### GALVESTON PLACED UNDER MARTIAL LAW AT NOON

Austin, Texas, June 9.—Galveston was placed under martial law, effective at noon today, in a proclamation issued by Governor Hobby. Brigadier General Wolters was directed to assume supreme command in the territory affected, subject to orders of the governor.

The governor's action followed a telephone conference with Adjutant General Cope, in which the latter said conditions in Galveston warranted military rule. The adjutant general's department, it is said, expected 500 troops in Galveston tonight, with the possibility of 1,000 by tomorrow morning.

The governor's proclamation said Galveston conditions had "reached proportions affecting the business interests and welfare of Texas and the property rights of its citizens," and then asserts that conditions "are clearly violative of the constitution and laws of this state."

### TROOPS IN GALVESTON

Galveston, Texas, June 8.—Eight troops of cavalry, two machine-gun troops and the Sixth provisional troops are in Galveston today, with other troops expected. General Wolters stated that he would begin placing patrols today at the wharves, extending the limits as the necessity develops. A meeting of the Dock Marine Council last night condemned the action of the governor, saying nothing had been done warranting the sending of troops to Galveston.

### SHOE PRICES REDUCED

St. Louis, June 8.—A reduction in wholesale prices of shoes of 25 cents to \$2, in various styles, was announced today by three of the largest shoe factories here.

### LATEST PROFITEERING STUNT

Port Arthur, Ont., June 8.—"Blind" potatoes are the latest—that is potatoes from which the eyes or sprouts have been gouged out and the balance of the vegetable sold for food. A quantity of them have appeared in Fort William. A local man recently purchased a peck of potatoes from a dealer for which he paid a dollar. Upon preparing the potatoes for the table he discovered that all the eyes had been extracted for seed.

Mr. John Perkins of this city reports, after making an extensive tour of the county, that crops are just as fine as could be wished for. Mr. Perkins Saturday was in the vicinity of Secul, where he says that crops are fine, and Sunday he was in Chireno where he says they are just as good. "If nothing interferes with the crops, and they continue to thrive as they are now, Nacogdoches is going to be one of the most prosperous sections in all East Texas." Mr. Perkins said, "However, they tell me in the CSacul community the bollweevils are ready." From all over the county come reports of extraordinarily good crops, and the people of the county should be truly proud.

### PROHIBITION AMENDMENT DECLARED CONSTITUTIONAL

Washington, June 7.—The national prohibition amendment was held constitutional today by the Supreme Court.

The prohibition enforcement act was also held constitutional.

The opinion was rendered by Associate Justice Vandevanter. The court dismissed petitions by Rhode Island to have federal officers enjoined from enforcing prohibition in that state, and dismissed the injunction proceedings brought by New Jersey to prevent the enforcement of prohibition within that state. A number of prohibition suits were dismissed.

### "The Fight is Lost."

Chicago, Ill., June 7.—Levy Mayer, who argued the distillers case in the supreme court, said on hearing the decision: "The fight is lost. The avenue of the courts is now exhausted."

### AGRICULTURAL MISSIONARIES

Traverse City, Mich., June 8.—Agricultural "missionaries" will be sent into every industrial center in Michigan by the Western Michigan Development Bureau, according to plans of that organization for winning back to the soil enough men to populate approximately five thousand idle farms.

### QUICK JUSTICE

Dallas, Texas, June 5.—James Brown, negro, convicted of criminally assaulting a 56-year-old white woman, was sentenced to hang by a jury which returned a verdict after ten minutes deliberation late yesterday. The trial took place a week after the crime was committed.

### MILLIONS APPROPRIATED FOR NEW ROLLING STOCK

Washington, June 7.—The immediate appropriation of \$125,000,000 from the \$300,000,000 revolving fund provided in the transportation act for the use of railroads to purchase new rolling stock was announced today by the Interstate Commerce Commission.

### POLK RESIGNS

Washington, June 4.—The president today accepted the resignation of Frank L. Polk, undersecretary of state.

### NO EXTRA SESSION

Washington, June 3.—The president has assured the senate democrats that if the present session is ended Saturday he will not call an extra session during the summer unless for a grave emergency.

The efforts of Senator Kenyon, republican, to amend the house adjournment resolution in the senate to postpone adjournment to July 12 failed.

Verailles, June 4.—The treaty of peace with Hungary was signed in the Grand Trianon palace today.

### REPUBLICAN CONVENTIONS AND THEIR NOMINEES

Chicago, June 8.—The Republican National Convention meeting here today is the tenth to be held in Chicago.

Philadelphia has had the event three times and Baltimore, Minneapolis, St. Louis and Cincinnati once each.

Previous conventions with their nominations make this list:

Philadelphia, 1856, John C. Fremont and W. L. Dayton.

Chicago, 1860, Abraham Lincoln and Hannibal Hamlin.

Baltimore, 1864, Abraham Lincoln and Andrew Jackson.

Chicago, 1868, Ulysses S. Grant and Henry Wilson.

Philadelphia, 1872, Ulysses S. Grant and Henry Wilson.

Cincinnati, 1876, Rutherford B. Hayes and W. A. Wheeler.

Chicago, 1880, James A. Garfield and C. A. Arthur.

Chicago, 1884, James G. Blaine and John A. Logan.

Chicago, 1888, Benjamin Harrison and Levi P. Morgan.

Minneapolis, 1892, Benjamin Harrison and Whitelaw Reid.

St. Louis, 1896, William McKinley and G. A. Hobart.

Philadelphia, 1900, William McKinley and Theodore Roosevelt.

Chicago, 1904, Theodore Roosevelt and C. W. Fairbanks.

Chicago, 1908, W. H. Taft and J. S. Sherman.

Chicago, 1912, W. H. Taft and J. S. Sherman.

Chicago, 1916, Charles E. Hughes and C. W. Fairbanks.

"UNBOSS" CONVENTION

Chicago, Ill., June 8.—Unique in the annals of the party, the Republican National Convention assembled today is unbossed, unbridled and with no presidential candidate having enough votes in sight to insure nomination, and promises to be a record-breaker in all respects. It may cast more ballots than any other republican convention since 1880.

### Getting Ready For Work

Chicago, June 9.—Again the name of Charles Evans Hughes recurred in dark-hour discussions, Governor Coolidge of Massachusetts was also mentioned. Senator Borah said Hughes would be formidable if the convention was compelled to seek a dark-hour nominee.

Less than a dozen state delegations failed to hold a caucus, but with the exception of Georgia and possibly one or two others there was no fight ahead and little interest was displayed.

Hours before the Coliseum doors were opened thousands were waiting, hoping to get in for a look at the unbossed convention, but only a fraction could be admitted despite the fact that the Coliseum will seat 10,000.

### The sun came out and the thermometer went up.

Today's proceedings in the hall had little to do with the actual nomination; they were merely routine, but were an indispensable preliminary to the following sessions.

Henry Lincoln Johnson, Atlanta negro, who led the fight on the Lowden delegates, was elected national committeeman by the state delegation. Wood delegates announced they would carry the fight to the convention credentials committee.

Hundreds streamed in, while thousands were unable to gain admission. Thousands of American flags comprised the only decorations of the hall, while a big vase of American Beauty roses was the only decoration on the platform. The first applause swept the hall at the conclusion of the "Stars and Stripes" by the band. The Southern delegates found their first opportunity for the "rebel yell" when the band swung into "Dixie".

The convention was called to order at 11:34, when Chairman Hayes appeared on the platform and was greeted with rounds of applause.

### Lodge Erupts.

Chicago, June 8.—The republican convention met an hour late, but disposed of preliminaries during the first half hour and settled down to hear the keynote speech of Senator Lodge, the temporary chairman. Temporary organization was quickly per-

fectured by acclamation. The general understanding was that an agreement would be made to accept the temporary organization as the permanent one, with Lodge as chairman.

Roars of cheers and continued applause marked Lodge's declaration that everyone connected with "the dynasty of Woodrow Wilson must be driven from power." Lodge continued that they should be driven out "not because they are democrats, but because Mr. Wilson's theory of government is not American. The defeat of the present administration transcends every other question."

### REPUBLICAN CONVENTION

Chicago, Ill., June 9.—Working all night at forced-draft speed, the credentials committee completed the permanent roll of the republican convention today. Previous rulings on the contests by the national committee were sustained in all but three cases.

In disposing of 103 appeals from decisions made last week by the national committee, two delegates were taken from Lowden—one from Georgia and one from Tennessee—and given to Wood, but two Lowden men were seated from Missouri, leaving the candidates' standing unchanged.

The permanent roll was ready for presentation to the convention when it met at 11 o'clock.

The entire Texas delegation, headed by National Committeeman McGrew, reported split among Wood, Lowden, Johnson and Harding was seated.

### Sidestepped Second "Keynote."

Chicago, June 9.—While committees continue to grind away at organization preliminaries, the Republican National Convention went through the motions of a second day's keynote speech by making Senator Lodge permanent chairman.

Today's session consisted of hearing reports of progress from the committee framing the platform and a report from the credentials committee, which makes up the permanent roll.

### Ideal convention weather continued.

### Tangled On League Plank

Chicago, June 9.—The league of nations plank was still undefined today, 24 hours before the republican platform was to be submitted to the convention. Members of the subcommittee of 13, when they went into session to smooth out the remaining platform troubles, expressed confidence that they could agree, but all were somewhat hazy as to how it would be done.

Aside from the treaty issue, most of the platform material is in such shape that only the finishing touches are necessary. There still remain to be determined the details of the Mexican declaration and questions of policy regarding industrial relations.

### Straightening Out Things

Chicago, June 9.—The convention adopted the credentials committee's report, made the temporary organization permanent with Lodge as chairman, adopted the report of the rules committee providing for an increase in number of the executive committee from ten to fifteen members and a new assistant secretary, with the understanding that the new places shall go to women; heard speeches while waiting for the executive committee report and adjourned until 11 o'clock tomorrow.

### CHRISTIAN ENDEAVORS

Dallas, Texas, June 9.—Nearly three thousand delegates to the thirty first annual convention of the Texas Christian Endeavor to be held in Dallas June 9 to 13 have registered with W. Roy Breg, southwestern secretary, who predicted that the convention would be the largest one in the history of the Texas union.

### CHILDREN SAVE MOTHER

Gainesville, Texas, June 9.—Mrs. J. F. Shearon, who was bitten on the hand by a copperhead snake while picking berries, credits her two small sons, one of whom twisted a string from his mother's bonnet around her arm while the other ran into the house for kerosene in which to soak the wound, with saving her life. The oldest boy was only twelve years old.

### CATTLE DIPPING LAW HELD FAULTY AND INCOMPLETE

Austin, Texas, June 9.—The Court of Criminal Appeals today held the tick-eradication law "faulty and incomplete" as to the provisions requiring the dipping of cattle, and the law is virtually inoperative.

### QUIET AT GALVESTON

Galveston, Texas, June 9.—The situation is quiet, with a provost guard of 250 men under command of Colonel Bloor, which went on duty last night, patrolling the city in automobiles. Not a single arrest was made last night. There are now 951 men and 71 officers here.

### Charges Open Shop Motive.

Austin, Texas, June 9.—Charges that the declaration of martial law in Galveston was "for the purpose of assisting the open-shop advocates" in establishing open-shop conditions were made in a telegram read by Senator McNeal in the senate today. Legislative investigation was asked.

### THE SCHOOL APPROPRIATION

Austin, Texas, June 9.—About three dollars per pupil will be added to the school per capita for next year by the passing of the five million dollar school relief appropriation by the legislature, according to officers of the Texas State Teachers' Association. "Many persons are unaware of the fact that there is sufficient money in the state treasury unappropriated by the legislature, to give the schools this needed relief," said C. O. Clough, following an investigation made for the association.

"At present it is evident additional taxes will not have to be levied either this or next year to give this relief. The money is on hand; the schools need it; the people of Texas want the schools to have it, and as they have paid it, we have every reason to believe the legislature will grant their wishes. The imperative duty of school people now to advise the legislature that the citizens of Texas are demanding this be done for the schools. School boards pressed for funds should participate in this movement; members of the legislature will hear them and heed their words. But immediate action is necessary. Delay means defeat."

### THE COUNTRY'S HEROES

Pittsburg, Pa., June 9.—Acts of heroism brought to the attention of the Carnegie Hero Fund Commission since its institution by the late Andrew Carnegie in 1904, number nearly 21,000, according to F. M. Wilmont, director of the commission. Every phase of every case has been investigated and more than 1,500 have been found to come in range of the commission's provisions and rulings as worthy of reward. Pensions in force amount to \$101,840, annually.

### AUDIT OF STATE TREASURY

Austin, Texas, June 9.—An audit of the books of the state treasury for the past 21 years by a legislative committee, according to a report today "shows some discrepancies in various accounts, none of which are large," which the committee believed "were caused from the system of keeping the accounts, not from actual shortage." One hundred and eighty-seven million dollars in over a million warrants were paid out during the period by the audit.

### FEDERATION OF LABOR

Montreal, June 9.—"Free Ireland" sympathizers in the convention of the American Federation of Labor today declared war on the league of nations ratification plan recommended by the executive council. The convention adjourned until tomorrow.

### LABOR'S RESOLUTIONS

Montreal, Quebec, June 8.—Resolutions covering political and economic conditions in the United States and labor demands upon the administration were presented by scores when the American Federation of Labor opened in its second day's session here today. The convention, after a session, adjourned to tomorrow to give committees time to report.

### NACOGDOCHES GRADUATE FROM STATE UNIVERSITY

Austin, Texas, June 9.—Among the 411 graduates who received degrees at the University of Texas at the regular commencement, June 7, were two students from Nacogdoches. President Robert Ernest Vinson of the University delivered the baccalaureate sermon Sunday, June 6, and President W. B. Bizzell of the Agricultural and Mechanical College of Texas made the commencement address.

The degrees granted were as follows: Bachelor of Arts, 233; Bachelor of Business Administration, 24; Bachelor of Journalism, 2; Bachelor of Science in Home Economics, 11; Bachelor of Science in Medicine, 9; Bachelor of Science in Architecture, 3; Bachelor of Science in Civil Engineering, 7; Bachelor of Science in Electrical Engineering, 10; Bachelor of Science in Mechanical Engineering, 2; Degree of Civil Engineer, 3; Bachelor of Laws, 62; Master of Arts, 42; Master of Business Administration, one; Master of Journalism, one.

Teacher's diplomas were awarded to 26 students. Twenty-three graduates were elected to membership in Phi Beta Kappa, national honorary scholarship fraternity, which is the highest academic honor awarded at the University of Texas, the eight of the class making the highest record being elected.

The graduates from Nacogdoches are: Floy Montgomery Lewis, B.A.; Vera Woods Spears, B.A. Miss Spears will teach in stenography and typewriting in the summer school of the University.

### RECOMMENDED FOR PARDON

Austin, Texas, June 9.—Theft of a pocket knife and thirty cents from a boy resulting in the sentencing of three youths of Palo Pinto county to the penitentiary for five years each, the Board of Pardon Advisors told the governor in a recommendation for pardons for these boys, whom they referred to "as sons of poor parents, mere lads of tender years, who never were convicted before."

Two of the boys were seventeen years old at the time of conviction, and the other was nineteen. According to the report of the board, they assaulted a fourth boy of about their age for the purpose of taking away his jack knife, and "while taking the knife they found thirty or forty cents on the boy which they also took."

The boy from whom the knife was taken reported the occurrence to the authorities which led to the arrest, trial and conviction of the three boys who entered pleas of guilty.

### KILLED IN WRECK

Schenectady, N. Y., June 9.—Eleven persons were killed and 21 injured today when an express train crashed into the rear of a passenger train which had stopped because of engine trouble. All but one of the killed were asleep in the Pullmans at the rear of the passenger train. Martin Doyle, engineer of the express, died at his post.

### DISPOSING OF SALVAGE

Corpus Christi, Texas, June 9.—Approximately \$40,000 has been taken in by the receiver of salvage emfduw by the receiver of property salvaged following the storm which wrecked this city in payments from purchasers of various classes of salvaged property.

Approximately half of the salvaged property consisting mainly of lumber, wood, household and business fixtures and boats damaged by the storm, has been disposed of, but there still remains scattered piles of wood and lumber in various parts of the city.

### CATCHES BIG BASS

Austin, Texas, June 9.—Fishermen of Austin declared that Texas fish records were broken when Jesse Long a youth, landed a bass weighing 14 pounds and 2 ounces while fishing in the Colorado river here.

Fred Petznecky, a local sporting authority, attempted to secure the fish in order to have its skin mounted, but was able to get only the head, which he declared was larger than that of a bass recently caught at Medina Lake near San Antonio and heralded as the largest fish of the species ever taken in Texas.

# WEEKLY SENTINEL

PRICE \$1.50 PER YEAR.

BY GILES M. HALTOM

## EMULATE THE SQUIRREL

"Things can't go on this way—what is going to happen?"

You have heard it many times of late. Flour or some other commodity, soars a little closer to the moon, a little farther away from the consumer, and you, promptly comment: "I don't know what we are going to do."

Yet few of us are really discouraged. Generally speaking, while the air may be surcharged with ominous mutterings, the American people as a whole are far from the Seebonian bogs of despair.

"We have the money, let's spend it before it gets cold," sings the money-maddened multitude. Landlords, crazed by avarice, take a look at the homeless orche and up goes the rent another peg. Profiteers in other lines without cause or reason, have changed the Golden Rule to read "Get a-plenty while the getting is good." Artisans, finding themselves in possession of undreamed power, crowd onto the merry-go-round with gold sprinkling the circle as they spin the wild whirl of extravagance. Speculators are in ecstasy. Artificial prosperity has dragged them down in artificial millenium. Oilless oil stocks float down upon us like snowflakes from heaven.

It is a beautiful dream—or night mare—and above the din you hear it: "What is going to happen?"

In the calm of a midsummer day the cattle cease browsing; their ears prick up, their nostrils dilate; out of the strange silence of the sunshine they have sensed the coming tornado, and away they go to the nearest shelter, perhaps the wind demon fails to arrive or passes to one side, but the herd has heeded the warning.

There is talk of an impending financial storm. It may not come, and it could not come if the public awakened to its dangers. The jeopardy of the situation seems crystallized in the all-too-popular assumption that, no matter how little we produce or how recklessly we spend, "good times" are to last forever.

For eight years the Portrero del Llano oil well in the Mexico Eagle fields gushed out annually its 16,000,000 gallons of oil. One night a few weeks ago, suddenly and without warning, the oil of this well had turned to salt water.

Many persons have no misgivings of the morrow. If they had an oil well they would expect it to eternally flow. As lowly a creature as the squirrel is wise enough to pus by sustenance. The spendthrift human is usually scarce six silk shirts from the poorhouse.

You may say what you wish of John D. Rockefeller, but his dollars are good dollars and he has something like two billions of them. John's fother was a poor New York farmer. At 16 John D. had a job at \$25 a month. Three years later he was a book-keeper at \$700 a year and had saved \$800. Because he had that \$800 he was able to form a partnership with a man who had \$2,000, and thus success came his way. You may howl at and about John D. Rockefeller until you shake the eternal hills, and the fact remains that it was the habit of thrift that started him on his way to colossal wealth.

What's going to happen? As well ask How old is Ann?

Only one thing is certain—something very unpleasant will happen to the individual who lacks common squirrel sense. We may bray long and loud because bread or something else costs a penny more, and we may find iniquities enough in our body politics but the grand and glorious fact remains that never have we had so good a chance to save money as now.

The government, through its savings division of the treasury department, pleads with the public for thrift. It offers every assistance and has provided such safe and sound saving securities as the 25 cent thrift stamps, war saving stamps and registered treasury savings certificates, each a wonderful security and an inspiration to financial independence, and when bought at banks or post-offices is simplicity itself.

The activities of republican candidates for president convinces one that if the office happens to be seeking any of them it will have to get up and hustle.

The price of food can't come down because the price of labor stays up, and the price of labor can't come down because the price of food stays up.

The New York centenarian who was rejected for service in the Civil War because of physical disability affords evidence that his disability did not affect his longevity.

## THE FIRST REPUBLICAN NATIONAL CONVENTION

Chicago, June 7.—At the first Republican National Convention held in Chicago 60 ears ago:

An Iowa delegate walked 150 miles to get to a railroad to come to the convention.

Special railroad rates were made and Chicago's population probably doubled in convention week.

Hotel rooms were \$1.50 to \$2.50 a day.

Crowds were so great that billiard tables in the hotels were pressed into service as beds.

The "Wigwag" in which the convention was held was probably about the size of the annex to the Coliseum in which this year's convention takes place.

The Wigwag's profuse decoration was largely furnished by the republican women of Chicago. They were invited to come "armed and equipped with those formidable weapons, needles, thimbles scissors, etc."

When a special train pulled in with the Massachusetts and other New England delegates, rockets were sent up and a cannon boomed to announce their arrival.

The gallery in the convention hall was reserved for women and their escorts. Because of the great number of men unable to get in, one man was reported trying to get into the gallery with an Indian squaw selling moccasins as his credentials, but was excluded on the ground that she was no lady.

The two chief nominating speeches were made in less than 30 words. Abraham Lincoln was placed in nomination in 26 words.

The making of the presidential nomination was announced to the city by the firing of a cannon placed on the roof of the convention hall.

That night cannons and rockets were fired, bonfires lighted, and multitudinous parades formed, their participants carrying anything that would serve—even to rakes and fishing poles.

The foregoing data was obtained from the library of the Chicago Historical Society, which has varied relics of the convention and the campaign that followed.)

## OIL PROSPECTS BRIGHT

Mr. D. W. Ebaugh, president of the Carolina Oil Company, this city, while being interviewed Saturday morning, said that the oil prospects in Nacogdoches county are extremely bright, in his opinion. Mr. Ebaugh said that the company is working frantically to get everything adjusted for the realization of the big development program the company wishes to have in operation in another year. Mr. Ebaugh pointed with pride to the refinery the company is erecting in the city, and said that the refinery would be in action before many more days. Mr. Ebaugh said: "Out in the oil fields we have our power plant about completed, and are already pumping oil from 20 or more wells, by means of electric motors. Some of the company's work has been delayed on account of not getting the required machinery, but we are able to cope with that situation now, as we have been able to get the needed machinery in desired quantities recently. We will have a number of tank cars for transportation purposes in a few days. The time is not far distant when the good people of Nacogdoches will be seeing oil refined in their own city."

## POTATO CURING PLANT FAST GOING UP

The Nacogdoches Potato Company's brand-new potato curing plant is fast going up. The foundation for the building has been laid, and Saturday the employees of the company will have the bottom of the first floor laid. Three carpenters were employed on the structure Saturday finishing the floor. Intensive brick laying will take place another week.

Mr. Tom Baker, vice president of the Commercial Guaranty State Bank of this city, speaking of the plant, said: "We are sure that a large crop of potatoes will be planted, because our bed of potato slips out on the farm of Mr. Maroney is being kept pretty well picked of its slips by purchasers who wish to try their hands at potato raising this year. Our plant will have a capacity of 15,000 bushels. We expect to have it completed within a few weeks, and in full operation."

Mrs. W. M. Frisbie of the Mahl community has placed the Sentinel under obligations for a couple of unusually fine onions, left at the office Saturday afternoon. The two weighed 3 1-4 pounds, were of the Bermuda variety and of excellent flavor. Another evidence of what may be done in this section in the way of truck gardening.

## Doctor Cupid

That love sometimes cures disease is a fact that has been called to the attention of the public by a prominent physician. Love is not, however, the cure for all women. Many a woman is nervous and irritable, feels dragged down and worn out for no reason that she can think of.

Doctor Pierce's Favorite Prescription gives new life and new strength to weak, worn-out, run-down women. "Favorite Prescription" makes weak women strong and sick women well. It is now sold by all druggists in the United States in tablets as well as liquid form.

EVANT, TEXAS.—"I have used Doctor Pierce's Favorite Prescription. I was run-down and suffered from functional disturbances but 'Favorite Prescription' regulated me. I was so nervous I was miserable and could not sleep at night when I began to use the 'Prescription.' I had not taken a whole bottle until I could sleep well and got as stout as I ever was. I keep a bottle of 'Prescription' on hand and when I work and get tired I take a dose and it strengthens my nerves."—MRS. GEORGIA DEMERIS BERRY

## A GREAT ASSEMBLY

The commissioners of the 132nd General Assembly of the Presbyterian church in the U. S. A., returned from Philadelphia yesterday, and report that this was the most largely attended and certainly the most important meeting in the Presbyterian history. Rev. M. C. Johnson, D.D., pastor of the Main-Street Presbyterian church, reports that the men had 1,000 commissioners present, the women's boards had 800 delegates and visiting members from 3,000 to 6,000 daily. Among the many foreigners were delegates from every denomination of the reform-d faith from about 40 nations. The ecclesiastical business included the following interesting items:

Unanimous vote in favor of the league of nations, but in no political sense. The delegates of every civilized nation in Europe and Asia pled for this action.

The old Welch church, in which such men as Thomas Jefferson, Jonathan Edwards and Whitfield were reared and affiliated, came into order to send down to the Presbyteries. The Assembly also unanimously voted to send down into the Presbyteries a "Plan of Federal Union" with about nine other pretestant churches, and this union will likely take place within five years.

While Presbyterians have ordained women as deacons for years, and these Deaconesses have done a wonderful work, the Assembly recommends a change in the constitution of the church in favor of the election of women as ruling elders. Brother Johnson will report in full to his church on Sunday morning, and requests the attendance of all members and friends at the services.

C. B. Watkins of Douglass was in the city Monday.

## EFFORT AT SUICIDE RESULTS IN FAILURE

Arriving in Nacogdoches Saturday night from Lufkin on the 3 o'clock train bound for Shreveport, Charlie Crawford, aged 32, a Center man, secured lodging at the Baxter Hotel of this city, and proceeded to poison himself to the extent of taking seven or eight bichloride of mercury tablets, which he followed with several ounces of chloroform. The man was discovered early Sunday morning by some one at the hotel in a critical condition, and a physician was immediately sent for. Crawford told the attending physician without hesitation that he had attempted to kill himself, and did not seem to be very much concerned whether the doctor was able to save him or not. He was vomiting violently, the action that saved the man's life.

Crawford is a farmer and has a wonderful constitution. He has every appearance of a strong, leathery and healthy man, and no doubt that feature exercised a great deal of influence in preventing his succumbing to the dreadful poison that he so recklessly swallowed. By 3 o'clock Sunday afternoon, Crawford was able to arise from his bed and, with the aid of a friend, go to the station, at which place he secured some buttermilk which he drank with apparant relish. Upon his return to the hotel, however, he was completely exhausted, and is confined to his bed waiting for recovery. To all appearances Crawford seems to be perfectly sane, talks intelligently, and he declares that he is willing to give life another trial, although he still admits that life to him is rather gloomy. The man is unmarried, and the reason for the unfortunate action Saturday night was a love affair.

Crawford told the reporter a graphic story which is reproduced below in part: "I arrived here last night from Lufkin, came to this hotel, and decided to make it my last resting place. I wrote a letter to my people at home telling them why I was killing myself, and then I swallowed a bunch of bichloride of mercury tablets. Quickly, then I pulled off my undershirt, saturated it with several ounces of chloroform, tied it around my head, and fell upon my bed. I regained my senses this morning vomiting violently, and talking to a physician. I was disappointed, because I had more faith in the qualities of the medicine I took than the medicine seemed to have. However, I am through; I am going to give old life another trial. I admit it looks mighty gloomy for me, but I am going to stick it out." Here he smiled. "I certainly did think bichloride and chloroform would finish me up, but I do not suppose I was intended to go that way."

Crawford's father lives in Callahan county, his mother is dead, and he says that he has several brothers and sisters. He will be confined to the hotel for several days before his complete recovery. Upon his recovery he plans to go to Callahan county. He was well acquainted with Prof. L. B. Davis of this city, a former Center man.

## DEMOCRATIC EXECUTIVE COMMITTEE MEETING CALLED

A meeting of the Nacogdoches County Democratic Executive Committee is hereby called at 2 o'clock p. m. Tuesday, June 22nd, in the District court room, for the purpose of making all necessary arrangements for the holding of the primaries in this county.

This is the most important meeting and each member is earnestly requested to attend.

R. B. Walthall, County Chairman.

4-1dw.

STRAYED OR STOLEN—One iron gray horse about 5 years old, weighs 850 or 900 pounds, saddle-mark on each side of withers, reasonable reward for information. D. T. Parmley. 3-3dlw

Thursday was a busy day in the justice court of Judge Huston. Three Mexicans were arrester for attempting to fight or misuse Foreman Usrey of the E. & W. railroad, were brought into the court and fined. A negro woman charged with stealing a shurtle in the Variety store was fined, and sent on her way rejoicing to her home in Longview. Slim Jordan was arrested for vagrancy and fined. Slim will be remembered by many as the negro who accidentally ran down several months ago and killed the little son of Mr. and Mrs. Lucian Buchanan. A white man whose name could not be learned was also fined on charge of vagrancy. "Yes, we had some busy day Thursday in the courts," was the remark made by Sheriff Woodman Friday while commenting on the subject.

## Your Next Tire Should be a Brunswick

The name Brunswick is a pledge of quality, backed by a reputation of 75 years for building quality products—a reputation too valuable to risk on any but the best tires that money and skill can produce.

## BRUNSWICK TIRES

Brunswick Tires are made in Cord and Fabric types—plain, ribbed and skid-not treads.

Buy one. Keep a record of its service. Judge for yourself.

You'll soon be riding on four Brunswicks.

## CITY GARAGE

Horn & Brewer, DISTRIBUTOR, Nacogdoches, Texas, Day Phone 377, Night Phone 419 or 383

Ireland's greatest bog is the Bog of Allen, which has an area of about 240,000 acres, and extends into four counties. Diamonds have increased 160 per cent in value and emeralds 300 per cent during the last few years, while rubies have decreased.

## It'll soon be in Museums

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

## Take "Dodson's Liver Tone" Instead!

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel, just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not sllivate. Don't take calomel! It makes you sick the next day; it loosens you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't grise.

**What Is Life Without Good Health?**

No Charge for my Services to Preachers, Widows and Orphans

**Dr. Wm. Mease,** Nacogdoches, Texas  
 Over Eichel's Store  
**LONG STANDING AND CHRONIC DISEASES**

I have come to your city to be one of your good, law-abiding citizens and treat every man absolutely on the square. I will diagnose your case without asking a question. This alone should convince you that I know my business. I want every sick man or woman to come to me and be examined absolutely free of charge. I don't want to talk to any curiosity seekers, so unless you need medical attention, and mean business, please don't bother me. If your home Doctor is treating you, don't come to me. I only want cases that have tried other Doctors and failed to be benefitted. All you pay for is the medicine used in your case. Keep your doctor bill in your pocket until you are satisfied you are well. Free consultation and examination for 30 days; after 30 days I will charge \$2.00 to \$5.00. DO NOT VISIT ME AFTER 30 DAYS without you write and arrange a date. Do not visit my office on Sunday without first making a date. I tell you your trouble—you don't have to tell me. Poor people treated free.

**NO CHILDREN UNDER 8 YEARS TREATED.**

**MY BEST REFERENCE — SATISFIED PATIENTS**  
 No Venereal or Contagious Diseases Treated.

**LISTEN, MY FRIENDS:** I used to believe in the knife, but after seeing many precious lives sent to an untimely grave, I decided to quit the knife for life. Many years ago some of the best Surgeons of the South said that I would have to undergo a serious operation or die; I refused, and by careful, scientific medical treatment I was restored to perfect health; I am sound and well today, and am here to tell you the truth from one who has been through the toils of almost death itself and came out victorious. The only reason I have for advertising here now is because I cannot sit here for years and not let the sick and suffering know what I can do for them. It is a pleasure for me to cure the sick, not a task. I have been in the dear old State of Texas for 12 years; I have treated hundreds and hundreds of the old long standing hard cases, without a single failure to restore good health or give entire satisfaction to my patients. I do not accept incurable cases; I don't want any blood money. Come to my office and I will give the best examination that you ever had in your life; I will find every diseased spot, every ache and pain on or in your body. I will then count up the cost of a thorough course of medicine which I get for you direct from the factory, fresh, pure and dependable; I will turn this course of medicine over to you at a reasonable cost; you take it home and use according to directions; visit me as often as you like free of charge and when you are sound and well, you can pay me my fee for treating you and not before. If you have any doubt as to being thoroughly cured you can wait a reasonable length of time to see that your old trouble does not return. Friends, I don't want a cent of your money for my work unless I benefit you. Isn't this a fair proposition? When the public commenced to talk about automobiles, flying machines, wireless telegraph and many other late inventions and discoveries, the people said no, never, impossible—but you see it is true. When the best Doctors said that CATARRH, ASTHMA, PELLAGRA, RHEUMATISM, and many other so-called incurable diseases could be cured you said no, but your friends, it is different with the advanced medical skill of today. Some wonderful things are being done these days, and if you have some old chronic, long-standing disease that has baffled the skill of your good home doctor, I ask you to come to see me. Very few good home doctors have the time to spare to properly look after these chronic cases and the result is they go away to some spring or health resort or City Specialist for treatment. I am here to save you the big expense of going away, as my experience in health resorts enables me to give you a home treatment that will satisfy you, or no charges for my services. If God placed a mineral or herb on earth to cure one disease, He, God, placed something here to cure every disease. So, if you have a disease that has cost you much suffering and hard-earned money, I ask you to come at once to my office; if I cannot benefit you, I will tell you so. Positively no incurable cases accepted. Mental worry is a great barrier to happiness, health and prosperity; let me show you how to stop this mental anguish.

I reserve the right to accept or reject any cases coming to me for treatment.

I repeat that I am here to save you the big expense, time and trouble of going away to be treated. Come now and get the best examination you ever had in your life and talk to a Doctor who will tell you the plain, unvarnished truth. You are under no obligation to take treatment, after a thorough examination; and my experience in some of the best hospitals and health resorts is absolutely free. I have come here to be one of your good, law-abiding citizens, and to treat every man on the square. I am not boasting, but have done many things that have not been accomplished by others, and that seemed impossible, so don't give up, friends, until you have seen and talked with me. I am just as ethical as any other Doctor, except that I advertise what I do, and do what I advertise. I want suffering humanity to know what I can do at the earliest possible moment. Contractors, Ministers, Bankers, Merchants and every other profession advertise; why should not a Doctor advertise, if he tells the truth and delivers the goods? Man and woman, it is your health you want, and not promises. So if your Good Home Doctor's service is satisfactory, don't quit him. **I am not here to fight the good, competent home Doctors—a thousand times no—but am here to treat such cases as have not been benefitted by home treatment and anticipating a trip to some City Specialist or health resort. Remember, that drugs must be pure and fresh in order to get good results; that is why I prefer to order your treatment direct from the kettle to you, without a drop of water or any other adulteration added.**

I treat successfully all diseases of the skin and blood, rheumatism and uric acid poisoning. Don't take 606 or 914 for your blood; it is Arsenic and dangerous, and often fatal results, as blindness, paralysis and sometimes death, follows its use. Don't take mercury and potash, as it will ruin your digestive organs, kidneys, etc. Take my purely vegetable remedy, which never fails to remove every atom of bad blood from your system and leaves no bad results. I treat **Dropsy, Gall Stones, Cancers, Winds, Gout, Asthma, Bronchitis, Catarrh, Head Noises, Eczema, Ring Worm, Tetter, Salt Rheum, Urticaria, Epilepsy, Piles, Blind Bleeding or Itching, Pruritis, Backache, Stiff and Swollen Joints, Lumbago, Gout, Bladder and Prostatic Diseases, Female Diseases, Appendicitis, and Cancer, without knife or detention from work,** and many other diseases not mentioned here. I want especially the cases that other Doctors have failed to cure.

One hundred dollars in gold for any case of **Catarrh** that I fail to cure. When you need a doctor, get one in whom you have the greatest confidence and one who keeps your secrets as silent as the grave. If you want to have a good heart-to-heart talk, come to see me, and whether you take treatment or not, you will be greatly benefitted by your visit and you will return home feeling better, having had your case correctly diagnosed, and your doubts as to your condition removed.

Don't give up, dear friends, and if you have lost all hope of ever getting well, I ask you to try one more time at my expense, for my services are free if I fail to cure you. Remember, that you only pay for medicine used in your case. I wait until you are well before you pay my fee. If you are too fat, I will reduce your weight, and if you are thin, I will increase your weight to the very pound you desire, or no charge for my services. Are you tired experimenting? Do you want results? Do you want to feel that you are a well man or woman again? Come to me today; I will do something for you that will please you—I will make you happy.

**REMEMBER, FREE EXAMINATION FOR THIRTY DAYS**

Don't be a Has-Been or a Grunter—be a man for the future. Health and strength are necessary for success. You are in the way when you are sick, you are a stumbling block—begin right now to shake off the handicap of the past. Recently contracted or old chronic ailments are barriers to your success. You feel worried, your sleep does you no good; you feel as though you are carrying extra burdens at all times. You awaken after a restless night, tired, loss of energy and ambition; the joys of the past have turned into one continual nightmare; you are despondent, you want to be left alone. See me. I will start you on the road to health, strength and happiness. I will purify your blood, electrify your nerves, increase your appetite, restore your vitality, strengthen your muscles, clear your mind, stop your worry and despondent condition, and energize your whole system. If I fail to do all I claim for you, I don't want a dollar for my services. I used to be one of the "down and outs," but, thank God, I found the way back to health and strength, and now, at the age of fifty-one years, I feel as young as I did when I left my father's farm at the age of 21. A visit to my office will prove to you how I can help you.

Remember, I furnish you with a course of medicine I get fresh from the factory; you take it, and after you are WELL, pay me for my services. Keep your doctor bill in your pocket until you are satisfied that you are permanently cured. I trust you. My home has been in San Antonio for years, and I can furnish you with the best of references as to my reliability.

I am not boasting, but have made a life study of the old, long-standing, hard cases that have puzzled many good Doctors. I want, in particular, cases other Doctors have failed to cure. I have come to your very door to save you the Big Expense of going away to be treated. If your case is an operative case, I will tell you so; but, friends don't be operated upon until you allow me to examine you—thousands of cases, so-called operative, can be cured without the cruel, dangerous knife. Remember this: Don't submit to an operation until you have tried the latest treatment. The knife is all right in some cases, but they are few and far between. I have cured numbers of cases of appendicitis and piles without the knife. If I fail to cure you I will pay for your operation in the best hospital and by the best surgeon in the State of Texas. Is this a fair proposition?—decide yourself. Make up your mind today, for a week may be too late. I examine you, order your treatment, you take it home, or I will send it to you, visit me as often as you wish free of charge—when you are well, pay me, and not before, for my services.

I remember in the springtime we had to take the Sasafra tea for our body cleansing, but the old methods have passed into oblivion, and newer and better remedies have been discovered. I have some of the greatest remedies ever known for **General Debility, Nervous Prostration, Paralysis, Vertigo, Mind Wandering, Inability to Concentrate, Weakness from Debilitating Conditions, Pain in the Back, Weakness of Limbs, Jaundice, Liver Spots, Pimples, Carbuncles, Loss of Appetite, Erueris, Insomnia, Dyspepsia, Constipation, Sick and Nervous Headache.** Don't neglect yourself, good man and woman. See me today or at your earliest convenience. Take my treatment and if you are not satisfied at the end of the treatment, I will refund every cent you have paid me for my services. Do you know of any other Doctor who will do this?

If so, I will treat you free of charge. I have hundreds of testimonials, but space forbids that I publish but one, which is a notable case that baffled the skill of some of the best Medical talent in the State of Texas.

**TO WHOM IT MAY CONCERN:**

Gonzales, Texas, February 24, 1916.

In the spring of 1914 my boy, 5 years old, was taken very sick; in fact, could not walk a step for five months. I had the best Doctors I could get waiting on him, but they never could tell me what the trouble was or do him any good. They finally said that they would have to operate, and I was afraid to have this done, so I decided to take him to San Antonio; I carried him up there in my arms and on arriving there inquired for a good Specialist, and was advised to go to Dr. Mease, which I did. The Doctor gave my boy a thorough examination and said to me: "I can cure your boy," which made me very happy. The Doctor gave me the full course of medicine, and said: "Go home, give this to your boy according to directions. No use to stay here on expense." I did as he told me and in two weeks my boy was walking and in five weeks was sound and well and has never been sick a day since. I had given up all hope of my boy ever getting well. I know a great many people in Gonzales that Dr. Mease has cured after they had been given up to die. I cheerfully recommend the Doctor to anyone suffering and believe that he will cure you if you can be cured.

Gratefully,  
 LEE TREVING.

Now, in conclusion, my friends, I want to tell you that a brilliant mind in a half sick body can accomplish nothing. Do you want to be free from disease, with a clear mind, a cheerful disposition, strong and steady nerves, good appetite and restful sleep, or do you prefer to drag along until death relieves you of your miserable condition. Come to me today—I don't care how many doctors or patent medicines you have used—I am going to cure you or not a dollar for my work. If you live further than 50 miles, I will deduct your railroad fare from your course of treatment. Remember, you only pay for medicine until you are sound and well, and then, and not before, you pay my fee for treating you, which is always reasonable.

Now, my good man and woman, I want these last lines to be your watchword. Don't be operated upon until you consult me. Until you have tried the latest discoveries in good, pure, fresh medicine right from the kettle. Life is too precious to be operated on before you have tried the latest, and surely God has given us a remedy to cure every disease. Come to see me and talk to a doctor who will give you the best examination you ever had in your life, and tell you the naked truth, and whether you take treatment or not, I will guarantee that you will leave me feeling better than when you came.

Don't make any difference how many Doctors you have had or how much medicine you have used—come to me.

Office hours from 8 a. m. to 5 p. m. Sundays, by appointment. You will always find me in my office. I positively do not make any calls. You will have to see me at my office. No cases diagnosed or treated by mail. No cases treated on Sundays except by appointment.

**COME TODAY, WHITE OR COLORED. I AM HERE TO RELIEVE YOUR MISERABLE CONDITION**

**REMEMBER**

FREE CONSULTATION AND EXAMINATION FOR THIRTY DAYS; AFTER THIRTY DAYS, \$2.00 TO \$5.00.  
 DO NOT WAIT UNTIL THE LAST DAY—COME NOW. NO ONE IS TOO POOR TO TAKE TREATMENT.

## MAYER & SCHMIDT, INC.

### REID'S LAKE

The finest bathing in East Texas. Pure spring water. Every facility for the pleasure of those who enjoy the water. Picnic grounds to which you are invited to come and bring your lunch.

D. L. JAMES, OWNER

#### Now Is The Time To Get Rid of Your Rheumatism

If you are troubled with chronic or muscular rheumatism buy a bottle of Chamberlain's Liniment and massage the affected parts twice a day with it. You are certain to be very much benefited if not actually cured. Try it. Stripling, Haselwood & Co. c

Mr. W. E. Sloan, traveling representative of a well-known hardware company, whose home is in Rusk, was in the city Wednesday interviewing the local business men. Mr. Sloan reports that conditions with respect to crops and politics in his community are just fine, and that everyone is satisfied.

#### Why That Headache.

When you know the cause of a disease a cure may often be effected. This is particularly true of headache. Headache often results from constipation or a disordered condition of the stomach which may be corrected by taking a dose of Chamberlain's Tablets. Try it. These tablets are easy to take and mild and gentle in action. Stripling, Haselwood & Co. c

The county Board of Education in a meeting in the office of County Superintendent G. B. Layton the first of the week passed a resolution asking the present legislature to make a \$5,000,000 appropriation for the benefit of the public schools of Texas. The meeting was enthusiastic and interesting throughout. Many interesting minor things were dealt with, the most important being the five million dollar appropriation resolution which was passed. The meeting was attended by R. F. Davis, J. T. Anderson, George F. Fuller, W. B. McKnight and G. B. Layton.

R. F. Erwin Regarding His Troubles "A year ago last winter I had an attack of indigestion followed by biliousness and constipation. Seeing Chamberlain's Tablets so highly recommended for stomach troubles, I bought a bottle of them and they helped me right away," writes R. F. Erwin, Peru, Ind. If you have any trouble with your digestion give these tablets a trial. They will do you good. Stripling, Haselwood & Co. c

Charlie Bailey and E. T. Hand are planning to spend a few days, beginning Thursday, on the river fishing.

#### Chamberlain's Colic and Diarrhoea Remedy.

Every family should keep this preparation at hand ready for instant use when needed. Severe attacks of colic and cholera morbus often prove fatal before medicine can be procured or a physician summoned. The uniform success that has attended this medicine and the prompt cures which it has effected have made it a staple article of trade. Stripling, Haselwood & Co. c

Misses Grace and Willie Green Layton, daughters of Mr. and Mrs. G. B. Layton, are now in Waco, where they have gone to receive their degrees from the Baylor University Friday they will be followed by Mr. and Mrs. Layton, who will be present at the commencement exercises Tuesday night.

Mr. James Jones of Stripling, Haselwood & Co., is spending his vacation at Kirbyville.

## Pull Together for an American Merchant Marine

The war resulted in the creation of a great merchant marine—19,000,000 tons of American ships which cost us \$2,000,000,000.

Everybody agrees that we must keep this fleet on the seas.

If we fall back to pre-war conditions—when only 9 per cent of our foreign trade was carried in American ships—

We shall be in the position of a department store whose goods are delivered in its competitor's wagons.

Congress is considering legislation which will perpetuate our war-built merchant marine.

Until this is done the ships we have should not be sold to face conditions which, prior to the war, resulted in the decline of our merchant marine to insignificance.

This Committee calls attention to these facts because a right solution of our shipping problem is vital to the future prosperity of shipbuilding, but equally vital to the safety and prosperity of the nation.

Send for free copy of "For an American Merchant Marine."

Committee of American Shipbuilders  
30 CHURCH STREET, NEW YORK CITY

### FAMOUS CAFE CLOSED

New Orleans, June 5.—"Maylies," the famous men's eating house known to tourists, gourmands and bon vivants almost all over the world, has closed. Food prices became so high the management said there was little or no profit in the meals. The cocktails and claret became unlawful and "Maylies" reluctantly closed its shutters.

Tucked away in an obscure part of Poydras street "Maylies" catered for 42 years to late breakfasters and early dinner guests. Only two meals were served and no one was admitted five minutes after a meal was started. Reservations were necessary in advance. Famous personages from nearly every country in Europe as well as North and South America have dined there.

The restaurant was strictly for men. Only one woman was successful in reaching the inner shrine. Ruth Law the aviator, in uniform was able to secure a seat, but after the meal was well started she was recognized. Diners begged that she be allowed to remain and the rules were set aside for once.

If you have reason to think your child is suffering from worms, take the safe course—use White's Cream Vermifuge. Worms cannot resist its expelling influence. Price 35c. Sold by Stripling, Haselwood & Co.

Tuesday afternoon at the office of Judge Frank Huston, Mr. Ruben Moore and Miss Nona Armstrong of Appleby, were united in the holy bonds of wedlock. Judge Huston performed the ceremony in befitting style, concluding by offering prayer and congratulations to the happy couple, who went on their way rejoicing.

The misery and depression caused by a bilious and constipated condition of the system can be quickly removed by using Herbine. It purifies, strengthens and invigorates. Price 60c. Sold by Stripling, Haselwood & Co.

Miss Bertha Landrum, daughter of Mr. and Mrs. John Landrum of the Shady Grove community, left Monday for San Marcos to attend the normal.

### WANT FAMILY FARMS

Tyler, Texas, June 5.—A movement to establish "family farms" through East Texas as a means of checking the exodus from the farm to the city has been launched by the East Texas Chamber of Commerce.

The "family farm" means a farm that can be tilled by a family without hiring help and one equipped with a modern farm home. More than a thousand persons have written that they wish to acquire such a farm home as outlined by the East Texas Chamber of Commerce, and the organization is now seeking to organize companies in each of the fifty East Texas counties to supply these homes, arrange better living conditions and better markets.

We will develop and print one roll of films for anyone sending us ten names and addresses of persons owning a Kodak. Beaumont Photo Finishing Company, Sales Department 580 Pearl St., Finishing Department, Suite 100 Wiess Bldg. 10-1m

Cases of oak or ivy poisoning should be treated with Ballard's Snow Liniment. It is antiseptic and healing and a splendid remedy for such troubles. Three sizes, 30c, 60c, and \$1.00. Sold by Stripling, Haselwood & Co.

The Carolina Oil Company of this city received Monday an immense oil tank car which is to be used in transporting oil from the fields to the refinery here in the city. Managers of the company say that they are experiencing a great deal of trouble in getting equipment for uninterrupted work.

### ICE CREAM SUPPER

There will be an ice-cream supper given at the church at Douglass, Thursday night, June 10th, for the benefit of the Young Peoples' Missionary Society. A nice program is arranged and a pleasant evening is awaiting all who will attend. A general invitation is extended the public, and the candidates are especially invited.

Committee.

Andy Rector of Douglass was in the city Monday and returned with a load of furniture. The young man did not say what the action meant.

### MONEY OF WORLD COULDN'T BUY IT

This Is What Allen Says of Good Tanlac Did Him—Is Picture of Health Now

"I wouldn't take all the money in the world for the good Tanlac has done me," said J. B. Allen, a well-known employee of the C. B. & Q. Railroad, residing at 567 East Fourth St., Galesburg, Ill.

"I had suffered for six years," he continued, "and had gotten so weak that I couldn't do my work regularly and was ready to give up when I began taking Tanlac. Nearly everything I ate disagreed with me and felt like a coal of fire in my stomach and gave me terrible cramping pains that I could hardly stand them. I was so badly constipated that I had to take a laxative nearly every night and awful feverish headaches would come on that would lay me up in bed for a day or more at a time. I lost so much weight and got so weak that I could hardly walk, and really I looked so bad that one day at the roundhouse I overheard one of the boys say: 'He's not long for this world.' Right then I decided to give up my work and try to find something that would help me.

"I read in the papers about Tanlac and decided to try it and now I don't see how in the world a medicine can do what it has done for me. I can eat three big meals every day without any trouble afterwards, the constipation and headaches are gone and my lost weight and strength have all come back. To be exact I now weigh forty-three pounds more than before I began taking Tanlac and never felt stronger in my life. I am the picture of health and the boys all say they never saw anything as wonderful as the way Tanlac has brought back my health."

Tanlac is sold in Nacogdoches by Swift Bros. & Smith and Stripling, Haselwood & Co., and in Garrison by the Dale Drug Co.

### BIGGEST BATTLESHIP

New York, June 3.—The super-dreadnaught Tennessee, the largest and most formidable battleship afloat, goes into commission today at the Brooklyn navy yard. This monster fighting machine cost \$20,000,000, is 625 feet long, with 90 foot beam and 32,500 tons displacement. A special feature is the "fighting brain" enclosed in a steel fort near the top of the forward mast. Concentrated here are devices for observing the enemy ships.

Itching diseases can be controlled and cause removed by applying Ballard's Snow Liniment. The relief is prompt and permanent. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by Stripling, Haselwood & Co.

On Friday last some lady telephoned the Sentinel office an item announcing the marriage on the Monday preceding of Mr. J. H. Forrest and Miss Louise Loeckle at Appleby. Our informant, it seems, was mistaken. Miss Loeckle advises us that the marriage did not take place. In this connection the Sentinel asks contributors to the local columns to be sure of their facts before sending items to the office. We want the news, but we want it to be reliable. The editor accepted the notice of the marriage in good faith, and that it was a hoax is no fault of his.

A bad taste in the mouth comes from a disordered stomach and sluggish state of the bowels. Herbine corrects the trouble immediately. It purifies the bowels, helps digestion, sweetens the breath. Price 60c. Sold by Stripling, Haselwood & Co.

Dr. J. K. Castlebery of Sacul was in the city Tuesday, reporting the crops in his locality were simply fine. When asked about the political situation, the doctor said that he thought Pat Neff was leading in his community.

**Catarrh CANNOT Be Cured** with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by some of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for ten free trials, free.

## For Weak Women

In use for over 40 years! Thousands of voluntary letters from women, telling of the good Cardui has done them. This is the best proof of the value of Cardui. It proves that Cardui is a good medicine for women.

There are no harmful or habit-forming drugs in Cardui. It is composed only of mild, medicinal ingredients, with no bad after-effects.

### TAKE

## CARDUI

The Woman's Tonic

You can rely on Cardui. Surely it will do for you what it has done for so many thousands of other women! It should help.

"I was taken sick, seemed to be . . ." writes Mrs. Mary E. Veste, of Madison Heights, Va. "I got down so weak, could hardly walk . . . just staggered around.

. . . I read of Cardui, and after taking one bottle, or before taking quite all, I felt much better. I took 3 or 4 bottles at that time, and was able to do my work. I take it in the spring when run-down. I had no appetite, and I commenced eating. It is the best tonic I ever saw." Try Cardui.

### A STINGING CRITICISM

Washington, June 5.—President Wilson today, in a telegram to the officials of the railroad brotherhoods, criticized congress for failing in take action in regard to the high cost of living, the conclusion of peace and important domestic legislation. The telegram was in reply to a message requesting the president to prevent the adjournment of congress today. The president said that in the light of the record of the present congress "I have no reason whatever to hope that its continuance in session would result in constructive measures for the relief of economic conditions to which you call attention. It must be evident to all that the dominating motive which has actuated this congress is one of political expediency rather than lofty purpose to serve the public welfare."

## INVENTIVE GENIUS ROBS CALOMEL OF NAUSEA AND DANGER

Doctors' Favorite Medicine Now Purified and Refined from All Objectionable Effects. "Calotabs"—the New Name.

What will human ingenuity do next? Smokeless powder, wireless telegraph, horseless carriages, colorless iodine, tasteless quinine—now comes nauseous calomel. The new improvement called "Calotabs" is now on sale at drugstores.

For biliousness, constipation and indigestion the new calomel tablet is a practically perfect remedy, as evidenced by the fact that the manufacturers have authorized all druggists to refund the price if the customer is not "perfectly delighted" with Calotabs. One tablet at bedtime with a swallow of water—that's all. No taste, no nausea, no griping, no salts. By morning your liver is thoroughly cleansed and you are feeling fine, with a hearty appetite. Eat what you please—no danger—go about your business.

Calotabs are not sold in bulk. Get an original package, sealed. Price, thirty-five cents—(adv.)

Invitations have been received in the city announcing the approaching wedding of Miss La Merle Kelley, daughter of Mrs. A. Kelley of Garrison, to Mr. Lawrence Hunt, son of Mr. and Mrs. Andy Hunt of this city, June 16. Both young people are well thought of by their many friends, who are happy in anticipation of the happiness of the betrothed. Miss Kelley is one of the most popular young ladies of Garrison, well educated, charming and accomplished, while Mr. Hunt is one of the enterprising young business men of Nacogdoches.

Miss Eddie Tartt of the Spring Hill community has taken a place with D. E. Hughes in his jewelry and music store, and seems to be the right girl in the right place. We congratulate both parties to the arrangement.

**A Voice From Sioux City, Iowa, says**

**PE-RU-NA**  
Worth Its Weight In Gold

You cannot mistake the words of Mr. W. W. Northrup, of 908 Fourth Street, Sioux City, Iowa. He is enthusiastic about his present health and the merits of PE-RU-NA and wants everyone to know it. Here is a recent letter from him:—

"PE-RU-NA is worth its weight in gold and then some. I used to think it only a woman's remedy but have changed my mind. I had a cough, especially in the morning. After using half a bottle of PE-RU-NA was much better. I would cough up chunks of phlegm and mucus, my eyes itched and bothered me. Judging from the symptoms given in your almanac it was catarrh. My stomach is in much better condition since using your medicine."

"Use this testimonial, if you wish. Don't hesitate to verify the merits of PE-RU-NA."  
(Signed) W. W. NORTHROP.

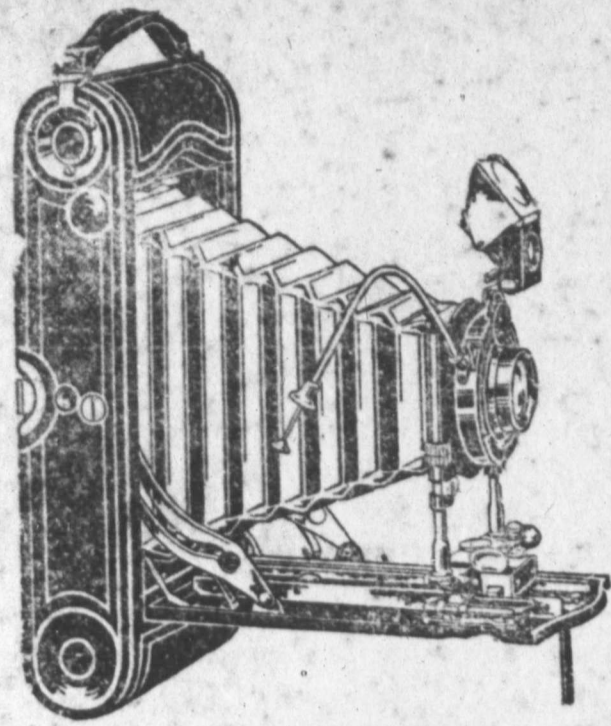

There are thousands just like Mr. Northrup, skeptical at first but convinced by a trial of PE-RU-NA.

**DON'T BE AN UNBELIEVER.**

If your trouble is of a catarrhal nature, try PE-RU-NA, then tell your friends. It is fine after an attack of grip or Spanish flu.

**Sold Everywhere**      **Tablets or Liquid**  
FOR CATARRH AND CATARRHAL CONDITIONS

## IT'S VACATION TIME—THAT MEANS IT'S KODAKING TIME

Every one that takes a vacation will very likely see new scenery and will visit old friends.

You will want to remember them, you may never see them again so you will want a KODAK to snap a picture of these people and scenery.

There is nothing that will give you greater pleasure in after years than looking over KODAK views that you took on this trip.

Every time you look at these views it will be like taking another trip.

Put a KODAK down on your list now before you forget it and remember that KODAK means an Eastman.

We have all sizes as well as a complete stock of films, packs, and accessories.

Stripling, Haselwood & Co.

### ANNOUNCEMENTS

For Associate Justice, Court of Civil Appeals, Ninth District.  
W. B. O'QUINN.

For District Judge 2nd Judicial Dist.  
JUDGE L. D. GUINN.  
(For Re-election)  
E. B. ROBB.

For District Attorney 2nd Judicial Dist.  
F. P. MARSHALL.  
W. B. BATES.

For Representative.  
W. E. THOMASON.

For District Clerk.  
J. C. HAND  
J. F. CASH.  
IVAN R. PRINCE.

For County Judge:  
J. M. MARSHALL.  
ALLAN SEALE.

For Tax Collector:  
R. W. SULLIVAN.  
D. W. (Darwin) BUCHANAN.  
J. C. MELTON.  
(Re-election)

R. H. (Holland) BURK.  
A. TOM CRAWFORD.

For County Clerk.  
PHILIP SANDERS.  
J. F. PERRITTE.  
JOE R. DAY.

For Tax Assessor:  
L. H. (Judge) THRASH.  
CLYDE SHOFNER.  
C. S. (CHARLIE) BAKER.

For Sheriff:  
G. W. L. WOODLAN.  
(Re-election)

HERMAN SEALE.  
(Re-election)

D. A. LEE.  
CHARLES H. WALKER.  
J. D. MATTHEWS.

LINK A. MOSS.  
J. F. CHANDLER.  
JOEL P. BLANTON.  
D. C. MAST.

Ivan Prince of Garrison was in the city Monday.

J. H. Lane of Garrison was in the city Tuesday.

Mr. and Mrs. George Raney of Cushing were in the city Tuesday.

Spure Cash of Cushing was in the city Tuesday.

Frank Adams returned Tuesday from a trip to Marfa.

Miss Nell Schenks left Monday for Piedmont, Mo., where she will spend a few days with relatives and friends.

Mrs. R. W. Murphey left Monday for Pearsall, Texas, where she will stay approximately three weeks with her brother, Mr. French Weatherly.

Sheriff Woodlan returned Tuesday from Maytown with two negro prisoners charged with vagrancy. The culprits are in jail.

Miss Ola Gaston is spending the week with her sister, Miss Emma Gaston, at the home of Mr. and Mrs. J. O. Ray.

Mr. and Mrs. D. E. George of El Dorado, Ark., returned to their home Monday after spending a few days with Mr. and Mrs. Scott Chadw.

Ben Tucker and family left Tuesday for Corpus Christi, where they will spend several days. They will go by way of Houston. They were accompanied by Mrs. Wyatt Garrett of San Augustine, Mrs. Tucker's mother.

Miss Bernice Brantley of Tucker, Hayter & Co., who has been at her home in Chireno several days suffering from an attack of appendicitis, is reported to be recovering, according to the latest reports.

Sheriff Woodlan, J. F. Cash, L. D. Thrash, L. G. King and W. B. Bates visited Chireno, Attoyac, Melrose, Swift and Martinsville Wednesday, reporting a fine time and seeing good crops while on the way. All seemed particularly well pleased with the political situation.

W. H. Finley, prosperous farmer of the Douglass community, was in the city Thursday, reporting crop conditions in his locality extremely fine. He said that not many people were away from their farms in the country; that all were in the fields busy killing the grass.

Mr. Henry McLain and Miss Bertha Collins, who reside just over the line in San Augustine county, near Chireno, were married in the lobby of the courthouse in this city at 11:30 Wednesday morning by Judge Frank Huston. A number of spectators witnessed the solemn and beautiful ceremony which joined these two young lives, and at the conclusion extended hearty congratulations to the happy pair. The father of the bride, Mr. F. F. Collins, accompanied the bridal couple.

There seems to be a general epidemic of the thieving spirit developing during the past week in Nacogdoches. Reports from all parts of the town from different individuals say that considerable losses have been suffered by them; some losing valuable clothes, jewelry, money and other things of worth. The sheriff's department is on the lookout for the thieves, and hopes to be able to land some of them in the near future.

The commissioner's court, after an eight day's session, during which it checked over the tax rolls of the county, adjourned Wednesday at 10 o'clock. The session was not the regular one, but a special one called for the express purpose of going over the tax rolls. Judge Marshall, commenting upon the matter, said Monday that the court found most of the property given in at the right basis; however, some of it, he said, was given in too low, and, in some cases, some had been given in too high. In either case the property was marked to the proper value. The regular session of the commissioner's court will begin Monday, at which time the statements will be sent to the property owners of the county, telling them of the status of their property as found by the court.

Mr. A. C. Smith reports that Dr. A. J. Queen, who has an oil well to the depth of several hundred feet in the Melrose vicinity, and who was suddenly stricken several days ago with heart trouble, requiring his speedy return to his home in Okmulgee, Okla., to be with his family, is in no better condition, according to a telegram received from the doctor's son Monday. Dr. Queen is an elderly man, but possesses great energy and vigor, and by reason of these, Mr. Smith hopes that he may soon recover and be able to return to Nacogdoches.

Mr. Sam Hayter says that the building he is putting up on West Main street will be completed and ready for occupation within four weeks. The building has been under construction for several weeks, and now presenting the appearance of a nice, modern structure, adding much to the property value of the city. It will be used both as a store and office building.

Work on the Nacogdoches refinery continues with a full force of masons busy laying the required brick. Managers of the company say that if the material for the plant can be obtained without any hitches or delays the plant will be in partial operation within sixty days; otherwise, it may be some time in the fall months before the plant gets in full operation. The brick walls of the plant are beginning to present an attractive appearance.

Mr. George Owens and Miss Eula Christopher of the Harmony community, were married by Judge Huston in his office in the courthouse at 12:15 Wednesday in the presence of a roomful of spectators. The ceremony was said in the judge's most impressive manner, and at its conclusion the newlyweds departed, overflowing with happiness, for their home.

Secretary McKnight of the Nacogdoches Chamber of Commerce, left Wednesday for Las Cruces, N. M., where he will deliver a speech at a big farmers picnic under the auspices of the agricultural department of New Mexico. He will return next Tuesday.

Eldred Gaston is now employed with the firm of Cason, Monk & Co., where he will work until the beginning of school this fall, when he plans to enter A. & M. at College Station.

Mr. and Mrs. Sam Stripling and family left Tuesday for La Porte, where they will stay a few days. Mr. Stripling will return the latter part of this week, leaving Mrs. Stripling to stay perhaps several weeks visiting there.

Mesdames Wilton Ratcliff and McNeil Weeks left Tuesday at noon for Houston, where they will visit with Mrs. W. O. Crain.

### BIG PROFIT IN MILK AND BUTTER

Small Investment Brings Big Return—Mr. Weaver's Plan is Simple

"I bought a package of Dr. LeGear's Stock Powders from my local dealer and after feeding it to my Jersey cow, she increased from six quarts to 12 quarts of milk per day, and after continuing the powders for 30 days longer, she increased in butter fat from 5 pounds to 10 pounds per week and at the end of 5 months she was making 12 pounds of butter fat per week."—L. B. Weaver, Grand Rapids, Mich.

Mr. Weaver followed the advice of Dr. LeGear, and is money ahead. You can get the same results. Get Dr. LeGear's Stock Powders from your dealer; feed it to your horses, milk cows, steers, hogs and sheep as directed. Satisfaction or money back.—Dr. L. D. LeGear Med. Co., St. Louis, Mo.

### BOLL WEEVIL CONTROL

C. H. Deabler, County Agent

Repeated experiments seem to indicate that the Coad System of boll weevil control by poisoning with powdered calcium arsenate applied to the plants in the form of dust, is a commercial success. Evidence of the success has not only been secured by experts working under the direction of Mr. Coad at the Cotton Experimenting Station at Tallulah, La., but also by large and small planters in all parts of the cotton belt.

Dusting for the control of the boll weevil is apparently not only successful so far as control measure is concerned, but it is entirely feasible on a commercial basis.

Not only has the boll weevil been successfully controlled by the Coad system, but the cotton army worm has been controlled by the same operation.

The farmers of Nacogdoches county should arrange to give this method of weevil control a thorough trial in this year, using the small hand duster on the small acreage, that they must learn of its merits and determine for themselves if a more extensive use next year would be profitable.

It is necessary that the work be done thoroughly if it is to be successful. Unless you intend to observe all operations, do not start for the attempt will prove a failure.

In arranging for this work, the first question is that of field selection. It is advisable to locate a uniform cut, probably ten or twenty acres, which is of rather fertile soil, subject to a severe degree of weevil infestation. Divide this field or "cut" into two equal parts, and in such a way that each will represent the same degree in fertility of soil, and will be worked in the same manner.

Apply the poison to only one of these plots. The unpoisoned plot is to be used as a "check" plot, to determine what increase of yield is due to the poisoning. Without this check plot it will be largely guess work to determine the results of the treatment. This check plot is important. Don't spend your money and time on this experiment without some dependable means of knowing the specific results.

It is best to figure on using about six pounds of the calcium arsenate for each application, about twenty-four

pounds per acre for the four applications.

Judging from past results where the work has been done, there are two ways of poisoning, the principal differences being in the time interval between applications. Undoubtedly one of these methods will be much better in some districts, and the others will be more suitable in other districts. One test should be started when about 15 percent of the squares are weevil punctured, and the application should be given every seven days for four or five applications, or until the bolls are set and free from weevil injury. At the same time another test should be started at a 15 percent infestation and given three applications at a four day time interval. In both instances every effort should be made to maintain the same intervals between applications very accurately. Results should be watched carefully by occasional infestation counts, and further poison applications gauged accordingly. An application should never be made after the plants have matured and stopped setting fruit.

Applications should be made when weather conditions are as favorable as possible. This means when there is no wind, and the plants are wet with dew. Evening applications are not as satisfactory as morning ones. Work should stop when the dew has disappeared.

The cost of the work will range between \$6 and \$10 per acre depending upon labor cost. The hand blower will cost \$20 to \$25, the poison will cost from 28c to 30c per pound.

Figuring the increased yield will amount to as much as 30 pounds of lint per acre, which at 30 cents per pound will pay for the treatment.

For further information see or write C. H. Deabler, County Agent, c/o Nacogdoches Chamber of Commerce, Nacogdoches, Texas.

Dave Greer, formerly of Tucker, Hayter & Co., will leave tonight for Bryan, where he will stay a short time before proceeding to Corpus Christi, his future home.

Miss Willie Gramling returned Monday from Chicago, where she spent a year under instruction in a musical conservatory. Miss Gramling is a gifted performer, and her many friends are promising themselves rare entertainment from her music.

### W. S. DAWS SHOT BY NEGRO NEAR CENTER

W. S. Daws, aged 40, and a resident of the Fellowship community near Center, was shot and seriously injured by a negro named Joe Tucker. The shooting occurred Monday at the home of Mr. Daws.

According to reliable information, the acts of the negro in attempting the life of Mr. Daws, was cold-blooded as Mr. Daws was not armed. It seems that Mr. Daws had given the negro some instructions about doing some work on the premises and the negro objected, whereupon he became enraged and shot Mr. Daws thrice, with a 38-calibre pistol. Two of the shots penetrated his brains, and the third shot found lodgment in his abdomen.

Following the shooting the negro attempted to escape and made his way as far as the Sabine River bottom. A posse of men quickly formed and went in search of the black. He was soon overtaken and in an effort to effect his capture was shot and seriously wounded. He is in a critical condition and not expected to live.

Mr. Daws is a prominent citizen of the Fellowship community and the tragedy is deeply regretted. His condition is very critical and little hope is entertained for his recovery.—Timpson Times, 8th.

### BETTER ROUTE TO NACOGDOCHES

Automobile tourists who have been making the long route from Lufkin to Nacogdoches around by Alto, something more than 60 miles, will no doubt be glad to learn that Nacogdoches can be reached by traveling half the distance by going from here to the crossing on the Angelina river at old Marion. It is just 15 miles from Lufkin to the Marion crossing and 16 miles from there to Nacogdoches, with a splendid graded road country of dangerous aliens, Post emment of the distance, in fact it is a better route than by Alto, we are told, and the trip may be made most any day in the year, while at times it is impossible to get from Pollock to Wells over the Alto route.—Lufkin News.

## Friday and Saturday Only

We will have for sale the following Automobile Tires:

- Two 30x3, price . . . \$5.00 each
- Ten 30x3 1-2, price . . . \$4-00 and up
- One 32x3 1-2, price . . . \$17.50
- One 33x4, price . . . \$14.00
- One 34x4, price . . . \$15.00
- Six 32x4, price . . . \$15.00 and up
- Four 34x4 1-2, price . . . \$12.50 and up

We call your attention especially to the 30x3<sup>1</sup>/<sub>2</sub>, 34x4 and 32x4's

Now, don't ask us to sell now. Wait and give others a chance at these values Friday and Saturday.

If your old car is for sale put used tires on it. Save 75 per cent of your tire expense and get a good used casing to finish the season.
