities in Belgium and other occupied territory.

F. C. Strickland of Jasper was in the city yesterday.

## BRAZIL DEMANDS GERMANS SETTLE

(By Associated Press.)  
PARIS, Jan. 31.—Brazil has two matters of particular interest in the settlement of war claims. One is the payment by Germany for two million sacks of coffee Brazil was forced to sell her at the opening of the war, the money for which was still on deposit in the banks in Berlin.

The other was the decision as to German ships interned in Brazil waters, which were seized when Brazil entered the struggle, according to Dr. E. Pessô, head of the Brazilian delegation to the peace conference.

## MRS. THEODORE ROOSEVELT SAILED FOR FRANCE TODAY

(By Associated Press.)  
NEW YORK, Feb. 5.—The widow of Colonel Roosevelt sailed today for France, to visit the grave of her son, Quentin, who was killed in an airplane battle over Germany.

## WANTS PRICE OF THE WHEAT GUARANTEED

(By Associated Press.)  
WASHINGTON, Feb. 5.—Julius Barnes, head of the food administration's grain corporation, asked congress today through the house agricultural committee to delegate broad powers to President Wilson as the means of making effective the government's guaranteed price for the 1919 wheat crop.

## ELECT FORMER TEACHER NOW OIL MILLIONAIRE FIRST MAYOR RANGER

(By Associated Press)  
FT. WORTH, Feb. 5.—As soon as Ranger voted to incorporate yesterday prominent oil men formed a committee to elect M. H. Haramen, former school teacher, and carpenter, and now an oil millionaire, as the town's first mayor.

## INTERVENTION IN RUSSIA NOT THOUGHT

(By Associated Press)  
PARIS, Feb. 5.—Military intervention in Russia on a large scale is not to be thought of, declared Arthur J. Balfour, the British foreign secretary in an interview today with the newspaper correspondents.

The great powers are doing all they consider could be done, however, he said, in dealing with what he characterized the most disquieting situation.

## LT. SKELTON WRITES FORSE ABOUT DEATH OF BROTHER

Mrs. Virgil Burrows of this city received the first authentic news of her brother's death in France, she has received since the first telegram received from the government some two months ago.

The letter is from the lieutenant of his brother's company and is reproduced herewith:

Dusseldorf, Germany, Dec. 27, 1918.  
Dear Mrs. Burrows:

Your letter of Nov. 6th has been turned over to me to answer, as I knew your brother very well and was at this when he was hit.

This regiment made an attack on Bains Mart Ridge in the Champagne sector in the morning of the third of October. We had reached our final objective at about ten o'clock and the men dug in little separate holes. Your brother and a young fellow by the name of Ben Thomason dug in together. About an hour later a high explosive shell hit close by, a piece of it came in the hole, went through part of Thompson's arm, and hit your brother in the right side. It was immediately carried to the rear and the last we saw of him was when he came by. Floyd was in considerable pain, then, but he showed a very brave face to it. He said, "I'm all right, boys, and I'm going to be back soon."

I have known your brother very well since he first joined the company in Quantico, Va. He has been in my platoon ever since the company was formed and I have had the greatest personal liking and respect for him. He was one of the best men in the company under fire and he was absolutely trustworthy and well liked by everybody.

About the wounds he received on June 6th. It was during the now famous Marne attack on Boursches and the Boisse de Belleau. He was hit in the first day of our attack by two machine gun bullets, one in the right hip and the other in the left leg just below the hip. He was sent to the hospital from there and did not rejoin the company until along in September.

I am quoting you the exact impression that we have about his wound and death.

3 Oct., 18 severely wounded by shell fragment, left side, in line of duty Oct. 3, died in field hospital No. 15 Remains buried (date unknown) in Miomandre military cemetery No. 101, Marne, France, Grave No. 68.  
With deepest sympathy.

ALBERT J. SKELTON,  
1st Lieut. U. S. M. C.

Mr. W. G. Barron left yesterday morning for Center in response to a message announcing that his mother, who is 82 years old is very ill.

## LETTER FROM SOLDIER BOY WHO IS NOW IN GERMANY

Germany, Jan. 2nd, 1919.  
Mrs. Della Elliott,  
Dear Sis:

Hope you are all well, I am just fine, and never feel bad. Well how was Christmas with you all? I hope. Did Santa Clause come to see you? He came to see me—every soldier in the A. E. F. got something I suppose. I got nine boxes of candy, three boxes of cakes, which we call cookies, lots of cigarettes, cigars and tobacco. You know we were proud of it, too, as we didn't expect anything at all. We are quite a ways in Germany now and expect we will go further. I like Germany pretty well, there are lots of mountains all around us. I was on top of one a few days ago, and it looked like it was about one thousand feet high. The German people seem to like us Americans for they are willing to do anything for us. I have taken several meals with them. The first family I ate with had a lot of boiled Irish potatoes with the peeling on them, they poured them all over the table, and then brought in two dishes of gravy, then set the table with knives and forks, and we would peel the spuds and dip them in the gravy. We didn't have any plates, nor any bread. I wasn't hungry, but ate to please them. I know that you would have been tickled to have heard us trying to talk to each other.

Well, I know you have heard from me in this time. I am sorry that I didn't write sooner, or in other words every week or so, but it was impossible. I was on the Verdun front for one month, and you can't write and fight all at one time, and we were in the move for a month afterwards, so that made about two months without writing at all. But as luck would have it the Huns didn't "kick" me off the front, but I'm here to tell you they came very near it several times. I have a coat that they shot live holes through the collar with a machine gun, and a hole through my pack carrier that a cat could crawl through. This was done on the Chateau-Thierry front the 30th of July. We were on the Metz front when the armistice was signed. You never heard such howling in all your days, as we were sure proud.

When I get out of this army I don't want to be in another.

I have seen some awful things pulled off in this war. July 30th we went over the top with 254 men. We stayed over at 9 o'clock, and at 10 we had only 81, and I am glad I was among the lucky number. We sure did feel those Germans hard. I say Germans, they were the Prussian Guard. They are the best fighters in the German army. Well don't know when we will go back to the States, but don't think it will be long. We have already passed the examination; they examined us this afternoon. We had to pass the same examination to go back that we did to come over here.

Well I sure hope I don't have to spend next New Year like I spent this one. I was on guard this time. You know when I do get out of this army I am going to stay there too. I sure do want to go home bad. I don't think I will get there in time to start a crop, but I can help you all make a good one.

I know everybody in the States was glad this war closed. It is something to be proud of. Well I have no news so will write again soon.

Your Bud,  
CORPORAL J. B. HALTOM,  
Co. "A" 47th U. S. Inf., 4th Div.

The above letter is a letter from Ben Haltom, son of J. H. Haltom, Jr. lived out east of Nacogdoches. Ben was one of 98 men sent out by the local board September 1917. He was a member of the 36th company, 90th division, until recently when he was transferred to Co. A, 47th U. S. Inf., 4th Div., for demobilization and will likely be sent back to the United States.

## SOCIALISTS CLAIM WAR WAS CAUSED IMPERIAL POLICIES

(By Associated Press.)  
BERNE, Feb. 5.—The German majority socialists introduced a resolution declaring that the war had been the consequence of imperialistic policies during the last decade, but that it was the duty of the Socialists to establish the immediate causes, at a session of the conference here today.

## Will It Plow Right After Years of Use?

is a question that occurs to you when you come to buy a new plow.

## Avery Chilled Plows

do good work "to the end of the chapter" because—

Share, moldboard, land-side and standard are locked together so rigidly by "The Lock That Locks" that the plow holds its correct set and pitch, no matter how hard the plowing or how long the plow is used.

When you come to put on new wearing parts, they slip into place with ease and "fit like a glove," retaining the original shape and pitch of the plow.

Before you buy another plow, come in and examine the Avery.

## AMERICAN FOOD SHIP ARRIVES IN RUMANIA

HUNS REQUISITIONED GRAIN FROM NATION WHOSE CROPS WERE A TOTAL FAILURE.

(By Associated Press)  
PARIS, Feb. 5.—The food administration announced regarding the relief of the Russians that an American ship has arrived at a Rumanian port with seven thousand tons of American flour for the Rumanian people who suffered an almost total failure of their crops.

Even from these poor crops Germany requisitioned a large quantity of grain, transporting it to Germany. In accordance with the promise of the Czech-Slovak government, the United States relief administration has delivered five thousand tons of flour at Trieste.

## ARMY HAD REACHED NEARLY 4 MILLION

(By Associated Press.)  
WASHINGTON, Feb. 5.—The total strength of the United States army November 11th, when the armistice was signed, and when the American war effort was at its peak, was 3,703,273 officers and men, including the marine corps on duty with the army in Europe, according to a statistical table, made public by the war department today.

## REFUSE FAVORABLE REPORT AMENDMENT

(By Associated Press)  
AUSTIN, Feb. 3.—By a vote of 43 to 32 the house today refused to have printed a favorable minority report of the house committee on constitutional amendments on the house joint resolution proposing an amendment to the homestead provision of the state constitution. This practically means the death of the measure.

## EIGHT SOLDIERS KILLED IN FRANCE

(By Associated Press)  
TROYES, France, Feb. 3.—Eight United States soldiers were killed, and thirty injured when a troop train, conveying American troops from Chaumont to Brest, collided with two German locomotives standing in the station at Montieramey, near here. The men were on their way to Brest to take a ship for the United States. The dead and injured were taken to Barsraube.

## TEXAS MAN SERVED 2 ARMIES AT SAME TIME

(By Associated Press.)  
LONDON, Feb. 5.—Investigation is being made of the exploits of Captain Edmond Chamberlain, Saan Antonio officer of the marine corps, who while on furlough last summer joined the British aviation squadron and performed so brilliantly, and who received simultaneous recommendations for the Victoria Cross, and the congressional medal of honor. His exploits were so discussed that it became public that he was serving two armies at once.

## UPHOLDS SUPERIORITY OF THE LOCAL OPTION LAW

(By Associated Press)  
AUSTIN, Feb. 5.—The local option prohibition law was held superior to all other prohibition regulations in a decision by the court of criminal appeals today in affirming the decision of a lower court in the case of the state of Texas vs. Ernest White.

## DISCOUNTS GERMAN INTERNAL SITUATION AT END OF WAR

(By Associated Press.)  
LONDON, Feb. 5.—Any idea that the Germans final collapse was due to revolution or solely to blockade is scouted in an article in the Frankfort Zeitung, by the military writer Major Paulus, who maintains that General Ludendorff was right, when at the end of September he announced that it was impossible to continue the war any longer. This was not due, says Paulus, to anything that occurred in Germany, but because of the military situation.

## MAY ABOLISH SUBS AS WAR VESSELS

(By Associated Press)  
LONDON, Feb. 3.—The abolition of submarines as war ships may be decided upon by the league of nations committee during the coming week, according to the Paris correspondent of the Mail. It is said that one of several understandings was reached in Friday's conference.

## UKRANIA PREPARES ATTACK RUMANIA

(By Associated Press)  
LONDON, Feb. 3.—Ukrainian troops are preparing to attack Rumania, which is said to have mobilized its forces to meet the assault, according to advices to the Mail.

### DOCTOR URGED AN OPERATION

Instead I took Lydia E. Pinkham's Vegetable Compound and Was Cured.

Baltimore, Md.—"Nearly four years I suffered from organic troubles, nervousness and headaches and every month would have to stay in bed most of the time. Treatments would relieve me for a time but my doctor was always urging me to have an operation. My sister asked me to try Lydia E. Pinkham's Vegetable Compound before consenting to an operation. I took five bottles of it and it has completely cured me and my work is a pleasure. I tell all my friends who have any trouble of this kind what Lydia E. Pinkham's Vegetable Compound has done for me."—NELLIE B. BRITTINGHAM, 609 Calverton Rd., Baltimore, Md.

It is only natural for any woman to dread the thought of an operation. So many women have been restored to health by this famous remedy, Lydia E. Pinkham's Vegetable Compound, after an operation has been advised that it will pay any woman who suffers from such ailments to consider trying it before submitting to such a trying ordeal.

Watty Gaston, who has been in Camp Travis for some months, arrived home today, having received his discharge.

### TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a small bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

### 10 CENT "CASCARETS" FOR LIVER AND BOWELS

Cure Sick Headache, Constipation, Biliousness, Sour Stomach, Bad Breath—Candy Cathartic.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable you are from constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet and head clear for months. They work while you sleep.

### IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look, Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs" because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

### SOLDIER BOY WRITES INTERESTING LETTER FROM FRANCE

Mrs. O. A. Bright, My Dear Mrs. Bright: Christmas in a foreign country and so far away from home greatly enlivened and cheered by a Christmas box from you in the Sunday mail back in "Dear Old U. S. A."—the best country in the world! Especially to we American soldiers.

Thus, I wish to thank you for your thoughtfulness that you made somebody happy in Germany—that somebody being me. I appreciate the good candy, gum and soap, but as I don't use tobacco I passed it on to some of my friends who use it, yet did not receive a Christmas box from home.

How splendid it is that this dreadful "war is over" and how faithful and thoughtful all of you back there have been throughout the fight to us and at Christmas time, that we might be happy and cheerful. Thus we feel grateful to you and are patiently and hopefully waiting our turn to return "some day" to all of you back home.

So happy and thankful that it's all over and I wasn't sick, wounded or other wise during the battles. But have done my best all the while and answered duty's call in every sense of the word, which rang through my ears, that someday I might wake up to realize a peaceful atmosphere and "Peace on earth and good will toward men!" That we possess these and the "battle won." I am living in hopes and praying that there never will be another war—as war is terrible! Not one thing pleasant about it—just filled with adventures and experiences bad, burdensome, agony—leave the rest of your imagination, however keen.

Am wondering how you got hold of my name? I have not yet received my mother's Christmas box, which "means all the world to me," however am patiently awaiting it, praying that it is not among the lost.

Have been overseas over six months—we are now wearing the six months foreign service stripes. Have been in the army since September 29, 1917. My home is at Moberly, Missouri. Have one brother over here in the 35th division, but have been unable to run across him as yet.

Since November 21 have been touring France, Belgium, Luxemburg and Germany. Have seen some interesting things. Find the German people very fine and very, very kind to the Americans, as they love the American soldiers and respect them with great pride.

Thanking you again for your thoughtfulness and kindness in the Christmas box. Wishing you all the happiness and good luck the New Year may possibly bring. Would appreciate an answer to letter if convenient.

As ever, your American soldier boy.  
R. CLAUD BRADLEY.  
Co. L, 35th Inf., A. E. F., P. O. No. 761, Sewich, Germany.

### ONE DOSE RELIEVES A COLD—NO QUININE

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all gripe misery goes and your cold will be broken. It promptly opens your clogged-up nostrils and the air passages of the head; stops nasty discharge or nose running; relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness. Don't stay stuffed up! Quit blowing and snuffling. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store.

### GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver, and Bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

### SOUR, ACID STOMACHS, GASES OR INDIGESTION

"Pape's Diapiesin" neutralizes excessive acid in stomach, relieving dyspepsia, heartburn and distress at once.

Time is! In five minutes all stomach distress, due to acidity, will go. No indigestion, heartburn, sourness or belching of gas or eructations of undigested food, no flatness, bloating, foul breath or headache.

Pape's Diapiesin is noted for its speed in regulating upset stomachs. It is the surest, quickest stomach sweetener in the whole world, and besides it is harmless. Put an end to stomach distress at once by getting a large fifty-cent case of Pape's Diapiesin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder caused by fermentation due to excessive acids in stomach.

### MILLION DOLLAR LOYALTY LOAN DRIVE BE LAUNCHED

Temps Baptists begin their Loyalty Loan Drive throughout the State, for \$1,000,000.00 Sunday, February 9th. February is to be known as a "Million Dollar Month." They have in the state twelve large schools, including the Southwestern Baptist Theological Seminary at Fort Worth, and Baylor Medical College, Dallas, with total assets of over \$4,000,000.00. There are 227 teachers, with 5,250 students enrolled this session, up to November 1st. There were 1,126 S. A. T. C. students in the various schools up to their demobilization.

The Baptist General Convention, at its last meeting in Dallas, in December, authorized the issue of \$1,000,000.00 in bonds to be known as the "Loyalty Loan." The object of this "Loyalty Loan," as it is called, is to refund all debts now outstanding upon the various schools, at a uniform rate of 6 per cent interest, thereby saving over \$15,000.00 per year; or \$150,000 in ten years and retiring \$500,000 of the bonds annually, and at the same time carrying on an annual cash campaign for \$300,000 each fall for ten years, making \$3,000,000 from which interest and principal will be paid on the bonds, and a sinking fund created against a portion of them, and cash provided to make improvements in the way of buildings, equipment, etc., till at the end of ten years all debts will be provided for, or paid, and \$1,250,000 in cash will have been invested in new improvements at the various schools as need may arise.

This method of financing the Baptist school system has been under advice for more than two years, being under consideration before the war. After careful investigation, the bond issue was authorized by the last convention.

Numbers of business men are planning to take blocks of bonds, notably among them being Mr. R. E. Burt of Houston, who has already filed his subscription for \$60,000.00 worth. The bonds give evidence of proving very popular as an investment and as an evidence of loyalty, subscriptions being already in hand in \$50.00 up.

The state has been organized by districts, with the following chairmen, and these districts in time will be organized into counties and associations:

1. Brownwood-San Angelo District—J. J. Kellam, chairman; Mrs. Chas. Sivels, V. C.
2. Fort Worth District—J. D. Ray, chairman; Mrs. J. D. Dillier, V. C.
3. Belton District—J. C. Hardy, chairman; Mrs. H. Year, V. C.
4. Waco District—S. P. Brooks, chairman; Miss P. Allen, V. C.
5. Abilene District—J. D. Sandefer, chairman; Mrs. O. H. Cooper, V. C.
6. Tyler-Marshall-Rusk-Nacogdoches District—Sam H. Campbell, chairman; Mrs. Mary Melton, V. C.
7. McKinney District—A. E. Booth, chairman; Mrs. I. A. Farris, V. C.
8. Dallas-Texarkana District—Wallace Bassett, chairman; Mrs. R. Jarvis, V. C.
9. Amarillo-Plainview District—J. L. Smith, chairman; Mrs. B. T. Johnson, V. C.
10. San Antonio-San Marcos District—H. L. Kokernot, chairman; Mrs. B. A. Owens, V. C.
11. El Paso District—J. F. Williams, chairman; Mrs. W. F. Hatchell, V. C.
12. Houston-Beaumont District—M. M. Wolfe, chairman; Mrs. I. S. Meyer, V. C.

The slogan for the campaign is, "A Million for the Master."

## THE RIGHT WAY TO EDUCATE GIRLS.

And in the general round-up we women should demand—I didn't say ask or beg or coax or plead or tease, I said demand—a new deal for our girls' education. It's been a matter of books long enough, now we must make it a matter of preparation for living. Drudgery for women there always has been—always will be—but it's time to make it an intelligent drudgery and also do away with that which is useless, and such of it is. We should work and plan together until each county would have its farm life school, where every girl in the county could have at least six months and as much more as possible in learning ways of cooking, for there are now about as many labor-saving devices for women's work as for men—the great difference being that woman don't use them because they can't get them. And with the cooking should go practical lessons in sewing, nursing, sanitation, gardening, poultry raising, laundry, the thousand and one things that a busy wife and mother is called on to do at one time or another.

Then I would wind up the graduating classes by a week's lectures to both boys and girls on the actual cash value of the work done in the home by the wife and mother—what it would cost the man in money if he had to pay some other woman to come in and cook and sew and wash and iron and tend to the children and milk and scrub, not to mention nursing him if he were sick and work fifteen hours a day doing it. Put it all down in cash on the blackboard and not let a boy graduate till he knew it by heart. Maybe then he wouldn't think that all the labor saving devices should go to the barn and none to the kitchen. My, but I see so many tired faces among the women.—Mrs. Lindsay Patterson, in the Progressive Farmer.

## AGRICULTURAL DEPARTMENT WILL SELL NITRATE OF SODA AT \$81 A TON

The Secretary of Agriculture has announced that, under the authority of the Food Control Act and subsequent legislation, the Department of Agriculture during the coming season will offer nitrate of soda for sale to farmers for fertilizer use. The nitrate will be sold for cash at cost. The price to the farmers will be \$81 a short ton, free on board cars at the loading point or port. In addition the farmers will have to pay the freight charges to unloading point and any incidental expenses that he may incur in connection with the delivery of the nitrate.

The plan used in the sale and distribution of the nitrate will follow in a general way last year's plan. State directors of extension, county agricultural agents and nitrate committees, composed of local business men, will direct farmers in filling their applications. Application blanks to be used by farmers will be sent to county agents and members of local committees at an early date.—The Progressive Farmer.

It is announced that Texas may receive \$12,000,000 from the national government for the building of roads in the old state. Possibly if this materializes there will be some chance of the road from here to Lufkin being gotten in shape for travel—also some of the roads of this county.

Something is going to happen. "We feel it in the air" as it were. The esteemed Lufkin News has not had any remarks to make about Nacogdoches for quite some days now. While The Sentinel is not trying to start anything, in making this casual notation we are only wondering what is the matter.

Nacogdoches now has an organization that promises to almost rival the Lufkin order of the Sons of Rest. The Nacogdoches organization answers to the name of the "Sun Dodgers"—in other words the members of the organization do not show their faces in the day time, but confine their activities wholly to the shadows of night. A news item was left in side the door this morning with the request to publish, stating that a certain member of the order of this city, was now in Dallas attending a convention of the order. Of course the editor would like to oblige the gentleman who sent the item by publishing it—but it would never do. However if any should want to become acquainted with any of the members of the organization, we would advise you to frequent the depot and the hotels in the wee morn'g hours and keep your weather eye open.

Let's not be accused of non-progressiveness folks—we simply must build some sidewalks.

## W. S. CERTIFICATES PAYABLE ONLY TO ORIGINAL OWNERS

1. The following is quoted from a notice issued by the Secretary of the Treasury:

"My attention has been directed to the numerous offers made by unscrupulous persons through advertisements and in other ways to buy War Savings and in other ways to buy War Savings Certificate Stamps and as a result of such offers, I am informed that owners of such securities which could have been avoided by redemption of the War Savings Certificate Stamps at post offices as provided by law.

"In order that the interests of owners of War Savings Certificate Stamps of either series may be safeguarded, I hereby notify all persons to refrain from offers to buy War Savings Stamps or accept the same in trade."

2. In pursuance of the foregoing postmasters are directed not to pay war-savings certificates on which the names of the owners have not been entered or have been raised or changed, since, under the regulations, they are not transferable, and are payable only to the original owners, except in case of death or disability.

3. Postmasters are further instructed not to pay any war-savings certificates presented by persons or firms known to be buying, or public offering to buy, war-savings stamps or certificates from the owners, unless positive evidence is submitted that the certificates were originally issued to the persons or firms presenting them for payment.

4. When consulted by owners of war-savings stamps in regard to offers to purchase such stamps at less than current value, postmasters should invite their attention to the fact that war-savings certificates may be cashed at money-order offices after ten days' written notice and that this is a privilege accorded by law. At the same time it should be pointed out that the need of the government for the proceeds of the war-savings stamp issue is great, and the holders should be urged to retain their stamps until maturity as a patriotic act unless their necessities are urgent.

## Don't Fool Yourself.

A man suffering from backache, rheumatic pains, stiff joints or sore muscles may laugh and say these symptoms of kidney trouble "don't amount to anything." It is folly to ignore Nature's warnings. Foley Kidney Pills give quick relief in kidney or bladder troubles and "it is better to be safe than sorry."

Don't forget to plant a large acreage of sweet potatoes this year folk. Remember that we are to have a potato curing plant, and will be assured of a good market.

## Flower of France Freely Offered

For Freedom's Sake  
Six millions of the youth and chivalry of France have been offered that freedom might live. The world will ever remember this heroic sacrifice and outpouring of the blood of its youth. It is likewise not unmindful of the great service to the world rendered by the French peasants who have given it a perfect remedy for stomach, liver and intestinal ailments, relieving, it is said, incalculable suffering, saving thousands of lives and preventing innumerable surgical operations. The ingredients are imported and placed on sale in this country over the name of Mayr's Wonderful Remedy by Geo. H. Mayr, a leading Chicago chemist. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold by Stripling, Haselwood & Co., and druggist everywhere.

## Cut This Out—It Is Worth Money.

DON'T MISS THIS. Cut out slip, enclose with 5c to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds, croup, Foley Kidney Pills and Foley Cathartic Tablets.

LOST—Somewhere between Woden and Nacogdoches, or on the streets of Nacogdoches, an overcoat. Will pay finder for trouble of leaving it at the Sentinel office. G. W. Alders. 1-3td1w

The Sentinel is in receipt of a letter from Mrs. S. F. Mora stating that she has moved to Houston. Mrs. Mora is a pioneer resident of Nacogdoches having lived here ever since she was seven years old, some thirty years, and was raised by Dr. Tom Hollis. She says she did not leave Nacogdoches by choice, but went to live with her son, Frank Mora.

## MRS. EUGENE BLOUNT MADE CHAIRMAN RELIEF CAMPAIGN

Mrs. Eugene Blount, Nacogdoches, Texas.

Dear Mrs. Blount: You have been recommended to us by the Nacogdoches County Council of Defense as a leader in your county, and the proper person to assume the chairmanship of your county in the Armenian-Syrian Relief Campaign. Mrs. Blount, this is a work I know will appeal to you very deeply. Six hundred and sixty starving helpless people of the four million in the Near East have been assigned to your county to feed for one month. I know you will not permit your county to fall down in raising three thousand and three hundred dollars to save this number of people.

Five dollars a month saves a life. Could you live on this amount? Neither can they. They are not living on it either. Five dollars supplies only sufficient necessity to keep life in their body. They could not exist on this for any great length of time, but five dollars a month will save one of them until they can be put on a supporting basis.

We are depending upon you to see us through in this campaign. I want you to read over the enclosed literature, and I know we will have your sympathy, and that you will get in behind the movement and lead your county 'over the top.'

Will you please let me have your acceptance by wire, that I may forward you the additional necessary information?

Sincerely yours for "Save a Life,"  
HERBERT C. MAY,  
Director.

The above letter is self-explanatory, but I want to say that when I made an appeal about two weeks ago for donations, did not know that a "drive" would be made later. I received quite a small sum and wish to thank those who were quick to realize the situation, and by their generous donations helped to relieve the distress and suffering of fellow human beings.

It is the encouragement of these voluntary contributors, and the many offers of help from their friends, that has made it seem possible for me to undertake the work. Elsewhere I will outline plans for the drive, and hope they will meet with the approval and cooperation of the public.

Respectfully,  
MRS. EUGENE BLOUNT.

## FERTILIZERS FOR 1919.

We have just received two cars 16 per cent acid phosphate and cotton fertilizers. Buy now and take it home—the surest way to have it when you are ready to plant.

## NACOGDOCHES OIL MILL.

Mrs. Ina Allen and little daughter, Pauline, and her son Lamar, left for Alto for a few days visit with relatives, and will visit their grandmother, at Milford, before returning to our city.

## FEED YOUR COWS.

Cotton seed and peanut meal, and cotton seed and peanut hulls are the best and cheapest feeds for cows. We have plenty for everybody.

## MARRIED AT COURT HOUSE.

Mr. A. B. Cryor and Miss Mattie Phillips, a nice-looking young couple from Cleveger, were married by Esquire Frank Huston, at the court house this afternoon about two o'clock.

The Sentinel joins the friends of the happy couple in extending congratulations in their new relationship.

## THE FRANK SMITH COMPANY MAKE HEADQUARTERS HERE

Mr. Frank Smith, of the Frank Smith Co., which has potato curing plants at Jasper and San Augustine, announces that he is going to make permanent headquarters here, and is going to put in a curing plant of 25,000 bushels, which will be in operation this fall.

Mr. Smith says that he is going to bed out several thousand bushels of carefully selected seed, and expects to have the plants ready about April 10th.

The company will contract for any amount of sweet potatoes that the farmers grow, at \$1.00 per bushel, or buy them in the open market.

This is going to prove a great industry for old Nacogdoches county, as the sweet potato crop has already proven one of the best paying crops for this section, and will produce on lands other crops fail on.

Let's all get behind the company, folks, as it will come back to us in a way that will make itself felt.

Mrs. Jno. Durst of Tyler and her daughter, Mrs. Otto Lang of Detroit, Mich., arrived today to visit Mrs. Durst's mother and Mrs. Stinson for a few days.

## FARM LOAN ASSOCIATION HOLDS ANNUAL MEETING

The Farm Loan Association of Nacogdoches county held their annual meeting in this city yesterday afternoon at 2:00 o'clock and elected the following directors:

John Martin, Attorney.  
J. W. Battle, Swift.  
Henry B. Wood, Appleby.

T. E. Burgess and J. Thos. Hall, old directors, were retained.

T. E. Burgess was elected president of the board, and J. Thos. Hall, Secretary-Treasurer.

The following resolution was adopted: Whereas there is an effort now being made to change, by amendment, the present constitution so as to permit the farmers to create a valid lien against their homestead, so that they might secure money at a low rate of interest on long time to make improvements, as well as to buy farming implements and stock, and, whereas, The National Farm Loan Association of Nacogdoches county, after careful consideration and deliberation, are of the opinion that such amendment be made, for the benefit of the farming industry of the State of Texas.

Therefore, be it resolved, that the National Farm Loan Association of Nacogdoches county, duly assembled, endorse such proposed change, and ask that Hon. W. E. Thomason, representing Nacogdoches county, and Hon. W. R. Cousins, State Senator of this district, be, and they are hereby requested and urged to support said measure, and do everything that they can in an honorable way to have said amendment submitted to the voters of the State of Texas.

Be it further resolved that a copy of this be sent to each of said Representatives, and one to the papers for publication.

Signed: T. E. BURGESS,  
President.

Attest:  
J. THOS. HALL, Secretary.

## THOUSANDS OF COMMERCIALY TRAINED YOUNG PEOPLE WANTED FOR SERVICE

Need is Great and Demand For Efficient Help is Urgent.

Young People! Will you take advantage of this opportunity? War has greatly widened the horizon of American commerce. One of the benefits growing out of the war is the world-wide view point of American business men and women. They are engaged and must continue on a larger scale in the production and distribution of commodities for the world. Our fast growing merchant marine is an important factor in the trade development with the foreign countries. Markets are being opened that have never, heretofore, been visited by American Commerce. The volume of American business must increase. The countries destroyed by the four years of war must be reclaimed and rebuilt. Factories, homes and cities must be reclaimed and rebuilt. Factories, homes and cities must be restored. American mills and factories are being called upon to do this work. There is work for everybody that is trained for business. There will be a small place for the fellow with just hands and feet to offer. "Brains" are at a premium. Are you going to wait and loaf on the job, while others prepare for the desirable places that will mean future successes? Hundreds of ambitious young people are new with us, preparing for this service. Others are entering every day.

The Tyler Commercial College, Tyler, Texas, with its practical and thorough courses of Bookkeeping, Business Administration and Finance, Penmanship, Telegraphy and Cotton Sampling and Marketing will prepare you in the shortest time, at the least expense, to take advantage of these opportunities. You can do what others have done. Make a start now. Fill in and mail for large free catalogue.

## CAN'T DO THE WORK

It's too much to try to work every day against a constant, dull backache, or sudden darting pains in the small of the back. Be rid of it. Try Doan's Kidney Pills. Your neighbors recommend them.

Mrs. H. M. Reir, 412 S. North St., Nacogdoches, says, "I recommend Doan's Kidney Pills before, and am pleased to again say a good word for them. Backache hindered me at my work and the pain was so intense it kept me awake at night. My kidneys acted irregularly, too. I tried many medicines but got no relief until I took Doan's Kidney Pills, procured at Mast's Drug Store. They gave me the desired results."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Reid had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## METHODIST MEMBERS SUBSCRIBE FOR FOURTH ORPHAN

About ten days ago Mrs. I. L. Sturdevant volunteered to ask the lady members of her church to contribute toward the support of another French orphan, but on account of sickness would not finish the work. However, Mrs. A. Y. Donegan very kindly consented, and did bring in the necessary amount for one fatherless child. The local chairman feels very thankful to the members of the M. E. church for their liberal aid in this noble work, having subscribed for four little French orphans whom they will support for one year.

Rev. J. L. Wortham, formerly of Saeul, was in the city today, and made this office a pleasant call. Rev. Wortham says that he is moving to Glenfawn, Texas, where he will make his future home. He will farm this year, and in connection has accepted the call of the Baptist church in that community.

W. W. Zaring of Lufkin was in the city yesterday.

# SWEET POTATOES

We are very much gratified to announce to the farmers of Nacogdoches county, that we have established our permanent headquarters here and henceforth will use our utmost efforts and energy in the up-building of this delightful little city and the county. Our main interest, of course, is the development of the Sweet Potato industry here, which has no limit as to the possibilities. At the present time we own two sweet potato curing plants, at Jasper and San Augustine, respectively, with a total capacity of 20,000 bushels. We have made arrangements for the construction of a curing plant here with a capacity of about 25,000 bushels, and will be in operation this fall. In addition to the construction of this plant, we will bed out several thousand bushels of carefully selected seed, free of weevils and disease, and expect to have plants ready about April 10th. To those of you who wish something definite as to price,

**We Will Contract With You For Any Amount**

**You Can Raise at \$1.00 Per Bushel**

to be delivered not later than September 15th and of certain sizes and grades. If you wish to grow sweet potatoes without contract, we will buy them on the open market, paying highest prices. We not only buy sweet potatoes but are the largest individual growers in the state.

Sweet potatoes are now recognized as one of the most profitable crops that can be grown. In Jasper county one farmer produced \$322.72 off of less than one acre. Another farmer told us he had the poorest land in the county, and on a patch of five acres he cleared over and above all expenses, \$125.00 per acre. We can safely say the average revenue to the farmers there on sweet potatoes was about \$175.00 per acre. We can furnish you the names of a hundred or more farmers in Jasper county who will substantiate our statement. The same thing holds true of San Augustine county. It is not necessary for us to try to tell you how, but what we want you to do is

## RAISE THEM

Every garden in town should have a few rows of sweet potatoes, and its fashionable, girls, to grow them in pots in the parlor. They make beautiful vines and will grow from 10 to 20 feet in length.

## SEED STOCK

We are now booking orders for our seed stock and as bedding time is drawing near, it is very necessary that you place your order at once if you wish to bed your own seed. Our price is \$3.00 per hamper (50 lb.) f. o. b. Cash with order. We are also booking orders for slips, and if you wish early slips place your order now for we have hundreds of customers and we make all deliveries in rotation. By placing your order now you may be assured of an early delivery.

### OUR PRICE FOR SLIPS IS

100 for . . . . .	50c
500 for . . . . .	\$2.00
1000 for . . . . .	\$3.50
10,000 or more . . . . .	\$3.00

On orders of 10,000, one-fourth down, balance April 1st. It requires about 8000 plants to properly plant an acre.

## TAX AMENDMENT IS INTRODUCED

(By Associated Press.)  
AUSTIN, Feb. 4.—The single tax amendment, introduced in a house resolution by W. A. Black of Bexar, asks for an extensive change in the state government. The measure proposes for an entire revision of the present system of taxation, the exemption of all improvements and personal property, and the placing of all taxes directly upon the land itself. The resolution is still in the hands of the house committee on constitutional amendments.

## TEXAS HOMESTEAD BANK PROPOSED IN RESOLUTION.

(By Associated Press.)  
AUSTIN, Feb. 4.—The establishment of a Texas Homestead Bank is proposed in a joint resolution which has been introduced in the lower house of the legislature. The proposed amendment to the constitution authorizes the state to issue not to exceed \$5,000,000 in 5 per cent bonds and the proceeds from the sale of these bonds to be used as capital stock of the bank. The purpose of such a bank is to lend money to persons desiring to acquire homesteads in the state.

## RELIEF CAMPAIGN.

Feb. 3-9 is the time for the National Relief campaign, but since we are late getting the work launched in Nacogdoches county, Mr. Herbert C. May, director, has extended our time until the last of February. Now, during the war the ladies have worked long and faithfully in other drives, and in all kinds of war and Red Cross work, and the public has met many calls, but still as long as the calls for help come we must meet them. I have tried to evolve a plan which will be practical without working a hardship on any one. People are starving to death, and of course you want to help them. The easiest and simplest way is to think it over, decide on the amount you can spare, and write a check and send to the chairman, or leave it at any one of the three banks and get a receipt for it. Since Mr. May has given us all of February, we are going to call for voluntary subscriptions up to the 15th, and publish a list of the contributors, but not the amounts. By that time we can tell how near to the quota we are and should the "voluntary plan" fail, we will have the remainder of the month left, in which to organize committees and canvass the town and county. However, we hope the list of those who have not contributed will be so small that very few committees and very little canvassing will be needed. I earnestly ask the help of all, and believe that if these starving people were here where we could see their agony, not one man or woman would refuse to help.

MRS. EUGENE BLOUNT, Chairman.

Those who have already contributed are:

Capt. J. N. Wilson, Mr. Henry Scale, Mr. Alton G. Smith, Mrs. Louie Muller, Mrs. Langston King, Mrs. F. A. Blount, Mrs. Geo. Meisenheimer, Mrs. Frank Sharp, Mrs. Ben T. Wilson.

## INTRODUCES MEASURE TO PERMIT CREDIT TO SOLDIER

(By Associated Press.)  
AUSTIN, Feb. 4.—Discussion of means to provide land for discharged soldiers came into the legislature with the introduction of a measure to permit the extension of state credit for the buying of improved lands. This is one of the big measures of the administration and proposes that the state shall improve land and sell it, or forty years time, through details to be worked out later.

Governor Hobby appeared before the house committee on constitutional amendments in support of the measure, which he said is to determine the question "as to whether Texas shall be a state of tenants or a state of home owners."

While the movement to provide land for soldiers seems to have prompted this legislation, the privileges of the system will operate for all United States citizens. The resolution is still with the house committee on constitutional amendments.

## WILL SUBMIT AMENDMENT TO RAISE GOVERNOR'S PAY.

(By Associated Press.)  
AUSTIN, Feb. 4.—Indications are that the present session of the legislature will submit to the people an amendment to the constitution increasing the salary of the governor from \$4,000 to \$10,000. The joint resolution proposing this amendment has already been favorably reported on by both branches of the legislature.

It has already been maintained by the lawmakers that the salary of the chief executive was too small. Previous efforts have been made in this direction, but the present one is expected to prove successful.

## COLDS AND FLU BEST TREATED WITH CALOTABS

Physicians and druggists will tell you that the best thing in the world for a cold, gripe or influenza, is Calotabs, the perfected calomel, that is free from nauseating and salivating effects. Doctors have learned that other laxatives are uncertain and unsatisfactory for cold and gripe, but that they can count on Calotabs, the new calomel, that has all the benefits and none of the stings to thoroughly arouse the liver and bring the system in ideal condition to shake off the cold and prevent influenza and pneumonia.

The best time to take Calotabs is at the first sign of a cold. If you take it at the beginning you can cure a cold overnight. One Calotab on tongue at bedtime with a swallow of water—that all. In the morning wake up feeling fine with a good appetite for breakfast. Your cold has vanished and you may congratulate yourself that you have prevented serious complications. Physicians tell us that new colds number their victims by millions.

For your protection Calotabs sold only in original sealed packages. Price thirty-five cents. Your druggist will supply you, and your money given back promptly and cheerfully if you are not delighted with the form of calomel.—(adv.)

## 13 Dollars—13 Cents

When Swift & Company paid, say,—13 dollars per hundredweight for live beef cattle last year, the profit was only 13 cents! In other words, if we had paid \$13.13, we would have made no profit.

Or, if we had received a quarter of a cent per pound less for dressed beef we would have made no profit.

It is doubtful whether any other business is run on so close a margin of profit.

This is bringing the producer and the consumer pretty close together—which should be the object of any industry turning raw material into a useful form.

This remarkable showing is due to enormous volume, perfected facilities (packing plants strategically located, branch houses, refrigerator cars, etc.), and an army of men and women chosen and trained to do their special work.

This, and many other points of interest, are found in the Swift & Company Year Book for 1919, just published which is brought out for the public as well as for the 25,000 Swift & Company shareholders.

The Year Book also represents the packer's side of the Federal Trade Commission investigation, upon which Congress is asked to base action against the industry.

Many who have never heard the packer's side are sending for the Year Book.

Would you like one? Merely mail your name and address to the Chicago office and the book will come to you.

FARMING AND THE WAR

The new conditions that the war has brought about, and the changes that it will work in the various civil, commercial and industrial pursuits of the nation has been and is being threshed out by newspapers and prominent gentlemen over the country. Just a word in reference to some of the effects of the war on the farming of the East Texas section has to do with, and as it affects this section. In previous years the average farmer of East Texas section has been absolutely dependent either on the merchant who usually financed him for the year, or some other source of finance. Naturally this would tend to decrease his independence. The war has brought about two things which will help do away with this. Of course the first is the high prices he has enjoyed, which has enabled him to pay back debts and accumulate some ahead. The second is the fact that the whole world has been shown the real importance of the farmer in the fact that all are absolutely dependent on him, and this has been brought more vigorously home by the increasing amount of starvation in the world. Thus the farmer has attained a new standard of independence, or rating among the various enterprises necessary for the existence of man.

Also the war has revealed the patriotism of the various classes of industry, agriculture, trades, etc. Of all these classes it is doubtful if any have shown a better record than the farmer. While the capitalist was profiteering, and gouging the public in a mad effort to fill his coffers, while the trade unions were striking, while bolshevism was breaking out in the industries, and various other disturbances and hindrances manifesting themselves, the farmer continually and steadily worked on, producing an abundance of food for the nation in its time of need. Thus the farmer has proved his patriotism and loyalty to his government.

The war has taught the farmer the lesson of diversification, as no other thing has. All in all, we believe that the farmers of the country of East Texas, are facing a new era of prosperity.

The streets were washed and the old town was thoroughly cleaned up yesterday. This is to be commended, but is no rare occurrence here as it is in Lufkin. Now if the street to the depot were washed off the good work would be complete. The pavement to the depot is covered with about an inch thick coat of sand, and it is almost impossible for a pedestrian to travel to the station without having his eyes filled with sand.

BE SURE TO SAVE ALL LEAVES AND ASHES.

One source of plant food that many folks fail to make use of is in the form of leaves that fall from the trees and are often burned. These contain considerable quantities of plant food, and if raked up in piles, covered with layers of rich earth and kept moist during the fall and winter the result will be an excellent pile of manure for next spring's crop. Many vegetables need considerable potash, and inasmuch as this is rather high priced and difficult to secure in the form of commercial fertilizer, one should save every bit that can be obtained from the refuse about the farm. These rotted leaves contain considerable potash. Wood ashes, especially those from oak and hickory, are quite rich in potash, and these should be most carefully conserved. Store them in such way that they will not become wet, as if this is allowed, a large proportion of the plant food will be lost by leaching.—The Progressive Farmer.

Some women of the city have the idea that they are entitled to vote already in all elections, including the city elections if they pay their poll tax. They cannot vote now in anything except the primaries. The city does not hold a primary, and unless the woman suffrage amendment is approved by the voters of the state May 24th, they cannot vote in the submission of the bill. Also, the primaries are not held this year, as this is the off year. This notice is made to prevent any confusion in the matter. This is probably one reason that not many women paid their poll tax this year.

From the comment made by the Lufkin News on an article that appeared in these columns last week, it is evident that water-wild editor does not give the columns of the Enterprise that thoughtful attention which we feel they deserve. Editor West was not rejuvenating, hibernating, nor otherwise connected with a farm, but on the contrary was a sufferer in a ward of whitewashed walls in a sanitarium in the Magnolia City, and the editorial tripod was occupied more or less by a booger-grabbing, swine-loving fellow who at one time ran a paper in Lufkin and learned perverseness at the feet of Bill and Frank Bonner, et al. hence Editor West can prove an alibi.—Polk County Enterprise.

A special item from Nacogdoches says that since the first day of last November twenty-five carloads of hogs have been shipped from that point to the packers, and it is estimated that this represented a money value of sixty-two thousand dollars. Perhaps Lufkin has done as well in the same length of time, for many cars of hogs have gone out from here to the packing houses, and it seems that more people are taking an interest in the industry than ever before. No other county offers better advantages for hog raising than does Angelina county, and they are adding to our wealth each succeeding year.—Lufkin News.

AS THE EDITOR SEES IT.

Let a handsome, sprightly and stylishly gaited man walk down the street and every eye will be turned upon her. It is our instinctive recognition of that which appeals to us. The eye but obeys the will of the brain and of the mind.

And as we gaze in admiration upon the wonders of womanhood, so it is when the brightest and the cleanest of nature and the works of man are opened to us. We see, we admire, and we retain our impressions throughout the years to come.

Our town may be like the woman. It may be clean, spotless, sanitary and a thing of beauty, or it may wither and decay through neglect and indifference. It may be garbed in the beauties of the handicraft of man, or it may compel the admiration of other peoples and draw them to our fold, or it may be a place to be seen and shunned, and forgotten. It is for us to say, for us to write the verdict of our future.—Itasca Item.

NEW ERA CONCLAVE

Rev. M. C. Johnson and Mr. Walter Gintz of this city, and Rev. J. Marshall Jones and O. M. Ramsey of Timpanon left this afternoon to attend the great New Era Conclave at Dallas, embracing Saturday and Sunday. This meeting will be composed of leading ministers and business men from Arkansas, Louisiana, New Mexico and Texas to plan for the after-the-war work which the Presbyterian church is undertaking in behalf of reconstruction in Europe and evangelism and missions at home. In this great movement the business men are taking a leading part.

Dreadful Cough Cured.

A severe cold is often followed by a rough cough for which Chamberlain's Cough Remedy has proven especially valuable. Mrs. F. W. Olsen, Marysville, Mo., writes, "About two years ago my little boy Jean caught a severe cold and coughed dreadfully for days. I tried a number of cough medicines but nothing did him any good until I gave him Chamberlain's Cough Remedy. It relieved his cough right away and before he had finished taking one bottle he was cured. I think it is just fine for children."

The world is still full of the fellows who hang on to the train at the last minute, as will be evidenced by the crowd swarming the tax collector's office today. This office has been pretty badly rushed the past week, notwithstanding the fact that extra clerks were employed.

SHALL WE LOSE THE NORMAL?

A sentiment has appeared almost from the time this legislature convened, for the repeal of the law which gave Nacogdoches the Stephen F. Austin normal. Noting this sentiment, a committee of Nacogdoches men composed of Hon. Eugene H. Blount, Prof. R. F. Davis, of this city, and Judge Steve M. King, of Beaumont, have gone to Austin to go before the committee on education affairs to plead for the normal.

Nacogdoches fought very hard to secure this normal, going to much expense in making the campaign, and then purchasing the large tract of land costing much money, and deciding it to the state. The citizens were quite a little disappointed when the last legislature delayed the building of the normal for a year or two. It is possibly true that the state has

incurred much expense incidental to war enterprises, and various other things, that might create a hardship if they were to build the normals, that the legislature has decided upon, but it would also seem like a breach of contract and faith were the bills killed entirely. The least that the legislature could do, which would seem honorable from the standpoint of the citizens who have made the contract, would be for them to delay to another year or so. Let us hope that the bill will not be killed, and in the meantime exert our energies to this end.

CITATION BY PUBLICATION.

The State of Texas. To the Sheriff or any constable of Nacogdoches County—Greeting:

You are hereby commanded to summon Fred Salesas by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the district court of Nacogdoches county, to be held at the court house thereof, in Nacogdoches on the 2nd Monday in February, A. D. 1919, the same being the 10th day of February, A. D. 1919, then and there to answer a petition filed in said court on the 23rd day of January, A. D. 1919 in a suit, numbered on the docket of aid court No. 566, wherein Mary Salesas is plaintiff and Fred Salesas is defendant, and said petition alleging that plaintiff and defendant were legally married on or about the 24th day of June, A. D. 1915 and continued to live together as husband and wife until on or about the 30th day of June A. D. 1915 at which time defendant abandoned this plaintiff without just cause or provocation since which time they have not lived together as husband and wife.

Plaintiff says that defendant abandoned her permanently and by reason of said abandonment and the actions and conduct of defendant towards her generally renders her ever living together insupportable and that more than three years have elapsed since said abandonment and plaintiff pleads the statute of three years abandonment for a dissolution of said marital contract which still exists.

Wherefore plaintiff prays that the defendant be cited to appear and upon a hearing hereof she have judgment dissolving said marital contract which still exists, for cost of suit and general relief.

Herein fail not but have before said court, at its aforesaid regular term, his writ with your return thereon showing how you have executed the same.

Given under my hand and the seal of said court, at office in Nacogdoches, Texas, this the 23rd day of January, A. D. 1919. 30-4tw

### Ugh! Calomel Sickens; Salivates!

### Please Try Dodson's Liver Tone

I am sincere! My medicine does not upset liver and bowels so you lose a day's work.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system. Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children as well. Druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your

#### ANNUAL REPORT OF REGIONAL DIRECTOR

MILLIONS SAVED IN OPERATING EXPENSES BY UNIFICATION OF TERMINALS.

(By Associated Press.)  
WASHINGTON, Feb. 5.—Millions of dollars were saved in operating expenses of the railroads in the Southwestern region in the year just ended by unification of terminals, consolidation of repair facilities, a system of interchange switching, and elimination of unnecessary passenger and freight train mileage, according to the annual report today of B. F. Pugh, Southwestern director for the United

#### States Railroad Administration.

One hundred and sixty-eight terminals, including shops, train yards and stations were unified, resulting in better service and an annual saving of approximately \$1,434,000.

The report states there is still under consideration a number of other unifications which will be made if investigation develops the results to be obtained justify such action.

The consolidation of engine house and car repair facilities outside of large technical points by a general pooling arrangements was attained a fifty-four points with greater efficiency of service. Under federal control, technical car inspection at points of interchange, was divided into zones with inspection assigned to each zone under the general supervision of chief inspectors. Under this plan seven men were employed in this work a saving of approximately \$577,000 a year affected.

Joist industry and interchange switching, by establishing of zones and reciprocal arrangements among railroads, was attained at 47 points. Heretofore 109 railroads switched the same industries while under the present plan the switching is done by 54 railroads, at a saving of approximately \$228,000 per annum.

The Southwestern region with its many cantonments and camps was called upon to meet unusual passenger train conditions. Competitive passenger trains were eliminated in some instances and consolidated in others. Schedules of through trains were lengthened and local work added in order to eliminate local trains.

Under this arrangements, the report states, a total of 4,411,244 miles was conserved in passenger train service. Fifty-seven locomotives and 203 passenger cars were conserved by the operation of the system. The report states that 239,000 tons of coal and 2,680,000 gallons of oil was saved in fuel. The saving in these curtailments in passenger service aggregated \$3,661,333.

In the handling of freight great savings were effected by elimination of unnecessary freight mileage. This resulted largely from the discountinuation of competition among the roads which permitted carload traffic to be moved over the most direct routes.

There is a special bargain in the Want ads for you today.

#### EVERY MAN

Needs an ax and of course wants a good one and has a desire to get a good ax for as small a price as possible. If this is your idea come to us.

We have just bought a lot of axes at a modest price, and if you will come in we can convince you that we did not buy them to keep, but are going to make prices so cheap that they will go fast.

We can supply you with any weight ax from 3 to 6 pounds. Double or single bit.

While we are at it, we will say that we are anxious to reduce our stock and are making prices on a great many articles.

Our shoe stock is broken in numbers, but if you need a pair of shoes and will come to see us, and if we have your size we will make you a price that will make you buy quick.

It will be to your interest to come in and price what you want in our store before you buy.

A gentleman came in our place a few days since, and priced an article, and we gave him the price and asked him if he wanted it put up for him, and he said no, I have just paid 50c more than you charge for it, and I am sorry that I did not come here before I bought.

We often hear this same talk from people who have bought before they come in and price our merchandise. Now don't be sorry, but price our goods before you buy.

This does not mean that we can sell you sugar at a reduced price.

Come to see us.
