### AGRICULTURAL SECRETARY MADE TREASURY HEAD.

Washington, D. C., Jan. 27.—Edin T. Meredith of Iowa, editor of "Successful Farming," will be named secretary of agriculture to succeed Secretary Houston, who is to become secretary of the treasury in place of Carter Glass. President Wilson is expected to send the nominations of both Houston and Meredith to the senate today. As soon as Houston qualifies Glass will take his seat in the senate to succeed the late Senator Martin of Virginia.

### APPALING DEATH RATE OF PRISONERS IN RUSSIA.

Washington, D. C., Jan. 27.—Nearly 375,000 of the half million Austro-Hungarian prisoners of war taken by Russians have perished in Siberia from smallpox and typhus, according to Vladivostok dispatches to the International Red Cross headquarters here. The rest keep alive only by the efficient work of the Japanese, American and English doctors who have been assigned to different towns along the Trans-Siberian railroad.

### ANTI-POOL HALL CASE BEFORE SUPREME COURT

Austin, Texas, Jan. 27.—Attorney General C. M. Cureton is in Washington today to represent the state before the Supreme Court in a hearing on the stay order in the Texas anti-pool hall case.

This order, which was issued by a judge of the Supreme court after the special court at Dallas had dissolved a temporary injunction restraining officers of the state from enforcing the law, in effect revived the injunction. The order expires today.

There is no record as to the number of pool halls which have been operating under the order, but records of the comptroller show that license on 2,831 tables was paid for in 1919. No licenses have been issued since May 1, 1919, as the attorney general held that the law abolishing pool halls repealed the license law.

If the Supreme court declines to renew stay order, pool halls will have to close pending final decision in the case, which according to the opinion of the attorney general's department, will not be made within a year.

### GERMANY RELUCTANT TO SURRENDER LAW VIOLATORS

Paris, Jan. 27.—The German government has sent a note to Paris trying once more to induce the Allies to renounce the execution of Article 228 of the peace treaty dealing with the surrender of the persons accused of violating the laws and customs of war.

### ENGLISH EXCHANGE DROPPING

New York, N. Y., Jan. 28.—English exchange rates dropped to another low level today when demand bills on the pound sterling were quoted at \$3.53 1-4.

### TREATY COMPROMISE STILL SEEMS VERY FAR AWAY.

Washington, D. C., Jan. 28.—Before the senate leaders are ready to throw up the sponge and admit that further compromise negotiations on the treaty in the bipartisan conference are futile, they will make another effort tomorrow to overcome the stumbling blocks found in Article 10 and the Monroe Doctrine. While the whole parley is threatened with collapse, the conferees agreed to grant a breathing spell over today so they may take an inventory of their compromise stocks.

### U. S. WILL SEND RELIEF TO SUFFERING FOREIGNERS.

Washington, D. C., Jan. 27.—Congress will be asked by President Wilson to authorize a loan of \$150,000,000 to Austria, Poland and other European countries and to Armenia for food relief, as requested by Secretary Glass. Mr. Glass explained the needs of the European countries to the republican steering committee and discussed the general financial situation of this country today.

### ALL NEW YORK SALOONS CLOSE SATURDAY NIGHT.

New York, N. Y., Jan. 27.—New York's 3,000 saloons will go out of existence at midnight Saturday night with the expiration of the short-term certificates issued last October. There is no provision for further licensing except to drug-stores.

### PROMINENT TEXAN DEAD.

Dallas, Texas, Jan. 27.—J. B. Wilson, one of the wealthiest citizens of the state, died today, aged 68. He was a pioneer cattleman and was identified with banks, lumber interests and many concerns throughout the state.

### HITCHCOCK MEANS FIGHT.

Washington, D. C., Jan. 27.—Notice was served on the republican leaders of the senate today by Senator Hitchcock, administration spokesman, that unless compromise negotiations in the peace treaty were continued he would carry the fight to the senate floor by moving to take the treaty up there.

### THE NEWBERRY TRIAL.

Grand Rapids, Mich., Jan. 28.—The work of selecting a jury to sit in the trial of Senator Newberry and 123 associates, charged with violations of the election laws, was begun today with the arrival of a score of defendants and veniremen, whose absence yesterday, due to snowbound trains, halted the proceedings. The examinations of prospective jurors is generally expected to occupy the first week of the trial.

### STREETS NAMED FOR SOLDIERS.

Dallas, Texas, Jan. 27.—A resolution permitting the naming of new Dallas streets after Dallas soldiers who were killed or died in the service of their country is being considered by Mayor Frank Wozencraft and the city commissioners. Changing of the names of several streets in the city is also being considered and the names of soldiers who made the supreme sacrifice probably will be selected for these.

### ESTABLISH MINIMUM WAGE.

Austin, Texas, Jan. 27.—The Industrial Welfare Commission must set a minimum wage for women to apply alike to all sections of the state in each of the industries named under the law, and no exceptions or privileges may be granted a locality because of peculiar conditions, according to an opinion by the attorney general.

The commission has announced that this position will be followed.

The commission is now gathering data upon which to base the minimum wage, which will not be announced for some time.

### DEATH RATE INCREASE.

Chicago, Ill., Jan. 28.—Deaths from influenza and pneumonia in Chicago continued to increase today, but the health authorities, reporting a decrease in the number of new cases, expressed the belief that the epidemic was under control. Deaths from both diseases in the last 24 hours numbered 187, with 1,587 new cases.

### EXPRESS MESSENGER IN DESPARATE SITUATION

St. Louis, Mo., Jan. 28.—Hanging on the outside sill of a fast-moving express car while it was burning was the experience of M. C. Billingsley, of Toledo early today. Finding himself trapped when the explosion of a lamp set fire to a load of automobile parts, Billingsley, who was the messenger in charge of the car, broke open a window and crawled outside and held on till Edwardsville, Illinois, was reached.

### NATIONAL CONVENTION OF Y. W. C. ASSOCIATION.

Cleveland, O., Jan. 27.—Financial support and the membership basis for the association will be among the important questions considered by the national convention of the Young Women's Christian Association of the United States of America here the week of April 13 to 20. The convention was postponed from the spring of 1918 to comply with a government request that expense and travel be reduced to a minimum during the war.

The granting of charter membership privilege to the Chicago Y. W. C. A.; a recommendation that the interim between conventions be reduced from three years to two, and providing an increase in membership of the national board of the association will be discussed.

### PREPARING REPLY TO DUTCH GOVERNMENT'S REFUSAL.

Paris, Jan. 26.—The reply to the refusal of the Dutch government to comply with the demand of the Allies for the surrender of Former Emperor William was the first subject discussed today at the initial meeting of the Council of Ambassadors, created to carry on the unfinished routine work of the Supreme Council, which disbanded last week. It was decided that French legal experts should go into all the aspects of the case and prepare a reply, which probably will be submitted for approval next week.

### TREATY TO BE FOUGHT OUT ON SENATE FLOOR

Washington, D. C., Jan. 27.—With the failure of the bipartisan conference to effect a compromise, the peace treaty ratification fight will be resumed on the senate floor, probably today.

### SOUTHERN CATTLEMEN MEET.

Montgomery, Ala., Jan. 27.—Hundreds of stockmen from practically every Southern state and many Middle Western states attended the eighth annual convention of the Southern Cattlemen's Association, which convened here today.

### DEPREDACTIONS OF LIONS.

Raymondville, Texas, Jan. 28.—Mexican lions have killed at least five deer, one of them a ten-point buck, during the present season, according to hunters who report finding the dead animals.

One farmer in this section reports having lost twenty colts from his pasture from the same cause.

A member of a hunting party which brought in one of the deer killed, said the tracks of the animal which killed the deer measured about four and one-half inches in width.

Only one lion has been killed so far this season. It weighed 200 pounds.

A hunting party is being formed for the purpose of ridding the section of the Mexican lions.

### GERMANY SHIPS US POTASH.

Philadelphia, Pa., Jan. 28.—The first shipment of potash to reach this port direct from Germany in four years arrived today on the Norwegian steamship "Tungus" from Hamburg. The cargo consisted of 3,000 tons.

### TO MAKE ANOTHER APPEAL.

Washington, D. C., Jan. 28.—President Wilson today asked Secretary Glass to make another appeal to congress for authority to loan \$150,000,000 to Poland, Austria and Armenia to relieve their desperate food situation.

### DALLAS CHIEF OF POLICE FINED AND IMPRISONED

Dallas, Texas, Jan. 28.—Three days in the county jail and a hundred-dollar fine was the penalty entered against Chief of Police John W. Ryan of Dallas today by District Judge Pippen because the police chief was adjudged in contempt of court for failure to obey a summons in a habeas corpus case. Ryan was ordered to appear February 13 and show cause why the sentence should not be carried out.

### WOMAN'S PRIMARY LAW UPHELD BY SUPREME COURT

Austin, Texas, Jan. 28.—The Texas woman's primary suffrage act was upheld today when the supreme court refused to grant a writ of error in the case of T. D. Hamilton vs. Lee Davis, McLennan county tax collector. This action upheld the decision of the third court of civil appeals, which had declared the law constitutional.

### WANTS RESTRICTIONS RAISED ON MEXICAN LABORERS.

Corpus Christi, Texas, Jan. 27.—Fred Roberts, J. H. Barbee and W. Walton, all of Corpus Christi, were named by the South Texas Cotton Growers Association to act as a committee to appear at the congressional committee hearing on the Hudspeth-Sheppard joint resolution in Washington yesterday.

The resolution provides for the lifting of the present restriction on the immigration of Mexicans for a period of one year. In the past the greater part of the agricultural labor of South Texas has been done by Mexicans, and cotton planters fear serious crop shortage during the coming seasons unless provision is made for allowing Mexicans to cross into Texas during the cotton-chopping and cotton-picking seasons.

Roy Miller of Corpus Christi and J. V. Vandenberg of Victoria were to represent the Rural Land Owners association at the hearing in Washington, and various cities and organizations from along the entire Mexican border also planned to send representatives.

### WOUNDED MINISTER WORSE

Berlin, Jan. 28.—The condition of Mathias Erzberger, vice premier and minister of finance, who was shot Monday by a former cabinet officer, was somewhat worse today. An X-ray examination revealed the bullet firmly lodged in the shoulder blade.

### CAPTURED ILLICIT STILL.

Waco, Texas, Jan. 28.—The sheriff's department and the local police unearthed a whiskey still in Bosque Cedars, near here, last night, and seized a wagon load of paraphernalia. One man was arrested, but his companion escaped.

### NEGRO DIES MYSTERIOUSLY

Beaumont, Texas, Jan. 28.—With a painfully scrawled note in his pocket stating he felt he was about to die, Albert Andrie, negro, crawled into his home at night recently and died in convulsions. The sole explanation was the note, written on the back of a draft registration card, as follows: "here i am people ate some candy and some apples some one must have dopt it. took sick when i ate a bite or two and feel like i am goin' to die. tell my wife look for me and don't be freed."

### ADVANCE IN OIL PRICES.

Pittsburg, Pa., Jan. 28.—Pennsylvania crude oil advanced 25 cents per barrel today, making the new price \$5.25 per barrel.

### INFLUENZA IN DALLAS.

Dallas, Texas, Jan. 28.—Influenza cases reported for the first three days of this week in Dallas totaled 703, with five deaths. New cases reported numbered 210.

### SHIP'S CARGO AFIRE.

London, Jan. 28.—The American steamer "West Imboden," which left Galveston for Liverpool on December 31 with a cargo including 21,000 bales of cotton, reported by wireless that fire was discovered in her cargo yesterday. The ship's position was not given.

LEAP YEAR.

There was a time when the old laws of Scotland and France gave the women the right to make proposals of marriage during leap year. In Scotland a man refusing such an offer could be fined one pound. Thus feminism stirred early in the hearts of women.

The modern custom, giving men the exclusive privilege of making this proposal, seems to have risen from the old conception of woman as a weak or inferior creature. Women felt they could win men only through charm and elusiveness. If they sought after men, they seemed to cheapen themselves and become less desirable.

Today many women are physically as strong as men, and are mentally superior. The average woman is better educated. Many women are succeeding in business and the professions. It seems particularly inappropriate if a strong and achieving woman must act as if she were defenceless and inferior.

Women's intuitions are superior to men's. If they feel this attitude of reserve best suited to the interest of their sex, there is no doubt some reason for it. But some splendid girls, admirably fitted to become wives and mothers, take it too seriously. Fearful of offending the highest standards, they adopt an attitude of such great reserve as to cool the approach of suitors, whom they might win by a little more assertion of their feelings.

This is not the case at all with the average girl. She may seem helpless in the presence of the vacillating male, but she has ways of allurement and strategy known to her sex. By these she can bring an irresolute and inconsistent lover to declare himself in a manly way.

Nominally, he takes the initiative. Actually, it is hers. Every year may be leap year to a girl who knows her own mind. Some hunted bachelors know this truth quite too well for their comfort.

A Nacogdoches inventor is about to begin work on a muffler for phonographs.

When somebody brings gossip about a neighbor to you, bridle your tongue, for a dog that will fetch will carry.

When most everybody is against a man, that's the time he needs help, and when you ought to give it to him, if you want a stand-in with old St. Peter at the gate.

So far no sympathy is expressed for the folks whose property depreciates because they and a lot of others have sent so much money out of town to mail-order houses.

It is reported another woman jumped into a tank at Lufkin and tried to commit suicide. We note that quite a few people had rather die than live in Lufkin.

Experts who observed the relative work of men and women in munition factories during the war came to the unanimous conclusion that the women were more patient than the men.

It is a curious fact as shown by statistics that, although in the long run women live longer than men, a man of 25 has more chances of living to be 50 than a woman of the same age.

It may be that human nature never changes, but why is it that parents now laugh at the boyish mischief for which we used to get the seat of our trousers vigorously dusted?—Houston Post.

Farmers' organizations never have been able to hit the bull's eye, says Uncle William, because they have always tried to elect the President of the United States before learning how to agree on their district teacher.

The ideal man, such as one finds in the novels and in the minds of young, inexperienced women, never did exist in history and does not exist today. As to the ideal woman—well, they are all ideal.

This office gets a whole armful of mail each day, from all over the country, that goes right into the wastebasket unopened. All of it is from people and organizations who want free advertising for their pet schemes, out of which they are making or expect to make money. It is perfectly wonderful how many people there are who have the opinion that the world is full of suckers.

A TEXAS MOTHER'S EXPERIENCE

Houston, Texas.—"After the advent of one of my babies, my health became very poor. I was nervous and so weak I could not do anything, could not eat or sleep and was nothing short of a physical wreck when a friend advised me to try Dr. Pierce's Favorite Prescription. I took several bottles but it was well worth it for it completely restored me to good health. My advice to women who suffer is to give 'Favorite Prescription' a trial, it will surely help them."—Mrs. E. L. BROWN, 2414 Freeman St.

San Antonio, Texas.—"After a serious illness, when my strength seemed as though it would not come back to me, I decided to try Dr. Pierce's Favorite Prescription as a tonic. I had seen it advertised and recommended so highly that I felt I could not go far astray. This medicine did all that could be desired. It restored me to perfect health and strength in a comparatively short time and I am just as strong and well as can be. 'Favorite Prescription' is a splendid tonic and builder for women and it is a pleasure to me to recommend it."—Mrs. HETTIE McLANE, 308 Bowie St.

Houston, Texas.—"When I had become all run-down, weak and nervous and was feeling miserable all the time I took Dr. Pierce's Favorite Prescription. It was only necessary for me to take two bottles to build me up in health and strength. 'Favorite Prescription' is an excellent tonic for women."—Mrs. F. E. GORGE, 2615 N. Main.

NACOGDOCHES TRADITIONS.

In Memory of E. M. Brown.

Ezekiel M. Brown, died at San Angelo, Texas, January 15, 1920, and was buried there next day. He spent most of his early life in Nacogdoches county. He was born at the old family home near Martinsville in 1845. When not eighteen years old he joined the Confederate army, being a private in Cundiffs company. He was in many battles, and he was always at his post of duty, regardless of danger.

Doc Brown, as he was called, became a citizen of Center in Shelby county, after the war. Later he moved to the town of Nacogdoches and engaged in mercantile business. He received a flattering vote for sheriff, and was always popular and highly esteemed. He was a consistent member of the Methodist church. He moved to San Angelo from Nacogdoches and later to Coleman county and to Abilene. The last few months of his life were spent in San Antonio, Texas, where he and his wife sought to improve their failing health. At last his son, Dr. Ed Brown, came and took his parents to San Angelo, where his son James lives. His wife and children were at his bedside and ministered to his wants. He knew that he could not recover and he welcomed the end.

All his life Doc Brown loved the old town and people of Nacogdoches, and he came back every now and then—and always received a kindly welcome.

While in San Antonio his friends from East Texas showed him and his beloved wife every possible kindness—no better woman than Mrs. Brown can be found. She was a Miss Joe Holt. God help her and her sorrowing sons in their grief.

J. E. MAYFIELD.

Ezekiel Meriman Brown. The following notice of the death of E. M. Brown is taken from a San Angelo paper:

Ezekiel Meriman Brown, aged seventy two, father of J. E. Brown, book-keeper for March Brothers and a local stockman, died Thursday afternoon at three o'clock at 1121 Pecos street in Angelo Heights. He had been in failing health since sustaining an injury three years ago which weakened his heart.

Mr. Brown's home was in Abilene.

"I Believe I Could Not Have Lived If I Had Not Taken Rich-Tone."

—Says N. P. Stevens.

"This truly wonderful tonic has done me more good than all the doctors' treatments and I have been under the care of several eminent physicians. I am truly grateful for the benefit I have received from taking Rich-Tone and recommend it to all people who are physically weak and run down."

where for about five years he had engaged in the commission business, handling cotton and grain, after retiring as salesman for the Conklin Glove Manufacturing Company. Last summer he went to San Antonio in hopes of regaining his health and two months ago he came to San Angelo, accompanied by Mrs. Brown.

The widow and three sons survive, Those besides J. E. Brown are Dr. William E. Brown of Mullin and Rev. Robert F. Brown of Waco. Both were here when their father died.

Burial was to take place Friday afternoon in Fairmount cemetery, following services at the home of J. E. Brown at 3:30 o'clock, conducted by Dr. H. E. Draper, pastor of the First Methodist church. Confederate veterans, members of Schuyler Sutton camp were to act as pallbearers.

Mr. Brown was himself a veteran of the Civil war, having served one year under the Stars and Bars. He was born in Georgia and immigrated to Texas with his parents when a small boy. The family settled in Shelby county and later moved to Nacogdoches.

In 1887, Mr. Brown moved to San Angelo and entered the dry goods business. For two years he had a pharmacy on the corner of what is now Chadbourne street and Beauregard avenue, where the Lone Star Drug Company is now situated. Thus, Mr. Brown was a former local citizen. After leaving San Angelo, he lived for several years at Coleman.

The deceased was the father of four sons but one of them preceded him to the grave.

Fifty-three years ago, January 1, 1868, was a long time ago. That morning when Fritz Hoya and I crawled out of the back room of his store where he and I had slept together, we were surprised to learn that the female college had been totally destroyed by fire. The origin of the fire was supposed to have been due to the carelessness of some card-players who were gambling there and had left a fence rail fire burning. The building was but a few years old and had cost the good people \$6,000.00. It was a spacious two-story framed structure, painted white, and stood at the southwest edge of the famous prehistoric big mound about where Tom Summers now lives. It was very conspicuous, the pride of the town. It was designed especially for a girls' high school, an addition to the brick college of the Nacogdoches University, it was occasionally used for other public use. On one occasion the Masonic fraternity held their annual public installation ceremonies there, and big picnics or barbecue dinner was served as a part of the festivities, followed by a grand ball or cotillion party, old time style dancing of that peculiar but now obsolete style, was a most popular custom of the day, and Nacogdoches was famous for the diversions. The Catholic Church and the Episcopal church were the only church organizations, and there was then no other church membership in the town, and no prejudice against dancing.

One of the school teachers was the well known and most worthy Mrs. W. C. Huntington, formerly of Melrose, but later an honored resident of Center, where her only son now lives.

The old time school days of Nacogdoches produced numerous interesting episodes. One of these events was the suspension or rather the interruption of the schools by the Confederate states war. All the boys who were old enough, sixteen or eighteen years of age joined the army, and the teachers did likewise. The principal of the Nacogdoches University in 1861 was the accomplished W. L. Alexander of Chapel Hill, N. C. He soon became captain of Raguet's Co. "H" in Reiley's 4th Texas Cavalry, and he was highly esteemed by his men. He died after the war at Quitman, Texas. Marion Rainbolt was first lieutenant on this company. It was later known as Tom Green's Cavalry and Harde-man's Brigade. These events now are in the dim past, and their surviving witnesses are few.

The proverb that history repeats itself was verified at the time the United States entered the late European war. The war of Secession brought great excitement at first, and great distress was added. The aching hearts and the sufferings and sorrows here were far in excess of the recent war. Fatalities and destruction was far more numerous here then. And the state of public sentiment was hot. There was talk and danger of the negroes "rising" and burning the town. Spies and enemies of different shades were sneaking about in many localities. The citizens were alarmed and they organized guards for protection, who patrolled the town both day and night. Mobs and lynchings occurred. Drilling was the general practice, law and order were out of fashion. Business ceased, weeds and grass grew across the public streets and walks became

mere paths. The town was deserted and became as dull as a cemetery. When the war ended and the men came home and got busy the reconstruction and resumption was rapid.

Liquid and Tablet Form

THERE'S only one kind of service here, and that is the sort we'd look for if we stood in your shoes. We serve as promptly as we would ask to be served. We give the sort of advice we would value as to battery care. We make repairs as carefully as we would ask to have them made.

### ARMY LAUNCHES GREAT RECRUITING CAMPAIGN.

The United States has started a great campaign for the purpose of replenishing her army. This campaign will begin March 1. The party of officers who arrived from Dallas under the charge of Lieutenant Harrant is expected to secure 85 recruits for Uncle Sam's new democratic army.

Speaking of the new movement, Lieutenant Harrant said: "This great nation of the United States no longer regards the army as a place for men who do not care to labor, or men who are a place where every man should be between the ages of 18 and 21 years for the purpose of experience, travel, and education which will be of extremely great benefit in future life. Service is open for all men from 18 to 40, line organizations, and 18 to 55, staff corps."

Lieutenant Harrant said that there were so many educational features connected with Uncle Sam's new democratic army that it was getting the name of "The new University of Khaki." He said that his office over Swift Bros. & Smith was open to all.

### He Feels Like A New Man.

Rheumatic pains, backache, pains in sides, sore muscles, stiff joints or an "always tired" feeling are usually symptoms of disordered kidneys. W. W. Wells, Toquim, Mich., writes: "I get tired. But after taking Foley Kidney Pills I feel like a new man." Prompt in action. For sale by Haselwood & Co.

### SENSATION PROMISED.

Washington, D. C., Jan. 26.—Developments of a sensational nature are promised by the members of the senate foreign relations subcommittee when investigation of Bolshevik propaganda is resumed today. Ludwig Martens, self-styled Russian Soviet ambassador to the United States, was the first witness. Members of his embassy staff will follow. There is particular interest in Martens' testimony because of his statement that he would testify to facts involving Department of Justice agents in radical activities.

Washington, D. C., Jan. 26.—Russian Soviet organizations have become "strong enough the fight the world," Ludwig Martens, soviet agent to the United States, told the senate investigating committee today. Because of this, he said, the Soviets have ceased to urge international revolution to support them. The Russian Soviet, Martens said, have between \$450,000,000 and \$500,000,000 in the public treasury which they desire to spend purchasing necessities.

### Not Well—Not Sick.

When the kidneys fail to cleanse the blood of impurities the whole system is affected. The result may be a half-sick condition—not well enough to work, not sick enough for bed—rheumatic pains, backache, lameness. Foley Kidney Pills heal and strengthen disordered kidneys and help them do their work. For sale by Stripling, Haselwood & Co.

### "DAMMIT," HE'S DEAD

Abilene, Texas, Jan. 26.—Six hundred students and the entire faculty of Simmons College here attended the funeral yesterday of "Dammit," a white bulldog which for four years has been the college mascot. The funeral arrangements were on a large scale. "Dammit" was buried in a casket on the college campus. Over the grave was placed a marble headstone bearing the inscription, "Dammit, He's Dead."

### You Can't Feel the Mothers.

No one remedy would stand as a lead for so many years as has Foley's Honey and Tar if it could not be depended upon to relieve coughs, colds and croup. It heals and soothes, eases hoarseness, stops that coughing that strains the whole body, and breaks contains no opiates. For sale by Stripling, Haselwood & Co.

### RECRUITING OFFICERS HERE

A recruiting party from Dallas from the Second division U. S. regulars has arrived in Nacogdoches for the purpose of recruiting. The party consists of Lieutenant Harrant, Corporal Joseph Dragovich, Private John Donegan, Mathis Sell, Joseph Cain.

Lieutenant Harrant said when interviewed that Nacogdoches would be the base station of the party, and that all work attached to the recruiting from this section will be handled from Nacogdoches. The party under the command of Corporal Dragovich will visit Lufkin, Homer, Pennington, Center, Bronson, Centralia, Cushing, Chireno, San Augustine, Groveton, Joserand, Crockett, Appleby, Timpson and Tenaha.

The party will operate in seven counties in this section.

### Foley's Honey and Tar Compound

IT IS JUST WHAT CHILDREN ought to have for feverish colds, coughs, "snuffles," and that tight, wheezing breathing. It stops croup, too. It eases and checks whooping-cough, measles cough and bronchial coughs.

Every User a Friend  
"My little girl had been having the croup every few nights, so I began giving her a few drops of Foley's Honey and Tar every two or three hours. That night she slept well, never coughed any, and next day her cold was gone."  
—Mrs. R. M. Ranley, Stanford, Ky.

Foley's Honey and Tar has been used for more than thirty years in thousands of homes for relief from coughs, colds, spasmodic croup, tickling throat, hoarseness, whooping cough, bronchial coughs and the coughs that follow influenza or the grippe.

Stripling, Haselwood & Co.

The Nacogdoches basket-ball team clashed with the Trinitytes Thursday and inflicted a miserable defeat upon them, the score going 20 to 14 in favor of Nacogdoches. The Trinity boys played a good, nice game and they carried away the admiration of all present as being splendid fellows, but they simply could not play the home team successfully. Trinity was represented by Cates and Cy Muckleroy, King, Hutson, and Murphey. Nacogdoches was represented by the old trustworthy Sullivans, Sherill and Herman, the boys who have made such splendid records for themselves in football, and whom Lufkin knows only too well. The other players were Hagan, Reid, and Shofner.

All of the players made good names for themselves, and Nacogdoches feels proud of them. The game leaves Nacogdoches the champion of all East Texas if she can beat Center—and, of course, that's granted. But the days of Thanksgiving will return!

### Chamberlain's Cough Remedy.

Before using this preparation for a cough or cold you may wish to know what it has done for others. Mrs. O. Cook, Macon, Ill., writes, "I have found it gives the quickest relief of any cold remedy I have ever used." Mrs. James A. Knott, Chillicothe, Mo., says "Chamberlain's Cough Remedy cannot be beat for coughs and colds." H. J. Moore, Oval, Pa., says "I have used Chamberlain's Cough Remedy on several occasions when I was suffering with a settled cold upon the chest and it has always brought about a cure." Sold by Stripling, Haselwood & Co.

### NO REPORT RECEIVED FROM CAPTURED AMERICANS

Washington, D. C., Jan. 26.—No report regarding the capture by the Bolsheviks of a group of American railway engineers and a party of American Red Cross workers in Siberia, reported in press dispatches from Chita, Siberia, have been received by the State Department or the Red Cross National headquarters.

### Cured at a Cost of 25 Cents.

"Eight years ago when we first moved to Mattoon, I was a great sufferer from indigestion and constipation," writes Mrs. Robert Allison, Mattoon, Ill. "I had frequent headaches and dizzy spells, and there was feeling like a heavy weight pressing on my stomach and chest all of the time. I felt miserable. Every morsel of food distressed me. I could not rest at night and felt tired and worn out all of the time. One bottle of Chamberlain's Tablets cured me and I have felt like a different person since." Sold by Stripling, Haselwood & Co.

### RANGERS TO OIL FIELDS.

Wichita Falls, Texas, Jan. 24.—Twenty-five Texas rangers left here at noon for the oil fields. Sam Sparks the Texas claimant to part of the territory involved in the Texas-Oklahoma boundary dispute, said the rangers would take possession of the disputed property. He said he anticipated no resistance from the Oklahoma officers.

### Chamberlain's Tablets.

When you are troubled with indigestion or constipation, take Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. Indigestion is usually accompanied by constipation and is aggravated by it. Chamberlain's Tablets cause a gentle movement of the bowels, relieving the constipated condition. Sold by Stripling, Haselwood & Co.

### Seattle, Wash., Jan. 24.—Three distinct earthquake shocks were felt here last night. So far no material damage has been reported. Shocks were felt at Bellingham and at Anacortes, where the windows in a number of houses were broken and brick walls cracked.

### CHAMBER OF COMMERCE GETS PERMANENT SECRETARY.

The Nacogdoches Chamber of Commerce had a meeting of its directors Friday morning who appointed Mr. H. L. McNight as permanent secretary for the organization. Mr. McNight was present, and accepted the position with characteristic grace, expressing delight at having the opportunity of being associated with an organization that would mean so much to Nacogdoches county.

At the meeting some very important things were discussed and some far-reaching plans were made, which will be given to the public from time to time as they are formulated in detail.

In accepting the position of secretary, manager of the chamber of commerce, Mr. McNight said: "I am glad to associate myself with the good people of Nacogdoches county and to contribute what I may to the upbuilding of both town and country. I have nowhere found a finer group of energetic, hustling young business men than those composing the board of directors of the Nacogdoches Chamber of Commerce. These men have the two chief requisites for success in an undertaking of this kind—vision and faith—vision that sees better things ahead and faith that the people of Nacogdoches will not stop short of actual achievement of those better things."

Mr. McNight's family will not come to Nacogdoches at this time, but will follow later, probably about June 15th.

### Quick Cure for Croup.

Watch the first sign, hoarseness and give Chamberlain's Cough Remedy at once. It is prompt and effective. Sold by Stripling, Haselwood & Co.

### TRY TO BREAK INTO MARINES' MODEL JAIL

Port au Prince, Haiti, Jan. 24.—Officers of the United States Marine Corps who have charge of the penitentiary here have had to issue special orders to keep the natives from breaking into their model jail.

Recently a check roll of prisoners showed an excess of five over the number regularly committed there by law. Investigation showed that the five had sneaked in with a returning gang, lured by the prospect of three good meals a day and a clean comfortable cell in which to sleep.

"Now every party of prisoners working outside the walls is carefully counted before it is admitted to the 'pen' in order to eliminate 'ringers.'"

### TEXAS REVENUE RECEIPTS.

Austin, Texas, Jan. 22.—The total receipts from all Internal Revenue taxes collected by the collector of Internal Revenue for the District of Texas during the year 1919 amounted to \$31,754,909.85. Of this amount \$62,327,489.06 was received from the income tax; miscellaneous taxes brought in \$19,449,947.10; and \$657,473.73 was derived from the various stamp taxes.

The collection by months was as follows: In January \$3,150,347.31; in February \$1,493,560.85; in March \$2,094,685.36; in April \$2,775,515.93; in May \$1,634,198.66; in June \$13,789,267.94; in July \$2,297,412.82; in August \$4,383,203.66; in September \$12,412,323.55; in October \$2,983,625.13; in November \$2,607,755.92; and in December \$12,233,012.76.

Dallas, Texas, Jan. 24.—At least two men lost their lives early today in a fire which destroyed the Main hotel, in the downtown district here, and two are in hospitals suffering from injuries received in leaping from windows. Firemen are searching the ruins for possible additional bodies. The dead are F. L. Chastain, night watchman for the American Express Company, and C. L. Cowan, a Western Union lineman.

Vancouver, B. C., Jan. 24.—A severe earthquake shock was felt here shortly after 7 o'clock last night. People rushed in alarm from many buildings, but no damage other than interrupted telephone service is reported.

### A NASTY COLD EASED AT ONCE

"Pape's Cold Compound" then breaks up a cold in a few hours

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery. The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

### ATTORNEY GENERAL WANTS HARSH SEDITION LAW.

Washington, D. C., Jan. 22.—In a letter to Chairman Campbell of the house rules committee disapproving both the Sterling and the Graham sedition bills, Attorney General Palmer proposed a new measure providing a maximum fine of \$10,000 and imprisonment of not more than twenty years for persons convicted of attempting to overthrow the government or of acts of violence against the government or its agents.

Washington, D. C., Jan. 24.—Secretary Daniels today took issue with William Jennings Bryan, who has stated in public addresses that Chairman Cummins of the Democratic National Committee should either disassociate himself from Governor Edwards of New Jersey, who was elected on a "wet" platform, or resign from the national committee chairmanship. The secretary said he does not agree with the Governor on the prohibition question, but has found 90 percent of the platform to be excellent and agreeing thoroughly with the best principles of democratic statesmen of the past and present. Governor Edwards' friends have started a presidential nomination campaign for him.

### OIL LAND MUDDLE.

Oklahoma, Jan. 22.—Oklahoma will abide by the decision of the federal courts as to the rightful owners of the oil wells in the Red River Valley involved in the Texas-Oklahoma boundary dispute, John H. Mounts, receiver for the Oklahoma claimants said today. "If the courts hold against us we will quit the properties without complaint," he said. He added, however, that the Oklahoma claimants were in rightful possession of the property and would remain so until the courts rendered a decision.

### WORLD'S DEBT INCREASED \$160,000,000 SINCE 1914.

New York, N. Y., Jan. 26.—The world's debt was estimated by the National City Bank at \$200,000,000,000, compared with \$40,000,000,000 in 1914. Paper currency throughout the world has increased 600 percent since 1914, while the gold reserve behind it has increased only 40 percent.

### YOUTHFUL STUDENTS IN THE TEXAS UNIVERSITY.

Austin, Texas, Jan. 26.—The average age of students in the University of Texas is higher this year than it has been for the past two years, as the war took practically all the older students, but even at that there are a few quite youthful freshmen in school. The youngest student probably is Shata Lurie, daughter of Rabbi B. Lurie of Houston. She was born February 3, 1905 and graduated from the Houston high school in May, 1919. Miss Lurie entered the summer school last year when she was only fourteen. If she keeps up her record Miss Lurie should graduate at eighteen.

The next youngest student in the university is Dan Fernandez, son of J. A. Fernandez, Associated Press correspondent in Austin. Dan Fernandez was born February 13, 1904 and was graduated from the Austin high school in May, 1919. He is registered in the engineering department.

There are several students of sixty years or more in the university at the present time.

### HOG STEALING LEADS TO RIOT IN ARKANSAS.

Dumas, Ark., Jan. 22.—Led by Gov. Brough, 125 regular army soldiers from Camp Pike arrived here early today on a special train and will start a search for the negroes who yesterday attacked local officers and took from them Doc Haynes, a negro arrested for stealing hogs. The negroes are at a settlement twelve miles east. The troops will march because the roads are impassable. The negroes of that section are said to outnumber the whites thirty to one.

### HIGH COURT REVERSES SENTENCE ON HARDY.

Austin, Texas, Jan. 22.—The verdict which sentenced Jackson Hardy of Montgomery county to life imprisonment for murder was reversed by the court of criminal appeals Wednesday.

Hardy killed Monroe McPherson and a man named Gentry in 1904, according to the statement of facts. He escaped from jail before the trial, which was delayed until the spring of 1919. The case was reversed because of the admission of testimony to prove that the defendant had said: "I killed two men, and 12 men will try me; and if they convict me and don't watch out I will get some of them."

In the opinion setting out that this testimony prejudiced the jury against the defendant the following quotation was used:

"Mankind is unco-weak and little to be trusted. Should see the wavering balance shake, 'tis rarely right adjusted." Jackson Hardy, named above, was at one time a resident of Nacogdoches county, his home being at Attoyac. He received a life sentence for the crime with which he was charged.

### Money Cannot Buy Any Better.

E. D. Grappe, a leading merchant of St. Maurice, La., writes: "For a cathartic I especially recommend Foley Cathartic Tablets, knowing as I do that money cannot buy any better." They act promptly, without pain or nausea. They clear the bowels, sweeten the stomach and tone up the liver. No habit forming. For sale by Stripling, Haselwood & Co.

### "A column twenty men abreast, marching sixty days—sixty long days and sixty nights—that would be the parade of the dead who fell in the Great War on the side of the Allies."

—The Etude.

### S. O. S.

If Constipated, Bilious or Headachy, take "Cascarets"

Sick headache, biliousness, coated tongue, or sour, gassy stomach—always trace this to torpid liver; delayed, fermenting food in the bowels. Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep.

### PAY YOUR AUTO TAX.

Austin, Texas, Jan. 23.—Despite the fact that officers, as a rule, allow owners a short time at the beginning of a new year to secure the current license for their automobiles, it is a violation of the law to operate a car without the 1920 license now, and owners should comply with the law as soon as possible, said highway officials.

The annual license fee is \$7.50 and up, according to horsepower of the machine.

Reports from over the state show that many motor vehicles have not been registered so far this year.

### Cut This Out—It Is Worth Money.

DON'T MISS THIS. Cut out this slip, enclose with 5c to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup, Foley's Kidney Tablets and Foley Cathartic Tablets. For sale by Stripling, Haselwood & Co.

### TEACHERS' EXAMINATION.

There will be an examination of teachers for first and second grade certificates on Friday and Saturday, February 6 and 7th County Superintendent of Schools G. B. Layton announces.

### Coughed Night and Day.

John Vonque, Elberton, Ga., writes: "I coughed night and day and my throat was raw and sore. I got a bottle of Foley's Honey and Tar and my condition began to improve and in a few days I was as well as ever. In my opinion, Foley's is the best cough medicine made." Best for colds, croup whooping cough. Children like it. For sale by Stripling, Haselwood & Co.

## BEYOND THE CLOUDS THE STARS SHINE.

In browsing around this infant year there are a few things we all ought to bear in mind, and among them is the fact that a lot of our troubles and worries are but the clouds which float across the bright and blue skies of our lives for a brief moment and obscure the sunlight, the moonlight and even the starlight.

But, also like the passing clouds, they do not remain long, but soon pass on, and then we see that we worried and fretted unnecessarily.

Go out most any storm-threatening night and you can get an object lesson along these lines that may be worth while. Clouds will be scudding across the darkened sky and the wind will be blowing chill from the north. Maybe not a star is in sight, and the whole world looks gloomy and forbidding.

But, just as like as not, the breeze may suddenly shift and first the clouds know the clouds are chasing one another to see which can get out of sight first. And way off from somewhere out of seeming nothing will pop a bright and shining star, and wink at you as much as to say you should not believe all that you see, or don't see, any more than you believe all that you hear.

Maybe you will say, mentally, "you are up nearer to God than I am—what is your message of hope?" And then it will wink and blink some more, and pretty soon another one will pop out of nowhere, and then another and another, until there are fifty, and then a hundred, and then tens of millions. And then a dark cloud will scud away from in front of a reddish moon and hurry away as if it had been sent for and had only a minute to get there.

That is just the way with most of us. It is the clouds around us which affect us, and because of them we often lose sight of the great facts and the great truths.

Of course, the stars had been there all the time, shining serenely through centuries, as they will continue to shine through aeons to come. It was only a little wisp of fog and mist, a very little one, comparatively, which blotted them from view, and it soon wafted away to other parts of the world to befog some other people's view.

So also must it be with our griefs and our troubles; so with our inclination to pessimism; so with our lack of faith in the wisdom of Almighty God and in the better elements within ourselves and our fellowmen—all but wisps of fog and mist which shortly scud away before the breeze of truth.

And so was it with the awful war which bathed our world in blood—out of it now is coming peace and a better understanding.

It is always so. Look out and up to the stars, and take courage, and kindle hope and love anew.

If America will not take a leading part in the League, her assistance in restoring peace to the world will be at an end. She will then leave Europe to stew in her own juice. The League having its inspiration chiefly in the United States and being based on the faith that America would do her part will be deprived of its driving power. There will be nothing else but to return to the old alliances. If America rejects the Peace Treaty the world will fall back on its own resources with a justifiable feeling of resentment and disappointment, if not despair.—London Review of Reviews.

The ascent of Vesuvius sounds formidable but actually it is ridiculously easy. You take the train to the foot of the mountain, change to a rack railway train and climb to the Hermitage Hotel well up on the mountain side, change again to a cable car which pulls you up to the summit cone, where five minutes' easy walk will bring you to the lip of the crater, where you look down into the billowy smoke and clouds of steam.—The London Observer.

The Carolina Oil Co. at Oil Springs had to suspend operations on its Williams No. 18 last week on account of rainy weather. Drilling operations were commenced again, however, this week. In the meantime oil men continue to saw wood, or rather lease land and say nothing. Coming events cast their shadows before the dawn. Nacogdoches may be the second Burk-burnett. Who knows?

There are no street cars, automobiles or any other vehicles in Venice—not a hoof or a wheel to be seen from one end of the city to the other. This restriction of transport methods has prevented Venice from changing with the centuries.

## PROVISIONS OF THE NATIONAL PROHIBITION LAW.

Washington, D. C., Jan. 22.—Constitutional prohibition, which became effective at midnight Friday night, and the enforcement legislation enacted by congress, make the following provisions:

Declare unlawful the manufacture or sale of any beverage containing one-half of one percent or more alcohol.

Declare places where liquor is sold in violation of law to be common nuisances, abatable as such.

Search and seizure powers given prohibition enforcement officers, except for the search of private dwellings unless used for the unlawful sale of intoxicants or in part as places of business.

Liquor seized to be destroyed, vehicles and other property to be sold and proceeds paid into United States treasury.

Advertising of liquor by any method prohibited.

Manufacture at home for personal use of non-intoxicating ciders and fruit juices. While "non-intoxicating" is not defined specifically, the term "intoxicating" is construed by law to mean one-half of one percent or more of alcohol.

Permit manufacture of alcoholic liquors for sacramental and medicinal uses, under restrictions.

Permit manufacture of alcohol for industrial and scientific uses.

Permit possession of liquor in home if purchased before prohibition became effective.

Physicians prohibited from prescribing alcoholic liquor for patient unless in good faith they believe it will afford relief for ailment. Not more than one pint can be prescribed in any month for one person.

Complete records of sales, including names of persons obtaining liquors, required of manufacturers and druggists.

Various penalties for violation fixed, the most severe being \$2,000 fine and two years imprisonment.

## EXPORTATION OF COINS FROM MEXICO PROHIBITED

El Paso, Texas, Jan. 22.—Warning printed in English calling attention to a Mexican law which prohibits exportation of Mexican metal coins of any kind and of gold money, regardless of what country's mintage, have been posted prominently in Juarez, the Mexican town opposite El Paso.

The notices, issued by direction of J. Felipe Valle, collector of customs at Juarez, are intended especially to protect uninformed Americans from confiscation of their money, it is said. The warning, posted on buildings, fences, and the international bridges, reads:

"Notice: To whom this may concern: Remember that it is prohibited to export from this country into the United States all kinds of metal coins of Mexico, of whatever class. Likewise all gold coins of this or any foreign country. Therefore, any of the above mentioned coins will be confiscated, without recourse, from any person who shall try to export some into the United States. Collector of Customs, J. Felipe Valle."

## WAR RISK INSURANCE LAW AMENDED.

Converted policies under the act of the present congress amending the War Risk Insurance Law may be paid in a lump sum or in installments, at the option of the insured. Payments under the former policies will be in installments only. Those who continue their insurance and get the new converted policies will have this advantage.

Disability compensation to soldiers disabled in the late war has been greatly increased. If a disabled soldier is receiving only the amount named in the former law, he is entitled to more. If he will write to John C. Box, Washington, D. C., giving full, plain information as to his postoffice address, service, disability, present compensation, whether he is married and how many children, if any, he has, the business will be given prompt attention.

## LOW RECORD IN EXCHANGE.

New York, N. Y., Jan. 27.—Sterling exchange reached another low mark at today's opening of the market, when it dropped to 357 1/4 or 1 1/4 cent under the previous low record.

## NEW SURGEON GENERAL.

Washington, D. C., Jan. 27.—Dr. Hugh S. Cummins of Hampton, Va., is understood to have been elected to succeed Dr. Rupert Blue as surgeon general of the public health service. Dr. Blue's term expired January 15.

## CORNERING DISHONEST LANDLORDS

Austin, Texas, Jan. 23.—Profiteer landlords will be held to the straight and narrow path in paying their income taxes this spring. For the tenants are doing the driving and holding the whip.

Revenge is sweet to the tenant who has had to dig deep into his earnings to pay a high rental in 1919. Gathering his family around him, he takes his scratchy family pen in hand, searches the ink-bottle for that last drop of ink, and with a master-stroke informs the commissioner of internal revenue that he, Bill Brown, of the Hallroom Apartments, paid to John Smith, 13 Profiteer Avenue, Anywhere, U. S. A., \$1200 for his three-room flat during the year 1919.

By gathering these reports from all the Bill Browns who are running themselves ragged to pay their rent, the internal revenue bureau will have the information needed to see that the Profiteer Smiths pay proper tax or face prosecution.

The information returns now due covering payments of salaries, wages, rent, interest, and other income serve as useful data for running down tax-dodgers and for checking up millions of returns to see that proper tax is paid.

Large business houses have been faithfully making these information reports for several years and have co-operated wholeheartedly with the government's checking system. The same obligation rests on smaller businesses, and on professional men; also on persons and organizations who employ secretaries, chauffeurs, servants, or persons in any capacity.

The revenue law requires the filing of these information returns in each case where the total of payments during 1919 to any person, partnerships or fiduciary was \$1000 or more. Forms 1099 and 1096, on which the returns must be made, are now available at the offices of collectors of internal revenue.

## FOUR BILLION DOLLAR BALANCE OF TRADE

Washington, D. C., Jan. 28.—The excess of American exports over imports in 1919 amounted to \$4,017,000,000, a new record, according to a statement issued today by the Bureau of Foreign and Domestic Commerce, Department of Commerce. Exports in 1919 totaled \$7,922,000,000, as compared with \$6,149,000,000, while imports were valued at \$3,904,000,000 against \$3,031,000,000 in 1918.

December exports amounted to \$681,000,000, a falling off from the \$741,000,000 recorded for November. Imports also fell off for December, the total being \$381,000,000, as compared with \$425,000,000 for November. Both exports and imports were higher than in December a year ago.

The imports of gold in 1919 amounted to \$77,000,000, compared with \$62,000,000 in 1918 and \$552,000,000 in 1917. Exports of gold in 1919 jumped to \$368,000,000 from \$41,000,000 in 1918. In 1917 they amounted to \$372,000,000.

No marked change is noted in the imports or exports of silver, receipts amounting to \$89,000,000 and shipments to \$239,000,000 in 1918.

## TEXAS WINTER WHEAT.

Houston, Texas, Jan. 27.—Texas winter wheat acreage planted this fall is estimated to be 1,077,000 acres which is but approximately 55 percent of the planted acreage of 1918," according to E. M. Johnson, field agent for Texas.

"This marked reduction has been caused almost wholly by the excessive fall rains which prevented seeding, although labor scarcity has been a factor.

"The greatest acreage reduction has been in the black land belt of the north and central part of Texas, where but twenty-five percent of last year's acreage has been planted."

## OFFICIALS RESTRAINED FROM ENFORCING POOL HALL LAW

Austin, Texas, Jan. 27.—The stay order issued by the United States Supreme Court, which restrains Texas officials from enforcing the anti-pool hall law and which was scheduled to expire yesterday, is still effective according to a telegram from Attorney General Curreton, who argued against the order before the supreme court yesterday. Mr. Curreton said the matter was taken under advisement by the court and the stay order perpetuated until a decision was handed down.

Three hundred wooden ships of the United States, built to combat the submarine campaigns, are to be sold to foreign countries. The ships are 3,500 tons each. The United States Shipping Board expects to realize about \$40,000,000 by the sale.

## MARINES' ANT-BEAR PINES IN THE ZOO

Cincinnati, O., Jan. 27.—"Jimmy," the Mexican ant-bear, which served throughout the World War as mascot of the Marine Brigade in France, and was wounded in action, may soon be lost to the Cincinnati zoo. Marines who served in France, and who will form the nucleus of a new expeditionary force to be stationed at Quantico, Va., want to get "Jimmy" back again.

Like all seafaring men they are superstitious, and fear that they will have bad luck in any future ventures if they allow their mascot to remain in a zoo.

Jimmy was picked up by the Marines in Vera Cruz in 1914. He did a tour of duty aboard a battleship, and then went to France with the Marine Brigade. He was the first ant-bear the French had ever seen, and he amused the adults but scared the children half to death. He has a long flexible nose, ideal for the exploration of half empty jam cans.

## SOUVENIRS OF THREE WARS.

Austin, Texas, Jan. 23.—Cannon of three wars, participated in by three generations of Texans, now rest on the capitol grounds at Austin, the latest addition to the collection being a German field piece captured in the Argonne forest. The piece has been located at the foot of the walk to the southern entrance of the building.

On either side of this walk reposes brass cannon used by Texas artillery men during the Civil War. Wood-work of their carriage has rotted and been repaired. Occupying positions of honor near the main entrance of the capitol are two rough tubes of cast iron. Short and with big bores like the trench mortars of today, these are all that remain of the artillery of the Texas Revolution.

## WOULDN'T PAY FOR DIVORCE

Dallas, Texas, Jan. 22.—Because he refused to pay the costs of his sweetheart's divorce, Will Griffith, a negro, was shot and killed by Maude Adams, a negress. According to officers who arrested Maude, she had been separated from her husband for some time and had sued him for a divorce. Griffith, she told the officers, had agreed to pay the costs and was planning to marry her after she gained her freedom. Later Griffith said he did not intend to pay for the divorce and the shooting followed.

## INVESTIGATION MEXICAN SITUATION CONTINUES

San Antonio, Texas, Jan. 22.—"The Plan of San Diego," which had for its purpose the recovery of certain American territory by Mexico, was in the forefront today when the senate subcommittee here investigating the Mexican situation resumed its hearings.

Senator Fall, who had been at El Paso in connection with the transfer of the hearings to that city, was again the presiding officer.

## Something to Crow About.

"Father," said the boy, during a lull in the evening argument about the cost of things, "father, what is a perch?"

"A perch is what chickens perch on."

"Then, I suppose, dad, a chicken could roost on a perch?" came the further inquiry.

"Of course," was the smiling reply. "And they could perch on a roost?"

"Why, y-yes," answered dad.

"But chickens perch on a roost, that would make the roost a perch, wouldn't it? But if, just after some chickens had perched on a roost and made it a perch, some more chickens came along and roosted on the perch and made it a roost, then the roost be a roost, and some of the chickens be a roost, and some of the chickens would be perchers and the others would be roosters, and—"Tit-Bits.

## REPLACING AX HANDLES.

In my work I have many ax handles to put in, mainly because it is not generally known how to get the broken part out of the eye of the ax. I have now found a method which has helped me a great deal. Drive the ax in the ground up to the eye; build a fire over it, and in a little while the broken handle can be pushed out with a stick. Now brush the fire away and again drive the ax into the cool ground, where it cools gradually without drawing the temper.

## PRIVATE STILL OF MARINES ENLISTS TO HUNT STILLS

San Francisco, Calif., Jan. 23.—John A. Still has re-enlisted in the United States Marine Corps to go on a still hunt for stills.

When Still concluded his enlistment he was in the Island of Guam in the Pacific serving on the Insular Patrol, whose chief duty is to prevent the operation of illicit stills by the natives. Still told the recruiting sergeant how the natives distilled "tuba," the juice of coconut palm blossoms, into fiery "aguardiente."

Still wants to return to the still hunt for stills in Guam. He likes the climate, the "chow" and the job, and so he will be a passenger on the next steamer for the Far East.

## MUCH SUGAR AND WHEAT SOON BE AVAILABLE

Washington, D. C., Jan. 22.—Four hundred million pounds of sugar, 20,000,000 bushels of wheat and large quantities of other materials stored in the Ukraine will be available for the markets of the world when the general blockade of Russia is lifted, according to an announcement made here today by the Ukrainian mission in America.

## NEWBERRY AND 123 FRIENDS ON TRIAL FOR FRAUD

Grand Rapids, Mich., Jan. 27.—United States Senator Truman H. Newberry and 123 men prominent in Michigan politics went to trial in the federal district court here today charged with conspiracy, fraud and corruption in the 1918 senatorial election. The importance of the issue involved, the prominence of the defendants and the imposing array of legal talent presages one of the most notable cases in the legal annals of the state.

## WHY NOT THIS HATCHERY IN NACOGDOCHES COUNTY?

Austin, Texas, Jan. 27.—The state board of health has been notified by the United States Public Health Service that the service will, if the state board desires, send a fish culturist to Texas to aid in the campaign against mosquitoes, using fish as a control agency in this campaign. This is needed in the campaign, in the opinion of engineers, and the state board of health is asking that those towns that desire the location of a fish hatchery, where Gambusia and other mosquito destroying fish may be raised in quantities to supply the malarial belt, send a map of the county, showing on this map the location of all lakes and ponds that will be suitable for use as a fish hatchery, the accessibility of these lakes and ponds to automobile roads, to facilitate the shipping of fish.

In connection with the location of ponds or lakes suitable for use as a hatchery, the location of ponds and lakes throughout the county is desired that these ponds and lakes may be stocked with the fish to prevent the breeding of mosquitoes therein.

There will be no expense attached to the location of the hatcheries, and the state board of health is asking that this information be supplied to the board as early as possible, in order that locations be made and the work begun so that with the coming of the mosquito season, control methods may be under way. This is an important matter, in the opinion of the state health officer, and as certain species of fish have proven to be a valuable means of control in bodies of water, there is needed for this campaign in Texas an enormous number of fish.

Besides the large amount of advertising that will accrue to the town or towns where such hatcheries are located, the location of these hatcheries will mean a long stride toward the elimination of the mosquito in that locality. Further information may be had regarding the location of the hatcheries by corresponding with the state health officer.

# Industrial Transportation Company

Incorporated under the Laws of the District of Columbia, Washington D. C., under and by virtue of the provisions of an Act of Congress. Duly authorized by the stringent Blue Sky Laws of Texas, Louisiana and Arkansas to transact business in those States

## An Industry of Essential Importance GOING CONCERN AND WELL RECOMMENDED

This company was started only a year ago, and so popular is the plan, and the advantages proven so great to producers and consumers of foods, that it has grown from an IDEA into a MILLION DOLLAR CONCERN. Already operating successfully in many cities in three states, and plans to cover the world.

Many substantial bankers, business men and planters are heavily interested in this enterprise.

Many state, county and city officials are extending hearty co-operation.

## Our Profits Only 10 Per Cent

The United States Treasury Department's report shows instances of some food dealers making as high as 1,813 per cent profit. Most of the grocers' reports in 1916 showed an average profit of from 50 to 200 per cent.

## To Buy For Cash and Sell For Cash

This company has plans perfected and in actual operation, to lower the high cost of living, by owning and operating a chain of self-serving stores, warehouses, packing, canning, ice and cold storage plants, fisheries, refrigerator cars, flour mills, broom factories, creameries, truck lines, etc., all over the world; to buy for cash from the producers and to sell for cash direct to consumers.

## Texas Pays Freight Out and In

Texas is shipping out of the state each year, thousands of carloads of cattle, hogs, sheep, grain, fruits and vegetables, paying freight and loss in shrinkage to far away packing centers, canneries, flour mills, etc., and then paying return freight on beef, hams, bacon, lard, canned goods, etc., all of which should be prepared for the consumer here in the state, exactly what this company plans to do. The farmers will save hundreds of thousands of dollars, and the public will save hundreds of thousands when this plan is in operation. **NACOGDOCHES NEEDS FACTORIES AND A BIG PAY ROLL.**

## This Idea is Not An Experiment

The Rogers' chain of stores, the Piggly-Wiggly, American Drug Society, American Grocery Society, the basket chain of stores in Nebraska, Jewell Tea Company stores, all are highly successful and going ahead by leaps and bounds. The chains of co-operative stores in England have proven a Godsend, for many years to the public, by giving its members cheaper food and paying its shareholders handsome dividends as well. This company goes a step further, and will prepare all kinds of raw material in its plants, mills and factories for its chain of stores.

## \$200,000.00 to be Spent in Nacogdoches Division

The company expects to expend not less than \$200,000.00 in the expansion of its business in Nacogdoches and adjoining counties in the establishment of stores and factories. This company now has stores in operation at the following places in Nacogdoches county:

# LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadersville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak..."

I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My legs acted naturally and the least trouble was soon righted with a few

doses of Black-Draught."

Seventy years of successful use has made Theodor's Black-Draught a standard, household remedy. Every member, of every family, at times, need the help that Black-Draught can give in cleansing the system and relieving the troubles that come from constipation, indigestion, lax liver, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c. a package—One cent a dose. All druggists. J. G.

**MARINE EMBLEM IS CHARM IN TURKEY**

Constantinople, Jan. 22.—The uniform and the globe, eagle and anchor emblem of the United States Marine corps is a charm in the streets of Constantinople.

During all the time the U. S. S. "Galveston" has been stationed here not a single marine has been attacked in the streets, although they are sometimes ashore late at night.

So far the marines have been uniformly correct in their behavior, and their officers ascribe their immunity from molestation to their reputation as fighters and the "hushiness" of the detachment from the "Galveston."

In time of peace prepare for war and in time of trouble prepare for good advice.

## "CURSED" THE ENUMERATOR

Dallas, Texas, Jan. 23.—Take the case of the census enumerator, life is not all sunshine and roses for him. A woman with qualifications for being made "dean of the profane language department of a nut college," has been encountered here by an enumerator of the United States census, according to W. L. Chew, local census supervisor.

When the enumerator called at the woman's residence and sought to secure statistics sought by the government in compiling the decennial census figures, he was met with a tirade of abusive language and profanity, he reported. He said the woman "cursed him out" for half an hour without using the same term twice. During her word barrage, the enumerator reported, the woman told him no man ever entered her home and never would as long as she lived.

Supervisor Chew has issued a warning that information for the census must be furnished or prosecution will follow.

**E. M. BROWN.**  
Relatives here have received intelligence of the death on Wednesday January 18, of E. M. Brown at his home at Merkel, Texas.

Deceased was for years a resident of Nacogdoches, where he was in business and was perhaps one of the wealthiest men of the county. He moved to San Angelo in 1886, and later to Merkel.

He was related to the Brown family at Martinsville and was an uncle of J. D. Brown of this city.

Deceased is survived by his wife and three sons, Ed, Bob, and Jim, who were with him when he died.

Hon. June C. Davis returned Friday from a trip to Beaumont and Port Arthur, where he had been attending to campaign business. Mr. Harris spent Wednesday in Beaumont and Thursday in Port Arthur, finding in both places the greatest source of encouragement for his coming race. While in Port Arthur Mr. Harris attended a luncheon held at the Rotary club, meeting and speaking to over 200 business men of the city. Mr. Harris said that he met quite a number of former Nacogdoches people while in the trip, and all assured him of their support during his campaign.

## AMERICAN LEGION TO AWARD HONOR CERTIFICATES

The French government as a token of appreciation of our services, will present, on February 22, war certificates to the next of kin of every American soldier who made the supreme sacrifice in the world war. These certificates will be distributed through the American Legion. If possible the American Legion desires public ceremonies to be held if proper local arrangements can be made. Each post is urged to get in immediate touch with each person in its vicinity who is entitled to get one of these certificates, and make a note of his proper address. Further information will follow at an early date from the Nacogdoches Chapter of the American Legion. The war department has honored us in permitting the awarding of these certificates, and we must carry out the plans in a way that will reflect credit upon our organization.

The Nacogdoches Chapter of the Legion is very desirous of getting all the boys' names who paid the supreme price in France or while in the army. A list of the boys' names who made the supreme sacrifice while in service is named below, but anyone who can make corrections of the same is invited by the Nacogdoches Chapter of the Legion to do so.

Corporal Baxter Dencan, Private Henry Knous, Private Charley Bell, Private Felix H. Briley, Private George W. Hutchenson, Corporal Richard Berryhill, Private William G. King, Private George Arrington, Private Henry C. Dood, Private Gennings B. Crow, Private Louis Roberts, Private J. Walter Weatherly, Private Joe Strickland, Private Fred Sachslevan, Sergeant Walter E. Sowell, Private Martin E. Houston, Private Thomas R. Plucker, Private Frank Fulgham, Corporal Teddy C. Pierce, Sergeant

## Henry J. Hutson, Private Clide Chap-

Hoffmeister, Private Edgar Muckleroy, Private Chas. C. Kennedy, Corporal Thomas F. Olds, Private Edgar Brister, Private Beatrice M. Ford, Private Henry Whitaker, Private John L. Y. Barrow.

On the 22nd of February the American Legion of this city will probably have a great day, during which time many certificates will be awarded to the nearest kin of the honored dead. The legion is a 100 percent American organization, and never tires of doing things that reflect credit and respect upon the boys who once wore khaki and labored to uphold the honor of their country. More information will follow on the subject in a few days. W. B. Bates or P. Barrow will be glad to give any information on the matter, if desired.

THE UNIVERSAL CAR

The Ford Sedan, with electric self-starting and lighting system and demountable rims with 3 1/2-inch tires front and rear, for every day in the year has no equal as a family car. Just as popular on the farm as it is in the city. In fact, it fits the family demands in every vocation of life. Large, roomy seats, finely upholstered, plate glass windows make it an open car in pleasant weather, while in rainy and inclement weather it becomes a closed car, dust-proof and rain-proof. It is not only comfortable, but really cozy, and above all, economical in operation and maintenance, and has all the Ford merits of strength and durability.

### MR. OR MRS. DYSPEPTIC

Get rid of Indigestion and Stomach Worries with "Pape's Diapepsin"

"Really does" put weak, disordered stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness due to acid fermentation—that just that—makes Pape's Diapepsin the largest selling stomach antacid and regulator in the world. If what you eat ferments and turns sour, you belch gas and eructate undigested food, or water; head is dizzy and aches; breath foul; tongue coated, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness. A box of Pape's Diapepsin tablets costs so little at drug stores too.

### THE STATE OF TEXAS

To the Sheriff or any Constable of Nacogdoches County—Greeting:

You are hereby commanded to summon Levi Spencer by making publication of this Citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Nacogdoches County, to be holden at the Court House thereof, in Nacogdoches, on the 2nd Monday in February, A. D. 1920, the same being the 9th day of February, A. D. 1920, then and there to answer a petition filed in said Court on the 1st day of September, A. D. 1919, in a suit, numbered on the docket of said Court No. 631, wherein Froyne Spencer, plaintiff, and Levi Spencer, defendant, and said petition alleging that the plaintiff is an actual bona fide inhabitant of the State of Texas and has resided in Nacogdoches County for more than twelve months next preceding the filing of this petition with the Clerk; That the plaintiff and defendant were legally married about September 1st, 1916, and continued to live together as husband and wife until about February 1st, 1917, at which time plaintiff was forced and compelled to abandon defendant on account of harsh, cruel

and tyrannical treatment toward plaintiff on the part of the defendant. That the said treatment was of such a nature as to render their living together insupportable.

Whereof, plaintiff prays that the defendant be cited to appear and answer this petition and upon a final hearing hereof that she have judgment dissolving the bonds of matrimony now existing, for cost of suit and for general relief, etc.

Herein fail not but have before said Court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at its office in Nacogdoches this 9th day of January, A. D. 1920.

(Seal)  
R. B. WALTHALL, Clerk.

**ARMY RECRUITING OFFICE PUTTING UP POSTERS**

Nacogdoches is going to receive immense amount of army advertising during the coming months if all indications are true. Posters are being placed all over town in conspicuous places, and several boys wearing the khaki, with stripes showing the branch of service they are in, are helping to give the new move a great boost. A very beautiful sign was carried to the depot yesterday and "planted," one placed on the courthouse grounds, and numerous other handsome posters and advertisements placed out for public inspection.

The men here are in charge of the recruiting drive have orders from Colonel Grimes of Dallas to enlist 85 Nacogdoches district men during the drive. Every town in the county and adjoining counties will be visited by the service men in the interest of the recruiting service, and the fact that their headquarters will be in Nacogdoches will naturally assure this town of a good deal of advertising.

**A SURPRISE ANNOUNCEMENT.**

The members of the Tuesday Bridge Club entertain alphabetically. Tuesday, January 27, being Miss Lillian Davidson's regular club day, she cleverly planned for her mother to surprise her club members, with a few other additional close friends, who were asked as luncheon guests, with the announcement of her engagement and approaching marriage. Despite the weather conditions the guests found a chery, spring-like environment within the home. The early afternoon hours were spent in bridge, for high score Mrs. Eugene Blount received a beautiful ivory brush and comb tray. The additional guests having arrived, they were ushered in the tea-room where the bright glow from the electrolier, red candles in crystal holders surrounded by green maline, with the snowy damask made quite an effective scene. Place cards were arranged for twenty guests from the center table, Mrs. George Matthews said "that on her place card she had read an interesting surprise, perhaps it would interest others." So she gave the following:

"Early in the month of April they say, Cupid has made arrangements to steal Lil away.

Sir Denver Graham the knight so bold, is the young man selected, I am told."

Judging by the surprised exclamations that followed this announcement Lill had kept her secret well. During the intermission between courses the guests read the humorous rhyming on her place card, which with the accompaniment of chat and repartee made the occasion one of unusual pleasure. The mother of the prospective bride was supposed to make her daughter's announcement but at the last moment she did not feel quite equal to the task. Miss Lillian Davidson has not only a large circle of friends in her home town, but she enjoys a wide popularity throughout the state who regret to lose her as her future home will be in Raleigh, North Carolina, but all rejoice in her new found happiness. Before the guests departed there were several pre-nuptial affairs planned, the request coming from the bride-to-be "No showers, please."

**Mr. Dodson Warns Against Use of Treacherous, Dangerous Calomel.**

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

Will G. Garrett, a former Nacogdoches county boy, now located at Big Sandy, Upsher county, sends us a check for year's subscription to The Weekly Sentinel. He still speaks of Nacogdoches county as "God's country," which shows discrimination and "hoss sense." We shall do our best to see that The Sentinel reaches him regularly.

**Mrs. Morrison Says She Is Well and Happy After Taking Tanlac.**

"I wouldn't give one bottle of Tanlac for all the other medicines in Ensley and Birmingham put together," said Mrs. J. D. Morrison, of 314 25th street, Ensley, Ala.

"Three years ago," she continued, "I lost my health, had stomach trouble of the worst sort and just seemed to go into a slow decline. I lost my strength, never knew what it was to get a good night's rest and was a nervous wreck. I suffered also from biliousness and constipation and was never free from pain. I was taken to the hospital for an operation, and when I was taken it looked like I would never recover.

"After trying everything else that was recommended to me without getting any better, I decided to see if Tanlac would help me. While on my second bottle my appetite picked up and I began to improve. I kept on with Tanlac and soon was able to eat whatever I wanted without having any unpleasantness afterwards. My nerves became quiet so I could sleep at night and by weight increased thirty-three pounds. I am now doing all my own housework and nothing seems to hurt me at all. I believe I owe my life to Tanlac and never expect to be without it."

Tanlac is sold in Nacogdoches by Stripling-Haselwood & Co.

**HAD IT EVER OCCURRED TO YOU**

You do just four things; you think, you remember, you imagine, you act. When you learn to think better, imagine better or act better, you increase your efficiency, and, therefore, your income. Perhaps you are very successful now, but of how much benefit will a practical business education be to you. You will agree with us that to violate a part of the laws of business means partial failure, and to violate all the laws means complete failure. You are also aware that to observe part of the laws of business means partial success, and to observe all the laws means complete success. Our aim is to help you observe a higher per cent of the laws of business success. The late Prof. James of Harvard declared that the average man uses only ten percent of his brain power. Suppose you are twice as capable as the average man? Even that would mean you are only twenty per cent of your maximum possibilities. The purpose of our course is to produce a greater efficiency with less effort. Did you ever stop to think that eighty-five per cent of the men of this country are earning only \$18 per week or less? That ninety-two percent fail in business between the ages of 40 and 50? That ninety-five per cent have no money at the age of 60? We have been very successful in getting men out of the eighty-five, the nine-two and the ninety-five per cent class. Let us increase your salary. We have been marvelously successful in raising salaries, as is conclusively shown in our catalogue by the letters from former students. The business world wants thinkers and doers. There's a famine of high priced men today; there are thousands of men worth a thousand dollars a year, but only a few worth ten thousand a year. Be the latter kind of a man, you can if you will. We know that a man is not worth much from the chin down, selling muscles, but as high as a hundred thousand dollars a year from the chin up, selling brains. Be a chin upper and sell brains; but remember you must get them before you can sell them. Take our thorough, practical courses Bookkeeping, Short-Hand, Cotton Classing, Business Finance and Telegraphy; learn how to think, to remember, to imagine and act. We can teach you and will therefore greatly increase your usefulness throughout life.

Our large catalogue is free for the asking. Fill in and mail the following blank at once.

**GOVERNMENT TO SPEND \$125,000 FOR RECRUITING SERVICE.**

That the United States is on the verge of spending \$125,000 for the enlisting of young men between the ages of 18 and 21 in order to give them useful educations, experience, travel, providing they can stand the physical examination, was the gist of a remark made by Lieutenant Harrant yesterday at the army recruiting station.

"Uncle Sam is trying to equip his soldiers along the broadest lines," continued Lieutenant Harrant, "educational as well as vocational schools have been started and will continue."

Lieutenant Harrant is very enthusiastic over the travel part of the army. "Just think of the Panama, the Philippines, and the Hawaiian Islands, United States possessions in distant parts of the globe—these can be visited by you at government expense if you will join the army."

Continuing, he said, "Besides this there are other things of interest. All kinds of games can be played, such as football, basket-ball, tennis, soccer-ball, swimming and all of this is accompanied by a full supply of good, substantial food, which of course makes a man. I want every young man to substantial food, which of course makes a man. I want every young man to come around to my office and let me talk to him. I have some mighty good news to tell him, some that will what I tell them might some day be the means of his making a man that his people will feel proud of. My office is open all the time to anyone, and I enjoy company."

Consequently she is afraid that there might possibly be some whose names she did not get. Mrs. Sullivan wants to get the name of every person living in Nacogdoches, and that is required of her, Nacogdoches does not want to lose the name of a single inhabitant, and is very anxious for every one to enroll. The chamber of commerce is urging every one to see that their names are secured by the census taker. Speaking about the matter yesterday Mrs. Sullivan said: "I do not want to pass any one without securing their names. I must do this. It is required of me. I would be very grateful indeed for any one to call me up at 477, and get information on the subject."

**ATTENTION, WOMEN!**

There seems to be current an impression that since women were permitted to vote in the Democratic primaries in 1918 without paying a poll tax, they will be granted the same privilege this year. Please note carefully that such is not the case. This privilege was allowed by the legislature in 1918 as a special concession simply because the statute giving women primary suffrage was enacted after the time for payment of poll taxes had expired, and of course this concession applied to the year 1918. No woman can vote in the primaries of 1920 who has not paid her poll tax.

Please note also that no person, male or female, residing within the city limits can vote unless he or she has paid both city and county poll tax. The county tax amounts to \$1.75, payable at the tax collector's office at the courthouse, and the city tax amounts to \$1.00, payable at the city hall.

Remember your poll tax must be paid before Saturday night.
