CAPITAL COMING TO WHITE OAKS

**Rich in Gold, Coal and Other Minerals
and Fruits---Many Other Resources.**

IS A RICH GOLD MINING DISTRICT.

**A Party of Eastern Capitalists Visit White Oaks and Adjacent
Camps. Looking at E. M. & Imp. Co's Properties.**

ARE HIGHLY PLEASED WITH THE MINING SITUATION.

There arrived here last Thursday morning from the East, with J. M. Rice the following prominent gentlemen, among whom you will notice the son of the famous millionaire wagon maker, Clem Studebaker, of South Bend, Indiana, Milton George, Chicago, J. H. Lloyd, mining expert of national reputation, and others who rank high as men of money and brains:

J. H. Lloyd, Momence, Ill., Clem Studebaker, South Bend, Ind., G. E. Fagans, Dr. P. G. Rulien, J. R. Hobbs, Hon. H. J. Weber, C. E. Finley, Joliet, Ill.; B. Congleton, C. F. Congleton, W. H. Howland, T. B. Howland, J. W. Lee, Milton George, Chicago; W. J. Allen, Waukegan; J. Q. C. Vanden Bosch, South Bend, Ind.; J. C. Fowler, Hartford, O., Wm. Esterly, Cleveland, Ohio.

This party, Mr. Rice, John Y. Hewitt and others, drove over the camp here showing them our resources of gold, coal and other minerals, and a more highly pleased party of men never before visited us than these. They saw and freely stated that the wealth of our mines, and our country's resources were much greater than had ever been represented to them, and that they were compelled to confess surprise at the great industrial possibilities in store for White Oaks, as the center of this mining region. We are located in the middle here, and have the coal here which

makes us the only practical place for the generating of power for the surrounding mining camps which is now an economical necessity and must soon be adopted.

Leaving White Oaks the party went to the Nogal and Parsons Districts. A Herald reporter caught them in El Paso and secured the following:

"A better pleased lot of men never were seen before and when seen at the Zieger this morning they were all glad of an opportunity to speak of the wonderful mining prospects and possibilities of that promising section of New Mexico touched by the Rock Island road.

They are particularly impressed with the great quarry (it is not a mine in the ordinary sense of the term) that constitutes the Parsons group and adjoining claims. It is a vast body of low grade free milling gold ore one mile long and about a quarter of a mile wide and runs \$4 and upwards to the ton.

C. E. Finley, of the party had with him a basket of apples from White Oaks and he was as well pleased with this exhibit as he was with the mines. The apples were of extraordinary size the largest one weighing 18½ ounces and others are very nearly as large."

The apples referred to in this article were taken from Dr. Paden's orchard.

Comrey Brothers have moved their drilling machine 3 miles southeast of Lake. They are going after water here, but intend to install heavy machinery at the oil well and push work there. A company has been formed to take the enterprise in hand.

H. B. White, President Iowa & New Mexico M. & Milling Co., O. C. Belliett, Fred Deikman, Waterloo, Iowa; S. S. Doke, Parsons; Geo. E. Sligh, Nogal, were guests at Hotel Baxter Tuesday night. They were enroute to Jicarilla where they are interested in placer ground of the Rico M. & M. Co.

THE NORTH HOMESTAKE RESUMES.

A New Shaft is Being Sunk 300 Feet South of Old One. First Connection Will be Made With Old Workings at 300 Foot Level.

HAVE RICH ORE TO BEGIN ON

Louis G. Brockway and John G. Foster, North Homestake stockholders, arrived here Tuesday morning from Lynn, Mass., where both gentlemen reside. They immediately announced the intention of the company to begin work on the North Homestake mine, at once. Miners are all employed here and they are having difficulty to secure labor.

Wm. Watson will be in charge of the work and Mr. Foster will be superintendent. They are not making any unnecessary parade about the matter, but have gone to work in earnest. In conversation with the EAGLE reporter, both Mr. Brockway and Mr. Watson stated that it was the intention of the company to operate the mine permanently. They will work all the force possible to hasten the sinking of the new shaft. When connection is made with the old works the force will be increased as fast as conditions warrant it.

There is rich ore at the bottom of the old shaft, 1070 feet, and the new shaft is being started in ore from the surface. By sinking the new shaft and connecting it with old one the old works will be supplied with good air, and while sinking drifts may be made from the new shaft into good ore.

The North Homestake was the first rich gold discovery made in this camp and until placed in the litigation column, was one of the camp's best producers and considered a valuable property. This difficulty now seems entirely removed and the mine is starting up under the most favorable circumstances.

Mining Low Grade Ore.

Gold mining in the Black Hills is conducted more upon a scientific basis than in any other section of the country. The monster mining enterprises of the Black Hills are earning profits by handling a tremendous tonnage of low-grade ore at a small margin of profit. While the character of the ore there has been an important factor of the success, Black

Hill operators have nevertheless furnished an excellent object lesson showing the marvelous possibilities in mining when conducted along business lines. Mining in the Black Hills is more a manufacturing proposition; the element of risk is largely eliminated, and mining gold has become to be regarded as safe an investment as manufacturing steel.

Dakota, so old reliable, the famous Homestake, has a record familiar to most people. It is the most extensively operated mine there, and similar accomplishments to the Homestake is the goal to which others are striving. The Homestake company has recently issued its annual statement, in which are some interesting things. The year ending June 1, 1902, was the best so far in the history of the company, there being a larger production and a greater saving on ores. The report shows that the gross production amounted to 1,218,089 tons of ore of a value of \$4,314,059.12. This figured out shows an average value per ton of only \$3.54. The net profit for the year is placed at \$1,064,749.23. When it is considered that this represents a profit of over 87 cents per ton on every ton shipped, some idea can be had of the manner in which mining in the Black Hills is reduced to a scientific basis. The Alaska-Treadwell of Douglas Island has a record which beats this in so far as is concerned gross value and net saving per ton. This mine is not such a producer as the Homestake neither are mining operations so generally carried on a large scale there as they are in the Black Hills.

In time many other mining sections will follow the example of the Black Hills. Capital will be invested to develop other large deposits on a monster scale, often the only way they can be made profitable. Other classes of low grade ore, as well as free milling ores of the Black Hills, will in time be made profitably marketable by the application of improved methods. There are now ores which can be made so profitable by the handling of a sufficiently large tonnage. Operators of other camps would most undoubtedly do well to study the marvelous accomplishments of the Homestake and the other low-grade propositions of the Black Hills.

HOUSEWORK

Too much housework wrecks women's nerves. And the constant care of children, day and night, is often too trying for even a strong woman. A haggard face tells the story of the overworked housewife and mother. Deranged menses, leucorrhœa and falling of the womb result from overwork. Every housewife needs a remedy to regulate her menses and to keep her sensitive female organs in perfect condition.

WINE OF CARDUI

is doing this for thousands of American women to-day. It cured Mrs. Jones and that is why she writes this frank letter:

Glendean, Ky., Feb. 10, 1901.
I am so glad that your Wine of Cardui is helping me. I am feeling better than I have felt for years. I am doing my own work without any help, and I washed last week and was not one bit tired. That shows that the Wine is doing me good. I am getting fleshier than I ever was before, and sleep good and eat hearty. Before I began taking Wine of Cardui, I used to have to lay down five or six times every day, but now I do not think of lying down through the day.
Mrs. RICHARD JONES.

What The Trusts Are Doing.

President Roosevelt said that "all the government can do is to create conditions under which prosperity can come. If the individual citizen lacks in thrift, the energy, the power, and the mind to work, no laws will make him prosperous," and the New York World, referring to this statement, points out that "our paternal government, for example, so 'creates conditions' for the steel trust through the Dingley tariff that it has charged and got \$11 a ton more for rails in this market than in England, and other steel products in proportion. By the same law the beef combine is put in a position where it need fear no outside competition and can charge monopoly prices at home while selling lower to London in competition with meat from South America and Canada."—Commoner.

There is a tariff of 67 cents a ton on bituminous coal. If the big strike now on continues five months longer there will be a certain portion of northeastern population that will be frozen into a better understandg of at least this much of the tariff question. This tariff should come off and the EAGLE believes that even a republican congress would be justifiable in doing this for the cause of humanity, although a decree has gone forth that the tariff is not to be tampered with at the coming session of congress.

The republicans did not even put out a ticket in Otero county. Lincoln county will be in line with Otero in another two years of development and immigration.

POSTOFFICE: WHITE OAKS, N. M.

A Clubbing Offer.

The EAGLE has just effected a clubbing agreement with the Daily Mining Record, Denver and Cripple Creek, Colo., where-by we can give new subscribers or those renewing their subscription, the EAGLE and the Saturday issue of the Daily Mining Record one year for \$2.00. The regular subscription of the Record's Saturday edition is \$2.00; that of the EAGLE \$1.50; price of the two papers \$3.50; by taking advantage of the clubbing offer \$1.50 may be saved.

The Saturday edition of the Record is a compendium of mining information and makes a summary of the matter published in the daily during the week. The Record is the only daily mining paper in the world and the Saturday is 7 columns and 20 to 30 pages, containing, besides valuable editorials on mining and metallurgy, mining news from all over the world, and is devoted especially to the mining enterprises of the Rocky mountain region. Stock quotations are given and all substantial mining concerns listed, while all wild cat schemes and black leg companies are exposed.

If you are interested in mining you can't afford not to take advantage of this offer.

"The Best is the Cheapest."

Not how cheap, but how good, is the question.

The TWICE-A-WEEK REPUBLIC is not as cheap as are some so-called newspapers. But it is as cheap as it is possible to sell a first-class newspaper. It prints all the news that is worth printing. If you read it all the year round, you are posted on all the important and interesting affairs of the world. It is the best and most reliable newspaper that money and brains can produce—and those should be the distinguishing traits of the newspaper that is designed to be read by all members of the family.

Subscription price, \$1 a year. Any newsdealer, newspaper or postmaster will receive your subscription, or you may mail it direct to THE REPUBLIC, St. Louis, Mo.

A. E. WILLIAMS

A FAITHFUL LEGISLATOR.

Hon. G. A. Richardson of Roswell has been again nominated to represent his district in the territorial council. Mr. Richardson has already shown himself to be a faithful, intelligent, and progressive legislator. He has shown an especially enlightened spirit in his advancement of the interests of education in the territory. In the event of his re-election all deserving interests of New Mexico will have the benefit of his former experience.—Socorro Chieftain.

The foregoing endorsement of Mr. Richardson's legislative career from a staunch republican journal is deserving of note by the voters of Lincoln county, who are soon to go to the polls for the purpose of aiding other counties of the 9th council district in electing a worthy legislator. A man who has shown himself faithful, intelligent and progressive in this capacity, is certainly entitled to re-

election. There is another virtue the Chieftain might have added: in him we have a champion in the fight for the repeal of the coal oil inspection law, as well as other needed legislation, effecting the welfare of the people of New Mexico.

W. A. McIVERS.

For this issue we have been unable to secure a biographical sketch of Mr. McIvers. Mr. McIvers' home is at Nogal, Lincoln county, and although he is not an old settler, his reputation as an enterprising, honorable and progressive business man has already gone beyond the limits of his county. The Lincoln county democrats were enthusiastic for him at the recent convention, and Chaves and Eddy counties gracefully waived all claims to the position of representative and were glad to unite on Mr. McIvers. Mr. McIvers is extensively engaged in mining in the Nogal district, and a strong worker in his party. He is just such a democrat and business man that is needed in our lower house to attend to the interests of this district.—Roswell Record.

Although as the Record states Mr. McIvers is not an old settler, in this county, yet he has lived in the west for twenty years and is thoroughly conversant with the country's interests, and is heavily interested in Lincoln county property and is here to stay. There are many people here who have known him, and some of whom have been associated with him in a business capacity for the past twenty years. The fact that they have during twenty years of business association always found him honorable, capable and progressive, and that they are now putting thousands of dollars into Lincoln county enterprises, at his suggestion, is conclusive evidence of his worth, and should be a sufficient guarantee to Chaves and Eddy county democracy to roll up the greatest majority possible for him in the November election.

FERGUSSON FOR DELEGATE.

Albuquerque, Oct. 14.—The great popularity of Hon. H. B. Fergusson, one of the most able and faithful delegates New Mexico ever had in congress, was evidenced last evening when the big democratic convention refused to listen to his repeated refusals to make the race for delegate, and nominated him unanimously. All the morning the leaders caucussed and Mr. Fergusson held out.

In the afternoon he still held out, but when the convention reconvened, and Hon. A. A. Jones of Las Vegas being given precedence by Bernalillo county, rose to nominate Mr. Fergusson over his protests, the convention went wild.

The roll of counties was called and the spokesman of each delegation made an enthusiastic sec-

onding speech for Fergusson.

Attorney J. H. Crist, of Rio Arriba county, made a notable address.

Another speech with the true ring was that by Judge L. S. Trimble, twice congressman from Kentucky, who is now eighty-five years of age.

Mr. Fergusson said in rising to accept the nomination he could not decline, said that he would put all his objections under his feet and bend every effort to win the race. He was much moved by the many strong expressions of regard and confidence and believed with the loyal support of the democrats, he could carry the territory.

The resolutions declare strongly for statehood. The nominee has an excellent statehood record, and he will appeal to the people on the strength of the united support of the democrats in both houses of congress for the movement, he has done so much to advance. The resolutions sweepingly condemn republican misrule in the territory and in the nation, declare against the Philippine policy and against trusts.

A MALICIOUS AND INHERENT LIAR.

Lightfoot, Lincoln county's constitutional liar, again maliciously attacks our board of county Commissioners, and the EAGLE has this time secured proof from one of our most prominent republicans that in the slanderous piece of villiany we publish below from his paper that he is a criminal liar, seeking to besmirch the character of honorable men.

Following will be found his epileptic epithet and the answer to it by Hon. R. E. Lund, whose honor and truthfulness not even this billingsgate old hypocrite will question:

Lightfoot's Attack.

"Sol C. Wiener, the democratic candidate for Commissioner from the 2nd district has a suit pending against him in the district court for the mis-appropriation of over \$500.00 of the County funds as Chairman of the board of County Commissioners. He has for the past two years used the office at all times to further his own selfish ends."—Republican.

Lund's Reply.

"Editor White Oaks EAGLE
SIR:

My attention has been called to a Paragraph in the Nogal Republican of the 9th inst, seriously reflecting upon Mr. S. C. Wiener, County Commissioner from this, the 2nd District; and charging mis-appropriation of the county funds, on account of which a suit in the District Court is now pending against him.

In justice to Mr. Wiener, and at his request, I freely make the following statement: In the early summer of 1901 Mr. Wiener sought my council as to the matter of the sale of lands for taxes, within the county of Lincoln,

and the fact that at these several sales, a large part of the properties sold were being loaded upon the county instead of the money, of which he represented that the County was in pressing need. The question, a very anxious one for the Board of County Commissioners, was "What could the Board of Commissioners do?" "These lands turned over to the county at these sales, were a burden upon the county, how could they be turned into cash?" Among other properties spoken of, Mr. Wiener specially named a certain Mining property, on which the county had a judgement and lien to the extent of nearly seven thousand dollars. I advised that the matter of the validity of these sales be examined, and that prompt efforts be made to find purchasers for these properties, and specially for this mine. Mr. Wiener then and there, speaking for himself and other members of the Board of Commissioners, suggested that I undertake to find a purchaser for this mine, adding that he felt confident that if I could secure to the county the total amount of its lien against this property, the Board of Commissioners would be willing to pay me a commission of five per cent on the gross sum. I attended the July 1901 meeting of the Board of Commissioners, at which this matter was introduced and openly and fairly and fully canvassed; resulting in a contract between the Commissioners and me, that I should undertake the sale of the property spoken of, and in event of my effecting a sale and covering the full sum due into the Treasurer, I should be paid the five per cent commission. In early October following the total demand of the county on this property was paid to the county Treasurer, as his books show, and sometime after the commission as agreed upon was duly paid. It is true that a malicious effort has been made to recover this amount from Mr. Wiener and the other Commissioners, by a suit against them, but nothing could be more unjust and dishonorable. To charge that in this matter, there was Malfeasance on the part of Mr. Wiener or any other Commissioner is either a gross Error or a Wicked Falsehood. The Commissioners acted in the utmost good faith and for the welfare of the county of Lincoln.

Very truly yours,

R. E. LUND.

White Oaks, N. M. Oct. 13 1902"

The Portales Herald has taken rank with our best weekly journals. It is now a 7-column folio brimming full of live and interesting matter and up-to-date advertising. Long may she wave!

The republican convention at Raton last week nominated B. S. Rodey for delegate to congress. Rodey and statehood is the slogan.

LOCAL and PERSONAL NEWS.

R. S. Waddell was in the city.
 John McMann was in from Nogal.
 John Shaw and family are here from Nogal.
 John Brotherton and J. H. Norton went to Jicarilla.
 Jno. H. Canning was over Sunday from Nogal.
 W. F. Sterling was in town from Ancho.
 W. R. Lovelace, Rowell, is at the Baxter.
 R. L. Owen, Gallo, was here Wednesday.
 Albert Penny, Las Gatos, Cal., is at the Baxter.
 Josh Steel and family were in from the Block ranch.
 J. M. Rice, Manager of the Eagle M. & Imp. Co., is in from Parsons.
 J. W. Littell was up from El Paso this week visiting his family.
 A. H. Norton has accepted a position with the North Home-stake people.
 Geo. A. Jameson, an El Paso drummer is doing the town—Commercially.
 Jno. A. Haley spent Saturday and Sunday in the Ancho and Jicarilla districts.
 W. S. Peters returned Tuesday from a trip east. He went to Jicarilla Wednesday.
 Jno. W. Owen has moved his family to town in order to place his children in school.
 District Attorney Prichard is attending the regular term of the district court at Carlsbad, Eddy county.
 L. M. N. McReynolds, the livery man at Carrizozo, brought a load of passengers up from the rail road.
 John Duncan, the honest Scotchman of the "Hackrees," and a patron of the EAGLE, was in town swoppin' yarns with the boys.
 Ed. B. Homan, Republican nominee for representative for the 15th district, was here from Nogal Tuesday.
 W. F. Blanchard, U. S. Deputy Mineral surveyor, stayed over night here Tuesday, leaving Wednesday morning for Jicarilla.
 M. W. Stone and E. Johnston, Sheep Inspectors, are here, quartered at the R. L. Owen ranch, superintending the dipping of sheep in this district.
 E. G. Ludlam is pushing work on the big derrick at the oil well. M. H. Koch is the contractor. The derrick is 22 feet at the base and 72 feet high.
 The Eagle Mining & Imp. Co. has established offices in the Hewitt block. The company has elegant apartments and will soon have them neatly furnished.

Our Fruit.

Geo. Coe was in town Monday with apples from his Ruidoso orchard. The Coe's orchards are known over most of the southern part of New Mexico and even into adjoining states, and the report comes in from the entire circuit, that their apples have as nearly approached perfection as it is possible for the skill of the horticulturist to attain. J. N. Coe's orchard will this year yield 100,000 pounds of fine fruit, and each of his brothers will market 50,000 to 100,000 lbs.
 Besides these large orchards, there are many others in the county almost approaching them in points of size and quality of fruits produced. The splendid orchards of P. G. Peters and A. C. Austin at Angus, and that of J. H. Skinner at Bonito, and many others equally as profitable at Three Rivers, at Lincoln and on the Hondo, are yearly throwing their yields into a continually growing home market at good paying prices. These orchards are paying their owners from a few hundred to several thousand dollars every year, and will continue to do so for all time to come.
 This is an industry that is important to the future of Lincoln county and we need more people engaged in it. When the industry receives the attention it merits it will take rank along-side our mining and stock interests.
 Coke Keith is in from Texas and will dig for gold during the coming winter. Coke is not a mean philosopher, when he fails at cotton he buys transportation for the Rocky Mountains where he can mine the dust right out of old mother earth. Much of the yellow gold that goes to swell the fortune of eastern capitalists, our miners dig from the rugged sides of the Rockies.
 Dr. M. G. Paden has grown as fine fruit right here in town as can be produced anywhere. Every man who owns a farm or ranch in Lincoln county would as well have an orchard.
 John M. Keith has returned from Texas where he spent some time visiting the old folks at home, who live at cotton Wood, Eastland county.
 W. C. Lea, a first cousin of Captain and Judge Lea who has a ranch not far from Nogal in Lincoln county., has been here for a week past, having dental work done.—Roswell Register.

Have You Registered?

Don't forget to register this week. The registration books will now soon close.

Read It.

Second hand folding bed, in good condition, for sale.—Taliaferro Merc. & Trading Co.

Good Coal.

Besides the product of the Eagle Mining & Imp. company's coal mines which offer coal to the local market, James Morris has opened a 7-foot vein of good clean soft coal. Morris's mine is located about 3 miles northeast of town and he is taking out a very fine quality of coal. There is no danger in a coal famine, we are only afflicted with a surplus, which we, so far, have been unable to market on account of exhorbitant rail road freights, after a haul of 12 miles to depot. But we will probably have a trolley line by and by, then we will get our coal out to market and can supply the demand in the most of the southwest.

A Close Call.

A. M. Richardson, upon whom Drs. Kingsinger and Bradley operated a week ago last Sunday for strangulated hernia, is at the home of Mr. and Mrs. Charles Brown, (Mrs. Brown being an experienced nurse,) and is doing well. "Andy" as his old friends call him, has had a close call and they are all greatly pleased that the operation has been a success. They hope to see him out again soon.—Roswell Register.

The White Oaks and Nogal mining districts are now connected by telephone. The line from Nogal to Walnut is just finished, and also the new line from there to Carrizozo which connects with the phone line to White Oaks. The whole system from here to Parson via Nogal, is now ready for business as soon as the rail road company places an agent at Walnut which it has agreed to do immediately.

Angus.

[Bonito Valley Items.]

Regular Correspondence.

Last Sunday the Nogal boys played base ball with our boys on terrace adjoining the willows on the east. The score stood 40 to 41 in favor of Nogal who did not finish their last inning. There was a large gathering to witness the play which elicited great enthusiasm.

P. G. Peters has finished gathering his crop of apples. They averaged fully fifty per cent larger than any crop I ever saw in the states. He did not have over five per cent of culls or cider apples, which in the middle west and the east, the culls run about fifty per cent. The Maiden Blush is a fall apple here. The Swain and Jonathan apple are winter here, while all the named varieties ripen four to six weeks earlier in Roswell, than in this high mountain valley. When it comes to high flavor our apples are a class to themselves. A small order has been received from Chicago, and enquiries from California from connoisseurs for our apples.

From Jicarilla.

Regular Correspondence.

There has been some very good ore struck on the Hawkeye, and very course gold, many grains as much as two cents, and a body of about 60 feet, apparently. The strike is in the tunnel. The property is bonded to P. Smith of Chicago.

Gabriel, the potato man, was in from Roswell with potatoes.

J. A. Haley was in camp this week.

R. J. Murphy and Geo. Tompkins have struck very good ore on the Old Comrade mine situated near the head of Ancho Gulch.

Reasoner and Hedges are doing the assessment work on the Toledo mine at the head of Juana Gulch for Dr. Mains and others.

There is quite a lot of work going on in the assessment line and we are looking for some good results this fall.

F. M. Johnson has returned from Torrance and reports that section quiet.

C. F. Goddard has struck soft water at a depth of 90 feet about four miles southeast of Ancho station. Twelve feet of water is now standing in the well. It is about 300 yards from the hole sunk by and Lane, which is 525 feet deep and dry.

DELINQUENT TAX LIST.

OF LINCOLN COUNTY, NEW MEXICO.

AMOUNTING TO MORE THAN \$25.00

**And Notice of Sale For Taxes, Penalties and Costs
Last Half of 1901.**

TERRITORY OF NEW MEXICO,
COUNTY OF LINCOLN,

In accordance with chapter 22 of the laws of the territory of New Mexico, 33rd legislative assembly thereof, I, the undersigned, Treasurer and Ex-Officio Collector of the county of Lincoln in the territory of New Mexico, do hereby make, certify and publish the following notice and list of delinquent taxes amounting to not less than \$25.00, with penalties and costs thereon, payable in said county on the first day of July A. D. 1902, the same being hereinbelow set forth in precincts, and containing first the name of all the owners of all the property become delinquent; the amount of taxes, penalties and costs due; the description of the property whereon the same are due and the amount of taxes due on personal property.

And notice is hereby given that I, the undersigned, Treasurer and Ex-Officio Collector of said county, will apply to the district court, held in and for said county, upon the next return day thereof to wit: The 27th day of November A. D. 1902, the same occurring not less than thirty days after the last publication hereof, for judgment against the lands, real estate and personal property described in the following list, together with costs and penalties, and for an order to sell the same to satisfy such judgment.

And further notice is hereby given that within 30 days after the rendition of such judgment against such property, and after having given notice by a hand bill posted at the front door of the building in which the district court of the said county of Lincoln is held, to wit: The court house of said county of Lincoln, at least 10 days prior to said sale, I, the undersigned Treasurer & Ex-Officio Collector of the county of Lincoln, will offer for sale at public auction, in front of said building, the real and personal property described in said notice, against which judgment may be rendered for amount of taxes, penalties and costs due thereon, continuing the sale from day to day, as provided by law, until the same shall be sold.

HENRY LUTZ,
Treasurer and Ex-Officio Collector,
Lincoln county, New Mexico.
Dated Lincoln, N. M. July 2, 1902.

Delinquent Tax List, Less Than \$25

TERRITORY OF NEW MEXICO,
COUNTY OF LINCOLN,

In pursuance of the laws of New Mexico I, the undersigned, Treas-
urer and Ex-Officio Collector of Lincoln county, New Mexico, do
hereby make, certify and publish the following list of delinquent
taxes, with penalties and costs thereon and delinquent on the first
day of July 1902.

And notice is hereby given that I, the undersigned, Treasurer
and Ex-Officio Collector of Lincoln county, will offer for sale and
sell to the highest and best bidder for cash the several pieces of
property hereinbelow described, both real and personal for taxes,
penalties and costs due and delinquent on the 27th day of November
1902, at the front door of the court house at Lincoln; that I will
continue the sale from day to day until all the property in the de-
scribed list following is sold, or until the respective amounts due
shall be paid or realized, that the said sale shall be held between
the hours of ten o'clock in the forenoon and four in the afternoon of
each day of such sale; and that if a purchaser fails to pay amount
of his bid before ten o'clock of the day succeeding the sale of the
property to him, the property bid for by him will be re-offered for
sale he not being allowed to make further bid or bids on such prop-
erty; and that I will issue and deliver to the said purchaser or pur-
chasers of property at the said sale a certificate of purchase of the
kind and character provided by law.

\$375 For Letters From Farmers

The Rock Island System offers \$375, in cash and transportation for letters relative to the territory along its lines in Arkansas, Indian Territory, Oklahoma, Texas and New Mexico.

Letters should deal with the writer's experiences since he settled in the territory in question. They should tell how much money he brought with him, what he did when he first came and what measure of success has since rewarded his efforts.

Letters should not be less than 300 nor more than 1,000 words in length and will be used for the purpose of advertising the Southwest.

For circular giving details, write John Sebastian, Passenger Traffic Manager, Rock Island System, Chicago, Ill.

ESTRAY NOTICE

By these presents I give notice that I have in my possession the following estray animals to wit:

One blue horse about 5 or 6 yrs old, branded O cross, on left side.
One Sorrel horse about 6 or 7 yrs old braded B.J.J. One bay horse branded D, S.C. A.N. (connected) T.J. (connected) P. Any person or persons claiming any or all of the above described animals, can have same by proving property, paying cost and publication of this notice.

ESTOLANO SANCHEZ,
Reventon, Lincoln County,
New Mexico.

THE COMMONER.

[Mr. BRYAN'S Paper.]

The Commoner has attained within six months from date of the first issue a circulation of 100,000 copies, a record probably never equaled in the history of American periodical literature. The unparalleled growth of this paper demonstrates that there is room in the newspaper field for a national paper devoted to the discussion of political, economic, and social problems. To the columns of The Commoner Mr. Bryan contributes his best efforts; and his reviews of political events as they arise from time to time can not fail to interest those who study public questions.

The Commoner's regular subscription price is \$1.00 per year. We have arranged with Mr. Bryan whereby we can furnish his paper and WHITE OAKS EAGLE together for one year for \$2.00. The regular subscriptions price of the two papers when subscribed for separately is \$2.50.

Thrice-a-Week World.

Time has demonstrated that the Thrice-a-Week World stands alone in its class. Other papers have imitated its form but not its success. This is because it tells all the news all the time and tells it impartially, whether that news be political or otherwise. It is in fact almost a daily at the price of a weekly and you cannot afford to be without it.

In addition to news, it publishes first-class serial stories and other features suited to the home and fireside.

The Thrice-a-Week World's regular subscription price is only \$1.00 per year and this pays for 156 papers. We offer this unequalled newspaper and WHITE OAKS EAGLE one year for \$2.00.
