NACOGDOCHES, TEXAS, THURSDAY, FEBRUARY 10, 1921

NUMBER 6

Babies and Children

When the babies are choked with colds and threatened with pneumonia rub their chests and throat with either of the following remedies and notice how the laboring breathing is relieved:

Vick's Vaporub, 30c and 60c
Mentholatum, 25c, 50c and \$1.00
Vacher Balm, 30c and 60c
We pay the war tax. Phone us your orders when you want quick delivery.

Swift Bros. & Smith, Inc.

\$10,000,000 DAMAGE IN WASHINGTON CYCLONE

Seattle, Wash., Feb. 9.—First reports of a cyclonic storm which swept Jefferson county on the west slope of the Olympic Mountains last week and causing heavy property damage reached here tonight. It is reported that over 100,000,000 feet of timber was uprooted with an estimated loss of \$10,000,000. The devastated district was cut off from communication with the outside world.

SUBMIT RESOLUTION TO MOVE UNIVERSITY

Austin, Texas, Feb. 7.—Representatives Baldwin of Lubbock and Pope of Nueces and 24 other representatives today introduced in the house a concurrent resolution providing for the submission of the proposition to move the University of Texas to a vote of the people in July, 1922. The resolution proposes the location of the university either at Austin or other Texas city.

Stephen F. Austin Normal Is Assured

The Stephen F. Austin Normal Will Be Built in Nacogdoches!

In the senate at Austin on Monday afternoon the bill to repeal the measure authorizing the construction of state normal schools at Nacogdoches and Kingsville was defeated by a vote of 19 to 5. This means that the original bill will stand and the school built.

The first inkling of this gratifying news was given when announcement to that effect was thrown upon the screen at the Queen theater early in the evening. The information was telephoned by Secretary H. L. McKnight of the Nacogdoches Chamber of Commerce, who, with Superintendent R. F. Davis of the city schools, has been working heroically to defeat the movement to prevent the establishment of the schools.

In their efforts in behalf of the school, Messrs McKnight and Davis were ably seconded by Representative W. E. Thomason, who left no stone unturned in the fight against the enemies of the normal. Senator W. R. Cousins of Hemphill also was a tower of strength and proved himself our good friend and the friend of higher

education throughout the state—for teachers trained at the Stephen F. Austin Normal will go into all sections and render more efficient service by reason of that training.

The Sentinel started out early Tuesday morning to confirm the telephone message received Monday night but was unsuccessful in getting in touch with anyone who did the actual talking with Mr. McKnight, so a telegram was sent to Representative Thomason, who wired us the following reassuring reply:

Austin, Texas, Feb. 8.
To the Sentinel, Nacogdoches:

The Richards bill in the senate, which is identical with the house bill by Veatch, was killed in the senate yesterday by a vote of 19 to 5. The Veatch bill will be disposed of in the house by point of order today. Thanks for the co-operation of the citizens of Nacogdoches.

W. E. Thomason.
Under the original plans, work on the construction of the normal building was to have begun this month. The Sentinel is not advised as to whether the efforts to kill the project will cause any delay.

EXTORTIONER GETS FIVE TO TEN YEARS IN PEN

New York, Feb. 8.—Robert P. Brindell, president of the Building Trades Council, convicted of extortion from builders, was sentenced today to serve from five to ten years in state's prison by Supreme Court Justice McAvoy.

HOUSE DEFEATS THE ANTI-NORMAL BILL

Attorney June C. Harris returned Tuesday night from Austin, where he had been on personal business and also in the interest of the Stephen F. Austin Normal, the latter being his chief mission in the Capital City.

Mr. Harris informed the Sentinel Wednesday morning that when the Veatch bill came up in the house it was defeated by a vote of 49 to 76. As has been stated, the Veatch bill in the house was identical with the Richards bill in the senate, both having for their object the repeal of the bill authorizing the normal schools at Nacogdoches and Kingsville.

Our people will never forget the splendid work in favor of the school by Senator Fairchild of Lufkin, who was especially active in promoting its interest. The same may be said of Representative Barry Miller of Dallas county, who was in the van of the fight and who exerted all his large influence in our behalf. There were other friends who stood manfully by us, and they have the gratitude of all Nacogdoches.

There is now no question of the location of the normal school at this place. The matter is now in the hands of the Board of Regents, and to them is left the decision as to when the active work will begin. Under the original plan of the board, building operations were to have begun in February, 1921. That time is here, if the board so determines there should be no delay. The sooner the school is in operation the better it will be for Nacogdoches and the state at large. We hope to have some definite information shortly.

In the meantime, there is an important work for our citizens to perform. It has been suggested, and we regard the suggestion as an eminently wise one, that our people should bestir themselves in the matter of cleaning up the town and the normal site. Every particle of dirt and trash should be removed—the town should be rendered spotlessly clean. When the Board of Regents visit us to arrange the preliminaries, as they undoubtedly will, it is only reasonable to suppose that they will be influenced to a very considerable extent by the condition of our streets and alleys and the premises of citizens. Perhaps the early commencement of the work upon the normal building depends upon this.

Let's all get to work—and we'll till it hurts!

BANK ROBBED THRICE

Texarkana, Feb. 8.—Robbers last night robbed the Exchange Bank of Nash, Texas, after drilling into the vault and obtaining deeds, mortgages and insurance papers. This is the third time within 60 days this bank has been robbed.

MURDER TRIAL FOR POSTOFFICE ROBBERS

Dallas, Texas, Feb. 8.—The case of Albert L. Rowan, W. S. Scrivner and three others indicted for the murder of G. W. Street, a postal employee killed January 14, when the Jackson street postal substation was robbed, Monday was set for February 21 in State criminal court. Maury Hughes, Dallas county district attorney, announced the date Monday afternoon. Harper testified that Albert L. Rowan, who was sentenced to 25 years imprisonment for alleged connection with the robbery of the Jackson street postal station on January 14, was in a restaurant where he was employed between 4 and 5 o'clock on the afternoon of the robbery. He also testified that he discussed Rowan's alleged part in the affair on January 15. Answering a question as to how he had heard Rowan's name mentioned he said he had read it in the newspapers. Rowan's name was not published until three days later.

EFFORT MADE TO FREE DRAFT EVADER

Kansas City, Mo., Feb. 8.—A legal battle to free Erwin Bergdoll, wealthy Philadelphia draft evader, now in the disciplinary barracks at Fort Leavenworth, on a writ of habeas corpus began today in federal court here before Judge Pollock. The case of Erwin, a brother of Grover Bergdoll, who recently effected his escape to Germany from the United States, is of national interest because of legal points involved, according to court officials. The cases of many others tried or awaiting trial by courtmartial for violating the selective service hinge on the outcome of the Bergdoll case. The right of a military courtmartial to try a person not actually in the service, as one who registered but failed to respond to the call, is one of the legal points involved. Twenty others are confined in military prisons in cases similar to that of Bergdoll. About 50 cases are held in abeyance pending the outcome of the Bergdoll case, it was officially said.

EXPLOSION KILLS TEACHER AND PUPILS

Lawrenceville, Ill., Feb. 8.—Emmett Bunyan, school teacher, and seven of his pupils were instantly killed, and one other boy is expected to die, as the result of a can of nitroglycerin yesterday near the Cross Roads school about three miles west of here.

Several girls, who were on the other side of the building at the same time, were knocked down, and stunned by the blast, but not seriously hurt.

The explosion occurred at the noon recess, when one of the boys found the can near the school. Not knowing it contained an explosive, he playfully tossed it to a companion and the blast followed.

One wall of the school house was crumbled, and Mr. Bunyan and eight boys were hurled about fifty feet in the air.

APPROPRIATION BILL NEARLY \$7,000,000

Austin, Texas, Feb. 9.—An appropriation bill totaling \$6,839,025 for the payment of salaries and the upkeep of the eleemosynary institutions of the state was introduced in the house today by Satterwhite of Carson county, chairman of the appropriations committee. An appropriation of \$3,253,445 was provided for the first year.

SWISS DRINK BILL

Berne, Switzerland, Feb. 9.—Switzerland last year drank alcoholic drinks valued at 746,000,000 francs, which sum the Minister of Finance, M. Musy, says would be sufficient to pay the expenses of the central and local governments.

Vienna, Feb. 9.—Swords are now worn by court officers for protection at the order of the President of the Vienna Criminal Court because of the many attacks upon judges and witnesses recently in courtrooms.

PROPOSES TO KILL HOPELESSLY INSANE

Norwich, Conn., Feb. 9.—Dr. S. S. Wilcox, superintendent of the state hospital for the insane here, has put directly to the members of a legislative committee the question of "mercifully putting to death incurably insane persons," urging the passage of a measure sanctioning such killing.

He illustrated the necessity for State action by showing them an aged, suffering, hopeless, insane man, manacled and shackled to a bed—with twenty years of agony behind him and the prospect of years of agony before him.

"Would it not be better that this unfortunate should be put out of his misery?" the doctor asked the legislators. And the legislators agreed.

Dr. Wilcox's radical proposal immediately drew a storm of criticism. His suggestion is debated throughout the state. Its adherents, chiefly men of science and humanitarians, are waiting for the next step—introduction of a measure in the state legislature, and if such a bill is presented they believe the time is ripe to force it through.

WICHITA FALLS MAN MURDERS OWN FATHER

Wichita Falls, Texas, Feb. 8.—A special session of the grand jury will convene Wednesday to investigate the killing of O. H. Toussant, whose body was found in the residence part of the city Sunday night. Monday afternoon Henry Toussant, son and business partner of the dead man, signed a confession before the chief of police and district attorney admitting the killing, which he said he had planned for a week. In the confession he said his motive was that he considered his father responsible for the death of his mother. He also stated his father had threatened to disinherit him. O. H. Toussant formerly resided in Washington, D. C., where he was engaged in the hotel business. Details of the death of the young man's mother, mentioned in the confession, were not made public by the officials. The younger Toussant is 33 years old, and was born and reared in Washington. The district attorney filed a charge of murder against him. He was placed in jail.

PARDON REQUESTED FOR POSTOFFICE ROBBER

Austin, Texas, Feb. 8.—Governor Neff today received an application for the pardon of W. S. Scrivner, recently convicted of robbing a Dallas postoffice substation, from Maury Hughes district attorney of Dallas. Hughes requested the governor to pardon Scrivner, who is an escaped convict, in order that he may testify in the trial of Albert Rowan for the murder of G. W. Street, a postal employee, who died of wounds received in the robbery. The governor said he would withhold action until an investigation could be made.

On January 22, for the first time in the memory of the oldest inhabitant, snow fell in Long Beach, California, a suburb of Los Angeles.

PRESIDENT ENDS VACATION TRIP

Daytona, Fla., Feb. 9.—President-elect Harding today declared his vacation at an end and prepared to turn his attention to the more serious problems to be solved before his inauguration. He decided to delay the work no longer. On account of the delinquency of the house boat, which has been stranded for two days on a mud flat in Mosquito Lagoon, he will complete the trip to St Augustine by rail.

MCADOO HOMEWARD BOUND

Mexico City, Feb. 9.—William G. McAdoo, who left for the United States last night, said his trip had been made one of pleasure. He denied he had negotiated with the Mexican government administration for supervision of its railroad system. He said his conversations with Mexican officials in regard to the roads were incidental.

Edison's first patented invention was a patented stock indicator.

1-2 PRICE SALE

Men's Manhattan and Eagle Brand Shirts

Consisting of Silk Jersey, Crepe de Chine, Silk Fiber, Silk Stripe and Madras. All have soft French cuff. You are sure to find precisely the shirt you want, and the size.

One lot of Laundered Cuff Shirts, originally sold for \$2.50 and 3.50. Special for this week **\$1.95**

MAYER & SCHMIDT, INC.

WEEKLY SENTINEL

PRICE \$1.50 PER YEAR.

BY GILES M. HALTOM

AS THE EDITOR SEES IT

Looking forward at the beginning of a new year is a common occurrence in all countries, and as we pursue the age-old custom we cannot but take notice of the contrast between conditions in our own country and those beyond the seas.

In our land we have a solid, substantial government, founded upon the guarantee of life, liberty and the pursuit of happiness.

Over there kings and emperors have been kicked from their thrones, governments have been driven from power, law and order have been succeeded by chaos, and hatred and suspicion lurk in the hearts of the many.

Here we have education, refinement, health, wealth, prosperity and hope for the future. We are at peace with our neighbors and are not looking for or dodging trouble.

But on the other side all is different. Practically every foreign government is sitting on the lid of a volcano. Open discord exists everywhere.

Thousands who have lived in luxury in former years are now penniless, many of them uncertain as to the source from whence the next meal is to come.

Those who have seized the wealth of the countries in the overthrow of the government are in the main ignorant as to how to turn it to account, or are wasting the substance in riotous living.

Commerce is stagnant and funds are lacking for its resuscitation.

Millions are on the verge of starvation or are in the actual throes of dissolution.

Children are perishing in the cold through lack of proper clothing. Desolation and want are everywhere. Prosperity is nowhere.

Truly, it is good to live in America, land of freedom and of plenty.

GROWTH OF THE LEGION

The American Legion developed from a husky youngster into a full-fledged American fighting organization in the year just ended. From national headquarters at Indianapolis comes the word that the membership has doubled and 3,417 posts were added during 1920. Posts were established in the farthestmost points of the globe—Argentina, Belgium, Santa Domingo, Peru, Chile, China, Guatemala, Japan, Poland and Samoa. Starting in 1920 with 50 branches and 5,000 members, the Women's Auxiliary finished with 200,000 members and 1,700 units.

Nothing could be more gratifying to true Americans than this remarkable growth of an organization whose influence for patriotism and good citizenship has been demonstrated in countless ways. Members of the Legion have come to support the law and order in communities where lawless elements sought to gain the upper hand. While keeping aloof from partisan politics, the Legion has taken a determined stand on vital public questions. It has sought the deportation of professional trouble makers of alien nationalities who turned liberty into license.

May the Legion continue to flourish and to gain in numbers that its wholesome, patriotic influence will be greater.

NO RELIEF FOR FARMERS

Senator Carter Glass of Virginia, former secretary of the treasury, in writing to a constituent who criticized him for voting against the measure to resuscitate the War Finance Corporation, points out that, contrary to the expectations of many, not a single farmer who is not an exporter will receive aid from the corporation.

The purpose of the law is to find foreign markets and others had the idea that the corporation was revived to loan money to growers in order that they might be able to hold their crops for higher prices. Thus it is that emergency aid for the farmers does not "emerge."

There is little reason to believe that the emergency tariff bill, passed by the house and now in the senate, will be permitted to become a law. It is another measure primarily touted as being the thing that will revive agriculture.

In the meantime the farmers—especially in the middle west—have seen up hope that congress will do anything to aid them and are proceeding on the assumption that if they get anything they must go out after it and they are organizing for the purpose of directing the sale of farm products in a way that will bring the best market prices, and this will be attempted by co-operative marketing.

NORMAL COMMENTS

"Nacogdoches ain't got nothin' when she got the normal," declared a downtown man Tuesday when the news was flashed over the wire that Nacogdoches had won the institution. "Normals don't make towns, they tear them down. Come to think about it, Nacogdoches don't get anything right," the fellow continued. "They got the postoffice where the courthouse should be, and the courthouse where a wagon yard should be; and if it is a moonlight night they have the electric lights turned on full blast, but if it is a real dark night you can't see a light. Nacogdoches must have factories," the fellow concluded.

Quite different was the attitude evinced by a substantial business man of the city. "We have won a great victory, and Nacogdoches can look forward to better times," he said. "I am highly pleased with the normal situation," he concluded.

Rumor is the fastest sprinter in the experience of men.

It is not necessary for dead men to tell tales—the live ones are battling a good average.

There is not much satisfaction in that indoor game of trying to keep income ahead of outgo.

It gives a man a thrill to be held up by a bandit, but it makes him angry to be held up by his landlord.

No matter what a lot of influential folk want in legislation, a lot of other influential folk oppose it.

Benjamin Franklin had reason for his thrift talks—the penny was worth something in his day.

Things are looking better. Some landlords are advertising that they have no objection to one child.

The persons who were saving a little money never lost faith in the ability of the American dollar to come back.

The sensitive woman who has a husband with deficient table manners is convinced that Job was a mere piker in the patience game.

When a man follows half a dozen women in line at a cafeteria, he almost regrets that he voted for woman suffrage, especially if he has only half an hour for lunch.

Some persons have the appearance of taking advantage of the bath as often as they do of the ballot.

Bankers talk about what they call the "moral risk," but they usually want it backed by something substantial.

Ludwig C. A. K. Martens, the self-styled "soviet ambassador," on the Russian, took all his name with him.

A headline says the law is winked at, but it all depends on the bartender whether the wink gets results.

Some men like to do as they please as nearly as they dare to assure themselves their personal liberty is on straight.

That those who throw mud cannot escape being splattered was eloquently proven to the army's critics by General Dawes.

There will be cause for rejoicing when three saws and hatchets supersede the talking machines as the most popular musical instruments.

Let Eurlerson's critics harp on this: He has delivered to a Massachusetts woman a letter mailed under a republican administration 19 years ago.

The gloom that is settling over the United States senate is probably caused by the thought that only a month of talking days remain in which to abuse Wilson.

Less interest in economy than in votes is shown by a republican congress which preaches economy and then increases the appropriation for free seed to \$360,000.

Herodotus says Xerxes' army which crossed the Hellespont numbered 2,500,000.

The Walloons of Belgium are lineal descendants of the old Gallic Belgae.

The light of Eddystone Lighthouse in the English Channel is visible in clear weather for 17 1/2 miles.

Four sacred wars were waged in Ancient Greece, chiefly for the defense of the temple of Delphi.

HISTORIC HOUSE IN MARKET

Shakespeare Hotel at Stratford-on-Avon Recently Put Up at Auction in London.

On Thanksgiving day there was offered at auction in London the Shakespeare hotel at Stratford-on-Avon, a beautiful specimen of Fourteenth century architecture, which for years has been the main resort of Americans and other tourists to Stratford-on-Avon.

The history of Stratford-on-Avon may be traced back for a period of 1,000 years, and as the birthplace of the great poet it has become a classic center visited annually by some 50,000 people. The Guard house, where Shakespeare was born; Shuttery, where he courted Anne Hathaway; Charlotte Park, once the seat of Sir Thomas Lucy, whose displeasure Shakespeare incurred by stealing his deer; the Shakespeare Memorial theater, on the banks of the Avon, and Shakespeare's monument, are all places worthy of visiting in the old market town of Stratford-on-Avon.

The Shakespeare hotel, situated in the center of the town and close to the Shakespeare Memorial Theater, was erected in the Fourteenth century, and has been in the hands of the late Mr. Justice's family since 1870. A few doors from the Shakespeare hotel is the Harvard house, which was the early home of the Harvard family, founders of Harvard university.

MUST PAY TRIBUTE TO ART

Not In Admiration, But in Current Coin, is the Edict of the French Authorities.

After all these years of luxurious idleness the Venus de Milo must become a wage earner. The authorities of France have so decreed. And not only Venus, but Mona Lisa and all the other celebrities gathered in the Louvre, and in the Luxembourg and other galleries as well. For the flat has gone forth recently that hereafter those who have been accustomed to visit the museums of Paris day after day, finding their treasures free as air, must pay an admission fee. If you want to go to admire Venus in her crimson velvet seclusion you must pay for the privilege. To be sure, she is worth any price, you must admit. And when you go into the Salon Carre of the Louvre and stop to meditate about what the enigmatic Mona Lisa is meditating, you must pay for that, too. Not a separate admission for each department. No, they are all banded together in one big union, as it were, all those priceless treasures of each museum, and hereafter they will earn their keep.

Rafts May Cross Pacific

Swedish lumbermen are on this coast investigating the possibility of rafting lumber from British Columbia to Europe. Lumber rafts of large size, called ranautes, have been successfully towed from Sweden to Great Britain, says the Scientific American. The Ocean Ranaute Syndicate of London, England, has sent William Olsson of Stockholm, an experienced ranaute builder, here to investigate the possibility of adapting that method to British Columbia timber exports.

The ranautes are made of square timbers. Mr. Olsson, though expressing nothing definite, believes that the tremendous timbers of the British Columbia forests will make possible the construction and successful operation of ranautes far larger than the rafts now shipped out of the Baltic. Swedish structures carry 4,000,000 or 5,000,000 feet each. It is proposed that the British Columbia rafts will contain 15,000,000 to 20,000,000 feet.

Rothschild's Best Tip

In 1871 a friend approached Baron Rothschild, the great financier, who was a firm believer in the maxim "Buy when everybody else is selling and sell when others are buying," and asked what the banker considered a first-class investment.

"Buy French rentes," said Rothschild; "you can get them cheaply now." French bonds were then selling at 63.

"But the streets of Paris are running with blood," objected his friend. "That's the reason you can buy them cheaply," replied the money baron.

A quarter of a century later in 1896 these bonds were selling at 105 and were considered as perhaps the most conservative investment in the world.—Wall Street Journal.

Filer's Good Work

For revealing details hidden from horizontal observation, the value of the "bird's-eye" view was demonstrated anew in Iowa not long ago. The attention of a flier, circling about near Des Moines, was caught by various ribbons of smoke arising from apparently deserted regions, and closer inspection revealed a number of autos hidden in the brush, says Popular Mechanics Magazine. When the airman returned with a companion and made a landing, a large copper still was discovered, attended by four men and fed with corn from a wagon.

The Matrimonial Kind

"The men's wear department is two aisles to the left, sir," said the officious floorwalker. "We are having a special sale of collars today." "I don't want any collars," said the meek-looking man who was waiting for his wife. "I've been wearing a pretty stiff one for twenty years." "The same collar, sir?" "The same. A preacher put it on me."—Birmingham Age-Herald.

OUR POLICY

We have watched with much interest the growing tendency of business to go on a strictly cash basis. We believe such a system is good, and that it will benefit both the merchant and the customer. We have seriously considered putting the cash basis in effect, but first, we are going to try another plan.

From this date we will rigidly adhere to the following basis: We will sell for cash only, except where regular customers arrange specially with us for a 30 day charge account, but all such accounts will be run strictly on 30 day basis, and under no circumstances will such accounts be continued or additional charges made, where the account for the month is not paid before the 10th of the following month. Absolutely no variation from this rule will be made, so please do not embarrass us or yourselves by asking us to deviate from it.

I think we will all agree that cash business is a most satisfactory business. We would like to run our business on that basis, but we like to think of our customers as our friends. We are not going to go on a cash basis and then fail to stick to it, and we dislike to inconvenience many of our best friends and customers whose 30 day business is entirely satisfactory, and whom a strictly cash ruling would inconvenience, so we are going to give this clear cut combination of the two ideas a short trial.

If it works we will be happy, but if it does not work, we shall be forced to go on the strictly cash basis now in effect in 98 per cent of the Ford Service Stations in the United States, as the basis we have worked on heretofore has become so unsatisfactory that we cannot continue it, especially under the present very difficult conditions.

We want to make this new plan work. We believe that with your help it can be made to work. We are going to do our level best, and we believe it will work out to our advantage and to yours.

BEN T. WILSON Ford Service Station

ATHLETIC CHAMPIONSHIP

The final contest for county championship in basketball, tennis and other features in athletics among the various schools of the county will be held in Nacogdoches on Saturday, March 5.

The schools in commissioner's District No. 1 should decide the championship in basketball at an early date; likewise in districts Nos. 2, 3, and 4. It is not necessary to play three games to decide the championship; however, where the different teams agree to play three there can be no objection raised. One game will decide the championship unless the teams agree to play three. I think that the former would be better of the two. Let the principals and superintendents of the different schools see to it that the championship of their commissioner's precinct is determined before coming to the county meet.

Girls track and basketball have been abolished. The state chairman has not said what should be used in place of them, but has recommended that volleyball be substituted for basketball.

No school will be allowed to take part in any division of athletics which has not paid its fee to the interscholastic chairman. This fee, if it has not been paid, should be sent at once to E. D. Shurter, Austin, Texas. No person who has attained the age of twenty-one, September 1, 1920, will be allowed to take part in any feature of athletics, etc. For further eligibility rules on athletics, etc., see University Bulletin Interscholastic League, page twenty-five. Article XIII.

Begin your track work now and come to the county meet at Nacogdoches with your school well represented in every division of the meet. Talk, boost and sing athletics from now until March 5.

For further information address the

undersigned at Cushing, Texas.

G. F. Hudspeth,
Director of Athletics, Nacogdoches County.

HE WAS STUNG

Raleigh, N. C., Feb. 9.—Elmo Gill and James Darling, of this city have just been tried in the City Court for engaging in a fight that followed an argument over the ownership of a hornet's nest.

Evidence brought out at a hearing showed beyond a reasonable doubt that the nest was the property of Darling, which said he had walked miles through the woods to find for the purpose of making a tea which he said he used for a cough.

"You are discharged," said Judge Harris to Darling. Gill, apparently displeased with the decision, asked: "How about me, Judge?"

"Oh, you're stung!" replied the judge, "you must cough up ten and costs."

DANIEL BOONE'S HOME

Reading, Pa., Feb. 9.—A movement has been started by State Senator J. E. Norton of this city, to have the state purchase the birthplace of Daniel Boone, Kentucky pioneer and Indian fighter, who was born in a house still standing on a farm at Exeter, Berks County. The house is in a comparatively good condition and Senator Norton would have it restored and made a historical shrine.

The movement is backed by the Historical Society of Berks county and many prominent citizens. Senator Norton is preparing the necessary bills for presentation at the present session of the state legislature.

Daniel Boone was born in 1773. Five miles from the homestead is the home of progenitors of Abraham Lincoln. The history of the two families show close relationship by marriage and blood.

JANUARY FIRE LOSS

Austin, Texas, Feb. 9.—The report received at the office of G. W. Tillery, State Fire Marshal, covering the month of January, 1921, shows that within the state during the month there was a total of 20 death and 41 injuries, as a result of fires. Most of these fires, said Mr. Tillery, shown by the reports, were caused by negligence or carelessness and might easily have been prevented.

"This department is going to put forth every effort possible this year to reduce our annual toll of life and property caused by preventable fires, and we ask the loyal co-operation of all good citizens in our effort to reduce our stupendous fire waste," added Mr. Tillery.

JEWS TRAMPING "HOME"

London, Feb. 9.—So eager are many of the Jews of the Ukraine to go to Palestine, that failing transportation, they are actually attempting to walk to the new home-land, passing through Constantinople.

This statement is made by First Commissioner of Works, Sir Alfred Mond, who has just left England on a tour of Palestine.

Sir Alfred says that, although the exodus of Jews from Great Britain is comparatively small, many Jews of Central Europe, Poland and Russia are anxious to go to Palestine.

There should be an enormous influx of people when the country is ready for them, he added. Just now Palestine is in great need of laborers.

Discovery of gold in 1886 drew great numbers of foreigners to the Transvaal and ultimately led to the Boer war.

Implement journals state that there will be no reduction in the price of farm implements during the present year.

FORMAL DECLARATION NATIONAL ELECTION

Washington, Feb. 9.—Warren Gammaliel Harding of Ohio and Calvin Coolidge of Massachusetts were formally declared today by congress to be elected president and vice-president of the United States for four years beginning next March 4.

Thus was written the final chapter in the history of the 1920 presidential elections. The scene was laid in the chamber of the house of representatives with the democratic vice president Marshall presiding. The occasion was the canvassing of the electoral votes cast by the electors chosen on November 2—404 for the republican candidates, and 127 for the democratic candidates, former Governor James M. Cox of Ohio and Franklin D. Roosevelt of Hyde Park, New York.

The recording of the votes was attended by all the formality and solemnity prescribed by the constitution and there not only were present the members of the senate and house, but many relatives and friends of the successful candidates.

Two highly polished mahogany boxes, inlaid with rosewood and holly-wood, were dumb actors in this drama of democratic government. Resting on the vice president's desk, they contained the official ballots of the electors of the forty-eight states. In alphabetical order, beginning with Alabama's vote, the returns, in large envelopes blazing with seals, were opened by the vice president, handed to the senate and house tellers—one republican and one democrat, representing each body—and read to the assemblage and recorded.

At the conclusion of the announcements and tally, Vice President Marshall declared formally that Mr. Harding had been chosen president and Mr. Coolidge vice president—in official language that the announcement should "be deemed a sufficient declaration of the persons elected president and vice president of the United States, each for a term beginning March 4, 1921."

The joint session today was ordered by resolution of both senate and house. At 1 o'clock, led by two senate pages carrying the ballot boxes, the senate, following the vice president and escorted by its sergeant-at-arms, secretary and other officials, proceeded to the house chamber, where they were announced with ceremony, the house membership rising as the senatorial party entered. As prescribed by law, the vice president took charge of the session, with Speaker Gillett seated at his left and the senators at the right of the chamber.

In opening the ceremonies Mr. Marshall gave the usual warning against demonstrations by the spectators, a warning which always has been honored in the breach until the galleries lost their enthusiasm under the verbal procession of formal announcements by the four tellers.

The votes canvassed here today were cast last January 10 by the electors meeting in their respective states and have since been arriving almost daily at the vice president's office. Duplicate returns have also been sent by mail and the law requires that a third set be filed with the federal district court of each state. Among the personal messengers who brought the ballots to Washington were women serving as such for the first time in the nation's history.

A custom of procedure followed today as usual in the point congressional session was an opportunity for objections to the recording of the votes. After each state's vote was announced, the vice president asked if there were any objections. These, by law, are required to be in writing and, in event of filing, to be voted on by the senate and house separately.

TRADE JEWELS FOR FOOD

Paris, Feb. 9.—The peasants of Austria are rapidly stripping the well-to-do residents of Vienna of their wealth by demanding payments for food in diamonds, jewels or other things of high value, say Red Cross men, who have visited that city. The farmers who suffered more severely than did the city people in the war now are having their innings and are becoming prosperous, selling produce to the starving Viennese.

Austrian paper money is always welcome in the country and the peasants demand an exchange of goods through a system of bartering with the city residents. This attitude is said to be adding to the growing antagonism between the country worker and the city dweller.

Directors of government pawn shops estimate that 15 percent of the Viennese are living by selling or pawning their valuables, frequently heirlooms. As the cost of living continues to increase, it is considered only a matter of time until many of the families who were well-to-do before the war will not have anything more to offer for food.

SIMPLE REASON FOR THRIFT

Its Practice Necessary That There May Be Margin of Production Over Consumption.

Is it not mere caddishness for one who can afford to buy and does buy silk skirts and silk stockings and automobiles, and who freely admits that he wastes money, but who justifies himself somewhat belligerently by saying that he can afford to waste money, and that it is nobody's business, to object to other people doing the same sort of thing only because he thinks the other people cannot afford the expenditures? Right down in our hearts we know that the concern is not all with the welfare of those other people who are wasting their money; it is really a matter of jealousy and of class distinction based on clothing—a feeling that these people have committed social misdemeanors, as when the cook duplicated her mistress' hat. And any one who preaches thrift to people on the ground that they should not have what they like for their money is simply preaching nonsensical cant. He is really preaching revolution.

If, then, thrift has no virtue in itself, if every person within the limits of the law is entitled to spend what he can earn, and more than he can earn if he can get away with it, is there any unmoral reason for thrift?

The reason for thrift is plain. It is not necessary to talk about morality. It is simply that if we do not have thrift we shall not have a margin of production over consumption—that is, we shall not have capital. If we do not have capital we cannot have progress, for we shall have no means wherewith to make improvement in existing facilities for production. There is the danger of extravagance. And it is a very real danger—Samuel Crowther, in the North American Review.

PAPER FROM VENEER WASTE

Possibilities in Material That Has Hitherto Been Considered to Be Without Value.

In the wood waste from veneer factories the United States forest products laboratory sees considerable raw material suitable for the manufacture of high grades of paper. The cores of many kinds of veneer logs, now used in a large part for fuel, would make excellent pulpwood. In addition, a large part of the clippings could be turned into pulp stock with profit.

Among the veneer woods whose waste has paper-making possibilities are red gum, yellow poplar, cottonwood, birch, tupelo, basswood and beech. Many veneer factories cutting these species are already within shipping distance of pulp mills. In certain other cases veneer factories are so grouped that they might furnish pulpwood enough to warrant the erection of a centrally located mill. Other economic factors being favorable, such a mill could profitably operate on a daily supply of veneer waste equivalent to 50 cords of ordinary pulpwood.—Scientific American.

"Roast" Handball Players.

The execrations uttered by the indignant baseball fan against the unlucky or awkward player in America are as gentle murmurs compared with the epithets hurled by the occupants of the gallery at the contestants in the game of handball in the playgrounds of Madrid, Spain. "Rogue!" "Thief!" "Convict!" and "Idiot!" are some of the mild terms with which the players are greeted when they miss a ball or send it back in an easy position for the opponent to play it.

The reason for this excitement is the prevalent betting, in which the women spectators participate as much as the men. Professional bookmakers attend all matches, and their shouts of the odds for and against the players are mixed with the cries of the gambling spectators, until the scene resembles a bedlam.

Another Discoverer.

In an old Spanish geographical work on America published in 1552 by Francisco Lopez de Gomera, a priest of Sevilla, it is mentioned that Labrador was reached for the first time by a party of Norwegian sailors piloted by John Scolvus or Jon Skolp in 1476. The announcement was made for the first time some years ago, but it was greeted with skepticism that Columbus had been anticipated on the American shores by any but Leif Ericson, but recently additional evidence has shown that Columbus' visit to this country was antedated by Scolvus by 20 years and steps are being taken to urge the former's claims for honors.

Pecks of Diamonds.

During the year 1919 South Africa exported 1,124 pounds of diamonds. This quantity represented just about 125 quarts.

This vast quantity of precious stones reduced to terms of bushels would equal a trifle less than four, or what would be two ordinary grain bags full of them. Naturally the stones included a great number of very large ones as well as many medium-sized and small ones.—Philadelphia Ledger.

Shaft for Hero Dead.

An obelisk of granite seventy feet high is to be erected in Denmark as a memorial to the many thousands of American and allied soldiers of Danish descent who died in the World war. It has been estimated that about 30,000 men of Danish blood fought in the American armies in France and that about 20,000 Danes fought in the Canadian, Australian, British and French armies.

WOMEN AS "PAMPERS TOYS"

Distinguished French Abbe Makes Some Sharp Commentaries on Sex Relations in America.

American women expect (very rightly) from their husbands the same attention which French husbands receive from their wives. The American husband expects nothing, and for what he receives the Lord makes him truly thankful, writes Ernest Dinnet, in Harper's.

"We are pampered toys," an American lady told me in a distinctly resentful tone, "but we only know it when our husbands, after keeping every trouble from us, suddenly die."

If the abstraction called the American woman could be met with, I should ask her whether she really likes to see a dozen men in her drawing room watch her the whole evening and bob up with military precision the moment she half rises to ring the bell; whether she would not prefer her escort to think of what he is saying to her instead of concentrating on where she walks, skipping to the unprotected side of her the whole time; or whether she likes being supported across the road with infinite precautions, as if she were a very ill person or a very brittle object; or, on the contrary, firmly grasped below the shoulder and wafted to the other side with the triumphant ease of long practice.

I have kept a picture representing three exceedingly widely known American men watching a lady go down a deck stairway. She is spoken of as a sportswoman and would probably think nothing of scrambling down a rope ladder if it amused her. The steps on which she appears are broad and comfortable, but the gentlemen with guiding and supporting gestures smile at her achievement with the same wonder and delight as if she were a baby for the first time off the go-cart. Meanwhile the lady herself smiles in her furs like coy Phoebe between two clouds.

RARE FRUITS IN PHILIPPINES

Two That Are Said to Be Delicious and Unknown in the Rest of the World.

Among the productions of the Philippine islands are two delicious fruits almost unknown in the rest of the world. One of these is the durian, whose remarkable qualities were described during his explorations in the Malay archipelago.

It grows on a lofty tree somewhat resembling an elm, is about as large as a coconut, has a shaly shell, and contains a creamy pulp which combines some of the flavor of a delicious custard with those of a fine cheese.

To eat durians, we are told by those who know, is a new sensation worth a voyage to the East to experience. Americans in the islands call the durian "the vegetable Limburger cheese."

The other rare fruit spoken of is the mangosteen, said to be the only fruit that the governor general of the islands has never tasted. The exquisitely flavored liquid it contains cannot be preserved for shipping abroad.

Circulating the Scriptures.

The 1919 issues of the American Bible society were 3,752,309 volumes. The sun never sets on the representatives of this society, which asserts that some one is busy every hour of the day and every day of the year circulating the Scriptures. This total means that seven volumes were issued every minute of every hour of every day of the year.

The issues of 1919 were the smallest since 1911; chiefly because of after war conditions. The average of annual issues for the last ten years has been over 5,000,000 volumes. For the period of the war, 1914-1919, it was over 5,870,000, which means that on an average 11 volumes of Scriptures were issued every minute of the years of the war by the American Bible society.

New Illuminator.

Prof. Alexander Silverman has invented a new illuminator for the microscope, whose special advantage is that it gives a very strong light upon the object examined, so that opaque and translucent bodies can be as readily studied as transparent ones. The top of the object on the slide can be seen with all the variations of its surface. It is particularly valuable in testing samples of metals since it shows the presence of blow holes and pits and much detail not hitherto visible. It is likewise useful to textile experts since it shows the threads of a fabric from every angle and is also much appreciated by bacteriologists.

There's a Difference.

"I resent the imputation that I am a member of the 'ple brigade,'" said the pompous citizen.

"But you don't deny that you want a government job, do you?" asked Mr. Dubwaite.

"Certainly not. It should be the ambition of every patriot to serve his country."

"I agree with you. It should be the ambition of every patriot to serve his country—without pecuniary reward."—Birmingham Age-Herald.

Strictly Business.

He—Do you believe in fortune telling?
She—Well, I don't know much about such things, but papa believes in it.
He—Is it possible?
She—Yes; he says the mercantile agencies are fairly accurate.—New Haven Register.

LOCATION -- Walker lot, East Main Street.

RICE FOR THE STARVING

Houston, Texas, Feb. 8.—A campaign to buy Texas rice and thus help planters to market a crop they have experienced much difficulty in moving, will be undertaken from February 25 to Easter by the South Texas headquarters of the Near East Relief at Houston. The rice purchased by contributors to the campaign will be shipped to Constantinople and from that point distributed into Armenia for the relief of the thousands of starving orphans of that country.

The slogan of the campaign will be "Rice Means Life." The movement, it is explained, will not only help to relieve the acute suffering in countries of the Near East, but will be of great assistance to Texas rice planters in their present predicament. The campaign will have nothing to do with the movements being conducted by the European Relief Council, it is announced.

On the opening day, February 25, the appeal to buy rice will be made from the windows of grocery stores. Retailers have already pledged their co-operation and during the month sacks of rice will ever remind the passerby of the food that is waiting to be bought and sent to the starving Armenians.

Posters will also be placed depicting typical scenes of suffering that are so common in the Near East today. These posters will be placed in grocery stores, hotels, department stores, restaurants and other public places. Each poster will have a coin receptacle at the bottom. Coupon books bearing the slogan "A Bag of Rice Will Save An Orphan's Life," will also be sold.

The campaign in Texas will be directed by Mrs. Anna Waller, executive secretary of the Near East Relief for South Texas, and Mrs. May A. Hayes, of the Associated Rice Millers Association. The latter organization has endorsed the movement and will take an active part in the campaign, it is announced.

MILLION FEET LUMBER DESTROYED LAST NIGHT

About 1,000,000 feet of lumber were burned Monday night at the mill of Millard & Spears, in the Beavers neighborhood, ten miles northwest of Nacogdoches. There had been no fire about the premises for three months, and the theory of incendiarism is advanced. The watchman left the yards at 10 o'clock for his home and was absent about 20 minutes. When he returned to the yards he found two stacks of lumber on fire, and every board was consumed. The mill buildings and machinery escaped the conflagration. The amount of insurance, carried, if any, was not learned. Messrs. Millard & Spears have the sympathy of all in their huge loss.

FREAK OF SNOW STORM

Avon, N. Y., Feb. 9.—When Peter Finigin went out to do the chores one morning recently he was mystified by the sight of a large number of huge snow balls scattered over his farm. On the 20-acre field there were hundreds of them ranging in size from 6 to 10 inches in diameter. Leading up to each snow ball was a streak of bare ground showing the distance it had traveled in forming.

Mr. Finigin and neighbors who had gathered to study the odd spectacle decided that the wind which had blown a gale the night before had whipped up small particles of "good packing" snow and started them down the field, some of the particles gathering up additional snow until balls had been formed that were too heavy for the wind to move them further. All the paths of the snow balls were in the same general direction that the wind had been blowing.

To record the unusual freak of wind and snow, Mr. Finigin sent for the correspondent of a Buffalo newspaper who counted more than 1,000 snowballs of more than 10 inches in diameter.

Amber injures no other good pigment with which it is mixed.

JUDGES GET SMALL PAY

Paris, Feb. 8.—Judges of many of the French courts including some of the higher tribunals, are hinting that they would like to have their pay raised at least to the equivalent of telegraph operators, warehouse watchmen and junior army officers. Their friends point out that the salaries of many of the magistrates are less than those of even ordinarily skilled workmen.

The newspapers have taken up the campaign in their behalf and are urging that they be granted allowances to enable them to live at least decently. Some of the judges have told publicly that their colleagues without private incomes have to sell their personal property accumulated in better days or do clerical work at home to eke out a living.

French judges are paid from 500 francs a month (now equivalent to about \$35) up to 833 francs (now equivalent to about \$58) for the presiding judge of the higher tribunals.

The value of Alaska's salmon products in one year is seven and a half times the original purchase price of that territory.

LITTELL'S

LIOUID SULPHUR COMPOUND

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

Small size 50 cents bottle. Large size \$1.00
JAMES F. BALLARD, Prop. St. Louis, Mo.

BOOZER CASE CONTINUED

Judge S. W. Blount received a letter Friday morning from District Judge Guinn informing him that the Boozer case, which had been set for February 7th, at Rusk, has been continued for the term. Therefore the witnesses subpoenaed in that case need not attend at this term of court. They will be properly notified of the time for the beginning of the trial. This information is official and is published to save the witnesses a useless trip to Rusk.

To guard liquor valued at two million dollars, the authorities of San Francisco are making requisition at Washington for a machine gun. Fear that the eastern crime wave may spread to the coast is the principal reason for the recommendation of a machine gun.

HOW DOCTORS TREAT COLDS AND THE FLU

First Step in Treatment is a Brisk Purgative With Calotabs, the Purified and Refined Calomel Tablets that are Nausealess, Safe and Sure.

Doctors have found by experience that no medicine for colds and influenza can be depended upon for full effectiveness until the liver is made thoroughly active. That is why the first step in the treatment is the new, nausealess calomel tablets called Calotabs, which are free from the sickening and weakening effects of the old style calomel. Doctors also point out the fact that an active liver may go a long way towards preventing influenza and is one of the most important factors in enabling the patient to successfully withstand an attack and ward off pneumonia.

One Calotab on the tongue at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, pleasure or work. Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine with a hearty appetite for breakfast. Druggists sell Calotabs only in original sealed packages, price thirty-five cents. Your money will be cheerfully refunded if you do not find them delightful. (Adv.)

NOTICE SHERIFF'S SALE

The States of Texas, County of Nacogdoches.

By virtue of an Order of Sale, issued out of the Honorable District Court of Nacogdoches County, on the 25th day of March, A. D. 1915, by the Clerk thereof in the case of Henry Hoya versus J. H. Hugher and George Hubbard, No. 2939, and to me, as Sheriff, directed and delivered. I will proceed to sell for cash, within the hours prescribed by law for Sheriff's Sales, on the first Tuesday in March, A. D. 1921, it being the 1st day of said month, before the Court House door of said Nacogdoches county, in the town of Nacogdoches, the following described property, to-wit:

Twenty acres of the N. de la Cuda grant about 2 miles and 1/2 southeast from the city of Nacogdoches, Nacogdoches county, Texas, being on the south end of the 75 acres tract and the same land conveyed to Henry Hoya by J. M. Mims by deed dated February 24, 1903, which deed is recorded in Vol. 50, Page 33 Nacogdoches County Records of Deeds, said land bounded as follows: Beginning at the SW corner of said 75 acres A. P. O. S 85 E. 9 6-10 vrs, thence 80 vrs. to corner on pine N 72 1/2 E 3 vrs. and a pine 47 E 3 6-10 vrs; thence N 75 E 690 vrs to corner on the E line of said 75 acre tract, a pine S 38 W 13 vrs, a hickory S 82 E 10 4-10; thence S 260 vrs to SE corner of said 75 acre tract, a pine S 2 1/2 W 6 8-10 vrs. Thence west with the S line of said 75 acre tract to the beginning, levied on as property of J. H. Hugher and George Hubbard to satisfy a judgment amounting to \$348.50 in favor of Henry Hoya and costs of suit.

Given under my hand this 2d day of February, A. D. 1921.

G. W. L. Woodlan, Sheriff.

MRS. E. F. FULMER

Mrs. E. F. Fulmer, a former resident of Nacogdoches county, died at her home in Homer, La., on the afternoon of Friday, January 28, according to a note received Thursday at the Sentinel office.

Deceased was about 35 years old, and a daughter of Mr. and Mrs. Carl McClure of Swift. A number of relatives and many girlhood friends in the county survive and will be grieved to learn of her passing. The sympathy of all goes out to the stricken family.

For several years he was state senator from Cherokee county, then for six years was prosecuting attorney for this district. About fifteen years ago he was a candidate for the democratic nomination for congress against S. B. Cooper, and later a strong candidate for the nomination for lieutenant governor when Mr. Mays, his successful opponent, was nominated.

He was a physical and intellectual giant and a grand man, and his death will be lamented by thousands of friends throughout the state.

The Sentinel extends its sympathy to his family.

FROST PROOF CABBAGE PLANTS

Early Jersey Wakefield, Flat Dutch Drumhead, 100 for 25 cents, 1,000 for \$225. S. P. Smith, Nacogdoches, Texas, Rt. 3, Box 13. 29-1dw4p

Aching joints, rheumatic pains, neuralgia can be relieved quickly by a rubbing application of Ballard's Snow Liniment. It is a powerful penetrating remedy. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by Stripling, Haselwood & Co.

Mrs. Maud Ratcliff, the popular trimmer of Etchel's store, left Wednesday for Dallas and other markets to study the spring styles and make purchases for her department. She will be gone about two weeks.

Lone Star, Big Bell, Rowden and Mebane Triumph cotton seed. Produced on Cartwright farms and specially ginned. Prices \$1.50 to \$2.00 per bu. sacked. Bourke Cartwright. Producer of fine cottonseed, Terrell, Texas. 20-3w

FOR SALE—One No. 10 De Laval cream separator, 1 nice Kimball piano, one 5-passenger car. Will sell any of the above cheap for cash or will trade for mules or wagon. J. W. Peley, Box 348. 1-dw2p

BIG WATER WELL IS NOW UNDER CONTROL.

The sensational water well brought in on the Blount ranch last week, the well flowing a solid stream of water eight inches in diameter and spouting several feet in height, has been brought under control by the drillers, Messrs L. B. Harris and J. W. Frazier. The well was producing enough water to fill a ravine 20 feet wide and fully 12 inches in depth, and the water issued from the well with a great noise. Many experienced oilmen on seeing the well declared that it would never be brought under control, but Harris and Frazier kept on working, fully determined they would check the flow. They drove casing through about 50 feet of water sand before getting the water checked.

Friday afternoon at a depth of 610 feet the well was making a slight showing of oil, the water coming out of the well showing a rainbow. Frank Tucker, manager of the well, is perhaps the most jubilant man in the city by reason of his good fortune. This well conclusively proves that the artesian water supply that has been ruining some of the wells in Nacogdoches county can be successfully dealt with.

Herbina corrects biliousness, indigestion and constipation. It is a fine herbal medicine that drives out impurities and restores healthy conditions in the system. Price 60c. Sold by Stripling, Haselwood & Co.

OLD COAL MINE IS IN OPERATION AGAIN

The lignite mine of the Garrison Coal & Oil Co., which was destroyed by fire some weeks ago, and is again in operation, producing coal for the trade.

As has been previously noted, Messrs. Douglass and Latimer are in charge of the enterprise, having leased the property from the company and made some needed repairs just prior to the fire. They have worked faithfully, and have expended a considerable sum of money in rebuilding the enterprise, and all progressive citizens will join in the fervent hope that they may now enjoy a prosperous career and be abundantly rewarded for their faith and energy.—Garrison News.

W. M. IMBODEN

Hon. W. M. Imboden of Cherokee county died at his home in Alto Friday, and his hundreds of people in this county are bereft of a friend whom they so fully appreciated and delighted to honor. Few men in the state were better or more favorably known than Mr. Imboden. Reared in Cherokee county, he has been prominent in the public and political life of the state for thirty years, and at the time of his death was about 56 years old.

For several years he was state senator from Cherokee county, then for six years was prosecuting attorney for this district. About fifteen years ago he was a candidate for the democratic nomination for congress against S. B. Cooper, and later a strong candidate for the nomination for lieutenant governor when Mr. Mays, his successful opponent, was nominated.

He was a physical and intellectual giant and a grand man, and his death will be lamented by thousands of friends throughout the state.

The Sentinel extends its sympathy to his family.

A bad wound, cut or burn should be cleansed of dirt and impurities and dressed with Liquid Borozone. It heals the flesh with marvelous speed. Price 30c, 60c and \$1.20 per bottle. Sold by Stripling, Haselwood & Co.

The remains of Eskridge Box, aged 25, who died of pneumonia at Trinidad, Colo., on January 31, reached Nacogdoches on the T. & N. O. train Friday afternoon, and interment was made in Lone Star cemetery. Deceased was a son of Mrs. H. L. Box of this city and had many friends and relatives in the community who will sincerely grieve at his passing.

To drive out worms that are eating away the strength and vitality of your child, use White's Cream Vermifuge. It expels the worms without injury to the child. Price 35c. Sold by Stripling, Haselwood & Co.

Guaranteed pure frost-proof cabbage plants grown in the open without cover. Early Jersey Wakefield Variety. Satisfaction guaranteed or money refunded. 100, 50c; 1,000, \$4. Yancey & Wicken, Rt. 1, Box 15. 3-3wp.

EGGS FOR SALE

Mottled Ancona eggs, \$2 per setting. Best winter layers. J. F. Bailey, Box 348. 19-3dw4p

A few doses of 666 break a cold.

Mr. Vail Fall of Sugarland is in the city looking after oil business.

Rayford Neil of Lubert was a business visitor in the city Saturday.

Mrs. Lillian Stegall arrived in the city Saturday from Lufkin.

To prevent a cold take 666.

Swab Myers of Woden was in the city Saturday.

Martin & Mason spudded in Saturday on their deep test at Attocay.

To break a cold take 666.

Mr. J. W. Barker who has been out of the city for the past few days on business matters, has returned.

I want two or three good colored families to make crops on halves. V. E. Simpson. 3-3dw2p

Dr. Will H. Bruce, Osteopathic Physician, Redland Hotel.

Frank Tucker, John Paul Jones C. B. Rose and the reporter made a trip to the deep test well on the Blount ranch Friday afternoon.

666 quickly relieves a cold.

Mr. N. E. Brown of the Dallas News reporter staff is in the city for a visit with relatives. He was a most pleasant caller at the Sentinel office Saturday morning.

Born—to Mr. and Mrs. Herbert Pitman, on the night of Thursday, February 3, 1921, a son.

Rub-My-Tism cures bruises, cuts, burns, sores, tetter, etc.

Mr. Tom Peterson, who has been in failing health for several years, is reported to be very low at his home on South Church street.

Mr. and Mrs. James Perritte and daughter, Miss Lena, who recently moved to this city from Hemphill, were pleasant visitors at the Sentinel office Monday morning.

666 breaks a cold quicker than any remedy we know.

Pure Barred Rock eggs for sale. Fifteen for \$1.50. Phone 9041-F4 or write Joe Allen, Rt. 3, Nacogdoches. 20-4w.

Charlie Cade of Attocay was a business visitor in the city Saturday, reporting that the farmers in his community this year were not going to plant much cotton.

Will trade work stock for milk cows or heifers. P. B. Laphom, formerly M. D. Stoker farm. 1-6dw

Rub-My-Tism relieves Rheumatism, Neuralgia and Sprains.

Frank Tucker says that he understands the Carolina Oil Company, this city, has on hand \$85,000 worth of refined oils. Then there are people who say that the oil industry in this county amounts to nothing.

ACID PHOSPHATE AND COTTON SEED MEAL MIXED IS THE BEST, AND CHEAPEST ALL ROUND FERTILIZER THAT YOU CAN BUY WE HAVE PLENTY OF BOTH AT RIGHT PRICES. NACOGDOCHES OIL MILL. 1-6dw3

EGGS FOR SALE

Eggs for hatching from Extra Fancy Barred Rocks. Also seed potatoes of the Nancy Hall variety. C. S. Means, Nacogdoches, Rt. 1. 7-dwlp.

According to an estimate of the Bureau of Internal Revenue more than 4,000,000 individual income tax returns are expected to be filed this year.

Twenty thousand schools were closed in the United States during the last year because of the shortage of teachers.

Miss Sweeney and Miss Ids Wesels have gone to market. They will return Friday, February 12th. The store will be closed during their absence.

The finest iron in the world is obtained from the mines at Dannamora, Sweden.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions. All druggists. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

BASKETBALL GAME SUCCESSFUL FOR 'DOCHES

Friday afternoon on the Nacogdoches High School court, the teams of Nacogdoches and Lanesville met and proceeded to see who was master of the situation. In the first half, the Lanesville boys, doubled up on the home boys, and carried away a score of 19 to 8 in their favor; in the last half, the home boys renewed their efforts and brought their score up to 32, the same score as that of the Lanesville boys. This, of course, made a tie which had to be played off in a five-minute period. The Lanesville team left the court without playing this off, and, of course, the game was won by Nacogdoches. Those playing for Nacogdoches were Frank Shofner, Sherill Sullivan, Bernice Shofner, Vernon Olds and Jess Parmley.

Take a dose of Herbina when you are bilious or constipated, or your stomach is out of order. It is a marvel of promptness in correcting these conditions. Price 60c. Sold by Stripling, Haselwood & Co.

YOUNG PEOPLE ENTERTAINED

The reception rooms of the First Baptist church were filled with happy high school students and young people of the church on Friday night. Captains chose sides and the crowds were equally divided into teams. A spirited game of imaginative football was then played, using a lemon for a football. The game resulted in a victory for Lufkin. Numerous other games were played. The high school orchestra gave a number of good selections that were greatly enjoyed.

Refreshments of hot chocolate and block cake that had been prepared by several ladies of the church were served to seventy-five young people.

This is the first of a series of entertainments planned for the benefit and enjoyment of our young people.

KANTLEEK

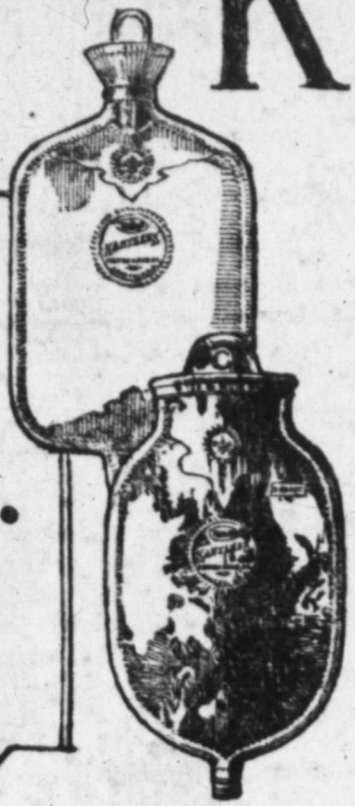

**It Can't Leak,
Because It's Made
in One Piece**

EVER been scalded by a leaking hot-water bottle? This can't happen with a Kantleek.

Kantleek Hot-Water Bags can't leak. They are "one-piece" water bags—moulded from pure soft rubber into a single piece—no joints or seams. Most hot-water bottles are made in sections and cemented. Cement cracks—bag leaks!

We guarantee a Kantleek for two years—or a new bag free.

Ask to see the Kantleek. You may need it tonight.

For the Liver and Bowels
When your liver and bowels become torpid get a bottle of Chamberlain's Tablets. They will tone up your liver and cause a gentle movement of the bowels. They also improve the digestion. Sold by Stripling, Haselwood & Co.

SEPARATISTS WIN

Pretoria, South Africa, Feb. 9.—General Smuts, prime minister of the Union of South Africa, was elected to the house assembly of the District of Pretoria in the elections here. The South African party under Smuts' leadership was victorious.

YOUNG FRIEND

If George Washington Could Rise From His Grave on His Birthday—The 22d of This Month

and see our cities at midnight lighted as bright as day, hear the whirl of the electric car, talk over the wireless telephone, send a message by wireless far out to sea, examine his own bones with an X-ray, view the sunny plains and canals of Mars through a telescope, take a flight from America to Europe in an airship, and return under the waters of the ocean in a submarine, get run over by an automobile going ninety miles an hour, see kings fleeing from their thrones—but what's the use of going back a hundred years? A system of bookkeeping and shorthand twenty-five years old is of but little use today.

As the steamship has crowded out the sail boat, as the typewriter the quill pen and pocket-errand ink, so have the famous systems of Byrne Bookkeeping, business training and shorthand taken the place of the old systems, and the Tyler Commercial College with its modern progressive-business methods has taken its place at the head of the American business training schools. The reason is plain, these systems cut in half the time and cost of becoming an expert accountant or stenographer; they teach business as well as bookkeeping; they make it possible for the student to graduate and begin earning while the student of the other system is less than half through his course; they give the student a more thorough practical working knowledge which means a higher salary and the college has kept abreast of the times and met the demands of the most exacting business office.

These practical, modern time-saving systems can be had in this section only in the Tyler Commercial College. You would not think of riding in a horse-drawn vehicle in preference to an automobile. Then why think of studying the old oxcart systems of accounting and stenography when you can get the Byrne systems which possess such wonderful advantages that they enabled the management of the Tyler Commercial College to build the largest business training college in America, with an annual enrollment of four thousand.

For free catalogue, fill in and mail to Tyler Commercial College, Tyler, Texas.

MERCHANT GIVES FACTS OF TROUBLE

St. Joseph Man is Able to Attend to Business Again, Feels Fine now.

"My health was so bad when I began taking Tanlac that I had to give up my business; I have gained twenty pounds and I am feeling so fine I have taken up my old business again," said George A. Fisher, 1001 Highland Avenue, St. Joseph, Mo., a wholesale and retail poultry dealer at 202 Edmond street.

"For the past three years stomach trouble and rheumatism have been pulling me down until finally I had to give up all work and was just barely able to get around. My digestion was terribly out of order and it looked like every bite I ate would sour in my stomach. I would bloat all up with sour gas and feel so tight across my chest I could hardly breathe. I had rheumatism all over my body and the pains were so severe, especially in my legs, it was all I could do to get around at all. Nervous spells came on me often and sometimes I would have awful headaches and dizzy spells. I lost considerable weight and made plans to go to a different climate before it was too late.

"It was just at this time that I got hold of Tanlac and now my recovery has been so complete and I have been built up so fine in every way that I feel just like I am starting all over in life again. I am eating whatever is set before me and I never have a sign of indigestion. All traces of rheumatism have left me and I never have an ache nor pain. My nerves are strong and steady and I am no longer bothered with headaches or dizzy spells."

Tanlac is sold in Nacogdoches by Stripling, Haselwood & Company and Swift Bros. & Smith and in Garrison by the Dale Drug Company and all leading druggists.

I have bought the Sam Jones blacksmith shop, near the refinery, and will be glad to do anything in my line for the public. Your patronage is solicited. Good work guaranteed. J. D. Fore. 10-2wp

Kidney disorders cause much distress of mind and body. Such ailments should not be neglected for they lead to diseases that are dangerous. Prickly Ash Bitters is a splendid tonic for men. It strengthens the kidneys and purifies the stomach and bowels. Price \$1.25 per bottle. Stripling, Haselwood & Co. Special Agents. pa

Traveling men stopping in the city declare that everywhere business is beginning to pick up, and that people are beginning to spend a normal amount of money. The average man can help himself by spending a few dollars. This will put money into circulation and make better times.

Ready-to-Wear

Our Ladies' Ready-to-Wear Department is just brim full of the new and fashionable things for spring. New SUITS, HATS and DRESSES in all the season's latest styles and color combinations.

It will be our pleasure to have you call and see this harvest of dainty apparel.

THOMAS & RICHARDSON

WHEN MEALS HIT BACK

"Pape's Diapepsin" instantly Ends Indigestion, Sourness, Stomach Acidity

Are lumps of undigested food causing you pain? Is your stomach acid, gassy, sour, or have you flatulence, heartburn? Then take Pape's Diapepsin. Just as soon as you eat a tablet or two of Pape's Diapepsin all that dyspepsia, indigestion and stomach distress caused by acidity ends. These pleasant, harmless tablets of Pape's Diapepsin never fail to make sick, upset stomachs feel fine at once, and they cost very little at drug stores, too.

GOIN' TO SAY SOMETHIN'

Eggs are still a good price and it will pay you to cultivate your hens. Reefer's "More Eggs" has proven a success in Nacogdoches and we have a fresh stock of it.

Nothing better for debilitated stock than Blackman's Medicated Salt Brick. We sell it.

Occasionally we come into possession of some staple articles at a nice price that we can undersell at. We recently bought a lot of quinine and can save you a lot of money on it.

We also have some of the L. Creole hair dressing at a big cut on the regular price. Our stock of shoes is badly broken up in sizes and we want to clean it out regardless of cost, and if we can fit you, or suit you in style, you can get a pair for less than wholesale cost.

There is no use trying to tell you of the many different articles which you can buy greatly to your advantage from us. Our stock is so varied that it would require a lot of space to mention everything, as we have over a thousand different things in stock.

Come and see. No matter what you want, we may have it, and if we have you can buy it from us cheap. C. W. Butt. 9-1dw.

T. G. PETERSON

Monday morning T. G. Peterson, age 61, a resident of this city for a number of years, passed away after a continued illness which had its beginning here a number of years ago.

Mr. Peterson had been a resident of Melrose for a long time, later moving to Nacogdoches, where he made a good citizen.

He is survived by several children. The funeral was held at Melrose Tuesday, Rev. S. D. Dollahite officiating.

A Good Medicine for the Grip

George W. Waitt, South Gardiner, Me., relates his experience with the grip "I had the worst cough, cold and grip and had taken a lot of trash of no account. Chamberlain's Cough Remedy is the only thing that has ever done me any good whatever. I have used one bottle of it and the cold and grip has left me." Sold by Stripling, Haselwood & Co. c

The Nacogdoches County Sheriff's Department declares that government officials say that Nacogdoches county is the least affected with illicit distilleries of any county in Texas. "There was some whiskey in the county a short time ago," one of the members of the sheriff's department said Monday, "but these distilleries have been abandoned, and Nacogdoches county is almost free of them."

Aching in the small of the back is an indication of kidney disease. The proper course in such cases is to begin at once the use of Prickly Ash Bitters. It is an effective kidney remedy and system regulator. Price \$1.25 per bottle. Stripling Haselwood & Company, Special Agents. pa

INTERSCHOLASTIC LEAGUE

The county meet to be held the first Saturday in March. Every teacher is urged to enroll your school at once and bring some contestants to Nacogdoches on that day and see them win.

All live, teachers realize the importance of this work and I'm sure will be there. Watch the calendar. See how short the time is. Go to work. Let's make it a great day for school boys and girls of Nacogdoches county.

Sincerely,
J. C. Schultz,
County Director General.

BOUGHT OUTPUT

The Wenger-Armstrong Lubricating Company has contracted for the entire output of the Carolina Oil Company's wells in this section and established headquarters in Dallas, from which place the product will be distributed to the trade. With the reputation of the Wenger-Armstrong Company behind it, and the well-known excellence of the oil to reinforce the marketing, there seems to be no reason why the Nacogdoches county product should not find a strong place among dealers and customers. Its quality is conceded to be among the best, even if it has an equal.

Mr. T. W. Ingram of Nacogdoches, among our most popular residents, has accepted a place as traveling for the Wenger-Armstrong people, and his connection with the concern is a good augury for his employers, who are fortunate in securing his services. The Sentinel wishes Mr. Ingram and his company the utmost success.

Don't neglect signals of distress in the kidneys. Backache, nervous disorders, pale complexion, dark rings about the eyes mean kidney trouble. Begin promptly taking Prickly Ash Bitters; it is a kidney remedy of the first class. Price \$1.25 per bottle. Stripling, Haselwood & Co., Special Agents. pa

The sheriff's department Saturday night took under its protecting wing three merry negroes, upon whom plenty of "corn" was found. The charges preferred against them were for the unlawful possession of liquors and for misdemeanors.

Effects of Constipation

Constipation causes a stoppage of the sewerage system of the body. The poisonous refuse matter that should be carried away from the body is retained in the system and often poisons the blood and causes numerous disorders. No one can afford to neglect their bowels. A dose of Chamberlain's Tablets will afford relief. Avoid drastic cathartics as they take too much water out of the system and their use is likely to be followed by constipation. Sold by Stripling, Haselwood & Co. c

We spend \$200,000,000 more for cigarettes than for the salaries of all the teachers in the United States.
