POLITICIAN SHRINKING VIOLETT COMPARED WITH PRIZE FIGHT MANAGERS

(By Associated Press) TOLEDO, Ohio, May 28.—The big town politician with his checkered vest, smoldering cheroot and fog-horn voice is a shrinking violet compared with some of the "champion directors" of candidates for referee of the Willard-Dempsey fight July 4.

The serious question of selecting a referee for the championship battle for the time overshadows all other issues. It has brought to the city a small army of campaigners who patrol the hotel lobbies and other places where ring followers gather and loudly extol the merits of their respective candidates.

"Say, I'm representing Honest John Hoosit, the world's greatest referee, and I want you boys to plug for him." is the way every conference of fight attaches is suddenly interrupted. The oration is continued until the audience fairly wilts under the verbal barrage.

Meanwhile, the conferences of experts have developed the unanimous opinion that the third man in the ring when the champion faces Dempsey in Tex Rickard's \$100,000 arena at Bayview Park should weigh at least 200 pounds. He should also be a six-footer, active on his feet. He should have years of experience in giving decisions, and after having met all physical qualifications should have the courage to give a just verdict: at the end of the twelve rounds in the event both men are on their feet.

Some ring experts point out that in previous battles Willard has shown that he is a past master in the art of "waiting his man out," holding back and being content with a small margin of victory. They say that the referee must be physically able to prevent this if the fight is to be made intensely interesting.

To retain the heavyweight title Willard must knock out the challenger or show sufficient aggressiveness to win the decision, and his followers declare that he will do this by changing his "out-waiting tactics" to a flashy offensive.

The champion probably will have fifty or sixty pounds the better of Dempsey in weight. He is expected to scale about 249 rindside, and Dempsey about 195.

The boxers themselves will agree upon a referee if possible, but in event of failure, Rickard will make the selection under authority granted by the agreement. He probably would not take such action until two weeks before the fight. While Rickard has been silent on the subject, it is known that he favors Bill Brown, a New York ring official of years of experience. There are also several referees of Pacific Coast fame entirely satisfactory to Rickard.

Jack Kearns, manager of the challenger, says he does not care who is chosen "so long as he knows his business and keeps the men pasting away at each other.

Virtually every referee of prominence has been mentioned, and many "dark horses" have been placed in dim spot-lights by their advance agents. The list of well known referees includes Matt Hinkel of Cleveland, who is popular with the boxing fraternity; Ollie Peard of Toledo; "Honest Dave" Fitzgerald, a former alderman and ring official of New Haven, Conn., and many others.

Do You Buy Or Sell Hay At \$40.00 Per Ton?

When paying 2 cents per pound for hay do you stop and think about those "little patches" of grass that you could have saved but which you DIDN'T SAVE?

Be a seller. It is more pleasant and profitable to sell hay at \$40.00 than it is to buy at the same price.

We want to sell you a mower and rake. We'll make money when we sell and you'll make money when you buy.

Let's get together on this important matter. It's money to you, it's profit to us—but it's mighty hard on the fellow who has been selling you hay at 2 cents per pound.

Next spring will you be buying or selling hay?

It's up to you.

AMERICAN SOLDIERS LOOKING FORWARD TO OPENING OF GAME SEASON IN FRANCE

(By Associated Press) WITH THE AMERICAN ARMY OF OCCUPATION, May 29.—American soldiers fond of wild game hunting are looking forward to July 1 when the season for duck, snipe, plover, wild swans, cranes and other swamp and bog game fowl begins. It was decided recently by Third army officers that the soldiers of the Army of Occupation should abide by the German regulations regarding wild game. The open season for birds of the summer will be the first opportunity of the summer for the Americans to try their hand at this kind of shooting.

But the American soldier will not be allowed to have the pleasure of eating the game even after he has had victory in the field. To prevent the soldiers from depleting the food supply of the country all meat obtained as the result of hunting by any army personnel will be turned over to the poor people of the locality in which the game was killed.

Some Of The War Activities Of The Ford Motor Company

Without going into particulars, the following items will give you some idea of the value the Ford Motor Company was to the Government of the United States in its call for the sinews of war:

More than 2,000,000 steel helmets.
Order for 5,000 12-cylinder Liberty Motors. Over 1,500 had been delivered when the armistice was signed, and we were just striking our producing capacity.

10,000 Caissons, mainly 105 mm. guns. Something over 8,000 delivered.
Order for 112 "Eagle" boats, 200 feet long, 25 feet beam. Something like 25 delivered, when the order was reduced to 62. The balance will be finished by the 1st of August.

More than 8,000 Trucks. More than 25,000 regular Ford cars. More than 6,000 ambulances.

400,000 cylinders for Liberty Motors. Because of the superiority of the work on this article, the government placed the order with the Ford Motor Company to make all the cylinders for all the Liberty Motors made in America. The original order was practically completed when the armistice was signed, and a new order for 300,000 had just been entered.

700,000 bearings for the Liberty Motor. Here again the Government recognized the superior quality of the bearings made by this company, and placed the order with us for all the bearings for all the Liberty Motors made in the United States. On this order over 400,000 bearings had been delivered.

700,000 cylinder forgings for Liberty motors. Once again the government recognized the superiority of Ford work, and placed orders with the Company for all the cylinder forgings for all the Liberty motors made in America. Over 400,000 had been delivered.

A large volume of experimental work was done in building three ton military tanks, and the government had just placed orders for 15,000 of the small, two man, military tanks, and 3,000 of the six ton, military tanks. Cancellation came before more than a dozen or so tanks had been delivered. But the foundations had been laid and the super-structure almost completed for an enormous building in which we intended making tanks alone. Of course, this building comes in mighty useful in the enlargement of our business.

Motion picture reels in behalf of Liberty Loans, Red Cross and Patriotic Fund work were made by the company and supplied to the government in sufficient quantities to serve the entire United States in motion picture. Motion picture reels in volumes sufficient to serve the armies of the United States in France, Italy and Palestine were furnished by the Motion Picture Department of the Ford Motor Company.

We also did more than \$1,000,000 of work in the production of special devices for the Naval Department of the British government.

We also furnished the government with 275 skilled mechanics for work in France. We also, through our chemical laboratory, cooperated with the manufacturers of gas masks for the United States army.

An average of 34,000 men and women were employed by the main factory at Highland Park; 6,800 men at the Ship Building Plant on the River Rouge; 4,000 men employed at the new blast furnace in course of construction on the Rouge; 250 men employed at the carburetor plant, or an average of 45,000 employees, practically on 100 percent government work, under a standard eight hour day and a minimum wage of \$5 a day.

ALLIES MAKE HUNS SOME CONCESSIONS

GERMAN NOTE FROM RANTZAU REGARDING ECONOMIC EFFECT MADE PUBLIC.

(By Associated Press.)
Concessions of some points of the peace treaty has been made to the Germans by the Paris peace conference. Slight modifications are made in the terms of the Saar valley award, and terms regarding reparation.

The question of the future administration of Turkey is taking much time and the powers appear to desire that the United States assume the position as its mandatory. President Wilson has been advised by former Ambassador Morgan-Thautan that the administration of Constantinople, Anatolia and Armenia should be combined in the hands of a single power.

A German note from von Brockdorff Rantzau regarding economic effect of the peace treaty made public today says that by the diminution here of products and economic depression caused by the loss of colonies and the merchant fleet of Germany will be unable to import sufficient quantity of raw material, condemning an enormous part of German industry to destruction. The possibility of agricultural production would decrease and Germany will soon be unable to give bread and work to the numerous millions of her inhabitants.

Germany's economic status under the terms of the peace treaty is the result of her own behaviour, particularly through ruthless submarine warfare, the Allies informed Count von Brockdorff Rantzau in answer to his note on economic questions today.

The Allied answer points out that the German plea is exaggerated and ignores the fundamental considerations which led to the imposition of the terms.

SUFFERED WITH RHEUMATISM CATARRH AND STOMACH TROUBLE

"I think 'Number 40 For the Blood' as a blood purifier has no equal. When I began to take 'Number 40' I was in very poor health as I had rheumatism, Catarrh, Stomach Trouble, Lead Poisoning, and an Itch that I had tried almost every known remedy to relieve. I have taken six bottles of 'Number 40' and am on a fast road to recovery. I owe my life to it, as I used to weigh 127 pounds, and now weigh 148, my usual weight. I could write more but this should be enough to convince the most skeptical, and you are at liberty to use this letter anyway you desire." Geo. Klinker, Lima, Ohio.

The ingredients in "Number 40 For the Blood," are set down in the U. S. Dispensary and other reliable medical books as follows: "Employed in diseases of the glandular system, in blood-poison, constipation, stomach and liver troubles, chronic rheumatism, catarrh, sores, ulcers, skin eruptions, mercurial and lead poisoning. Under its use nodes, tumors, scrofulous swellings that have withstood all other treatment disappear as if by magic." Prepared by J. C. Mendenhall, Evansville, Ind., 40 years a druggist. CONSCIENTIOUS OBJECTORS BEING RELEASED LARGE NUMBERS

(By Associated Press.)
LONDON, May 23.—Conscientious objectors in increasing numbers are being released from English prisons but there are still about 500 Quakers and other objectors to military service who are working out hard-labor sentences.

More than 450 have been set free since April 8 when a War office measure governing the release of objectors became effective. The order applies only to those who have served sentences aggregating in length two or more years. Among those given their liberty this month were Fenner Brockway, formerly editor of the Labor Leader; Walter Ayles of Bristol, a member of the executive committee of the Independent labor party, and other leaders of the "no-conscription movement."

Altogether 6,135 men have resisted the British military service acts and 5,596 of them have been court-martialed. Since the armistice 240 men have been tried by military courts. Sixty-three objectors have died since being arrested, nine while in prison.

From the beginning of conscription there has been considerable agitation in the press and elsewhere against the measures taken to punish conscientious objectors. With the signing of the armistice the friends and supporters of the "C. O.'s" as the conscientious objectors are referred to in English newspapers, became unusually active, and their efforts to persuade the government to release the prisoners have been unflagging.

About Rheumatism.
Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that there is a remedy that will afford quick relief and make rest and sleep possible. It is called Chamberlain's Liniment.

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.

666 has more imitations than any other Chill and Fever Tonic on the market, but no one wants imitations. They are dangerous things in the medicine line.

Rub-My-Tism is a great pain killer. It relieves pain and soreness caused by Rheumatism, Neuralgia, sprains, etc.

MUCH BUSINESS FOR PEACE CONFERENCE

PARIS, May 24.—The American delegation has prepared a memorandum showing the status of affairs before the peace conference on the conclusion of the Austrian treaty, which discloses a formidable amount of business still to be transacted beside the Turkish and Bulgarian treaties, covering a whole range of interallied subjects.

The note leaves no doubt but that the conference will continue for a considerable time after the treaties are signed and Wilson has departed.

It is expected that the other American members will remain to consider the unfinished matters.

NOT AN AD—READ.

The S. A. is asking our assistance. When our boys needed help the Salvation Army was one of the first to go and they didn't fear danger so long as they could help our boys.

Now that they are asking for funds let us not be slack in our giving.

This county is asking for 15 cents per capita. That means at least \$600 or \$700 for Nacogdoches. Let us not fall short of that. Nova Scotia raised \$3.25 per capita. We need not ask you how "our boys" regard them—we know.

This appeal is for Home Service in the Southwest. For buildings, furnishings, etc., such as orphan homes, old people's homes, hotels for working men and poor working girls, rescue homes, memorials for soldier boys, rest rooms for country people day nurseries and slum work. Their work is so extensive in scope it would take too much time to write it up. Rest assured that what you give the Salvation Army will be spent judiciously. Every dollar given will lessen crime and so lessen taxes. Think of what only the money side. This work is primarily spiritual, but they feed and clothe the destitute then try to reach his soul. Read Matt. 25 35-36, the "Inasmuch" verses:

A committee of returned soldier boys will call upon the business men and one of the young ladies will solicit residence positions. Let's give to the best of our ability. These committees will see you some time between the 31st of May and the 3rd of June. Write them a check to Mr. Wood. You'll give more that way. Don't give just 15 cents.

MRS. M. W. P'POOL.

TO AVOID AND RELIEVE INFLUENZA

By Dr. Franklin Duane.

Many people have been frightened by what they have read or heard of influenza. The more you fear the disease, the surer you are to get it. Go right about your business and forget it. As the disease is spread principally by contact through sneezing, coughing or spitting, many health authorities have advised that everyone wear a gauze, which is daily washed and saturated with a one to five hundred solution of zinc sulphate in water, and then dried before wearing over the nose and mouth. You should avoid crowds, common drinking cups and public towels. Keep your strength up by taking lots of exercise in the open air and plenty of nourishing food.

If you have any of such symptoms as chilliness, nasal obstructions, flushed face, headaches, feverishness, restlessness, weakness, or irritating cough, give up work at once and go to bed. This will save your strength to help overcome the disease. Put your feet in hot water for fifteen minutes. Thoroughly loosen the bowels with some mild and non-irritating physic as Dr. Pierce's Pleasant Pellets. Drink principally of hot lemonade and then cover up with plenty of clothes in bed so as to get a good sweat. When sweating is free and the fever reduced take a dose of two Anuric Tablets every four hours, followed by drinking at least a glass or two of hot water. Anuric Tablets help quickly to relieve the soreness of the muscles and bones from which most patients complain and help the kidneys flush out the poisons.

To relieve nasal obstructions and excessive discharge from the nose, probably nothing is better than such a mild, soothing, antiseptic wash as Dr. Sage's Catarrh Remedy. It will give great relief. Employed as a gargle, in same strength as made up for use in the nose, and as hot as can be borne, it quickly arrests soreness and dryness in the throat.

Influenza weakens the patient's resistance to disease, so that there is danger of bronchitis and pneumonia developing. To combat this tendency and fortify the patient's strength, insist that he keep in bed at least two days. Probably nothing will at this stage hasten the recovery and strengthen the patient more than an iron tonic, tablet called "Ironic" or that well-known herbal tonic, Dr. Pierce's Golden Medical Discovery, which has been used by thousands in the past two generations.

NC 4 STARTED FOR LISBON TODAY

(By Associated Press.)
PONTA DELGADO, May 27.—The American seaplane NC-4 started for Lisbon, Portugal at 10:18 o'clock this morning, Greenwich time. The weather is clear. The seaplane made the first lap of the trip flying at the rate of 65 knots an hour, passing station 1 at 11:13.

CAN'T DO THE WORK.

It's too much to try to work every day against a constant dull backache or sudden darting pain in the small of the back. Be rid of it. Try Doan's Kidney Pills. Your neighbors recommend them.

Mrs. H. M. Reid, 412 S. Aorth St., Nacogdoches, says: "I recommended Doan's Kidney Pills before and am pleased to again say a good word for them. Backache hindered me at my work and the pain was so intense it kept me awake at nights. My kidneys acted irregularly, too. I tried many medicines but got no relief until I took Doan's Kidney Pills, procured at Mast's Drug Store. They gave me the desired results."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Reid had. Foster-Milburn Co., Buffalo, N. Y.

GERMAN PROPOSALS COMPLETED TONIGHT

(By Associated Press.)
Germany's counter proposals to the peace terms will be completed tonight and be presented to the peace conference by Count Rantzau, chief of the German peace mission tomorrow, according to Paris advices. It is expected that the reply will be very elaborate and voluminous.

The fact that the peace conference has been informed by the German delegation that on further extension of time will be asked would seem to indicate that the documents to be turned over tomorrow will be Germany's last word before taking a definite attitude toward the terms of peace. Dispatches seem to reflect quite sharp division among the Germans as to whether the treaty should be signed.

OUTLAWED CATALOGUE OF UNIVERSITY CONTAINS NAMES PROMINENT MEN

(By Associated Press.)
AUSTIN, May 23.—An outlawed catalogue of the University of Texas is the property of a member of the faculty of the University. The catalogue was printed in 1884 and through some one's error was published without its proof sheets being properly corrected. It was so full of errors that an effort was made to destroy all copies but a few were retained as curiosities. In the list of students are named Albert Burlison, postmaster general, T. W. Gregory, former attorney general of the United States and Frank Feuille, attorney general of Panama.

HAWKER ARRIVES IN EDINBURGH

(By Associated Press.)
EDINBURGH, May 27.—Hray G. Hawker and Lieut. Commander Mackenzie Grieve, who were rescued by the Dan's ship Mary, after the airplane in which they were attempting to cross the Atlantic alighted in mid ocean, arrived here today on their way to London from Thursok. They were seized by crowds as they alighted from the train, and borne on the shoulders of the crowd to the hotel where they had breakfast. They were cheered heartily as the train left the station.

LONDON, May 27.—In relating his experiences in the flight from New Foundland in an attempt to reach the Irish coast Hawker said in part that the failure of water circulation caused engine trouble, and that after flying several hours, discovering it useless to attempt to reach shore he turned toward the Transatlantic steamer route, where the Danish steamer Mary was sighted. "He alighted two miles ahead of the steamer and half an hour later was taken aboard."

WEEKLY SENTINEL
WALTON & GIBBS, PUBLISHERS

AN OCEANIC WAY STATION.

Although an American naval sea plane has made the flight successfully from this side the Atlantic to Ponta Delgado, a real estate and trade boom in the Azores would be premature, for there is no certainty that Transatlantic flyers.

If flying to Europe becomes common and the Southern route should be much used, the Azores would become an important aviation center, and a great fuel and supply station.

The carrying of fuel is one of the greatest problems of long distance flights, just as it was the big problem of the early steamships. The Savannah, the first steamer to cross the Atlantic, burned pine under her boilers and her captain used sails during part of the voyage in order to conserve his fuel supply.

As long as providing space for fuel is a problem of the airplane in long distance flights the Azores will be a confucity has been removed, it is reasonable to expect that the thought flights from America will become the usual thing, and the rapid evolution of the airplane leaves little doubt but that the fuel problem will soon be solved, as it was in the case of the steamship.

Fuel for a modern steamship occupies comparatively little space for a Transatlantic voyage, and coaling stations along the route are not necessary. The seaplanes used in the flight to the Azores last week each carried about 13,000 pounds of fuel. If a plane can carry that much, it can soon be arranged to carry much more, or enough to easily carry it straight through to the European mainland.

The Azores are so mountainous that they are not suitable for extensive airplane stations and few good landing fields are available. The Azores will always be a way station on the Southern route, but the Transatlantic "liners" of the future will make the nonstop trip by the more direct northern route.

MUCH TRAVEL.

Notwithstanding he has a hotel with some forty rooms "mine host" Dunlap of the Redland says that many nights he has more guests than he can accommodate, and that his house is full all the time.

This is the most substantial indication of the business and industrial activity the country is enjoying at the present time, and is quite a different aspect to that prevailing at this time last year and the year before when our principal business was to "lick" the kaiser and restore peace to a world on fire with militarism. The wholesale houses are now reaching out for all the business they can get, in which they are supplying a great army of drummers; the local merchants are reaching out with corresponding activity, the industries are running on full time, and the farmers are working early and late, all combining to promote the greatest era of prosperity the "new world" has ever known, and that man who is not busy now is an "industrial slacker" who will be run over with the procession.

As in and after previous wars the world is no doubt destined to witness great advancement along industrial and scientific lines of progress—after Bolshevism and the other forms of social and moral diseases are stamped out. This progress has already shown itself in many ways, proving a silver lining to the dark cloud we have just passed through. As long as the earth lasts the law of equilibrium sustains the fact that there is always good and always bad, and none of us can be free from either. Few of us regard this fact, or even care about the good or bad qualities very much, seeming to attach more importance to position. The war has served to give this latter class a jolt and cause the mothers and fathers of the lads whose bodies feed the poppies of Europe's battlefields to think deeper and come to a greater realization of life. With this sobering up the forces of the nation and the world will no doubt cleave to useful channels and no doubt bring an enormous rate of progress in the next few years.

Agitation has arisen to prevent farmers in a certain state from growing cotton for a year in order to get rid of the boll weevil and thereby avoid the great loss through this source. If a law of this sort were put into effect in Texas, this section of the glorious old state would produce a crop of Bolshevists.

A record flight was made by the American seaplanes in their flight to the Azores. There seems no doubt but what the planes will successfully cross the Atlantic and thereby gain the honor that England so earnestly desired.

Reports are being circulated in Berlin to the effect that women and children are being ground into sausage meat, and many of the people of Berlin, half demented from malnutrition, are believing the reports, necessitating detailing extra numbers of police to prevent riots. This is indeed a sad state of affairs for a civilized nation to come to. If the Germans have come to this they may sign the peace treaty or they may not—who can tell what will come next?

A former shoemaker of Luling has been awarded \$50,000 for having been tarred and feathered for alleged unpatriotic utterances. Does the courts want us all to become pro-Germans? Rusk county gave a 10 to 1 vote in favor of the \$800,000 good roads bond election issue Saturday. The people of Nacogdoches county should not forget that this county will vote on an issue of like amount on the 27th of this month, and it is hoped a like majority will be registered.

Quite a number of new residence houses are going up in the city now and we are almost led to believe that it will soon be possible for a newcomer to secure a home to live in in this city. Nacogdoches is naturally a beautiful site, nestling between the LaNana and the Banita, with its profuse shade, combined with its rich redland, and abundance of rainfall, and why it has remained a comparatively small town for more than a hundred years is a mystery to us.

Paderewski has tendered his resignation as premier of Poland. Perhaps the esteemed pianist finds it easier to reach the heartstrings of the American public through the musical instrument than the citizens of his native land through appeals to reason.

The Australian aviator, Harry Hawker, who left St. Johns, Newfoundland Sunday afternoon in an effort to fly straight across the Atlantic to Ireland, fell into the sea within forty miles of his goal. The young man displayed great nerve in attempting the flight, and deserved better fate.

The Sour Lake Signal announces that it will "give over the third page to the Ham-Ramsey revival next week." "Conversion" on the installment plan is better than no conversion at all, and it is encouraging to note that the contemporary is on the way.

The NC-4, the United States naval seaplane, left the Azores islands this morning for Lisbon, Portugal, and doubtless has arrived at its destination ere this time. This flight opens up a new field of opportunity for the inventive minds, and in the near future it is likely that airships crossing the Atlantic will be quite as common as steamships.

Aviator Hawker, who attempted to fly across the Atlantic Ocean in an airplane, who fell into the sea and was rescued by a ship, has arrived in England is receiving the congratulations of the multitude. Hawker has proved his nerve, and the citizens of nativity have a right to be proud of him.

After having fell down on the last Liberty Loan campaign, Nacogdoches county would add another slur to her reputation today if she should fail to vote the good roads bond issue which is being held.

Get onto the traffic laws; it will pay you in the end.—Lufkin News.

The latest thing is the "army" worm. If he serves under the German or Bolshevist flag, down with him!

How did you like the good roads propaganda that covered the city this morning—the rain, we mean. Seems like it was made to order.

"BACK US UP NOW"

IS APPEAL OF THIRTY-TWO TEXAS METHODIST MISSIONARIES IN MESSAGE TO 400,000 TEXAS METHODISTS

GREET TEXAS FROM ABROAD

"Back us up" is the soul-stirring appeal of thirty-two Texas missionaries now in seven foreign lands to the 400,000 Methodists of Texas on the eve of their great campaign in connection with the Texas drive for more than \$5,000,000 as a thank-offering for the centennial of Methodist Missions.

Texas is called upon to raise one-seventh of the total amount, \$35,000,000, which will be collected in eight days, beginning May 18, and Texas Methodists have a special reason for doing their part, because so many heroic Texans have manned the outposts of Methodist missions as doctors, nurses, teachers and evangelists.

Go where you will in Africa, China, Japan, Korea, Cuba, Brazil, and Mexico, not to mention the hundreds of stations among the foreigners now in America, and there you will find the Texas missionary rebuilding the world's civilization for the Christ of America.

Here is a partial list of these. Look them over.

Miss Kathron Wilson, Dallas, Tex., trained nurse, Wembo, Niama, Africa.
Miss Charlie Holland, Moscow, Tex., teacher in Lambuth Memorial Training School for Bible Women, Kobe, Japan.

Miss Mary La Mar, Houston, Tex., teacher in Collegio Americano, Petropolis, Brazil.

Miss Rachel Jarrett, Red Water, Tex., teacher in Collegio Americano, Brazil.

Miss Lydia Ferguson, Belton, Tex., teacher, Collegio Americano, Brazil.
Miss Maud Mathis, Arp, Tex., teacher in Collegio Isabella Hendrix, Brazil.

Miss Mary Sue Brown, Gatesville, Tex., teacher in Collegio Piracucaba, Brazil.

Miss Lela M. Putnam, Albany, Tex., teacher, Bel'o Horizonte, Brazil.
Miss Lelia Roberts, Bonham, Tex., principal of Methodist Normal School, Saltillo, Mexico.

Miss Lizzie Stradley, Central Texas Conference, principal of Collegio Piracucaba, Brazil.

Carey E. Touchstone, Merkel, Tex., evangelist in Soochow, China.

Sid R. Anderson, Rising Star, Tex., presiding elder, Sungkiang, China.

James S. Oxford, Turnersville, Tex., principal of Palmore Institute, Kobe, Japan.

Charles A. Long, Anson, Cherokee County, Tex., president of Granbery College, Juiz de Fora, Brazil.

Perhaps you know some of them. They send you in Texas their greetings and ask you to remember them in prayer and alms. Their names, native Texas home and where they are, follows:

Miss Mary A. Tarrant, Galveston, Tex., supervisor of woman's evangelistic work and day schools at Huchow, China.

Miss Maggie J. Rogers, Marlin, Tex., head resident of Maria L. Gibson Settlement, Soochow, China.

Miss Mittie Shelton, Stamford, Tex., teacher in Virginia High School at Huchow, China.

Miss Sue Stanford, Waco, Tex., school teacher at Huchow, China.

Miss Laura V. Edwards, Hereford, Tex., supervisor of evangelistic work in Songdo, Korea.

Miss Agnes Elise Graham, Comanche, Tex., supervisor of evangelism among women, Wonsan, Korea.

Miss Edith Park, Galveston, Tex., normal school teacher, Saltillo, Mex.
Miss Virginia Booth, San Marcos, Tex., teacher in Collegio Palmore, Chihuahua, Mexico.

Miss Ethel McCaughan, Corpus Christi, domestic science teacher in Collegio Palmore, Mexico.

Miss Norwood Wynn, Dallas, Tex., evangelist and social service worker, in Chihuahua, Mexico.

Miss Annie Churchill, Uvalde, Tex., teacher, Collegio, Eliza Newman, Cuba.

Miss Rebecca Toland, Beeville, Tex., principal of Irene Toland School, Matanzas, Cuba.

Miss Etta Lee Woolsey, Bay City, Tex., teacher in Girls' School, Wembo Niama, Africa.

J. W. Daniel, Cotilla, Tex., supported as an evangelist in Passo Fundo, Brazil, by students of University of Texas.

B. O. Hill, Hill's Prairie, Bastrop County, Tex., president of Pinson College, Camaguey, Cuba.

J. F. Caperton, Itasca, Tex., evangelist to Cubans and American soldiers at Santiago de Cuba.

L. H. Robinson, Ramirens, Live Oak County, Tex., teacher in Candler College, Havana, Cuba.

F. S. Onderdonk, Mission Valley, Victoria County, Tex., general superintendent of Texas Mexican Mission with headquarters at San Antonio, Tex.; formerly missionary to Mexico.

Walden's Summer School

Opens Monday, June 2nd

IT GETS YOU READY BY SEPTEMBER

Saves half the usual cost, gives the most thorough training, and places you in a desirable position. One hundred dollars pays board, tuition, books and stationery, or \$40 without board, gives you a complete Shorthand or Business course, all necessary branches, everything for thirteen weeks.

READ WHAT OTHERS SAY

"I mastered Shorthand under L. R. Walden, in nine weeks—secured a desirable position, and gave satisfaction. He is the finest teacher I ever knew."—Nora Barrow, Eagle Lake, Texas.

"Three months under L. R. Walden is worth more to the pupil—than six or eight months in other business colleges. I completed the combined business and shorthand course in three months and gave satisfaction as a stenographer and bookkeeper."—J. W. Reames, Houston, Texas.

METHODS ARE UNEXCELLED.

"L. R. Walden's methods and courses are unexcelled. They are different. You can master both the shorthand and business course under him in half the time it would take in other schools. I took a course under him after graduating from one of the largest commercial colleges in the state, hence I speak from experience."—Henry J. Koenig, Cuero, Texas.

PUPILS ARE MAKING GOOD.

"One of my sons learned more in eight weeks in Walden's Nacogdoches Business College than another son learned in several months in another

school. It's the best thing that ever came to our city." "She pupils of this school are making good." "Some have gone to Dallas, Houston, Oklahoma, Louisiana and other cities and states." "Many are filling positions in this city."

HE HAS NO SUPERIOR

A leading citizen of Austin in speaking of Walden's pupils, said: "Everyone of his graduates is in a desirable position. He gives them the training that makes them successful." "He has no superior in his line." "Many of his pupils accept positions in eight, ten and twelve weeks." "I know a brother and a sister each of whom mastered shorthand in eight weeks, accepted positions and gave satisfaction. They are now earning \$1200.00 a year, each of them. If you can say, 'Walden trained me,' you have the best endorsement."

SAVES HALF THE COST.

If you want to save half the usual time and cost of a business or shorthand course; if you want to get the best courses and the most helpful instruction; if you wish to prepare for and secure a desirable and money-making position—then you should take advantage of Walden's Summer School, intensive training, and reduced rates.

A THOUSAND ENDORSEMENTS LIKE THIS COULD BE GIVEN

Nacogdoches, Texas, Aug. 13, 1988.

I commend to the general public or to anyone contemplating taking a stenographic or business course, or the two combined, L. R. Walden and Walden's Business College. Under Walden's superior Methods of training I finished a shorthand course in twelve weeks and secured a desirable position; spending only four hours a day in the school room. Could I have given my entire time to the study, I feel sure that I could have finished in eight or ten weeks. While the above is true, I am confident if the pupil desires, he could spend a year with Mr. Walden and receive benefit for all the time given. No one will, in my opinion, ever regret the time or money invested in his school if they follow his instruction.

Very truly yours,
(Signed) Mrs. Chas. Lum.

PROMINENT TEXANS SUPPORT METHODIST CENTENARY DRIVE

ON EVE OF GREAT CAMPAIGN FOR \$35,000,000 THEY MAKE SNAPPY STATEMENTS TO TEXAS METHODISTS

CAMPAIGN IS ON MAY 18-25

More than 400,000 Texas Methodists are to be asked to contribute more than \$5,000,000 towards the \$35,000,000 thank-offering of the Southern Methodist Church, which is now celebrating the centennial of its missionary activities.

Texas Methodism has been organized down to the last man, and Texas will probably give more like \$8,000,000 before the eight-day drive concludes on May 25.

On the eve of the great drive, the greatest ever undertaken by any church since the days of Christ, prominent business men of Texas, widely known as leading Methodist laymen also have given out snappy interviews forecasting state-wide victory.

R. M. Kelly, successful manufacturer of Longview, president of the Kelly Plow Company, said:

"The Centenary idea is influencing our whole people and slowly, but surely transforming the Methodism of Texas. No such spirit ever gripped this section, and no such results ever followed any church activities."

"Our business men are impressed with the fact of a preliminary world survey, and a detailed and rational estimate of just what the world needs, and exactly what the work will cost. They join the church authorities in the belief that this work is now imperative."

Judge G. W. Barcus of Waco said: "The Centenary Movement appeals to all classes and the program is one that commands the attention of the business world. The entire Methodist Church in Texas, as elsewhere, is lining up as one man. Texas Methodists never fail to do their duty either by their country or their church."

Dr. W. H. Bruce, Osteopathic Physician, Redland Hotel. 17

SERGEANT EDWARDS.

Sergeant Edward Edwards, escaped war-prisoner, survivor of the original Princess Patricia of Canada; hero of the "Englander Schwein" in the Saturday Evening Post, and "The Escape of a Princess Pat" (Doran & Company) will appear in person at the local Chautauqua on the third afternoon. He will tell how his famous regiment was wiped out; how he was captured by the Germans, of his experiences in the German prison camps; how he and his companion made a daring escape. Sergeant Edwards is one of the most talked-about men whose war experiences have been published. He has received the widest publicity in the newspapers and magazines, and everywhere he speaks, whether on Chautauqua, Liberty Loan or other speaking tours he is greeted by great crowds.

UNCLE SAM IS NOW FULLY CERTIFIED SCHOOL MASTER

PARIS, May 29.—Uncle Sam is now a fully certified schoolmaster with about 200,000 khaki-clad pupils. This is the result of the establishment of the Educational Corps of the United States army to provide training for vocations and academic instruction for young men in the army.

The Educational Corps is under the direction of Brigadier General Robert I. Rees, who militarized the American colleges last fall. Under him is an executive commission of three educators, Dr. Frank E. Spaulding, Superintendent of Schools in Cleveland; Dr. John Erskine, Professor of English at Columbia; and Dr. Kenyon L. Butterfield, President of the Massachusetts Agricultural College. In all about 7,500 instructors, including a

number of men of high standing in American education, are teaching the American soldiers the way to progress. Everything from a, b, c to university subjects and from stenography to engineering is included within the curriculum of this great and unique college.

The army schools were in full operation by January, equipped with 7,500 worth of books specially ordered from America and provided in part by the American Library Association. But there has been a shortage of books and often one book has had to serve for a whole class.

NACOGDOCHES GIRL MAKES RECORD IN HOUSTON NORMAL

Following is a social notice, together with an article on normal activities taken from the Houston Post, in which mention is made of Miss Pauline Josey, a daughter of Mr. and Mrs. Addie Josey, formerly of this city.
"Miss Pauline Josey, daughter of Mrs. Addie Josey, won the loving cup given for the story telling and declamation contest in the literary societies of the Sam Houston normal."

HUNTSVILLE, May 22.—On Friday evening, May 30, will be presented the senior class play at the S. H. N. I. and this event is one of the premier occasions of commencement week. This year an innovation is made in the selection of the play and instead of an original production written by some of the seniors, as is usually the case, a detective drama, "Under Cover," has been chosen.

Miss Barriet F. Smith, a member of the faculty, and who has specialized in this line of work, has charge of training the crew, which is an unusually strong coterie of graduates, with Miss Pauline Josey as leading lady.

It will be staged in the big auditorium of the normal and with elaborate effects and costumes. The funds will be used to complete the Greek amphitheatre, a structure copied after an old-world out-of-door theatre, in which the student body present classic plays. This was commenced several years ago by the graduating class and has been added to by other classes until it is as nearly perfect as skill and taste can make it. But another seating plan is being arranged, and this class will take up that as a gift to their alma mater. A large crowd is expected from the nearby towns and the country.

TO AUTOMOBILE OWNERS.

We desire to again call your attention to the laws with reference to automobile traffic, and respectfully ask that you obey the same. We have gone to the expense of getting a stop watch and expect to watch the speed of all violators, as well as all others, in the future, and whether we can sustain a case in court or not, whenever we see a violation in the future, there will be a complaint filed and a trial in the courts. This applies to the glaring lights, as well as to the speed. Keep this in mind at all times.
Yours respectfully,
L. G. King, County Attorney, C. C.

Many Prominent Texas People Indorse Tanlac

List Includes Sheriffs, Professional and Business Men, Ministers of the Gospel and Others—Wonderful Results are Obtained by the Use of the "Master Medicine"—People Everywhere Praising Tanlac for the Good it Has Done Them.

That Texas is enthusiastic for Tanlac is shown by the large number of leading citizens of the State who have come out with unqualified endorsements of the wonderful medicine. Hundreds of thousands of people all over Texas are taking it and are unanimous in their praise for the wonderful results they have obtained through its use. County officials, as well as ministers of various denominations and others occupying positions of trust and confidence, both in the public and civic life of Texas, are among those who have obtained relief from their troubles through the use of Tanlac, and who gladly recommend it to their friends.

Following are a few of the hundreds of testimonials, given by Texas people of prominence, which have been received at the Tanlac office within the past few months.

Hon. Archie R. Anderson of Houston, Ex-Sheriff of Harris county is one of the best known and most popular men in the State. For twelve years deputy sheriff of Harris county, he was then elected Chief of police of Houston and, shortly thereafter was elected Sheriff of Harris county, and re-elected to this office seven times, which position he held for fifteen consecutive years, when he voluntarily retired to private life, having held public office in the State for twenty-seven years. He is a leading citizen of Houston and a large property owner of that city. Says Mr. Anderson:

"Money couldn't buy the good Tanlac has done me. I was in a badly run-down condition, suffered terribly from indigestion, would bloat up with gas soon after eating and was so miserable that I never felt like getting up in the morning. I suffered with neuralgia and was in a dreadful fix for four years. Since starting on Tanlac I am like a different person altogether. I sleep like a log, eat anything I want without suffering pain or inconvenience afterwards, and I never feel better in my life than I do now."

Judge and Confederate Veteran. Judge G. W. Kyser, of 1204 West Ninth Street, Austin, a well-known Confederate veteran who occupied the bench in Caldwell county for twenty years and later, was Commissioner of Pensions under Gov. Colquitt, says:

"I suffered for years with rheumatic pains and constipation and got so I could hardly sleep. I had no energy and had terrible headaches. A few bottles of Tanlac put me in better shape than I have been in years. I eat heartily, sleep well, my rheumatic pains are all gone and I feel more active and energetic than I have in a long time."

Sheriff of Ector County. Hon. S. A. Kelley, Sheriff and Tax Collector of Ector county, and living at Odessa, says: "I had no appetite, was run down, had rheumatism, my back ached and my kidneys were out of order. Tanlac has done me a world of good in every way, and since taking it I feel more active and energetic than I have in a long time."

Deputy Sheriff of Buxar County. Joe Chadwick, 125 Kremphan street, San Antonio, former Deputy Sheriff of Buxar county, says:

"My wife suffered for ten years from a disordered stomach. Gas caused her heart to palpitate, she suffered awful pains and would get so nauseated that she couldn't retain what she had eaten. She began to improve as soon as she started on Tanlac, she is stronger and has more life and energy than before and says she feels more like working now than she has in a long time."

Fort Worth Alderman. Robert T. Kelley, of Fort Worth, a well-known former alderman and for three years in charge of the county farm of Falls county, says:

"Eleven years ago I was a well and healthy man, then something went wrong. I lost my appetite and fell off in weight. My nerves were 'battered,' my whole body was racked with pain

and I took to my bed, where I lay for several months almost helpless. I decided to try Tanlac and before I had finished my first bottle the pain began to leave me and as I kept it up I improved steadily, gaining twenty pounds in weight and now feel in better shape than I have in many years."

Pastor Baptist Church. Rev. R. J. Taylor, pastor of the Baptist Church at Franklin, Robertson county, says:

"My stomach was all out of order and I suffered with such severe headaches that I could hardly sleep. I had no appetite and would feel so weak and dizzy that I would almost collapse. My improvement since starting on Tanlac has been wonderful; I have already gained several pounds and can do my work now without tiring as I did before."

Methodist Minister. Rev. James Hamilton, of Dallas, a retired Methodist minister and former missionary in Brazil, says:

"After spending several years in Brazil my health broke down and I was compelled to give up my work. I came to Dallas eight years ago a complete nervous and physical wreck. I took several bottles of Tanlac and my health has been fully restored; I have gained considerably in weight and have a better appetite and digestion than I have had in seventeen years."

Austin Real Estate Man. G. F. Hamilton, a well-known real estate man of Austin, says: "I suffered for eight or nine years from rheumatic pains and sciatica, and was also troubled with catarrh. My nerves were in an awful fix and I was badly run-down in every way. Tanlac has done me more good than anything I ever took and has made me feel more like my old self again; I want to be stirring and moving about all the time."

Other Well-Known People. Among other prominent persons who gladly indorse Tanlac are Hon. Charles I. Lewis, Marion, Ark., Ex-Sheriff of Crittenden County, Ark., Hon. J. D. Patton, Cabot, Ark., former Deputy Sheriff of Rains County, Tex., and more recently holding the same office in Muskogee county, Ok., Hon. Benjamin F. Whittington, Judge of the Halsion Court, South Omaha, Neb.; Hon. C. W. Mangum, At-Large, Ga.; James Taylor, Peoria, Ill.; Special Investigator of Mines and Minerals for State of Illinois; E. J. Henry, President of the Hawkinsville Bank & Trust Co., Hawkinsville, Ga.; W. C. McElveen, Cashier Bank of Hornbeck, La.; S. D. Rogers, Secretary and Treasurer Southern United Sales Co., Oklahoma City, Okla.; Rev. A. J. Vallery, well-known minister and social worker of Memphis, Tenn.; Mrs. Martha Stone, noted temperance lecturer, Seattle Wash.; Mme. Jean Mantelli, Portland, Ore.; celebrated opera singer, late of the Metropolitan Opera Co., of New York, and many others too numerous to mention.

Tanlac is sold in Nacogdoches by Stripling, Haselwood & Co., and Swift Bros. & Smith.

SUFFERED WITH RHEUMATISM CATARRH AND STOMACH TROUBLE.
"I think 'Number 40 For the Blood' as a blood purifier has no equal. When I began to take 'Number 40' I was in very poor health as I had rheumatism, Catarrh, Stomach Trouble, Lead Poisoning, and an Itch that I had tried almost every known remedy to relieve. I have taken six bottles of 'Number 40' and am on a fast road to recovery. I owe my life to it, as I used to weigh 127 pounds, and now weigh 148, my usual weight. I could write more but this should be enough to convince the most skeptical, and you are at liberty to use this letter anyway you desire." Geo. Klinker, Lima, Ohio.

The ingredients in "Number 40 For the Blood," are set down in the U. S. Dispensary and other reliable medical books as follows: "Employed in diseases of the glandular system, in blood poison, constipation, stomach and liver troubles, chronic rheumatism, catarrh, sores, ulcers, skin eruptions, mercurial and lead poisoning. Under its use nodes, tumors, scrofulous swellings that have withstood all other treatment disappear as if by magic." Prepared by J. C. Mendenhall, Evansville, Ind., 40 years a druggist. Sold by Stripling, Haselwood & Co.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair gets soft, fluffy and beautiful—Get a small bottle of Danderine.

If you care for heavy hair that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast. Surely get a small bottle of Knowlton's Danderine from any drug store and just try it.

POSTPONE SUFFRAGE ACTION TOMORROW

(By Associated Press)
 WASHINGTON, May 26.—Efforts to expedite the vote in the senate today on the woman suffrage constitutional resolution were defeated by parliamentary tactics. Opponents of the measure succeeded after two hours in postponing all action until tomorrow.

Representative Madden, of Illinois republican, recently returned from Europe stated in an address to the house today that he was more convinced than ever that the United States should stand aloof from entangling alliances abroad.

OIL COMPANY BEING ORGANIZED TO DRILL IN WEST COLUMBIA

Mr. J. M. Potts, who has been employed with the Frost-Johnson mill of this city, has organized what is styled the People's Oil and Gas Co., to exploit some land that Mr. Potts has in the West Columbia field.

Mr. Potts bought this land some years ago, for a fruit farm, and since that time the big field, with several big gushers, have been brought in.

The company is to be capitalized at \$30,000, and the stock offered for sale at \$10 a share.

OHIO'S REMAINING SALOONS SANG SWAN SONG TODAY

(By Associated Press)
 COLUMBUS, O., May 26.—Ohio's few remaining saloons and wine rooms sang their swan songs today and prepared for the beginning of the state-wide prohibition tomorrow.

Most of the state's saloons closed Saturday night, the end of the state license year, to avoid paying the \$300 or more necessary to reopen for one day before the constitutional amendment, adopted last November, becomes effective. The larger saloons and big hotel bars, however, renewed their licenses and prepared to remain open until midnight, the last minute of their legal life.

One of the saloons remaining open today was the Sam Ungerleider bar at Bridgeport, Ohio, which employs seventy-seven bartenders and clerks, and which for three years past has averaged a sale of 20,000 drinks a day. The Ungerleider saloon has 216 feet of bar.

Many of the more famous bars a saloons will become but a memory after today. Many others, however, opened today as lunch rooms, restaurant soft drink saloons. Still others have announced that they will go into new lines after a short vacation. A few owners have stated that they will to Europe and open liquor stores. Several breweries will be converted into ice and cold storage plants.

Grape growers and wine makers along the Ohio shores of Lake Erie announced that they will manufacture soft drinks in the future.

Beginning tomorrow, Ohio will be known as the biggest prohibition state in the country—a record held until recently by Michigan. As a result of prohibition the state will lose approximately \$4,000,000 annually in liquor taxes. Several new revenue measures are now pending before the Ohio general assembly.

UNIVERSITY COMMENCEMENT EXERCISES JUNE 8 AND 9

DEMAND FOR HARVEST HANDS UNPRECEDENTED

ABILENE, May 23.—The demand for harvest hands in Central West Texas is unprecedented. Local business men and organizations have been besought by appeals for men from all over the wheat country, but the labor is not available locally. Business men have promised to leave their own work and lend the farmers a hand if it becomes necessary just as they did last spring when cotton choppers were not to be found.

AMERICAN FOODS IN NEARLY EVERY PORT IN NEAR EAST

(By Associated Press)

TIG ANI, Isle of Samos, Aegaeon Sea—No matter at what tiny port in the Near-East ones ship touches he finds that American flour and foodstuffs have been unloaded. Here in the ancient home of Pythagoras, the town which once rivalled ancient Athens, there are thousands of refugees driven from Asia Minor during the war by the Turks, with American flour and fish from the Turkish coast their principal means of existence.

Duck-like Turkish chiques rush out to the American food ships which anchor at intervals and unload the flour which is distributed on donkey back into the interior of the island. Both Tig ani and Vathej, the latter the principal port of the island of Samos, are now well supplied with American staple foods.

American Red Cross representatives, working under the direction of Lieutenant Colonel Henry W. Anderson of Richmond Va., see that the food is equitably distributed. Other Red Cross field workers perform a like service on the island of Nikaria.

The inhabitants of Patmos, Leros and Lpsos, Greek Islands, seized a few years ago by the Italians, hope soon to be reunited to Greece. Leros boasts that its inhabitants are direct descendants of the ancient Greeks. The island has changed little from ancient times and the natives are famous for their classic beauty. The island of Samos receives special consideration in the matter of American food for about 10,000 Greek refugees from Smyrna and Asia Minor, driven out by the Turks have been living in distress on the island during the war. With their native mastic wine, olives, oranges, nuts, figs, fresh fish and American food the natives of Samos are now faring not so badly.

Many American soldiers of Greek parentage are now visiting the Greek Islands after having fought in France. Red Cross girls recently distributing food to refugees were greeted by a group of American soldiers.

"What are you Americans doing on this far-of island?" the girls inquired in astonishment.

"Oh, we've finished up work along the Rhine," one American-Greek replied, "and now we've come back to the homes of our fathers."

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver and Bowels.

Look at the tongue, Mother! It coated, your little one's stomach, liver and bowels need cleansing at once. When persish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, accumulated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

NACOGDOCHES COUNTY OVERSUBSCRIBED BOND QUOTAS

(By Associated Press)

Editor Sentinel.
 For the information of the public I thank you for the opportunity of submitting a brief statement of the record of Nacogdoches county in the matter of the support of her citizens of the several campaigns for subscriptions to the Liberty Loans of the United States government.

First, with reference to the Fifth Liberty Loan, which we failed to subscribe to the limit of the quota assigned us, I will explain that I had been advised by our state chairman that a number of airplanes would visit Nacogdoches and under my direction would go out from here and fly over the various communities of the county. I planned, therefore, to use that day for a one day's campaign for the Fifth Liberty loan. Communications from time to time from the chairman continued to assure me that they would come until late in the last week of the campaign I was advised that they would not be here, thus a systematic campaign was prevented.

Our record upon the whole stands as follows:

First issue, quota for Nacogdoches county \$112,000; amount subscribed, \$158,600; over-subscription, \$46,600.
 Second issue, quota for Nacogdoches county, \$177,000; amount subscribed, \$226,500; over-subscription, \$49,500.
 Third issue, quota for Nacogdoches county, \$274,300; amount subscribed, \$361,000; over-subscription, \$86,700.
 Fourth issue, quota for Nacogdoches county, \$399,200; amount subscribed, \$495,000; over-subscription, \$95,200.
 Fifth issue, quota for Nacogdoches county, \$308,900; amount subscribed, \$184,100; under-subscribed, \$124,800.
 Total over-subscriptions, \$279,200.
 Total undersubscriptions, \$174,800.
 Total over-subscriptions on all loans \$104,500.00

From the above it is shown that Nacogdoches county stands in the front ranks in the matter of patriotic service in subscriptions to the several liberty loans and I take pleasure in congratulating our citizenship upon this showing and at the same time I extend to all those who so loyally supported my efforts as County Chairman my heartfelt gratitude.

JUNE C. HARRIS, County Chairman.

BANK IMPROVEMENTS.

Quite a little activity in the banking line is evidenced in the way of work on new buildings for them. The Commercial bank is now temporarily located in the building formerly occupied by the postoffice, while the extension of their building is being completed on Main street, and the other improvements made. The building on the corner where the Farmers & Merchants bank formerly was, is being rebuilt and put in shape for the combined banks, now the Stone Fort National Bank. When the arrangements are completed Nacogdoches will have two of the best equipped and largest banks in the whole East Texas section.

THE FRIENDLY TOBACCO

"Friendly" is a very good word to describe the positively pleasing quality that sets VELVET tobacco apart.

There is that indescribable something about VELVET that is associated in men's minds with the thought of a friend.

It is a satisfying smoke—never harsh; without a bite. Like a friend it "agrees" with you no matter how much you use it.

Long, patient ageing—in wooden hogsheads—does it. Friendship must ripen slowly. Good tobacco the same way. An army of men have learned this through VELVET.

Today is a good time to get a lot of comfort out of a pipeful of friendly VELVET.

WOMAN SUFFRAGE PROHIBITION WINS

TOGETHER HOME OWNERSHIP, COMPLETE RETURNS OVER HALF THE STATE

(By Associated Press)
DALLAS, May 24.—Complete returns from more than half the state today showed that the amendments to the state constitution to provide prohibition of the liquor traffic, and extend suffrage to women has been adopted.

The proposition to increase the governor's salary was defeated. The amendment to permit the state to extend its credit to aid home building appears to have carried.

The count for prohibition was 56,659 against 47,142.
For suffrage, 55,153; against, 51,838.

MEMORIAL DAY SERVICES TO BE HELD MAY THE 30TH

Chairman V. E. Middlebrook announces the program for Memorial Day on Friday of this week is completed. The program starts at 3 p. m. at the court house. If the crowd is too large this place will be changed.

Every soldier in the cemetery whether he served in the Texas independence Mexican war, civil war, Spanish American war and the present world war will have his grave decorated with an American flag and flowers. The committee that has this in charge is Mrs. John Cox, Mrs. Peave, Mr. John Nelson, Mrs. Chas. Hoya, Mrs. Z. T. Mast.

The Nacogdoches Concert Band will furnish the music.

A firing squad will fire the military salute of three volleys. Taps will be blown by Bugler Tarver.

10 CENT "CASCARETS" FOR LIVER AND BOWELS

Cure Sick Headache, Constipation, Biliousness, Sour Stomach, Bad Breath—Candy Cathartic.

No tells how bad your liver, stomach or bowels; how much your head aches, how miserable you are from constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. A 10-cent box from your drugist will keep your liver and bowels clean; stomach sweet and head clear for months. They work while you sleep.

STEAMER PERISHES BY FIRE TOGETHER 15 PASSENGERS

(By Associated Press)
BALTIMORE, May 24.—The old bay liner Virginia, bound from Norfolk to Baltimore, with a hundred and fifty-six passengers and a cargo of miscellaneous freight burned at the water's edge near the mouth of the Potomac river last night.

Lieutenant Commander George V. Daws, of the United States navy, passenger aboard the steamer Florida, one of the rescuing ships, stated here today that he believed ten or fifteen persons perished.

The steamship company totally list the survivors as equal to the number of passengers. It is still feared that a number of the crew were lost.

NEWSPAPERS UNANIMOUS APPROVING CONFERENCE

(By Associated Press.)
PARIS, May 24.—The newspapers here are unanimous in approving the fairness and justice and precision of the reply of the peace conference to the notes of Count Rantzau in replying relative to the economic questions. They see a resolute determination of the Entente to obtain all desirable reparations.

PROHIBITION AND WOMAN SUFFRAGE MAINTAIN LEAD

(By Associated Press.)
DALLAS, May 27.—With the returns coming in slowly from the various parts of the state no alteration in the standing of the various constitutional amendments is reported today. The lead of suffrage has been cut down slightly with returns tabulated from 325 cities and towns.

Late returns from 345 towns give prohibition 5745, against 48343; suffrage 55816 against 53273; for governor's salary, 46572 against 58780.

NERVOUS PROSTRATION

May be Overcome by Lydia E. Pinkham's Vegetable Compound—This Letter Proves It.

West Philadelphia, Pa.—"During the thirty years I have been married, I have been in bad health and had several attacks of nervous prostration until it seemed as if the organs in my whole body were worn out. I was finally persuaded to try Lydia E. Pinkham's Vegetable Compound and it made a well woman of me. I can now do all my household and advise all ailing women to try Lydia E. Pinkham's Vegetable Compound and I will guarantee they will derive great benefit from it."—Mrs. FRANK FITZGERALD, 25 N. 41st Street, West Philadelphia, Pa.

There are thousands of women everywhere in Mrs. Fitzgerald's condition, suffering from nervousness, headache, and other symptoms of a functional derangement. It was a grateful spirit for health restored which led her to write this letter so that other women may benefit from her experience and find health as she has done.

For suggestions in regard to your condition write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years experience is at your service.

PAYMENTS WILL NOT WAIT ON SIGNING DEFICIENCY BILL

(By Associated Press)
WASHINGTON, May 26.—Payments due and current allotments to families of soldiers and sailors, and dependent civil war veterans will be made by the war risk insurance bureau without waiting for the formal signing of the urgent deficiency bill by Wilson. Authority for this action was cabled Secretary Glass by Wilson upon advice that the bill had been passed. The bill is now on its way to Paris.

From Saturday's Daily. THE CASE OF RICH VS. GRAND JURY AFFIRMED

The Beaumont Court of Civil Appeals yesterday affirmed the judgment of the district court of Nacogdoches county in the suit for damages of H. C. Rich, former sheriff of this county against G. W. Eason and the eleven other members of the grand jury. We suppose this practically disposes of the case.

There was a judgment in favor of the Grand Jurors in the trial court on the ground that the report of the Grand Jury reflecting on Rich was made by that body in good faith and hence was what the law calls a privileged communication and as such was not actionable for damages.

This was the second trial and appeal of the case.

LIGHTNING STRIKES LIGHT WIRE AT GIN THIS MORNING

During the rain and electrical storm at break o' day this morning lightning struck the light wire that goes into Bill Clevenger's gin and ignited the wire, which followed with the blaze spreading over the room and Mr. Clevenger says was running twenty feet high when he reached the scene. He also says that a great hole, larger than his arm, was burned in the sheet iron wall where the wire entered, and that the wire continued to flame until it was cut off on the outside.

The fire was discovered by a lady residing near the gin, who phoned Mr. Clevenger, and with a supply of water handy in the room he succeeded in extinguishing the flames without calling out the fire department.

With the early discovery and prompt response, but little damage resulted, but owing to the heavy downpour of rain which prevented the repair of the damage, the grist mill was out of commission this morning.

DINNER PARTY.

Last evening the tenth grade girls served dinner to the members of the board of trustees, and two of their friends. These girls enjoy this work throughout the year but the coming of happy events when they have the privilege of playing hostess to these jovial friends of theirs is very enjoyable. The friendship of these men to the school is shown in a great many ways and the superintendent and faculty of the school, and the citizens of the town appreciate with deep feeling the patience, kindness and support of the members of the board of trustees.

Last evening Mr. Monk presented to the Home Economics Department one of the new vapor oil stoves, the most successful and best oil stove on the market. Also a fireless cooker, something which every cook appreciates. These two gifts mean much to the success of the cooking department, and we are at loss for words to thank Mr. Monk for these generous gifts.

In addition to this Mr. Gintz, another member of the board, made a splendid offer in the way of groceries through the Nacogdoches Grocery company for the ensuing year. It is not surprising that the H. E. department will work for greater success with such loyal co-workers as the board of trustees of the Nacogdoches Public school.

The girls accepting the gifts for the department were Bessie Mintz, Jewel Norwood, Lorraine Weaver, Edna Earle Dent, Dorothy Washburn, Leora McNess, Ruby Hudson and Zelma Wilkinson.

CHILD DIES.

John J., the little fifteen-months old son of Mr. and Mrs. Geo. B. Ashley died at noon yesterday, and the body will be laid to rest in the cemetery at DeCoy today.

The fond parents have many friends who will unite in profound sympathy with them in the sad bereavement that has come to them.

ADMIRAL KOLCHAK GIVES ASSURANCE TRANSPORTATION

(By Associated Press)
OMSK, May 26.—Admiral Kolchak, head of the all-Russian government, has returned from a visit to Ekaterinburg, where he presided at a meeting of the manufacturers of the peasants and industrial organizations in the Ural district. He gave them assurance that the government would help in the rehabilitation of industries and in rebuilding transportation facilities.

AUSTRIANS ASK CLEMENCEAU TO EXPEDITE PEACE TREATY

(By Associated Press)
BASLE, May 26.—Dr. Karl Renner the Austrian chancellor made an appeal to Premier Clemenceau, president of the peace conference Saturday for expediting peace negotiations with Austria, says a Vienna dispatch. The chancellor expressed the fear that internal disorders would result from continued delay.

SWISS LOSING CONFIDENCE IN LEAGUE OF NATIONS

(By Associated Press.)
BERNE, May 23.—The Zurich New Gazette says the confidence of Switzerland in the league of nations is diminishing as the result of the peace conference note asking if the Swiss are ready to establish a more severe blockade against Germany. It says the note is a smashing blow against self-determination by small nations.

ATTACK ON LEAGUE BEGUN IN SENATE

SENATOR SHERMAN BITTERLY CRITICIZES PRESIDENT'S CONDUCT OF NEGOTIATIONS.

(By Associated Press)
WASHINGTON, May 23.—The attack on the league of nations began in the senate today by Senator Sherman, of Illinois, who bitterly criticized the president for the conduct of the peace negotiations, and denouncing the league of nations as an attempt to set up a parliament of nations controlled by an oligarchy.

Sherman said that national sovereignty would disappear. "Disputed with the course of broken faith and shameless perfidy from inception to birth" he predicted the league would become a gigantic firebrand for world conflagration. He charged that Wilson broke faith with China and Italy, yielded to Great Britain and tried to subvert the fundamental laws of the republic.

BRITISH AND AMERICAN MARINES LAND AT DANZIG

PARIS, May 27.—British and American marines have been landed at the port of Danzig, according to dispatches received here from Warsaw. A powerful fleet, it is added, will be anchored off the harbor there.

MARINES IN GUAM HAVE BALL GAME AND PEANUT HABIT

Special to The Sentinel.
WASHINGTON, May 24.—Marines down in Guam have the ball game and peanut habit just like all good Americans back in the States. Only sometimes they've started something new in the national sport. In a recent game between the Agana and Sumay marines running through 15 innings, the last four innings were played by the light of a full moon rising over the palms which border the Plaza.

In a game played by moonlight almost anything is likely to happen. Manion of Sumay started things by his team when he mailed a ball in the post office through a hole in the screen of one of the windows. The Agana fielder was unable to recover it without violating section H20 of the local postal regulations and the Sumay boys walked home with the bacon.

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes: "From the time I entered life womanhood I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. Nothing seemed to help me until, one day, I decided to

TAKE CARDUI The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain."

"It has now been two years since I took Cardui, and I am still in good health. . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

Your Battery's Different

There is one part of your new car that is different from all the rest—your battery.

For storage batteries are chemical—not mechanical.

The time to begin taking care of that battery is the first day that you get your new car. If you do this, your battery will not only last longer, but it will give you better service as long as it is in use.

So when you buy your new car, the very first thing to do is to come to us for full instructions. We will register your battery, and at the same time will be glad to give you a copy of the booklet, "Willard Service and You."

Dry Batteries—every one wants new. You don't take any risk—either of delay or of getting one new as the day it left the factory.

THE DEMOCRATIC COMMITTEE HOLDING 2 DAYS SESSION TODAY

(By Associated Press)
CHICAGO, May 28.—The Democratic National Committee began a two days session here today, at which plans of organization for the campaign of 1920 were to be mapped out.

THE THOUGHTLESS PUBLIC.

In view of the fact that the walls of the county Court House have recently been whitewashed and the floors of said building made new, and in view of the fact that some people believe they have a right to deface and run a public building like the Court House by spitting on and cutting and making marks all over it;

Therefore, we, the undersigned of Nacogdoches County, believing that our Court House should be kept as decent as our homes, most respectfully ask and beg the public not to spit on the walls and floors nor to strike matches on the walls of the court house. We realize that the thoughtful man will not do such a thing. If a match is struck on the walls and facings of the court house it leaves a black streak. Tobacco juice streaks the walls and stains the floors; besides, it is unsanitary and unclean. But this is not all, it is a violation of the law, with a heavy penalty, for anyone to deface a public building. Yet, some thoughtless people continue to strike matches on the walls and to spit on the walls and floors of the court house, all of which is defacing a public building. They would not do such a thing at home.

Now, this is to give notice to the thoughtless, as well as to the wilful violator of the law, that we expect you to take no chances in regard to defacing our county court house, for you will be presumed to intend to do what which you do to its damage.

We solicit a campaign of publicity against the abuse of the county court house, and ask the general public to read and stand by us in the matter, believing it will terminate in good for all concerned.

Thanking you to keep this in mind, we are,

Your servants,
E. M. Marshall, County Judge, L. G. King, County Attorney, B. S. Shirley, Tax Assessor, I. D. Farnley, County clerk, W. Y. Hall, County Treasurer, G. W. L. Woodlan, Sheriff, J. C. Melton, Tax Collector, R. B. Wall, District Clerk, G. B. Layton, County Superintendent, F. D. Huston, Justice of the Peace, A. J. Hagan, Constable, A. D. Wall, Deputy Sheriff.

THREAD OF SUFFERING RUNS THROUGH REFUGEES' STORIES

OMSK, Siberia, April 3, (Correspondence of The Associated Press)—A thread of suffering runs through the stories told by refugees from all parts of European Russia, hundreds of thousands of whom have found asylum here. Almost all of them fled from Bolshevik terrorism. They tell of slaughter of the members of their

families, deprivation of property, savage treatment, hunger and terrible hardship of their flight from Bolshevik bandits.

The correspondent of the Associated Press talked with a number of these refugees in order to learn their adventures. Several cases came to light in which girls unable to escape before the approaching Bolsheviks shot themselves rather than fall into the hands of the terrorists. The wife of a Russian colonel now at Omsk said to the correspondent:

"We lived a life of comfort and contentment on our land not far from Samara. Warned by our peasants we fled across the hills hidden in a farm cart. My cousin, a girl of 18 who thought she could not escape, took a revolver from the desk in her drawing room and shot herself through the head because she knew what her fate would be. You can understand why it is difficult for us to believe in Bolshevism."

This preference for death rather than capture by Bolsheviks seems to be prevalent among the young women and girls of former well-to-do families of European Russia, who are now in Omsk. The wife of an assistant minister of state and her sister, a girl of 25, fled from Bessarabia. The girl said with quiet Russian fatalism: "If the Bolsheviks succeed in getting to Omsk I shall shoot myself."

Some stories tell of the famine which existed in the district of the Ural Mountains. When a relief train arrived at Kalma not far from Peru it was surrounded by children begging for bread. A man of 72 years was so overcome when he received a loaf of bread that he fainted and two little children, when given bread, became insane from sudden joy.

The refugees tell of several cases in which peasants murdered the proprietors of the land upon which they lived in order to obtain possession of the farms. On the other hand some of the peasants imperiled their own lives to help the land holders to escape the Bolsheviks.

EPISCOPAL CHURCH WILL HAVE PIPE ORGAN IN THIS WEEK

We are informed by Rev. Atwell, that the Episcopal church has purchased a pipe organ with between six and seven hundred pipes, and that it is expected to be in some time this week.

Rev. Atwell says it will be several weeks before the organ can be installed. This is the first pipe organ to be installed in a Nacogdoches church, and denotes the desire and efforts of that congregation to build up the choir and music of the church.

Rev. T. C. Mahan of Huntsville, former pastor of the Baptist church in this city is visiting in the city.

Miss Mamie Middlebrook went to Ocala Saturday where she is assisting her sister Miss Fannie, with the closing touches of her music class. The Misses Harris and Miss Mack also have parts on the program and will go on today, as will also possibly other friends.

GOOD ROADS ELECTION CARRIES IN THIS COUNTY

In the road bond election held in this county yesterday 1593 votes were cast for the bonds and 787 votes against them. The majority in favor of the bonds was 806. The banner box of the county was Swift, where the vote was 34 to 1. The next best was harmony where the 13 to 1 or 39 to 3 against. Martinsville was third with more than 11 to 1. Commissioner's precinct No. 1 went almost 5 to 1 for the bonds.

The issue was for \$800,000 and will be used in building hard-surfaced roads in Nacogdoches county. The sum of \$400,000 will be supplied by the state, and the roads will be built under government supervision. With the 15c tax that Nacogdoches county already has, promise of some very good roads is in sight. It is planned for some of the more important highways to be built in adjoining counties to join some of ours, insuring first-class highways over this section. The tabulated vote of the county is as follows:

- Nacogdoches West box—For, 151, against 30.
- Nacogdoches South Box—For 216 against, 79.
- Nacogdoches, East box—For 235, against, 41.
- Appleby—For 65, against 46.
- Shady Grove—For 37, against, 35.
- Martinsville—For 70, against, 6.
- Attoyac—For 45, against, 19.
- Chireno—For 94, against 28.
- Etoile—For, 48, against, 33.
- Douglas, For 55, against 11.
- Nat—For, 42, against, 36.
- Libert—For 38, against, 36.
- Cushing—For 93, against 61.
- Linn Flat—For 47, against, 57.
- Sacul—For 41, against, 51.
- Garrison—For 68, against 83.
- Woden—For, 31, against 28.
- Caro—For 17, against, 15.
- Eden—For 26, against, 13.
- Mahl—For 25, against, 7.
- Swift—For 34, against, 1.
- Harmony—For 39, against, 3.
- Alazan—For 20, against 30.
- Total—For, 1594, against, 699.

The most disappointing thing connected with the election was the vote in the Garrison precinct, which went overwhelmingly against the bond issue and the precinct was led in this by the town of Garrison, and this was all the more surprising in view of the fact that the town is located on one of the main highways, The Choctaw Trail.

Hurrah for Nacogdoches County! She has joined the ranks of progressive Texas counties for good roads and against the Mud Tax. With more miles of designated highways than any Texas county you want to watch her grow.
