FARM BUREAU COTTON BRINGS 3 CENTS PREMIUM

How a tenant farmer at Vernon, Texas, by selling his cotton on the open market lost three cents per pound as compared with the price received by his landlord, D. E. Crow, was brought out by J. W. L. Hall, director of the Texas Farm Bureau Cotton Association.

In relating his experience, Mr. Crow, who lives at Edna, Texas, and whose farm is at Vernon, told Mr. Hall that his tenant sold his cotton on the Vernon market for 19c at the same time. Mr. Crow shipped his one-fourth to the Farm Bureau, receiving 21.25c with final settlement yet to be made, which will make a total around 22 cents, or \$15.00 per bale more than that received by the tenant.

The poultry car of A. B. Patterson & Company of Dallas was in the city Monday and took on about 5,000 pounds of chickens for J. E. Bates, leaving for Dallas, where it will fill out to the maximum load of 18,000 pounds, and will then proceed to New York. It was stated the freight charge on a carload of poultry from Dallas to New York is \$700, and a man goes along with the consignment to look after the welfare of the fowls. The cars are many-decked and every appliance for taking care of the chickens is supplied. They are fed and watered at regular intervals and the man in charge has no security. Mr. Campbell, who was here with the car Monday, stated that he had traveled 68,000 miles in six months and two days, which is getting around over the country at a pretty lively clip. New York is said to be the greatest chicken market in the world.

Mr. W. M. Byrne is at Reagan for an extended sojourn in the hope of securing relief from an attack of malaria. He had been in bed three weeks and was still unable to walk when a letter dated a few days ago was received from him.

STUDENTS WHO WORK WAY THROUGH STATE UNIVERSITY

Austin, Texas, Aug. 1.—Girls, as well as boys, are applying for work to enable them to earn a share of their expenses while attending school next year, according to Miss Josephine E. Budd, secretary of the University of Texas Young Women's Christian Association. Many letters are received daily from girls who are prospective students making inquiries in regard to possibilities for them to secure employment. They are willing to do any kind of work offered, and are just as ambitious as boys to earn their own expenses, it is stated.

"The field of work for girls is more limited," said Miss Budd, "because they are not capable of doing hard labor, but there are numerous opportunities for clever and ambitious ones. Stenographic positions can be filled by women, and there are assistantships for advanced students, as well as coaching work. The Students' Clipping Bureau employs regularly eight girl clippers, and the Extension Loan Library also employs readers and clippers. Efforts are being made to get places for girls in private homes where they can do a share of the children. All the dormitories employ housework, care for children, act as companions, or do secretarial work. Frequently girls are employed by the hour to write letters or care for children. All the dormitories employ students in the dining room and offices, and the girls are able to earn board and room in this manner. There are also loan funds to assist those who do not have sufficient funds to pay their expenses throughout the year. However, girls are not advised to come unless they have definite plans made for employment, or at least sufficient funds to support them for the first two or three months.

Large quantities of paris green and arsenate of lead are going out to the cotton fields to be used in the fight against the cotton worm, which is seriously threatening the crop in this section.

TEXAS POSTOFFICES SHOW GRATIFYING BUSINESS GAINS

Washington, Aug. 2.—Thirty-one Texas postoffices—29 of them first-class and two second-class—had an annual business each of more than \$40,000, the postoffice department has announced.

Dallas had the biggest business, \$2,394,441; Mexia had the smallest, \$40,120. Houston ranked second, \$1,325,520; Fort Worth third with \$1,215,792; San Antonio fourth with \$878,349; El Paso fifth with \$443,370; Waco sixth with \$276,822; Austin seventh with \$258,250; Galveston eighth with \$229,182; Wichita Falls ninth with \$205,314; Beaumont tenth with \$128,826; Amarillo eleventh with \$128,826. The two second-class postoffices having more than \$40,000 worth of business were Mexia and Burkburnett.

The receipts of other Texas postoffices were:

Sherman, \$88,599; Breckenridge \$70,678; Abilene, \$69,411; Port Arthur \$67,846; Tyler, \$62,649; Paris, \$62,500; Temple, \$58,271; Laredo, \$55,909; Denison, \$52,152; Corsicana, \$51,243; Corpus Christi \$52,007; Greenville, \$48,660; San Angelo, \$48,287; Ranger, \$44,095; Marshall \$43,673; Palestine, \$43,309; Denton, \$41,463; Brownwood, \$40,708; Mexia, \$40,120; Burkburnett \$48,757.

The postoffices at Dallas, Houston, Fort Worth and San Antonio paid their postmasters salaries of \$6,000. El Paso paid \$4,500; Waco and Austin, \$4,000; Galveston and Wichita Falls, \$3,900; Beaumont, \$3,800; Amarillo, \$3,700; Sherman \$3,500; Breckenridge Abilene, Port Arthur, Tyler and Paris \$3,400; Temple, Laredo, Denison, Corsicana and Corpus Christi, \$3,300; Greenville, San Angelo, Ranger, Marshall, Palestine, Denton and Brownwood \$3,200.

Only one Texas city showed a considerable falling off in business in 1921 as compared with 1920. This was Ranger, where business dropped from \$71,865 to \$44,095. Because of this the salary of the Ranger postmaster was lowered from \$3,400 to \$3,200.

Practically all Texas first-class postoffices showed gratifying increases in business in 1921 as compared with 1920.

ALEXANDER GRAHAM BELL, TELEPHONE INVENTOR, DEAD

Sidney, N. S., Aug. 2.—Dr. Alexander Graham Bell, inventor of the telephone, died at his home at Baddeck last night.

Dr. Bell died at 2 o'clock this morning on his Beinnbreach estate, near Baddeck. Although the inventor had been in failing health for several months he was not confined to his bed and the end was unexpected. Yesterday his condition became serious. Mrs. Bell, her daughter, Mrs. Marion Fairchild, and the latter's husband, David G. Fairchild, were at the bedside. He leaves another daughter, Mrs. Elize Grosvenor, wife of a Washington magazine editor. He will be buried on the top of Mt. Beinnbreach, a spot chosen by himself.

TARIFF BILL VOTE IN SIGHT

Washington, Aug. 2.—Passage of the administration tariff bill by the senate this month seemed almost certain today, the results of agreements reached separately by republican and democratic leaders. A unanimous consent agreement to vote on the tariff bill on August 19th was offered in the senate by Simmons, democrat, of North Carolina, in behalf of the minority. After considering the Simmons proposal, the republican leaders decided to make a counter-proposal for a final vote on the bill August 18th instead of the 19th and shut off debate, beginning August 11th.

HOOVER REPORTS

Washington, Aug. 2.—Secretary Hoover, after reporting to President Harding today on the railway executives' meeting yesterday in New York, which he attended as the representative of the president, said he did not look for any action during the day by the executive on the rail strike situation.

A marriage license was sent to Cushing Tuesday morning for Mr. Melton Mase and Miss Willie Byrd, both of that community.

HARDING PLAN REJECTED BY RAILROAD EXECUTIVES

New York, August 2.—Railway executives Tuesday rejected the proposal of President Harding that striking shopmen be reinstated without forfeiting seniority rights, but accepted conditionally the other two suggestions made by the White House for settlement of the nationwide strike.

Reply is Made Public
A summary of the reply made to President Harding, rejecting his basis for settlement of the rail strike, was made public late in the day by an authorized spokesman for the conference.

Replying to the first proposal, the road heads informed the White House that they did and would abide by wage decisions of the railroad labor board, but that they did not consider that to test the legality of such decisions was to violate them.

Turning to the second proposal, the executives said they were willing to withdraw law suits arising from the strike providing conditions were established so that they could be assured of carrying on their operations without legal protection.

"Impossible," said the executives of the third proposition to put strikers back on their jobs with their seniority ranking unaffected, "impossible" for four reasons, added the reply.

Impossible, first from a point of law; impossible, second from a point of morality; impossible also because of the word pledged to old employees that they would be repaid for their loyalty; impossible in the last place because of promises made to new employees, who the roads believed had helped to uphold the labor board.

Judge Lovett of the Union Pacific generally regarded as the dean of railway executives, was the principal speaker when the presidents reconvened after the noon recess with the text of the Harding proposals before them, embodying the provisions for reinstatement of strikers with the seniority ranking they held before the walkout.

Judge Lovett was reported to have told the executives that there was "no moral reason why the roads should budge from their positions, nor was there any practical reason, inasmuch as the country's railroad service was generally satisfactory."

Most of those close to the conference maintained that unqualified reinstatement of strikers would be a "rank injustice" to men who had replaced striking workers. In addition they said it was felt that if the seniority conditions were accepted it would mean that the union men would "discipline" those who had helped to break the strike.

Emphatic denial that any road would effect a settlement with the strikers independent of the stand taken by the majority was made by those close to the executives' conference when shown dispatches from Chicago stating that the men would be asked to make separate settlements with roads accepting President Harding's condition.

NEGRO EXCURSION WRECKED

Cincinnati, Ohio, Aug. 1.—Fifteen persons were reported killed and 25 to 30 injured in a head-on collision today between a northbound negro excursion train and southbound passenger train No. 11, from Dayton to Cincinnati, at Lester Junction, a suburb of Cincinnati.

HANGED AT HOT SPRINGS

Hot Springs, Ark., Aug. 1.—Bunk Harris, a negro, was taken from the officers at 9 o'clock this morning and hanged on the public square following the death early today of Maurice Connelly, an insurance solicitor, who was shot last night by a negro burglar.

KABER'S SLAYER CONVICTED

Campobasso, Italy, Aug. 2.—Venturino di Scenzo was convicted of the murder of Daniel Kaber, the Cleveland (Ohio) publisher, and was condemned today to 30 years' imprisonment at hard labor. Di Scenzo was arrested last December. The trial was attended by Gaetano Romano, sent here as the representative of the Cleveland district attorney.

STREET TRANSPORTATION EMPLOYEES ON STRIKE

Chicago, Aug. 1.—Twenty thousand motormen, conductors and guards on the surface and elevated lines went on strike at 4 o'clock this morning and the greater working portion of Chicago's nearly 3,000,000 persons were forced to seek improvised transportation.

INDUSTRIAL CONDITIONS

Dallas, Texas, Aug. 1.—A distinctly favorable outlook upon the cotton industry is viewed by Charles C. Hall, assistant federal reserve agent, for the Eleventh District, in issuance today of a review of business and industrial conditions during June. Increased cotton consumption, the sharp upturn in the cotton market following the June 1st conditions and the report of the Department of Agriculture, and favorable weather conditions prevailing throughout the district, gave unmistakable evidence of brighter crop prospects, he states.

"Showers, which were general throughout most of the district, have insured a good corn crop, greatly improved range conditions, supplied an abundance of stock water, and enlivened the cotton plant," Mr. Hall declares. Unfavorable reports, on the other hand, are coming from the wheat belt where threshing operations are disclosing smaller yields than were anticipated, the report continues.

The demand for live stock in Fort Worth was lacking in June and prices were revised downward to meet the cuts at other markets, it is commented.

"While wholesale trade is experiencing a midsummer quietness, an encouraging feature of the trade situation is the fact that sales in a majority of lines were well above those of a year ago," Mr. Hall stated.

"Much optimism is found in trade circles, where it is thought good crop prospects will increase the buying power of the agricultural consumers." A digest of the report follows: Reopening of several metal mines in the mining regions of Arizona and New Mexico and the employment of additional miners were outstanding developments in the district's mining industry.

The disturbing factor of the labor situation as well as the drawback to business recovery is the strike of railway shopmen which materialized during the first week in July. However, as yet it has not seriously affected the trade.

A general improvement marked the general trend of agricultural conditions. The hot, dry weather has done much to check the ravages of the boll weevil.

According to the United States Bureau of Crop Estimates, the Texas cotton acreage was estimated to be 10 percent greater than the 1921 average. The condition of the crop as of June 25th was given as 72 percent normal, with a forecasted yield of 3,525,000 bales as against a total production for the state in 1921 of 2,200,000 bales.

The wholesale dry goods trade felt the effects of seasonal dullness and the June sales of twelve firms decreased 2.8 percent from May sales and 9.1 percent from June, 1921, sales.

Debits to individual accounts at the principal cities of the district reflected a slight increase during June.

The Federal Reserve Bank of Dallas reduced its discount rate on all classes of paper from five percent to 4 1-2 percent, effective July 12. The customary rate charged on customers' paper decreased one-half percent at Dallas, but increased one-half percent at San Antonio.

Despite increased drilling operations, the crude oil output in the Eleventh Federal Reserve District showed a further decrease during June, making the third consecutive month that a decline was registered since the record production in March of this year. The June production amounted to 12,228,257 barrels, as compared to 13,211,860 barrels during May, representing a decrease of approximately one million barrels.

On July 31 an increase from \$1.50 to \$1.75 per barrel in the price of Currie crude was posted. This grade of oil, which has a high gravity of gasoline content, has been selling as Mexia crude. Due to the rapid decline in the Mexia production, a premium of ten cents is now being paid by some buyers for Mexia crude.

EMPLOYEES' CHIEFS WANT HARDING'S PEACE PLANS

Chicago, Aug. 2.—Chiefs of the striking rail employees today voted to accept President Harding's proposals for ending the railroad strike and appointed a committee to draft the text of an acceptance and forward it to the president immediately. The actual vote was taken among more than a hundred chiefs of the six federated shop crafts under B. M. Jewell, Timothy Hall, president of the stationary firemen and oilers union, the only other organization on strike, announced that this organization would concur in the shop crafts' action. The proposals are understood to be the same as those the railroad executives refused to accept in full at their New York meeting, the executives rejecting the proposal that the strikers be restored to their seniority rights if they would return to work.

PILGRIMS ARE KILLED WHEN TRAINS COLLIDE

Paris, Aug. 1.—Forty persons were killed and 50 others injured in a collision between trains of pilgrims to the Grotto of Lourdes, one of the world's most famous shrines, early today, which occurred near Villecomtal. The pilgrims were all from the region of Moulins, in the Department of the Allier.

COTTON CROP ESTIMATE

Washington, Aug. 1.—This year's Cotton crop is placed at 11,449,000 bales of 500 pounds gross weight in the second forecast of the season was announced by the Department of Agriculture today, basing its estimate on the condition of the crop on July 25th, which was 70.8 percent normal. The condition of the Texas cotton crop was given at 72.0 percent normal.

JOINT WAGE CONFERENCE

Philadelphia, Pa., Aug. 1.—A joint wage conference of operators and miners of the central competitive bituminous fields at Cleveland next Monday to negotiate a basic agreement designed to terminate the present coal strike was called today by John L. Lewis, international president of the United Mine Workers of America. He also summoned the general policy committee of the union to meet at Cleveland at the same time to act promptly on the developments occurring at the joint wage conference. All the men will remain on strike until an agreement or definite understanding is reached.

TUESDAY'S PRIMARIES

Chicago, Aug. 2.—United States Senators James B. Reed, democrat, Missouri, Claude Swanson, democrat, Virginia, and Howard Sutherland, republican, West Virginia, today apparently had safe leads in the tabulation of ballots for party nominations in the primaries yesterday in their respective states. Reed managers claimed victory by 25,000 over Breckinridge Long, who was third assistant secretary of state under Wilson and ran on the Wilson policies. William Sacks, an oilman running on a beer-and-wine platform, is leading R. R. Brewster, republican, and organization candidate, by 2,400 votes for the republican senatorial nomination in Missouri.

Contests for governor are open to some doubt, although Mayor J. C. Walton of Oklahoma City has a fair lead over R. H. Wilson for the democratic nomination. Walton pledged himself to form a farmer-labor government and state-owned utilities and is credited with declaring that he would run the Ku Klux Klan men "into the Arkansas River." Wilson was said to be supported by the klansmen.

Phillip Campbell, republican, chairman of the house rules committee and a veteran congressman from the Third Kansas District, apparently has been defeated by W. H. Sproul of Sedan, Kansas.

Representative Manuel Herrick, republican, self-styled "aerial daredevil of congress," is running third in the Eighth Oklahoma District.

CONGRESSMAN DEAD

Washington, Aug. 2.—Representative Lemuel J. Padgett of Tennessee died early today at his home here.

Not Boasting--But Business

We would be pleased to have you investigate any claims our Bank may make. You will find that we can substantiate all our statements.

Every officer of our Bank is worthy of your trust. Business entrusted to them will be transacted with promptness, fidelity and in strictest confidence. We pride ourselves on being able to measure up to the banking requirements of this community and invite investigation as to our resources, our integrity and our stability. These are the things that count.

Nacogdoches State Bank

GUARANTY FUND BAND
CAPITAL \$100,000.00

BY GILES M. HALTOM

AFTER MANY YEARS

From the Dallas News.

"At last the new South has sent a man to Washington who can uphold the prestige, the dignity, the statesmanship and the address of the old line of statesmen from that section. His speech places him in the front rank of the strongest men in the senate. It will stand the test of analysis. In reason it was lucid, in logic and and convincing, in diction clear and clean-cut, in delivery graceful and dignified." In these good words of praise did the Washington Times greet the first speech Charles A. Culberson ever made in the senate. That was more than a score of years ago. But in all the long years of his service there he has never lowered either his standing or his integrity.

Then he was in the full vigor of physical manhood, and none dared to stand against him. After many years the strength of his body failed him to a degree, and the steadiness of his hand has gone from him. But no other fault could a long, bitter and hard-fought campaign bring against his record. To Charles A. Culberson, political contestant, defeat at the polls ends all; but to Culberson, the man, it must be a source of supreme satisfaction that he can retire with his escutcheon as unstained as when first he carved it with the steel of achievement and embellished it with the graces of mind and character.

It is indeed an honorable record, going back as it does to the days when great men bulked large in the public life of Texas. His name is linked with the names of Reagan and Hogg and others of their stamp. It was his misfortune to have outlived, in part, the splendor of his own record in that a new generation of Texans has come into the suffrage who knew but little of that record. Into the ears of these it was whispered, "He is too old." And upon that indictment he went down—that and one other. For he was too old to display the courage that won him laurels in his youth. He was not too old to take his political life in his hand and denounce that which he considered inimical to free government. His lips trembled, it may be, with the infirmities of years, but his words rang with the unshaken boldness of a heart that never grows old. And he lost. But Texas lost more than he.

Attorney General, Governor of his state, outstanding figure in the senate for more than a generation he has served. In a section more strategically located from a national political standpoint, his might have been the highest honors within the gift of his party or even of his nation. And now that he goes back to finish out his days in the quietude of private life, perhaps his fellow citizens will come at last to appraise the value of his work wrought in the name and for the glory of the Commonwealth he loved. And as he goes, he goes smiling, without fear and without reproach.

CHIEF AGENCY OF HUMANITY

The provision just made by the Rockefeller Foundation to co-operate with the League of Nations in the promotion of health work is further recognition of the functioning association as the chief world agency of humanity. It recalls that eminent Americans as individuals co-operated in the construction of the international court of justice under the league and that one of them, John Bassett Moore, is a member of its bench.

Many other Americans as individuals have encouraged the League in its different activities of humanity, the prevention of war and the binding up of wounds of the world struggle. As a further reminder that practically everybody today recognizes that the functioning association of nations has come to stay, holding up as the most constructive work of peace while a number of conferences outside it are failing, the Rockefeller Foundation has provided for work to be carried on by the League for several years. It places at the disposal of the association for five years \$30,000 per annum for the gathering of information on public health and \$60,000 yearly for three years for an exchange of health experts between different countries.

The Harding administration in its attitude of ignoring the existence of the functioning league of more than 50 nations is simply making itself look small and putting this Christian nation in an awkward position as being practically the only country on the globe that will not speak to the association that is striving to promote peace on earth.

Hope is doing some rapid dodging at Washington.

BOLL WEEVIL ACTIVE

Coincident with the last government cotton crop report of an indicated yield of 11,065,000 bales comes an announcement from the Carolinas that the boll weevil, one of the most ruinous pests imaginable, will destroy all but the "bottom output" in those states. The activities of the boll weevil has been so active that the supply of calcium arsenate has been exhausted in some sections and it is impossible to obtain further supplies. Progressive farmers are doing everything possible to poison their plants in order to stop the spread of the boll weevil.

Authorities agree that America especially needs a large cotton crop this year, since a yield of 12,000,000 would barely restore the balance between supply and demand and would furnish no basis for a material decline from present raw material levels. The activity of the weevil is therefore to be taken seriously. As late as August of last year its appearance was not regarded as serious, but toward the end of the month it had caused much damage. There are said to be no assurances that even now the crop will amount to 11,000,000 bales. This condition, coming on the heels of the railroad and coal situation, tends to make the possibility of general inflation of prices more pronounced. Everything possible is being done in the South, where the weevil has made its appearance, to curb its activities, for those who are most concerned are aware of what this situation means in the matter of increased costs.

The South has been only slowly recovering from the depression of a year or two ago. While early reports of the appearance of the boll weevil and the damage already done are somewhat vague, everything should be done to protect the crop. The ultimate result no doubt will be a stiffened cotton market, which in itself will not prove detrimental, so long as the situation likely to follow does not cause a return to inflation, waste and extravagance.

NOW THAT THE BATTLE IS OVER

From the Houston Post.

Saturday's primary in Texas, in such contests as were decided, resulted satisfactorily enough, and the people of the state have every reason to look forward to an efficient administration of public affairs. Naturally enough, because of the strife bred of vicious propaganda which was all unjustifiable and unnecessary, there have been some upsets, and the run off primary in August may bring about others, but on the whole the people of Texas vindicated their patriotism, good sense and democracy by selecting men worthy of trust and capable of rendering good service.

The organization known as the Ku Klux Klan was considerably in evidence, but not until counter-currents of activity set in motion by its critics and enemies made it an issue, denounced its members as outlaws and threatened legislative and political vengeance upon its members. Under such circumstances it was driven into a defense of its existence.

Citizens' leagues demanded of candidates for office an expression of their attitude toward the organization and this forced many candidates, much against their will in many cases, perhaps, to declare themselves as enemies to the Klan, when they would have preferred to remain neutral.

Some of the candidates, notably Earl B. Mayfield, and Governor Pat Neff, refused to recognize the right of such interrogation, and the result shows that their position was not regarded as improper. The people almost without exception gave their approval to officials who had rendered faithful and efficient public service without inquiring as to how they regarded the Klan or any other organization.

There is no evidence to show that the Klan is a political party or that it intends to become one. No doubt any fraternal organization would have fought for its life, just as the Klan fought if a group of politicians had set out to outlaw it and its members. Whether it will be prominent in future campaigns will depend probably upon the attitude of those who made the onslaught upon it this time.

No doubt the recent result will admonish aspiring men to be cautious about arraying themselves as enemies of any organization at the behest of others who have chestnuts to be pulled from the fire by fingers other than their own. In any event, it is best for candidates to act from profound conviction rather than risk a guess upon the popularity or numerical strength of an organization of which they are uninformed.

After all, Klansmen or anti-Klansmen will be judged by what they are and what they do, whether as citizens or public officials. Character, citizenship and patriotism can never be abolished as tests of fitness in choos-

ing public officials, or in any other relation or interest in life.

The election means that the people of Texas are not willing to outlaw the Klan upon such testimony as its opponents have offered, but it does not mean that the Klan would have license to commit offenses such as have been so often charged against it, or that the people believe the Klan covets any such license.

There is no reason for any race or sect to regard the outcome of the election as inimical to any right or interest it may have. The Klan is probably no more to be feared in or out of politics than any other secret order, of which there are many. Our common sense, common patriotism and common welfare would suggest that.

Our much vaunted peace era is emphatically eerie.

The catch-as-catch-can season is here—that is to say, corn on the ear.

The bolshevik hatred of capital is real only when other governments have it.

Another thing that tends to make the summer short is the next income tax installment.

In raising the tariff on peanuts, congress may be accused of a certain kind of politics.

Men who praise a flapper's beauty should direct their praise toward the corner drug store.

The list of grade crossing fatalities suggests that the cow catcher should be renamed the fool-catcher.

The Chinese are reported as wishing to be like Americans. If they learn much more about firearms they will be.

Expenses of federal government are claimed to have been less this year than last by \$1,593,000,000. This proves that it costs nothing to do nothing.

A Georgia legislator has introduced a bill making it unlawful for a husband to leave home without his wife's permission. If he has his way, under marital as well as martial law one of the most serious offenses, will be "absent without leave."

Don't Be Fooled

"FOOL me once," says the proverb, "and it's shame on you. Fool me twice and it's shame on me."

Don't be fooled when it comes to spending your money. Patronize the merchants who have a reputation for fair dealing and honesty. Such motives must actuate the consistent advertiser. The man who invests real money in building a reputation for himself and his merchandise cannot afford to ask any of it by taking unfair advantage of his patrons.

The consistent advertiser pays money to tell you about his goods. He knows they are good—he backs them with his money because he believes they will satisfy. Only merchandise which is consistently good can be consistently advertised.

So advertising protects you against fraud and inferiority. It tells you what is new and good, making you a wise buyer. It saves you money by pointing out for your consideration only the best products and the best places to buy them.

Thrifty men and women read the advertisements. To them it is a plain every-day business proposition—a duty they owe to themselves and to their pocketbooks. Don't be fooled.

Don't Spend Your Money Blindly. Read the Advertisements.

TO MEMBERS OF THE SEWING CIRCLE

The following information about the pending republican tariff bill is taken from a speech by Representative T. Allan Goldsborough (Md.). It is of special interest to you. Please note that the increased duty means an increase in the price you will have to pay for these things. Gingham for aprons and workmen's shirts increased 161 percent. Cotton, imitation flannel; present duty only 4 cents a yard, new duty 8 cents a yard; increase 100 percent. Jacquards waisting; present duty 6 cents a yard; new duty 13.78 cents a yard; increase 136 percent. Fancy flannelette; present duty 5 5 cents a yard; new duty 15 cents a yard; increase 200 percent. Dotted swisses will be doubled in price. Cotton handkerchiefs; present duty 46 cents a dozen; new duty \$1.18 a dozen; increase 153 percent. Chambray; present duty 2 cents a yard; new duty 4 cents a yard; increase 100 percent. Fruit of the loom; present duty 3 cents a yard; new duty 5.8 cents a yard; increase 96 percent. Colored satens; present duty 11 cents a yard; new duty 28 cents a yard; increase 146 percent. Fancy cross gingham; present duty 2.9 cents a yard; new duty 8.4 cents a yard; increase 290 percent. Bleach-1 nainsook increased 82 percent. Bedspreading and pillowcase; increased 36 percent. Laces increased 50 percent. Cotton goods generally have been increased 45 percent, but the above increases are in addition to that. They are a "joker" in the new republican tariff bill, known as Section 905A. It is estimated that Section 905A will cost the American people \$750,000,000 a year, or an average of \$37.50 for every family in the land.

The fellow who watches the clock can hardly expect to be anything but one of the hands.

A Chicago firm celebrated the anniversary of an employee who started 50 years ago as an errand boy. The somewhat incomplete account of the affair doesn't say whether he has gotten back.

UNPLEASANT ADVERTISING

California seems to have an excessive proportion of persons of morbid minds with criminal tendencies. There is the case of Mrs. Phillips, who conjured up the idea that her husband was unfaithful, and that he had transferred his affections to Mrs. Meadows. Therefore she killed Mrs. Meadows with a hammer.

It appears that she had no evidence to support her belief, but a fiendish fate grew on a basis of imagination. Then there was the case of the man who thought he saw his wife in the company of another man, the couple manifesting signs of affection. Without further investigation he went home and killed himself. It happened that it was not his wife at all, but her sister—there being a close resemblance—who was out with her sweetheart. Taking one's own life for a reason founded merely on imagination and misconception denote the diseased mind. Neither of these persons could have been normal. Had they been they would not have indulged in unfounded suspicion or having cause for doubt, would have investigated to make sure of their conclusions.

In addition to these California has had other mysterious murders indicating that some sinister influence operates there in greater degree than could be expected in a land of sunshine where life should be at its best. The delightful climate, the constant boast of the native, should make for sanity. However, it may be unjust to place all the responsibility for such affairs on California. These may have been exotics who were drawn thither in hope of a cure for a malady thus manifested. It happens that other localities have similar crimes, though they may not prove so spectacular or secure so much publicity. California may be merely unfortunate in the matter.

If all the rubles in Russia were placed end to end they wouldn't reach par.

Our idea of being noted for nothing is being known as a reckless automobile driver.

These strike developments promised from Washington will need to be big if they match what has already happened.

LONGER TERMS OF OFFICE DESIRABLE

From the Houston Chronicle. The term of every officer in Texas from Governor to constable is too short. There are too many elections. The constitution of Texas should be so amended as to make the governor's term four years and make him ineligible to succeed himself.

Such is the constitutional provision in Missouri, Mississippi and Virginia and in other states. The echoes of one election have scarcely died away before the successful candidate begins to plan for the next. The public gets no rest. There is constantly more or less political turmoil.

The proposition may be debatable, but it is worth considering, whether it would not be best to lengthen the terms of all officers to four years, and make them ineligible to succeed themselves.

Such a law would render difficult the formation of "county rings" and "courthouse rings", of which we have heard so much in the past.

The proposition to make district judges ineligible to succeed themselves would meet a large measure of support in many interior districts.

If every official knew that his term of office would end at a certain time and that neither custom nor usage could extend it, because the law forbade him to succeed himself, he would not be under the necessity of perpetually electioneering and cultivating the favor of the voters and would be left with a mind free to devote himself to the service of the people, with no incentive except the desire to discharge the trust confided in him.

Senator Tom Watson has bronchitis. This is serious.

Wets will get little relief through the Literary Digest's prohibition poll. It isn't that kind of a straw.

The richest woman in Great Britain has married. The bridegroom is the recipient of many warm congratulations.

Germany is brooding, sullen and planning, planning, Edna Ferber says. Marking time, as it were, at a fifth of a cent a mark.

Hay Fever Relief

May be Had Right at Home

WHILE there is no certain "cure" for hay fever, Vicks in many cases will give relief. As a preventive, keep Vicks up the nostrils, especially when exposed to dust. To clear the head, melt Vicks in a spoon or tea kettle and inhale the vapors.

For relief during a night attack, rub Vicks over the spinal column from the neck to the hips. Then apply over throat and chest and cover with hot flannel cloths.

Leave the bed covering arranged in the form of a funnel so that the vapors arising may be freely inhaled.

"The Remedy of 100 Uses"

VICKS
VAPORUB
Over 17 Million Jars Used Yearly

A WORD TO THE COLORED POPULATION

While sixty-five percent of the whole colored population of the South has a church affiliation, and while practically seventy millions of dollars has been invested in colored church property, there is nevertheless, a terrible moral corruption that eats at the vitals of the negro race. Cheap whiskey and cocaine are doing their deadly work for literally thousands of negro women and men. Profanity, gambling and debauchery and every where prevalent. All of these vices are destroying the body and damning the souls of countless thousands. Religion is largely divorced from ethical actions. The trouble is simply a lack of Christian education. It has never been found in all the world that a sane and thorough intellectual equipment has been detrimental to moral or to industrial efficiency. The negro is no exception to this rule. It is not the educated negro that fills our penitentiaries and jails, works in our chain gangs and fills our poorhouses. These places are given over to the ignorant and depraved. It is not the educated negro that makes up our idle and vagrant class, that commits our murders. Here, again, it is the illiterate and degraded negro. The trained negro lives in a better home, wears better clothes, eats better food, does more efficient work, creates more wealth, rears his children more decently, makes a more decent citizen, and in the times of race friction is always on the side of the law. May God hasten the day when the negro will receive that training which will enable him to imbibe into the very fibers of his being a true conception of life and its duties.

E. E. Burkhalter, B.Th.

Don't Call Him "Old Man"

He may year a last year's hat; his finger nails may need manicuring; his vest may hang a little loose and his pants may be thin; the dinner bucket he carries may be full of dents, but don't call him the "old man." He's your father. For years and years he has been rustling around to get things together. Never once has he failed to do the right thing by you. He thinks you the greatest boy on earth, though you plaster your hair back, wear smart clothes and fail to bring home a cent. He is the man who won the partnership of the greatest woman on earth—your mother. Happy will you be indeed if memory recalls no word bringing untold sorrow to your heart after his hands are folded in his last sleep.—Ex.

FORT WORTH POPULATION IS GREATLY INCREASED

Fort Worth, Texas, July 27.—Fort Worth is expected to materially change its standing in the population list of American cities as a result of a special federal census which will be sought, according to action by the Greater Fort Worth Association Tuesday. This organization led to the campaign which resulted in the annexation at Saturday's election of many suburbs.

It is expected that this new count will show a population of from 140,000 to 150,000.

Babe Ruth remembers when a home run made a man a hero. Now if he fails to make three a week he is a cub.

Piles

CURED
In 6 to 14 Days

All Druggists are authorized to refund money if PAZO OINTMENT fails to cure any case of ITCHING, BLIND, BLEEDING or PROTRUDING PILES. Cures ordinary cases in 6 days, the worst cases in 14 days. PAZO OINTMENT instantly Relieves ITCHING PILES and you can get restful sleep after the first application. 60c.

IMPORTANT MEETING OF C. OF C. DIRECTORS

The regular weekly meeting of the board of directors of the Chamber of Commerce was held at 2:30 Friday afternoon instead of the regular hour, 10 a. m.

The meeting hour was postponed on account of the funeral of Mrs. H. H. Cooper, which was held at 10 a. m. Those present at the meeting were Oscar Matthews, president; Carl Monk, Arthur Seale, L. B. Mast, Guy Stripling, Elbert Reese, W. C. Fouts, J. J. Baker, J. H. Muller, Willie Deap Burk, H. P. Schmidt, J. N. Thomas, Orland Patton, A. T. Mast, Link Summers and Robert Mochleroy.

E. H. Blount came before the meeting and presented a matter that in the opinion of the board vitally affects the immediate welfare of the normal college. On motion, a committee, composed of W. C. Fouts, Dean Burke and Link Summers, was named to raise a special fund of \$100 for furthering the interest of the normal, as outlined by Mr. Blount.

The secretary-manager presented an outline road map showing the present hard-surfaced roads of the county, together with certain proposed extensions of the present system of hard-surfaced roads.

Under this proposed extension the Martinsville, Cushing-Sacul, Mt. Enterprise and the Woden-Etoile roads, now graded but not gravelled, are to be gravelled, and bridged with creosote piling bridges. Also the Spanish-Bluff, Lower Douglass, Tyler, East Appleby and Logansport roads are all to be graded and hard-surfaced for a distance of approximately four miles out from the city limits. By request E. D. Parmley was present and gave some very interesting figures and facts about the proposed extensions.

The directors manifested a keen interest in the whole scheme, and instructed the secretary to secure additional data to be presented to a special meeting of the board Tuesday morning at 10 o'clock.

INDICT FOUR FOR KILLING OF CLAYTON

Austin, July 27.—Bassett Miles, United States Prohibition Enforcement officer and three others have been indicted on a murder charge by the Travis county grand jury in connection with the shooting several months ago of Peeler Clayton. The indictments returned Tuesday were made public Wednesday. Others included are Life Young, chief of detectives of Austin; W. E. Mayberry, custodian at Camp Mabry, and J. L. McNeil, Austin policeman. Clayton was killed in an alley in the rear of the Ku Klux Klan hall here.

Shortly after the Clayton killing murder charges were filed against 18 Austin citizens and later against five city, county and state officers. Examining trials were waived and the case left to the grand jury.

The killing of Clayton was the cause of a Ku Klux Klan and anti-Ku Klux Klan factional dispute. It attracted wide attention at the time.

The grand jury reduced the nine indictments against Lon D. Morgan, former state treasury chief clerk, for misapplication of state funds, to four indictments for fraudulently transferring state funds amounting to approximately \$12,000. Morgan was already been convicted and sentenced to two years imprisonment for alleged misapplication of state funds. This will not affect his indictment under which he was convicted, it was stated.

Considering the indorsement of powder and paint as better than dirt on the face given by a New York doctor, we'll say this: If we were in the cosmetic business we'd boost it all we could.

ASPIRIN

Say "Bayer" and Insist!

Unless you see the name Bayer on package or on tablets you are not getting the genuine Bayer product prescribed by physicians for over twenty-two years and proved safe by millions for

Colds Headache
Toothache Lumbago
Earache Rheumatism

WALL STREET FEARS FARM BUREAU POWER

Alarmed that Farmers May Control Enough Cotton to Get Fair Price

That the Texas Farm Bureau Cotton Association that the state cotton marketing associations are creating alarm on Wall Street is shown in a weekly letter sent out to cotton buyers by A. Norden & Co., 88 Wall street. A copy of this letter has been made public by the Texas Farm Bureau Cotton Association.

Fears are expressed among big cotton brokers that the farmers of the South, through co-operative cotton associations which have the backing of the War Finance Corporation, will be able to control the cotton and get a price for their cotton which will make the raising of cotton pay.

The Norden letter says that the cotton situation is in a bad plight from the standpoint of Wall Street and that "evidence is increasing that the situation will be rendered still more serious by the determined stand that the South will make, with government assistance, for which the South believes to be a reasonably remunerative price. We have alleged recently to the progress being made in the co-operative marketing movement in practically every cotton growing state, and although the world in general has paid little attention to that progress, occasional items points to successful control of a large portion of the crop.

"The announcements that we have since our last have been: 'By the War Finance Corporation that applications for advances have been approved of \$5,000,000 to the Oklahoma Cotton Growers Co-operative Association and \$7,000,000 to the Arkansas Cotton Growers' Co-operative Association.

"If the crop should finally prove to be nearer 10,000,000 bales than 12,000,000; if trade should continue its tendency toward gradual improvement; if these co-operative cotton growers' associations should find as the marketing season approaches that they control the disposal of perhaps one-third or more of the expected crop, what will be the reasonably remunerative price that they will set as their goal, in the efforts to attain which they will have the assistance of every farmer, merchant and banker in the South and of the War Finance Corporation?"

THE MISSOURI CAMPAIGN

St. Louis, Mo., July 28.—United States Senator James B. Reed and Breckenridge Long, third assistant secretary of state during the Wilson administration, will close their campaign tonight for the democratic nomination to be decided in the primary election next Tuesday. Veteran politicians agree that this contest has been one of the bitterest waged in the state in years. Secretary of Commerce Hoover, his record as national food administrator, the League of Nations and other issues opposed in the senate by Reed formed the basis of his campaign. Even Wilson felt the sting of typical Reed wit and oratory when the former president appealed to the voters of the state to defeat Reed.

BROTHERS-IN-LAW HELD

Amarillo, Texas, July 31.—Josh Cox, aged 30, was buried today at Tulia. He was fatally shot in the back five times with a .25 calibre automatic pistol at Tulia Sunday afternoon. John Brown and his brothers, Jim and Hugh, the three brothers-in-law of Cox, are held in the Swisher county jail at Tulia pending preliminary hearings.

PLOTTING PREMIER'S DEATH

Paris, July 28.—The French government, it was made known today, has received what it considers absolutely trustworthy information that an attempt against the life of Premier Poincaré is being plotted in German monarchist circles.

FROM W. B. BATES

W. B. Bates Thanks the Voters for the Support Given Him in Saturday's Primary and also For their Support in The Second Primary

Through the columns of this paper I desire to express my sincere thanks to my many friends for the support given me in the primary Saturday for re-election as District Attorney. And I hereby solicit your support and influence, as well as the support and influence of those who voted against me, for the second primary to be held August 26th.

My duties in court as your District Attorney prevented me from making as thorough a campaign as I would like to have made. My court duties at Rusk will interfere with my campaign during the next five weeks; but I have, always believed that an official's first duty is to the office to which he has been elected. However, I am going to see just as many of the voters as the duties of the office will permit. In the meantime, I call upon all my many friends to help me properly present my record and candidacy before the voters of the district.

I am asking for my second term. I have secured for my first term in office more convictions than has been secured for many years, I have secured more convictions for violations of the liquor laws than the district attorneys of any adjoining district. The lawless bootlegging element and their sympathizers are fighting me as a unit. These facts alone ought to recommend me to the voters of this district for a second term.

I have been in the active practice of law since June, 1915, with the exception of the time I was in the service of my country in the late war. I spent 27 months in the service, half of that time being overseas fighting the enemies of our country and shedding blood in its defense. As your district attorney for the past eighteen months I have been fighting the enemies of our country in the courts. You do not owe me anything for this service; but in doing so I have made many enemies. The lawless element are fighting me as a man. They hold the balance of power and can defeat an official if the better element is divided. I appeal to every right thinking man and woman and ask you to realize what defeat means to a young man asking for a second term. If you think the above record justifies my confidence in me, then I sincerely ask you regardless of your friendship for my worthy opponent to help me secure the democratic nomination for a second term as district attorney.

We were taught in the army that an army is never defeated until it thinks it is defeated. In my campaign, the fight has just started. I will sincerely appreciate any interest any one may show in behalf of my candidacy.

Respectfully,
W. B. Bates.

29-1dw. (pol. adv.)

MINISTER UNFROCKED

Lawton, Okla., July 28.—Convicted at a secret trial on the widely heralded bathing suit and charges of the allegation of perjury and highhanded disciplining of members of his flock, Rev. Thomas J. Irwin, former pastor of the Lawton Presbyterian church was unfrocked as a minister of the Presbyterian church in the United States of America early today by the judicial commission of the El Reno Presbytery. "You are indefinitely suspended as a minister of the Presbyterian church of the United States of America, and may the Lord have mercy on you," was the verdict of the trial body. Irwin was found guilty of conduct unbecoming to a minister in performing a marriage ceremony last summer at Medicine Park, a resort near here, at which the principals, including the minister, wore bathing suits. It was alleged the wedding was conducted in a spirit of revelry, bringing disrepute upon the church.

GUARDSMEN FIRED ON

Denison, Texas, July 31.—An abandoned automobile found today is believed to have been used by three men who fired on Guardsmen in the Ray yards, the Katy freight terminal, last night. There were no casualties and no arrests, according to military authorities. All is quiet today.

A TEXAS HERO

Mania, P. I., July 28.—Sergeant Andrew Penlang of Corpus Christi, Texas, stationed with a medical detachment here, gave more than ten ounces of his blood in a transfusion operation in an attempt to save the life of Admiral John S. Dumaresq of the British navy, it was announced at army headquarters here. Penlang was thanked by British Consul General Harrington.

EFFORTS FOR COMPROMISE

Washington, July 28.—Three proposals for the immediate ending of the railroad strike were submitted to representatives of the railroad strikers and the labor unions by President Harding, according to information today from administrative advisers who talked with the president. The proposals, all having to do with various plans for adjusting employees' seniority rights, will be submitted, it was said, at an executives' meeting in New York Tuesday and to an employees' conference in Chicago arranged by B. M. Jewell, the shopmen's leader. Outside railroad contracting, it was said, will be abandonment of the president's suggestions, will be for the railroads to waive the seniority question and take all the strikers back to work. Another was said to give "loyal" men remaining at work prior seniority rights overed by the railroads under each of the three proposals. One of the proposals, according to those claiming informants, was to separate adjustment of the seniority dispute by each road with its own employees through joint committees appointed.

The president was said by his advisers to believe the proposals promised considerable hope of a strike settlement and to have declared that "more clouds have passed away" in the last few hours than in several weeks. It was indicated that leaders of the shopmen manifested an inclination to accept the president's plan in the main, while representatives of the executives considered it unsatisfactory in principle. A final decision will rest with the conferences of the two groups.

Attitude of Executives

St. Louis, Mo., July 28.—Executives of railroads in the Southwest, at a meeting today, telegraphed President Harding that, in their opinion, the non-union men who have been employed since the strike began July 1st and the union men who refused to strike should be protected in their seniority rights. The executives are of roads operating in Texas, Oklahoma, Arkansas, Kansas and Missouri.

Named it "Camp Ellis"

Denison, Texas, July 28.—In memory of Captain J. G. Ellis, the first Denisonian to lose his life in France, the camp of the state militiamen here will be known as "Camp Ellis," Colonel Nimon, commanding, announced today. Captain Ellis, in charge of ambulance unit No. 27, with the Third Division, was killed in France on June 19, 1918.

Negro Slashes Kidnaper

A negro, said to be a cook for the Katy railroad, was kidnapped by a party of white men last night and who escaped with a companion after slaying one of his captors with a knife, was captured this morning in the Red River bottoms near here, military authorities announced. Captain Jerry Gray of the State Rangers captured the negro, it was said. The military authorities are investigating the affair, in which a white man was severely cut.

Santa's Remarks

Aunt Nellie: Well, Bobbie, dear, did you see Santa Claus this time?
Bobbie: No, auntie, it was too dark to see him, but I heard what he said when he knocked his toe against the bedpost.

WEEKLY SENTINEL

PRICE \$1.50 PER YEAR.

BY GILES M. HALTOM

HOW ENGLAND DEALS WITH CRIMINALS.

From the Houston Chronicle.

Something like thirty days ago two men shot to death in London Field Marshall Sir Henry Wilson, a most worthy man, who had rendered conspicuous and valuable service to England and her allies in the world war. He had been closely associated with General Pershing, who paid exalted tribute to his memory.

The Chronicle foreign special for Tuesday carried the information that the murderers had been tried and convicted and sentenced to death.

It cannot but prove instructive to every citizen who believes in the prompt and vigorous enforcement of the law to contrast the expedition and efficiency displayed by the courts of England with the character of proceedings in homicide cases on Texas.

It is not necessary to cite any case by style and number. It is most rare when any criminal case, especially a case of homicide, does not drag through the courts of Texas for from six months to six years.

Harris county, it should be said, is a conspicuous and gratifying exception, but over the state at large justice moves all too slowly.

It is not intended to impute blame to any particular court; it is rather the fault of a system of procedure, and the way in which sessions of the courts are fixed by law.

It may be said that the men sentenced to death in England were "railroaded" and not given a fair trial, but such was not the case.

Had it been made to appear to that court that admissible evidence was in existence and obtainable that would have thrown light on the case, the chief justice, who is paid \$50,000 a year (the salary in Texas is \$65,000), would have ordered the witness brought in, and have heard his testimony, a proceeding which would be impossible in Texas, as is proven by a reported case. Had the testimony made it appear that the conviction of the men was wrong, the court would not have "reversed and remanded" the case, but have quashed the conviction and ended the prosecution.

England by statute long since has cut the cords and thongs of hoary pleas and forms of procedure which bound and hampered her courts and made impossible speedy, sensible and efficient administration of the law, and Texas ought to follow her example.

Let all terms of court be dispensed with. If a court in one county can not at once try a case let it be at once transferred to another county. If it be found difficult to get a jury in the county where the case was committed let jurors be drawn from adjoining counties, instead of changing the venue. Such is the law in Virginia, in which state criminal law is vigorously, fairly and efficiently enforced.

THE VICTIMS TURN

Suits aggregating \$250,000 have been filed against the County of Williamson, Ill., as a result of the Herin massacre. But one is for compensation for death at the hands of the mob, the others being claims for property destroyed. There having been more than a score killed, besides those wounded, there is probability of a large number of suits in addition to those already begun. Should judgments may be secured for large sums, which is probable should the cases be submitted to fair jurors, for many years to come Williamson county taxpayers will have recurring reminders of the actions of the mob as they note the cost included in the tax statements.

If the sentiment of the mob of Williamson county has been correctly portrayed and they were unanimous in indorsing the action of the mob, retribution in the way of taxes will fall only on those deserving it. It is a righteous principle that holds a community responsible for the work of a mob. If officers through cowardice or inappreciable permit lawlessness to triumph and there is loss, having to compensate the sufferers for the failure to give the protection guaranteed them is but meting of justice.

Straw hats are beginning to show that the summer season is advancing rapidly.

Many a woman is saving a hard time picking the other 11 greatest women in America.

Dying is something else that the average person prefers to put off until the last minute.

THE COTTON WORM OR CATERPILLAR

Reports are coming from all parts of the county, that the cotton caterpillar (Aelia Afrillacea) is doing considerable damage to the cotton crop. This insect is familiar to most farmers, but those who are not familiar with it, will state that it is a slender bluish-green caterpillar with small black spots, and often with black stripes down its back, which loops when it walks, and feeds voraciously on both upper and under surfaces of the cotton leaf.

Observations have shown that several generations of these caterpillars are produced in a season, the first eggs being laid in March in this part of Texas. The first broods are small, and are most likely overlooked, but the following broods are larger and are quickly noticed by the large amount of damage done to the cotton crop.

The damage done by these insects can be controlled by the use of Paris green or arsenate of lead. These poisons should be applied in their dry, powdered form. Paris green should be mixed with either flour or air-sacked lime, as too heavy applications of Paris green will burn the leaves of the cotton plant, and might be injurious to the person handling it. Arsenate of lead can be applied without mixing and is just as effective as Paris green and not as dangerous to the person handling it. Both, however, are poisons and should be kept away from children and all kinds of stock.

The best and quickest method of application is by means of two cotton bags attached to each end of a pole, placed over the back of a mule, which is ridden by the person applying the poison. While the bags are full the motion of the animal will shake out enough in the form of a fine dust, but as they empty themselves the pole to which the bags are attached should be beaten with a stick.

Both of these poisons can also be applied by a powder gun operated by hand. When a gun is used it is the safest for the person operating to use arsenate of lead.

Now is the time to use these control measures, as these insects multiply readily and the next broods will be much larger and beyond control.

Both Paris green and arsenate of lead can be purchased from any drug store, and the farmers should not delay using these control measures if they wish to save their cotton crop.

George T. McNess,

Superintendent, Texas Experiment Station, Nacogdoches, Texas.

An efficiency expert says the school vacation for children is all wrong. Of course, it turns them over to parents who haven't the time to spare from their bridges.

NO CHANGES MADE BY OFFICIAL COUNTY

The county executive committee met Saturday and canvassed the vote cast in the primary July 22. Few errors were found in the table of the week. The vote for precinct offices was tabulated and showed the following results:

Commissioner Precinct 1.—Muckler 627, Spradley 388, Coats 272, Mangham 231.

Commissioner Precinct 2.—Lyles 418, Bell 215.

Commissioner Precinct 3.—Green 331, Strickland 321, McDuffie 148.

Commissioner Precinct 4.—Menette, 146, Jacobs, 224, Bentley 278, Stewart 272.

Public Weigher Precinct 1.—Windham 678, Ream 290, Tindall 242, Jones 192, Hankins 98.

Public Weigher Precinct 4.—Gunning 94.

Public Weigher Precinct 5.—Parrot 374.

Public Weigher Precinct 7.—Wood 303, Wallace 174.

Justice Peace Precinct 1.—Houston 798, Wells 696.

Justice Peace Precinct 2.—Tom Hart 84, all others 10.

Justice Peace Precinct 3.—Haltom 447, Walker 87.

Justice Peace Precinct 4.—Berry 272, Fall 150.

Justice Peace Precinct 5.—Helenstill 125, Jake Caver 2.

Justice Peace Precinct 6.—Watson 211, Williamson 162.

Justice Peace Precinct 6.—Watson 211, Williamson 162.

Justice Peace Precinct 7.—Cash 356, Williams 146.

Justice Peace Precinct 8.—Frederick 187, Mangham 87.

Constable Precinct 1.—Stone 874, Walters 603.

Constable Precinct 2.—Will Trimble 15, Rhoe Grimes 16.

Constable Precinct 3.—Blanton 271, all others 221.

Constable Precinct 4.—Regland 347, all others 154.

Constable Precinct 5.—Nettles 128, all others 2.

Constable Precinct 6.—Hilliard 220, all others 152.

Constable Precinct 7.—Dewberry 372, Pye 148.

Constable Precinct 8.—Barr 176, all others 110.

CALOMEL MAY TURN ON YOU NEXT TIME

Next Dose You Take May Salivate and Start World of Trouble

Calomel is mercury, quicksilver. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless, vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, just go back and get your money.

Don't take calomel. It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.

TO WHOM IT MAY CONCERN

It has been reported that Mr. T. G. Vaught received a reward of \$45 for investigating the robbery and locating the lost goods of storehouse of Mr. Frisay of Appleby and without trying to make the guilty party.

I state that I was a member of the grand jury for the September term of court, 1921; that Mr. T. G. Vaught and a man by the name of Gates appeared and testified before said jury; and further, that a true bill was returned against a party for this robbery by this jury, said party later being arrested and making bond.

Respectfully,
Chas. Langston.

Subscribed and sworn to before me this July 31, 1922.

(Seal) J. W. Stalling,
Notary Public for Nacogdoches County, Texas.

It may be there are so many lawyers in congress because they can find more time to run for office.

At that, hard times are little more annoying than the "drives" that afflicted us in good times.

Back in 1890 nearly all boys wished to be pirates; but they seem reasonably content as mere hold-up men.

An Ohio college gave President Harding an LL. D. degree, so the administration cannot be said to have been entirely without accomplishment.

F. P. MARSHALL THANKS THE VOTERS AND SOLICITS THEIR VOTES

I am truly grateful for every vote cast for me on July 22 throughout the second judicial district for the office of district attorney, aggregating 5,074 for me out of 12,703 votes cast in the race for that office, lacking only 778 of the nomination over by two opponents.

Nacogdoches county gave me 2,303 votes for Mr. Bates, and 507 for Mr. Donley. Angelina gave me 2,271 to 1,285 for Mr. Bates and 666 for Mr. Donley. Cherokee county gave me 1,506, Mr. Bates 1,374 and Mr. Donley 1,749.

I carried Nacogdoches county by 1,249 votes over Mr. Bates where we both live, carrying twenty-two of the twenty-four voting boxes of the county, and carried every voting box in Angelina county over Mr. Bates and also carried 17 of the 29 voting boxes over Mr. Bates in Cherokee county.

Notwithstanding the above vote Mr. Bates has published in the papers in the district that "the fight has just begun, that the lawless bootlegging element and their sympathizers are fighting him as a unit, that they have the balance of power and can defeat an official if the better element is divided" and that "his enemies ought to recommend him to the voters of the district for a second term."

You can put the proper interpretation upon what Mr. Bates intends to convey by the above language, and you can determine for yourselves into which class he would place the many voters who espoused my candidacy.

I believe that the law abiding and law enforcing element of the people of this district are largely in the majority and will not let the lawless element and their sympathizers control. I verily believe that the thousands of good men and women who supported me in the primary did so believing that I stand for wife, mother, home and country and an able, rigid, impartial enforcement of all the criminal laws, and that in my performance of the duties of district attorney I will put more bootleggers and lawbreakers in the penitentiary and thus lessen crime and protect society. I am profoundly convinced not only by the many urgent solicitations I had to run for district attorney but by the stronger vote cast for me on July 22 that the good people of this district are more concerned in results that come to them and the state by looking to the enforcement of law than they are in the interests of any man for office.

It is a fact that Mr. Bates was elected to this office two years ago, taking the chances and responsibilities of performing the duties in such way as to merit the continued approbation of the people of the district. It is also a fact that W. B. O'Quinn and other able district attorneys of this district were able to gain the esteem and approbation of the voters by their achievements in enforcing law and deterring evil doers who were afraid to dominate and defeat them for reelection.

I too ran for this office two years ago and carried Nacogdoches county where Mr. Bates and I both lived. I have had more than fifteen years active law practice and court experience, and would suffer more lasting harm and political loss than would Mr. Bates, since I am more than twenty-five years his senior and would never have another opportunity of running for office if outvoted this time.

But I place my candidacy for this distinguished office on a much higher plane than that of merit on my part or of debt to Mr. Bates on your part. I have an abiding confidence in the judgment and integrity of the men and women whose welfare is much above that of my own or that of Mr. Bates. I am resting my candidacy in their hands with perfect assurance that their judgment and verdict will meet my approval.

I hereby respectfully but strongly solicit the influence now and vote in the primary of August 26 of every man and woman in the district, regardless of whether you voted for me, Mr. Bates or Mr. Donley, that you may make by nomination a reality and secure results to the people and to Texas in lessening crime by enforcing justice and law in the court room and in the homes of our people.

Respectfully,
F. P. Marshall.

3-1dw.

FOR SALE—A good stock farm located in the southeastern part of Nacogdoches county, 369 acres of land, nearly all under hog wire fence, on public road. School house on land, two sets of improvements. The best place for stock in the county, free range for everything.

Also a bunch of good cattle will sell with it. Price and terms apply to J. T. Sowell, Nacogdoches.

3-3wp.

PREPARE TO MAKE MONEY HANDLING COTTON THIS YEAR.

This year's cotton crop will be at least ten million bales. Prepare to help handle this enormous crop. It requires only four to six weeks in our institution to become thoroughly familiar with the classing and handling of this most important product of the South. If you act quickly you can be ready.

We have the largest and best equipped sample room in the state, with a solid glass wall on the north to afford proper light. This room was constructed on top of our big three-story building especially for teaching the grading and marketing of cotton.

With the ever increasing demand for help along this line, you should prepare immediately. A number are now taking our cotton classing course because they realize what an opportunity is open to the expert on cotton. Regardless of the price of cotton, the buyer makes his profit. The farmer would make much more than he does if he could grade and staple his product, because he is completely at the mercy of the buyer when he does not know one grade from another.

READ WHAT SOME OF OUR RECENT GRADUATES HAVE TO SAY ABOUT US.

Tyler, Texas, May 23, 1922.
To Whom It May Concern

This is to certify that we, as cotton classifiers, are but a few of the number that came to Tyler Commercial College to learn the cotton business. Our respective counties have sent us here and we feel that they have made no mistake in selecting Tyler Commercial College, as the school is second to none in efficiency and equipment, climatical and healthful conditions and the best.

Public Cotton Classers, farmers and business men who handle cotton should attend Tyler Commercial College and learn to class, staple and sample cotton in a more intelligent and profitable manner. We highly recommend Tyler Commercial College to anyone desiring a commercial training and especially in cotton classing.

Yours for the Farmers Labor Union of America and the Tyler Commercial College.

Paul Sisco, Collin County, Texas.
G. A. Lloyd, Cherokee County, Texas.
J. B. Smith, Wood County, Texas.
J. G. Howell, Collin County, Texas.
J. C. Houston, Collin County, Texas.
J. A. Long, Collin County, Texas.
C. Warren, Collin County, Texas.
W. E. Ray, Bask County, Texas.

A special summer course is given for \$33.00, including tuition, samples and materials in Cotton Grading.

In order to complete your course in time to prepare for the coming cotton season, you should enroll with us now. Write wire or phone for information and our free catalogue.

TYLER COMMERCIAL COLLEGE
Tyler, Texas.

It begins to look as if there has been some good poker playing on both sides of the railroad controversy.

Almost every man is sure he is smart enough to play with fire and not get burned, and that accounts for a lot of things.

The income tax makes last year's salary a case of gone but not forgotten.

Even a man's wife seldom has any sympathy for him if he bets and loses money.

One seldom hears a man bragging in court of how many miles the old bus will make.

Who can remember that there was some rivalry as to who could do the most work in a day.

"Single Bandit Robs Train"—headline. A married bandit wouldn't have that much nerve.

You can't tell by the noise. A nickel makes more racket in the collection plate than a dime.

The worth of affections seems to be based on what the fellow who is alleged to have alienated them is worth.

The reason so many of our young men are bored by existence is because they are not required to pay their own board.

Russia, wants The Hague to take matters up in their relative importance. The first subjects it wants discussed is credit.

With drubbings already inflicted in Indiana, Pennsylvania, Iowa and North Dakota, and more in sight, the official Washington alibi will soon be exhausted.

Perhaps it has occurred to middle-aged folk that the young people of an earlier generation were a firmer lot because they had more amiable parents.

START HAS BEEN MADE ON STREET IMPROVEMENT

Some time ago a committee of the Chamber of Commerce and the Business Club applied before the City Council with a petition asking that a committee be appointed to ascertain the cost of having surveys made of the city with the view of a comprehensive plan of street improvement. This petition was granted and the committee appointed. As a result of their efforts a contract was awarded at Tuesday's meeting of the council to Mr. George C. Brown, a capable engineer of Lufkin, whose experience augurs well for the reliability of the work he is to undertake. It was agreed that Mr. Brown was to survey 2.5 miles of Nacogdoches streets, run a center line, establish grade lines for sidewalks and gutters and make a profile map of the city's territory. He will begin his work within a few days, probably as early as next Monday. About ten days will be required to complete the survey, after which there will be some three weeks of office work necessary, and then the matter will come officially before the council and steps taken to inaugurate the campaign to provide ways and means of providing Nacogdoches with a satisfactory system of up-to-date streets.

W. O. W. BUILDING

Work will begin at once on the handsome W. O. W. building to be located on the south side of East Main street on the site of the building recently used by the Bright Garage. Mr. Littleton Herrin, contractor for the brick work, says he will commence immediately on the foundations, and by the time the concrete is poured the brick for construction will be ready. That is the only contract let. The Woodmen will have the other work done under the supervision of the building committee. Mr. E. W. Parris will have charge of the woodwork, the Smith-Hunt Company will do the plumbing and the E. M. Roberts Electrical Company will install the wiring. All the work will be done by home people and members of the camp.

The lot on which the building will stand is 65x140 and the building will be 60x100 feet and of three stories. The first floor will be used for business purposes and several applications to lease it already have been received.

The second floor will be used by the Woodmen of the World. It will contain a lodge room 60x80 feet, a ladies' large rest room, the clerk's room, two large club rooms, a kitchen and proper work room.

The third floor will be used for lodge purposes by local organizations of other fraternities, and the building will be eighteen feet higher than the Ford building, which will make it the tallest structure in Nacogdoches.

There will be a 2-1/2 foot alley on either side of the building, on the lodge's ground, and this will assure ample ventilation perpetually, even though a taller building were erected on either side. A concrete sidewalk will be laid in front of the building, and from top to bottom it will be a structure of which the city may well be proud.

Much of the credit for the success of the building plans belongs to Mr. A. A. Seale, who for years has worked unceasingly to make the dream come true.

It was stated the foundation of this building will be made strong enough to permit the addition of two more stories should the needs of the lodge demand it.

TWENTY-THIRD BIRTHDAY

From Tuesday's Daily.

The Daily Sentinel is 23 years old today. We are a little proud of the success which has attended its career. It is the only daily paper in East Texas that has attained its present mature age and never missed an issue. Of course it has had lean years and fat years, but in all circumstances it has striven for the upbuilding of its town and county and the advancement of the material interests of all. And the people of Nacogdoches have stuck to it through thick and thin and their loyalty and patronage enabled it to weather the storms which have assailed it. We hope to serve them many more years, and, as in the past, we shall endeavor to merit their confidence and earn their support.

We thank every one who has contributed to the success which has attended our efforts.

The chronic loafer probably does not worry about the competition when a strike is on.

Perhaps it has occurred to middle-aged folk that the young people of an earlier generation were a firmer lot because they had more amiable parents.

Annual Mid-Summer Clearance Sale

SUMMER DRESS GOODS REDUCED

Have quarts only. Worth \$1.25. We are closing them out at, a dozen 75c

MAYER & SCHMIDT, INC.

TEACHERS' ASSOCIATION

From the Lufkin News, 1st.
 The association of teachers of San Augustine, Shelby, Sabine, Angelina and Nacogdoches counties will meet at Center, Shelby county, for their annual institute on the 4th of next month for a four days' session.
 It will be remembered that Lufkin had the honor of entertaining this great body of educators last year, at which time Center was chosen for the next season. This association of teachers is doing big things for educators in East Texas, and the different department will be under special lists in their line. Already Center is making arrangements for the entertainment of the visitors and homes there will be opened to them.
 Prof. A. W. Birdwell, president of the Stephen F. Austin Normal, will be conductor and have charge of the high school department and school management. He will be ably assisted by Miss Winona Glass, of the Waco schools, who will have charge of primary work; Lynton Garrett of the George Peabody College, Nashville, Tenn., who will have charge of the intermediate section; C. T. Gray, of the University of Texas, will have charge of education psychology, and E. E. Davis of the University of Texas, who will have charge of rural school methods.

About the only thing you can say for the mosquito family is that the female does the work.

IF YOU SUFFER WITH KIDNEY

Trouble, Send for Free Booklet
 On diseases of the kidneys and information before it is too late. You may now be bordering on Rheumatism, Bright's Disease, Diabetes, Dropsy, Heart Failure and other fatal ailments. Ask your agent or druggist for "FOWLERINE" or my mail. Postpaid \$1.00. Money back if not satisfied.

 Dept. Y. Memphis, Tenn.

THURSDAY'S STORM

A storm of wind, rain and lightning visited this community about 9 o'clock Tuesday afternoon and for a time considerable uneasiness was felt, but no damage of consequence within the city was reported. The street lights remained intact, but house lights in the northern part of town were "off" for a short time.
 Reports of considerable damage come from Cushing, where the disturbance appears to have been worst. It was stated that Jack Beck's Deleo lighting plant was lifted from its foundation and landed on top of his store. A plate glass front was blown in at the Lawrence Drug Company's place, windows in Dr. Lowe's new dwelling demolished and the Jarrell shoe shop and garage unroofed. There were no personal injuries, we are gratified to note.
 The storm also was severe at Douglas, according to reports early Wednesday morning, though the damage was not great. The barn of Mr. George Wilson was unroofed and considerable standing timber was prostrated. No one was reported injured.
 Rumors of damage at Alto could not be confirmed.

Vegetable Language

Do you carrot all for me? My heart beats all for you. You are the apple of my eye. With your radish and turnip nose, my love for you is soft as squash and strong as onion. If we cantaloupe then lettuce marry. I know we'll make a happy pear.—Dry Goods Economist.

Don't Know Yet

"When your wife starts to talk does she know when to stop?"
 "I don't know yet; I've been married only nine years."—London Answers.

Watch the president of the United States senate sit up and take notice when the tariff discussion gets around to doughnuts.
 pride, it's probably a good thing Jesus James died before our time.

The German republic is booming a poet for president. It is a thankless calling.

One suspects at times that if Lodge had the nerve he would speak of the people as the rabble.

State Fair Thrift Tickets : : : Meet Approval : : :

Affording a saving and a convenience, State Fair Thrift tickets meet the approval of people all over Texas, who are buying them in advance, thus aiding the Fair and assuring themselves the convenience and saving offered.

EXPLANATORY

In the card of thanks of Mrs. I. D. Wilson appearing in Monday's Sentinel the writer thereof got his wires crossed. The item was phoned in and was understood to say that the lady especially appreciated the courtesy of her opponent in furnishing her with the means of transportation for visiting various portions of the county. What was meant was that the other candidates, instead of her opponent, were thus cordial. Mrs. Wilson requests this explanation to be made.

Fable: Once there was a girl who received an engagement ring and didn't visit the jeweler to learn its value.

A CARD OF THANKS

We desire to take this method of thanking those who so faithfully and unselfishly administered aid during our precious mother's illness and death. We feel like mentioning the names of Mrs. Jewel Smith, Mrs. Ora Andrews, and Mrs. Ada Smith. May God reward all.

Mrs. Eva Fowler,
 Mrs. Belva Muckleroy,
 Mrs. Beulah Allen,
 Ed Burrows,
 Walter Burrows,
 Virgil Burrows.

Corn on the cob looks very appetizing until it is pushed against a face having a surface coat of rouge.

LONG-DISTANCE TELEPHONING

Dallas, Texas, July 31.—Texans are fast acquiring the long-distance telephone habit. Conversations carried on from Texas points to New York, San Francisco, or even Cuba, have become a commonplace.
 Telephone communication is growing steadily between Texas business centers. Distance fades away when the Texas business man uses the long-distance telephone. He can talk to practically every town and hamlet within the state. His telephone is connected with more than 400,000 other telephones in Texas, and with 13,000,000 telephones in all other states, which make up our country. Wherever there are telephones, the Texas telephone subscriber can talk.
 A Dallas business man may wish to talk to Houston or St. Louis, it makes little difference in time, which it may be although Houston is only 270 miles distant and St. Louis 700 miles. To the telephone, the distance between these cities is practically the same. Under normal conditions, he can put a call through in from ten to fifteen minutes to either place. When there is a long waiting list, it of course, takes longer.
 Dallas ranks first and Fort Worth second in Texas in the number of long-distance calls. Nearly 200 toll operators and other employees are required by the Southwestern Telephone Company to operate the Dallas toll office, which is the largest in the Southwest.

From this office many calls are put through each day to every section of the United States, and to Canada, and occasionally calls are put through to Cuba. These calls are first routed to New York City, thence to Florida and from Florida through the submarine telephone cables to Havana.

Plans are well under way for taking care of the visitors to the Sacred Harp convention to convene in this city Saturday night and extend over Sunday. Nacogdoches is one of the counties composing the association instead of San Augustine, as stated in yesterday's paper, however, visitors are expected from San Augustine as well as other counties not in the association.—Lufkin News.

If partners would never raise a racket there would be less business for the courts.

A REAL DAIRY HERD

UNITED STATES DEPARTMENT OF AGRICULTURE
 Bureau of Animal Industry
 Local Office
 2001 F. & M. Bank Building
 Fort Worth, Texas, July 24, 1922.
 212

T. E. Burgess, Nacogdoches, Texas.
 Sir—I am pleased to enclose herewith Accredited Herd Certificate No. 7374, certifying that your herd is free from tuberculosis. I hope that you will appreciate the distinction of your herd being classified as free from tuberculosis by the State and Federal government, and you have our permission to give this matter as much advertisement as you see fit, as it is believed that such action will stimulate the work of testing herds in the Accredited Herd work and individual tests.

Wish to take this opportunity to thank you for your co-operation in this work, and sincerely hope that you will give careful consideration to the requirements of the state regulations in maintaining your herd as free from tuberculosis. If you are not entirely familiar with the requirements for adding cattle to your herd, please take this matter up with this office or the Live Stock Sanitary Commission, 701 Wheat Building, Fort Worth, Texas, and we will gladly supply you with the information desired.

Very Respectfully,
 H. Grafke,
 Inspector in Charge.

The above is a real dairy herd. The largest pure bred and registered herd of Jersey cattle in the whole of East Texas. (Over one hundred head in this test.) This is why this dairy has been able to furnish their customers with the richest sweet milk, cream and butter that it is possible to produce. Milk that is clean, healthful for babies and the most delicate person to use. It has taken 18 years to build up this herd and business. So you can see that this is one dairy that has stayed in business and many of its customers have been with them the full time. If you are not one of them, why not? They are prepared to serve you.
 T. E. Burgess.
 29-6d.

A lot of lads don't have to have very good eyesight in order to see their finish.

For Torpid Liver

"Black-Draught is in my opinion, the best liver medicine on the market," states Mrs. R. H. White, of Keota, Okla. She continues: "I had a pain in my chest after eating—light, uncomfortable feeling—and this was very disagreeable and brought on headaches. I was constipated and knew it was indigestion and inactive liver. I began the use of Black-Draught, night and morning, and it sure is splendid and certainly gives relief."

Theford's BLACK-DRAUGHT

For over seventy years this purely vegetable preparation has been found beneficial by thousands of persons suffering from effects of a torpid, or slow-acting liver. Indigestion, biliousness, colic, coated tongue, dizziness, constipation, bitter taste, sleeplessness, lack of energy, pain in back, puffiness under the eyes—any or all of these symptoms often indicate that there is something the matter with your liver. You can't be too careful about the medicine you take. Be sure that the name, "Theford's Black-Draught," is on the package. At all druggists.

Accept Only the Genuine.

L. 19

TO THE VOTERS OF NACOGDOCHES COUNTY

I wish to take this method to thank you for the support given me in the July primary.

While I concede defeat, I do not attribute it to any lack of effort on the part of my friends, but due mainly to my inability, caused through continued sickness for one month prior to the primary, to place my candidacy before the majority of the voters of the district.

I have always taken an interest in the development of East Texas; and when I can be of any service to Nacogdoches county, I shall be glad to do all in my power. Your friend, I. D. Fairchild.

TO THE VOTERS OF NACOGDOCHES COUNTY

To those that supported me in the primary on the 22nd, I sincerely thank you.

To those who voted against me I have no ill will towards you.

To each and every voter I wish you a happy and prosperous future. I remain your friend, J. G. Frederick

FROM HIS WIFE

Though defeated for the nomination for county treasurer, I wish to express my appreciation of and thanks for the splendid vote I received, and to assure those who opposed me that I bear them not the slightest animosity.

Especially do I appreciate the unflinching courtesy of my opponent in the race for his generous courtesy and his kindness in arranging transportation for me to various meetings of voters in the county. Mrs. I. D. W. Wilson.

The cotton leaf worm is reported to be playing havoc with the crop in this section and farmers are making a big fight for the suppression of the menace. Several kinds of poisons, dry and liquid, are being used, though the result is said not to be satisfactory in some localities.

A postcard mailed 14 years ago in Chicago reached Maryland this week. It takes one republican administration to correct the omissions of another.

STATE FAIR WILL HAVE RADIO SHOW

Latest Strides in New Science to Be Demonstrated Oct. 6-15

TO BROADCAST NEWS FROM FAIR GROUNDS

A comprehensive and intensely interesting radio show will be one of the big features of the State Fair of Texas, at Dallas, Oct. 6-15, this year, as is announced.

At the radio show the latest developments in the new science of wireless communication will be fully demonstrated. It is planned to have a broadcasting station—the first time such has been obtained at any similar exhibition. Messages from visitors to Dallas may be transmitted back to home folks wherever there may be a receiver set up, capable of catching the impulses from any of the present Dallas stations.

Geo. W. Goodwin has been named superintendent of the radio department, and he promises much of interest to radio enthusiasts.

An exhibition of apparatus as made by amateur radio enthusiasts will be another feature. At a similar exhibition fostered by a Dallas paper some time ago, more than 600 such sets were shown. Mr. Goodwin believes such an exhibition will be of great benefit to young fellows interested in radio, who living in smaller towns, have not the advantage of seeing factory-made equipment which may be utilized as patterns for their own work. The State Fair show will offer such opportunity.

HARRY HOPLEY TO JUDGE SHORT HORNS AT FAIR

Harry Hopley of Atlantic, Iowa, will judge short-horn cattle at the State Fair of Texas, Oct. 6-15. Mr. Hopley has accepted the appointment and expressed himself as highly pleased at the prospect of coming to Texas.

Mr. Hopley is one of the best known breeders in the country and is recognized just as prominently as a judge of impartial fairness.

FOUR JUDGES TO PRESIDE AT FAIR POULTRY SHOW

Four judges will officiate at the State Fair Poultry Show this year, entries for which close Sept. 25. They will be W. O. Hobbs of Missouri; Cass Smith of Oklahoma; J. T. Johnson of Iowa, and H. E. Savage of Arkansas, a former Texan. Special attention will be given to water fowl and to pigeons and pet stock this year, according to Superintendent Walter Burton. Premiums in the various departments of the poultry show total \$35,000.

RAPID WORK ON NEW STATE FAIR STRUCTURE

Work is progressing rapidly on the new Manufacturers' and Automobile Building at the State Fair of Texas. The new structure will be 185x590 feet, built of steel and brick. It will house the many exhibits of Texas manufacturers, as well as the magnificent automobile show which dealers announce will feature the 1922 Fair. It will be provided with a maple floor, permitting to be used for other purposes while the Fair is not in progress.

In Doubt

Jenkins was sitting down to breakfast and was aroused to see an announcement of his own death. He rang up his friend Smith and asked: "Have you seen the notice of my death in the paper?"

"Yes," replied Smith. "Where are you sleeping from?"

Mr. D. M. Bangs, advertising manager of the Lufkin News, was in the city Thursday and favored the Sentinel with a fraternal call. Since Mr. Bangs took charge of the News advertising department about three months ago the paper has taken a higher rank than ever among the well-patronized and attractive appearing newspapers of the state.

Pretty Rough

"Doesn't it give you a terrible feeling when you run over a man?" they asked him.

"Well, if he's a large man," replied the owner of the motor, "it does give one a pretty rough jolt."

IN SELF DEFENSE

Friend: Why do you wear your beard so long?

Husband: Because my wife buys my neckties.

An optimist is a fellow who loans a guy \$10 when said guy already owes him \$20.

When small towns and small people wish to cheer up, they enjoy the smug reflection that they are not as wicked as the big fellows.

SHOOTS WIFE THINKING HER TO BE BURGLAR

From the Center Champion, 26th. Mrs. Clyde Matthews received a very serious wound in the arm, near the shoulder, yesterday morning, when her husband shot her with a shotgun, thinking her to be a burglar in the house.

The tragedy occurred at their home in Carrolltown community at about 3 o'clock yesterday morning. Help was immediately summoned and Mrs. Matthews was rushed to the sanitarium here where it was found necessary to amputate the arm near the shoulder joint. Her condition is very critical though hopes for her recovery are entertained. She suffered, in addition to the shock, considerable loss of blood before a surgeon could be secured.

The story of how the tragedy occurred was told this reporter by members of Mr. Matthews' family. It is stated at about 3 o'clock yesterday morning something was bothering the chickens. Mrs. Matthews heard the noise and awoke her husband, who arose and took his gun from the rack for the purpose of going to the rear of the house to see about the chickens. In the meantime Mrs. Matthews got up from the bed and went to the kitchen, Mr. Matthews being unaware that she had left the room. When he started through the kitchen and discovered her, he presumed that she was a burglar and demanded a response as to "who 's it, speak or I will shoot." Mrs. Matthews, assuming that her husband knew that she had left the room and that he was speaking to some other discovery, said nothing. A second demand for a response was made and when no reply came he fired. The bullet went through the arm near the shoulder, inflicting a very serious wound, requiring the amputation as above stated.

Mr. Matthews is heart broken over the affair and has the sympathy of those who know of the tragedy. Both Mr. and Mrs. Matthews are well known here, having resided here from time to time for the last few years. They have two small children. The affair is a deplorable one and regretted by all.

COUNTY CONVENTION

The County Democratic Convention was called to order at 2 p. m. Saturday and elected T. H. Summers temporary chairman and W. P. Smith secretary.

The committee on organization, representation, credentials and resolution were consolidated and S. W. Blount, C. B. Watkins and L. A. Moss appointed on this committee.

The committee on organization, permanent officers of the temporary officers, who were elected.

This committee recommended a convention vote of 78 votes for the county in the state convention based on the vote for governor in the last general election. Also recommended delegates to the county convention the parties who were elected by the various precinct conventions.

A resolution endorsing the Volstead law and denouncing any proposition looking toward the sale of wine and beer was adopted.

Unit rule on all resolutions in state convention was adopted.

A resolution endorsing the administration of Governor Neff and pledging earnest support in future was adopted.

The following were named as delegates to the state convention: H. H. Greer, Jesse Cariker, Eugene Payne, Frank Garrison, W. H. Gray, E. H. Blount, C. B. Watkins and L. A. S. M. Adams, W. U. Perkins, Arthur Seale, S. W. Blount, R. B. Walthall and Governor Pat Neff.

Delegates to Congressional Convention: C. A. Hodges, H. V. Fall, T. E. Baker and Frank Sharpe.

Delegates to Senatorial Convention: H. L. McKnight and J. J. Greve.

Delegates to Judicial Convention: J. M. Marshall, Jesse Bates, Tom Curl, A. B. Stoddard and John Schmidt.

EARLY SETTLEMENT HOPED

Undated.—President Harding's conferences with railroad executives and union leaders revive hopes of an early settlement of the railway walkout.

Railroad officials assert that passenger and freight service is practically normal and that there is increased recruiting and building up new shop forces.

Union leaders maintain that the walkout of shopmen is continuing 100 percent effective, insisting there is no return to work by strikers.

Unpleasant Prospect

I once knew a man whose wife was continually nagging him. She nagged and nagged until finally the poor fellow died. Then she was sorry, very sorry. So she erected a handsome tombstone on his grave on which was carved the following inscription: "Rest in peace until I join you."

TRUCK GROWERS ORGANIZER FOR NEXT SEASON'S WORK

In response to a call issued by the Boosters Club, truck growers to the number of 29 met in the district court room Saturday evening and listened to several talks on the tomato industry, co-operation, cotton, etc.

The meeting was called to order by Elbert Reese, who, in a few well-chosen words, explained the objects of the gathering.

On motion of J. F. Slay of Appleby, T. J. Lloyd was elected chairman.

The chairman called on H. L. McKnight, secretary of the chamber of commerce, for a talk on co-operation. Mr. McKnight pointed out how the cotton farmer has been able to handle his product without the co-operation of his neighbor due very largely to the fact that cotton is non-perishable, is shipped as cheaply in 100-bale lots as in thousand bale lots, and that it reaches the factory in the same package and form in which it leaves the country gin. He pointed out how radically different the conditions of success were in producing truck. The cotton farmer can have his own way very largely in the marketing of his product. The truck grower cannot. He must of necessity work "hand-in-hand" with his neighbor.

"The farmer who must have his own way in disposing of his own product, ought to stay out of the tomato business," said Mr. McKnight.

Mr. Manor, a successful tomato grower of Alto, and Mr. Ellington, a successful grower from Roak, both addressed the meeting and gave many details about the successful growing of tomatoes. Both men stressed the importance of producing an early crop to secure the advantage of high prices that nearly always prevail for the first week's shipments.

Chairman Lloyd asked every man present who wanted to and intended to grow truck crops next year to stand up. The following men stood up and asked to be counted on for a tomato crop next season: George Reese, J. F. Slay, J. M. Jones, A. D. Hicks, R. F. Pain, W. A. Martin, W. S. Hornbuckle, L. L. Martin, R. J. Fuller, J. R. Williams, Frank Powers, Jeff Chandler, J. J. Justice, J. D. Burrows, T. J. Maroney, L. C. Hanks, W. M. Mast, Wise Tindall, Martin King, O. H. Hanna, A. S. Rueker, J. C. Peacock, E. J. Tindall, Gene Muckleroy, J. W. Hutson, H. T. Mills, T. J. Lloyd, R. P. White and R. E. Hanna.

On motion it was agreed to defer permanent organization until next Saturday, August 5th, when those who prefer to grow truck, either melons, tomatoes, cantaloupes or potatoes, will meet at the courthouse at 2 p. m. to secure the names of all growers, with the acreage each man proposes to grow, after which a permanent organization will be effected.

It was voted to retain Mr. Lloyd as chairman until permanent organization can be effected. It was believed by those present that at least 200 acres will be planted here in tomatoes another season.

The melon growers are urged to organize along with the tomato growers, as the organization will be a "truck growers' association."

TRUCK GROWERS' MEETING SATURDAY, AUGUST 5

To Our Farmers:

You are invited and urged to attend a truck growers' meeting at the district court room, Nacogdoches, on Saturday, August 5th, at 2 p. m.

The object of this meeting is to secure additional acreage to be planted in truck next season and to perfect a permanent organization by adopting a constitution and by-laws, and by the election of a board of directors to manage the association.

If you want to grow any kind of truck for the market, come to this meeting and get in the game. If you want to have a voice in the association be present and cast your vote.

If you want to learn about the truck business, come to the meeting. We welcome the business men into our councils. We have the assurance that they are with us.

The district court room will be supplied with ice water and fans. You can be comfortable while you learn something.

T. J. Lloyd, Chairman.

Folks who can not afford to go away for vacation avoid the problem of deciding the place.

Dover, who fired democrats at Washington in half a column a day, has resigned under fire in four lines.

If men are going in for style, as the clothes designers say they are, they will look odd for a while in their summer-felt boots and earlaps.

About the easiest way to develop light without heat would be to develop the shining possibilities of a bald head.

CULBERSON FILLS WIVES TO AID THEIR OWN FUTURE

Shipped July 27.—Senator Culbertson's statement was the first public comment on the primary and was said by his friends to be virtually a concession of defeat. The telegram sent to Judge Miller said:

"I thank you for your telegram. It is beyond my power to express the deep gratitude I feel for the very fine and unselfish work you did for me during the campaign. I appreciate it with all my heart. While I shall take no part in the second primary myself, I feel like my friends, as a matter of course, should exercise their own judgment as to whom they should support."

Senator Culbertson's statement was the first public comment on the primary and was said by his friends to be virtually a concession of defeat. The telegram sent to Judge Miller said:

While I shall take no part in the second primary myself, I feel like my friends, as a matter of course, should exercise their own judgment as to whom they should support."

MAYFIELD MEETING

There was a meeting of Mayfield supporters held at the courthouse Tuesday night, the attendance being small on account of the intense heat and lack of publicity.

Mr. R. C. Monk was chosen as chairman of the meeting and Mr. Orland Patton secretary.

Short talks were made by three or four speakers and Judge S. W. Blount was named as county chairman. Precinct chairmen will be named as soon as possible and the work of the campaign systematized.

It was ordered that a telegram be sent Candidate Mayfield asking for a speaking date at Neogdoches, the meeting pledging a strong effort to secure attendance from the surrounding counties, as it is plain Mr. Mayfield can not speak in every county in the state, and his personal activities necessarily must be confined to certain districts.

BEN F. EDWARDS AND BRIDE ARRIVE HERE

From the Troup Banner, 27th. Ben F. Edwards who has spent almost two years traveling about the world to the West and South as far as New Zealand and the Tonga Islands, and who touched in many strange ports, particularly of the islands of the Pacific, arrived in Troup Sunday afternoon. With him and to the surprise of his relatives and friends here, is his bride, who was Senorita Ceile Pena, a little Castilian beauty. However, she is not, as you may be supposing, "A bonnie bride from far over the ocean" who speaks broken English. But, quite to the contrary, she is a native Texan girl, who preferred to be called "Miss", who speaks perfect English and "broken" Spanish and whose winsome ways during a sweethearthship of more than five years were such as to call back from half around the globe the one persistent bachelor of the Edwards clan.

Mr. Edwards and Miss Pena were united in marriage Sunday, July 23, at the home of Mr. and Mrs. D. D. Selman of Teague. Rev. Scott, minister of the Christian church of that city, officiated. The ceremony occurred at 1 o'clock and the happy couple left at 1:30 for Jewett, where they caught the Sunshine Special, arriving in Troup at 6 p. m. A telegram, evidently garbled in transmission, announced their arrival at 6 p. m. Monday afternoon; so it happened that their arrival at the home of Mr. and Mrs. Henry Edwards here on Tuesday afternoon was as much a surprise for the moment as had been the notice but recently given that they were to be married. Mr. and Mrs. Selman are the foster parents of the young lady, having taken her and her two brothers into their home upon the death of her mother when she was but a little girl. Her father is a business man of Nacogdoches. Mr. Edwards first met her at Lufkin. One of her brothers is employed at Hillsboro, and the other at Dodge City, Kansas.

Mr. and Mrs. Edwards will spend a few days at Tyler with relatives and go to Lufkin about the first of August, where they will probably make their home. Mr. Edwards left Honolulu, Hawaiian Islands, July 3, reached San Francisco the 10th and arrived at Teague on the 16th, and the wedding occurred a week later.

Field Marshal Wilson's assassins were sentenced to die on the gallows, but President Wilson's backbiters were sent to congress.

Assistant Secretary of the Treasury Dover would appear to be leaving under the civil service rules.

Some people go through life unmanned, and some haven't time to have new brake linings put in.

COATS AND NETTLES GET PEN SENTENCES

The Houston Chronicle of Thursday morning contains the following, which may prove of interest to our readers, as the parties are said to be well-known in this county, and our officers were instrumental in their arrest:

Lennie Coats, 19, of Shreveport, and O. B. Nettles, 23, of Houston, were found guilty of a joint charge of automobile theft in Criminal District Court Tuesday afternoon and a penalty of two years in the penitentiary assessed against them.

On the stand Coats admitted taking a Ford automobile in Houston and selling it for \$100 in Cushing. He told in detail of instructions in auto theft given him by a man he called a professional auto thief in Dallas and how he obtained tools to change numbers on cars. Coats denied that Nettles had any connection with the crime.

Nettles testified that he went with Coats, his cousin, thinking that the latter was to be married in Dallas. He said he knew nothing of the car being stolen until he was out on the road beyond Humble and denied that he shared in the proceeds from the sale of the car.

GREEN PEPPERS SHIPPED FROM TROUP IN CAR LOTS

From the Troup Banner. J. C. E. Schmidt, local manager for Shoemaker & Dublin, general headquarters at Jacksonville, has shipped two solid cars of green peppers from Troup this week. The first car went out Saturday under ice. It contained 600 bushel baskets and was sold on the tracks at 90 cents per basket to a Chicago firm. The second car, which went out Monday, was under ice and carried about 600 baskets. We are not advised as to the terms of the sale or final destination of this car.

So far as we recall, this represents the first car lot shipments of pepper ever to go out from Troup or from any other nearby East Texas point. Troup has been a heavy shipper of peppers by express for many years. Acreages at Arp were drawn upon to complete these cars. It is probable that other car lot shipments of peppers will be made from Troup this season.

Denison, Texas, July 27.—Adjutant General Barton and Colonel Nimson, commanding the National Guardsmen encamped here, the second day of martial law it is understood asked Governor Neff to extend the military zone at Denison to include the Choctaw, Oklahoma & Gulf railroad property. The trackage, roundhouse and coal chutes of this road were not included in the boundary declared in the martial law proclamation. Barton and Nimson neither affirm nor deny the report. No trouble has occurred so far, and none is expected, according to the officers. Nonunion men for replacing striking shopmen continue to arrive and Katy officials say that by Friday 400 men in the shops are expected and others will be brought in as rapidly as possible, it is said.

Spokesmen for the shop crafts unions say they will fight to the end and claim the union shopmen are remaining out 100 percent. Representatives of the unions and railroads both expressed a willingness that railroad property remain under military supervision until all danger of trouble is past. Sixty nonunion workers brought to work in the Katy locomotive shops quit their jobs voluntarily last night, leaders of the striking shopmen say. The men left Denison, it was said.

After all, virtue as simply the triumph of discretion over appetite.

On the Other Hand "This world would be a pleasanter place if there were not so many fools in it."

"Yes, but it would be more difficult to make a living."

1922 PINE BURR HAS ARRIVED

The 1922 volume of the Pine Burr, the name of the Nacogdoches High School Annual, has arrived and is being distributed from Swift Bros & Smith's Drug Store. This edition consists of 200 copies which were made at a total cost of \$850, or an average cost of \$4.50 per copy. Most of the issue is covered by subscription, however, about 20 volumes are on sale at \$3 each, which is \$2.25 less than actual cost of production.

The 1922 Pine Burr is a very attractive edition and represents the high school and its activities in a most satisfactory manner. Truly it would be a credit to a larger school.

A SPLENDID REVIVAL

Rev. M. C. Johnson, D. D., returned home Friday morning from Athens, La., where he had been conducting a protracted meeting. He reports a very fine revival, in which all evangelistic Christians heartily co-operated. There were twenty-five additions to the Presbyterian church, with several to join this Sunday, and perhaps fully as many to join the Methodist and Baptist churches.

I have just opened a grocery and feed store next door to Elmo Bright's on East Main street, and have a brand new, up-to-date stock at the right prices. Every thing fresh. I want part of your trade. Will pay the highest market price for chickens and eggs throughout the year. Bring them to me. G. W. Morris. 25-wif

City Marsh' McNeess and Mr. Walter Trout of Lufkin were in the city at noon Saturday close on the heels of one J. P. Turner, wanted by the Angelline officers for alleged law-breaking in that county, for every being the specific offense, according to the visiting officers. They appear to have missed their man by a narrow margin.

666 Cures Malaria, Chills, Fever, Biliousness, Headaches, Colds and LaGrippe.

"Buffalo Bill, where do you get saddles and pads for your Rough Riders?"

From Waco, Texas, made by Tom Padgett Co.—Over fifty years in business—they don't hurt your horse.

(Padgett's ad has been carried in the Hallow papers for over sixty years.)

Nacogdoches Iron Works

Does all kinds of Gas Engines, and Farm Machinery repair work. Located North of Electric Light Plant on Southern Pacific Tracks. PROMPT SERVICE REASONABLE PRICES

Mrs. Jewel Smith Scogins of Houston is visiting her parents, Mr. and Mrs. W. B. Smith.

Mrs. Ernest Spradley and children of Dallas are visiting relatives and friends in the city.

David Washburn left Wednesday for San Antonio to attend the Citizens' Training Camp at Camp Travis.

Miss Lee Kesler of Beaumont is here as the guest of her cousin, Miss Lelia Watson.

Mrs. J. F. Ferritte and daughter, Miss Lorene, left Wednesday for a visit at Camp Pershing.

Miss Mamie Lou Wade of Mt. Selmah arrived Monday to visit her sister, Mrs. W. O. Stewart.

Miss Edna Earl McCarter of Commerce is visiting in the city, the guest of her cousin, Miss Ruth Middlebrook.

The deep test on the Guy Blount acreage, 12 miles south of the city, was spudded in Monday morning.

Mrs. Herbert Schmidt entertained several couples with bridge Friday night.

Misses Lottie and Mabel Hall of Center are here for a visit with their aunt, Mrs. R. E. Booth.

There will be a graveyard working at the Union Graveyard August 10. Everybody come and bring tools and dinner. R. J. Christian.

The annual institute for county school trustees will be held in this city beginning Monday, August 21. A 100 percent attendance is expected.

After a ten-days' visit with her parents, Mr. and Mrs. J. H. Buchanan, Mrs. J. H. Mack, Jr., left Thursday for Dallas to join her husband.

IMPROVEMENTS AT THE QUEEN

Frank Taylor, chief projectionist at the Queen Theater, announces that he has added the latest motor-driven attachment to his already efficient equipment in the booth, and says that hereafter he is going to furnish some high-class projection that will compare with the best to be had. The management of the Queen is contemplating adding other accessories to its projection room and says that soon it will compare with the best in the state. A new "blow-in" fan was installed on the roof of the theatre yesterday morning and many people commented on the improvement in ventilation last night.

Messrs. Eugene Blount and Hal Tucker, two of the very prominent citizens of Nacogdoches county, were in the city yesterday mingling with numerous friends and expressing regret at the failure of our candidate to receive the vote in that county to the extent to which he was so well entitled. The former was a pleasant caller at this office, and in the future will be regaled by daily visits to The News, the congratulations of this paper being extended to Mr. Blount in his overwhelming election as a member of the state legislature from Nacogdoches county.—Lufkin News, 26th.

666 quickly relieves Colds, Constipation, Biliousness and Headaches. A Fine Tonic.

The ice-cream luncheon given on the courthouse lawn Friday night by the ladies of the Christian church is reported to have been a success from every standpoint. As a social function it was all that could be asked for, and the financial returns were satisfactory, something like \$28 being received. The music by the Polgrove orchestra was simply fine.

Dr. J. D. Ellington, accompanied by his brother, W. A. Ellington, of Houston, visited San Augustine and Shelby counties, the latter returning to Houston Tuesday night.

Editor Jack Dearing of the Garrison News was a pleasant visitor in the Sentinel office Thursday morning.

The home of Ella Lewis, colored, on South Pecan street, was entirely destroyed by fire discovered about 3 o'clock Thursday morning.

Mr. Albert Bright and family have returned from a few-days' fishing trip to Durst Lake and report a fine time.

Mr. T. G. Vaught of Garrison, who led in the race for sheriff in the late primary and will be in the run-off, was in the city Thursday.

Mrs. Mary Raaberry is here from her country home for a visit with the family of her son, Mr. Lonnie Raaberry.

Miss Josie Nelson, buyer for the ladies' ready-to-wear department of Eichel's, has returned from the Northern markets.

Mr. and Mrs. W. J. Chandler, who had been visiting with Mrs. Chandler's father, Mr. D. A. Washburn, for several days, returned Friday to their home in Shreveport.

Mrs. Lawrence Sullivan of Lufkin underwent an operation at the Smith Sanitarium of this city Wednesday and is reported to be recovering nicely.

Miss Georgia Turner, who visited with relatives at Decatur for the two weeks of her vacation, was back on the job as clerk in the Western Union office Monday morning and appeared greatly benefited by her fortnight's rest.

Mr. and Mrs. Osborne James, who had been visiting the former's parents, Mr. and Mrs. E. M. James, for several days, left by auto Monday morning for their home at Okmulgee, Okla.

Rev. Mr. Billingsby of Lufkin is conducting a most interesting and successful revival meeting at the West End Tabernacle. Services begin at 8 p. m. and all our people are invited to attend and take part.

Mrs. E. A. Blount left Wednesday for Fort Worth where she will be joined by her son and daughter, Dr. E. A. Blount, Jr., and Mrs. Graham Stewart. They expect to go to Rochester, Minn., and probably other points before returning home.

FOR OVER 40 YEARS

HALL'S CATARRH MEDICINE has been used successfully in the treatment of Catarrh.

HALL'S CATARRH MEDICINE consists of an Ointment which Quickly Relieves by local application, and the Internal Medicine, a Tonic, which acts through the Blood on the mucous surfaces, thus reducing the inflammation. Sold by all druggists.

F. J. Chesney & Co., Toledo, Ohio.

MISS JENNIE HARRIS

Miss Jennie Harris died at 8:30 Saturday night at the home of her brother, Mr. Juns C. Harris, in this city, aged nearly 51 years. She had been ill for many months, a victim of tuberculosis, and while her death was expected, her passing caused a pall of sorrow to settle over the city, and on every side were heard expressions of profound grief when it became known that for her the end had come.

She bore her sufferings with unexampled fortitude, cheerfully, uncomplainingly. All that affection could suggest or medical skill accomplish was lavished upon her in a tireless effort to conquer the insidious malady which had fastened upon her, but without avail. The summons, that in the end, must come to each and all, had come to her, and Azrael, "the gentle help of God," softly kissed her eyelids down and led her, smiling, in to sleep. A beautiful life ended in a beautiful death, and the reward of the pure in heart is hers. And the loved and loving ones as they stand beside this new-made grave, should not moan farewell, but rather say "good night," as they have often done before, for in a little while they, too, must cross to the other side, where on "that Beautiful Isle of Somewhere," they may hope to strike hands with her once more and say "good-morning" in the dawning of another and more perfect day.

Deceased is survived by two brothers, J. C. Harris of Nacogdoches and W. H. Harris of Silsbee, one sister, Miss Lula Harris of this city and a number of nephews and nieces.

Funeral services were held at 5 o'clock Sunday afternoon, conducted by Rev. S. D. Dollahite of the Baptist church, assisted by Rev. M. C. Johnson of the Presbyterian church and Rev. E. G. Cooke of the Methodist church, and interment was in Oak Grove cemetery in the presence of numerous friends of the family.

The floral offerings were woven into patterns of exquisite beauty and were unusually profuse.

The active pallbearers were T. Tilford, Ben T. Wilson, John Perkins, Lee Gaston, S. M. Adams, Charlie Richardson, Albert Brewer and Claud Barrett.

Honorary pallbearers were J. N. Thomas, Dr. F. C. Ford, Dr. T. J. Blackwell, Dr. A. A. Nelson, S. W. Blount, Charles Hoya, Oscar Baxter, R. C. Monk, V. E. Simpson, K. P. Branch, D. W. Buchanan, Claud Gramlin, Dr. R. P. Lockey and Charles Perkins.

MRS. H. H. COOPER

Mrs. H. H. Cooper, one of the best-known women in this section, died at her home in Nacogdoches between 12 and 1 o'clock Wednesday night after an illness of about three weeks, aged 64 years.

Deceased had been in frail health for several years, but her condition did not become dangerous until within the last few days.

She is survived by her husband and a sister, Miss Mary Hoffman, who is well known to most of our people.

FUNERAL OF MRS. COOPER

Following funeral services at the home at 10 o'clock Friday morning, conducted by Rev. C. D. Atwell of the Episcopal church, the remains of Mrs. H. H. Cooper, who died early Thursday morning, were interred in Oak Grove cemetery in the presence of one of the largest gatherings for such purpose recently known in Nacogdoches.

The floral tributes were of unusual number and beauty, attesting in a touching way the affection in which deceased was held by our people.

The pallbearers were Messrs. V. E. Middlebrook, B. S. Shirley, W. G. Hillcamp, Arch McKnight, Sam Ailes and Louis Mullins.

MRS. T. A. BURROWS

Mrs. T. A. Burrows, aged 69 years, died Saturday night at her home, two and a half miles east of the city and interment was made at 3:30 Sunday afternoon in Fairview cemetery.

With the death of this good woman passes one of the "mothers of Israel" of Nacogdoches, who will long be remembered for her gentle kindness and the beneficent influence which she wielded upon all who came within the radius of her lovable personality.

She is survived by six children, Mrs. E. B. Fowler, Mrs. George Muckleroy, Mrs. Joe Allen, Mr. Ed Burrows, Mr. Virgil Burrows, all of Nacogdoches county, and Mr. Walter Burrows of Shackelford county.

The bereaved family have the heartfelt sympathy of a wide circle of friends.

Subscribe to the Sentinel.

MRS. J. T. PLEUCKER

Mrs. John T. Pleucker, aged 68, well known to most of our people, died at her home in Houston at 2 o'clock Thursday morning and the remains were brought to Nacogdoches on the 2:05 E. & W. train Friday afternoon. Funeral services were held from the Catholic church, the funeral cortege proceeding direct from the station, and the solemn service for the dead was spoken by Rev. Father McCarthy, followed by interment in the Catholic cemetery in the presence of a large concourse of sorrowing friends.

Deceased was a daughter of the prominent Rimmelle family, pioneers of this section, and her home was here until some time after her marriage, when with her family she moved to the country, her husband engaging in farming.

Mr. Pleucker died, and Mrs. Pleucker moved to Houston about two years ago, making her home at 45 Stanley street.

She is survived by two sons, A. R. of Houston and J. A. of Port Arthur; three daughters, Miss Madie and Mrs. Lon Lee, both of Houston, and Mrs. J. T. Castro of Nacogdoches.

The stricken family have the sympathy of a wide circle of friends.

Mr. J. H. Shaw, general freight agent for the Frost-Johnson Lumber Company, with headquarters at Shreveport, was in the city Thursday morning, and when seen by the Sentinel man had just returned from Fern Lake, where he had run Isaac Walton a close second, judging by the string he caught—and had them prepared at Weaver's Cafe, where he was joyfully joined by the newspaper man and Agent F. L. Williams of the Nacogdoches & South Eastern and full justice was done the delectable "fry." Mr. Shaw is a pleasant companion as well as a powerful fisherman.

TO WHOM IT MAY CONCERN

Nacogdoches, Texas, July 27, 1922. This is to certify that I have been consulted by Mr. T. G. Vaught for the past fifteen years when ill.

In fact, I have been his consulting physician during this time whenever he felt that he was seriously sick. Hence I know of my own personal knowledge for this length of time he has never been addicted to the use of any drug.

The statements that are being circulated that he is a morphine habitue are entirely erroneous, and without foundation of truth.

Very respectfully,
F. R. Tucker, M. D.

28-2d2p.

MR. BURNS WITHDRAWS

A phone message Saturday afternoon from J. E. McFarland of Jacksonville, private secretary to Congressman John C. Box, conveys the information that Mr. John B. Burns, who, on the face of the returns was in the second primary, has notified him that Mr. Burns is instructing the chairman of the congressional committee of the district to omit his name from the ticket in the various counties, as he concedes the race to Mr. Box, who, therefore, will have no opposition on the democratic ticket for the nomination.

The members of Co. C, 143d Infantry, Texas National Guard, our local military unit, left on the noon train Thursday for Camp Mabry, Austin, for two weeks of instruction and drilling. The company was in command of Lieutenant Eugene Casley, who probably will be its next captain. The Timpson company was on the train en route to the same destination.

COW HIDES WANTED

We are paying 7 cents per pound for green hides. It is absolutely necessary to salt every hide just as soon as it is removed from the beef, else it will spoil.

Ship them to us in boxes by express. Put one tag inside of box and one on outside.

LITTLE'S

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Little's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

Small size 50 cents bottle. Large size \$1.00.

JAMES F. BALLARD, Prop. St. Louis, Mo.

Mr. and Mrs. A. H. Smith and son, Andrew Henry, and Mrs. John B. Nelson, left Monday by automobile for Kerrville, where they will remain for a few days at the Presbyterian encampment. They were joined at Houston by Mrs. Giles Halton, who has been on an extended visit.

JOHN S. JINKINS, Mgr.

TO THE VOTERS OF NACOGDOCHES COUNTY—

Mr. T. G. Vaught has made our community a better place in which to live. In his long official capacity, he has never known neither friend nor foe in the discharge of his official duty, and we have forced a continuous peace duty upon him for the protection received at his hands. We have seen him bring to justice the best friends he had, and we have likewise seen him save the lives of men unfriendly to him at the time, at the risk of his own personal safety. He has been in many tight places where he would be justified in using violence, but without flinch or falter, he would never compromise his duty as he saw it. He is a gentleman of sterling integrity and moral worth, which relieves him of the embarrassment of any bad environments, and he is in thorough sympathy with the moral uplift of the country.

In these troublous times when a wave of crime seems to be growing up in the country, and the best citizenship of the country is demanding better conditions and better enforcement of the laws of the land, we can conscientiously recommend Mr. Vaught as a man in every way capable and worthy, who will put every effort possible to better conditions, and a sense of gratitude for the good service we have enjoyed at his hands, impels us to give this voluntary testimonial to his sterling worth, which we do, without his knowledge or consent.

You will also remember that Mr. Vaught ran for sheriff two years ago and got a very fine vote; this entitles him to the office. There are some enemies of Mr. Vaught telling over the county that he is a dope fiend. When you hear this, look good at the party telling it, and see if he isn't full of shyness, or else a bootlegger; not a word of this is true.

Vote for T. G. Vaught for Sheriff of Nacogdoches County, and you will have a master peace officer, upon whom you can rely, and of whom you will never be ashamed.

Mr. J. N. Shirey of Malakoff was a business visitor in the city Monday.

Mrs. M. C. Johnson, accompanied by her daughter, Miss Ira Mary, left Tuesday for Fairfield, Ill., where they will visit for a month with Mrs. Johnson's mother, Mrs. Julia O. Rider.

Mr. Erwin Henry of Alto and Miss Ellen Whiteaker of the Lone Star community were married at 8:30 Thursday morning in the county clerk's office by Judge F. D. Huston.

Mrs. Z. T. Mast returned Tuesday from Battle Creek, Mich., where she had been for several months for her health. Her many friends are glad to see her looking so well and to know that she was benefited.

Mr. Tom Muckleroy was operated upon for appendicitis Tuesday at the Smith sanitarium and a report Wednesday stated he was getting along nicely.

When you feel lazy, out of sorts and yawn a good deal in the day time you need Herbine to stimulate your liver, tone up your stomach and purify your bowels. Price 60c. Sold by Swift Bros. & Smith.

Mr. Dee Brown, former well-known Nacogdochan, now in business at Oak Cliff, suburb of Dallas, is here for a vacation visit with friends. He likes his new home fairly well, but of course no place compares with old Nacogdoches.

Mr. and Mrs. D. A. Walling, accompanied by Mrs. G. B. Engledow, motored to Shreveport Tuesday to meet Mr. Walling's sister, Mrs. G. H. Herring of Birmingham, Ala., who will be his guest for an extended visit.

Mrs. W. A. Nelson, who returned home Sunday from a two-months' visit to her daughters in California, has again opened her boarding and rooming house on Main street.

Forty years of constant use is the best proof of the effectiveness of White's Cream Vermifuge for expelling worm in children or adults. Price 35c. Sold by Swift Bros. & Smith.

A committee of citizens, headed by Attorney Angus Russell, appeared before the council Tuesday and petitioned for the straightening of Banita creek and the construction of such levees as may be necessary to prevent a recurrence of the recent disastrous flood, when many thousands of dollars worth of property was destroyed. The move is a good one and should have the earnest endorsement and assistance of all.

The two seventy-five horsepower engines for the light plant have arrived. Mayor Bussey says the engines will probably be unloaded next Monday or as soon as a mechanic arrives from the factory who will do the placing of the engines.—Timpson Times, 26th.

FROM THE BOOSTER CLUB

The Boosters' Club have many things in view that they intend to do to make Nacogdoches one of the prettiest little cities in East Texas. This undertaking is one of the main things they hope to accomplish. Who is there that does not want to see such a beautiful city? Who is there that will not co-operate and lend their assistance and encouragement to such a movement? Surely everyone is for it and will help in any way possible. Doubtless before this article goes to press some of the residents on Mound, North and Starr Avenue have been approached on the matter of tearing away all the old wooden fences about your place and especially around your front yard. If you have an iron fence and in good condition paint it. But if it is an old fence let's tear it down and clean up the weeds, if there are any. We know the people will do this. We want this done this week, too.

Mow the lawns, cut the weeds, tear down the old fences, then take a ride around the Loop and see what a great step we have made in making Nacogdoches "more beautiful."

BURGLARY SUNDAY NIGHT

The office of Dr. J. K. Castleberry was burglarized some time Sunday night, supposedly by the gang which has made a specialty of stealing narcotics in this city for several months. Dr. Castleberry stated to a Sentinel reporter that the robbers secured about 1,400 grains of morphine, which, according to one of our leading druggists, would have a retail value of about \$100. There was no clue to the identity of the burglars.

A MANLY LETTER

Center, Texas, July 31, 1922.

To the Public:
For just one simple reason I shall not continue in the race for congress. It is because Box will defeat me. I can't possibly beat him.

Now that it's settled, let's talk things over. Box has made a fine congressman, though he should have voted for the soldiers' bonus.

I am proud of our congressman. He is a big, broad-gauged, earnest rugged, plain-every-day fellow. He is more. He is a Christian gentleman. He defeated me fairly and squarely. I was ambitious and wanted to make a name.

I thank my friends.

Congratulations, Box; I'm for you!

JOHN B. BURNS.

Purity and healing power are the chief characteristics of Liquid Borzone. It mends torn, cut, burned or scalded flesh with wonderful promptness. Price 30c, 60c and \$1.20. Sold by Swift Bros. & Smith.

Movie bride claims she is going to stay married this time. She is on her last lap.

This Paint
is Made for
Painting Floors

A paint may be good, but still not good enough for floors. You may have found that out yourself. However, when you use a paint made especially for painting floors, you're sure to be delighted with the result.

Lowe Brothers Hard Drying Floor Paint is made for painting floors. Contains extra tough varnish that stands up under the severest treatment all floors get.

It's called Hard Drying because it's just that. Dries hard quickly and stays hard. Easy to apply, easy to keep clean. Wears and wears.

Come in and see the sample panels and ask for literature.

TO THE VOTERS OF NACOGDOCHES COUNTY

Without my knowledge or consent a report seems to have been circulated to the effect that my opponent, Mr. Vaught, is addicted to the use of certain drugs, which report was started before the first primary.

I have the highest regard for Mr. Vaught and he is now and will be after the election, regardless of the outcome, my personal friend.

It is not my desire to be sheriff of Nacogdoches county upon false reports, and if I can not win on my own merits, coupled with my desire and ability to discharge the duties of the office, I do not want it.

The day has passed when men can win upon the demerits of their opponents, and such conduct in our present-day politics should be rebuked by the voters of our state.

Since entering the contest for sheriff, I have endeavored to keep my campaign upon a high plane and no word or act of mine has ever reflected upon my opponents.

If in the judgment of the good people of Nacogdoches county I am their choice for sheriff in the coming primary, I promise to fill the office without fear or favor, and my one desire and only purpose will be to perform my duties well under the oath I assume.

Obediently yours,

W. O. Strode.

The farmer isn't the only one who gets his living out of dirt. There is the modern novelist.

RECOGNIZANCE BOND ALLOWED O. B. NETTLES

O. B. Nettles, Houston youth who was convicted on a charge of complicity in the theft of a Ford automobile by his cousin, Lonnie Coates of Shreveport, who made a statement before a jury in Criminal District Court, was allowed \$2,000 recognizance bond by Judge C. W. Robinson late Monday afternoon. The bond was signed by F. G. Dunn, S. R. Moore and H. L. Shrake.

Sentence was passed on Nettles at the same time Coates was sentenced to the penitentiary, but he was held pending his appeal for a new trial. Coates in his statement declared Nettles was not a party to the auto theft.

—Houston Chronicle, 1st.

A Blessing

The following card of thanks recently appeared in a Kansas newspaper: "I wish to thank the city authorities for quarantining my family and me for three weeks because one of them had the small pox. During that time my wife caught up with her sewing; we had three square meals a day, as no one came in and she was not permitted to leave; we enjoyed three weeks of good nights' sleep; and best of all, a cousin with four children had arranged a visit with us, saw the smallpox sign on the door, and left town so scared she will never come back again. So for these and other blessings we are very thankful for the quarantine."
