PHONES 56 AND 57

DEEP DRIFTS SMOTHER STREETS OF NEW YORK.

New York, N. Y., Feb. 11.—Another snowstorm hit New York Tuesday with all but a few of the principal streets already blocked by drifts.

An army of 14,000 men has been working day and night since Wednesday shoveling snow, but little headway has been made.

Most of Manhattan's surface car system was still out of commission Tuesday.

SUMMER AND WINTER ENLIST IN MARINES.

Wilkes-Barre, Pa., Feb. 10.—Joe J. Summer and Francis Patrick Winter enlisted on the same day in the United States Marine Corps here.

Summer and Winter present a striking contrast. Summer is only five feet, four, the minimum height for a Marine, and Winter is six feet, two, the maximum height.

Summer wants to be an athletic instructor, Winter plans to become a "sea-goin'" Marine.

ANARCHIST POISON NEEDS SWIFT, TRUE ANTIDOTE

Chicago, Ill., Feb. 11.—"I do not want to be an alarmist to any extent, or in any degree. I do not believe I have been carried off my feet by hysteria or excitement in these difficult days, but we might as well look facts in the face," said Attorney General A. Mitchell Palmer discussing the "red" peril now threatening the world.

"Never since this republic was founded has there been so serious a condition existing here in the way of open enmity and insidious attacks upon the institutions that we have come to love. For a great many years we had a sprinkling of anarchists in the United States. They drifted here from conditions in Europe that made it impossible for them to understand our knowledge of government and they proceeded to use the same forcible methods they had employed in the countries from which they were fugitives.

"The world war set loose many people who can not understand their freedom. They have come to this country, not seeking an asylum from religious or political repression, or with the idea of building themselves up and becoming Americans. They are here with the deliberate intention of breaking down our form of government. Our duty to real Americans is plain. If we can not educate these anarchists to appreciate their limitless opportunities in this country we must deport them. The government has an unquestioned right to defend itself and its loyal citizens. There are tens and thousands of these people, secret enemies of everything Americans stand for, working at the very heart of the nation."

TRADE CONFERENCE MEETS IN MEXICAN CAPITAL.

Mexico City, Feb. 11.—Two hundred delegates were present when the first United States-Mexico trade conference opened here today. Delegates to the conference, which is under the auspices of the American Chamber of Commerce in Mexico, included 125 American representatives and 75 executives of Mexican commercial and industrial firms. A special train carrying delegates from Texas and other Southern states arrived yesterday. Among the subjects to be discussed are the financing of Mexican exports, Mexican credits, banking facilities, trademarks in Mexico, sales methods and advertising, shipping and packing and real estate and mine titles.

LABORERS IN POLITICS.

St. Louis, Mo., Feb. 11.—With the object of electing laborers to political office, H. B. Perham of this city, former vice president of the American Federation of Labor and past president of the Order of Railroad Telegraphers has established the "Workers' Political Information Bureau."

The bureau's slogan is "Send working people to congress," and Mr. Perham explained the bureau would strive to foster political constructiveness. It will be nonpartisan, he emphasized.

Mr. Perham deplored the preponderance of lawyers in congress, and said the bureau would work to replace them with laborers.

Statistics compiled by the bureau show that of the 435 members of the house of representatives, 269 are lawyers—103 more than all the others combined.

The compilation follows: Real estate, 5; farmers, 7; merchants, 13; bankers, 15; manufacturers and publishers, 8 each; newspapers and pedagogy, 9 each; doctors, insurance and railroad engineers, 3 each; authors, financiers, horticulturists, iron workers, lumbermen, molders, and tanners, 2 each; advertising, coal, cattle-buyer, contractor, dentist, editor, fruit grower, glassworker, gas and electric, grain, hatmaker, miner, mine owner, minister, oil and gas, railroad conductor, railroad president, shipping, soldier and wholesaler, 1 each; and 269 lawyers. The bureau has no record of the private life positions of the remaining 49 members. However, Mr. Perham said, he had learned they were not of the legal profession.

SUGAR FUTURES TRADING RESUMED ON EXCHANGE.

New York, N. Y., Feb. 11.—Trading in sugar futures, suspended during the war, will be resumed on the New York Coffee and Sugar Exchange February 16, it was announced today.

TO PROMOTE CO-OPERATION.

Cleveland, Ohio, Feb. 11.—The All-American Farm, Labor and Co-operative Association will hold a congress in Chicago Feb. 12-15 with approximately 300 delegates attending to consider plans to unite all co-operative agencies, retail, wholesale, manufacturing and farm producing, in an effort to promote direct dealing between the farmers and consumers in order to reduce the high cost of living. Warren S. Stone, grand chief of The Brotherhood of Locomotive Engineers and treasurer of the association announces.

Delegates representing progressive farmers' organizations, Nonpartisan League and labor organizations have been invited to be present.

Railroad transportation brotherhoods have no official connection with a movement of railroad shop craft seeking to solve the high cost of living problem through co-operative buying, production and distribution, according to the chiefs of brotherhoods of engineers, firemen and trainmen located here. Members of these organizations may be connected with such movements in different places but it is entirely a local and individual matter, entirely without the brotherhood's official support.

FOUND DEAD IN BED.

Eagle Pass, Texas, Feb. 10.—Robert M. Dowe, formerly sheriff and once collector of the port here, was found dead in bed today.

SITUATION VERY GRAVE SAY ADMINISTRATION OFFICIALS

Washington, D. C., Feb. 11.—Director General Hines will make answer to the wage demands of 2,000,000 railroad workers on his own responsibility and from the standpoint of the railroad administration and will then report to the president, it was said at the White House today. President Wilson then will approve or disapprove the decision. Heretofore the president generally passed upon wage decisions before the railroad administration's answer was given union representatives. In view of the urgent demand of the trainmen and the strike call issued by officers of the railway unions, both the railroad administration and White House officials regard the situation as extremely grave.

WILLS LAND TO SAYIOUR.

Moberly, Mo., Feb. 11.—A deed of trust, turning over to Jesus Christ 120 acres of Randolph county land near here, has been found in the Randolph county courthouse. It was made 70 years ago by Mr. and Mrs. John Wright, who were said to have been very pious.

After the couple's death, their descendants continued to live on the land and have never contested the instrument. In part, it follows:

"This indenture, made and entered into this 6th day of June, A. D., one thousand and eight hundred and fifty, between Johnson Wright and Eliza Jane, his wife, of the County of Randolph, and State of Missouri, of the first part, and the government of the chief administrator, King Righteousness the Son, the Fountain of Life, to the General Assembly and church of the first born which are written in heaven, and to God, the judge of all, and Jesus, mediator of the new covenant, and to the blood of sprinkling that speaketh better things than that of Abel, because he died for us." Continuing the deed describes the tract.

WOULD SHOULDER BLAME

Amsterdam, Feb. 10.—Former Crown Prince Frederick William of Germany has offered to give himself up to the Allies in place of the hundreds of Germans demanded for extradition, according to a telegram purporting to have come from him and published in the Handelblad.

SEE LITTLE HOPE OF AVERTING RAILROAD STRIKE

Detroit, Mich., Feb. 11.—Officers of the Brotherhood of Maintenance of Way Employees professed to see little hope today of action by the railroad administration at Washington that would avert the strike called for February 17.

MEXICAN OIL PRODUCTION

Laredo, Texas, Feb. 11.—Mexico's supply of petroleum, "if worked thoroughly," would be greater than the entire production of the United States, according to the Mexican department of industry and commerce, as quoted by the Mexico City newspaper Excelsior.

"The potential production of Mexico is practically 2,000,000 barrels daily," the newspaper continues, "and the exportation of petroleum last year was 50 per cent greater than the previous year." The value of that exported last year was \$457,887,421, on which tax of \$4,700,000 was collected, the paper adds.

From January to November, 1919, twenty-seven new wells were "brought in" from forty-three drillings in Mexico's oil fields, the newspaper says, and those wells have a potential production of 462,557 barrels daily.

The Excelsior also reported new mining activity in the state of Chihuahua "due to the absence of the bandit, Villa, from that state." Many new locations are announced, and the old locations are being worked, with prospects "for a great year of prosperity, chiefly on account of the high price of silver."

FLETCHER RESIGNS.

Washington, D. C., Feb. 11.—President Wilson reported the resignation of Henry P. Fletcher as ambassador to Mexico.

NEAR-CLASH BETWEEN MEXICANS AND AMERICANS.

Nogales, Ariz., Feb. 10.—A clash between Mexican customs guards and Americans was narrowly averted last night when a Mexican bystander was shot and seriously wounded by United States military police firing at an escaping prisoner. Instantly the wildest excitement ensued and business men across the line commenced closing their stores in expectation of serious trouble. Civil and military authorities, both American and Mexican, co-operated in bringing about an understanding.

PARLIAMENT OPENED WITH TRADITIONAL PAGEENTRY

London, Feb. 10.—London today witnessed for the first time since 1914 the ancient ceremony of state at the opening of parliament with all its traditional pageantry. King George, Queen Mary and the Prince of Wales proceeded from Buckingham palace to Westminster in the state carriage, escorted by the mounted Life Guards. The royal party was received by the members of the two houses of parliament in the house of Lords, where King George read his speech from the throne.

Serious consideration of the economic conditions prevailing throughout the country was urged by the King in his speech. He counseled patience in the passage of far-reaching reforms which, he said, are necessary to meet the abnormal conditions.

HE'S A GOOD BANDIT.

Juarez, Mex., Feb. 11.—Jesus Rodriguez, rebel leader who has been operating in the vicinity of Jiminez for the past three years, has been killed by members of the Efensa Social (Home Guards), according to newspapers of Chihuahua City. Rodriguez' body was brought to Jimmiez for positive identification, it was stated.

OKLAHOMA REPUBLICANS.

Oklahoma City, Okla., Feb. 11.—Four delegates at large to the Republican National convention in Chicago and a national committeeman are to be selected by the Oklahoma Republican State convention which met here today. The candidates for committeeman are Jake Hammon of Ardmore and John Embry of Oklahoma City. Interest today centered upon whether the Oklahoma delegation would be instructed regarding presidential candidates.

LEAGUE FORMALLY OPENED.

London, Feb. 11.—The council of the League of Nations formally opened its meeting today. Arthur Balfour, representing Great Britain, assumed the chair on the suggestion of Leon Bourgeois, the French representative.

NO PLACE FOR BILLY.

Harrisburg, Pa., Feb. 11.—"When Bill was in the army I always knew where he was and didn't worry about him, but now that he's discharged I can't keep track of him at all. Come and get him for your old army again." So writes a Dauphin county wife to Colonel Kemper, the recruiting officer here.

A recruit's a recruit, and recruiting is the colonel's business, but he just couldn't find a place for Bill in the new, democratic peace-time army. It isn't that kind of an army these days.

So, William Henry Harris, the most interested party, who wasn't consulted at all by either wife or recruiting officer, will have to remain on the inactive list of the Husbands' Reserve Corps.

FRIGHTFUL SLAUGHTER.

London, Feb. 11.—A wireless dispatch says that when the transport patch from the Moscow soviet government "Karantin" with officers, officials and their wives and children aboard numbering 1,400, left Mariupol on the approach of the bolshevik volunteer army, incensed at being left behind, fired on the ship, which sank with all on board.

OIL LAND LEASE BILL.

Washington, D. C., Feb. 11.—Enactment of the oil land leasing bill was completed today with the adoption of the conference report by the senate. The bill now goes to the president.

Spring Arrivals

Every day sees boxes and packages of new Spring garments and Millinery arriving at our store--so the place is fairly displayed with distinctive originations.

Spring Suits

Beautiful New Spring suits for women and misses in which shorter jacket lengths dominate. Eton and pony jackets share honors with coats with belts and rippled peplums. The skirts are both plain and pleated of conservative fullness and decidedly shorter. Trictones, Poiret Twill and Serge strictly tailored, or with rich silk braids. And the prices are reasonable.

Spring Dresses

Handsome Spring Dresses for street and semi-dress wear are here in profusion. Taffetas are especially in demand and we are showing some exceptionally clever models. Be sure and see them

Spring Millinery

A wonder display of Trimmed Hats greets you in our Millinery section. Hats designed to give that smart piquant grace and charm. Don't forget to visit this department.

Mayer & Schmidt, Inc.

CLASS PREJUDICE.

If there is one thing above another which ought not to exist at all among intelligent people it is class prejudice, and especially is this true here where one man is as good as another if he behaves himself. Class prejudice never got anybody anywhere yet, and never will, and the more you give it thought the less use you will have for it, if you are a sensible person.

The capitalist, the employer of labor and the man of affairs generally, on the one hand, and the workingman, he who toils and produces, on the other, should be the very best of friends, for the very simple reason that each needs the other. Their interests should be identical, and there is every good reason why they should be friends and no good reason on earth why they should not. And the only reason they are not, at times, is that such foolish things as class prejudice enters in and a thoughtless, hot-headed minority sometimes says and does things which they wouldn't if they would take time to study it over.

Each side has rights which the other should respect. In the interest of general harmony each must occasionally make some concessions, and those concessions should never all be on one side.

Occasionally there is a man of wealth and prominence who looks upon a workingman as beneath him, a sort of under dog who was made for nothing else but to grind and toil and do what he is bid, but that sort of man is in the minority. The vast majority of employers of labor think differently, and realize that all reasonable rights of labor must be respected in order that labor may produce the best results. Also, occasionally, here and there one runs across a laboring man who thinks wealthy people should be burned at the stake, or boiled in oil, or something nice and pleasant like that, but that sort of man is also in a vast minority. The bulk of the toilers realize that it takes money and executive ability to furnish employment for the laborer, and that it is barely possible that a man may be rich and still be more or less honest. So we have the extremists on both sides, and they stir up things and often make it disagreeable for all parties concerned.

We have talked to hundreds of workers during the past few years, and find them as a general rule disposed to be as fair and square a set of men as one can find anywhere in America. A great many of them are broadminded and fairly well educated, even if they do wear overalls and get grime and grease on 'em. We have also talked with many men who employ labor, and the majority express sentiments toward labor which are a credit to them. Only occasionally do you find one who is disposed to be unfair, but occasionally you do find one, and when you do he is as onery as a polecat.

A woman's idea of close economy is to have her husband quit smoking.

Some of the dead ones manage to avoid the undertaker for quite a while.

One often wonders why it is necessary to read minutes of the last meeting.

Whether she is brave or not, a woman always shows a lot of backbone at a party.

They call this a civilized age, but some of the females of the species still wear their hats at the picture show.

The most careful research work is done by a man who has run out of tobacco at home after it is too late to go down town.

Anyway, a bachelor doesn't have to waste any time arguing about which suit of underwear he shall have to put on.

Custom compels a loser to congratulate the winner, but there never was a loser in the world that felt that way about it.

A jazz sextet played on a phonograph leads one to wonder how many tin cans the fox had tied to his tail when trotting.

We not only loop loops in airships, but can now talk by telephone to trains far distant and going sixty miles an hour. Makes a fellow feel sort of woozy to think of all these things. Here, boys; go out and call up Mars and see what print paper is worth there today.

Chamber of Commerce Has Big Meeting Friday Night

Promptly at 7:30 o'clock Friday night the court house began filling with enthusiastic Nacogdoches citizens, and by 8:30 o'clock it is estimated that approximately 600 people, men and women, were present. Every one was there with a smile on their face, and with a genuine desire to do everything to help make the meeting a great success.

The program started by the local band giving a good account of themselves by playing a snappy, up-to-date air which quickened the pulse of every Nacogdoches loving man and woman present. After this was rendered, upon the request of the president of the club, all stood up and sang "The Star Spangled Banner," accompanied by the band. At the close of the national anthem, a prayer was offered by Rev. R. Emery, who prayed that the molders of all destinies would mold the sentiment of all Nacogdoches for the having of a better town and surrounding country, and for an increase of a genuine civic spirit.

A. A. Seale then spoke a few words, saying that the chamber of commerce had been paid the highest compliment. "It is a distinct compliment to the Nacogdoches Chamber of Commerce to see all of your happy faces present at this, one of its greatest meetings," said Mr. Seale. "It looks as if old Nacogdoches has aroused herself from her lethargy and resolved to do something." Mr. Seale then notified the chamber of commerce that Judge S. W. Blount had some mighty interesting things to say concerning some of the proposed plans with reference to the city.

Judge Blount spoke with very great earnestness. For fully twenty minutes he explained how Nacogdoches could be enlarged, and how her city government could be changed.

"But elaborate plans, lots of music, and big meetings do not get us anywhere," Judge Blount said. "What we must have is money to enlarge the town. And do you know how this must be done? It can be done in two ways. One by increasing the tax rate, and the other by taking in adjacent territory. A town of less than 5000 or less inhabitants can not have more than 4 square miles of territory, but of course Nacogdoches has more than that number." Judge Blount then explained that the people of any adjacent territory could join on to Nacogdoches simply by having an election in their locality, getting a majority, then having the city aldermen to record the fact; then the territory would automatically become a part of Nacogdoches. Mr. Blount further explained that if there was any person in the annexed locality rebelling against the majority, the strong arm of the city could reach out and bring that recalcitrant person to terms. The judge then dwelt at a considerable extent on the aldermanic and commissioner forms of city government, explaining the advantages of each, so that the people present could compare their relative merits. At the close of his speech, Judge Blount said he was behind every movement that would be for the betterment of the town and its upbuilding. He was loudly cheered at the close of his address.

Mr. Seale introduced to the chamber of commerce a distinguished visitor, a representative of the Galveston News, Mr. Alvin F. Jones of Houston. Mr. Jones responded with a short talk with which he expressed his appreciation of Nacogdoches, and praised the civic spirit of the city. He suggested a farm loan to be raised in the city for the benefit of the farmers. Mr. Jones said that he had seen the farm loan fund plan work in other places successfully, and he believed the plan could be made to work successfully in Nacogdoches. He won the admiration of all present because of his unassuming ways, quiet demeanor and becoming self-control. He was loudly cheered at the conclusion of his remarks.

W. B. Bates was the next speaker, Mr. Bates spoke in the interest of the American Legion. He called attention to the fact that the legion was organized about the same time the chamber of commerce was organized. He explained that the Legion had a special fund which it was now raising to use in increasing the comfort of the wounded ex-soldier boys who are in the United States suffering from their disabilities.

He said that the Nacogdoches Chapter of the Legion was subscribing to the fund liberally and that the Legion would appreciate any outside help. Mr. Bates then called attention to the fact that on Feb. 22 some beautiful pamphlets coming from the French government would be distributed to the nearest kin of the boys who made the

supreme sacrifice during the war. Forty one boys died while in the service, according to Mr. Bates, and to the nearest kin to these boys, these pamphlets would be distributed on the 22nd of February at the big meeting which everyone was cordially invited to attend. He then complimented the public spirit of the city, saying their presence at the meeting was a sure sign of their patriotism, and stating that he could be depended on to stand by the city in any progressive measure that it might want to inaugurate. Mr. Bates was loudly cheered at the conclusion of his speech.

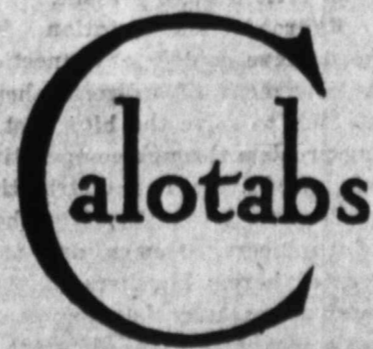

Mr. H. L. McKnight, secretary of the chamber of commerce, had some interesting things to say. He spoke for fully half an hour, praising and criticizing the city in turn. He said that he was hearty accord with any plan to increase the size of the city, and that as far as the increasing of the taxes was concerned, people should bear in mind that anything worth while costs money. Mr. McKnight seemed to be very much interested in beautifying what he termed the front yard of the city, the depot grounds. He said a city was judged by the care it took of its depot grounds, and that the depot grounds of Nacogdoches could be made very beautiful with a little work. He then took up the rural problem. Mr. McKnight seems to be deeply concerned over the rural problem, saying that he is not alarmed, but that he is in desperate earnest over the situation. "The town must work in connection with the county if both wish to prosper," he said. "The people in the rural districts are suffering from social starvation," he continued, "and something must be done to relieve the problem." Mr. McKnight caused a ripple of laughter when he said, while speaking about the rural matter, that he believed in the rock of ages but that he also believed in gravel highways! He was cheered vigorously. At the conclusion of his speech, Mr. McKnight said that he had the interest of the city deeply at heart, and that he was going to do everything in his power to increase the prosperity of Nacogdoches and adjacent territory. He said that the chamber of commerce must have the help of every loyal Nacogdoches citizen in order to do all the things that it had in mind.

Mrs. Geo. H. Matthews made a very impressive talk on the city beautiful. She called attention to the fact that the school grounds, the churches, the homes of Nacogdoches must be beautified. Mrs. Matthews said that a civic league among the women should be organized to help the chamber of commerce. She further said that it was going to take money to put over some of the plans of the city, but the plans were worth money. Mrs. Matthews was applauded vigorously.

Mrs. Lamar Acker in her talk fully agreed with Mrs. Matthews about beautifying the city. She said that there were many things around the city that could be improved by the use of a little money and work. Mrs. Acker called attention to the present condition of the school grounds, and said that condition should be remedied. Supt. R. F. Davis quickly cheered her for the remark.

Mrs. J. C. Harris made a brief talk in which she betrayed some very deep feeling in the interest of the city. She said that a mother's rest room should be established in the city for the benefit of the mothers who came to the city to trade. Mrs. Harris said that the present situation made it very hard for visiting mothers, because

To abort a cold and prevent complications, take

The purified and refined calomet tablets that are nausealess, safe and sure. Medicinal virtues retained and improved. Sold only in sealed packages. Price 35c.

WHEN you see this famous trade-mark, think a minute! Think of the delicious taste of a slice of fresh toasted bread!

That's the real idea back of the success of Lucky Strike cigarettes. Toasting improves tobacco just as well as bread. And that's a lot.

IT ISN'T YOUR TOWN, IT'S YOU!

If you want to live in the kind of a town... Like the kind of a town you like, You needn't slip your clothes in a grip And start on a long, long hike. You'll only find what you left behind, For there's nothing that's really new It's a knock at yourself when you knock your town, It isn't your town—it's you. Real towns are not made by men afraid Lest somebody else gets ahead. When everyone works and nobody shirks You can raise a town from the dead. And if while you make your personal stake Your neighbor can make one, too. Your town will be what you want to see. It isn't your town—it's YOU! —Clipped.

FOR RENT. The Morgan Weeks farm at Cherino. One of the best farms in the county. 5-3d3w J. M. WEEKS.

FEDERAL LOAN BANKS SUSPEND FURTHER LOANS

Washington, D. C., Feb. 5.—Further loans from federal loan banks have been suspended until the constitutionality of the farm loan act is determined by the United States Supreme Court. Instructions have been sent to farm loan representatives by Commissioner Morris, who explained that the order did not affect loans for which applications are already received, but shuts off new applications.

The average man doesn't begin taking care of his health until he hasn't any health to take care of.

M-m-m! Vegetables Fresh From My Garden!

DID you ever know anyone, who once raised a good garden, to say it wasn't worth while? A Vegetable Garden affords enjoyment and recreation for every member of the family in addition to its fresh food supply.

Vegetables always taste better just off the vines or just out of the ground. Utilize the available land near you this summer and be sure of a fresh supply of radishes, lettuce, carrots, beets, turnips, beans, peas and all the other delicious vegetables you like so well.

Good soil, sunshine, good seeds and enjoyable effort are all that are required for a successful garden. The seeds are frequently given least consideration. This year decide to plant the best seeds you can get—select them from Northrup, King & Co.'s convenient seed case at your dealers. Practical cultural directions are printed on the back of each packet.

EASES A COLD WITH ONE DOSE

"Pape's Cold Compound" then breaks up a cold in a few hours

Relief comes instantly. A dose taken every two hours until three doses are taken usually breaks up a severe cold and ends all the grippe misery. The very first dose opens your clogged-up nostrils and the air passages in the head, stops nose running, relieves the headache, dullness, feverishness, sneezing, soreness and stiffness. Don't stay stuffed-up! Quit blowing and snuffing! Clear your congested head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

FOR RENT—Forty to 60 acres real good land, fairly good house and plenty good water. See S. C. Gross, Trawich, Texas. 20-w2tp

G. W. Garrett and Mrs. Minnie Moore of Garrison were married at 3:30 Thursday afternoon by Justice Frank Huston in his office at the courthouse. The contracting parties are well-known residents of Garrison, where they will make their home.

Lynn Hanks of Trinity was in the city Saturday.

A. E. Appleby was in the city Saturday trading.

John Commander of Appleby was in the city Wednesday.

Mr. S. L. Wilkerson of Priarie Grove was in the city Saturday.

Sam Arthur of Shady Grove was in the city Saturday trading.

Mr. Frank Gaston of Oak Ridge was in the city Saturday.

Ruben Welch of Oak Ridge was in the city Saturday visiting friends.

Better get your Mebane Triumph, early variety, cotton seed at once. We have only a limited quantity and there is not enough to go around. Mayer & Schmidt. 8-wif

H. K. Barrington of Swift was in the city Saturday trading. Mr. Barrington said that active farming preparations were going on in his community.

Mr. and Mrs. H. M. James received a telegram that their daughter, Elizabeth, who is in Shreveport, La., taking training as a nurse, was married Sunday, the 8th. The message did not convey the name of the groom.

The genuine Mebane Triumph, early variety, cotton seed are for sale by Mayer & Schmidt, Inc. There is only a limited supply and you had better get yours quick. 8-wif

Rub-My-Tism is a powerful antiseptic; it kills the poison caused from infected cuts, cures old sores, tetter, etc. 1-8-10w

BASKET-BALL CHAMPIONSHIP LOST TO CENTER TEAM.

Nacogdoches was the host Saturday of the Center and Oak Ridge basketball teams, respectively. Both teams came to the city claiming the championship of East Texas. A warm game ensued, in which the Centerites were defeated. In the first half of the game the Centerites made four scores and Oak Ridge eight. In the last half of the game the Center team was overwhelmed by the superior work of the Oak Ridge players. At the close of the game the score stood 26 to 9 in favor of Oak Ridge.

This game makes the Oak Ridge team the champion of East Texas basketball. It is understood the Oak Ridge team will play Houston Heights at Houston before the close of the season.

The Oak Ridge players were: Earl

Smith, Max Grimes, forwards; Bernice Shofner, center; Scott, Parrish, guards.

The Center lineup was: Forrest Runnels, Larien Outs, forward; Forrest Cooper, Clyde Roberts, outs; Leo Limons, center.

Henry Randall and Blum Coleman, negroes, engaged in an altercation Saturday night in the Sandhill community, the result of which was that Randall attacked Coleman with a cedar club. Coleman died Sunday night from the effects of the assault and Randall was arrested and jailed Monday morning. Randall had served a term in the penitentiary for murder.

Elisha Grimes of Oak Ridge was in the city Saturday to see the big basketball game between the Centerites and the Oak Ridgers.

"KILL-JOYS"

Constipation, Headache, Colds, Biliousness ended with "Cascarets"

Nothing takes the joy out of life quicker than a disordered liver or waste-clogged bowels. Don't stay sick, bilious, headachy, constipated. Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, your breath bad and stomach sour. Why not spend a few cents for a box of Cascarets and enjoy the nicest, gentlest laxative-cathartic you ever experienced? Cascarets never gripe, sicken or inconvenience one like Salts, Oil, Calomel or harsh pills. They work while you sleep.

L. A. Legg of Eden was in town Monday.

The Velvet tin is twice as big as shown here

There's a World of Solid Comfort In the Rich, Red Tin

YES, sir, we mean that same warm red and gold tin that smiles a welcoming "Howdy" to you in every tobacco store. Know what those colors mean?

The red is for the friendly warmth, the mellow cheeriness, that Velvet puts into your old pipe. And the gold is where the Kentucky sunshine, that ripens good old Velvet, has just sort of soaked through.

Remember what Velvet Joe said about it?

"You've met canned meat and canned music. Ever see any tinned sunshine? Well, look into any Velvet tin."

And think this over:

We don't have to hide Velvet's taste or smell with a lot of this, that and the other thing. Because Velvet has naturally what pipe smokers want—real simon-pure tobacco taste and fragrance. It's just good, honest Kentucky leaf, made still more friendly and mellow by two years' ageing in wooden hogsheads. Just good tobacco. That's all. But it's mighty near enough for the man who wants a pipeful of tobacco and not a box of bon bons.

The picture of a pipe on the tin needn't keep you from rolling a jim-dandy cigarette with Velvet.

How's the Velvet holding out in your old red tin?

Liggett & Myers Tobacco Co.

—the friendly tobacco

WEEKLY SENTINEL

BY GILES M. HALTOM

FEDERAL AID TO SOLDIERS.

In almost every community in the United States there is a discharged soldier, sailor, marine, or war nurse, suffering from some injury, or ailment, which dates back to service with the fighting forces.

Often this injury or ailment has made it hard or impossible for them to fit in where they did formerly. They are handicapped and need help; not charity, but mental and physical reconstruction. In many cases such people unfortunately keep their troubles to themselves. They are reluctant to seek aid or advice, for fear their friends might consider them weak. Possibly you know such a person.

If you do, encourage him to take his troubles to the government. The war risk insurance bureau and the United States public health service are especially anxious to get in touch with such individuals. The public health service has set up a chain of reconstruction bases throughout the country for beneficiaries of the war risk bureau. These are not army hospitals nor is there army discipline in connection with them, but rather a system of hospitals similar to the general hospitals in large cities except that the treatment is free and goes much further than in the ordinary hospitals.

Recreation, vocational training and wholesome entertainment are combined with treatment. While men are being bodily rebuilt they have the opportunity of learning some useful occupation, or pursuing academic studies. They are taught not only to find themselves, but to better their conditions. The environment is as homelike as it is possible to make it.

A great many men who went into the army have developed tuberculosis and other diseases requiring special treatment. The public health service has separate hospitals and sanatoriums for these patients, where they may get the best treatment known to medical science.

A large number of soldiers are not yet aware that the government offers them free treatment. Please tell them.

The doctors are using their scalpels on Candidate Neff.

Food prices are so high it pays to have stomach trouble.

If it wasn't for human nature every person would be kind and charitable.

Newspapers are unpopular for two reasons. Sometimes they don't tell the truth, and sometimes they do tell it.

The German ruling classes have the instincts of the barbarian, the venom of the rattlesnake and the easy conscience of the devil-fish.

Now that the booze joints have been closed, we may figure that fewer wives and mothers will have to take in washing for a living.

Every time we see a rich woman toting a poodle dog around in a limousine we feel less severe with the socialists and begin to make excuses for them.

To become a great musician one has to have an unpronounceable name. Why is it that Smith, Jones, Jiggs and Brown can do everything except sing and fiddle?

The man who is fairly industrious during the daylight hours, and loves his family and his own friends, doesn't worry much about laws that curtail personal liberty.

Coal is scarce in the east, but ice water is plentiful. There will also be plenty of coal next summer when warm weather sets in, and then the ice will come high.

The dispatches note that a party died in San Francisco from over exertion and too strenuous exercise. We can see right now where we have got to quit writing these editorials.

Trials and executions of death sentences continue without abatement in Belgium and France, the victims being those who reasonably aided the enemy during the war.

Washington, D. C., Feb. 11.—Robert Underwood Johnson of New York, author and editor and one of the founders of the League to Enforce Peace, has been selected by President Wilson as ambassador to Rome to succeed Thomas Nelson Page, resigned.

STOCK COMPANY FAVORED TO TAKE OVER SENTINEL.

Nacogdoches, Texas, Feb. 9, 1920

To The Sentinel: I have been told that my suggestion of a "Stock Company" as the means of a bigger daily paper for Nacogdoches made in the course of a five minute talk before the chamber of commerce mass meeting last Friday night was construed by some as an unfriendly thrust at the "Daily Sentinel."

This is far from true. What I had in mind was that the "Sentinel" as a stock company could increase its capital, enlarge its dimension, extend its circulation and widen and stimulate the public interest in its welfare, thereby making a bigger "Daily Sentinel" for Nacogdoches.

This plan is favored as a means of making possible larger daily papers for the smaller progressive cities.

Towns are largely estimated by their daily papers. It requires a large capital to conduct a good, big newsy paper and the stock company plan is now regarded as the practicable plan for daily papers.

The suggestion is prompted by a most friendly impulse on my part, both for the Sentinel and for the good of Nacogdoches.

With all good wishes, both for the Sentinel and Herald and the hope that our good old city may grow and prosper by an added citizenship as good as that we now have, I am,

Sincerely,
JUNE C. HARRIS.

I was at the meeting and heard Mr. Harris' remarks. I understood his meaning and did not construe what he said as unfriendly. In fact, the only possible way to carry out his suggestion would be through the stock company plan. I have fought the battles of a small city daily more than twenty years and know the plan suggested by Mr. Harris would come nearer reaching a "bigger daily" for Nacogdoches than I can possibly promise, singlehanded. If the business men and citizenship desire to carry out this suggestion I shall not stand in the way.

G. M. HALTOM.

LABOR UNIONS TO TAKE BIG HAND IN POLITICS.

Washington, D. C., Feb. 7.—Plans for the most aggressive and general campaign ever waged by the American Federation of Labor were formulated at a meeting yesterday of the general committee, composed of the executive council and the heads of the departments of the federation. It was said officially the campaign in connection with the general elections in November would be aimed at members of congress or candidates unfavorable to labor and unfriendly candidates for president, governors and members of state legislatures. Every member of the house or senate offering himself who is unfriendly towards organized labor will be opposed for re-election by the labor vote, which federation officials placed at four million.

THREE DEAD, SIX INJURED IN BATTLE WITH NEGRO.

Pine Bluff, Ark., Feb. 6.—Three dead and six injured is the toll taken in a battle last night between possemen and George Vick, a negro, who barricaded himself in a house after he had killed Detective Lynn. Mrs. Sam Soltz, aged 65, a spectator, was killed by a stray bullet while standing two blocks away. Vick was killed by a fusillade of shots when he emerged from the house, which the posse had set on fire.

HE WANTED A GOOD HOME.

After a meeting of one of the Legion post two members were discussing matrimonial affairs. "Did you know, Buddy," said one, "I came near being married not so long ago."

"Yeh?"
"After I had proposed and had been accepted," said the first "x-buck," "she asked me if she would have as good a home after we were married as she had then. 'I don't see why not,' I said. 'You don't expect to move do you?'"
"As a result, I am still a bachelor."

TOLL OF FOREST FIRES.

Calumet, Mich., Feb. 11.—Forest fires in the upper peninsula of Michigan last year cost \$302,963 and the cost of extinguishing them was \$37,396, according to the state, fish, game and forest fire commission. The loss for the whole state is given as \$406,855, showing that three-fourths of the fire damage done was in the upper peninsula.

C. OF C. ENTERTAIN GALVESTON NEWS CORRESPONDENT.

The Nacogdoches Chamber of Commerce Friday afternoon took Mr. Alvin F. Jones of Houston, representative of the Galveston and Dallas News, over the city, showing him all the wonders of the grand old town in East Texas. Every part of the city was visited, practically, and many things of historical interest were discussed. Mr. Jones is getting data together to write a feature story on the city which will appear in some Sunday edition of the Galveston News. One of the many things getting the genuine attention of Mr. Jones was the big Frost-Johnson lumber mill. Mr. Jones was visibly impressed when he saw the mighty logs reduced almost at a single stroke into pieces of lumber. He said that he was a live-stock enthusiast and took much pleasure in examining the fine cattle belonging to Mr. Eugene H. Blount. The party accompanying Mr. Jones were: Captain Lee, who furnished a big seven-passenger Nash car; J. J. Greve, Tom Baker, Elmer Summers, Secretary H. L. McKnight and Blum Mast.

Speaking of the people of Nacogdoches, Mr. Jones said: "Undoubtedly they are the most hospital people I ever met. I have certainly spent a very pleasant time here, indeed."

He left Saturday for his home in Houston.

NECROLOGICAL.

Elias Vanzandt, Fort Worth, Texas, Feb. 11.—Elias Vanzandt, aged 38 years, vice president of the Fort Worth National bank, died of pneumonia today. He was a son of General K. M. Vanzandt, commander in chief of the Confederate Veterans, and a brother of R. L. Vanzandt, governor of the Federal Reserve bank of Dallas.

Jack Hall.

McKinney, Texas, Feb. 11.—Jack Hall, district manager for the Texas Power & Light company, died of pneumonia today. For several years he was clerk in the state senate.

Lewis Hancock.

Austin, Texas, Feb. 11.—Lewis Hancock, prominent capitalist and member of one of Austin's leading families, died of heart failure today.

UNIQUE PAVING SCHEME

Laredo, Texas, Feb. 11.—Nuevo Laredo, the Mexico town opposite this city, has inaugurated a new plan to increase its paving fund.

Hereafter, it has been officially announced, light vehicles, such as buggies and carriages, will be taxed 10 cents upon their arrival at the Mexican end of the international bridge. Drays, trucks and automobiles, will be taxed 20 cents, it is said.

Traffic over the bridge from Laredo is heavy and the Mexican municipal authorities expect to realize a considerable sum under the new system. The plan is causing much dissatisfaction among Laredo business men, who declare Nuevo Laredo is dependent financially almost entirely upon Laredo.

MURDEROUS WAR STAGED AMONG CHICAGO FEUDISTS.

Chicago, Ill., Feb. 5.—War among Chicago's gunmen and labor union feudists to avenge the murder of Maurice Enright, chief and leader of the gunmen, today hinged upon police efforts to apprehend and hold the suspects before the dead man's friends fund them and cancelled the score in their own fashion.

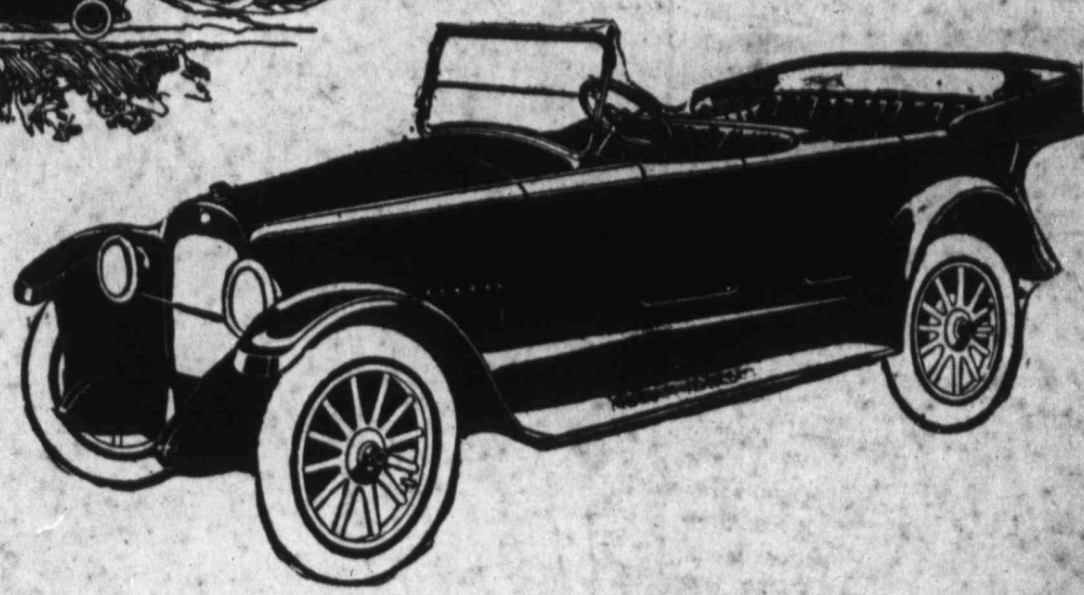

War and wholesale murder are imminent, the police said. There probably will be ten more killings before the murderer is caught, the chief of police declared. Enright's fate was decided many weeks ago, and gunmen shadowed him until Tuesday night. He was the twenty-third victim of Chicago's labor feuds.

NOTICE TO WITNESSES.

This is to advise all witnesses in ordinary felony cases who have been summoned at a previous term of district court to be in court Monday, February 23, 1920, at 8:30 a. m.

By order of Hon. District Judge, R. B. WALTHALL, District Clerk.

**GOVERNMENT HELPS
DISABLED SOLDIERS**

**Surgeon General Blue Calls Attention
to Free Treatment Provided under
Recent Legislation.**

Washington, D. C., Feb. 11.—Because discharged, sick, or disabled soldiers do not know the extent of Federal aid they are entitled to, a great many of them are buying their own artificial limbs, paying for medical attention, or neglecting themselves, in spite of the fact that they can get the very best of treatment from the government.

Reports reaching the United States Public Health Service from stations where hospitals are in operation for the benefit of discharged soldiers, sailors, marines and war nurses, show that a great number of men who served in the war and were injured have never fully understood the provisions of the legislation supplementing the war risk insurance act. Under the terms of this legislation the Public Health Service has established hospitals at convenient places throughout the United States for the free treatment of any member of the Military Establishment whose disability may be traced to service with military, or naval forces. These are civilian hospitals, not under army discipline.

The bill provides that the men are entitled to a free medical examination to determine the extent of their disability. If found to be disabled the war risk bureau will pay them compensation according to the extent of the disability, and if the case requires it will direct that they be admitted to the most convenient public health service hospital or sanatorium.

The hospital furnishes artificial limbs, etc., free. It also examines the eyes to see whether glasses are needed and looks after the teeth. In case of tuberculosis, or other diseases requiring like treatment, special sanatorium treatment is provided. Discharged sick or disabled soldiers, sailors, marines and nurses are urged to write to the United States Public Health Service, Washington, D. C., for further details.

Sleeps Any Old Way Now.

"I am 50 years old and never was sick until 8 years ago when I got stomach trouble. I have spent a fortune for medicine which did not cure. I kept on suffering and getting worse. A fellow worker told me about May's Wonderful Remedy. After taking three doses I felt like a different man; before taking it I could not lie on my back nor right side. Now I can sleep any old way." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by Stripling, Haselwood & Co.

Mr. E. A. Miller of the A. & M. was in the city Thursday interviewing the board of directors of the Nacogdoches Chamber of Commerce with reference to the big potato-curing plant which is to be established in Nacogdoches in the near future. The A. & M. representative seemed to be very much interested in Nacogdoches, and gave the directors of the C. of C. some encouraging remarks.

Indigestion.

Take a few doses of Chamberlain's Tablets as directed for indigestion, and you will soon forget about your stomach troubles. Try it. For sale by Stripling, Haselwood & Co.

Chicago's experience with the influenza was most severe in loss of labor, twenty-four per cent of the workmen being incapacitated at one period. The street car system was crippled by the illness of 1,000 car men.

ANOTHER AMERICAN ABDUCTED

Washington, D. C., Feb. 5.—The abduction of Joseph E. Askew, an American citizen, during a raid by Mexicans on a plantation near Lerdo, Durango, was reported to the state department today. According to Mexico City newspapers, Askew was kidnapped February 2.

**Dye That Skirt,
Coat or Blouse**

"Diamond Dyes" Make Old, Shabby,
Faded Apparel Just Like New.

Don't worry about perfect results. Use "Diamond Dyes," guaranteed to give a new, rich, fadeless color to any fabric, whether wool, silk, linen, cotton or mixed goods—dresses, blouses, stockings, skirts, children's coats, draperies—everything! A Direction Book is in package. To match any material, have dealer show you "Diamond Dye" Color Card.

**DO A GOOD TURN—GET A
MAN TO JOIN THE ARMY.**

Men, let the above be your motto during this entire week. Certainly, let's all put our shoulders to the wheel and get that man to join this week, civilians as well as soldiers. After you have told him all about it just bring him to the recruiting station. Everybody in Nacogdoches is authorized to assist Uncle Sam in refilling the ranks of the new democratic army. This means all, so let's do it.

Secretary Baker emphasizes the vast change that has taken place in the past two years toward the army as an institution for red-blooded American youths. The old army, with its admitted disadvantages and weaknesses, has passed away. The new army has come into being—a force for democracy and an organization in which any man of character, ability and the right physique can enlist with the certainty of profitable individual returns.

A little information from Camp Meade, Baltimore, Maryland:

Soldiers entering the United States Army school at Camp Meade today have the advantage of studying five educational and vocational departments, established and conducted under the supervision of Major Hutcheson, U. S. A. These departments are English education, business and commerce, industrial science, technical science, and professional training. Under these departments a man may study any subject that the average young American requires for professional equipment either in the army or out of it.

The courses of study have been selected with great care, as well as the teaching personnel. More than ever a man's advancement in the army depends upon what he really knows, and it is with this end in view—the rapid promotion of those that the schools are operating.

Right now we are all ready for the week, we must get at least one man to join the army. With a little "pep" this is a small job.

And do not forget the army essay contest. Only about ten more days remain. Write it in the schoolhouse Friday, 20th February.

Dreadful Cough Corrected.

A severe cold is often followed by a rough cough for which Chamberlain's Cough Remedy has proven especially valuable. Mrs. F. W. Olsen, Marysville, Ohio, writes: "About two years ago my little boy Jean caught a severe cold and coughed dreadfully for days. I tried a number of cough medicines but nothing did him any good until I gave him Chamberlain's Cough Remedy. It relieved his cough right away and before he had finished taking one bottle he was cured. I think it is just fine for children." For sale by Stripling, Haselwood & Co.

Roads in Nacogdoches county are rapidly improving, according to travelers from other sections. The fair weather has accomplished wonders in the way of drying out the high-ways and making them easy for navigation. The roads reported in the worst condition are those leading through the Loco bottoms and the Angelina river-bottoms. In the Angelina bottoms the roadway is reported to be practically impassable. However, where most of the bad roads are there is not much population, and consequently it does not injure so much. In the elevated parts of the county the roads are in excellent condition, affording convenient highways for comfortable travel. The farmers from these districts are not slow to take advantage of favorable roads, and are availing themselves of the opportunity of coming to town to buy up their spring and agriculture goods.

"Solve the road problem, and then you have one of the biggest rural problems confronting us coped with," were substantially the remarks made by a prominent Nacogdoches man the other night at the big meeting of the Nacogdoches Chamber of Commerce. On to more road building and get a horn.

Getting Rid of Colds.

The easiest way to get rid of a cold is to take Chamberlain's Cough Remedy. This preparation has been in use for many years and its value fully proven. No matter what remedy you use, however, care must be taken not to contract a second cold before you have recovered from the first one, and there is serious danger of this. A man of middle age or older should go to bed and stay in bed until fully recovered. It is better to stay in bed three days at the start than three weeks later on. For sale by Stripling, Haselwood & Co.

Prohibition's total effect on the liquor business in the United States was to close 236 distilleries, 1,092 breweries and 177,790 saloons.

**BIG RAILROAD STRIKE
THREATENED NEXT WEEK.**

Washington, D. C., Feb. 10.—White House and railroad administration officials regard "as most serious" the railroad situation precipitated by the orders for a strike February 17, issued by the officials of the Brotherhood of Maintenance of Way employees. Secretary Tumulty will lay the matter before President Wilson today, emphasizing the possibility that this strike may be the opening wedge for a general strike of all railroad employees should the wage demands be refused by Director General Hines. Mr. Hines is understood to have conferred with Secretary Tumulty for three hours last night outlining the situation for presentation to the president.

It is generally believed here that Director General Hines would go before the representatives of the two million railroad workers today and inform them that their wage increase demands could not be granted. He is willing to go no further, it is understood, than to adjust inequalities in wages.

Fort Worth, Texas, Feb. 10.—Two hundred maintenance of way men and 1,000 shopmen will be affected by the strike order issued yesterday by the heads of those unions for February 17.

OPTIONING LOW-GRADE COTTON

Dallas, Texas, Feb. 5.—Option blanks for listing low grade cotton with the American Cotton Association for sale to foreign governments can be secured from Major Robert C. Lowry of Dallas, state secretary of the American Cotton Association. The proposition which is being handled through the cotton association provides that low grades of cotton of the low middling, strict good ordinary, strict ordinary and ordinary classes can be listed on the option for sale at prices of forty-five cents on low middling, thirty-five cents on strict good ordinary, thirty cents on strict ordinary, thirty cents on ordinary.

Of this amount twenty percent will be paid in cash when the cotton is accepted and the balance of twenty percent will be paid in notes bearing six percent interest of two years duration, secured by the spinners, banks and foreign governments handling the cotton. These notes will probably be taken up in less than a year's time. Major Lowry, who is handling the proposition in Texas, points out that the prices offered are thirty percent or more above the current market, if there was any market at the prices quoted. Cotton must be warehoused or protected under cover before accepted. Bollies and country-damaged cotton will not be accepted at this time, although a market is being sought for these grades.

The securing of options on cotton of low grades is the largest move of the kind to assist the farmers of the state ever attempted by the American Cotton Association. The movement of the cotton in states where the American Cotton Association is thoroughly organized has been very easy. In Texas the organization is not completed and the movement of the cotton will not be so easy. A membership campaign will be inaugurated in the near future. All persons desiring options should address Major Robert C. Lowry, 515 Slaughter Building, Dallas, Texas.

STILL SQUIRMING.

Berlin, Feb. 5.—At the conclusion of last night's cabinet meeting, members of the government declared, the ministers were unanimous in declaring that the surrender of the men demanded by the Allies was an utter physical impossibility.

OIL PRICES ADVANCING.

Pittsburg, Pa., Feb. 5.—Pennsylvania crude oil advanced 25 cents per barrel, to \$5.50, today. This is the third advance within two months.

ASPIRIN FOR HEADACHE

Name "Bayer" is on Genuine Aspirin—say Bayer

Insist on "Bayer Tablets of Aspirin" in a "Bayer package," containing proper directions for Headache, Colds, Pain, Neuralgia, Lumbago, and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for nineteen years. Handy tin boxes of 12 tablets cost few cents. Aspirin is trade mark of Bayer Manufacturers of Monocetone-acidester of Salicylic acid.

**ATTRACTIVE CURRICULUM FOR
U. OF T. SUMMER SCHOOLS**

Austin, Texas, Feb. 5.—In the summer school of 1920 there will be offered many new courses in the various departments of the University of Texas. There will also be a marked increase in the number of outside teachers. For the first time during the summer school the anthropology department is going to offer a course, which will be given in order to prepare students for advanced work in anthropology next year. Dr. E. W. Hawkes will be the instructor during the first term and Professor J. E. Pearce for the second term.

As usual, the English department will offer many interesting courses. Professor H. M. Jones opens the general literature course for the first term. In this department the new teachers for the first term will be: R. W. Fowler, principal of the El Paso high school; Dr. R. C. Whitford from Knox College, Illinois; Dr. Stith Thompson from Colorado College; Dr. V. L. Jones from the University of Arkansas; for the second term, Dr. W. R. Brown, Western States College, Michigan; Dr. Pierce Butler, Sophie Newcomb College, Louisiana.

Professor E. R. Cockrell, dean of the college of law at T. C. U., Fort Worth, will be the new instructor in a government course offered during the second term of summer school. Professor Jessie Harris of the University of Nebraska will instruct in home economics for the first term only. In the mathematics department the new instructors for both terms will be: Dr. W. H. Roeveh, Washington University; Dr. E. R. Hendrick, University of Missouri.

New teachers for the first term of summer school in the history department will be: Dr. P. S. Flippen, Mercer College; Dr. C. H. Ambler, T. P. Morten, Harvard University; Dr. C. Perkins, Ohio State University; Dr. J. E. Winston, Sophie Newcomb College for the second term; Dr. A. C. Cole, University of Illinois; Dr. P. S. Flippen, Mercer University; Dr. C. H. Ambler, University of West Virginia; Professor T. P. Martin, Harvard University.

ALASKA'S MINERAL OUTPUT.

Washington, D. C., Feb. 4.—Alaska's mineral output in 1919 was the smallest of any year since 1910, and its value was less than half that of 1916, preliminary estimates of the geological survey made public show. The output for the year brought only about \$18,850,000 as compared with \$28,254,000 in 1918 and \$48,600,000 in 1916.

The decline was attributed principally to the reverting of the copper industry to normal conditions as a result of the fall in the price of the metal since 1916, when the war demand greatly stimulated production. High operating costs also caused depression in gold mining.

Eight copper mines were operated in Alaska in 1919, producing about 44,800,000 pounds valued at \$8,500,000. The production in 1918 was 69,225,000 pounds, valued at \$17,099,000.

The value of the annual output of gold declined from \$16,700,000 in 1916 to \$9,000,000 in 1919.

Alaska still contains large reserves of gold-bearing gravels that can be mined profitably when transportation conditions are improved, the report said, adding that "the most important event of the year for the future in mining in Alaska was the continuation of the work on the government railroad and the assurance by congressional action of the money needed to complete the line."

"Better and cheaper steamboat service, on both ocean and river, are also imperative," the report said. "Moreover, the railroad must be supplemented by trails and wagon roads."

As a by-product to gold and copper mining, 590,000 ounces of silver and 800 tons of lead were mined during the year.

The value of the gold mined in Alaska from the discovery of the precious metal in 1850 to 1919 was placed at \$437,400,000.

**Foley's
Honey and Tar
COMPOUND**

STOPS THAT DISTRESSING COUGH—checks it quickly and surely, clears the throat of phlegm and mucus, and coats the raw, inflamed surfaces with a healing, soothing medicine.

Don't Cough Until Weak

"I am an old lady, 75 years old, and I had a very bad cough from having a grippe. I thought it a good time to try Foley's Honey and Tar Compound, and I sent and got a bottle, and it stopped my cough, and I got better. So now I am around the house again."
—Mrs. Mary Kishy, Spokane, Wash.

We can prove no imitation or substitute is as good as the genuine Foley's Honey and Tar.
At Stripling, Haselwood & Co.'s

Are You Ready

Well, it is just this, Oakland cars are going to advance. We know this and are telling you in advance.

We have another car load in transit that we will be able to sell at the preset price of \$1225.00 delivered.

This is the lowest price of any Six Cylinder car made, and it will mean a saving of nearly \$100 if you place your order now for one of these 1920 Oaklands.

Oakland cars have only advanced their retail price 8 per cent in the last two years, while you will find that 90 per cent of all other cars have advanced from 25 to 50 per cent.

This car develops 44-horse power brake test, and the weight is only 2130 pounds.

Economical, Durable, Reliable and Powerful

Mast Oakland Co.

**IT SAVES TIME
IT SAVES WORRY**

And gives you a feeling of protection against possible misfortune.

No matter how independent you are today there is no telling in what position you may be in tomorrow.

**A SAVINGS ACCOUNT
Will Protect Your Future**

We solicit the accounts of WOMEN and promise YOU special COURTESY and CONSIDERATION.

TEXAS AUTOMOBILES.

Austin, Texas, Feb. 4.—With 331,000 automobiles registered in 1919, an increase of 30 percent over the registration of 1918, Texas showed a greater percentage increase than any other state in the union. Tennessee came second with 29 percent, according to statistics of the Texas Highway Department.

Authorities of the department estimate that 70,000 of the motor vehicles registered last year were bought during 1919 at \$1,891,929, and said that Texas absorbed nearly one-twentieth of the total number of automobiles produced in the United States during the past year.

Total production for 1920 is expected to reach 2,650,000, and if Texas' new cars in the same ratio as in 1917, 132,500 new automobiles will come into the state during 1920, and total registrations will hover around 450,000, according to predictions of highway officials.

**BOLSHEVIKS THREATENS TO
INVADE JAP TERRITORY.**

Honolulu, Feb. 10.—Siberian Bolsheviks have captured Alexandrovsk, capital of Sakhalin island, and fear is felt that the radical forces may enter Japan proper, according to a local Japanese language newspaper. The Japanese government is negotiating with the Alexandrovsk authorities for the evacuation of the Japanese population from the city, the cablegram said.

**Also good for
Grippe**

SWAMP Chill Tonic should be kept in the house all the year 'round. It's just as good for colds and grippe as for chills and fever. Tasteless—free from calomel. The Doctors' Prescription 60c at All Dealers.

CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Royse City, Tex.—Mrs. Mary Kilman, of this place, says: "After the birth of my little girl... my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me... but I got no better. I got worse and worse until the misery was unbearable... I was in bed for three months and suffered such agony that I was just drawn up in a knot..."

I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial. J. 71

LETTER FROM MR. MELTON.

Nacogdoches, Tex., Feb. 5, 1920
To the Voters of Nacogdoches County:
I want to say to the people of the county, through the papers, that it will be impossible for me to get out and see you, as it will take me until about the 15th of May to get up the urgent work in my office so as to enable me to get out and see and talk with you, but I crave a fair consideration of the voters, both men and women, and the public generally, and ask the support of the men and women voters of the county, and invite all to examine my record, when in town, as your tax collector; and I invite the people to call in my office at any time when you are in town to rest, at which time I would be glad to talk with you.

Assuring you of my full appreciation of past favors, and soliciting your vote and influence in the future, I am,

Your servant,
J. C. MELTON
Tax Collector Nacogdoches County Texas. 5-41wp

You Can't Be Too Careful
Elsie O'Brien, R. F. D. 7, Vincennes, Ind., writes: "One bottle of Foley's Money and Tar broke up my cold right away." It relieves coughs, colds, croup and whooping cough; clears the passages, soothes irritated membranes and stops tickling in the throat. Foley's is the original and genuine Honey and Tar. For sale by Stripling, Haselwood & Co.

FOR RE-ELECTION.

County Judge J. M. Marshall announces in this paper for re-election to the office which all will concede he has conscientiously and ably filled. Judge Marshall is now serving his first term, and he has administered the affairs of his important office without fear or favor. He has done what he conceived to be right and just regardless of criticism. As a fearless official he has no doubt incurred the ill-will of some, but right-thinking men will commend his straightforward course. He has made a good judge.

J. F. Waggoner of Appleby was in the city Wednesday.

APPLEBY WOMAN DIES

News was received in the city Saturday that Miss Harriet Elizabeth Thomason of Appleby died Friday night at the home of her sister, Mrs. Lafayette Muckleroy. Miss Thomason was aged 84 years at the time of her death and was an invalid for two years prior to her passing away. Miss Thomason has numerous relatives in the county, among whom is Mrs. M. L. Stroud of this city and Mrs. T. L. Blackshire of Appleby.

Interment was made at the Appleby cemetery Saturday afternoon. The Sentinel with her many friends joins in a sincere expression of sympathy.

Are You Losing "Pep"?

Do you feel tired all the time? Does your back ache? Do you feel that you are not so spry as you used to be? Foley Kidney Pills tone up and invigorate the kidneys, banish backache, rid the blood of poisons. Rev. W. F. M. Sweeney, Macon Ga., writes "I am ready at any time to speak a word for Foley's Kidney Pills." Sold by Stripling, Haselwood & Co.

JUST RECEIVED—Car Maine Bliss Triumph Seed Potatoes in eleven peck sacks. These potatoes make earlier and make more to the acre than other seed potatoes. Also car of Texas Red Rust Proof seed oats, and car of the finest Flour made of the best soft winter wheat grown in Kansas and Missouri. Branch-Patton Grocery Co. 5-2w

That Terrible Headache.

Do you have periodic attacks of headache accompanied by sickness of the stomach or vomiting, a "sallow skin" and dull eyes? If so, you can get quick relief by taking Chamberlain's Tablets as directed for biliousness, and you may be able to avoid these attacks if you observe the directions with each package. Sold by Stripling, Haselwood & Co.

One lot mackerel, twenty-five to kit, worth \$1.90, SPECIAL this week at \$1.35 per kit. Goldsberry Bros. 5-w3

Mesdames Garrison, Stallings Langston and Elliott of Garrison were in the city Thursday.

Head and shoulders above the crowd stands Thomas A. Edison!

"Head and shoulders" above the crowd of ordinary phonographs and "talking machines" stands Edison's great contribution to the world's enjoyment—

THE NEW DIAMOND AMBEROLA

No product can be bigger than the brain that evolves it. No other brain in the world today has the inventive ability of Edison's. That fact alone is sufficient proof of the absolute superiority of the Amberola.

But the Amberola can quickly and easily prove its own superiority. Its tone—oh, what a revelation, compared to metallic "talking machines" and shrill-sounding phonographs! None but Edison could work that miracle of tone.

Then the Amberol Records, made for the Amberola alone! They are practically unbreakable and everlasting—what a contrast to the costly fragileness of other phonograph records. And for range of music—the widest in the world—all

FREE Trial Offer

We will place an Amberola in your home for 3 Days' Trial, which will not put you under the slightest obligation or expense. Come here, select an Amberola and a number of records and we'll send them to your home. At the end of 3 days, if you do not want the Amberola, we'll call and take it away. If you do want it, we'll arrange terms of payment to suit you.

PRICES \$41.00 & up

the best, all the greatest, all the latest. An endless feast of fascinating melody.

Yet the biggest surprise of all is the price! This wonder phonograph costs less than inferior competitors! There is not a single drawback to your owning an Amberola right now!

Don't listen to the claims of other manufacturers—listen to their machines. Then come in and compare the matchless tone of the Amberola. Edison's wizardry will win you every time.

We'll expect you in today—now don't forget.

STRIPLING, HASELWOOD & CO.
Nacogdoches, Texas

OILMEN HERE INVESTIGATING NACOGDOCHES OIL LANDS.

T. R. L. Daughtrey and R. A. Craise of Denver, Colo., and J. J. Hughes of Shreveport, La., were here Wednesday making an investigation of a large acreage held by J. L. Prince in the eastern part of Nacogdoches county with the view of beginning operations of putting down some deep test wells in the near future.

Mr. Daughtrey and Mr. Craise are geologists and represent a large oil company of Denver, Colo. Mr. Hughes of Shreveport is the president of the Dixie Land Oil Co., who at the present time is making headquarters in Shreveport for the purpose of the development of the Louisiana and East Texas oil fields.

Mr. Prince has been working on this proposition for the past several months and is now working to interest another strong company in a large acreage and deep well tests. Mr. Prince is firmly convinced, as all who have given the matter thought are convinced, that oil exists in paying quantities in Nacogdoches county, and only capital for an adequate exploration to demonstrate this fact and develop a huge production.

One Result of Winter.

Life indoors with lack of exercise and heavy food is apt to throw the digestive organs out of order. Foley Cathartic Tablets are a wholesome physic that thoroughly cleanse the bowels without griping or nausea. They sweeten the stomach; invigorate the liver; banish headaches, biliousness, bloating, gas. For sale by Stripling, Haselwood & Co.

John McKnight of Douglass was in the city Wednesday doing some errands.

GOVERNMENT CONTROL OF WHEAT PRICES TO END.

Washington, D. C., Feb. 5.—A favorable report on Senator Gronna's bill repealing the wartime measure under which the government controls wheat prices was ordered today by the senate agricultural committee.

A TEXAS FAMILY'S EXPERIENCE

Galveston, Texas: "After the flood in 1900, all my family became rundown, due to exposure of being in the water,

loss of sleep, etc. They were all feeling miserable and the only medicine they took was Dr. Pierce's Golden Medical Discovery. By the use of this they were all restored to health and strength.

"I always keep the 'Pleasant Pellets' in my home. They are an excellent regulator of the stomach, liver and bowels, or for bilious attacks. I can speak in the highest terms of all of Dr. Pierce's Medicines."—Mrs. J. W. Moss, 3913 Ave. K.

Houston, Texas: "All my life my liver has given me considerable trouble. I have suffered with sick-headaches and have had yellow blotches appear all over my body. At one time I was so bad with it that I lost all ambition to do my housework and was really 'all in' when 'Golden Medical Discovery' was recommended to me by a friend. I took six bottles of it, which made me feel like a different woman. I consider Dr. Pierce's Golden Medical Discovery the very best liver medicine I have ever known and have no hesitancy in recommending it to those afflicted with chronic liver ailments."—Mrs. C. A. Finn, 2214 Washington Ave.

Send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package of any of his medicines.

MARINE NAMES BABY MARINE CORA HAVERLY.

San Francisco, Calif. Feb. 5.—Sergeant Oran B. Haverly, United States Marine Corps, and Mrs. Haverly announce the birth of a daughter who will be christened "Marine Cora Haverly."

In requesting a furlough and announcing the birth of the child to his commanding officer the marine used the Biblical quotation, "Train up a child in the way he should go; and when he is old he will not depart from it."

Sergeant Haverly explained that he wanted a boy, but as he could not hope ever to enlist his child in the corps, he had done the best he could to make a good marine of her. He got his furlough.

Cut This Out—It Is Worth Money.

DON'T MISS THIS. Cut out this slip, enclose with 5c to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup, Foley's Kidney Tablets and Foley Cathartic Tablets. For sale by Stripling, Haselwood & Co.

J. S. Allen of the Saints Rest community was among those attending to business Saturday.

Better Be Safe Than Sorry

Nearly everybody at some time or other suffers from back ache, sore muscles, swollen joints, rheumatic pains or other symptoms of kidney and bladder ailments. These may not be serious but it certainly pays to be on the safe side. Foley's Kidney Pills strengthen and invigorate kidneys and bladder and help them do their work. Stripling, Haselwood & Co.

TEXAS IN THE GRIP OF INFLUENZA EPIDEMIC.

Austin, Texas, Feb. 5.—With more than 11,000 cases of influenza reported to the state department, C. W. Goddard, state health officer, said the epidemic was assuming serious proportions. The present epidemic began three weeks ago, he said, and the cases are of milder form and the death rate much lower than last year.

Bottled Manpower

Coughs and colds are weakening. Get rid of them as quickly as you can. Catarrh in any form saps the vitality. Fight it and fight it hard. There is a remedy to help you do it—a medicine of forty-seven years' established merit. Try it.

PE-RU-NA

For Catarrh and Catarrhal Conditions
It purifies the blood, regulates the digestion, aids elimination, tones up the nerve centers and carries health to all the mucous linings. For the relief of those pains in stomach and bowels, belching, sour stomach, rheumatism, pains in the back, sides and loins, PE-RU-NA is recommended.

PE-RU-NA restores to healthy action the vital organs which are so intimately related to the strength and vigor of the nation.

There are fourteen ounces of health giving punch and pep in every bottle. PE-RU-NA is a good medicine to have in the house, ready-to-take for emergency. It is a good remedy to use any time.

FRENCH ASTONISHED AT BRITISH CHANGE OF HEART

Paris, France, February 9.—Astonishment was caused in French circles by the change of attitude by the British government regarding the extradition of Germans accused of violations of the laws of war. It is understood that Great Britain was the most insistent of the powers at the peace conference in demanding the trial of the former emperor and other prominent Germans. The information received shows a British tendency to leave the initiative in further extradition proceedings to others.

WOULD MODIFY LIST OF GERMAN FOR EXTRADITION.
London, Feb. 9.—Premier Lloyd George is reported to favor a substantial modification of the list of Germans whose surrender the Allies demand, the Westminster Gazette says.

"SYRUP OF FIGS" IS LAXATIVE FOR CHILD
Look at tongue! Remove poisons from stomach, liver and bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California."

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit: Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!
A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.
Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

MANY ARE DEAD IN FRISCO HOTEL FIRE.

San Francisco, Calif., Feb. 9.—At least twenty-five dead, with some persons still missing and thirty injured, was toll taken by a fire which swept through the five-story Berkshire apartment hotel here early today. Three bodies had been removed from the upper floors and firemen said there were twenty-five bodies there. Most of those taken to hospitals were women. Some suffered severe burns, while others leaped from windows and balconies as an explosion, apparently on the fourth floor, blew out part of an upper wall. Shortly afterward the roof collapsed.
The Berkshire was a five-story brick building containing eighty-five apartments.
The police estimated that the occupants of the building numbered 150.

DUTCH SOCIALISTS WOULD INTERN FORMER KAISER

The Hague, Feb. 9.—Socialist members of the Dutch parliament are agitating a movement to intern Former Emperor William of Germany and restrict his liberty. This step is urged, although the party generally approves the government's refusal to surrender Count Hohenzollern.

MOTHERS OF DEAD SOLDIERS PRESENTED TO PERSHING.

Fort Worth, Texas, Feb. 9.—Presentation of the mothers who lost sons in the war was featured on General Pershing's arrival here Saturday. The regular program of the reception and entertainment was carried out, but nothing added because the general was suffering from a slight cold.

CABINET MEMBER RESIGNS

Washington, D. C., Feb. 9.—Secretary Lane of the interior department has placed his resignation in the hands of President Wilson. It became known some time ago that the secretary contemplated leaving the cabinet when it was convenient for the president to release him.

GUARANTEE RETURN.

Washington, D. C., Feb. 9.—A return of 5 1-2 percent on the aggregate value of the railroads would be guaranteed by the government for two years under an agreement reached today by the senate and house conferees on the railroad bill.

UNREST IN GREECE.

Rome, Feb. 9.—Revolution in Greece is forecast by Elio Panas, former Greek minister of foreign affairs, in an interview published here today. The only alternative is the resignation of Premier Venizelos and the return of Former King Constantine, he says. Panas added that he had been received by Cardinal Gasparri and received the assurance that Pope Benedict would support a movement against the Venizelist government.

Rev. E. M. Gentry of Rusak was in the city Saturday on his way to San Augustine, where he was to conduct services.

Feed your milk cow on our Sweet Mixed Feed and get more, sweeter and better milk and butter. Goldsberry Bros. 3-3d1w

You Must Use Fertilizer

Nacogdoches county needs a big Cotton Crop for 1920. She cannot make it by over-cropping, but fewer acres, more Fertilizer and intensive cultivation will do it.
You are throwing time away on most East Texas lands in trying to make Cotton without proper Fertilization.
We are agents for the "Old Reliable MERIDIAN "RED BAG" Fertilizers and have it in stock at right prices. This brand of Fertilizer is too well known to say more of it than to mention the name. Those who have used it know what MERIDIAN "RED BAG" means. Let us supply you.

 G. A. Peterson, formerly of the City Bakery, has gone to Timpson, where he is going into the market business.
 Nacogdoches should have the largest, loudest, and most impressive town clock in East Texas. Who seconds the motion?
 C. Y. Wilson and Mrs. Lera Mast of Chireno were married at the Methodist parsonage in this city Saturday night at nine o'clock, Rev. J. L. Massey officiating.
 The Industrial Transportation Co. will buy your fat hogs if you are a stockholder. 7-d&wtf.
 Lieutenant Harrant of the army recruiting station will make a trip to Dallas some time this week.
 FOR SALE—Fifty acres of land, thirty in cultivation. Situated two miles from Woden. See L. J. Chisum, Woden, Texas. 8-1mdw

NASHVILLE WOMAN MAKES STATEMENT.

Mrs. Binkley Gained 22 Pounds After Taking Tanlac—18 Years of Suffering Ended.

"I gained twenty-two pounds by taking Tanlac and am a well woman today," said Mrs. J. W. Binkley, of 5104 Illinois Ave., West Nashville, Tenn.
 "I suffered terribly the past eighteen years," she continued, "and my stomach was in such an awful condition that I had to live on the lightest kind of diet. Even sweet milk would disagree with me and form gas that would keep me in misery for hours. I had little strength left, and although I tried the best of medicines and treatments I just kept going down hill and suffering agonies till at last I was told my only hope lay in an operation.
 "A friend of my husband's persuaded him to get me some Tanlac, and it has not only saved me from an operation but I have gained in every way. I can eat anything I want without suffering afterwards and am feeling just fine. I shall always praise Tanlac for restoring my health and wish everybody knew about this wonderful medicine."
 Tanlac is sold in Nacogdoches by Stripling, Haselwood & Co.

Mr. and Mrs. Joe Allen will entertain the members of the Fairview Sunday school with a Valentine party on the night of Saturday the 14th.

FOR SALE—I have three Jacks and one Jennet for sale. All registered stock. Cash or good notes. R. H. Baxter, Cushing, Texas, Route 1, Box 31. 12-4wp

The fact that Nacogdoches women have at last come out and taken an active part in the chamber of commerce is a most gratifying one. Nothing can be interesting and proper without there being a woman in it. If the good women of Nacogdoches will volunteer their services toward making Nacogdoches a greater Nacogdoches, and work indefatigably with the chamber of commerce for that purpose, nothing can prevent Nacogdoches from really and truly becoming the metropolis of all East Texas.

County Attorney Langford King, Sheriff Woodlan, District Clerk R. B. Walthall, W. C. Hoops, candidate for county treasurer, and Ex-County Judge J. F. Perritte were visitors to Garrison Monday. While here Judge Perritte said that he was strongly solicited to enter the race for county judge again, and would announce his decision in the matter within the next few days.—Garrison News.

It is easy to get rid of the misery of heartburn or indigestion. Herbine goes right to the spot. It drives out the badly digested food and makes you feel fine. Price 60c. Sold by Stripling, Haselwood & Co. b

A. D. Parnell, a well known traveling man of Nacogdoches, was in town Tuesday calling on the trade, and made this office a pleasant call while here. Mr. Parnell is district manager of a "snuff selling crew" and was recently offered the position of state manager for Louisiana and Arkansas, but when it came to acceptance he turned it down to remain in good old East Texas, which is another evidence of his good judgment.—Garrison News.

O. E. Straham of Abilene was in the city Tuesday for a visit with his family. He was called to Pollok Sunday by the death of his father, John Straham.

Next to the Bible, which is the most popular book? No, not Shakespeare, nor the dictionary—the almanac!

The United States dollar was worth about \$2.25 in France the last of January.

A French newspaper, La Victoire, thinks it would be better to "let the kaiser stop where he is," instead of martyring him by a world trial. "If Napoleon had been allowed to die of cancer in America, the Napoleonic legend perhaps would have had feebler wings."

A clever advertisement in behalf of a hospital needing aid, runs as follows: "This hospital is now a patient and wants a lot of mending. You know the only remedy for the disease. You have all the ingredients for the medicine. Won't you write the prescription?"—and then follows a blank check.

Sherrill Sullivan is reported to be able to sit up, after having about ten days of severe sickness.

IMPORTANT TO CATTLEMEN.

County Judge J. M. Marshall handed us the following letter relative to the cattle quarantine, which we publish for the information of cattle-raisers of Nacogdoches county:

Fort Worth, Tex., Feb. 5, 1920
 County Judge and Commissioners' Court, Nacogdoches County, Texas:
 Gentlemen: As you are aware your county is located in Tick Eradication Zone No. 2 and that under the provisions of the law, this commission is required to establish a quarantine in and around your county for tick eradication purposes during this year. We have followed out the provisions of law and requested the governor to issue his proclamation which becomes effective March 1. However, an order will be issued by this commission at the same time that the governor's proclamation is mailed out, and said order will suspend the enforcement of the quarantine in your county until further notice, for the reason hereinafter set out:

The legislature has provided the livestock sanitary commission with only sufficient funds for employing a limited number of inspectors, and on account of the fact that tick eradication Zone No. 1 began work last year and there is a large number of counties in Zone No. 1 which have not completed the work, it will require the services of all the inspectors of this commission and of the United States Bureau of Animal Industry to conduct the work in said Zone No. 1 during this year. If we should undertake to carry on the work in your county and the other counties located in Zone No. 2, our force would be so scattered that we would accomplish very poor results; but by devoting our efforts to Zone No. 1, and perhaps some counties in Zone No. 2 have already progressed somewhat in the work, we will accomplish more.

We wish to say, however, that it is probable that later on this year, perhaps July or August, we can begin the work in your county and get started so that we can complete the work during the next year, but it will be impossible for us to begin work earlier than that time, and we are not sure that we can even begin then. It all depends on the developments during the next few months.

We are writing you this explanation so that you will have this information in advance, and as soon as we receive the printed copies of the governor's proclamation proclaiming a quarantine in and around your county effective March 1st of this year, we will issue the above mentioned order suspending said quarantine until further notice and will mail you copies of the proclamation and the order.

Trusting the above information is satisfactory, we remain,
LIVESTOCK SANITARY COMMISSION.
 By W. A. WALLACE, Chairman.

TO MY FRIENDS.

I wish to announce that on or about March 1st I will have a full line of crisp, new up-to-date millinery for ladies and children to offer you at the most reasonable prices possible at this time to be had. I hope to see all of you at my place on East Main street, south side and east of Stone Fort National Bank, and will greatly appreciate your patronage. So come and make yourself at home with me, and I'm sure you will find what you want if it is a hat, for I'll have a hat for everyone. Thanking you one and all in advance for the patronage you will give me,
 Yours to please,
MISS NONA L. JACKSON.

THE CRACK O' DOOM FOR NASTY CALOMEL.

Folks Abandoning Old Drug for Dodson's Liver Tone. Here in South.

Ugh! Calomel makes me sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you lose a day.

Calomel is mercury! When it comes into contact with sour bile, it crashes into it, breaking it up. Then is when you feel that awful nausea and cramping. If you are sluggish, if liver is torpid and bowels constipated, have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight.

Here's my guarantee—go to any drug-store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it can not salivate or make you sick.

HOGS WANTED

If you are a stockholder and have fat hogs for sale notify our Mr. Jones at Nacogdoches at once. We want them at the highest market price.

Industrial Transportation Co.

Nacogdoches, Tex. Phone 109 or 171

Nacogdoches is proud of her band. The boys have worked in the face of greatest discouragement until they have perfected themselves to the point where they get everyone's instant approval. As the days pass the band will become even more proficient and can be used valuably by the city on many occasions. The Nacogdoches Chamber of Commerce has avowed its intention of getting 100 per cent behind the Nacogdoches band, and with that assurance the band can really look forward to better and more prosperous days. Boost the band, because the band is composed of horns and men and not men and hammers!
 Liquid Borosone is an efficient healing remedy for human or animal flesh. It mends a severe wound, sore, cut or scratch in the shortest possible time. Price, 30c, 60c and \$1.20. Sold by Stripling, Haselwood & Co. b

Mr. J. S. Doughtie related an incident Tuesday concerning a well-known and highly respected citizen of the county which will be of interest to our older people, who may perhaps recall the details. Rev. John B. Rushing, at that time making his home in the Shady Grove community, a young man somewhat given to gaiety, one day got out his whiskey jug, knocked the bottom out and fastened the broken vessel in a tree, remarking "That jug will hold all the whiskey I ever expect to drink." He kept his word, afterward becoming a Baptist preacher. That was forty-eight years ago, but Mr. Doughtie visited the old place Saturday and the jug was still in the tree where Mr. Rushing placed it. When he sold the property he requested the new occupants to permit the jug to remain upon its perch in the tree, and they complied.

In an attack of acute rheumatism in which there is much pain Ballard's Snow Liniment is a necessary part of the treatment. It is a powerful pain relief. Three sizes, 30c, 60c, and \$1.20 per bottle. Sold by Stripling Haselwood & Co. b

Nacogdoches county sawmills are not failing to avail themselves at the present time to make some mighty good money. For the past two months the sawmills of this county and surrounding counties have been suffering from the unprecedented rainy weather, but now as the weather conditions are fine, the mills have opened with a new vigor.

The influenza it is reported has gotten so severe at Etoile that public schools cannot be continued. All schools at Etoile have been closed by order of the trustees, and teachers are taking a vacation. It is not known when the trouble will be relieved, but the people are being urged to take every precaution to safeguard themselves.

The Carolina Oil Company of Oil Springs has been having a fishing job during the past week. Operations will begin on their nineteenth well just as soon as possible. Other arrangements enabling the company to start a refinery in the near future are about completed.

Patronize those things that recognize and value the merits of Nacogdoches.

Intestinal worms destroy the health of children and weaken their vitality. The worms should be expelled before serious damage is done. White's Cream Vermifuge is a thoroughly successful remedy. Price 35c. Sold by Stripling, Haselwood & Co. b

Nacogdoches high school grounds need some attention the worst way. During the recent rains water stood in puddles, caused from depressions, almost six inches deep—and the grounds remained in that condition for nearly a month. A few teams and scrapers could entirely remove that discredit trouble in a few hours. With water standing six or ten inches deep in front of the high school, the pupils are continually getting wet feet, and wet feet mean sickness, a great many times. Why not the Nacogdoches Chamber of Commerce take proper steps to correct this trouble?

Matthew Johnson, a well-to-do and highly respected negro of the Red Land community, died Sunday night at his home. We was buried at North church Monday afternoon.

Intelligence was received in the city Tuesday of the death of John Straham, aged 60 years, at his home at Pollok at 6 o'clock Sunday afternoon. Interment was made in the Pollok cemetery at 4 o'clock Monday afternoon. Three sons and one daughter survive him. Three sisters and a brother reside in Nacogdoches county, which was deceased's former home.

If your head is dizzy on stooping or rising suddenly and everything turns black before the eyes, you have a torpid liver. Take Herbine. It is a powerful liver regulator. Price 60c. Sold by Stripling, Haselwood & Co. b

Mrs. Alice Baas, age sixty-seven died at her home about eight miles northeast of the city Sunday night and was buried at Mt. Moriah cemetery Monday afternoon. Her husband died about nine years ago. She leaves a large family of children, all grown.

This is to remind that the farmers of Nacogdoches county are planning to plant an unprecedented crop of peas and peanuts for the fattening of their hogs and cattle. The Nacogdoches Chamber of Commerce is going to stand by all these new ideas, and endeavor to get all the prosperity possible disseminated through the land. The farmer who is not a member of the chamber of commerce another year will be unfortunate.

Catarrah Cannot Be Cured with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrah is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrah Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrah Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrah Medicine is what produces such wonderful results in catarrah conditions. Send for testimonials, free.
