**ITS HARD TO GET MONEY, PUT IT IN THE BANK and save it.**

There is not a mechanic, clerk, bookkeeper or laborer who does not today make more money than did the philanthropist, R. T. Crane, of the Crane Company, of Chicago, who each year now gives a Christmas present of a quarter of a million dollars or more to his employees. He saved and banked his money when a young man. I have received a full equipment for moving houses and buildings and solicit your patronage. Leave word at this office.

H. E. ROBERTS.

C. H. Vincent and children, and Mrs. I. G. Abney left yesterday morning for Mineral Wells, where they will spend a while going from there to Caddo, Oklahoma, to visit relatives. They will be gone several weeks.

Mrs. P. A. Ottinger has closed down the Brady house and will enjoy a much earned rest. This move on her part was the result of the property recently changing hands, and her inability to renew the lease.

Miss Mamie Penn was called to Mercury Saturday by the news of her grandfather being very low.

## YOAKUM ON EXTENSION

THROUGH TO FREDERICKSBURG VERY PROBABLE.

San Antonians Determined to Build—Frisco Can Connect at Fredericksburg.

Interest just now is centered in the trip of the Frisco officials from Brady to San Antonio by way of Mason and Fredericksburg. The officials are very conservative in their statements and do not give a great deal of information as to their intentions. However, it is evident from the statement given out by Mr. Yoakum that the Frisco would be very glad to build the extension to Fredericksburg, providing some other parties would build the road from Fredericksburg to San Antonio. The reason for the Frisco's reluctance to building between these two points is that the intermediate country is indescribably rough, and presents a herculean task to the railroad builder. The very best grade they could possibly obtain would be one and a half per cent.

Fredericksburg citizens hailed the coming of the official party with delight and were ready with a proposition. They proposed to give the Frisco \$200,000 bonus, right-of-way through the county and the two grades, one from Fredericksburg to Waring, where the Frisco would connect with the Sap road, and the other a ten mile grade from Fredericksburg toward Llano. The latter would be of use to the Frisco only for protection from encroachment upon its territory by the H. & T. C. extending from Llano. The proposition obligated the Frisco to give Fredericksburg through connection with San Antonio, and required that an answer be made within 60 days.

The offer doubled the amount of Fredericksburg standing bonus for a railroad, but the Fredericksburg people are looking to San Antonio to make up the second \$100,000, and inasmuch as San Antonio already had up a bonus of \$50,000 it is virtually only an increase of \$50,000 over their standing offer.

Meanwhile matters will stand as they are until Chief Engineer Jonah, of the Frisco, can go over the grades and make his report to the officials as to the advisability of the Frisco undertaking construction from Fredericksburg to San Antonio. The grade was built 22 years ago, and in that length of time has been washed out, overgrown with trees as large as a man's body, the projected tunnels have caved in, and in fact it presents a task almost as great as if nothing had ever been done.

In case the Frisco decides not to attempt the building, San Antonio business men are determined that the road shall be built and will undertake the task themselves. One en-

thusiastic citizen, Henry L. Half, has already contributed \$5,000 toward the building. In such event it will be a comparatively easy task for the Frisco to build to Fredericksburg and connect with the San Antonio extension.

According to the best information obtainable the Frisco will begin operations on the Mason extension just as soon as they complete the Brownwood North and South extension to May, a distance of 17 miles. This will require something like two or three months, so by October 1st active work will very likely be in progress.

We quote the following statement made by Mr. Yoakum in the San Antonio Express:

"We were looking over, with our chief engineer, the country between Brady and Mason, where we contemplate construction. After reaching Mason, we decided to ride through to San Antonio as there would be but little difference in time to go from Mason by machine or to return to Brady and thence around by rail. We did not make the trip however, with a view of construction at this time.

"We remained at Fredericksburg an evening and half a day, and had a very pleasant trip looking over some parts of Gillespie county with the citizens of Fredericksburg. They are naturally very anxious for a railroad, and it would not be a very great undertaking for us to extend the line from Mason county into Fredericksburg as there is no difficult construction in that territory. The heavy construction is this side of Fredericksburg, where it is going to require a great deal of money to get through that section. Our chief engineer, after going over the situation, does not think the old grade can be utilized for first-class construction on account of heavy grades and curvatures. However, this has not been fully determined. He is going to look further into the matter.

"We would be very glad for others to undertake the construction of a line from San Antonio to Fredericksburg, where we could, without any great difficulty, meet them at that point. We're not anxious to undertake

construction through the heavy work that will be encountered south of Fredericksburg.

"Concerning anything that was said to the people of Fredericksburg, that is a matter to discuss with them, as we only visited that section looking over the country, but the people of Fredericksburg are very

anxious for and are certainly entitled to transportation. Gillespie county is one of the richest counties of Texas and is composed of the best citizenship of the state. They have waited so long and patiently for transportation that they have become ambitious, not only for a local line, but to have Fredericksburg placed upon a trunk line. They are going to do all they can to secure a railroad, and they are very loyal and friendly to San Antonio through old established social and business relations.

## ADAIR HERE WEDNESDAY

UNION MEETING WILL BEGIN WEDNESDAY NIGHT.

Prayer Meetings Will Be Held Each Day in Various Parts of Town.

By reason of Lockett Adair's inability to reach Brady until tomorrow morning, the great Union meeting will not begin until 8:30 tomorrow night, instead of last Sunday as was at first contemplated. The frame work for the revivalist's tent has been erected on the west side of the square, where the meetings will be conducted, and everything is in readiness for the meeting to begin.

The meeting will continue for at least two weeks, and all the workers are anticipating a genuine soul stirring and religious awakening. The city has been divided into four districts, as follows: north of Brady creek; west of Bridge street; east of Bridge street to the Christian tabernacle on Oak street; and east of Oak street. In each of these sections cottage prayer meetings will be held each day between 4 o'clock and 5 o'clock at some home previously designated. At the conclusion of the meeting the leader and place for the next meeting will be named.

Announcement of the men's prayer meeting will be made tonight. The boys' prayer meeting will be held at 5:00 each afternoon at the Methodist church. Dr. Kolbye, leader; the young ladies over fifteen years of age will meet at the Christian church, choosing their own leader; the girls under fifteen will meet at the Presbyterian church, with Mrs. Francis leader.

The following have been appointed ushers: S. A. Renham, J. D. Branscum, Tom King, Dr. J. G. McCall, Evans Adkins, E. P. Lea, Sam McCollum, J. F. Montgomery.

The following are the collectors: G. C. Kirk, Marshall Rankin, Dr. J. B. Granville, A. M. Martin, J. M. Coalson, W. J. Yantis, L. P. Cook, F. J. Neal.

F. J. Neal has been appointed treasurer of the meeting, Mrs. W. H. Wroten and Miss Louise Hardison will be pianists.

### THE GREAT FIGHT

Of Our Ancestors for Independence in 1776

was successful because of their love for home. That was the greatest home building campaign ever launched in any country, and its momentum is still carrying us along the same road because we know the home is the backbone of our Nation. The best money ever spent is that put in a home, because it brings more real contentment and is a joy forever. From the earliest days of civilization the home has been the most sacred of worldly possessions, and no matter how much other customs change, the home will always remain the same. The ownership of a home means more than just the investment of dollars. Its something that your children will recall with pleasure long after you are gone beyond, and the influence it will have over them will be worth more perhaps than a thousand times its cost. Build yourself a monument. You may ask us how? An estimate won't cost you a cent. The time to build is now. TRY US! ALFALFA LUMBER CO.

### W. C. T. U. COLUMN

Why should the saloon and its advocates try to make sensible people believe that they prefer local option to prohibition because it is a more effective restraint on the traffic. One would almost be led to believe at this time that they are the originators of local option in our state, and its foremost advocates in such elections. But of course they fight it by fair means or fraud, and because they know that statewide prohibition will prove more disastrous to the traffic, by so much is their opposition to it increased. I wonder if those respectable and honest anti-prohibitionists who claim that they are in this fight from purely patriotic and exalted motives, really deceive the saloonkeepers themselves. I believe if one should speak from the heart he would say to one and all from the governor down—or up—"Oh, you are my friend—all right, but I pity your patriotism!" For myself, if I had to choose, I should prefer to be the saloonkeeper himself rather than he who "justifies the wicked for a reward."

A note of encouragement comes from wholesale dealers in Louisville. The sale of whiskey in Texas has been greatly diminishing, they say, owing to the uncertainty as to the result of the election. They should consult the anti speakers in Texas. They would tell them to double their shipments, as prohibition is as good as defeated by 100,000 votes, but they are safe anyway, as there will be twice the amount consumed if it carries. I wonder why these wholesalers are hesitating.

"Think of a grocery dealer skulking in back alleys with a can of coffee in one bootleg a pound of cheese in the other and a herring under the back of his neck; or a shoe dealer with his door fastened with iron bars, his windows grated, and a half dozen men on the street corners watching for the officers and at the least alarm destroying every sign of his business. What man would say the grocery business was flourishing or that there were more boots and shoes sold than ever before in the history of the city?"—Selected.

When the Old Wagon Breaks

Come in and get one of our line of Studebakers—the kind that stands up. If you have much hauling to do a Studebaker will pay for itself in a few months by saving you time and trouble and the expense of constant repairs.

You Know the Studebaker Wagon

For more than fifty years its reputation has grown better every year. This reputation is due to the good quality that has always been a part of the Studebaker Wagons. Each part is made from the lumber that is best fitted for that part. New England black birch makes the best hubs—the Studebaker hubs are made of it. Butt cut, second growth black hickory is the best for axles—Studebaker axles are made of it. Selected white oak is best for spokes and running gears—that is what is used in the Studebaker Wagon. The Studebaker Wagon

Is Perfect in Every Detail

That is why we sell it. Come in and let us talk it over. We have some interesting wagon books for every one.

## LIQUOR SHIPPED BY EXPRESS INTO THE PROHIBITION STATES.

The Interstate Commerce Commission Has Developed That the Traffic Will Approximate Twenty Million Gallons Annually—Conclusive Evidence from Authoritative Source on Failure of Prohibition Theory.

(Associated Press Report.)  
Washington, June 23.—Approximately 20,000,000 gallons of liquors annually are shipped by express, principally from mail order houses, directly to consumers in prohibition states. This startling fact was developed today in an inquiry conducted by the interstate commerce commission.  
The commission held that the express requirement that liquor containers should be packed in corrugated paper cartons was reasonable, but that the charge for transportation based upon arbitrary weights, eighteen pounds for a gallon of whisky packed, was unreasonable and that the discrimination against stone jugs also was unreasonable.

Fostered by Prohibition.  
Commissioner McChord, who conducted the inquiry, points out that the industry directly concerned is that of the mail order liquor houses.  
"It was the spread of the prohibition movement," the opinion says, "that gave vitality to this character of traffic in liquor, with statewide prohibition came the interstate traffic in liquor. The decision of the supreme court that this traffic was interstate and therefore superior to interference by the state governments gave the industry a tremendous impetus and established the express companies as the carriers of practically the whole of this traffic."

Starting Figures.  
"Jacksonville, Fla., probably the largest shipping point for liquor in the south, sends out between 3,000 and 4,000 packages of one and two gallons daily, or a total of about one and one-half million gallons a year. Chattanooga, Tenn., ships about 788,000 gallons; Richmond, 546,720 gallons; Petersburg, 268,128; Pensacola, 267,760; New Orleans, 255,856; Augusta, 215,150; and Norfolk, Cairo (Ill.), Emporia (Va.), Louisville, Portsmouth (Va.), Roanoke (Va.) and Savannah ship more than 100,000 gallons each annually."

Cheap Whisky for Negroes.  
"The movement is much more active in the south than in other sections of the country, partly because of the extent of the prohibition territory in that section, partly because of the large quantities of very cheap whisky manufactured and shipped there for the consumption of the negro population."  
The opinion concludes with the statement that although it is not the function of the commission to dwell on the moral aspect of the question, it is considered that the traffic has an evil effect and is one of the important factors in the race problem of the south. (Advertisement.)

## THE STATE-WIDE PROHIBITION HAND BOOK

Compiled by Hon. D. E. Simmons, Under Direction State Executive Committee, Statewide Prohibition Amendment Committee.

This is the official guide and hand book for the prohibition orators and prohibition writers everywhere in the state. Its information is for the newspapers and public speakers who are supporting the prohibition cause.

On page 124 we find the following information:

States and Territories	Wholesale		Retail		Total
	Wholesale	Retail	Wholesale	Retail	
Alabama	18	2	246	37	1,149
Georgia	35	4	652	47	1,925
Kansas	11	1	113	27	1,144
Maine	2	4	476	46	1,954
Mississippi	7	1	394	13	531
North Carolina	4	1	71	34	1,241
North Dakota	4	1	721	25	1,510
Oklahoma	1	1	142	54	1,842
Tennessee	20	2	1,098	56	3,255
Grand total	21	21	4,543	350	14,041

Total Number Liquor Dealers in Prohibition States, 14,041.

On page 128 is shown "the amount of distilled liquors produced in the prohibition states for 1909 and 1910:"

States	GALLONS
Alabama and Mississippi	176
Georgia	29,791
Kansas and Oklahoma	357
Maine, Vermont and New Hampshire	597
North Carolina	272,362
Tennessee	1,498,249
Total	2,002,532

On page 129 is a table showing the fermented liquors withdrawn for consumption in the prohibition states:

States	BARRELS
Alabama and Mississippi	68,724
Georgia	243,905
Kansas and Oklahoma	6,342
Maine, Vermont and New Hampshire	597
North and South Dakota	95,545
Tennessee	477,050
Total	892,203

It is true that the hand book is endeavoring to show that there has been a decrease in the consumption of both distilled spirits and in fermented liquors (or beer). But the official report of the interstate commerce commission shows that instead of there being a decrease there has been an increase.

Commissioner McChord, who conducted the inquiry, points out that the industry directly concerned is that of the mail order liquor houses.

"It was the spread of the prohibition movement," the opinion says, "that gave vitality to this character of traffic in liquor. With statewide prohibition came the interstate traffic in liquor. The decision of the supreme court that this traffic was interstate and therefore superior to interference by the state governments, gave the industry a tremendous impetus and established the express companies as the carriers of practically the whole of this traffic."

"Jacksonville, Fla., probably the largest shipping point for liquor in the south, sends out between three and four thousand packages of one or two gallons daily or a total of about one and one-half million gallons a year. Chattanooga, Tenn., ships about 788,000 gallons; Richmond, 546,720 gallons; Petersburg, 268,128 gallons; Pensacola, 267,760 gallons; New Orleans, 255,856 gallons; Augusta, 215,150 gallons, and Norfolk, Cairo (Ill.), Emporia (Va.), Louisville, Portsmouth (Va.), Roanoke (Va.) and Savannah ship more than one hundred thousand gallons each annually."

The 20 million gallons of whisky shipped in accordance to the above statement, is not included in any of the statements of distilled spirits or fermented liquors produced in the prohibition states; because this was shipped into the state and not produced. In other words, prohibition states consume 2,002,532 gallons distilled spirits produced in these states, and in addition thereto, 20 million gallons shipped in, making a total of 22,027,832 gallons of whisky sold and consumed in the prohibition states during the years 1909 and 1910, which has been accounted for; to say nothing of the numerous shipments smuggled over the lines for which no accounting has been made. Besides this, 892,203 barrels of beer, containing 31 gallons each, or a total of 27,658,293 gallons, was produced, to say nothing of the beer shipped into prohibition states.

Bear in mind that the above is taken from the prohibition hand book and the official records. Statewide prohibition will cost the taxpayers of Texas \$1,137,502.33, or more than two dollars per head for each voter, without a single redeeming feature. (Advertisement.)

## RAIN BRINGS SMILES

LARGE PORTION OF McCULLOCH SOAKED.

Rain Extends Over Large Area. Four Inch Downpour at Mason, Three Inch at Pasche.

Just at this time of the year, and in view of the dryness heretofore prevailing, nothing can bring a broader smile on the face of any citizen than the knowledge that it has rained, good, soaking rains, over a large part of McCulloch and adjacent counties.

With reports of river and creeks bank full, tanks running over and cotton fields standing in water in the northwest, west, southwest and south parts of the county, visions of a good crop grow brighter and brighter.

Mason was particularly favored by the rains, and since last Thursday over 4 inches of rain have fallen there. Pasche is likewise a special favorite, having received a 3 inch rain Saturday morning, and a splendid rain fell at the same time from Millersville all the way to Paintrock. Friday night Menard received a good wetting, and Saturday morning the mail hack returned through a heavy rain that continued until two miles this side of Nine. Fine rains are reported at Tucker, Hext, London, Voca, Fife, Waldrip, and Stacy, while Callan, Lightner and Whiteland also received good showers. Lohn came in for a good soaking rain, and the Calf Creek community was fairly flooded. Sunday afternoon a good downpour fell south of town in the vicinity of Bumgardner's and coming towards town as near as Jim Bell's cotton field. The rain fell so fast that the creek backed up as far as D. B. Mays' place.

Melvin, along with Brady, Rochelle and parts of the county immediately surrounding Brady and east and northeast of here, remains dry, but with continued prospects for rain, and with the dry belt growing smaller and smaller each week, the citizens in these parts are hopeful that they will not be overlooked. Meanwhile cotton is doing splendidly, and there is no complaint at all of it suffering from the dry weather.

W. D. Crothers, Jeff Meers, Oscar Thompson and Pewter Brown returned Saturday from their trip with the Frisco officials across the country to San Antonio. They came from Mason by stage, being obliged to leave their cars at that place on account of the heavy rains. Mr. Meers carried Pres. Winchell, Chief Engineer Jonah and Vice-Pres. Nixon; Pewter Brown drove Mr. Tillman's car carrying that gentleman, W. D. Crothers, and B. F. Yoakum, while Oscar Thompson carried the baggage, picking up Chas. Martin at Mason and carrying him as far as Fredericksburg. Pres. Winchell was delighted with the fertility and productivity of the country through which passed and said he had never believed such prosperity as he saw existed so far from a railroad. Despite the long trip and the rough roads, the journey was made without serious accident of any kind.

### LOCKETT ADAIR MEETING

GREAT REVIVAL BEGINS  
SUNDAY MORNING.

Brady's Four Leading Churches  
Unite to Hold Meeting—Continues Two Weeks.

Next Sunday morning at 11 o'clock, Rev. Lockett Adair will open the great Union revival, which will continue for two weeks. The services will be conducted in the revivalist's tent in some convenient place in town yet to be decided upon. The man who has charge of the placing and erecting of the tent is expected to arrive today, and will decide upon the location.

Rev. Adair comes here from Forney, near Dallas, where he has been conducting a highly successful meeting. His fame as a revivalist has extended all over the southern states, and great results are anticipated in the meeting here. During the past three years Rev. Adair has as proof of his wonderful powers a record of 10,000 conversions, and in the past ten months alone 3,500 people have through his efforts become converts.

In this meeting are combined the forces of four of Brady's leading churches: Methodist, Baptist, Presbyterian and Christian; and with the united strength of these great bodies, the meeting should and will go down in the history of Brady as the greatest ever held.

A general invitation is extended to everyone to attend. Arrangements have been made whereby the Dutton grove is placed at the disposal of those who wish to camp during the meeting, and every effort will be made to care for visitors and strangers.

### 57 Deposits.

The Brady Postal Savings bank closed its first week's business with a total of 57 depositors. A large per cent of these accounts were by parties who had not been depositing their funds in any bank. Compared with the 12 accounts reported by the postmaster at San Angelo for the first week, Brady is "going some." But then, not many institutions of this kind can boast of such a good postmaster-banker as our own D. Doole, Jr.

### \$11,500 Deal.

J. A. Bowers has sold his farm at Melvin, comprising 300 acres, to W. T. Melton Land Co., at \$38.50 per acre. The deal was closed last Friday night. Mr. Bowers will retain possession until January 1st.

F. A. Gayle was in Brady Monday interviewing the Commissioners regarding the superintending of the road building in Precinct No. 1. Precinct No. 1.

### DUBLIN BUYS PLANT.

City is to Pay \$16,000 for  
Water Works.

As the result of a conference held last Monday between Hon. Ocie Goodwin, representing the Dallas Securities Company, and the honorable mayor and city council of Dublin, in adjourned session, terms were agreed on by which the city becomes the owner of the Dublin water works.

The contract has not yet been signed, but is now being drawn up, and there is little possibility of the deal falling through, as every phase of the transaction has been gone over thoroughly and the terms agreed upon are mutually satisfactory in every particular.

According to the memoranda of the agreement, the Dallas Securities Co., transfers the water plant to the city of Dublin for a consideration of \$16,000 and purchases the \$14,000 remainder of the \$30,000 bond issue at par. This is a concession of \$4,000 from the first price made but really means a great deal more to the city, as the best bid that had been received for the purchase of the bonds was par and four per cent commission, or \$1,200, leaving a net amount of \$28,800. Deducing the \$1,200 saved in the commission, and the city is really securing the plant for only \$14,800, and the council considered this such an advantageous offer that they decided to close up without further delay.

The estimated value of the usable portion of the plant made by Engineer John B. Hawley of Fort Worth, whom the council employed to carefully invoice and examine the material, was something over \$16,000. Mr. Hawley, who was one of the consulting engineers for the government on the Panama canal, spent a week or more examining the plant and other appurtenances of the plant, and his opinion can be relied upon as giving a fair valuation. His estimate was upon materials only, and did not include the valuable piece of land south of the ice factory, on which the new well is located, and which, according to the terms of the agreement, becomes the property of the city.

Only commendatory remarks are heard from the citizens as to this action on the part of the council, which promises to quickly and satisfactorily solve the water problem. With the heavy expense of laying mains and making connections already provided for, it is believed that the \$14,000 remaining will be amply sufficient to drill additional wells and install such new machinery as may be found necessary to insure an adequate supply.

Mayor Wray had a phone message from Mr. Goodwin stating that the contract had been drawn up and will be forwarded at once for approval of the council.—Telephone.

## Bargain Days are Not Over

Here are a Few Specials We Offer in Piano Bargains

Some of these pianos have only been used a week, some a month and some only a few years, but they are guaranteed to be in good shape. We are going to sell every used piano on our floor, as we are cleaning out our stock. Remember, it is better to buy a good used piano than it is to buy a cheap new piano.

We can make prices the other concerns can't, and our terms will meet your requirements.

We will ship any piano we handle on trial, prepay the freight, and after you have tried it if you think it a bargain all right; if not we will call for it without one cent of expense to you. Is this fair? Here are a few of the many bargains we have to offer now. Of course we could not guarantee to keep them long at these prices.

- A \$350 Emerson piano in fine shape ..... \$175
- A \$325 Davis & Sons piano, case only scratched ..... \$135
- A \$450 Chickering & Sons piano, good shape ..... \$190
- A \$500 Peas piano, ebony case ..... \$75
- A \$400 Kimball in good shape, used a year ..... \$185

Remember we have more bargains. If you don't find what you want, write us for catalogue and prices. We are factory distributors for the following well known makes of pianos: Weber, Mahlin & Sons, Chickering Bros., Packard, Bush & Lane, Kimball, Leyhe; also the Steinway, Weber, Steck, Wheelock & Stuyvesant pianola pianos.

At C. H. Calvert's Combination Water Heater, Fruit and Vegetable Canner, Washing Machine, and All-Round Cooker.

It is admitted by everybody that has seen it operated to be the best all-purpose household, labor and money-saving device ever put on this market. No danger of burning women and children, houses or barns while using this machine. It can be operated with one-sixth the fuel ordinarily used in doing the work required. Family washing done in one hour without any hard labor that usually required in the old way eight hours of woman-killing work, and six times as much fuel.

If you have fruit and vegetables to can, a ham, turkey or hen to cook, hogs to scald, or if you want to broil or barbecue meats of any kind, or fish or fowl, or if you want to scald your milk pans quickly and at almost no expense for fuel, you can do all this and more with this machine. It is worth a hundred times as much as it costs in any family and will last for many years.

### GIVE HIM THE KNIFE.

The other day the through train from Rochelle had on board a man so ugly—well, he was so ugly that we doubt whether even a Menard girl would kiss him.—Brady Standard.

It may be that a Menard girl wouldn't kiss him but it's a ten to one shot that he would have been in for the slobbers had he stopped in Brady.—Rochelle Record.

Which accounts for Herbert's not coming to Brady the past two weeks. Evidently he thought he was "in for the slobbers."

### Old Citizen Dead.

Yesterday morning at 11:30 o'clock, the death of S. S. Bumgardner occurred at his home in south Brady. Deceased was 81 or 82 years old, and had been in feeble health for some time, death being caused by old age. For the past ten days he had been unable to swallow or take any nourishment whatever, consequently his demise was looked for at any time.

Mr. Bumgardner was a native of Virginia, going from there to Tennessee, and later coming to Texas. He had made his home in Brady for the past twenty years.

He is survived by his widow, four children, W. T., C. C., Jim and Miss Kate Bumgardner, and a brother in Tennessee.

Funeral services will be held this morning at 11 o'clock, in charge of Ben McCulloch Camp No. 563, of which he was a member, Rev. Hardison conducting.

### The Reunion.

Ben McCulloch Camp No. 563, U. C. V., held a meeting last Saturday and appointed a committee to confer with the Commercial club as to the dates of holding the Fair and the Reunion. At a joint meeting Monday it was decided that the Club would endeavor to have the dates of the Fair set earlier than usual, so that Brady could have a celebration combining the Reunion, the Fair and the arrival of the Santa Fe into Brady. Consequently it will be several days before the dates can be announced.

### BETTER MAIL SERVICE.

Assistant Postmaster General Says Relief Will Be Had.

When it became known that under a re-arrangement of the mail service to the south of Brownwood on the Frisco did not give Brady and Brownwood the proper kind of service, the matter was taken up by Commercial Secretary D. Johnson and Mr. Johnson is in receipt of a letter from Mr. Slayden which says a satisfactory adjustment of the matter has been made and that Brownwood and all stations between here and Brady will have a first class mail service. The intermediate stations are Brooksmith, Mercury, Placid and Rochelle. The arrangement will prove satisfactory to Brownwood and Brady business men.

The thanks of our people are due to Congressman Slayden and Chester Harrison, who ably urged a better service.—Brownwood Bulletin.

# NOTICE

After ten years' experience in the practice of medicine and surgery and one year's recent study in one of the largest hospitals in the U. S., I have decided to confine my practice principally to the treatment of

**CHRONIC DISEASES,  
RECTAL DISEASES AND  
PRIVATE DISEASES OF MEN**

**WHY?** First, because of the study I have made, and the wonderful success I have met with in the treatment of these diseases. Second, since locating here, nine-tenths of those unfortunate enough to contract blood poison and other diseases of this character owe their final cure to me, after others have tried and failed.

I have made Special Study and preparation for this work, and have the most modern office equipment for scientific treatment that money can buy.

It is a well-known fact among scientific surgeons, that many diseases can be cured by late scientific methods that were formerly supposed to be incurable, or cases for the knife.

## HOW ONE WOMAN WON

**Her Health and Strength Back Again by the Use of Cardui.**

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help."

I had almost lost my reason, but, thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical.

Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have been benefited by Cardui. The beneficial effects of this time-tested woman's remedy, soon show themselves in many different ways.

Try it.

Mr. and Mrs. Benham entertained their friends on Saturday evening with an out-of-town water melon feast.

Miss Chase Crothers entertained a few friends after the show Tuesday evening with a melon feast, in honor of their guest, Johnnie Bigham, of Menard.

Mrs. L. G. Abney was hostess to her Sunday school class on Saturday afternoon. The time was spent in games and music. The little folks were served with cream and cake.

Miss Ollie Souther left Wednesday evening to be a member of a house party at the home of her friend, Miss Charlotte Young of Brownwood. Miss Young has just returned from school in Tennessee.

Mrs. T. A. Christianus entertained the Priscilla club from three to six Wednesday afternoon. Refreshments, fruit punch, cream and cake. The club meets again in two weeks with Mrs. Tom Roberts.

A moonlight picnic was planned on Tuesday evening in honor of Olin Wolf, who leaves soon for Bisbee, Arizona. John Wall's pasture was chosen for the feast of good things. Old fashioned games were the feature of the evening's amusement. Forty-eight guests were in attendance.

The young society crowd picnicked at Dutton grove Wednesday evening from four until after supper. A delightful spread was enjoyed. Mr. and Mrs. Chas. Grey, Mr. and Mrs. Jeffries, and Mrs. Stallings had the pleasure of acting chaperones.

The Wednesday afternoon social club was entertained by Mrs. Jim Matthews on the afternoon of the twelfth. The rooms were decorated in the club colors, green and white. Mrs. W. M. Allen won the club prize. Miss Bernice Wolf, guest prize. Out of town guests, Miss Berry of Lampasas, Miss Bess Smith of Grandview. Refreshments, a salad plate, ices.

Miss Minnie Wiley entertained on Thursday afternoon from four till six with a forty-two porch party. Six tables were artistically arranged for twenty-four guests. Beautiful hand painted score cards, the work of the hostess, were treasured as souvenirs. A salad course, cream and cake was served. This proved one of the most delightful events of the season.

The Merry Maids and Matrons were the guests of Miss Lois Bradley on Wednesday afternoon. Eight games of forty-two proved very exciting. Mrs. Will Vaughn won high score. Out of town guest, Miss Nora Jones, of Austin. Refreshments, cream and cake. The Club adjourned to meet with Mrs. J. M. McAnally, that meeting to be after the close of the revival which begins Sunday, the sixteenth.

Moonlight picnics are the events for this week. The following young people took supper at Henderson table on Wednesday evening: Misses Berry, Linda Anderson, Nora Jones, Helen Walker, Bernice Wolf, Chase Crothers, Rose Stallings, Virgie Yeager, Bessie Smith; Messrs. Howard Ogden, Geo. Vierling, Johnnie Bigham, Lee Quicksall, Boy Crothers, R. L. Stoner, Geo. VanEman, Joe White; chaperoned by Mrs. W. D. Crothers.

The camping party composed of the following people, chaperoned by Mr. and Mrs. Frank Lockhart, left Saturday morning for Brooks' ranch on the San Saba river. Misses Bernice Wolf, Chase Crothers, Willie Berry, Nora Jones, Rose Stallings, Virgie Yeager; Messrs. Geo. Vierling, Howard Ogden, Burl Wierling, Boy Crothers, Jamie Brooks, Joe White, Johnnie Bigham and Lee Quicksall. This merry party returned by moonlight Monday evening.

The social feature on Friday

evening the seventh, of an auto drive over the city extended to the students of the Normal proved delightful. Nineteen cars were provided by their friends and the start was made from the Brady National Bank. The drive lasted until 8:30, when they were entertained by Mr. Powers of Brownwood, at the court house with a reading of Julius Caesar. Mr. Powers is much appreciated in Brady, and was at his best on this occasion. The teachers expressed their appreciation in all attending.

### I. O. O. F. INSTALLATION.

At Rochelle on Last Tuesday Night.

Tuesday evening the members of Rochelle lodge met at the lodge room, it being the night for the installation of officers. H. C. Boyd, D. D. G. M., R. L. Harmon, G. M., Ed Bauhof, G. W., H. Hodges, G. Sec., T. J. Bradley, G. Chaplain, C. A. Gavitt, G. Guardian, F. Haberer and Joe Adkins, all members of Brady lodge, met with the Rochelle brethren and installed the newly elected officers, Hubert Anderson being installed N. G., J. T. Price, V. G., H. E. Jones, Sec.

After the installation the brethren of Rochelle lodge proceeded to entertain the visitors with one of the nicest lunches of which it has ever been our pleasure and privilege to partake. After lunch, some interesting talks were made for the good of the order, after which the lodge adjourned, and many were the expressions of commendation and praise for our Rochelle brethren.

Oddfellowship, properly understood, makes better men of its members and brings together men who are always ready and willing to stand for home, church and state. No I. O. O. F. lodge in McCulloch county today occupies a more exalted position than Rochelle lodge No. 737. May it continue to prosper and may success crown its every effort for good.

## Free Remedy Helps Children

Many a mother has learned of a way of avoiding sickness in her family, especially among the children, by the use of a free sample bottle of the famous laxative, Dr. Caldwell's Syrup Pepsin. This offer of the doctor's to send a free sample bottle has been responded to by thousands of women in all parts of America.

This Dr. Caldwell's Syrup Pepsin is a truly wonderful laxative and especially adapted to the needs of babies and children because it is pleasant to taste and no child will refuse it. Then, it is mild and never gripes. It is all that a child's remedy should be, though it is a good laxative for the whole family because it is effective at all ages. It is simply not dynamic like salts, pills and powerful cathartics, which should not be given to children anyway.

Nine times out of ten when a child complains and you don't know exactly what is the matter with it, it needs a laxative—its bowels are constipated. Syrup Pepsin will correct the trouble, tone up the child and soon it will be well again—over night wonderful results have been secured with Syrup Pepsin.

You can buy it of any druggist at fifty cents or a dollar a bottle, the latter being the family size, but you are invited to make a test of it first at the doctor's expense. Send him your address today and he will send you a free sample bottle direct to your home. Then when satisfied buy it of your favorite druggist.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. B. Caldwell, 607 Caldwell building, Monticello, Ill.

## THE IMPORTANT BUSINESS

**Surmised Cause of Frisco Official's Visit.**

The best solution of the Frisco officials' hurried visit to Texas yet offered is the surmise that they intend to take up the proposition made by the citizens of Fredericksburg to a San Antonio capitalist named Nelson.

San Antonio's proposition was that they would give Nelson \$100,000 bonus, right-of-way through the county and dump already completed; he to give a bond in the sum of \$25,000 guaranteeing the building of the road, the bond to be made by July 15, 1911, and operations to begin August 1, 1911.

Information recently leaked out that Nelson had fallen down on his part, and since that time the Frisco officials have been active in securing information on the situation. Fredericksburg wants the Frisco more than any other road, inasmuch as it offers them better connections, and with the extension of the road to Mason it is not at all unlikely that the surveyors will run their lines on to Fredericksburg and into San Antonio.

## HIDDEN DANGERS

**Nature Gives Timely Warnings That No Brady Citizen Can Afford to Ignore.**

**DANGER SIGNAL NO. 1** comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

**DANGER SIGNAL NO. 2** comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, gravel and Bright's disease. Doan's Kidney Pills help kidneys. Here is proof in the statement of a nearby resident.

Joseph Taff, proprietor of Rock Hotel, Goldwaite, Texas, says: "For two years I was subject to attacks of backache that came on suddenly, especially when I stooped. Learning of Doan's Kidney Pills, I procured a supply and after using them a short time I was relieved. I have had no return attack of the trouble for several months and in view of my experience, I can say that Doan's Kidney Pills live up to representations."

# TENNESSEE AND GEORGIA SHERIFFS ON STATEWIDE PROHIBITION.

Herewith we present information obtained from the Sheriffs of Tennessee and Georgia. This information was obtained in reply to the following letter, viz:

"My Dear Mr. Sheriff: I am making an investigation as to the effectiveness of statewide prohibition, and I would appreciate it very much if you will give me the following information:

1. Has the statewide law improved conditions in your county?
2. Is it as popular with the people as the local option law (if you had local option)?
3. Is it easier to enforce, or is the contrary true?
4. Has it decreased drunkenness and other crimes?
5. Could you tell me how many arrests, if any, have been made in your county for the past year on account of drunkenness?

The letters published on this page were received in reply to this letter and should leave no doubt in the mind of any man who is really against the whiskey traffic, that the best and surest way to fight the saloon is through the perfected local option system of Texas.

Let the reader bear in mind that the letters published here were written by men who have the experience gained by earnest efforts to enforce the law. No one knows better than they whether the law is a success or a failure. In some cases, the letters are not printed in full, only the facts are published; but the original letters are on file and can be shown to any person interested.

**GEORGIA.**  
**CALHOUN COUNTY, L. L. DAVIS, SHERIFF.**  
Dry under local option, but very wet under statewide prohibition—Statewide prohibition has not improved conditions in my county and is not as popular with the people as was local option. It is not as easy to enforce as was local option and drunkenness has increased, for at least 50 per cent of the arrests I make are caused either directly or indirectly from drunkenness. This increase in drunk and bootlegging is most noticeable among boys and minors just under 21, and among young men. Statewide prohibition is an absolute failure. Under the local option law we had a dry county, but under the statewide prohibition law we have a very wet county.

**HEARD COUNTY, G. H. TAYLOR, SHERIFF.**  
Some better, some worse—Take the question all around, and I can not see much difference. Some are better, while others are worse, and the people stand about half and half.

**COBB COUNTY, GA., BY THE SHERIFF.**  
Law harder to enforce—Statewide prohibition has not improved conditions in my county and is not as popular with the people as local option. As to enforcing the statewide law it is much harder to enforce than the local option law, and there have been a great many arrests made for drunkenness.

**LEE COUNTY, G. S. B. SMITH, SHERIFF.**  
People will not aid the officers—I do not think that the statewide prohibition law has made conditions any better in my county, and am sure that it is not as popular with the people as our former local option law was. It is very hard to enforce and since the adoption of statewide prohibition, there have been more bootleggers than ever before. Prohibition, as we have it, is a failure, for the people will not aid the officers and the officers are powerless to enforce the law.

**HANCOCK COUNTY, GA., T. B. HIGHTOWER, SHERIFF.**  
Conditions far worse than under local option—I do not think that statewide prohibition has improved conditions in our county and in some respects conditions are far worse than under local option. The present law is not at all popular with the people as a whole, and it is almost impossible to enforce. I can not say as to the increase or decrease of drunkenness, but now and then it seems to be that there is more now. The record which I have for arrests is taken from the jail books, which show 79 cases locked up for the year 1909, 85 for the year 1910 and 42 up to May 13, 1911.

**GRAY COUNTY, GA., C. E. ROBERTS, SHERIFF.**  
Statewide law is a failure—Statewide prohibition has not improved conditions in our county and it is not popular with the people. This law is very hard to enforce and bootlegging is rampant throughout the state, therefore I think that the statewide prohibition law is a failure.

**WALKER COUNTY, GA., A. C. ZATRON, SHERIFF.**  
Boot-legger and cheap whiskey plentiful—I find statewide prohibition almost impossible to enforce. The sentiment of the people is rather in favor of local option and bootlegging of whiskey, and of a very low quality at that, more prevalent than under our local option laws. In this section of the state, statewide prohibition has not decreased crimes nor arrests. Conditions, to my mind, are worse, since the law is violated much more frequently now than before the adoption of this law. Statewide, tried in Georgia since January, although some of the smaller towns try to enforce the law, the larger cities they are wide open, as in Savannah, Ga., etc., simply because local sentiment there, like in Memphis and Nashville, Tenn., is opposed to statewide. Where you have to legislate a thing into and upon the people and against their will, I find conditions not improved. I should advise a common country to hold to local option. Local option seems to be purely democratic and a law where the people each alike rule their separate sections according to the demands of separate and different conditions. Local option is the only just and fair solution of the problem.

**MORGAN COUNTY, GA., R. E. AXCOCK, SHERIFF.**  
More drunkenness and crime—The very men you are trying to prohibit from getting liquor are the ones who get it from blind tigers, and these you will find all over the country. Local option or high license, I think, is the proper solution of the liquor question. It is almost impossible to enforce the law as it now stands. Although some of the smaller towns try to enforce the law, the larger cities sell openly. A friend of mine, being in Augusta a few weeks ago, went into what is known as a near beer saloon. He said that he saw several gentlemen drinking beer and as he wanted something stronger, he asked if they sold beer. The proprietor asked him what he wanted, and when he replied he wanted some rye, he got it. I know there is an increase in crime among the negroes, murders for instance, and about 50 per cent of them can be traced to drink. Everywhere, where there is a gathering, liquor is sure to be sold, and being out in the country, where there is no police protection, they will wind up with a dead negro, and a coroner's investigation. I can not tell you how many have been arrested for drunkenness, but a good hot supper always winds up with a dead negro.

**WARREN COUNTY, GA., W. O. BRINKLEY, SHERIFF.**  
Ship whiskey in county—I am sorry to say that statewide prohibition in my opinion, is a failure, and while my county is one of the first and best in the state, yet whiskey is shipped to this town just the same as it always was, and from cities in the state of Georgia. Statewide prohibition is not popular in this state. It can not be forced on such counties by the other counties in the state.

**RICHMOND COUNTY, GA., JNO. W. CLARK, SHERIFF.**  
Law unpopular in local option county—Statewide prohibition is not improving conditions in this county, and is very unpopular with the people. The law is not as easy to enforce as was the local option law. Crimes and drunkenness have not decreased since the adoption of this statewide law, for two-thirds of the arrests in the county are due to drunkenness.

**LAURENS COUNTY, GA., J. PLANLUS, SHERIFF.**  
Does not decrease crime and drunkenness—No, statewide prohibition has not improved conditions in Laurens county; this county was local option for years, and the statewide law has not proven as popular with the people as did local option. Besides, it is harder to enforce and crimes and drunkenness do not seem to decrease under it.

**HABERSHAM COUNTY, GA., P. E. GRANT, SHERIFF.**  
Prohibitionist says law a failure—I don't believe that the statewide prohibition law has improved conditions in our county, and it is not more popular than the local option law. It is harder to enforce and it does not decrease nor does drunkenness. There have been a great many arrests, but I can not tell the exact number. I am personally in favor of prohibition when it prohibits, but I can not see that the statewide prohibition law benefits our county.

**MONTGOMERY COUNTY, GA., James HESTER, SHERIFF.**  
Does not improve conditions in local option county—I do not think that the statewide prohibition law has improved conditions in this county. It is not as popular with the people as the local option law was. This law is harder to enforce and crimes and drunkenness do not seem to have decreased, there being just as many arrests as before.

**JEFF DAVIS COUNTY, GA., W. H. ELLIS, SHERIFF.**  
More drunkenness under statewide than under local option—Statewide prohibition has not improved conditions in this county. We had local option in the state before statewide prohibition, but statewide conditions in many places are dry, but whiskey was sold, illegally than as now, and at every saw mill and turpentine still in the county, as well as in the towns. Drunkenness and crimes have not decreased and, in fact, I have made a great many more arrests for drunkenness since the adoption of the statewide law than I ever made under local option.

**CRISP COUNTY, GA., J. H. WARD, SHERIFF.**  
Conditions not improved—No, the statewide law has not improved conditions in my county. It is not as popular with the people as local option and is much harder to enforce. Crimes and drunkenness have not decreased under this law and I have made a great many arrests for crimes traceable to whiskey.

**TIFT COUNTY, GA., E. D. BRANCH, SHERIFF.**  
Several million dollars sent out of the state for whiskey and nothing to pay costs of the crimes liquor causes—I can not see that the statewide prohibition law has improved conditions in my county, which had been local option for years. Now is the law as popular with the people as the local option law. It is harder to enforce and in some communities, especially in the larger cities, violations are open and practically unrestricted. Drunkenness has not decreased, in fact, if anything, drunkenness has increased greatly in this county. Our state law against drunkenness is little enforced. I think from Georgia's experience that a careful and thorough regulation is better than prohibition law, which is not enforced and in some instances it can not be enforced. I find that by this law, several millions of dollars go out of the state yearly for liquor and have nothing for the officers to use to defray the costs of the crimes caused by this liquor.

**DOUGLAS COUNTY, GA., DAVID RICKSTON, SHERIFF.**  
Two-thirds of arrests drink—Conditions in this county have not improved under the statewide prohibition law, and although we have never had local option conditions as they now exist are not satisfactory. This law is very hard to enforce, drunkenness increased, about two-thirds of the arrests made being caused by drink. There is just as much drunkenness now as when we had whiskey sold here.

**MDUFFIE COUNTY, GA., H. T. CLARY, SHERIFF.**  
More whiskey sold under statewide prohibition law than under local option—I do not think that the statewide prohibition law is better for our county than local option, for I think there is more whiskey sold and drunk than before the adoption of the statewide law, and under local option.

**CHARLTON COUNTY, GA., W. H. MIZELL, SHERIFF.**  
I do not think that the statewide prohibition is best for the state, as there is a lot of money going from Georgia to Florida for whiskey, and we are getting no revenue whatever from the money which is spent for whiskey.

**LIBERTY COUNTY, GA., J. D. STAFFORD, SHERIFF.**  
I do not consider prohibition as good as local option in Liberty county.

**RANDOLPH COUNTY, GA., W. L. MATTON, SHERIFF.**  
Jail will not stop bootlegging—The statewide prohibition law is a failure in this county and adjoining counties. The courts, even by fining and imprisonment, do not seem to stop the blind tigers from selling. The law is violated and we can not help it as it stands.

**TOWNS COUNTY, GA., ED. P. WOOD, SHERIFF.**  
Conditions have not improved in this county since the prohibition law was passed, and it is not as popular with the people as the local option law was. It is very hard to enforce, there having been about fifty arrests made in the past year, for drunkenness.

**TAYLOR COUNTY, GA., BY THE SHERIFF.**  
The statewide prohibition law has not improved conditions in our county. Nor is it as popular with the people as the local option law. This statewide law is hard to enforce and drunkenness or crime have not decreased any under this law. The majority of arrests made are caused from drunkenness.

**CRAWFORD COUNTY, GA.**  
Conditions are not improved in this county under the statewide prohibition law, nor is the law popular with the people. It is a hard law to enforce and drunkenness and crime have not decreased since its adoption.

**TALIAFERRO COUNTY, GA., W. Y. EDWARDS, SHERIFF.**  
More whiskey under statewide than under local option—I believe local option is the solution of the liquor question. My county was dry before the statewide prohibition law came into effect and in my candid opinion there is more whiskey drunk in the county now than before the general prohibition law was passed. Prohibition fails to prohibit and blind tigers are very numerous.

**CAMPBELL COUNTY, GA., R. E. WILKERSON, SHERIFF.**  
No whiskey under local option system, but plenty under statewide—Prohibition is a complete failure in every respect, so decided by the best people in my county. The judge of our court believes it and talked to me several times—yet he is against whiskey. Local option law gives better satisfaction. We had no whiskey in my county when we had local option, but now there are blind tigers in every little town and blockading all over the country. So-called good citizens have drifted over into the whiskey traffic. Drunkenness and crime have increased in the county. I can safely say that 75 per cent of the arrests I make started from whiskey. People in our county would be glad to vote for local option. The same trouble in each county adjoining ours.

**PAULDING COUNTY, GA., ALONZO FERR, SHERIFF.**  
Great respect for local option law—I want to say that I regard the statewide law as a failure. We have it in this state, and, in my judgment, there is as much or more drinking now than before the law went into effect. The court does not increase the number of legal, selling of liquor, blind tigers abound and the law is very unpopular with the people. They regard the local option law as much the best and have a greater respect for it.

**CHATTAHOOCHEE COUNTY, GA., R. L. BARBAREE, SHERIFF.**  
District dry forty years, now whiskey sold all over county. No one will help officers enforce the law—My district has been dry for forty years. The balance of the county was local option until about four years ago when the prohibition act passed. I can say that the prohibition law is the hardest law to enforce. They used to sell whiskey in the towns and at the crossroads, but now they sell it all over the county and nobody will help the officers to enforce law. At least three-fourths of the arrests of cases for illegal, selling of liquor, blind tigers abound and the law is very unpopular with the people. They regard the local option law as much the best and have a greater respect for it.

**MERIWETHER COUNTY, GA., J. B. JARRELL, SHERIFF.**  
Juries won't convict—Statewide a fraud—Statewide prohibition is simply a fraud in sections of our state. We try to enforce the law in our county as best we can. There are lots of blind tigers scattered over our county. Also lots of false swearing before our grand juries by men who would hang at the thought of swearing at anything but the truth. Our judges sometimes impose very heavy fines, but the jurists had to vote who would hang at the thought of swearing at anything but the truth, so you see public opinion is going to rule in a statewide state, so if it was left with me, with my experience I would say, give me local option.

**ROCKDALE COUNTY, GA., W. L. KING, SHERIFF.**  
Statewide prohibition many times harder to enforce than local option law—The statewide law has not improved conditions in my county, and it is not as popular with the people as local option. It is many times harder to enforce than the law with the statewide law than when we had local option. There has been whiskey sold in almost every town in Georgia. It is my opinion that local option is the only solution of the liquor question. It is absolutely impossible to keep people from buying and drinking whiskey, as that is the case in Georgia. A superior court judge of Augusta, Ga., tried six persons for violating the prohibition law, all of whom came clear. At the end of the trial the judge dismissed the jury and said that the prohibition law in Georgia was a farce, which is true. We have two wholesale whiskey houses in Augusta, Ga. Whiskey is sold across the country to anybody in Savannah, Ga., with the doors as wide open as they were when they had local option. Atlanta, Ga., the capital of the state, is overrun with club houses that almost every night are going for whiskey, and blind tigers prevail everywhere. The large cities are ashamed to sell so-called near-beer, but so near that it will make people drunk. It is full of dope and very injurious, much more so than whiskey. The preachers say to give them sheriffs and judges and I will clean up the place, but they don't seem to stop long enough to think that men have to be found guilty by a jury. A superior court judge can relieve the situation, and I will say that the prohibition law in Georgia is a farce.

**SMITH COUNTY, R. L. SCRUGGS, SHERIFF.**  
Two hundred arrests for drunkenness—Since the adoption of the statewide law, conditions have not improved in this county and this law is not as popular as local option law was. It is harder to enforce and I can not see any decrease in drunkenness or crime. There have been at least 200 arrests made for drunkenness. This statewide law is very unsatisfactory and is causing a great deal of trouble. There is more boot-legging now than under the old law.

**CANNON COUNTY, W. Z. SHIRLEY, SHERIFF.**  
Statewide prohibition is a failure—Conditions in this county have not improved under the statewide law and the people do not favor it as much as local option. It is very difficult to enforce this law. I can not say that drunkenness has decreased any since the adoption of the statewide law and prohibition in this state, as I see it is a failure from almost every standpoint. Although I do not know the exact number of arrests for drunkenness, I am sure that there is as much drunkenness now as there was before this law was passed.

**POLK COUNTY, G. T. HOOD, SHERIFF.**  
Statewide prohibition has not improved conditions in Polk county and it is not as popular with the people as local option. It is hard to enforce and there have been about five hundred arrests for drunkenness in the past year.

**DIAR COUNTY, C. C. DAWSON, SHERIFF.**  
Arrest for drunkenness too numerous to mention—I do not think conditions have improved any in this county since the adoption of the statewide law. It is not as popular with the people as the local option law and is very hard to enforce. I can not see any decrease in drunkenness since this law was passed, the arrests for drunkenness being too numerous to mention.

**OVERTON COUNTY, BY THE SHERIFF.**  
No decrease in drunkenness—I do not think statewide prohibition has improved conditions any in my county. It is not as popular with the people as was the local option law and is harder to enforce. There has been no decrease in drunkenness and crime since this law passed.

**GILES COUNTY, BY THE SHERIFF.**  
People prefer local option—Conditions in this county have not improved any under the statewide prohibition law. The people do not favor it as much as local option. There are more boot-leggers in our county than before this law was passed. I can not see that it has decreased drunkenness or crimes.

**SEVIER COUNTY, J. B. WATTERS, CLERK CIRCUIT COURT.**  
Three courts before July, 1909, returned 43 indictments from the grand jury, the year ending July 1910, forty-four.

**GREEN COUNTY, S. H. HUMPHREYS, CLERK CIRCUIT COURT.**  
For the year 1909, 99 indictments and presentments. For the year 1910, 134 indictments and presentments, which is quite an increase.

**MAURY COUNTY, CLAUDE GODWIN, SHERIFF.**  
The attempt to enforce statewide law expensive—In regard to the prohibition laws in this county, boot-leggers are very numerous and the laws are hard to enforce, and costs this county a great deal of money to try these cases, and then they are hard to convict. We now have about one hundred cases on the docket for trial. We still have a great many arrests for drunkenness.

**UNION COUNTY, FRED BAILEY, SHERIFF.**  
There is a great deal of boot-legging in this county.

**WARREN COUNTY, D. C. HIGGINBOTHAM, SHERIFF.**  
There are thirteen men in jail, ten of them are for selling liquor, and one for murder.

**ALABAMA.**  
**BALDWIN COUNTY, ALA., C. B. RICHARDSON, SHERIFF.**  
No, I do not think statewide prohibition has improved conditions in our county. The people want local option and this prohibition law is very unpopular and hard to enforce. Crimes and drunkenness have not decreased any under this law and there are more blind tigers than there were open saloons under the local option law.

**LEE COUNTY, ALA., G. B. BUTLER, SHERIFF.**  
I cannot say that statewide prohibition has improved conditions any in our county and it is not as popular with the people as was the local option law. We have had statewide prohibition three or four years and in all the larger cities conditions are very bad, and in smaller counties, like Lee county, the negroes are selling whiskey all the time and in some sections have broken up the negro churches. They are very hard to catch, for we have to see the whiskey sold and the money paid or we cannot convict, and a negro who will buy blind tiger liquor will be about it. Conditions were so bad all over our state that our last legislature gave us local option, and in several counties we will have high-license saloons, or dispensaries, in place of blind tigers.

**FRANKLIN COUNTY, J. W. HUGHES, SHERIFF.**  
Public drunkenness increased one hundred per cent—The statewide law has not improved conditions in my county and is not at all popular with the people of my county. It is impossible to enforce this law and public drunkenness has increased about one hundred per cent. Where they used to buy and drink, now they send off for a jug of liquor and drink it until they get drunk. I think we have made as many as one hundred arrests for public drunkenness within the past year, whereas we never made one-half that number before. I believe liquor does more harm under the sumptuary system than when held under control with the proper restrictions.

**CLARK COUNTY, ALA., C. A. COATS, SHERIFF.**  
In my county any law is better than statewide prohibition. There is very little difference that I see in the amount sold and drunk under the statewide law and the local option law.

**CALHOUN COUNTY, ALA., E. T. BROOKS, SHERIFF.**  
Conditions are much worse in this county since the adoption of the statewide prohibition law. It seems almost impossible to enforce this law. Drunkenness and crime have increased, there having been thirteen murder cases on docket at one time this spring.

**PIKE COUNTY, W. C. MCBRYDE, SHERIFF.**  
Statewide prohibition has certainly not improved conditions in Pike county. The last legislature voted on local option if 40 per cent of the voters of the county petitioned the probate judge of the county to call an election, and there has been in our county over that per cent who have signed and we will have an election in sixty days after publication in the newspaper before election. As the law stands now it is very hard to enforce. There are blind tigers all over our county and in our city, Troy, which has 5,000 inhabitants. Since the state went dry there have been more homicides for the same length of time for the reason that the negroes order whiskey and carry it out in the country and sell it at all the public gatherings and you cannot get the men who buy to inform on the men who sell. If officers make affidavits and arrest parties you cannot get witnesses to convict. They will swear they ordered it for their own use. I cannot tell how many arrests have been made in county and city, but don't think there have been any less than under local option. Quite a number of white men and negroes are selling whiskey all over the county to negroes and young white boys, but we cannot get the buyers to inform on the sellers. While I am a temperance man, I think prohibition is a failure and that local option is the better plan.

**TUSCALOOSA COUNTY, W. C. PALMER, SHERIFF.**  
When our statewide law went into effect this county was operating under a dispensary system which would have been perfect had they had some method of selling draft beer. Beer was 15 cents a bottle, whiskey was 15 cents a pint and the large majority would take whiskey, the consequence being that the dispensary sold more whiskey than the five saloons did when in business here, but there were very few violations of the law and no blind tigers. Every citizen had an interest in the profits of the dispensaries and this made public sentiment very strong for the enforcement of the law, but now it is almost impossible to convict or even secure testimony for violations of the law. Drunkenness and insanity have both greatly increased of late. Due, I think, to the mean stuff handled by blind tigers.

**HALE COUNTY, WM. MARTIN, SHERIFF.**  
The statewide law has not improved conditions in my county. If anything, it has made the illegal liquor traffic worse. While we have not for a number of years had local option in Hale county, I am fully convinced that the statewide law is not as popular, generally speaking, as the local option law was. But for the fact that there appears to be more violations of the law under the statewide plan I should say that there would be but very little difference in the degree of care necessary to enforce the statewide law. There are more crimes under the present law and equally as much drunkenness. I was in favor of statewide prohibition until we had tried it for a while, but I am thoroughly convinced that anything else is better, speaking from a general view of the enforcement of the law over the state. I am convinced that it is a matter of utter impossibility to enforce the law, such as was passed by the legislature of this state during the past year. It is a farce and a failure and cannot be enforced.

**WINSTON COUNTY, N. B. AARON, SHERIFF.**  
Statewide prohibition is very unpopular in this state and very hard to control. You can get whiskey and beer in almost any town in this state. There have been more stills destroyed by revenue men since the prohibition law went into effect than there ever was for several years before. I am arresting men every few days for violating the law, so you see the masses of the people want whiskey and will do almost anything to get it.

**COLBERT COUNTY, G. W. LEGGETT, SHERIFF.**  
Statewide prohibition has not improved conditions in my county and is not as popular as was local option. I cannot see that drunkenness and crime has decreased any since the adoption of the statewide law.

**BULLOCK COUNTY, ALA., G. A. RITCH, SHERIFF.**  
Conditions in Bullock county have not improved since the statewide law was passed and the law is not as popular with the people as the local option law was. It is also harder to enforce; 50 per cent more arrests for drunkenness than under local option conditions, and crimes have not decreased.

With the foregoing facts from the men who know can any true local prohibitionist give a good reason for voting to exchange a perfect system of local option for statewide prohibition when it will cost the people of the dry counties a half million dollars each year to make the change?

PROHIBITION'S EFFECT.

Prominent Oklahoma Man Tells of Benefits.

In their effort to become enlightened concerning the value of prohibition to a community, the voters of Utah are securing information from business men in prohibition states. A Salt Lake City paper publishes the following letter from J. H. Johnson, secretary of the Oklahoma City Chamber of Commerce:

"Prohibition had a very material effect in the betterment of legitimate lines of business in Oklahoma City.

"Legitimate enterprises did almost immediately occupy the property formerly occupied by saloons and gamblers and at quite as good a rental figure as was ever paid by the illegitimate business.

**POPULATION INCREASES**  
"Our city did not lose business on account of the closing of saloons, but to the contrary appeared to progress even more rapidly than ever before in the history of the city. According to the federal census, we had but 32,000 people when the saloons were closed in 1907, and according to the federal census of 1910 we had 64,205 people, or an increase of 100 per cent in little less than three years.

**PRICES RISE STEADILY.**  
"It did not affect the price of real estate adversely, even temporarily, nor would I say that the closing of the saloons created a boom in the price of real estate; but there was a steady increase which was not in any way retarded by the closing of the saloons.

"Taxes were increased somewhat upon property values. In other words the expenses for running the city were distributed among those people who owned property instead of being paid by a few unfortunates cursed by the drink habit as heretofore, but our best business men never hesitated to assume a fair proportion of the increased expense, because what the poor unfortunate paid to the saloonkeeper he was afterwards able to give to his wife to be turned into legitimate lines of trade.

**MORE COMFORT—BETTER MORALS.**

"If it had any effect at all on our railroad and other laboring classes, it had a very beneficial effect, in that they had more money with which to buy furniture, clothing, shoes and other necessities and comforts of life.

"The effect as related to crime was quite marked. While Oklahoma City is not yet a model city by any means, it is fast becoming a more law-abiding and peaceful community. Our people are better fed, clothed, housed and schooled than perhaps in any community of its size in the United States of America.

# ARE YOU IN LINE FOR A NEW BUGGY OR HACK? IF NOT, GET IN LINE

We keep the best to be had at a "let live" price, with terms as broad as anybody. Don't be fooled by the slick tongued peddler. Remember he is paid to skin you and the more he skins you, the more he is paid. (Note that most peddlers are imported.) You pay from \$10 to \$40 more for a buggy from a peddler, owing to how easy you are to sell. Do some figuring for yourself: A peddler must pay expenses of a team and himself, also a salary for himself and a profit to the factory. He spends no less than \$30 every time he sells a buggy and the man who buys the buggy pays it. The buggy peddling business reminds one of the balmy days in the sewing machine business when the peddler charged \$65.00 for a machine that can now be bought in any store for \$30.00. We are not attacking the quality of the machine or buggies, but we do say that there is not a peddler on earth who can compete with us. We put the goods in Brady in car lots, at manufacturer's cost, our men, when not actually engaged in selling buggies, are busy at something else, thereby not wasting time. We have no expense of idle teams and idle men laying around town waiting for a sale to show up once a week. Can a farmer stay in town and go out and plow once a week and make a living. Not much; not unless he has some "catch the sucker" plan of selling his cotton for a dollar a pound. Figure it for yourself.

conditions, you would get many conflicting replies. This city itself did vote a majority for prohibition; but the last time they voted upon a return to the liquor traffic, there was a larger proportional vote against it than there was against the traffic in the first election. Consequently it may be unqualifiedly said that our people are better satisfied with the saloon voted out than they thought they would be when they voted in the first election.

**A FRIEND TO BUSINESS.**

MRS. J. C. WILHELM,  
June 30, '11. Nine, Texas.

Dr. Hicks Martin dropped in unexpectedly Wednesday to say a few good words for the Katemcy community. The doctor says they are in great hopes that the railroad will build their way, and are very much encouraged by the fact that the Frisco officials passed through the community on their tour of inspection Tuesday. The Katemcy people have secured the right-of-way to the county line, a distance of about seven miles, and offer a bonus of about \$5,000 for the railroad. Dr. Martin says business is holding up remarkably well, in fact shows up decidedly better than that of last year. He says they have never known a complete failure in the seven years he has been there. Their corn crop this year, however, was light, only about a third crop being made.
