

School Days Are Here

We have the most complete stock of school supplies that we have ever had and the values are better than ever.

Do not overlook our large stock for it is complete in every line.

We are taking special pains with the children and have ample help to give them quick service.

Send your child to us and we will fit them out.

We have an extra special value in metal lunch kits. Ask to see them.

Miss Jerusha Carter is teaching in the high school at Cushing this year.

Miss Effie Mae Carter left Sunday for Garrison, where she is employed on the faculty of the public school.

Mrs. Henry Fuller, Jr., of Houston, arrived in the city Tuesday for a visit with relatives.

Commissioner Muckleroy and a force of laborers are at work on the Henderson road and it was reported the road would be in fine shape by the end of the week.

Miss Willie Gramling left Sunday for Jacksonville to resume her duties as teacher of advanced music in Alexander College. It is pleasing to note this talented young lady's success in her chosen profession.

Miss Bettie Lewis Harris has returned from Austin, to which place she accompanied her sister, Miss Virginia, who re-entered the State University for the ensuing term. She came by way of Terrell, where she visited briefly with relatives.

Misses Flossie Parrish of Burke, Viola Grimes of Alto, Clara Patterson of Garrison, Minnie Seelbach of Cairo, Estelle Brookshire of Timpson and Ruth Corey of Timpson, students in the Stephen F. Austin Teachers' College, have secured board with Mrs. A. E. Carter, East Houston street.

Miss Gladys Turner left Tuesday to enroll as a student in the Tyler Business College at Tyler and hopes to complete the course in five or six months. The Sentinel predicts success for this capable young lady, who is entirely worthy of it.

Miss Thelma James returned Monday from Carthage, where she represented the local Epworth League at the district institute of the League. She reports a number of fine lectures and a most enjoyable and instructive meeting.

Mr. T. C. Smith of Center arrived Monday and took a position with the Sanitary Market as meat cutter, and all-round man. He has had a wide experience and is said to be on the job. Glad to have him as a citizen. Messrs. Muckleroy and Swift, the new proprietors, are fortunate in getting him.

D. A. Bell from Brookeland was here Tuesday giving our town the "once-over." Mr. Bell may become one of us shortly.

A marriage license was issued Monday by County Clerk Perritte to I. E. Murphy and Mrs. Bertha Hutson of Nacogdoches county.

Rev. George C. Moore, Mrs. Louis Muller and her daughter, Frances, and Mrs. Giles Haltom have returned from Dallas, where they attended the Texas Synod and Synodical of the Presbyterian church, making the trip by auto.

Wednesday morning Mr. P. H. McLain took the Sentinel man for a spin in his new Gray automobile, for which he has the agency for four counties. So far as the reporter could judge, the Gray is a "bang-up" machine and possesses some advantages which autoists are bound to appreciate. It is smooth-running, almost joltless and apparently has great strength.

Miss Julia Nelson entertained the Cotillion Club Friday night with a lawn party at the beautiful Nelson home on North Mound street. There were 14 couples present and a delightful time was enjoyed. Refreshments of cake, punch and sandwiches were served and games played, the young people leaving at 11 o'clock after a happy evening. Miss Julia showed herself, as usual, a charming hostess.

Miss Dora Lee Burrows, daughter of Mr. and Mrs. W. P. Burrows, met with quite a painful accident Monday morning while driving her car near the home of W. P. Burrows on Power street. She had just started and had turned to place some packages in the rear seat, when the machine swerved and ran into a telephone pole, smashing the car pretty badly and inflicting severe cuts and bruises on the young lady, whose lips were split and ankle gashed. Surgical aid was quickly summoned and she is doing as well as could be expected.

The quota assigned Nacogdoches in the Red Cross campaign for funds for the relief of Japanese earthquake sufferers, was oversubscribed, we are gratified to report. This information was furnished by Dr. G. D. Atwell, head of the Red Cross in this county.

STARTLING STUNTS BY DARING LITTLE AVIATRIX AT FAIR

Dainty, Daring Miss Lillian Boyer to Thrill With Death-Defying Feats.

Dainty, daring little Lillian Boyer, the aerial girl dare-devil, who thrilled visitors to the Louisiana State Fair last year and proved one of the greatest sensations in the history of the exposition at Shreveport, has been engaged as a feature entertainer at the 1923 State Fair, October 13 to 23, inclusive.

Since last year's appearance, Miss Boyer has added some more stunts. One of them which is superlatively thrilling, is to ascend in her machine to a height between 1,000 and 1,500 feet and at that perilous altitude to leap out in a parachute.

Other startling performances to be given by Miss Boyer include the following: leaping from a rapidly moving motor car on the race track to a small rope ladder suspended from an aeroplane and then climbing to the machine while it is rising at terrific speed; standing on top of an aeroplane, with her trained little feet through leather straps and her arms out-stretched, she is whizzed through loops-the-loops; jumping from the aeroplane while suspended by her teeth.

Miss Boyer flirts with death every time she gives one of her marvelous exhibitions, but she doesn't seem at all excited. Instead, she leads you to feel that she's thoroughly enjoying herself. To look at this slip of a girl, only 20 years old, cultured and refined, one is inclined to consider her a joy to behold rather than a dangerous stunt. But she is apparently just as much at ease "up among the clouds" as she would be whirling around "down on earth" in social gaities.

This remarkable little performer will "stage" a series of daring feats each day of the State Fair. She will wear a complete outfit of white so that the spectators may see her to best advantage while doing her perilous aerial tricks.

BABY SHOW WILL BE A BIG DRAWING CARD

Every department of the State Fair of Louisiana, October 13 to 23, inclusive, promises to draw expressions of praise and admiration from many visitors, but none will prove more popular than the annual Baby Show. In this show the entries are all precious little specimens of humanity, darling little boys and girls. Just how many youngsters will be entered in the 1923 Baby Show is not yet known, but the indications are that there will be at least 1,000. Up to 5 years of age they are eligible, and the premiums are offered so that competition is open to those of different ages, also to babies from rural sections and to those from cities and towns. In other words, a large variety of premium offers is made. Separation of the children as to sexes is also made in the premium list. Prizes are for boys, and prizes are for girls, and then, of course, there are sweepstakes without regard to whether the highest scores are by boy or girl.

While premiums are offered in the Baby Show, the competition is only a secondary feature. The primary object of this show is that of encouraging the best possible care of the child. Through the examinations conducted at the Baby Show, any deficiencies that may exist are detected and reported to the parents on the score cards, and with this information the parents can have the defects corrected. The examinations are without cost, and many parents receive a service through the Baby Show that they could not or would not get otherwise.

The Baby Show, as customary, will close with a special program, at which the prize-winners will be announced and impressive talks on the importance of the Baby Show will be made.

CANARY BIRD INDUSTRY GETS STATE FAIR SPACE

The raising of canary birds should be encouraged, in the opinion of the management of the State Fair of Louisiana, and, in accordance with that belief, a canary bird department has been added to the State Fair for this year's program, October 13 to 23, inclusive.

There will be two classes in this new department. One will be confined to exhibits by Shreveport people, and the other will be for exhibits from outside the city of Shreveport. Attractive premiums will be offered in each class.

Quite a number of citizens of Shreveport are engaged in the raising of canary birds, which are bred and sold profitably in a number of instances. If properly encouraged, it is believed, the industry will gain largely in interest and importance, because the canary is among the world's sweetest songsters.

For further information, write W. R. Hirsch, Secretary-Manager, Shreveport, La.

Want to Trade For Old Wagon

Who has one in good condition? Will give you big trade if you will bring it in at once.

Stoves and Heaters

Just unloaded a car of the old reliable Bridge Beach cook stoves and heaters

Come in and get one, take it out and try it for 30 days and if you are not perfectly satisfied with it, bring it back and get your money. We pay you for your trouble in returning.

If this is not a fair proposition, then you say what you want and we will try and meet it.

Anyway, we want you to come in and look at the stoves.

Tucker-Sitton Hardware Co.

ATTRACTIVE IMPROVEMENTS

It is needless to mention the civic improvements now going on in our town for they are readily noticeable to every one. The Boosters feel that when such improvements are added, for the civic pride of our town, special mention of same should be made, and it is indeed pleasing to note the added improvement to the millinery store of Miss Florence Whitton and the shoe store of Mr. C. L. Farr on the south side of East Main street by the nice plate glass front with two large up-to-date show windows, recently placed in this building by Mr. Jesse Lee, the owner of same, and he is to be congratulated for the civic spirit shown toward our city by this added improvement.

In this same block there has also recently been added a modern awning to the front of the building of Miss Lena Justice which is now occupied by the Grand Theatre. The awning for this building for some reason was not added at the time the other was erected, though realizing the disadvantages in not having placed the same, it has since been erected to correspond with the other, making this entire side of East Main street equipped with modern up-to-date awnings.

The old awning formerly standing in front of the Ingraham two-story building on the south side of the post office square, has also recently been removed by the owner of this building and the modern awning taking its place, which is also an added improvement to this side of the postoffice square.

Another attractive plate glass front will be that of the Summers Furniture Company store, which is now being placed in the Hoya building on the west side of the postoffice square, which when completed with two large show-windows, will be one of the most up-to-date business houses to be seen anywhere.

These are only a few of the many improvements going on in our city at this time, the main one, the greatest of all for the town and one in which the entire town and citizens are most interested, is the wonderful paving program now being carried out, and with several streets having already been completed without a single refusal on the part of a property owner to fall in line and pave, it is hoped that this progressive spirit will continue throughout the entire paving

project and we will have a 100 percent paved town with no unpaved skips or gaps whatever, for surely none of our good citizens are going to permit such sign of non-progressiveness to appear in front of their home or property.

Join in this big movement by promptly signing up in order that the work may progress rapidly and we will soon have the best paved town in East Texas.

On with more paving and a greater Nacogdoches. The Boosters.

EXCHANGE SEED FOR MEAL AND HULLS

We will give you 17 sacks of meal for one ton of cotton seed, or three tons of hulls for one ton seed. This is better than cash for either.

12-6dw3 NACOGDOCHES OIL MILL.

The Sentinel acknowledges a pleasant call Monday afternoon from Dr. A. O. Browne, the new pastor of the Main Street Presbyterian church, who held his first service as regular pastor Sunday. Dr. Browne was for a long time general secretary of the Young Mens Christian Association in New Orleans, and is a chaplain in the Reserve Corps, United States Army. He is an eloquent speaker and earnest Christian gentleman. There is little doubt that the church here will prosper under his ministrations. We welcome him to Nacogdoches.

Two inches of rain fell here between 7 o'clock Monday morning and the same hour Tuesday morning, according to Postmaster Cooper's gauge, he informed the Sentinel Tuesday. The heaviest downpour was about 2:15 Monday afternoon.
