**THE CENSUS FIGURES.**

Footings showing New Mexico to have a population of 152,159—gain of 25 per cent. in ten years.

Some Comparative Statistics—The work Not Efficiently Performed. Population of Towns and Cities.

The New Mexican is enabled to give herewith to the people the first authentic information concerning the result or the census June last. The figures are as follow :

Bernalillo County exclusive of Indians, 16,910, Pueblo Indians, 3,859—Total 20,769.

Colfax, 7,961. Dona Ana 8,110. Grant, 9,150—U. S. troops 509. Total 9, 659.

Lincoln, 6,812, U. S. troops 191—Total, 7,003.

Mora, 10,377, U. S. troops 175—total 10,552.

Rio Arriba, 11,096, Pueblo Indians, 374—total 11,470.

San Juan, 1,890.

San Miguel, 24,367.

Santa Fe, 12,723—Puebla Indians, 581—U. S. troops, 106—total 13,410.

Sierra, 3,635.

Secorro, 9,575.

Taos, 9,354, Pueblo Indians, 487—total 9,841.

Valencia, 10,530, 3,109—U. S. troops, 480—14,117.

Total, exclusive of Indians,

Pueblo Indians..... 8,408

U. S. Troops..... 1,461

Total population..... 152,159

For purposes of comparison the appended figures from the census reports of 1870 and 1880 are given.

In 1860 "Arizona county," N. M., comprised the whole of what is now Dona Ana county and Arizona, the latter territory having been in 1863 carved out of Dona county, N. M.

In 1860 the population of Arizona and Dona Ana county was 6,482.

Counties. 1870 1880.

Thus the official figures show a

gain for New Mexico of 32,594 in the past ten years or a gain at the present time over the census of 1870 of 58,285.

SCARCELY CORRECT.

This is, in a measure, gratifying, of course, considering how far off were all guesses relating to such of the older states as Iowa, Kansas, Nebraska, Colorado and the north-western states and territories, also Arizona, which has a population only about equal to three of New Mexico's larger counties; but at the same time there is no doubt but that the recent census returns are far below rather than above the actual figures. The work has not been efficiently performed; from all the principal towns in the territory came complaints of omissions. In Santa Fe county alone the returns are fully 2,000 below what they should be, whole families having been overlooked by the enumerators. Thus it is not unreasonable to estimate that the actual population of New Mexico at this time is nearer 170,000 than it is 152,159—the figures that will go down as the official count.

POPULATION OF TOWNS.

It is not possible from the census figures at present, to give the population of all county seats, but the following are correct:

Santa Fe, 6,038 (within one and one-quarter mile of plaza); Albuquerque, 3,794; Old Albuquerque, Los Griegos and Los Candelarios' 2,265; Las Vegas, east, north and south towns, 4,693; Silver City, 2,252; Las Cruces, 2,416; Tierra Hinarilla and Los Ojos, 1,173; Taos, Fernando and Ranchos, 1,712; Los Lunas, Los Lentos and Los Chaves, 1,140; Lincoln 1,000.

Additional figures will be given in these columns from time to time as they are procurable from the census office.

**The Life of a News Gatherer.**

The life of a news-gatherer is beset with considerable woe. He is jawed for what he doesn't know and licked for what he does, if he tells it. He is compelled to laugh at mossy jokes and sympathize with imaginary ills. If he refuses an item he makes an enemy, and if he prints it he makes two. He is cursed until his suspenders burst—he is thankful he wasn't licked, and he goes on looking for the next fellow whose mother-in-law has come to stay for the winter.—Ex.

For several years the number of people killed at railroad crossings in Chicago has avraged 250 a year. The roads are now obliged to fence their lines and erect gates at all crossings.

## MISCELLANEOUS ITEMS.

## The Pecos Valley Lands.

The interior department was requested some weeks ago to supply for the use of the senate committee on public lands certain information and the department's opinion upon the bill introduced by Senator Teller to grant certain lands in Lincoln county, N. M., to the Lincoln County Ditch, Reservoir & Land company. This company has constructed a reservoir. the latter of capacity of 200,000,000 cubic feet, in the bed of a big sandy creek in Lincoln county at a cost of \$1,000,000, and it is claimed in the preamble to the bill that this reservoir and ditch will bring into cultivation a large area of land which for want of water is now barren and incapable of cultivation, and for the irrigation of which water can only be obtained by means of such reservoir and ditch, and that the value of the government lands lying under this ditch will be enhanced by the construction of the ditch and reservoir.

The reply of the interior department has been received by the senate committee. In it the department advises against the grant of land as proposed in the bill, and gives as a reason for this adverse opinion that it would be contrary to the policy of the government of the United States to assist a private enterprise. This decision is important as a notification to all other parties or organizations engaged in or contemplating enterprises for private gain that they need not apply to Uncle Sam for special privileges, even if, as claimed in this instance, the value of government property would be enhanced by the success of such private enterprises.

Washington, August 25.—At the evening session the House passed thirty-one private pension bills, including one granting a pension of fifty dollars a month to the widow of George B. White, late chief of the bureau of yards and docks.

The bill introduced into congress by Representative Gifford, provides that homogeneous steel ties be placed on all railroads within five years, which will keep the track in line and prevent the spreading of the rails.

Census Bulletin No. 7, issued by Robert Porter, superintendent of the eleventh census, under date of Aug. 6th, shows, by parallel tables, the indebtedness of the states in 1880 and 1890. From the returns it is noticed that in the decade ending 1890 state indebtedness has decreased in round numbers, about \$58,000,000. This is an excellent showing and when combined with the amount of public improvements in the past decade, it demonstrates very clearly the prosperity of the country.

## Gatherings from the Lincoln Independent

It is rumored that Uncle John Walters has sold his interest in the Gorton coal mine, on the Salado, to Lieut. Scott, of Stanton.

E. W. Parker, T. W. Heman, P. Reid, J. A. Woodland, A. Schinzing, Ed Eubrick, A. Luceras and Juan Chaves, were delegates to the republican county convention held here last Wednesday.

Jeff Grumbles and J. P. C. Langston, of White Oaks, went down to Roswell this week to attend the district convention and on other business.

The following persons from White Oaks, were visitors in Lincoln this week: E. W. Parker and wife, G. O. McCarty and wife, E. McB. Timoney, J. A. Woodland, T. W. Heman, P. Reid, A. Schinzing, Ed Uebriek, Will Lane, A. Lueras and Juan Chavez.

Wednesday morning after the arrival of the republican delegates, Oeo. Curry, Col. Cronin and James Kibbee, editor of both the Roswell Register and the Independent, all of whom are democrats dyed in the wool, boarded the stage and pulled out for Roswell.

Sheriff Nowlin brought up from Picacho Sunday, Luciano Romero, who, the night before, at Analla's sheep ranch near that place, shot Abram Beltran, and it is thought fatally wounded him. The cause of the trouble could not be learned. The wounded man is shot through the lungs. He says the assault was a cold-blooded attempt to murder him. The prisoner will not make any statement whatever in regard to the shooting.

We understand that as an accompaniment to the "American Bull" act of the late lamented anti-free school legislature, the republican candidates have already obligated themselves to pass an act requiring every man in the Territory who is over six feet high to wear a duster a-la-Colonel Rynerson, to join the G. A. Ringster, to buy his goods of the clique merchant, to throw away his sombrero and buy a "Stove pipe," and to tear down his adobe or frame house and build a brick. Further that he is to train his scrub bull to bellow like John Riley's American stock or get off the range. His chickens must not lay in December, for fear of glutting the market. The chimney to every house must be built of Organ mountain marble, and tilted at an angle of 45 degrees. Every able-bodied voter must wear a brass ring in his nose, and sneeze whenever Tom Catron has a bad cold. Boys of eighteen years can vote the republican ticket, but must wear the nose ring.—M. V. The Constitution Makers

Thirty-three of the members of the convention that framed the pending constitution last September, went through the farce of holding an adjourned session at Santa Fe on Monday and Tuesday last, for the purpose of correcting some of the defects of their September work. There were seven less than a quorum present, and no one dared to suggest a roll call, apparently conscious of the absurdity of their predicament, as that would have summarily ended the farce.

So with the sepulchral solemnity of a congregation of owls, they proceeded to the work of correction to which they had been goaded by the ridicule, criticism and anathemas with which their September work has been greeted by press and people in every part of the Territory.

Three amendments were made to the Constitution originally proposed. The first is section 16 of the Bill of Rights, in relation to libel. Instead of the original declaration that "Liberty of speech and of the press shall not be restrained; but for the abuse of such liberty every person shall be responsible," the following was submitted:

"Every citizen may freely speak, write and publish his sentiments on all subjects, being responsible for the abuse of that right; and no law shall be passed to restrain or abridge the liberty of speech or the press. In all criminal prosecution for libel the truth may be given in evidence to the jury, and if it shall appear to the jury, that the matter charged as libellous is true, and was published with good motives and

for justifiable ends, the party shall be acquitted, and the jury, under the direction of the court, shall have the right to determine the law and the facts."

The second correction is in the school tax clause, striking out the last half of section 6 of article 9, which limits the school tax to two and a half mills, and restricts suffrage to tax payers, and provides:

Second—Such taxes, whether general or local, as may be necessary to secure the school facilities guaranteed by section one of this article.

But the main defect of the school clause—the absence of provision for bonding school districts, to build school houses, the most serious and fatal defect of that Constitution—remains uncorrected. If the Convention had had the good sense to adopt the provision or the Perkins bill in that regard, it would have made a long stride towards enlisting public favor for its Constitution. Still, that can yet be done—at another adjourned session of the Convention—as it is now demonstrated that any number of gentlemen who had been members of the September Convention can meet in adjourned session at any time for that purpose.

The third amendment simply changes the date of the vote on the Constitution from Nov. 4th to Oct. 7th.

The first of these amendments is a good one, and materially improves the Constitution. The second is but a slight improvement, as it swings quite as far to the possibility of extreme of taxation as the original did to the extreme of restriction. The removal of the restriction of the franchise in school matters is the best part of all, and the cream of the amendments. But there should be a reasonable limit fixed in the voting of school taxes, else we are liable to see oppressive burdens voted upon tax payers by non tax-payers, as has happened in other states under a similar provision. Except in the removal of the suffrage restriction, this amendment leaves the Constitution very little if any better than it was before.

As to the change in the date of submission of the Constitution to the popular vote from the general election day to a day less than four weeks earlier, its logic is not apparent. It is certain to be burdensome and to cause more or less serious confusion, and is, apparently, at least, a very material blunder—worse than a mistake.

It is really a serious matter. It brings two general elections within a month of each other, at the first of which, Oct. 7th, "all the state officers provided for in the Constitution, as well as members of Congress and members of the Legislature, shall be chosen," as provided in section 4 of the act of the Legislature authorizing the

convention, and at the last of which Nov. 4th, all precinct and county officers, members of the Territorial Legislature, and Delegate in Congress, are to be chosen.

Then, too, while for the November election there would have been no extra cost, no provision is made for the expenses of the October election, which the convention was authorized by the law creating it to make; so the judges and clerks of that election must serve without pay or there can be no election.

The defects attempted to be thus remedied constitute but a small part of the incongruities and mischievous features of the Constitution, all the rest being left untouched and they are many and serious.

This discussion of the action of last Monday and Tuesday, is, however, on the hypothesis that the Convention had the power to reassemble at all after its September adjournment. It not only had not that power, but as matter of fact it did not re-assemble at all. But a faction of the Convention pretended to re-assemble. Any three members of the original Convention might with as much legality and propriety have got together and gone through the farce of going into adjourned session, a year after final adjournment and dissolution, as the thirty-three that did, to change the provisions of an instrument that had been finally agreed upon and formally submitted to the people for their judgment. They could with the same legality and propriety have made an entire Constitution, and it is somewhat surprising that they bid not, after the merciless hammering the original document has been so justly subjected to.

However, that matters not, as the result before the people will be the same, except that its repudiation will now be the more emphatic and overwhelming. Thimble-riggering in Constitution making don't go with the people of New Mexico.—Headlight.

Democratic District Convention.

The Democratic District Convention was held at Roswell Thursday, the 21st pursuant to call. W. S. Ryan called the convention to order. M. Cronin was elected temporary chairman and Manuel Sisneros secretary. Committees on permanent organization, resolutions and credentials were appointed and the convention adjourned for one hour.

On reassembling the committees reported. C. W. Haynes was elected chairman and W. S. Ryan secretary.

Nominations were then in order. W. S. Ryan, in a neat speech, frequently applauded, presented the name of G. A. Richardson as a candidate to represent Lincoln, Chaves and Eddy counties in the Territorial Council. The rules were sus-

pending and Mr. Richardson declared the unanimous choice of the convention, amidst great enthusiasm.

Judge E. T. Stone then presented the name of W. C. McDonald, as a candidate for Representative, and spoke of him in very complimentary terms. Mr. McDonald's name was well received by the convention and he was unanimously nominated.

Next came the reading and adoption of a strong set of resolutions.

The following delegates were elected to attend the Territorial convention, which meets at Silver City, Sept 3: E. T. Stone, E. C. Shields, Jno. Y. Hewitt, G. A. Richardson, W. C. McDonald, Martin Chavez. The following alternates were then selected: W. H. Guyse, Jno. K. Byers, W. S. Ryan.

The convention unanimously endorsed Hon. Antonio Joseph, and instructed the delegates to vote for his re-nomination for Delegate.

The convention then enjoyed a few well-timed remarks from Hon. G. A. Richardson, and adjourned.

Everything passed off very harmoniously, and the delegates are all well satisfied, enthusiastic over the ticket, and confident that it will win.—Rigieter.

The following persons were appointed as the Legislative District Committee:

Chaves county—J. S. Lea, Chairman; J. S. Morrison, Sec., and A. B. Allen.

Lincoln—J. D. Grumbles, Manuel Sisneros, J. Hinkle.

Eddy—J. R. Joyce, E. G. Shields, B. A. Whitaker.

The delegation from Lincoln, Chaves and Eddy, to Silver City was instructed favorable to Joseph, as the nominee, but after amendment the delegation was left free to act for the best interests of the democratic party, should the convention decide to place in the field any other name than Joseph. However, Joseph will be nominated by acclamation, and unanimously.

Following is the Democratic County Ticket nominated at the convention August 21st, held at Roswell, Chaves County, and of course will be elected:

Sheriff, C. C. Fountain.  
Probate Judge, F. Williams.  
Probate Clerk, Frank H. Lea.  
Treasurer, James Sutherland.  
Assessor, C. S. McCarty.  
Coroner, T. A. McKinney.  
Supt. Public Schools, Jas. Mullens  
County Commissioners: E. T. Stone, precinct No. 7; A. B. Allen, precinct No. 17; Walter B. Chisum, precinct No. 17.

NOTICE TO FARMERS.—We are authorized to notify farmers throughout the country that they can find a market for rye, in White Oaks.

We acknowledge the receipt of Recollections of General Grant, by Geo. W. Childs, Editor of the Philadelphia Ledger. We will give it a more extended notice next issue.

The late Republican convention at Roswell seems to have created a new list of military titles. Nearly everyone you meet now, is hailed as General, Major, Colonel or Captain, etc.

The Las Vegas Optic states that "the South Homestake Mill at White Oaks, is now running the 20 stamp mill on a gold brick, which will be exhibited at the Territorial Fair."

**NOTICE.**

All persons desiring to visit the Albuquerque Fair will be charged one fare for the round trip from any station over mail line. Any party of three desiring a day hack will be furnished one on application. Tickets for sale Sep. 10th, 1890—good until used.

**OZANNE & Co.**

Opinions differ as to who will be elected the coming election, but all agree that we sell cheaper than any house in Lincoln county, quality of goods considered—Young & Taliaferro.

Stock Salt, at Young & Taliaferro's.

Mr. Rebstock, traveling salesman for his brother, Chas. Rebstock, distiller and wholesale liquor merchant, of St. Louis, was in the city a day or two this week.

Range men and farmers are asking for a cessation of rain now. Grass is growing splendidly and if it cures before frost cattle and sheep will go into the winter fat. Farmers are asking for dry weather to help out in harvest.

The county that fails to get a good exhibit ready for the territorial fair will realize when the exposition is inspected that a tremendous mistake has been made. The indications are that some of the best displays ever made in the southwest will be found at the coming fair, and every corner of New Mexico should be represented.—Citizen.

A miner at the South Homestake on Sunday last, met with a slight accident, a 2 lb blacksmith hammer fell from the top of a 150 ft shaft striking D. N. Tinnen, the miner, on the back, a glancing blow. It was a narrow escape.

The delegates to Roswell to nominate Republican candidates for the legislature, returned home on Tuesday. The nominations were C. B. Eddy, of Eddy County, for the Council, and Tom. C. Tillotson, of Penasco, for the House.

Born on Saturday last, the 25th, to Mr. and Mrs. E. L. Ozanne, a daughter, the child lived only a few hours, the burial took place on Sunday. The many friends of Mr. and Mrs. E. L. Ozanne deeply sympathize with them in their bereavement.

Ben Burgess, from Old Mexico, came in on the stage Monday for a short visit with his numerous friends in White Oaks. Ben is somewhat reticent about his own prosperity and affairs in general, but it is well known that Ben has struck it rich at least, and everyone is glad of it.

It is very gratifying news to his many friends in El Paso to learn that Col. Mike Cronin has received the democratic nomination for probate judge of Lincoln county, New Mexico.—El Paso Times.

C. L. Pearman, Hardware Merchant has bought the platform scales formerly belonging to M. Whiteman, and placed them in front of his store.

A very fine mounted Grindstone for sale—Stewart of White Oaks.

DIED—On Saturday the 23rd inst, the infant son of Walter A. Church, late of Nogal, eleven months old—Mr. Church and family, passed through White Oaks on Sunday for California, where they intend to make their future home. The sympathy of all their old acquaintances are with them.

According to estimates of population of towns in the territory obtained at the census office in Santa Fe, Eddy has 1,500 people and Roswell 1,000. This is a surprise to us. We did not suppose Eddy laid over Roswell more than 250 or 300. But the census estimates show that we were mistaken. Eddy is away ahead of Roswell. However, we will say this for the pretty and progressive little town on the Spring river: it will grow and grow rapidly. It is surrounded by a splendid country and cannot help growing. But it can never camp on the trail of the Pearl of the Pecos.—Eddy Argus.

**THE KELLEY MINE ON FIRE.**

Special correspondence of the New Mexican. Socorro, Aug. 25.—on Saturday last, the Kelley mine, at Kelley, Magdalena mining district, was discovered to be on fire. All day Sunday the miners of Kelley worked as miners ever worked in time of danger and distress. Late on Sunday evening they thought they had the fire under control. This, Monday morning, the fire was burning stronger than ever and had spread in the night so that it could not be gotten under control. Today little is doing; it seems as though the mine is doomed. No one knows how the fire originated except that it was set on fire by some miscreant, the timbers in the mine being too wet to burn unless the timbers had been primed with coal oil.

Capt. Kompton, returning from the R. R. with a load of freight, met with a severe accident on Tuesday evening of last week. The Capt. had camped this side of Mountain Station for the night, and before retiring went to see that his stock was not straying, and the night being very dark, fell over a precipice of rocks and received severe injuries to his side and back, which disabled him from proceeding with his load. He remained out until Friday last when he managed to mount one of his mules and come to town. On his arrival he sent T. B. Gregg out to bring in the load of freight, which is camped 16 miles from town not being able to proceed on account of the rain and bad road. Mr. K. is fast recovering from his bruises.

We acknowledge through the courtesy of Hon. Antonio Joseph, the receipt of several valuable public reports, including one on the revision of the tariff and foreign relations. Mr. Joseph is working hard for New Mexico.

Our County and District tickets are complete, both Democrat and Republican, all that is needed is the Territorial nominations to set the ball rolling in good earnest.

The Republicans will nominate a candidate for delegate to congress, in Albuquerque Sept. 13th.

The Democratic Territorial Convention takes place in Silver City Sep 3d.

**The World Enriched.**

The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring time or, in fact, at any time and the better it is known the more popular it becomes.

It seems a settled fact that Miss Abby F. Hull is again to be principal of the White Oaks Academy during the coming fall and winter term. We can but congratulate the people of White Oaks, and surrounding country, on their good fortune in securing the services of this accomplished lady. Miss Hull is expected to arrive early in September.

**ADVICE TO MOTHERS.**

Mrs. Winslow's Soothing Syrup, has been used by mothers for children teething for over fifty years with perfect success. It relieves the little sufferer at once, produces natural, quiet sleep by freeing the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste, soothes the child, softens the gums, allays pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle.

In order to make room for our Fall & Winter goods, we will close out our Lawns, White goods, etc., at greatly reduced rates.—Goodman, Ziegler & Co.

**CITY BARBER SHOP.**

OSCAR DYER has lately placed in fine shape, his barber shop, adjoining the Little Casino, where he has a good stock of razors, comfortable chair, clean towels, &c. Oscar is reasonable in his charges, and those desiring a good clean shave, hair cut, or shampoo, can procure the same at any time.

We have some very nice ladies' and gents' Summer underwear left which will be sold regardless of cost for the next 30 days.—Goodman, Ziegler & Co.

have learned by experience that the only waterproof coat they can sell to a cowboy or hunter is the Fommel Slicker with the "Fish Brand" Trade Mark on it. They are the best waterproof saddle coats ever made. They keep the saddle, the horse's back, and the rider thoroughly dry and warm. No saddle sores from the galling of a wet saddle. When used as a walking coat, the extension front buttons back, and the Slicker is changed at once to an ordinary coat. Just try one, they cost but little and will prevent colds, fevers, rheumatism, and other results to exposure to the weather. Beware of worthless imitations, every garment stamped with "Fish Brand" Trade Mark. Don't accept any inferior coat when you can have the "Fish Brand Slicker" delivered without extra cost. Mr. LEE. "Why, Addie, you needn't cry about it! I only said Mrs. Allen was a very well-informed woman, and I wished you would follow her example."

Mrs. LEE. "Yes, and last week you said you wished I could manage to look as stylish as Mrs. Allen,—and she makes all her own clothes. But she has what I haven't."

Mr. LEE. "What is that?"

Mrs. LEE. "Well, she gets all her information from the Magazine they take. I admit that she knows all that is going on, and is bright and entertaining in conversation; but I could do as well as she does if I had the same source of information. She lent me the last number of her Magazine lately, and I learned more in one hour's reading, about various social matters and the topics of the day, than I would pick up in a month by my occasional chats with friends. It certainly covers every topic of interest, from the news of the day down to the details of housekeeping; and everything is so beautifully illustrated, too. Every time Manie goes over to the Allens' she comes back and teases me to get you to take Demorest's Family Magazine, as the stories are so good. Even the boys watch for it every month, as a place is found for them also in its pages; and Mr. Allen swears by it. It is really wonderful how it suits every member of the family!"

Mr. LEE. "Well, perhaps I had better send for a Specimen Copy; for, if it is anything like what you say it is, it will amuse and instruct the whole of us."

Mrs. LEE. "I see that W. Jennings Demorest, the publisher, 15 East 14th Street, New York, is offering to send a Specimen Copy for 10 cents, so we can't lose anything, as each number contains a 'Pattern Order' entitling the holder to any Pattern she may choose, and in any size—which alone makes each copy worth 30 cents; and I just want a jacket pattern like Mrs. Allen's, and I must say I can't see how they can publish so elegant a Magazine for so little money."

**The Mora Mines.**

The coming mining camp in northern New Mexico is the Coyote mining district in Mora county, about thirty miles west of north of Las Vegas. While little has been said about it through the press, for the reason the actual promoters of the mining business is no less a personage than general (Spoon) B. F. Butler, of Boston. Unless he goes ahead and accomplishes his object without saying much, this property will be heard from in mining circles some of these days.—El Paso Tribune.

The mile running record has again been lowered and by a California horse. It will be remembered that only a few weeks ago Racine, a California-bred horse, ran a mile in 1.39½, taking a quarter of a second from the record of Ten Broeck, which has stood for years. And now Ravelos, also a California horse, lowers Racine's time a quarter of a second, having run a mile at New York on July 31st in 1.39¼.

It is a singular fact that great men seldom leave direct descendants. Napoleon, Wellington and Washington all prove this rule. Shakespeare only left two daughters, whose children died without issue, probably the nearest relation of the great poet now living, is one Thomas Hart, a resident of Australia, who is said to be the eighth decendant from Shakespeare's sister Joan. Walter Scott's line ended with the second or third generation.

Senator Teller has introduced in the senate a new silver bill in the shape of an amendment to the bill to discontinue the coinage of \$3 and \$1 gold pieces and 3 cent nickel pieces. The bill differs from the present law principally in that it requires a continued monthly coinage of two million ounces of silver standard dollars; strikes out the provision that the rate of coinage shall be to July 1, 1891, only; does away with the discretion given the secretary of the treasury to redeem treasury notes issued in payment of bullion, either in gold or silver, and provides for free coinage of silver when the market price of 371.25 grains reach one dollar.

Lightning struck the Cathedral of the Holy Cross, in Boston, and detached three large granite blocks one of which weighed 500 pounds, and which fell 125 feet to the sidewalk below. Fortunately no one was injured.

Davis Dalton, an American, accomplished the feat of swimming the English channel from Grisnez to Folkestone on his back in 23 and one-half hours. He finished strong. A boat acted as pilot to the swimmer.

A western exchange tells its readers how to mind their P's in this paragraph: "Persons who patronize papers should pay promptly, for the pecuniary prospects of the press have a peculiar power in pushing forward public prosperity. If she printer is paid promptly and his pocketbook kept plethoric by prompt paying patrons he puts his pen to his paper in peace; his paragraphs are more pointed, he paints his pictures of passing events in more pleasant colors, and the perusal of his paper is a pleasure to the people." Past this this piece of proverbial philosophy in some place where all persons can perceive it.

The Lake Valley mines are again in bonanza. The strike is reported to be not much inferior to the famous Bridal Chamber which at one time made the Lake Valley mines and New Mexico famous throughout the world. Over \$90,000 was taken out of the mine last month. The stock cannot be bought for eighty cents, in fact none of it can be bought.—Silver City Enterprise.

Time will discover everything; and when the revelations are made about the real cause of the situation in San Miguel county now, about outrages committed, the eyes of some of the Republican leaders who are howling so lustily about Democratic treachery, will open wide—very wide—with astonishment, in finding who are the real instigators of the lawlessness committed. Wait a bit.—Las Vegas Voz del Pueblo.

The Railroad Gazette in a recent issue presents a tabulated statement of new railroad construction for the first six months of 1890. It shows 2,206 miles of track laid in that time, and 5,793 miles of road projected.

A man who practiced medicine for 40 years, ought to know salt from sugar; read what he says:

TOLEDO, O., Jan. 10, 1887.

Messrs. F. J. Cheney & Co.—Gentlemen:—I have been in general practice of medicine for 'most 40 years, and would say that in all my practice and experience have never seen a preparation that I could prescribe with as much confidence of success as I can Hall's Catarrh Cure, manufactured by you. Have prescribed it a great many times and its effect is wonderful, and I would say in conclusion that I have yet to find a case of Catarrh that it would not cure, of they would take it according to directions. Yours truly,

L. L. GORSUCH, M. D., Office, 215 Summit St.

We will give \$100 for any case of Catarrh that cannot be cured with Hall's Catarrh Cure. Taken internally.

### THE SANTA FE ROUTE.

This is the short line to and from points east to White Oaks, Ft. Stanton, Lincoln, and all stage stations in Lincoln County. Close daylight connections are made by stages to and from above points with trains from Carthage, Engle and Las Cruces, which have through sleepers to Kansas City, Chicago, St. Louis, and New York, without change.

Connection is made at Albuquerque with through trains for all California points. These trains unsurpassed in modern improvements with luxurious day coaches and emigrant sleepers, the latter under the management of the Pullman company, are furnished with elegant curtains and clean bedding at a small cost per night.

Shippers will find it greatly to their advantage to consign all freight via the Santa Fe route, a saving of from three to five days time will be gained from all eastern and northern cities.

Freight from Chicago and points west of Chicago is brought through without transfer, thereby saving breakage and delay.

Call on nearest agent for rates and information, or address C. H. Morehouse, Division Freight and Passenger Agent El Paso, Texas.
