TORS HIDE IN DEPARTMENT

Washington, Oct. 20.—Sensational charges that Socialists, Reds and other radicals are entrenched in the government departments, and particularly that the investigation forces of the Federal Trade Commission contain men hostile to the government and American institutions, were made in the senate today by Senator WAT-

son, republican of Indiana. Disclaiming any defense of the great meat-packers, Watson declared that investigation of the records of some of the commission employees showed them to be outspoken anarchists, participants in Red parades, pro-Germans, admirers of Lenin and Trotsky and avowed exponents of Soviet government.

R. F. Craddock of Mayotown was in the city yesterday on business.

MEETS DEATH AT DALLAS

Dallas, Texas, Oct. 20.—Charles Theodor, aged 37, a civilian aviator and aerial performer, was instantly killed here late yesterday afternoon. He was suspended by a rope from the running-gear of the machine and is thought to have become exhausted and lost his hold. Nearly every bone in his body was broken.

The pilot of the machine was unaware of the accident until he saw people gathering around below.

NO NEGOTIATIONS WITH OUTSIDERS

Washington, Oct. 20.—Reaffirming his refusal to negotiate with representatives of labor unions not employees of the United States Steel Corporation, Albert Gary, chairman of the corporation's board, informed Chairman Lane of the National Industrial Conference and Frank Morrison, secretary of the American Federation of Labor, today that he would not recede from his stand for the open shop. Gary, it is understood, expressed fear of the consequences of further recognition of labor unions.

FORTY DEAD IN ENGLISH MINE

Penzance, England, Oct. 22.—A mine disaster at St. Just, in Cornwall, yesterday caused about 40 deaths. Many miners were injured.

Hon. Dudley Harris made a trip to Lufkin yesterday on legal business.

MINERS DETERMINED TO STRIKE ON 1ST.

Washington, Oct. 22.—There was little hope of averting, by government mediation, the strike of bituminous coal miners set for November 1 when representatives of the miners and operators resumed work today in joint conference with Secretary of Labor Wilson.

While union leaders and operators were frankly doubtful of the success of the coalition efforts, they readily agreed to Secretary Wilson's request to meet again today after failure yesterday to reach an agreement.

OKLAHOMA DISTRICT GOES PRO LEAGUE

Oklahoma City, Okla. Oct. 21.—The supporters of the League of Nations today claimed a clean-cut victory in Saturday's primary, in which Claude Weaver received the democratic nomination for congressman in the Fifth Oklahoma district. Weaver conducted an active pro-league campaign.

Ed Boyle, the anti-league candidate, finished eighth in a list of nine candidates.

AUTO OWNERS ARE NOT AFRAID OF JINX NUMBER 13

Austin, Texas, Oct. 22.—The superstition that thirteen is an unlucky number does not prevail among Texas automobile owners, if the history of the allotment of state numbers by the highway department is to be considered an indication. On the contrary, number thirteen was eagerly sought when the Texas numbering system was changed from county to state in 1917.

Numerous requests for this number came to the department, according to N. W. Brown, who supervises the issuing of numbers. However, he concluded, the department does not issue numbers upon individual request, but sends them in blocks to county tax assessors, who issue them to car owners. Number thirteen went to a man near the head of the list in Anderson county. It was not registered in 1918 or 1919, and the supposition is that the car for which it was issued either has been junked or carried out of the state. Number 1313 also failed to reappear this year, although it was re-registered in 1918. Number 131313 is on a car owned by J. F. Neagal of Travis county.

Frequent requests also come to the department for other freak numbers, such as 111111, 222222, etc., and the timeliness with which they arrive at the department indicates that some persons give considerable thought and study to the selection of a number for their automobile. But this is all wasted, for, as stated, numbers are sent out in blocks as the calls for them come.

Number 1 was issued to Mrs. James E. Ferguson, wife of a former governor, the latter securing number two. Both of these numbers were registered this year. The present governor has number 177771.

The automobile, not the owner, is numbered and registered, and the number goes with the car when it is sold. If a car is junked the number is also junked, for the car is registered by its make and the engine number, and the old number cannot be transferred to a new car.

The last flumber issued by the department was 400,200. But this went in a block of from 400,001, to 400,200 which was sent to the Johnson county tax assessor to be issued, and the highest number has not yet been given out by him.

There had been 395,660 automobiles registered this year up to September 24. But subtracting this number from the highest license number issued by the department does not give the number of cars junked or carried out of the state since the new numbering system was inaugurated because many of the numbers are still in the hands of tax assessors.

NO LONGSHOREMEN AT WORK TODAY

New York, Oct. 22.—No longshoremen went to work at Chelsea piers in response to the whistle at 7 o'clock today. Although hundreds of dockworkers congregated in the vicinity of the big transatlantic piers at that hour, none fulfilled yesterday's promise to return to work.

EARTHQUAKE AT ITALIAN SEAT

Rome, Oct. 22.—Rome was shaken by an earthquake at 7:45 this morning, the tremor waking the population still in bed and lasting a few seconds. No reports of damage have been received.

CRISIS REACHED IN N. Y. STRIKE

New York, Oct. 21.—A crisis in the strike of the 40,000 New York longshoremen was reached today when the International Mercantile Marine, which has forty vessels tied up, put strike-breakers to work moving cargoes and 500 United States troops began work at the army piers, where transports to and from Europe have been held up.

THE ROOSEVELT MEMORIAL

New York, Oct. 20.—The objects of the Roosevelt Memorial Association, to be carried out with the cooperation of its members and with the funds subscribed by them, were stated by the Hon. Elihu Root, member of the National Executive Committee of the Association, as follows:

"The purpose to which the money obtained from membership fees and subscriptions is to be applied have been definitely determined by the National Committee of the Roosevelt Memorial Association. The committees resolved upon three definite objects. They are:

"First to improve the land that has been given at Oyster Bay for a Roosevelt Memorial Park

"Second, to erect a monumental memorial in Washington which will rank with the Washington monument and the Lincoln memorial. The form which this memorial will take cannot be now determined; this must rest largely with the architects and sculptors, who will be called upon to design the most appropriate and dignified monument that can be built and with the National Fine Arts Commission that under the law must approve the design and determine its site.

"Third, the establishment of a Roosevelt Society or Foundation to carry on Colonel Roosevelt's spirit of Americanism and perpetuate and keep alive the uncompromising patriotism of which he was so essentially the exponent."

SMALL-BORE SWINDLING

Austin, Texas, Oct. 20.—The loading of scale weights is a common practice in Texas, according to F. C. Weinert, commissioner of weights and measures.

"The practice of loading the pea or poise, which we find is frequently done in order to weigh short to cover dockage for moisture or other supposed conditions, is vicious and criminal," Mr. Weinert declared.

The department has on exhibit a 10 pound weight which was loaded with two ounces of shot. The extra two ounces in the weight balanced eight pounds in every 500-pounds of cotton placed on the scales, and the seller lost, according to the department.

TO SUPERVISE EVACUATION OF GERMAN BALTIC TROOPS

Paris, Oct. 20.—The newspapers announce that Gen. Mangin has been nominated as chief of the Interallied Mission to supervise the evacuation of the Baltic provinces by German troops.

TO MAKE LONG AIRPLANE TOUR

London, Oct. 22.—Capt. George Matthews, former sailor turned aviator, left Hunslow yesterday in an airplane flight to Australia in an effort to win the \$50,000 prize offered by the government.

REGULARS CALLED OUT AT N. Y.

New York, Oct. 20.—Five hundred soldiers of the regular army were landed here today from the transport George Washington to attempt to end the congestion at the army pier, Brooklyn, caused by the longshoremen's strike there. The men are under orders to "shoot if necessary," according to Brig. Gen. Peter Davidson, chief of troop movements. The troops will aid in moving transports, or whatever is necessary, said Gen. Davidson.

SICK PRESIDENT TAKES A HAND

Washington, Oct. 21.—President Wilson, despite his illness, took a personal hand in the National Industrial Conference in an effort to avert the break threatened as a result of the inability of the capital and labor groups to reach a satisfactory agreement on the collective bargaining issue.

In a letter to Secretary Lant, chairman of the conference, dictated from his sick-bed, the president outlined his views.

The conference was not in session when Chairman Lane received the communication, having adjourned after two resolutions had been presented at the request of the labor group.

The serious situation in the conference was reported to the president early today after a conference between Chairman Lane, Secretary of Labor Wilson and Bernard Baruch, chairman of the public group, with Secretary Tumulty.

TEACHERS RESIGN FOR MORE ATTRACTIVE POSITION

San Antonio, Texas, Oct. 20.—Forty teachers have resigned from San Antonio public schools to accept better paid positions since the opening of public schools in September, according to Superintendent Charles S. Meek.

"We have managed to fill practically all of these positions," Mr. Meek said, "but the problem is to fill them with teachers as efficient and capable as those who have left. It is next to impossible."

Declaring the local situation serious, especially concerning high schools, Superintendent Meek cited the case of four high-school teachers who had accepted government positions with \$500 to \$1,000 more pay annually.

RACE WITH THE STORM

Sterling, Kansas, Oct. 20.—A 300-mile race in an airplane with the big hurricane, which recently swept inland at Corpus Christi was a thrilling experience of a Kansas youth, Ernest Allison, an army aviator at Camp McAllen, near the Mexican border, according to a letter received by relatives here.

Allison states that he had gone to San Antonio to get a new airplane. Shortly after he started on the return flight, he observed the approach of the storm. He put on full speed ahead, covering the 300 miles in two hours, he stated, reaching camp just ahead of the storm. He afterwards learned that the wind was blowing better than 100 miles an hour, officially estimated. He succeeded in getting the new plane in a hangar but the wind fairly devastated the camp, Allison's letter said, blowing down all the tents and doing much damage to the hangars and some of the planes.

Mr. Garland Troutman of Appleby spent yesterday in the city shopping.

INCORPORATED
THE HOME OF SATISFACTION

The factors and processes of the industrial world of America are closely interdependent. Everything that is bought has its bearing on the employment of a long line of workers going back to the ultimate source of the raw material from which the articles is made. At the far end of that line stands the man or woman who obtains the raw material from the earth—for the earth or products of the earth is the source of practically all of the raw material.

Next stands the workers who advance the raw material through the various processes of development and manufacture. Then the men and women who transport the article and distribute it and finally these who sell it to the ultimate consumer.

When you buy foolishly, unnecessarily, you dissent that long line of workers upon whom the community and the nation depends for its necessary supplies. By just so much, you injure yourself and every other consumer, which means every citizen of the United States. When you buy wisely, intelligently and reasonably what you need, you do your share to keep the workers of the nation employed in healthy, normal, essential procession of production.

Thrift is not parsimony. Thrift is a necessity for the improving of conditions which now face this section. To spend money foolishly, unnecessarily or to no good purpose is to disrupt the production system and throw away financial and material resources sorely needed to reduce the cost of necessities. But it is not necessary to refrain from buying useful and necessary things. The endeavor to get along without the things actually needed is not thrift but parsimony.

Thrift consists of wise and intelligent buying, wise and intelligent use of what is bought, wise and intelligent saving and wise and safe investment, such investments as War Saving Stamps, Treasury Saving Certificates and Liberty Bonds. By following those precepts of thrift you will do your part to restore healthy normal processes of industry and commerce and solve the problem of the high cost of living.

ASSIST LOCAL COMMERCIAL BODIES

C. B. Yandell, for many years identified with several of the largest commercial organizations in the Southwest and on the Pacific Coast, but now a resident of Texas, has been engaged by the State chamber to superintend the work of the recently organized service department. Mr. Yandell will devote most of his time to assisting local commercial bodies in increasing their efficiency and service to their communities.

A constructive plan of organization and operation, representing the most advanced and proven methods, has been formulated by the Texas Chamber of Commerce for building up the local organizations throughout the State. In addition to the formation of new Chambers of Commerce, the service department of the State Chamber will assist in raising the revenues needed for the work.

"We propose to enable every community in Texas to gain the advantage of thorough organizations," declared James Z. George, vice-president and general manager of the State Chamber. "No community can expect to progress or prosper unless its citizens direct their efforts toward advancement along sound, definite lines. With a properly organized, financed and directed Chamber of Commerce, every community in our State will be in position to increase its 'wealth, population and sphere of influence.' Several communities in Texas already have made application for the services of Mr. Yandell and the experts working under his direction. In every case where the work of re-organization is undertaken, a survey will first be made to ascertain the needs and requirements of the individual situation.

ANYTHING BUT THE FLU.

Let politicians scoff and scold, While profiteers pursue their gold; Let scraps of paper be restored And League of Nations' pacts ignored;

Let all the world stand on its head, While hungry millions cry for bread; But, God we pray, let health abide And keep the Flu out of our hide.

Let Bolsheviks' blackened dream Involve us in its shameful scheme; Let strikers close the shops all down And run the owners out of town; Let everybody have more pay-- For every dog must have his day; But, God we pray, let health abide And keep the Flu out of our hide.

Let Japs get sore beneath their vast Because we sent our fleet out west; Let statesmen keep up their harranguing-- The Shantung question go be hang; Let growling war dogs sail the seas And birds of fury fight the breeze. But, God we pray, let health abide And keep the Flu out of our hide.

Let kings and rulers abdicate And make Fiume a buffer state; Let Trotsky hold all that he's got And form a league with von der Goltz; Let Balkan jealousies arise And vault their fury to the skies; But, God we pray, let health abide And keep the Flu out of our hide.

Let cotton drop to twenty cents, Double our room and office rents; Let shoes be twenty bucks a pair-- Four-bits for gas and no free air; Tax us for walking down the street And give us naught but spuds to eat; But, God we pray, let health abide And keep the Flu from our hide.

COURTS AND CANDIDATES

The September term of the district court adjourned yesterday after a seven weeks' session. More cases were disposed of in it than in any previous term in the history of Nacogdoches county.

The court convened every morning promptly at 8 o'clock and adjourned in the evening at 6 o'clock--counting one hour for dinner. Many night sessions were held in order to get under control the tremendous amount of business with which the court was overwhelmed. Judge Guinn, the presiding judge of the court, is about the hardest-worked judge in Texas. He left for his home in Rusk for a short time, at the expiration of which he will take up another strenuous session of seven weeks at Lufkin. Judge Guinn will be a candidate next year to succeed himself, and is not likely to have an opponent.

District Attorney W. B. O'Quinn left yesterday for his home in Lufkin, having disposed of 28 felony cases. Before leaving, Mr. O'Quinn stated that he would not be a candidate for district attorney, but will be a candidate for associate justice of the court of civil appeals of the ninth court at Beaumont.

Nacogdoches county, will have two candidates for district attorney and as the district judge is a resident of Cherokee county, and as Cherokee and Angelina have furnished the district judge, the other county in this district has furnished the district attorney for many years it is not possible that there will be any others, leaving the race to our home candidates.

SOLDIERS TO DIRECT DRIVE

Returned soldiers and sailors in a large number of Red Cross Chapters in the Southwestern divisions of the Red Cross--Missouri, Kansas, Texas, Arkansas and Oklahoma--have accepted the directorship of the Third Red Cross Roll Call, Nov. 2 to 11, according to a recent announcement. That this willingness not only to become members of the organization but to engage actively in the campaign to perpetuate the American Red Cross for future work indicates the high regard in which service men hold the Red Cross, is the belief of Alfred Fairbank, Division Manager. "The fact that the young men who have served their country so courageously, and who have seen the Red Cross at work, are willing to assist so actively in its continuance should appeal to every man, woman and child in the country."

NO WROK, NO PAY, ETC. (Wisconsin Journal)

In the Chicago railroad yards some I. W. W. wrote the side of a box the inscription:

No beer, no work!
When the car reached Milwaukee a brakeman wrote under the inscription, the following:

No work, no pay!
Enroute to Madison another workman added this:

No pay, no eat!
In Madison yards a maintenance man wrote the final chapter:

No eat, no live!
Politicians may screech, preachers may preach, economists may write, sociologists may alum and their combined output will add nothing to the dicta:

No beer, no work!
No work, no pay!
No pay, no eat!
No eat, no live!

Then work; there is no other panacea. Work is man's natural state. Every normal, healthy man works, whether he has to or not. The world lives on production. Hence work must lend itself to production. The man now has the idea of a time when men shall live without work is on a par with the man who proposes to give everybody something without taking anything from anybody.

A photograph of the side of that old box car with its philosophical inscriptions would become a national treasure if hung conspicuously within the commons of every American city.

THE PANACEA

Keep the date in mind. We change from "new time" to the good, old-fashioned kind on the last Sunday in this month, at two o'clock in the morning. Who knows but that this new fangled juggling of time is responsible for all the industrial unrest, the high cost of living and the shortage of sugar. Being harrassed with turned up watches and clocks for so long, no wonder the people have become confused about other things, and have not been or ought not to be, responsible for conditions as they exist today. When we get our time pieces again back to normal, the chances are that all of us will pay our debts, arrange to do our Christmas shopping early, and not be concerned about the "flu."--Lufkin News.

Lufkin Concern Chartered.

A state charter was granted at Austin on the 15th to the Southern Construction Company, of Lufkin, Texas, the capital stock being \$10,000, with the following incorporators: L. H. Gray, W. R. McMullen and J. Frank Davis, Jr.

The incorporators are well known business men of this city, and Mr. Gray, the active member of the concern, together with Mr. Joe McCarty, are now in Jasper county, where they have road improvement contracts, and where they have been at work for several months. Understanding construction as they do, their services are continually in demand, and this recent step of capitalization and securing charter, will more amply fit them for future success.--Lufkin News.

BREAKS A COLD IN A FEW HOURS

"Pape's Cold Compound" instantly relieves stuffiness and distress

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery. The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness. "Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine--Infer upon Pape's!

WANTS LEAGUE OF COTTON NATIONS

New Orleans, Oct. 15.—A League of Cotton Nations was advocated here today by W. Irving Bullard of the Merchants National Bank of Boston, speaking to the World Cotton Conference.

Urging the necessity of a world cotton federation, Mr. Bullard declared that the world's need of harmony and understanding was no less economic than as an insurance of political peace and progress. The need cries aloud over a warshaken world, he said, for a spirit of cooperation and mutual service in cotton.

America's task and problem, the speaker pointed out, is primarily the raising of cotton. The spinning of cotton concerns such a nation as England; but the world supply of cotton, of machinery, of yarn and fabrics is a world affair. By a world federation benefits would result to both the consumer and the producer.

Although the peace treaty safeguards the Allies from German control of aniline dyes, still the fear of German domination in the field remains and the need of a federation is here apparent, he asserted. Individual credit standings in all countries could be kept track of by a federation acting as a general servant and safeguard.

A world federation could do much to better the international handling of cotton, he continued. Better warehouses could be provided, transportation facilities and, by a coordinated system regulating the flow of cotton, warehouse receipts would be much stronger collateral.

All the continued help that science can give is needed by the cotton industry, Mr. Bullard said. By means of a federation the progress made in every country would be at the service of each one. Commercial intelligence could be raised to a higher degree of efficiency by utilizing the various consular services, departments of commerce and trade commissions.

Need of common watchfulness or defense of common interests against policies or agitations may arise at any time, the speaker concluded, and equity there may be needed to guard against economic injustice. Here, he said, is where cotton can do its part toward the federation of the worlds and the brotherhood of man.

NEW PLUMBING FIRM

The Smith-Hunt Plumbing & Supply Company is the style of the new plumbing establishment organized in Nacogdoches a short time ago. Articles of incorporation were granted by the state on the 4th inst. and the new concern is doing business at the old stand of J. G. Smith & Co., whom it succeeds. The officers of the corporation are J. C. Smith, president; W. F. Gintz, vice president; and L. C. Hunt, secretary-treasurer. Mr. Hunt, who but recently returned from overseas, was instrumental in the organization of the new firm and will be in charge of the business.

The concern will engage in a general plumbing and supply business, and we see no reason why it should not meet with entire success. We hope it will.

GARRISON LOCALS From The News

J. E. Dixon, a jeweler late of Nacogdoches, has accepted a position as jeweler at the City Drug Store.

Mrs. Florence Thacker left Friday for Fort Worth, where she goes to visit a niece.

Jim Williams and sister, Mrs. Clay and family, have moved into their new home recently purchased from Mrs. Ellington.

Laibe Peterson has moved to the Capt. Garrison old place, near the white spring.

Mrs. E. S. Adams has gone for a visit to her son, P. B. Adams, in Kansas City, and her daughters, Misses Fairie and Clara Adams, at Ophir, Utah. Mrs. Adams contemplates being away until the first of December, and her many friends trust that she will have a pleasant visit.

Miss Bessie Fay Yarbrough left last week for Jacksboro, Texas, where she goes to take a position as one of the teachers in the school, and her friends at home trust that she will be attended with good health and have a pleasant work.

Mrs. J. M. Ellington bade Garrison friends adieu Friday and left for Dallas, where she will make her home with a son.

Two solid train loads of army trucks passed through Garrison last Friday afternoon, following closely upon each other, going south. The presumption is that they are being carried to some of the army camps on the border.

C. W. Ansley, a well known farmer of the community, who has been residing out a few miles in the country, loaded his household effects on the train and with his family left the forepart of the week for Clarksville, Texas, where he goes to make his future home. Friends of the family in this section regret very much to lose their citizenship.

From the dispatches in Sunday's papers the information is gleaned that Harold H. Wellborn, residing out in the Concord community, has been awarded a course of vocational training in the North Texas State Normal at Denton. Mr. Wellborn was wounded in the army, and gets this opportunity to prepare for some useful occupation in recognition for his service and the disability he suffered while engaged.

Uncle Joe Turnagearr came home from Atlanta, Ga., Saturday morning, where he went to attend the Confederate veterans reunion, and when asked about the meeting says that it was great, and that he enjoyed the trip very much. He held up well under the fatigue incidental to a trip of this character, getting about as lively as usual, and looked so full of life and fire upon his arrival that there is a lot of "light left in him, his friends would warrant that, if occasion should warrant his services.

Mrs. W. B. Goodwin of Montgomery, Ala., and Mrs. C. G. Dillard of Hunstville, Ala., arrived in the community Friday for a visit to their brother, R. E. DeLoney, and family, out a few miles west of town. The

News is informed that some ladies left this community some thirty years ago, since which time of course many changes have been made with the gradual development of the country. The reunion of the sisters and brother is doubtless a most happy one.

NO PLACE FOR THE GERMAN HOMESEEEKERS

Berlin, Oct. 16.—The Spanish embassy in Berlin which is in charge of American affairs pending the ratification of the peace treaty has received so many applications from army officers who want to serve in the American army that it has posted a big sign on the outer door announcing that such applications will not be accepted and that it is useless to apply. The number of applicants since has gradually decreased but still there are some.

Some of those seeking commissions in the American army urged that they could be of value in "teaching the Americans how to fight."

There has been a rush of German officers to join other former enemy or neutral armies. The applicants were ready to serve in either the American, British, Japanese, Argentine or even the French forces.

Every correspondent in Germany, regardless of his nationality, has been bombarded with quires aid personal applications. In vain did they assure the officers that their armies would under no circumstances accept German officers. In vain the explanation was made that all the Entente armies were overburdened with officers and were making every effort to demobilize them. Argentina has become more or less the means of the mecca of the would-be emigrants from Germany because it has advertised through its consulate for agricultural laborers and has offered inducements in the way of free land. However, those who want most to leave Germany want least to go to farming. For those who really want to take up agriculture the Argentine invitation is still attractive.

Miss Gladys Wright of Maytown was shopping in the city yesterday.

"FIDDLE-FIT"

Keep Liver and Bowels Clean and Active with "Cascarets"

Sick headache, biliousness, coated tongue, sour, gassy stomach--always trace this to torpid liver; delayed, fermenting food in the bowels.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache. Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will have you feeling clear, rosy and as fit as a fiddle by morning. They work while you sleep.

ARREST 7 MEN IN BOMB PLOT

Gary, Ind., Oct. 16.—Investigation
of the radical bomb and anti govern-

officers already have uncovered a

TO END STEEL STRIKE QUESTION

Washington, Oct. 16.—The Senate
labor committee today decided to end
the investigation of the steel strike
as soon as possible, probably after
the hearing of a few more witnesses,
but it was thought could be settled
without further visits to strike zone.

ANOTHER BOLSHEVIKI TOWN CAPTURED

London, Oct. 18.—The British War
Office today received confirmation
of the capture of Gathchina, twenty-
five miles south of Petrograd, by the
Northwestern Russian army of Gen.
Yudenitch. The Bolsheviks were dri-
ven from the town yesterday.

SCHAAP'S LAXATIVE CHILL TONIC.

Destroys the malarial germs
and removes the impurities in
the blood. These impurities
make folks pale, sickly and
weak. The great superiority of
Schaap's Laxative Chill Tonic
over all other Chill Cures is
that it is a Liver Regulator
combined. It acts on the liver
and blood and you do not
have to take any pills or cal-
omel to move the bowels.

SLAUGHTER ENEMY ON FOUR FRONTS

London, Oct. 16.—Forced back by
onslaughts of enemies on four fronts,
armies of the Soviet government of
Russia, appeared to be facing a period
pregnant with disaster, with General
Denikin's cossacks from the south
and Polish forces from the west.

Northwestern Russia legions on
northwest and Russian troops from
north are narrowing a circle about
Bolshevik armies in Petrograd and
is doomed to capture it observers be-
lieve, General Yudenitch being only
25 miles south of former Russian capi-
tal.

Have Pains?

Aches and pains seem to be the lot
of the ordinary mortal. However, these
should be taken simply as nature's
warning signals that some part of the
human machine is out of order. It is a
mistake to resign one's self to physical
torment when the cause can be removed.

HAD CHRONIC BRONCHITIS FOR TWENTY-SIX YEARS NOW WELL AND HAPPY

THIS IS WORTH READING
The experience of Mr. E. J. Tou-
palik, 1438 Rose street, LaCrosse,
Wisconsin, is chiefly remarkable
on account of the length of time
he was afflicted.

He writes: "I have been suffer-
ing with chronic bronchitis for
twenty-six years and every winter
I would catch cold and become so
hoarse I could not speak for six or
eight weeks. I could get only tempo-
rary relief.

"This winter I was taken with
Grip and was in awful shape. A
fellow workman advised me to take
PE-RU-NA. By the time I had
used three-fourths of a bottle, the
hoarseness was gone, also that
tired feeling. I am on my second
bottle. Hereafter PE-RU-NA will
be constantly in my house. It is
the best medicine ever put up for
the purpose."

For any disease due to catarrh
or catarrhal conditions, PE-RU-NA
is equally dependable. Coughs,
colds, catarrh of the head, stomach
trouble, constipation, rheumatism,
pains in the back, side and loins,
catarrh of the large and small in-
testines, are some of the troubles
for which PE-RU-NA is especially
recommended.
PE-RU-NA can be purchased
anywhere in either tablet or liquid
form.

late today.

ELECTIONS IN FRANCE

Lyons, France, Oct. 16.—The elec-
tion of successors to President Poi-
care is now only four months distant
yet Parliamentary elections to choose
members of the Senate and Chamber
of Deputies must first be held, as these
in joint session at Versailles in Jan-
uary must elect the tenth President
of the republic.

Results of the coming election are
regarded as more obscure than any
since the fall of the empire. This
is all the more true because of the
death of one-million voters in the
war, the coming of age of an equal
number of new voters and the antici-
pated modifications of party lines by
new issues resulting from the war
and re-construction.

Six hundred deputies and three
hundred senators are to be chosen.
No aspirant for any of these seats has
yet officially declared his candidacy.
There will be no primaries or local
conventions as in America but the
candidates will be selected by party
committees with various combinations
of different parties whose principles
are not too widely separated.

The Socialists are resolved not to
combine with any other party but
the Radicals have decided to form
union tickets in some districts with
other purely Republican organiza-
tions.

The wide difference between Presi-
dential elections in France and the
United States is illustrated in the
fact that here the president is chosen
by Parliament while in America the
chief executive is selected by the vote
of the people for electors. Contrary
to what opinions abroad might be ex-
cept from the French, elections here
are peaceful when compared to those
of America.

munity was in the city today on busi-
ness. Mr. Warren is only recently

WEEKLY SENTINEL
MALTOM & GIBBS, PUBLISHERS
A MAMMOTH PAPER

The Shreveport Times of yesterday (Sunday) was the largest daily ever issued in Western Louisiana. It comprised 116 pages of eight columns each, representing an aggregate of 928 columns. The "figures" man of the Times states that the pages of the issue if pasted end-to-end would reach more than 573 miles from Shreveport, touching in a line such cities as Macon, Ga., going 60 miles beyond Atlanta; Louisville, Ky.; Terre Haute, Ind.; Springfield, Ill.; Lincoln, Neb.; the eastern boundary of Colorado; cut the West Texas line and run into New Mexico. Even Villa and his associates would have a chance to glimpse several hundred pages, as the paper would reach far into Chihuahua, Mexico, and into the province of Coahuila.

Measured in weight the forces of the Times handled in all 29,000 pounds of paper. The ink used in printing the edition weighed 1,880 pounds. The paper reflected a vast amount of painstaking work on the part of editors and printers and its advertising columns mirrored in attractive form the business activities of Shreveport and contiguous territory.

The paper was dedicated to the "Victory Fair," which begins on the 22nd and continues to the 27th, both days inclusive, and if the fair is as successful in its efforts as the publishers of the Times were in theirs, it will have served its purpose admirably.

CENSUS TAKING AND TAXATION

Director of the Census S. L. Rogers has issued a statement emphasizing the fact that the data gathered by enumerators, supervisors and special agents engaged in work on the Fourteenth Decennial Census will have nothing to do with valuation of property for taxation purposes.

"Some difficulty has been experienced in the past," says Mr. Rogers, "in getting absolutely accurate values of land and other property because of a certain amount of confusion over this point. Many people were erroneously inclined to connect the census with taxation. We hope to avoid any such confusion this time."

The act of Congress which provides for the taking of the census makes it unlawful for any enumerator, special agent, supervisor or other employee of the Census Bureau to divulge any information concerning census returns. The proper tabulated figures of the census are given out nowhere but in Washington, and only upon the express authority of the director of the Census.

BUY RED CROSS CHRISTMAS SEALS

Military training for boys, which was inaugurated in the high schools of New York state at the beginning of the fall term, has received the endorsement of the National Tuberculosis Association.

The organization favors the system because it calls for the physical examination of each student at least once a year.

The National Tuberculosis Association and its one thousand allied organizations have conducted a relentless warfare upon tuberculosis for years. They are now conducting an intensive educational campaign which is to extend through 1920. The programme for the coming year calls for greatly increased expenditures, and to meet the situation more than 650,000,000 Red Cross Christmas seals will be sold during the month of December. The annual seal sale provides the chief income of the affiliated organizations.

"Regular physical examinations," said one of the association's experts recently, "are strongly advocated by the National Tuberculosis Association. By this method thousands of unsuspected cases will be discovered and given the proper care and attention."

"The physical examination of residents in Framingham, Mass., revealed nine times as many cases of tuberculosis as were believed to exist there. Tuberculosis can be most successfully fought in its early stages. The examination of men at the draft board during mobilization resulted in the rejection, because they were tuberculous, of more than enough men to form two military divisions. Many of the rejected men did not know of their dangerous condition until they went before the examining boards."

TEXAS CONGRESS OF MOTHERS

The Tenth Annual Child Welfare Conference of the Texas Congress of Mothers and Parent-Teacher Associations will convene in regular session at Austin, Texas, on November 5th to 7th, 1919.

Every organization in the Fourth district is urged to send delegates to this conference. Every organization in membership with the congress is entitled to send its president, or her representative, one delegate, or alternate, for every ten members. A splendid program of much interest to child welfare workers will be carried out. Mrs. E. A. Watters, president of the Texas Congress of Mothers will direct the meeting. Mrs. O. M. Longmeyer, president Fourth district, Texas Congress of Mothers, will give a report of the splendid work accomplished for child welfare in the Fourth district.

Begin now to elect your delegates and if possible make plans to pay their way. What each delegate brings back to her organization in the way of inspiration and information for local work will more than compensate for the expenses of the trip. Let's have a strong representation from the Fourth district in Austin for this conference.

All Parent-Teacher Associations, or Mothers' Clubs, in the Fourth district desiring helpful information or suggestions for child welfare literature and program material, please write Mrs. J. S. Goepfinger, chairman of literature Fourth District, Texas Congress of Mothers, Belton, Texas.

Your county is one of the forty-five comprising the Fourth district, and as the county is taken as the unit of organization in our child welfare organization in our child welfare work, more county chairman are needed. Will YOU not volunteer for the work if you happen to live in one of the following counties? Angelina, Austin, Bosque, Brazos, Chambers, Colorado, Coryell, Grimes, Houston Jackson, Lee, Madison, Matagorda, Milam, McLennan, Nacogdoches, Robertson, Sabine, Polk, Trinity, Tyler and Wharton counties.

"A County Chairman in every County—A Parent-Teacher Association in every School"—is our slogan. The extension department of the district is ready at all times to assist in the furtherance of child welfare work.

Yours for the welfare of the child. Mrs. H. Worth Jones, Extension Chairman-Fourth District Texas Congress of Mothers, Houston Texas.

FT. WORTH WOMAN GAINS 15 POUNDS

Mrs. Parks Feared Bad Was Near But Takes Tanlac And Health Is Restored

"I actually believe Tanlac saved my life, for it pulled me up when I was nearly past going," said Mrs. Laura Parks, of 1432 N. Calhoun street, Ft. Worth, Texas.

"My condition was such," she continued, "that everything I would eat caused gas to rise and press on my heart till I thought I would smother to death. After eating I would become nauseated and would get so dizzy I was afraid of falling; my limbs would become numb, then again they would tingle all over like thousands of needles sticking in me. I was so nervous that I could hardly sleep, had sick headaches most all time and was so miserable and despondent I feared my end was near."

"Soon after taking Tanlac my appetite picked up, my digestion improved and I got to eating everything I wanted. I am now strong enough to do all my housework and more, all my troubles are over, I sleep like a child and my husband tells me I am the very picture of health." All druggists sell Tanlac.

EVEN LUFKIN

The slogan adopted by the newly organized Chamber of Commerce in Nacogdoches would fit nicely in other places. It is "Throw away your hammer and get a horn." Lufkin, even, can not have too many blowing the horn.—Lufkin News.

If the people will take their small children to the picture show, they should at least be considerate enough of the comfort of others to prevent the youngsters from kicking against the seats in front of them, to the annoyance of the occupants of these seats. It may be great fun for the kicker, but certainly it is pretty tough on the kickee.

Mr. Herman Boozer returned today from Houston, where he has been transacting business and visiting friends. Mr. Boozer says that it is just about as wet in Houston as it is here.

WHY YOU SHOULD PLANT THOMAS CORN

When we have but little rain, Thomas corn makes some corn at least; when we have floods, as we have had this year, the shuck on Thomas corn protects it from the weather and the water does not get through and ruin the grain, and when you can weigh 72 pounds of ear corn with the shuck off and shell out 64 pounds of corn, will it not pay to plant Thomas corn?

Red what a few of our farmers say about Thomas corn:

"I have planted Thomas corn for the past 15 years in Bee county and with the exception of one year have had corn to sell."—G. O. Kennedy, Skidmore, Texas.

"I have raised the Thomas corn for the past 26 years, and find it to be one of the best drought resisters that I have ever planted, and as long as I continue to farm, I will always plant the Thomas corn, if possible to get the seed. Wevils bother this corn less than any other."—S. A. Wofford, Beeville, Texas.

"I have lived in Bee county for the past forty-five years, and have farmed some all that time, and have planted the Thomas corn for the past 25 years, and will say that it is the best corn for either dry or wet countries. The cob is very small with a deep grain, and it makes the best bread of any corn I have ever ground. You will never regret planting the Thomas corn."—A. J. Scott, Beeville, Texas.

On account of so much corn being ruined there is going to be a very great demand for the Thomas corn, where it is known, and if you will send in your order at once I will make you a price of \$4.50 per bushel, delivered at your station, in two-bushel lots, or more; all hand-picked and shelled. Will hold your order as late as January 15th, but must know how much you will want in order that I may have it on hand at that time. Don't put it off; order TODAY.

R. B. Jones, Beeville, Texas.

YOUNG FOLKS HERE IS YOUR OPPORTUNITY TO SAVE

Pick scraps of time from the waste basket, turn them into dollars; earn while you learn by taking a money back guaranteed course of Bookkeeping, Shorthand and Typewriting, Business Finance, Telegraphy, Commercial Law, Business Arithmetic, Salesmanship, Advertising, Commercial Lettering or Business Penmanship, by correspondence through the Extension Department of the TYLER COMMERCIAL COLLEGE.

We secure satisfactory results or refund tuition. Our correspondence course include the same subjects as given with a personal course with the privileges of entering college for personal work without paying additional tuition. In other words, the correspondence instructions are absolutely free if you enter for personal work. Many find it to their advantage, even when they intend to take personal work later, to first enroll for the course by correspondence and utilize their spare moments until they are ready to enter, since it cost nothing extra. This often saves them a couple of months' time and board in school on their personal work, and enables them to leave college and accept a good position two months earlier. Another advantage of the correspondence course is that we give three months free use of a standard typewriter with full shorthand course. Many of our students have attained a speed of from forty to fifty words per minute through our system of touch typewriting during the three months and have at the same time carried on their work. Telegraphy instruments and supplies are furnished with our course in Salesmanship is given with Bookkeeping.

We use our original copyrighted methods. We make every subject practical and interesting from start to finish. Every lesson receives prompt personal attention and a personal reply. We have taught hundreds of students successfully and know we can teach you or we would not guarantee to refund your money. Why continue to waste your spare moments? Turn them into knowledge and make them earn you dollars and serve your country during this period of reconstruction. You can't afford to let your spare moments pass when there is such a crying need for office help throughout the world. TAKE CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . . ."

"It has now been two years since I took Cardui, and I am still in good health. . . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

MODEST BAPTIST LAYMAN GIVES \$75,000 TO DRIVE

Too modest to let his name be known, but quite liberal with his means, a Baptist layman of a small Southern town has given \$75,000 to the Baptist 75 Million Campaign as well as \$25,000 to the erection of new church building in his home city. His wife is giving \$10,000 at the same time for a fine pipe organ for the new church edifice.

ROADS DRYING FAST

Never before in the history of a prolonged rainy season have the roads of Nacogdoches county been known to recover with such rapidity as they have from the last wet spell. Roads which the average man would have deemed practically impossible to have dried out, and are almost as good as if they had not suffered from a rain in a month. The drying process of the roads have undergone with such rapidity is so great that it partakes of the nature of the phenomenal. It is thought if no more rains occur that in a few more days the roads will be in fine condition once more, and traffic can again go over them unhampered.

CLASS IN ARCHERY

Austin, Texas, Oct. 20.—Miss Anna Hiss, one of the athletic instructors for girls in the University of Texas, is offering a course in archery this year. This is an innovation, as nothing of the kind has ever been offered at that institution before. Archery is one of the oldest sports known. It is always associated with Robin Hood and his band of merry men. In introducing archery Miss Hiss is not advocating outlaws, but at least the course should have the spice of adventure.

The course will begin in a week or ten days. The bows and arrows are made in England and Canada. The class will meet at four o'clock on Tuesdays and Thursdays in an open field north of the campus. Miss Hiss gave this course at Camp Aloha in Vermont last summer and had wonderful success with it. She feels that she should have even more success in Texas.

Forerunners of Sickness.

Indigestion and constipation are the forerunners of half the ills of mankind. When food is properly digested, you are free from biliousness, gas, bloating, sick headache, sour stomach, coated tongue. Foley Cathartic Tablets cleanse the bowels, sweeten the stomach and invigorates the liver. Stripling, Haselwood & Co.

Mr. C. O. Holland, who is just up from a severe and protracted illness, was a pleasant caller at The Sentinel office this morning.

Sincere Gratitude.

Mrs. William Bell, Logansport, Ind., writes: "I owe my duty to express my gratitude for the good Chamberlain's Colic and Diarrhoea Remedy did me when I had a severe attack of diarrhoea three years ago. It was the only medicine that relieved me." Stripling, Haselwood & Co.

A PHENOMENON

Prof. W. C. Ware is a high school chemistry professor of this city. He was formerly an instructor in the Rusk Academy, and is also a native of Arkansas. In addition to these, he is a humorist. The following is what he tells to illustrate the meaning of phenomenon:

"A fellow asked an Irishman the other day what a phenomenon was.

Well, said the Irishman, "I can better tell you what a phenomenon is by telling you what it aint."

"How is that?"

Well, btgin Erin, if you were to pass along a meadow and see a thistle blooming that would be no phenomenon, would it?

And in that meadow you would see a cow eating grass, that would be no phenomenon, would it?

"Why, no."

And on that thistle you should see a mocking bird sitting, singing—that would be no phenomenon would it?

"Why, certainly not."

Well, now, said the Irishman, about to come to the point, but if you were to pass along a meadow, see a cow sitting upon a thistle singing like a mocking bird, that would be a phenomenon, wouldn't it?

"You mighty right," replied his friend.

A Message For the Middle-Aged.

Foley Kidney Pills give quick relief from kidney or bladder troubles that have not reached a chronic or bad stage. They stop bladder irregularities, strengthen the kidneys and tone up the liver. Don't suffer when relief can be had. Get rid of backache, lameness, rheumatic pains, and stiff joints. Stripling, Haselwood & Co.

A FAITHFUL SUNDAY SCHOOL SUDENT

As mentioned in last Saturday's paper, quite a bunch of Nacogdoches boys made a trip to the river Saturday afternoon duck-hunting. Among them was Leo Underwood, who the bunch he went with says, is a real sportsman.

Mr. Underwood, they said, would have had a very fine time indeed on the recent hunting trip gratifying had it not been for the humiliating little experience of getting lost. By some hook-o-mo-crook, in his frantic endeavor to get some duck-hunting and school, Mr. Underwood got separated from the rest of the bunch and wandered aimlessly around in the Angella bottom woods all night, running the risk any minute of stepping into a den of snakes or encountering a ferocious wild cat.

But Mr. Underwood made all of these things without getting a scratch and after having wandered all night he finally stalked up at the home of a colored gentleman who lives some 8 miles from here. From him he secured the services of a mule, for which he paid \$3.00, and then rode complacently into "Doches, getting here in time to attend that Sunday school class—and of course he was happy.

The bunch was composed of Dwight Thrash, Leo Underwood, Eugene Casley, Max Casley and Tom Drewery. They reported a fine time with the exception of Mr. Underwood, who they claim, had an awful time getting to Sunday school.

They Get Action at Once. Foley Kidney Pills invigorate, strengthen and heal inactive, weak and diseased kidneys and bladder. Mrs. O. J. Ellis, 508 8th Ave., Sioux Falls, S. D., writes: "I suffered with kidney trouble, used to have severe pains across my back and felt miserable and all tired out, but after taking Foley Kidney Pills I am well." Stripling, Haselwood & Co.

JUDGE MIDDLEBROOK TO BE DIRECTOR RED CROSS DRIVE

Judge V. E. Middlebrook has consented to direct the Third Red Cross Roll Call for Nacogdoches County. This great drive for membership and collection of annual dues begins November 2 and extends to November 11, inclusive. Committees will immediately be selected in every portion of this county and arrangements made to put our county over the top in the "Nacogdoches way."

The Third Red Cross Roll Call summons citizens to respond with a heart and a dollar to meet humanity's peacetime needs in the spirit of Americanism.

The Red Cross banner carries the glory of Americanism to far corners of the earth. Its unselfish service has won the undying gratitude of humanity. And now, to be to America in Peace what it has been to the World, is its sacred duty—and YOURS.

OLD SOLDIER WRITES

The Sentinel. A few words, in a nutshell, properly construed, sometimes cover a multitude of thoughts.

Our president, Woodrow Wilson, one time had the world as near "grabbed" as any man ever will have it. Some of our people have jumped on him with all their power and today it looks like he may in part lose out.

Just what the future may develop no man can forecast, for today the world is watching the action of the United States. We cannot see or expect any settled trade, business for prosperity until after the next presidential election, if then, because of the unsettled condition of the country.

The wise men of our country ought to advocate a large standing, well-disciplined army.

We want peace at home; then we need not fear other nations.

J. T. W.

An Old Confederate Soldier, Austin, Texas.

P. S.—There are a few of our leading men determined to destroy all honors we gained during the world war, which cost us \$25,000,000,000 and many thousands of true American's lives.

When a Child Has Croup.

Thousands of mothers say Foley's Honey and Tar Compound is the best remedy they know for croup, coughs and colds. It cuts the thick, choking mucus, clears away the phlegm, opens air passages and eases hoarseness. The gasping, strangling fight for breath gives way to quiet breathing and peaceful sleep. Stripling, Haselwood & Co.

RED CROSS "ADOPT" RUINED TOWNS

(By Associated Press) London, Oct. 22.—Five hundred small towns and villages in the devastated regions of France have been "adopted" by the British Committee of the French Red Cross Society. The inhabitants of each of these hamlets are being assisted in their struggle to reestablish themselves in their former homes. In many instances they are living in the cellars of their ruined houses. Other returned refugees have to be content with living under sheets of corrugated iron leaned against a bit of broken wall.

Slow Death to the Preacher.

The following rules, if carefully observed, will kill any preacher on earth—kill his influence, kill his ambition, kill him mentally, morally and physically:

Stay away from church, especially on bad days, when you know the crowd will be small.

Stay away from prayer-meeting because you know the crowd will be small or someone is on to lead you don't like.

When the sermon is over, leave the church in a hurry without speaking a word to the preacher, a word of encouragement.

When you get sick don't let him know it and abuse him for not coming to see you.

Never invite him and his family out to dine in your home. They never enjoy a social call.

Pay just as little as you can on his salary and grumble about that. This makes him feel good.

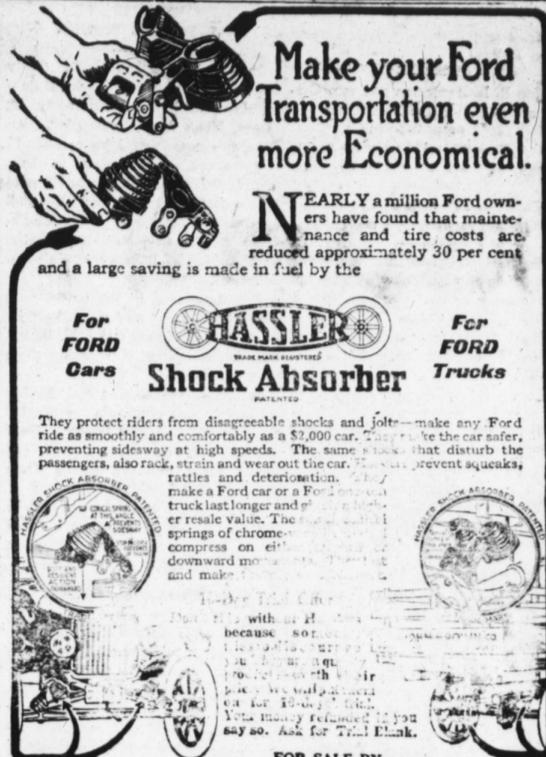

Never give him anything but the little amount you promised. It would make him think you appreciated him.

Always have a fool excuse to offer when he wants you to do a little work for God.

Don't ever go to see him or his family and they raise old "Billy Cain" because he doesn't come to see you twice a month.

Act as cold indifferent toward him as you can and he will think you're dignified.—From the Atlanta Journal.

Cut This Out—It is Worth Money. DON'T MISS THIS. Cut out this slip, enclose with 5c to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup, Foley Kidney Pills and Foley Cathartic Tablets. Stripling, Haselwood & Co.

DENY CHARGE ON BIG 5 PACKERS

Chicago, Oct. 16.—Louis F. Swift, president of Swift & Co. today issued a statement denying the charge that the Big Five Packers, by enlarging their business, threatened to control wholesale and retail grocery trade, which was contained in the federal trade commission report.

Washington, Oct. 16.—Reiteration of claim that the Big Five Packing companies of Chicago bid fair to dominate the wholesale grocery trade and already handle more than two hundred kinds of food unrelated to meat packing industry, many directly competitive as meat substitutes, made in federal trade commission. Report on industry, another section, which issued today, included in commodities, falling under the control of the Big Five Packers, are poultry and game products, lard, and butter substitutes, canned and dried vegetables and canned fruits, frozen fish, cocoa, coffee, molasses and syrups. Report declares meat packers are large speculators and their control of capital and credit enables them to buy in such way as to re-sell on market, which their purchase has forced up.

IMPOSSIBLE TO CONFIRM RUMOR

Paris, Oct. 20.—Contradictory reports are received from Russia and it is impossible to confirm the rumors that Petrograd has been taken by the Northwestern Russian army under General Yudenitch. It seems certain, however, that the Yudenitch troops are advancing and must be before the city, if it is not already taken.

Bronchial Trouble. Mrs. A. E. Sidenberder, Rockfield, Ind., states: "For an attack of bronchial trouble which usually assails me in the spring I find Chamberlain's Cough Remedy the only thing that gives me relief. After using it for several days all signs of bronchial trouble disappears." Stripling, Haselwood & Co.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Doesn't hurt a bit. Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

Miss Vera Burns spent the night with her aunt, Mrs. Lee Murphy. Mrs. Burns resides near Appleby on the Logansport road.

Mr. D. M. Kelley of Douglass, a prominent farmer of that community was in the city yesterday on business. He reported Douglass fine.

George Peterson has resumed his old position at the City Bakery as cook. He has been at Timpeon during the last four or five months.

It is reported that a real live foot ball game will take place in the near future between Nacogdoches and others. Date not given out now.

Mrs. Maurine Wilson of Chireno who was operated on at the local sanitarium a day or two ago, is reported to be resting nicely today.

Mr. and Mrs. Walter Gintz took their little son, Walter, to Dallas yesterday for medical treatment under a specialist.

Van Parmer from Martinsville spent yesterday and today in town. He reported everything splendid in his community.

Mrs. M. T. Crisp returned yesterday from Chireno, where she has been visiting J. C. Hall, her uncle, who is reported very ill.

Lee Cook of Woden was in the city visiting yesterday, and said that everything was mighty muddy and rainy in his section.

Mrs. Vida Gray, who some few days ago went to Shreveport to undergo an operation, is doing nicely, and will return home in a day or two.

Mr. T. E. Falls of Chireno moved here yesterday to give her granddaughter, Miss Ruth Mathews, the benefit of the Nacogdoches High school.

Mr. Carlton Martin arrived from Dallas this morning enroute to Chireno, where he will attend the bedside of his grandfather, J. C. Falls, who is very sick just now.

Herman Hoover of New Salem is in the city today visiting relatives and friends. He said that everything was pretty damp in his locality—same as here in Nacogdoches.

Quite a thrilling incident occurred yesterday when Mr. Prince, who was driving a car from Garrison, ran one of his wheels off in front of the Nacogdoches Betting Company's place.

THE BISCUIT BAKING

Mrs. G. W. Strahan of the Shady Grove community won the Buck Range stove which was given away by Cason, Monk & Co. yesterday. Mr. Strahan's guess was 1 hour and 31 minutes and the time took to bake 2000 biscuits was 1 hour and 30 minutes and 11 and 1-2 seconds. The judges in the contest were Judge Middlebrook of this city, Mrs. J. M. Bates, of Nat. Mrs. J. J. Smith of Fairview community.

The flour used in the contest was Light Crust and was furnished by O. A. Bright & Son, and J. G. Bailey, and the shortening was Armour & Co.'s salad oil.

The crowd which attended the big exposition was variously estimated between 500 and 1000 people. Great interest was taken in the novel feat, and it was a genuine success from every point of view.

It took only 5 and 3-8 cents to bake the 2000 biscuits. This was a good record. The guesses ranged from 2 and 1-2 minutes up to 8 hours.

COMMISSIONERS' COURT

The Commissioners' Court completed its regular monthly meeting on Tuesday, the 14th, and no matters of importance with the exception of the status of the Road bonds were had; and, in this connection, we are informed that all minor objections to the issue has been streightened out, and the court will likely offer the issue for sale in the early days of November, and which date will be decided on later.

A PATHETIC SCENE.

This morning early, a lone donkey was found wandering aimlessly around Main street, by Mr. Pat Murphy, in a miserable choked condition. The poor animal was in great agony, breathing heavily and bleeding profusely at the mouth. No one knows to whom the donkey belongs, and for that reason veterinary attention was delayed.

When last seen, Mr. Murphy was leading the mule down the street as rapidly as possible to some place where relief could be given. It is to be hoped that the animal's suffering will be alleviated, and that its master will take charge of it before many hours. Some think the mule probably belongs to a negro at the Frost Johnson mill.

A burning sensation in the throat and chest means bad digestion; and digestive trouble is the starting point of many serious diseases, particularly kidney disease. Do not neglect the warnings of nature. If your appetite is poor, breath bad, tongue coated, you will be sick unless you take steps to put your system in good condition. Prickly Ash Bitters is the remedy you need. It purifies the bowels, strengthens digestion and regulates the liver. Price \$1.25 per bottle. Sold by Stripling, Haselwood & Co.

Mr. Alvah Thrash, who accepted some few days ago, a position with a firm in Appleby, has been transferred to a position which is located at Pineland.

Mr. J. W. Kennedy and family arrived in the city yesterday from Dallas, where they have been visiting the fair. They reported a good time while up there.

Elton Driver was in the city today on business. Mr. Driver said that the weather at Woden was practically the same as was here. Roads are very bad, he said.

If your child starts in its sleep, grinds its teeth while sleeping, picks at the nose, has a bad breath, fickle appetite, pale complexion, and dark rings under the eyes, it has worms; and as long as they remain in the intestines, that child will be sickly. WHITE'S CREAM VERMIFUGE clears out the worms, strengthens the stomach and bowels and puts the little one on the road to health and cheerfulness. Price 30c. Stripling, Haselwood & Co.

Mr. Dewitt Watkins of Douglass was in the city yesterday from Delta county, where he has been employed for some time. He was sick while here and was going to Douglass to rest up.

Camel CIGARETTES

CAMELS supply cigarette contentment beyond anything you ever experienced! You never tasted such full-bodied mellow-mildness; such refreshing, appetizing flavor and coolness. The more Camels you smoke the greater becomes your delight—Camels are such a cigarette revelation!

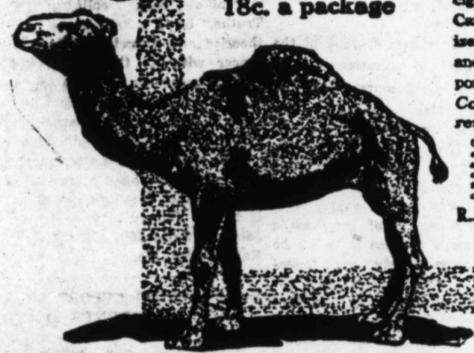

Everything about Camels you find so fascinating is due to their quality—to the expert blend of choice Turkish and choice Domestic tobaccos.

You'll say Camels are in a class by themselves—they seem made to meet your own personal taste in so many ways! Freedom from any unpleasant cigarette after-taste or unpleasant cigarette odor makes Camels particularly desirable to the most fastidious smokers. And, you smoke Camels as liberally as meets your own wishes, for they never tire your taste! You are always keen for the cigarette satisfaction that makes Camels so attractive. Smokers realize that the value is in the cigarettes and do not expect premiums or coupons!

Compare Camels with any cigarette in the world at any price!

Camels are sold everywhere in essentially sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

TO KEEP AMERICA OUT OF LEAGUE

Washington, Oct. 18.—Republican leaders declared emphatically today that the senate would not consent to participation by American representatives in the League of Nations or other international commissions until the peace treaty is ratified.

READY FOR BIG CAMPAIGN YEAR

Dallas, Oct. 17.—Republican leaders here today met with the executive committee of the Texas Republican Council and decided to have a state meeting of republicans in the latter part of October and plan for the 1920 campaign.

C. C. Littleton of Fort Worth, chairman of the council, presided.

TEXAS CONGRESS OF MOTHERS

Plans are rapidly being completed for the annual state meeting of the Texas Congress of Mothers which will be held in Austin Nov. 5 to 7. All clubs are urged to continue their membership drive through the month in order that Texas may have the 25,000 paid up members for which the congress is striving. Each club is allowed a delegate for every ten members and all clubs at least one delegate to the state meeting.

The children's year work, especially along lines of child hygiene and the back to school drive, will continue throughout the year.

A new feature of the state meeting will be a conference of women on school boards which will be in charge of Miss Annie Webb Blanton, state superintendent of public instruction. Miss Blanton will be assisted by Mrs. J. G. McGrady of El Paso, Mrs. Charles Scholibo of Houston, Mrs. Carl Staats and Mrs. W. C. Stripling of Fort Worth, Mrs. A. C. Gveth and Mrs. J. B. Gay of Austin. All names of delegates should be sent to Mrs. J. M. Loving, chairman of arrangement committee, at 1411 West Ninth street, Austin, Texas.

Registration will take place Nov. 5 from 8 to 10 o'clock at the Driskill hotel, the first session to begin at 10 o'clock that morning.

MRS. CHAS. G. NORTON, Fort Worth, publicity chairman. Oct. 11, 1919.

COTTON PICKERS NEEDED IN SOUTH PLAINS

With the largest crop in the history of that section, the farmers on the South Plains of Texas are facing a serious shortage of farm labor. Cotton is opening rapidly, and will make from half a bale to a bale per acre.

A price of \$2.00 per hundred has been set for cotton picking, and the Chamber of Commerce has opened a labor registration office at Lubbock, Texas. This organization states that it could place five hundred families in Lubbock County alone, while calls are constantly coming in from adjoining counties.

Thousands of acres of maize, kaflir, and other feedstuffs are still standing in the fields. Farmers are paying as high as \$5.00 per ton for heading, and \$5.00 per day for straight day labor.

HOW TO AVOID BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From Own Experience.

Providence, R. I.—"I was all run down in health, was nervous, had headaches, my back ached all the time. I was tired and had no ambition for anything. I had taken a number of medicines which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and backache and headaches disappeared. I gained in weight and feel fine, so I can honestly recommend Lydia E. Pinkham's Vegetable Compound to any woman who is suffering as I was."—Mrs. ADELNE B. LYNCH, 100 Plain St., Providence, R. I.

Backache and nervousness are symptoms or nature's warnings, which indicate a functional disturbance or an unhealthy condition which often develops into a more serious ailment. Women in this condition should not continue to drag along without help, but profit by Mrs. Lynch's experience, and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound—and for special advice write to Lydia E. Pinkham Med. Co., Lynn, Mass.

Reel them off—"Rio", Gibraltar, Ceylon, Yokohama—all the great ports of the world—are they only places on the map to you—or are they ports where you've gone sailing in from the high seas with every eye along the shore turned admiringly on your big ship—your ship! Every ocean has a United States ship standing for some port worth seeing.

If you've any call in you for a full life—join, and color all your years ahead with memories of things worth seeing—with knowledge worth having—with an inexhaustible fund of sea tales and adventures picked up ashore and afloat that will make you a well-known man in any company.

Work?—sure, and a man's work it is, among men. Play?—well, rather, with a bunch of men who know how to play. These comrades of yours carry in their ears the sounds of great world cities, of booming guns, of swishing tides—sounds you will share with them and that will never die away.

And when you come home, you'll face life ashore with level eyes—for Uncle Sam trains in self-reliance as well as self-respect. The Navy builds straight men—no crooked ones.

Enlist for two years. Excellent opportunities for advancement. Four weeks holidays with pay each year. Shore leave to see inland sights at ports visited. Men always learning. Good food and first uniform outfit free. Pay begins the day you enlist. Get full information from your nearest recruiting station. If you do not know where the nearest recruiting station is, ask your Postmaster. He knows.

OLD CITIZEN DEAD

The Sentinel regrets to note the death of Nehemiah Pitts, which occurred at 3 o'clock this morning at his home in the Harmony community.

Mr. Pitts was born in Mississippi on October 14, 1843, and came to Nacogdoches county in 1872, and for 50 years has resided in the Harmony neighborhood in the home where he died.

He is survived by his wife, four sons, and four daughters, and the stricken family have the sympathy of the entire community.

Deceased had been a member of the Baptist church since his youth and had lived a consistent Christian life.

He was a member of Camp Henry Reguet, No. 820, United Confederate Veterans, and his request that he be buried in a suit of Confederate gray was carried out.

Interment was made in Harmony cemetery at 4 o'clock this afternoon the service being conducted by Rev. A. T. Gerard.

The American Red Cross of St. Louis acknowledges receipts of \$500. from the Nacogdoches chapter A. R. C., of which Rev. C. D. Atwell is chairman. This money is to be applied to the relief of the Corpus Christi storm sufferers. This action on the part of the Red Cross members of Nacogdoches is something which deserves the highest praise.

PRANKS OF HAIL STORM

Big Spring, Texas, Oct. 20.—Queer pranks were played by a terrific hail storm which passed over the northern part of the county a few days ago. Hens were knocked from cattle and sheep were killed on the W. P. Edwards ranch. Great damage was done to crops. The rainfall was estimated to be seven inches.

TOO ILL TO ACT AS HOST TO ROYALTY

Washington, Oct. 21.—President Wilson, unless conditions show a decided improvement, will not be permitted to accord even an informal reception to King Albert and Queen Elizabeth of Belgium when they arrive Monday, according to Rear Admiral Grayson, his physician.

White House officials are more optimistic over the president's condition today.

SCHOOL NOTES

Yesterday in chapel exercise at the high school, lots of enthusiasm was in evidence caused, of course, from the nearing of Friday, when the big fight between the football teams of "Doches and Jacksonville takes place. The songs which were sung were full of pep, and everything was tense with that element when genius freedom works to win. Prof. Davis made a very pleasant address in which he put forth some mighty good common sense thoughts. He praised the "Doches football team and said that because it had suffered defeat at Lufkin, it was no sign that it would be again defeated this season. He expressed confidence in the fact that "Doches would win. Following his talk Prof. L. B. Davis made a brief little address, in which he made some disciplinary suggestions. The exercises commenced promptly at 8:30 and lasted to 9:30.

TALLOW CANDLES AND OXCARTS FOR LUFKIN

Gosh! what do you know about this? The other night there came to this city some species, who unwittingly admitted that they were from the Lufkin community, and who did not know how to turn off their electric lights on going to bed. Consequently they left 'em burn all night in their room and then got up the next morning grumbling because they could not sleep. Now this may seem unreasonably ridiculous, but it is true, nevertheless. We thought that kind of human had become extinct, had passed out when all the rest of the ox-cart and tallow-candlers did—but they are not all gone. You can still find lots of them around Lufkin.

RUSSIANS GET RED CROSS SUPPLIES

(By Associated Press)

Archangel, Oct. 22.—American Red Cross supplies valued at four and a half million rubles have been turned over to the Russian Red Cross for use and distribution in Northern Russia. The goods consist principally of food, clothing, medical and hospital supplies.

This was on hand at the time of the withdrawal of the American mission, following the departure of the American forces from the Archangel area. In making this gift, Major D. O. Lively, of San Francisco, Red Cross Commissioner for North Russia, directed that the Russians follow the same regulations of distribution as observed by the Americans who spent one year in this district.

PREVENT INCREASE IN SUGAR PRICES

(By Associated Press)

Washington, Oct. 22.—Steps to prevent an abnormal increase in the price of sugar because of the existing shortage have been taken today by the Department of Justice.

Attorney General Palmer notified the beet sugar refiners, who have been withholding their products from the market until the price situation became more stabilized, that the United States Equalization Board had determined ten cents was a fair price to be charged wholesalers, and any charge in excess of that amount would be regarded as a violation of the food control act.

SAYS CANCER WAS CURED IN SIX WEEKS

Justice of Peace at Brownsville, Tex. Receives Successful Treatment From Famous Cancer Specialist

Valentin Gavito, Justice of Peace, Brownsville, Texas, after going to several doctors for relief of cancer in his nose, was advised to see Dr. O. A. Johnson, famous cancer specialist at Kansas City, Mo. He writes:

"About this time, a friend of mine recommended to me, Dr. O. A. Johnson, of Kansas City, Mo., as a specialist to cure cancer. On the 10th of October, 1914, I went to Kansas City, to see Dr. Johnson. On October 12th, 1914, I commenced Dr. Johnson's treatment, and in six weeks, I was discharged as cured by him. Since that time, to the present day, there are no signs of the cancer returning. My present general health is excellent. When I went to Kansas City to see Dr. Johnson on October 10th, 1914, my weight was 165 lbs. Today, my weight is 188 lbs.—a good gaining in weight for an old man of 68 years."
