2:45 p. m. "What I Think of Trench Silo," Willie Cooper, Henry D. Hamilton.

3:30 p. m. Visit to Mr. Quincy D. Fuller's orchard.

Farmers Planting Vetch For Soil

Several Eastland county farmers are making plans to sow hairy vetch on cropland as soon as it rains, for the purpose of building up their soil. The vetch will also serve as a cover crop to prevent soil blowing during the winter and spring months.

Idus Echols of Staff community is sowing 30 acres on land that was planted to cowpeas. He fertilized the cowpeas with superphosphate fertilizer. Robert Tucker of Carbon plans to sow 20 acres of vetch. Small acreages are being sowed for seed plots by J. D. Inabnet of Pioneer, A. W. Armstrong of Rising Star and R. L. Williams of Gorman. A. A. Hyatt of Gorman has already sown some vetch in his pecan orchard.

Hairy vetch is sowed or planted in rows in well prepared land after the first fall rains at the rate of about 20 pounds per acre. The seed should be inoculated before planting and planted at a depth of about two inches.

Peanut Disease Control Being Closely Studied

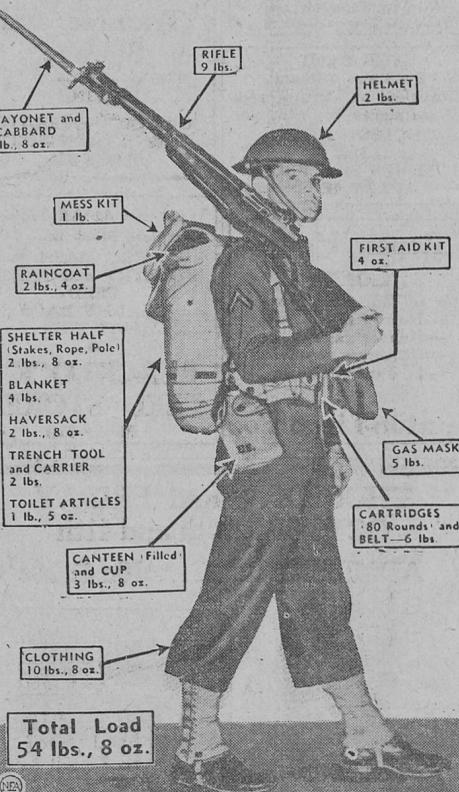

E. A. Miller, A. & M. College Extension Agronomist, has been requested to cooperate with peanut growers of Eastland County and the county agent in making a study of "Southern Blight," the peanut disease that has been taking a heavy toll of peanuts for the last several years. County Agent Elmo V. Cook advised Miller early this week that more than seventy-five percent of the peanuts in some fields have rotted off the vines because of the blight and that the disease has become more intense and extensive in the county for the last five years.

Cook advised that he is expecting Miller and other specialists to arrive in the county some time during the next two weeks to study the disease in the fields and to make recommendations for controlling it next year.

State Highway Information Oct. 8 Through Oct. 14

The State Highway engineer lists the following sections of road in Eastland and adjoining counties as being of a temporary traffic facility nature and advises traffic to proceed with caution over them, through October 14. Sections involving travel through construction areas are so indicated.

U. S. Highway No. 80 (1)—Eastland county, 0.10 mile, around Leon river bridge under construction at east city limits of Eastland, fair in all weather. (2) Eastland county 0.12 mile, around bridge under construction, 2.0 miles west of Ranger, fair in all weather, dusty.

U. S. Highway No. 281 (1), Palo Pinto County—0.51 mile, from 1707' north of junction Highway 80, south, drive slowly, dusty.

For the benefit of motorists, the Texas Highway department has in operation six courtesy stations, located at or near the Texas border on main arteries of traffic entering the state. These courtesy stations are operated fourteen hours each day. The furnish information of road conditions, points of interest, state parks, hotel accommodations, the natural resources of the state, and a description of the Pan-American Highway to Mexico City. These courtesy stations are located at the following points:

- 1—In Cautillo on U. S. 80.
- 2—At intersection of U. S. 281 and 287 in Wichita Falls.
- 3—West city limits of Texarkana on U. S. 67.
- 4—In Laredo on U. S. 81.
- 5—In Orange on U. S. 90 at west end of Sabine River bridge.
- 6—In Glenrio on U. S. 66.

Airport Projects Bill Is Signed As Tour Is To Start

WASHINGTON, Oct. 10.—President Roosevelt today signed the \$228,131,000 bill which includes \$40,000,000 for improving about 250 civil airports for defense projects.

Tonight the president begins a two-day tour of defense establishments in Pennsylvania and Ohio and will make a major speech Saturday night at Dayton, Ohio.

THE WEATHER
WEST TEXAS: Decreasing cloudiness north central portion. Partly cloudy with showers elsewhere tonight. Friday generally fair, except partly cloudy in southeast portion. Colder.

COURT RULES CITIES MUST PAY GAS TAX

AUSTIN, Oct. 10.—The Texas supreme court has held that municipalities must pay the four cents a gallon tax levied on gasoline the same as private purchasers. In another decision it was held that Houston Belt & Terminal Railway company is liable for additional franchise tax, which it had contested on the ground that it was a non-profit organization formed by railroads entering Houston to facilitate handling of traffic.

The gasoline tax decision held the city of El Paso liable for the tax on 70,579 gallons of gasoline purchased in New Mexico and used in municipal vehicles. The case was considered a test one for both cities and county and is estimated to involve a million dollars in gasoline tax for the state at large.

Today's ruling in an opinion by Judge Richard Critz held that the gasoline tax is not an ad valorem tax, an income tax or an occupation tax from which the city would be exempt, but an "indirect excise tax." The tax is on first sale inside the state but the statute defines "first sale" also to include use.

One of El Paso's defenses had been that the gasoline was purchased outside the state. Judge Critz said: "To hold that a city can purchase motor fuel outside the state and escape the user tax would be to hold that the legislature has deliberately enacted a law which would for all practical purposes prevent dealers within the state from selling motor fuel to cities and government agencies. We do not believe that the statutes evidence such an intent."

The opinion also held that restriction of the use to city streets did not exempt the user from the tax because city streets are part of the public highways.

The gasoline tax ruling of the supreme court affirms that of a Travis county district court and overrules the third court of civil appeals, which had held cities were exempt from the gasoline tax because they were not specifically named among those subject to the tax.

Ranger HD Club Meets On Tuesday; Plans Fair Work

Mrs. O. A. Hinman was hostess to the Ranger Home Demonstration Club at the regular meeting held Tuesday afternoon at 2 o'clock when a work program was carried out, which consisted of quilting.

After the business session plans were completed for the club's participation in the Eastland County Fair. The members entered into a round-table discussion on the subject of poultry with each giving pointers on how to feed hens for better egg production.

Those attending the meeting were Mmes. Hardin Neal, Lillian Eastland, Jack Blackwell, J. B. Ferris, G. T. Williams, J. H. Wallace, G. C. Love, L. E. Wallace and the hostess, Mrs. Hinman.

Pioneer Farmer Near Completion Fertilizer Test

J. D. Inabnet, who farms near Pioneer in Eastland County, will have completed a series of fertilizer experiments on his land when he harvests his peanut crop. In order to determine what commercial fertilizer is best adapted to his land and the maximum quantities it is profitable to use, Mr. Inabnet used different fertilizers in varying amounts on separate blocks of peanuts. He intends to check the yields and fertilizer returns when he threshes the peanuts.

Mr. Inabnet has built up his farm from a badly eroded, worn out piece of land to a profitable farm by terracing, planting at least half of the cropland to peas to be turned under green and using commercial fertilizers in the land. During the last two years he has cooperated with the county agent in demonstrating soil building by fertilizing legumes with phosphate fertilizers, then turning under the legumes while they are still green.

County K. P.'s To Attend Abilene Meeting Oct. 14

Many Eastland County members of the Knights of Pythias are planning to attend a meeting of that order in Abilene Monday night, Oct. 14, at which time John Lee Smith of Throckmorton, a high ranking officer in the Pythian order, and State Senator-elect from this district, will be the honorees.

The meeting will be held at the Automobile Building on the Abilene fair grounds, beginning with a barbecue and banquet at 6:30 p. m. and lasting until 7:15 p. m.

Initiatory work in the rank of Page will begin at 7:30 p. m.

The program of amusement and entertainment, including that portion pertaining to the honoree, will be from 8:30 p. m. to 10:00 p. m.

Stephenville Man Heads Eastland Democratic Group

AUSTIN, Oct. 10.—With the campaign for "a million Texas votes for Roosevelt in 1940" well underway, the Texas democrats have launched their statewide finance drive to assist the nationwide fight to return the president to office on Nov. 5, Myron G. Blalock, Texas Roosevelt campaign manager has announced from headquarters at Austin.

C. O. McMillan of Stephenville has been named by Blalock as chairman of the Eastland county finance committee and is in charge of collecting local contributions for the Roosevelt drive. Democrats here have been urged to contact the county democratic finance chairman.

Funds collected in Texas, Blalock stressed, will be used by the National Roosevelt Campaign committee in the doubtful states to combat the vast financial backing of the opposition. Every Texas democrat, he said, is to be offered an opportunity to make a contribution, no matter how large or small, to the Roosevelt cause.

Those who wish to contribute may either give the help to the county finance chairman or mail it to Democratic Campaign headquarters at Austin, Blalock said. An official souvenir receipt will acknowledge every contribution reaching Austin, and a second receipt will be mailed the donor from Washington headquarters, he added.

"There is no doubt Texas will go overwhelmingly for Roosevelt November 5, but as the banner state of American democracy, Texas must also help the fight financially in bordering states. As usual we must depend on the people themselves to combat the almost unlimited financial backing Eastern capital is giving the republican nominee," Blalock stated.

Morton Valley P.T.A. Met On Last Tuesday

Fifteen mothers met in the auditorium of the Morton Valley school for study Tuesday afternoon at 2:45 o'clock. Mrs. Joe Butler presided and Mrs. Ted May brought the lesson, "When Do We Eat." Mrs. T. L. Wheat will present the next lesson on October 22.

The Morton Valley Parent-Teacher Association held its first meeting of October in the high school auditorium Tuesday, Oct. 8 at 8:45 o'clock with the president, Mrs. T. L. Wheat, presiding.

Pupils of the fourth grade, directed by Miss Loma Fay Hearn, presented a program on "Book Friends."

Mrs. Ted May, membership chairman, reported 50 paid memberships. The campaign will be that dues may be sent to the closed at the next meeting so state office before Oct. 25th.

Mrs. Thad Henderson, finance chairman, announced plans for a carnival to be held November 1. Committees to be in charge of the various concessions were named.

A quintet of high school girls, Doris May Harbin, Anna Joy Hearn, Jo Jane Nix, Berta Lee Pickett and Doris Wheat, accompanied by Mrs. Roy Baskin, gave a song, "I Would Be True." Mrs. McMahon gave a talk on "Well-Founded Attitudes."

Those present were: Misses Glenn Duncan, Loma Fay Hearn, Opal May Hearn and Clara Williamson; Mmes. H. Tankersley, T. E. Castleberry, W. E. Tankersley, O. H. Williamson, W. A. McMahon, J. W. Harrison, T. L. Wheat, Roy Baskin, Langlist, Joe Butler, J. D. Clements, Josie K. Nix, W. F. Crouch, Cecile Eubanks, Byron Rucker, Raymond Rucker, N. E. Jensen, Clyde Colley, H. C. Pounds, Ted May, Nettie May Terry, Clint Jones, W. B. Peoples, H. Adams, J. E. Craig, D. D. Franklin, Thad Henderson, H. O. Hearn, W. E. Hensley, J. C. Carter and Dee Williamson; Mr. W. A. McMahon and Mr. W. F. Edwards.

County Singers Meet at Mangum Saturday-Sunday

The Eastland County Singing convention meets Saturday night and Sunday at Mangum. A. E. LeClaire, president of the organization, states that from all reports there will be a good attendance.

The Eastland county singers organization is one of the oldest of its kind in this section.

Is Becoming Extinct Over This State The "Opera House"

AUSTIN, Texas—The "opera house," once the gathering place in Texas for amusements, commencement exercises, political conventions and prize fights, is becoming extinct.

Many of the old opera houses still exist as buildings but they have been remodeled and turned to other uses.

Passing of the opera house in Texas began with the advent of the vaudeville houses and the movies. Some were turned into picture houses and still furnish a stage for the one night road shows that tour the west. City auditoriums now get the grand operas and the bigger stage shows.

Many of the old opera houses no longer are devoted to any type of entertainment. Some have been remodeled into stores or office buildings. Some house industries. Over a few the lyre and the mask remain as reminders of earlier days. "Opera house" is found lettered on the front of many a present-day Texas mercantile building in smaller Texas towns.

Famous among the old playhouses, the Hancock opera house in Austin still entertains as a second-run picture show. On its board the great of the stage appeared from 25 to 50 years ago—sometimes to dodge missiles from the exuberant State university students who always filled the gallery. Its predecessor, a stately old stone opera house with carved front, is used by a printing establishment.

Greenwall's Fort Worth opera house gave way to the Byers opera house in the flush days of cattle and oil development. Both were superseded by vaudeville houses, and now by movie palaces.

San Antonio's oldest playhouse became the Casino club and later a storehouse for supplies of the city water department. Its successor as an opera house passed through similar stages of club occupancy and conversion to mercantile uses.

Burlesque houses where the cowboys could drink while they applauded the show disappeared ahead of the opera house. Galveston, Houston, El Paso, all have seen their passing.

Nearly every city school now has its own auditorium for commencement exercises. Auditoriums or stadiums take the athletic events once seen in the opera houses.

Big opera companies still draw crowds on tour but they are not heard in opera houses.

Gone with the opera house is another long favored Texas entertainment—the minstrel show.

County Agent Says Treat Grain Seed for Planting

Treating of wheat, oats and barley seed before planting is being recommended by Elmo V. Cook, county agent who reminds Eastland county farmers that it costs less than three cents per bushel to treat seed and the expense and effort are repaid many times in increased yield of grain.

The standard treatment recommended for small grains is Ceresan, a powdered chemical which is mixed with the grain at the rate of one half ounce of the chemical per bushel of seed. The mixing can be done in a tight container by placing both in the container and agitating the contents or on a tight floor by turning the seed several times with a shovel after the Ceresan is dusted on the seed.

The county agent estimates that the yield of oats in Eastland county would be increased at least four bushels per acre with seed treatment, meaning an increase of twenty thousand bushels per year at a cost for Ceresan of less than \$300. The increase in yield of wheat in the county would probably be at least ten thousand bushels if all the seed were treated before planting. The probable expense would be about \$200.

Brownwood To Get Eighth Corps Area

BROWNWOOD, Oct. 10.—Headquarters for the United States Army's Eighth Corps Area will be moved from San Antonio to Brownwood it was announced and at the same time it was announced that additional orders had been given raising the corps here from 18,000 men to about 35,000.

RUMANIA NOW IS PREPARING FOR AIR RAID

Air raid shelters were hastily constructed today in Bucharest as diplomats speculated on the possibility of an axis drive southward against Turkey.

Famous among the old playhouses, the Hancock opera house in Austin still entertains as a second-run picture show. NAZI OFFICERS IN RUMANIA AS CIVILIANS

BUCHAREST, Rumania, Oct. 10.—(Passed by Censor)—Fifteen German officers wearing civilian clothes were reported to have checked in at one hotel today and informants said that numerous German aviation officers were in the city.

Reports from Galatz, on the Danube at the edge of Russian-occupied Bessarabia, said that many trucks, marked with swastikas, were in the streets and that the drivers were in mufti so it was not learned whether they were German soldiers or civil authorities supervising the evacuation of Germans from Bessarabia.

It was learned that the British legation had advised all Britons connected with the Rumanian oil industry to leave the country.

(At Stockholm, Sweden, the newspaper Tydingen said in a Berlin dispatch that German and Italian troops soon would press on from Rumania to Iraq's oil fields and that Turkey was rushing military preparations to oppose such a move. Other Swedish newspapers stressed the importance of the presence in Berlin of M. Magrianov, Bulgarian minister of agriculture and reportedly a close friend of King Boris. Some newspapers predicted that Bulgaria's claims against Greece would be pushed as soon as Bagrianov returned to Sofia.)

The Rumanian government last night replied to Great Britain's strong note asking for "elucidation" of the German military activity in Rumania. Sources close to the British legation said the reply gave "certain assurances of a general nature." Other sources said Rumania's note had stressed a determination to cooperate with the axis powers, with whom the country now was indisputably bound.

The note was forwarded immediately to London. Britain was said to have inquired whether the German activities signified either an occupation or a fictitious occupation of Rumania, and it was believed that Rumania's reply would determine whether Britain maintained diplomatic relations with Rumania.

The arrival at Constanza yesterday of 8,500 tons of Russian oil alleviated some of the apprehension here over Russia's attitude toward the sending of German experts to "train the Rumanian army." It is only a two-day trip by slow tanker from Russian oil ports to Constanza, and it was assumed that the shipment had left Russia after the coming of Germans here was disclosed. Hence the arrival of the oil was taken as a gesture of good will by Russia.

Camera Club Doing Such Good Work It Creates a Problem

The Ranger Camera Club members are showing a decided improvement in their work, a new display of prints made by the members of the club indicates. This display is in the lobby of the Gholson Hotel, near the entrance.

Subject of the latest efforts of the club is children, the prints on display showing good subject matter and excellent photography.

One of the chief troubles of the club members now, one member stated today, is in selecting the best prints as prize winners. The competition has become so close, he pointed out, since so much improvement in the work has been noticed, that selecting first prize winners over second and third places has created quite a problem.

The prints on display represent the best work done by club members in their most recent competition.

Dr. H. M. Lanham Is Buried in Waco

WACO, Oct. 10.—Funeral services were held today for Dr. H. M. Lanham, 66, brother of Fort Worth Congressman Fritz Lanham, and a son of the late Gov. W. T. Lanham.

Dr. Lanham died in a government hospital at Biloxi, Miss., Monday. He had lived here since 1906 after spending his boyhood in Weatherford.

tion of becoming a citizen, must register unless he is specifically exempted by law, provided he has reached his 21st birthday and has not passed his 36th birthday.

2. Q—What classes are exempted from the registration?
 A—The Selective Service Law provides that the only classes exempt from registration are members of the armed forces of the United States, the National Guard, the reserve corps, the coast guard, the coast and geodetic survey, the public health service, and cadets and midshipmen at national military academies. The staffs of foreign diplomatic establishments in the United States are also exempt.

3. Q—Suppose a registrant is absent from his home voting box on registration day. What procedure does he follow?
 A—Many registrants, such as college students, traveling men, and business men, will be away from their homes on registration day. They must go to the nearest polling place on that day and register. Their registration card will then be forwarded to the proper place.

4. Q—Suppose a registrant is sick on registration day. What should he do?
 A—He may deputize some person to get a registration blank for him and to assist him in filling it out. In some cases the person will be too sick to permit registration, so he will be allowed to register later on presentation of a doctor's certificate explaining the reasons for his non-registration.

5. Q—Suppose a man is married or suffers from some physical ailment which would make it impossible for him to perform military service. Does he have to register?
 A—Yes. All persons between the ages of 21 and 36, regardless of physical handicaps or conditions of dependency, must register on Wednesday, October 16.

6. Q—Can a man register late without being penalized?
 A—Only if he can produce sufficient evidence to justify his failure to register on the national registration day.

7. Q—What is the penalty for the failure to register?
 A—A heavy fine and prison sentence is provided for failure to register. Registration officials will make up a list of those failing to register, and this will be turned over to law enforcement officials who will round up the truants.

Registration—Actual Procedure
 1. Q—What, exactly, will the registrant have to do on October 16?
 A—He will report to his local polling place between the hours of 7 a. m. and 9 p. m. on Wednesday, October 16, 1940, to answer questions on a registration form which will be asked by the registration officials.

2. Q—How long will this registration take?
 A—The registration for each individual will require about 20 minutes.

3. Q—The registration form includes questions on the registrant's name, age, mail address, telephone number, employer's name and address, the place and date of birth, the citizenship, and the name of a close relative of each of the registrants.
 A—A brief physical description will be made by the registrar noting the race, height, build, color of hair and eyes, complexion, and obvious physical defects of each registrant.

4. Q—Is a physical description required on the registration blank?
 A—Yes. After the form is filled in, the registrar will read the answers back to the registrant who will then sign the registration form with the declaration that his answers are true. The registrar will also sign the form.

5. Q—What proof will an individual have that he has registered?
 A—After the form is filled in, each registrant will be given a certificate showing that he has already registered.

6. Q—Will it be necessary to keep these registration certificates?
 A—Yes. The registration certificate must be carried at all times so that it can be presented on demand to law enforcement or selective service officials. The registrant also must notify his local board immediately of any change of address.

Drawbridge On Dry Land Means A Job
 SACRAMENTO, Cal. — Nick Schwall receives \$50 a month as a bridge-tender on a bridge he does not operate.
 The War Department designated the Feather river as a navigable stream, despite the fact the stream has become so shallow for anything except small power boats. Not only that, the river channel has shifted until the drawbridge now is over dry land.

STATEMENT OF OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1935, OF THE EASTLAND COUNTY NEWS PUBLISHED AT RANGER, TEXAS
 STATE OF TEXAS, County of Eastland.
 Before me, a notary public in and for the state and county aforesaid, personally appeared Joe Dennis, who, having been duly sworn according to law, deposes and says that he is business manager of the Eastland County News and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper), the circulation, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1935, embodied in section 411, Postal Laws and regulations, printed on the reverse of this form, to-wit:
 That the names and addresses of publisher, editor, managing editor, and business manager are:
 Publisher — Walter Murray, Mineral Wells, Texas.
 Business Manager — Joe Dennis, Ranger, Texas.
 Editor — W. H. Mayes, Jr., Ranger, Texas.
 Managing Editor — Blanche Murray, Ranger, Texas.
 That the owners (give names and addresses of individual owners, or, if a corporation, give its name and address of stockholders owning or holding 1 percent or more of the total amount of stock):
 Times Publishing Co.; Walter Murray, Mineral Wells, Texas; Blanche Murray, Ranger, Texas.
 That the known bondholders, mortgagees and other security holders owning or holding 1 percent or more of the total amount of bonds, mortgages, or other securities, are: (If there are none, so state.)
 None.
 That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any contain not only the list as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary capacity for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest, bonds, or other securities than as so stated by him.
 That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the 12 months preceding the date shown above is (This information is required from daily publications only):
 JOE DENNIS, Business Manager.
 Sworn to and subscribed before me this 9th day of October, 1940.
 E. HINRICHS,
 Notary Public.
 My commission expires June 1, 1941.

Lessening the Economic Hangover

After more than a year of war, indications are that basic American economy has been only slightly disturbed. The stock market has not behaved hysterically. Food prices, rents, clothing and other commodity costs have not shot up to unhealthy boom peaks. There is no general profiteering.

The billions of dollars of defense appropriations have not yet shown up in the economic picture. There are, of course, certain to have their effects. It is impossible to spend that much money without having something to show for it besides boats and guns and armies. The money is bound to trickle down through to the average man. But there will also be a larger national debt and higher taxes.

But all of this is necessary. None of it is produced artificially. There is no panic—no rush to get in on the ground floor of "something good."

A recent survey of food prices generally throughout the United States reflected an increase of less than 5 per cent after the first year of war. Prices were about the same as they were a year ago, but were about 7 per cent higher than just before the beginning of World War II. The small increase reflects a normal fluctuation, caused by greater demand, rather than any speculative activity as a result of the war.

At the same time, wages have gone up. The Investors' Syndicate of Minneapolis has reported that wage earners are receiving about 15 per cent more than they were two months ago and salary workers about 7 per cent more.

Not all of the payroll increase can be ascribed to defense. Most of the defense program, after all, has not even been put into operation. Many economists believe that much of the industrial gain can be chalked up to normal changes, unrelated to the war.

The sane and orderly manner in which business has so far met and balanced the inevitable effects of a major war are encouraging. It's a pretty large order to keep an economic system running smoothly in one country when the rest of the world has forgotten all the rules.

As long as American business can continue to do the things that must be done without losing its head and basking in bloody profits, this country has less to fear from a post-war depression. The job is to build—build as fast as possible—but on solid rock.

Job-Seekers Will Get Science Tests

AUSTIN, Tex.—Student job-seekers will be tested scientifically at the University of Texas this fall, Arno Nowotny, assistant dean of men, announced today. Sponsored by the student employment service, a testing bureau for full and part-time jobs is being set up on the campus, fitted to rank students for any jobs from selling insurance to making change, Dean Nowotny pointed out. Prospective employers will be encouraged to contact the service regularly in filling any vacancy enabling them to choose the most

qualified people. Applicants will first fill out vocational interest blanks, later taking specific tests according to job preferences. Quizzes to measure skills in typing, shorthand, following directions, spelling and speed of perception will be given by the bureau, Nowotny said. Last year, exclusive of NYA posts, part-time jobs accounted for more than a \$50,000 payroll. Flats, seedbeds, and rotting soil are now sterilized simply and quickly with chloropicrin, once the "tear gas" of warfare. Treating soil to destroy harmful organisms is merely a matter of giving the slightly dampened area a shot or two from a bottle into which a small applicator "needles" the gas below the surface.

New Era Has First Study Meeting

The opening program of the New Era Club was given Wednesday afternoon when members of the club met at 3 o'clock in the home of Mrs. E. R. Green.

In a short business meeting preceding the program which was presided over by the president, Mrs. J. A. Johnson, Mrs. H. C. Kelley was elected to membership in the club and Mrs. J. A. Johnson and Mrs. B. S. Dudley were elected to serve the club as delegates to the district convention.

Mrs. B. S. Dudley, vice-presi-

dent of the club, presented members with year books and introduced Mrs. Vernon Deffebach who spoke on "Music Appreciation in the Home." Mrs. R. V. Robinson presented "A Review of An Opera" as recorded on a phonograph record.

The next meeting of the club will be held in the home of Mrs. George Rhodes, the meeting falling on October 23.

Present at Wednesday's meeting were: Mmes. J. A. Johnson, George Rhodes, V. Y. Cooper Jr., J. C. Carothers, Vernon Deffebach, Arthur Deffebach, B. S. Dudley, H. Clark, J. L. Turner, R. V. Robinson, M. H. Hagaman and Green.

Pricing Program To Feature Familiar Compositions

E. R. Priesing, head of the fine arts department of the Ranger Junior College, who will be presented by the 1920 Club, in a piano recital, Monday evening at 8 o'clock in the Recreation building, has announced that the program will be composed of selections that are generally familiar to music lovers. Among those included are the "Moonlight Sonata," the Brahms' waltzes and Liszt's "Hungarian Rhapsody." Mr. Priesing will also play one of his own compositions.

Junior Training Union Will Have A Study Course

The Junior Department of the B. T. U. of the First Baptist Church will have a Study Course Saturday morning beginning at 10:00 and they will have a picnic at 12:00 and at 2:00 in the afternoon will be the guests of the pastor, Rev. David M. Phillips and who is also the director of the department, in a theatre party. Rev. Phillips will take them to see the Western picture at the Columbia.

All Junior boys and girls between the age of 9 and 12 inclusive are invited to come and participate in the Study Course and be the pastor's guest at the theatre party.

The pastor will teach the book, "Trail-Makers In Other Lands."

The Training Union accepted a goal of 500 awards for this year which will end Nov. 1 and there remain only 81 more awards to reach the goal and it is the past-

Although Mr. Priesing is just beginning his second year of teaching in Texas he is already widely known as an outstanding musician. He is a member of the Texas Music Teacher's association and was recently requested to write an article for the magazine, Southwestern Musician.

The public is cordially invited to attend this recital Monday evening.

Miss Minnie Lee Shirley and Miss Dorothy Neville have returned to the homes in Grapeland after a visit with friends in Ranger.

Miss Faye Branton, Miss Frances Johnson and Mrs. Maurice Agnew attended the fair in Abilene, Wednesday.

Rev. and Mrs. Charles T. Tally of Childress, formerly of Ranger, are here visiting friends.

Mr. and Mrs. Harry Wheelon of Dallas are visiting in Ranger.

tor's desire that the Junior department will make a fine showing toward completing the Study Course. The Young People and Intermediate department are finishing up their awards.

Dr. C. L. Jackson is the general director of the Training Union and under his leadership the pastor states it is anticipated that the Training Union work will make some rapid and progressive strides. There were 103 present last week at the monthly business meeting out of an average attendance of 160 and enrollment of 225.

Plans are in the making for enlisting 100 or more to attend the golden jubilee convention which will also be the regular State Convention Nov. 21, 22, 23 at Dallas. Representatives from the First

Baptist Church will participate in the Better Music contest, the Oratorical contest, the Sword Drill, and the Story Telling in the Primary and Beginner work. It is regretted that there will be no Junior participants from this church.

The pastor is ably assisted in the Junior department by the following officers: Mrs. Imogene Bradford, pianist and leader of the 10 year old group; Mrs. Tom Hicks with the 9 year old group; Miss Marie Myrick with the 11 year old group, and Mrs. J. R.

considerable rise in British morale, a University of Texas historian today declared.

The palace bombing strengthened British morale and determination—at higher ebb now than usual—and helped to overcome any adverse feeling toward the government as a result of the Dakar incident, Dr. T. W. Riker, professor of history, pointed out.

Slow to recognize the gravity of sanitary and housing conditions—results of incessant bombing—the English are working fervently to improve them, he added.

 Some time maybe I can write a tribute to Hick Halcomb, my friend who passed on the other day. But not now—the suddenness of his going and the depth of affection which I held for him are such that adequate words just won't come. He was unique—humorous, philosophical, brilliant—and lived a full life, enjoying every minute of his all-too-brief years.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

of a West Texas weekly, eloquent stump-speaker, assistant Secretary of State and manager of Jerry Sadler's upset victory two years ago for Railroad Commissioner. Hick was deeply devoted to Sadler and named his recently-completed home in Austin "Hick'ry Grove," a play on his own name and the name of Jerry's birthplace.

Will the wonders of this mechanical age never cease? Making a key used to be—or so I thought—quite a slow and painstaking process. The other day, having broken the switch key of my car, I took the spare downtown to get a duplicate. Noticing a sign, "Keys Made," in the 5-and-10 cent store, I handed the key over to a young lady who clamped it in place and at the same time put a blank key in another grip. She turned a switch and a machine began feeling the pattern of the key and another machine began cutting the design into the blank key. In three minutes the duplicate had been completed.

Tom Martin, humorous "Sage of the Sagebrush", backed Irvin Cobb, Kentucky humorist, out of a debate on politics. If it had been held, that debate might not have been a laughing matter, at that.

As little children are the most defenseless against it, the family physician should be given the opportunity to administer for the protective treatment when the child is between six months and one year of age. A very definite risk is run if immunity is delayed until school age, as the prevalence and death rates testify.

Three months after toxoid treatment the physician will administer the Schick test to determine if protection has been adequately established. Thus science and the physician are unusually well equipped to fight diphtheria. Indeed, the defenses are almost perfect. However, parental recognition of this fact coupled with the intelligent

But the irony involved in the above lies in the fact that children need not have diphtheria. As previously stated, it can be prevented in a large percentage of cases by a simple harmless immunizing treatment with toxoid. The fact that in 1939 no less than 1,643 Texas youngsters contracted this disease is certainly no reflection on the available scientific weapons, but rather upon parental ignorance or negligence that deprived them of the protection.

To the non-immunized child, diphtheria still represents a pow-

ADMIRATION COFFEE PLANS CASH CONTEST

There's happiness ahead for the housewives of Ranger. Today's Times, announces the opening of the first of ten weekly contests to be sponsored by the roasters of

Admiration Coffee. There will be a new contest each week with a first prize of \$100.00 cash, second prize of \$40.00 cash, third prize of \$20.00 cash, and twenty cash prizes of \$2.00 each. The contest is simple. You merely write in twenty-five words or less "why you prefer Admiration Coffee."

It was pointed out that this contest should have special appeal to the housewives of Ranger in that it is restricted to the Southwest. Unlike national contests where your entry is pitted against many hundreds of thousands, this contest is largely local and hence

affords you an extremely good chance of winning a prize. Moreover, you may submit as many entries as you wish in each week's contest.

The \$3,000 contest is but a part of the Admiration fall and winter advertising campaign which is reputedly the largest and most extensive campaign in Southwest coffee merchandising history. The campaign is being sponsored to induce more Southwest coffee lovers to try Admiration and learn for themselves why Admiration is the Southwest's favorite coffee.

Although the campaign will be supported by outdoor advertising, radio announcements, and attractive store display material, the bulk of the advertising will be carried by approximately 150 Southwest newspapers.

The Times and other newspapers were selected by the roasters of Admiration to be the backbone of this elaborate campaign because of their versatile ability, officials said.

Striking advertisements each week throughout the fall and early winter will carry to the housewife the selling story on the deliciousness of Admiration Coffee.

Rules of the contest are simple. They are as follows:

1—Using a plain sheet of paper, tell in about 25 words why you prefer Admiration Coffee.

2—Print plainly on official entry blank (which will be found in each of the Admiration Coffee advertisements) your name and address and the name and address of the dealer from whom you buy Admiration Coffee. Attach one Admiration coupon, or facsimile, and mail with your contest entry to Admiration Department C-73, Box 2079, Houston, Texas. Admiration coupons are packed with every can, jar and package of Admiration Coffee.

3—Send in as many entries as

you wish, provided each is accompanied by an Admiration coupon or facsimile.

4—Judges will award prizes to the entries which, in their opinion give the most appropriate reasons for preferring Admiration Coffee. The decision of the judges will be final. No contest entries will be returned and all become the property of the Duncan Coffee Company.

5—Anyone may enter except the employees of the Duncan Coffee Company, their advertising agency and their families.

6—Entries are eligible from any place where Admiration Coffee is sold and prizes are subject to Federal, State and local taxes and regulations. Inapplicable in any jurisdiction where any part of this contest plan is taxed, regulated or prohibited.

7—If your dealer's name is on your winning entry blank he receives a cash award also.

8—Each week's contest closes Saturday, midnight. Entries received postmarked after that date

Fire Pervention Is Theme of Talk At Lions Club Meeting

C. E. May was presented at the regular weekly meeting of the Ranger Lions Club today in a talk on fire prevention.

The speaker pointed out that proper construction of houses was a good method of eliminating fire hazards, and said that where homes were constructed along accepted lines the insurance rate was much less. He pointed out several examples of houses built in Ranger according to specifications which kept them from being fire hazards and said their insurance rates were lower.

S. O. Montgomery was introduced at the meeting as a new member. Visitors included Dean Thompson of Scranton and Kenneth Plowman of Weatherford, NYA enrollees, and Rotarians Johnson and Pipkin of Eastland.

The next meeting of the club will be held at the home of Mrs. Edwin George, Jr., with Child Study Club as host.
