THE FEAST OF DEDICATION CELEBRATED

The Feast of Dedication, sometimes called the Feast of Lights, or Chanukah, in Hebrew, falls due this year on the evening of December 25th, and will be observed in some cheerful manner in all Jewish homes for a period of eight days.

Chanukah commemorates the eventful triumph of the Maccabees over the hosts of Syria. This historical occurrence happened as a result of the victories of the Maccabees in their warfare against Antiochus IV, called "Epiphanes," the mad man, in the year 165 B. C. E. The Syrian tyrant had resolved on imperialistic policies in which a unification of all his provinces and possessions in respect to language and religious observances was to be carried out. The religion selected as the established or state religion of his realm was Greek polytheism, with all its ceremonies, customs and immoral practices.

In promulgating this edict Antiochus IV did not reckon with the stern

morality of Palestine. The idolatrous rites were treated as abominations by the Jewish people who instantly opposed their enforcement.

MARSHAL FOCH SAILED WEDNESDAY FOR FRANCE

New York, Dec. 14.—Ernest Foch, hearing with him every honor that America could bestow on one of alien citizenship, bade farewell to cheering throngs here today and sailed for France. In his baggage were six great cases filled with gifts from the people of this continent.

MILITARY CALLED OUT

Pittsburg, Kan., Dec. 14.—Soldiers are coming again into the Kansas country. National troops were called out by Governor A. C. Tamm today handling the situation resulting from the rioting which occurred here. Riotous citizens were arrested in the city today. National troops were called out by Governor A. C. Tamm today handling the situation resulting from the rioting which occurred here. Riotous citizens were arrested in the city today.

TEN-HOUR DAY FOR RAILROAD LABORERS

Chicago, Dec. 14.—Slashing extra-pay provisions for the first two hours of overtime after the regular eight-hour day's work from rules governing railway maintenance of way employees, the United States railway labor board has established a 10-hour day as the regular hourly wage for common laborers in new rules announced last night to replace the national agreement made under government control. The principle of eight consecutive hours shall constitute a day's work is retained, however, and time and a half pay is granted after 10 hours work.

The new provision made possible a 10-hour day without penalizing the railroads, which were compelled under the federal agreement to pay time and a half after eight hours.

LYNCHED AT WACO

Dallas, Texas, Dec. 14.—Curley Hackney, who was lynched at Waco last night, is believed to have been the second white victim of a mob in Texas in recent years, and was the third man lynched in Texas this week.

The Crime

Waco, Texas, Dec. 14.—Curley Hackney, a white man, aged 28, arrested in connection with an attack upon an 8-year-old girl at 7 o'clock last night, was taken from the city jail at 10:30 o'clock and hanged three miles south of town. He had confessed, according to the police, to assaulting the girl. Hackney's home was in Atlanta, Ga.

Hackney was arrested at 8:30 o'clock and shortly after a mob began gathering in front of the jail. The man was rushed from the jail and placed in an automobile, taken to a lonely spot south of the city just below Oakwood cemetery. Almost 100 persons were present and the body was riddled with bullets after being swung from the tree.

Hackney, crippled in the right leg from a recent gunshot wound, presented an anxious front to the mob, but about him at the moment of the hanging. His last words before he was put in the air were "No use to argue with me, buddy. They said axes and I had traps. Only thing, trying making it out worse than it was."

AN EPOCH MAKING PACT WAS SIGNED TODAY

Washington, Dec. 14.—The new quadruple treaty to preserve peace in the Pacific was formally signed today by the plenipotentiaries of the United States, Great Britain, France and Japan. The signatures were affixed in the afternoon of the office of the secretary of state. There was no formal ceremony and no one was present except the plenipotentiaries and their secretaries and advisers. The American delegates, the first to sign under an alphabetical arrangement, put their names to the document and affixed the seals shortly after 11 o'clock. The approval of the United States was given, however, subject to a written understanding with the Japanese providing that the American-Japanese treaty regarding Yap shall be consummated before the four-power arrangement is binding. The American delegates began signing at 11:14. At 11:16 the British followed Balfour, signing twice, once for the British empire and once for the Union of South Africa, which had no delegate here. The French followed the British, and then the Japanese completed their formal approval of the treaty at 11:26. Except for the reservation, which is expected within a few days by the signature of the Yap treaty, the new Pacific agreement now requires only parliamentary ratification by the various governments to make it effective. The American official copy of the document goes to the White House for transmission by the president to the senate. The pact, it is believed today, will be forwarded to the senate soon.

America's Reservation

Washington, Dec. 13.—The American reservation attached to the four-power treaty, signed today, contained the provision that domestic questions of the various powers will not be considered as within the scope of the treaty. The reservation is in two parts, the first of which declares the treaty shall in no way be binding as regards the policy of the United States toward any power that is a part of the Pacific.

Will It Be Ratified?

Washington, Dec. 14.—Declaring the four-power treaty "all the ingredients of the League of Nations," and "the most virtuous thing that has happened since the world began," Senator La Follette today announced he was prepared to do all in his power to prevent its ratification.

Secrecy Surrounds Reply

Washington, Dec. 14.—Carefully shielded secrecy surrounds the Japanese reply to the naval ratio understood to have been presented to Haines and Balfour yesterday.

LIVESTOCK DUTY ASKED

Washington, Dec. 14.—A flat tariff duty of 20 percent ad valorem on livestock, cattle, hides and fresh prepared meat was asked today of the Senate Finance Committee by Colonel J. T. Taylor of San Antonio, speaking for the American Livestock Association.

BOARDING HOUSE HORROR

Detroit, Mich., Dec. 13.—One man and seven children were burned to death in a fire which destroyed a boarding house near Royal Oak, a suburb, early today. Three others, a woman and two children, were badly burned. A later dispatch fixes the death toll at nine, seven being children.

WOMEN ON WARPATH

Pittsburg, Kan., Dec. 13.—Militant women marchers in the Kansas coal fields went into action again before daylight today and stopped miners from working in three mines. The women were violent this morning. Several motor cars were wrecked in the melee and several persons injured.

ADJUSTED COMPENSATION

Indianapolis, Ind., Dec. 13.—Enactment of the veterans' adjusted compensation bill will be completed by congress within 90 days, according to information given National American Legion Commander McNider by Senator McCumber, author of the bill, it was announced today at headquarters.

IS IT GOLD?

Austin, Texas, Dec. 12.—The pure food and drug department of the Texas Board of Health has been asked to analyze a sample rock from Nacogdoches county to ascertain if there is gold in the rock. A citizen of that county recently sent a small sack of rocks to Governor Neff and requested that he have it analyzed.

A report on this rock may be of more than passing interest. While there are many who might scoff at the idea of such a thing as gold existing here in East Texas, yet there are some few who will tell you that it does. Five years ago, the "mineral editor" of this paper happened to be a member of a hunting party that struck camp in an extreme end of this county, and not being the seasoned hunters that others were, he was allowed to spend most of the time in camp, close to the commissary and as this was long before Mr. Volstead had been heard of outside his immediate community, people did not drink the brandy water in those times in such painful quantities as they do now. Learning around camp during several days, an acquaintance was formed with one of the old timers in that neighborhood, which was sparsely settled. He proved rather a congenial fellow, talked interestingly about many things, among them being the days of '49 when he joined the mad rush to the gold fields of California. In fact, our daily visitor seemed to be a more avid gold den treasure than any other subject, and finally after repeating what the "governor of North Carolina said to the governor of South Carolina" and acting on that impulse as often as he liked, he remarked confidentially that gold ore could be found right in that vicinity, or within a radius of just a few miles. He also emphasized the fact that but very few people understood how to look for it nor would they know it when they found it. The next day our friend brought with him to the camp a small bottle pretty well filled with virgin gold and he told us that it was the richest he had. He was old in years, but his eyes possibly crossed the great divide, but he said at the time, and some day "the field" would be developed that he had lived out his life in the gold fields and had no more to say on the subject, and that he was content with what he had.

The fellow who sent the sample from Nacogdoches to the state board of health may have secured the same very same locality where the old timer mentioned in this article was once shown, and if so, the report will be "gold," but there would still be the proposition to ascertain whether or not it exists in paying quantities. It is to be hoped that it does. The writer wishes he had a meal sack full of nuggets now with which to enter upon his Christmas shopping with the spirit and the understanding. —Earle News.

PESSIMISTIC OUTLOOK

New York, Dec. 13.—New York's industrial horizon assumed a more pessimistic outlook today. Three great strikes that would involve more than 100,000 men in the metropolitan area appeared against the background of three important labor disputes already in progress. Rumbblings of wage disputes came from three quarters—coal miners, railroad maintenance and the building trades. The railroad men stated their position in regard to the proposed cuts by unanimously voting a demand for immediate increases of 17 percent.

CONGRESS ADJOURNS IN RESPECT FOR DEAD

Washington, Dec. 9.—Congressional business was suspended yesterday out of respect to Representative Henry D. Flood of Virginia, chairman of the democratic congressional committee, whose death, caused by heart trouble, occurred shortly before noon.

The house immediately after going into session adjourned until today, after adopting resolutions of regret. Later the senate adjourned till Monday out of respect to the dead representative, who as chairman of the house foreign affairs committee in 1917 introduced the resolutions declaring that a state of war existed between the United States and the imperial governments of Germany and Austria-Hungary.

Mr. Flood had been in ill health for several weeks. As chairman of the state democratic committee he took an active part in the recent gubernatorial campaign in Virginia, but since the election has been unable to attend sessions of congress. He died at his Washington home. He was serving his seventh term in congress. His home was in Appomattox, where the burial will be after funeral services here Monday.

VICTORY MEDAL CAN STILL BE AWARDED

No further awards can be made of the Congressional Medal of Honor, the Distinguished Service Cross, nor the Distinguished Service Medal for meritorious acts performed during the world war. The act of Congress approved July 9, 1918, authorizing the President to make these awards, prescribed in effect that these awards must be made within three years from the date of the performance of the act justifying the award. The three-year time limit expired on November 11th, the third anniversary of the signing of the Armistice.

The only exception to the three-year limitation in the act was in the case of individuals in the army at the time of the passage of the act who had previously been recommended for the award of the medal whose names had not been included in the list of names of those recommended for the award of the medal at the time of the passage of the act. These names are still open.

The Victory Medal can still be awarded to those who were in the service during the world war. Its award is governed by the provisions of the act which authorized its establishment.

NOBLE PEACE PRIZE

Oslo, Norway, Dec. 10.—The Nobel peace prize for 1921, it was formally announced today, was divided equally between Hjalmar Branting, premier of Sweden, and Christian L. Lange of Norway, secretary of the Interparliamentary Union.

FACE VS. HOUSE PAINT

St. Louis, Mo., Dec. 10.—Expenditures for cosmetics almost equalled the amount spent for house paint in St. Louis this year, according to estimates. A local wholesale drug company stated the annual bill for face paint, powder, etc., approximated \$3,000,000 and the bill for paints and varnishes totalled about \$5,000,000.

FOUR-POWER PACT IS "REAR DOOR" ENTRANCE

Washington, Dec. 12.—The four-power treaty was criticized in a statement today by Senator Robinson of Arkansas, who said the pact would take the United States into the League of Nations through a "rear door."

MAIL POUCH RIFLED

Waco, Texas, Dec. 13.—A mail pouch containing a quantity of mail, most of it directed to Waco parties, was rifled at Acquia last night. The pouch was found cut open, the letters gone and contents scattered on the floor.

MORSE IS ARRAIGNED

Washington, Dec. 13.—Charles W. Morse was arraigned today in federal court on a warrant charging conspiracy to defraud the United States.

Colds & Headache

"For years we have used Black-Draught in our family, and I have never found any medicine that could take its place," writes Mr. H. A. Stacy, of Bradyville, Tenn. Mr. Stacy, who is a Rutherford County farmer, recommends Black-Draught as a medicine that should be kept in every household for use in the prompt treatment of many little ills to prevent them from developing into serious troubles.

THEDFORD'S BLACK-DRAUGHT

"It touches the liver and does the work," Mr. Stacy declared. "It is one of the best medicines I ever saw for a cold and headache. I don't know what we would do in our family if it wasn't for Black-Draught. It has saved us many dollars. . . I don't see how any family can hardly go without it. I know it is a reliable and splendid medicine to keep in the house. I recommend Black-Draught highly and am never without it."

WOMEN'S CLUB MEMBERS HEAR POEMS OF MRS BAKER

The reading of several of her most popular poems by Mrs. Karle Wilson Baker, of Nacogdoches, Texas, was heard by many members of the Women's Department Club and their guests in the city hall auditorium yesterday morning. Following the program, Mrs. Baker met the members of the club informally.

A number of poems were read from Mrs. Baker's published volume, "Blue Smoke."—Shreveport Times, 10th.

CONFERENCE PROGRESS

Washington, Dec. 12.—The beginning of the second month of the arms conference finds it so far advanced toward the achievement of its objectives that in practically every visiting delegation the discussion of home-ward reservations has become a matter of immediate importance.

Britons Comment Favorably

London, Dec. 12.—Ratification of the four-power treaty is believed to be assured when submitted to the United States senate is the view of the newspapers here. Today's journals, which have been commenting favorably on the proposed treaty, greeted its terms with enthusiasm and based their forecast on the fact that it was Lodge who presented the pact at Saturday's plenary session of the conference on limitation of armaments.

Sail December 31.

Washington, Dec. 12.—All the British with the exception of Sir Auckland Geddes, ambassador here, are arranging to sail for home December 31 on the steamer Olympis, feeling that the main issues of the conference will have been disposed of by that time. Submarines promise to present the conference with the next big issue. On all the other major subjects the delegates professed today to see the prospect of an early solution, but the question as to whether the submarine will be included in quantity in the fleets of the future is developing widely divergent opinions. The problems of naval ratio, fortifications, the Pacific and a naval holiday, while still open questions, are regarded as more or less bound together and their settlement is said to have been facilitated by the four-power agreement.

THIN, FLAT HAIR GROWS LONG, THICK AND ABUNDANT

"Danderine" costs only 35 cents a bottle. One application ends all dandruff, stops itching and falling hair and in a few moments you have doubled the beauty of your hair. It will appear a mass, so soft, lustrous and easy to do up. But what will please you most will be after a few weeks use when you see new hair—fine and downy at first—yes—but really new hair growing all over your scalp. "Danderine" is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic helps thin, lifeless, faded hair to grow long, thick, heavy and luxuriant.

IT WAS A GREAT DAY FOR LOCAL FISHING CLUB

The Shawnee Fishing and Hunting Club was host yesterday to its members and a number of invited guests. Arthur Seale, president of the club, conceived the idea of the club giving a fish, squirrel and bird dinner. He arranged with Jesse and Albert Walker, the two noted colored Isaak Waltons of local fame, to procure the fish, and taking his own trusty fowling piece along, together with a few congenial nimrods, among them Warren Ambrose, Albert Brewer, Edgar Thomas, Dr. Ellington, Luther Swift, Henry Millard, Henry Mast, Fred Fezell, L. H. Thrash and Lake Orton. The party left early yesterday morning for the Shawnee country, bent on bagging the legal limit. By noon the club house was reached and it was found that Jess and Albert had caught 35 white perch and when the hunters had all emptied their pouches a total of 31 quail was added to the 35 white perch. Jess and Albert soon had the big cook stove in the kitchen going, and with a little help from Arthur Seale and Fred Fezell, dinner was prepared and served to the hungry hunters.

Just as dinner was about ready a terrific noise was heard coming up the trail to the club house. On rushing out to see what the commotion was about it was discovered that Tom Summers, R. F. Davis, W. S. Davis and H. L. McKnight had apparently scented the frying fish and the baking birds, and at the last minute had jumped aboard Tom's new Lizzie, and had covered the distance from the city to Shawnee, 11 miles, in a little more than 11 minutes.

The first question asked when the belated party reached the club house was, "Say! fellows, is dinner ready?" It was such a dinner! Bob Davis acted as toastmaster. Others acted as if they hadn't had a good feed in months. "Jess" retold the story of how "Albert" got lost in the puzzle woods on the Angelina late one afternoon and when night overtook him, and the owls began to cry "Who! Who! Who-ah." Albert answered, "It's me! Jess old Albert Walker, a good night. Ask Mr. Jim Ray and all dem white folks up at town 'bout me."

Albert then told about Jess mistaking the alligator for a big cat fish, and how the gator knocked Jess in the river.

The joyfully party returned to town at 3 p. m., and each one declared that he had never before had such a wonderful feed.

Mr. H. J. Pearce of Memphis, Tenn., was the guest of the club and in a brief talk expressed his pleasure at being present. Members of the club who were unable to attend were Jack Atkins, Robert Lindsey, Moss Adams, M. V. Wynne and Dave Washburn.

BANK BANDIT KILLED IN OKLAHOMA HOLDUP

Miami, Okla., Dec. 12.—One alleged bandit was killed and another is reported dying, following a gun battle between county authorities and bandits who attempted to rob the State Bank at Cardin, eight miles north of Miami, Saturday night.

The man killed was said by officers to be Claude ("Humpey") Butler and John Dunham is in the hospital suffering from three gunshot wounds. A third member of the gang was still at liberty, but was also said to have been wounded in the fight. He made his escape through the front door of the bank.

The attempted robbery and gun fight took place about 7 p. m.

PRISON GUARDS TERRORIZED BY CONDEMNED MURDERER

Little Rock, Ark., Dec. 9.—Tom Slaughter, notorious bandit under sentence of death for the killing of a "trustee" guard at the state prison farm at Tucker, escaped from the penitentiary here at 2:30 o'clock this morning, taking six other convicts with him. For five hours prior to his escape Slaughter ruled the penitentiary walls like a czar and offered liberty to all convicts who wanted it. Five of the men who fled with Slaughter were negroes, four of whom are under death sentence. Six Phillips county negroes under death sentence for participating in a race riot in 1919 refused to escape. Some one smuggled a revolver to Slaughter in the death cell. Thus armed, he outwitted the "trustee" guards assigned to watch him and took complete charge of the prison.

In Battle With Officer

Little Rock, Ark., Dec. 9.—Warden Dempsey, Mrs. Dempsey and their son and two daughters were locked in the death cell by the bandit and Slaughter escaped in an automobile belonging to Mrs. Dempsey, which was standing in the prison yard. Later this morning Slaughter passed through Benton, about 25 miles south of Little Rock, and engaged in a gun battle with the city marshal, who had been notified of the escape and was on the lookout. Four armed posse, one from the penitentiary, two from Hot Springs and one from Benton, and sheriffs of all parts of the state are scouring this section for the convicts. After the escape it was learned that Slaughter, feigning illness, succeeded in getting the guard to open the door of the cell about 9:30 last night. With a smuggled revolver he held up this guard and another guard, took their pistols and forced them to go ahead to the stockade, where their presence admitted them and permitted him to overpower the guard on duty there. Slaughter then opened the cells and offered all prisoners their liberty.

Fugitives Going South

Pine Bluff, Ark., Dec. 9.—According to messages to local officers from Chief of Police Sullivan of Hot Springs, the automobile containing Tom Slaughter and companions passing through Benton at 4:30 this morning.

TOM SLAUGHTER, BANDIT, KILLED BY COMPANION

Little Rock, Ark., Dec. 10.—Tom Slaughter, the desperado, came to an end of a long career of crime last night in the fastness of the Saline county hills. He was shot from behind by one of the white men whom he led to liberty from the state penitentiary here yesterday morning.

The report of Slaughter's death was confirmed late last night by Sheriff J. J. Crow of Saline county, leader of one of the posses on the killer's trail. Not only is Slaughter dead, but one of the five negroes who fled the prison with him in the spectacular escape yesterday morning is dying in the hills beside the bandit's body, while the white companion who shot him down from behind and the three other negroes are in custody.

The man who killed Slaughter is serving a three-year term for forgery. The scene of the shooting is 14 miles northwest of Benton in the deep woods Howard, according to the statement he made last night, had been waiting to turn upon Slaughter.

"I left with him with the intention of killing him the first chance I got," he is quoted as saying.

Slaughter was shot twice through the head and once through the body. The negro, who is dying, received his wound early yesterday morning at Benton, an hour after the flight from the Little Rock penitentiary, during the fight between four officers and the fleeing bandits.

Was Born in Dallas

Dallas, Texas, Dec. 10.—Tom Slaughter, notorious bandit, who was killed last night by one of his partners in his spectacular escape from the Arkansas state prison yesterday, was born in Dallas 27 years ago.

He has a crime record that dates back to his early youth and covers activities in several states and many cities. His operations were first brought to the attention of the authorities here when he perpetuated a series of automobile thefts several years ago. His operations extended throughout North Texas and Oklahoma.

HELD IN HEAVY BOND FOR AUTO COLLISION

Dallas, Texas, Dec. 10.—Jesse Hassell, part owner of the Dallas Baseball Club, was placed under \$600 city and \$1,500 county bonds here today as the result of an automobile collision last night. Hassell was arrested after his car had collided with another, whose four occupants were injured.

FILM FIRMS IN DALLAS SUSTAIN ENORMOUS LOSS

Dallas, Texas, Dec. 12.—Four persons slightly injured, \$2,000,000 property damage and the cessation of light and street car service until after midnight resulted from a fire starting shortly after 9 o'clock Saturday night which swept five film exchanges, an auto supply house and a drug store on the south side of Commerce street, east of St. Paul street.

An examination of the ruins after the flames had been controlled convinced police there had been no fatalities in connection with the fire, though earlier reports stated three men were missing.

The concerns affected and the heaviest losers are: Western Auto Supply Company, Consolidated Film and Supply Company, the United Artists, the F. B. Warren Film Company, Criterion Film Service, Skillern and Son Drug Store and Southern Enterprise Distributing Corporation.

It is declared that it was in the film room of this latter concern that the explosion with which the fire started took place, although this has not been absolutely determined. The Peacock Distributing Company and the Criterion company occupied a building on the south side of the street in the extreme western limit of the area swept by the fire.

Motion picture films exploding from an unknown cause are believed to have started the fire.

The Y. M. C. A. dormitory, housing hundreds of young men, was several times threatened, but was not seriously damaged.

The explosion among the highly inflammable films sent a sheet of lurid flame across the 50-foot street into a big automobile supply house. This latter concern, with the building it occupied, is a total loss. Three film houses—two in addition to that in which the explosion occurred, suffered practically total losses.

TENANT FAILS TO PAY, LANDLORD IS DESTITUTE

Kalamazoo, Mich., Dec. 10.—An unusual variety of the tenant-and-landlord story revealed here when the chief of police was informed that Nicholas Vanderkolk, an aged property owner, was suffering from hunger and cold in a shack, the result of failure of tenants to pay their rent.

ILLINOIS MILLIONAIRE GETS PEN VERDICT

Wheaton, Ill., Dec. 12.—A verdict of guilty was returned by a jury here Saturday in the case of Jacob Klein, millionaire deputy sheriff, on trial for the murder of Leo Neumann, a Chicago motorist, who was shot and killed while riding in an automobile on a country road.

Neumann had been in an automobile the driver of which had refused to obey Klein's command to "halt." Neumann was shot and killed.

The jury recommended mercy. Punishment was fixed at 14 years in prison.

Klein, who is 61 years old, broke down and wept when the verdict was read. He is reputed to be worth \$1,000,000. He was a farmer, banker and cattleman.

MUST HAVE LICENSE

New York, Dec. 12.—Dr. Adolph Lorenz, famous Austrian surgeon, received notice Saturday from State of New York to cease his surgical operations until he had obtained a license from the state.

Lorenz announced that he would forward application at once and that he would perform no more operations until he had complied with the law requiring such a license.

C. W. Beck of Nacogdoches was a business visitor here Tuesday.—Alto Herald, 8th.

CHAMBER OF COMMERCE TO ENTERTAIN OUR GUESTS

There was a meeting of the Nacogdoches Chamber of Commerce Friday afternoon to arrange for the reception of Governor Neff, Secretary Walthall and the members of the building committee of the board of regents of the Stephen F. Austin Normal, who will arrive next Friday and Saturday for a banquet to be given by the chamber Saturday night.

In addition to these, Secretary McKnight was authorized to invite others to be our guests on that occasion, and invitations have so far been sent to representatives of the Dallas News, the Houston Chronicle and the Beaumont Enterprise, to Senators Cousins of Hemphill and Fairchild of Angelina of Lufkin, Judge J. I. Perkins of Rusk, Mr. Laird of Angelina county and Mr. John C. Rogers of Shelby county.

Mr. Robert Lindsey was appointed chairman of the banquet committee, with authority to appoint two other members if he so desired. He had not named his assistants when last seen.

The chief item of the menu at the banquet will be quail on toast, and the following hunters have signified their agreement to furnish the number of birds set against their names.

Henry Mast 10, W. D. Ambrose 10, Fred Fezell 15, Arthur Seale 15, Edgar Thomason 15, Tom Summers 10, Albert Brewer 10, Luther Swift 15, Henry Millard 10, Dr. Ellington 10, Lake Orton 10, L. A. Thrash 10, A. D. Parnell 10, Worth White 15, Mert Blackburn 15, Oscar Stewart 15, Jim Pike 10 and J. R. McKinney 10.

Manager W. D. Ambrose of the Southern Ice & Utilities Company has generously agreed to keep the birds in cold storage at the ice plant, when delivered to him, until needed for the feast.

The board of directors of the Chamber of Commerce, together with the members of the Nacogdoches bar, will act as a reception committee to meet Governor Neff and party at the 2:05 E. & W. train Saturday afternoon and escort them to the Elks' club rooms, which has been kindly tendered for that purpose, where a public reception will be held from 2:30 to 4:30. This committee will be increased to include a number of the farmers of the county, and it is hoped they will act, as it will afford them an opportunity to talk with the governor upon any subject in which they may feel an interest.

POPOCATEPETL IN ERUPTION

Mexico City, Dec. 12.—Popocatepetl the great volcano southwest of this city, burst into violent eruption yesterday. A column of smoke and ashes was thrown 2,500 feet above the summit.

YAP QUESTION SETTLED

Washington, Dec. 12.—The controversy between the United States and Japan over the Island of Yap has been settled, the terms to be announced later today, Secretary Hughes told the Far Eastern committee.

TOTAL COTTON YIELD

Washington, Dec. 12.—The cotton crop this year will amount to 3,989,403,000 pounds, equivalent to 8,340,000 bales, the Department of Agriculture announced today.

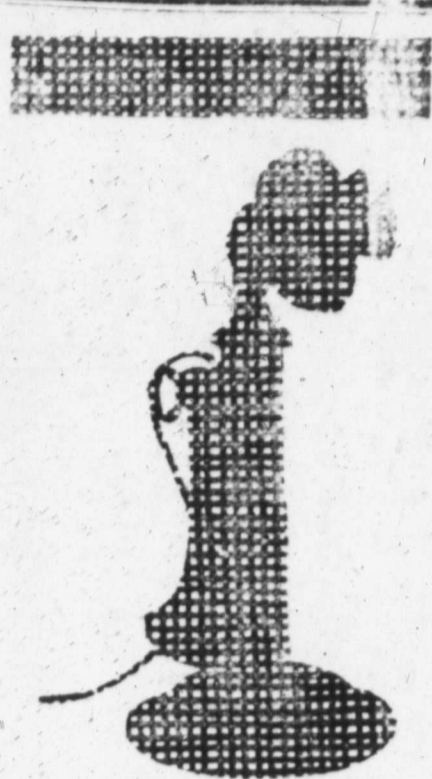

The approach to the Attoyac bridge on the Garrison road is reported in a very dangerous condition, and even the most careful motorist has trouble in negotiating that particular piece of highway. Three cars were stalled in the mud there Wednesday and it required hard work and strong teams to extricate them; the cars could not pull out by their own power or with the aid of other cars, which were unable to get a wheel grip in the muddy clay composing the roadbed, and the steep pitch of the road constantly threatened an upsetting of vehicles. The attention of the proper authorities is called to this fault in the highway.

Are You Ailing?

A Suggestion Worth While

Jackson, Miss.—"My trouble was feminine weakness. I suffered misery at times and was weak most all of the time. I was reading in a newspaper about Doctor Pierce's Favorite Prescription and I saw that I could order one of Dr. Pierce's books, the "Common Sense Medical Adviser," from him, so I did, and I found my complaint was woman's trouble. I started on the Favorite Prescription and am glad to say it did me all the good in the world. I had three doctors; they all said that I had to be operated upon, but after using the Favorite Prescription I began to feel better. I have now taken three bottles and feel fine. Am glad to recommend Dr. Pierce's medicine to all my friends."—Mrs. Pearl Holt, 934 Deer Park St.

Call Us Up

There are three things—and only three—that wear out batteries. (1) Miles of service—(2) Months of service—(3) Neglect and abuse.

The way to get the most months or the most miles—for both—is, of course, to get the right battery and then take care of it.

We'll sell you the right one—the Willard Threaded Rubber Battery—and more than that, we'll help you look after it.

LIKE TOM SLAUGHTER, CHICAGO PRISONER GOES

Chicago, Dec. 12.—Tommy O'Connor, condemned, held up the Cook county jail yesterday and escaped. He emulated Tom Slaughter, the Arkansas bandit, who last Thursday escaped after holding up the Little Rock state penitentiary where he was awaiting execution for murder.

O'Connor took three other desperate criminals with him. Five thousand Chicago police and scores of sheriffs and deputies throughout Illinois were engaged in a spectacular man hunt today.

Chief of Police Fitzmorris warned his men not to try to take O'Connor alive.

"Shoot on sight and shoot to kill," was the order he gave. "I want him brought in dead, not alive. I will suspend any man who tries to take him alive."

BANDIT'S BURIED TREASURE

Pine Bluff, Ark., Dec. 12.—Buried somewhere in an automobile tire in Northern Texas is \$200,500 worth of securities, Tom Slaughter's share of the loot obtained by his band in numerous bank robberies, according to A. W. Mills, local agent of an insurance company. Mills said he had an appointment to meet Slaughter at the penitentiary tomorrow and that at that time the bandit was to have told him of the hiding place of the money, so that it could be returned to the banks before Slaughter went to the electric chair.

T. I. A. A. RECEIVES FOUR NEW MEMBERS

Fort Worth, Texas, Dec. 9.—Four Texas normal school were admitted to the Texas Intercollegiate Athletic Association at the latter's closing session in Dallas last night. These normals are the West Texas at Canyon, East Texas at Commerce, North Texas at Denton and Southwestern at San Marcos. The athletic teams will appear in all T. I. A. A. schedules.

WE SECOND THE MOTION

E. J. Conn visited Sacul, in Nacogdoches county, yesterday, and returned over the Lufkin-Doches highway, which he says is being put to the test by motorists of the two towns mentioned, as there was an endless stream of cars on the road practically all day going in opposite directions. Mr. Conn says when he entered Nacogdoches coming this way he passed down North street in that town and met many Lufkin cars, people from this city who had motored over to swing corners with our neighbors. When he reached Lufkin he noticed several Nacogdoches automobiles negotiating our paved streets. Thus, among the many good things being accomplished by the perfecting of this road, the people of one town are becoming more and better acquainted with the environs of the other. All of this is well.—Lufkin News.

LET'S GET BUSY NOW

Do your buying and your paying now—and do it in Nacogdoches. When you pay a debt here you will see some of the money again in some form; when you make purchases here you will see some of the money again some time. When you pay a debt or make a purchase you add movement to the city's life blood and you help yourself.

As money circulation increases, business is more brisk, employment increases. Let's get busy and make Nacogdoches hum with business from now on. Do your share; don't worry about the man next to you. Maybe he is waiting to see what you will do.

Father knows what is meant by dear Santa Claus.

MOVIES' INFLUENCE

The "big men" of the motion picture business fear the establishment of a federal censorship of the films and plan to forestall it by organizing a commission of their own, with a man of national reputation at the head, to supervise their productions. This indicates that the big motion picture interests are on the defensive. The public has come to realize the tremendous influence exercised by the pictures and demanding that it shall be used only for good. Base men and women and base actions are not to be held up for approval.

Of the power of the movies to inflame immature or ill-balanced minds there can be no question. Young persons, observing the questionable conduct in the heroes and heroines of the photoplays, are tempted to transgress the bounds of morality themselves. Boys are incited to crime by seeing it portrayed alluringly in the pictures.

Even persons of mature intellect are unconsciously influenced in their conduct by what they see in the films. This is amusingly set forth in a sketch printed in a New York news paper. A woman, the wife of a professor of psychology, remarks the unusually courtly demeanor of her husband toward her after they have seen a photoplay. He behaves for all the world, she says, just like the hero in the picture. The sketch is a piece of fiction, but it is founded on fact. The psychologist, ruminating on her remark, concludes she is right. "The movies," he says, "are making posers of half the world." They have got into our blood, and make us super-sensitive of our appearance, our dress, our gestures—but above all is the fact that we on this planet are only playing roles in the drama called life." He doubts whether this introspection which the movies promote is a good tendency.

Of one thing we may be sure—that the art which is able so powerfully to affect the manners and morals of mankind must be subjected to some sort of control if the welfare of the public is to be safeguarded. If the movie men will voluntarily adopt measures to keep the films clean, so much the better; if they take no action of their own initiative, they must be coerced.

CALOMEL USERS TAKE AWFUL RISK

Very Next Dose of Treacherous Drug may Start Terrible Salivation. The next dose of Calomel you take may salivate you. It may shock your liver or start bone necrosis. Calomel is dangerous. It is mercury, quicksilver. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't straighten you right up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It can not be trusted any more than a leopard or a wild cat. Take Dodson's Liver Tone which straightens you right up and makes you feel fine. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.

PAVING PETITION

Nacogdoches, Texas, Oct. 22, 1921 TO THE HON. CITY COUNCIL OF THE CITY OF NACOGDOCHES: Gentlemen—We, the undersigned property owners and qualified voters of the City of Nacogdoches, hereby petition your honorable body to order an election at an early date for the purpose of authorizing a bond issue of sufficient amount to enable the city to proceed with the street paving program outlined in your recently published statement.

We believe the city can make no better investment than an investment in paving. We are in hearty sympathy with your proposed plan of street improvement.

We make this request because we believe that paving increases the value of property to an amount more than the cost of the paving.

THE RODEO

Did you ever see a real rodeo? There will be on at Rusk Saturday, the 17th, and there will be lots of fun and some astonishing stunts in horsemanship and roping, wrestling and various athletic features. Prizes will be awarded for superiority in broncho busting, mounted potato picking, bull riding, bulldogging, mounting and dismounting, and many other contests which will inevitably "live, things up." Be sure to see it. You may never have an opportunity to witness another.

ASSOCIATION OF TEXAS PIONEERS
To Be Organized in Every County in Texas

The charter recently granted by the State of Texas to the State Association of Texas Pioneers, authorizes the organization of subsidiary societies throughout the state, one society to each county, and the work of organization is now being pushed, in order that as many county societies as possible may be thoroughly organized and in good working order before the close of the present year, as the fiscal year of the component societies is from January 1 to December 31st, according to the by-laws of the State Organization.

The Association has no capital stock; its purpose is to keep alive Texas history, perpetuate Texas traditions, and to cultivate friendly relations between the pioneers of Texas and their descendants, and also to establish and maintain historical landmarks, memorial halls, museums, institutions and hospitals.

All persons in good standing, who have lived in Texas prior to the year 1880, and their descendants, are eligible to membership. The unit of organization will be in the county societies, and membership in a county society will carry with it membership in the state society. Each county society will be chartered by the state Association and but one such county society will be granted a charter. Each county society will adopt its own constitution and by laws, provided they do not conflict with the state organization. Representatives from county societies who are accredited by the state association will have a voice in the management of the affairs of the State Association and the election of officers. Each county society will have the privilege of fixing the annual dues of its members, but such shall not exceed the annual dues of the State Association. The county society will collect the annual dues of its members for both State and county societies; the annual dues of the State Association will be small, probably not exceeding one dollar a year. The money collected from dues will be used to defray expenses and for such other purposes as may be determined by the officers of the Association. The annual meeting of the state association takes place in San Antonio during the month of April, the 18th day of that month having been set aside by the Battle of Flowers Association as Pioneer Day.

The State Association was organized in San Antonio in April, 1919, and now boasts of a membership of about 1,000 pioneers; these are from various counties in the state, as up to this time there have been no county societies in existence, therefore, any county societies which are organized during the present fiscal year of the State Association, that is, previous to April 15, 1922, will accept all members from the State Association in such county, whose dues have been paid for the fiscal year 1921-22, without any additional dues to the county society.

It is estimated that there are over seven hundred thousand pioneers and descendants of pioneers in Texas who are eligible to membership in this Association, and the high purposes of the organization should appeal to all who have the best interests of the state at heart and who wish to preserve and cultivate the dauntless courage and patriotism which characterized the founders of this, the most prominent of all the States in the Union, from an historical standpoint.

Former Governor Joseph D. Sayers who has been Honorary President of the State Association of Texas Pioneers since its organization, in discussing the organization of state and county bodies, declared that his whole heart was in the movement, and that it held much for Texas' good. "It will bring the pioneers and descendants into closer relationship and preserve traditions of the state that will otherwise be lost," he said.

The late Chief Justice W. L. Davidson, who was also one of the Association's most prominent charter members, said: "Texas is rich in history and in historic buildings. Let us preserve them. I feel certain every true Texan will aid in this movement."

Judge W. S. Fly, another charter member, and a member of the executive committee, said of the movement: "Young and old, alike, love Texas. We need the young folks. The descendants of pioneers must do much of the work in the organization, for they have the vim. It is the grandest move for Texas that has been started in many a day."

Dr. Frank Paschal, of San Antonio, president of the State Association, is preparing to get in touch with prominent pioneers in each county of the state, with a view of perfecting subsidiary organizations in the immediate future. The county organizers will be furnished with a printed copy

of the constitution and by-laws of the state association, together with a letter of instruction regarding the process of organization. Many leading pioneer citizens throughout the state have already expressed a desire to take hold of the movement enthusiastically, and it is believed that a number of interesting and helpful branches of the parent organization will soon be formed.

Plans for the entertainment of branch societies during Fiesta week, in San Antonio, next spring, are already under way and the association anticipates the most interesting and successful annual meeting in its history, at that time.

PACKINGHOUSE STRIKERS FIGHTING THE POLICE

Chicago, Dec. 8.—Fifteen hundred policemen were sent to the stockyards early this morning when, long before daylight, several groups of persons, including a few women, gathered about the yards where, only a few hours before, 200 policemen fired into thousands of strike sympathizers who attacked plant employees and finally the policemen. Last night's toll of casualties included one dead, nine seriously injured and an uncounted number hurt when mounted police charged the crowd with drawn clubs. All saloons in the packinghouse district were closed today by order of the chief of police. "The women are more difficult to handle than men," the chief said today. "They carry red pepper and throw it in the policemen's eyes."

DISEASE RAVISHES RUSSIA

Moscow, Dec. 8.—Hospitals here have provided 3,000 new beds to accommodate typhus patients. Deaths are reported increasing in the famine districts, due to food shortage. Advice from Astrakhan state that typhus, smallpox, cholera and black death have appeared there.

ERRATIC WEDDING PANTS

St. Louis, Dec. 8.—Because the trousers of his wedding suit were alternately too long, too short and then too long again, making his appearance ridiculous and causing the postponement of the ceremony, John Crim filed suit in circuit court here today to recover \$130 from his tailor. This sum, Crim says, includes the rent he paid in advance on a flat and the fee for a lawyer.

\$160,000.00 CHRISTMAS GIFT FOR CHILDREN

The Methodist people of Texas are planning to raise \$160,000.00 in their church during the Christmas time for their children's home at Waco. This institution now has two hundred and fifty-nine children in it and the present property value is in round numbers \$300,000.00, but it is hoped that the capacity of the institution can be increased within the next five years to accommodate not less than six hundred children. The present campaign is the first definite step toward accomplishing this end.

The greatest Christmas gift that anyone makes is the one that is made for manhood and womanhood and where any man or woman invests in child life or makes a Christmas offering for the purpose of increasing the opportunity of the helpless child, he or she has made the greatest Christmas gift that can be made.

There are hundreds of children in Texas today who are without a home and possibly without clothing, very little to eat and are suffering from the lack of the proper influence and environment, and the Methodists of Texas, together with the other great denominations are striving to do their part in the betterment of future humanity by offering a home to such children, where their environment shall be the best and their physical needs be carefully looked after.

Make a sure-enough Christmas gift, and if you are a Methodist be loyal to your Church is good advice.

"Inasmuch as ye have done it unto one of the least of these, ye have done it unto Me."

WANT PROMPT ACTION

Washington, Dec. 8.—Prompt action on the tariff bill was asked today by spokesmen for cotton goods manufacturers appearing before the senate finance committee. Present uncertainties are said to be preventing the active operation of old enterprises or the stimulating of new ones.

FISHERMEN HELD

Washington, Dec. 9.—Advices to the State Department from American Consul Burdett of Ensenada, Mexico, said all the members of the crew of the American fishing boat Mable, which was seized by a Mexican patrol several days ago are being held by the Mexican authorities.

SUB CREW RESCUED FROM PERILOUS POSITION

Bridgeport, Conn., Dec. 8.—Lake Submarine, S 48 sank off this harbor last night and was submerged for 12 hours before her crew, by lightening the ballast tanks, raised one end of the craft to the surface and escaped through torpedo tubes this morning. The submarine was making a nose dive when the accident occurred, according to the members of the crew. The crew were picked up by a tanker and the men taken to the hospital at the navy yard in New York for observation. Many of them were overcome by chlorine gas.

Ten Hours of Suspense

New York, Dec. 8.—Fifty-one members of the crew of the submarine S-48, who escaped through torpedo tubes after the craft had made a nose dive off Bridgeport yesterday and stuck on the bottom, told a remarkable story of rescue upon their arrival at the New York Navy Yard. According to a report to the commandant, they lightened the end of the submarine until it appeared above water and then sat perched upon the pinnacle for more than 10 hours after darkness had fallen. By lighting mattresses they attracted the attention of a passing tanker which brought them here.

MASONIC GRAND LODGE

Waco, Texas, Dec. 8.—The Masonic Grand Lodge of Texas completed the election of officers last night with the following result: Grand master, D. F. Johnson, Brownwood; Deputy grand master, Mike H. Thomas, Dallas; grand senior warden, Gus A. Brandt, Houston; grand junior warden, G. Wynn Williams, Deatur; grand treasurer, H. C. Talbot, Houston; grand secretary, W. B. Pearson, Waco; member committee on work, W. S. Tate, Hamilton; member board directors Masonic Home, Andrew L. Randell, Dallas. Installation followed the business session today.

Recognize Mexican Grand Lodge

Waco, Texas, Dec. 8.—The Masonic grand lodge of Texas today extended recognition of the Grand Lodge Valle de Mexico. For ten years the Texas lodge withheld recognition of the Mexican lodge.

HANDS OFF CHINA

Washington, Dec. 8.—The powers representing the Far East in committee today adopted a resolution agreeing not to enter into treaties or understandings among themselves that would impair the four Root resolutions concerning China.

PACKERS GET INJUNCTION

Chicago, Dec. 8.—A temporary injunction prohibiting members of the Amalgamated Meat Cutters' and Butcher Workers' Union from picketing or otherwise molesting workers at the stockyards was granted by the superior court today. The petition was filed by 26 packers.

PROF. DOW RESIGNS

Waco, Texas, Dec. 9.—Announcement was made here today that Prof. Grove Samuel Dow, head of the Department of Sociology in Baylor University, had resigned, effective at the end of the academic year. The resignation of Dow was the result of charges that certain parts of a book by him are not in line with the teachings of the Bible and contrary to the Baptist belief.

ROBBERS GET NEWSPAPERS

Cairo, Ill., Dec. 9.—A mail car on Illinois Central passenger train No. 9 was robbed between Chicago and Centralia last night, the fourth time in about three months. The car contained only second-class matter, according to railroad officials. This car was not accompanied by a mail clerk.

SATISFACTORY PROGRESS AT ARMS CONFERENCE

Washington, Dec. 10.—The fourth plenary session of the arms conference opened today with a statement from Hughes that most satisfactory progress was being made by the committee of the whole on the Far Eastern question.

Will Make for Peace

Washington, Dec. 10.—The Anglo-Japanese alliance, long regarded with apprehension by the American people, passed into history today when the spokesmen of both nations at the arms conference accepted in its stead the new four-power agreement between the preservation of peace in the Pacific, to which the United States became parties. This action, with the fulfillment of the details to follow, paves the way to the acceptance of the American proposals for the reduction of armament and in large measure is expected to contribute to the settlement of the Chinese question. While the actual perfection of the treaty goes forward, it is expected the naval, armament and Chinese questions will speedily approach settlement. Protracted applause greeted Lodge when he arose to present the treaty, and this was continued intermittently throughout his address.

NEGRO PRISONER LYNCHED BY FORT WORTH MOB

Fort Worth, Texas, Dec. 12.—Fred Rouse, negro packing house employee, who last Tuesday afternoon shot and dangerously wounded two striking pickets at Armour & Company's plant was taken from the City and County hospital here at 11 o'clock last night and hanged by a mob of thirty men.

The mob entered the hospital shortly before 11 o'clock and asked for the negro, Miss Essie Slaton, night nurse, and Dr. W. F. Key, house physician, at first refused to permit the men to enter the various wards, but when told force would be used, submitted.

HIS EXPENSE ACCOUNT

Akron, O., Dec. 10.—"Received nothing. Spent nothing. Got nothing." This is the campaign expense filed by John Wutcher, defeated at the November election for justice of the peace of Norton township. County board of elections officials say it is the shortest expense account on record.

Proper Treatment

Scrap iron is worth about \$50 a ton. Mainspring steel for watches is worth about \$22,000 a ton. Both are made from the same kind of ore. What makes the difference in price?

It's the TREATMENT the metal receives, that's all. The dollars you handle idly, spend foolishly, invest carelessly are worth but little to you in the long run. The dollars you save and carefully invest, increase in value and lay the foundation for a fortune. The dollars in each case are the same. It's the TREATMENT they receive that makes the difference. See the point!

REMOVING THE CAUSE OF BACKACHE

(Thursday Health Talk No. 34)
(By Zilar Bros.)

As the gray thickens, as pan-cakes grow in popularity, and the holidays near, there is a tendency among those who suffer from liver and kidney weakness to experience backache and its brother, lumbago. Failure of the kidneys and bowels to throw off the waste of heavier foods develops the soreness as the blood absorbs the waste.

Chiropractic spinal adjustments get at and remove the cause of this sluggishness and recovery comes about naturally. Many who are learning the all-around efficacy of Chiropractic are turning in increased numbers to the aid it offers.

BACKACHE IS GONE

"Before taking Chiropractic spinal adjustments I was bothered with my back and kidneys and could not sleep after two or three o'clock in the morning, but after two or three adjustments I could sleep till I got up. The adjustments were continued and now the backache is gone for good. At the same time I was cured of piles."—Marion Morgan, Chiropractic Research Bureau Statement No. 1273 H.

Rub-My-Tism for Rheumatism.

TANNERY-DAY

Mr. C. W. Tannery of this city and Mrs. Nannie Mae Day of the Shady Grove community were married by Rev. S. D. Dullahite at the Baptist parsonage here on the afternoon of Thursday, December 8, 1921. It is understood they will make Nacogdoches their home. The Sentinel joins their wide circle of friends in congratulations and good-wishes.

Mr. Fred Sanders of Nacogdoches was in the city Monday attending to business matters. The many friends in San Augustine county of Mr. Sanders will be pleased to learn that he is building up a nice business in Nacogdoches in the grocery business, he having recently moved there from Denning.—San Augustine Tribune, 8th.

Mr. Ralph Bailey of the county clerk's office has just completed a neat little home on South Fredonia Hill and will occupy it as soon as the weather will permit. The cottage comprises five rooms and a sleeping porch, and Mr. and Mrs. Bailey have cause to be happy in the acquisition of so pretty a home.

Rub-My-Tism, a pain killer.

Mr. T. M. Fuller, district manager for the National Insurance Company with headquarters in Dallas, was a visitor in the city Thursday.

A remedy that will penetrate is necessary in the treatment of rheumatism. Ballard's Snow Liniment goes right through the flesh to the bone and relieves promptly. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by Stripling, Haselwood & Co. b

R. W. Zilar, of the Zilar Brothers, Chiropractors, of Nacogdoches, arrived here Monday and has secured office rooms over the Payne & Payne store. He is having the offices fitted up this week and will probably make an announcement in this paper next issue.—Center Champion, 7th.

Mr. and Mrs. V. A. Hebert of Timpson were visitors in the city Monday.

Mr. R. D. Birdwell of Chireno arrived in the city Sunday and was a guest at the Redland.

Mrs. W. C. Fenn of Timpson is visiting her daughter, Miss Jessie Fenn, day clerk at the Redland Hotel.

Miss Marian Eason of Dallas is visiting her parents, Mr. and Mrs. G. W. Eason, in this city.

Most of the stores are gay with the display of holiday goods. There appears to be something appropriate for everybody.

Miss City Smith has returned to her home at Lufkin after a pleasant visit with Mrs. Earle Williams in this city.

Mrs. Colley requests all having part in the cantata to meet at Mrs. Lamar Ackers' tonight at 7:30 for rehearsal. No one should stay away.

Mr. Avery C. Barron of Dallas, formerly a resident of Nacogdoches, is here for a visit with his sister, Miss Pearl Barron, and old-time friends.

Mrs. R. E. Campbell has severed her connection with Mayer & Schmidt and will leave tonight (Monday) to join her husband and make her home near Kirbyville, where he is operating a saw mill.

Mr. T. W. Hawkins, representative of the State Livestock Sanitary Commission, reports gratifying co-operation on the part of our people in the work of tick eradication. New vats are being installed and the work is making fine progress.

Lufkin contributed generously to the attendance at the Elks' ball Saturday, eight or ten couples from that city being present. The affair was a pronounced success in every particular, as is usually the case with the Elks' efforts.

Mr. T. J. Butler, wife and sister of Houston were in the city Monday. Mr. Butler formerly was a resident of Nacogdoches and retains his old affection for the town. He is employed by a big insurance agency in Houston and may make this city his headquarters.

Volume 1, No. 1, of the Tyler County Optimist, published at Woodville, by George K. Gibbs, late of Tenaha, has reached our exchange table. It is neatly printed, well edited, six-column, six-page paper and is entirely worthy of the support of the people of Tyler county.

Mr. R. B. Strickland of Garrison was in the city Monday and sold two bales of Acala Cotton to S. B. Hayter for 17 cents per pound. This is a premium of 3 cents per pound over the price of ordinary short-staple cotton. Mr. Strickland is one of the county's best and most progressive farmers. He is planning to get into the farm dairy business on a modest scale.

The graveled roads of the county are, we are told, standing up well under the test of the bad weather of the past few days. The unworked high-ways, however, are in wretched condition and in some places almost impassable. It pays to have good roads.

NOTICE, SHERIFF'S SALE

The State of Texas, County of Nacogdoches:

By virtue of an order of sale, issued out of the Honorable District Court of Nacogdoches county on the 14th day of November, A. D. 1921, by the clerk thereof in the case of Mrs. W. Y. Garrison, a femme sole, versus Paul Perry et al. No. 6123, and to me, as Sheriff, directed and delivered, I will proceed to sell for cash, within the hours prescribed by law for Sheriff's Sales, on the first Tuesday in January, A. D. 1922, it being the 3rd day of said month, before the Court House door of said Nacogdoches County, in the city of Nacogdoches, the following described property, to-wit:

Being 93 acres of land on the J. F. Tucker Survey, about 8 miles SE from the City of Nacogdoches, and bounded as follows: Beginning in the S line of the Andres Bermea League and at the NW corner of James Carter 320 acre survey; thence S with the W boundary line of said Carter survey, 113.7 vrs to corner from which pine 12 in. brs S.9E.3.4 vrs and hickory 10 in. brs N 58 W 9.7 vrs; thence W 190 vrs to corner from which a PO 14 in. brs S. 55 W 7.5 vrs and pen oak 1 in. brs N 64.5 W 1.5 vrs; thence N 27 W 371 vrs to corner from which a hickory 10 in. brs S 52.5 E 5.4 vrs; thence N 61 W 412 vrs to corner on road leading from Nacogdoches to Proculla Crossing on Angelina River and known as the Proculla Road, from which a pine 10 in. brs N 38 E 4.6 vrs and a BJ 8 in. brs N 60 E 5.2; thence with said road N 29.5 E 210 vrs N 38 E 168 vrs to corner from which a pine 24 in. brs S 88 W 6.6 vrs; thence N 269 vrs to corner on the S boundary line of said Bermea League from which a hickory 10 in. brs S 55 W 11 vrs and hickory 10 in. brs N 7 W being the same land conveyed to John Rodriguez by J. A. Lee and wife by deed recorded in Vol 94, P. 216.

And it is further ordered, adjudged and decreed by the Court that an order of sale herein issued to the sheriff or any constable of Nacogdoches county, directing him to seize and sell the same as under execution in satisfaction of this judgment, then officer executing this order shall make the balance thereof remaining unpaid out of the property of the defendant, Paul Perry first, and in the event property cannot be found belonging to defendant, Paul Perry, then balance sufficient to satisfy the judgment to be made out of the defendant, John Rodriguez, and if the defendant, John Rodriguez, has no property sufficient to satisfy the said judgment, then the officer executing this order shall make the money or any balance due thereon remaining unpaid out of the property of the defendant, G. A. Blount. And in the event that defendant Rodriguez and Blount are compelled to pay said judgment or any part thereof then the same shall be over and against the defendant Paul Perry in their favor and in the event defendant Blount is forced to pay the balance then he shall have judgment over and against both Rodriguez and Perry for the amount that he may pay. The officer shall place the purchaser in possession within thirty days and make balance as under ordinary executions. Levied on as the property of Paul Perry to satisfy a judgment amounting to \$2,207.39 in favor of Mrs. W. Y. Garrison, a femme sole, and costs of suit.

Given under my hand this 25th day of November, A. D. 1921.

MOTHER! CLEAN

CHILD'S BOWELS WITH CALIFORNIA FIG SYRUP

Even a sick child loves the "fruity" taste of "California Fig Syrup". If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, give a teaspoonful to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste out of the bowels, and you have a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

Catarrhal Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. Catarrhal Deafness requires constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and restoring normal conditions.

THE BEST OPPORTUNITY FOR YOUNG PEOPLE TODAY

What's the matter, young man, young woman? Why are you letting opportunity slip through your fingers? What are your plans for the coming year? Do you intend to qualify for a greater success? A small investment now, accompanied by an earnest endeavor and a few months of solid study in our school, will qualify you for a position, promotion, an increased bank account and greater satisfaction all through your future life. Why hesitate? Don't you know that the business office is calling for young men and women trained as Stenographers, Bookkeepers, Telegraph Operators and Secretaries? How much longer will you stand aside and make excuses.

You can succeed. Other people—those who are succeeding—nature did not give them a single bone nor one more nerve, muscle or brain cell than you possess. Their success was not a birthright. It came out of efforts—out of action. They used their gifts as you should. They gained a training in our College that developed and broadened and increased their talents—as you should. They took aim at success and fired away until they hit it.

Look around you, wherever your eye turns, you see some man or woman who had no better start than you—with no better general education or "school learning" than you, but who was wise enough to enter our college for a business education, and who is today forging ahead and leaving behind those who thought special business training unnecessary. It is as necessary as medical training for a doctor or law training for a lawyer.

You should not think of success as something which will some day come while you sleep. Success is achieved only by well directed effort.

You have made excuses and halted long enough. Your duty to yourself is to come to a decision NOW. Your best interests dictate a decision favoring your entering our college NOW.

The object of this appeal is to set you to thinking of your future. If we have done this, we shall feel that you owe it to yourself to investigate what America's largest business university can do for you. Thousands have already entered this year.

When may we expect you? Our class will continue through the holiday season. Write or wire for reservations, or ask for a catalogue.

Tyler Commercial College, Tyler, Texas.

CHILD PAINFULLY BURNED

The two-year-old child of Mr. and Mrs. R. B. Peebles was painfully and perhaps seriously burned sometime before noon today, while at play in the yard at the family home. Newspapers and trash were being burned in the yard, when its clothing became ignited. The right side of the little one's face was burned and parts of its body suffered from the flame. With proper care it is stated the child will soon recover. The unexpected accident is deplored by the friends of the family. Mr. and Mrs. Peebles were away from home at the time, being in other parts of the city attending to business affairs.—Lufkin News, 12th.

MATTHEWS-WEAVER

Mr. Olen Matthews and Miss Annie Weaver were married at 8 o'clock Monday night, December 12, 1921, by Rev. S. D. Dollahite, pastor of the Baptist church of this city, at his home on North street.

Only a few friends witnessed the ceremony, those present being Mr. and Mrs. Roland Jones, Mr. Cecil and Miss Emma Gaston and Mr. and Mrs. Scales.

The bridal couple left Tuesday morning for Alto, the former home of the groom, where they will visit briefly with his mother. They will return Thursday and make Nacogdoches their home.

The bride is the daughter of Mr. R. T. Weaver of this city and is well known to all our people as a most deserving young woman. She was reared in this community, and for years has been connected with the Weaver Cafe, operated by her brother, Mr. Felix Weaver, where her courtesy won her many friends.

The groom is a worthy young man, reared in Alto, and now engaged with the Roland Jones Mattress Factory of this city, where he is making good and making friends. The Sentinel heartily joins in felicitations.

THEY ARE CO-OPERATING

Mt. Enterprise, Texas, Dec 9, 1921. Mr. H. L. McKnight, Nacogdoches, Texas:

Dear Mr. McKnight—"Lest we forget," I beg to call your attention to the challenge of the commissioners court of your county last summer and ratified by the committee of your county at the pleasant meeting we had in the bank at this place; that is, that Nacogdoches county would grade the Stone Fort Highway from the city of Nacogdoches to Beach Creek and put bridges over Beach Creek and Penn Creek before Rusk county could grade from Mt. Enterprise to Beach creek.

I order for your people to win out on that proposition, you will have to get up and hustle, because it gives me pleasure to state that nearly one-half of this portion of the road is graded. Furthermore, we have one abutment to a concrete bridge over Wooten creek finished and the other one about one-half done. These abutments are 22 feet in height and the span 60 feet, with two more supporting pillars.

There will be about five small concrete drainage structures, one of which is built. Barring bad weather and lack of material for bridges, the entire work from here to the county line will probably be finished by January 15. I am sure that grading will be done by that time.

Some wag has said that those "airplane bridges built across Penn and Beach creeks with posthole diggers" would probably last until the road was graveled.

However, from the great interest which you have taken in this matter, I thought you were entitled to this information.

With assurances of highest personal regard, I am,

Sincerely yours,
Tom Arnold.

It is a dependable kidney remedy, particularly beneficial for elderly men. Price \$1.25 per bottle. Stripling, Haselwood & Co.

Dr. M. G. Kahn, eyesight specialist and optometrist, who has his main offices at Dallas and Galveston, with his father, under the style of D. E. Kahn & Sons, will hereafter visit Nacogdoches every other Thursday and Friday. Dr. Kahn has had an office in Lufkin for quite a while and is now embracing Nacogdoches. He will have his office at Kennedy's Drug Store and his first visit will be the coming Thursday and Friday, December 15 and 16. He specializes in refractive errors of the eyes, examining the eyes, fitting glasses and rectifying visual deficiencies.

DIYED HER BLOUSE

SKIRT AND A COAT
Every package of "Diamond Dyes" contains directions so simple any woman can dye or tint her worn, shabby dresses, skirts, waists, coats, stockings, sweaters, coverings, draperies, hangings, everything, even if she has never dyed before. Buy "Diamond Dyes"—no other kind—then perfect home dyeing is sure because Diamond Dyes are guaranteed not to spot, fade, streak or run. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton or mixed goods.
