S. O. S. CALL FROM BUCKNER'S ORPHAN HOME

When a ship is at sea and all is well there may be many days during which there is no communication between it and the rest of the world save news items of passing interest. Storms may be weathered, engine trouble of minor importance may develop and yet there is no call for help. A day finally comes when the wireless stations along the shore and on every vessel within a thousand miles pick up the wireless call for help: S. O. S. Save Oh Save! We Have Had No Epidemic.

The children are among the same good health as usual here. Typhoid, nor measles, nor "flu" nor anything else untoward calls for extra sacrifices upon the part of surgeons and doctors and nurses, nor extra liberality upon the part of the people to meet the extra expense at such a time. We Have Had No Fire.

Our buildings stand firmly on strong foundations, and every door and every window, floor and ceiling, stairway and casement is in place. Buildings nor contents, furniture, neither properties nor persons have been burned; nor can we call for extra giving upon the part of our friends to repair or replace such loss.

We Have Not Lost Confidence in Our Friends.

They are everywhere in great numbers, and they believe in the work and workers here. We are sure that there are many of them that would gladly share a last dollar or a last crust with these children. We believe that they are ready for extra giving at every time extra giving becomes necessary. Yet—

We Have No Money For Current Support.

We saw it coming; but the bank sees it right now and has notified us formerly that it was so. We shall need one hundred thousand dollars for the rest of the convention year; but a circumstance that is more to the point is that we need twenty-five thousand dollars right now as soon as it can be sent in. Bills already rendered and outstanding obligations amount to that much.

We have no fear but for the prudence for some to feel that the other fellow will make it all right. It cannot be made right unless you, beloved reader, make it right. So, if you believe in the work, send us your personal check for a liberal amount, and then use your influence to get others to come to our rescue.

ALTITUDE RECORD WITH PASSENGERS BROKEN

San Antonio, Texas, May 29.—Another altitude record was broken Friday at Kelley Field when Lieutenant Harry Weddington took an airplane with four passengers to a height of approximately 19,800 feet. It required one hour and twenty minutes to ascend to that height, and twenty minutes to descend.

DEFINITE ACTION TOWARD MEXICO PLANNED

Washington, May 31.—A recommendation for full recognition of the Mexican government to be withheld until an agreement to revise the constitution of 1917 is entered into was made today by Senator Falls of the foreign relations committee in the report of the sub-committee which investigated the Mexican situation.

Should the Mexican government refuse to accede to the conditions it is suggested that the American government renew its notice that it will hold "to a definite reckoning" those in Mexico responsible for the suffering and losses sustained by American citizens, failure of the Mexican government to restore order and peace in Mexico, and to effectively protect American citizens, this to be followed in a plan suggested by the sub-committee, and dispatching an armed force into that country "to open and maintain open every line of communication between Mexico City and every separate border port of Mexico."

FOR MARINE SHIPPING BOARD

Washington, June 2.—A complete agreement on the house merchant marine bill was reached by the house and senate conferees today after virtually an all-night session. Under the agreement the senate provision for a permanent shipping board of seven members was retained, and the senate amendment authorizing the board to set aside annually for the next five years \$50,000,000 from the proceeds of charters and the sale and construction of new ships was modified to provide for a reserve fund of only \$25,000,000 annually.

PRESIDENT CORRECTS ERROR

Washington, June 2.—President Wilson today signed the resolution eliminating from the agriculture appropriation bill the Comer amendment affecting cotton future grades, which, through a clerical error, was included in the original measure, signed yesterday. The New York and New Orleans exchanges were closed pending the signing of the resolution.

STORM RELIEF FUND

Austin, Texas, May 28.—The final report of expenditures for relief in the storm-stricken area of South and Southwest Texas including Corpus Christi, shows that \$388,171 was collected and disbursed. The report was made by A. W. Jones, Jr., of the American Red Cross, southwestern division, to Governor W. P. Hobby.

Nearly one-fourth of the sum—\$111,104—was received from local relief committees, according to the report; \$141,009 came from subscriptions raised through the governor's office; and the remainder from the American Red Cross, excepting a small sum which was contributed by miscellaneous sources.

REFERENDUM NO GOOD ON FEDERAL AMENDMENTS

Washington, May 1.—The Supreme Court held today that a federal constitutional amendment cannot be submitted for ratification to a referendum vote in states having a referendum provision in their constitutions. The court declares inoperative the Ohio state constitutional referendum amendment in so far as it affects a federal amendment.

The Supreme Court declared unconstitutional the war revenue act requiring the president and all federal judges to pay income taxes on their salaries.

POST'S PERVERTED SYMPATHY

Washington, June 1.—Chairman Louis J. Post, assistant secretary of labor, has "a perverted sympathy" for the criminal anarchist, Attorney General Palmer told the house committee today that in dealing with the attempts of the government to rid the country of dangerous aliens, Post employed "self-willed, autocratic substitution of his own mistaken viewpoint for the obligations of the public law."

Mr. Palmer, testifying before the committee investigating the conduct in the deportation proceedings, said: "By his habitual tender solicitude for social revolutionists and perverted sympathy for the criminal anarchists of the country, Mr. Post has consistently deprived the people of their day in court in enforcement of a law of vital importance to their peace and safety."

OREGON IS FRIENDLY

Mexico City, May 28.—General Alvaro Obregon declared today that if he is elected to the presidency of Mexico he will seek to bring about amicable relations between Mexico and all other countries, "especially those next to us on the American continent. One of my greatest desires will be that on which the soldiers now stationed to guard all frontiers are withdrawn." Obregon's statement was in reply to a message in felicitation to himself and associates in the new regime, sent by members of the municipality of Los Angeles.

STAB AT H. C. I.

Junction City, Kan., June 1.—A cooperative general store has been opened here by employees of the Union Pacific Railroad Company. The organization is capitalized at \$5,000, two hundred shares at \$25 a share having been sold. Eighty percent of the stock is owned by railroad employees and the remainder has been sold to workmen in other industries. The railroad company has no interest in the store.

Officers of the new enterprise say they expect to cut the cost of merchandise at least 10 percent by selling their wares at wholesale prices to the stockholders, plus overhead expense. Any profits accruing are to be divided among the stockholders.

HELP TO COMBAT PLAGUE

Vera Cruz, June 1.—President Wilson has offered to send a hospital ship with nurses, doctors and medicines to Vera Cruz immediately to assist in combating bubonic plague, of which eleven authentic cases, with five deaths, have developed here. The first case developed May 15.

WHEAT GUARANTEE ENDS

Washington, June 1.—Federal control of wheat and wheat products ended today when the wheat director ceased to function under limitation of the law creating his office, and food administration control ended by presidential proclamation.

This means the passing of the \$2.20 wheat guarantee established during the war.

BIG SLUSH FUND

Washington, May 27.—A total of \$113,109 has been raised for the campaign of Senator Harding, republican, Ohio, and \$177,104 spent, the committee investigating pre-convention campaign expenses was told today by Harry M. Daugherty, the Harding manager.

OFFICERS MURDERED BY SUGAR THIEVES

Miami, Okla., June 1.—After officers had captured three alleged sugar thieves at Picher, Okla., a mining camp, and were bringing them to Miami in an auto, one of the prisoners drew a concealed pistol and killed O. B. Vanderpool, detective, and Morris Chandler, the head of a wholesale grocery here. Officers following close behind in an auto opened fire, wounding and capturing the three prisoners. The man who started the shooting is believed to be fatally wounded.

POLITICAL CALENDAR

Candidates for congress, court of civil appeals, state senate, district judge, district attorney and floral representative in the legislature, must file application by June 7 to have names printed on primary election ballot. As many as 25 voters can file them. Candidates in the county have until June 19 to file application for the same purpose. Voters to the number of 25 may also file. The county executive committee meets on June 21 to determine order in which names shall be printed on the ticket, and the candidate has until June 28 to pay the fee. The sub-committee meets on July 12 to arrange the ballot for printing. There are some other regulations in regard to the election and voting that will be printed later. In the meantime put this clipping in your pocket, if you are a candidate, and it will save you the necessity of asking questions.

OPPOSE REGULATED ZONES

Austin, Texas, June 1.—Charles L. Martlett, chairman of the Federal Horticultural Board, who left for Washington today, announced in a statement that if the bill proposing regulated zones in the alleged infested pink boll worm districts is enforced it will force a quarantine of all Texas by making impossible a prompt and continuous inspecting of the regions under supervision. The Federal Horticultural Board does not venture to interpret the constitution and laws of Texas, but does believe it is competent to point out these and other radical defects in the bill. He added that "The board's and its advisors' duties under the invitation of the governor and legislature of Texas are now concluded," and expressed the hope that the outcome would make possible the continuation of federal aid.

TROUBLE AT WICHITA FALLS

Wichita Falls, June 1.—Orders were issued today by the chief of police prohibiting the gathering of crowds in the streets due to disorders following the strike of cook and waiters here. Four non-union waiters have been assaulted. Strike leaders deny that the union was implicated in the disorders.

Bricklayers, barbers and metalworkers last night refused to go out in sympathy with the waiters.

SIGNED AGRICULTURAL BILL

Washington, June 1.—The president today signed the annual agricultural appropriation bill, which continues in force the present cotton-future contracts under which the trading on cotton exchanges is carried on.

RUSSIAN SOVIET GETS PERMISSION TO TRADE

London, June 1.—The result yesterday of the meeting of Gregory Krasin, Russian bolshevik minister of trade and commerce, with Premier Lloyd George and the British cabinet members, was that the soviet government, according to the Evening Standard, has been granted permission to open immediately a central trading office in London.

Lester Robinson, a 16-year-old negro boy, was arrested at Libby Monday night for an alleged attempt to burn a building belonging to Abe Hatch. The house was unoccupied and contained a few shacks, to which the boy is said to have applied a match. The sheriff's department was notified and officers went to the scene, following the tracks of the would-be firebug until he was overhauled. The boy confessed the crime and is in jail.

RESOLUTION TO REPEAL WAR TIME LEGISLATION

Washington, June 2.—The house judiciary today ordered out the resolution repealing all wartime emergency legislation except the Lever food act, the trading with the enemy act and the District of Columbia rent profiteering act. Chairman Vulsted said an attempt would be made to have the house adopt the resolution under a suspension of the rules before adjournment Saturday.

A resolution ordering a congressional investigation of the escape of Grover Cleveland Bergdoll, the rich Philadelphia draft evader, was favorably reported by the house rules committee.

COTTON CONDITION

Washington, June 2.—The condition of the cotton crop on May 25 was 62.4 percent normal, the Department of Agriculture announced today. There was no production forecast. Revised figures of the area planted last year was announced at 35,133,000, and the area picked 33,566,000. The yield per acre was 81 pounds.

Texas' condition May 25 was 60 percent normal. The report said: "Cotton is reported as poor to bad in all the cotton states and in almost every county in the cotton belt. The recurring statement, 'the worst ever known,' was confirmed by reported condition figures of 62.4 percent normal, the next lowest at this date in the bureau's entire record of fifty years being 69.5 percent in 1917. Last year it was 75.6 percent."

ALLIGATOR STEAKS.

Mangua, Nicaragua, June 2.—Perhaps alligator steaks would never appeal to the fastidious diners in first-class restaurants, but U. S. Marines attached to the American Legion Guard here say they are the real thing for adding piquancy to the daily fare. Marine sharpshooters make a specialty of bagging young alligators. When the skin is removed steaks are cut from the fleshy part of the tail. The meat is clear white, is palatable, and has something the flavor of halibut.

Another variety of the fare is broiled lizard. The iguana, or giant lizard, has been used for food by the natives for many years. The marines say that iguanas make fine chow, but they prefer alligator for steady diet.

SUPERINTENDENT DAVIS DISCUSSES SCHOOL NEEDS

To a full house Monday morning at the high school auditorium, Superintendent R. F. Davis entered into an earnest discussion of the Nacogdoches Grammar School needs. Mr. Davis told those present that the Nacogdoches Grammar Schools were suffering in a manner that would have to be remedied "or the school would fall from its present standard."

He reminded those present that the grammar schools of the city were crowded, were deficient in the required number of instructors, and that during the present year the Nacogdoches school has gone in debt something over \$2,500. He said the situation is alarming if prompt action is not taken in the matter. Mr. Davis thinks that the solution of the problem lies in the "citzienry of Nacogdoches going down in their own pockets and subscribing the necessary amount."

Others were heard from, and from their remarks the words of Mr. Davis had not been with out effect. Concluding his speech, Mr. Davis told those present that a program would be rendered by the senior class tonight at the high school auditorium, saying that he thought all attending the program would heartily enjoy it. The players were caused to come out on the stage and show themselves, much to the amusement of the audience.

CONGRESS ADJOURNS NEXT SATURDAY

Washington, June 1.—The house adopted a resolution today to adjourn congress sine die at 4 o'clock Saturday.

WINS BIG RACE

London, June 2.—Captain G. Loder's "Spion Kop" won the Classic Derby at Epsom Downs yesterday.

HIGH SCHOOL WINNERS IN GIRLS' CLOTHING CONTEST

Austin, Texas, June 2.—Miss Alino Johnson of Houston won first place in the state-wide high school girls' clothing contest conducted by the Texas University. Her entry school dress for fall or spring cost \$2.87. Judith Norwood of Cleburne was second. The Main Avenue High School of San Antonio won the loving cup for the best general exhibit of girls' clothing, with Cleburne second and Austin third. There were fifty entries.

CLAIMS PALMER IS ANTI

Washington, June 2.—Charges that the Palmer campaign was conducted in Illinois with an open appeal to the distillery and brewery interests were made before the senate investigating committee by Eugene C. Bonniwell of Philadelphia, who said the saloons of that state are now running wide open under the eyes of the Department of Justice.

IN THE LEGISLATURE

Austin, Texas, June 2.—After passing local bills the house adjourned until 10 o'clock Saturday by six committees can consider bills submitted.

The governor submitted an amendment to the present law to provide that a certificate of analysis by the agricultural commissioner shall be prima facie evidence in damage cases.

A bill proposing the transfer of the Northwest Texas insane asylum to the control board was introduced in the house.

RATS CAUSE FIRES.

Austin, Texas, June 2.—The present infestation of rats and mice is responsible more than anything else for the great number of barns which are destroyed by fire, in the opinion of Commissioner F. C. Weinert, of the Bureau of Markets and Warehouses. Commenting upon the reports of the State Fire Insurance Commission that 70 barns were destroyed during the month of April, he says:

"The farmer who uses all means at his command to catch and kill rats and mice, who allows nothing but safety matches on his place and who enforces a rule against smoking around the barn, will have done all he can to prevent the burning of his barn."

"Every farm in this state has been infested with rats and mice this winter. More rat and mouse traps were sold in the stores than during any other three years in Texas history. Add to this the growing carelessness with matches, and you have the reason for fires."

SETTLING CONTESTS

Chicago, June 2.—Claims of contesting delegations from Georgia and Florida continue to occupy the attention of the Republican National Committee. There are efforts to speed up consideration so the committee may pass on ten other states whose claims have not yet been heard.

Upon resuming work on convention contests, the committee today seated the twelve uninstructed delegates from Louisiana and dismissed the contest of the "lily white" group.

Travelers over the Nacogdoches-Douglass road can not help but be impressed with the modern aspect the road is presenting, even now in its unfinished state. Some elaborate pieces of engineering are in evidence throughout the entire length of the highway, and men who know say that when the road is finished it will rank with any in all East Texas. Pains have not been spared in getting the road up to specifications, one is impressed in this respect, and the arrival of gravel is the only thing needed to get the road in ship-shape.

Mr. W. H. Walker and Mrs. Sarah McDonald, who reside a short distance northwest of town, on the Tyler road, were married at 6 o'clock Tuesday evening in the county clerk's office at the courthouse by Judge Frank Huston.

Jose Lopez and Mrs. Francisco Steele were married at 4 o'clock Thursday afternoon at the home of the bride on Fredonia Hill, Judge Frank Huston officiating.

WEEKLY SENTINEL

PRICE \$1.50 PER YEAR.

BY GILES M. HALTOM

TROUP MASONS VISIT GOOD OLD NACOGDOCHES

From the Troup Banner, 20th.

Thursday, May 13, will be a red-letter day in the annals of the 32nd Degree Team of Dixie Lodge, No. 272. On that afternoon 21 craftsmen of Dixie, making up the 32nd Degree Team of our Lodge, fled away by auto to the historic town of Nacogdoches. It was by special invitation of Judge F. P. Marshall, Master of Milam Lodge, No. 2, famous in the history of the Craft of Texas, and famous for the number of great men it has given to our commonwealth, that the visit was made. The afternoon was as pleasant as any May afternoon could be, and the 57 miles was made over very fine roads most of the way and with that exhilaration of body and spirit which comes from an outing providing shifting scenes of entrancing beauty, from an outing which has its climax a most cordial reception in a beautiful modern city where there are friends and brethren whose hearts and homes are open to you, from an outing whose objective is an ancient city modernized, but about which cluster hallowed memories, whose very atmosphere is redolent with thrilling history and romance, a city of wealth and culture, of fine old Southern homes wherein abides traditional Southern hospitality and wherefrom radiates an influence that thrills you with the thoughts and blesses you with the glow of the patriotism which animated a proud ancestry of many generations past. That was the day in Nacogdoches.

A large reception committee met the Craftsmen of Troup and soon had them assigned to the best hotel in the city, or in the homes of personal friends. The dust of travel was soon removed, and then the historic places and beauty spots of the city were shown, the while our hosts recited the history, the traditions and the legends of the Old Stone Fort, the Indian mounds, the beautiful Banita and the lovely Lanana, the historic Elms and the Stately Oaks—and Oh, such stately majestic trees can no where else be found. And then was shown, out in the silent city of the dead, the imposing monument of Brother Thomas J. Rusk whose memory is revered by all good men and true.

At 7:30 in the evening we entered the portals of Milam Lodge, No. 2, whose charter was granted by the Grand Lodge of Louisiana in 1836 before Texas had gained its independence, and before there was a Grand Lodge of Texas. In this Lodge there are many relics of the great good men who were members of it in former days, of men who wrought with power to establish this great commonwealth and, with no less zeal wrought effectively to establish Masonry in this land whose then political masters were hostile to Masonry's every purpose and principle, suspicion, hateful and tyrannical. Before these relics, truly sacred in the esteem of the guardians of this generation, one can but stand in silence with heart and thought turned to the past when was made great and glorious by our Brethren, full-statured men, stalwart heroes to whose mighty deeds of unselfish service we of this generation and all who shall follow us forever must pay grateful tribute of respect and love.

The Troup Brethren were accorded the honor to confer the Master's degree in full form in the presence of some two hundred Brethren among whom were many visitors from neighboring lodges. The register of the evenings attendance showed that representatives of 18 lodges were present, including the lodges of the local brethren and the visiting team. Following the labors of this degree, refreshments were served after which the Brethren all re-assembled and an informal program was carried out which was assuredly a fraternal love feast.

Nacogdoches and Milam Lodge, No. 2, matchless are thy charms and hospitalities.

The Smith Bros. contracting firm which is building the Nacogdoches-Douglas road is now in the Angelina river bottom constructing an immense roadway, according to Commissioner J. F. Bates, who is a resident of the Douglas community. Mr. Bates says that the work is interesting, and that Nacogdoches is going to have a great piece of highway when it is completed. However, he is a bit dubious as to what the road will stand in the event of a big flood in the river bottom.

There are two casualty lists now—one from the army and the marriage license reports.

THIS WILL HELP YOU TO KEEP THEM STRAIGHT

Couplet—Seats two or three. It has a folding top and full height doors with disappearing panels of glass.

Coupe—An inside operated, inclosed car, seating two or three. A fourth seat facing backwards is sometimes added.

Convertible Coupe—A roadster provided with folding top and disappearing or removable glass sides.

Sedan—A closed car seating four or more, all in one compartment.

Convertible Sedan—A sedan touring car provided with a detachable sedan top.

Open Sedan—A sedan so constructed that the sides can be removed or stowed so as to leave the space entirely clear from the glass front to the back.

Limousine—A touring car with permanent standing top and disappearing or removable glass sides.

Berline—A limousine having the driver's seats entirely inclosed.

Brougham—A limousine with no roof over driver's seat.

Landulet—A closed car with folding top, seats for three or more inside and driver's seat outside.

FEDERAL AID GRANTED SAN AUGUSTINE ROADS

San Augustine Tribune, 27th. County Judge E. E. Anderson and the commissioners, L. J. Rigsby, Joe Summers, J. E. Fitzgerald and J. P. Loggins made a special trip to Austin last week to appear before the State Highway Commission for the purpose of making application for State aid on our highway.

State aid was promised us, the commissioners agreeing to act upon the matter in due time. \$21,000 State aid was granted this county and is now available, most of which goes to Beat No. 4. Federal aid to the amount of \$50,000 was granted San Augustine county for use on the King's Highway.

Four army trucks were apportioned to San Augustine county and same were picked out by the Commissioners on this trip and the trucks will be shipped to us right away. Also one Ford car was given to Engineer of Beat No. 3.

The trucks will be worth much to the roads of the county to do grading, which is the salvage of all roads that have been graded.

Tribune is quite pleased indeed to see this progressive move and interest in behalf of better roads for the county.

SUPERINTENDENT STEGALL SUFFERS BROKEN ARM

Saturday afternoon while descending a flight of stairs at the school building, Superintendent H. B. Stegall lost his balance and fell, and in the fall broke both bones in the wrist of his left arm.

He thinks the cause of his fall was due to the fact that he had neglected to remove his reading glasses, which impaired his vision for walking and caused him to miss his step. He had an arm full of books at the time, which he hurried back and locked the door, after which he came home.

The injured member was given careful surgical attention and is doing nicely, but the patient has suffered considerable misery with it.

The accident was doubly unfortunate in coming at the threshold of the commencement exercises, for the success of which the superintendent had worked so hard and was entertaining with so much interest, but he has borne up under it with characteristic stoicism, urging his co-workers to redouble their efforts, and still giving his chief attention to the event—Garrison News.

Nobody seems to want to be vice president.

A good editorial is one that immensely pleases you or makes you as mad as a hornet.

If your neighbors like you, you are probably popular down town and doing a good business.

By the way, a lot of the people who believe in the Lor think that He can go a long way on a nickel.

You need not fear the big-mouthed man who is looking for trouble, but look out for the silent guy who is trying to avoid it.

Usually there is much to be said on both sides of the question, and the painful part of it is that it is usually said.

There is no profiteering, says Fred Marvin of the Bankers Magazine. Possibly not, but after reading some of the latest quotations on print paper we have come to the conclusion that there is a lot of highway robbery.

Over fifty years ago a young physician practiced widely in a rural district and became famous for his uniform success in the curing of disease. This was Dr. Pierce, who afterwards established himself in Buffalo, N. Y., and placed one of his prescriptions, which he called "Golden Medical Discovery," in the drug stores of the United States so that the public could easily obtain this very remarkable tonic, corrective and blood-maker. Dr. Pierce manufactured this "Discovery" from roots and barks—a corrective remedy, the ingredients of which nature had put in the fields and forests, for keeping us healthy. Few folks or families now living have not at sometime or other used this "Golden Medical Discovery" for the stomach, liver and heart. Over twenty-four million bottles of this tonic and blood remedy have been sold in this country.

TEXAS WOMEN ELECTED TO NATIONAL CONVENTION

Dallas, Texas, May 26.—Thirty-six delegates with one vote each, including three women, and sixteen delegates at large with one-fourth vote each, including four women, were elected by the Democratic State Convention.

The delegates were uninstructed as to presidential preference, though there was a strong undercurrent of sentiment favorable to the candidacy of William G. McAduff.

The convention endorsed the Wilson and Hobby administrations and "an unimpaired League of Nations," and declared against light wines and beers.

In a speech Dwight Lewelling announced that he withdrew from the governor's race in favor of Pat M. Neff of Waco.

The delegates to the national convention were instructed to oppose any platform or candidate favoring "violation or nullification" of constitutional prohibition.

PALMER'S PLATFORM

Washington, May 27.—Flat opposition to government ownership of railroads, endorsement of federal control of the manufacture and distribution of "necessary commodities," the elimination of excess profits taxes in favor of higher incomes from investments characterized Attorney General Palmer's reply to a recent questionnaire submitted to presidential candidates by national boards from various organizations.

STRAYED—One dark brown mare mule, weighs about 700 pounds branded on jaw, shoulder and hip. Also black horse mule colt, 1 year old, had on muzzle when strayed. Last heard of near Etoile, Texas. \$10.00 reward to take same up and notify I. L. Matthews, San Augustine, Texas. 26-2w

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely. Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Hives, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites. In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known. Small size 50 cents bottle. Large size \$1.00. JAMES F. LITTELL, Prop. St. Louis, Mo.

THE VETERINARY'S PLACE

The livestock industry is one that is beginning to get the earnest attention of farmers in Nacogdoches county. From all parts of the county come reports of farmers investing large sums in livestock with reputable blood. This is gratifying to the far-seeing man and woman who knows that nothing but good can possibly result from such course. Nacogdoches county is eminently situated to become a great livestock county, and every encouragement should be given its farmers to take more interest in it.

In this connection it might be stated here that a great esteem for the veterinary's place in our world would be of incalculable benefit in stimulating the praiseworthy industry. Every county that displays the least bit of progressiveness employs and encourages a county demonstration agent to give its people advice in an agricultural way. This is good, but it only covers a part of the ground. The county demonstration agent is, in a manner, only in position to help the farmer in one way. The agent cannot advise the farmer as to what is best for his livestock because he naturally does not know. He must be more interested in seed, soil preparation, and other valuable but similar things connected with farm life.

And since this is the case it seems to the writer that there would be a great deal of common-sense attached to the plan of having the county employ a good veterinarian to take an interest in, stimulate and give valuable advice to those concerned in the promotion of better livestock raising in the county. Farmers and cattlemen would be quick to appreciate a system like this, because unquestionably it would be worth a great deal of good. Nacogdoches county needs better livestock. A good veterinarian has a mission to fill. What do you think about it?

TEXAS MUST ACT IN BOLL WORM MATTER

Austin, Texas, May 27.—The immediate action necessary, the Meredith letter said, are declared to be: "Non-cotton zones for the infested areas of Texas and the plowing up of the fields already planted in such areas. If Texas should fail in the present emergency to carry out a program of extermination by adopting in lieu thereof some half-way course which would practically amount to giving up the fight and leaving ample room for the spread of the insect in Texas or to other state, the Department of Agriculture, realizing its obligation to other cotton-growing states, feels it would be remiss in its duty if it failed to do everything possible within the limits of its power and authority to prevent the spread of the pest from Texas."

FLIRTING WITH BOLSHIEVIKI

Paris, May 27.—The Armenians have accepted an invitation from the Russian bolsheviks to send delegates to Moscow, according to information to the French Foreign Office.

BRANCH PENITENTIARY FOR CENTRAL TEXAS

Austin, Texas, May 29.—A concurrent resolution introduced in the house proposed a survey for the location of a branch penitentiary in Central Texas. The survey report will be filed in the next regular session.

EMBARGO ON SUGAR

Washington, May 28.—By a vote of six to three the senate agricultural committee today ordered a favorable report on the McKary bill providing for an embargo on the export of sugar.

INTERNATIONAL WORKERS

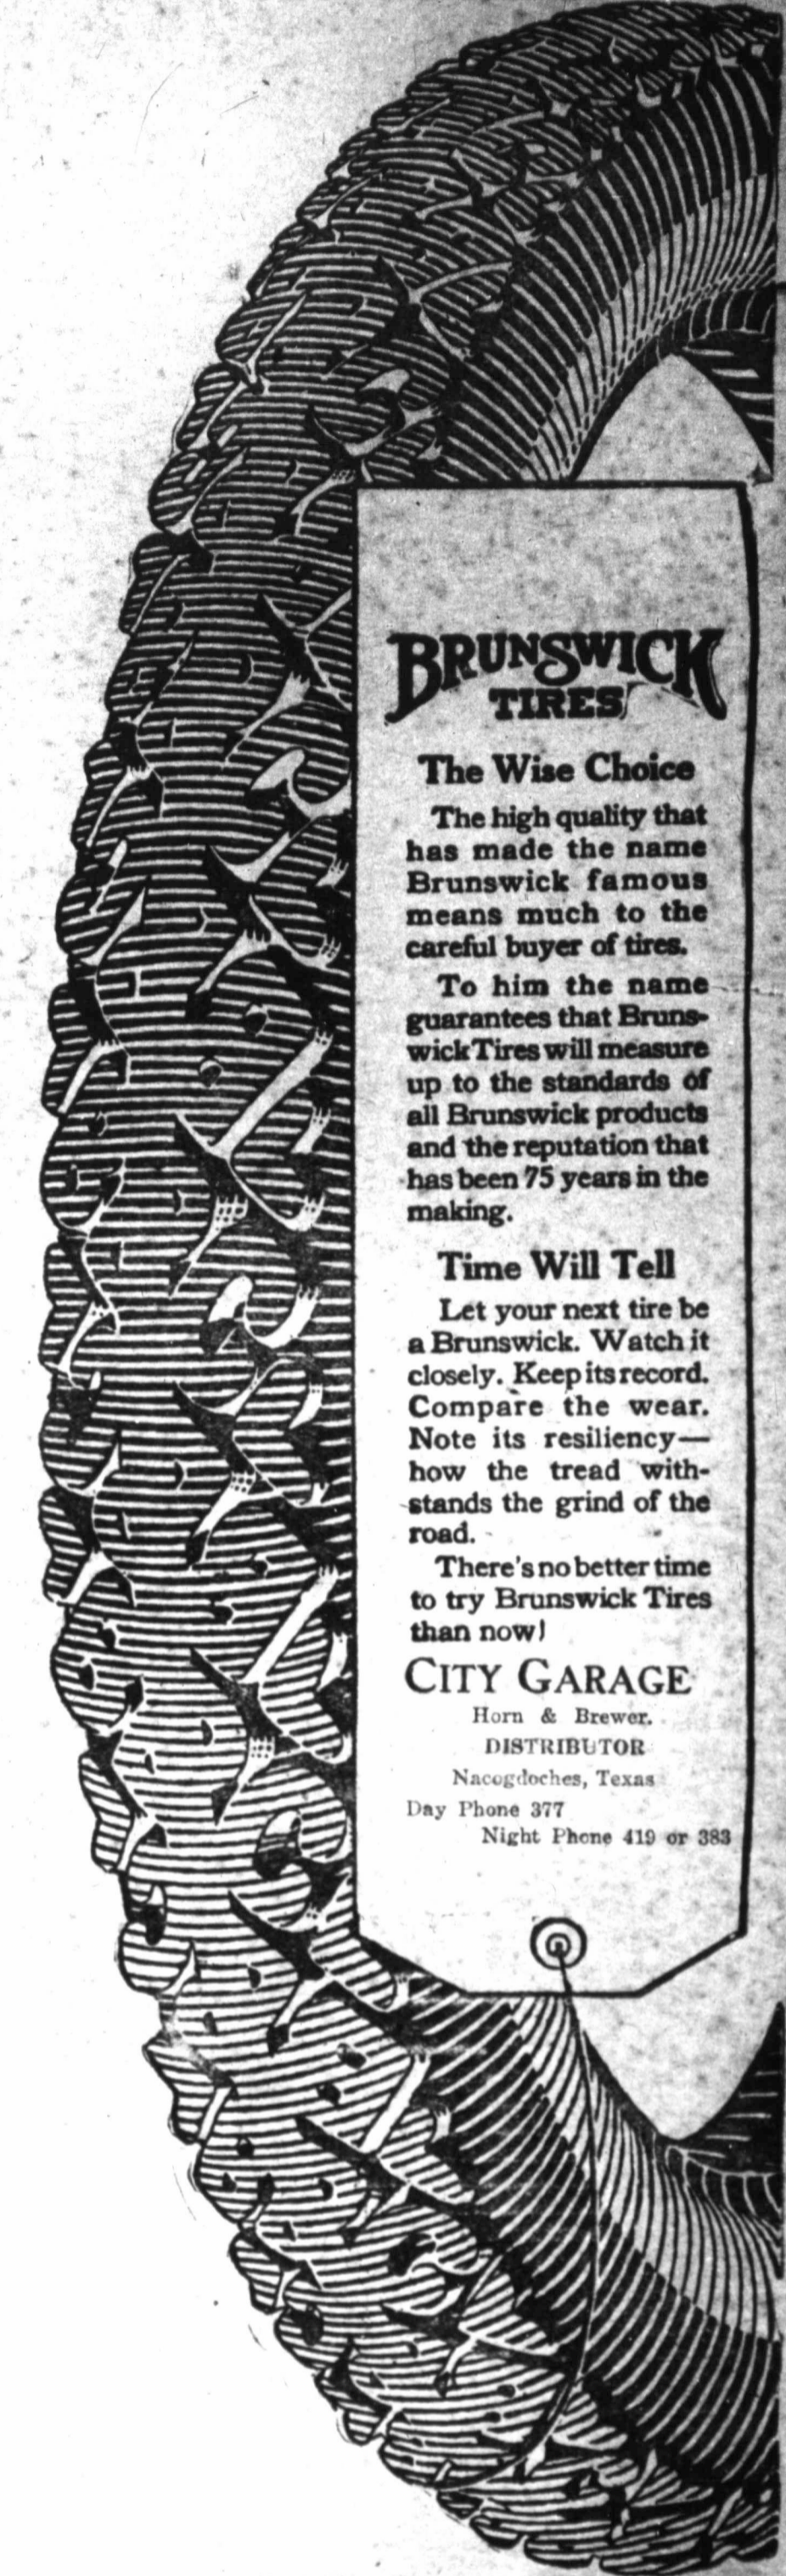

Fort Worth, Texas, May 29.—Grant Jacobs of Los Angeles, Cal., arrived here today to assume the duties of president of the International Field Workers, whose headquarters will remain in Fort Worth. He was elected by a nationwide vote last week.

TO SETTLE CONTESTS.

Chicago, Ill., May 29.—Decisions in four contests of delegates to the republican convention probably will settle all disputes which involve 122 seats, members of the national committee said today. Consideration of the disputes will begin Monday.

CAMPAIGN MONEY PLENTIFUL

Washington, May 28.—Dan Hanna of Cleveland, Ohio, agreed to raise \$500,000 to finance General Wood's campaign, the campaign investigating committee was told by John T. King of Connecticut, who was first manager of Wood's national organization.

BRUNSWICK TIRES

The Wise Choice

The high quality that has made the name Brunswick famous means much to the careful buyer of tires.

To him the name guarantees that Brunswick Tires will measure up to the standards of all Brunswick products and the reputation that has been 75 years in the making.

Time Will Tell

Let your next tire be a Brunswick. Watch it closely. Keep its record. Compare the wear. Note its resiliency—how the tread withstands the grind of the road.

There's no better time to try Brunswick Tires than now!

CITY GARAGE

Horn & Brewer, DISTRIBUTOR, Nacogdoches, Texas. Day Phone 377, Night Phone 419 or 383.

ECZEMA

Money back without question if HUNT'S Salve fails in the treatment of ITCH, ECZEMA, BURN, WORMS, TETTER or other itching skin diseases. Try a 75 cent box at our risk.

At Stripling, Hazelwood & Co.'s

LOIST—One red mare mule, weighs about 1,000 pounds, strayed from Southern Construction Co.'s camp near Bohler's Ferry, on May 18th. \$25 reward will be paid for information leading to her recovery. Notify Southern Construction Co. Turpentine, Texas. 27-2d2w

TIES WANTED
200,000 pine ties, all sizes. 50,000 red oak ties, sizes one to three. J. J. Simpson, Nacogdoches, Texas. 18-wtd

New Improved Pony Gang Edgers

THE QUEEN THEATRE

Monday, June 7—"NURSE MARY" Mary Miles Minter starred in this Realart picture.

Tuesday, June 8—"APRIL FOLLY." Beautiful Marian Davies is heroine in this new Cosmopolitan production of daring adventure involving a famous diamond.

Wednesday, June 9—"LOVE'S HARVEST." A Fox feature with Shirley Mason. Also "Outlaws of the Deep," a two reel detective story with Herbert Rawlinson.

Thursday, June 10—"LOMBARDI, LTD." Bert Lytell in a Metro comedy.

Friday, June 11—"EASY TO GET." Marguerite Clark and Harrison Ford featured. A picture to tickle wives and sweethearts and cover HIS face with a sheepish grin.

Saturday, June 12—"THE HARVEST MOON." A Pathe feature with Doris Kemon. Also episode 9 of the "Black Secret."

WHY WE SHOULD BUY AT HOME.

We have been reading for years about the "Buy It Made in America" and "Buy It Made in Texas" campaigns, and we believe they are good.

The reason we should buy in America, is to foster home enterprises and to help our country take care of itself in competition against the outside world. If we had had no such sentiment as moves in the past, America today would be dependent on Europe for her manufactured goods.

The same reason applies to the "Buy Things Made in Texas." And its the same principle that causes us to advocate the "Buy At Home" movement. Unless we do these things, we shall never have a home community able to compete with the outside world, and become developed in a way to take care of our demands and meet our desires.

LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved
After a Few Doses of Black-Draught.

Meadorsville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak. . . I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few

doses of Black-Draught." Seventy years of successful use has made Theodor's Black-Draught a standard, household remedy. Every member, of every family, at times, need the help that Black-Draught can give in cleansing the system and relieving the troubles that come from constipation, indigestion, lazy liver, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c. a package—One cent a dose All druggists. J. 69

TEXAS FARM BOYS TRIP

Dallas, Texas, May 28.—An invitation to the members of the Texas Farm Boy Special to attend the Iowa State Fair during August has been received by Walton Petet, manager of the agricultural department of the Texas Chamber of Commerce, from G. E. Hamilton of the Des Moines Chamber of Commerce, who states that arrangements will be made to furnish the boys with entertainment. . . . Moines is the home of U. S. Secretary of Agriculture Edwin T. Meredith and arrangements have already been made for a reception to the Texas Farm Boys upon his farm near that city.

Letters are being received from all parts of the United States urging managers of the Farm Boy Special to include them in the itinerary. Besides the affairs mentioned, visits to Niagara Falls, Canada, Mount Vernon and Arlington, a trip down the Potomac aboard the president's yacht, and a two-day's tour of the Blue Grass region of Kentucky are on the tentative program of the Texas Farm Boys' trip through eighteen states during the last three weeks of August.

TEXAS OIL WORKERS THREATEN TO STRIKE

Wichita Falls, May 28.—Oil and gas well and refinery workers in the Wichita Falls vicinity numbering several thousand, held a meeting last night in connection with the labor situation. Labor leaders said the United Oil Workers will vote in a few days on joining the building crafts in a general strike in protest of the open shop movement. Approximately 500 workmen are idle. It is understood that 5,000 building craftsmen will take a strike vote tonight.

REWARD FOR CAVALRY

Austin, Texas, May 28.—A cash prize of \$1,000 has been offered by the Austin Chamber of Commerce to the troop of cavalry of the Texas National Guard which has the largest attendance of qualified officers and men present at the national guard encampment to be held at Camp Mabry, near Austin, August 6 to 20.

T. J. King of the Douglass community was in the city Monday.

THE FALL ELECTIONS

Chicago, Ill., May 29.—Thirty-five states will elect governors next fall at the time when the president and vice president are chosen. Thirty-two United States senators, to take office March 4, 1921, are also to be selected. Of the governors whose terms expire next year 22 are republicans and thirteen democrats, while 17 of the 32 senators are democrats and fifteen republicans.

The 35 governorships to be filled offer a wide range, both in terms and salaries. Among the state executives whose terms expire are Frank O. Lowden, of Illinois, the highest paid governor in the country; and S. R. McKelvie, of Nebraska, the poorest paid. Mr. Lowden receives \$12,000 yearly for a four year term and McKelvie \$2,500 annually for two years. Only twelve of the 35 will receive over \$5,000 a year; and five will be paid \$3,000 or less.

Governor Coolidge of Massachusetts, whose position carries a \$10,000 salary, is the only governor in the country who were elected for one year. All other states have either two or four year terms.

Territorial governors are better paid than the average state executive and two of the four are appointed for indefinite terms, with the result that they remain in office as long, as a rule, as the president who named them.

Francis Burton Harrison, governor-General of the Philippines, tops the list of territorial executives with an indefinite term and a \$20,000 yearly salary. Arthur Yager, governor of Porto Rico, receives \$10,000 and is appointed for an indefinite term. Governor Thomas Riggs, Jr., of Alaska and C. J. McCarthy of Hawaii each received annual salaries of \$7,000 during their four year terms.

THE VETO STANDS

Washington, May 28.—An effort to override the president's veto of the peace resolution failed today by a vote of 219 for and 152 against, just 29 less than the required two-thirds majority.

The conference report on the long-pending water power bill was approved by the senate. The measure now goes to the president.

SESSION RESUMED

Austin, Texas, May 27.—Both branches of the legislature met in a joint session today to hear a letter from Secretary of Agriculture E. T. Meredith on the pink boll worm and adjourned for two days. The letter was to Governor Hobby, who submitted it to the legislature.

The boll worm committee held no morning session.

A delegation from the Texas Sheriffs Association asked the governor to submit a proposed increase in fees and prisoner allowance. A 25 percent increase for deputies is asked by the sheriffs, who say it is impossible to keep good men at the present rate of pay.

Amendments to the minimum wage law are expected to be agreed upon at a conference of employers and employees with the Industrial Welfare Commission today. The plan generally favored is a proposal to fix minimum wages by cities according to population.

LEGISLATIVE DOINGS

Austin, Texas, May 28.—An amendment to the fire insurance commission law submitted to the legislature by the governor today proposes to remove the limitation restricting commission expenditures to \$130,000 a year. Under the present law the tax of 1-4 percent gross on the business of insurance companies produced \$200,000, and only \$130,000 can be spent.

Another bill submitted proposes to increase the salary of county treasurers from \$2,000 to \$3,600, the additional sum to be used for an assistant.

A number of local bills were offered.

W. R. Stockwell of Alvin testified before the pink boll worm committee that land values had depreciated since the agitation began. Counsel for the farmers in the alleged infested district said they proposed to show that the establishment of non-cotton zones would result in an annual \$15,000,000 loss.

Other Important Bills

Austin, Texas, May 28.—Bills were introduced in the house today as follows: Proposing an appropriation of \$2,500,000 to supplement the available school fund for the next fiscal year; proposing to permit teachers from other states to teach in Texas schools without examinations; proposing a penalty for automobile theft of from six to ten years in the penitentiary.

LEGISLATIVE DOINGS

Austin, Texas, May 29.—The senate passed the bill authorizing school trustees to fix teachers' salaries and removing the present limitations.

The boxing bill advocated by the American Legion was submitted by the governor today. The bill proposes ten-round bouts and a state athletic commission of three men appointed by the governor as licensed referees, who must stop bouts when one of the boxers shows that he is outclassed. The governor said in the message submitting the bill that the necessity for such a measure "has become apparent since the establishment of army camps in Texas." The boxing bill was introduced in the senate.

LITTLE BUSINESS

Austin, Texas, May 29.—Although both branches of the legislature held sessions today, no important business was scheduled. Many local bills were up.

The emergency educational bills before the joint house and senate appropriations committee include \$5,000,000 appropriation. It is not expected the bill will be reported before the last of next week.

LOCATION OF BRANCH

PRISON SITE

Austin, Texas, May 31.—The local bills pending on the calendars of both branches of the legislature scheduled for passage today, the proposed resolution authorizing the prison commission to select a site for the location of a branch penitentiary in Central Texas, and action on the measure is expected in the house today.

The pink boll worm investigating committee scheduled to make recommendations today.

REPUBLICANS IN SQUABBLE

San Antonio, Texas, May 26.—Two Republican State Conventions were held here when a number of negro delegates, accompanied by a few whites, withdrew from the regular convention. Both bodies elected uninstructed delegates to the national convention.

Ford Cars For Sale

A FRIEND IN NEED

Mr. and Mrs. T. J. Hudgins of Hungerford, who had been visiting the latter's parents, Mr. and Mrs. J. M. Stallings, at Melrose, for several days, have returned home after proving themselves real friends in need. Mr. Stallings' buildings, fences, etc., were severely damaged by the late storm which swept that village, and he was totally unable to procure help for restoration. Recognizing the plight of his father-in-law, Mr. Hudgins brought four stalwart negroes from his farm at Hungerford and put them to work repairing the damage, which they accomplished with unusual speed, and now Mr. Stallings' place is almost "as good as new." He says these negroes are the best workers he has had in many a day. They appeared to know just what was needed and how to do it. And he is very grateful to them and to Mr. Hudgins for the timely help.

MASONS ELECT OFFICERS

At a regular meeting of Milan Lodge, No. 2, A. F. & A. M., Saturday night the following officers were elected:

E. S. Shirley, W. M.
M. A. Dowdia, S. W.
Audley Harris, J. W.
Sam Wilson, Secretary.
W. F. Wilson, Treasurer.
Willis Burrows, Tiler.

LEMON JUICE

FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try It!

Squeeze the juice of two lemons into a bottle containing two ounces of orchard white, shake well, and you have a quart of the best freckle and tan lotion, and complexion beautifier, at a very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.

CUCUMBERS COSTLY

Brownsville, Texas, May 28.—Another record price for cucumbers was set here recently when M. C. Myrtle, a farmer, received an average of ten dollars a bushel for his first shipment of that vegetable. He said this was four dollars more per bushel than he had ever received before.

TO CURTAIL PRESCRIPTIONS

Washington, May 28.—In an effort to defeat the "indiscriminate sale" of liquor on physicians' prescriptions, Commissioner Williams of the Bureau of Internal Revenue issued a ruling today limiting the number of permits allowed each physician to 100 each three months, except with "good cause."

Sealed Tight

Every pound of good old Luzianne Coffee comes to you in an air-tight tin can. The original goodness is all there—sealed in! Good old Luzianne retains its flavor.

INTERESTING BACCALAUREATE SERMON DELIVERED

At the high school auditorium Sunday morning Rev. S. D. Dollahite, pastor of the First Baptist church, this city, delivered one of the most interesting baccalaureate sermons is has ever been the pleasure of any Nacogdoches citizen to hear, according to the universal verdict of those fortunate enough to hear him. Rev. Dollahite dealt with his subject in a masterful way which caused his hearers to do some profound thinking and to have a greater concern for the young men and women who were present graduating and about to face the world with a mission to fill.

Before the entrance of the graduating class into the building, pictures were made of them. Loud cheers greeted the class when it marched into the auditorium to hear the commencement sermon. The front seats were occupied by the class, and the seats just behind them were occupied by their relatives.

The music for the occasion was particularly fine. Jim Summers, with his wonderful violinist talent, enraptured the congregation with his music, and Mrs. D. E. Hughes and Mrs. Greer Orton rendered splendid solos. The sermon was a genuine inspiration throughout, and at its conclusion those who heard it came away with profound impressions.

The graduating class this year consists of forty members. The following are the ones graduating: Audrey Hanna, Ruth Middlebrook, Georgia Maroney, Bessie Mintz, Leora McNess, Tucker Mast, Arnold Muckelroy, Abbie Nelson, Jewel Norwood, Virginia Perkins, Iris Powell, Alice Robinson, Lynn Stallings, Clyde Adams, Ruth Bowden, Octavia Boozer, Lena Barron, Rosa Burrows, Odie Carnes, Mildred Dunlap, Edna Earl Dent, Ruth Fouts, Eldred Gaston, Edwin Gaston, Ruby Hutson, Ellis Halton, Lucile Summers, Lance Swift, Burk Summers, Clara Schenks, Robbie Thompson, Dorothy Washburn, Arthur Wilkinson, Loraine Weaver, Floyd Woodlan, Hubert Swanson and Wilhelmina Rulfs.

LOST—Look out for a stray black horse mule, weigh about 1,000 pounds \$10.00 reward. Left home March 22. R. R. Coleman, Caro, Texas. 251wtf.

LOST—Mouse colored mare mule, weight about 750 pounds. Don't remember brand. Will pay \$25.00 reward for return. R. R. Coleman, Caro, Texas. 18-wtf

SMALL GIRLS FIND INTERESTING MARKER

Friday afternoon little Misses Alice Lee Perkins, Louise Rhein and Mildie Finley were playing on the school campus when one of them found a peculiar looking slab with the inscription "Two hundred and fifty dollar fine to remove. Placed here by the United States government." Needless to say that the stone was not removed.

But such a find naturally aroused a bit of curiosity, and upon inquiring of some of the old-timers of the city, it was found that the stone was placed in the southeast corner of the campus during the time when H. H. Cooper was postmaster in Nacogdoches by a government civil engineer for the purpose of establishing a meridian here. A civil engineer can by the use of the slab, and an accompanying sheet, adjust his compass with ease. Captain Cooper says that he remembers well the time that the slab was placed on the campus, but had forgotten all about the incident until the finding of the marker by the young ladies.

Drs. Bruce and Reich, Osteopathic Physicians, Redland Hotel.

Luther Wallace of the Libert community was in the city Monday.

Will Yates of Douglass was in the city Saturday.

Will Weatherly of Mahl was in the city Saturday.

J. W. Sealbach of Caro was a business visitor in the city Saturday.

F. R. Penman was a business visitor in Dallas during the week.

Hon. Eugene Blount is spending a few days out of the city this week.

Rufus Warren, J. F. Bates and Percy Bates were Douglass people in the city Friday.

Prof. Eugene Thompson of Chireno was in the city Saturday.

Attorney W. B. Bates is spending a few days in the Jacksonville vicinity this week.

Miss Willie Green Layton returned Sunday from Garrison, where she has been teaching.

Mrs. R. W. Haselwood returned to the city Thursday afternoon from a visit at Orange and Beaumont.

Mr. and Mrs. A. T. Mast left Saturday for a visit to Chicago, Detroit and other points.

Miss Maggie Partin of Cushing is in the city visiting her sister, Mrs. Foster Martin.

Mrs. D. L. Wade of Mt. Selma is visiting her daughter, Mrs. W. O. Stuart.

Miss Grace Layton is in the city, having been absent several months teaching at Taylor.

The Smith of Oil Springs was in the city Saturday attending to some oil business.

G. W. Carwford of Mahl was here Monday. He says his neighborhood did not get any of the recent rain and they are beginning to need a good shower.

Leon Powell, alias Leon Powers, negro, indicted by the last grand jury on charges of theft of cattle and forgery, was arrested Thursday at Lufkin and lodged in the Nacogdoches jail by Sheriff Woodlan.

The Sacred Harp singers of the county met at the courthouse Sunday and enjoyed some good, old-fashioned singing. Many people from both the country and city were present, and all seemed to get great pleasure from the singing.

S. W. Littlejohn and Jeff Burk, both identified with the Chronester Lumber Company of Forest, Mr. Littlejohn being manager of the company, were in the city Saturday attending to some important business. It is understood that the Chronester Lumber Company has bought some timber within two or three miles of this city, and in the course of their removing it, a railroad will be used. Should the people of Nacogdoches desire it, it is understood that the road could be extended to this city, thereby giving us connection with the Cotton Belt at Forest. The project should be a matter of interest to the people of Nacogdoches.

Frank Rogers, accompanied by Mr. John Banks, was in the city Sunday as a visitor from Cushing.

Vote for Woodlan for re-election for sheriff. 6-4w

ASPIRIN

Chamberlain's Colic and Diarrhoea Remedy.

Every family should keep this preparation at hand ready for instant use when needed. Severe attacks of colic and cholera morbus often prove fatal before medicine can be procured or a physician summoned. The uniform success that has attended this medicine and the prompt cures which it has effected have made it a staple article of trade. Stripling, Haselwood & Co.

3 REGISTERED DUROC GILTS
Two registered Duroc bred gilts for sale. Weight about 175 pounds each. Address J. M. Langley, Nacogdoches.

Charlie Watkins of Douglass was in the city Tuesday.

Miss Alma Huston has returned from San Angelo, where she taught in the city schools the past term.

The misery and depression caused by a bilious and constipated condition of the system can be quickly removed by using Herbine. It purifies, strengthens and invigorates. Price 60c. Sold by Stripling, Haselwood & Co.

Burford Menifee, formerly identified with the City Bakery, has accepted a position with Tucker, Hayter & Company.

Miss Lella Mast, who has been teaching in Houston, returned Sunday accompanied by her sister, Miss Rosalie Mast. Miss Rosalie has been in Houston spending a few days with her sister.

If you have reason to think your child is suffering from worms, take the safe course—use White's Cream Vermifuge. Worms cannot resist its expelling influence. Price 35c. Sold by Stripling, Haselwood & Co.

W. R. Bailey, who returned home a few days ago from taking a business course at Tyler, has secured a position as bookkeeper with the Lee Motor Company of this city.

A bad taste in the mouth comes from a disordered stomach and sluggish state of the bowels. Herbine corrects the trouble immediately. It purifies the bowels, helps digestion, sweetens the breath. Price 60c. Sold by Stripling, Haselwood & Co.

J. F. Wilson, Jr., of Ferris, has returned home after spending a few days with Mr. and Mrs. J. R. Atkins of this city.

Why That Headache.
When you know the cause of a disease a cure may often be effected. This is particularly true of headache. Headache often results from constipation or a disordered condition of the stomach which may be corrected by taking a dose of Chamberlain's Tablets. Try it. These tablets are easy to take and mild and gentle in action. Stripling, Haselwood & Co.

Max Hart, real estate man of this city, who has been traveling over the county considerable of late, says that crop conditions in the county are unusually good. Mr. Hart says that the cotton he has seen, as well as the corn, has a rich, green and healthy color, and if nothing attacks the present crops, he thinks, all that can be asked for in the way of good crops will be realized next fall in Nacogdoches county.

R. F. Erwin Regarding His Troubles
"A year ago last winter I had an attack of indigestion followed by biliousness and constipation. Seeing Chamberlain's Tablets so highly recommended for stomach troubles, I bought a bottle of them and they helped me right away," writes R. F. Erwin, Peru, Ind. If you give any trouble with your digestion give these tablets a trial. They will do you good. Stripling, Haselwood & Co.

Attorney W. B. Bates returned Monday from Jacksonville, where he had been spending a few days.

EATS ANYTHING SET BEFORE HIM

Eight Years Trouble Gone and Feels Fine Every Day Since Taking Tanlac.

"Since I began taking Tanlac all my troubles of eight years' standing have left me and I do as big a day's work as any man," said J. Curry, a well-known flagman on the Key Route system who lives at 557 West Eleventh St., Oakland, Cal.

"I had the worst sort of chronic indigestion," continued Mr. Curry. "I could hardly retain a thing in my stomach and had spells of belching and nausea almost every meal and had a bad taste in my mouth nearly all the time. I was so badly constipated that I had to take a laxative nearly every day, and was troubled a lot with lumbago and was so nervous that at night I would roll and tumble from one side of the bed to the other without getting near enough sleep and when morning came I would be so tired I would have to drag myself to work."

"I began taking Tanlac and will say right here that it measures up everything people say of it, for it has put me back in as fine health as I ever was. I eat anything set before me without any bad after effects. I sleep like a log every night and all my other troubles are gone. I have more life and energy about me than I have had in years and can't praise Tanlac enough, for it is the most dependable medicine I ever heard of."

Tanlac is sold in Nacogdoches by Swift Bros. & Smith and Stripling, Haselwood & Co., and in Garrison by the Dale Drug Co.

YOUNG MAN'S OPPORTUNITY

There are from twelve to fourteen million bales of cotton raised annually. Every bale has to be classed from one to four times, seldom by the same man twice. Until the last five years, there have been no training schools in this line, consequently the supply of men in this work is limited. Again, there are being erected in this country thousands of warehouses, and every warehouse requires two or three men to handle the cotton. The Commissioner of the Market and Warehouse Department has appointed a Board of Examiners to examine applicants for license as Public Cotton Classers. To those passing a license is issued to engage in the business of Public Cotton Classing and charge for his service. These examinations are open to both men and women. Practically every town and village where cotton is sold will employ one or more licensed Cotton Classers. The young man or woman trained in the Cotton Classing Department of our school is in a much better position to accept one of these places than one who has learned by guess.

Every man in the South should know the classification, preservation, and handling of cotton. It is our leading product and will continue to be. More money is lost every year by the farmer in marketing this product than all other crops combined. The man raising it often knows nothing about marketing it, and is therefore wholly at the mercy of the man buying. The facts are that we lose thousands of dollars each year for lack of trained men. Some buyers may grade your cotton Strict Low Middling, and pay you accordingly, when in reality your cotton is Middling and you are entitled to the higher price, which is no small gain. You see the necessity of knowing how to grade your own cotton. In four weeks time, we can prepare you to save this year more than double the cost of learning, which is only \$30.

We have been asked, "How do you teach cotton classing so successfully?" The one answer is this: We believe the time has come when the South needs to know more about her leading product; when the farmer should know more about marketing the crop which he labors so earnestly to produce; and which means meat, bread and clothing to his family. To this end, we have equipped our department so that the most efficient teaching possible may be done. Our teachers understand classing, stapling, buying and selling from a practical standpoint, and are expert in the training of students. Our head teacher in this department is constantly in touch with the Agricultural Department at Washington, D. C., and Austin, Texas, which lends much to his strength. We purchase samples in quantities of three and four thousand, in addition to the government types. For full particulars, fill in and mail for free catalogue.

Dr. G. P. Campbell of Douglass was in the city Tuesday.

REID'S LAKE

The finest bathing in East Texas. Pure spring water. Every facility for the pleasure of those who enjoy the water. Picnic grounds to which you are invited to come and bring your lunch.

D. L. JAMES, OWNER

DODSON TELLS THE HORROR OF CALOMEL

You Don't Need To Sicken, Grip or SALIVATE YOURSELF (if you wish) to Start Liver.

Your'e bilious, sluggish, constipated. You feel headachy, your stomach may be sour, your breath bad, your skin sallow and you believe you need vile, dangerous calomel to start your liver and bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping and making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel sick, weak and nauseated. Don't lose a day. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling splendid. It is perfectly harmless so give it to your children any time. It can't salivate.

Mrs. Ida Cottingham left today for Laredo, where she will make her home in future with her children, Mr. and Mrs. Leak Patton. Mrs. Cottingham has many Nacogdoches friends who will regret her departure and always cherish kindly remembrances of the good woman.

Itching diseases can be controlled and cause removed by applying Ballard's Snow Liniment. The relief is prompt and permanent. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by Stripling, Haselwood & Co.

Miss Jessie Burgess has returned from Maytown, where she has served as principal of the school for the past two years. Mrs. Mollie B. Perrette, who assisted her there, has gone with her husband to Fort Arther for the summer; and Miss Jessie has taken a position with the Industrial Transportation Co. as cashier.

Now Is The Time To Get Rid of Your Rheumatism

If you are troubled with chronic or muscular rheumatism buy a bottle of Chamberlain's Liniment and massage the affected parts twice a day with it. You are certain to be very much benefited if not actually cured. Try it. Stripling, Haselwood & Co.

J. W. Battle of Swift was in the city Monday, and reports fine crops in his community.

Cases of oak or ivy poisoning should be treated with Ballard's Snow Liniment. It is antiseptic and healing and a splendid remedy for such troubles. Three sizes, 30c, 60c, and \$1.00. Sold by Stripling, Haselwood & Co.

Mmes. Beulah and Florence Smith, accompanied by Floyd Orr, have returned to their homes in Ferris, after spending several days with Mr. and Mrs. J. B. Atkins.

Catarrah Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrah is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrah Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrah Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrah Medicine is what produces such wonderful results in catarrah conditions. Send for testimonials free.
