FARMERS INSTITUTE.

Hon. Ed R. Kone Speaks Interestingly Wednesday.

Hon. Ed R. Kone, assistant organizer of farmers institutes for the state department of agriculture, was in the city Wednesday afternoon, and addressed a body of some 200 or 300 citizens of McCulloch county upon the subject of Foods and Feeds. Mr. Kone's address was a very illuminating one, and while he claimed to be no orator, he nevertheless presented the facts of the matter in impelling fashion, and gave much food for reflection.

Mr. Kone enlightened his hearers upon the subject of food and feeds by stating that the mighty commonwealth of Texas had never yet produced sufficient food for her own consumption. He stated that the immense quantities of food and feed heretofore imported into a state for consumption here would no longer be available, since the U. S. had a record of all surplus crops raised in other states and would requisition such food stuffs for her immense army and also for export to her allies across the water. He stated that it was imperative that Texas become self-sustaining. He urged the planting of every available acre and vacant

grounds with food and feed crops. He urged conservation in the use of food and elimination of waste.

His address was given close attention by his hearers and aroused much interest and sober reflection.

Died at Sanitarium.

Mrs. Eli Boyce of London died Thursday morning at a local sanitarium, from a complication of diseases. She was 68 years old. She was the mother of Mrs. John Hodges, who lives on the J. E. White ranch near London. The body was carried to Saline in Menard county, where interment will be made today in the Saline cemetery.

Besides Mrs. Hodge, several other children survive.

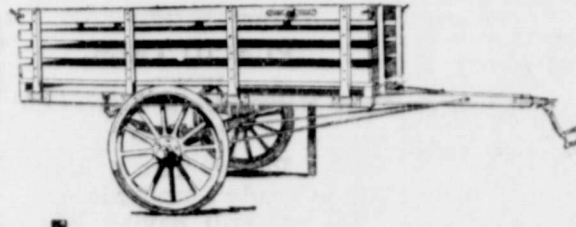

OLD WATER RATE RE-ESTABLISHED

Beginning June 1st—Lawn Sprinkling to be Permitted.

Beginning June 1st the old water rate is to be re-established. This means that all Brady patrons may use as much water as they may choose, and for whatever purpose, at the former rate of \$1.25 per 1,000 gallons. This does not apply to such patrons as are on a flat rate basis, whose use of water is restricted to domestic use only. The re-establishment of the old rate is made possible by the supply of water secured during the rains of a week ago. It is estimated that the present supply of water in the dam will be sufficient for two months.

The water which had been put out in the old dam has been drained into the new dam, which is now about full. This was done to avoid unnecessary absorption or evaporation, as well as to get it close at hand to the pumping station. Pumping from Live Oak is still in progress and the water thus secured will do much to amplify and extend the supply in the new dam.

KILTIES BAND AT THE CHAUTAUQUA

Today Sees Close of Brady Chautauqua—Successful Session.

The refreshing rains at the

a versatile musical program, but the readings and impersonations by the Misses Potter found great favor with the audience. The Hungarian Ladies Quartette entertained with both vocal and instrumental selections of more than ordinary merit, and yesterday the Berkeley Sextette gave two programs that were brilliant in orchestra numbers, instrumental solos and costumed selections.

Among the other entertainers, there is divided opinion as to the various merits of each individual effort. Ernest J. Powell in his talk on community welfare struck a responsive cord in the hearts of his hearers, and was accorded general favor. Hon. Alf Taylor's address was sublime in its conception and powerful in its oratory—and added popularity to his fame as a thinker and orator. Dr. David Taylor Robertson in "Mutations of a Dollar" presented facts that have existed throughout the period of civilization and which—as he emphasized—"still happen back in Missouri." Miss Pearl O'Neil last night was delightful in her character interpretations, in her child impersonations and her readings in general. She won favor from the start and held that favor throughout her program.

But while all these proved delightful and enjoyable, The Standard hands the palm to Dr. H. V. Adams—and if there is any dissent in public opinion we have yet to hear it—whose "Grapes of Gold" contained so much concentrated wisdom, pro-

found philosophy, intelligent advice and rapid-fire humor as to dispel the gloom from the most grouchy of individuals. His was the philosophy of light, of sunshine, of song birds and the brotherhood of man. He brought home truths to each and everyone of us—and if we profit by his message of good cheer, this is certain to be a brighter and happier world not only for ourselves but for all with whom we come in contact.

Today's program is occupied by the Kilties band—and they should prove a fitting climax to a splendid program.

We have opened our new store on Blackburn street. We have installed a Gasoline Filling station and will in a few days have our Air Machine. We want to fill your car with Gas and want you to call and visit us at our new store. Broad Mercantile Co.

fore end of the week and the continued pleasant weather during the week, have done their full share towards contributing success to the Brady chautauqua, which brings to a close to-night a five days' session here. That the chautauqua has been thoroughly enjoyed by old and young alike goes without saying, and has its best evidence in the splendid attendance, the tabernacle being very near filled at both afternoon and night session of each day.

The program was a very well selected one, with sufficient variety to prove pleasing to people of all tastes and dispositions. The musical programs, as might have been expected, were thoroughly enjoyable, each in its own peculiar style. Castellucci's serenaders gave a splendid concert program; The Potter-Dewey Concert Trio not only gave

NINE SAYINGS.

Program Rendered on Close of School May 18th.

Nine, Texas, May 21. Editor Brady Standard:

We had another fine rain which fell here last Saturday night. Everybody is busy planting, some having had to plant over on account of the drought.

Our school was out here on the 18th. The school rendered a real nice program.

Prof. Deans and wife, and son Earl, moved back to Voca Saturday.

The school children and parents spent the day over on Brady creek picnicing last Saturday. J. A. Butler purchased a new Ford touring car. My! Won't he whiz?

John Spivey's relatives of Lampasas are visiting him this week.

R. T. Pearson and family of Eden were visiting Mr. and Mrs. J. A. Butler and family Saturday.

Mrs. D. Harkrider and little daughter, Pet, have the mumps.

Well, that is all at this writing.

MIDWAY FROLICS.

Folks Attend Rochelle School Closing, 15th to 18th.

Rochelle, Texas, May 21. Editor Brady Standard:

Well, as Jolly Kid was busy last week and didn't get to write the news of last week, I have a handful of news to write this time.

The Midway community has been blessed with three good rains since I last wrote. The farmers have a good season in the ground and have plenty of stock water.

Miss Georgia Brown of Richland Springs visited Miss Veda West a few days last week.

A bunch of the Midway folks attended the Rochelle school entertainment May 15th to the 18th.

The Midway people enjoyed the singing at the old Midway school house Sunday evening and will meet again next Sunday to organize a singing class.

Miss Stella Cole of Rochelle visited Miss Dulcie Bentley from Saturday till Sunday evening.

Mr. and Mrs. T. S. Shaw and family called on Mr. and Mrs. John Wigginton Sunday.

Jim Knight who has not been seen in the community for quite a while came in Saturday.

Mrs. Beulah Curry and the three girls called on Mrs. Joe Campbell Thursday evening.

Mr. and Mrs. Joe Campbell visited in the Fairview community Saturday and Sunday.

Cleo, I will try and write every week. You said you had some friends in our community and would like to hear from them.

All of Mr. Whitehead's folks have been sick with the measles, except one of the little boys. The measles hurt Mrs. Whitehead pretty bad, but glad to report that she is better.

I will ring off, and let some of the other writers have more space.

JOLLY KID.

PLACID TALK.

Good News—Corn Creek is Still Running.

Placid, Texas, May 22. Editor Brady Standard:

We are still having lots of good slow rains which are needed greatly around Placid. Corn Creek is still running, which sounds good to most of our people, as the creek runs through a number of farms.

Aubra Jordan is clerking in the Placid store, while George Parker is working his farm.

Miss Lela Haywood has returned home from Brownwood where she has been at school.

Rev. Anderson and wife, Rev. Jones and Miss Fronie Nichols are attending a meeting at Fife, while the remaining members of the Apostolic church are still having prayer meetings on their regular days.

The crowd of men and women who went to Mexico a while back have all returned.

Hawk McCluskey has purchased a "jitney."

STACY HAPPENINGS.

Mr. and Mrs. Flim Powell Lose Baby.

Stacy, Texas, May 22. Editor Brady Standard:

Saturday night about 1 1/2 inches of rainfall was had at Stacy and Sunday night over an inch was had, together with what rain we had the week before everything is in fine shape. With such a season everybody is preparing for a bumper crop year.

"Shorty" Jones and wife of Baird was here this week to attend the funeral of their nephew, little Alvin Powell, who died Thursday.

Alvin, the 11-month old baby of Mr. and Mrs. Flim Powell, died Thursday, after several days illness of the measles and pneumonia. The bereaved parents have the sympathy of the community in their sad loss.

Miss Adle Hammons and Miller Hammons were shopping in Brady Thursday.

Miss Ruth Farmer of Comanche is guest of her sister, Mrs. M. Hammons a few days this week.

Miss Altha Mae Dubois is home again after taking a business course at Tyler.

Mr. and Mrs. M. Hammons are visiting at Brownwood and Comanche a few days this week.

Lester Cox and W. S. Dickinson were in Coleman Thursday on Business.

SUNFLOWER.

Best Remedy for Whooping Cough.

"Last winter when my little boy had the whooping cough I gave him Chamberlain's Cough Remedy," writes Mrs. J. B. Roberts, East St. Louis, Ill. "It kept his cough loose and relieved him of those dreadful coughing spells. It is the only cough medicine I keep in the house because I have the most confidence in it." This remedy is also good for colds and croup.

Rush to the Popular Dry Goods store. The big sale is still in full blast.

EAST SWEDEN PICKUPS.

Midway Folks Visit Christian Endeavor Meeting.

Rochelle, Texas, May 21. Editor Brady Standard:

Well as I haven't been seeing any news from this community I thought I would try and write a little.

All the farmers seem to be rejoicing over the rain that fell here last Saturday night. Everything seems to be up and doing well.

Mrs. J. G. Milburn has been on the sick list for some time.

Mr. and Mrs. F. W. Hurd visited Miss Alma Hurd last Sunday.

Mrs. W. F. Prickett and daughter, Miss Eva were shopping in Rochelle last Wednesday.

Mrs. Maudie Ake and little daughter, Luetta, have been on the sick list for the past two weeks, but are improving some now.

There was quite a crowd that were callers of the Milburn home last Sunday, being Mr. and Mrs. Mitchell, Mr. and Mrs. Bud Harris, Mr. and Mrs. Wilson, Mr. and Mrs. Arthur Milburn, Mr. and Mrs. T. B. Milburn.

Roy Walker went to Deep Creek last Saturday.

Miss Eva Prickett and Emil Nelin were seen out driving last Sunday evening.

There was quite a crowd of Midway people that visited our Christian Endeavor last Sunday night. Glad to have you. Come again.

Misses Eva and Iva Prickett were caught out in the rain last Saturday night, while coming home from the show.

All of the boys from this community seem to be joining the army.

Well, as this is my first attempt to write—I will go. I will come again, if I see this in print.

CALOMEL SALIVATES AND MAKES YOU SICK.

Acts Like Dynamite On a Slug-gish Liver and You Lose a Day's Work.

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

WONDER WORDS.

Wonder, Ore., May 11.

Editor Brady Standard:

Verily now we can sing with the poet, "Hi! Oh! Hi! Oh! The summer is here! Thewinter is over and gone."

Instead of literal snowflakes falling now, it is apple blossoms, prune and plum blossoms shattering down all over the ground.

There is plenty of snow yet on the north side of the mountain tops. Only yesterday a man told me he was in four feet of snow shoveling out a road for the wagon to get into a sawmill in order to resume operations for the summer's run.

Gardening is now in evidence in the low lands. I am getting ready to plant my corn and potatoes.

Say, people. I bet you will wish you were here when I tell you that our neighbors are going to the salmon hatcheries on killing days and hauling away fish by the wagon loads. The government operates the salmon hatcheries, and they are not permitted to sell the fish, but people may go and get them free of charge.

They have certain days to kill the fish and take the eggs and put them in the vats for hatching. The fish we are getting now are of the steelhead variety and are just as fine as can be. Some salt them down and have enough to last them quite a while.

We have some funny laws in this country. Most people who kill deer throw the pelts away rather than go through so much "red tape" before they are allowed to dress them.

If you wish to record a mark and brand for your cattle, you have to get a branding iron made and stamp it on a piece of sole leather and take it to the county clerk who records it and sends it to Salem to be placed on the State Records of marks and brands.

KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful.

I could not do anything, not even sleep at night. I kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui."

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui. By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always praise Cardui. I continued taking it until I was strong and well." If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial. NC-133

Splendid Opening for a Gin in This Community.

Fife, Texas, May 22.

Editor Brady Standard:

A two inch rain Friday night, and a half inch Sunday night have gotten the farmers in the grass and they are all hoping for some dry weather so they can catch up. Some few will replant cotton, rather than try to kill the grass out.

Henry Dial and H. S. Sneary were here from Brady Friday on business.

L. F. Dennis was here from Rochelle Monday meeting old acquaintances and transacting business.

Miss Lois Bradley was out from Brady last week on a visit to relatives here.

The Apostolic meeting here is drawing large crowds, but so far have had only one addition to their faith.

Gus Featherstone of Trickham was here on business Friday.

J. A. Stowe, our worthy Justice of the Peace was down from Lohn Tuesday just to get acquainted with home folks again.

E. B. Kennedy, our sawed-off Irish friend from Waldrip was down last week. He absolutely refused to swap any more yarns with us, and says he is going to stay at home from now on so as to hold his rep.

Mr. and Mrs. Benton Wiley were here from Waldrip Wednesday transacting business.

Many of our people are expecting to attend at least one day of the Chautauqua at Brady this week.

E. W. Harris was here from Broadmoor to receive some cattle purchased of Thos. Mitchell Tuesday.

There is considerable talk upon the need of a gin at this place this fall and a meeting will be held next week to see what can be done. A gin here would gin from 1500 to 2000 bales of cotton in a season and it seems to us that it would be a money maker besides a great convenience to the farmers of the community. Think about it.

E. Z.

If it is glassware we can please you. O. D. Mann & Sons.

THOUGHT, NOT FEAR.

"Take a good look at it boys, for I'm afraid most of you will have to know it thoroughly and use it constantly during the next three years." The soldier's pack was spread before a company of student rookies. Capt. Boswell was the speaker.

What did his words mean? Why was there a sudden harsh of silence—why did the boys become men at the sound of a single sentence?

War was the transforming power. One tangible strike by a man who knew made realization possible for sixty men who had cheered when news that Congress and the President had decided on war.

Did they cheer when the assistant showed them how to make a sleeping bag out of the "pancho"? Did echoes reverberate through the gym when it was told them that in all probability for the next three years they would have one army blanket as their bed, springs, mattress, sheet and quilt?

The men were hushed—not by fear, but by thought. Some of them had failed to realize that the daily drill on Clark Field meant anything other than the dropping of a difficult University course. Others had the idea

that discipline meant straight lines when a particular group, led by the band, passed some official.

The call to duty is coming. We are neophytes in the game of war. A single intimation that we must some day shed blood for the democracy of the world fills us with—thought and determination.—Daily Texan.

TERRELL FOR GOVERNOR.

Former State Senator Tom W. Perkins, Editor of the McKinney Courier-Gazette, was a visitor to the State Capitol recently, where he is well and favorably known, having served four years in the Texas Senate, and upon his return in an editorial in his paper, he paid Comptroller Terrell this tribute:

"We met Comptroller H. B. Terrell. The writer is especially fond of Senator Terrell, having served in the Thirty-first and Thirty-second Senate with him. He is a newspaper man and one of the best and cleanest men in Texas politics. Three years ago he was elected Comptroller, after having served four years as legislator and ten years as senator. Senator Terrell informed us that he is being strongly solicited throughout Texas to make the race for Governor in 1918, and has the matter under advisement. He is splendidly equipped for this high and important position, should he desire to seek same, and will have an exceptionally strong following throughout Texas, as he is eloquent, able and highly respected."

SWEET MAGNOLIA BLOSSOMS.

Our readers will have to pardon us for being so profuse in our expression of pleasure at the address of Dr. H. V. Adams at the Brady Chautauqua. Dr. Adams is the first public speaker within our recollection, who has found use for editors here on earth. He said they did some good here below by saying nice things about folks, who always carefully clipped and preserved these nice little write-ups. (We'll bet Dr. Adams clips what we said about him). But speaking sincerely, if there is a mission which The Standard has tried to fulfill it is simply this: "To speak ill of no one; to commend that which is good in others."

Be sure to guess at the beans, as it means a fifty dollar sewing machine free to someone. A guess with each dollar spent.

THE LIBERTY LOAN BOND.

What is a Liberty Loan Bond?—A Liberty Loan Bond is a solemn promise of the United States to pay at maturity the amount of the bond to the holder thereof, and to pay interest semiannually each year from the date of the issuance of the bond until it is fully and finally paid.

What is the security for a Liberty Loan Bond?—The faith and honor of the United States, backed by all of the resources of the Nation and the American people. A Liberty Loan Bond is a mortgage on all the resources and taxing powers of the Government and all of the resources of the American people.

What is the nature of a Liberty Loan Bond?—There are two kinds of Liberty Loan Bonds. Bearer Bonds are to be issued in denominations of \$50, \$100, \$500, and \$1,000. These Bearer Bonds, which are made payable to bearer, have interest coupons attached which are detached by the holder when the interest installments they represent are due, and can be cashed at any bank the same as a United States Treasury note.

Registered bonds are to be issued, which are registered as to both principal and interest, in denominations of \$100, \$500, \$1,000, \$5,000, \$10,000, \$50,000 and \$100,000; checks for the amount of interest due will be mailed out semiannually to the holders of these registered bonds.

What are the terms of a Liberty Loan Bond?—Liberty Loan Bonds of the first issue of \$2,000,000,000 are to bear date of June 15, 1917, and to run for thirty years, except that the Government reserves the right to pay them fifteen years after date. If this right is not exercised by the Government fifteen years from date, the bonds will run the full thirty days.

These bonds bear interest at 3 1-2 per cent per annum, and the interest is payable semiannually on the fifteenth day of December and the fifteenth day of June in each year.

What special advantages have these Liberty Loan Bonds?—One especial advantage no other bonds, National, State, municipal, or corporate, have is that if the United States during the continuance of this war shall issue other bonds at a higher rate of interest, the holders of these Liberty Bonds have the right to exchange their Liberty Bonds for bonds bearing the higher rate of interest, dollar for dollar.

What other special advantages do these Bonds possess?—They are nontaxable. If your city, county, and State taxes are three mills on the dollar, a not unusual tax, these bonds are equivalent to ordinary corporate bonds or other investments bearing 6 1-2 per cent.

In addition, no Federal tax which war conditions may later make necessary will affect these bonds. The only tax these bonds are subject to is the inheritance tax, which applies to all property of all kinds what-

High Cost of Living Reduced by "Wear-Ever" Aluminum Utensils

Every Day Next Week a Demonstration Will Explain the Economy of Using Them

Some of the Things That Will be Done:

- 1.—Food will be boiled dry,—will be BURNED in an aluminum kettle and the kettle will be made clean and bright again, as good as new.
- 2.—A pot roast will be made without water or grease. From some of the cheaper cuts of meat delicious roasts will be made.
- 3.—A whole meal will be cooked in a double roaster over one flame of gas.
- 4.—A quart of milk will be boiled down to one half pint, without scorching.
- 5.—An empty Tea Kettle will be kept on the fire continually and cold water will be dashed into it while hot, without injury to the kettle.
- 6.—Mush, rice, fudge and fruit butters will be made without stirring.

Please accept this as a cordial invitation to be present at some time during the demonstration. Commences Monday, May 28th, and ends June 2nd.

25 Aluminum Sauce Pans Given Away

To each of the first 25 persons purchasing Aluminum Ware at this demonstration of "WEAR-EVER" Aluminum we will make a present of a 70c Aluminum Quart Sauce Pan. Come in and see for yourself the difference between "WEAR-EVER" and other kinds of aluminum and enamel utensils. See why so many women prefer "WEAR-EVER." ever. How are Liberty Bonds obtained?—Blank forms of application for the purchase of these bonds can be obtained from the Treasury Department, any Federal Reserve Bank, any National, State, or private bank any express office, and any post office in the United States. Any bank or postmaster will aid applicant in filling out his blank and the other acts necessary to obtain these bonds.

If these Bonds are so desirable, why is it necessary to advertise them extensively?—It is not necessary to advertise these bonds to sell the whole issue, but it is earnestly desired that this loan shall be a popular loan, a loan by and from the people at large of the United States, and not alone from the banks, trust companies, and financiers. To that end bonds are to be issued of small denominations, and subscribers for small amounts are to be supplied before the subscribers for large amounts are granted their full subscription.

Is it patriotic to purchase these bonds?—Yes; every American who subscribes to the justice of the course of the United States in entering and conducting the war we are now engaged in should subscribe to the Liberty Loan Bond issue to the extent of his or her financial ability.

Every American who subscribes to the belief that an American should stand by his or

her country should subscribe to the Liberty Loan Bond issue. Every American who loves America and is jealous of America's honor should subscribe to the Liberty Loan Bond issue. The real success of the loan is to be more determined by the number of Americans participating in it than by the amount subscribed. The spirit of the Nation is going to be judged

EYESIGHT INJURED.

Storage Battery Explodes and Acid Burns Result.

Saturday afternoon Robert Harward, local manager for the Brady Storage Battery Co., suffered injuries that all but resulted in the loss of his eyesight. Harward was repairing a storage battery and was in the act of welding a connection, when an accumulation of carbonic acid in the battery became ignited and exploded, throwing the acid into his face. Harward immediately washed the acid from his face, but could do nothing for his eye, which is greatly inflamed, despite all that medical attention could do. Fortunately it is thought no permanent injury to the eye will result.

George Mayes came over from Brownwood yesterday, and will look after the business while Harward is taking an enforced vacation.

Dr. E. M. Wood and family are here from Hutto, Texas, for a visit for a day or two with his parents, Mr. and Mrs. Thos. S. Wood, and relatives and friends.

Chas. Globber was in the city last Saturday greeting his many friends, and getting his subscription extended so he could continue to read about the land of happiness and prosperity.

Mr. and Mrs. H. P. C. Evers and children returned Monday from a several weeks' visit with relatives at Castell. Enroute home they also visited at Camp San Saba. Mrs. Baze underwent an operation while at Castell, but has recovered from the effects and is in splendid health.

Mrs. Max Borschow, accompanied by her daughter, Miss Ella, mother-in-law, Mrs. J. Borschow, and W. B. McKenzie, left Wednesday morning for San Antonio, Mrs. J. Borschow returning to her home there, and the balance of the party for a visit of several days.

Jas. T. Russell, superintendent of the Rochelle Public schools, was in the city Wednesday on a business visit. He reports that he has not yet decided upon his future course, but that he expected to make a change in location. Mr. Russell is a splendid educator and has done splendid work in the Rochelle schools. It is regrettable that he is to leave.

Capt. H. W. McGhee came in Monday night from Brady, and will spend the remainder of the week here. He says Brady has received abundant rains and everybody is happy. Capt. McGhee brought his shotgun with him and today and tomorrow will practice trapshooting in preparation for the Central-West Texas meet the last three days of this week.—Brownwood Herald.

Mr. and Mrs. W. A. Hamilton were in the city Wednesday on a visit and to attend the chautauqua. Mr. Hamilton reported having been elected superintendent of the school at Hutchings, Texas, and stated that the Hutchings school had the largest district in Dallas county, comprising 33 square miles. There is an enrollment of 400 pupils in the school, and 10 teachers are employed. Mr. and Mrs. Hamilton will leave at once for their new home, and the best wishes of all their friends will accompany them.

Dr. Robert X. Wade of Coyle, Okla., was in the city yesterday, a guest of his brother, J. T. Wade, and family. The brothers had not seen one another in fifty years, and the reunion was a very joyful one. The doctor is a man of wide experience and has traveled extensively; consequently he is a most enjoyable conversationalist. His life's philosophy is to enjoy life while living, and consequently when he has accumulated a little of this world's goods he proceeds to get the enjoyment out of it. His wife is visiting her daughter, who is teacher of languages in Corsicana—and the influence of their extensive travels is reflected in the fact that the daughter

speaks, reads and writes six languages. It was, indeed, a pleasure to meet the doctor, and only regrettable that his visit here was so brief.

Something About Men.

J. G. Gressett of Ballinger, Texas, sends the following pessimistic account of man and his troubles, with the request to allow him space to correct the mistaken idea of some few men.

"Man comes into this world against his will, leaving a series of misunderstandings, at the mercies of his parents to be led as other people would have him go. When he is a babe, everybody wants to kiss him; when he is a young man, everybody wants to kick him; when he is grown, he is a fool. If he belongs to church he is a hypocrite; if he doesn't he is a sinner. If he takes a part in politics, he is a grafter; if he doesn't he is an undesirable citizen. If he dies while young, there is a great man gone; if he lives to be old, he is just living to save funeral expenses and to be in the way. But while in his youth, Uncle Sam calls him to the battlefield and he falls for his country, and takes all these blessings with him, that other people gave him for being here. Tell me, Uncle Jake, that a boy is what he makes himself, will you?"

Occupying New Building.

A month's time has wrought a wonderful transformation in the building on South Blackburn street recently purchased by Broad Mercantile Co. From an inaccessible, dark, gloomy and barn-like structure it has been converted into one of the most imposing, well-lighted and conspicuous business locations in town. The lowering of the floor, sidewalk, and the awning; the installation of plate glass windows and the general overhauling and modernizing of both exterior and interior have accomplished these wonders.

The building is being occupied this week by the Broad Mercantile Co. with a line of buggies, heavy hardware and household equipment—and the splendid display makes the new location one of interest and attractiveness. The company has also installed a filling station, and in addition to supplying gasoline and oils, they will have a full line of tires, tubes and other auto necessities, as well as supplying free air and water.

The enterprise of the firm in giving Brady so modern and distinctive an establishment is to be highly commended.

LOCAL BRIEFS.

J. A. Hall was in Wednesday from Whiteland, and reported having 100 acres of cotton up to a fine stand. The recent rains also assure bringing up the balance of his cotton—about 47 acres—and consequently he is feeling quite good over the situation.

The many friends of Mr. and Mrs. Joe Moore are pleased to know that they are again able to be about, after quite a severe spell of sickness. Uncle Joe got out the first of the week and staked the cow to graze, and all his friends agreed that he must be getting along fine.

E. J. Broad is in town again after an absence of a week or more, during which time he visited El Paso and looked after business interests there. He reports El Paso in most flourishing condition, with many thousands of soldiers stationed there, and more to be stationed at that point. Every line of business is greatly augmented as a result, and property values have doubled and increased manifold.

Bud Crawford, who lost much of his dignity by succumbing some ten days ago to a case of the "mulligrubs" just because they failed to come a "gully-washer" out his way, was in town yesterday, with his accustomed smile. He explained that a splendid rain was had Saturday night out his way and another early yesterday morning. Consequently he is once more restored to favor and may be addressed henceforth as the "Sage of Pasche."

There has been much talk about young ladies, or even clubs or communities adopting a soldier or sailor boy, the purpose being to write him cheering letters and do other little acts of kindness for the boy so far from home and friends. Just to show how such acts are appreciated, we quote the following message sent us on a post card by Austin Miller, who recently joined Uncle Sam's corps of truck drivers, and who is now stationed at San Antonio. Austin writes: "I received a Standard the other day, and suppose you sent it. Many thanks! Any news from home is appreciated here. A fellow doesn't realize the meaning of 'Home, Sweet Home,' until he gets in the army. Don't know when I will be shipped out. Best wishes to The Standard."

L. Ballou, who is endeavoring to secure a trip to the great Confederate reunion at Washington, D. C., by securing a certain number of subscriptions to the Confederate Veteran, the official organ of the veterans and which is published at Nashville, Tenn., reports that while he has secured quite a number of subscriptions so far, he still lacks the required number. Everyone who is interested in the veterans can perform a good service by giving his subscription to Mr. Ballou. The time for action is very short, as the reunion is to be held on June 5th. Mr. Ballou is very anxious to make the trip, as he thinks it will be the last one held, and he feels sure it will be the last he will ever attend outside of the state. The "Confederate Veteran" is a splendidly printed and edited publication. The cover is a reproduction of clay modeling, and the May issue contains inserts of pictures of three great Americans, viz: George Washington, Robert E. Lee and Woodrow Wilson.

Proper Food for Weak Stomachs. The proper food for one man may be all wrong for another. Everyone should adopt a diet suited to his age and occupation. Those who have weak stomachs need to be especially careful and should eat slowly and masticate their food thoroughly. It is also important that they keep their bowels regular. When they become constipated or when they feel dull and stupid after eating, they should take Chamberlain's Tablets to strengthen the stomach and move the bowels. They are easy to take and pleasant in effect.

I hope all the farmers are rejoicing over this nice rain.

J. H. Purdy of Lohn was in Brady Monday on business.

J. T. Gay's brother, Homer, of Gunter, has arrived in Brady once more. All his friends are glad to see him. After a short time here, he will then visit home folks.

Mr. and Mrs. J. C. Koerth and son, Chas. are spending a few weeks at Plainview.

Miss Elizabeth Gay has been right sick lately, but is better at this writing. She is thinking of returning to her home at Ft. McKavett. We can't let her go for if we do, this end of Brady will not be lively at all without her.

Miss Mary Wood of Nine was a caller at the Edwards' home Saturday afternoon, and was accompanied home by one of her friends.

Well, I will ring off. Hope the war don't get any of you. Will write more next time.

EVERYBODY SEES A CHANGE IN FATHER.

Suffered Over Twenty Years and Spent Thousands of Dollars Trying to Get Well—'Troubles Overcome.

"My father has suffered from chronic trouble for over twenty years and has paid out thousands of dollars on medicines and doctors," said G. W. Slayton, a well known Cobb county farmer, who lives near Smyrna, a short distance from out of Atlanta. "We tried nearly everything trying to cure him, and he went off to the springs, thinking maybe the water would help him but it just looked like nothing would reach his trouble. Then he tried dieting, and lived on liquid food until he almost starved—but even that failed to do any good, and he just kept going from bad to worse.

"I don't guess there ever was a case as stubborn as his, and if there ever was a confirmed dyspeptic he was one of them, and I guess he would have been one yet if it hadn't been for this Tanlac.

"The first we heard of this medicine was when my father saw an advertisement in the papers from parties he knew in Tennessee, who were friends of his, and he knew what they said it was the truth—so he got it right away and began taking it. "Well, sir, it acted just like magic—and everybody notices the change in rather now—why, he is just like a different man, and sits down to the table and eats like a farm hand. Only yesterday, he ate pork and turnips for his dinner, and ate so much we were actually afraid he was overdoing the thing, but he laughed and said nothing hurt him now, and that he was hungry and expected to eat and make up for the lost time.

"Now, when a medicine will do things like that, I think people ought to know about it, and I want to say right now that I would not give one bottle of Tanlac for all the other medicines and health resorts in the country put together."

Tanlac is sold in Brady by Jones Drug Company, in Melvin by Oscar Sellers, in Rochelle by C. W. Carr and in Pear Valley by Ludwick & White.

JUNE 5TH SET AS REGISTRATION DAY IT IS SCREENING TIME

President Sets Forth Provisions of Law Governing Selective Draft—All Male Persons Aged 21 to 30, Inclusive, Affected by Army Bill.

President Wilson's registration proclamation follows:
 A proclamation by the President of the United States:
 Whereas, Congress has enacted and the President has on the 18th day of May, one thousand nine hundred and seventeen, approved a law which contains the following provisions:

Section 5. That all male persons between the ages of 21 and 30, both inclusive, shall be subject to registration in accordance with regulations to be prescribed by the President; and upon proclamation by the President or other public notice given by him or by his direction, stating the time and place of such registration, it shall be the duty of all persons of the designated ages, except officers and enlisted men of the regular army, the navy and the national guard and naval militia, while in the service of the United States, to present themselves for and submit to registration under the provisions of this act, and every such person shall be deemed to have notice of the requirements of this act upon the publication of said proclamation or other notice as aforesaid, given by the President or by his direction; and any person who shall willfully fail or refuse to present himself for registration or to submit thereto as herein provided, shall be guilty of a misdemeanor and shall, upon conviction in the district court of the United States having jurisdiction thereof, be punished by imprisonment for not more than one year, and shall thereupon be duly registered; provided that in the call of the docket precedence shall be given in courts trying the same, to the trial of criminal proceedings under this act; provided, further, that persons shall be subject to registration as herein provided who shall have attained their twenty-first birthday and shall not have attained their thirty-first birthday on or before the day set for the registration, and all persons so registered shall be and remain subject to draft into the forces hereby authorized, unless exempted or excused therefrom as in this act provided; provided further that in the case of temporary absence from actual place of legal residence of any person liable to registration as provided herein, such registration may be made by mail under regulations to be

Sec. 6. That the President is hereby authorized to utilize the service of any or all departments and any or all officers or agents of the United States and of the several states, territories and the District of Columbia, and subdivisions thereof, in the execution of this act, and all officers and agents of the United States and of the several states, territories and subdivisions thereof, and of the District of Columbia, and all persons designated or appointed under regulations prescribed by the President, whether such appointments are made by the President himself or by the governor or any other officer of any state or territory, to perform any duty in the execution of this act, are hereby required to perform such duty as the President shall order or direct, and all such officers and agents and persons so designated or appointed shall hereby have full authority for all acts done by them in the execution of this act by the direction of the President. Correspondence in the execution of this act may be carried in penalty envelopes bearing the frank of the war department. Any person charged as herein provided with the duty of carrying into effect any of the provisions of this act or the regulations made or directions given thereunder, who shall fail or neglect to perform such duty and any person charged with such duty or having or exercising any authority under such regulations or directions, who shall knowingly make or be a party to the making of any false or incorrect registration, physical examination, exemption, enlistment, enrollment or muster; and any person who shall make or be a party to the making of any false statement or certificate as to the fitness or liability of himself or any other person for service under the provisions of this act, or regulations made by the President thereunder, or otherwise evades or aids another to evade the requirements of this act or of said regulations, or who in any manner shall fail or neglect fully to perform any duty required of him in the execution of this act, shall, if not subject to military law, be guilty of a misdemeanor, and upon conviction in the district court of the United States having jurisdiction thereof, be punished by imprisonment for not more than one year, or, if subject to military law, shall be tried by court-martial and suffer such punishment as a court-martial may direct.

And I do further proclaim and give notice to all persons subject to registration in the several states and in the District of Columbia, in accordance with the above law, that the time and place of such registration shall be between 7 a. m. and 9 p. m. on the 5th day of June, 1917, at the registration place in the precinct wherein they have their permanent homes. Those who shall have attained their twenty-first birthday and who shall not have attained their thirty-first birthday on or before the day here named, are required to register, excepting only officers and enlisted men of the regular army, the navy, the marine corps and the national guard and naval militia while in the service of the United States, and officers' reserve corps while in active service. In the territories of Alaska, Hawaii and Porto Rico a day for registration will be named in a later proclamation.

And I do charge those who through sickness shall be unable to present themselves for registration that they apply on or before the day of registration to the county clerk of the county where they may be for instructions as to how they may be registered by agent. Those who expect to be absent on the day named from the counties in which they have permanent homes may register by mail, but their mail registration cards must reach the places in which they have their permanent homes by the day named herein. They should apply as soon as practicable to the county clerk of the county wherein they may be for instructions as to how they may accomplish their registration by mail. In case such persons, as through sickness or absence, may be unable to pre-

sent themselves personally for registration shall be sojourning in cities of over 30,000 population they shall apply to the city clerk of the city wherein they may be sojourning, rather than to the clerk of the county. The clerks of counties and of cities of over 30,000 population, in which numerous applications from the sick and from nonresidents are expected, are authorized to establish such subagencies and to employ and deputize such clerical force as may be necessary to accommodate these applications.

The power against which we are arrayed has sought to impose its will upon the world by force. To this end it has increased armament until it has changed the face of war. In the issue in which we have been wont to think of armies, there are no armies in this struggle. There are entire nations armed. Thus the men who remain to till the soil and man the factories are no less a part of the army that is in France than the men beneath the battle flags. It must be so with us.

Must Train a Nation.
 It is not an army that we must shape and train for war; it is a nation. To this end our people must draw close in one compact front against a common foe. But this cannot be if each man pursues a private purpose. All must pursue one purpose. The nation needs all men; but it needs each man, not in the field that will most please him, but in the endeavor that will best serve the common good. Thus, though a sharpshooter pleases to operate a triphammer for the forging of great guns, and an expert machinist desires to march with the flag, the nation is being served only when the sharpshooter marches and the machinist remains at his levers. The whole nation must be a team in which each man shall pay the part for which he is best fitted. To this end, congress has provided that the nation shall be organized for war by selection and that each man shall be classified for service in the place to which it shall best serve the general good to call him.

The significance of this cannot be overestimated. It is a new thing in our history and a landmark in our progress. It is a new manner of accepting and vitalizing our duty to give ourselves with thoughtful devotion to the common purpose of us all.

It is in no sense a conscription of the unwilling; it is rather selection from a nation which has volunteered in mass. It is no more a choosing of those who shall march with the colors than it is a selection of those who shall serve an equally necessary and devoted purpose in the industries that lie behind the battle line.

The day here named is the time upon which all shall present themselves for assignment to their tasks. It is for that reason destined to be remembered as one of the most conspicuous moments in our history. It is nothing less than the day upon which the manhood of the country shall step forward in one solid rank in defense of the ideals to which this nation is consecrated. It is important to

those ideals no less than to the pride of this generation in manifesting its devotion to them that there be no gaps in the ranks.

Great Day of Devotion.
 It is essential that the day be approached in thoughtful apprehension of its significance and that we accord to it the honor and the meaning that it deserves. Our industrial need prescribes that it be not made a technical holiday, but the stern sacrifice that is before us urges that it be carried in all our hearts as a great day of patriotic devotion and obligation, when the duty shall lie on every man, whether he is himself to be registered or not, to see to it that the name of every male person of the designated ages is written on these lists of honor.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington this eighteenth day of May, in the year of Our Lord one thousand nine hundred and seventeen, and of the independence of the United States of America the one hundred and forty-first.

EXPERT SERVICE OFFERED.

Demonstration in County for Conserving Surplus Food.

The Standard is in receipt of the following letter from Hon. Clarence Ousley, director of co-operative extension work in agriculture and home economics of A. & M. college. The letter is self-explanatory—and we believe it the patriotic duty of the citizens of this county to avail themselves of this offer.

"We have offered your County Judge the free service of two well trained young women to give demonstrations in your county during June and July on:

"1. Canning and drying fruits and vegetables that otherwise will go to waste.

"2. Substitutes for wheat in bread-making and substitutes (in part) for expensive meats.

"This offer is made upon condition that during the week beginning May 7, the Judge will assemble representative women of the County to organize and handle the work of these young ladies, in order to do the greatest good, by agreeing:

"1. To pay railroad fare into and out of the county, if necessary.

"2. To furnish board (preferably as guests in private homes) and to pay laundry bills.

"3. To arrange for demonstrations in country neighborhoods and in towns, and to transport the young ladies in automobiles or otherwise.

"4. To purchase (at cost) from Sanger Bros., Dallas, a kit of utensils at \$5.00 for each of the young ladies for demonstration purposes.

"We must know by May 15th,

QUESTIONS TO BE ANSWERED

By Men Between 21 and 31 on Registration Day Set By President.

Here's the list of questions that each man registering for the selective draft on June 5th will be required to answer. It would be well for each man between 21 and 31 years of age to begin studying these questions now, so that intelligent and correct answers may be given on registration day.

It is estimated that 10,000,000 men will have their names enrolled. Of these only 500,000 are to be called to the colors in the first draft. It is also understood that no married men are to be called at present.

- 1.—Name in full; age in years.
- 2.—Home address.
- 3.—Date of birth.
- 4.—Are you a natural born citizen, naturalized citizen, an alien, or have you declared your intention (specify which)?
- 5.—Where were you born?
- 6.—If not a citizen, of what country are you a citizen or subject?

"I affirm that I have verified above answers and that they are true."

Then comes the signature or mark of person registering. The election officials will tear a corner from the cards signed by persons of African descent, in order to aid in separating the races.

Upon properly registering, each person will receive from the judges of the registration a small blue card certifying that the bearer has properly registered. After the date of registration all persons who are not able to produce such cards are liable to imprisonment.

BUY LIBERTY BONDS

This is a message to all good Americans from the United States government.

That message is, "Buy a Liberty Bond."

It is your duty and your privilege.

It is good Americanism and good business.

Good Americanism because by subscribing you will be doing your "bit" towards making the world "safe for democracy" as our president has so aptly phrased it.

Good business, because the bond bears 3 1-2 per cent interest per annum, and is free from taxation. You can obtain a bond for as small an amount as \$50 and you do not have to pay for it all at once.

Many a person will keep their bonds and hand them on to their children with pride, as mementos of the world crisis, and as proof that the purchaser did his "bit" for America and for humanity.

Possibly, however, you may need money at some time. Take your bond to the bank and borrow on it. It is good collateral.

Go to your bank tomorrow and file your application. You have to pay only two per cent of the amount of your purchase.

Englishmen and Frenchmen are doing their "bit." American citizens, do yours! What you do will be done for our country, our president, for democracy, for humanity.

Fellow citizens, let us do our duty.

The Commercial National Bank of Brady will take your subscription for as many of the Liberty Bonds as you may want. Make your application for a Liberty Loan bond through them today!

ANNUAL REUNION VETERANS JUNE 5

No Postponement of Confederate Reunion to be Held in Washington, D. C.

There will be no postponement of the great 27th Annual Reunion of Confederate Veterans which has been called to meet in Washington, D. C. This is made certain by the following order received by local veterans from Wm. E. Mickle, adjutant general and chief of staff at New Orleans, La., which reads as follows:

"Having carefully considered all the reasons—pro and con—recently suggested for postponing the 27th Annual Reunion of Confederate Veterans, and being confident that a large majority of Comrades are opposed to postponement, the General Commanding hereby appeals to all loyal members of our Association to cease any further discussion of the subject, and consider it settled that the Reunion will be held, on the 5th of June, as heretofore agreed upon.

"To meet in the Capital of our Country, at this time, is especially opportune for the cementing of friendship, between all sections. Let us go, and, by our acts, proclaim to the world—especially to Germany—those of us who wore the Gray are as loyal to our country as those who wore the Blue.

"As this is a matter of vital interest to the whole country, the General Commanding appeals to the press to give wide publicity to this order."

Road to Happiness.

Be amiable, cheerful and good natured and you are much more likely to be happy. You will find this difficult, if not impossible, however, when you are constantly troubled with constipation. Take Chamberlain's Tablets and get rid of that and it will be easy. These tablets not only move the bowels, but improve the appetite and strengthen the digestion.

The Triumphal March of

A NEW CREATION OF SCIENCE AND NATURE

WHEN we announced *Bevo* recently, our hopes were high. We knew that we had the most unusual soft drink that had ever been offered: A beverage combining the nutritive extracts of wholesome cereals, the zest of Saazer Hops, a flavor all its own and absolute purity. We knew this because, true to our own ideals, we had experimented for years before we were satisfied to say, "We offer you *Bevo*—it is a different soft drink—it is good and it is good for you."

High as were our hopes for its reception, we have realized them far and beyond our expectations.

Bevo today is an established popular success. Everywhere the same question is asked:—"Have you tried *Bevo*?"

Now, one final word. We promise you that, in accord with the known principles of Anheuser-Busch and all its products, *Bevo* not only will forever maintain its present high standard of quality, but as time goes on our great endeavor shall be to make this soft drink even more perfect in every detail of its goodness.

You will find *Bevo* at inns, restaurants, groceries, department and drug stores, picnic grounds, baseball parks, soda fountains, dining cars and other places where refreshing beverages are sold.

Guard against substitutes. Have the bottle opened in front of you, first seeing that the seal is unbroken and that the crown top bears the Fox.
