In the Twelfth Century

In Venice the "Banco" was organized, the word meaning bench, to give the people a central point where notes might be made, money borrowed and deposited for safe-keeping or for transfer to distant points.

The present day bank came into existence in 1649, when the present Bank of England was established in London.

Primitive banking was simple, the advantages given the people were few. Banking today is also simple, but the people receive many benefits not dreamed of in its early history.

Banks are organized by several men putting their money together in the shape of bank stock and opening a place for business. These men not only put their money into business, they also include their standing. Thus the bank is stronger than any one of them; as strong as all of them together.

Every bank is a benefit to the community. It facilitates business, gives the people a place to keep their active and surplus funds, and each dollar in the community does more work because the bank exists.

This bank is a material advantage to the public—to each man and woman in particular. We seek the opportunity to demonstrate the benefit of our service to you.

REVIVAL HAS CLOSED

A Most Successful Revival is Reported,
With Thirty-eight Additions to the
Christian Church.

The revival meeting which has been in progress at the Christian church tabernacle for the past two weeks came to a close Wednesday night, and Revs. Boen and Daugherty left Thursday night for Ladonia where they begin another meeting.

This revival was one of the most successful in every respect ever held in Brady. Thirty-eight additions to the church resulted, and the moral and spiritual tone of the entire town has been bettered thereby, which assures permanent and lasting results for time to come. Rev. Boen's sermons were deeply spiritual and delivered in a manner which caused his words to sink into the hearts of his hearers. No more eloquent or forceful speaker has ever preached in Brady, and no evangelist who has ever been here has left more true friends behind him than Mr. Boen. The music of the revival was one of its strong features. Mr. Daugherty is not only possessed of a splendid voice and ability to sing the story of the cross into the hearts of his hearers, but he is also an able choir manager, and within a few nights had his singers so organized as to make the music part of the service one long to be remembered. All the choirs of the city furnished talent for the big choir at the revival, and in fact, all the other religious denominations of Brady extended a thorough and sincere co-operation in every way throughout the meeting, and a strengthened spirit of brotherly love among the churches has been one of the good results of the revival.

Carpenters' Union.

Some weeks since the local carpenters and joiners organized a branch local of the United Brotherhood of Carpenters and Joiners of America. The charter has been received and the local union now has a membership of 49, with the following officers:

J. T. Brown, president; J. H. Drinkard, financial secretary; W. W. Wilder, recording secretary; John Fletcher, vice president; John Westbrook, treasurer. Regular meetings are scheduled for each Tuesday night, and the union will be known as Brady Local No. 686.

The union has adopted the present wage scale, but have cut down the working time to nine hours a day. The Standard is informed that the contractors of the city, almost to a man, are in favor of the move and will cooperate with the workmen in their organization.

Mr. and Mrs. Albert Hennesdorf returned Monday from an 8-days outing on the San Saba river in Menard county. A number of Menard people enjoyed the outing with them, among the number being Max Russell and wife, Fritz Rocek and wife, Gordon Deavers and wife, Ed Meers and wife, Dr. Dozier and wife, Bud Westbrook and wife and Miss Lillian Whitehead. Mr. Hennesdorf reports a most enjoyable trip, with plenty of fine fishing.

Saturday night is the regular time for annual election of officers in the Masonic Blue Lodge. All members are requested to be present.

Notice to Pupils.

The school bell will ring at 9:00 o'clock Saturday morning and all pupils who will call at the school building may receive their report cards for the term just closed. Please be on hand promptly.

A NEW DRESS!

The Highland Bloomer Dress for Children

A New One Piece Combination Dress For Children.

Easily put on—Easily Laundered

With this ingenious little dress a child can be quickly and comfortably clad.

Skirt, waist and bloomers all joined to one belt. Bloomers are concealed by the full plaited skirt. The dress opens all the way down the back, permitting it to be laid perfectly flat when ironed.

Just received a complete line of practical and becoming styles in Chambrays, Ginghams and Percales.

Excellent values from \$

THE greatest dress for children ever manufactured and the Grand Leader has the sole agency for Brady. Ladies, if you buy this dress for your children you will save time, trouble and lots of money. This dress is a mother's friend and a child's comfort.

A new shipment of American Lady Corsets just received. Competition would like to handle American Lady Corsets, but they only sell one firm in a town and that is always the leading Ladies' Ready-to-Wear Store and if the one they are selling gets behind the procession they step up and place their line with the one in the lead. The corset is the index to a lady's appearance. You cannot look in style unless your corset fits and is the late style. You get style, fit and comfort all combined in an American Lady Corset.

A Fit for Every Form

We want to call your attention to the new articles of merchandise received this week:

- Ladies' Novelty Goods
- New Ribbons
- Laces
- Embroideries
- Dress Trimmings
- Dress Goods
- Oxfords
- Gloves
- Waldorf Dresses
- Kimonas
- Children's Dresses

The people of Brady say we do the dry goods business, the traveling men say the same thing. We attribute this fact to three things—Right Goods, Right Prices, Courteous Treatment.

BANKERS' BIG FAILURE

Merchants Make Unlooked for Runs and Put Banking Boys on the Bum in Tuesday's Game.

The home talent benefit game between the Bankers and Merchants was pulled off Tuesday evening and proved one of the most interesting of the season.

Promptly at 4:30 the Bankers took the field while the Merchants toyed with the bat, swat the air and succeeded in scoring one before the Bankers could close them out. The Bankers likewise scored an equal number, but the umpire lost the combination to the safe and they were locked out with that same glorious one, only one. The Bankers made a gallant fight, covering themselves with glory and perspiration but they were no longer able to maintain the parity, the score card of the Merchants looked like a fine tooth comb and the villains still pursued.

The Bankers were handicapped by the pitcher who was unable to hit their bats. They batted hard, they batted often, but the ball passed through the bat with no more effect than if they had been batting with the tail of Halley's comet.

The Bankers had discounted the strength of the Merchants and protested at their substitutions from the original line up, but the Merchants had not waded notice of protest, and the Bankers being short on reserve were unable to check their runs.

At the end of the ninth inning the game stood 20 to 9 in favor of the Merchants. The Bankers had expected to defeat the Merchants with as much ease as the bankers of Wall street defeat national legislation, but they had overestimated their own ability. Each time the enemy drove them from their batteries "disaster,

followed fast, and followed faster" until Willie White was overheard singing the chorus "She never smiled again."

Sam Graham, of the Bankers, proved himself an expert batter with but one fault—that of being unable to hit the ball.

Keeler was perhaps the most attractive player on the ground. Dressed in his new snowy white uniform, he displayed an elegant physique and no doubt would have won the game for the Bankers if he had not been in it.

Broady played a good game and could easily have been winner but he has so much of the milk of human kindness in his soul that he could not stand to see the enemy defeated.

The attendance was good and the game was very interesting to all but the Bankers, whose silence at the end of the ninth inning could be heard above the applause of the spectators.

Wool Growers Attention.

Rush in all your wool before the 20th of this month in order to be in the great wool sale which will take place some time between the 20th and 30th of this month—exact date to be mentioned later. We guarantee the best sales in the country. McCully Co., H. P. Roddie, Mgr.

What a Summer Cold May Do.

A summer cold if neglected is just as apt to develop into bronchitis or pneumonia as at any other season. Do not neglect it. Take Foley's Honey and Tar promptly. It loosens the cough, soothes and heals the inflamed air passages, and expels the cold from the system. Jones Drug Co.

Mrs. S. P. Allen was in from the Voca community Thursday and reported having already had two fine messes of roasting ears, one on the 24th and another on the 28th of last month.

Treat your horses to a nice hand-made set of harness, they will work so much better. Try it. Evers, east side square.

Another Hot One.

Flushed with their victory over the Bankers, the Merchants are now up against the real thing. Baseball Bug Bill Hundley has organized a Railroad team out of the forces of the Frisco, Santa Fe and U. S. Express office, and their challenge to the victors of Tuesday's game has been accepted. The "big doings" will come off at the baseball park next Tuesday afternoon at 4:30 o'clock, and everybody who isn't there will miss the best thing yet handed out at the park this season. The Merchants will use the same line up as before with as many changes as they can find players for substitutes, while the Railroad bunch is made up of such old-time National Leaguers as Brewster, catcher; Owens, pitcher; Davidson, first base; Sartwell, second base; Callan, shortstop; Jones, third base; Smith, left field; Brannum, center field; Neal, right field; Johnson and Painter, utility; while Baseball Bug Bill will act as manager, captain, coacher, catcher, pitcher, first base, and other important positions as occasion may arise. He will also have the job of licking the umpire, and if the game doesn't go just right we are sure sorry for "umps."

Don't miss this game. Take your wife or your girl, or some other fellow's wife or girl, and see the fun. Benefit for the regular ball team.

Good to Recommend Them.

Mr. E. Weakly, Kokomo, Ind., says: "After taking Foley Kidney Pills, the severe backache left me, my kidneys became stronger, the secretion natural and my bladder no longer pained me. I am glad to recommend Foley Kidney Pills." in a yellow package. Jones Drug Co.

D. F. Savage and sister, Miss Adelaide, will leave this week for Bay City, Mich., the home of Miss Savage, and where D. F. will spend the summer recuperating from his recent illness.

Brady and the Brady Country

MORE than 50,000 bales of cotton marketed from wagons, season 1908-09, and 100,000 head of cattle shipped from Brady, 1908-09. Center of a trade territory fifty miles square. Finest farming lands in Texas. Brady has been for the past seven years the terminus of the Frisco Railroad, which is now extending to Menard on the southwest, and promises an extension to San Antonio on the south, via the towns of Mason and Fredericksburg. The Santa Fe Railroad is now building a line from Lometa into Brady from the east and on west to Eden, Concho county, and the southwest. This line is now under active construction, and the grades and bridges are being placed as rapidly as men can do the work. This road will give the great Brady Country a direct communication with Houston and Galveston.

Brady is near the geographical center of the state; 195 miles southwest of Fort Worth. County seat of McCulloch county, one of the best counties in Texas. Altitude 1700 feet, climate mild and healthful. Brady's population has grown in a few years from a few hundred to 4000. During the past year hundreds of residences have been built, and new industrial and commercial enterprises secured representing many thousand dollars.

Brady has an ice factory, bottling works, steam laundry, water works, electric lights with 24-hour service, telephone exchange, two National and one State bank with capital and surplus of \$300,000, \$15,000 school building and \$8000 ward building under construction, fine public school system employing 15 teachers, seven churches, four big cotton gins, cotton compress, two fine oil mills, a \$20,000 hotel, several big wholesale concerns handling groceries, hardware, furniture, implements and vehicles, one of the biggest automobile establishments in the state, five big lumber yards, two newspapers, and a full complement of all of the various business establishments necessary to a town with a big trade territory. City tax values over one million dollars and increasing rapidly.

The Texas North & South Railway Company, a newly chartered company, will build a road from Seymour, Baylor county, through Coleman, Brady, Llano and Fredericksburg to San Antonio. This road has adopted its survey and has closed tentative contracts with several towns and will close with Brady shortly. This is one of the most important lines that could be built in Texas, as it opens up an undeveloped agricultural country second to none in the state, besides giving access to the immense deposits of coal, oil and gas which are known to exist

in Coleman and McCulloch counties, connecting up with the iron mines of Llano county, and giving a through freight service north and south which will be of inestimable value to the entire Central West Texas country.

These roads give Brady seven outlets by rail, all of which will undoubtedly be in operation within the next two years. Furthermore, Brady is situated exactly right to be division point with shops and roundhouses for at least two of the roads. If Brady had no other prospects whatever, these roads would assure us of being a city of 15,000 people within the next five years. In addition to this, however, Brady is surrounded by the finest body of agricultural land in Texas. Land that knows no superior for the production of cotton, and all other staple crops.

Cheap lands surround Brady on every hand, the most productive in the state. The country is naturally adapted to stock farming, cotton raising, cattle and sheep. With such diversified interests, the great Brady Country offers to homeseekers the greatest inducements of any portion of the United States today. Land can be bought at from \$10 to \$25 per acre. The same quality of land in the north and east is worth from \$75 to \$200 per acre, and our cheap lands will produce a revenue equal to that produced on those high priced lands.

We desire to call your especial attention to cotton growing in McCulloch county. One man can work twice and three times the amount of land here as in sections further east, with less expense, and the yield per acre is greater here than there. Those desiring to find a location where they can raise cotton to the best advantage, free from the ravages of the boll weevil, are invited to investigate this statement. Brady has two oil mills, each built at a cost of \$100,000, and a fine compress, which assures the best market prices at all times for the staple. Brady has already established her reputation as the best cotton market in Central West Texas.

McCulloch county produces cotton, corn, wheat, oats, millet, kafir corn, milo maize and all other farm products. Orchard and garden stuff of all kinds also grows abundantly. This is one of the finest fruit countries in the southwest. Cattle, hogs, sheep, goats, horses, mules and poultry—anything the farmer wants he can have in McCulloch county.

McCulloch county wants more farmers, more home builders, more industries of all kinds. Openings of various character right now. For further information address:

Enjoy Fish Fry.

A jolly crowd of Brady folks enjoyed an outing and fish fry last Saturday night in the Bumgardner pasture. The fish fry had been prepared beforehand for the picnickers and included a 42-lb cat fish. Needless to say the occasion was one of pleasure to all present, and was prolonged until the light of the silvery moon was found indispensable on the return home. Among those who enjoyed the occasion were: Mr. and Mrs. J. P. Lindsay, Mr. and Mrs. Jesse Lindsay, Mrs. Winstead, Mrs. Elena Campbell, Miss Ruth Campbell, Howard Campbell, Mrs. Gray and children of Brownwood, Mrs. C. C. Bumgardner and children, Mr. and Mrs. V. B. Deaton, Frank Watters, Misses Moselle Glenn, Kate Bumgardner, Carrie Berry, Geneva and Celina Ballou, Senath Stewart, Mary Belle Mayse, Lolete Shuler, Messrs. Jesse Glenn, Steve McClellan, Everett Mayse, Bob and Pat Lindsay, Louie and Jesse Glenn.

Brady 8, Comanche 0.

The fans say it was a good game yesterday regardless of the one-sided score. Perhaps the balance falling on the right side made the game seem better, too, but the Buccaneers were simply unbeatable yesterday. Every man was on his toes during the entire game, errors were few and good plays many.

Today is ladies day, and all ladies will be admitted free to gate and grand stand. Comanche has a good team, and they promise to even things up this afternoon. Game called at 4:30.

Bond Issues Turned Down.

Judge Harvey Walker returned last Friday from Austin where he had been on business relative to the bond issues recently voted for bridges at Waldrip, Stacy and Voca, and reports all three turned down by the Attorney-General on account of irregular returns as made by the managers of the election. The Attorney-General ruled that only two boxes had made correct returns, viz. Saddle Creek and Camp San Saba. It is very likely that the Commissioners' court will order a new election for all three bridges.

The Vendome.

Miss Melba Palmer and company close their engagement at the Vendome tomorrow night.

This company has made a decided hit in Brady, and good crowds have greeted them nightly.

Next week this theater presents Tommy Murray's College Girls, a musical comedy company with fourteen people and a chorus of eight pretty girls. Jewish and Irish characters will be a feature of the company, with plenty of good music. The engagement is for the entire week. The company is said to be one of the best on the road, and it is a certainty that if it is as good as Miss Palmer's the patrons of the house will be well pleased. A BUSINESS Proposition

More credit at the bank, or with the people you do business with, interests every man. We all have to do much business on credit that any man is interested in any proposition that will make his credit better. And what makes a man's credit better, really makes him worth more money.

When you go to borrow money, or to buy goods or property on time, you put up as security your moral worth, the property you already own, and your future prospects. The question the creditor asks "Will he pay, and will he be able to pay?" He is honest—therefore he will pay if he lives and can raise the money. Then comes another question—Suppose he should die before payday. Then, has he enough enough estate to pay this and his other debts?

Show your banker that you have \$4000 life insurance and he realizes that your estate is worth \$4000 more than the actual property you own. That amount being in cash, in case of your death, makes your credit just that much better. And \$4000 life insurance in the Bankers' Life Association will cost you each year only as many dollars as you are years old at the time you join.

BRADY, TEXAS, FRIDAY, JUNE 3, 1910

FACTS ABOUT GOOD ROADS

In a report received by the Texas Commercial Secretaries Association, Henry B. Varner, a road expert says:

"It is shown that in states where the average price of land is less than \$20 an acre the percentage of improved roads is only 1.8, whereas in states where the acreage value is more than \$30, the average of improved roads is 9 per cent of the total mileage.

"There are records which show that roads have increased the value of farm lands from 50 to 500 per cent. It has been ascertained by a dozen railroads through their land and industrial departments that farms through which roads run are enhanced in value, and all concede that the increase is marked, immediate and inevitable. Suppose a county of 200,000 acres votes bonds, and placing the enhanced value at only \$4.50 an acre, it will be seen that the land owners thus benefited would gain not less than \$900,000. If the bond issue amounted to half a million, there would be a \$400,000 profit at once. The increase in the profit and price of farm products is equally certain and plain. The farmer's produce is worth nothing unless it can be placed on the market. Time was in England when food would be rotting in one place, while people suffered for the lack of it in a community a few miles away, because it was impossible to transport the products of the farms.

"In the United States today something of the same condition obtains, and who knows how large a per cent of the cost of living is chargeable to mud? There is no doubt in my mind that the present high prices for necessities, aside from other considerations, are caused in part by impassable country roads in all parts of the country."

Bad roads in many parts of Texas hindered and kept back the state for many years, but will now soon take the lead for a net work of splendid macadamized roads, that, with all year round climate for business, pleasure and health, and a most progressive spirit, will form a combination that is and will draw immigration and investment both domestic and foreign.

SOME LIVE WIRE FLASHES

BY **J. WALKER GREEN**

Agriculturally, the Voca country will measure up with the best on earth, and then some; but the public roads will measure up with the worst on earth, and then some more. It would be hard indeed, to find a neighborhood more sadly in need of a civic league, with a determined purpose to make a study of public highways and to awaken a general interest in them. Ways and means for present and immediate betterment, but with the ultimate purpose of finding a complete solution of the problem that confronts every neighborhood of McCulloch county, as well as nearly all of Texas. The Voca people are unusually intelligent and well read, and thoroughly posted on current events, but upon this one subject—by all odds the most important and profitable that could possibly engage their attention—their ideas are without form and void. They have given no thought to it except during the fleeting moment when they are almost jolted off the wagon seat by a big boulder, or frantically struggling to keep from being buried in the sand. Rocks and sand; there are the unending alternatives; either on the top of a pile of rocks or in the depths of bottomless sand. While a stranger could not but be deeply impressed with the almost matchless fertility of Voca soil, as evidenced by most magnificent crops of corn, oats and cotton, as well as fruits and vegetables to be seen on every hand. Yet—unless the said stranger were to visit the "Voca country" in a flying machine—his enthusiasm would be apt to lose the lilt of its song, and his judgment completely disillusioned when he hit the rocks and the sand of its public highways. I yield to no man in my admiration of the Voca people; their kindness, hospitality and good fellowship are unbounded. No one could appraise these traits at their right value more accurately than the writer, as no one has put them to the test more thoroughly. And what is here written is not to be taken in the nature of a complaint or accusation, because "Old Sandy" and I are used to all sorts of roads and no roads, but rather as a warning, that while they have almost the best country in the world, it will never come into its rightful heritage until its roads are made reasonably transferable. No agricultural country can point to a richer asset than good, serviceable rural highways. Not only do they build up the commercial and educational wealth of a people, but contribute enormously to the social fabric by encouraging neighborhood friendship and intimacies, as well as co-operate effort for the common good.

I have talked to many of the leading men on this subject, and they all instantly acknowledge the immeasurable value that a system of good roads would be to this county, and more especially to the Voca neighborhood. But "what is everybody's business is nobody's business," and as "nobody" is a boss that never gets results, things will remain as they are until "somebody" takes hold. "Somebody" with brains, energy and persistence, who can persuade, plan, suggest and execute intelligently; a man who can not only talk things but do things and induce others to help him do them. He is the man whom Voca will rise up and call blessed some day.

I am having a fine time among the Voca people; I always do have that sort of a time down here. Thursday night I spent with J. T. Word down on the Katemey road. Mr. Word is a new acquaintance but a mighty good fellow, and made me perfectly comfortable. Mrs. Word was just as kind and hospitable as her good husband, and I appreciate it very much. W. N. Liverman was my next host. I had the pleasure of meeting Mr. Liverman last year, and although I saw him but a moment or two at that time, I was very favorably impressed with him then, and I can say now that there are no better people in the Voca country than Mr. and Mrs. Liverman. And Saturday evening I trekked over to Lost Creek to Jay over Sunday with Dave Henderson. To give a "boost" to Dave Henderson would be "like carrying coals to Newcastle." Everybody knows him, a genial, generous, public spirited and hospitable man, to whom kindness is as natural as music to the heart of a mocking bird, and whose friends are limited only by his acquaintance. A line man indeed, prosperous, happy, and contented in the possession of a good wife, and a large family of boys and girls who are all devoted to "Dad."

This Voca country is almost an exact prototype of old Tennessee, and that is the reason I think so much of it. Deep umbrageous woods carpeted with luxuriant grass. Rippling, pearling brooks in which the fish are "shoaling;" frisky squirrels scampering from tree to tree, and great fields of corn with stalks as big as a man's leg, nearly. But the most pleasing of

all the reminders, is the way the farmers down there are plowing the corn with a one-horse turning plow—"lay-in" by" you know—for all the world like they used to do in the happy days of auld lang syne, when I used to make my shirt tail pop "a hillin' up the corn."

There is about everything here to make a man happy. As above indicated, this is the home of the bean, the tomato, the cabbage, the potato; the same is true of the strawberry, the blackberry, and the dewberry; and as for fruits, well the orchards I have seen are simply beyond the witheary of the most facile pen to give any conception of them. Say, you fellows who think I am writing "big windies," crank up your big snipe wagons, and take a run out to Albert Behren's orchard, (it is only 10 miles out on the Voca road) and you will be convinced that I have not written half the story. See the apples, pears, peaches, plums, and one of the largest and most beautiful pecan trees in Texas, and, and—oh! nuf sed. Come and see, I dare you to come. And the eatin' in the Voca country is something else. I drove up to a friend's house the other day about dinner time and knowing the lady's pride in her festal board, when we went to the barn to feed old Sandy, I implored the "hubby" to tell his wife not to go to any trouble fixin' dinner, that I was sorter sick anyhow—Hush! h-u-s-s-s-h! Don't say a word, she's got a lot of good things. Let her fix us a good dinner, I like 'em myself, h-u-s-s-s-h. And that's the Voca country.

BABY IS ABANDONED

Lady Enroute to Brady Finds Abandoned Infant at Santa Fe Depot in Brownwood.

Quite a little excitement was created last night at the new Santa Fe depot when a strange lady notified Mr. McHorse of the Brownwood hotel, that she had picked up a little two weeks old child on the east side of the new station. The lady was Mrs. Jessie Long of Santa Anna, who was enroute to Brady from a visit to Mullen. She gave the child into the care of Mr. McHorse, and he in turn gave it into the care of his daughter, Mrs. Jesse Atwood, who is caring for it. Officers were notified and an effort was made to find the baby's mother, but up to, the time of going to press little had been accomplished along that line. The baby, however, has a comfortable home with Mrs. Atwood, and she hopes the owner will not call for it.

This morning Mrs. Long was summoned before the authorities at the court house and stated that she came in on the train and as she was starting over to the hotel her attention was attracted to the child, which was lying a few feet from the side of the wall of the new passenger station, and she picked it up. She claimed to know nothing of the child further than she has told.

The little waif is being cared for and the ladies of the community say it would be a shame to return it to the ones abandoning it.—Brownwood Bulletin.

In sickness, if a certain hidden nerve goes wrong, then the organ that this nerve controls will also surely fail. It may be a stomach nerve, or it may have given strength and support to the heart and kidneys. It was Dr. Shoop that first pointed to this vital truth. Dr. Shoop's Restorative was not made to dose the stomach nor to temporarily stimulate the heart or kidneys. That old-fashioned method is all wrong. Dr. Shoop's Restorative goes directly to these failing inside nerves. The remarkable success of this prescription demonstrates the wisdom of treating the actual cause of these failing organs. And it is indeed easy to prove. A simple five or ten days test will surely tell. Try it once, and see! Sold by Jones Drug Co.

Get Well First
 Don't risk even a penny—until health first returns.

And I mean just exactly that. I am the one physician who says to the sick "I will not let you pay for your medicine if it fails to bring you help."

And for 20 years Dr. Shoop's medicines have been used and recommended in every city and hamlet in America. They are positively standard in every community—and every where.

Then why pay the cash, and at your risk, for other untried and uncertain medicines? Thousands upon thousands have in the past successfully used Dr. Shoop's Restorative.

When the stomach nerves, or the heart or kidney nerves fail, these sick ones know how quickly Dr. Shoop's Restorative will bring them back to health again. But best of all, they need not pay a cent for their money risk whatever. They know that when their health fails to return, Dr. Shoop will himself gladly pay the druggist for that medicine. And for that test a full 30 day treatment is freely granted. But write me first for an order.

This will save delay and disappointment. All druggists sell Dr. Shoop's Restorative and Dr. Shoop's Rheumatic Remedy, but all are not authorized to give the 30 day test. So drop me a line please—for I have appointed an honest and responsible druggist in almost every community to issue my "no pay" help, no pay" medicines to the sick. Tell me also which book you need. The books below will surely open up new and helpful ideas to those who are not well. Besides you are perfectly free to consult me just as you would your home physician. My advice and the book below are yours—and without cost.

Perhaps a word or two from me will clear up some serious ailment. I have helped thousands upon thousands by my private prescription or personal advice plan. My best effort is surely yours. So write request. So write have it fresh in mind, for tomorrow never comes. Dr. Shoop, Box 12, Racine, Wis.

SOCIETY NOTES

MRS. AGNES COOKE, Editor
PHONE 145 3R

Miss Addie Conner left last Friday for a week's sojourn on the Wilhelm ranch.

Mr. and Mrs. Will Tisdale returned Friday from their wedding trip to Fort Worth, Waco and other Texas points. They will be at home to their many friends this week, next door to C. R. Tisdale's residence.

Robert Lowrey celebrated his seventh birthday Saturday afternoon from four to six o'clock. A host of little friends were present and all expressed themselves as having had a delightful time. Dainty refreshments were served.

Mr. and Mrs. A. M. Martin, Mrs. Boyd and Mrs. Henderson composed an auto party that spent the day Friday at Broadmoor, the guests of Mesdames Harris and Berry. A delightful time was reported.

Mrs. Jim Stone left last Tuesday for Ft. Worth to meet her cousin, Mrs. H. T. Johnson and little daughter, of Des Moines, Iowa, who will visit her for several weeks. The ladies returned home Friday.

Mrs. Dr. T. P. Doole gave a miscellaneous shower Wednesday afternoon from 3:00 to 6:00 o'clock, in honor of Waldine Tauch. The house was beautifully decorated with wild flowers. Invited guests consisted of Mrs. Doole's Sunday school class. Delightful refreshments of cream and cake were served, each member bidding Miss Tauch good-bye and wishing her much success under Copini, the famous sculptor of San Antonio. Miss Tauch left Sunday night, her many friends wishing her all the success possible.

Mr. and Mrs. J. B. Stewart of San Angelo, came over in their auto Saturday, guests of Mrs. Dr. A. S. Holley. Jim Westmoreland joined them at Eden. The party returned home same evening.

The picnic given at Tucker was quite a success. School closing was the main feature of the day, with several good speeches from visitors. All the good edibles in the country, was provided, with fried chicken and pie galore. Each visitor declared that Tucker people had done themselves proud.

Mrs. John Schaege, Miss Nellie Jackson, Miss Smith, Messrs. Jim and Duke Mann composed a house party that left last Sunday week for Menard, as guests of Mrs. Bevans. After having had one of the best times of the season the party bade the charming hostess a fond good-bye, returning to their homes on Wednesday with lingering memories in their minds of the pleasant time spent at the Bevans home.

One of the most enjoyable events of the season was given at the residence of Mrs. Wroten Friday afternoon from 4:00 to 6:30 o'clock. The Mothers' Club was well represented, with several invited guests. Decorations were in wild flowers. The hostess had so beautifully planned two contests, first a floral wedding, second several phrases, each phrase beginning with the first letter in each individual's name until the letters were all used up in appropriate sentences concerning Mother's Club work, what they had done or should do. Mrs. Trigg received first prize, Mrs. Holley second prize. An instrumental duet by Mesdames Wroten and Trigg and a vocal solo by Mesdames Wroten and Lowrey were rendered and were greatly appreciated by the guests. A delicious salad course with grape juice was served by the hostess, each member bidding the gracious hostess good-

COMING TO BRADY AGAIN

Dr. J. Harvey Moore, the Eye, Ear, Nose and Throat Specialist, June 1st to 4th.

Dr. Moore has been making regular monthly visits to Brady for the last six months. He cured some of our most prominent people of blindness, sore eyes and other afflictions and his fame has spread to the surrounding counties, until now he has an enormous practice. He has all the work he can possibly do every time he comes to Brady. He is now arranging to spend more time here after his next visit. He expects to arrive Tuesday, May 31, and remain until Sunday, June 5.

He cures all diseases of the Eye, Ear, Nose and Throat that are curable, such as Granulated Sore Eyes, Weak or Watery Eyes, Cross Eyes, Cataracts, Ingrown Lashes, Etc. He treats all diseases of the Nose, Throat and Ear according to the latest and most scientific methods. He has patients scattered all over McCulloch county and several of the adjoining counties and can give numerous references of cures he has made. He makes a free examination and if you are incurable he will tell you so and will not take your money.

Cures Dyspepsia; Trial Is Free

It is a popular mistake that only wealthy people who eat rich and highly-spiced foods suffer from dyspepsia, or, as it is also known, indigestion. The laborer in the street, the worker in the field also finds himself a victim of this disorder. Among the very greatest sufferers from it are women.

Dyspepsia is indicated by a constant feeling of laziness, by loss of appetite and troubled sleep, by sour stomach and distress after eating, by bad complexion and lusterless eyes.

There is no surer and speedier cure for this trouble than Dr. Caldwell's Syrup Pepsin, which dyspepsia have been using successfully for twenty years. This great herb laxative compound cured Capt. Clark, of Buffalo, Ia., of dyspepsia and sour stomach that he had had for forty years, or until the lucky day that he heard of Dr. Caldwell's Syrup Pepsin. It cured Joel Adams, of Montgomery, Ala., after suffering continuously for sixteen months. These are only a few of the many. But it is not expensive to be cured with this grand remedy, as it can be bought at any drug store in a 50-cent or \$1 bottle.

Your very neighbors are probably life-long users of Dr. Caldwell's Syrup Pepsin, but if you want to know without expense what it will do for you personally, send your name to Dr. Caldwell and he will be glad to send you a free trial bottle. He is actually anxious to have you make a test of his remedy.

Thousands of families everywhere keep it in the house against such an emergency as constipation, sour stomach, indigestion, biliousness, dyspepsia, heartburn, torpid liver, etc., which may come on a member of the family any day. It is pleasant to the taste, acts gently and does not gripe. It is the great children's laxative tonic.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 500 Caldwell bldg., Monticello, Ill.

The McCormick harvesting machinery. Broad Merc. Co.

To the Farmers

We have prepared a large number of letter heads, on good, ruled paper and put up in nice tablets with blotter cover. On the back of each sheet of paper is printed a thorough descriptive write-up of Brady and McCulloch county, each community in the county receiving its proper mention.

These tablets are to be given away to the farmers of McCulloch county with the request that the paper be used for the purpose of writing letters to friends and relatives in other sections of Texas or in other states. We have gone to a great expense in preparing these tablets and we hope you will appreciate their value. It will help advertise McCulloch county and will save you the expense of buying tablets. They are free for the asking, so call at our office and get one, and by so doing help us spread the news of the many opportunities offered to homeseekers by McCulloch county. No matter to whom you are writing, be sure to use one of these sheets of paper. Be a booster; it costs you nothing, and you will be aiding in the settlement of the best county in West Texas.

Now don't procrastinate; come to our office the first time you are in town and get your tablet.

Yours truly,
MEERS LAND CO.,
J. Meers, Manager.

Just a few more Standard Cultivators, the only cultivator that has met every demand and proven every statement made of it. O. D. Mann & Sons.

Call on Meers Land Co. next time in town and get a nice tablet of letter heads advertising McCulloch county.

June Is the Happiest Month of the Year

FOR CENTURIES June has been celebrated as the month when summer is fresh and young.

June is the month of good omen.

From the entire year, June is chosen throughout the world as the favorite mating time--when new "nests" are being prepared by thousands of undaunted young folks "for better or for worse."

To those of you young people with the "light of courage sparkling from your eyes," there is a message from this store which concerns your happiness.

Begin your housekeeping with a high ideal of home, and life will be sweeter all the way. In the words of an old man "it will be for better and for better."

You are puzzled perhaps, over the problem of your early housekeeping. The comforts, such as you have enjoyed in your own homes, are beyond your purse maybe, for even if you have a good sum saved now, it isn't sound sense to spend it all in gratifying your ideal of a happy home. The solution is here.

In few of the larger cities, is there a more comprehensive display of furniture and furnishings of the right sort than you will find in this spacious store.

You select the outfit you need--good, substantial furniture that will wear, and grace your home all through your happy married life.

We will figure with you on the small amount you can spare each week. Your bank account will be undisturbed, and in a little while your cozy, cheerful home furnishings will be all your own. That's the easy way--our way--which you are cordially invited to enjoy.

Greatest Wool Sale Ever Known

In this country will take place some time between the 20th and 30th of this month--exact date to be announced later. All wool growers should rush in their wool at once to be in this sale. Remember we receipt for your wool, also your wool is thoroughly covered by insurance, and we guarantee the best sales in the country. Wool Growers Accumulative Association, H. P. Roddie, Mgr., at McCully Co.

The new hay crop is beginning to show up, several loads of fine looking Johnson grass being seen on the streets this week. It is a little early to quote a market price but it will likely start off at around \$15, getting cheaper as the season advances.

Just received a large shipment of tents. Have a large stock and the price is right. They were bought right, therefore we can sell them right. Broad Merc. Co.

P. W. Morrow is this week moving into his new 15-room house on the north side. He will conduct a rooming house and has an admirable location.

We have several span of good horses and mules for sale. See us, it will be to your interest. Broad Merc. Co.

J. W. and J. C. Morrow were in from Melvin yesterday, and as usual both were boosting for Melvin. Three new houses are going up out there, a residence for Mr. Cole, another for Prof. Robbins and a hotel.

Don't forget we do your repair work satisfactorily. Evers, the saddler, east side square.

Mrs. W. T. Melton came in from Fort Worth Sunday to visit her daughter, Mrs. Dr. T. P. Doole.

Chester Baze has undertaken to learn the "art preservative" in the Standard office.

W. R. Pence, who operates one of the finest farms in McCulloch county, about seven miles north of town, was a pleasant caller Wednesday morning. Mr. Pence is harvesting his oat crop now, and says that on about 40 acres he will make 35 to 40 bushels per acre. He also has about 30 acres which will be mowed and used for hay. Mr. Pence is a diversifying farmer, and still has about a hundred bushels of his oat crop two years ago on hand. That year he made an average of 75 bushels per acre. He reports corn and cotton doing fine this bright, warm weather.

When you think of a wagon, think of the Schuttler--the one wagon that will carry you through--O. D. Mann & Sons.

Mrs. D. Doole, Sr., of Mason, visited her sons in Brady from Thursday until Monday. Miss Kate Doole returned home with her and will spend the summer at Mason.

Good rubber hose for the lawn or garden, at prices consistent with the quality. O. D. Mann & Sons.

Still we hear talk of Brady's big 4th of July celebration but still no preparations are being made. Why cannot the commercial club take hold of the proposition and put it through?

When we clean and press your suit we do it right and at a reasonable price. Demp, the tailor.

Say, let's don't let that 4th of July celebration go by the board for lack of taking a few hours time in which to organize.

Hoes, any size. Broad Mercantile Co.

Mrs. W. R. Pence left last week for Portland, Ore., where she will visit relatives and friends for about two months.

The best selected, and most up-to-date stock of men's furnishings in Brady. Demp, the Tailor.

WALDRIP WHISPERINGS.

Waldrip, Texas, May 29.

Editor Brady Standard:

A party of twenty-four men and six wagons, representing the surveying crew for the proposed north and south railroad, passed through here last Monday enroute to Fredericksburg. Many of the boys are well known here and stopped along the way to discuss the coming railroad. All of them are perfectly confident that we will have that road sure. As one of the boys said, "We got to have it and better get it now than later on, so we can be using it." If we had spent the time in good, steady endeavor that we have wasted in dynamic explosions of quickly cooled enthusiasm, we would have had a railroad long ago. A wild burst of boosing is like a violent fit of temper, highly injurious to the party and of no value. So let us decide what we want then stay with it until we see the finish. Cultivate the hoist habit, but be persistent, not spasmodic.

Mrs. Grace Chaffin has been very ill but is improving.

Quite a number of Waldrip young folks attended the dance at the home of Mr. Kigan's of Gouldhusk, last Friday night.

Engineer Johnson, representing the Love railroad, and Wm. See of Rockwood, were on the river last Monday looking for a practical railroad crossing. Mr. Johnson finally located one to his taste about one quarter mile above the old Brady-Coleman crossing.

Mrs. A. F. Vise and daughter, Miss Octavia, of Rockwood, spent last Friday with Mrs. S. E. Hays.

Mr. Fleuellen is erecting a nice new barn, which will be needed at harvest time, with several additions.

Crops are running right at the speed limit, and no pest has yet appeared to molest it.

Everything is at least sixty days earlier than last year, but last year was no failure.

Just now corn is tasseling, gardens are getting over their giddy youth and becoming useful; our lovely tree fern, the mesquite, is pluming itself in creamy, sweet scented beauty; the pecan groves are in full bloom, and give promise of a very heavy yield; the bee hive is full of honey; fish are biting fine, and other things too numerous to mention. If you were born in McCulloch, count yourself fortunate, and if you are discontented you had better see a doctor immediately.

Every week beef cattle are passing, going to the nearest railroad point for Fort Worth packeries.

What a willful waste of time and money, when Brady and surrounding territory could entertain a giant packery at home.

Miss Florence Tidrow of Coleman, is the guest of Mrs. McBride for a few days.

PROGRESS.

As a household remedy for cuts, burns, bruises, piles, pain and soreness of all kinds. Dr. Cox's Barbed Wire Liniment, 25c size, has no equal. If not satisfactory, money refunded. For sale by all druggists.

PLACID PARAGRAPHS.

Placid, Texas, May 27.

Editor Brady Standard:

It has been some time since we have sent in the Placid news.

It was very dry around this place at our last writing, but since then we have been blessed with a good rain and crops are looking fine. Cotton chopping is the order of the day.

Sego & Co., who purchased the business of O. H. Robbins & Son, are now building a 30 foot addition to their store. They are making preparations to put in a large stock of dry goods, groceries and hardware.

The new Holiness church has been completed.

Rev. Manny is conducting a revival meeting here this week.

Grandma Haywood returned Thursday from a four weeks visit with relatives in Cass county.

Mr. Gray and little daughter, Ora, went to Richland Springs Wednesday.

The Nazarenes from different parts of Texas, are holding a Rally here--beginning Friday night and extending until Sunday night.

Prof. Robbins has accepted the position as teacher of the Melvin High School for the coming year, and will make Melvin his home in the near future. He will also engage in some kind of business there.

Will Day attended Sunday School at Onion Gap Sunday evening.

Mrs. Manny who has been quite ill for sometime is now on the road to recovery, and is improving slowly.

Since our last writing Miss Mattie Hughes and Mr. Will Lee were happily married at the home of the bride, Rev. Hull officiating. We join their many friends in wishing them a long and happy wedded life. BLUE BELL.

"I'll never be without Dr. King's New Life Pills again," writes A. Schingek, 647 Elm St., Buffalo, N.Y. "They cured me of chronic constipation when all others had failed." Unequaled for Biliousness, Jaundice, Indigestion, Headache, Chills, Malaria and Debility. 25c at Jones Drug Co.

VOCA VOICES.

Voca, Texas, May 23.

Editor Brady Standard:

Good rains fell in our part of the community last week.

Health in this community is good.

Joe E. Edmondson, State lecturer and organizer of the Farmers Union, spoke at the Liberty school house last Thursday night to a large crowd, giving a good outline of the needs of the farmers, which we believe if they

would follow they would not only help to get better prices for their products but would put themselves in better shape to school their children, and put them on a higher plane of living.

Mrs. W. T. Lemons returned Saturday from a visit to her son and brother at Pear Valley.

We are glad to note that Bill Reed is able to be up and walk about the place.

J. M. Lewallen and family visited A. C. Morrow Saturday night.

Our people here must be improving. Bailley's comet has passed us and has not been sheared yet.

Singing at Voca was attended by some of the young people of Liberty who report a nice time.

J. D. Hipp and family visited their daughter, Mrs. Pearl Butler, in the Black Jacks Saturday night and Sunday.

It looks as though our precinct is not going to have a commissioner for the next two years as no one has announced for the office. We would like to see some one get busy, and the man that shows the people that he will appreciate their vote is the man that will get there.

Singing at Henry Behrens' Sunday night was attended by a large crowd and a nice time reported.

H. N. Lewallen, our blacksmith has gone to Eden to erect a 7 room residence for August Otto.

Grandma Poe, of this place, who is visiting her granddaughter, at Melvin, is reported very sick, hope she will soon recover.

Look to The Standard and its readers.

JOLLY.

Scared Into Sound Health.

Mr. B. F. Kelley, Springfield, Ill., writes: "A year ago I began to be troubled with my kidneys and bladder, which grew worse until I became alarmed at my condition. I suffered also with dull headaches and the action of my bladder was annoying and painful. I read of Foley Kidney Pills and after taking them a few weeks the headaches left me, the action of my bladder was again normal, and I was free of all distress." Jones Drug Co.

MILBURN MIXUPS.

Milburn, Texas, May 25.

Editor Brady Standard:

Well it has rained such a nice rain, and everything is looking fine. Farmers are quite busy.

Some fruit is now getting ripe.

Mr. Ballard, of London, is here on a visit to his daughter, Mrs. J. D. Griffith.

Prof. C. P. Taylor and family moved from here to Brady last week. We regret to lose them as friends, as neighbors and as teachers.

Mrs. E. D. Shumate and children, of Ballinger, came in this week to visit home folks and friends.

L. M. Thompson was called to the bedside of his father, at Rockwall last Thursday. His father died that night. Mr. Thompson returned this week accompanied by his mother, who will spend some time with them here.

Mr. and Mrs. J. C. Stroud visited at Rev. Hamilton's Saturday night.

The sick of this community are improving. IDAHO.

Ends Winter's Troubles.

To many, winter is a season of trouble. The frost bitten toes and fingers, chapped hands and lips, chilblains, cold sores, red and rough skins, prove this. But such troubles fly before Bucklen's Arnica Salve. A trial convinces. Greatest healer of Burns, Boils, Piles, Cuts, Sores, Eczema and Sprains. Only 25c at Jones Drug Co.

VOCA NEWS.

Voca, Texas, May 29.

Editor Brady Standard:

I will try to give you a few dots from this part of the country.

Health is very good, am glad to say Mr. Reed is still improving under the care of Dr. Jackson.

Chas. Jackson is still very feeble.

The entertainment at Earnest Brown's Friday night was well attended. All report a nice time.

Henry Lewallen has gone up near Paint Rock to help build August Otto a new house.

Louis Burk has his new residence completed which gives a handsome appearance to his place.

May Cutsinger and wife visited Mr. Mayo Saturday and Sunday.

Miss Minnie Mayo is visiting friends and relatives here this week.

Tom Allen has been absent for several days telling the people that he is in the race.

Mrs. L. P. Shafer has been on the sick list this week; am glad to say she is some better.

The order of the day with the ladies, is canning vegetables, and with the men, is laying by corn and ploughing cotton, and with the young folks, it is chopping cotton.

Corn, cotton and feed stuff is doing well since the good rains.

Your correspondent took dinner with Mrs. Allen today and enjoyed a fine mess of roasting ears, fresh from the field. It takes a widow woman to make a good farmer any way.

Best wishes to our paper and its many readers.

VOCA NEWS.

Voca, Texas, May 29.

Editor Standard:

Everyone is rejoicing over the fine rains. Crops are looking fine.

Mr. Freeman and wife, near Camp San Saba, visited their father and mother, Mr. Kirklen and wife near Voca, Sunday.

The party at G. E. Brown's Friday was well attended. All report a nice time.

Ed Darley, of Brady, visited home Saturday and Sunday.

Chas. Jackson is on the sick list.

We are glad to see Will Reed able to visit his folks.

On May 4th, the death angel visited our community and took our beloved friend and faithful Christian, Mrs. Angie Crumbley. She was 49 years of age, a true and faithful Christian and a strong member of the Baptist church. She leaves a 14-year-old daughter, a father and mother and several brothers and sisters to mourn her loss.

Editor Brady Standard:

I am glad our old friend, J. T. Davis, of Aleneed, Texas, reads the Standard. Would be glad to see his letters appear often in these worthy columns.

Everything is lovely in the way of crops. Grass is fine and stock looks good.

People were too busy to come to the special school election Saturday, though a unanimous vote was polled for the special tax. This election was held at the Lost Creek school house.

J. W. Green is in the Voca country this week.

Miss Eula Parker is visiting friends in Brownwood this week.

I see the circulars out announcing a basket picnic on Lost Creek, June the 11th. We also see a subscription list to see how much can be raised towards the support of a big barbecue at Voca some time this summer. I don't know just when. Voca has had several big barbecues in by gone days. They have always been a success, and we are sure this will be a good one too.

P. C. Ragsdale of Brownwood, was in this community this week.

A muchly needed rain came at last, and everything is so refreshed and beautiful.

Messrs. Wallace, who are the cousins of Mr. Bristol, have been visiting here the past week.

Messrs. Nat and Clay Randals, who have been visiting relative in Hico, returned home Monday night.

Tom Ramsey and Miss Edna Powell and John Morris and the Misses Ramsey attended church at Lohn Sunday night.

The Sunday School at this place was re-organized Sunday with Mr. Bristol as Supt., Mr. Bratton, assistant Supt., Mrs. Hutto, Sec. and Treas. The teachers were also elected. I think we are going to have the finest Sunday School we have ever had.

The singing school closed Saturday. Come and listen to the singing.

Miss Mary Powell is spending the week with Miss Syble Hayes.

A Holiness meeting is to begin here the first of next month.

A few of Fife's young people attended Sunday School and singing here Sunday.

Misses Mabel Winstead, Maud and Mary Bratton and Burney Wright left Monday morning for Santa Anna where they will attend the Home Creek picnic.

Mrs. Woodard will leave Tuesday for Corsicana to attend the commencement exercises at the I. O. O. F. home.

A Day Lost

A Story of the International Date Line. By CHESTER WILLIAMS.

Copyright, 1910, by American Press Association.

An old salt told me this story while I was waiting on the dock for an incoming ship. He was a queer looking old chap with rings in his ears: "We was a-drawin' nigh New Zealand. A year afore we'd listed anchor at Wellington—Wellington's a town in New-Zealand, boss—and arter goin' clear round this 'ere globe a-ship-phin' cargoes in heathen lands and a-sellin' 'em in Christian lands we was a-gittin' back to where we'd started from to settle up with the owners.

"They made a plan to seize the vessel and put the second officer, Mr. Withers, in command. Now, Mark Withers didn't have nothin' to do with the mutiny, fer he didn't know nothin' at all about it. He was the best man you ever sailed under, boss—kind and considerin' to the men and with a head like a spirit level with the bubble always in the middle. That was jist the kind of man the cap'n ud almost hate, and he hated Mr. Withers like pizen.

"Well, jist afore the mine was ready to spring some of the men weakened and give away the hull thing. Now, if the cap'n had managed the sailin' of the ship as well as he managed wot he was a-goin' to do he wouldn't 'a' had no trouble. He put Mr. Withers in irons and made a court out of the men wot give the plot away, and they understood well enough that if they didn't find Mark Withers guilty every mother's son of 'em ud have to stand trial when we made port.

"That night I goes on a-thinkin'. I think and think till I reckoned the top of my head ud split off. Mr. Withers was to hang the next day but one at noon. What I was a-drivin' at was to delay the execution till we could make port. But there wasn't no way. I opened my knowledge chist a hundred times and shet it ag'in without gittin' nothin' out.

"Jist afore mornin' I fell asleep, and I dreamed—dreamed a—sure enough dream this time. I ain't a-goin' to tell you wot I dreamed, boss, but that dream give an idee. I didn't think it was much of an idee at the time, but it was better'n nothin', and I saw that there was one small chance for Mr. Withers. I stayed in my hammock long enough to think out a plan to give the prisoner that one chance, and when I turned out I knowed what I was a-goin' for to do.

"When four bells in the mornin' was a-strikin' I started aft at the head of seven men. They was the best men on the ship, and they was the only best men. All the rest was worst. We marched aft to the quarterdeck, where the cap'n was a-standin', and we all drawed up in line afore him.

mutineers to hold on to Mr. Withers to make him master of this 'ere ship I want you to understand that there ain't a-goin' to be no interference with justice. If necessary I'll hang eight more men." And he turned his eye on us as if he was a-measurin' how much of the ship's rope would be required for the job.

"There ain't no sich intention, cap'n. There's a wald reason why Mr. Withers' hangin' tomorrer 'll be contrary-wise to good law."

"Wot is it? he yelled. He was a-gittin' mad fast. "Mr. Withers has been sentenced by the court to hang at noon on Friday, the 30th of June. There won't be no sich day for us. This 'ere ship left Wellington a year ago and has been a-sailin' and a-sailin', till we've gone clean round the globe. You're navigator enough to know, cap'n, that we've lost one day in our reckonin'. Tonight we'll cross the international date line and jump a day in our record. It won't be Friday, June 30, but Saturday, July 1."

"Boss, you'd oughter seen the way he looked at me when I said that. It seemed as if the idee struck him hard. "This is Thursday," he said, "ain't it?" "Aye, aye, sir!" "If we don't reach the date line afore tomorrow noon it'll be Friday, and the hangin' will be legal."

"Aye, aye, sir! But if we do reach the date line afore tomorrow at noon it'll be Saturday accordin' to the new reckonin', and Mr. Withers can't be swung accordin' to the sentence of the court."

"The cap'n looks up at the sky and skims his eye along the horizon. Then he turns to the fast officer, who was standin' by."

"You got the sup today, didn't you, Mr. Greevis?" "Aye, aye, sir!" "How far do you reckon we are from the one hundred and eightieth meridian?" "Bout ninety miles, sir."

"Then the cap'n put his eye round the horizon ag'in. I knowed well enough what he was a-thinkin' about. With the wind we was a-gittin' we couldn't make the date line afore the time set for the hangin'. Worse'n that, the wind was a-dyin' out.

ABOUT THE CREAMERY

One of Brady's Most Meritorious Institutions Not Being Accorded a Proper Patronage.

Manager D. J. Marsden, of the Brady Creamery, informs The Standard that the creamery is not getting anything like the amount of patronage from the farmers which it should have. There are about 15 regular patrons of the creamery and every one of them are satisfied with results, finding that they can make as much money off their cows by selling the butter fat to the creamery as they could make by peddling the milk and butter, and without any of the trouble and work attached to the peddling.

Mr. Marsden is also experiencing some difficulty in placing his product after it is made into butter. Local merchants, for some reason, are not handling the Brady Creamery butter to any great extent, although Mr. Marsden declares it is as good a grade of butter as the market affords, and sells at the standard creamery price of 90c per pound to the dealer.

Both of these faults should be corrected. The farmers should patronize the creamery better, and the Brady merchants should handle every pound of butter made as long as the output is as small as it is and the quality of the butter good.

Mr. Marsden says he has no trouble in disposing of his ice cream, and all that he makes goes readily. He is making a good cream and selling it to dealers for less money than they can ship in cream from other points.

The creamery is putting out about 100 pounds of butter each week, which amount The Standard hopes to see multiplied by ten in the near future.

NEW COAL MINING CO.

Dallas Parties Organize Big Company to Develop the Rockwood Field in Coleman County.

That the Rockwood coal field will be developed seems now to be an assured fact, according to press dispatches. The Rockwood field is in Coleman county and lies just a few miles north of the Waldrip coal field in this county, the Colorado river separating the two districts. That there is an immense deposit of coal in both McCulloch and Coleman counties has never been denied, and now that the Rockwood field is to be developed it is certain that the Waldrip field will be looked into sooner or later. The Brownwood Bulletin says:

S. F. Wiles, vice president and general manager of the Lone Star Coal Mining Company, was in Brownwood yesterday enroute to Rockwood from Dallas. Mr. Wiles has just completed the organization of a large company, which will undertake to mine coal at Rockwood, and he informs the Bulletin that work will start as soon as the road builds into that place. Mr. Wiles has leases covering a period of twenty-five years and as much longer as coal is produced in paying quantities. He reports that in the way of developments there are thirty-one holes drilled with diamond drills, and showing 28 to 34 inches of coal, and he figures that the field will produce fifteen million tons of coal and that it will take forty years to mine it at a thousand tons per day.

A comparison of the coal with the other coal produced in Texas shows the Rockwood coal to be richer in carbon and to contain less ash than any of the other well known coals. He submits the report of Prof. E. T. Dumble, state geologist, who says in reference to this field as follows:

"As to the quality of the coal there can be no doubt, nor can there be any as to the possibility of working it. Generally there

is a solid roof, and beneath the coal there is an easily worked bed of fire clay which can be easily removed and in time used in brick manufacturing. The general dip is also favorable to extensive coal mining, and there is practically no danger of faults. For domestic purposes and for railroad use this coal is undoubtedly well suited."

The managers of the coal company point with pride to the fact that the Brownwood Southwestern will soon be operating to Rockwood and the coal can be shipped to the various points at a less cost than the other coal is received. The company plans to install machinery and equip the mines in first class shape.

Associated with Mr. Wiles are such men as W. H. Gaston, W. W. Graham, and others of Dallas.

To Our Subscribers.

The Standard has never made a habit of "dunning" its subscribers through the local columns, but succeeding the consolidation of the three papers a month ago we find that there is a large sum due us on back subscriptions. This is to ask each reader to note the date on his paper and if it shows you to be one of those in arrears to remit us the amount due, if possible, at an early date. Statements will be mailed in due time, but in the meantime we will appreciate your remittance. There is over a thousand dollars due us on subscriptions, and like Happy Hooligan, we "need the money." We will appreciate your co-operation in this matter.

Send us your orders for tents and wagon covers. We have goods of quality, and the price—well it's just what you have been looking for. O. D. Mann & Sons.
