ITALIAN FORCES ON DALMATIAN COAST

(By Associated Press)
LONDON, May 14.—The Italians are landing large military forces at Zara and Zbenico on the coast of Dalmatia, according to a Reuter dispatch from Belgrade. The Serbian capital troops are being moved eastward and are fortifying ridges and passes.

COMMITTEE DEAL WITH OBJECTIONS

(By Associated Press)
PARIS, May 14.—The council of four at the peace conference appointed sub-committees today comprising one member from each of the five great powers, England, France, Italy, Japan and the United States to deal with the objections and proposals from the German peace plenipotentiaries.

REMAINS EDITH CAVELL MOVED

(By Associated Press.)
BRUSSELS, May 14.—The remains of Miss Edith Cavell, the nurse who was executed by the Germans, which is being sent to England for interment in the Norwich cathedral, were removed from Brussels today. There was a most impressive ceremony and the streets were draped in mourning. Military honors were rendered by British, American and Belgian troops.

ENGLAND WANTS TONNAGE POOLED AND DISTRIBUTED

(By Associated Press.)
PARIS, May 14.—Renewed efforts were being made by the British delegation to secure an agreement calling for the pooling of former German merchant vessels and their distribution on the basis of the tonnage loss during the war instead of the plan of the United States retaining those ships interned in America prior to that country entering the war. Poland is laying claim to some warships surrendered by Germany. The claim was presented at the council of foreign ministers today.

IMMEDIATE REDUCTION IN PRICE OF WHEAT ASSURED

(By Associated Press)
NEW YORK, May 14.—Immediate reduction in the price of wheat, reaching all down the line from producer to bakers is believed assured, according to a statement today by Julius Barnes, wheat director, following a conference yesterday between Barnes and representatives of the grain industry, including grain handlers, millers, jobbers and bakers.

GAMBRELL CRITICIZES WAR DEPARTMENT

(By Associated Press)
BOARD ASKS AUTHORITY TO
APPEAL TO SOUTHERN
BAPTISTS.

ATLANTA, Ga., May 14.—Spirited criticism on the attitude of the war department toward denominational religious work in the army training camps marked the address of Rev. J. Gambrell of Texas, president of the Southern Baptist convention in the opening session of that organization here today. Gambrell was reelected president of the convention without opposition.

Authority to appeal to Southern Baptists to contribute to a fund of at least \$5,000,000 for annuities to and relief of superannuated ministers was asked by the Board of Ministerial Relief and Annuities in its annual report to the Southern Baptist Convention here. At the same time it was urged that the Sunday schools be requested to devote the last Sunday in November to enlarging the fund by their collections on that day. The convention was asked to direct that the annuity fund shall become operative from July 1, 1919, and that it be put on a 80 percent basis on and after September 1, if possible.

The Board in its annual report, which was submitted by Dr. William Lunsford, of Dallas, Tex., its secretary, showed that its first year's work had been devoted largely to organizing, emphasis being laid upon the relief features, helping worthy ministers who are in need. For years this work has been carried on by the different state organizations of the convention, but it has never even half way met the needs. The new Board sought to have all the state turn over this work to it. Texas, Tennessee, Georgia, Mississippi, Florida, Alabama, Oklahoma North Carolina, Kentucky, Arkansas and New Mexico have agreed and, are raising money to carry on the work. The board hopes to have not less than \$75,000 from this source by the end of the year. It is hoped that in the near future not less than \$200 a year will be paid to every beneficiary under the fund. In many cases the sums paid the old ministers has been increased about 25 percent.

There are today in the Southern Baptist convention between 8,000 and 9,000 pastors, a large majority of whom are receiving very modest salaries. The Board is seeking to interest the churches in the work of caring for their ministers in their declining years.

CUMMINS IS CHOSEN FOR PRESIDENT OF THE SENATE

WASHINGTON, May 14.—Senator Cummins of Iowa, favored by the progressive group, was chosen unanimously for the president pro tempore of the senate at the organization of the conference of the republican senators. Senator Lodge of Massachusetts was reelected party leader. The discussion of the controversy over the committee chairmanship's senators Penrose and Warren was postponed.

AUSTRIANS GET PEACE TREATY BY THE END OF THIS WEEK

PARIS, May 15.—The belief was expressed today that the peace treaty with Austria will be handed the delegates by the end of the week. It developed that the Allied powers are to be represented at St. Germain in the negotiations with the Austrians will be less numerous than those at Versailles. These powers will comprise states which declared war upon or broke off diplomatic relations with Austria-Hungary.

REPRESENTATIVES IRISH SOCIETIES WILL NOT BE RECEIVED

LONDON, May 15.—It was learned from official quarters today that Frank P. Walsh, Edward F. Dunne and Michael F. Ryan, representatives of Irish societies in the United States, who have been visiting Dublin and other cities in Ireland will not be received by Lloyd George upon their return to Paris, nor will they be accorded any official or semi-official recognition.

A Cultivator Built For the South

is the kind you want. A Northern cultivator "worked over" may not be strong enough to stand the hard knocks down here. There is a Southern cultivator built by a firm that has had ninety-three years' experience designing implements for Southern farmers. Its name is the

Avery "Southern Queen"

It has strength to spare and every adjustment necessary to cultivate Southern crops to the best advantage.

Gangs swivel in couplings so the inside sweep will clean the bed and outside standards swivel independently.

The pull of the team can be used to draw gang to or

away from the row. The balance frame prevents pole from flying up when gangs are raised, and you can set the wheels as close together as 35 inches or as far apart as 49 inches.

There is a heap of satisfaction in knowing you have the best. Come in and get a Southern Queen.

Mayer & Schmidt
INCORPORATED

ITALIANS GIVE UP SOME OF CLAIMS

(By Associated Press)
PARIS, May 14.—The Italian delegates to the peace conference no longer are insisting upon the fulfillment of the secret treaty of London, and this part of the controversy relative to territory on the eastern shore of the Adriatic is tending toward adjustment, according to those who have taken part in recent conferences. The status of Fiume is still being discussed as the plan to make it a free city the same as Danzig has not proven acceptable.

NAVY DIRIGIBLE TO ATTEMPT FLY ACROSS THE ATLANTIC

(By Associated Press)
MONTAUK POINT, May 14.—The navy dirigible C-5 left here today on a flight to St. John's, New Foundland, which may be followed, if the coastal performance proves satisfactory by an attempt to fly across the Atlantic.

GERMANS WILL HAND THEIR COUNTER PROPOSALS TODAY

(By Associated Press)
BERLIN, May 14.—Count Rantzau head of the German peace mission will hand to the Entente representatives today a note containing the counter proposals regarding concessions of territory, says the Versailles correspondent of the National Zeitung.

AUTOMOBILES AND GOOD ROADS CUTTING IN RAILROAD TRAFFIC

(By Associated Press)
AUSTIN, May 14.—Automobiles and good roads are seriously cutting in on the railroad traffic in Texas, according to information brought in the hearing for the restoration of trains, which was conducted before the railroad commission recently.

Several lines of travel, including that between Galveston and Houston, were declared to have been invaded by automobiles until further train service would be conducted at a loss. And an irate shipper threatened that if he was not given better freight service from San Antonio he would have a truck backed up to his door every morning.

AUSTRIAN NAVY TO BE WIPED OUT

PARIS, May 9.—The naval terms of the treaty to be presented Austria as soon as they have been completed will entirely wipe out the Austrian navy. All ships, large and small, are to be surrendered. Their disposition among the allies to be adjusted later.

COTTON CONSUMPTION

(By Associated Press)
WASHINGTON, May 14.—Consumption of cotton during April amounted to 475,763 bales of lint, and 1169 bales of linters, the census bureau announced today.

FIRST DONATION FOR UNI- VERSITY MEMORIAL GIVEN

(By Associated Press)
AUSTIN, May 14.—The first donations toward a memorial to former University of Texas students who were killed in action during the war have been received. A letter from Major T. D. Drury of Calvert, who is now stationed at Camp Jackson, S. C., contained \$25, from himself and \$10 from Lieutenant Lawrence Kayser. President R. E. Vinson announced that the Board of Regents has under advisement the matter of erecting a bronze gate to the university campus. This gate would be a joint commemoration both to the world war and civil war heroes, and it is proposed that it contain figures in bronze of notable participants in both struggles. The placing of names of those commemorated upon a tablet is also considered.

THIRTY-FIVE LEPERS HAVE BEEN LOCATED IN TEXAS

(By Associated Press.)
AUSTIN, May 14.—Thirty-five lepers have been located in Texas by recent activities of the State Board of Health, and as some are aliens steps for their deportation are being made. One alien leper has been deported to Mexico through the El Paso quarantine station.

Mrs. Allan Seale and Mrs. John Perkins are home again after a delightful outing on Mr. Seale's plantation at Dolan.

SMALL ARMS AND TANK PRODUCTION

MANUFACTURING FACILITIES MACHINE GUNS THIS COUNTRY WERE LIMITED.

(By Associated Press.)

WASHINGTON, May 13.—Machine guns and small arms produced by the millions, ammunition turned out by billions of rounds and tanks built by thousands when the armistice ended hostilities, furnish the subject of chapters made public today of the War Department's history of the "material" side of winning the war.

The story of machine gun production about which such a hot controversy waged in congress as a result of the failure of the American army to adopt for standard general use the Lewis weapons used successfully abroad is told as follows:

"The manufacturing facilities for machine guns in this country were much more limited in extent than the public had any notion of them (when the United States entered the war) or today. We had at the outbreak of the war only two factories which were actually producing machine guns in any quantity at all.

"It was therefore evident that we had to build up almost a completely new capacity for production. Nevertheless, we took advantage of what facilities were at hand; and at once, in fact within a week after the declaration of war, were placing orders for machine guns. In this connection the reader should bear continually in mind that throughout the development of machine gun manufacture we utilized every existing facilities to the limit in addition to building up new sources of supply.

"In other words, whenever concerns were engaged in the manufacture of machine guns, whatever their make or type, we did not stop the production of these types in these plants and convert the establishments into factories for making other weapons; but we had them to expand their facilities in their particular lines of production."

The statement shows that the two Browning guns, the heavy and the light automatic rifle (of the type now used by the troops in France) were pronounced by the special test board which held a conference in May, 1917 "the most effective guns of their types known to the members," in addition to being designed for the purpose of quantity production. At the same time the improved Lewis guns also proved highly efficient and were recommended by the board. Subsequently the Lewis guns were shifted to aircraft work because of special adaptability and on recommendation of General Pershing's staff.

The report says there was great dearth of heavy machine guns for aircraft work; to be synchronized with propellers. This shortage existed in the French and British services as well as in the American. The Brown-

ing aircraft gun would have met the requirements, but it would be a long time before it could be produced in quantity. In seeking a stop gap weapon the Browning could be ready, the Ordnance Department, by "one of those surprising and almost accidental successes" sometimes encountered, found that a modified Harlin gun which could be quickly produced met all requirements. General Pershing cabled in November 1918, "Marlin guns now rank as high as any with pilots, and are entirely satisfactory."

The demand for light Brownings was so heavy that when the armistice was signed the department was driving forward production to the end that British, Belgian and French troops might be equipped with this weapon, these three nations having asked for supplies of this latest American addition to the fighting equipment.

Up to November 11 the production majority of which were in France. In addition 29,000 Chauchat guns had had been purchased, so that enough light automatic rifles were on hand to supply 100 divisions or an army of 3,500,000 men. In the same time 41,804 heavy Brownings and enough Vickers guns had been produced to make with the Hitchkiss weapons purchased from the French a total of 54,627 of this type, or enough to equip 200 divisions or an army of 7,000,000.

"At the peak of our production," the report says, "a total of 1,794 machine guns and automatic rifles of all types were produced within a period of 24 hours," and the total production of machine guns in the United States between April 6, 1917 and November 11, 1918 was 185,039, as against 229,238 produced by the French and 181,404 by the British in the same period.

Only the loyal cooperation of the manufacturers with whom "competitive commercial advantages weighed not at all against the national need," made possible this achievement, the report states.

Other production struggles described in today's chapters include items varying in size from trench knives to the 45-ton Mark VIII tanks of British design of which 1,500 were being constructed in cooperation with the British and 1,450 additional wholly by American enterprise. Only one of these had been delivered up to January 1, 1919, but it is noted that the work on each program on component parts was 50 percent complete when the armistice was signed. Orders for all but 100 of these tanks have been cancelled.

On November 1, 64 tanks of the French six-ton type had been delivered and by January 31 of this year 291. Of these six were shipped abroad. Orders for 1,000 Mark I light tanks were cancelled as were orders for 15,915 three-ton tanks, fifteen of which had been completed on November 11.

The history of the rifle production, including all of the considerations which led to the adoption of the standardized British Enfield weapon for

American use, also is fully outlined. This was another element of the ordnance program that was severely criticized, but the department states that it sees no reason now to change its view that the wisest course was that which was followed. Army experts still hold that the Springfield rifle is the best military weapon made, but it is declared the rifle program would have been "hopelessly delayed" if it had been attempted to equip the force with these weapons. It is reiterated also that the Enfield rifle as it was in production in American plants when the United States entered the war was an utterly inadequate weapon, while as it was modified, it became second only to the Springfield. Despite the delay due to modification and standardization, all American troops were equipped with modern efficient, American-made rifles before they left the United States.

"The decision to modify the Enfield," says the report, "was one of the greatest decisions of the executive prosecution of the war—all honor to General John T. Thompson and the other rifle experts who made it."

The total rifle production in the United States from the beginning of the war up to November 9, 1919, was 2,506,307 of which a little more than 300,000 were Springfield rifles.

Considerable attention is devoted to the production of automatic pistols and revolvers for the troops. In the "Colt .45," the standard army automatic developed as a result of Philippine experience by the army and which also was an invention by Browning, the United States forces had a weapon which all Europe could not match for efficiency, in action and which brought terror to the Germans when American troops reached the front.

European countries failed to appreciate the value of a large calibre, hand hitting weapon of this type and the chief use of pistols and revolvers in European armies had been as ornaments for officers' uniforms it is said rather than for active fighting.

"The result of Europe's neglect," the report says, "was that the small calibre revolvers of the Germans and even the French and English were toys in comparison to the big Colts that slapped the thighs of American doughboys."

With this weapon, it is stated "any average soldier with average training can hit what he shoots at. In almost the first skirmish it proved its superior usefulness in trench fighting. Such incidents as that of the single American soldier who dispersed or killed a whole squad of bayoneters which had surrounded him struck the enemy with fear of Yankee prowess with the pistol."

This resulted in the addition of pistols to the fighting equipment of the American troops at a rate that overwhelmed the supply. Every effort to increase production was made, but the army was forced to resort to 45-calibre revolvers to supplement the supply. The actual rate of production reached just before the armistice was 1,953 pistols and 1,233 revolvers a day and the total number of the weapons built during the war was 743,663.

The standard American army rifle ammunition proved its superiority in action, adding materially to the accuracy of American small arms fire. Extraordinary measures to produce cartridges in sufficient numbers are recounted in the report and in the fall of 1918 the United States achieved an average monthly output of 284,852,735 rounds against a British average of 259,769,000 and a French average of 139,845,000. During the 19 months the United States was in the war it produced 2,864,954,000 rounds, approximately equally the French production and comparing with 3, 86,127,000 produced by Great Britain.

666 has more imitations than any other Chill and Fever Tonic on the market, but no one wants imitations. They are dangerous things in the medicine line.

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try It!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.

RANTZAU WANTS TO RECEIVE AUSTRIANS

(By Associated Press.)

PARIS, May 13.—It developed today that Count Rantzau, head of the German peace delegation intended to ask permission to send German delegates to receive the Austrian representatives, according to the Havas agency. It had previously been announced that the Allies intend to keep the delegation separated.

TWO ALL-STATE HIGH SCHOOL RECORDS BROKEN

(By Associated Press.)

AUSTIN, May 13.—Two all-state high school records were broken at the interscholastic meet here recently. Weller of Brownsville raised the distance for the discus throw from 114 feet seven one-half inches to 115 feet three inches; while Jackson of Garland cleared the pole in a vault of 11 feet five and one-half inches, the old record being 10 feet 9 inches.

Smithville took first place in Class B in the meet, with 15 points. Veirge Rabb, who entered the 50, 100 and 220 yard dash, carried his school to first place. Timpon came next with 11 1-2 points. Rosebud was third with 10 points.

In Class A Electra took first place with 19 points and Cleburne came next with 18 1-2. Cuero was third with 13 1-2 points.

We are proud of the confidence doctors, druggists and the public have in 666 Chill and Fever Tonic.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair gets soft, fluffy and beautiful—Get a small bottle of Danderine.

If you care for heavy hair that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fash, loosen and die; then the hair falls out fast. Surely get a small bottle of Knowlton's Danderine from any drug store and just try it.

Helps Sick Women

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, . . . and the pains were very severe! A friend told me I had tried everything else, why not Cardui? . . . I did, and soon saw it was helping me . . . After 12 bottles, I am strong and well."

TAKE

CARDUI

The Woman's Tonic

Do you feel weak, dizzy, worn-out? Is your lack of good health caused from any of the complaints so common to women? Then why not give Cardui a trial? It should surely do for you what it has done for so many thousands of other women who suffered—it should help you back to health.

Ask some lady friend who has taken Cardui. She will tell you how it helped her. Try Cardui.

All Druggists

ATTITUDE GERMANS WAS AN INSULT

(By Associated Press.)

LONDON, May 8.—After the conference at Versailles William M. Hughes, premier of Australia said, according to a Reuter dispatch: "The attitude of Count Brockdorff Rantzau was an intolerable insult to the conference, for while Premier Clemenceau spoke standing, the German spokesman did not rise while making his address."

In spite of their intolerable arrogance this has been a day of humiliation for the Germans, which we could see had entered into their souls.

The Austrian treaty has begun to take form. Portions of it already have been drafted. It appears that instead of Germany being required to pay the entire indemnity demanded by the Allies, that a considerable sum will be demanded from Austria, the estimate of this sum at present being five billion crowns. The frontiers between German-Austria and Italy and probably the Adriatic settlement also will figure in the Austrian treaty.

Rantzau's Speech.

In his speech before the peace conference yesterday Count von Brockdorff Rantzau, head of the German delegation said in part: The public opinion of all the countries of our adversaries is resounding with the crimes that Germany is said to have committed in the war. We are ready to confess wrong that may have been done. We do not come here to belittle the responsibility of the men who have waged war politically and economically, or deny crimes which may have been committed against the rights of peoples. We repeat the declaration made in the Reichstag at the beginning of the war that wrong had been done Belgium and we are willing to repair it.

Hundreds of thousands of non-combatants who have perished since November 11th by reason of the blockade were killed with cold deliberation after our adversaries had conquered and victory had been assured them. Think of that when you speak of guilt and punishment.

There were tense moments at the peace conference yesterday and during the translation Count von Brockdorff Rantzau's speech Premier Clemenceau and Lloyd George and President Wilson put their heads together in evident anger at more than one of the German spokesman's cutting remarks as if deliberating the advisability of an immediate answer. Finally produced receipts for large subscriptions and were discharged without a stain on their character.

Rub-My-Tism is a great pain killer. It relieves pain and soreness caused by Rheumatism, Neuralgia, sprains, etc.

Ford

THE UNIVERSAL CAR

The Ford Model T One Ton Truck is really the necessity of farmer, manufacturer, contractor and merchant. It has all the strong features of the Ford car made bigger and stronger. It has the powerful worm drive, extra large emergency brakes, acting on both rear wheels and controlled by hand lever, 124-inch wheelbase, yet turns in a 46 foot circle, and has been most thoroughly tested. We know it is absolutely dependable. We advise giving your order without delay that you may be supplied as soon as possible. The demand is large and first to order first to receive delivery. Leave your order today. Truck Chassis \$550 f. o. b. Detroit.

POSSIBLE CHANGE HUN GOVERNMENT

(By Associated Press.)

LONDON, May 13.—The possibility of a change in the government of Germany as the result of the presentation of the Allied peace terms was discussed by Phillip Scheidmann the German chancellor at Berlin today, according to a dispatch to the Exchange Telegraph Company.

The chancellor denounced the peace terms which he said represented a brutal dictatorial peace. He stated it is possible that a government might be formed which would sign the peace terms, but it is doubtful if the allies would be satisfied with such a government.

THAT DULL ACHING.

Don't worry and complain about a bad back. Get rid of it! For weak kidneys, lame and achy backs, your neighbors recommend Doan's Kidney Pills. Read this statement:

"A dull ache settled over my hips and the pain almost wore me out. Sharp pains ran into the back of my neck and I had headaches and spells of dizziness. I had other distressing kidney disorders, too. Doan's Kidney Pills, procured at Stripling, Haselwood & Co.'s Drug Store, gave excellent results and I gladly tell other kidney sufferers of my experience."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Eaves had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

UNFAVORABLE FLYING CONDITIONS PREVENT START TODAY

(By Associated Press.)

DALLAS, May 13.—Unfavorable flying conditions prevented the seven Love Field airplanes starting flight to Boston in the interest of army recruiting campaign today. It is hoped they will start Wednesday.

GERMANY UNFULFILLING BANNER WITH WILSON'S 14 POINTS

BERLIN, May 12.—Germany has seized and unfurled a new banner on which are inscribed Wilson's fourteen points, which the president has apparently deserted, said Frederick Ebert, the German president in a statement to the Associated Press today.

LOST—One Buick casing on Logansport road between Pisgah and Nacogdoches. Liberal reward paid to finder. Return to Sentinel. 12-3tdlw

NAVAL MEN TO BE ASSIGNED SEA DUTY

(By Associated Press) BOSTON, May 10.—Thirty-two per cent of the enlisted men of naval reserve force and the entire enlisted personnel of the regular navy are to be assigned to sea duty immediately, according to orders received at the navy yards from Washington today. It is understood that the purpose is to obtain men for additions to transport service.

TO THE WOMEN OF NACOGDOCHES COUNTY.

Your children are away from you at school seven hours a day. Would you not like to have a voice in the election of the officials who are to control not only their system of education, but the influences and conditions, moral, mental, and otherwise, which surround them there?

Remember that statutory suffrage, through which women last year were permitted to vote in the democratic primaries, is not permanent and can be revoked by act of any legislature. Only a constitutional amendment can effect full permanent suffrage.

The control of food, air, light, water, health, morals and all living conditions is today in the hands of the town officials. Would you not like to have a share in the election of these men upon whom the comfort of your home so vitally depends?

After your children have finished school at home, they may go to some other Texas town or city either to work for further education. Would you not like to feel that the women of that place had in their hands the powerful weapon of the vote through which to insure protection, wholesome surroundings, and better working conditions to young people?

Maybe you can depend upon your husband's always voting for the best man and the best measure from the standpoint of the welfare of his home. Would you not like to be able to add your vote to his? Maybe you can not depend upon him to always do this. Would you not like to be able to neutralize his vote?

For most of us it is not a question of whether a woman has the RIGHT to vote—we do not look at it from that angle—but whether it is EXPEDIENT that a woman shall vote, and the experience of those western states where it has been tried for years and where the best labor laws and the best public school systems of our country are found, tends to point to the fact that it is expedient.

The Equal Suffrage League of Nacogdoches County is using every effort to secure the passage on the 24th of this month of the Second Amendment, which not only gives women permanent full suffrage, but also deprives alien enemies of the vote, on the principles that foreigners who avoided the draft by delaying to complete their naturalization papers have no right to vote as American citizens. The ministers of Nacogdoches, as well as the great majority of the best citizens, are in favor of it. Will you not help?

Possibly the most important thing is to show the men of Texas that the women DO want the vote; please therefore come to the Equal Suffrage League Headquarters (between Stripling Haselwood's and Commercial Bank and add your name to the petition asking the men of Texas to grant women of this state full equal suffrage and at the same time to take this privilege away from enemy aliens. Also cars are needed for use in the county campaign, and as usual in any good cause of this sort, campaign funds are needed, any amount from twenty-five cents up being acceptable. Telephone or send donations to Mrs. F. R. Penman, and if you can offer your car for one trip telephone Mrs. Ben Wilson.

We again use that even if she can take no active part in the campaign every woman come to the room and sign the petition, thus indicating her support of the amendment.

MRS. TOM SUMMERS,
MRS. BEN T. WILSON.

ARRANGEMENTS ORGANIZATION OF THE REPUBLICAN SENATORS

WASHINGTON, May 13.—Arranging for the organization of a conference of republican senators tomorrow, leaders planned to postpone the action on the contest over the proposed election of senators Penrose of Pennsylvania and Warren of Wyoming as chairman of the Finance and Appropriations committees respectively.

Lodge of Massachusetts, republican leader, said routine business only was planned, including the election of the president pro-tem of the senate.

BITTERLY ATTACK UNITED STATES

RIO DE JANEIRO, May 12.—An attack upon the United States is made by Madeiros de Albuquerque, generally considered one of the leading journalists of Brazil in a long interview printed today in Noite.

Albuquerque, who has just returned from the United States says he returns from the United States with much enthusiasm for England, Italy, France, Belgium, Japan and perhaps above all Mexico. He accuses the United States of fomenting revolutions in Mexico, and says that Brazil is considered by the United States only as a future colony. He concludes by saying that the United States incontestably is the Prussia of tomorrow.

AMERICAN CONFIDENCE MEN REAP LARGE HARVEST

CHICAGO, May 13.—The American confidence man reaped a harvest of more than \$10,000 last year, according to figures compiled by Chicago authorities. This is the approximate amount actually collected from the credulous public by professional confidence operators and does not include the millions gathered in annually by the various stockjobbing schemes.

The crude devices of the old-time confidence man, with his shell game, three card monte, gold brick, green goods, money changing and lemon games, have given way to modern methods, more complex and more profitable.

The really successful confidence men of today usually have summer and winter homes, ride in limousines and are aided by richly gowned women authorities say. They are educated and far more clever than their brothers of old days, whose favorite trick in Chicago was to sell the Masonic Temple to a "rube" for a small sum, or agree to make the building "turn around."

Land selling schemes, peddling of worthless mine and oil well stock, wire tapping and "fake" sporting events are now the hand maidens of the modern confidence man, who matches wits with the banker, capitalist and lawyer, instead of dealing with the ignorant ruralists. Nearly all the victims of a Chicago gang recently sent to the penitentiary were bankers and business men. The gang's loot aggregated more than half a million dollars a year.

Fear of publicity keeps most victims quiet, thus giving the high class confidence man a certain degree of immunity authorities say. They add that federal prosecution for using the mails to defraud, has been a big factor in breaking up gangs and recently brought about conviction of half a dozen leading confidence workers.

"Tom Brown who came from Detroit and made his headquarters in New York, was father of the present type of confidence man," said William A. Pinkerton, veteran detective, in striking a comparison between the old and new swindlers. "He operated forty years ago and formerly was a three card monte man. He was known as a bunco steerer and won by fake lottery schemes and other crooked gambling devices. Then he invented the gold brick with which he toured the country. The green goods came later and Brown had many imitators who picked up thousands annually. Wire tapping and other schemes now used developed from those old games. The modern operators don't bother with small money and often clean up \$100,000 in a single deal. The old-timers thought \$1,000 a big job.

"Victims are not really honest at heart, for they often enter into a scheme to cheat another fellow. The small town banker and business man has proved a shining mark for swindlers. They cannot risk their reputation by complaining. It is surprising how many shrewd business men fall into the net."

It is estimated that \$3,000,000 of the \$10,000,000 total was obtained in Florida, where hundreds of confidence workers are said to operate, particularly among winter tourists.

Normal Weight

Perhaps you are worried because your child does not pick up in weight? Better try

Scott's Emulsion

and watch how it helps make a thin child grow and put on weight. There is nothing quite so strengthening as Scott's Emulsion for a child of any age.

GERMAN COMMISSION MAKES A REQUEST

PARIS, May 12.—Count von Brockdorff Rantzau, the German foreign minister, and chief of the German peace delegation in addressing a note to Premier Clemenceau relative to the repatriation of prisoners, asks that the details of the transfer be entrusted to commissions.

The council of four at its meeting today decided to refer the German notes on labor and war prisoners to experts for consideration instead of answering them at once, as it did the first two communications from the German delegates.

From Friday's Daily.

WALTER PETERSON DIED IN CITY LAST NIGHT

Walter Peterson died at his home in this city at 6:00 o'clock last evening. Mr. Peterson had been operated on about two weeks ago, and never recovered. He was 31 years, 10 months and four days of age, and his home with his sisters in this city, and was employed with the Mahdeen company.

Mr. Peterson is survived by his three sisters Minnie Lou and Ola, and three brothers, John Tom, Dewitt and Otis. John Tom and Dewitt are employed in government work in some northern state. Dewitt has been at the bedside of his brother several days. The funeral service will be held here Sunday 3 p.m. time, announcement of which will be made tomorrow.

Mr. Peterson was well and favorably known here, and life held forth every promise to him. It is sad indeed that a young man should thus be stricken down in the very prime of his manhood and usefulness, put the Grim Reaper knows no favorites as he stalks abroad in the land of the living gathering whom he may. The Sentinel joins the many friends of the family in extending consolation to the bereaved ones in their hour of sadness.

MR. JAS. A. GREER DIED AT MAHL LAST EVENING

Mr. Jas. A. Greer, aged 65 years, 9 months and 4 days, died at his home at Mahl last night. He leaves a wife, 4 boys and 4 girls to mourn his loss. His remains will be laid to rest at Appley tomorrow, Rev. Matlock officiating.

Mr. Greer has been a member of the Baptist church longer than his oldest son can remember, ever being a consistent and faithful member in the service of his Lord.

His community has lost a faithful and useful citizen, and his children have lost something that cannot be replaced. He goes to sleep at peace with his Maker, and the conscientiousness of duty well done. The Sentinel joins the many friends of the family in extending sincere sympathy to the bereaved ones of the good man left behind in extending consolation in their great sorrow and loss.

AMERICAN SHIP YARDS MAY ACCEPT FOREIGN ORDERS

(By Associated Press.) WASHINGTON, May 13.—American shipyards will be permitted to accept contracts for foreign accounts so far as can be done without interfering with the building of the American merchant marine, under decision of President Wilson cabled today.

WOMAN'S NERVES MADE STRONG

By Lydia E. Pinkham's Vegetable Compound.

Winona, Minn.—"I suffered for more than a year from nervousness, and was so bad I could not rest at night—would lie awake and get so nervous I would have to get up and walk around and in the morning would be all tired out. I read about Lydia E. Pinkham's Vegetable Compound and thought I would try it. My nervousness soon left me. I sleep well and feel fine in the morning and able to do my work. I gladly recommend Lydia E. Pinkham's Vegetable Compound to make weak nerves strong."—Mrs. ALBERT SULTZ, 608 Olmsted St., Winona, Minn.

How often do we hear the expression among women, "I am so nervous, I cannot sleep," or "it seems as though I should fly." Such women should profit by Mrs. Sultz's experience and give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For forty years it has been overcoming such serious conditions as displacement, inflammation, ulceration, irregularities, periodic pains, backache, dizziness, and nervous prostration of women, and is now considered the standard remedy for such ailments.

ENTENTE PROPOSE ATTACK PETROGRAD

STOCKHOLM, May 12.—The Entente forces are preparing for military operations with the Helsingfors as a base for attack upon Petrograd, according to a Helsingfors dispatch to the Afton Tidningen. Fifty thousand troops are expected to take part in the operation, adds the dispatch, which says that French cruisers are now lying in the Gulf of Finland, off Helsingfors.

SAN JUAN BE MOST IMPORTANT HARBOR IN THE CARRIBEAN SEA

SAN JUAN, May 13.—Work will be commenced within a few months to make San Juan harbor the most important port in the Caribbean in the opinion of Governor Yager who has recently returned from Washington. Governor Yager obtained the permission of the government engineers to proceed with the dredging as soon as possible.

Assraucne has already been obtained from leaders in the Insular Legislature that the necessary legislation will be passed whereby the Insular government will agree to refund to the Federal government \$1,100,000 at the rate of \$100,000 a year after the harbor improvements are completed.

FEELING BETWEEN NATIONALS AND REGULARS FRONT AGAIN

ST. LOUIS, May 9.—Feeling between the National Guards and the regular army was today brought to the front at the second day's session of the national caucus of the American legion, composed of men and women who were engaged in military or naval service during the war. Major Hamilton Fish of New York presented a resolution urging that congress place the National Guard and regular army on equal footing and charges are freely made that the national guard officers in France were discriminated against in favor of the regulars.

DISCONTENT GROWS AGAIN IN ITALY

(By Associated Press) ROME, May 12.—Discontent and irritation of the people again is growing because reports from Paris say that Italy is not likely to get what she claims on the eastern shore of the Adriatic, says the Messaggero. Other reasons for the dissatisfaction are the Anglo-Franco-American alliance from which Italy was excluded, asserted that the project of the Austrian merchant main will be divided among the allies, although it is held that it belongs entirely to Italian firms.

NORTH CHURCH CEMETERY WORKING ON MAY 23RD

This is an old cemetery which belongs to this section, and as many of the friends know it is in very bad condition. We must not neglect the "city of our dead." North Church is simply taking the lead. We want you to come on the 23rd of this month, bring your dime, a hoe or spade or both. If you can't come send a good sized check to Geo. Reese, whose address is Mahl. We need more tools and a tool house, the ground fenced and more room. On the above date or the 30th, we will organize a cemetery association, which will meet at least annually and a full report will be made. We are counting on you.

M. F. DRURY,
For the Committee.

JOYFUL EATING
Unless your food is digested without the aftermath of painful acidity, the joy is taken out of both eating and living.

KI-MOIDS
are wonderful in their help to the stomach troubled with over-acidity. Pleasant to take—retail prompt and definite.

ATLANTIC FLIGHT WAS BEGUN TODAY

(By Associated Press.) NEW YORK, May 8.—The first trans-Atlantic flight was begun when three navy Curtis hydroplanes left the government air station at Rockaway Beach at ten o'clock this morning on the first leg of the journey from Rockaway to Halifax, a distance of 640 miles.

The NC-3, with commander John H. Towers, chief of the expedition was the first to take the air, followed by the NC-1 with Lieutenant Commander Bellinger and the NC-4 with Lieutenant commander A. C. Read.

WINTER WHEAT PRODUCTION.

(By Associated Press) WASHINGTON, May 8.—Winter wheat production this year will be 899,915,000 bushels, the department of agriculture announced today, basing the estimate on the condition May 1st.

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury; quick-silver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bowels and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

Velvet

THE FRIENDLY TOBACCO

THERE may be some things that can be done well in a hurry, but pickin' a wife an' agein' a tobacco ain't amongst 'em.

Velvet Joe

We put away millions of pounds of fine Kentucky Burley tobacco every year, stored in wooden hogsheads. It ripens two years. When we take it out it's different—Nature has improved it, good as it was—made it friendlier, more fragrant, cool-smoking, long-burning.

Nature has given it a delicious quality of mildness and fragrance that no artificial means can ever equal.

It's just that extra touch of friendly goodness that is building up VELVET Tobacco into the favor and good will of thousands of pipe smokers who prefer to smoke tobacco cured in Nature's way.

You would notice the difference.

Roll a VELVET Cigarette

VELVET'S nature-aged mildness and smoothness make it just right for cigarettes.

WEEKLY SENTINEL

WALTON & GIBBS, PUBLISHERS

YOU AND THE PAPER.

The local paper is always hustling for you and yours.

But what are you doing for it? The paper is always scheming and planning and laboring for a better community, for a more prosperous community.

Do you ever exert yourself to give the paper a boost?

The paper is always pushing you and your people to the front, giving you a good word before your neighbors and the public, assisting you to build up a reputation which will be of inestimable value to you throughout the years of your life.

But what are you doing? Are you reciprocating in any way? Do you ever suggest to your neighbors or your friends that it is a good paper, a loyal paper, and that it should receive their support?

The paper devotes many hours and many pages in advertising the natural advantages of the community—of YOUR community—and in seeking to enhance the welfare of YOUR community and of YOURSELF.

But what of you? Do you ever seek to advertise the paper, or to build up a reputation which will be of cease its general usefulness to the community?

The paper is working six days of the week for the community, and for you, and for yours.

But do you ever devote a minute of your time to its material welfare? Have you ever done so?

The duty of the paper is to supply you with the legitimate news of the town and community. But the paper goes much farther. Its labors in behalf of the community are endless, and without end, and it will continue to advocate the progress as long as it is a paper.

You are an important part of the community, therefore its labors are in YOUR behalf.

But are you doing one single thing to requite the paper for all of its toil and expense in your behalf?

You take the paper, you say.

True, and you get more than value received each issue in the news items alone. The fund of information which the paper hands you each publication day for a cent or two would cost you many dollars if you went out to gather it up yourself.—Times.

NACOGDOCHES MISSED IT.

Nacogdoches county failed to raise its Victory Loan quota, according to the Nacogdoches Sentinel, the reports to the chairman indicating that only about \$150,000.00 was subscribed, or about one-half the full amount asked for. Chireno and Melrose were the only two towns in the county that succeeded in subscribing their full quota.

The ladies of Lufkin secured almost as many subscriptions as the whole of Nacogdoches county subscribed, their efforts here netting the neat sum of \$142,500.00, while the county went over the top \$57,500.00.

But this is no occasion for chiding our neighbor; they fell down on the job and that is enough to say about it. Like the Sentinel says, it's a matter of regret that such was the case, but the blame attaches to none of the patriots over that way who saw their duty and did it.—Lufkin News.

Reports from Garrison indicate that that city is expecting big developments in the coal mining industry. Two big mining companies are at work there, and one company is already producing coal, while the other has shipped the machinery and expects to be bringing out coal in the near future. Nacogdoches Daily Sentinel.

The report is a little prophetic in part—but it is good "prophecy," alright and will fit as a real report a few weeks hence. One company is almost ready to begin the work of actual production, and will begin as soon as some machinery can arrive. In the meantime the preliminary work is being done for the installation of the machinery so that as little delay as possible will follow. Another strong company is being organized in Houston, good leases having already been obtained which will likely put several mines into operation, and will get to work as soon as possible. The indications are that the brick industry of this town will also be resumed on a much larger scale in the very near future, and although the outlook is that there will be a great industrial revival in the old town this summer in which some of its rich resources will receive the good development they have so long invited. Pin your faith to Garrison, folks! We have the "goods" alright in peaceful possession with which to sustain us in a growth that will put the town in a class with its most prominent neighbors—and "by hokey" we are going to have our place.—Garrison News.

WITH THE EDITORS

Following are some of the views of Texas editors on the suffrage issue—Chairman Suffrage Campaign

It was not necessary for Dr. Anna Howard Shaw to enter at length into the reasons why women want suffrage. We once asked a lady why she wanted to vote, and when she replied, "Because," we knew she was in earnest and we were entirely convinced.—Waco Times-Herald.

It even rains more gently here in Lufkin than over any given area in the whole of Nacogdoches county, including the townsite of Nacogdoches itself.—Lufkin News.

Which no doubt accounts for the shortage of the "aqua vitae" and the shallowness of the standpipe during the neighbor city in the summer period.

American suffragists have won presidential and municipal suffrage in five states since the first day of March. They are winning everywhere. Those who are in opposition to the full enfranchisement of American women are inviting political annihilation. They deserve and they are going to get it.—Fort Worth Record.

The men who claim that voting will destroy the souls of women know good and well that such an argument is silly, such an outcome is impossible. Women are not made bad by being considered as having brains, and surely to officially recognize them as intelligent human beings is not calculated to destroy their self-respect.—State Press.

To say that to grant the women of Texas the right to vote will unsex them, and a lot of other rot equally as unfair and silly, is equivalent to saying that Wyoming, Colorado and other states are peopled with women who have been unsexed for several generations—Wonder what those mothers in Wyoming would say who furnished more volunteers in the big war per capita than any other state? Too, it is silly to say that women are incompetent when it comes to administering public affairs; for what have the men to show after all the thousands and hundreds of years that they can point to with such pride?—The Union Banner.

Women are credited with being the spenders. They are far more frequently the economizers. Because of the conservatism which influences them to play safe the world is far more stable than it otherwise would be. How would the nation have pulled through the war and the high cost of living had it not been for woman's cordial cooperation throughout their economies?—El Paso Morning Times.

It can not be said with any degree of bulldog tenacity for the truth that the odor and taste of our majestic standpipe water is improving along with other transpiring events, but it can be safely said without fear of contradiction, that it is steadfastly holding its own.—Lufkin News.

Why worry about a little thing like "odor" and "taste" when the supply is sufficient?

Friedrich Stampfer, editor of the majority socialist newspaper Vorwarts, of Berlin, returned from Versailles the other day and opens an article in his paper saying that the Allies are still at war with Germany and that they are using an instrument of force and extinction. If the Germans still persist in this kind of rubbish we shall almost be persuaded to believe that they need to be extinct.

The prices of food commodities took a terrible slump in the Chicago market yesterday. We had also made up our mind that old Gen. H. C. L. had conquered the world for keeps.

A German store keeper in the part of Germany occupied by Belgian troops was recently fined 10,000 marks for selling the German civilians sets of toy German soldiers in field gray uniform overpowering the allied soldiers. The German civilians must have a vast amount of ego to be buying this sort of thing now.

Many Enoch Arden cases are coming to light these days. Many soldiers who were reported killed in the war were not killed, and are now coming home to find their wives married to other men. Since it has been made known that many errors have crept into the casualty lists it would be well for women who believe themselves widows to wait awhile before making another matrimonial alliance. The tragic fate of Enoch Arden was not overdrawn by Tennyson.—Honey

Germans are again making an effort to capture Paris—in a commercial way. Our idea is that they will be about as successful as they were in 1918.

NAUSEALSS CALOMEL BEST MEDICINE FOR A LAZY LIVER

Calotabs, the New Kind of Calomel. Does the Work Without the Slightest Unpleasantness or Danger.

You have always thought of calomel as the best and surest medicine in the world, but too nauseating for you to take. That was the old-style calomel. Now science has taken the sting out of calomel by removing its unpleasant and dangerous qualities, and has kept all its good liver-cleansing and system-purifying effects.

The next time you are bilious or constipated ask for Calotabs, the new nausealss calomel. Sold only in original sealed packages, price thirty-five cents. One tablet at bedtime, with a swallow of water—that's all. No taste no griping, no nausea, no salts. You wake up in the morning feeling fine, your liver active, your system purified, and with a hearty appetite for breakfast. Eat what you please—no danger of salivation. Your money back at any drug store if you are not perfectly delighted with Calotabs.—adv.

YOUNG MEN AND YOUNG WOMEN ARE IN DEMAND IN BUSINESS.

A recent country wide investigation of employment conditions to get information as to the type of help in greatest demand shows the following results: 1338 of 2445 advertisements for help specified a business training and 524 of the remaining 1107 advertisements were for positions that office assists grow into. No other profession can claim one-fifth as great a demand. In fact this proves that there is a greater demand for business training than all other trades and professions combined. Here are some figures to show the advantages of entering the business field, as compared with other professions. The average income of a lawyer is \$1000, of a doctor \$1200, others in proportion, while the average income of a business man is \$2000 a year.

The volume of business will wonderfully increase in the next five years. Building has been practically at a stand-still everywhere and we have much lost time to gain. This alone means big business and constant demand for trained office help. Judge Gray, chairman of the Board of Steel Corporation, recently said: "Our prospects are bright, our opportunity for success greater than ever before. I predict that the next five years in this country will be the most progressive, prosperous and successful in our history."

Are you passing up a Business training and its wonderful opportunities to become a day laborer, house maid, department store clerk, telephone operator, factory hand, etc? Uncle Sam did not send the untrained soldier to France. The untrained man or woman is worthless in sustaining industrial life.

With a small cost of money and from three to five months training in America's largest Commercial School, you can accept a good paying commercial position, make up your mind to enter now. Fill in and mail today for large free catalogue.

W. U. SUPERVISOR STATES THE FACTS

Brooks Says Tanlac Has Overcome His Troubles—Feels Like a New Man.

"My wife obtained such satisfactory results from Tanlac that I tried it myself and I have gained ten pounds and feel like a new man," said J. W. Brooks, traffic superintendent for the Western Union Telegraph Co., at Dallas, Texas, and living at 1732 Hickory street, that city.

"When I began taking Tanlac," he continued, "I was suffering from a stubborn case of stomach trouble, the result of an attack of acute indigestion I had several years ago. I had an awful pain across my back, and was so nervous and worried about my kidneys that I could hardly sleep at all. I suffered from rheumatism in my legs, my feet would swell and I was tired and languid all the time. I was badly rundown, lost weight, strength and energy and none of the medicines I took did me any good."

"After using Tanlac for a short time I began to pick up and kept improving till now my rheumatism is all gone, the pains have disappeared from my back and my kidneys don't worry me like they did. I have a fine appetite and can eat anything I want without suffering at all from indigestion, my sleep is sound and restful and I get up in the morning feeling fine."

Cause of Headache.

By knowing the cause, a disease may often be avoided. This is particularly true of headache. The most common cause of headache is a disordered stomach or constipation which may be corrected by taking a few doses of Chamberlain's Tablets. Try it. Many others have obtained permanent relief by taking these tablets. They are easy to take and mild and gentle in effect.

Rev. T. F. Weaver has been visiting Paris, Texas on business for the past week.

Do You Enjoy Life?

A man in good physical condition is almost certain to enjoy life, while the bilious and dyspeptic are despondent, do not enjoy their meals and feel miserable a good share of the time. This ill feeling is nearly always unnecessary. A few doses of Chamberlain's Tablets to tone up the stomach, improve the digestion and regulate the bowels is all that is needed. Try it.

WANTED.

All the good milling corn you have to spare. Bring it with the shuck off. Will give two dollars for all you bring. Also bring your eggs and meat. Anything you have to sell that I can use will pay the market price in cash. Come right on to the grist mill and I will do my best for you in every way. Yours to please, G. H. KING. 15-1td1w

About Rheumatism.

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that there is a remedy that will afford quick relief and make rest and sleep possible. It is called Chamberlain's Liniment.

PRESENTATION PEACE TERMS IS ARRANGED

(By Associated Press) PARIS, May 8.—The council of four, with Premier Orlando present began today to arrange the program for the presentation of the peace terms to the Austrian, Hungarian and Bulgarian delegates.

MAYOTOWN NEWS.

Quite a crowd surprised Mrs. J. T. Young with a birthday party Monday evening, the guests brought the loveliest American Roses and a cut glass vase which decorated the beautiful sitting room, games of "42" and rook were played until late in the evening, when refreshments of cake and cream was served. Everybody had such a lovely time and they all hope that Mrs. Young never grows older but that she has lots more birthdays, like this one.

Mr. C. W. Perkins of Ruston, La., is the guest of his brother-in-law Mr. and Mrs. G. F. Dalton.

Mr. and Mrs. Craddock, Mrs. Young and Mrs. Lloyd were business visitors to Nacogdoches Friday.

Mrs. J. M. Black entertained her friends Thursday evening with a "42" party, hot chocolate and aged food cake making the occasion all the more pleasant.

Mr. and Mrs. Spurlock are the proud parents of a new baby girl.

Mr. and Mrs. Bud Kilgore are rejoicing over the arrival of a new baby girl.

Georgie Boyett and Ross White made their usual call to Maytown Sunday evening.

Miss Lillie Mae Andis of Nacogdoches visited her father here this week.

Mr. Joe Johnson, traveling salesman of C. T. Patterson, New Orleans, La., was in the city Tuesday calling on the trade.

Misses Jewel Smith and sister Miss Mamie Middlebrook and Miss Gladys Turner motored up to Maytown Saturday to see Miss Genevieve Johnson.

Mr. R. L. Vaughan was a business visitor to Nacogdoches Saturday.

Mr. M. M. Norris of Pineland was the guest of his mother Mrs. Chas. Christopher Sunday.

Mrs. James F. Morris is the guest of her daughter Miss Ruth Morris.

Reb. Spivey filled his regular appointment here Sunday evening.

Miss Edna Gaston and Miss Jessie Burgess spent Saturday and Sunday in Nacogdoches.

For a Sprained Ankle.

As soon as possible after the injury is received get a bottle of Chamberlain's Liniment and follow the plain printed directions which accompany the bottle.

STATE ANNUALLY PURCHASES 150,000 PILLS VARIOUS KINDS

(By Associated Press.)

AUSTIN, May 13.—The state annually purchases approximately 150,000 pills of various kinds, 37,000 capsules filled with different medicines, and a great quantity of empty capsules to be filled when used.

These things are bought by the state purchasing agent and distributed among the various state institutions.

Cut Th' Out—It is Worth Money.

DON'T MISS THIS. Cut out this slip, enclose with 5c to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup, Foley Kidney Pills and Foley Cathartic Tablets. Stripling, Haselwood & Co.

ATLANTIC PLANES NOT START FOR AT LEAST TWENTY HOURS

(By Associated Press.)

WASHINGTON, May 13.—It is indicated that the naval seaplanes at Newfoundland will not start on the trans-Atlantic flight for at least twenty-four hours according to a dispatch to the navy department from Trepansey bay. Commander Towers, chief of the expeditions reported heavy seas running and a storm coming down on the course to the Azores.

She Finds Herself Much Better.

Lame back, rheumatic pains, stiffness and soreness in muscles and joints can be quickly relieved. Mrs. L. Waue, 27.6 3rd St., Ocean Park, Cal., writes: "I used to have pains in my right hip. I could hardly turn in bed. Now I find I am much better by using Foley Kidney Pills. Likewise, pains in my back left." Stripling, Haselwood & Co.

Lacey Hightower of Henderson was in the city yesterday.

Barbed wire cuts, ragged wounds, collar and harness galls heal up quickly when BALLARD'S SNOW LINIMENT is applied. It is both healing and antiseptic. Price 25c, 50c and \$1.00 per bottle. Sold by Stripling, Haselwood & Co.

A Good Tire Year

You have doubtless noticed the growing preponderance of United States Tires.

Every one is asking for tires of known value and proved dependability.

And that is precisely what United States Tires represent in the minds of motorists here and everywhere.

The idea back of United States Tires—to build good tires—the best tires that can be built, is appealing to rapidly growing numbers.

We can provide you with United States Tires to meet—and meet exactly—your individual needs.

United States Tires are Good Tires

We Know United States Tires Are GOOD Tires—That's Why We Sell Them

NOTICE OF SPECIAL ELECTION

The State of Texas, County of Nacogdoches.

On this the 26th day of April, A. D. 1919, this court being in special session, came on to be considered the petition of F. H. Tucker and more than fifty other persons, praying that bonds be issued by said Nacogdoches county in the sum of Eight Hundred Thousand and no 100 (\$800,000) Dollars, bearing interest at the rate of five and one half per cent per annum and maturing at such time as may be fixed by the commissioners' court, serially or otherwise, not exceeding thirty years from date thereof, the interest on said bonds to be payable semi-annually on the 10th of October and on the 10th day of April of each year respectively, for the purpose of constructing, maintaining and operating macadamized, graveled or paved roads and turn-pikes, or in aid thereof.

And it appearing to the court that said petition is signed by more than fifty or the resident property tax paying voters of said Nacogdoches county and that the amount of bonds to be issued will not exceed one-fourth of the assessed valuation of the real property of said Nacogdoches county.

It is therefore considered and ordered by the court that an election be held in said Nacogdoches county, Texas, on the 27th day of May, A. D. 1919, which is not less than thirty (30) days from the date of this order, to determine whether or not the bonds of said Nacogdoches county, Texas, shall be issued in the sum of Eight Hundred Thousand and no-100 (\$800,000.00) Dollars, bearing five and one-half (5 1-2) per cent per annum interest and maturing at such time as may be fixed by the commissioners' court, serially or otherwise, not exceeding thirty (30) years from date thereof, the interest on said bonds to be payable semi-annually on the 10th day of October and on the 10th day of April of each year respectively; and whether or not a tax shall be levied upon the property of said Nacogdoches county, Texas, subject to taxation for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

Notice of said election shall be given by publication in the Sentinel, a news-

paper published in Nacogdoches county, Texas, for four successive weeks before the date of said election, and in addition thereto by posting notices at three public places, in Nacogdoches county, Texas, one at the court house door of Nacogdoches county, Texas, one at Garrison, one at Douglass, and one at Chireno, in Nacogdoches county, Texas, for three weeks prior to said election.

Said election shall be held on Tuesday, the 27th day of May A. D. 1919, at the regular voting boxes throughout Nacogdoches county, Texas, and the regular presiding officers of the general election heretofore appointed by this court shall hold said election under the provisions of Articles 627 to 641 inclusive, of Chapter 2, Title 18, Revised Statutes of 1911, and as amended by Chapter 203, Acts of 1917 at which election only qualified voters who are property tax payers of Nacogdoches county, Texas, shall be allowed to vote, and all voters desiring to support the proposition to issue bonds shall have written or printed on their ballots the words:

"For the issuance of bonds and levying of the tax in payment thereof."

And those opposed shall have written or printed on their ballots the words:

"Against the issuance of bonds, and levying of the tax in payment thereof."

The manner of holding said election shall be governed by the laws governing general elections in this state.

A copy of this order, signed by the County Judge of Nacogdoches County, Texas, shall serve as a proper notice of said election, and the County Judge is directed to cause said notice to be published in the Sentinel, a newspaper published in Nacogdoches county, Texas, for four successive weeks before the date of said election and cause to be posted in notices thereof at 3 public places in Nacogdoches county, Texas, one of which shall be at the court house door of Nacogdoches county, one at Garrison, one at Douglass, and one at Chireno, in Nacogdoches county, Texas, for three weeks prior to said election.

Given under my hand and seal of office, at Nacogdoches, this the 26th day of April, A. D. 1919.
J. M. MARSHALL,
County Judge, Nacogdoches County, Texas.

KOREAN PEOPLE PETITION FOR LIBERATION FROM JAPS

PARIS, May 12.—A petition from the Korean people and the nation asking for their liberation from Japan was submitted to the peace conference today by the representatives of Korea. The petition also asks for the recognition of Korea as an independent state and the nullification of the treaty of August 1910.

"Spring Fever" and Common Sense. Instead of giving up and saying you have "spring fever," it is more sensible to take a good, wholesome physic. Billousness, sick headache, sour stomach, bloating, coated tongue—all are banished by Foley Cathartic Tablets. B. B. Haward, Unadilla, Ga., writes: "Foley Cathartic Tablets give quick relief."

The Liberty loan subscriptions in this county have reached a total of \$160,000, with all the reports in, making the county \$150,000 short of its quota.

Takes Hold and Helps.

Marie Heisler, Freeport, Ill., writes: "I had more or less of a cough for 10 years and I have taken quite a number of medicines. None of them take hold and help like Foley's Honey and Tar." The old, reliable cough syrup promptly helps coughs, colds, croup and whooping cough. Contains no opiates. Stripling, Haselwood & Co.

COUNTY FAILS TO GO OVER LIBERTY LOAN CAMPAIGN

It is with regret that The Sentinel must report that Nacogdoches county fell down in the subscription of the Victory Liberty Loan campaign. Present reports to the county chairman indicate that something like \$150,000, or about half of the county's quota, has been subscribed. When final reports are in the figures may be brought up higher, but there is little or no chance of the quota having been raised.

Chireno and Melrose are the only two towns in the county that succeeded in subscribing their full quota. These two towns have subscribed their quota in each of the five campaigns, and have a record of honor of which even patriotic old Nacogdoches can not boast.

VICTORY LIBERTY NOTES ARE ADMISSIBLE AS ASSETS

DALLAS, May 10.—The commissioner of internal revenue in reply to numerous inquiries authorizes the statement that provisions of the revenue act of 1918 Victory notes like Liberty bonds are admissible as assets, and entitled to be treated as such in computing the invested capital used in determining the war profits and excess profit tax.

RHEUMATISM CURED BY "NUMBER 40 OR MONEY BACK."

Frank Staser, Newburg, Ind., states: "I suffered with rheumatism for several years and tried numerous remedies with little or no benefit. Mendenhall's Number 40 was recommended to me and I used in all six bottles and am entirely cured. I cheerfully recommend it to all rheumatic sufferers."

We have instructed Stripling, Haselwood & Co., to issue a guarantee with three bottles of "Number 40" and if you are not cured or satisfied, your money will be cheerfully refunded.—J. C. Mendenhall, 40 years a druggist.

"Number 40" is employed in rheumatism, scrofula, blood poison, constipation, liver and stomach troubles.

Ernest J. King of Woden arrived home yesterday from France. Pvt. King was sent out by the local board of Sept. 19, 1917, was sent out in the fight in a sacrifice battalion in which over 800 were killed, and thirteen were captured, he being among the number. He was imprisoned at the German camp at Rastat for some time, later being released and discharged. He is a son of J. M. King of Woden.

CHINESE DELEGATES NOT TO SIGN PEACE TREATY.

PARIS, May 9.—The Chinese delegations to the peace conference has received telegraphic instructions not to sign the peace treaty because of the Kiaochau Shantung settlement.

Miss Lorine Gibbs arrived today from Garrison for a little visit to her brother Joe Gibbs and family.

MR. WILL G. REID WAS SUDDENLY STRICKEN

Mr. Will G. Reid, of the Reid bottling works, alderman and prominent citizen, was suddenly stricken this afternoon about 2:15 o'clock in front of the Swift Bros. & Smith drug store while witnessing the maneuvers of the battle tank. He was picked up and carried to Stripling, Haselwood's drug store, where medical attention was secured, after which he was removed to his residence.

The degree and cause of the attack had not been determined by the attending physicians at the time this report was prepared, but he had regained consciousness.

IN FLANDERS' FIELD.

In Flanders' fields the poppies grow
Between the crosses, row on row
That mark our place, and in the sky,
The larks, still bravely singing, fly,
Scarce heard amid the guns below.

We are the dead; short days ago
We lived, felt dawn, saw sunset glow,
Loved and were loved, and now we lie
In Flanders' fields.

Take up our quarrel with the foe;
To you from falling hands we throw
If ye break faith with us who die
We shall not sleep, though poppies grow
In Flanders' fields.
—Lieutenant Colonel John McCrae
France, June, 1915.

FOR THE LADIES

We have just received a large shipment of ladies dresses in Silk Taffetas, Georgettes, crepe de chines and chiffon taffetas, all made up in the latest styles. Also a large assortment of white dresses in voiles and organdies. We have these dresses especially priced from \$5.95 to \$15.95.

Our line of ladies waists consisting of white organdies and voiles, silk crepe de chines and hand embroidered georgettes are wonderful values. This line of new styles will appeal to you. Prices from \$1.25 to \$5.95.

MILLINERY

We are receiving new hats every day thereby giving you only the season's best styles. We are showing a beautiful line ladies, misses and children's hats at the most reasonable prices, in fact about one-half the price that you would pay elsewhere. All that we ask, is that you pay our millinery department a visit. We have a line of ladies trimmed hats at prices from \$1.95 to \$5.95 that are wonderful values.

PAY US A VISIT—WE SAVE YOU MONEY.

CHINA INSIST UPON RETURN KIO CHAU

(By Associated Press)
PARIS, May 10.—It seems unlikely that China will sign the peace treaty unless she is given a written assurance by the council of three that Japan will return Kio Chau to China. The Chinese delegates say no such provision is made in the peace treaty and their only basis for believing such restitution will be made is a verbal agreement.

THE NAVY DOUBLES ITS VICTORY LOAN QUOTA

DALLAS, May 10.—The navy has already exceeded its quota in the Victory Loan campaign, and expects to double it before midnight today. The navy challenges the country to beat this record. Its reported subscriptions to date are more than sixteen million dollars.

All ships and stations in this country and in all seven seas are making a whirlwind finish. Frank M. Smith on seeing this telegram said: "It seems strange that the men who do the fighting should be left to do the paying. If our people would do as well proportionally as the soldiers and sailors we would not be appealing to them as we are today. Our quota would be oversubscribed."

HOUSING SCHEMES TO REPLACE SLUM DISTRICTS OF LONDON

LONDON, May 13.—Housing plans to replace the slums of London are abundant in these days of reconstruction, but none is attracting more attention than that in the congested district of Southwark where the Duchess of Marlborough recently purchased a tract of land.

The plan is to erect modern tenements, with bathrooms and hot water on every floor and a playground on the roof. A perambulator shed in the basement is designed to eliminate the necessity of dragging heavy baby carriages upstairs. A central laundry with mechanical driers is to be located in the lower part of the building. There are now no such tenements with these conveniences in London, and some doubt is expressed as to the future popularity because of the liking of London women for "detached" or "semi-detached" houses, even though they are not modern.

DETH KNELL SOUNDED TO AUSTRIAN PARLIAMENT

(By Associated Press.)
VIENNA, May 10.—The death knell to old Austria bounded parliament was sounded today when Chancellor Renner in accepting the nomination as a delegate to the peace conference at Stgermain said he relinquished all hopes for union with Germany.

PRECAUTION TAKEN AGAINST GARMANY

(By Associated Press)
PARIS, May 10.—It is understood that the council of four at a meeting today discussed among other subjects eventually Germany should refuse to sign the peace treaty and steps to be taken in that event. It is said there is no intimation that Germany intends to take such a course has reached the Allies, but they are taking nothing for granted.

CHATAQUA WILL BE IN NACOGDOCHES JUNE 3-7

Advertising has been placed with this paper announcing that the Nacogdoches chataqua will open in Nacogdoches June 3 and will exhibit each afternoon and night until the 7th.

The first night Dr. Roland A. Nichols will lecture on the "Man Worth While." Second night Dr. L. G. Herbert on "What Next." Third night Sergeant Edwards, Canadian War Hero on "The Escape of Princess Pat."

Fourth night Morris G. Hindus, Russian scholar and exile in "Bolshevism—A Social Cyclone." Fifth day full program in the day and joy night program of surprise to close the chataqua. Each program will contain different features of music, which will prove instructive and entertaining.

SISTER OF W.L. HERRIN DIED IN TYLER YESTERDAY

Mr. W. L. Herrin received a message from Tyler Sunday stating that his sister, Maud was dying. Mr. Herrin immediately went to her bedside on the first train, and his sister died Monday morning at 3:00 o'clock. Her remains will be laid to rest at Omen this afternoon. She leaves a mother, one sister and two brothers to mourn her loss.

WHEAT DISEASES CAUSE NO APPRECIABLE LOSSES

WASHINGTON, May 13.—Although two wheat diseases recently discovered in Madison county, Illinois, and which previously were unknown to this country may cause heavy losses to individual farmers, losses in the area affected will have no appreciable effect upon the total production of this year's crop, according to a statement of the department of agriculture, issued today.

AMERICAN SEAPLANES ON THEIR WAY TO TREPASSEY

HALIFAX, May 10.—The American navy hydroplanes NC-1 and NC-3 started on their way to Trepassey at nine o'clock this morning, from which they will attempt their trans-Oceanic flight.

GERMAN REPLY IS BASED ON LEAGUE

(By Associated Press.)
BERLIN, May 10.—Germany's reply to the terms of peace presented at Versailles will be a proposal for peace on the basis of a lasting peace of nations according to proclamation to the German people issued today by President Ebert.

SAYS WILSON DID NOT COMMIT HIMSELF ON FIUME PORT

(By Associated Press)
WASHINGTON, May 10.—Reports from Paris that President Wilson had committed himself to the proposal of the settlement of the Fiume dispute by giving the port to Italy after 1923 were said in dispatches to the White House today to be absolute fiction. It appeared from today's advices that President Wilson did not deviate the slightest from his original stand in position toward Italy's claim of this Adriatic port.

Other dispatches from Paris said the president would personally address congress and discuss the whole subject matter of Paris negotiations immediately after his return to the United States.

SWEDISH SOCIALIST PARTY MAKES GAINS BY DROPPING PROHIBITION

STOCKHOLM, May 13.—Considerable gains made by the Socialist party in the county councils elections held in Sweden recently is attributed by some Swedish newspapers to the fact that the party dropped its former prohibition platform and now stands for moderate liberation of supplies of beer and spirits. That is also the policy of the Conservative Party.

Under a new franchise act passed by the Riksdag last fall, the polls were open to all men and women over 23 years of age. Previously only qualified tax payers had been permitted to vote. The number of votes cast showed an increase over the last election of more than 100 percent.

The Socialist gains were mostly at the expense of the Liberal Party, which in all the large cities was badly beaten not only by the Socialists, but also by the Conservatives. In Stockholm the Socialists elected 55 candidates, the Conservatives 35 and the Liberals 15, the parties polling respectively 72,000, 45,000, and 20,000 votes.

PRESIDENT WILSON WILL CABLE MESSAGE CONGRESS

WASHINGTON, May 8.—President Wilson will cable his message to congress and it will be read immediately after congress convenes, it was announced at the White House today.

TO AVOID AND RELIEVE INFLUENZA

By Dr. Franklin Duane.
Many people have been frightened by what they have read or heard of influenza. The more you fear the disease, the surer you are to get it. Go right about your business and forget it. As the disease is spread principally by contact through sneezing, coughing or spitting, many health authorities have advised that everyone wear a gauze, which is daily washed and saturated with a one to five hundred solution of zinc sulphate in water, and then dried before wearing over the nose and mouth. You should avoid crowds, common drinking cups and public towels. Keep your strength up by taking lots of exercise in the open air and plenty of nourishing food.

If you have any of such symptoms as chilliness, nasal obstructions, flushed face, headaches, feverishness, restlessness, weakness, or irritating cough, give up work at once and go to bed. This will save your strength to help overcome the disease. Put your feet in hot water for fifteen minutes. Thoroughly loosen the bowels with some such mild and non-irritating physic as Dr. Pierce's Pleasant Pellets. Drink principally hot lemonade and then cover up with plenty of clothes in bed so as to get a good sweat. When sweating is free and the fever reduced take a dose of two Anuric Tablets every four hours, followed by drinking at least a glass or two of hot water. Anuric Tablets help quickly to relieve the soreness of the muscles and bones from which most patients complain and help the kidneys flush out the poisons.

To relieve nasal obstructions and excessive discharge from the nose, probably nothing is better than such a mild, soothing, antiseptic wash as Dr. Sage's Catarrh Remedy. It will give great relief. Employed as a gargle, in same strength as made up for use in the nose, and as hot as can be borne, it quickly arrests soreness and dryness in the throat.

Influenza weakens the patient's resistance to disease, so that there is danger of bronchitis and pneumonia developing. To combat this tendency and fortify the patient's strength, insist that he keep in bed at least two days. Probably nothing will at this stage hasten the recovery and strengthen the patient more than an iron tonic tablet called "Irontic" or that well-known herbal tonic, Dr. Pierce's Golden Medical Discovery, which has been used by thousands in the past two generations.

TERMS OF REPLY HAVE BEEN DECIDED

PARIS, May 12.—The peace conference leaders are reported by the newspapers today to have decided yesterday upon the terms of a reply to be made two notes sent to President Clemenceau of the peace conference Saturday evening by Count Rantau. According to the newspapers the basis of the second note is a labor charter inspired by the conference at Leeds, and Berne, arguing the purpose is to create among the socialists an opinion favorable to Germany by putting in direct collaboration working classes and the present government of that country.

From Saturday's Daily.
Miss Yula Bell Overall of Nacogdoches spent Sunday with her parents.—Alto Herald.

Mrs. R. D. and Orion Rook of Nacogdoches spent Sunday here with their uncle, Mr. S. R. Rook.—Alto Herald.

Mr. and Mrs. Joe Gibbs and Miss Lorraine Gibbs went to Garrison today.

J. C. Chapman was in the city this morning en route to Nacogdoches where he will visit with relatives.—Timpson Times.

Rev. M. C. Johnson will leave Sunday afternoon for St. Louis, in order to be present at the sessions of the Missionary Council on Monday night. This council has charge of the plans and oversight of the work of the missionary boards covering the service of all states and provinces of America and many foreign countries. Mr. Johnson is the only member of this great body from Texas. While in St. Louis he will also attend the meetings of the General Assembly of the Presbyterian church which begins on May 15th. As heretofore he will preach at the commencement of Trinity University.

From Monday's Daily.

Dr. Guy B. Duff of Dallas, will speak at the First Presbyterian church tomorrow night at 8:30 o'clock.

Mr. A. A. Turner of Garrison was a visitor to the city Saturday.

The casualty list for today contains the name of Pvt. Jewel W. Hutson as returned to duty, after formerly being reported as missing in action. Pvt. Hutson is a son of Mrs. Mary Hutson of this community.

Mr. J. D. Garrison visited Garrison Saturday.

Mr. Mather Hilton, the chataqua man who gave an exhibition in this city Friday night, accompanied by Mr. S. M. Adams, visited Garrison Saturday in the interest of the Liberty Loan, where Mr. Hilton gave an exhibition of impersonations, and Mr. Adams made a speech in the interest of the loan.

Dr. Buy B. Duff of Dallas, arrived in the city today and will speak at the First Presbyterian church tomorrow night at 8:30.

From Tuesday's Daily.

Mr. and Mrs. Guy Blount and Mrs. Edwin Ezell returned Sunday night from Galveston, where they went on a little outing.

Mrs. Ireson is visiting her son in Beaumont this week.

Bob Douglass of Cushing was a visitor to the city yesterday.

Mrs. Worth Whited and Mrs. Tom Trigg returned yesterday from Louisiana where they have been attending a house party.

Mr. W. F. Gintz is moving to the home he recently purchased from Mr. G. M. Haltem, and Mr. Haltem is moving to the house vacated by Mr. Gintz.

J. H. Thompson of Lufkin was a visitor to the city yesterday.

L. M. McConnell was a Lufkin visitor to the city Monday.

C. C. O'Neil of Athens was in the city Sunday.

O. P. Smith of Temple was in the city Sunday.

The City Shoe Shop is putting in some new machinery and getting ready to take care of their ever increasing customers.

The Commissioners' court convened in their regular monthly session yesterday, and are busy allowing the usual batch of accounts, and monthly bills.

D. E. Hughes, the jeweler, is moving his shop into the building next to the Redland hotel, recently vacated by the Redland barber shop.

J. C. Allen of Jacksonville was a visitor to the city yesterday.

Attorney Carmon E. Brazil went to Nacogdoches yesterday afternoon, and the day being Sunday it is not thought that legal matters had anything to do with his visit.—Lufkin News.

UNITED STATES BE ASKED BE MANDATORY ARMENIA

(By Associated Press.)
PARIS, May 8.—It is expected that the United States will be asked to become mandatory for Armenia. The indications are that Wilson will submit the matter to congress.

GUARANTEE—If, after using entire contents of the can according to directions, you are not satisfied in every respect, we will refund the money you paid for it.

Such Flavor!

Luzianne is such a coffee as you long have wished for—of distinctive quality and of flavor unsurpassed. It is literally true that you will never know how good coffee can be until you try Luzianne.

PARIS HAS NOTHING TO COMMUNICATE

(By Associated Press)
MEXICO CITY, May 8.—Replying today regarding the report that the Mexican government has instructed the minister at Buenos Aires to propose to Argentine and other South American countries a plan for the formation of a Latin-American league of nations, which will be independent of the new league of nations created by the peace conference, the Paris Department of Foreign Relations issued a statement that it had nothing to communicate to the press. Other sources report no foundation to the report.

NACOGDOCHES TRADITIONS.

There were physicians who figured forcefully in the early days of Nacogdoches, and Texas. Dr. Ashbel Smith was a conspicuous and eccentric leader, not only in medicine, but also in Texas politics and general progress. His homewas in an isolated locality down below Houston and Harrisburg. He was a scholarly old bachelor till his death, and he lived in a most peculiar style as to his home and habits. He was noted for hospitality, patriotism and philanthropy. He was a San Jacinto veteran.

The earliest physician at Nacogdoches was the famous Dr. Long, who settled at Galveston, but who did not follow the practice of medicine. His was too tame for adventure. He came here with a bunch of colonists from Natches, Miss., in 1819, at the invitation of Stephen F. Austin. He died after a few months, leaving his young widow alone on Galveston island. She returned to Nacogdoches and thence to her former home in the States.

Dr. R. A. Irion was probably the first permanent practicing physician at Nacogdoches. He came from Tennessee via Vicksburg about 1834. He had a strange and distressful streak of fatalities just preceding this, getting separated from his family by accident and then by their death. He had been an admiring friend of Gen. Sam Houston back in Tennessee, and such was the cast later in Texas. He was secretary of state under Houston. He was a man of exceptional ability, character and culture. He married the most charming lady in Nacogdoches, Miss Anna Raguet, a special favorite of Gen. Houston. The first child of this marriage was a son, and he was named Sam Houston. He died in youth. Dr. Irion was greatly loved by associates, and his name was given to many new born children, who never had cause to regret it. His homestead was located on the heights in the western part of town always called Irion hill, standing alone in the dense woods, and consisting of many acres of land. He had hundreds of cattle in the range far and near. His son Bob was his cowboy. The big road now called Main street was not even started till he laid off where it now is, to match the road

SEA PLANE NC-3 RETURNS TO HALIFAX FOR REPAIRS

WASHINGTON, May 10.—Naval sea plane NC-3 returned to Halifax an hour after it had started for Trepassey Bay, according to a report from Tender Baltimore this morning. The dispatch said the plane had been replaced with a broken propeller and started again at noon.

10 CENT "CASCARETS" FOR LIVER AND BOWELS

Cure Sick Headache, Constipation, Bloating, Sour Stomach, Bad Breath—Candy Cathartic.

No odd how bad your liver, stomach or bowels; how much your head aches, how miserable you are from constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases; carry off the constipated waste matter and poison from the intestines and bowels. A 10-cent box from your drugist will keep your liver and bowels clean; stomach sweet and head clear for weeks. They work while you sleep.

The right paint for your boat

For yacht, motor boat or cruiser—Devoe offers beauty and durability. Also it saves aggravating lay-ups in mid-season. We guarantee a longer-wearing, better-looking job if you use

DEVOE Vernisite—The Long Life Spar Varnish The Guaranteed Deck Paint Columbia Yacht White

Vernisite, the long-life spar varnish, will not blister or check. Neither salt water nor hot sun will turn it white or affect its gloss.

Deck Paint stands up under unusual wear and tear. Unaffected by water or extreme heat. Won't crack, peel or chip. Made in six durable colors.

Columbia Yacht White is easy to apply—easy to clean—hard to mar. Semi-gloss, durable, economical. Stays white longer—makes refinishing easy.

Come in and get prices and free copy of "How to Paint a Boat."

MAY SOLVE THE ITALIAN PROBLEM

PARIS, May 13.—The Italian problem seemed nearer solution when today's conference began among the allied representatives here, and it is thought that probably a basis for an understanding will be reached during the day.

"HUMAN INTEREST" INCIDENTS OF RED CROSS ARE RELATED

SALONIKI, May 13.—Some of the more amusing "human interest" incidents of the activities of the American Red Cross nurses and field workers during the repatriation of Greeks deported into Bulgaria during the war are related by Lieutenant A. S. Bedell, in charge of the American Red Cross relief stations in Macedonia and Bulgaria.

"We came into Bulgaria on a German freight car," says Lieutenant Bedell in his report. "This Red Cross car was the first car or the first train that ran from Serres to Saloniki after the armistice and it was with the Red Cross from the time we entered Bulgaria until we returned to Greece.

"On the trip out of Bulgaria we had one iron bed and two camp cots. One Red Cross man slept on a crate of biscuit tins, the bed being demountable to furnish five chairs by day. The Red Cross man turned over frequently in the night, bringing discord from the tins but despite our protests at his noisy mode of sleeping he declared he had 'a rattling good bed.'

"Firewood was obtainable along the route and we were able to use our woodstove after cutting a hole in the side of the car for the stove pipe. Liquid food proved our only difficulty. It was impossible to boil even half an inch on the stove when the car was in motion. We had a real American coffee grinder. The coffee beans were put in a clean sock and one of the men to the tune of 'Yankee Doodle' would crush the beans with a hammer.

"When chicken was wanted for dinner one of the party would go out with half a cup of sugar in hand, wander about the village until he saw a 'likely' chicken, which he would thereupon seize. The native woman who made the most outcry was presumed to be the owned and usually was glad to accept the half cup of sugar in exchange. Our much maligned ration of 'bully beef' proved to be acceptable also.

"Bartering was the order of the day at all stations. A slice of bread would obtain three shins, fill a large water jar or attract a carriage of supplies. During our last afternoon in Dedegatch, on the Aegae Sea, we had the use of a horse and wagon all afternoon, in order to return borrowed furniture, for the payment of one tin of 'bully beef.'

"The fame of American Red Cross relief stations spread throughout Bulgaria to such an extent that other Red Cross workers and British and French officers, including two French generals, sought us out in passing to secure a canteen of hot tea or to replenish depleted rations."

666 quickly relieves Constipation, biliousness, loss of appetite and headaches, due to Torpid Liver.

A FEW OF THE REASONS WHY I AM FOR WOMAN SUFFRAGE

Since returning home from overseas duty a number of ladies have asked me what part the women really played in the Great War.

I believe in Woman Suffrage. These are a few of the many reasons.

In the first place, the State of Texas is extending suffrage to all returned soldiers as a small appreciation of the work they have done in this great war, and if this is extended to the returned soldiers, why not extend it to the women, who I shall prove to you, really made the great sacrifice in this war by giving their sons.

The Red Cross women saved the lives of our wounded soldiers by tenderly nursing them through danger, which could only be appreciated by those who were really in their care.

The Salvation Army women shared all our dangers and privations. The Y. M. C. A. workers kept us out of the Slough of Despondency; the women of America kept us warm and cheerful, by supplying us with sweaters and interesting letters from home, and even many of our fair maidens sacrificed their complexion and hair by working in the munitions factories and with various chemicals.

Second, let us compare the intellect of men with women. This war has proven to us that women are just as capable of mounting the platform and making the Victory and Liberty Loan speeches as the men, and men are beginning to bow to the intellect of women.

The statistics in all our High Schools and Colleges show that the records of women are far in advance of those of men, although it is humiliating to confess this. Third, shall we say that a negro or an illiterate person has formed better judgement as to the making of our state laws than our mothers or ourselves?

Fourth women and children are dealt with as men when it comes to breaking the laws. If a woman commits murder who is convicted upon the same principle as a man, and pays the same penalty. If she owns property it is subject to the same taxation, although she has no representation. Fifth, that old chestnut about the polls being too corrupt a place for women has been exploded long ago.

Instead of the polls being a place where spitting, chewing and "cussing" is carried on, it will be changed to a place of dignity, and it will have a tendency to make a man vote for a man's man instead of some dirty politician.

Taking everything into consideration, we soldiers want the women to vote, for that is their right. It is a great question. Boys, think it over.

CLAUDE M. BARRHAM, Sgt. U. S. M. C. 95356 A. E. F. TO THE VOTERS OF NACOGDOCHES COUNTY.

On May 24th a question of far-reaching importance is to be decided by the voters of this state, namely whether we shall continue to allow enemy aliens to vote in Texas—a question of such vital significance to our state as to merit the most serious consideration of every voter.

Stop and think: these foreigners are here in our midst. They are not naturalized citizens; they failed to complete their naturalization papers in order that they might avoid the draft, and in so doing have shown their colors. They are not loyal Americans and have never intended to be. Are we going to allow them now, in these vitally important reconstruction times, to continue to vote side by side with true Americans?

The answer is obvious: there is but

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

one thing to do—vote for the second amendment and disfranchise these enemy aliens.

CARTER GASTON, Co. A, 26 Engineers. TO THE VOTERS OF NACOGDOCHES COUNTY.

Next of importance to the world is the signing of the peace treaty, and next of importance to the State of Texas is the issue of the 4th of this month: equal suffrage. There are many reasons why women should vote, but the chief one is that they are as a whole equal to men in intelligence and are capable of deciding for themselves on any issue that may come to hand. I wonder what we would have done without their assistance in the past World War. No doubt the past Liberty Loan drives would have fallen short had it not been for ceaseless and unflinching effort on the part of the women, but their work did not stop this side of the water, and those of us who served in France can never forget their untiring labor back of the lines, from nursing the sick and wounded to providing warm garments for our men and serving hot drinks and food to the boys while under fire in the trenches.

The United States fought for World Democracy and won—on the other side but there are many changes to be made over here before we can say we are a democracy. A government by the people collectively by elected representatives is Webster's definition of democracy. Now the question is "are women people?" I think they are, and are entitled to the franchise.

Every subject that comes to hand is not of material interest to every woman, but many matters are, such as affect the taxation, etc., of a widow's property. There is not one fair-minded man who will say that a woman should not vote upon such questions as this.

I could go on and state many subjects that are of vital interest to women, but that is not necessary. I have no fear for the issue of the 24th and speaking for myself I'll welcome the day that the people awaken and acknowledge that a woman's intelligence surpasses that of the negroes, who go to the polls, and vote and can barely sign their names.

HOLLOWAY MULLER.

"FAKE" ASPIRIN WAS TALCUM

Therefore Insist Upon Genuine "Bayer Tablets of Aspirin"

11TH DISTRICT IS 80 PERCENT OVER

Special to The Sentinel.

DALLAS, May 12.—Believing that the public is entitled to the truth, the whole truth and nothing but the truth, Frank M. Smith, federal district director of war loans made the following statement today with reference to the Victory Loan subscriptions in the Eleventh district: "Rough calculations made Sunday show that we may now count on about eighty percent of the loan in this district having been subscribed. Many counties have not sent a final report, and it is these reports alone which will enable us to determine whether or not we have gone over. The patriotism of the people of this district is on trial with the decision not yet handed down by the judges and the judges are the people themselves.

"A rumor current today that we are over and have one hundred million in sight is not only unofficial, but contrary to facts. I only hope that later reports will justify such a statement."

COMING PROHIBITION CAUSES PURCHASING AGENT WORRY

(By Associated Press.)

AUSTIN, May 13.—The coming of prohibition on July 1, is causing the state purchasing agent some worry. Last year he was called upon to buy 497 gallons of liquors which will be banned. The intoxicants, which were bought for medical purposes and distributed to the various state institutions were brandy, wines and whisky. However, no one institution received a considerable quantity of the stuff, and when the number of inmates of the places and their physical condition is considered, the amount seems very small.

NEW CONSORTIUM FOR FINANCING CHINESE LOANS

(By Associated Press.)

PARIS, May 12.—A new consortium for financing Chinese loans was organized today by American, French, British and Japanese bankers, a reservation being made for the later participation of Belgium bankers.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver and Bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad, has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

NOTHING HEARD FROM GERMANS

(By Associated Press.)

PARIS, May 10.—President Wilson expressed the belief today that nothing will be heard from the German plenipotentiaries for about a week.

Neither he nor any other member of the American delegation has heard anything regarding the published report that the German delegates were preparing to depart from Versailles.

TO PAY INTEREST ON SECOND LIBERTY LOAN BONDS MAY 15

Reinvestment of Second Liberty Loan Bond interest in Thrift or War Savings Stamps is urged upon the citizens of Nacogdoches by Mayor Geo. W. Matthews. The government will make a semi-annual interest payment on the Second Liberty Loan, May 15th, at which time a vast amount of money will be turned over to investors in the Eleventh Federal Reserve District.

"Many of our citizens own Second Liberty Loan Bonds," the mayor said. "The treasury department has urged that all who can, take this interest War Savings Stamps. By this means, money and reinvest it in Thrift or they can turn their interest into more interest. It is profitable patriotism and I trust that the citizens of Nacogdoches who own Second Liberty Bonds will do as the treasury department has urged.

"Arrangements have been made so that you can exchange your Liberty Loan interest coupons for Thrift or War Savings Stamps at the postoffice. Our postmaster has a sufficient supply of these government securities on hand to exchange for your coupons and will be pleased to accommodate you. War Savings Stamps are always cashable at the postoffice on ten days' written notice.

"I appeal to all patriotic citizens of Nacogdoches who own Second Liberty Loan Bonds to get Thrift or War Savings Stamps with their interest coupons, May 15th. We have too much civic pride to do less than our neighboring cities. They are planning to toll up a big total in War Savings Stamp sale on May 15th and to do it largely through their interest coupons. Let's get busy and make Nacogdoches lead the procession."

TREMENDOUS DECREASE IN CANADIAN TRADE REPORTED

(By Associated Press)
OTTAWA, Ont. May 14.—Tremendous decrease in Canadian trade for the fiscal year ended March 31, has been disclosed by an official report issued through the customs department. Total trade was \$2,176,378,717 as compared with \$2,548,691,634 for the 1917-1918 year.

Decrease in exports which alone showed a revenue reduction of \$322,413,982 is held chiefly responsible for the slackening of Dominion business. The total duty collected last year was \$158,044,456, a decrease of \$3,544,009.

Farmers seemingly were hit hardest last year, despite the high prices for foodstuffs. Exports of domestic agricultural products reached a total value of \$269,819,893, while in 1917-18, the total was \$467,584. The only important trade increase reported was in the timber industry. Improved business of about \$20,000,000 was reported.

RAINBOW DIVISION GIVEN OVATION DALLAS TODAY

(By Associated Press.)
DALLAS, May 12.—Two hundred and fifty members of the 117th supply train, Rainbow division, and about 250 casuals of the 138th infantry were given an ovation upon their arrival here today on their way to Camp Bowie.

Sallow complexion is due to a torpid liver. HERBINE purifies and strengthens the liver and bowels and restores the rosy bloom of health to the cheek. Price 60c. Sold by Stripling, Haselwood & Co.

TEXAS SUFFRAGISTS GIVEN SUPPORT OF PRES. WILSON

From Houston Chronicle.
That President Wilson believes in democracy for American women and is eager that Texas shall have the honor of being the first Southern state to take this forward looking step is evidenced by the following cable to M. H. Wolfe, chairman of the State Democratic Executive Committee:

"I am deeply interested and every lover of country must be, in the vote to be taken by the people of Texas on the 24th, on the constitutional amendment giving the women of Texas the right to vote, and take the liberty of expressing my confident hope that this exceedingly important amendment will be adopted."
"WOODROW WILSON."

He Does Heavy Work.

"I do heavy work, and this is a strain on a man's kidneys," writes Bert Dawson, Canton, Ill. "My trouble started with severe, sharp pains over my back. I bought a bottle of Foley's Kidney Pills and before it was gone my pains had entirely left me. They banish rheumatic pains, backache, soreness, stiffness. Stripling-Haselwood & Co."

COURT REVERSES THE JOHN BURKHALTER CASE

Arthur A. Seale received a telegram from the Clerk of the Court of Criminal Appeals Wednesday stating that the John Burkhalter case had been reversed and remanded for another trial.

It will be remembered that Mr. Burkhalter was convicted some four years ago and sentenced to the penitentiary for ten years, the conviction being for the murder of Tulle Manning. An appeal was taken to the Court of Criminal Appeals and the case was reversed and remanded, and a second trial about two years ago, resulted in a hung jury. The case was then moved on the Judge's own motion to Cherokee county, where he was convicted in August 1918, and sentenced to five years, from which a second appeal was taken, which has resulted in a reversal, therefore the case will have to be tried again in Cherokee county.

The Sentinel is requested to announce that the Quarterly conference will meet this evening at the Methodist church at 8:30.

Pure nourishing blood makes healthy flesh, good muscles and a strong vitality. The reverse is the case when the blood is poor. To drive out impurities and enrich the blood take Frickly Ash Bitters. It is a most efficient blood purifier and a system regulator. Price \$1.25 per bottle. Stripling, Haselwood & Co., Special Agents.

BIG ISSUES TO COME BEFORE PRESBYTERIAN ASSEMBLY

(By Associated Press.)
ST. LOUIS, May 14.—Unity of all denominations, relations between capital and labor and a score of other big issues will be taken up at the 131st General Assembly of the Presbyterian church in the United States, which begins here tomorrow.

Laymen are expected to take the predominating part in determining policies of the church.

For the first time in the history of the church a layman is eligible, under legislation enacted at the last general assembly, to hold high offices. A number of prominent laymen, including Williams Jennings Bryan, have announced their candidacy for the office of moderator, who is the supreme head of the 1,500,000 followers of the church in this country.

Merging of the assemblies of the Northern and Southern churches into a federal general assembly, as the first step toward unity of all denominations will be considered simultaneously at the sessions here and at those of the southern Presbyterian church in New Orleans.

Other issues will be up for probable definite action will include new measures with which to relieve unemployment among returning soldiers for which the churches has appropriated \$500,000, and bolshevism and its causes.

A service flag with nearly 4,000 gold stars, representing the number of members of the Presbyterian faith who lost their lives in the war will be displayed at the meeting, which will continue until May 23.

BARON SONNINO CONFERS WITH COL. HOUSE TODAY

(By Associated Press)
PARIS, May 12.—Baron Sonnino, the Italian foreign minister held a conference today with Colonel House of the American peace delegation. The conferees went over the Italian situation with a view to reaching a basis for adjustment before the Austrians arrived.

Wednesday's Daily

ONLY ONE SOLUTION, AND THAT WAR AGAIN, SAYS HUN

BERLIN, May 9.—There is only one immediate solution, and that is peace with Russia and the use of Bolshevik troops for Germany, Herr Geisberts, one of the German delegates to Versailles is quoted by the Neue Zeitung as declaring in reference to the peace terms submitted.

STORM SWEEPS OVER LOWER RIO GRANDE VALLEY

BROWNSVILLE, May 9.—Twenty one persons, including J. L. Vick and two sons were reported killed in a storm which swept the lower Rio Grande valley Wednesday night.

Most of those killed were Mexicans. Hundreds of small buildings were demolished, and much damage was done army camps throughout the country.

CONSPICACY TO INDUCE BRITISH TO MUTINY IS DISCOVERED

LONDON, May 9.—A conspiracy to induce British sailors to mutiny and soldiers to demobilize themselves by marching out of their barracks has been discovered, according to the Daily Mail.

ST. LOUIS FIRST DISTRICT TO GO OVER THE TOP

WASHINGTON, May 9.—The treasury department today officially recognized the claim of the St. Louis district of having exceeded its Victory Liberty Loan quota, with a subscription of \$195,104,000. The St. Louis district is the first to go over the top.

BELIEVED THAT GERMANY WILL ACCEPT PEACE TREATY

BERLIN, May 9.—Official circles learned probable terms of peace today and a lengthy session of the cabinet followed, at which action Germany is to take was discussed. It is considered in some quarters that Count von Brockdorff Rantzau would refuse to sign the treaty and resign, but the opinion in general is that Germany must accept as she is helpless.

FOUR KILLED IN CLASH WITH MEXICAN SMUGGLERS

LAREDO, May 9.—Charles Hopkins immigration inspector and three unidentified Mexicans were killed, and two persons injured, one probably fatally in a gun fight between American officers and Mexican smugglers near here last night.

DEPARTURE OF PLANS POSTPONED UNTIL TOMORROW

WASHINGTON, May 9.—The departure of the naval seaplanes NC-1 and the NC-2 from Halifax for Trepassey Bay on the second leg of the trans-Atlantic flight has been postponed until tomorrow, the navy department was advised at noon today. The planes will not start because of the renewal of four propellers.
