Bovina, Texas

VOL XI, NO 41

WHITTLIN'

By DOLPH MOTEN

As a community, we don't have any problems that a lot of money (available), cooperation of citizens and good rains wouldn't fix.

The area is in the process of starting a drive to raise money to build a clinic here. Some \$50,000 is needed to see that the clinic is constructed and equipped.

The task is admittedly a big one for a community our size.

But there's no question in the minds of leaders of the plan but that the goal can be reached.

Some of that aforementioned available money and cooperation will be necessary for the drive to be a success and the clinic to become a reality.

"We can do it easily if the people of the community want to," is the way one of those in attendance at the Friday night planning session explained the project.

That's simple enough, we'd say.

Charlie Trimble, who is three, has a headful of blonde hair. His daddy, C. E., is a part-time barber. So Charlie's hair and haircuts probably come around for more discussion than they possibly would in other father-son relationships.

Charlie has a friend, somewhat older than he is, by the name of Owen Patton. Patton's hair, scarce as it is, has a grayish tint to it around the edges and there just isn't any on top.

You guessed it. Charlie told his Daddy that he wanted his next haircut to be like Mr. Pat's.

Wouldn't you say that's a true expression of admiration for your friend?

Patton doesn't consider his hair, or lack of it, a problem.

He says it's been a long time since he had a normal head of hair.

"They called me 'Baldy' when I was going to high school," he explains.

Bovina's Bull Town Days celebration is listed in the April-September 1967 Texas Calendar of Events, which is prepared for free distribution to tourists and others interested by the Travel & Information Division of the Texas Highway Department.

To our knowledge, this is the first time for the celebration to be listed in the publication.

The added publicity is good and might make for more out-of-area visitors for the three-day event this year.

The dates are August 17-19.

In a news release from Texas Highway Department concerning the just-published Calendar, it is pointed out that "the cowboy and the pioneer are favorite subjects for Texas recreation and community events this spring and summer. A full one-fourth of nearly 450 events in 177 cities are rodeos, reunions and frontier days celebrations. The April-September 30 pocket-size guide carries still another 41 events featuring horse shows and race meets."

Sounds like that puts us right in step with the rest of the state.

Praise here last week for our state representative, Bill Clayton of Springlake, was well-founded, according to people we know who have made visits to the state capital during the current legislative sessions.

Seems from here that the likeable Clayton is doing a tremendous job considering he's just in his second two-year term.

An oddity about this community was revealed in the survey made for the Sears Foundation in regard to the clinic:

Less than one per cent of the population is over 60 years old.

Bulk of the population, 63.5 per cent, is under 21, according to the survey.

Sears Plan Adopted --

Councilmen Take Oath Of Office

Edward Isaac and C. R. Elliott were sworn into office as city councilmen Tuesday night of last week following the city election held that day.

The council met to canvass the votes and following their approval the men received the oath of office from Mayor Bedford Caldwell.

In other business, accountant H. H. Delozier of Clovis was approved to audit the city books.

Also voted was for city employees to observe Daylight Saving Time for work and office hours.

The city will purchase a new Massey-Harris mower, trading in the old one, for a cost of \$700 difference.

Roping Club In Parade At Friona

Bovina Roping Club will participate in the parade of the Friona Junior Rodeo there Saturday afternoon at 5, according to Wendol Christian, parade boss, and Owen Patton, assistant parade boss.

At least 20 members are expected to appear in the parade.

Trophies will be given to the group traveling the greatest distance multiplied times the number appearing in the group.

Christian said that if a large number turns out, Bovina Roping Club has a good chance for the trophy.

The parade will line up at the old high school building about 4:30 p.m.

Members who will make the trip to Friona will meet at Bovina Restaurant Saturday at 4 p.m., Christian says.

This will be the second parade of the 1967 season for the Roping Club riders. They participated in a rodeo parade at Lubbock earlier this spring for their initial appearance.

At Muleshoe --

Juniors, Beginners In Band Contests

Beginners and Junior High bands of Bovina schools will participate in the band, solo and ensemble contests to be held at Muleshoe Saturday, according to Joe Wayne Harper, director.

The Beginners Band will play, "Here Comes the Parade" and "Enid," in the band contest, while the Junior High Band will play "LaBanda Nascenta" and "La Nuit."

Solos will be played by 25 students while nine groups will enter the ensemble contest.

Solos include Chuckie Gilbreath and Bobby McMeans, drum; Chris Mast, Nena Spicer, Cindy Barrett, Rhonda Rhodes, Kathy Spurlin, Terry Willard, Sharon Hemke and Kim Langer, clarinet; Calvin McCutchan, Nancy Hutto, Tex Beardain and David Dixon, cornet; Raymond Hise and Roy Hartzog, alto saxophone; Heidi Corn, Gail Dixon, Kim Douglas, flute; Randy James and Hugh Rogers, bass horn; Glenn Hise and Mike Ware, trombone; and Brenda Dyer, tenor saxophone.

Ensembles include two cornet trios, one composed of Calvin McCutchan, Twyla Hutto and Tim Monk and the other Nancy Hutto, Rex Beardain and Rodney

NEW TRUSTEES -- Eddie Steelman, left, and Dean McCallum sign the oath of office as they became new members of the school board at a Monday evening meeting. They led a field of five candidates in the April 1 election.

PESO Considered --

Re-Elect Sorley Board President

Consideration of Bovina Schools joining Panhandle Educational Services Organization (PESO) highlighted a regular monthly meeting of the board of trustees Monday night.

Two representatives of the organization, which is headquartered in Amarillo, met with the board to explain the PESO program and its advantages to the school district.

Primary function of the organization is to assist the school district with details of federal funds which are available. Cost of the service is approximately

15 per cent of the federal fund total received by the district. PESO representatives meeting with the board were Jack Edmondson of Canyon and Roy Hartman of Hereford.

The board took no action toward joining the organization, but indicated that it possibly would at a later date.

Two new board members, Eddie G. Steelman and Dean McCallum, were sworn in at the beginning of the meeting. They were elected from a field of five candidates in April 1

voting. They succeeded Durward Bell and Jay Sherrill on the board.

Grady Sorley, veteran board member, was re-elected as president of the group during re-organizational portion of the meeting. Don Murphy was re-elected vice president. Elected secretary was Leon Grissom. Bell was secretary of the board during the past year.

Motions to change the \$20,000 bond for the school tax assessor-collector from Mrs. Pearl Dodson to Mrs. Zoe Clary were passed. Mrs. Clary recently succeeded Mrs. Dodson.

Superintendent Otis Spears relayed a report from Arnold Maeker of Lubbock, architect for a proposed new grade school building. Details of the building were discussed. Maeker is presently drawing specifications for the six-classroom structure.

Mentioned was a new vocational school for high school students in Hereford which is available to be used by Bovina students. Details of the school were not available. The board asked Spears to investigate the school and give a report at the next meeting of the board.

Board members were reminded of a school board member workshop which will be conducted at West Texas State University Thursday, April 20. All board members were urged to attend.

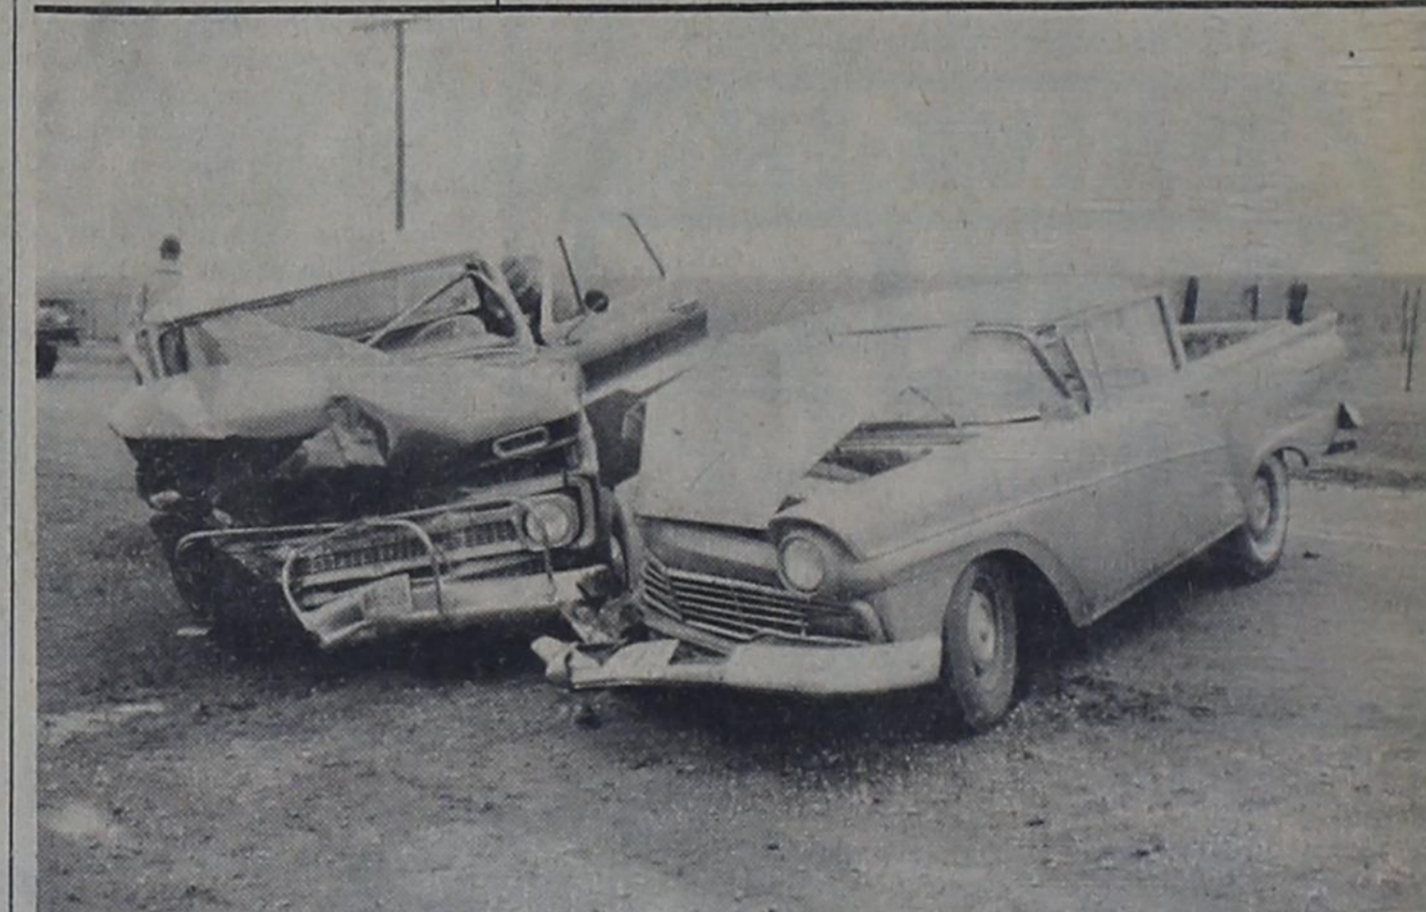

Showers Fall Here Tuesday

Showers here Tuesday morning measured .06, according to unofficial reports kept here by W. E. Williams, Blade weatherman.

Overcast skies gave some promise for continuing moisture.

Some of the moisture received here Tuesday was in the form of drizzle.

On Friday night some hail was reported southwest to west of Bovina, but no rainfall was measured.

COLLISION -- Levi Johnson, driver of the pickup, left, Mr. and Mrs. Pedro Ramirez who were riding in the Rancho, right, received injuries Tuesday morning when the vehicles collided on FM 1731 three miles south of Bovina. Mrs. Ramirez, a passenger, was apparently the most seriously injured.

Tuesday --

Accident Injures 3

Three persons received injuries when their vehicles collided Tuesday morning about 11

o'clock on Farm-to-Market Road 1731 three miles south of

Bovina in front of the Eddie Gayle Steelman place.

Taken to Parmer County Community Hospital in Friona were Mrs. Pedro Ramirez, who reportedly suffered a compound

fracture of the leg, her husband, driver of one of the vehicles, and Levi Johnson, Bovina farmer and driver of the 1964 Chevrolet pickup.

Injuries received by Johnson and Ramirez were not as serious according to reports.

According to Highway Patrolman Tex Scates of Dimmitt, Johnson was traveling south on FM 1731. Although no confirmation had been made, it appeared that the Rancho, driven by Ramirez in which Mrs. Ramirez was a passenger, was turning south onto the pavement from an east intersection.

However, Patrolman Scates was continuing the investigation of the accident and had not determined exactly what had occurred.

A Claborn ambulance was called to the scene and Mrs. Ramirez was taken to Friona. The drivers were also taken to the hospital where attendants reported Tuesday afternoon that x-rays were being taken of the accident victims and extent of injuries had not been determined.

At WTSU --

Judging Teams Enter Contest

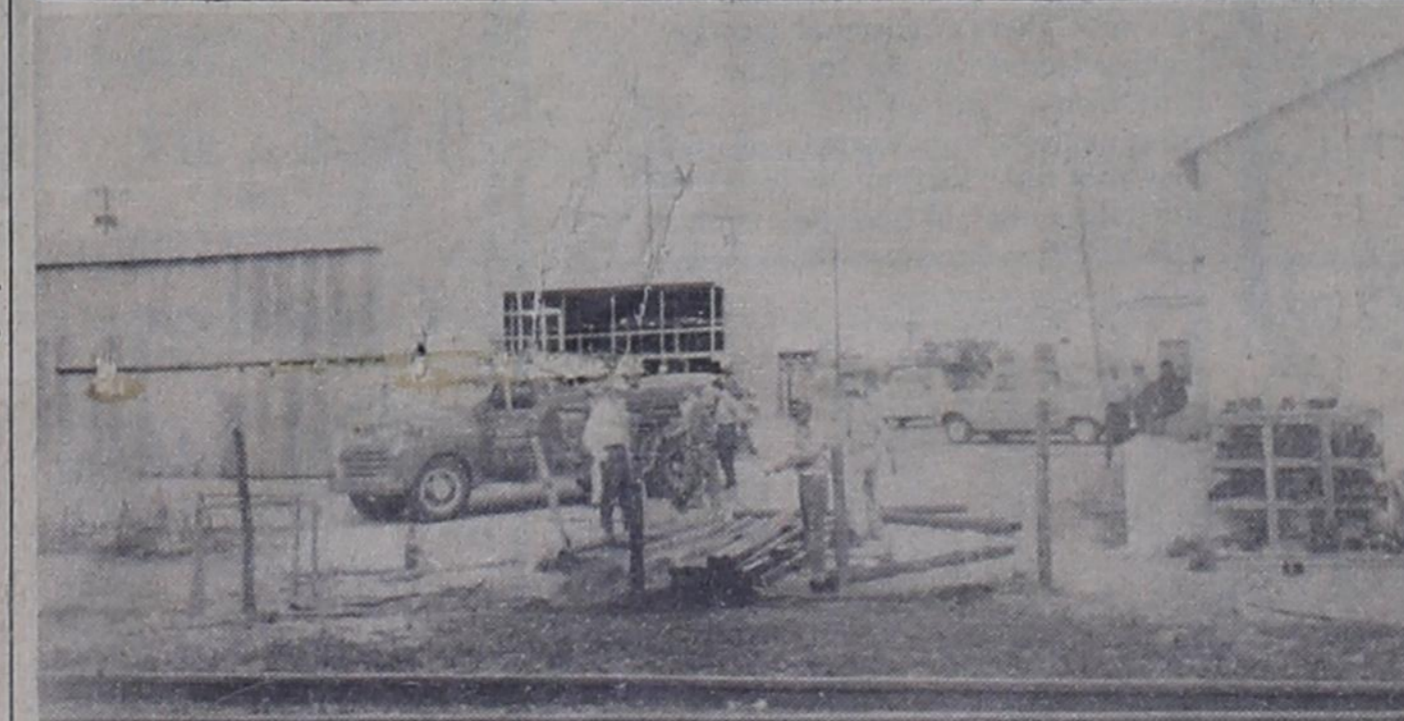

Freshman, sophomore and junior FFA judging teams will compete in the contest being held at West Texas State University Saturday, according to John Paul Jones, chapter advisor.

Freshmen will make up the dairy products and poultry teams; sophomores the lamb judging, dairy cattle teams; and juniors the livestock judging team.

However, no contest will be held at Canyon for the meat judging team, composed of juniors.

cluding meat judging, will enter competition at Texas Tech, Jones said.

On the lamb judging team will be Gary Carson, Ronnie Dyer and Danny Stanberry; livestock judging, Raymond Drager, Larry Grissom, Galen Hromas; dairy cattle, Curtis Drager, Bobby Redden, Raymond Quintana; poultry, Steve Sherrill, Carroll Foster, Clarence Adams; dairy products, Kelly Jamerson, Randy Barrett, Randy Hutto; meat judging, Ricky Kunselman, R. B. Riley and Keith McCutchan.

FIRE! -- Members of Bovina Volunteer Fire Department extinguish a minor blaze Thursday morning on the yard of Sherrill Lumber Co. Burning was joints of fiber sewer pipe. The blaze was started from a nearby trash fire. "A few joints of the pipe were slightly damaged," according to Jay Sherrill, owner of the lumber company.

Cricket

Clothing classes will start Wednesday in Farwell for a group of Latin American and others that are interested in learning to sew and improve techniques. A group of women from a church has taken the lead in this project and made it possible to teach through a planned course of study; using teaching materials from the County Extension office.

4-H'ers and parents spent an interesting day Saturday at the District Elimination Contests in Canyon. This was the first time for some 4-H'ers and parents to participate in Awards Contests. The competition was great and even though we did not have any first place winners we did have five second place winners and that is something to brag about. We thought the second place winners should have been first - but then we could have been a little bias in our judgment. We are very proud of all those who participated. Some of these juniors will be seniors next year, so they will be well prepared to give some stiff competition and perhaps go to State Round-up. It's better to try at something and lose than do nothing and win.

First State Bank Presents -- COW POKES

WILLIAM TELL -- Members of Bovina High School's German Club presented the play, "William Tell," to students here Wednesday before leaving for San Marcos Thursday for the Texas German Club convention. There the club also presented the play. The Bovina group is one of the few in the state to "tackle" such a task, as the entire production is given in the German language.

In San Marcos --

Club Presents Play

Members of German Club of Bovina High School attended the Texas Association of German Students convention in San Marcos on the campus of Southwest Texas State College Friday and Saturday.

The group presented a play Saturday morning to over 200 students there. Other German Clubs presenting plays were from high schools in Austin, Houston, Dallas, Beaumont, and San Antonio as well as from Texas Tech, Texas A&M, Texas A&I, Mary-Hardin-Baylor Gesangverein and University of Dallas.

Friday, the club attended a banquet there as Professor Helmut Rehder of the University of Texas, author of the high school text book used in Bovina, was the principal speaker. Following the banquet the group attended a play presented by the University of Texas German department.

The Bovina students spent two nights in Austin and the third in San Antonio.

In Austin, Representative Bill Clayton took the students on a tour of the capitol building and in San Antonio the agenda included a tour of the Alamo.

Accompanying the group were the sponsor and her husband, Mr. and Mrs. Charles Corn and daughter, Heidi, and parents of club members, Mr. and Mrs. Tom Beauchamp, Mr. and Mrs. C. Drager, Mrs. Mary Ruth Redden, Mrs. Paul Jones and Mrs. L. F. Jacobs.

They traveled by car to Austin Thursday and returned home Sunday.

Bovina's play, "Excerpts from Wilhelm Tell," was presented in the German language and included a cast of 16 members. Mrs. Corn said the props, a house and trees, and the costumes were made by the other

SIX-STEP PROGRAM - IN FAMILY DEVELOPMENT

American Medical Association has outlined a six-step program to keep you "in the pink," where the action is -- starting now.

Here are some of the recommendations.

- *Don't wait until retirement to join a club, develop a hobby or participate in civic affairs. Now is the time to begin activities that will add life to your years.
- *Plan for exercise--whether it's walking, gardening or an active sport--the main thing do it regularly - it's a relief from physical and mental tension.
- *Eat fewer calories - as your body ages, and these should not be empty calories but calories that add to good nutrition.
- *Watch your waistline! Statistics show a 13 per cent increase in death rate for individuals, 10 per cent overweight and a 25 per cent increase of those 20 per cent overweight.

Adequate rest benefits adults as much as young children, so don't cheat the sandman. Illnesses don't just happen -- check up on your health. Many times, preventive or control measures can be taken if symptoms of a disease are detected at an early stage.

Daryl Stark --

State Champ Enters AAU

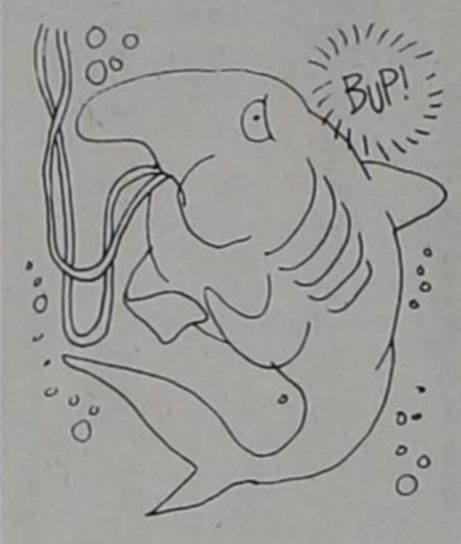

Daryl Stark of Dallas, 19-year-old grandson of Mr. and Mrs. I. W. Quickel, participated in the National AAU boxing matches in California last week end.

Although Daryl came in second in the AAU boxing, light heavyweight division, last year, he was awarded the trophy as the best boxer in the national competition.

His mother is the former Miss Dottie Dell Quickel.

Know The Truth
By **Lavern Stewart**

The New Testament talks about preaching Jesus Christ. One such passage is Romans 16:25, Paul said he would preach nothing else, I Cor. 2:2, "For I determined not to know anything among you, save Jesus Christ, and him crucified." Measure the modern preaching by that done by the Apostles and Evangelists referred to in the New Testament. For an example of how to preach Christ, study Acts eight: Verse 4, "Therefore they that were scattered abroad went everywhere preaching the word." The next verse, "Then Philip went down to the city of Samaria, and preached Christ unto them." Philip was one of them that were scattered by persecution, from Jerusalem; as he went about, he preached the Word, or saying it another way, He preached Christ. Now read verse 12 of Acts eight, "But when they believed Philip preaching the things concerning the kingdom of God, and the name of Jesus Christ, they were baptized both men and women." When one believes he will want to be baptized, if he does not believe the preaching about Jesus he might even argue that one does not have to be baptized to be saved. While Philip was at Samaria preaching, the Lord sent an angel to him to send him on another preaching mission. Philip arose and went south, he met a man riding along and reading the prophecy of the death of Christ for sin. This man was a religious man, having been to Jerusalem to worship. He didn't understand what he was reading, so he asked Philip to explain it to him. Philip began at the prophecy and preached unto him Jesus. They came to some water, and the man asked to be baptized. When Philip made sure the man believed, he baptized him. This baptized believer then went on toward home happy. Why should he not rejoice? Baptism is to save a man (I Peter 3:21) and he had been baptized.

MINER AND DIVER are the two job categories the atom will fill for the Atomic Energy Commission and the Bureau of Mines in an undersea mining program. A neutron radiation analyzing device will be lowered to the ocean bottom to sniff out minerals atomically.

At Dimmitt --

Masonic Lodges To Get Awards

Three Masonic Lodges in this area will be honored during a Workshop to be held Tuesday of next week at 8 p.m. in the Masonic Hall in Dimmitt.

Castro Lodge 879 (Dimmitt), Vega Lodge 899 (Miles) and Farwell Lodge 977 (Bovina) will receive Honor Roll Awards, which are given by The Grand Lodge of Texas in recognition of outstanding attendance during the Fall series of Masonic Workshop programs. Hereford and Friona Lodges are also-

pecially invited to attend the meeting.

James W. Cabe of Canyon, chairman of the eight-county Masonic Workshop Area E-6, will present the awards and conduct the Workshop.

He said the Workshop is part of a semi-annual program held for the quarter-million members of nearly 1,000 Texas Masonic Lodges. The Masonic Fraternity is noted for its activities in the field of charity and in the self-improvement of its members.

Reflections From The Blade

TEN YEARS AGO
April 10, 1957

Earl Stevenson was elected to his third consecutive term as a member of Bovina School Board of Trustees and Bob Wilson to his first term in the annual school board election Sunday.

Bovina city commission passed an ordinance making sewer charges compulsory to all residences at a called meeting Wednesday night.

Wendol Christian will serve as president of Bovina Independent School District board of trustees for the coming year.

Bovina Jaycees voted to sponsor a "clean-up" Bovina campaign at a regular meeting Saturday night in Bovina Restaurant.

Fire Chief Otho Hammonds gave a fire fighting lecture to 24 members of Bovina Volunteer Fire Department at a regular meeting Monday night in the fire hall.

Five students from Bovina Elementary School participated in a county-wide spelling bee at Friona Friday. They were accompanied by Mrs. Fleta Terry, fifth and sixth grade teacher.

Those attending were Gary Stevenson and Carole Jean Hastings, fifth and sixth grades, and Cynthia Patterson, Brenda Jones and Shirley Mayhew from seventh and eighth grades.

Several families met Friday evening in the home of Mr. and Mrs. J. D. Stevens for an evening of "Progressive 42." Winners for the evening were James Early Stevens and Mrs. Mabel Newberry.

Mr. and Mrs. P. A. Lance who recently built a new home on their farm just east of the Nelson Foster farm, were honored with a surprise housewarming on Friday night.

SIX YEARS AGO
April 12, 1961

Bovina students won four first places in District 3-B literary events Thursday at Lazbuddie.

Picking p blue ribbons were Vicki Hawkins, Lee Terry, Margie Carter and Wyndol Davies.

Two Bovina men were named to offices in Texas Highway 60 Association at a meeting of the group Thursday in Pampa.

Tommy Bonds, Gulf Oil distributor here, was elected vice president of the organization, Harry J. Charles, Phillips 66 jobber, was elected to a directorship.

The Parmer County Commissioner's Court Monday canvassed the votes of last week's special senate and school election and also accepted a bid for a new bridge.

Construction on Parmer County's new state highway department building near Bovina is nearing completion. Maintenance Foreman Lloyd Killough says the department will possibly begin moving some things this week.

Homemaking Cottage was the scene of a tea honoring secret grandmothers of FHA members Sunday afternoon.

Mrs. Jack Patterson, Mrs. Roy Crawford and Mrs. James Roach were presented with honorary membership pins by their daughters.

HOME ECONOMICS BRIEFS

Many housewives are "talking turkey" these days when they visit their favorite supermarkets. They're especially vocal in their praise of turkey roasts and turkey rolls, boneless meat prepared in ready-to-cook form, says Mrs. Gwen Clyatt, Texas A&M University Extension consumer marketing specialist. Scientists with the U. S. Department of Agriculture have come up with a grade standard -- the first developed for a product processed from poultry -- to enable shoppers to sharpen their buying skills. You can be sure of the quality if your turkey roast bears the U. S. Grade A shield, the specialist explains.

Family values serve the same purpose as a compass--they help us set our directions in life, according to an Iowa Educator - researcher, Dr. Margaret Liston, keynote speaker this week for Texas A&M University's Home Management Workshop. She explains that people acquire values at an early age through a socialization process. "This implanting of values in young children is one of the special tasks of the family," Dr. Liston added. Although management--as it relates to the home and family--is undergoing a "revolution", the ultimate goal of management, however, is to bring unity from diversity, Dr. Liston said.

LT. AND MRS. DANIEL B. MORTON

Morton, Kays Exchange Marriage Vows In Japan

Lieutenant (junior grade) Daniel B. Morton, son of Mr. and Mrs. Warren Morton of Brownfield and formerly of Bovina and Marilyn L. Kays, daughter of Mr. and Mrs. Francis Kays of Braham, Minn., were married March 1 in Japan.

Following a civil ceremony at the American Embassy in Tokyo the religious military wedding, composed almost entirely of officers and enlisted personnel from the USS Currituck (AV-7), was held at the U. S. Naval Base chapel in Yokosuka, Japan.

The couple was married by ship's chaplain (Lieutenant) William G. Rafiel while Dr. (Lieutenant) Don R. Morris was organist.

Captain Wayne E. Hammett, Commanding Officer of Cur-

rituck, acted in place of the bride's father in giving away the bride and Mrs. Cathy Klabo, wife of Commander Richard T. Klabo, was matron of honor. Best man was Lieutenant (junior grade) Robert R. Powell.

Following the ceremony the bride and groom passed through the arch of swords formed by the ushers in keeping with Naval custom and tradition.

The entire assembly then retired to the Yokosuka Naval Officer's Club for the reception.

Following the presentation of china and silver candelabrum from the officers of the ship and other gifts, Mrs. Daniel Morton was paged at which time the couple left for a seven day honeymoon visiting Tokyo, Kyoto, and Atami, Japan.

Mrs. Morton returned March 8 to San Diego, Calif., where she is employed by General Dynamics Electronics Corporation. Upon the return of currituck to her home port of San Diego, Mr. and Mrs. Morton plan to make this city their home.

Lieutenant (jg) Morton will continue serving aboard Currituck which is presently deployed with the U. S. Seventh Fleet tending seaplanes in support of Operation Market Time, an operation that involves coastal surveillance of the South Vietnamese coast.

He is a graduate of Bovina High School. His father was superintendent of Bovina Independent School District for several years.

Of Interest To THE WOMEN

Club Will Meet This Week

Bovina Woman's Study Club will meet Thursday afternoon in the club house, instead of

last week as was previously announced, according to Mrs. H. D. Bradshaw.

Shower Set In Farwell

A bridal shower honoring Miss Phyllis Christian, bride-elect of Van Crume, will be held Saturday from 3 to 6 p.m. in Farwell.

Site of the event is Hamlin Memorial Methodist Church parlor.

Miss Christian is the daughter of Mr. and Mrs. C. C. Christian of Farwell. The prospective bridegroom is the son of Mr. and Mrs. Kirt Crume of Albuquerque and formerly of Farwell.

The couple will exchange wedding vows on May 7.

Mrs. Charles Hosts Club

Thrifty Club held its April meeting Monday of last week in the home of Mrs. Wilbur Charles when 13 members attended.

The group spent the afternoon visiting and hemming a quilt for Mrs. Charles.

Refreshments of pineapple upside-cake, tea, and coffee were served.

Attending were Mmes. Cecil Sisk, L. M. Grissom, George Douglas, Frank Smith, Owen Patton, Myrtle Perry, O. H. Jones, H. D. Bradshaw, P. O. Dixon, G. A. Bandy, J. D. Stevens, Miss Lola Grissom and the hostess.

WSCS Holds Luncheon Here

Woman's Society of Christian Service was hostess to ladies of St. Ann's Catholic Church Tuesday when a covered dish luncheon was served in Fellowship Hall of Bovina Methodist Church.

Following the luncheon, Rev. J. B. Fowler, Jr. explained the meaning of the symbols used in the church.

Mrs. Jimmy Ware led the program, "New Focus for Mission," designed to show the oneness of the Body of Christ and give a new understanding of mission work.

LEAVING FOR GIRLS TOWN -- Mrs. Oakley Stevenson, Mrs. Lowell Boozer, Mrs. Vernon Willard and Mrs. J. B. Fowler, Jr., left to right, prepare to leave Bovina Methodist Church for Girls Town where they delivered a sizeable amount of sewing supplies for projects there, as well as a quilt made by Good Neighbor Club. Making the trip were members of the Charity Circle.

School Menus

April 17-21

Monday: Weiners and kraut, creamed potatoes, green beans with cheese sauce, rolls, butter, milk, coconut pie.

Tuesday: Barbecue beef, au gratin potatoes, apple sauce, celery sticks, rolls, butter, milk, strawberry short cake.

Wednesday: Sandwiches, lettuce and tomatoes, red beans, chocolate cake, milk, peach halves.

Thursday: Orange juice, fried chicken and gravy, creamed potatoes, cheese slices, rolls, butter; milk, cherry pie.

Friday: Fish, tartare sauce, fried potatoes, cabbage slaw, rolls, butter, milk, fruit jello.

Circle Members Make Drip Do Girls Down

Eight members of Charity Circle of Woman's Society of Christian Service of Bovina Methodist Church traveled to

Girls Town at Whiteface Tuesday last week, delivered sewing supplies, and toured the campus.

Making the trip were Mmes. Tom Caldwell, Vernon Willard, Jim Ware, Jimmy Clements, J. B. Fowler, Jr., Jerry Strawn, Lowell Boozer and Oakley Stevenson.

The ladies took the girls a quilt, several lengths of material, patterns and other sewing needs, which have been collected the past few weeks by the circle for the project.

While at Girls Town the ladies had lunch on the campus

and during the tour were given various ideas on ways to help the students and school.

Bookmobile Comin'

The High Plains Bookmobile will be in Bovina on Thursday from 12 noon until 3:30 p.m., according to Lorene Sooter, librarian.

Before coming here the Bookmobile will visit West Camp and Lariat in the morning hours.

Baby Talk

NEW YORK—Crybabies may be smarter than quiet babies! A hospital in New York taped the cries of newborn babies, then studied the same group three years later. The loud crybabies had higher I.Q.'s.

Community Conversation

Coach Darrel Read, who received a back injury in an accident recently, returned to classes at Bovina High School last week.

Dilger's CLEANERS

**"Do This," Christ Said,
"In Remembrance of ME"**

Sitting through Mass in a Catholic Church for the first time, people are often impressed by the ceremony and the quiet piety of the worshippers.

But they could scarcely feel, what Catholics believe, that the Son of God is truly present on the altar... that He is, in fact, acting as the high priest in a holy sacrifice in which He is also the victim.

"Jesus Christ," they may say to themselves, "made a complete and finished sacrifice when He died on the cross. Why do Catholics claim that our Lord's sacrifice, already consummated, is repeated again and again every day in Catholic Churches everywhere?"

No one believes more firmly than Catholics do, that Christ's sacrifice was finished and complete when He gave up His Life on the cross. We agree that He died but once, and He is not nailed to the cross and crowned with thorns again and again and again. Yet the Catholic Mass is not a substitute... not a mere imitation... but a true and holy reenactment of the sacrifice offered by Jesus Himself.

If this sounds confusing and hard to believe, think for a moment of the Last Supper. The crucifixion and the Mass are one and the same sacrifice.

At the Last Supper, our Lord offered Himself when He changed the bread and wine into His own Body and Blood, the price He would pay for the redemption of men's sins. Only a few short hours later, He was to repeat this sacrifice in the bloody consummation of the cross.

Jesus clearly indicated at the Last Supper that He wanted His sacrifice to be perpetuated... so that all future generations might have the same suitable gift to offer to Almighty God. So, having changed the bread and wine into His Own Body and Blood, He said to the Apostles: "Do this in remembrance of ME." They were to repeat His sacrifice—and they did so. They said Mass and consecrated the bread and wine as our Lord had done... and just as Catholic priests the world over have been doing for the nearly two thousand years since. This we call the Holy Sacrifice of the Mass... this is the heart and core of our Catholic Faith.

FREE—if you would like to read the whole wondrous story of the Mass and its vast significance, write today for our Free Pamphlet. Whether you are a Catholic or not, here is a story that will thrill and inspire and deeply impress you. It will be sent upon your request. Nobody will call on you. Ask for Pamphlet No. KC-6.

Church Chuckles by CARTWRIGHT

"We think a big pledge shows a person's good intentions. Of course, it's even better if you can actually pay it!"

Jesus said to them, "My food is to do the will of him who sent me, and to accomplish his work."
--John 4:34 (RSV)

One of the qualities of life each one of us needs is the ability to make decisions. We need to be willing to face things in the here and now. Our text for today gives insight into Jesus' decisiveness and the basis for His decisions. How do we become decisive? We must have the determination to carry through on our decisions, though realizing that a price tag is attached. With God's help we can do this, drawing on His reservoir of power. When the disciples became filled with the power of the Holy Spirit, they proclaimed everywhere their faith in the risen Christ. They carried through on their decisions. Many died the martyr's death. Dr. Harry Emerson Fosdick reminds us that the longer an orchestra plays, the more it needs to be tuned; and the farther an airplane flies, the more it requires ground service. As Christians we need renewal and spiritual undergirding to help us act on the basis of our decisions prayerfully reached.

PRAYER: Heavenly Father, the death of Thy Son upon the Cross plainly tells us that keeping faith with Thee is costly. Relying upon the Holy Spirit, we would make our decisions for Thee and live in accordance with them. In Christ's name, Amen.

Thought For The Day
Am I willing to make Christian decisions today and live them out?

Mr. and Mrs. Mutt Graham

Salt And Pepper Shakers --

Mrs. Perry Enjoys Large Collection

By Pat Jacobs

Mrs. Myrtle Perry, a comparatively newcomer to Bovina, having lived here slightly more than a year, is a collector of salt and pepper shakers and at last count had in the vicinity of 300 sets.

She keeps them in a china closet given her by her husband, the late B. L. Perry, who used to remind her it "was for dishes."

Mrs. Perry moved here last year from Ryan, Okla., to be near her daughters, Mrs. John Dixon of Bovina and Mrs. Weldon Carter of Pampa, her son, J. T. Perry, who is a teacher in the Muleshoe schools, and her eight grandchildren.

Mrs. Perry began her collection about 15 years ago, although she says the large accumulation was not planned. Most of the sets have been gifts from friends and relatives. She

has not bought over 12 or 15 herself.

The shakers have come to her from Florida, Georgia, Kansas, Kentucky, New Mexico, Mexico, Australia, Idaho, Louisiana, Oklahoma, Arizona, California, Colorado, Missouri, Arkansas, Texas and possibly several other states.

The first set she received was a small china owl salt and pepper. Since then the collection has grown to include almost every kind of fruit, vegetable, kitchen appliance, animal and all kinds of souvenirs of industry and farming.

Mrs. Perry has several antique sets as well. They are made of silver or silver plate, but most of the "new" ones are made from glass, metal, wood, plastic and even from walnuts and seashells.

Among her most interesting shakers are "Mose and Mammy," her favorites; a boy and

girl kissing on a park bench; a little red school house and desk; umbrellas hanging from a rack complete with red overshoes; Indians paddling a canoe; student lamps; feet with painted toenails; and street lights from New Orleans.

Tiny swans are from hand-blown glass. Mrs. Perry has a set of old fashioned cook stoves, loaves of bread, Uncle Sam heads, sheafs of grain, oil derricks, monkeys hanging from limbs, and another of a monkey riding in a car.

Drums, Indian chiefs and squaws, roses in a vase, saddles, boots, frog and toadstool, "Ma" and "Pa" outhouses, a dashound that shakes from both ends, pixies, globes and too many others to enumerate make up her collection and fill the china closet to "running over."

Her smallest set is only about twice the size of a thimble and has a "p" in gold on the front. The largest is a doll-size chef holding two pots (the shakers) under his arms.

Unique appliances include a mix-master, the beaters being the shakers; a washing machine with rollers as shakers; a pop-up toaster; a television; irons; and coffee pots.

Mrs. Perry says she is enjoying living in Bovina and that during many hours she looks over her collection. She is a native of Oklahoma, received her college degree in that state, and taught school about 20 years in Ryan, Okla. from the third grade through junior high level.

COUNT THEM IF YOU CAN -- Mrs. Myrtle Perry looks over her large collection of salt and pepper shakers at her home located at 508 Ave. B, which she keeps in a china closet. Problem is where to put additional ones. Most of the 300-odd sets have been given to her during the past 15 years.

Services Held For Baby Girl

Graveside services were held Wednesday, March 31, at 3 p.m. in Memorial Park Cemetery, Muleshoe, for Geana Renee Bartley, infant daughter of Mr. and Mrs. Clyde (Bo) Bartley of Bovina.

The baby was born March 29 in Parmer County Community Hospital in Friona and died that evening.

Rev. Ralph Aday, pastor of the First Baptist Church in Bovina, conducted the services. Survivors include the parents; one brother, Timmy; and the grandparents, Mr. and Mrs. W. F. Bartley of Muleshoe and Mr. and Mrs. Tony Ivy of Venita, Okla.

4-H Begins Fund Drive

During the month of April, 4-H Club Adult Leaders from over the County will be soliciting funds for 4-H activities. Leaders and parents feel that 4-H is a very worthwhile youth organization. Two broad objectives of this national volunteer organization are to develop better citizens and to educate youngsters in one or more project areas of their choice.

At present 150 boys and girls are members of five local or community 4-H Clubs. Approximately 50 adult leaders believe in 4-H and contribute their time to working with these 150 boys and girls.

The budget for this year is needed to furnish local contest awards, expenses for district and state contest trips, district camp transportation, leader training expenses, national leader news magazine, and cash awards to 4-H'ers that do outstanding work in their project area.

The last 4-H Fund Raising Drive was made in 1965. Funds from this drive have been sufficient to take care of 4-H activities up until now.

Adult leaders have been assigned particular areas in the county to solicit. The following leaders are in charge of soliciting: Wendol Christian, Bovina; Mr. and Mrs. John Chris-

tian, Farwell; Roy Miller, Lazbuddie; and Franklin Bauer, Friona. Other adult leaders from the various clubs will also be assisting in the drive.

If you would like to support a worthwhile cause, support the 4-H Clubs in Parmer County. If you or your business is not contacted and given the opportunity to support 4-H, see one of the leaders mentioned above.

Less Than '66 --

Announces Acreages For 1967 Cotton Crop

Producers in 23 High Plains counties represented by Plains Cotton Growers, Inc., have signed up to plant 1,430,384 acres of cotton in 1967.

This is 64.6 per cent of the 2,198,908 acres available for planting in the area, and is 21,023 acres less than was planted in 1966.

Area figures were compiled by PCG from figures released by the State Agricultural Stabilization and Conservation Service Office at College Station. The sign-up period for the 1967 cotton program extended through March 17.

Of the total acreage available for planting in the area, producers indicated they would divert 750,846 acres to conservation uses. This is 34.4 per cent of the total acreage enrolled in the program, and compares with a 32.7 per cent rate of diversion in 1966.

Accounting for most of the 17,678 acres not enrolled in the 1967 program are allotments signed up in the Cropland Reserve or Cropland Adjustment Program, but there are also some small acreages which producers simply didn't bother to enroll and probably won't bother to plant.

Original cotton allotments on

the Plains in 1967 totaled 2,165,872 acres. The additional 33,036 acres in the total "available for planting" came to the Plains through purchases or leases of allotments or from acreage transfers between farms of the same ownership. Such transactions were permitted under the Agriculture Act of 1965 for the first time in 1966, when the Plains had a 46,770 acre net gain from acreage transfers.

The 1967 cotton program, as in 1966, gave producers a choice of diverting between 12.5 per cent and 35 per cent of effective allotments. The government payment for this diversion in 1967 will be 10.78 cents per pound times the farm's projected yield.

In addition, cooperating producers will receive a price support payment on production from domestic allotments (65 per cent of effective allotments) of 11.53 cents per pound times projected yield. Diversion and price support payments, respectively, were 10.5 cents and 9.42 cents per pound in 1966.

With this economic incentive almost every county on the Plains this year will come close to diverting the maximum 35 per cent. The only two Plains coun-

ties to fall below 34 per cent diversion were Swisher and Deaf Smith. Swisher County farmers signed up to divert 33.9 per cent of allotments, but Deaf Smith County signed to divert only 30.3 per cent.

The low level of diversion in Deaf Smith County is probably accounted for by the large number of allotments below ten acres in that county. Producers with less than ten acre allotments, or with an aggregate projected yield of less than 3,600 pounds, can receive the 10.78 cent diversion payment without actually diverting any acreage.

Despite slightly reduced acreage in 1967, Donald Johnson, executive vice president of PCG, believes the area can reasonably expect to produce over 200,000 bales more in 1967 than in 1966.

Adverse weather conditions last year cut High Plains production on 1,451,407 planted acres to approximately 1.25 million bales. "If in 1967 we can reach the 519-pound per acre average yield achieved in 1965, total production would

On The Farm In Parmer County

By RONNY MCNUTT
County Agent

Peach trees in the home garden can be protected from insects. Expensive equipment is not required and labor needed is not excessive considering the results obtained.

The following spray schedule come out to over 1,488,000 bales," Johnson said.

Discussing income to the area from the 1967 crop, Johnson said this too should be considerably above that of 1966. He pointed out that while the loan price in 1967 is 75 points below 1966, basis middling inch cotton, and discounts on some of our lower quality cotton will be greater, the increased payment rates will slightly more than offset these decreases, even assuming a similar quality crop.

"And there is every indication that the quality of our 1967 crop will be considerably above that of 1966. This, coupled with more bales to sell and the possibility that some of our cotton will sell above the government loan price, should bring about a significant improvement in cotton producer income," Johnson concluded.

is recommended; Spray the peach tree or trees with either Carbaryl (Sevin), malathion, methoxychlor or diazinon when 75 per cent of the blossom petals have fallen. Make the second or third application 10 days after the first application with one of insecticides listed for first spray. Then 10 to 14 days after the second application make the third spraying with one of the recommended insecticides and 14 to 21 days later make a repeat application of the number three spraying.

The home gardener can do a satisfactory spraying job with a small power sprayer or a hand sprayer if close attention is given to the thorough coverage of the tree. It's important to use enough spray to wet all fruit, leaf and bark surfaces.

Should infestations of fruit-damaging insects occur following the completion of recommended spray schedule, Carbaryl can be used effectively up to within one day of harvest.

Insecticides are essential tools in the home garden; however, they should be used in ac-

cordance with the rate and safety directions printed on the container label.

It is well to remember that Carbaryl may be applied to peaches up to one day before harvest; that malathion should not be used within 7 days of harvest; methoxychlor within 21 days of harvest and diazinon within 20 days of harvest.

SPRING IRRIGATION TIME FOR WHEAT APPROACHING

The time for spring irrigation of wheat is drawing near. Spring irrigation should coincide with the rate of water use of the crop. Water is critical for wheat in the boot and heading stages, according to Bill Lyle, irrigation specialist from Lubbock.

If one spring irrigation is applied, it should be delayed until the boot or early heading stage so that moisture will be available during the peak use period.

If there are two applications, the first should be made at the jointing to early boot stage, and the second at the heading stage.

For those wheat producers planning three spring irrigations, the first may be made at jointing, the second at the late boot to early heading stage, and the third at the milk to soft dough stage.

Maximum yields from wheat will require a total of 27 to 30 inches of moisture during the entire growing season, according to Lyle.

The number of irrigations applied should be based on economic as well as agronomic considerations. Economic factors to consider include the price of wheat, cost of irrigation and alternative uses of the irrigation water.

SOIL & WATER CONSERVATION DISTRICTS -- More than 95 per cent of all the privately owned farm and ranch land in the United States is included in one or more of the nation's 2,995 soil and water conservation districts. The districts are found in every state and Puerto Rico and each has a working agreement with the USDA. They play a major role in soil and water conservation programs and activities.

1967 NATIONAL FARMSAFETY WEEK -- President Lyndon B. Johnson has proclaimed the week of July 23 as National Farm Safety Week and is urging all persons living on farms and ranches and those in groups allied with agriculture to apply full energy to the ongoing task of reducing accidents in rural areas.

Sub-Irrigation Research Starts

Construction has begun on a Peoples Natural Gas 10-acre sub-surface irrigation research project at Booker.

Peoples Natural Gas, of Amarillo, in cooperation with a Booker irrigation farmer, Richard Sell, is installing the project which will sub-irrigate five acres of sorghum sudan grass and five acres of grain sorghum.

The new irrigation system is designed to cut irrigation labor by 90 per cent and water requirements by 50 to 70 per cent. A total of 67,300 feet of black polyethylene pipe is being installed in the system including 66,000 feet of half-inch perforated lateral lines which will be about 18 inches under the surface.

Cost of the system is about \$300 per acre.

The system is open for public inspection. The Sell farm is located one and a half miles north of Booker on F.M. 1265. Signs with descriptive information are being installed at the site.

ANTIQUATED DRIVER LAW
Texas traffic will kill some 3,500 persons in 1967, unless something is done about it, according to "Texans for Traffic Safety." One thing that can be done is to update the driver license law which was written in 1941, as proposed by Governor Connally. The present law contains "loopholes" through which flagrant and dangerous law violators can retain a legal license to drive.

VACCINE FOR TRAFFIC?
Vaccine licked smallpox many years ago, but the traffic accident scourge will require a different kind of cure, says "Texans for Traffic Safety." It will take better laws, better enforcement and, more important, a change in driver attitude.

New weed killer for sugar beets

Stop weeds and grass through harvest with Treflan. Treflan has just been cleared for weed control in sugar beets. It should be applied... at thinning... when your beets are 2 to 6 inches high. Be sure your field is free of growing weeds when you apply Treflan since it does not kill established weeds.

Treflan is waterproof. Once mixed with the soil, it stays on the job, killing weeds and grass as they germinate. Treflan doesn't need rain or irrigation to make it work. Yet heavy rain or repeated irrigation won't leach Treflan away or cause harmful concentrations to build up in the row. And, you can shallow cultivate without affecting the weed killing power of Treflan.

Look at the weeds Treflan controls. Annual grasses are effectively controlled, including:

Watergrass (barnyardgrass)	Crabgrasses	Texas panicum
All foxtails	Sanbur	Sinigrass
Johnsongrass (from seed)	Cheat	Jungle-rice
Goosegrass	Stinkgrass	Annual bluegrass
	Bromegrass	Sprangletop
	Bracharia	Wild cane

Treflan also puts an end to over a dozen of your worst broadleaf weed problems, such as:

Pigweeds (spiny, redroot)	Purslane	Kochia
Carleweed	Carpetweed	Stinging nettle
Lambsquarters	Russian thistle	Puncturevine
	Knottedweed	Goosefoot
	Florida pusley	Chickweed

Treflan is easy to apply. Apply Treflan as a broadcast, over-top spray and incorporate immediately. PTO-driven tillers or cultivators set to cut 2-3 inches deep or rolling cultivators set to cut 2-4 inches deep and operated at 6-8 m.p.h. can be used for incorporation. To get effective weed control in the row, adjust the implement so that Treflan-treated soil is thrown up around the young beets.

Right now is the time to find out more about Treflan for effective weed control in sugar beets. See your local Elanco agricultural chemicals dealer today.

For use only in California, Oregon, Washington, Idaho, Colorado, Texas.

Grissom, Harris Win In 3-A Track Meet

Mike Grissom came in first in the mile run and Carl Harris second in the 440 run at the District 3-A track meet held at Kress Saturday to qualify for the regional meet this spring.

The 440 relay team, composed of Tommy Sisco, Stuart McMeans, Carl Harris and Lynn Murphy, placed fourth in that event.

Murphy was fifth in broad jump while McMeans was the fourth entry to cross the line in the 440-run.

Kress took the 3-A track crown with a total of 158 points with Springlake-Earth second with 1465 points, Sudan 108, Farwell 38.5 and Bovina 33. Daryl Kirkpatrick made it through the preliminaries in the 120-yard high hurdles but did not place in the finals.

Coach Roy Stone said he will take Harris, Grissom and McMeans to the regional qualifiers meet to be held at 3 p.m. Saturday in Olton.

Coach Roger Ezell's freshman track team garnered 50 points in its meeting during the district competition with Jackie Hall winning 10 of them when he won first in the shot put, Kress freshmen also won that division of the meet.

The 440-relay team placed

fourth with Benny McKay, Phil Sorley, Manuel Hernandez and Jimmy Gonzales running for Bovina.

Gonzales won second in 220-yard dash; Hernandez fourth in 440-yard dash; Kelly Jamerson, third, high jump; Hall,

fourth, discus; and Gonzales, third, broad jump.

Since none of the varsity track team placing in the district event are seniors, Coach Stone feels that Bovina will have a good team next year that will bring home its share of blue ribbons.

To Canyon, Plainview --

Mustangs Lose Baseball Games

Mustang baseball team continued its hard-luck losing streak here Monday afternoon

NASA Sets Program Here

NASA Spacemobile Lecture Demonstration will be in Bovina at 9:30 a.m. Thursday at the high school auditorium for a program directed primarily to teachers and students. However, parents and others interested are also invited to attend, according to L. F. Jacobs, principal.

Ward Taylor will present the program to provide "up to date information to teachers and students on space science, research and exploration."

when the game was called at the end of the fifth inning after Plainview took a whopping 2-0 victory.

Thursday, Canyon won over the Bovina team 15-0 in a no-hitter game played here.

On the mound for Bovina in the Plainview game were Benny McKay, Randy Hutto and Roy Lee Stowers. The three, in addition to Alfred Stanberry, pitched the Canyon game.

At 3:30 p.m. Thursday, the Mustangs tangle with Lubzudie there.

Tuesday at 4 p.m. Farwell comes to Bovina for a district ball game.

Gary Minyen

In National Honor Group

CANYON - Gary Minyen of Bovina was recently accepted as a new junior member of Alpha Chi, national honor society, at West Texas State University. To be eligible for membership, juniors must have better than a "B" overall average, or a 2.10 grade point out of a possible 3.0.

Minyen, son of Mr. and Mrs. Ronald Minyen, is an accounting major.

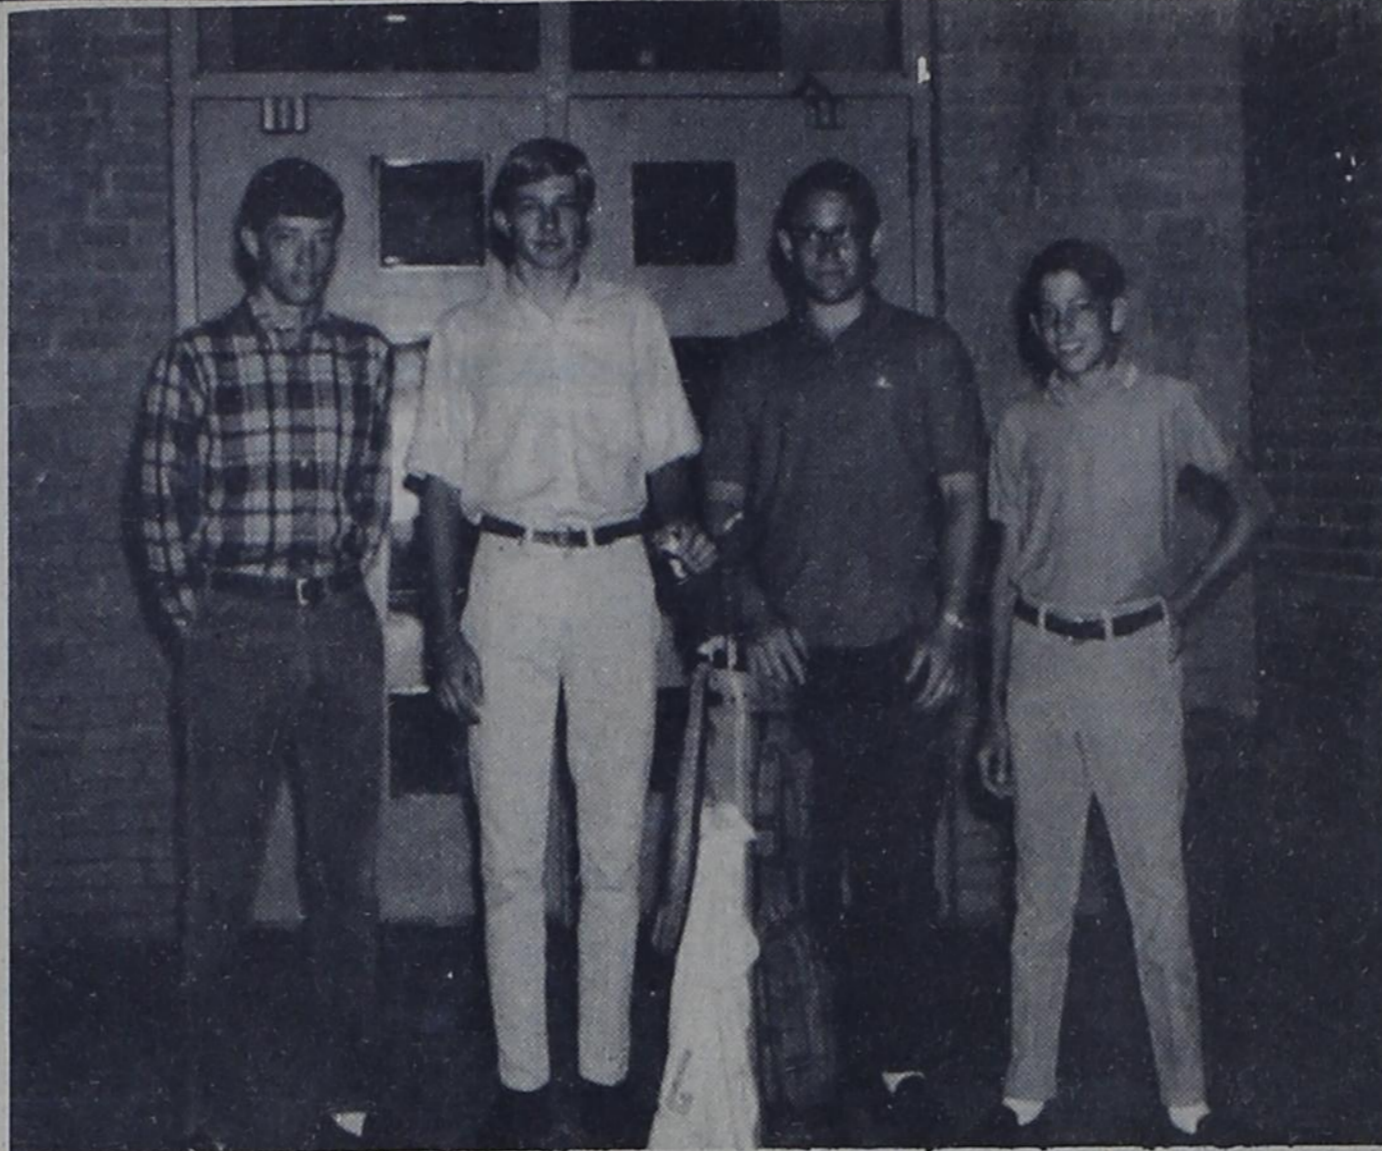

Only juniors and seniors who have completed 30 hours at the university are considered for membership.

Accepted for the society were 26 juniors and 19 seniors. Twelve former junior members were promoted to senior standing.

Community Conversation

Mrs. Ree Gray of Nowata, Okla., mother of Rev. Floyd Gray, returned home last week after visiting in Bovina several days.

Mr. and Mrs. D. A. McCutchan and Mr. and Mrs. Don McCutchan and family visited here last week with the A. R. and Jack McCutchan families.

GOLF CHAMPIONS -- Bovina's golf team composed of Bill Caldwell, Randy Jones, Tommy Spears and Bruce Caldwell, left to right, will represent District 3-A in the regional golf tournament to be held in Lubbock during the three-day event April 20, 21, 22. Johnnie Hugh Horn is the alternate on the team. The team won the district championship last week.

In Literary Events --

Qualify For Regional

Several first places were won by Bovina students in the district literary events of Texas Interscholastic League competition held in Farwell Friday with two high school winners qualified to enter the regional meet.

Mike Grissom won first place in number sense and Zeldia Donaldson won first in typing. Both will compete in regional competition.

Benny McCain was first place winner in oral reading in the

elementary contests while the Bovina team took first in picture memory. The team included Joe Steelman, Luanne Peoples, Jimmy Lance, Rhonda Rhodes and Christie Trimble.

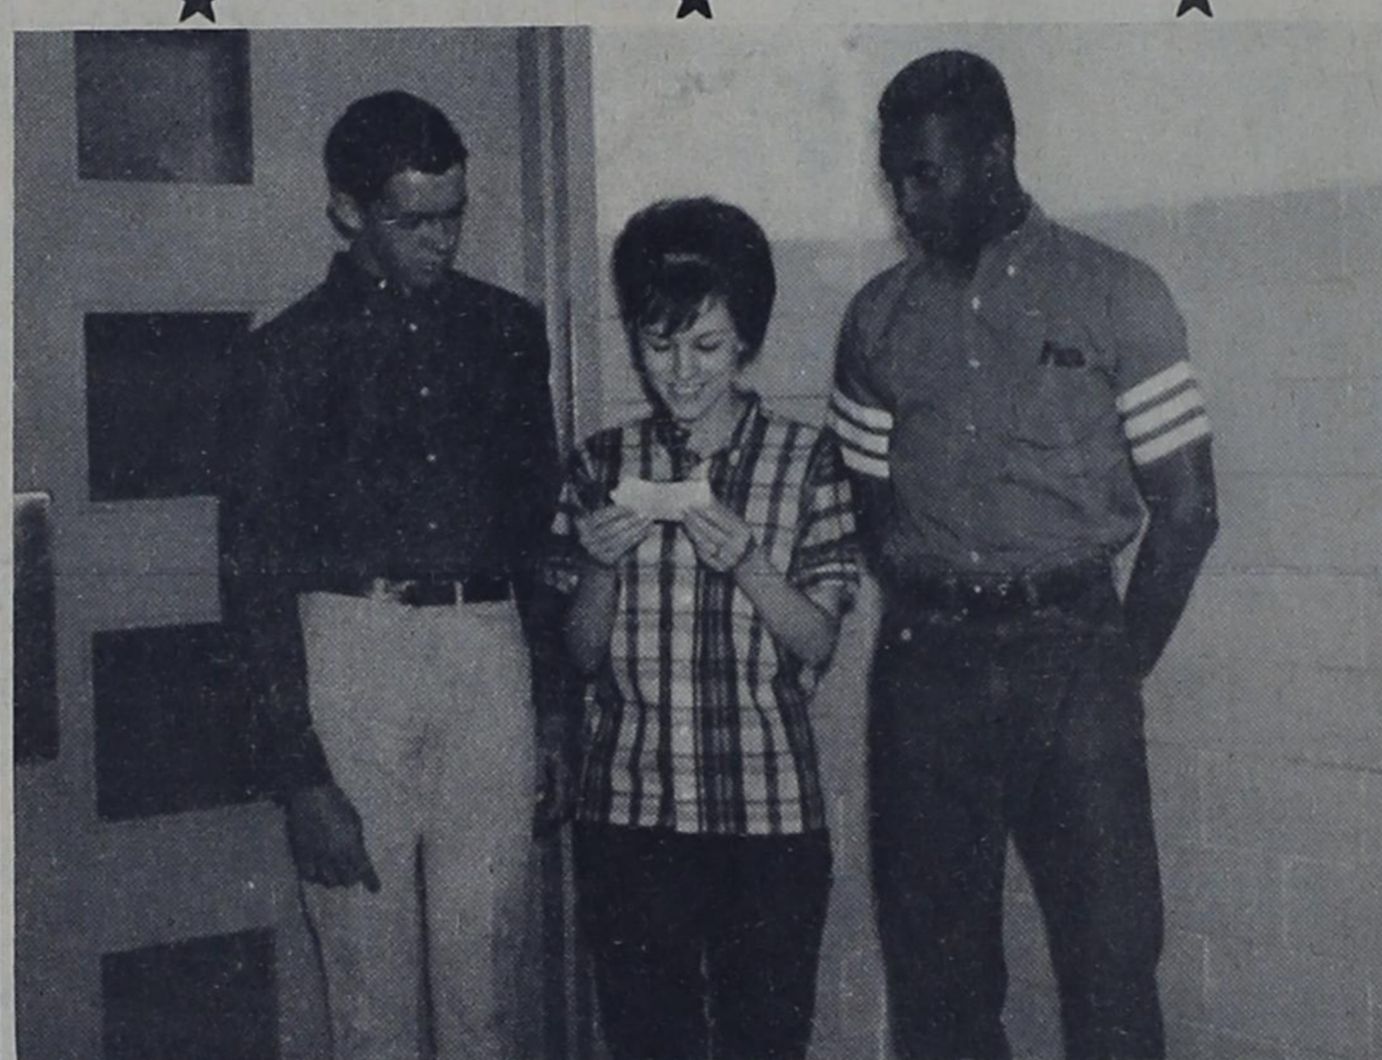

In high school events, Linda Rejino was second and Bill Caldwell fourth in prose reading; Gregg Wilson, fourth, slide rule; Mike Grissom and Sheryl Lane, fourth, spelling; Sharon Lane, fourth, science; Sharon Pierson, third, and Alan Car-

son, fourth, poetry interpretation.

Becky Jacobs tied for second place in number sense in the junior high division.

Kim Langer placed third in elementary oral reading.

Students received ribbons in the various events of the district meet. However, elementary and junior high students can go no further than district in Interscholastic League competition.

REGIONAL ENTRIES -- Mike Grissom, left, will participate in three events during regional competition April 20, 21, 22 in Lubbock, the mile run, number sense and tennis. Zeldia Donaldson will be a contestant in typing after winning first place in district. Carl Harris, right, is Bovina's entry in the quarter mile run.

Goes To Regional --

Grissom 3-A Tennis Champ

Bovina varsity tennis players brought home one blue and two red ribbons from the District 3-A matches held at Kress Monday, with freshmen and junior high students garnering two blue and two red ones.

Mike Grissom gained the right to play in the regional tennis event to be held in Lubbock April 20, 21, 22 by winning first place in boys singles, 6-4 and 6-1, over a Sudan player.

This made the third event in which he has qualified for regional competition, the others being number sense and mile run.

Girls doubles, Linda Rejino and Carol Kirkpatrick, won a second place ribbon when they lost to Farwell.

Judy Dendy, playing girls singles, also won a red ribbon as second place in the district.

The boys doubles, Lynn Murphy and Bill Caldwell, came in fourth in District 3-A.

Freshman boys doubles, Bruce Caldwell and Carrol Foster, were first place winners, defeating Kress for the honor. Also playing in freshman competition were Wesley Harris, boys singles; Pam Grissom, girls singles; Jan Gromowsky and Nancy Mitchell, girls doubles.

Tony Foster took a blue ribbon in junior high singles, beating the Sudan entry 7-5. Steve Douglas and Bobby McMeans lost to Sudan 6-4 in the finals and brought home second place.

Becky Jacobs and Toni Pinner came in second in girls doubles losing 6-4 to Sudan. Melonie Marshall was the entry in junior high girls singles.

No Letter

From Ted

Mack Hour

On Tuesday morning Carl Harris still had not received official word from the Ted Mack Amateur Hour as to when he is to travel to Dallas to appear on the show.

He was told following his second audition in Amarillo that he had made the show and would go to Dallas on April 11 (Tuesday), and that he would receive a letter.

After a letter was not forthcoming further inquiries assured him that his name did appear on the list, but that several shows would be taped and that he might not come up for the April 11 taping.

Since that time no further word has been received here by him.

Elementary Track Meet Set May 5

The Bovina Elementary School Track Meet will be held this spring on Friday, May 5, according to Gene Douglas, physical education instructor.

The event will begin at 1 p.m. and include relays, short races, high jump, broad jump, softball throw and possibly other contests.

Between 275 and 300 boys and girls are expected to participate in this year's meet, Douglas said.

Elgin Given PhD Chance

Don Elgin, formerly of Bovina, has been offered an opportunity to receive his doctorate degree from Vanderbilt University in Nashville, Tenn. as a student -associate professor.

He is the son of Mr. and Mrs. Johnny Harris of Plainview and the grandson of Mr. and Mrs. Aubrey Brock of Bovina. His

mother is the former Nina Brock.

Don will receive his master's degree from Texas Tech this year, having been working there in the same manner.

If he accepts the offer at Vanderbilt, Don will receive his PhD. in about two years, his grandfather said.

He was married last fall.

E. L. McCutchan, Jr. who is stationed at Shepherd Field in Wichita Falls with the Air Force visited his parents, Mr. and Mrs. E. L. McCutchan, in Bovina over the weekend.
