## Punitive Force After Bandits

CANDELARIA, Texas, Aug. 19.—cent fighting.

Troops of the Eighty Cavalry crossed the Mexican border at 6:40 today in pursuit of bandits who held the aviators Peterson and Davis for ransom. Peterson and Davis accompanied the troops as guides. Aviators are cooperating with the cavalry, flying over the Ojinaga district.

### ACT ON ORDERS OF WAR DEPARTMENT.

WASHINGTON, Aug. 19.—The American punitive expedition into Mexico after bandits who held American aviators is being conducted with the full knowledge of the Washington authorities, who have been withholding announcement of the government's policy until the two Americans were safe.

Secretary Baker announced that the American troops went over under the strict instructions from the War Department.

This is the second expedition of its kind since the Pershing expedition in pursuit of Villa. The other was the expedition into Juarez during the re-

### PUNITIVE TROOPS ARE ADEQUATELY SUPPORTED.

MARFA, Aug. 19.—The troops of the American army which went into Mexico in pursuit of bandits early today were supported by adequate communications lines, pack trains carrying field wireless for use when out of touch with the aviators.

Lieutenants Davis and Peterson, mounted, accompanied the troops and expected to direct the way to the place where the aviators were made prisoners Wednesday. Although tired, they left with the first column.

### HOBBY ACTED ON OWN INITIATIVE.

WASHINGTON, Aug. 19.—The War Department announced today that Governor Hobby acted on his own initiative in ordering the Texas guard to prepare for an emergency call to border service.

### COMMANDER DEPARTS FOR THE BORDER.

SAN ANTONIO, Aug. 19.—Major General Dickman, commander of the

## Troops Cooperate With Carranza

MARFA, Texas, Aug. 20.—Reports from troops in the field in Mexico indicate that progress is being made in searching the mountain canyons and passes.

The pursuit was resumed today after a severe storm which literally exterminated the trails of the Mexicans.

Federal troops which left Ojinaga yesterday are cooperating with the expedition. Lieutenant Colonel Royce planned to cross to Mexico today in an airplane.

### DICKMAN INSPECTS TROOPS TODAY.

EAGLE PASS, Aug. 20.—Major General Dickman, commander of the southern department today inspected the troops of this district. He leaves later today for Marfa.

Southern Department, departed for the border today.

### HOBBY INSTRUCTS GUARD BE READY.

AUSTIN, Aug. 19.—Governor Hobby today instructed the National Guard to prepare for an emergency call for service on the border.

## SAYS JAPS WERE CAUSE OF CLASH

PEKING, China, Aug. 20.—An official report of the Chinese government of the clash between Japanese and Chinese soldiers July 19th, in Manchuria indicates that the Japanese provoked the trouble.

The report says that eighteen Japanese were killed and that seventeen were wounded and that twelve Chinese were killed and fourteen wounded.

A hundred Chinese soldiers are missing, but it is believed they fled and fear to return.

## DEMOCRAT WANTS FOUR RESERVATIONS

WASHINGTON, Aug. 20.—Four reservations on the league of nations covenant are embodied in a separate resolution prepared by Senator Pittman of Nevada, democratic member of the foreign relations committee for introduction in the senate.

Pittman said that the resolution follows the suggestion made by President Wilson yesterday, that if reservations are made they should be embodied in a separate instrument, and not in the ratification of the resolution, which might cause negotiations.

The reservations deal with the right of withdrawal from the league, article ten, domestic questions and the Monroe Doctrine, he said, and had not yet been submitted to the president.

### ITALIAN HOUSEKEEPER DE-VOTES MUCH TIME BUYING

ROME, Aug. 20.—Seven hours of each day of the Italian housekeeper must be devoted to buying food. The problems of the ordinary American housekeeper pale into insignificance, even with their troublesome servants when compared to the Italian. Domestic servants' strikes in Italy are chronic.

The recent upheaval in Italian economics when the government ordered prices of foodstuffs and clothing reduced fifty percent has begun its reaction and the factor affected most is the housekeeper. She must start to market at seven o'clock in the morning and is forced to hurry from one store to another. To obtain a piece of meat usually takes two hours. To obtain bread about an hour, eggs two hours, vegetables, one hour and a half and canned goods about an hour.

### PRESIDENT OF REUTERS TELEGRAM COMPANY DEAD

LONDON, Aug. 20.—Mark Francis Napier, aged 67, president of Reuter's Telegram Co., died today.

### REPORT FROM TROOPS WAS LATE COMING

MARFA, Texas, Aug. 20.—Somewhere in Mexico opposite Canadaria, Texas, American soldiers today continued the pursuit of bandits who captured Lieutenants Peterson and Davis, American aviators, who were rescued yesterday after part of the ransom was paid the bandits.

Military headquarters here are without information from the punitive expedition.

### CARRANZA GAVE PERMISSION FOR AVIATORS TO CROSS.

MEXICO CITY, Aug. 20.—American aviators were given permission to cross the border by the Mexican government to pursue the bandits, General Barragan, chief of staff announced today.

## PERSHING WANTS GRAVES REMAIN

WASHINGTON, Aug. 20.—General Pershing in a cablegram to the war department expressed the opinion that the bodies of American soldiers who died abroad should be left near where they fell.

"I believe if these soldiers could speak for themselves they would wish to remain undisturbed where, with the comrades they fought the last fight," he said.

## SENATE REPEALS DAYLIGHT LAW

WASHINGTON, Aug. 20.—The repeal of the daylight saving act was accomplished today when the senate voted 57 to 19 to sustain the house in passing the repeal of the measure over the president's veto.

## SENTENCES OF SOLDIERS FOR MINOR OFFENSES REMITTED

WASHINGTON, Aug. 20.—Commanders at ports of embarkation today were authorized to remit the unpaid where the offense was a minor one, or where the sentence imposed was under three months.

## HEINRICH FACES A MURDER CHARGE

LILLE, France, Aug. 20.—Evidence adduced before a French military court inquiring into crimes committed by the Germans during their occupation, indicates that the charge of murder may be brought against Von Heinrich, former military governor of Lille.

The widows of two men shot by Germans testified that after their husbands were sentenced to death Von Heinrich authorized the lawyers to repeal their cases to the emperor. While the appeal was pending Von Heinrich ordered the men executed.

Testimony heard against Von Zoelne, former quartermaster of Charlottesville, showed that he was responsible for the deportation of girls from Lille.

### AMERICAN SAILORS WILL NOT CRAVE FISH HEREAFTER

LONDON, Aug. 20.—American sailors on mine-sweeping duty in the North Sea, probably will not crave fish when they get back home. When mines are exploded in the process of clearing out the barage, thousands of fish are killed. One of the little sub-chasers in the fleet scooped up hundreds of pounds of them each evening when operators cease for the day, and distributes among the several vessels for food. The men enjoyed it for a time, but now hate the sight of a fish.

One catch included a salmon which was cruising around miles out from land. Anglers say that a salmon should not be so far from land.

Miss Newell Muckleroy of Tecumseh, N. M., is visiting relatives in the city.

## Wilson Confers With Senators

### VOTE REPEAL LAW OVER WILSONS VETO

WASHINGTON, Aug. 19.—The house today passed the repeal of the daylight savings law over the presidential veto 223 to 101, seven more than the two-thirds necessary. The measure now goes to the senate, where supporter's claim victory.

### WHAT DID THEY CONFER?

CLEVELAND, Aug. 19.—Word has been received here that the French government has conferred the "medaille de la reconnaissance francaise" of the first class upon Mrs. Myron T. Herrick, late wife of the former ambassador from the United States to France.

Mrs. Herrick died last September at her home here without knowing of the honor, which is the highest the French government can bestow for charitable and humane work.

It was largely through Mrs. Herrick's efforts that the American hospital in Paris was founded. Out of this grew the American ambulance service. Mrs. Herrick also arranged for the care in Paris of the first contingents of American physicians and nurses to France.

### RESIDENCE BURNED AT MELROSE THIS MORNING

The home of Mrs. Sallie E. Davis was totally destroyed by fire this morning about sunrise, at Melrose. The fire was not discovered until the flames had gathered rapid headway, and it was difficult for the occupants to get out.

The exact loss sustained could not be gathered, but nearly all of the furniture was destroyed, as the fire had gained such headway when discovered that nothing could be done to save the residence, and very little to save furniture.

WASHINGTON, Aug. 19.—Under conditions without precedent in the history of American treaty making, President Wilson and the senate foreign relations committee met today in the blue room of the white house to discuss the treaty with Germany and the league of nations covenant.

At the outset of the conference the President told the committee that he could see no reasonable objection to the interpretations as to how the United States accepts the league of nations provided they do not form a part of the formal ratification itself. If it were, he said, long delays would follow, as the other governments must accept the language of the senate as part of the treaty before ratification is complete.

Most of the interpretations seemed to suggest the continued plain meaning of the instruments itself in the much discussed article 10. The president told the senators of the doubtful interpretation when it was read in connection with the whole covenant. The council could only advise, and as its action must be unanimous, an affirmative vote of the United States is necessary for any question affecting it.

### NEW BRITISH AMBASSADOR WILL SAIL FOR U. S. SEPT. 3

LONDON, Aug. 20.—Viscount Grey the new British ambassador to the United States will sail Sept. 3rd.

## SEEKS TO BAR THE PACKERS IN MISS!

JACKSON, Aug. 20.—An injunction forever barring the five big meat packers from doing business in Mississippi was sought in a petition filed in Cancery court today by Stokes Robertson, state revenue agent. Violation of the anti-trust law is charged.

## Do You Buy Or Sell Hay At \$40.00 Per Ton?

When paying 2 cents per pound for hay do you stop and think about those "little patches" of grass that you could have saved but which you DIDN'T SAVE?

Be a seller. It is more pleasant and profitable to sell hay at \$40.00 than it is to buy at the same price.

We want to sell you a mower and rake. We'll make money when we sell and you'll make money when you buy.

Let's get together on this important matter. It's money to you, it's profit to us—but it's mighty hard on the fellow who has been selling you hay at 2 cents per pound.

Next spring will you be buying or selling hay? It's up to you.

C. A. Alford will leave Monday for Marlin to spend a week with his sister Mrs. John Burleson.

## SAYS JAPAN WILL MAKE RESTITUTION

TOKIO, Aug. 15.—Restitution of Shantung and Kiao Chau to China will be made without unnecessary delay, but the time required depends upon the attitude of China, said Takashi Hara, premier today, in answering the question when the actual restoration will take place. He added that the statement recently by Viscount Uchida, minister of foreign affairs, explaining the policy respecting Shantung, represented the considered opinion of the Japanese government.

Uchida's statement said that Japan was willing to restore Shantung to China, and would enter into negotiations with China as soon as possible after the Versailles treaty is ratified by Japan.

## 20 REPUBLICANS SUPPORT LEAGUE

WASHINGTON, Aug. 15.—More than twenty republican senators are ready to support the immediate ratification with reservations, of the peace treaty, democratic senate leaders were informed today by leaders of the republican group of reservation advocates who said that a poll disclosed that over thirty republicans would support the resolution along the line laid down by seven republicans if the treaty was promptly ratified on that basis.

The Girls Friendly Society gave a party Thursday evening at the home of Mr. and Mrs. Geo. Meisenheimer, which was a glowing success from every standpoint. Twelve games of bunco began the entertainment, with seven tables, and the merry progress from table to table was "lots of fun." Misses Ruth Fouts and Mildred Dunlap superintended the game "A trip to New York," while "Going to Jerusalem" and other games caused merriment galore. To obtain partners for refreshments the girls had to guess the boys from their hands held above a sheet, while the boy himself laid below the sheet. The girls earned and were ready for the dainty refreshments served. Lots of fun and hope for another soon was the verdict of all present.

### COMMITTEE DECIDES TO HEAR WILSON

WASHINGTON, Aug. 14.—The senate foreign relations committee has decided to notify Wilson that it would call on him at the White house to discuss the peace treaty. It has also decided to hear three advisors to peace delegates who resigned because it was reported they disagreed with the conference decisions.

A motion to hear Colonel House, General Bliss and Henry White, American delegates to the peace conference was rejected. There is no intimation when the president would receive the committee. It was agreed that all information secured from the President would be made public.

The senate military sub-committee resumed hearings on the war department proposals for permanent military policy, providing for universal training for boys and a standing army of 576,000.

### CITATION BY PUBLICATION

THE STATE OF TEXAS.  
To the Sheriff or any Constable of Nacogdoches County, Greeting.

You are hereby commanded to summon Sidney Sparks by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not then in any newspaper published in the 2nd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said 2nd Judicial District, to appear at the next regular term of the district court of Nacogdoches County, to be held at the court house thereof, in Nacogdoches on the 1st Monday in September, A. D. 1919 the same being the 1st day of September, A. D. 1919, then and there to answer a petition filed in said court on the 9th day of August, A. D. 1919, in a suit numbered on the docket of said court No. 615, wherein Mary Sparks is plaintiff and Sidney Sparks is defendant, and said petition alleging that plaintiff is an actual bona fide inhabitant of the state of Texas, having resided in said Nacogdoches county for more than a year next immediately preceding the filing of this suit; that said defendant's residence is unknown to plaintiff; that heretofore, to-wit, on the third of December, 1903, plaintiff and defendant were lawfully married in Nacogdoches county, Texas, and continued to live together until about the middle of December, 1913, when defendant, without cause or provocation abandoned this plaintiff, since which time the plaintiff and defendant have not lived together as man and wife, that plaintiff treated defendant as a wife should a husband, but defendant, wholly unmindful of his married vows, and on the date aforesaid, abandoned this plaintiff, since which time they have not lived together as man and wife; the plaintiff pleading the three years statute of abandonment.

### LEMON JUICE TAKES OFF TAN

Girls! Make bleaching lotion if skin is sunburned, tanned or freckled

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles, sunburn, windburn and tan disappear and how clear soft and white the skin becomes. Yes! It is harmless.

### FORD AWARDED SIX CENTS DAMAGES

(By Associated Press)  
MT. CLEMENS, Mich., Aug. 15.—The counsel on both sides of the Ford-Tribune libel suit expressed satisfaction over last night's verdict, in which the jury awarded Ford six cents damages. Ford made no statement.

It was on June 23, 1916, after Mexican badmits had raided Columbus, N. M. and military preparedness was a burning issue, that the Chicago Tribune printed its famous editorial headed "Ford is an Anarchist."

Editorial writer of the Tribune testified that they had followed Mr. Ford's pacifist propaganda, but had not recognized it as a real danger to the country until a news item was received from Detroit that Mr. Ford was trying to discourage the recruiting of the guard which had been ordered to the Rio Grande. The item, authenticity of which was denied by Ford witnesses, stated that the Ford company would not pay the salaries of employees who went to the border to hold their places for them nor care for their dependents.

It was then that the editorial was written. It called Mr. Ford an "ignorant idealist" and remarked that his views on disarmaments might be different if his factories were on the Rio Grande instead of the peaceful Canadian border.

The hearing was one of the largest on record, according to counsel. Transcript of testimony approximated 2,000,000 words.

### ALLIES HOLD HUNGARY RESPONSIBLE FOR BELA KUN

GENEVA, Aug. 15.—The Allied governments have informed the Austrian government that it will be held responsible for Bela Kun, the Hungarian communist leader, and his delivery later for trial by an Allied Tribunal, according to an Innsbruck dispatch.

### ROYAL ARCH MASONS. FORTY WARRANTS BE ISSUED AGAINST OHIO PROFITEERS

COLUMBUS, Ohio, Aug. 15.—Governor Cox announced today that forty warrants will be issued by the state against profiteers. He also announced that he would ask the federal government to confiscate two million pounds of meat and soutry held in cold storage plants.

### ROYAL ARCH MASONS. Regular meeting of Nacogdoches Chapter No. 13 Saturday night, August 16th at 8 o'clock.

W. F. SUMMERS, H. P.

### THE MAN OR WOMAN AFFLICTED WITH BACKACHE, SWOLLEN MUSCLES, STIFF JOINTS, RHEUMATIC PAINS OR OTHER SYMPTOMS OF KIDNEY TROUBLE IS ENTITLED TO SYMPTOMATIC AND SHOULD HAVE HELP.

Nature gives early warning of kidney trouble by puffiness under eyes, spots before the eyes, dry mouth, biliousness, weakness and pale, waxy, dry skin. It is unwise to neglect the slightest symptom of kidney trouble. Give the kidneys the help they are calling for.

**Foley Kidney Pills**

tone up weak, inactive, sluggish kidneys and help rid the body of poisons. With kidneys and bladder properly functioning, appetite is restored, refreshing sleep is possible and health, strength and energy come as a natural result.

C. F. Reynolds, Elmira, N. Y., writes: "Three months ago I was sick in bed with kidney trouble. My back ached so severely I could not get up. We used Foley Kidney Pills, so I went for some and commenced taking them. In a few days I was up out of bed and upon keeping the treatment up for some time I was able to go to work, and have had no more backache."

### "BAYER CROSS" ON ASPIRIN

Always Ask for Genuine "Bayer Tablets of Aspirin"

Only Aspirin Tablets with the safety "Bayer Cross" on them are genuine "Bayer Tablets of Aspirin," owned and made by Americans and proved safe by millions of people. Unknown quantities of fraudulent Aspirin Tablets were sold recently by a Brooklyn dealer which proved to be composed mostly of Talcum Powder.

"Bayer Tablets of Aspirin" should always be asked for. Then look for the safety "Bayer Cross" on the package and on each tablet. Accept nothing else! Proper directions and dosage in each Bayer package.

Aspirin is the trade mark of Bayer Manufacture of Monaceticacidester of Salicylicacid.

### LARGE APPROPRIATIONS REQUESTED BY DEPARTMENT

WASHINGTON, Aug. 14.—Appropriations totaling nearly six hundred thousand dollars to carry out the president's suggestions reducing the cost of living were requested by the agricultural department today.

Mrs. W. C. Johnson of Nacogdoches returned home this morning after having visited for a few days with Mrs. H. B. Swansy of this city.—Timpson Times.

### LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers.

Doesn't hurt a bit! Drop a little Frezons on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Frezons costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Frezons is the sensational discovery of a Cincinnati genius. It is wonderful.

### RUMANIANS ABOUT TO LEAVE BUDAPEST

AMSTERDAM, Aug. 14.—Rumanian troops are about to leave Budapest in consequence of a note sent Rumania by the peace conference, according to a Vienna wireless, quoting newspapers.

### NEGRO PREACHER ARRESTED ON EMBEZZLEMENT CHARGE

J. H. Sherman, a negro preacher of Shreveport, who has been holding a protracted meeting out a few miles west of town, was arrested by the sheriff's department night before last and lodged in jail in this city, on a call from Shreveport. Seven charges for embezzlement are lodged against him at that place, where he will be returned today or tomorrow.

Evidently his ministerialship dreaded the white light of publicity, for he entreated the sheriff with the plea "For God's sake don't let my name get in the paper."

### FINE ART OF SELLING.

Certainly hair was scarce on Mr. Wearwig's head, but that was no reason why people should be so insulting over it. At last the jesting became too much to bear, so he hid himself to a hair restorer's establishment.

The counter, unlike Mr. Wearwig's head, was literally covered before he was finally satisfied. He was on the point of leaving the store when he turned around and subjected the clerk to a careful scrutiny.

"Oh! by the way," he exclaimed, "if this preparation is as good as you say, why haven't you used it yourself. You can't say you possess a bushy head of hair, can you?"

"Well, you see, sir, that privilege is denied me I mustn't on any account use that restorer because you see, I am the 'Before Using' clerk. The 'After Using' clerk is out to lunch. Therefore, to thoroughly appreciate the value of this wonderful hair restorer, you should see him."—Exchange.

### TEXAS CONGRESSMEN COME NEAR FIGHTING TODAY

WASHINGTON, Aug. 14.—Members of the house intervened today to prevent a personal collision between representative Blanton and Hardy of Texas. Resenting the charge by Blanton that he was merely a rubber stamp because he always defended the administration, Hardy rushed at his colleague, but was restrained.

### RECORD BE MADE OF THE CONFERENCE

WASHINGTON, Aug. 15.—Stenographic records will be made of the conference between President Wilson and the senate foreign relations committee regarding the peace treaty. President Wilson informed Chairman Lodge in a letter made public today. In order that the committee might have a full and trustworthy record President Wilson said he would have a stenographer present, and suggested that the committee also have a stenographer. It is understood the official transcript will be made public.

### TEXAS TO FIGHT THE PROFITEERS

AUSTIN, Aug. 14.—An aggressive campaign against profiteering through false weights and measures is to begin September 1st under direction of F. C. Weinert, commissioner of weights and measures.

Through short measures and war prices, Weinert said that Texas was forced to pay a million dollars to profiteers. The campaign will be made in accordance with the recently enacted weights and measures law.

Investigations by both state and federal government reveals, he said, that forty-five percent of the weighing and measuring devices throughout the state are depriving the people of from three to twelve percent of the articles purchased.

### ELECTION OF APPLETON SAID TO BE HOPEFUL SIGN

NEW YORK, Aug. 14.—The election of William A. Appleton as president of the International Federation of Trade Unions at the recent congress of that federation in Amsterdam, is characterized as a hopeful sign, by the American Alliance for Labor and Democracy in a statement issued here. Mr. Appleton is described in this statement as conservative, progressive and democratic.

For years, says the Alliance, Mr. Appleton has been secretary of the General Federation of Trade Unions in England. In 1917 he visited the United States as head of a delegation representing the General Federation of Trade Unions. Pointing out that Mr. Appleton was nominated by Samuel Gompers to head the International labor movement, the Alliance statement adds:

"Mr. Appleton always has been a staunch friend of the American Federation of Labor, and an ardent admirer of its policies and achievements. More than any other European leader of labor, he thinks in accordance with Samuel Gompers. During the war Mr. Appleton was tireless in his work for victory."

### RETREAT ADMIRAL KOLCHAK CONTINUES

LONDON, Aug. 14.—The retreat of Admiral Kolchak's forces into the Ural mountains continues, according to news here. At one point the Bolsheviks have driven the Cossacks back sixty miles, and are endeavoring to separate them from the main Kolchak forces.

### ANDREW CARNEGIE BURIED AT LENOX, MASS., TODAY

LENOX, Mass., Aug. 14.—Andrew Carnegie was buried here today. There was no eulogy and no pallbearers, and the simple ritual of the Presbyterian church was used. Only a few persons outside of the family circle were present.

### REAL ESTATE DEAL.

L. G. King has purchased the Rusche property in front of his place on Logansport and King lots. There are about two acres in streets, and announces that he will build on it, and sell off some of the tract.

### CONDITIONS IN EAST ARE SERIOUS SAYS LOCAL MAN

"Conditions in the East bearing upon the high cost of living are in a very serious state," said Henry Schmidt, manager of Mayer & Schmidt, Inc., this morning, who has just returned from a purchasing tour there.

"The difficulty as I see it," said Mr. Schmidt, "lies in the fact that the supply is unable to meet the demand. The matter of transportation is small compared with the former," he added.

When further asked how the people are going to meet the increase in price of foodstuffs and wearing apparel, Mr. Schmidt stated that the only successful means lay in the practice of economy. "Instead of those in moderate circumstances trying to live within their income, they try and do wear \$15 shoes and expensive silk dresses, as they could really afford them," he said.

It is impossible to remedy the situation, thinks Mr. Schmidt, by raising the salaries of employees in proportion, for the employer in turn will have to raise the price of his goods in order to offset the resulting deficit. The solution of the problem lies in the practice of economy, he emphasized. No immediate relief is thought to be in sight.

The people of the East are on the trail of the profiteers and hoarders. Only carefully directed effort and scrutinizing insight on the part of the government can remedy the situation, thinks Mr. Schmidt.

While prices are increasing in greater proportion than the increase in wages, the man in moderate circumstances must necessarily face the situation. To meet this condition the merchant must cut his margin of profit. "That's what we are doing every day," he added. Although present prices are maintained, the purchasing value has materially increased. Only the volume of business can permit the above-mentioned practice.

Despite the fact that the flow seems to be in the other direction, hotels, rooming houses, stores, shops and industrial establishments are filled to capacity in the cities," stated Mr. Schmidt. This fact raises the question as to the source of the onrush. It is attributable, he thinks, to the rush of the returned men, who enjoying the experience of travel during the war, have become restless and are settling in the cities. Many of them, too have married recently, which accounts for the seemingly disproportionate increase. In accordance with this phenomenon the law of supply and demand finds its operation.

In summarizing, it is rather the cost of high living than the high cost of living and the failure of the middle class to economize, according to Mr. Schmidt.

### TRAIN CRASHES INTO CAR AT TIMPSON SATURDAY

Saturday morning about eleven o'clock, a truck, belonging to the Timpson Ice Cream Co., driven by Sidney Whiteside and Horace Parker, was struck by the Santa Fe passenger train of that city.

A Nacogdoches man in Timpson at the time says that young Parker was killed, and that Whiteside, who is a son of Dr. T. F. Whiteside, sustained severe bruises on the head and body, while the Timpson Times in reporting the accident, says that Parker was seriously injured, with little hope of recovery. It is probable that the young man died later in the day, hence the discrepancy.

It seems that the accident was unavoidable, and neither party is blamed by witnesses of the affair. The injured boys were taken to the Whiteside Sanitarium in Timpson, where all possible was done for them.

### FOOD ADMINISTRATION IS REORGANIZED THIS COUNTY

Mr. R. B. Walthall has received a communication from Hon. E. A. Peden, Federal Food Administrator for Texas, asking that he serve as county food administrator again, in the reorganization of this work in the state. Mr. Walthall has advised Mr. Peden of his acceptance.

"Your first official act, Mr. Peden writes, will be the immediate appointment of a fair price committee, whose duty it will be to ascertain fair cost prices, determine a fair margin of profit, and if retail prices are in excess of what the committee regards a fair price to have published its list of fair prices."

In accordance with these instructions Mr. Walthall has appointed the following committee: Frank Goldsberry, retail grocer, Phil Sanders, producer, W. T. Lakey, organized labor, Mrs. A. H. Smith, housewife, Audley Harris, W. S. Davis, S. M. Adams, public, W. F. Gintz, wholesale. This committee will be an extra legal body without power to summon witnesses or fix prices, but will ascertain the cost prices and determine a fair margin of profit, and if the prices are in excess of what the committee regards a fair price, to have published its list of fair prices, and report to headquarters for review. Its additional function will be to provide analysis and interpretation on the prices of boots, shoes and clothing—or the necessities of life.

The food administration will operate through its sixteen districts as formerly, as soon as the organization is perfected.

In publishing the personnel of the fair price committee in yesterday's issue The Sentinel inadvertently left off the name of J. N. Thomas as retail dry goods representative.

### MANY PROMINENT CASES THIS TERM OF DISTRICT COURT

The docket of the district court this term, is not only larger than usual with criminal and divorce cases, but there are a good many big civil suits to be tried. Twelve big civil suits have been filed the past week. Tomorrow is the last day of service for filing, and the court opens on the 1st day of September.

Many prominent out-of-town attorneys have been retained in these cases, among them being attorneys from Athens, Houston, Newton county, Sabine county and others.

### HAD TO QUIT WORK ON FATHER'S FARM

Kept Going Down Hill—Takes Tanlac And Begins to Pick Right Up.

"I never saw anyone pick up so fast as my son John has since he started taking Tanlac," said A. M. Grew, a prominent and successful farmer of Dawson, Okla., recently.

"He suffered awfully from indigestion and a general rundown condition of his system for the past six months," continued Mr. McGrew, "and his kidneys seemed to give him a good deal of trouble and he was going down hill all the time. He had a healthy appetite but right after eating his food would feel like a lump of lead in his stomach and it gave him a much trouble that he got so pale and sickly all the time and got thin as a rail and was so weak he just had to quit working on the farm. He just moped around all the time and couldn't get up energy to do a thing. He worried a lot about his kidneys and complained of having severe pains in his side and back and sometimes his back would hurt so bad he could hardly get up out of a chair."

"I read so much in the papers about the good Tanlac was doing so many people that I got some for him and started him on it. He is still on his second bottle, but it has done him a world of good and he is looking much better than he has for a long time. His kidneys don't trouble him any more and he hasn't had a pain in his side or back in sometime. He has gained in weight and is stronger too, and is able to get around and do anything he wants. The indigestion don't trouble him any more and he can eat a good square meal without any pain afterward. Tanlac is the only medicine I have bought that has been of any benefit to my son and he is so pleased with what it has done for him that he is telling all of his friends about it."

Tanlac is sold in Nacogdoches by Stripling, Haselwood & Co., and Swift Bros. & Smith.

### MEETING FOR SWIFT

Editor Sentinel.

We wish to say that Rev. W. W. Eaves will conduct a series of Bible sermons at the Baptist church commencing the fourth Sunday night, August the 24th, 1919. Everybody who wishes to hear the Bible discussions from an able man are invited to come. You will be at liberty to ask any question concerning the Bible.

If you want to know the truth write your question down and bring them in.

—J. L. Hargis, T. K. Cureton, H. T. Chandler, W. A. Cureton, Committee.

### DO YOU KNOW IT?

If you do not you will find it out when you begin to buy your shoe bill this fall.

The thing which you will find out is that shoes are higher than you have ever seen them before. Of course you will want to be careful and not buy too quick, but get prices and then compare them and examine the quality of the shoes, then buy where you can get the same goods for less money.

I have just returned from St. Louis and while there bought a stock of shoes from a fellow who was anxious to sell and who was willing to sell for much less than the big shoe factory wanted for the same goods. I know that I saved money on this lot of shoes and I am like the fellow of whom I bought from, I am anxious to sell the goods and another resemblance is that I am not going to hold them for high prices, but am going to sell them cheap and make them go. If you will price your shoe bill anywhere and then will come to me, I will prove to you that I am on the inside by a good margin.

We have other lines of goods that we bought below the market price and as our motto has always been to sell on as small profit as possible, within business principles. You will get them cheaper. Come to see us and we will make it pay you.

C. W. BUTT,  
The Cash Man.

### NO OTHER CHILL TONIC EVER GAVE SUCH SATISFACTION

Is How Oklahoma Man Endorses Swamp Chill and Fever Tonic.

Mr. Harve Smith of Halleyville, Okla., tried various chill tonics, but found nothing that equaled Swamp Chill and Fever Tonic. He says this famous remedy never failed to cure his chills.

Thousands of others who once suffered from malaria, ague and similar ailments praise Swamp Chill Tonic as strongly as Mr. Smith. For 20 years it has been the one never-failing remedy.

Swamp Chill Tonic acts quickly and surely. It seldom takes more than three days to break up chills. And no purgative has to be taken with it—the medicine itself acts gently and agreeably upon the liver and bowels.

There is no calomel in Swamp Chill Tonic—nothing but pure vegetable ingredients and iron. It is tasteless and pleasant to take. Numerous physicians prescribe it regularly—they know it is the best remedy there is for malaria, ague, chills, fever, colds, grippe, etc.

Dealers everywhere recommend and sell Swamp Chill Tonic. The price is 60 cents. Try a bottle.

### COW HIDES WANTED.

Owing to the declining and unsettled conditions of the hide market we are unable to intelligently quote the prices of hides. However we are soliciting your shipments and will pay prices according to daily conditions of the market. As soon as the market settles we will begin to quote prices again.

Hides should be salted heavily as soon as possible to avoid spoiling.

### MOTION PICTURE OPERATING HAS BECOME A RECOGNIZED PROFESSION.

Practically every town in the State of Texas, Louisiana, Arkansas and Oklahoma has a picture show, where the services of a skilled operator is required. There are over fifteen hundred shows in the states mentioned. It would require the entire enrollment of the Tyler Commercial College, Tyler, Texas, for one year if it prepared nothing but moving picture operators to take care of the number of shows because of each of the fifteen hundred shows would require at least two operators. Therefore, you can readily see the opportunities awaiting the person who can see it and grasp it. With the field as above mentioned offering such a demand, the Tyler Commercial College has inaugurated a course in the operating and handling of the moving picture-machine as well as the best methods of securing films, keeping the necessary records, in fact, everything that pertains not only to the caring for and manipulating of the machine itself, but the entire management of a moving picture show. We have found from experience that it requires from four to six weeks time to thoroughly qualify a person for this work. We find from investigation that the salaries paid professional moving picture operators are from twenty-five to thirty-five dollars per week. We are giving this course at a cost of \$39.00, which includes all necessary material for the completion of the course. We have in charge of this department an instructor with four years' experience in picture show business who will thoroughly prepare the student in all branches above outlined. One feature that should appeal to the young man who has been unfortunate by not getting a good literary education is that no literary experience or knowledge is required to take this course, in fact, no literary work is given in connection with it, and one's time will be devoted entirely to the moving picture work.

If you are interested in this work write us and state about when you can enroll.

IMPORTANT MEETING.

We want every pastor, some of the laymen and some of the women from each Baptist church in this county, to meet at the Baptist church at Nacogdoches Tuesday, 2 p. m., following the Fourth Sunday in this month. We haven't time to wait for a church meeting to have messengers appointed, but you see to it that your church is well represented. We must organize our county for this southwide Baptist drive "millions for the Master."

C. A. Westbrook, Cor. Sec., Mrs. Bart Shirley, Pres. B. M. M. W., M. F. Drury, Missionary.

TODAY AND TOMORROW ARE CLEANUP DAYS FOR THE CITY

Today and tomorrow are the days set apart by the mayor some few days ago for cleanup days in Nacogdoches, and in response a good many of the citizens are cleaning up their premises, cutting the weeds, and doing other acts calculated to improve the civic attractiveness of the city. However, the call has not met with the response that it should, and it is to be hoped that all the citizens will get busy and clean up their premises before tomorrow rolls away.

The city scavenger will travel through the city today and tomorrow and will gather up all the trash and garbage that is placed in a convenient place. We do not have this opportunity often, and we will do well to take advantage of it.

Capt. Walthall advises us that the infantry company of this city is also doing recruiting and strengthening their company here. He says that the company has already 143 men in the service, and that he is filling his officers' personnel with overseas men of experience, and expects to have a very efficient company.

County Clerk I. D. Parmley and family left yesterday in their car for an overland trip to West Texas. During his absence the office will be looked after by the efficient deputy Miss Susie Massey.

CAR OWNERS.

Come to see us, we appreciate your visit, whether you buy or not. Open from 8 a. m. to 11 p. m. E. M. Roberts Electrical Co. 19-3td-4w

### MRS. FULLER WRITES ABOUT LAKE CHARLES

Editor Sentinel.

As I am spending a few days here with relatives and children, I thought of writing a few lines to your paper.

Lake Charles is in the midst of a great country. It is the capital of Calcasieu parish and the beautiful Calcasieu river runs around the city on the northern side and passes through the large body of water known as Lake Charles, or Charles' Lake, which is four miles wide and five miles long. Westlake is a nice little town on the western bank. The city of Lake Charles has a population of 24,000 busy people. Gerstner aviation field is located there, and airplanes may be seen almost every moment of time. This is a central railroad point of the Southern Pacific, the Lake Charles Northern, The Lake Charles and Lake Arthur railroad, the Missouri Pacific and the Kansas City Southern all coming here. The main agricultural crops are rice and sugar cane. Many fields of sugar cane contain more than 1,000 acres, nothing but cane to be as far as the eye can reach and the same is true as to rice, the crop in Calcasieu parish this year already being estimated at more than \$2,000,000. The largest rice mill in the world is located here and daily rice reports are sent out daily. Seven big sawmills are located here giving employment to hundreds of hands and cutting hundreds of thousands of feet of lumber every day. One mill has enough logs in the lake to last five years, I am told, if not another log was cut. Most of these logs are what is known as salvage timber, being saved or snaked in from the woods from blown down timber caused by the great tornado which swept through this section August 6, last year. One of these mills cuts 250,000 feet of lumber every 20 hours and runs day and night, with the exception of four hours. Speaking of good roads a brick laid road runs across Calcasieu parish from side to side without a break, the road being just like brick pavement. Lake Charles is on this road, together with Vinton, Sulphur, Welsh, Jennings and Crowley, the road now being known as the Old Spanish trail. Another brick road is being built due north to Alexandria, 100 miles distant. Two big shipyards are here and a day or so before I came a great ship was launched at one of the yards. The new ship will be used in the oil trade between the fields at Tampico, Mexico and Gulf ports. I was told. The largest sulphur mines in the world are located near here and I yesterday saw a block of sulphur as large as Schmidt's store in Nacogdoches. This might not seem true, but it is a fact. Between Beaumont and Orange the country is rather swamp and great herds of cattle range over it. From Orange to Vinton and then on to Lake Charles the country is beautiful, prairie and level dotted here and there by groves of liveoak, farms and lovely homes. At Vinton is located great oil fields and also at Edgerly a few miles further east. Land here is what we would call high in Nacogdoches county. I was told today that 320 acres sold this week at 76 dollars an acre and that \$50 an acre is considered cheap. Farmers down here use tractors to do their plowing mostly. The tractors run by gasoline, and have a headlight so the men may plow all night if they want to do so. During the past spring farmers got behind with their work, and it was an uncommon sight I was told to see them all along the road plowing at night. One man with a gasoline tractor can plow more land in a day than 50 men could plow with horses. They use the tractors for various things—hauling wagon loads of produce to town over the good roads, running grist mills, hay machines and other things.

Between Beaumont and Nacogdoches crops are not so good in many places.

**WHAT'S IN THE AIR.**

Possibly the fact that the English newspapers are nearer the scene of action and therefore see more clearly the submerged meaning of events, accounts for the more radical note of the British press comment upon recent incidents connected with European politics.

Late developments in the Balkans have called forth somewhat startling comment from English papers, from English papers, from the radical public actions to the staid and conservative.

"The war that was to destroy kaiserism is, it seems, to be metamorphosed into a war to restore monarchy; the house of Hapsburg is to be restored; the king business is to be set on its legs again."

So that radical London Herald hails the appointment of Archduke Joseph to the head of the state in Hungary with the full consent and approval of the commission of allied governments.

"This is the measure of the full tide of reaction on which the allied governments have embarked."

Strangely enough the London Times is almost as severe.

"For the allied representatives arbitrarily to delegate authority to Archduke Joseph looks suspiciously like an attempt at a marked monarchical revival conceived in the interest of Magyar aristocracy. If Archduke Joseph be placed in power in Budapest, why should not the former Emperor Charis or some member of his family be restored in Vienna or members of the various German dynasties to their respective thrones?"

"At the moment when the allies are confronted with serious international revolutionary agitation a dare claiming to act in accordance with democratic principles, do they not perceive that to delegate authority to the archduke is not only to stultify themselves, but to play into the hands of the revolutionaries?"

"We trust the British government will not help to hoist members of discredited dynastic families upon peoples who have had no voice in electing them."

Almost all London papers denounce the appointment, none defend it.

There can be no doubt that the tactics of allied governments in the greater part of Europe during recent months has strongly roused the suspicion of liberals, let alone the radicals, which are at present interned the former kaiser in Holland—for no expert in London society is taken in by the nonsense in the press about his being there of his own accord as an unwelcome intruder.

"They are much more disposed to put him back in Berlin," writes Bernard Shaw, "than to take chances with the social democratic republic. In short, just in 1815, the allies, after making war on Napoleon, promptly re-established the Bourbons, so the allies of 1919 may easily slip into the restoration of the monarchy in Russia, Poland, Austria, and Germany under the pretense of ridding the world of bolshevism."—Port Arthur

**THAT CLEAN-UP CAMPAIGN.**

In yesterday's issue was a call from Mayor Matthews for all citizens to clean up their premises on Wednesday and Thursday, Aug. 20 and 21st.

The mayor asks that we not only clean up our trash and filth, but that we chop our weeds. The city will have wagons come around and haul off the trash if you will place it in a convenient place.

It is imperative to the health of the place that the city be kept clean during the hot summer months when disease is so rampant. And also where the weeds are high you will find them literally loaded with mosquitoes, especially so if it is in a low or damp place.

Everyone knows what ravages the mosquitoes make, so it is up to us to cut our weeds. The excessive rains have made it almost impossible to keep the weeds down, and in addition it has been almost impossible to secure labor, and in consequence many of us have been more careless than usual. About the only way to remedy the situation is for us to take the whole or what part of these two days off it takes to clean up our premises.

Nacogdoches is one of the most naturally beautiful little cities in the state and we can not afford to impair this reputation. Most of the surrounding towns have already inaugurated cleanup days, and we can not afford to lag behind any longer.

Let's take the old city by storm with axes, rakes, lawn mowers, brooms and other implements of sanitation on the 20th and 21st.

Mexicans who fled across the border in hundreds to escape the selective service law and many of whom took considerable personal effects and money with them, are now returning in droves and giving themselves up to serve jail sentences. There are many things worse than the American jail, and Mexico is one of them.

Both plaintiff and defendant claim victory in the Ford-Tribune libel suit. Ford awarded six cents damages, and his counsel claim that it was not the money, but the vindication of his good name that they were after. On the other hand counsel for the Tribune claim that the chief Ford attorney in closing his argument stated that unless they were awarded a substantial sum their claims would not be vindicated and therefore they feel that they won the case. At any rate it seems to be a unique case, as it is about the first judgment we have ever heard of in which both sides were completely satisfied with the verdict.

The Lufkin News of yesterday's issue gives a resume of the building activities in that city, the prospective new industries, etc., and says that a new era is dawning for that city. The same can be said for Nacogdoches, and in fact most of the other East Texas cities. The outside world is beginning to realize that there are wonderful opportunities in East Texas awaiting development and exploitation, and are beginning to turn this way.

The Jacksonville Progress announces that it will start the Associated Press service next Monday. The Progress had the A. P. service for a while during the war, which was later suspended. It is a mark of growth that they now announce the service will be permanent. The Progress is one of the best little dailies in East Texas, and The Sentinel is glad to note the new improvement.

"Winning the war," says the Beaumont Journal, "by demanding results regardless of expense was good business; our mistake was in forming the habit."

It is pretty hard to pull anything out by the roots. When booze was pulled out of the Democratic party, some of the party's adherent rode along on its roots.

Nacogdoches profiteers take notice! The district attorneys are going to make grand jury investigations of your case and you had better slide down a notice in your price pretty quick.

Col. Milner of the Rusk Co. News observes that it has rained so much this year in East Texas that the watermelon vines are still running, and seem to be headed for the legislature, says the Garrison News.

Opposition seems to be the slogan of the Bailey-Ferguson party. We heard a story once of a calf that got in the middle of the track and opposed a railroad train—but it was hard on the calf.—Carthage Register.

Tomorrow is the Lord's Day with services at all the churches. It will be a testing time with the recent new members, and reconsecrated members, and will show how long your religion will hold out. Read the church announcements and be sure that you attend some service.

China and Japan are having a bout something similar to the battle between labor and the high costs of living. Labor demands more pay and the prices go up—China demands Shantung and gets sore and boycotts Japan, while Japan says that the question of settlement depends on the attitude of China.

**WHIPPED BY A SNAKE.**  
Elzie Oliver, residing near town, experienced an unusual affair the other day when a coach-whip snake attacked him and made him think of his younger days when his father had to use a switch to control him with. The snake took hold of his pants leg and proceeded to whip him good. The only way he could get rid of it was simply to pull him loose. The experience was an exciting one to the young man and in the future he will no doubt watch out for this kind of a snake.—Center Champion.

We don't know where Center is, and have never before heard of the Champion, so we are going to lay the blame for the above story on the Blum Bulletin, from which it was clipped.

No doubt the Center editor tells the story as a truth, but we believe he is an innocent victim of re-told tales. Every vicinity almost, has its teller of "tales" and some of them are varied and weird. No community is complete unless it has one of these characters who can "go right over yander in the back of Lige Simpkin's field and show you a dead tree (always dead) where he was attacked by a hoop snake, which took its tail in his mouth and gave him a chase of a quarter of a mile and just when he was exhausted the tree showed up—like a hero in the movies—and he jumped behind it and the snake let go its tail and buried it deep in the tree, and of course tree died. It is always a very narrow escape.

Yep, we believe the Champion editor was "taken in" as he seems to have swallowed the story "hook, line, cork and all."—Itasca Rem.

**LETTER FROM CAPT. R. K. SIMPSON.**

Dear Homefolks:

I have just returned from my tour through England, Ireland and Scotland and Belgium. I was in London on the 19th and 20th of July, for the Peace Celebration, and saw the big Allied parade, and was fortunate enough to be at the Carleton Hotel through the kindness of an old retired English major, and was at the banquet Sunday night—that is to say I had dinner in the same room at the Carleton and heard the speeches by the Prince of Wales, Pershing, Lloyd George, Foch and Admiral Beatty. I was very lucky in meeting the old major, for it was a banquet that will go down in history.

On my return from my trip I found that Mebane and I had both been transferred to the 8th infantry, that has only lately come over to take the place of the Army of Occupation, and that will occupy the bridgehead, after the A. O. O. has gone—just how long I can't say. It is an army order and we have to make the best of it, though we were hoping to be home by the first of September.

I'd give anything if I could get back with my own outfit. I hate to leave my detachment that I've absolutely had, practically for a year, and go back to another battalion.

In regard to my tour through the countries, I mentioned it was well worth my time and expense. I spent one day in Paris; from there I went to London for three days, and the to Dublin to the "Giants Causeway," and over to Scotland.

There is so much of historical importance to see in London that I put in my three days going as hard as I could, and never got started then I did take in the Tower, St. Paul's Westminster, House of Parliament and several other places. I also took an airplane ride over London, and had the novel experience of an accident, and being forced to land in a park, enough aviation to last me a long time. The park was so small the pilot had an awful time getting into it. The side "stripped" straight down, and then straightened out and glided just at the right time into a four-acre lot. And why I paid good money to risk my neck in an antiquated, ex-veteran airplane is what I haven't been able to figure out.

France and Germany can't compare with England, and I am glad I've had the opportunity of seeing it.

While I was in Cork, I went out in a car to Blarney Castle and kissed the "Blarney Stone," which is some feat in itself; but one couldn't come to Cork without doing that, although it is not an easy thing to do, as it is located on top of the tower under a lodge, and one has to swing out head first, on his back to get to it. But after my experience with a balky airplane, it was very common-place and a mild sort of affair.

On the train I met a fellow, a British aviator, whom I had known as a reporter on the Galveston Tribune, and in Cork the night clerk had a cousin, a nun, (Sister Emanuel) at "St. Mary's" in Galveston, whom I remember. "The world isn't so terribly big after all."

Edinburgh is the prettiest place I've seen yet. The scenery is wonderful, and I wished to stay longer. After leaving Cork I came up through Limerick to Dublin, where I spent one day. Then to Belfast, Londonderry, and back by the "Giants Causeway" to Lorne, and across to Glasgow, and on to Edinburgh.

From there back to London, on through Belgium by the way of Brussels, Liege, Cologne, and back to the regiment, altogether a most delightful trip.

R. K. SIMPSON.  
8th U. S. Infantry, in Germany.

**DAILY CROWD MEETS TODAY**

FT. WORTH, Aug. 14.—The Democrats of Texas dissatisfied with the present organization met here today to formulate plans for reconstruction. There were two factions in evidence, both met separately, and appointed resolutions committees. An attempt will be made to unite following the speech of former Senator Bailey, which is expected to be the keynote of the utterance of both factions.

The executive committee of the proposed party has adopted the name of the American party. Adherents of Bailey added another article to the platform of the party, opposing preachers in politics, and announced they would not join the new party, but would wage a fight within the old organization for reform.

**FIRST BALE COTTON SOLD THIS MORNING**

The first bale of cotton of the season was brought in last night by R. L. Kendrick, who lives two miles out of Melrose, and sold at auction by Mayor Matthews this morning, bringing 41c per pound. The bale weighed 405 pounds, making it bring \$166.05. The bale was ginned by O. H. Buckner, and weighed by Jno. W. Byrd. Mr. Byrd bought the seed at \$135.00 a ton, bringing \$40.05, making the purchase for the Fidelity Cotton Oil Co., of Houston.

A premium list of \$60.00 was made up among the merchants of the city, and handed to Mr. Kendrick. The total sum brought by the cotton was \$266.10, which excels any price ever paid on the Nacogdoches market in many years. The first bale this year is somewhat later than the first on the market last year, due, doubtless, to the excessive rains. Following is the itemized list of the contributors to the premium:

**STRIKING SHOPMEN HELD MEETING TODAY**

CHICAGO, Aug. 14.—Several thousand striking railway shopmen met today to consider the question of returning to work, in accordance with President Wilson's demands. A definite policy will probably be adopted before the meeting adjourns. Local leaders urged the strikers to refuse to return, while international officials advised the men to call off the strike and await settlement of the wage demands. Railroad officials report little change in the strike situation.

## TEXAS ATTORNEY TO INVESTIGATE ENTER PHONOGRAPH IN POLITICAL ARENA

HOUSTON, Aug. 15.—U. S. District attorneys throughout Texas were called upon today by E. A. Peden, state food administrator to begin immediate grand jury investigations of violations of food laws controlling hoarding and price fixing. Peden also addressed a letter to the district judges of the principal centers of population, asking them to convene juries to determine whether state anti-trust laws are being violated through combinations which might effect the price of necessities, particularly meats, sugars and shoes.

When you have a bilious attack your liver fails to perform its function. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take three of Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter.

### MEXICAN NOTE IS TOPIC DISCUSSION

WASHINGTON, Aug. 15.—The State Department's latest note to Mexico warning Carranza that if the murders and indignities against American citizens continue the United States will be forced to adopt a radical change in its attitude toward Mexico was the chief topic of interest and discussion today in official and diplomatic circles, while official announcement concerning the change in policy is lacking it is generally believed that pressure from foreign governments and demands from congressional circles for protective action hastened action.

### The Best Plaster.

A piece of flannel dampened with Chamberlain's Liniment and bound over the seat of pain is often more effectual for a lame back than a plaster and does not cost anything like as much.

### SAYS REBELS IN NUEVO LEON HAVE BEEN CLEARED

MEXICO CITY, Aug. 14.—General Francisco Murguía, in charge of federal forces in the states of Tamaulipas, Coahuila and Nuevo Leon has reported to President Carranza that the former rebel strongholds in the southern part of Nuevo Leon have been cleared and the country pacified. He declared the towns of Iturbide, Zaragosa, Aramberri and Noreua, which have been held for some time by the rebels, are now in his possession. The reconstruction of railroad, telegraph and telephone lines is now in progress, he reported.

### Cure for Dysentery.

"While I was in Ashland, Kansas, a gentleman overheard me speaking of Chamberlain's Colic and Diarrhoea Remedy," writes William Whitelaw, of Des Moines, Iowa. "He told me in detail of what it had done for his family, but more especially his daughter who was lying at the point of death with a violent attack of dysentery, and had been given up by the family physician. Some of his neighbors advised him to give Chamberlain's Colic and Diarrhoea Remedy, which he did, and fully believes that by doing so saved the life of his child. He stated that he had also used this remedy himself with equally satisfactory results."

It is announced that the talking machine has entered politics, and that political speeches will be reproduced by this means. Joe Bailey, new party simultaneously announce they will oppose women and preachers in politics, and we wonder what they will do about the talking machine?

NEW YORK, Aug. 15.—Phonographs will be used by both the Republican and Democratic parties in the approaching presidential campaign, it is announced, the plan embracing a program which will permit the residents of small towns and remote hamlets to hear the speeches of eminent orators at the same time that the records are released in the large cities.

The phonographic campaign will be opened on September 1, when records containing utterances by Attorney General Palmer, speaking for the Democrats, and others registering the speech of United States Senator Lodge, voicing the sentiments of the Republicans, will be reproduced at clubs, societies, headquarters, churches, noonday meetings and in the homes of the party workers.

Following the release of the speeches of Attorney General Palmer and Senator Lodge, other records will be distributed monthly, and it is expected that the meeting places and homes throughout the country will fairly echo and re-echo with the words of the orators as conveyed by means of talking machines. The extent of the part which phonographs may play in the campaign can be estimated by the statement that two manufacturers of the machines are known to have more than 2,000,000 phonographs in use in the United States.

Among the speakers scheduled for phonographic oratory by the Democratic National Committee are President Wilson, Secretary of War, Baker, Secretary of the Navy Daniels, former Secretary of the Treasury McAdoo and William J. Bryan.

Former President Taft, Major General Wood, Elihu Root, Chauncey M. Depew and United States Senators Johnson and Borah are on the list of speakers chosen for talking machine oratory by the Republican National Committee.

## SHANTUNG MATTER PROMISES FIGHT

(The Associated Press) WASHINGTON, Aug. 18.—Resumings of the peace treaty, the senate foreign relations committee today heard Thomas Millard, writer on far eastern policies, regarding the features of the treaty giving Japan control of the Chinese province of Shantung. The proposal to strike this provision from the treaty promises the most bitter fight of the entire controversy.

Millard told the committee that the unanimous opinion of experts was that war must result from the treaty provision giving Japan control of Shantung.

### COMMISSIONERS COURT MEETS TO APPOINT PUBLIC WEIGHERS

Commissioners court meets again this afternoon in continuation of their regular session of last week. The court will begin the appointment of the public weighers this afternoon. The weighers for the various precincts are appointed by recommendation of business men, by the court under the new law passed by the 36th legislature.

It will be remembered that some difficulty was experienced in the weighing of cotton in Nacogdoches last year, when the various weights did not tally with the compress weight, and it is to be hoped that this matter will be overcome with the appointment of a public weigher.

We are proud of the confidence doctors, druggists and the public have in 666 Chill and Fever Tonic.

### FIRST CONFISCATION FOODS OCCURS IN MISSOURI

KANSAS CITY, Aug. 16.—The first confiscation of stored foodstuffs occurred today when Francis Wilson, United States district attorney ordered the seizure of twenty-five thousand pounds of beans, said to have been held in storage throughout the war.

## Concerning the Price and Quality of PENNSYLVANIA VACUUM CUP TIRES

# Pennsylvania Rubber Co.

FACTORY AND GENERAL OFFICE, JEANETTE, PA.

Jeanette, Pa., August 4, 1919.

Mr. Ben T. Wilson, Nacogdoches, Texas:  
As a number of our customers have, through salesmen and in a direct manner, raised a query in substance as follows:—

"On the basis of your second decline in prices, effective July 19, Pennsylvania Vacuum Cup Tires and Ton Tested Tubes are so much below the market that they are practically on a parity with the most ordinary makes. Are you intending to change the quality?"  
Our answer to this is as follows:—

The Pennsylvania Rubber Company are not philanthropists, but we happen to have on hand a supply of raw materials including that important commodity fabric purchased at prices which, as compared to the present market, are very low and as it is our opinion that mere talk will not in any way relieve the high cost of living, we propose, temporarily at least, to ascertain to what extent the trade and public will through additional volume and the attendant lowering of overhead, reward an honest effort toward reduction in the cost of tires, which have grown to be nothing less than one of the necessities of our every day life.

It may be further said that the quality of Pennsylvania Tires will under the present management, never be changed, except for betterment, and as this Company is privately owned, no early important changes in management are anticipated.

It is only fair to add that we do not, as good merchants, propose to carry an effort toward lower prices to the extent of impairing our own resources. When it becomes necessary to replenish stock of raw material, selling prices on Pennsylvania Vacuum Cup Tires will be based on market conditions. Please, therefore, understand that all orders given our representatives or sent direct to the Home Office are accepted subject to prices ruling on date of shipment. This includes back orders.

Yours truly,

PENNSYLVANIA RUBBER COMPANY

Seneca G. Lewis, Vice Pres.-Gen'l Mgr.

### RIOTING LOOTING IN LONDONDERRY

LONDON, Aug. 16.—Rioting and looting occurred in Londonderry last night, and today troops are attempting to break up the Nationalist demonstration. Soldiers charged the mobs, but no shots were fired. The monetary loss is heavy.

666 has more imitations than any other Chill and Fever Tonic on the market, but no one wants imitations. They are dangerous things in the medicine line.

### SEVEN MILLION EGGS, 300,000 POUNDS BUTTER UNCOVERED

DETROIT, Aug. 16.—Another raid today on food supplies stored in Detroit Refrigerating Co., plant netted department of justice agents over seven million eggs and three hundred thousand pounds of butter.

666 quickly relieves Constipation, Biliousness, loss of appetite and head aches, due to torpid liver.

### CUSHING LOCALS.

From The Journal.  
Zeno Cox of Nacogdoches was a business visitor here Monday.

Miss Nell Cariker of Nacogdoches is spending this week with her grand parents, J. W. Cariker and wife.

Miss Kathleen Drewry of Nacogdoches was the guest of Miss Van Myatt Sunday.

Mrs. W. Whitaker left Monday for Dallas to buy her fall millinery. She joined Misses Lena Justice of Nacogdoches and Greer of San Augustine, who were going through.

Miss Frances Cariker, who has been in the Nacogdoches sanitarium for the past ten days, returned home Saturday, and is getting along fine. Miss Ruth Roland spent the week with Miss Frances, and returned with her.

666 has proven it will cure Malaria, Chills and Fever, Bilious Fever, Colds and LaGrippe. It kills the parasite that causes the fever. It is a splendid laxative and general tonic.

### CARRANZA ORDERS BRITISH CHARGE TO LEAVE MEXICO

WASHINGTON, Aug. 16.—William Cummings, British Charge de Archives in Mexico City has been ordered to leave the country by President Carranza.

### PREDICTS UNDREAM-ED OF CONDITIONS

WASHINGTON, Aug. 16.—Un-tilled "capitalistic monopoly" and organized labor "cease profiteering in goods and wages the country will experience a condition of living undreamed of" J. R. Howard, president of the low aFarm Bureau Federation told the senate and house agricultural committees today. Howard said the high cost of living was due to extravagant profit of middlemen, the failure of the American people to practice economy, and industrial strikes.

### C L ADVANCED EIGHTY PERCENT

WASHINGTON, Aug. 16.—Figures made public by the department of labor today show general increases of about eighty percent in the cost of living during the period from Dec. 1914 to June 1919. They based their investigation on various representative cities over the country. In every instance the greatest increases recorded were clothing and house furnishings. From Dec. 1917 to June last the figures show average increases of twenty percent. Food advanced third in importance.

### RAILROAD ADMINISTRATION CONSIDERS WAGE DEMANDS

WASHINGTON, Aug. 16.—With the last of the shopmen, thousands of whom have been on a strike since August 1 expected to return to work today, the railroad administration prepared to consider the men's demands for increased wages.

### MYSTERIOUS MIRROR.

Crowds are swarming into the Garrett Furniture company to look at the mysterious mirror, which reflects the image of a dead negro woman. The mirror was brought to the store by a negro named Peru Ferguson who lives southeast of the city, and who declares that the image is that of his dead wife, which he noted the morning following her death. The outline of the face is plainly visible, the arms are clearly defined, and the long shroud is shown as plainly as though it were an intentional photograph. Nothing like it has ever been seen before, and many speculations as to the cause of the phenomenon have been advised. The most probable theory is that the "ghost" is nothing more than a photographic impression caused by the action of the proper rays of light on the sensitive mercury surface of the coating of the mirror.—Marshall Messenger.

### BOLSHEVIKI TROOPS ARE WIPED OUT

LONDON, Aug. 16.—Several battalions of Bolsheviki troops were wiped out by the Northwestern Russian army in a new offensive along the river Luga, southwest of Petrograd, according to a Helsingfors dispatch. Soviet forces also lost a large number of prisoners, machine guns and ammunition.

### EXCURSIONISTS INJURED IN FIGHT YESTERDAY

BELFAST, Aug. 16.—Ten Nationalist excursionists were injured Friday in a fight with Orangemen at Lillburn, county of Down. Serious rioting also occurred in Coal Island, county of Tyrone. Several policemen and military officers were severely injured.

The United States has warned Mexico that it will tolerate no more outrages, and Carranza has been informed in no gentle language that he must protect American citizens in Mexico. In return the bewhiskered gentleman says that he is doing all that he can—which doesn't seem to be very much lately. The time seems to have come when Mexico is going to be made to realize that the United States is not the coward that she thinks we are.

### EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel, just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can't salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic strengthens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.
