MONTENEGRO IN THIRDS REVOLUTION

LONDON, Aug. 28.—Fighting has broke out everywhere in Montenegro and the whole country is in a state of revolution. The Serbians are using strong measures in attempting to suppress the uprising.

"RECRUDESCENCE OF BALKAN TROUBLE."
"We seem to be in for a recrudescence of the Balkan trouble," it is stated in authoritative sources here.

The Montenegrans have cut the railway between Virpazar and Antivari on the coast. The Serbians are receiving reinforcements but are not meeting with success in their efforts to down the revolutionary movement.

Reports say that the Montenegrin national spirit is thoroughly aroused. The animosity against the Serbians is increasing.

BRINGS TO HEAD
SMOLDERING DIFFERENCES.

The uprising in Montenegro seems likely to bring to a head the long smoldering differences between Montenegro supporters of former King Nicholas, and the faction adhering to the plan for the incorporation of Montenegro in the Jugo-Slav state.

PERSHING SAILS FOR HOME TODAY

BREST, Sept. 1.—General Pershing sailed from here today on the transport Leviathan for the United States at three o'clock this afternoon. Marshal Foch came aboard the transport shortly before he sailed and made a feeling address to the departing commander in chief.

LEAVES DEAD IN
HANDS OF FRANCE.

"In leaving France you leave your dead in our hands, on our soil. We will care for them religiously, zealously, as bearing witness of the powerful aid you brought us. These dead will bring from America many thoughts of remembrance and piety which bind still more strongly our close union.

"If the clouds of war gather again in the future, would not these dead rise from their tombs and make their voices heard once more by a world which already knows the same cause—the cause of liberty which has united us as in the time of Washington and Lafayette."

General Pershing replied bidding farewell to France, "to her gallant poilus, her patriotic men, her noble women." The general and Foch walked arm in arm to the gangplank, exchanging final salutes as the Marshal stepped ashore.

POLITICAL BEE IN LONDON IS ACTIVE

LONDON, Sept. 2.—Political activity will evidently be resumed long before parliament reassembles in October. Interest centers about the new campaign by the newspapers, which is reminiscent of the one which overthrew the Asquith government, which seeks to make Andrew Bonar Law, government leader in the house of commons the scape goat for governmental mistakes, and exonerate Lloyd George on the ground that Bonar Law virtually was acting premier in London while Lloyd George was engaged at the peace conference in Paris.

The aim seems to be to discredit the conservative section of the coalition government, and prepare for the possibility after the next election of bringing the labor cabinet, of which Lloyd George could assume leadership.

KNOX DENOUNCES THE PEACE TREATY

WASHINGTON, Aug. 29.—Declaring the peace treaty can not be enforced, but will lay a foundation "for centuries of blood letting," Senator Knox of Pennsylvania, republican member of the foreign relations committee and former secretary of the state told the senate of the United States it should decline to become a party to the settlement effected at Versailles, and should negotiate a separate peace with Germany.

"In its hard and cruel" terms, he asserted, the treaty imposed on Germany penalties which violate the international law, engendering strife. Senator Knox declared there was no reason for the United States to project itself into a dangerous situation.

RANGER APPOINTED SPECIAL INVESTIGATOR

(By Associated Press.)

AUSTIN, Sept. 2.—Senior Ranger Captain William Hanson was granted an indefinite leave of absence by Governor Hobby, it was announced today in order to act as a special investigator for the senate foreign relations sub-committee which is to investigate relations between the United States and Mexico. Hanson will leave for Washington tomorrow night. He spent several years in the interior of Mexico.

AUSTRIANS RECEIVE TREATY

AT ST. GERMAIN TODAY
PARIS, Sept. 2.—The Austrians received their treaty at St. Germain today.

Do You Buy Or Sell Hay At \$40.00 Per Ton?

When paying 2 cents per pound for hay do you stop and think about those "little patches" of grass that you could have saved but which you DIDN'T SAVE?

Be a seller. It is more pleasant and profitable to sell hay at \$40.00 than it is to buy at the same price.

We want to sell you a mower and rake. We'll make money when we sell and you'll make money when you buy.

Let's get together on this important matter. It's money to you, it's profit to us—but it's mighty hard on the fellow who has been selling you hay at 2 cents per pound.

Next spring will you be buying or selling hay? It's up to you.

Cason, Monk & Co.

A good second hand hay press, hay rake and gasoline engine for sale. We want to sell quick. Our prices will prove it.

FOOD MARKET SLUMPS TODAY

CHICAGO, Aug. 29.—Foodstuffs of all kinds continued their downward trend today. Live hogs sold as low as \$14.50 per hundred pounds.

Hon. Jno. B. Guinn of Jacksonville was in the city yesterday on some legal business.

AMERICAN AVIATOR SHOT BY MEXICANS

LAREDO, Sept. 2.—Captain Davis McNabb was wounded in the head when twenty-five Mexicans fired on the airplane of McNabb and Lieut. Johnson, patrolling over the Rio Grande near here. Medical aid was rushed to McNabb by airplane.

CARRANZA SAYS PRIDE IS WOUNDED

MEXICO CITY, Sept. 2.—Carranza's address to congress last night mentioned the fact that the Mexican embassy at Washington made representations to the United States, but declared that "not in all cases were assurances given that the offenders were punished. Reference was made to numerous crossings of the border by American airplanes as well as traps. In connection with the punitive expedition to find the bandits holding the two American aviators for ransom the message said: SAYS INVASION VIOLATED RIGHTS.

"This invasion constitutes a violation of our rights, serious and without motive was this violation, which deeply wounded Mexican patriotic feeling."

Regarding the Monroe doctrine Carranza said Mexico did not recognize it "inasmuch as it was established without the volition of all the peoples of America as a criterion and solution in which they were not consulted, and because the doctrine smacked of sovereignty over Mexico and constituted a forcible guardianship over all the nations of the American hemisphere."

PROPOSE INCREASE THE ARMY PAY

WASHINGTON, Aug. 30.—An increase of thirty percent in the pay of all officers in the army, navy and marine corps and fifty percent for enlisted men is proposed in a bill drawn by Real Admiral Cowie, former paymaster General of the navy, for which congressional support is sought.

ADVISORY COMMITTEE BAILY PARTY MET TODAY

DALLAS, Aug. 30.—The advisory committee of the faction of demagogues which decided on party reconstruction campaign under Senator Bailey, met here today to plan an organization throughout the state.

COUNCIL SENDS NOTE TO GERMANY

PARIS, Sept. 2.—The Supreme council of the peace conference has decided to send a note of forceful terms to Germany pointing out the contradiction with the Versailles treaty of the provision in the new German constitution providing for representation of Austria in the German reichstag. The council demands the suppression of the article within a fortnight, declaring that otherwise the Allies will be compelled to undertake the occupation of the left bank of the Rhine.

FRANCE TO RATIFY THE TREATY SOON

PARIS, Aug. 28.—Ratification within a short time of the peace treaty now before the Chamber of Deputies is probable, despite the views of some elements that France is not guaranteed sufficient military protection by the document.

Ratification, however, will not conclude debate on the treaty. After the ratification "motions of regret" embodying such clauses as have been criticized will be presented in reopening the debate.

PRESIDENT ASKED TO TAKE A HAND

WASHINGTON, Aug. 29.—President Wilson will be asked to take a hand in the controversy between steel workers and the United States Steel Corporation in an effort to prevent a general strike. A general committee of steel workers announced this in charging the steel corporation in trying to force the issue before the president could apparently pass upon the merits of the controversy.

FURTHER DROP IN HOGS IN CHICAGO TODAY

CHICAGO, Aug. 30.—A further drop in live hog prices from a dollar to a dollar and a quarter a hundred pounds was registered today.

ABOUT COMING REUNION OF CONFEDERATES

ATLANTA, Ga., Aug. 30.—All sons and grandsons of Confederate veterans who expect to use the cheap rate of one cent a mile granted by the government to attend the annual reunion of veterans in Atlanta October 7-10, should see to it at once that they are members in good standing of a Sons of Veterans camp.

This fact was emphasized today by N. B. Forrest, adjutant-general of the Sons of Confederate Veterans and general secretary of the reunion in giving out details in regard to those who are eligible for the cheap travel rate to Atlanta.

"In giving us this rate, the government requires all purchases of tickets to show certificates to the effect that they are Confederate veterans or members of a veteran's family, sons of Confederate Veterans or members of their families, members of the United Daughters of the Confederacy, or members of the Confederate Southern Memorial Association," said General Forrest.

"We have these certificates ready to mail out from reunion headquarters, 602 Chamber of Commerce building, Atlanta. They are obtainable by the officers of all camps in good standing, by the department, division and brigade commanders as well.

"Towns where there are no camps of Sons of Veterans or where such camps have been allowed to lapse, should write into reunion headquarters at once, reorganize their camps, and thus get advantage of a cheap rate.

"If a man is a member in good standing of some Sons of Veterans' camp, he can bring his whole family to Atlanta for only one cent a mile 'going and coming,' whereas if he doesn't get this certificate, it will cost him the usual rate. He makes a tremendous saving, far more than the few dollars it takes to join a camp.

"I am now getting applications for the certificates from many states indicating a record attendance for the reunion. Alabama has requested 3,000, Mississippi 1,000 and Arkansas 1,000 and all of these states, it is said, will want more. Division, departmental and camp officers should get these certificates at once."

SAYS ITALY IS MOST EXPENSIVE ALLIED COUNTRY TO LIVE IN

ROME, Sept. 1.—Italy is the most expensive Allied country in which to live, according to statistics published in the Popolo Romano, which observes that "the human body must be furnished with 3,500 calories a day and that this would require a ration equal to 500 grams of bread, 150 grams of meat, 20 grams of oil, 500 grams of potatoes, 75 grams of rice, 75 grams of vegetables, 250 grams of milk, 25 grams of sugar and 60 grams of fats.

"Such a ration costs 26 cents in London, 30 cents in New York, 41 cents in Paris and 60 cents in Italy," says the newspaper, whose estimate is confirmed by the statistics of the city of Berne, which shows the cost of living in various countries as follows:

Italy, 481 percent; France, 35 percent; England, 240 percent, and the United States 220 percent. Of course it must be remembered that the cost of living, before the war, was higher in America than in Europe.

AUTO USED BY PERSHING IN MEXICO TURNS UP AGAIN

SAN ANTONIO, Aug. 27.—Back from varied experiences in Mexico and after six months "rest" at the bottom of the Rio Grande, the automobile used by General John J. Pershing while the American punitive expedition was in Mexico in 1915 has turned up at Kelly Field, still able to amble along on its own power.

Captain Jack Doubin, officer in charge of transportation at Kelly Field declares the automobile is in good shape mechanically, and if General Pershing accepts a recent invitation to visit San Antonio this fall it is hoped to place the veteran machine once more at his disposal.

When the American forces withdrew from Mexico after the Villa chase the automobile was assigned to the First Aero Squadron, to be brought to Kelly Field, but when the Rio Grande was reached, it balked and was abandoned in four feet of mud and water. It was pulled out by a cavalry troop six months later, and now finally has reached Kelly Field.

AUSTRIANS TO GET PEACE TERMS TODAY SAYS COUNCIL

PARIS, Aug. 30.—The supreme council has decided to hand the peace treaty to the Austrian delegation today.

BOY SCOUT ENCAMPMENT.

The plans for the big Boy Scout encampment are about all finished, and it seems sure that it will be the most successful of all the outings the Nacogdoches Scouts have had for the past eight years. It is the purpose to go to the Shawnee spring about 12 miles south of the city, where the water for drinking, the fishing, the swimming and the woods are all good for scout work.

The Scouts are to report at the Stone Fort Monday morning at 9 o'clock to register and pay their fees for the outing. This is very important and no boy should fail to come and sign up or send in his name and his money, as we must know the exact number of boys that are to go in order to have transportation ready and also to figure on the food supply. All scouts must have their bedding at the Stone Fort Monday afternoon not later than 5 o'clock.

There will be no provision for visitors this year, and, much as we regret to make this statement, the high cost of living makes it very necessary that all who may visit the encampment and who are not scouts in full standing shall bring their own provisions with them.

We will be very much in need of help to take the boys and their equipment to the camp, and I am asking that all citizens who can furnish an auto for boys, or a truck to take supplies, notify Hon. V. E. Middlebrook by Monday morning. Let us give to the Nacogdoches Scouts the best recognition we can of their services to the city and the nation. And I am asking in conclusion that the parents of every Scout see to it that their boy gets this great outing.

M. C. JOHNSON, Commissioner.

IN EXPLANATION.

Nacogdoches, Texas, August 30, 1919. Messrs. Halton & Gibbs, City.

Dear Sirs:

In justification to your paper and its splendid loyalty in failing to make mention of the fact that the purchase of the road bonds had been turned down by the bonding company, I am perhaps due you an apology. The agent of the bond company while here asked me to make no public mention of the status of the bonds, pending negotiations, saying the matter might be adjusted. Acting upon this suggestion, I spoke to you, and no mention of the matter was made by your paper.

Several days later the Redland Herald reporter talked with me, and published a statement concerning the road bonds. Although I was very busy, I perhaps should have told you to make such mention as you saw proper in regard to the bonds.

Assuring you that it was not my intention to withhold any news from one paper and give it to another, I am,

Yours truly,
J. M. MARSHALL,
County Judge.

BIG MEETING AT ATTOYAC.

Rev. W. N. Eaves, a very enthusiastic evangelist, Baptist preacher, has just closed a two weeks meeting at Attoyac. All through the meeting there was much interest manifested in a spiritual way, and the crowd growing larger from time to time until the place could not nearly accommodate the crowd.

There was a "fly-right" address in the church and on Sunday Rev. Eaves baptized thirty-five. Rev. Eaves will be in a meeting at Swift for the next two weeks, beginning Monday, Sept. 1st. All who wish to hear the gospel preached in all its power and purity will miss a treat not to hear him.

AUTOMOBILE ACCIDENT NEAR APPLEBY TODAY

Mr. E. M. Dotson of Garrison prominent citizen of that city, happened to a painful accident near Appleby today when his car turned over and he became pinned underneath. Some difficulty was experienced in getting Mr. Dotson released, it is said, and he suffered many severe bruises over the body, though he suffered no broken limbs or internal injuries. Mr. Dotson is well advanced in years, and the accident proved doubly painful for this reason.

CITY SETTLES SUIT WITH THE PAVING COMPANY

The City of Nacogdoches, who filed suit against the Dallas paving concern, who paved the business district of Nacogdoches, for \$1200 several days ago, charging that the paving was not satisfactory and did not come up to its guarantee, settled the suit with the representative of the company who was here, a day or two ago, whereby the city gets \$600 damages.

LEMON JUICE TAKES OFF TAN

Girls! Make bleaching lotion if skin is sunburned, tanned or freckled

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion beautifier, at very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles, sunburn, windburn and tan disappear and how clear soft and white the skin becomes. Yes! It is harmless.

ABOUT CONFEDERATE REUNION

Headquarters United Confederate Veterans, New Orleans, La.—The General Commanding is pleased to inform his Confederate associates that the patriotic city of Atlanta has asked our organization to be its guest for the 1919 Reunion. He, therefore, officially announces that the twenty-ninth annual reunion of the United Confederate Veterans will be held in that city, October 7, 8, 9, and 19, 1919, Tuesday, Wednesday, Thursday and Friday, respectively.

The good people of this city have on a previous occasion shown that they know how to entertain, and have showered on the survivors of the Confederate armies benefits and favors worthy of the true chivalry of the South, and they are prepared to bestow again those courtesies that make for the pleasure of their guests and the General Commanding promises for them a most generous hospitality.

Georgia, a great state, patriotic and liberal to an extreme, the home of Gordon, our first Commander in Chief—and Evans, can but be glad to entertain men who fought so gallantly for principle in 1861 and 1865. The General Commanding hopes that every one present will enjoy each moment, and he hopes that there will be a large gathering.

Many camps failed to pay dues last year and by that are barred from taking part in the convention. He urges all to remit at once to the Adjutant General and be prepared to take places in the business convention. It will be too late to defer payments until arrival in the reunion city, as the books are closed ten days before the time of the Reunion.

The General Commanding with much pleasure announces, at the request of its most energetic President Mrs. A. McD Wilson, that the Confederate Southern Memorial Association will hold its meeting at the same time, and the Sons of Confederate Veterans will hold their convention on the same days, beginning Tuesday, October 7.

The General Commanding sincerely hopes that the press of the entire country, ever ready to promote the cause of the Confederate soldier, will endeavor to stir up interest in the coming meeting, and to this end he requests that this Order be published and editorial comment made thereon.

By command of K. M. Van Zandt General Command.

WM. E. MICKLE,
Adjutant General and Chief of Staff

FAIR PRICE COMMITTEE MET THIS MORNING

The fair-price committee, named by the county food administrator, some few days ago met in the district clerk's office of the court house this morning at 10:30 for the purpose of organization. It was found advisable to appoint several new members to the committee, which is now composed as follows: W. F. Gintz, Frank Goldsberry, Tom Maroney, W. I. Baker, F. R. Penman, Phil Sanders, Moss Adams, Joe Gibbs, Leander Lyles, J. N. Thomas, W. T. Lakey, W. B. McKnight, Phil Sanders, and Mesdames A. H. Smith and T. E. Trigg.

At the meeting this morning Mr. W. F. Gintz was appointed chairman, and Mrs. A. H. Smith secretary. It was the sense of the meeting that the committee would meet with various representatives of different industries and concerns, as well as the people in open meetings, that they would determine a fair price both wholesale and retail and publish it regularly.

The next meeting will be held next Friday evening at 8:30 at the court house, and every member is especially invited to attend.

OMSK BEING LEFT ADMIRAL KOLCHAK

LONDON, Sept. 1.—Omsk is being evacuated. The headquarters are being transferred to Nikolayevsk, according to a Bolshevik wireless stated, in the direction of Tzaritzin, and the Bolshevik forces are advancing along the Volga and Liavia rivers.

THE FRENCH QUELCH PROPOSED REPUBLIC

COBENZ, Sept. 1.—French troops are in complete control of the situation at Ludwigschafen where an attempt to establish an independent republic in Palatinat appears to have come to a head Friday. ATTACK ADHERENTS OF DR. HAAS

According to German newspapers, a number of adherents of Dr. Haas of Ludau were attacked at the postoffice at Ludwigschafen, and after four hours of fighting succeeded in overpowering the resistance of the post-office officials. The followers of Dr. Haas were seeking to make the Palatinat independent from Prussia.

WILL OUTLINE THE MEXICAN POLICY

MEXICO CITY, Sept. 1.—In the announcement of Carranza's address to congress tonight, it is said that it will be exceptionally interesting, intimating that it will outline the Mexican international policy. The announcement was made by Secretary of Interior Beranga, who severely criticized the newspapers for demanding daily official statements from the government on "matters that it sometimes take weeks to arrange," and asserted they "aided interventionists by publishing news stories containing errors in facts and editorials based on erroneous premises."

SAYS MEXICANS WILL WELCOME FORCES

EL PASO, Aug. 30.—Supplementing his reference in urging armed intervention in Mexico, at a dinner in his honor here last night, Governor Hobby later said "I believe many Mexicans will welcome intervention as a means of establishing order in Mexico and protecting lives and property. In fact many prominent Mexicans have told me that intervention would make it possible to do business in Mexico, and for Mexico to do business with other countries, thus making it possible for the people to earn a living. When I say intervention I mean armed intervention."

NO TRAINMEN GO WORK LOS ANGELES

LOS ANGELES, Aug. 28.—The striking trainmen will be served with copies of the orders from their chiefs directing them to return to work, and then will be governed by individual decisions in reference to obeying, according to Vice-President Montgomery, of the Brotherhood of Locomotive Engineers.

No men had reported up to seventy today.

SERVE NOTICE ON THE STRIKERS.

CLEVELAND, Aug. 28.—Unless the members of the four brotherhoods striking on the Pacific coast return to work by Saturday the brotherhood will support the federal administration in efforts to operate a federal controlled railroad, it was announced at headquarters here.

PRESIDENTS FIRST ADDRESS COLUMBUS

WASHINGTON, Aug. 28.—President Wilson will leave Washington next Wednesday in a speech making tour on the peace treaty, and will deliver his first address at Columbus, Ohio, Thursday, Secretary Tumulty announced today.

CORPS STENOGRAPHERS ACCOMPANY PRESIDENT.

A corps of secretaries and stenographers will accompany the president. Other places where the president will speak, so far announced are Indianapolis, Denver, Dalene, Idaho, Los Angeles, San Francisco, San Diego, Portland, Oregon, Spokane and possibly Seattle.

California is the home state of Senator Johnson, one of the leading republican opponents of the peace treaty.

STORM SWEEPS FRENCH COAST

LORIENT, France, Aug. 30.—The coast of Brittany for miles north and south of here is strewn with wreckage during a great storm yesterday. At Locquetas a lifeboat with wreckage the city and the nation. And I am wash ashore. The name of the boat was not deciphered. The storm is abating today.

PRESIDENT DECLINES GIVE SENATE TREATY

WASHINGTON, Sept. 1.—President Wilson has declined to give the senate foreign relations committee a tentative draft of the treaties with Austria Hungary, Turkey and Bulgaria as the committee requested because "it tends to take the function of the negotiating of treaties out of the hands of the executive."

FOREIGN INTERESTS WIN IN MEXICO

MEXICO CITY, Aug. 28.—The Petroleum committee of the Mexican senate has presented a report on legislation regulating the article of the constitution which nationalizes oil lands, and at the same time laid before the senate the draft of a law regulating an article eliminating all retroactive effects of proposed oil legislation. This is the concession for which foreign oil interests have been contending.

ANOTHER AMERICAN KILLED BY MEXICANS

EL PASO, Sept. 1.—Adam Schaeffer, American citizen, was killed by Mexican bandits at his mine in the state of Zacatecas August 28th, according to a telegram received by American Smelting and Refining Co. here. Schaeffer was an independent mining operator 55 years old.

Schaeffer is said to be either an American or British citizen. News of his killing was received from the smelting company's official in Agua Calientes, Mexico. The American consul is seeking to ascertain facts.

PREMIER SOUTH AFRICA'S DEAD

PRETORIA, Union South Africa, Aug. 28.—General Louis Botha, premier of agriculture, Union South Africa, died suddenly of influenza today. He was born in Greytown, in 1863. He was a member of the first Volksraad of Transvaal, and was prominent in the Boer war, commanding the Transvaal Boers before it ended. He commanded the Union forces of South Africa in the recent war, defeating the Germans in that region. He signed the treaty with General Smuts for Union South Africa.

GERMAN ARMY MAY MARCH IN RUSSIA

PARIS, Aug. 30.—A German army of nearly forty thousand men, with modern equipment, including over three hundred airplanes is assembled in Lithuania, preparatory to marching into Russia, ostensibly to deach and help Admiral Kolchak, according to Lithuanian sources.

HUNS TALK OF TRIPLE UNDERSTANDING.

Word that the German army had assembled in Lithuania was brought by chief engineer of the Lithuanian railways, who declared that the Germans talk freely of the coming understanding between Germany, Russia and Japan.

GENERAL PERSHING REFUSES TO TESTIFY

PARIS, Aug. 30.—General Pershing refused to testify before the subcommittee of three of the congressional committee on war department expenditures, which is conducting an investigation in France. Pershing's refusal resulted in the issuance of a joint statement by Representatives Johnson and Bland on behalf of the subcommittee, expressing regret that there was a conflict between military and civil authorities of the government. In a separate statement Bland declared Pershing's action an example of "indifference and contempt," shown during the entire war by the War Department toward the wishes of the people and their representatives.

WEEKLY SENTINEL

BALTIMORE & GIBBS, PUBLISHERS

September has arrived with an in it and tradition says you may eat oysters now. But you'd better not.—Baltimore Journal.

"Proposed Legislation Would Make Packers the Goat," says a headline. Well, haven't they been after goats long enough themselves?

"What is a provisional government?" "Well, most of the governments seem to be without provision, judging by the way we have to feed them."—Ex.

"Holland becomes great middleman of new commerce," says a headline. The next question is whether they will prove as big a profiteer as the American middleman.

Tomorrow is the Lord's day with services at all the churches. Don't neglect your spiritual welfare, but attend your church tomorrow and make your pastor's heart rejoice.

It is said that the city of Fiume will serve as a "buffer" state under an agreement which has been reached. Seems to us that it should serve its purpose well—considering that it has had some experience in this line already.

The cost of living in Italy is said to be the highest of any of the Allied countries, and a ration that would cost 30 cents in New York would cost 60 cents in Italy. Take hope, gentlemen this old United States is not so bad after all.

The Sentinel is in receipt of a special edition of the Huntsville Item issued to commemorate its 70th birthday. It is a very large and a very interesting edition reflecting much credit on the publishers of this old east Texas edition.

The senators say they will scrutinize the detailed expenditures of the senate and give the people his views upon them, including the mileage graft, besides the other stuff that senators obtain out of the contingent fund.—Houston Post.

Timpon has received its first bale of cotton on the market for this season. The cotton sold for 35c a pound, and a premium of \$61.00 was contributed by local merchants. The bale weighed 493 pounds, and was grown by Phil Bussey.

A slump struck the food market yesterday in which hogs sold as low as \$14.50 per hundredweight, or approximately half of what the high mark has been this year. Take hope, we may yet have to provide that landing place for prices.

Another trouble is, there are so many people between the producer and the consumer that by the time an 1800 pound stret makes the trip from the ranch to the consumer via Chicago there's not much more'n a soupbone and a mess of liver left.—Geo. Bailey in Houston Post.

Today is Labor Day, the day when most of the industries are closed in commemoration of the great body of workers who labor in the nation's industries and manufacturing concerns, earning their bread by the sweat of their brow, and who form the backbone of the nation.

Representative Blanton keeps the members of the house of representatives trotting back and forth between the capitol and the office building by making points of no quorum. Maybe he wants to force them to take a little physical exercise to counterbalance their mental calisthenics.—Galveston News.

Carranza seems to be very impudent toward the United States in his address to the Mexican congress. It might be well for the Mexican president to remember that the German Kaiser tried this plan, and is now convinced of the old proverb that "Pride goeth before destruction and a haughty spirit before a fall."

Various rumors and prediction of a new war, in which Germany, Japan and Russia will be allied, are beginning in Texas. Joe Bailey and other sayin groes "Birds of a feather flock together," and we presume this is the natural sequence of events.

Today's dispatches announced that the peace treaty to Austria may be handed to them today. Seems like we have heard this tune before. At any rate France is about the highest place to live in in the world, and the Austrian pocket book must be on a "milk" diet by this time.

GREATER "COHESION" OF AMERICANS IS SUBJECT

CHICAGO, Aug. 29.—Greater "cohesion" between native-born and foreign born Americans is the subject of a unique All-American exposition that is to be held in the Coliseum, Aug. 30 to Sept. 14, with citizens representing forty nationalities participating and a program expected to draw an attendance of nearly a half million persons.

The event has the approval of local, state and federal governments and Franklin K. Lane, Secretary of the Interior, and Gov. Frank O. Lowden are to be among the many speakers. It is to be held under the auspices of the Chicago Citizen's Committee of 300, headed by Max Loeb, chairman of the Illinois State Committee of the Americanization Branch of the Department of the Interior.

The setting of the exposition will be a transformed Coliseum, the decorations of which are to cost nearly 100,000. The outer walls will be completely covered by panoramic paintings showing scenes in various parts of America. The southwestern corner, for example will show characteristic Californian scenes. The paintings alone cost \$30,000. Against these backgrounds reduced copies of 42 buildings are to be erected, illustrative of types of American architecture and historically famous American structures. These will include the old mission church at Santa Fe, Fort Dearborn, the old Downing house at Galena, Ill., the old Jackson house at Portsmouth, N. H., the Betsy Ross house at Philadelphia, the lighthouse at Miami, Fla., a Kentucky courthouse, a New Amsterdam house, cliff dwellers' homes, an old Nantucket mill, an Illinois pioneer's log cabin, a western ranch house.

Features of the exposition as planned include an "All-American Baby Show" to pick the best American baby from each of 35 nationalities and finally the "finest baby in the world"; a parade through Chicago's downtown section by foreign-born representatives of many nations in native costumes; and a daily exposition newspaper to be printed in sixteen different languages, a different language for each day of the exposition, with a parallel English translation.

WHAT DO YOU KNOW?

The wisest man in the world knows only a tiny fraction of what there is to be learned, and the mass of human knowledge, painfully acquired and handed on since our far-off ancestors came down out of the trees, is only a faint glimmer in the midst of the dark unknown.

Much of the unknown is unknowable; a little of it, the human mind, laboriously takes possession of centuries pass.

Most of us are amazingly ignorant. We are like the classic example of the school children, conning their books, who couldn't tell what kind of wood their desks were made of.

Actually we are afraid of seeming to know much outside of the trodden ways; we despise the "highbrow." And at the same time, how contemptuous we are likely to be of someone who seems to be more ignorant than ourselves.

The man who has stopped learning is living at a standstill. Make everyone you meet your teacher, if you would get the most from life. The boy scout, that venerable farmer, that sharp young salesman—each has a bit of special knowledge for you.

Be a student, even though your school days are in the remote past. And so long as you keep your mind open you will always be humble. You never will despise "ignorance," but arrogance, springing from a trivial wisdom, you will fervently avoid.—Exchange.

It is announced that the senate foreign relations committee will make an effort to report the German treaty to the senate just as soon as President Wilson gets out of Washington on his speaking tour, which is tomorrow. Evidently the committee has not forgotten the precepts of the hickory stick as applied by the schoolmaster congress-tamer in former years, and realize that discretion is the better part of valor.

AS THE EDITOR SEES IT.

Sometimes the editor "sees it" and sometimes he doesn't but he writes right along just the same, for he is expected to see everything and know everything and tell everything he both sees and knows—but he don't. If we were to publish everything we see and spread everything we know, the peace treaty to Austria may be handed to them today. Seems like we have heard this tune before. At any rate France is about the highest place to live in in the world, and the Austrian pocket book must be on a "milk" diet by this time.

But few people ever realize the amount of patience and discretion

the average publisher must observe. He hears and sees many things. Their publication could serve no legitimate purpose, could result in no good whatever to no human being, but on the contrary would bring grief and suffering to many innocent people. It is in such matters that the humane publisher tempers his action with mercy and adulterates it with the milk of human kindness. Yet but little of this consideration is ever extended to the publishers themselves.—Mt. Enterprise Progress.

ASTROLOGICAL PREDICTIONS.

And review of the planets of those born on Woodrow Wilson's birthday December 28th, as described by William Arthur Johnson, member of the Employers' Advisory Ass'n of America, Masonic Temple, Chicago, Ill.

The month of this year is particularly a good month for those who are born at the time of the president or those born between Dec. 21 to Jan. 20 of any year. To make a trip at this time would be delightful, as the planets would be in the most advantageous positions for those intending to meet with people, as is the case with our president. After September other planets of a social nature will favor him, but the planets of an intellectual nature will favor him most.

The Sun planet had been in opposition to Woodrow Wilson's birthday sign for one month—from June 22 to June 24 and during this time he had had the most strenuous opposition to his plans of any time since his return from Paris. On Aug. 26th, 1919 the Sun planet began to help our president and bring him more success in his dealings, and less opposition in the senate and elsewhere. The fact is that Mr. Wilson's most fortunate period of his entire career is about to take place at this time and within the next few months, and more particularly, during 1920 and 1921. Almost all of the important planets of the Zodiac will be in his favor from this time on.

Under the good influence of the SUN planet Mr. Wilson will have one of the best opportunities he has had for some time to make his plans clear to the people and congress. During this period of the Sun's rays and magnetism, all people will be drawn and attracted to him. After the Sun planet leaves Mr. Wilson's birthday sign, other planets of a similar nature will favor him.

"Solomon says there is a time for everything under the Sun" and those who have studied astrology know that these times are based upon planetary periods and cycles.

Mercury, the planet of mind and clearness of thought, will enter his favorite sign Virgo Sept. 9 to Sept. 29, and this will be a fine time for our president to study, plan and think, and to attend to work of a purely mental character, for his mind will be exceptionally bright at that time.

It is the opinion of the writer that it makes little difference to our president even when the planets are not favoring him, as he is just coming out of a very strenuous period of his life, in which the planets have been at their most adverse angles to his birthday sign, and still, with all the opposition, he did not allow the planets to impede his progress, because of his exceptionally strong will-power and common-sense. No other man could have succeeded under the same hazardous astrological period when the whole world depended upon good judgment.

Saturn, called the "evil planet," has not helped Mr. Wilson since 1913. For the two years previous to July 1917 Saturn was passing through Cancer, his most adverse sign, and he may have witnessed many troubles and adversities at this time, from which he has not yet had time to recover, but he will make rapid progress now since Saturn has reached his most fortunate sign Virgo, Aug. 18 and from this date on, for two and one half years he will move forward with great speed mentally, physically and financially, upon most anything he undertakes. The year beginning August, 1920, however, will be the most advantageous.

Mr. Wilson's most adverse year was from August 1918 to August 1919 when Saturn gave him no help and Jupiter was in opposition; but still he laid out broad schemes for helping humanity and fought the opposition very successfully as no other man could have done, even with the aid of all the planets.

The writer predicts the peace treaty and league of nations covenant will be accepted without reservations and amendments.

Furthermore, if the president accepts the nomination in 1920, he will be elected by the people for the third term. There will be no opposition after 1924, a one party government predicted.

THE THREE GENIES OF THE HAND GRENADE.

Part I.
HAND GRENADE.

"See this picture," said the Garden Lady one bright morning as she came up to a group of United States School Garden Army soldiers, who were at work in Tommy Thoughtful's garden.

"Ho! It's a hand-grenade," said Billy, the Boy Next Door. "Why it looks just like the vases in the Arabian Nights—the queer, squat-shaped vases and jars out of which the Genies came—just like those that helped Aladdin, you know."

"Yes, indeed," answered the Garden Lady, "and the spirits of flame that came out of these wonderful little grenades were just as powerful in fighting wrong as the marvelous genies of the oriental stories."

"And better still," added the Garden Lady, her bright blue eyes twinkling like dewdrops on blue flax blossoms, "Uncle Sam is going to give one of these hand-grenades as a savings bank to every soldier of the United States School Garden Army who joins in the campaign to buy War Savings Stamps."

"Gee, I believe I'll enlist right now!" cried Harold Hardy, who had come by to try to persuade some of the garden soldiers to go on a hike. The Garden Lady and the fellows were equal to the occasion, and in just a minute or two Harold had signed an enlistment blank, and was ready to work in a garden forgetting all about his hike.

"Of course," said the Garden Lady "there will be no explosives in your hand-grenade banks, but you, by your savings, will conjure up the most powerful genies in the world and cage them in your banks, ready to serve you in a moment's notice. You will have as your slaves of the grenade the most powerful forces in the world—forces that will help to drive out poverty and want from this fair country of ours, just as the hand-grenades in the hands of our soldiers helped to drive back the Huns."

Tommy Thoughtful held the fascinating picture of the hand grenade in his hand for a moment, and looked at it dreamily. "I was just thinking," he said, "of the Genie in Kipling's story of How the Camel Got His Hump. You remember, fellows, that when the Genie in that story started the beginnings of his magic he drew a line in the air with his finger, and then he made a cloud, and then he made an egg, and then there was a magic pumpkin that turned into a big white flame. Well, we've got magic pumpkins in our gardens, too," and Tommy Thoughtful chuckled.

That night Tommy Thoughtful couldn't get the idea of the Genie and the bottle-shaped hand grenade out of his mind.

When he drifted off to sleep, he was startled out of a deep sleep by a loud cracking voice that seemed to come from his own head, yet seemed also to fill the room.

Tommy put his fingers in his ears but he still heard the voice which seemed everywhere at once. Then he blinked and looked around.

On his table in the middle of the room where his school books and the Spring Manual of the U. S. S. G. Army were piled as he had left them stood a HAND GRENADE WHICH HAD NOT BEEN THERE WHEN HE WENT TO BED. It was exactly like the one in the picture which the Garden Lady had shown him—a bottle-shaped, dark-colored object, full of deadly meaning.

(To Be Continued Tomorrow.)

The Republican party in Texas seems to be putting on a little "dog" these days. The Texas Republican Council is very active at the present time, publishing a newspaper, sending out press "dope" and other matters, to increase the Republican following in Texas. Joe Bailey, Jim Ferrell, "democrats" are raising quite a dissection in the democratic ranks, it is true, but the Republicans will have to muzzle a few of their esteemed senators before they can hope for much of a following among the rank and file of those who are imbued with the spirit of ilsonian democracy.

CHATHOLIC CHURCH TEN MILES FROM R. R. HOLDS FIELD MASS

HARRISBURG, Pa., Sept. 1.—Ten miles from a railroad and five miles from a trolley line, St. Ignatius Catholic Church, of Buchanan's Valley, Adams County, Pa., which is 103 years old, recently held its annual Field Mass under a wide-spreading tree. Later there was an old-fashioned picnic followed by a big dinner which was enjoyed by the farmer members of the venerable flock and their friends who had come in response to an invitation which read, in part:

recently celebrated her 108rd birthday and time hasn't written a wrinkle on her placid brow. Come, and worship God in His temple not made with hands. The robins will be there hymning, and the butterflies will breathe their tiny prayers. The West wind will harp a lyric that is older than the sea."

DON'T SUFFER FROM MALARIA OR AGUE A MINUTE LONGER

Swamp Chill and Fever Tonic Will Bring You Quick, Sure Relief.

For twenty years this famous tonic has been the one effective remedy for malaria, chills, ague, fever, colds, grippe, etc. Thousands swear by it. Swamp Chill and Fever Tonic has omel. It is tasteless, and pleasant to take. It is prescribed by leading physicians as the best chill and fever remedy there is. That's because it contains exactly the right ingredients for such ailments.

Swamp Chill and Fever Tonic has given such universal satisfaction and has grown so steadily in popular favor that it can now be purchased practically everywhere. The price is 60c a bottle. Go get one from your dealer today, and see for yourself what a really wonderful malaria remedy this tonic is.

WANTED—Ten or fifteen pounds of new goose or duck feather. H. H. Hall. 4-wat

An error was made in the telephone number of a little local ad in yesterday, in which the party had a house for rent, and the person whose number we had in the ad is now convinced that everybody in town is trying to rent a house. All of which goes to show the scarcity of houses in Nacogdoches and the manifold benefits to be derived from advertising in Nacogdoches' daily newspaper.

THE BACKMAN-TINSCH IL DANIMAL CIRCUS

Entirely New Departure in Tented Amusements, Coming Here For One Day Only.

At last Nacogdoches is to see the newest novelty in out-door tented amusements, when the new Backman-Tinsch two-ring wild animal show comes here Tuesday, Sept. 9, for one day only, afternoon and night, and to its credit everyone will concede the program for extreme novelty: unequalled in thrilling wild animal training.

This organization is a well known enterprise in all the largest cities and endeavors to all sizes of cities and towns, giving the same high-class entertainment at every place where the big tents are erected.

This enterprise is calculated to please every admirer of wild and domestic animal training, and is particularly pleasing to the children and the ladies, for whom the management pays particular attention, and where they are as safe and comfortable as at a lecture, or in their own home.

A big thrilling lion act by a skilled trainer is one of the features, interspersed with all kinds of startling and dangerous performances, in a long and praiseworthy program.

For the children and all the little ones, this management has made such special provision and attractive arrangements that they will never forget the pleasant visit to the big Backman-Tinsch Wild Animal Circus, for during the visit to this clean, clever and well conducted enterprise all the little folks will be invited to ride and play with the educated ponies, the little horses and complete a full day's enjoyment.

It is announced that the labor federations are proceeding cautiously with the activities now affecting economic conditions, and that Bolshevism is receding rapidly. This is an announcement that will be received with interest and relief by the great masses of people of the nation, who were looking upon the greatly growing tendency toward bolshevism with alarm.

BRITISH FORCES BELIEVED ENGAGED WITH BOLSHEVIKI

LONDON, Aug. 29.—A heavy bombardment, lasting two hours, was heard in Vigor, Finland, Wednesday, in the direction of Kronstadt, the Bolsheviki naval base near Petrograd, says a Helmsingfors dispatch. It is supposed the British navy and air forces are engaged, but the British admiralty is not advised.

TEACHERS INSTITUTE NOTICE.

As leader of the Intermediate Section of Nacogdoches County Teachers Institute, I desire to call the attention of all teachers that expect to be in the intermediate section to get a copy of the text book that we are to use, viz. "The Teacher at Work," by Bender, at once and study carefully every chapter as outlined in the institute program. These books are on sale now at the drug stores in Nacogdoches.

Get the book at once please and really prepare for the institute, so that we may do some work worth while.

You cannot wait until you come to the institute to get your book and expect to do good work in the institute, or get much that will help you in your school work. Be sure to have pencil and a good note book so that we may take notes as the work is outlined.

Yours for a week of good work in the institute.

DOCTOR ADVISED HIM TO TAKE IT

A. F. Roberts, Successful Cattle Dealer, Gains 16 Pounds in 60 Days Taking Tanlac.

"One of the best doctors in Colorado advised me to take Tanlac, and it has not only overcome my troubles but I have gained sixteen pounds since I began taking it sixty days ago," said A. F. Roberts, who lives at Rocky Ford, Alberta, Canada, a few days ago.

Mr. Roberts is one of the largest cattle dealers in his section of the country, and before moving to Canada a short time ago, he had spent most of his life in Colorado, U. S. A.

"I can now understand why Tanlac enjoys such wide popularity both in Canada and the United States," continued Mr. Roberts, "and since it has done me so much good I know that it is a very dependable medicine and deserves all the praise that is being given it. For the past two years I have suffered from stomach trouble, and when I commenced taking this Tanlac, it was almost impossible for me to retain anything I ate. I was very nervous and never got a good-night's sleep, and finally got so weak and rundown that I was hardly able to get about. I often had dizzy spells, and was bothered a great deal with constipation.

"My physician certainly knew what he was doing when he prescribed Tanlac for me, for it has done the work for me, as I am, as healthy and strong now as I ever was in my life. In fact it has done much more for me than I expected it would do. I have a fine appetite and everything I eat agrees with me perfectly, and I never have the slightest sign of stomach trouble of any kind. I am no longer bothered with constipation, and never have those dizzy spells any more. I have regained all my strength, too, and that nervousness has left me, and I sleep like a log every night. In fact, I am simply enjoying perfect health again, and I give Tanlac credit for it all."

Tanlac is sold in Nacogdoches by Stripling, Haselwood & Co., and Swift Bros. & Smith.

That Son or Daughter What About Their Future Success?

Their ability to think, to do, to act according to the laws of a well trained mind will measure their success.

How to give them the most of this important training in the shortest time and at a reasonable cost, is the question that a catalog from America's largest business training school will answer. Whenever a group of parents get together, whether it be in the home, in the store or at a convention, and the question of the kind of an education to give a boy or girl comes up, some well informed parent and a patron of the Tyler Commercial College, Tyler, Tex., will tell of the advantages of this famous institution and what wonderful results it accomplished for his son or daughter in a remarkably short period of time, and at a small expense.

He will tell of his child's success since graduating in this institution and will emphasize the potent fact that the training received was broad and thorough, both from a business and moral standpoint. Write for a catalogue of the Tyler Commercial College today. Read the endorsements from students showing their success. Read the endorsements of business men as to the thoroughness of training. Read the description of our extensive practical courses of study, and you will see that the Tyler Commercial College ranks among the foremost educational institutions of the country. When your son or daughter graduates from this institution they will hold a diploma that represents efficiency, and will not only be a passport into the best salaried positions, but will be unquestionable evidence that they have achieved a great accomplishment. They will not have to go back home and wait for something to turn up, they can go into the business world and turn something up.

MAYOR OLE HANSEN OF SEATTLE WOULD RESIGN
SEATTLE, Aug. 28.—Mayor Ole Hansen stated today that he intended to resign.

VAUGHT GETS REWARD.

The Sentinel carried the report yesterday that a negro named F. Madkin had been arrested with a stolen car from a party in Lufkin here. There was an error in the details of the report, as the negro was arrested by Constable Vaught of Garrison, near that city, and was brought on here and placed in jail. The car was placed in a garage here pending settlement of the \$25 reward offered for the capture of the negro, which was received this morning by Mr. Vaught. The above explanation is given in justice to Mr. Vaught as the previous report stated that he was arrested by the sheriff's department in this city.

Chamberlain's Cough Remedy.

This is not only one of the best and most efficient medicines for coughs, colds and croup and whooping cough, but is also pleasant to take, which is important when a medicine must be given to young children. Chamberlain's Cough Remedy has been in use for many years and has met with much favor wherever its good qualities have given it their unqualified endorsement. Wm. Scruby, Chillicothe, Mo., writes, "I have raised three children, have always used Chamberlain's Cough Remedy and found it to be the best for coughs, colds and croup. It is pleasant to take. Both adults and children like it. My wife and I have always felt safe from croup with it in the house." Chamberlain's Cough Remedy contains no opium or other narcotic. Stripling, Haselwood & Co. The Sentinel is informed that one lady school teacher elected for the coming year, has been in the city endeavoring to secure a place to live for the coming term, and that so far she has not been able to secure a place, and contemplates having to leave for this reason. At the close of the last term of school The Sentinel, together with Prof. Davis and others offered the suggestion that a large house be secured whereby all the teachers could be accommodated. Nothing materialized, however, and again this term we face the same trouble which caused us to lose some of our best teachers last year.

HAVE YOU GOTTEN YOURS?

If you have not you had better hurry. Since we received our shipment of goods, which we advertised last week. We have been doing business and many people have visited our store and have gone out with arms filled with packages and big smiles on their faces. They felt good because they knew they had saved money on what they had gotten. We will give you grounds for being delighted, with the goods you get and the prices you pay for them if you will only come in and price our goods.

We want to especially call your attention to the good shoes that we are selling for an under price.

You must come. Iw. C. W. BUTT.

CHILD WONDER IN JACKSONVILLE.

Jacksonville Progress. Little Johnnie Beatrice Hughes daughter of Mr. and Mrs. J. W. Hughes of our town, deserves to be placed on the list of child wonders of the world. The little girl is three years and ten months old, and you can read almost anything in print. On yesterday she read for the reporter at random from the Dallas News anything she was shown, pronouncing the long words better than most grown people. She can also give the capitals of all the states in the Union. These have been taught her by her parents, however, her reading, Mr. Hughes assured the reporter, was picked up herself. She knows all the letters of the alphabet, having learned them by asking what they were in the newspapers and remembering them. However, her reading shows that she is gifted with reason and a peculiar perception of the correlation of sound, as well as a good memory.

Mr. and Mrs. Hughes are justly proud of her accomplishments, and with such natural ability there is every chance that she may become famous.

Good For Biliousness.

"Two years ago I suffered from frequent attacks of stomach trouble and biliousness. Seeing Chamberlain's Tablets advertised I concluded to try them. I improved rapidly."—Miss Emma Verbruy, Lima, Ohio.

SWIFT LOCALS.

Rev. W. W. Eaves began a series of meetings at Swift last Sunday night Aug. 31st.

Mr. J. W. Battles is conducting a singing school at Appleby, beginning Sept. 1st.

Messrs. Davis, Bell and Layton of Nacogdoches and Stegall of Garrison spoke at Swift Aug. 27th in the interest of consolidated rural school districts to perfect a high school. A good crowd greeted the speakers.

Mr. and Mrs. Frank Yoes returned home last Saturday from Van Zandt county where they spent several days with relatives and friends.

Mr. P. Lambert and wife of Hubbard City are visiting relatives and friends near Swift.

Mr. and Mrs. John Coburn left last Friday to visit relatives in Van Zandt county and Dallas. They will spend a short visit in Van Zandt county and thence to Dallas, where they will spend a few days before returning home.

Messrs. Wiley Robert and Mittie Baker and Mrs. Mittie Baker and children returned home one day last week from Falls county where they visited relatives a few days.

The closing exercises of the Swift Singing School was quite an enjoyable occasion. Several singers from adjoining counties were present.

BAPTIST PRAYER MEETING SERVICE.

For Men Who Work Hard.

Men who work at hard physical labor are subject to kidney trouble. J. G. Wolf, 724, S. Jackson St., Green Bay, Wis., writes: "Foley Kidney Pills relieved me of a severe backache that bothered me for several months. A few bottles fixed me up in good shape." They also relieve bladder and urinary ailments. Stripling, Haselwood & Co.

HEALTH OFFICERS GATHER

DATA IN NACOGDOCHES
Dr. R. L. Howell and Mr. R. G. Upton are in Nacogdoches by authority of the State Board of Health, making a house to house survey of the town for the purpose of getting data on health conditions as it has been for the past three years, and the present sanitary condition of the city generally, as well as that of the premises of each home.

This information is to be furnished the State Board of Health as a basis upon which to compile statistics for the whole state. Parts of representative sections in the different localities in the state are selected. It is their desire to get as accurate information as possible, in order to put the conditions before the public, when called for, that will be fair and correct to each part of the state.

We bespeak the hearty cooperation of all, and especially those in the homes when they make their calls.

For a Weak Stomach.
The great relief afforded by Chamberlain's Tablets in a multitude of cases has fully proven the great value of this preparation for a weak stomach and impaired digestion. In many cases this relief has become permanent and the sufferers have been completely restored to health. Stripling, Haselwood & Co., Special Agents.

DISTRICT COURT.
The district court yesterday afternoon granted eight or ten divorces, and also many judgments by defaults, being tried. Among the judgments was Branch vs. Ward, to the amount of \$7,085.40, the parties being from the case of Matthews, et al, vs. Harris, et al, in the matter of the Black Jack and Melrose telephone lines will be taken up this morning.

Diarrhoea in Children.
For diarrhoea in children one year old or older you will find nothing better than Chamberlain's Colic and Diarrhoea Remedy, followed by a dose of castor oil. It should be kept at hand and given as soon as the first unnatural looseness of the bowels appears. Stripling, Haselwood & Co., Special Agents.

COLORED TEACHERS INSTITUTE.

At 9 a. m. yesterday the Colored Teachers Institute assembled for the 2nd days work. After devotional exercises and introduction of visitors the teachers were ready for work.

The teachers have been grouped into sections, primary and intermediate, for the purpose of studying a text book. The following subjects elicited much earnest discussion "How the Public Schools May Assist in Obliterating Adult Illiteracy," discussed by M. W. Harris and others. "To What Extent Should the School be the Center of Community Activities," discussed by J. E. Horton, N. E. Campbell and others.

The address of Prof. H. B. Pemberton "The Child and Its Teachers," was a rare treat to the teachers and each gave direct attention to the speaker. He showed how the teacher must study children, and that insight into child nature, and sympathy with child life are essential to really successful teaching. In other words the teacher must know how to conscientiously direct the thinking feeling and willing of his pupils. He must call forth reactions or responses helpful in sharpening their character. He does this by supplying appropriate stimuli to call forth interest, attention, thought and action as responses to such stimuli.

Prof. R. F. Davis was introduced by E. J. Campbell at 2:30 p. m. Prof. Davis delivered quite a logical and timely address, along educational lines. He compared the institute to a company of orchestra players, tuning their instruments for service. The comparison was timely, for soon the schools and colleges of the land will open for another year's work.

The momentous question of "To School or Not to School," will be squarely before thousands of ambitious boys, girls and parents. The decision of this question may affect the extent of usefulness of a whole life. However, no person should be unduly influenced by expediency, but rather decide this important question wisely.

OFFICERS SILENT MEXICAN ATTACK

(By Associated Press)
LAREDO, Sept. 3.—Army officers at Ft. McIntosh continued silent today regarding any action planned in connection with the attack by Mexicans yesterday on two American army aviators on aerial patrol duty along the Rio Grande.

The Mexican federal soldiers made an attack yesterday upon an American army airplane near here, but the machine was within Mexican territory at the time, according to Mexican consul Garcia, of Laredo. The firing was "unwarranted" the consul said and done in the absence of the detachment's commander.

The consul said that the case had been reported to the superior authorities for instructions regarding the punishment of those guilty.

UNSIGHTLY BUILDINGS.

The Sentinel has had occasion in divers instances to make mention of the fact that Nacogdoches is one of the most naturally beautiful little cities in all the state—which is true. But there are several "unnatural" as well as unsightly things that attention should be called to.

The city has recently had a clean-up campaign, in which weeds and grass was cut, rubbish removed, and premises cleaned up generally. Also Nacogdoches is in the midst of a building campaign, in which many new business buildings and new residences are being constructed, remodelled, etc., all of which promises to combine to make Nacogdoches a beautiful little city that we can all be proud of.

The matters that The Sentinel desires to call attention to in this connection is several dilapidated, ungainly, unsightly buildings in various parts of the city, that are allowed to stand, not only as a nuisance in looks, but as a danger in the matter of fires, etc. The first of these is the old Davidson building, partially destroyed by fire some time ago, on the public square of the city, staring every person who comes into the city in the face, and standing as a monument to the detriment of our spirit of civic attractiveness. Another is a little building that looks like it is about to rot away, also on the public square on the corner across from the city hall, and next to a pretty new little gasoline filling station that is being constructed. There is another old livery barn behind the Fenley grocery store that makes you hold your breath every time you get around it for fear that it will fall on you. There are other buildings of like nature around the city that are in a dilapidated condition. All of these buildings should be condemned by the city authorities as a danger to the public safety, and the owners should be forced to tear them away or else repair them. Until nuisances such as these are removed Nacogdoches will never be the city that it hopes and aspires to be.

CONCERNING THE BONDS.

Our neighbor the Redland Herald, dwells at considerable length on the matter of the Nacogdoches county road bonds being turned down by the bonding company, Elston & Co., of Chicago, who bought them, in a news article in this week's issue.

The Sentinel did not carry this report, but killed it at the request of Judge Marshall, together with the representative of the bonding company, because they thought they could arrange the difficulty in the matter, and would rather it would not be made public until a decision was reached one way or the other. The bonds were purchased subject to the approval of the attorneys for the company, who turned them down on a technical flaw in the transcript—or rather said they were going to turn them down. As The Sentinel sees it the root of the whole matter is that the bonds have declined on the market, and the company is probably either trying to get out of taking them, or else get a reduced price.

The Sentinel makes this statement in justification of itself in not carrying the report, and feels that one paper should not be requested to withhold a matter when the other is allowed to publish it. We do not know where the fault lies, whether intentional with anyone, or anything about that part of it. We are accusing no one, but simply make the statement in justification of ourself.

It is to be hoped that the matter of the bonds will be straightened out. It has been authoritatively stated that considerable prejudice has developed against the bonds, and it is doubtful if another election would carry should it have to be held, although the county officials believe that the election was legal, as it was approved by the attorney general, and that the bonds could be resold if they were turned down by this company.

NACOGDOCHES TRADITIONS.

One of the traditions of old timers here is that in the year 1848, the U. S. soldiers returning from the war in Mexico camped on the Egg-nogg branch, a mile and a half east of the old city of Nacogdoches, and, to celebrate their return and the great day, they procured the "Oh-be-joyful stuff" or material, and pulled off a big time. From this event the name of Egg-nogg branch started.

Uncle Ned Simpson, peace to his memory, always said that he was there, both "acomia" and a goin' and that Gen. Robt. E. Lee was along, and Gen. Grant also, and that he was akin to Gen. Ulysses Simpson Grant, both being from the same Kentucky blue grass. "There's no more work for poor old Ned. He's gone where the

good darkeys go." It might be question as to the exact point where the famous egg-nogg was drank, because the original old Camino Real (big road) ran above the head of this branch. But the present lower Melrose road had been laid out for use by two or more big planters along its route, one being Ned's owner, John J. Simpson, the other being David Muckleroy, founder of the Fairview settlement.

The Egg-nogg branch became useful after that by having a saw mill built on it a mile or two lower down, on the old Marion road by Bill Harting. Later the spot where the not-the spot where it stood can hardly be found or pointed out now. Even the name Knisley is a dim memory and so the name Harris' mill. But in that day all this counted for some- Egg-nogg affair occurred was a mill site. Dorr Creek too, has its tradition. Half a mile below where the present old Marion road now crosses it, there was another saw mill, long before this time. It was on the very old place where old man Dorr had lived long ago. This mill was first known as Hardeman's mill. Later it became Sleet's or Smith's mill. It at one time operated a distillery and was therefore a popular resort. Other traditions connected with these events could be recited. One more will do now. The obituary notice of Lawrence Sleet, a most worthy colored man, so becomingly written by Capt. Doughtie, referred to his being born at Pleasant Hill, La., which is a famous battlefield where the blood of many Texans was freely shed. Nacogdoches had six or more organized companies in that battle, namely Clark's, Mast's, Noble's, Cundriff's, Bruton's, Voigt's. There was truly something doing, and Bank's army of federals got knocked out by Taylor's confederates.

Lawrence Sleet's father, Wash, was there, a faithful old-time Louisiana negro servant in the Sleet family home at Pleasant Hill, La. He guarded and cared for them until death. And that's where Lawrence got that kind of blood from his sire. And no less from scenes where the blood of heroes and inspiration of the fires of such events.

"For a' that, and a' that
The pride of rank and a' that,
The name is but a guinea stamp—
A man's a man, for a' that!"

J. E. M.
BOYS, LISTEN

We heard a man say once that the trouble he had was keeping his salary down on a level of the amount of work that his normal strength of mind and body was able to perform. He said his salary had been raised from time to time, and his energy increased to meet each additional raise until he was becoming overburdened.

This man, at the time, was the manager of a large business that imposed responsible obligations and unusual efficiency. He had been employed during the best days of his life for that establishment. He had built it up, made it more and more successful. The owners believed that his brain and energy were indispensable to the continued success of the business.

Just now there was never so much demand for young men to step out and take the lead in business affairs. The world is calling for men. Farm and factory call aloud for more men. The factory was never so destitute of real men. Men, men, more men, is the cry of the world.

Money is more abundant than ever. The opportunity is as great and broad as the plan of salvation: "Who-soever Will." Buckle on the armor boys, step to the front, the price for you is high. Go to it, and keep at it. Give the civil world a sample of the undaunted stuff that you displayed on the recent battle front. The four millions of you that enlisted to stop the war of the world, and who stopped it so quick that the shock is still felt, can lead America in the biggest industrial army that the mind of man ever dreamed of, and accomplish results so stupendous as to make "German Kultur" look like thirty cents.

Come on boys, the world is yours with a down-hill pull if you will take hold of it in a spirit of righteousness and with the fear of God and the love of humanity in your hearts.—Rusk County News.

French officials are reputed to be aroused over the fact that the United States has sent an ultimatum to Turkey warning that country that the Armenian massacres must cease, while at the same time this country has shown no disposition to accept a mandate for Turkey. The U. S. is perfectly willing that France handle the Turks if she wants to—we have all we can do in handling Mexico and the United States senate—but at that we can see no cause for arousing their ire in a little thing like an ultimatum. We thought they had become quite the style by now.

"SUGGESTIONS"

Sometimes a local newspaper suggests something for the betterment of the town, or suggests some idea, or improvement, which is frequently accepted as "newspaper talk" not to be taken seriously or acted upon.

Every newspaper in a town the size of Nacogdoches must of necessity be a local paper, voice the local news, the local views, etc. It is printed for the local community alone and must deal with its problems. It is the public organ of that community, and most generally stands for advancement.

That community's development and it is the rule rather than the exception when a local newspaper suggests some measure or gives voice to some opinion for the betterment of the town, that the editor has studied that question himself, has talked it over with others, and in many cases several citizens have suggested and endorsed the idea. It is also the rule that if it were not a meritorious idea it would not be submitted. The Sentinel has had occasion to offer several suggestions lately, as well as all along, for what it believes will be for the betterment of Nacogdoches, and all of which have the endorsement of several or more representative citizens. Some of these suggestions have been acted upon and several have not. This statement is made in an effort to convince skeptics that it is not idle newspaper talk used as a "filer," but actually part of a constructive effort to help the community in its advancement to the greater things that are in store for it.

We will not speak of recent suggestions in this connection, but in the matter of sidewalks, both papers of the city have advocated better sidewalks for the city in an effort to secure free mail delivery for the city, which would place us in a much better position for rapid growth and advancement. This will not necessitate much labor—just connecting up several links in the city. The benefits to accrue from better sidewalks have been threshed out over and over again, and we will not discuss it further here, but will inquire who is going to start the ball to rolling?

Other ideas have been suggested, among them a commercial club for the city, a memorial for the soldier boys of the county, etc. which have not been favorably accepted.

The Sentinel offers these ideas, endorses them and fights for them for the sake of the community, and it is every encouraging to the more progressive citizens of the community for the seed to fall on barren rock.

STRIKES.

The daily papers are largely filled these days with news of strikes. Some who are striking give as their grievance that their wages are too low, some say they strike because the cost of living is too high, while some don't know exactly why they strike.

A certain group of men went on a strike in Chicago the other day, and when questioned why they went out said they struck because everybody else was striking. Those who take time to look into matters tell us that those who strike are as a rule paid better wages than most of the workmen of the country.

We sometimes wonder what would happen if all workers should act as the workers in certain organizations are acting. Suppose the farmers, the clerks, the doctors and the ministers should conclude that their wages are too low, or that the cost of living is too high, therefore, they would work no more. In a very short time starvation would be reaching for every person in the country.

The people who are willing to work and do the best they can in the battle of life, are the people who feed the world and support the institutions that make comfort and civilization possible and life worth while. Those who strike and tie up industries every time they feel they have the slightest grievance make life's battles harder for us all.—Honey Grove Signal.

A group of Southern parties are in Chicago in the interest of getting negroes to return south, and agree to furnish them transportation, etc. The South needs laborers, but we doubt whether this is altogether a wise course. Usually when a Southern negro goes to the North, and is brought back by such an appeal as this he becomes imbued with a little of the spirit that does not appeal to the Southerner.

Among these who are not troubling themselves to buy any of that surplus army food are a million or so young gentlemen just back from France.—Snap Shots in Dallas News.

**Now All You Good Fellows,
Come Fill Up Your Pipes**

15c

The Velvet tin is twice as big as shown here

IF ever men are "Tom" and "Bill" to each other, it's when good pipes are a-going. If ever good pipes go their best, 'tis when Velvet's in the bowl.

For Velvet is a mighty friendly smoke. Kentucky Burley is the leaf that Nature made for pipes. Wholesome and hearty, honest as the day. And Velvet is that same good Burley leaf, brought to mellow middle age.

For eight long seasons Velvet "meditates" in wooden hogsheads, throwing off the rawness of "young" tobacco—truly "ageing in the wood." Out Velvet comes—cool, calm and generous—the tobacco Nature made good, kept good and made better.

Velvet's sweetness is the sweetness of good tobacco, not "put on" like "frosting" on a cake. Its mildness comes from natural ageing, not from having the life baked out. Its fragrance is true tobacco fragrance, not a perfume. And Velvet makes an A Number One cigarette. Roll one.

As good old Velvet Joe says:

"Fill yo' heart with friendly thoughts,
Yo' mouth with friendly smoke—

SCHOOL MEN VISITED

SWIFT WEDNESDAY

Upon an invitation from the citizens of Swift County Superintendent G. B. Layton and Prof. R. F. Davis, Prof. Beall, and Prof. Stegall of Garrison went out to Swift Wednesday night and delivered an address on the consolidation of the high schools. Interesting and instructive talks were made by each of the gentlemen, and the people of Swift are reported to have been carried away with their logic and reasoning. A law regarding this matter was passed by the last legislature, and the citizens of Swift are the first to show their interest. Supt. Layton says he always finds the Swift people progressive and interested in the school work.

Mrs. S. M. King and children, who have been visiting relatives in the city some days, returned to their home in Beaumont yesterday, accompanied by little Miss Marcelle King, the daughter of Mr. and Mrs. L. G. King.

RESUME RECRUITING FOR A. E. FORCES, FRANCE

The following significant telegram has just been received by the Dallas recruiting office, 1514 Main St., from the War Department:

"Recruiting of white applicants for American Expeditionary Forces in Europe will be resumed immediately for infantry and signal corps only Under provision of Circular 224, War Department, 1919, and with further provision that such men may be enlisted for one or three years, enlistments for one year being restricted to applicants with prior service.

"Men so recruited will not be retained on duty at present stations but will be sent immediately upon enlistment or upon expiration of re-enlistment furloughs to over-seas replacement Depot, Camp Meade.

"Telephone operators and repair men, expert radio operators, and telephone linemen are especially desired for Signal Corps."

BODY OF MURDERED LAWYER FOUND IN TENN. CREEK

NASHVILLE, Tenn., Aug. 30.—The body of Robin Cooper, a prominent Nashville lawyer who killed former Senator Carmack in 1908 was found today in Richland creek, about a hundred yards below a bridge, on which his deserted blood-spattered automobile stood. Cooper's body showed bullet wounds and other marks of violence. Cooper's empty pocket book was found in his auto.

George Vaughan, of Garrison, a minor, was arrested by the sheriff's department and lodged in jail here yesterday, charged with delinquency.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit: Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful!

COMMITTEE SUBMITS PLAN FOR RAILROADS

WASHINGTON, Sept. 2.—Private ownership and operation of the railroads in a number of region systems under strict government control, with strikes and lockouts of railroad employees prohibited is the plan for permanent railroad regulation submitted to the senate by the interstate commerce sub committee. The provisions include termination of government control, return of the railroads to private ownership the last day of the month of the enactment, and concentrated ownership and operation of the railroads into not less than 20 regional systems.

CRUDE OPIUM SHIPPED AS JAPANESE 'CIGARS'

MEXICO CITY, Sept. 1.—A shipment of crude opium consigned as Japanese "cigars" was imported into Mexico through Salina Cruz on March 30, 1917, from Kobe, Japan according to declarations made by W. E. Herrmann, described by the papers here as a "German banker," in a deposition made in court, following a vigorous anti-opium campaign by the press.

Except for a raid by police and health officials and the legal inquiry in which Herrmann figured, the opium expose has not been pressed in the courts. Although Herrmann, in his deposition, did not give the size of the shipment imported in 1917, the newspapers declare it totalled 5,000 kilograms and that, at present prices was valued at 3,500,000 pesos. In the raid crude opium valued at 23,000 pesos was seized it is said and thousands of tiny empty tins, supposedly used for retailing the prepared drug were found.

According to the newspapers, the profits of the opium trade, on the one shipment referred to, ran into millions of pesos. It is said that an involved system of smuggling resulted in most of the narcotic being sold in the United States. It was shipped as "cigars," sent over the line in automobiles equipped with double gas line tanks and carried across in hand baggage by a band of Germans according to the revelations here.

Since the Mexican law does not prohibit importation of opium, the federal department of health being concerned only in its sale, the drug dealers confined their operations to sales by devious methods in the United States. Branches of the organization are said to have operated at Nuevo Laredo, Mex., New York and San Francisco.

During their campaign against the traffic, the papers printed charges and names of personages as though libel laws did not exist.

THE JOY OF MOTHERHOOD

Came to this Woman after Taking Lydia E. Pinkham's Vegetable Compound to Restore Her Health

Ellensburg, Wash.—"After I was married I was not well for a long time and a good deal of the time was not able to go about. Our greatest desire was to have a child in our home and one day my husband came back from town with a bottle of Lydia E. Pinkham's Vegetable Compound and wanted me to try it. It brought relief from my troubles."

I improved in health so I could do my housework; we now have a little one, all of which I owe to Lydia E. Pinkham's Vegetable Compound."—Mrs. O. S. JOHNSON, R. No. 3, Ellensburg, Wash.

There are women everywhere who long for children in their homes yet are denied this happiness on account of some functional disorder which in most cases would readily yield to Lydia E. Pinkham's Vegetable Compound.

Such women should not give up hope until they have given this wonderful medicine a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of 40 years experience is at your service.

IN HONOR OF SOLDIERS OF THE SOUTHWEST

As some know, we had an offering at the Methodist Church last Sunday in honor of the soldiers of the Southwest. It is our purpose to raise enough money to build a much needed building at Dallas in connection with the Southern Methodist University for the use of those attending this great institution.

Now, to those who pledged any amount Sunday, I would suggest that you see me and hand me the amount of your pledge or mail a check covering it. I f there are others who may see this and desire to make a pledge of any amount—\$5.00 or \$10.00, or higher or lower—we would appreciate it.

They cause no griping or nausea nor will they encourage the "pill habit." Just fine for persons too stout. Stripling Haselwood & Co.

COLORED TEACHERS INSTITUTE.

The Colored Teachers Institute of Nacogdoches county assembled at 9 a. m. Monday, Sept. 1st. The session is being held at the colored school building. About fifty teachers are in attendance and evidences point to the fact that this will be one of the most profitable and pleasant sessions of the institute ever held here.

Prof. G. B. Layton, county superintendent, was introduced and made quite an excellent address that covered many phases of school work; his address met the hearty approval of all teachers present. Prof. H. B. Pemberton of Marshall, Texas, a negro educator of wide experience and ability, is the special conductor of the institute. Among the subjects discussed was "How Can the Public School Assist in Meeting the Labor Shortage" discussed by A. J. Whitaker and others.

The institute as a whole sternly rebuked racial agitations and denounced all persons of our race who seek fights with other persons.

H. C. CARPENTER.

Mr. S. W. Womack went to Timpson yesterday in his car, and brought back with him Messdames John Bussey and J. Henry of that city, and his wife and children, and Mrs. W. Y. Garrison and Mrs. Walthall from Garrison. On the road back near Appleby, they came upon Mr. O. C. Dotson of Garrison, report of whose accident was carried in yesterday's issue. Mr. Womack says he is now convinced that women can lift, as they worked heroically in assisting to lift the car off of Mr. Dotson, who was pinned underneath. Mrs. Vaughn and Mr. Joe Billingsley of Garrison were with Mr. Dotson, but they were not injured. Mr. Dotson was brought on here where he was treated, and later returned to his home in Garrison. He is not seriously injured. The car which was a new Dodge, is reported to have been torn almost completely up.
