### DRAFT OF ALLIES' NOTE READY FOR THE GERMANS.

Paris, Feb. 3.—The draft of the note to be sent Germany with the list of persons whose extradition is demanded by the Allies was approved by the council of ambassadors today. The note and list will be handed over to Germany's representatives here.

Miss Mary Johnson, who had been visiting relatives here, has returned to her home in Marshall.

### CONFERENCES HELD ON SCHOOL SITUATION.

Austin, Texas, Feb. 3.—Under a call from Governor Hobby, the heads of the state educational institutions are meeting here today with the board of control and the state superintendent of public instruction to discuss methods of relieving the serious situation in which Texas schools are placed by the shortage of teachers and lack of funds.

### NO EXTRA SESSION CALLED TO FIX SALARIES.

Austin, Texas, Feb. 4.—Governor Hobby said Thursday that he could not conceive that a special session of the legislature could formulate anything which would prove a solution of the school situation. This statement was made in an address by the governor to heads of the public school system, colleges and universities who assembled in conference here. The governor expressed sympathy with the movement to increase teachers' salaries but said that he believed the matter must be considered as a whole.

R. E. Vinson, president of the University of Texas, stated that Texas has no educational system. He forecast a committee to be named by this conference which will consider the formation of an educational system which is to be presented at a later session of the conference and then submitted to the next regular session of the legislature. Dr. Vinson said the conference did not propose to request a special session.

Miss Annie Webb Blanton, state superintendent of public instruction, presented the matter in a similar vein, and outlined plans to secure the adoption of the proposed constitutional amendment which would remove the limit of taxation for schools. She offered this amendment as the real solution of the problem, and said that communities are now bound by a tax which is too low to support their schools.

### DEATH IN HOTEL FIRE.

Wichita Falls, Texas, Feb. 4.—Dick Theisel, a cement worker from Fort Worth, was burned to death and several others injured in a fire which completely destroyed a hotel here early today. The fire was caused by a de-

### QUANTITY AND VALUE OF WORLD'S DIAMOND SUPPLY

Chicago, Ill., Feb. 4.—If all the diamonds mined in history and existing today as cut and polished gems were gathered from the ends of the earth, they would form a pile about as large as a wagon load of coal dumped on the sidewalk, says a Chicago statistical expert. The pile would contain 46,355,474 carats and the gems would weigh 10 1-8 tons. If the pile were in the form of a cone, it would have a base diameter of eight feet and a height of five feet. Reckoning the diamonds at \$300 a carat, it would have a value of \$13,906,642,200. It would contain 710 1-3 gallons worth \$5,539,023 a gallon; or 76 1-3 bushels valued at \$51,570,729 a bushel. All the world's diamonds could be packed in an ordinary clothes closet or a kitchen pantry.

This estimate is based on an approximation of the total output of rough diamonds in the world's entire history. India, it is estimated, has produced, all told, 50,000,000 carats; Brazil 15,000,000; South Africa, 170,574,000; Borneo, 1,000,000; British Guiana, 50,000; Australia 150,000; China 2,000; Siberia 500; United States 500. This is a total rough output of 235,777,374 carats or 55 3-5 tons asortuipois.

Only about 50 percent of the rough diamonds are cut into gems and lose about 40 percent of their weight in being cut and polished. Diamonds are practically indestructible, and the first diamond ever mined may possibly still be in existence. But the estimate allows for the loss of at least 1,000,000 carats by flood, fire shipwreck and other disasters. These reductions in losses leave a total of cut and polished diamonds at 46,355,474 carats. The estimate of \$300 a carat is the minimum price at which diamonds can be bought today. The popular demand for diamonds was never so great and they have become the gem of working people as well as the wealthy classes. They are worth three times as much now as before the war and sell at from \$300 to \$1,000 a carat.

### WHAT THE LEGION IS DOING.

Indianapolis, Ind., Feb. 4.—Franklin D'Olier, national commander of the American Legion, has issued the following statement with regard to the service the Legion has undertaken to render ex-service men:

"At each of the seven thousand local posts of the American Legion throughout the country, is a war risk officer, conforming in this regard with the state organization and that at National headquarters in Indianapolis.

"These local post officers have been instructed to take up with various government bureaus in Washington, or branch offices, any cases with regard to ex-service men that may be brought to their attention calling for governmental action. Such cases as they deem worthy of the advice of the state war risk officer are forwarded to him. Where the case cannot be handled by state department officers, it is forwarded to state headquarters for attention, where the war risk quarters service is required. Thousands of these difficult or extraordinary cases involving questions of law and procedure or delayed cases are received at national headquarters daily.

"Most of these appeals consist of claims against the government growing out of a man's service in the army, navy or marine corps. They relate for the most part to compensation, allotments, Liberty Loan bonds, vocational training and bonuses.

"In a period of two months, for example, national headquarters has been instrumental in collecting for ex-service men \$16,650 in Liberty Loan bonds and \$16,340.90 in allotments and allowances.

"Charles F. Sheridan, in charge of the service division at national headquarters, formerly connected with War Risk Insurance Bureau at Washington, is in charge of this branch of the service. His intimate knowledge of the workings of various government bureaus in Washington enables him to render with the utmost dispatch this service to the many ex-service men to appeal their cases to the War Department."

### GERMAN RESIGNS BECAUSE OF DEMANDS OF ALLIES.

Paris, Feb. 4.—Kurt von Larnser, German charge d'affaires here, has returned to Premier Millerand the list containing the names of the Germans whose extradition is demanded by the Allies, which was handed him last night, and informed the premier he has resigned and is leaving on the first train for Berlin. Von Larnser told the Associated Press that his decision was in line with the attitude he has maintained throughout regarding the question of extradition. He declared that no German officials could be instrumental in carrying out the extradition clauses of the treaty, and consequently there was nothing for him to do but to resign and go home. The Allied Council of Ambassadors was called into extraordinary session to discuss the situation created by Von Larnser's resignation.

### ROAD BONDS LAST YEAR.

Austin, Texas, Feb. 4.—During the year just closed 109 Texas counties voted to issue road bonds in an aggregate total of \$79,982,000. Dallas county came first with \$6,500,000; Eastland was second with \$4,500,000; Stephens third with \$3,500,000; Tarrant fourth with \$3,450,000.

Not all the bonds were placed on the market during 1919 for some of them are still awaiting approval by the attorney general and some have been held back awaiting better conditions for road building.

### THE NAVY IMBROGLIO.

Washington, D. C., Feb. 3.—Taking up the contentions of Rear Admiral Sims in the matter of naval awards point by point, Secretary Daniels in his appearance today before the senate investigating committee took direct and emphatic issue with the admiral. Flanked by voluminous records from the navy department, the secretary went into details explaining the changes he had made in conferring decorations as recommended by the commanding officers of the navy and the Knight Board of Medal Awards. The secretary outlined the two chief differences between his views and those of Admiral Sims. These were the importance of the sea service compared with shore service and whether a distinguished service medal should be awarded under any circumstances to the commander of a ship sunk or seriously damaged by enemy submarines or mines.

### MEXICANS AND DYNAMITE.

El Paso, Texas, Feb. 3.—Banditry in Mexico thrives on stolen dynamite secured from foreign-owned mining properties, according to American mining engineers, recently returned from visits in the states of Durango, Chihuahua and Coahuila. Dynamite, the engineers declared, plays a part in marauders' activities almost as important as guns and ammunition.

A train known to be carrying dynamite consigned to American mining interest in Mexico is reasonably certain to be the object of a bandit attack, the engineers declare.

Francisco Villa is reported to have much dynamite stored in or near his hiding places in the El Pino mountains of Chihuahua.

Recent bandit depredations have led federal officials to believe rebels and bandits are well supplied with the explosive, because they used large quantities of it.

### WANT THE HIGHER-UPS.

Paris, Feb. 3.—The list of Germans accused by the Allies of war crimes and whose extradition is to be demanded is headed by Former Crown Prince Frederick William and several other sons of the former kaiser.

### AN UNSELFISH STATESMAN

Grand Rapids, Mich., Feb. 3.—Truman H. Newberry entered the 1918 senatorial campaign in Michigan at the solicitation of others and not in furtherance of a scheme to get a seat in the senate, said James O. Murfin of Detroit, outlining to the jury in the United States District Court the attitude the defense will assume toward the charges of conspiracy and fraud for which 123 men are on trial.

### MORE AMERICAN AVIATORS FORCED DOWN IN MEXICO.

El Paso, Texas, Feb. 3.—Word was awaited today concerning Lieutenants Uayber and Wolf, American army aviators stationed at Fort Bliss, who were captured yesterday by Mexican soldiers near Nacozari, Sonora, Mexico, and taken to Nacozari technically under arrest. The Americans, on a flight from Fort Bliss to Nogales, Arizona became lost yesterday and were sixteen miles south of Nacozari when engine trouble forced them down. Reports last night said the Americans were being treated with consideration.

### REPLENISHING THE EARTH.

Albany, Ala., Feb. 3.—Six children—two sets of triplets—within fifteen months is the birth record of the Posey Livingstone family here. The second trio were born yesterday, and all are well.

### A. & M. FOR WEST TEXAS.

Fort Worth, Texas, Feb. 3.—The creation of an A. & M. college for West Texas and redistricting West Texas will be discussed at a special meeting of the executive committee of the West Texas Chamber of Commerce on February 23 in Fort Worth.

### SOUTH AMERICANS REVOLT.

Managua, Nicaragua, Feb. 3.—There has been a fresh revolutionary outbreak in Honduras, according to advices received here. The revolutionists, headed by Don Alberto Membrillo, former vice president of Honduras, and Dr. Soriano have suffered a heavy defeat by government forces and now are retiring toward the Nicaraguan frontier.

### REVENUE RAID REVEALS HUGE MOONSHINE STILLS

The largest "moonshine" establishment ever found in Alabama, composed of seven stills ranging in capacity from 125 to 250 gallons, was discovered and destroyed by prohibition enforcement officers Sunday in the hills near Pelham, 20 miles south of Birmingham.

The raiding officers destroyed 13,500 gallons of mash and arrested five men. The stills were in full blast when the raiders ran upon them. The officers said it was from this plant that Birmingham's supply of corn liquor has been coming. It brings \$25 a gallon there now.

### STATE LAND SALES.

Austin, Texas, Jan. 29.—The sale of state lands on January 1 drew 2,370 bids, which have just been tabulated, and awards under the bids will soon begin. However, it is estimated that not more than 300 sales will result, as many of the bids were duplicates. In one instance, there were 150 bids for a single 160-acre tract in Wilbarger county. The highest offer on this was \$53 an acre.

### ANOTHER SILLY WOMAN.

Paris, Jan. 30.—Mrs. William B. Leds, widow of the tinplate magnet, will be married by civil ceremony to Prince Christopher, a younger brother of Former King Constantine of Greece, at Geneva Saturday, according to the Paris edition of the New York Herald.

### GERMAN MERCHANTS ARRIVE.

New York, N. Y., Feb. 2.—Several German merchants arrived today on the Scandinavian-American liner "Helligolav" from Copenhagen and Christiania.

### RADICALS INDICTED.

Chicago, Ill., Jan. 31.—Indictments against thirty-seven members of the I. W. W. were returned today by the special grand jury investigating radical activities. Chief among those indicted were William Haywood, former secretary of the organization, now at liberty from Leavenworth prison under bond, and Thomas Whitehead, who succeeded Haywood as secretary. These indictments complete the work of the "red" grand jury. Last week the grand jury indicted eighty-five members of the Communist party and thirty-eight members of the Communist-Labor party. The charges in all cases are conspiracy to overthrow the government and advocating the overthrow of the government by force.

**WEEKLY SENTINEL**

BY GILES M. HALTOM

**RESTRICT IMMIGRATION.**

With each new session of congress the immigration question can be relied upon to arise and create its day of disturbance and uneasiness, for it is a question fraught with large possibilities of trouble with Japan, and certainly adds nothing to the friendship of the races. The literary test always threatens to split the ranks of political parties, and serves to make the president unpopular for a time with many who regard that as a fair means of determining the desirability of immigrants.

However, there is no escaping the fact that the sentiment for exclusion and restriction is growing, and immigrants are not as much desired as they were a little while ago.

No one doubts for a minute that this country has been benefited by being a melting-pot, almost as much, perhaps, as it has benefited those aliens who came to our shores in search of a better country and found it. So many and mixed are the breeds that have come that there isn't a nation which has not contributed to our benefit. But the truth is that the real Americans like room; that is why many of their ancestors came, and why many of them came west as the east filled up. They do not want the country crowded, and many feel that the natural increase is now enough. Our population is already larger than most of the powers of the world; we have the men and the money to meet eventualities.

Which doesn't mean, of course, that there is to be soon, if ever, anything approaching general exclusion, but there will be a demand for a higher standard of immigrants, and that is as it should be. If this is to be a more populous country—and it is—care in the selection of the people is certainly commendable.

There are already too many foreigners of the undesirable class in this country.

**NEW THING SCOMING.**

It is doubtful if anyone living today realizes the significance of the daily events which are taking place at the present time. Changes are being made in our whole political, industrial and economic system which are liable to change the whole trend of history, but it will be only in after years as we look back that we will be able to appreciate the true importance of happenings which are now regarded with little interest. Government control, national prohibition, our new military system are among the everyday occurrences whose results are likely to extend far beyond the period of the present times. Probably our children will be in a better position to estimate the real value of what we are doing. One thing is certain, and that is that we will never get back into the old conditions which prevailed before the emergencies of war jolted us out of the ruts and started us off in a new direction.

**APPEAL TO UNREASON.**

A circular is at hand from the "Appeal to Reason" (that red rag of anarchy published by virtue of a sleepy government, at Girard, Kansas, offering to sell its bolshevik books at four for a dollar. Among them is the philosophy of "Neitzsche," as much to blame as any other one thing for turning the German nation crazy and bringing on the world war. Among them, also, besides soviet doctrine, are a number of dirty books which would have to come by express, as the mails would not handle them. We remember of getting a personal appeal from J. A. Wayland, founder of that paper, several years ago, asking for a dollar to help keep him out of the penitentiary, and of replying that we would take pleasure in doubling the ante for the purpose of putting him there for life, where he belonged.

**ADVERTISING AND CREDIT.**

The president of one of the biggest banks in America recently remarked: "When we find a customer cutting down on his advertising we begin to cut down on his credit." Banks numbered among the biggest advertisers these days, and banks know the necessity of advertising space. The bank is exactly right about this. There is no better sign of a man slipping backward than the fact that he quits advertising, for banks know this very well.

There are a lot of young men asking parliamentary instruction who I better be getting expert in-

formation upon handling the steering-gear of a plow.

Maybe Lot's wife was too fresh, anyway.

The hardest job is trying to be a goodfellow to a grouch.

It is bad form to blow the foam off a glass of soda water.

To sum it all up, the kaiser is responsible for the H. C. L.

No man begins a flirtation unless the prospects are good.

Today when Greek meets Greek they usually start a candy kitchen.

A married man is glad that this is a free country, even if can't prove it.

Most of the rumors ain't anything else.

Deport the reds and courtmartial the profiteers.

There is always hope for the fool who admits it.

The fact that some of the sardines are imported moves us to wonder why.

Don't talk so knowingly about international law until you have learned a few city ordinances.

Much of the fast driving is done by those who are not going anywhere in particular.

You may be entitled to the benefit of the doubt, but the chances are you won't get it.

If splints were placed on broken promises our lumber supply would soon be exhausted.

No man is so rough that it doesn't shock him some to hear a woman swear.

The profiteers will cease profiteering when the American people cease making fools of themselves, and not before.

Bankers take so many holidays it is a wonder they wouldn't give one occasionally to the interest on the note.

The text-book business is enjoying a revival, especially in the history division, because of the revisions made necessary in the war.

Every once in a while the average man makes himself believe that steady application to work is undermining his health.

And now the spiritualistic mediums claim to have had a direct conversation with Theodore Roosevelt from the spirit world. We always thought that Teddy would be heard from again.

Married men are glad that sufficient women have demobilized to sew on an occasional button. It is both difficult and embarrassing, for instance, to go around writing editorials with one hand and holding up one's pants with the other.

We are not opposed to automobiles. We merely think that a young fellow with a wife and seven children needs a home before he needs an automobile, and we think the automobile is not quite so admirable an implement of death as a six-shooter, bowie knife or plain pizen.

Glad to note from the dispatches that many congressmen and senators are still battling for the dear people, and admit it. These confounded dear people seem to need battling for all the time, and it just keeps fellows like Ropt, Smoot, Knox, LaFollette and H. Johnson busy from morning until night.

**LUMPS OF INDIGESTION**

"Pape's Diapepsin" at once fixes your Sour, Gassy, Acid Stomach

Undigested food! Lumps of pain; belching gas, acids and sourness. When your stomach is all upset, here is instant relief—no waiting!

**NOTICE.**

Messrs. Bartlett and Perdue will hold a revival meeting at New Hope church three miles east of Nacogdoches, beginning on Saturday night before the fourth Sunday in February. Everybody invited to attend.

**HARD LUCK FOLLOWS FARMER.**

A news item from Lufkin under date of January 27, says: "Clay Brown is in Angell's hospital, the victim of his fourth attack of pneumonia. He has four children at his home ill. Before he became ill he put rat poison in his corn and forgot to tell the family. The corn was fed to his horses and Loth of them died."

**THE GRAND LARCENY IN SUGAR**

Just now the greatest get-rich-quick game in America is gouging in sugar. It's a mighty sweet and rich business for profit cormorants. The Sugar Equalization Board held the refiners down as to price. So in the name of Great Britain and France they bought up the Cuban sugar crop and exported it to those countries at a higher figure than the board would allow these men to sell it in the United States. And this government let them do it.

Although our exports of sugar to Great Britain alone have jumped 200 percent, and we have in recent months shipped more than 300 million pounds of it to the United Kingdom, there are fairly well authenticated reports of vast hoards of sugar in New York and New Jersey. One recent deal reported is the sale through brokers of \$120,000 worth of sugar by a New York packing company to a Jersey City merchant for 20 1-4 cents a pound, the sugar to be sold at 22 cents retail.

The hoarders are holding up Eastern wholesalers and retailers, who in turn must hold up the consumer. Sugar at 11 cents—the war price—is tremendously scarce in these localities. But sugar at 22 and 23 cents is as plentiful as a fever. Under the circumstances, the least this government can do is to put an embargo on shipping any more sugar abroad while the price at home is almost prohibitive and profiteering in sugar is so disgraceful and general.

In the United States we normally consume 83 pounds of sugar a year per capita. An increase of a cent a pound in the price means \$91,300,000 a year additional profit for the sugar barons.

With big business doing its best to make this country a fertile soil for Bolshevist propagandists, little business is helpless to do much better. What tempts our great corporations to profiteer is easy money—legitimized graft. I earnestly urge as a remedy to meet this emergency an active prosecution of profiteers followed by their imprisonment, and a law requiring every manufacturer to print, engrave, weave or stamp on every article he produces, along with his trademark, the exact price he receives for it.

I am convinced this would do much to put business and industry back on a legitimate profit basis. The profiteers are making it harder and harder for the dealer trying to do a square business and charge the customer a reasonable profit to make a living.

**TRESPASSERS TAKE WARNING!**

The persons who unloaded dead animals, or any other kind of rubbish on my land (the Charles S. Taylor land about one mile west from the city) will be prosecuted.

Last evening two horses were unloaded and unless buried, the owners thereof will be found and prosecuted!

C. S. TAYLOR, CLINT UPSHAW. January 21, 1920 22-4w

FOR RENT—About 65 acres good red land; good house and water and good pasture. About 20 acres meadow. Will rent for 1-3 or 1-4 or standing rent. Located three miles from Chireno and near good school.

W. D. LAMBERT, Chireno, Texas. 22-4tp

A statistician has just figured that one cent invested at the beginning of the Christian era, 1919 years ago, at 4 1-2 percent, interest compounded to date, would make 100,000 chunks of solid gold each the weight of the earth. Pennies taken on subscription at this office.

**NOTICE.**

FOR RENT—Forty to 60 acres real good land, fairly good house and plenty good water. See S. C. Gross, Trawich, Texas. 20-w2tp

# LUCKY STRIKE CIGARETTE

**GET a package today. Notice the flavor—the wholesome taste of Kentucky Burley tobacco.**

Why do so many "regular men" buy Lucky Strike cigarettes? They buy them for the special flavor of the toasted Burley tobacco.

There's the big reason—it's toasted, and real Burley. Make Lucky Strike your cigarette.

It's toasted

Guaranteed by  
*The American Tobacco Co.*

**FARM FOR RENT.**  
Fifty-five acres red land near Maytown, on public road. Two sets of houses and outbuildings and orchard. J. G. Frederick, R. F. D. No. 2, Garrison, Texas. 15-w4t

**FOR RENT**—Two red land farms. One 50 acres with one house, and one 75 or 80 acres with two houses. Located six miles east of town. Mrs. W. T. Palmer. 29-d12w2

The "Frostproof" Wakefield Cabbage plants are ready for delivery—100, 40c; 500, \$1.50; 1000, \$3.00. Also have Tomato, Pepper and Potato slips as soon as season opens. D. L. James. 28-3dw2

We have 300 acres of rich land that we desire to work on the halves, three good houses and will finance any family who can work as much as 100 acres of this land provided they can furnish us with good reference. Mt. Selman Mercantile Co., Mt. Selman, Texas. 28-3d3v

**FOR SALE**—Extra nice Frostproof Cabbage Plants, 30 cents per 100 post-paid. Tomato, Pepper, Onion and Sweet potato Plants in season. Cotton Belt Demonstration Gardens. R. F. D. 4, Alto, Texas. 30-2d4w

**DIED SUDDENLY.**

On yesterday afternoon G. T. Egbert, son of Mrs. M. Williams, died very suddenly at her rooms over Kennedy's jewelry store. His health had been failing for some time, but he seemed to be in as good health as usual, he having delivered the Houston Post on his route Monday evening. He was about 16 years of age. The young man had made many friends in Lufkin. His remains will be shipped to Ruak for interment in the Cedar Hill Cemetery. The funeral services will be conducted by Dr. Tenney of the Presbyterian church—Lufkin News. 28th.

**"FIDDLE-FIT"**

Keep Liver and Bowels Clean and Active with "Cascarets"

Sick headache, biliousness, coated tongue, sour, gassy stomach—always trace this to torpid liver; delayed, fermenting food in the bowels. Poisonous matter clogged in the intestine, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache. Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels. A Cascaret tonight will have you feeling clear, rosy and as fit as a fiddle by morning. They work while you sleep.

**THE USUAL SQUEAL.**

It is noted that Hon. Martin Dies is about to make a great mistake right on the eve of his opening the campaign for congress from this district, by establishing headquarters in the town of Nacogdoches. A few such errors as that would lose the race for any competitor in the field. Mere flag stations are not desirable for such purposes.—Lufkin News. Hit the nail on the head that time, brother. Sure Mr. Dies cannot afford to make a "flag station" his headquarters and that is precisely the reason that he did not select Lufkin for his base from which to operate. Mr. Dies knows when he sees a good town, hence his connection with Nacogdoches.

**"SYRUP OF FIGS" IS LAXATIVE FOR CHILD**

Look at tongue! Remove poisons from stomach, liver and bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear. "Mother! You must say "California."

**NOTICE TO SUBSCRIBERS.**

The Alamo Copper Company of San Antonio, Texas. Please call at my office for information that is of importance to you concerning your interests in above company. Don't fail to respond at earliest convenience.

J. M. GREENE Office The City Tailor Chop, 117 East Main St., Nacogdoches, Texas. 8-27tw

**FOR SALE**—Two extra good milk cows. One fresh, the others will come fresh soon. Carl Means, Appleby, Texas. 31-dw1

**FURS**

We are in the market for all kinds of furs, and will pay fancy prices for good quality stock. See us before you sell.

**WHEN IN NEED OF A MONUMENT**

Visit the Nacogdoches cemetery and ask the sexton to tell you who does the beautiful work you will see.

**GOULD**

will be his answer. We have pleased the most exacting and will please you if given your commission. The same attention given a modest head-stone and arger work.

A Voice From Sioux City, Iowa, says

# PE-RU-NA

Worth Its Weight in Gold

You cannot mistake the words of Mr. W. W. Northrup, of 908 Fourth Street, Sioux City, Iowa. He is enthusiastic about his present health and the merits of PE-RU-NA and wants everyone to know it. Here is a recent letter from him—

"PE-RU-NA is worth its weight in gold and then some. I used to think it only a woman's remedy but have changed my mind. I had a cough, especially in the morning. After using half a bottle of PE-RU-NA was much better. I would cough up chunks of phlegm and mucus, my eyes itched and bothered me. Judging from the symptoms given in your almanac it was catarrh. My stomach is in much better condition since using your medicine."

"Use this testimonial, if you wish. Don't hesitate to advertise the merits of PE-RU-NA." (Signed) W. W. NORTHRUP.

There are thousands just like Mr. Northrup, skeptical at first but convinced by a trial of PE-RU-NA. DONT BE AN UNBELIEVER. If your trouble is of a catarrhal nature, try PE-RU-NA, then tell your friends. It is fine after an attack of grip or Spanish Flu.

Sold Everywhere Tablets or Liquid FOR CATARRH AND CATARRHAL CONDITIONS

## CONVENIENT TRUCK SERVICE.

Several large trucks owned and operated by the Industrial Transportation Company, and used in transferring goods between the several stores of that company in the county, attracted considerable attention in the city Saturday. These huge trucks are capable of carrying enormous loads at high rate of speed, and have solved the transportation problem so far as their owners are concerned.

The Sentinel is informed that the company will soon provide a number of smaller trucks for general use in their business, and, while they will carry smaller loads, will get around over the country more rapidly. These will be used in the transporting hurry-up freight between the different stores, and will also fill a much-needed convenience to rural patrons. The farmer out in the country may telephone his order to the nearest store and his purchases will be delivered him at regular stated trip of the truck. Also the drivers will buy any produce, such as eggs, vegetables, hides, etc., the farmer may wish to sell and relieve him of the burden of having to make a special visit to town to deliver his wares. These drivers will be supplied with latest market quotations on all produce, and the seller will get the benefit of the highest price and avoid the loss of time he would otherwise experience in making delivery. This improvement is bound to prove popular.

It is understood the company will also install a city delivery, which will certainly add to the concern's already good business.

These trucks will give a big boost to their plan of direct relations between the producer and the consumer.

## THE NEWBERRY TRIAL.

Grand Rapids, Mich., Feb. 2.—Although half a dozen defendants in the Newberry election conspiracy trial were unable to be in court today, indications were there would be no delay in the case. All the jurors, under the watchful eye of a physician, have escaped the influenza epidemic, which Sunday affected three more of the defendants, including John S. L. Newberry, a brother of the principal defendant. Frank C. Daily was to begin the opening statement for the prosecution at two o'clock.

## AVIATORS REACH U. S.

Laredo, Texas, Feb. 2.—Lieutenants Davis and Grimes, the American army aviators, who returned to the United States from Mexico yesterday after their release by the Mexican authorities, said today they were shown every attention by the people of Guerrero, near which city they were forced to land by fuel shortage. Lieutenant Stoner of the Aviation corps returned from Mexico today with the airplane.

## BETTER THAN STARVING.

Vienna, Feb. 2.—Forty officers of the old-Austrian army, ranging in rank from lieutenant to lieutenant-colonel, have gone to work as laborers in wood-chopping camps at 40 crowns a day. One major remarked that it was better than starving.

## FUNK IS DEFUNCT.

Paris, Feb. 2.—Lieutenant Funk, an Austrian, who during the war was employed in a bank here and reported to the Germans where the shells from the long-range gun fell, was executed today. Louis Guaspere, a German spy, was also to have been executed, but at the last moment made revelations to the authorities and his execution was postponed forty-eight hours.

## WANTING MILITARY RATING

Pittsburg, Pa., Feb. 2.—Thirteen male teachers in the public schools of this city have made a proposition to the board of education to be put on an Army-basis for pay and subsistence. These teachers served with distinction in the World war and they ask the school board to give them \$33 a month, with board, clothes and lodging furnished. They claim they do not get the equivalent of that now. As teachers their pay ranges from \$120 to \$217 a month.

## SEVERE EARTHQUAKE SHOCK.

Washington, D. C., Feb. 2.—A very severe earthquake, lasting more than two hours and centered between 3,300 and 3,800 miles from Washington, was recorded early today on the Georgetown University seismograph.

Rev. W. R. Crawford of Huntington passed through today and was a pleasant caller at The Sentinel office.

## BREAKS A COLD IN A FEW HOURS

"Pape's Cold Compound" instantly relieves stuffiness and distress

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all griping misery. The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness. "Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

## "FOOTPRINTING" THE KIDDIES!

New York, N. Y., Feb. 2.—A system of taking foot-prints of children has been adopted in the New York Nursery and Child's Hospital to prevent infants born there from going to the wrong mothers. Its adoption was due to the fact that a soldier's wife who recently gave birth to a baby in that hospital at first denied that the child was hers. The young mother, who had been reading stories of accidental substitution of children at hospitals and similar public institutions, declined to nurse the baby.

"We brought all the proofs we could muster," explained the superintendent, "but the mother persisted in her hallucination. She became hysterical with grief and fright. Finally, I brought her our records which showed that only a little colored baby and her own had been born in the hospital that day. That convinced her, but just think of what would have happened to that poor woman if other white babies had been born here on the same day."

In order to avoid a similar experience the superintendent engaged a fingerprint expert to instruct the head nurse in trying the system on the babies. "We found we couldn't get good prints of their hands," said the official. "Their feet, however, came out beautifully, and for greater security the mother is finger-printed also."

Very young babies, it was said, may look just alike but their feet are quite dissimilar. One child, the superintendent declared, will have a perfectly formed miniature pedal extremity, another's will print mostly vague criss-cross lines and still another will look like "an egg and five toothpicks."

Under the present system, which has been in operation nearly six months, the child's foot is inked and stamped on the hospital chart of the mother. Although he may not resemble anyone in the family and though no one can tell where he got his nose or his eyes or his mouth or the color of his hair, a comparison of the footprint taken at birth it was said, will tell whose child he is from among the hundreds of infants in this New York institution.

## PHILIPPINE FEMALE SUFFRAGE.

Manila, Feb. 2.—The women of the Philippines have launched a campaign for suffrage. The senate committee has been holding public hearings on the Sisson bill, providing for their enfranchisement.

## BRINGING UP A FAMILY

Houston, Texas.—"After motherhood I always took Dr. Pierce's Favorite Prescription to build me up and strengthen me. It surely benefited me greatly every time and I would never hesitate to recommend this medicine to all women who become nervous, weak and run-down, especially while bringing up a family."

—Mrs. DELILA LEA, 4413 Center St.

Houston, Texas.—"I have the utmost faith in Dr. Pierce's Favorite Prescription as a tonic for women and their ailments is an excellent medicine. I have taken it for feminine troubles and when run down, weak and nervous, and must say it was very quick in building me up and relieving me of my trouble, and I always felt much better in every way after its use."—Mrs. H. E. WILLIAMS, 2814 Freeman St.

Weak women should try it now. Don't wait! Today is the day to begin. This temperance tonic and nerve will bring vim, vigor and vitality. Send Dr. Pierce, Buffalo, N. Y., 10c for trial pkg. Tablets. It promotes perfect regularity. It soothes and strengthens the nerves, drives away despondency, and gives a healthy appetite and refreshing sleep. It makes weak women strong.

Houston, Texas.—"The women of the Philippines have launched a campaign for suffrage. The senate committee has been holding public hearings on the Sisson bill, providing for their enfranchisement."

J. E. Craddock of Maytown returned to his home Thursday.

John Partin of Nat was in the city Thursday attending to business.

Will Haltom of Melrose was in the city Thursday attending to business.

Earl Coome of Appleby was in the city Thursday trading.

J. M. Marshall made a trip to Garrison Monday.

T. M. Hooks made a trip to Harrison Monday.

Dr. G. P. Campbell was in the city Monday.

Langston King made a trip to Garrison Monday.

F. P. Paine, postmaster at Douglass, was in the city Monday.

T. J. King of Douglass was in the city Monday attending to business matters.

Dr. G. P. Campbell of Douglass was in the city Thursday attending to business matters.

R. I. Driver of Woden was in the city Thursday attending to matters of business.

James Stallings of Melrose was in the city Thursday attending to business matters.

Robert Craddock of Maytown, who had been in the city several days with friends, returned home Thursday.

E. M. Jarrell and D. P. Furra of Nat were pleasant callers at The Sentinel office Friday morning.

W. D. Lambert of Chireno was in the city Thursday attending to business matters.

Mr. and Mrs. S. R. Hart of Appleby were in the city Thursday attending to business matters.

R. R. Loy of Nat was in the city Wednesday attending to business matters.

R. H. Yarbrough of Garrison was in the city attending to business Wednesday.

Claude King of Douglass was in the city Wednesday attending to business matters.

R. B. White of Appleby was in the city Wednesday attending to matters of business.

Mrs. Ernest Lloyd of Maytown was in the city Thursday doing some shopping.

Rayford Neil was in the city Friday attending to business matters. Mr. Neil was formerly with the City bakery.

WANTED—If you have files of THE SENTINEL for all or any of the years from August, 1914, to January, 1919, which you would sell or contribute to the Texas collection of historical records for permanent preservation, write M. R. Gutsch, Director, Texas War Records Collection, University of Texas, Austin. 1-d3w3

Lawrence M. Williams, with Lone Star Welding and Boiler Works, Dallas, is installing an oil storage tank and making repairs to the boilers at the ice factory. Lawrence is an old Nacogdoches boy and has many friends here who are gratified to note that he is making good at his chosen vocation.

## GINNERS' REPORT.

There were ginned in Nacogdoches county from the crop of 1919, up to January 16, 1920, according to the government report, 7,219 bales of cotton, as compared with 19,966 bales ginned to the same date last year from the crop of 1918.

Sherrill Sullivan, the former Nacogdoches football captain, is very sick at his home from a severe attack of "flu." The physicians say that his condition might prove serious if he did not take the proper care of himself.

Travelers over the various roads of the county report the roads in very good condition, although in some places they are a bit rough. The continued rains from which the country has been suffering during the past two months kept the roads in the most miserable muddy condition.

Honolulu, Hawaii, Jan. 30.—Admiral Kolchak is reported to have escaped from the bolsheviks and is hiding in Manchuria, according to Japanese newspapers here.

## Rich-Tone Is a Friend of the Weak

"It Has Made Me Strong and Well Again."—Says J. R. Martinez.

He writes: "Rich-Tone is a wonderful remedy for people who are weak and lacking in vigor, and all those who desire to gain strength and energy should take this truly famous tonic. It has given me perfect health and cured me of ailments from which I had long suffered."

## Take RICH-TONE and gain new energy

Not one penny will Rich-Tone cost you, if it doesn't prove of genuine worth in treating your case. You are to be the judge—try this famous tonic—if it doesn't bring to you new energy, a splendid appetite, peaceful sleep, peaceful and quiet nerves—if it doesn't destroy that tired feeling and build you up, then Rich-Tone will be free to you—it will not cost you anything—not one penny. You owe it to yourself to try this marvelous remedy. You owe it to your family and friends to be strong, well, happy, bright of eye, brim of steady cheer, able to go about your work with a smile on your lips. Try Rich-Tone entirely on our risk. Get a bottle today on our money-back guarantee. Sold and guaranteed locally by

## LIST OF WAR VIOLATORS DELIVERED TO GERMANY.

Paris, Feb. 2.—A list of the Germans to be demanded by the Allies and placed on trial charged with violations of the laws of war will probably be given to the German representatives here today, according to the Petit Parisien here.

## BODIES WASHED ASHORE.

Savannah, Ga., Feb. 2.—Four of the five bodies washed ashore on Jekyll Island, near here, yesterday with wreckage from an unidentified craft, were identified today as members of the crew of the ocean-going tug "Fortune," which carried a crew of fourteen to twenty men.

## LOWER PRICES NOT IN SIGHT.

Syracuse, N. Y., Feb. 2.—Those who are best informed on agricultural conditions in America cannot offer the slightest hope of lower food prices so far as the farmer is concerned, according to Sherman J. Lowell, master of the National Grange. Mr. Lowell declared it was the belief of the farmers of the country that the only way to reduce the cost of living was for everyone to do a reasonable day's work.

## PEACE CONCLUDED.

London, Feb. 2.—Peace was definitely concluded this morning between Estonia and the Russian soviet government, it was announced in a Moscow wireless.

## ENJOIN BOARD OF CONTROL.

Austin, Texas, Jan. 30.—An injunction, granted by the Fifty-seventh district court at San Antonio, temporarily restraining the board of control from assuming management of the Southwestern insane asylum there, was served on the members of the board of control yesterday. The injunction concerns only the San Antonio institution, and the board will continue its other duties.

## UPPER-CASE ARMY.

Washington, D. C., Jan. 30.—The American Army has been cited again and this time in a newspaper office. The style sheet of a mid-western daily newspaper has been revised and the word army when it refers to our new democratic peace time Army will in future start with a capital A because of the service our soldiers rendered humanity. Thus for gallantry in action, ours becomes an upper case instead of a lower case Army.

## GET READY FOR "FLU"

Keep Your Liver Active, Your System Purified and Free From Colds by Taking Calotabs, the Nauseless Calomel Tablets, that are Delightful, Safe and Sure.

Physicians and Druggists are advising their friends to keep their systems purified and their organs in perfect working order as a protection against the return of influenza. They know that a clogged up system and a lax liver favor colds, influenza and serious complications. To cut short a cold overnight and to prevent serious complications take one Calotab at bedtime with a swallow of water—that's all. No salts, no nausea, no gripping, no sickening after effects. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Eat what you please—no danger. Calotabs are sold only in original sealed packages, price thirty-five cents. Every druggist is authorized to refund your money if you are not perfectly delighted with Calotabs.—(Adv.)

Girls! Your hair needs a little "Danderine"—that's all! When it becomes lifeless, thin or loses its lustre; when ugly dandruff appears, or your hair falls out, a 35-cent bottle of delightful, dependable "Danderine" from any store, will save your hair, also double it's beauty. You can have nice, thick hair, too.

# Willard

STORAGE BATTERY  
TRADE MARK REGISTERED

**THREADED Rubber** doesn't protect a battery against *abuse* any more than a check book protects you against the high cost of living. But it *unfailingly* guards against need for re-insulation during the battery's life, and that is a thing that never can be truthfully said about ordinary insulation.

**Nacogdoches Battery Co.**  
Corner Main and North Streets  
TELEPHONE No. 8

**WEEKLY SENTINEL**

BY GILES M. HALTOM

**EMBARGOS UPON SUFFRAGE.**

For ten years past the newspapers of the state have conducted annual campaigns to induce citizens to qualify for suffrage by paying the requisite poll tax.

Not one of these campaigns has been quite successful. The recent campaign has been no exception, although it is indicated that there has been an increase over last year's payments.

The tax has served as an embargo upon suffrage for least half the males of voting age, and this, with the primary election system which in a state like Texas determines the personnel of the several branches of the government, will probably eventuate in a total vote not exceeding 30 per cent of the potential electorate in November.

The importance of considering at this time the poll tax and the primary election and their effect upon suffrage is due to the fact that the fourteenth census enumeration has been made and either the present congress or the congress to be elected this year will reapportion the congressional representation in accordance with the law that requires such reapportionment every ten years.

Republican leaders are already beginning to discuss the old question of the congressional representation of the Southern states, and the old threat of reduced representation is already being made. Such threat has been made before, of course, but there are peculiar conditions existing at present which might induce a republican administration to execute it.

President Wilson's is the first democratic administration to control the executive branch of the government for eight consecutive years since Andrew Jackson's. A long absence from power has served to stimulate the old radical antagonism to Southern election laws, and it is likely that a more determined effort will be made to reduce representation if the republicans should regain power in both the executive and legislative branches of the government.

If that should be the result, Texas will have its poll tax requirement and the primary election to blame, for they have curtailed the suffrage and paralyzed interest in elections sufficiently to keep two-thirds of the voters away from the polls on election days.

It is true that the Texas poll tax involves no discrimination against negro suffrage. The Texas laws apply alike to citizens of all races, and they actually disfranchise a much larger number of whites than negroes.

The largest vote ever polled at a regular presidential election in Texas was 24 years ago, when the total was 544,000 returned and probable in all, when the population of the state was less than 3,000,000. In that year quite 20 per cent of the total population voted, whereas less than 10 per cent vote at regular presidential elections now.

It is well enough for our political leaders to consider these things, since they are already counting upon increased congressional representation due to the state's large gain in population, the total being now estimated at 5,000,000.

It is quite within the range of possibility that a republican president and congress might so reduce congressional and electoral representation in the South that even Texas might lose from four to six seats, for republican leaders are thinking that by this means further democratic national victories may be made improbable.

There has never been any excuse for the limitations which have been placed upon suffrage in Texas. The fear of negro rule which led to suppressive measures in South Carolina, Georgia, Alabama, Mississippi and Louisiana has never applied to Texas, but Texas followed them with stringent restrictions upon suffrage, until now minority rule is thoroughly established.

The poll tax requirement ought to be taken out of the constitution and the primary election law could well give way to party machinery more in consonance with our representative theory of government.

For Texas to return fewer than 1,000,000 male votes in a presidential election is a reflection upon her election machinery.—Houston Post.

**POOL HALLS AGAIN ORDERED CLOSED.**

The supreme court of the United States refused to extend the stay order for pool halls in Texas until the action of the circuit court of appeals

could pass upon the appeal of the pool hall owners from the order of the three United States judges who some time ago dissolved the injunction restraining officers in Texas from enforcing this law.

There is quite a history to this litigation and law. The legislature of Texas passed a law condemning pool halls and this law went into effect about the 1st of May, 1919, which, if the injunction had not issued, would have closed, on that date, all pool halls in Texas. Some time before the first day of May, however, the owners of pool halls and certain organizations in some of the cities employed many attorneys to contest this legislation, contending that it was unconstitutional. The first step was an injunction prohibiting all officers in Texas from enforcing the law. A temporary restraining order was granted by Judge Wilson, one of the federal judges. This order remained in effect until the hearing in December, 1919. It was heard at that time in Fort Worth before three federal judges. They dissolved the injunction. The contestants appealed to the circuit court of appeals, and went immediately to the supreme court of the United States for a stay order of the injunction until the circuit court of appeals could pass on the appeal from the Fort Worth decision. The supreme court granted a temporary order, setting the hearing for the 25th of January, 1920. The matter was heard about the 25th of January and it was the decision of the supreme court that the stay order should not be granted pending this appeal and that the pool halls should remain closed in the meantime. It will probably be a year before this action is taken, during which time all pool halls will remain closed.

It is likely this matter will be in the courts for some time to come, but according to the opinion of the federal courts the pool halls must remain closed and out of business until the final decision is reached. There seems to be little question as to the final outcome among many lawyers, it being the general view that the law will be upheld and the pool halls finally declared unlawful and condemned and put out of business.

**LONG WAIT BRINGS A REWARD AT LAST.**

After cherishing for a long time desire to fly, but being barred from airplanes on account of his unusual weight, Guy Blount, 320 pounds, a prominent planter of Nacogdoches, attained the apparently insurmountable heights of his ambition this week when he soared over the island city in a Curtiss airplane. After the journey, which carried him into the uppermost reaches of the ozone, he expressed himself as being thoroughly pleased with the trip and Galveston also. Ever since his childhood days Mr. Blount has had a desire to fly. Time and again he has attempted to induce some aviator to take him aloft. He has journeyed from coast to coast in an endeavor to find a man to take him up. He visited Galveston many times last summer for the purpose of taking a flight, but to no avail.

Tuesday afternoon E. W. Cleveland, special representative of the Curtiss Southwestern Airplane corporation, accompanied by N. B. Ison, acting as pilot, flew over to Galveston from Houston and landed on the east beach. Guy Blount saw the plane going in the direction of the landing place and chartered a taxi at once for the beach. Arriving on the scene, he convinced the aviators that he was a good fellow and, after telling them the story of his life and his wild chase after airplanes for the purpose of making his initial flight, but never succeeding, they finally decided to risk their own lives in an endeavor to please him.

Mr. Blount is happy in the thought that Galveston was the first city that gave him a chance to fly and is determined to buy an airplane especially designed for his needs and use the east beach as his training grounds. He warns all persons not to come too near the scene of his activities, however, for he says that he is not responsible for anybody's life but his own.—Galveston News.

**RAILROAD SERVICE IMPROVED.**

Austin, Texas, Jan. 29.—The entire West Texas railroad situation was given consideration at the conference in Washington between Directors Tyler, Chambers and Thelen and E. L. Brown, assistant to Director Bush, and J. F. Holden, who has just made a series of special reports on the Texas railroad situation, according to a telegram received by the Texas Railroad Commission today. The message said vigorous efforts to correct the situation reported by Mr. Holden would be taken, and there are hopes of an improved service as the result.

**TEXAS MAN APPOINTED RECEIVER OF OIL PROPERTY**

Austin, Texas, Jan. 29.—Assistant Attorney General Keeling said today that J. L. Hunter of Austin had been appointed receiver of Burke Divide No. 1 in the Texas-Oklahoma boundary dispute by the Travis County District Court and took possession today. Mr. Hunter is under orders to market the oil through Texas, and the state will receive one-eighth royalty and the production tax.

**NEW KIND OF STRIKE.**

London, Jan. 29.—England has a new kind of a strike. Thousands of agents employed by one of the big life insurance companies in various parts of the United Kingdom have struck for a minimum wage of £3 a week. This is the first action of the kind taken by insurance agents in this country.

**GREAT LABOR MERGER IN CITY OF NEW YORK.**

New York, N. Y., Jan. 29.—Samuel Gompers, president of the American Federation of Labor, today conferred with local labor leaders concerning the meeting here next Sunday, at which it is proposed to formulate a new central body. The plan calls for the merging of Central Federated Union and the Brooklyn Labor Union with the minor organizations in the Greater City, and labor men assert the proposed body will be the strongest central body in America. The new organization, in line with the decision of the International Union heads, will do all in their power to drive out sovietism and extreme radicalism from the ranks of the regular labor organization.

**THE ESSAY CONTEST.**

Washington, D. C., Feb. 3.—Uncle Sam's "treasure trove" party for his little nephews and nieces to be held on May 5 next, is going to be attended by tens of thousands of children from Maine to California. Invitations to the party will be issued on April 19 and the lucky ones to receive "bids" will be the national, state, county, township, city and village winners in the national essay contest in schools, February 20, on the subject: "What are the benefits of an enlistment in the United States Army?" The "treasure trove" is going to contain gold medals, silver medals, loving cups, suits of clothes, dresses, hats, bank deposits and what not. More than 10,000 prizes are already listed and it is expected that by February 20 there will have been offered more than 100,000 prizes. There's a gold medal for the best essay written by a negro child in Dallas, Texas, and a ton of coal for the best essay in Indianapolis. Oh, no! these aren't the only prizes offered in these two cities; they are merely given to show the scope of the thing. Scholarships in business colleges and a year's subscription to the home town paper have been put into the "treasure trove."

It is strenuously denied that Count Hohenzollern has offered a booby prize of an autographed photograph to the writer of the worst essay and that Wilhelm has requested permission to sit with Secretary Baker and General Pershing and March on the essay board of judges. It is admitted that Hohenzollern knows something about the United States Army, however.

**LOW BANKRUPTCY RECORD.**

Austin, Texas, Jan. 30.—A new low record for bankruptcy petitions in the Austin district were set in 1919, according to the federal clerk, whose records show only thirteen petitions filed. The nearest approach to this record was in 1918 when sixteen petitions came in. Indications are that 1920 will not show such good conditions, as three petitions have already come to the clerk.

**ASPIRIN FOR COLDS**

Name "Bayer" is on Genuine Aspirin—say Bayer

Insist on "Bayer Tablets of Aspirin" in a "Bayer package," containing proper directions for Colds, Pain, Headache, Neuralgia, Lumbago, and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for nineteen years. Handy tin boxes of 12 tablets cost few cents. Aspirin is trade mark of Bayer Manufacture of Monoceticoisester of Salicylic Acid.

**WOMEN AND THE INCOME TAX.**

Austin, Texas, Jan. 29.—Women who had incomes during 1919 are reminded by Collector of Internal Revenue, A. S. Walker, that they are subject to all of the provisions of the Federal Income Tax. Many thousands of women file returns and pay taxes regularly, and there are new names added to this list each year. This high wages and salaries received by women last year will perhaps double the number of the fair sex who are required to file returns.

A public school-teacher, or other city, town, county and state employee, is not taxed on her salary or wages, but must file a return if her taxable income from other sources was sufficient in amount to come within the law's definition.

An unmarried woman, a widow, or a married woman who is living apart from her husband, must file an income tax return if her net income for 1919 was \$1000 or over.

She is entitled to an exemption on the first \$1,000 of her income. If she is the head of a family, as defined in the income tax regulations, she may claim \$1,000 additional exemption. Also, she may claim further exemption of \$200 for each person for whom she is the chief support, if the dependent is under 18 or is mentally or physically defective.

A married woman who has an income from a separate source than her husband is entitled to file a separate return with respect to that income. Ordinarily a husband and wife file one joint return, including the income of both. But if the husband does not include his wife's income, the wife is required to file her own return. Separate returns of husband and wife are required if either had a net income exceeding \$5,000.

A married woman who lives with her husband is not allowed a prescribed exemption. She and her husband have \$2,000 plus \$200 addition for each dependent; and this exemption may be taken by either or divided in any manner between them.

A woman who was widowed during 1919 may claim exemption for the full year, on the basis of her status as of December 31.

A wife whose husband is a sanitarium or temporarily working in another city, and is separated from him only through necessity, should not consider her status as "living apart," from her husband. But if there is voluntary continuous separation, whether or not granted by court decree, each must take the status of a single person with respect to income tax.

**WICHITA FALLS SETS PACE.**

Wichita Falls, Texas, Jan. 30.—A membership of 2,331 and an annual income of nearly \$60,000 pledged for three years have resulted from the campaign of the Wichita Falls Chamber of Commerce, which is said to have established a new record for commercial organizations in cities of similar size. The revenue will be used for the most part in civic development, with a view to making this city as attractive residentially as it has come to be financially and commercially.

**AVIATORS LAND IN MEXICO WILL NOT BE DETAINED.**

Brownsville, Texas, Jan. 29.—Lieutenants E. F. Davis and G. E. Grimes, the American army aviators who yesterday made a forced landing near Guerrero, Mexico, are not held prisoners by the Mexicans and probably will fly back to United States territory today, it was announced at Fort Brown today. Captain Bradford, district adjutant, went to Matamoros today to arrange with the Mexican officials to get gasoline and oil to the aviators. Captain Bradford said the aviators are not prisoners, and when the usual preliminaries have been disposed of their return to American soil will be facilitated.

Mexico City, Feb. 4.—Archbishop Del Rio, primate of the Catholic Church in Mexico, has issued a formal denial that the church will participate in the presidential election.

**WE OBSERVE**

Some go to church just for a walk,  
Some go there to laugh and talk,  
Some go there their time to spend,  
Some go there to meet a friend,  
Some go there for observation,  
Some go there for speculation,  
Some go there to doze and nod,  
But few go there to worship God.  
But we suspect the worst of all—  
Are Old Mr. and Mrs. Myself.  
Who do not go to church at all,  
Don't wait to make your peace with God  
Till the time arrives to place you beneath the sod,  
Nor wait till then, women and men,  
To see John Dorsey to take out Life Insurance  
In our Home Benefit Association,  
It's the least expensive, promptest pay,  
And does more good for the unfortunate people of the county  
Than any other form of life protection.  
Join today. Room No. 3 over Kennedy's Drug Store, Nacogdoches, Texas.

**GERMANY'S FOOD SITUATION**

Coblentz, Feb. 3.—Illicit trade in food, with its attendant evils of smuggling and usury, is on the increase throughout Germany, according to newspaper accounts.

The rationing system has never been abandoned, even in the occupied areas of the Rhineland, and some of the newspapers contend that the average individual cannot subsist on the amount of food issued. The authorities are making every effort to check the illegal traffic in foods of all kinds and the courts are crowded day after day.

The smuggling of potatoes is being carried on this winter in all parts of Germany on a scale greater than in war time. Germany produced an excellent potato crop this year and the authorities are trying to save it from falling into the hands of the speculators.

Well-to-do people have been going to Bavaria from Prussia, Wuettemberg and Thuringia to buy potatoes, eggs and fats, for which the farmers charged exorbitant prices. This worked a hardship on the poorer people, who could not compete with them.

Living appears to be cheaper in Bavaria than elsewhere in Germany. Butter has been selling there at five marks a pound, compared with 30 marks in Berlin. Eggs are quoted at 25 pfennings each, while in Berlin they cost 1.75 marks apiece. Eggs in the occupied area have been bringing from 2 to 2.50 marks each this winter, but are very scarce at any price.

Meat is also reported as fairly plentiful in Bavaria, although in all other states this form of food is virtually unpurchasable by householders through regular channels excepting once or twice each month, when the authorities permit a few ounces to be distributed by the card system to the individuals. Most of the hotels throughout Germany continue to serve meat three or four days each week, however. The proprietors say that they obtain this from Holland and that this does not violate the food regulations.

**EUROPEAN COUNTRIES FINANCING THEMSELVES.**

Washington, D. C., Jan. 30.—Europe, in so far as the United States government is concerned, must rely upon its own resources in retrieving its financial equilibrium. This is the interpretation of a letter Secretary Glass sent a committee of the United States Chamber of Commerce, which sought an expression on the proposed conference of financiers and commercial leaders to discuss reconstruction problems. In a blunt statement of facts as he sees them, Secretary Glass says the American government has done all it considers advisable and practical for Europe. The conference, he added, would serve to cause confusion and revive hopes, doomed to disappointment, of further government loans.

**MEN SUPPLANT MAIDS.**

Chicago, Ill., Jan. 30.—Men supplanted maids as house servants at the Y. W. C. A. hotel here today. The shortage of housemaids has forced the employment of men, said Mrs. J. M. Sharp, the matron, who declared the substitution had proved very satisfactory. She expressed the opinion that the general substitution of men for housemaids is the only solution of the servant problem.

Averages for the height of women show that those born in summer and autumn are taller than those born in spring and winter. The tallest girls are born in August.

**HIGH ARMY OFFICIALS WILL SELECT WINNERS.**

Secretary Baker, General Pershing and General March to Pass Upon Manuscripts.

Sharpen up your pencils, students, and prepare for the biggest essay contest ever staged in America. Under the auspices of the War Department, pupils of all schools in America, except colleges and universities, will have the opportunity of writing an essay on the following subject:

"What are the benefits of an enlistment in the United States Army?" There is no entry fee or age limit. It is open to school children, white or black, red or brown, male or female, American or foreign born. Students of private, public, sectarian and non-sectarian schools may enter.

**Rules of Contest.**

Essay must be written in the classroom on Friday, February 20, 1920, from notes if desired. No essay more than 400 words. Pen and ink or pencil may be used, but only one side of the paper to be written on. Essay will be judged strictly on a basis of (1) originality; (2) expression; (3) sincerity.

**FIX OFFICIAL DATE OF ENDING OF WORLD WAR.**

London, Jan. 31.—A committee of counsellors has been named to decide the official date of the ending of the world war. It is declared thousands of pounds are involved in legal proceedings which have been held up pending an authoritative decision of that point.

**REBELS IN MEXICO.**

Mexico City, Mex., Jan. 31.—There are now 6,000 rebels in Mexico, according to an estimate by General Francisco L. Urquiza, Chief of Staff. At least half of these are declared to be either unarmed or equipped with useless weapons. Among the rebel leaders mentioned in the summary are: Villa, in Chihuahua and Coahuila; Felix Diaz, Pedro Gabay, Panancie Martinez, Higinio Aguilar and Pedro Galan in Vera Cruz; Abel Salazar, Gilardo Magana, Soto y Gama and Manuel Palafox in Morelos; Manuel Pelaez, Magdalena Cedillo and his brother Luis Caballero and Eugenio Lopez in Tamaulipas; Felix Panteles in Aguascalientes; Pedro Zamora in Colima; Guillermo Mexuero in Oaxaca; Federico Cordova Cirilo Arenas in Pueblo; Jesus H. Salgado in Guerrero.

**MYSTERIOUS ASSAULT ON CLEVELAND, OHIO, FAMILY.**

Cleveland, Ohio, Jan. 31.—Mrs. Edith Bullman and her 5-months-old daughter were shot to death early today and the husband and father is reported dying in a hospital with a bullet in his brain. The police believe that Bullman, temporary deranged by influenza, first killed his wife and baby and then shot himself.

**Dye Old, Faded Dress Material**

"Diamond Dyes" Make Shabby Apparel Stylish and New—So Easy Too.

Don't worry about perfect results. Use "Diamond Dyes," guaranteed to give a new, rich, fadeless color to any fabric, whether wool, silk, linen, cotton or mixed goods—dresses, blouses, stockings, skirts, children's coats, draperies, everything! A Direction Book is in package. To match any material, have dealer show you "Diamond Dye" Color Card.

### MEETING OF CHAMBER OF COMMERCE DIRECTORS.

The president of the chamber of commerce called a special meeting of the board of directors Wednesday night with the following directors present: Arthur A. Seale, Albert Brewer, Oscar Matthews, G. A. Blount, Carl Monk, J. J. Greene, I. D. Parmley and T. E. Baker.

Chairman Baker called the meeting to order and requested Acting Secretary Greve to read the minutes of the last meeting.

At the suggestion of Secretary Manager H. L. McKnight, additional standing committees were provided as follows:

**Membership.**

**Entertainment.**

On motion, Zeno Cox and Judge J. M. Marshall were named on the entertainment committee with instructions to select a third member.

On motion, Robert Lipssey was named as chairman of the entertainment committee, with authority to name two associates.

It was the unanimous judgment of the directors that these two committees will fill a very important place in the work of the chamber.

A discussion of the work to be done by the mercantile committee brought out the necessity of enlarging this committee, which was done by the addition of Henry Schmidt, W. C. Fouts, and J. N. Thomas.

Elmer Summers was added to the publicity committee, Paul Perkins to the agricultural committee and Captain I. L. Sturdevant to the Stephen F. Austin Normal committee.

The question of enlarging the city limits so that the entire city population would be included was discussed at length. It was the unanimous judgment of the board that Nacogdoches really needs a new and modern form of government. Looking to this end, Judge S. W. Blount and Attorney C. A. Hodges were named as a committee to investigate the legal steps necessary to secure the desired changes.

The matter of securing office space for the secretary was discussed at length, but no definite action was taken at this time. It is planned, however, to secure suitable quarters at an early date.

A letter was read from the traveling secretary of the St. Louis "Cardinals" in which a definite proposition was made to the chamber of commerce to arrange an exhibition game of baseball at Nacogdoches between the "Cardinals" and the Philadelphia "Athletics" on or about March 30. A special committee, consisting of Albert Brewer, French Murphy and H. W. Whitte, was named to investigate the matter of securing suitable grounds for the game, and to estimate probable cost of staging the game. If the report of this committee is favorable, it is likely the guarantee will be given and the big game pulled off at Nacogdoches. It is believed that an exhibition of big-league ball playing will bring four to six thousand people to our city for a day of wholesome sport.

On motion, it was decided to hold a monster meeting of the entire citizenship at the courthouse on Friday night, February 6, at which time the general public will be advised with respect to some of the more important plans the chamber of commerce has under way for the coming months. It is hoped that the good ladies of Nacogdoches will attend this meeting. There is much work for them to do in the way of city beautification.

Secretary McKnight was authorized to confer with the A. and M. College authorities regarding the selection of a county farm demonstration for the County. He will attend an agricultural meeting at Livingston Thursday and Lufkin Friday for this purpose and may visit other points before returning.

### EMPLOYEES PAY HELD UP.

Austin, Texas, Jan. 31.—Employees at the Southwestern insane asylum at San Antonio are not likely to receive their salaries until the injunction restraining the board of control from assuming the management of that institution is dissolved or made permanent. The attorney general, it is announced, has entered suit and will seek a speedy decision on the constitutionality of the board of control act to relieve the situation.

### SINN FEINERS ARRESTED.

Dublin, Ireland, Jan. 31.—Many Sinn Fein leaders were arrested in a big round-up early today. They were taken to an unrevealed destination.

### TREASURY STATEMENT.

Austin, Texas, Jan. 31.—Disbursements through the state treasury during December totaled \$5,040,438, while receipts were \$3,173,112, according to the monthly balance sheet of the department.

### CALL FOR ALL "BUDDIES" TO JOIN FIFTH MARINE.

Washington, D. C., Jan. 31.—The Fifth Regiment of Marines, of Belleau Wood fame, which was demobilized last August, is to be immediately reorganized according to advices from Marine Corps Headquarters.

Only men who have served in the Marine Corps or the Army will be accepted for duty with the Fifth Marines, and Marine recruiting officers will be notified to make a special effort to get into touch with former Fifth Regiment men.

The Fifth saw service in all the big American offensives in France and, in addition, the French offensive in the Champagne. The Regiment was cited three times by the French army, and is one of the few American organizations whose men have the privilege of wearing the French "fourragere" or citation cord on the left shoulder of their uniforms.

### OLD EMPLOYEE RESIGNS.

The many friends of Mr. Albert Brewer, formerly secretary of the firm of Mayer & Schmidt, will be interested to know that he is going into the automobile business with the City Garage exclusively. Mr. Brewer resigned his position with Mayer & Schmidt Saturday, and as a token of his associates' esteem and remembrance of his splendid qualities while with the firm, a very beautiful gold pencil was presented to him.

Mr. Brewer has been associated with the firm of Mayer & Schmidt since 1911. The next oldest man in the firm is Mr. Roy Buchanan, who has been serving a similar length of time. The youngest employee is Cora Nelson, who began work only a few days ago.

Messrs. Brewer and Horn in the City Garage will deal in the superior line of Hudson and Essex automobiles. His many friends, with The Sentinel, wish him the greatest prosperity in his newly found duties.

### STATE TREASURY CONDITIONS.

Austin, Texas, Jan. 31.—The new depository law has removed practically all the cash from the state treasury, the vaults of which in other days held as high as \$5,000,000 in currency and specie at one time; but the doors of the treasury are still carefully locked and a watchman still sleeps inside the steel cage, for practically \$30,000,000 worth of bonds remain to be guarded. Most of the bonds are registered in such manner that only the state can realize upon them.

Insurance companies have deposited with the state treasurer \$3,582,851 worth of bonds as a guaranty fund for their policies. About 90 percent of these are Liberty bonds.

The permanent school fund has an assortment of United States, state, county, district and municipal bonds worth \$24,793,471 in the state treasury.

Foreign corporations have deposited \$1,422,000 worth of Liberty bonds as securities required under the law.

The guaranty fund of state banks has reached a total of \$466,658.

### PUBLIC FUNERALS BANNED.

Chicago, Ill., Jan. 31.—Public funerals were placed under ban today by the health authorities because of the increased number of deaths from influenza and pneumonia. The restrictions prohibit more than ten persons attending wakes and funerals and bar the attendance of children. New cases of influenza today number 1,015.

### PLAYING FOR LENIENCY.

Basle, Jan. 31.—Because of the alleged impossibility of insuring the execution of its orders for the surrender of Germans accused of violation of the laws of war by the Allies, the German government will resign if the Entente powers insist upon their delivery, according to the newspaper Nachrichten, which says it received its information from a reliable source.

### HONORING THE DEAD.

Austin, Texas, Jan. 31.—When authorities were unable to locate relatives of H. C. Cook, who died in a hospital during the Spanish-American war, ex-service men and army men of Austin took charge of the burial of the veteran and marked his grave with a suitable stone.

### STOLEN PROPERTY RECOVERED.

Austin, Texas, Jan. 29.—Approximately 60 percent of the property stolen in Austin during 1919 was recovered, according to the annual report from the detective department. Total value of property stolen was \$15,290, of which \$9,038 was recovered.

Mrs. Effie Rivers of Lufkin is in the city for a visit with her friend, Mrs. Pearl Mitchell.

### PARDON THIS NEGRO.

Austin, Texas, Jan. 31.—Robert Blunt, a negro who is serving a life term in the penitentiary, will have won his freedom by his bravery on the fields in France, if recommendations by the Board of Pardon Advisors are carried out by Governor Hobby.

Blunt was sent to the penitentiary in 1907 for the murder of another negro in Liberty county. In 1915 he escaped and when the United States declared war on Germany he joined the army and was sent overseas. He was in several battles and was wounded three times, one eye being shot out. After being cited for bravery he was discharged because of disabilities and returned to Texas, where he was recognized and sent back to the penitentiary.

Blunt's application for pardon is signed by the district judge who tried him and the district attorney who prosecuted the case. Four of the jurors also signed the application. Other jurors could not be located. The board has recommended that the governor grant the pardon, and the governor has never rejected a recommendation by the present board.

### FOR COUNTY SUPERINTENDENT

Eugene Thompson of Oak Ridge announces formally in this issue of The Sentinel for county superintendent of schools.

Mr. Thompson is 26 years old, the son of A. P. Thompson, a prominent farmer of the Oak Ridge community. He received his education in a one-teacher rural school. He graduated with honors from the Nacogdoches High School in 1913, and received a scholarship to the University of Texas, which institution he attended for two years. He served one year as principal of the Garrison High School and was re-elected, but resigned to enter the army. He went to France with the 36th Division, saw hard service and was honorably discharged when the armistice was signed. Mr. Thompson is now serving as superintendent of the Chireno High School. He asks a favorable consideration of his candidacy, and promises if elected to give his best efforts to the affairs of the office he seeks.

### PUBLIC NURSING BUREAU.

Austin, Texas, Jan. 31.—The state health department has organized the bureau of public nursing with Mrs. Ethel Parson as director. This bureau will encourage the establishment of city and county health nurses and health centers and assist local organizations in establishing this work.

### THE BOUNDARY IS QUIET.

Austin, Texas, Jan. 31.—Adjutant General Cope, who returned today from the disputed boundary district, said both sides had agreed to cease armed demonstrations and everything is quiet.

### SERVICE MEN REIMBURSED.

Washington, D. C., Jan. 31.—Former service men undergoing vocational training will be reimbursed for expenses incurred traveling to obtain that training, under a decision of Comptroller of the Treasury Warwick, announced today.

### SOME GERMAN OFFICERS WHO MUST FACE TRIAL.

Paris, Jan. 31.—Included in the list of Germans whose surrender by the Berlin government will be demanded by the Allies, the Echo de Paris says, are former Crown Prince Rupprecht of Bavaria, Field Marshal Duke Albrecht of Wurtemberg, Field Marshal von Kluck, Field Marshal von Buelow, Field Marshal Mackensen, Baron von der Lancken, former civil governor of Brussels; Admiral von Capelle, former minister of marines; and Field Marshal von Sanders, who commanded the Turkish armies.

By means of an instrument invented by Dr. J. S. Owens, secretary of the British Committee for Investigation of Atmospheric Pollution it is possible to measure and record the dirt in the air over a town at any and every hour.

### AMERICAN RELIEF WORKERS MURDERED BY BRIGANDS.

(By Associated Press)  
Washington, D. C., Feb. 4.—The murder of three American relief workers in Syria was reported today to the state department. They were part of a convoy for American relief supplies and were killed by brigands February 1 near El Mali, north of Aleppo. Their names were not given in the dispatch.

### OVER-THE-TOP BOYS AND GIRLS!

The School Children of the Nation to Compete in Army Essay Contest February 20, 1920.

Only fifteen days yet remain before the nation-wide contest is to be staged. Simultaneously, all the ladies and lassies of the nation will go "over the top" on that day, the early afternoon "Zero Hour" for the attack, but remember, no lives are to be lost!

Boys and girls of all the schools, high schools, grammar school, and all other schools in the county, sharpen up your bayonets—pencils—put on your helmets—thinking caps—and get busy. Lieutenant Harant of the local army recruiting station further adds, that the contest launched must be aggressive and with determination to get to the objective, all must possess lots of "pep."

Your objective is "the best essay," so that you are one of the three to go to Washington, D. C., for your reward—the reward offered by Uncle Sam.

Get all the information from your school superintendent; if any more is desired write to the recruiting station for literature that pertains to our new democratic Army.

### NEGLIGENT SCHOOL TRUSTEES.

Austin, Texas, Jan. 30.—Approximately 1,200 requisitions for textbooks are being held up because trustees have not filed the bonds required by the free textbook law, according to information from the state department of education, and books will not be forwarded until the bonds are provided.

### NEWBERRY JURY COMPLETED.

Grand Rapids, Mich., Jan. 31.—The jury which is to decide the guilt or innocence of 130 defendants in the Newberry election conspiracy trial was completed in the United States District Court here today.

### CASH IN SUITCASES.

Corpus Christi, Texas, Jan. 31.—A few suitcases containing more than a million dollars in cash were brought from St. Louis to Corpus Christi by two county officials and a banker, thereby saving Nueces county more than a thousand dollars that would have been charged for exchange on a draft or for insurance on an express package. The money was in payment for half of the two-million dollar road bond issue voted by Nueces county last July, sold to a St. Louis concern.

### BURNED TO DEATH.

Pittsburg, Pa., Jan. 31.—Seven persons were burned to death early today when fire, fanned by a high wind, destroyed fifteen temporary residences occupied by employees of the Carnegie Steel Company at Clariton, fifteen miles from here. An office building also was consumed. More than a hundred occupants of the houses were forced to flee in scant attire.

### NEGOTIATION DEFERRED.

Washington, D. C., Jan. 29.—Negotiations between democratic and republican leaders of the senate, who apparently are deadlocked on the peace treaty compromise, will not be resumed until tomorrow, the meeting of the bipartisan conference having been postponed because of the absence of Senator Lenroot, one of the republican leaders.

### THE "FLU" IN DALLAS.

Dallas, Texas, Jan. 29.—The new cases of influenza reported in Dallas today numbered 174. Ten deaths were reported this week.

### PERSHING AT SANTONE.

San Antonio, Texas, Feb. 3.—Greeted by scores of daring aviators and thousands of civilians who packed the streets, General Pershing arrived here this morning. The formal welcoming ceremonies were held at Alamo Plaza. There were no military features to the parade, but the crowds cheered lustily as the commander passed along the route to the Alamo.

### AMERICAN RELIEF WORKERS MURDERED BY BRIGANDS.

(By Associated Press)  
Washington, D. C., Feb. 4.—The murder of three American relief workers in Syria was reported today to the state department. They were part of a convoy for American relief supplies and were killed by brigands February 1 near El Mali, north of Aleppo. Their names were not given in the dispatch.

For a few weeks longer we can sell at the old price of \$1225.00 delivered.

## MAST OAKLAND CO.

Service to All Oakland Owners

**RAILROADS RETURNED OWNERS IN GOOD CONDITION.**

Dallas, Texas, Feb. 4.—When carrier lines in Texas and the Southwest are returned to private control March 1 the United States Railroad Administration will have faithfully discharged its obligations to the corporate owners, according to B. F. Bush of St. Louis, southwestern regional director, while on a tour of inspection here recently.

"Railroads in Texas will go out from under government control in as good condition as when they were received," Mr. Bush said. "In some instances they will pass into the hands of their owners in better physical and financial condition than they have ever been. The St. Louis Southwestern does not constitute an exception to this statement. On the contrary, that transportation system will be turned back in a better condition than when it was taken over by the government, the Texas Railroad Commission notwithstanding."

Mr. Bush scouted the idea that his trip over the Cotton Belt in Texas had any bearing on the recent controversy between the Railroad Administration and members of the Texas Railroad Commission. "I have accepted the report of Mr. Hadley, who made an inspection of that transportation system," continued Mr. Bush, "and my present trip is not being made for the purpose of satisfying myself as to the correctness of that report."

Commissioner of approximately 200 denominations are to meet in Philadelphia today to confer on a proposal "for a national merger of Christian interests under the name of the United Churches of Christ in America."

### TEXAS TAX MONEY.

Austin, Texas, Feb. 2.—Between January 1 and March 3 this year \$21,500,000 will flow into the state treasury, according to calculations of John W. Baker, state treasurer. These calculations allow twenty percent for commissions and delinquent taxes, and \$3,000,000 of the amount has passed through the treasury.

During this period a considerable portion of the money derived from taxes will also be spent. Schools alone will receive \$4,500,000, and payment of free textbook bills will absorb \$1,500,000.

State depositories available can care for only \$8,900,000, and for this reason the recent call for bids from other banks which desire to act as state depositories was issued. Collections between January 1 and March 3 will exceed the capacity of present depositories by approximately \$12,000,000 but as stated above money will be going out as well as coming in. Mr. Baker estimates that the income will exceed expenditures approximately \$7,000,000. This is the amount which will be available for apportionment to the new depositories.

On January 8 bids from eight-seven banks which desired to be named depositories were opened and tabulated. They asked for a total of \$7,870,000 of state funds, and offered an average interest rate of 4.28 percent. Mr. Baker said that the depository board probably will award all these banks contracts, and that funds will be diverted to those offering the highest interest rate first. If it is later learned that too many depositories have been selected, those with the lowest interest rates will be released from the contracts.

One noticeable feature of the bids opened was that the interest offered for large sums was comparatively high. Several banks offered above 4 per cent and asked for \$500,000. The highest rate offered was 5.76 percent.

Under Mr. Baker's estimates by March 3 the state will be drawing slightly better than 4 percent interest on approximately \$15,000,000, or more than \$50,000 a month. As the year grows older expenditures will reduce the amount in state depositories to a great extent.

### HEROIC ENGINMAN.

Laredo, Texas, Feb. 2.—A story of heroic action on the part of a locomotive engineer, which probably saved the lives of many passengers, recently printed in Excelsior, a daily of Mexico City. The engineer, the paper said, was too modest to permit the use of his name.

In the state of Zacatecas, the newspaper said, the engineer of a passenger train received word that a locomotive had been turned loose to run wild by a bandit chieftain named Jaral, with the purpose of destroying a passenger train approaching from San Isidro.

Hastily uncoupling his own engine from its train, the engineer took up a mad ride and finally ran the pilot of his locomotive into the rear of the "wild engine." Leaving his own engine in charge of the fireman, the engineer crawled over the tender of the "wild" machine, shut off its steam and stopped it just in time to prevent it crashing into the San Isidro passenger train. The "wild" engine was found to be filled with dynamite and other explosives.

Passengers of the threatened train "went wild with joy," Excelsior said, "and presented everything they could to the hero."

M. G. Vaught, who has been laid up at his home with illness the past several weeks, is reported to be slowly improving, and able to sit a little at a time. Mr. Vaught, an officer, has been a great friend to the people of this community, getting out at all times of the day and night, and going in all kinds of weather in the conscientious discharge of his duty, which has undermined his health, and the people in turn have been greatly concerned about his condition, all joining in the fervent hope that he might soon recover and come back into the enjoyment of good health.—Garrison News.

Eugene Thompson of Chireno was a visitor in the city Saturday and was strongly urged by many Nacogdoches to enter the race for the office of county superintendent of public schools. He has the matter under advisement and will announce his decision within a short time. Mr. Thompson is in every way qualified for the important place named, and would make an excellent official. He is thoroughly familiar with the duties of the office and with the educational requirements of the county.

Every week some new phonograph appears on the market

Any good workman can build a "Talking Machine"

## Only the Genius of An Edison Could Produce

# THE NEW DIAMOND AMBEROLA

The World's Greatest Phonograph Value

You need a phonograph in your home. Every home in the U. S. A. needs the cheering, soothing, refining influence of good music. But you want the best phonograph made—no other is good enough for your home, your family, your friends.

How can you tell which is the best? Easy—if you use common sense. Difficult—if you trust to the claims of numerous manufacturers.

Look for the man behind the phonograph—the brain that evolved it and perfected it. If you cannot discover any personality behind an instrument you may well doubt its perfection.

The brain of Thomas A. Edison, the greatest inventive genius in the world, is the birthplace of the Amberola! Edison has perfected every detail of this wonder phonograph until in

every way it is superior to ordinary phonographs and "talking machines!"

The tone has been pronounced superior to that of other well-known phonographs by scores of phonograph experts after striking tests. The genuine Diamond Point Reproducer is permanent—no changing of needles. The wonderful Amberol Records, in

shape and composition, are practically unbreakable and last for years and years!

All the world's best music is recorded on these Amberol Records, from popular songs and dance music to grand opera sung by the world's greatest artists. Every month new Amberol Records are issued with the latest hits and new recordings of famous artists.

Go, listen to other phonographs and "talking machines" if you will—then come here and listen to the wonderful Amberola. Above all remember that the name and fame of the greatest inventor of the age guarantee its superiority.

Last but not least, Edison has succeeded in making this remarkable phonograph to sell at prices considerably lower than inferior "talking machines."

### 3 Days' FREE Trial

We will place an Amberola in your home for a 3 Days' Trial which will not put you under the slightest obligation or expense. Come here, select an Amberola and a number of records and we'll send them to your home. At the end of 3 days if you do not want the Amberola, we'll call and take it away. If you do want it, we'll arrange terms of payment to suit you.

### A PRETTY WEDDING.

A beautiful wedding was solemnized Wednesday morning at 11 o'clock at the Main Street Presbyterian church, the contracting parties being Mr. Herbert Craddock of Mayotown and Miss Genevieve Johnson of this city.

Mr. W. S. Beeson sang "Because" and Mrs. Tom Buchanan played the wedding march, and played softly throughout the ceremony.

The bride, costumed in dark-blue tricotine, with black lace hat and carrying a bouquet of bride's roses, entered upon the arm of her brother, Rider Johnson.

The groom, attended by his brother, Robert Craddock, wore the conventional black.

The bridesmaids, Miss Mary Johnson of Marshall, arrayed in white and pink and carrying sweet peas and ferns; Miss McElvaney of Denison, in yellow and carrying red roses; and Miss Hazel Andes, in green and silver and carrying sweet peas and ferns, came next.

The junior bridesmaids were little Misses Ira Mary Johnson and Alice Gentz, dressed in white and carrying clusters of sweet peas.

The flower girls, in white and silver, were Misses Ruth Young and Hazel Anders who scattered blossoms in the pathway of the bride.

The ring-bearer, Miss Martha Fuel, all in white, carried the ring on a pillow of white and gold.

The ushers were Messrs. Avery Barron and Herbert Schindler.

At the altar the bride's brother, Rider, gave her away, and her father, Rev. M. C. Johnson, pastor of the Main Street Presbyterian church, performed the ceremony.

The room was filled with relatives and friends of the young couple, and the heartfelt congratulations were many.

After a short honeymoon at Houston, Mr. and Mrs. Craddock will be at

home at Mayotown, where the former is engaged in business.

### WOMEN SMOKERS.

Chicago, Ill., Jan. 29.—A Chicago theatre today announced it has opened a smoking room for women. The manager said the women drove him to it. He said he found girls smoking in the washroom, boudoir and even in the lobby. Women smoke more cigarettes than men, the manager said.

### LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Doesn't hurt a bit. Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

### SURRENDER OF OFFENDERS CAUSES GRAVE CONCERN.

Berlin, Jan. 29.—An indication of the government's growing concern over the extradition of Germans accused of war offenses was given in a note sent the Allies Wednesday asking a revision of the Versailles treaty. The attempted assassination of Matthias Erzberger, minister of finance,

Monday is viewed in official circles as a precursor of what is likely to happen on a larger scale if the government, yielding to the Allies, appeals to force in arresting the men on the lists submitted by the Allies.

The driest place in the world is the region between the two lower falls of the Nile. Rain has never been known to fall there.

The Velvet tin is twice as big as shown here

### "No Rheumatics" is a Mighty Poor Reason for Wearing a Wooden Leg

**N**O sting or hot burnin' is a mighty weak-kneed recommendation for tobacco. But when tobacco is mild and cool, and yet as full of "fun" as a barrel of monkeys—well, that's another story—that's Velvet.

And 'cause why?

'Cause Velvet is brought up—not jerked up by the hair. It's raised as carefully as a favorite child. It's cured in the big fresh air. And it mellows away for two years in wooden hogsheads 'til it's smooth and rich as cream. The wonder would be if Velvet wasn't a whacking good pipe smoke.

"Let Nature mellow yo' tobacco an' that tobacco will show mellow yo' nature," says Velvet Joe. And he's pretty nearly right.

**N**ATURE-AGEING in the wood does more to make tobacco friendly than any camouflage you can cover it with—and don't you forget it. See, taste, smell, feel the "real tobaccoess" in Velvet. Why, you can almost hear it. Velvet's the tobacco you can judge with your eyes wide open and specs on.

There's a whole lot in Nature's way of making good tobacco better. And it's all in Velvet.

Here's to a full pipe and a friendly one.

*Lippitt's pipe tobacco Co.*

## -the friendly tobacco

Mr. and Mrs. G. A. Peterson returned from Timpson Wednesday.

Miss Ella Wallace of Cushing was in the city Wednesday shopping.

# CALOMEL

Calomel is a dangerous drug. It is mercury—quicksilver; and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work.

Take "Dodson's Liver Tone" Instead!

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

**FERTILIZER FOR 1928.**  
We have just received a stock of 16 percent Acid Phosphate and a full line of the celebrated Meridian Fertilizers, the best and most reliable known.

Rub-My-Tism is a pain killer. It relieves pain and soreness caused by Rheumatism, Neuralgia, Sprains, etc. 1-8-10w

The genuine Mebane Triumph, early variety cotton seed are for sale by Mayer & Schmidt, Inc. There will not be enough to go around. Come early if you want yours.

Married Thursday morning, at the parsonage of the First Christian church by the pastor, Rev. R. Emery, Mr. S. A. Hill of Houston and Miss Ella Grimes of Nacogdoches. Mr. and Mrs. Grimes will reside in Houston.

When you want the best Fertilizers ask for the Meridian and take no other. We have it in Cotton, Corn, Potato and Garden Fertilizers. Nacogdoches Oil Mill. 19-d&w3

J. P. Lovett, a former citizen of Nacogdoches, but who is now living in Livingston, was in the city Wednesday attending to business matters. Mr. Lovett said that everything down in his section was doing nicely, and that he, personally, was going to enjoy some fine fishing as soon as the weather permitted.

## You Must Use Fertilizer

Nacogdoches county needs a big Cotton Crop for 1928. She cannot make it by over-cropping, but fewer acres, more Fertilizer and intensive cultivation will do it.

You are throwing time away on most East Texas lands in trying to make Cotton without proper Fertilization.

We are agents for the "Old Reliable" MERIDIAN "RED BAG" Fertilizers and have it in stock at right prices. This brand of Fertilizer is too well known to say more of it than to mention the name. Those who have used it know what MERIDIAN "RED BAG" means. Let us supply you.

## NACOGDOCHES OIL MILL

"Buffalo Bill, where do you get saddles and pads for your Rough Riders?"  
From Waco, Texas, made by Tom Padgett Co.—Forty eight years in business—they don't hire your horse. (Padgett's ad has been carried by the Haltom papers for forty years.)

# Ford

THE UNIVERSAL CAR

There are more than 3,000,000 Ford cars in daily service throughout the world, and fully eighty per cent of these are Ford Touring Cars. There are many reasons for this, not the least of which is the simplicity in the design of the car, so easy to understand; likewise it is easy to operate; and mighty inexpensive compared to other motor cars. On the farm, in the city, for business and for family pleasure, it is the car of the people, and the demand is increasing every day. Let us have your order promptly if you want one.

Miss Maude Gaston of Mayotown was in the city Sunday visiting friends.

Bob Seale of Chireno was in the city Tuesday.

Lieutenant Harant left Thursday afternoon for Dallas to procure a speaker to appear before the chamber of commerce in the interest of the recruiting campaign.

The army recruiting station of this city continues to make big efforts in the great nation-wide recruiting campaign. The boys are soliciting all the time, and are reporting considerable success. Just now, Lieutenant Harant is very much interested over the nation-wide Essay contest which is to be written on "What are the benefits of an enlistment in the United States Army?" The lieutenant wants to get in touch with all of the schools in the county, and more especially with all the English teachers in the high schools. "This is one of the most interesting things, I believe, that has ever been my pleasure to deal with," said Lieutenant Harant Tuesday while speaking about the Essay contest. "Just think, if a student happens to be winner in the contest, he will have his expenses paid to Washington and back, and while in Washington the student will be the guest of President Wilson and other notable men." The lieutenant is getting in touch with all the schools as rapidly as possible, and he thinks that there will be a great response to the scheme in this county. Numerous valuable prizes have been offered in this city by prominent business men to the boy or girl in Nacogdoches county writing the best essay, and it is thought that more valuable prizes will be offered later on.

One lot mackerel, twenty-five to kit, worth \$1.90, SPECIAL this week at \$1.35 per kit. Goldsberry Bros. 5-3

### CHARLES ANGLIN GAINS EIGHTEEN POUNDS.

Was Almost A Physical Wreck Before Taking Tanlac—Feels Fine Now.

"About the luckiest day of my life was when I began taking Tanlac," said Charles E. Anglin, of 152 Beale Ave., Memphis, Tenn. "Several years ago," he continued, "while living at Jonesboro, Arkansas, I had such a terrible attack of acute indigestion that I came near playing out. My stomach was in an awful fix and I just had to be most careful about my food, and even then I suffered nearly every day. My trouble pulled me down in strength and weight till I was almost a physical wreck and had to quit work entirely. I couldn't eat or sleep to do any good and would roll and toss in misery all night long. The medicines I took gave me only temporary relief and I was soon as bad off as I was before, if not even worse. "My wife advised me to try Tanlac, as we had been reading so much about it, so I started on it and a few bottles of this medicine straightened me out fine. In fact before I had finished my first bottle of Tanlac I was eating anything I wanted and improved so much that I was soon back at work feeling all right. I picked up eighteen pounds in weight and my clothes were getting too tight for me. Tanlac is a wonder and I don't believe it has an equal in the world." Tanlac is sold in Nacogdoches by Stripling, Haselwood & Co.

### FRENCH MEMORIAL DIPLOMAS READY FOR DISTRIBUTION.

W. B. Bates, commander of Baxter Duncan Post, No. 86, of this city, sends the following, which came to him Tuesday from the assistant recruiting office at Dallas: "We have received the French Memorial Diplomas and will be prepared to deliver to you in a few days the ones that go to the nearest kin or friend in the territory covered by your Post."

Prof. H. H. Hall is reported to be very sick at his home with mumps and pneumonia.

### FOR RENT.

The Morgan Weeks farm at Cherino. One of the best farms in the county. 5-33dw. J. M. WEEKS.

Taylor Brantley of Broadspen spent Saturday and Sunday at the home of his brother, J. H. Brantley, in this city.

The army recruiting station of this city, under the supervision of Lieutenant Harant, is getting more active every day in the interest of the army, which is making just now a tremendous recruiting drive so that the ranks may be replenished with good, live, red-blooded men and boys. Each day sees more and more posters go up, and the "pep" that the force behind the move is putting in it is making all take notice. Lieutenant Harant hopes by keeping busy to be able to enlist 85 men from this district before the campaign is over. Several have joined already, and others are planning to join as soon as they can get their business arranged, enabling them to join without any restrictions, according to Lieutenant Harant.

### Are You Losing "Pep"

Do you feel tired all the time? Does your back ache? Do you feel that you are not so spry as you used to be? Foley's Kidney Pills tone up and invigorate the kidneys, banish backache, rid the blood of poisons. Rev. W. F. M. Swayndole, Macon Ga., writes "I am ready at any time to speak a word for Foley's Kidney Pills." Sold by Stripling, Haselwood & Co.

FOR SALE—Fifty acres of land, thirty in cultivation. Situated two miles from Woden. See L. J. Chisum, Woden, Texas. 8-1mdw

### DR. HARDEMAN DEAD.

Dr. H. A. Hardeman, whose illness has been noted in The Sentinel, died at 7:30 p. m. Tuesday at his home at Melrose.

Dr. Hardeman was one of the best-known physicians and most popular citizens of the county. From all sections of the county during his illness came anxious inquiries concerning his condition, and in every case these inquiries were coupled with profound respect and high esteem. As a man he deserved and enjoyed the good-will so freely bestowed, for he represented that high scope of worthy manhood—a Christian gentleman, a citizen without reproach.

For thirty-five years he was a practicing physician, and often administered as tenderly and successfully to a troubled mind as to a broken body.

He is survived by his wife, one son, Hal, Jr., who is in the United States navy; and two daughters.

Interment was made in the Melrose cemetery at 3 o'clock Wednesday afternoon, the service being conducted by his pastor, the Rev. Mr. Weimers of the Methodist church.

We sympathize sincerely with the stricken family in the great grief which has fallen upon them and with the Melrose community in the loss of so valuable, so kindly and generous a citizen.

### Dreadful Cough Corrected.

A severe cold is often followed by a rough cough for which Chamberlain's Cough Remedy has proven especially valuable. Mrs. F. W. Olsen, Marysville, Ohio, writes: "About two years ago my little boy Jean caught a severe cold and coughed dreadfully for days. I tried a number of cough medicines but nothing did him any good until I gave him Chamberlain's Cough Remedy. It relieved his cough right away and before he had finished taking one bottle he was cured. I think it is just fine for children." For sale by Stripling, Haselwood & Co.

District court meets Monday and at the present time the indications are that the docket will be the lightest in the history of Nacogdoches county. In fact, litigation and crime are growing less in this county all the time.

### Don't Neglect the Little Ones

Mrs. J. S. Pitson, 376 East 156th, Cleveland, Ohio, writes: "I can't speak too highly for Foley's Honey and Tar. When my little girl has a cold I give her Foley's Honey and Tar and that stops her coughing in a little while. Children like it. It contains no opiates. It is healing, soothing, prompt in action. Stripling Haselwood & Co. f

Ex-County Demonstration Agent Jas. D. Greer says the oil fever is getting greater and greater over the county, judging from the interest and enthusiasm the farmers everywhere have been manifesting the matter. Mr. Greer says that aside from the fact that the people's contentions that there is oil in paying quantities in Nacogdoches county might be correct, the proposition has a distinctly humorous side. People in one part of the county are convinced that their section has far better indications for oil, while the people of another part of the county just simply know that if oil is struck they will be the fortunate ones. Mr. Greer did not say what he thought about the oil prospects, but judging from the fact that he was talking about oil, one can draw conclusions. How many acres have you?

### That Terrible Headache.

Do you have periodic attacks of headache accompanied by sickness of the stomach or vomiting, a sallow skin and dull eyes? If so, you can get quick relief by taking Chamberlain's Tablets as directed for biliousness, and you may be able to avoid these attacks if you observe the directions with each package. Sold by Stripling, Haselwood & Co.

Sherrill Sullivan, who has been very ill during the past few days, was in no better condition Tuesday evening. Complained of a very severe pain in his lungs.

### You Can't Be Too Careful

Elsie O'Brien, R. F. D. 7, Vincennes, Ind., writes: "One bottle of Foley's Honey and Tar broke up my cold right away." It relieves coughs, colds, croup and whooping cough; clears the passages, soothes irritated membranes and stops tickling in the throat. Foley's is the original and genuine Honey and Tar. For sale by Stripling, Haselwood & Co.

### Better Be Safe Than Sorry.

Nearly everybody at some time or other suffers from back ache, sore muscles, swollen joints, rheumatic pains or other symptoms of kidney and bladder ailments. These may not be serious, but it certainly pays to be on the safe side. Foley's Kidney Pills strengthen and invigorate kidneys and bladder and help them do their work. Stripling, Haselwood & Co.

Mrs. Coke Murphey of Lukkin is in the city visiting her parents, Mr. and Mrs. Doughtie.

Just unloaded a car Smith's Best Flour. There is NO better flour and FEW as good. Only \$3.35 per sack. Goldsberry Bros. 3-3dlw

FOR SALE—Lot and two-story house on East Houston street and house and lot east of it. Mrs. A. A. Wortham, 994 College street, Beaumont, Texas. 8-36w1

### MANY CATTLE DROWNED IN ATTOYAC RIVER FLOOD.

The recent floods in the Attoyac river proved disastrous to cattle owners, reports placing the number of stock drowned at about 500 head. Among the heaviest sufferers were the Martin brothers of Martistville, of whom there are eight, all farmers. The afternoon before the water reached the danger line these gentlemen drove from the threatened area a large number of cattle, placed them in inclosures and supposed they were safe. But during the night the animals escaped and returned to the bottoms, where they were next day caught in the overflow and many perished. The Messrs. Martin located and skinned the carcasses of 75 head. This number represented a loss of approximately \$3,000.

### Getting Rid of Colds.

The easiest way to get rid of a cold is to take Chamberlain's Cough Remedy. This preparation has been in use for many years and its value fully proven. No matter what remedy you use, however, care must be taken not to contract a second cold before you have recovered from the first one, and there is serious danger of this. A man of middle age or older should go to bed and stay in bed until fully recovered. (It is better to stay in bed three days at the start than three weeks later on.) For sale by Stripling, Haselwood & Co.

Miss Sweeney and Miss Weaght have gone to the markets to select the coming season's millinery for their store, which will be closed during their absence. They will return next week.

### Sleeps Any Old Way Now.

"I am 50 years old and never was sick until 8 years ago when I got stomach trouble. I have spent a fortune for medicine which did not cure. I kept on suffering and getting worse. A fellow worker told me about Mayr's Wonderful Remedy. After taking three doses I felt like a different man; before taking it I could not lie on my back nor right side. Now I can sleep any old way." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convalesce or money refunded. For sale by Stripling, Haselwood & Co.

### Three Cars of lumber in a north-bound train.

Three cars of lumber in a north-bound train were derailed about a mile south of town Monday afternoon, delaying traffic several hours. There were no personal injuries, but the track was badly torn up for some distance.

### Indigestion.

Take a few doses of Chamberlain's Tablets as directed for indigestion, and you will soon forget about your stomach troubles. Try it. For sale by Stripling, Haselwood & Co.

### Indigestion.

Take a few doses of Chamberlain's Tablets as directed for indigestion, and you will soon forget about your stomach troubles. Try it. For sale by Stripling, Haselwood & Co.

### W. J. Campbell, a prominent farmer of Douglass, was a business visitor in the city Monday.

### SCHOOL CHILDREN TO COMPETE FOR ARMY ESSAY PRIZE.

All the school children in and around Nacogdoches are going to have a splendid opportunity of being one of the three that go to Washington to receive the medal awarded by the newspaper, "Come Back," the official organ of the Walter Reed Hospital, or a greater chance yet to win one of the local prizes that will be donated by different business men of the city.

Lieutenant Harant of the army recruiting station here is busy all day trying every available effort to get seven or eight prizes to be as rewards to the winners. When asked if he thought he would get them, the reply was very confident. Yes, it will be an easy matter, for all our local business men are very anxious about the results as well as deeply interested in the success of the campaign.

### The banks and firms that have contributed are the Stone Fort National Bank; a \$20 gold piece; Mr. Stripling, of the Stripling, Haselwood jewelry firm; a solid gold medal. Many more will be secured today.

The essay will be written in the rooms on Friday, February 20, from notes if desired, and cannot be over 400 words long, and all must be written on one side of the paper. The Democratic Army literature can be secured from Lieutenant Harant at his office. Call for it, it may help you win.

### Liquid Borosone is an efficient healing remedy for human or animal flesh. It cures a severe wound, sore, cut or scratch in the shortest possible time. Price, 50c, 60c and \$1.20. Sold by Stripling, Haselwood & Co.
