GRAND PATRIOTIC RALLY AND PARADE SATURDAY, APRIL 20TH

BIG PATRIOTIC DEMONSTRATION BY McCULLOCH COUNTY CITIZENS NEXT WEEK — EVERYONE INVITED TO JOIN.

McCulloch is in line with the patriotic counties of the state, and to demonstrate the patriotism of her citizens, a great Patriotic rally and parade has been planned for Saturday of next week. In fact, Saturday, the 20th, is to be patriotic rally day in McCulloch county, and all patriotic citizens are urged to join in the demonstration.

Not only are the citizens, young and old, invited to participate, but the school children from all parts of the county are also invited and urged to take part. This is to be a patriotic demonstration of all the citizens.

Preceding the rally, a big parade is to be staged, in which all citizens are likewise urged to take part. Arrangements are being made to secure the Sweden band, augmented by members of the former Brady band, for the occasion. The route of the parade has not yet been decided, but it will traverse the principal streets of the city. The parade will move promptly at 1:00 o'clock p. m., and all are expected to be in line at that time. County Superintendent Marion Deans will make special effort towards having every school in the county represented in the parade.

Following the parade the patriotic rally will take place on the court house lawn. There will be patriotic addresses by the best talent both within and without the county, and the occasion will be made one that will make Uncle Sam proud of his McCulloch county nieces and nephews. Every citizen should lay aside all other plans for next Saturday and join with us in this patriotic demonstration.

"CLAIM ALLOWED."

Reception for New Members.
A reception will be held tonight at eight o'clock at the home of Mrs. R. A. King for new members who recently joined the Presbyterian church.

Five-Forty Club.
Mrs. S. H. Mayo entertained last Friday for the Five-Forty club, members present being Mesdames H. R. Hodges, C. P. Gray, Lee Vaughn, Roy Wilkerson, J. D. Branscum, Miss Nettie Bellamy. Guests were Mesdames T. Gray, Fred Spiller, Miss Nan Vaughn.
Ice cream and cake were served the hostess.
The club meets this afternoon with Mrs. John F. Schaeg.

Five Hundred Club.
Mrs. John Wall was hostess on last Friday night to members of the Five Hundred club, the gentlemen being guests for the evening. Five tables of "500" were provided for the evening's pastime, and participating in the games were the following: Drs. and Mesdames J. S. Anderson, J. G. McCall; Messrs. and Mesdames W. E. Campbell, G. R. White, C. D. Allen, F. R. Wulff, G. C. Kirk, W. Simpson, Wiley Walker, Dick Winters.
In the series, Mrs. G. R. White received lady's prize, and F. R. Wulff, gentleman's prize.
The hostess served a salad course.
Mrs. McCall will entertain for the club this afternoon.

Recital May 3rd.
Miss Nettie Bellamy announces that she will present her pupils in a Red Cross recital at the Methodist church on Friday night, May 3rd. The feature of the recital will be the chorus of twenty voices trained by Miss Bellamy. Assisting in the recital will be one of Brownwood's most popular readers. The affair is being anticipated with every evidence of interest and pleasure by the citizens of Brady and surroundings, most of whom enjoyed the splendid recital given by Miss Bellamy's pupils last year, and many of whom have been privileged to attend the monthly recitals given by the pupils during the present year.

Food Conservation Demonstration.
The ladies of the Baptist church will give a demonstration on Food Conservation Friday and Saturday, April 12th and 13th, in the Popular Dry Goods Store.
Miss Aubyn Taylor, who has specialized on food conservation at C. I. A., will lecture both days. Miss Taylor has lectured on this subject in Brownwood, and all who hear her will receive great benefit.
Recipes for products demonstrated will be given those who attend. The housewives of Brady and surrounding country and all who are interested in food conservation are urged to attend this demonstration.
These demonstrations will continue for a period of seven weeks, being under the auspices of one of the seven denominational churches of Brady each week.
Next week the demonstration will be at the Commercial National Bank.

under the auspices of the ladies of the Episcopal church.

RED CROSS COLUMN
The ladies of the Red Cross society are still meeting at the residence of Mrs. Joe White every afternoon except Wednesdays and Saturdays, for the purpose of making surgical dressings. Let all who can, show their loyalty, by helping in this worthy and very necessary work. Instructors are always on hand to give instructions to the inexperienced.

Miss Bellamy announces that she is preparing a chorus of twenty voices to give a concert on May 3rd, for the benefit of the Red Cross. She will be assisted by a visiting reader, the name of whom will be announced later.

The Junior Red Cross societies of McCulloch county give a very creditable report for last month of garments sent to the Belgians, and supplies for our soldiers, of which the following is a list: 27 women's petticoats, 10 women's skirts, 28 women's chemise, 2 women's shoulder shawls, 9 boys' blouse suits, 6 children's drawers, 27 children's dresses, 10 children's night gowns, 62 children's petticoats, 55 children's pinafores, 2 children's drawer waists, 15 children's layettes, 6,800 gun wipes, 49 comfort pillows, 350 shot bags, 30 wash cloths, 72 towels, 20 property bags (unfilled), 18 comfort bags, 23 pairs bed socks.

DECLARES RESULT HAS BEEN AMAZING

Gained Eleven Pounds On Tanlac—Troubles Are Gone Now He Says.

It is not what the manufacturer claims for it, but the testimony of the multiplied thousands who have been benefited by it that has made Tanlac the most famous medicine in the world today. A. Palmer of 534 South Pearl Street, Denver, Colorado, a well known tailor who has been a resident of that city for six or seven years, in relating his experience with Tanlac, said:
"For several years I have had an awful lot of trouble with my stomach. Everything disagreed with me and after meals I would get that puffed up, bloated feeling and belch up my food sour and undigested. I got to the point, where I was almost afraid to eat anything because of the suffering I knew it would cause me. I was constipated, had terrible headaches and my sleep was very poor. My system seemed to be all run-down. I was losing weight and felt tired and worn-out all the time. I was losing ground all the time and felt that unless I could get the right medicine my troubles would soon become serious.
"My wife who had been keeping up with the Tanlac testimonials persuaded me to try it and it has not only relieved me of my troubles but has built me up amazingly. I have taken three bottles and my stomach is now in good shape. My appetite is fine and I can eat what I want without feeling a sign of indigestion. My constipation and headaches and all that tired feeling is gone and I have gained eleven pounds in weight, besides. Tanlac has been a great thing for me and I don't think anybody suffering like I did can make a mistake by giving it a trial."
Tanlac is sold in Brady by Jones Drug Co., in Melvin by Oscar Sellers, in Rochelle by C. W. Carr, in Pear Valley by Ludwick & White, in Mercury by J. T. Matlock and in Fife by R. K. Finlay & Sons.

To put it in common parlance, the candidates will "walk the hot sands," or take the Shrine. The candidates include Jack Drago of Whiteland, Richard Mosely of Rochelle, S. W. Hughes, Clint Zimmerman and Elmer Baze of this city. Escorting the party, for the probable purpose of administering to blistered feet were Messrs. F. R. Wulff, G. R. White, Chas. Weise and H. B. A ROOKIE'S LAMENT IN TEXAS.
(Alleged to have been uttered by a New York Militia man in the Brownsville Country.)
They took me from my comfortable home in cool New York State and put me down here in a stinking tent. They took away my good clothes and gave me a suit of red-hot khaki. They took me from my good job, and put me to digging ditches and walking marathons till my hands and feet wore out.
They made me go to bed when I wasn't sleepy and get up when I was.
They took my good name and gave me a number—494.
They made me go to church on Sunday whether I wanted to or not. In church the parson said, "All turn to Number 494—'Are you Footsore, are you Weary?' and I got ten days in the guardhouse for answering, "Hell, yes."—Safety Hints.

RECORD OF TUESDAY CLUB SHOULD INSPIRE US ALL

Editor's Note.—The following record of the Brady Tuesday club is a most remarkable account of the activities of that body, and the achievements of the nine active members in their patriotic endeavors, should be an inspiration to us all.

The Tuesday club had a call meeting last Tuesday at four o'clock at the home of Mrs. A. G. Walker. Mrs. Sam Hughes, delegate to the convention of the Sixth District of Federated clubs, held in Coleman April 2 and 3rd, gave an interesting report of the meeting. Having heard some of the noted women in clubdom from over the state speak, Mrs. Hughes brought back to her own club much enthusiasm and splendid ideas concerning the war work to be taken up by the woman's clubs of our nation.
The Tuesday club was very much pleased to learn that at the convention a few honors came their way. Mrs. Hughes having been made district chairman of war work council for the government, and Mrs. Jack Murphy was made chairman of art for the Sixth district.

In spite of war clouds, personal sorrows and unbroken drouth, a review of the work done by the ladies of the Tuesday club has been very gratifying, and considering the club had enrolled this year only nine active members, the report carried to the convention by Mrs. Hughes was marvelous.
The club has responded to every call. It has sent \$16.50—their pro rata—for recreational canteen work among the soldiers. It has given \$1.00 to the Chicago Woman's Shelter. It has presented the high school with Stoddard's Reference Library, value \$35.00.

A benefit tea for the army Y. M. C. A. has been given and netted \$40.00; a concert for the Junior Red Cross benefit brought \$67.20; one member of the club is county chairman for the Woman's Liberty Loan campaign, and through her efforts \$10,000.00 worth of bonds were sold and she will conduct the third campaign. The same member is secretary of the Red Cross chapter. Another member has been leader of Civilian Relief work for the Red Cross and has given a room in her home to be used as a work room for surgical dressings. Another member is vice-chairman of the Red Cross chapter and another vice-chairman of the Junior Red Cross auxiliaries—with others, she has helped to organize Junior Red Cross auxiliaries in every school in the county and during the Christmas drive sold more Red Cross seals than any county in the state.

The Food Conservation work among the women of the county was conducted by a Tuesday club woman. Another club member is county chairman of the National Council of Defense; also has charge of Woman's War work for the county and the sale of War Savings and Thrift stamps. Assisted by others, she has sold \$10,500.00 worth of War Savings stamps, and has organized in every school in the county War Savings societies, and has also organized societies among the Mexican and colored population.
The club has given a \$5.00 War Savings stamp as prize for the best essay written on "Thrift." Last, but not least, the Tuesday club is responsible and will conduct a five day chautauqua to be held in June. Her per cent of the proceeds will be given to the Red Cross.

English Recruiting Ads.
The sites selected for the posting of recruiting advertising in England are not always felicitous. For instance, on the front of a Young Woman's Christian association building there appears one reading "More Men Are Needed." Adorning an epileptic hospital another one announces that "Every Fit Man Is Needed." On top of a coffin in the window of an undertaker's establishment the war office appeals to young men to "Fall In."—Varieties.

ANNIVERSARY OF U. S. ENTRANCE IN WORLD WAR OBSERVED BY PRAYER SERVICE
An impressive service, held in the court house yard at noon last Saturday, marked Brady's observance of the first anniversary of the entrance of the United States in the world war, and was attended by a large body of patriotic citizens. Rev. J. H. Taylor had charge of the meeting, and opened it with a fervent prayer for divine guidance and blessing. Following a song by the assembled crowd, patriotic addresses were made by Sam McCollum, Judge J. E. Shropshire, J. T. Mann and Judge J. E. Brown, with a closing address by Rev. Taylor. Mrs. W. N. White also addressed the crowd upon the Third Liberty loan, and was accorded close attention and her sentiments received hearty applause.

MRS. VIRGINIA FINE'S FOOD CONSERVATION ADDRESS LAST THURSDAY WELL ATTENDED
A large number of citizens attended and listened with wrapt attention to the address delivered at the court house last Thursday afternoon by Mrs. Virginia Fine on the subject of food production and conservation.
Mrs. Fine was well versed in the subject and painted graphic word pictures of the great necessity for food production and conservation. She pictured the desolation, ruin, destruction and absolute want prevalent in the battle area of our allies, and her words brought tears to the eyes of her hearers as she related incident after incident concerning atrocities and brutality of the Prussian military machine.
At the conclusion of the address, Mrs. Fine held a meeting with members of the various church denominations, at which it was decided to have a series of food conservation demonstrations in Brady on Friday and Saturday of each week, under the auspices of the various churches of Brady. It was decided that the present week was to be given over to the ladies of the Baptist church, and with each succeeding week one of the seven denominations in Brady will have charge of the demonstration. These demonstrations are to be free, and the general public is cordially invited to attend and profit by the demonstrations. Arrangements have been made to supply everyone attending the demonstration with recipes for the products demonstrated—and all articles will, of course, conform strictly with all food regulations.
Every McCulloch county citizen is invited to attend each and every one of these demonstrations.

It's been so dry we are inclined to feel a little discouraged, but let us not lose heart because it's going to rain sometime. It simply must. And if the law of average has anything to do with it we can look forward to more than our average rain fall which will produce a bumper crop.

LOCAL BRIEFS

Bill Carter, arrested two weeks ago on a charge of burglary from the Brook's ranch at Camp San Saba, was released Sunday, having made bond in the sum of \$500.

E. M. Bratton was here Monday and reported a good rain in the Fredonia community—in fact, they had two good showers, one during Thursday night, and the second Friday afternoon.

Writing from Menard, A. L. Lang sends us his renewal subscription together with the kind wishes to the editor and force, and the following appreciated words: "the folks and I can't do without 'The Old Home Paper.'"

Joe Myrick of Eldorado is here for a visit with relatives and friends. Joe recently sustained a broken arm while attempting to crank a car in the garage at Eldorado, and during his enforced lay-off, he decided Brady would be a good place to stay.

A letter from Mike Martin requests us to change his paper to Ringling, Okla., stating that they can hardly get along without it, and want to receive it regularly. Mike says it rained hard there Thursday night, the 4th, and he is wondering if Brady has "dried up and blown away." We are glad to say, however, in this issue, that we, too, have had a rain—at least over a portion of the county.

Mr. and Mrs. Albert Behrens were here Monday from Voca on a shopping trip. Mr. Behrens reported two good rains down his way—the first on Thursday night or early Friday morning, and the second Friday afternoon, both of which were highly appreciated. He is feeding his cattle and live stock, but hopes the rains supplemented by others yet to follow, will soon make grass sufficient to render feeding unnecessary.

L. F. Dennis was here from the Placid community and reported a fine rain there. The hardest rain seems to have fallen along the line of the Frisco railway from Rochelle north, and covering a strip about a mile wide west of the railroad. The big railway tank at Placid was filled as was also the company tank below it. The rain was sufficient to bring everything planted up, but farther west and in the Onion Gap country, it was much lighter, and it is doubtful whether seed will come up there unless more moisture is received.

Writing from Azle, Texas, Mrs. J. M. Connally sends her renewal subscription and says: "We can't get along without the McCulloch county news. Though we like our new home real well, we always think of our friends in McCulloch, and want to keep up with the news out there." It will be of interest to all friends of Delmar Connally to learn that he has been transferred to the engineer's division, and is now stationed on the U. S. S. Connecticut at Fortress Monroe, Va. Delmar also is a reader of The Standard, and writes he enjoys it very much. He expects to be home on a furlough soon.

Messrs. W. M. Murphy, H. W. Bowers, J. H. Blackwell and T. J. Wood returned Sunday night from a fishing trip of a week or two on the Pecos river, and report fine luck and a good time in general. As evidence of the excellence of their bait, they brought about fifty pounds of fish back with them. Mr. Murphy reports all the western part of Texas as mighty dry. In the Alpine section, however, they had some very heavy snows about two weeks ago, and as a result that country was looking as fine as he ever saw. On account of the two years drouth there, the country, while greatly rejuvenated by the improved prospects, had not had the time to recover its former activity, and Mr.

Murphy said business was moving very slowly still.

F. T. Fowler returned Friday morning from Fort Worth, where he and Mrs. Fowler had been spending several days as guests of Mr. and Mrs. C. P. Warman. Mrs. Fowler will continue her visit there for some time. Mr. Fowler brought back with him a part of an airplane propeller—a memento of an airplane accident which he witnessed. The flyer, a Canadian cadet, made a bad landing with the result that he stuck the nose of his machine in the ground, breaking the propeller shaft. Fortunately the man himself, escaped unhurt. He appeared quite nonchalant about the accident, stating it was the third he had had in two months' time. Mr. Fowler reported the scenes at Camp Bowie and the aviation camps as being very interesting, and his great regret was that the military review was postponed a week so he missed seeing it.

Pessimists.
 Out at the front two regiments, returning to the trenches, chanced to meet. There was the usual exchange of wit.

"When's the bloomin' war going to end?" ask one north country lad.

"Dunno," replied one of the south-shires. "We've planted some daffodils in front of our trenches."

"Bloomin' optimists!" snorted the man from the north. "We've planted acorns."—Argonaut.

Arrested on Ugly Charge.
 Dave Taylor, living in the Voca community, was arrested Wednesday on a charge of assault with intent to rape. Examining trial was held in Justice King's court Wednesday afternoon, Taylor being held in \$500.00 bond. He later made bond and was released.

Experience.
 Experience is the shroud of illusions. This is one of the sad conditions of life, that experience is not transmissible. No man will learn from the suffering of another; he must suffer himself. VIM, VIGOR, VICTORY.
 Hunter, why didn't you bring in the pelt?

 Fisherman, show me the trout that you caught?
 I ran out of bait so my pains went for naught.
 General, how did you meet with defeat?
 I had no reserves and was forced to retreat.
 Retailer, why are you closing your doors?
 I didn't keep track of competitive stores.
 Doctor, why are you so idle of late?
 The methods I follow are now out of date.
 Benchwarmer, why are you asking for aid?
 I wouldn't take trouble to master a trade.
 While some trace their downfalls to illness, crime, drinking,
 Most men fail for lack of plain, common-sense thinking.
 Success we discover, when all's done and said,
 Is mainly a matter of looking ahead.

BOARDS ARE MORE EFFICIENT

This is Explanation Given by British Officer of Acceptance for Service of Men Once Rejected.

In a recent investigation by a committee from the house of commons, Gen. Sir Alfred Keogh, director general of the British army medical service, declared that while the department had been laboring under difficulties imposed by the lack of experienced army examiners, he was aware of no irregularities in the examination of men under the military service (review of exceptions) act.

"When the war broke out men were taken for medical examination to local practitioners, who could not possibly know the requirements of the service," he said, "and the consequence was that a large number of men were recruited whom the authorities would not have thought of considering in peace times."

With such a corps of examiners, Sir Alfred declared, it was impossible to attain a common standard, and this explained the fact that frequently men rejected by one board were accepted by another. "Many men were passed who ought not to have been passed," he admitted, "but, on the other hand, a great number of men were rejected who ought to have been passed under the category system. It was very difficult to get the medical practitioners to understand that a man who could do anything in civil life could do that thing in the army."

The fact that the proportion of men passed by later boards, after having been rejected by examiners at the beginning of the war, steadily has increased during the war, Sir Alfred attributed to the increased efficiency of the boards, but vehemently denied that there had been any lowering of the standard for acceptance.

RUSSIA CLOSE TO ENGLAND

Foundation for Intimate Relationship Laid by Royal Marriage in the Eleventh Century.

Does Ellihu Root know Russian? By no means. But the knowledge of English is so widespread among the educated classes of Russia that we begin to understand the reports about the enthusiastic reception of our ambassador's eloquent address by his audiences in Petrograd and Moscow, says an exchange.

There is not a notable play or novel produced in London which is not acted or read in Russia. The Russian Intelligence knows not only French and German, but also English history and literature thoroughly.

Glytha, the daughter of King Harold who was slain at Hastings (1066), through her marriage with the Russian Prince of Teheringoff laid the first foundation to the close relationship between Great Britain and the empire of the czars. The real English "discoverer" of Russia is, of course, Richard Chancellor, who, through his voyage to Moscow in 1553, established solid commercial connections between the two countries.

And why should we not be reminded, on this occasion, of the interesting fact that Peter the Great's mother was brought up in a Scottish household?

What One Knot Faster Would Mean.

"For every soldier that we land in France," says the Scientific American, "25 tons of shipping must plow back and forth at a steady ten knots to supply his needs alone. For 25,000 men this means 100 ships—a number that we would be hard pressed to find. And this means curtailment of the vital supplies to our allies."

"Now, could the average speed of this fleet be raised to 11 knots and could the time in port be reduced 10 per cent, we could release for other service some 60,000 tons of shipping. In other words, we could create immediately that amount of extra tonnage and add it to our merchant marine, not in 1918 but today. And today may be the day, the real 'Day,' the day the balance will spring."

Argentine's Wheat Crop.

Reports from the Argentine state that weather conditions are ideal for the growth of wheat. The official preliminary estimate is for a crop of 240,000,000 bushels. The large crop of 1915-16 was 173,000,000 bushels, and the average for the five preceding years was 149,000,000 bushels. Domestic requirements are about 70,000,000 bushels. The large crop now growing will be available some time after January 1 if transportation is furnished. The Argentine oats crops is estimated at 88,000,000 bushels, or 12,000,000 bushels more than the crop of 1915, of which 57,000,000 bushels were exported.

Airing Their French.

"We are all airing our French, now we are France's ally," said Robert W. Chambers, the New York novelist. "A man and his wife were seeing a friend off for France the other day. 'Bon voyage!' said the lady. 'Bon voyage!' 'Yes,' said her husband, 'bon voyage, old fellow, and let me add, a pleasant journey to you!'"

Taking a Mean Advantage.

"Why do you nag your illustrious husband all the time?" they asked Xantippe. "He's so highbrow he makes me sick," she snorted in disgust. "He is a very highly educated man," they told her. "That's what gets me sore. Just when I think I've said the last word, he goes ahead and invents a new one!"

Honorably Discharged.

Word has been received here of the honorable discharge from service of Sergeant-Major Howard Campbell. The action followed, upon the death of his father last fall, the filing of papers for his discharge by his mother, Mrs. Emma Campbell, because of her dependency upon him.

Howard was one of the first to volunteer for service in the draft of September 5th last year, and his ability secured immediate recognition and the highest rank attainable by a non-commissioned officer—that of sergeant-major. While reluctant to leave the service, he is nevertheless glad to be back home again.

Home Talent Play Monday Night.

On next Monday night the Montgomery school dramatic club will present at the Lyric theatre the patriotic play entitled, "Claim Allowed." This play was recently presented by the club at Melvin and was unanimously declared by the audience as one of the best ever witnessed, several having stated that if it were shown anywhere within a hundred miles, they intended to see it again. Prof. R. Davenport was here Wednesday making arrangements for the presentation at the local opera house, and he is confident the play will be both enjoyed and appreciated by the Brady audience.

Prisoner Still Held.

Frank Miguel, the foreigner of Polish-German descent, and of avowed sympathy with our enemies, who was arrested about three weeks ago by local authorities is still confined in the county jail. Federal Agent Barnes of Waco was here last week and sought to interview the prisoner, who, when allowed to talk at will gives a rambling discourse upon his experiences and opinions, but when questioned maintains a sullen silence. Upon orders of the federal agent the prisoner was confined in a dark cell and given a bread and water diet, without breaking his sullen demeanor. He will be held here awaiting word from the federal authorities.

FIRST ROTARY DRILL IS WORKING ON HALL MT.

Brownwood, Texas, April 9.—The first rotary drill ever to be used in this section was started this afternoon on No. 1 for the Texas-Oklahoma Oil company, on top of the Hall Brothers mountain. The well will be a deep test. It is located in the heart of the proven shallow field, but will go through all the sands encountered above 4,000 feet. The beginning of the rotary's operations was the occasion for the visit of a large number of people to the location.

REAL OIL NEWS SCARCE—NO LET UP IN ACTIVITY

There is very little oil news to be made public so far—but that does not signify that oil developments are at a standstill. On the contrary, there is greater activity in the McCulloch county field than ever; there are more men representing big interests quietly at work here than ever before, and developments are coming nicely, but have not yet progressed to where publicity can be given.

The Cunningham well on the J. R. Beasley place near the river beyond Milburn was spudded last week, but after attaining a depth of about 50 feet the river sand was struck, and it was found necessary to case it off before operations could proceed. Not wishing to reduce the hole so early in the game, the drillers were forced to await the arrival of some 18-inch casing before proceeding with their work. On last Monday they had reached a depth of 150 feet and on Tuesday they changed from the cable to the walking beam. It is expected that further progress will be made more rapidly now that the initial difficulties have been overcome.

Burford & Brimm are still engaged in their water wells, but it was expected that drilling would be begun by them on the Cawyer tract sometime this week.

The Southwestern Petroleum Oil company, which is drilling on the J. F. Crew place, near Rochelle, at a depth of 650 feet struck a 100 barrel per hour flow of water, which caused another cessation in work. Pending arrival of fuel oil, operations have been at a standstill the early part of this week.

The Pruitt well on the Sellman ranch is making good progress, and the drillers are very much encouraged by the formations found in the well.

In Brady interest centers in the activities of representatives of prominent oil companies, and the fact that several, who have already signed drilling contracts, are now increasing their holdings, would indicate their faith in the country and the early development of their leases.

WORK ON TEST WELL AT BROWNWOOD STARTED

Brownwood, Texas, April 9.—A. H. Richardson and associates have contracted for a deep test well on an 800-acre tract on Waco Survey No. 1, three and a half miles west of Brooksmith and fifteen miles south of Brownwood. The erection of the derrick is now under way, with E. A. Jordan in charge. Very favorable reports have been made on this section by W. E. Wrather and other geologists.

SLICK PLACING MATERIAL FOR DEEP TEST WELL—OTHER COLEMAN CO. OIL ACTIVITIES

The Empire Oil & Gas company, represented here by Mr. J. E. Cooley, has a rig en route from Bartlesville, Okla., and should be drilling on Neff No. 1 by May 1st. Mr. Cooley is on the ground to make location and arrange for water and fuel. It is said the location will be made on the north end of the Neff tract.

T. B. Slick of Clarion, Pa., is placing material on the ground for drilling a deep test well on the John W. Harris survey in the upper Hay Creek field and about one mile southwest of Pope No. 1.

Root and Ramsey of Eldorado, Kans., have entered into drilling contract with Turner & Henderson on the Schirmacher tract and have placed order for piping and material. Location will be made on the northwest corner of the Schirmacher and about a half mile south of Pope No. 1. Gas fuel for drilling will be obtained from the Cameron-Robey gasser. It is said the contract is limited to the shallow sands.—Coleman Democrat-Voice.

LOHN SCHOOL BUYS \$352 WORTH OF W. S. AND THRIFT STAMPS—\$3.00 PER CAPITA

W. W. Joyce, the efficient and popular superintendent of the Lohn school, was in Brady Saturday and made a remarkable report for his school. Mr. Joyce stated the school has just closed a War Savings and Thrift stamp campaign among the students with the result that a total of \$352.00 worth of the stamps had been purchased by the pupils—an average of about \$3.00 per capita. This is a record unequalled by any school in the county and is one of which Mr. Joyce and the Lohn school children are justly proud.

Mr. Joyce says the close of the school campaign does not end the activities, however, for now the pupils propose to wage the campaign still further among the citizens of that community. The Lohn brand of patriotism is A1—pure and undefiled.

PERSONAL MENTION

H. P. Roddie left last night for Fort Worth on a business trip.

Mrs. A. R. Hooper returned Tuesday from a visit of a few days in Fort Worth.

Dr. H. W. Lindley spent Sunday in Brownwood as a guest of his mother, Mrs. Belle Lindley.

T. B. Coppage, general manager of the Frisco lines in Texas, was a visitor in Brady Monday.

Miss Yrma Davenport of Richland Springs is a guest this week of her sister, Mrs. J. D. Branscum.

Mr. and Mrs. J. D. Baxter of Coleman were guests here Sunday of Mr. A. R. Hooper, while enroute to San Antonio.

Tom Bell, former Brady citizen, but who is now located at Corpus Christi, spent a few days here the first of the week on business.

Miss Sallie Nance, who has been a guest of her sister, Mrs. Wm. Bauhof and family the past few weeks, returned yesterday to her home at Junction.

Messrs. Howard Broad and F. Y. Jackson left Tuesday morning for Ft. Worth to witness the military review of the Texas-Oklahoma national guard.

Mr. and Mrs. E. W. Harris, accompanied by Mrs. Harris' sister, Mrs. Barkley of St. Louis, were visitors in town Saturday from the ranch at Broadmoor.

It shows that Swift & Company sells the meat from a steer for less money than the live steer cost!

Proceeds from the sale of the hide, fat, and other by-products covered all expense of dressing, refrigeration, freight, selling expense and the profit of \$1.29 per steer as shown by Swift & Company's 1917 figures as follows:

| | |
|--|---------|
| Average price paid for live cattle per steer | \$84.45 |
| Average price received for meat | 68.97 |
| Average price received for by-products | 24.09 |
| Total received | 93.06 |
| This leaves for expenses and profit | 8.61 |
| Of which the profit per steer was | 1.29 |

Attempted Burglary.
 An evident attempt to burglarize the Rohde market was frustrated Tuesday night by neighbors who observed a light in the store and notified Sheriff Wall and Mr. Rohde. The operators at Central office also heard the commotion downstairs. Mr. Rohde was first to arrive on the scene and was just in time to see the light in the market flash out when he was yet a block away. The burglars had evidently gained entrance by means of a skeleton key, but were evidently frightened away before accomplishing their purpose as nothing was found to have been disturbed.
