### MILBURN AND MERCURY WELLS ATTRACT ATTENT'N

The wells in the Milburn-Mercury section are claiming attention at present, as both the Cunningham well of the Dallas-Milburn Oil Co., being drilled on the J. R. Beasley tract, and the Burford-Brimm well on the J. F. Cawyer tract promise interesting developments at any time.

At the Cunningham well, 2200 feet of casing have been set, a steel shoe being used at the bottom of the casing whereby the water was successfully cut off. A new cable has been received, and drilling was resumed last week. The well is through the lime and is now drilling in black shale. It is said that the drillers expect to strike the Ranger sands 400 feet below the lime.

Burford-Brimm are at a depth of about 2175 feet, and are waiting on an under-reamer.

The Globe or Fidelity Oil Co., has not been very active, their operations being handicapped by lack of water. They are at a depth of between 350 and 400 feet, and are expecting to strike shallow oil at any time.

The shallow well completed last week at Lohn for the Tucker Oil Co. has been developed into a 29 barrel producer. The well was thoroughly washed, after having been shot last week, and Tuesday the pump was placed on it. In the course of nine hours of steady pumping the well yielded ten barrels. The members of the Tucker Co. are highly pleased over the results, since the well has proven the biggest producer of all the shallow wells ever drilled in the field. The production is in the proportion of one part oil, and two parts water.

It is understood the company has let contracts with Brownwood drillers for five more wells.

M. W. Eiser reports the forming of the Douglas Oil Co., to handle his contract in the West Sweden community. J. E. McGinley of Douglas, Neb., is president of the company. John Waymire, superintendent, is expected here Sunday to take active management of operations. The balance of the material for the derrick was sent over from Coleman the first of the week, and the tools will be loaded out from Kansas sometime the coming week, by which time the derrick will be completed.

At Whiteland there is nothing of especial interest to report, except that drilling is progressing steadily and satisfactorily.

The Liberty Petroleum Co. are still on their fishing job. Special tools are being secured by Mr. Cooper and it is hoped soon to have the broken bit out of the hole.

Good progress is being made with the Prairie Oil & Gas Co. rig on the Zelle tract, but the date of beginning operations has not yet been announced.

Bowen-Day are waiting on under-reaming tools.

The Shultz well, which struck oil sand at 1400 feet, has been drilled through 20 feet of sand into black shale. They will under-ream, and case the well, following which drilling will be continued. The members of the company are very much encouraged over having gotten oil in this first sand. They have practically all the necessary tools on the ground and expect to go right along. An electric lighting system is being installed to obviate any danger should gas or oil be developed. The Shultz well is 13 miles southwest of the Russell well, and in the same line of formation. The sand struck is the same as in the Russell well at 1300 feet, and the well is logging along nicely with

### HARRIS B. HALLFORD FIRST BRADY MAN TO MAKE SUPREME SACRIFICE

MESSAGE RECEIVED BY PARENTS SATURDAY NIGHT TELLS OF DEATH ON THE FIELD OF HONOR.

A message received Saturday night by Mr. and Mrs. A. H. Hallford, living in North Brady, brought the news of the death on the field of honor in France of their son, Harris Bennett Hallford, the first Brady man to make the supreme sacrifice for his country, his death having occurred in action on September 17th.

Harris Hallford was born in McLennan county, near Waco, and was 27 years old last February. He came to Brady with his parents some 17 or 18 years ago, and had made his home here continuously since. He was of quiet and industrious disposition, and had worked at various occupations, having assisted in the building of many of Brady's public buildings. More recently he had been employed with the Matthews Bros. dray line.

He was called to the colors on April 26th of this year, being entrained for Camp Travis, and being inducted into service as a private in Co. 68, 17th Battalion, 165th Depot Brigade. He went overseas with this same brigade, and had been in service less than five months when his fate

overtook him. His parents, to whom he had made his allotment, are also benefactors of the \$10,000 insurance policy carried with the government, and which assures them of a monthly income of \$57 by reason of the thoughtfulness of their son.

Mr. and Mrs. Hallford lost a son, Sol, some two years ago; another son, Jess, died shortly after the enlistment of Harris, and still another son, Burl, enlisted early in the war and is now serving in France.

Brady will always keep green the memory of her patriotic son who gave his life for the safety of humanity, and does honor to his parents who have made such noble sacrifice for our country.

### W. W. SPILLER TO MENARD TO TAKE CHARGE OF TWO GARAGES—FAMILY REMAINS

W. W. Spiller will leave Sunday evening for Menard, where he will take active management of both the Bevans and the Quick Service garage. Mr. Spiller has for some time had the offer under consideration, and believes it accords exceptional opportunities. Hence, while he is loath to leave Brady, he deems his best interests call him to make the sacrifice. He will leave his children in school here, and that assures his frequent visit back among us.

**Death of W. T. Burk.**  
The death of W. T. Burk, one of Brady's most highly esteemed citizens, occurred early Sunday morning, following an illness of only a few days, he having been stricken only last Wednesday. Pneumonia developed, however, and he was unable to overcome the attack. Funeral services were held late Sunday evening, Rev. J. G. Forester conducting, and interment was made in the Carroll Colony cemetery.

At the time of his death, Mr. Burk was in his 70th year. He was an upright Christian gentleman, of kindly disposition and was held in highest esteem by all who knew him, and who join in extending heartfelt sympathy to the bereaved family.

Mr. Burk had made his home in the Carroll Colony community for the past four years, and prior to that had been a resident of the Rochelle community for a number of years. He came to McCulloch from Kerr county something like eleven years ago.

Surviving are his widow, one son, Jesse, and one daughter, Mrs. Rube Huffman.

Bring your old tires and have them double-sewed at WULFF'S Garage.

### GENERAL RAIN THURSDAY MORN BREAKS DROUTH

Brady once more has an abundant water supply, first the little dam having gone "over the top," and then the big dam following suit. Early yesterday morning Live Oak creek came down with such a head rush that the water was backed up over the small dam at the power station. At that time the big dam lacked eight inches of being full, but later in the morning it also came over.

The general rain so long anticipated and longed for, has at last put in its appearance, a good, soaking downpour having been had over all parts of McCulloch county in the early hours of Thursday morning. The rain began falling shortly after midnight, and continued until after 7:30 o'clock, falling at times slowly and steadily and again in a heavy downpour. The rain gauge in Brady registered a total precipitation of a little better than 1.1 inches, and the fall over the county appears to have been about the same.

According to the report obtained by the West Texas Telephone Co., the rain extended out beyond Eden to San Angelo, Mertzon, and all the western section of the state, about 1½ inches being reported. The rain was also good along the line of the Frisco, and the Santa Fe as well, while both south and north portions of the county received beneficial downpours.

The telephone reports good rains at the following points: Lohn, Melvin, Eden, San Angelo, Rochelle, Mercury, Brownwood, Mason, London, Fredonia and Richland Springs.

The rain followed a light shower

(Continued on Page 4.)

### SEEDS. SHELLS.

BIG JUNIOR RED CROSS DRIVE FOR McCULLOCH COUNTY, OCTOBER 7 TO 14.

It only takes seven pounds of peach seeds for one Gas Mask. Let every man, woman and child in McCulloch county furnish at least one mask. You will find boxes on the sidewalk on each side of the public square. Bring your seeds and shells and drop them in. WE MUST HELP.

(a) Peach stones, (b) Apricot pits, (c) Prune pits, (d) Plum pits, (e) Olive pits, (f) Date seed, Brazil nuts, Hickory nuts, Walnut and Butternut shells.

MRS. W. H. BALLOU, Chairman Junior Red Cross Auxiliary.

**Dr. R. A. Lindley Dies in Fort Worth.**  
A message received here Wednesday morning brought the sad news of the death at 7:00 o'clock that morning in Fort Worth of Dr. Raymond A. Lindley. While the news was not altogether unexpected, yet it was a shock to the many Brady and McCulloch county friends of the doctor. His brother, Dr. Harry Lindley and wife had been advised Monday of the seriousness of his illness, and had gone to Fort Worth to be with him. It is learned that the doctor had been ill with Spanish influenza, but that on Tuesday he was so much improved as to venture to be up. A relapse, however, speedily brought on pneumonia, from which he succumbed.

Dr. Lindley was well known throughout this part of the state, having had dental offices in San Saba, Brady and Menard before removing to Fort Worth. While he was recognized as one of the best in his profession, for the past couple years he had devoted a good portion of his time to the exploitation and marketing of a chemical marking ink of his own invention, and also a screw-worm medicine. It was for the purpose of securing better shipping and marketing facilities for these products that he was prompted only a few months ago to move to Fort Worth to make his headquarters.

Of genial, whole-souled disposition, the doctor was universally liked, and his death is sincerely regretted by all.

The body was shipped to Brownwood, his former home, yesterday morning, and funeral services were held there yesterday. A number of Brady people went to Brownwood for the funeral.

Surviving are his mother, Mrs. Belle Lindley, of Brownwood, and brother, Dr. Harry Lindley, of Brady.

How about your watch? Is it keeping correct time? If not, let us remedy the trouble for you. Satisfaction guaranteed. A. F. Grant, jeweler, east side square.

Use a Wear-Ever Aluminum Windsor Kettle for a good pot roast. You can use cheaper cuts of meat.

**LOST CREEK ECHOES.**

Lost Creek School Opens With 95% of Full Attendance. Voca, Texas, Oct. 7th, 1918.

Editor Brady Standard: As I haven't seen anything from A CITIZEN for a long time I will give a few items from Lost Creek. It is not worth while to mention about dry weather but those irrigated gardens look good. Our school is progressing nicely despite the bad luck of our teachers failing to comply with their contract. We contracted with Miss Thruse Jonas and Miss Lucile Kimbrough and when the time came to open school Oct. 1st, they failed to show up and we had to obtain other teachers on short notice, but were fortunate in securing some fine talent in the persons of Misses Esther Reed and Ida Young. The school opened Oct. 7th, instead of Oct. 1st, with fairly good attendance. With assurance of State aid to the amount of \$500 insures us a school second to none among the rural schools of the county. It takes get up and hustle to have a good school and we have some of that material here at Lost Creek. We opened with only 5 per cent absent while I know some schools had 50 per cent absent on account of people moving away to hunt work. I hope in a little while this school will pick up and we will then have one of the finest places for education in the rural districts in the county. And we hope Miss Blanton will make us as good State Superintendent as W. F. Daugherty did, if it could be possible.

Mr. C. P. Taylor and wife left Lost Creek a few days ago to take up their school work at Pear Valley. The Montgomery school at Voca has a new principal, but retained a part of the same faculty. Prof. Davenport secured a position as principal at Eden High School.

W. W. HENDERSON.

Kill Tick. A. The kind the government recommends.

O. D. Mann & Sons. How about your watch? Is it keeping correct time? If not, let us remedy the trouble for you. Satisfaction guaranteed. A. F. Grant, jeweler, east side square.

Bring us your Cleaning and Pressing. We guarantee satisfaction.

MANN BROS.

**PEAR VALLEY WHISPERS**

Still Busy Hauling Machinery for the Well on McKnight Ranch. Pear Valley, Texas, Oct. 8.

Editor Brady Standard: I just wonder if Mr. Editor and my of you readers have missed my letters. I wanted to write but so many of our people are gone, that there hasn't been any news.

Our "wanderers" are beginning to return—Grandma Vinyard, Ralph Schooley, Mr and Mrs. Lane, Roy Arrington and wife, and George Vinyard having come back within the last few days.

Our school is progressing nicely with Pat Taylor and wife and Miss Ruby Thompson as teachers.

Mr. and Mrs. Henry Martin of Fife, were welcome visitors here Sunday afternoon.

Bro. Ferguson was not here Sunday so Bro. Smith of Hardin, filled his appointment at the Christian church.

The Apostolics had prayer meeting at Mr. Spraggins' Friday night.

Mr. Jim Marshall, of Dallas, spent Sunday morning here in the home of his brother, Jess Marshall.

They have not begun drilling on the McKnight ranch yet, but are busy hauling out the machinery.

Miss Esther Reed, one of our most popular young ladies, has given up her position at Brady and is now teaching at Lost Creek.

We have Sunday school at the Baptist church every Sunday morning at ten o'clock. We need you. Why not come and help?

Editor's Note—When a correspondent has been as prompt and faithful as has "Smarty," and has written as uniformly interesting letters, you may be sure they are appreciated by both the readers and the editor. We have missed "Smarty's" contributions—and are as glad to have the "prodigal" back in the fold, as we all will be to have our "wanderers" back in the county.

**No Worms in a Healthy Child**  
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

Avery Bob Cat Disc Plows, Emerson Standard Disc Plows, Rock Island Sanders Disc Plows, Cassidy Sulky Plows.

O. D. Mann & Sons.

**NINE NEWS ITEMS.**

Mr. and Mrs. Ben Smith Have a Little Lady to Keep Them Company.

Nine, Texas, October 9th. Editor Brady Standard: We are still hoping for rain. Cotton picking is the order of the day for those who have any to pick.

Mrs. N. H. Scales arrived last week from Crowell, to spend several months with relatives here.

Mrs. A. F. McCoy called on Mrs. G. W. Scales Tuesday afternoon.

Mr. and Mrs. Ben Smith are entertaining a little lady at their home since last Monday.

Mrs. Ross Slaughter is on the sick list.

Mr. Butler and family and Mrs. Jim Harkrider and girls called at the J. F. Stanton home Sunday afternoon. "LITTLE WILLIE."

For Indigestion, Constipation or Biliousness

Just try one 50-cent bottle of LAX-FOS WITH PEPSIN. A Liquid Digestive Laxative pleasant to take. Made and recommended to the public by Paris Medicine Co., manufacturers of Laxative Bromo Quinine and Grove's Tasteless Chill Tonic.

We feel we can recommend the services of our Mr. Calliham to the public, for 12 years of satisfactory service in Brady is a recommendation in itself.

MANN BROS.

Bring your old tires and have them double-sewed at WULFF'S Garage.

**FIVE FINDINGS**

Mr. and Mrs. J. B. Horne Entertaining New Girl Born the 1st.

Fife, Texas, October 9th.

Editor Brady Standard: A light sprinkle of rain Tuesday evening temporarily enlivened our hopes of a drought-breaker, but it has failed to show up. We have about decided that we don't need any rain anyway until Christmas.

H. D. Bradley has been sick this week with a bad case of the "Flu," but is improving now.

Mr. and Mrs. J. B. Horne are entertaining a new girl at their home, born October 1st.

J. H. Daniels was a visitor here from Waldrip Monday on business. A good many of our people visited the Kelle train exhibit at Brady Monday.

Mrs. Robert Littleman is visiting friends at Fort Worth this week.

J. B. Everett and C. C. Smith returned from the coast country Friday, where they have been working this fall. Mr. Smith is moving to the coast country and will farm there next year.

Benton Willey and E. B. Kennedy were here from Waldrip Monday to see if we were going to let it rain this week, but we laid down on the proposition.

J. T. Smith was here from his Cow Creek ranch Tuesday. Mr. Smith is busy sowing oats so as to be ready for a rain when it comes.

There is nothing to report on the oil situation this week. The Cooper rig is shut down awaiting tools to remove the broken bit.

E. Z.

For carache, toothache, pains, burns, scalds, sore throat, try Dr. Thomas' Electric Oil, a splendid remedy for emergencies.

**MAIL CARRIER HAS OVERCOME TROUBLE AFTER THREE YEARS.**

Hopes to Bring Same Benefit to Others Who Suffer—He Gained Twenty-five Pounds by Taking Tanlac.

"Yes sir, it's a positive fact. I have gained twenty-five pounds in weight and have been benefited so much that I think it is time for me to talk Tanlac for the benefit of others," said J. W. McBeth, postman for eleven years on Route 5, residing at 2428 Popular street, Oklahoma City, Okla.

"Three years ago I began to weaken from what was said to be impoverished blood and continued to go down. My appetite was very poor and what I ate gave me no nourishment. I lost weight until I fell off some thirty pounds. I got so nervous and worried and down-hearted that I couldn't eat, sleep or work on account of my condition. I was just about out of commission when I decided to try Tanlac.

"I began to build up in a short time after I started on my first bottle. My appetite returned in full force—I can now eat as hearty as anybody and feel stronger and better than I have since my troubles began. When I saw that Tanlac was doing me good, I kept on taking it until now I feel like a new man. I can sleep as sound as a baby every night, make my twenty-six mile trip every day and never feel tired. I am so glad I have regained my health that I want to tell everybody about Tanlac."

Tanlac is sold in Brady by Jones Drug Co.

**FOR SALE.**

**What's the Latest in Batteries?**

Battery improvements are every-day affairs.

Important improvements come only once or twice in a decade.

Experts agree that the most important battery improvement in years is the perfection of Threaded Rubber Insulation by Willard—the invention that indefinitely postpones the need of battery insulation.

We carry a full stock of Bone Dry Batteries—every one as brand new as the day it left the factory. You're protected against delay in getting a battery—and against getting one that isn't in every sense brand new.

Ask for a copy of the booklet "196,000 Little Threads." It tells the story of this remarkable battery.

**Brady Storage Battery Co.**

CHRIS BRANTLEY, Manager

# A PERSONAL MESSAGE FROM OUR PRESIDENT

THE WHITE HOUSE  
WASHINGTON

Again the Government comes to the people of the country with the request that they lend their money, and lend it upon a more liberal scale than ever before, in order that the great war for the rights of America and the liberation of the world may be prosecuted with ever increasing vigor to a victorious conclusion. And it makes the appeal with the greatest confidence because it knows that every day it is becoming clearer and clearer to thinking men throughout the nation that the winning of the war is an essential investment. The money that is held back now will be of little use or value if the war is not won and the selfish masters of Germany are permitted to dictate what America may and may not do. Men in America, besides, have from the first until now dedicated both their lives and their fortunes to the vindication and maintenance of the great principles and objects for which our Government was set up. They will not fail now to show the world for what their wealth was intended.

Woodrow Wilson

## STATEMENT.

Of the ownership, management, etc., required by the Act of Congress of August 24, 1912, of The Brady Standard, published weekly at Brady, Texas, for October 1st, 1918.

State of Texas, County of McCulloch, ss. Before me, a Notary Public in and for the State and county aforesaid, personally appeared H. F. Schwenker, who, having been duly sworn according to law, deposes and says that he is the editor and publisher of The Brady Standard, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24th, 1912, to-wit:

Publisher, editor, business manager and owner: H. F. Schwenker, Brady, Texas.

Known bond holders, mortgagees and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages or other securities: Mergenthaler Linotype Co., New York City; Mrs. Mary Schwenker, Burlington, Iowa.

H. F. SCHWENKER,

Editor and Publisher.

Sworn to and subscribed before me this 23rd day of September, 1918.

W. R. DAVIDSON.

My commission expires June, 1919.

## HONEST INJUN

If there is any project that needs a wet blanket thrown on it, it is this "Spanish influenza" epidemic—and we hope the rain Tuesday did that very thing.

## SQUARING ACCOUNTS.

At any rate we can breathe more freely since the rain settled with the dust.

The citizens of Mason have adopted a beautiful custom—one that is being observed all over the United States, and which has the endorsement of the President and other high officials. At 10:45 each morning the light plant whistle is blown, and the citizens stop all their duties and for the period of a few minutes ask God's blessing upon our President and to guide him in his successful conduct of the war. Even those who do not join in the prayer at least show respect for the idea by removing their hats, no matter where they may be, during the period. Mason is a so-called German community but she sets an example that many another might follow with credit.

## GENERAL RAIN THURSDAY MORN BREAKS DROUTH

(Continued from Page 1.)

had Tuesday afternoon at about 4:00 o'clock, when something like one-tenth of an inch of rain fell in Brady and in parts of the county. The rain Tuesday followed two days of exceptionally humid and stifling hot days, and while the shower brought some relief, it was only temporary.

The good rain has caused a general revival of spirits, and should be of great benefit to grass and pasturage. Many citizens who still had faith in the county had sowed fall oats, which the rain will bring up. In all the prospects have brightened wonderfully as a result of the rain.

## OUR CONTRIBUTION.

As The Standard's contribution to the promotion of the sale of Fourth Liberty Loan bonds, we are this week presenting the full page ad written by President Wilson. It is the president's message to the patriotic citizens, and incidentally our message to our loyal readers.

## A SADDER BUD-WEISER MAN.

Commenting upon the news item that the editor of The Standard was entertaining twin girls, Editor Billings of the Menard Messenger, let his thoughts wander from the orphan asylum long enough to remark: "We extend congratulations and take back everything we ever said about that Brady creek water."

That's the right spirit, Billings. Come on over—and drink hearty.—Brady Standard.

It never rains, but it pours. Either there is too much or too none. We would certainly have appreciated owning a pair or two of twins when we came to register for military duty a few days ago.—Menard Messenger.

## THOS. DONNELL OPENING FEED STORE IN C. W. L. SCHAEG STAND THIS WEEK

Thos. Donnell yesterday opened up a general feed business in the stand formerly occupied by C. W. L. Schaeg, and states that he expects to engage permanently in this line of business. Mr. Donnell yesterday began the unloading of a car of mixed feed and also a car of each straw and hay. He expects to have a complete line of feed stuffs in stock at all times, and will endeavor to supply only the very best in his lines.

He invites his friends and all citizens in need of anything in his line to call and get his prices.

**Catarrhal Deafness Cannot Be Cured** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists. F. J. CHENEY & CO., Toledo, O.

Maple Syrup and Waffles make a good breakfast. We have a good stock of Waffle Irons.

Wormy children are unhappy, puny and sickly. They can't be otherwise while worms eat away their strength and vitality. A few doses of WHITE'S CREAM VERMIFUGE performs a marvelous transformation. Cheerfulness, strength and the rosy bloom of health speedily return. Sold by Central Drug Store.

## PREVENTION AND CURE OF SPAN- ISH INFLUENZA

The following are extracts from a pamphlet issued by Surgeon General Rupert Blue of the U. S. Public Health Service, dealing with the nature, prevention and cure of "Spanish Influenza," an epidemic which is now raging throughout the United States. These pamphlets are now being widely distributed throughout the county by Mrs. W. N. White, acting for the Red Cross. Everyone should read carefully the pamphlet, or the following extracts and inform themselves upon this disease and methods of combating it.

## What Is Spanish Influenza?

The disease now occurring in this country and called "Spanish Influenza" resembles a very contagious kind of "cold" accompanied by fever, pains in the head, eyes, ears, back or other parts of the body, and a feeling of severe sickness. In most cases the symptoms disappear after three or four days, the patient then rapidly recovering; some of the patients, however, develop pneumonia, or inflammation of the ear, or meningitis, and many of these complicated cases die.

Epidemics of influenza have visited this country since 1647. It is interesting to know that this first epidemic was brought here from Valencia, Spain. Since that time there have been numerous epidemics of the disease.

## How Can Spanish Influenza be Recognized?

There is as yet no certain way in which a single case of "Spanish influenza" can be recognized; on the other hand, recognition is easy where there is a group of cases. In contrast to the outbreak of ordinary coughs and colds, which usually occur in the cold months, epidemics of influenza may occur at any season of the year, thus the present epidemic raged most intensely in Europe in May, June, and July. Moreover, in the case of ordinary colds, the general symptoms (fever, pain, depression) are by no means as severe or as sudden in their onset as they are in influenza. Finally, ordinary colds do not spread through the community so rapidly or so extensively as does influenza.

In most cases a person taken sick with influenza feels sick rather suddenly. He feels weak, has pains in the eyes, ears, head or back, and may be sore all over. Many patients feel dizzy, some vomit. Most of the patients complain of feeling chilly, and with this comes a fever in which the temperature rises to 100 to 104. In most cases the pulse remains relatively slow.

In appearance one is struck by the fact that the patient looks sick. His eyes and the inner side of his eyelids may be slightly "blood-shot," or "congested," as the doctors say. There may be running from the nose, or there may be some cough. These signs of a cold may not be marked; nevertheless the patient looks and feels very sick. What Should be Done by Those Who Catch the Disease?

It is very important that every person who becomes sick with influenza should go home and go to bed at once. This will help keep away dangerous complications and will, at the same time, keep the patient from scattering the disease far and wide. It is highly desirable that no one be allowed to sleep in the same room with the patient. In fact, no one but the nurse should be allowed in the room.

If there is a cough and sputum or running of the eyes and nose, care

## TERRIBLY SWOLLEN

Suffering Described As Torture  
Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

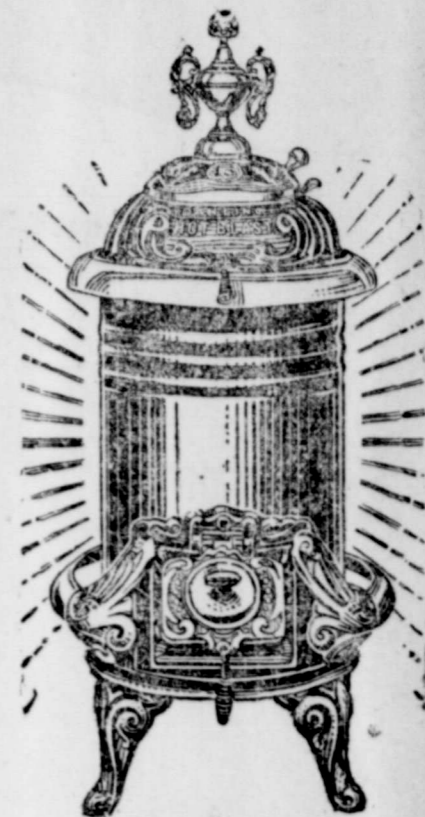

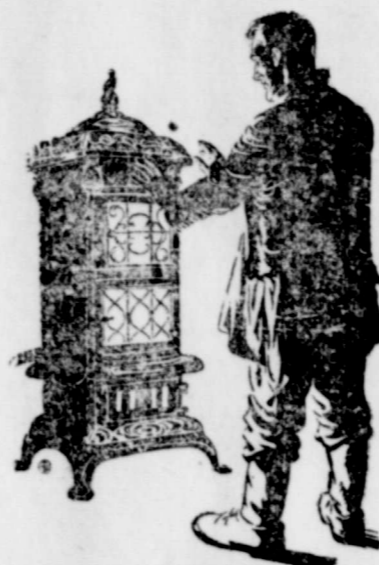

I sent and bought Theford's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theford's Black-Draught."

Theford's Black-Draught will help you to keep fit, ready for the day's work. Try it!  
NC-131

PERSONAL MENTION

B. Simpson left Tuesday on a business trip to South Texas.

J. E. Wiley made a brief visit to Lampasas the first of the week.

H. P. Roddie returned Wednesday from a business visit in Oklahoma.

Mrs. Nona Montgomery returned last Friday from a visit of several days in Dallas.

J. S. Sutherland, who has been at Poteet, Texas, the past several weeks, returned this week to Brady.

J. T. Marshall came out the past week to note the progress in McCulloch county oil developments.

Miss Ola Tabor is now assisting B. L. Malone & Co. in the jewelry business.

Mrs. J. F. Schaege returned the latter part of last week from a visit with her daughter, Mrs. McCord Harrison, at Bartlett.

Miss Adelia Hendrickson has a position as office assistant at the Brady Auto Co.

Miss Edith Meers has accepted a position as office assistant with the Walker-Smith Co.

Mr. and Mrs. J. R. Lovelace and family left last Friday night for Brownwood, where they expect to locate.

Mrs. N. B. Embry expects to leave Sunday for Kennedy to join Mr. Embry, who is operating a gin at that place this season.

Jack Keyser is taking a vacation from duties at the Simpson garage, and is spending a couple weeks on a trip to South Texas.

Miss Mary Estelle Thompson is in Dallas now, having accepted a position as stenographer with one of the leading firms of that city.

W. H. Roark and little daughter, Modenia Ruth, of Houston, were here the past week, guests of his sister, Mrs. J. F. Biggs and family.

Mr. and Mrs. Wilson Jordan came over from Menard Tuesday for a visit with the lady's sister, Mrs. S. J. Howard, and friends in the city.

M. A. Leddy of Voca was in the city last Friday, enroute to Marlow, Okla., on a visit with friends incident to looking after business matters.

Mrs. June Coopender returned on last Sunday from Fort Worth and Dallas where she has been for several weeks visiting her daughters and families.

Mr. and Mrs. J. T. Squires of Mercury were in Brady Tuesday, enroute to Austwell for a visit with their son, Oscar, and family, who are now located at that place.

D. F. Savage, who has been here the past couple weeks watching developments at the Shultz well near Paint Rock, left Monday night upon his return to Montrose, Pa.

Mrs. Frank Champion and daughter, Miss Beulah, returned Saturday morning from Fort Worth, where they had been visiting Mrs. Champion's sister, Miss Minnie Watson.

Miss Gertrude Priddy, who recently enlisted in Yeoman service of the U. S., received official call last week to report for duty at Houston, for which point she left last Friday.

Miss Floyce King left last Friday night for Mercury, from where she went to the Bend community in San Saba county, where she will have the school in charge the coming session.

Mrs. E. M. Dobler came here Friday from Junction for a visit with her sister, Mrs. W. M. Bauhof. Mrs. Dobler's husband is in the officers' training school at Fort Benjamin, Indiana.

J. T. Freeman is here from Brownwood, having come over last Friday to look after the business of H. P. Roddie & Co., while Mr. Roddie is absent on a business trip to the east.

N. A. Collier, who left Brady a couple weeks ago, has located in Houston Heights, where he is with the A. E. Keasling drug store. His family is in Santa Anna with relatives for the present.

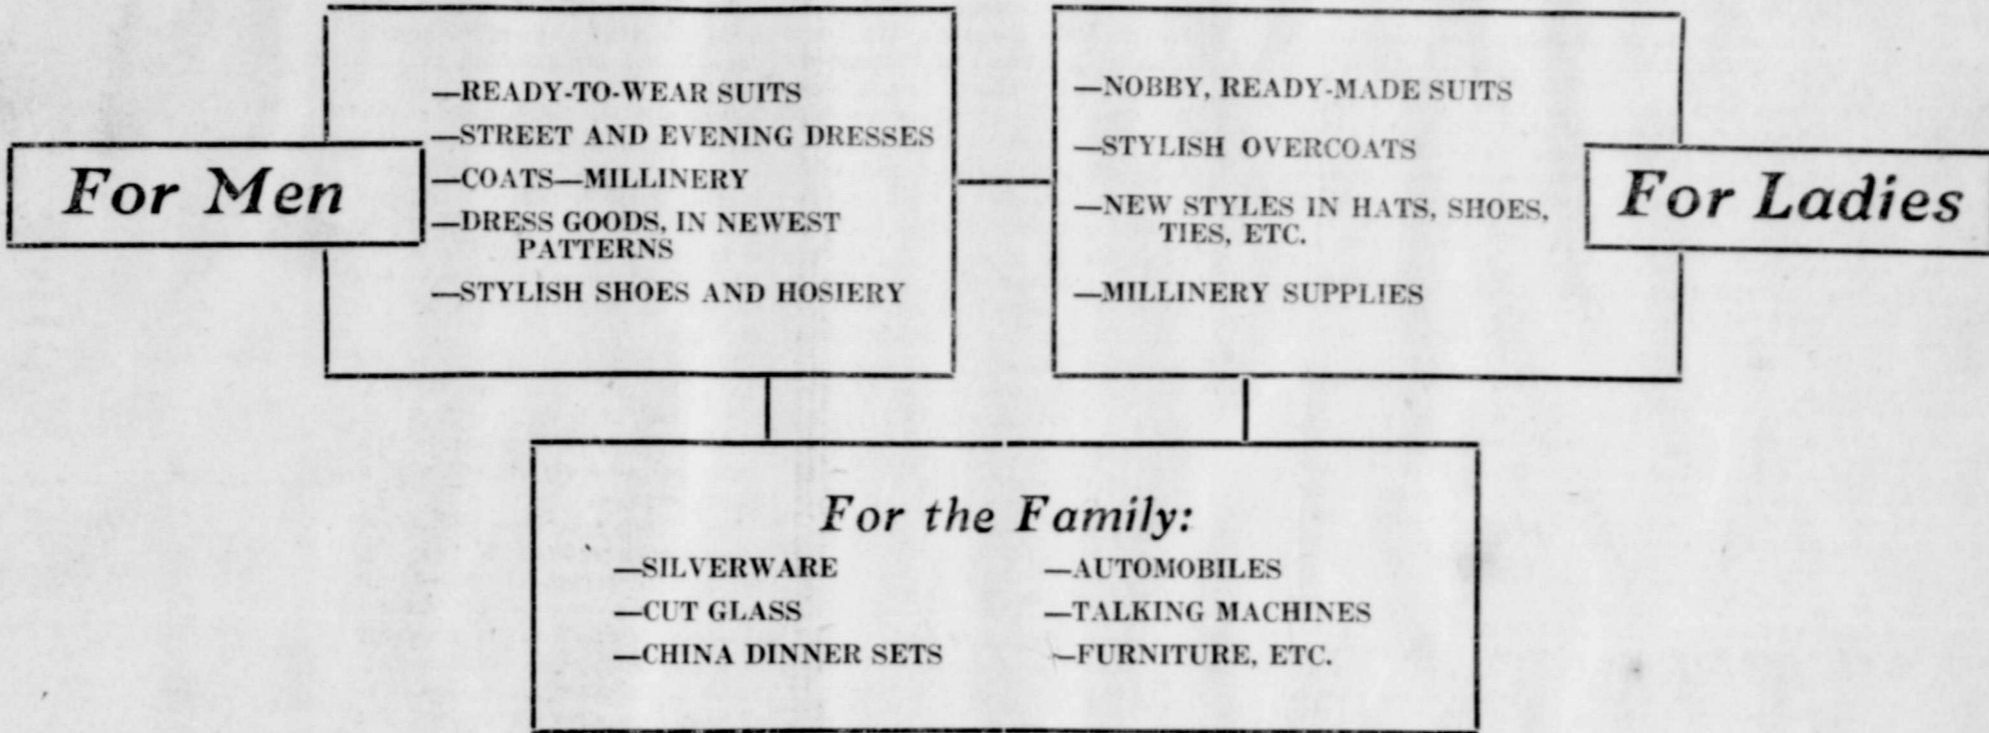

Messrs. Lit Walker and Oscar Bradley drove up last Friday from Camp Mabry, for a short visit with relatives and friends. Both boys are civilian instructors in the School of Automobile Mechanics.

Mrs. W. D. Crothers and daughter, Miss Minnie J., are in Dallas, where Mrs. Crothers last week underwent a successful operation for removal of her tonsils. She will spend a week or two at Mineral Wells before returning home.

Dr. and Mrs. Harry W. Lindley left Monday night for Fort Worth.

SOCIAL NOTES

**Bridge Club.**  
 No meeting of the Bridge club was held this week.

**Tuesday Club.**  
 The Brady Tuesday Club met at the residence of Mrs. J. H. White Tuesday afternoon.

A motion was made and carried that the Club not take up a study course this year as the members are too busy with war work.

The Club will hold a business meeting the second Tuesday in each month.

A motion was made and carried that the club buy a Liberty Bond.

A motion was made and carried that the club request the city council to set an early date for a clean-up day.

Mrs. J. T. Mann was elected delegate and Mrs. Thos. Donnell alternate to the State Federation at Dallas, Nov. 18th to 22nd.

**Five Hundred Club.**  
 Mrs. J. S. Anderson was hostess on last Friday afternoon for the Five Hundred club. Tables were arranged for twelve, the following members being present: Mesdames G. R. White, C. T. White, F. R. Wulff, Dick Winters, J. S. Wall, Ed Campbell, G. C. Kirk, Wiley W. Walker; Miss Lucille Benham. Guests were Mesdames W. R. Davidson, S. S. Graham, Herbert L. Wood.

High score was won by Mrs. Wulff, the prize being a dollar for the Red Cross.

The hostess served fruit salad and grape juice.

No meeting of the club is announced for this week.

Guns and Ammunition. O. D. Mann & Sons.

LOCAL BRIEFS

The death of Miss Eloise Anderson, 16-year old daughter of Mr. and Mrs. E. B. Anderson of Goldthwaite, occurred last Saturday at noon at Brownwood, where the young lady was in school. She was well known in Brady, having visited here several times during the past summer with her uncle, Dr. J. S. Anderson, and family, and also her grandmother, Mrs. A. Anderson, and family. Funeral services were held Sunday at Goldthwaite, Dr. and Mrs. Anderson and daughter, Carmen, and Miss Amy Anderson going from Brady to Goldthwaite for the services.

Mr. and Mrs. J. F. Biggs have been greatly concerned over messages received announcing the serious illness of their son, Kyle, who has been in special training at a school in Minneapolis, Minn. Authorities advise he is receiving the best of care, and are keeping the family posted as to his condition, but so far nothing of very encouraging nature has been received. A wire received by Mr. Biggs yesterday morning stated that lobar pneumonia had developed, his condition was dangerous and a crisis might come at any time. All Brady citizens join in hoping news will soon be had of his being improved and on the highroad to recovery.

Herbert Wood was called to Mason Tuesday to fill prescriptions, Max Loeffler, druggist at that place, and well known in Brady, having died, a victim to the Spanish influenza epidemic, and his partner, Sam Hoerster, being dangerously ill with the disease. The epidemic seems to be very severe in both Mason and San Saba. There are numbers of cases in Brady,

but it had a late start here. Doctors say the rain will do much towards preventing the further spread of the disease through germs in dust, but warn that a norther at this time would result in aggravated colds and bring a wide spread of the influenza. The local schools are being continued, as the buildings are thoroughly disinfected every day, and the school board at its meeting Tuesday decided there was less danger to the pupils in the schools than if allowed to run at large. The children are warned, however, to remain at home upon the first indication of having the disease.

**MIXED FEED**  
 Meal and Hulls—20 per cent Meal.  
 THOS. DONNELL,  
 In Chas. Schaege Old Building.

**A Correction.**  
 In reporting the purchases of Liberty Loan bonds by the Waples-Platter Grocer Co., we last week quoted figures that were incorrect, and did not do this patriotic firm justice. L. B. Young, traveling manager for the Brady district, advises that the total purchases of the company of the new Fourth Liberty Loan bonds will approximate \$100,000, while purchases of earlier issues also totaled sums practically as large.

**Card of Appreciation.**  
 We wish to thank the kind friends and neighbors who assisted us in our sad bereavement.  
 May God's blessings rest on each and every one.  
 MRS. W. T. BURK,  
 and Children.

Carbon Paper. The Brady Standard.

**Make a Home of the House**

Nothing makes a more pleasing change in a house than to cover the old, torn and faded walls with a bright, new pattern of wall paper. We have a large stock of new designs and can help you make a home of your house.

## LETTERS FROM OUR SOLDIER BOYS

### CHESTER BAZE SAYS GUARD DUTY ON WATER FRONT IS NOT VERY TAME BUSINESS

The Standard is in receipt of the following letter from Chester E. Baze, who is enlisted in the U. S. N., 9th division, and is located at the submarine base, San Pedro, Calif.:

"Owing to the fact that I have just recently been transferred from the Reserve Station to the Submarine Base, at this place and not wishing to lose out on getting The Standard, I am taking this opportunity to write you. The Standard is certainly of great interest to me, just now especially, because I can read so much about the boys of Brady who are now in the service.

"For my part, I am now in a very tame part of the game, but am in a fair way to get a hand in before long. I was transferred from the Reserve Station to the Submarine Base for guard duty. I must confess that guard duty along the water fronts is not very tame business, but still nothing like the boys get 'over there.'

"I enlisted in the Regular Navy in Dallas the 30th day of July, and was sent directly out here. I had to stop over in San Antonio a few hours so took the opportunity to call my old friend Sergeant Orval Jackson up and tell him to meet me. We had quite a nice talk, it being the first time I had seen Orval for two years. He sure makes a fine looking soldier and seemed to be doing fine, but like all the boys, wanted to get

across on the other side and really get into the fight.

"I arrived here at San Pedro August 3rd, and was immediately sent to the detention camp where I had the pleasure of getting my 'vaccination' and three 'typhoid shots.' I stayed in the Detention three weeks, after which I was sent to another place we call 'The Ship.' Then, and not until then, was I given liberty. We generally get good shore liberty and have numerous places of interest to visit. I have not taken advantage of my liberties very much, although I have been up to Los Angeles, which is about thirty miles from here, numbers of times.

"Well, as it is now 8:00 o'clock p. m. and the boys have to go to bed at 9:00 and I have to get up at 12:00, mid-night, and guard till 4:00 a. m. to-morrow, I will close, with the very best wishes to The Brady Standard and all of its readers."

### LUMBER IS A SCARCE ARTICLE IN FRANCE SAYS ROY HALL WRITING TO HOME FOLKS

The following is an extract from a letter received by Mrs. Roy Hall of Fredonia from her husband, who is with Battery D, 133rd Field Artillery, American Expeditionary force in France:

"I am well and doing fine; am getting plenty to eat.

"This is a funny looking country 'over here.' The fences are made of dirt and the houses are made of white stone covered with brick. We have

not seen any lumber to amount to anything yet. The people wear wooden shoes.

"I wish I could see you all today, but that is impossible now—but hope I will before long.

"I haven't had a letter from any of you all since I left Camp Bowie. I sure am getting anxious to hear from you. I wish you were here to help me eat blackberries. They grow wild here and there are lots of them.

"There are lots of pretty French girls here, but I can't understand them.

"I have been washing today—the first time I have had a change since I left New York about 21 days ago.

"I went to church yesterday, and saw a Red Cross nurse. She looked almost like an angel from heaven to us boys for we haven't seen many Americans since we left the U. S. A.

"I was seasick about two days while on the ship, but I sure was proud to see land once more.

"This is a funny country—the days are warm, but the nights are so cold a person almost freezes to death. It looks like rain tonight.

"I wish I had some of mama's biscuits and some butter for my breakfast. You all write to me often, for I am anxious to hear from you. Tell me how the crops are, and how everything is getting along. I could tell you lots about this country and how everything is going on over here, but I am not allowed to write it. Tell everybody to write to me. I don't have much time to write."

### THRILLING EXPERIENCE OF A TEXAS BOY FLYING IN FRANCE

London, Aug. 31.—First Lieutenant Edmund G. Chamberlain of San Antonio, a graduate of Princeton and the University of Texas, and an aviator attached to the United States Marine Corps, has received simultaneous recommendations for the Victoria Cross and the Congressional medal of honor for an exploit in which he figured on July 28.

On that day, over the British front, Lieutenant Chamberlain took part in an aerial battle with twelve German machines. He destroyed five of them, damaged two others, and, sweeping earthward with a damaged plane, scattered a detachment of German soldiers.

After he landed he bluffed three into believing his compass was a bomb and captured one of them. He then carried a wounded French officer back to safety and finally refused to give his name to a British officer in command of aerial forces in that section of the front because of his fear of being reprimanded.

The story, which is one of the most thrilling chapters in the drama of the war, also has been cabled to America by the London officers of the Committee on Public Information.

Lieutenant Chamberlain appeared at a British aviation camp on July 27 and informed the Major in command that he had personal, but not official, permission to visit the camp. This is borne out by the young man's superiors, who say that Lieutenant Chamberlain had asked to be permitted to go up near the front during a lull, because he desired to get more experience before resuming work.

Offered Service to British.

The British commander was in need of aviators, and as there was a bombing squadron about to leave, told Lieutenant Chamberlain he could go along. On this flight the young American brought down one German airplane in flames and sent another whirling down out of control.

The next day came Lieutenant Chamberlain's wonderful exploit. He was one of a detachment of thirty aviators that went out over the battle field through which the Germans were being driven by the Allies. As the thirty machines circled about over the fleeing Teutons they were attacked by an equal number of German machines. It was a hurricane battle from the first and almost at the inception of the combat the British lost three planes.

In the tempest of machine gun bullets that roared about his machine, Lieutenant Chamberlain's engine was damaged. One of his machine guns became jammed and he seemed to be out the action. But instead of starting for home he remained to offer assistance to two other airplanes which had been attacked by twelve German machines.

His machine had lost altitude, owing to engine trouble, but when he was attacked by a German he opened such a hot fire that the enemy went into a dive toward the earth.

His two companions were now engaged in a life and death struggle, and Lieutenant Chamberlain went to their assistance. His action probably saved the lives of the two Englishmen.

His engine was now working better. He climbed up toward the enemy and, with a burst of fire, sent one of them crashing to the earth. A second was shattered with another volley

from his machine gun. Then Lieutenant Chamberlain looped out of a cordon of enemy machines which had gathered to finish him, and, as he sailed away, he shot the wing off another German machine.

The leader of the German squadron came straight at him, but was met with a torrent of bullets that his airplane joined the others sent to earth by the American.

The Lieutenant turned for the British lines. His engine had "gone dead" and he was forced to volplane, carefully picking his way through the smoke clouds of shells fired at him by the enemy's anti-aircraft cannon.

As he made a wide sweep toward his destination, he saw beneath him a column of German troops, and into it he poured a gust of machine gun bullets from the gun, which had been jammed, but which he had succeeded in putting into action again. The Germans scattered and Lieutenant Chamberlain fled on for an eighth of a mile and came to earth.

He found that he could not carry off the equipment of his machine, so he took his compass and started running across the fields. As he did so he encountered a patrol of three Germans. He shouted to them to surrender, waving a compass above his head, like a bomb. Two of the enemy ran, but the third surrendered.

Uses Compass as a Bluff.

The American started again for the British lines, but came upon a wounded French officer, whom he picked up and carried, driving his prisoner before him. He waded a brook under heavy fire and finally arrived within the British lines in safety with the French officer and the German prisoner. He then reported "ready for duty," asked the Major in command of the British airmen not to make any report of the affair and refused to give his name. The Major was unable to keep the affair quiet, and the full details were made a part of his official report of the day's fighting.

Neuralgia of the face, shoulder, hands, or feet require a powerful remedy that will penetrate the flesh. BALLARD'S SNOW LINIMENT possesses that power. Rubbed in where the pain is felt it is all that is necessary to relieve suffering and restore normal conditions. Sold by Central Drug Store.

If you have a winter coat or suit that needs mending or altering, get the old reliable "Callie" to do it for you.

MANN BROS.

## To Lend the Way They Fight

TO LEND the way they fight, - for me,  
What splendid lending that would be!  
Such radiant strength of heart and hand  
Lights up the waste of No Man's Land!

Such scorn of danger as they go  
With smile and song to meet the foe,  
Such zeal to know the Victory won  
To know a soldier's duty done;

To lend the way they fight, - for me  
What splendid lending that would be!

TO LEND the way they fight, - for me,  
What selfless lending that would be!

For ever through the battle's haze,  
The bullets' hail, the field-guns' blaze,  
They dream of home and love and life  
Of child and mother, sweetheart, wife;

For these they fight and laugh at pain,  
And blind with blood fight on again;  
To lend the way they fight, - for me  
What selfless lending that would be!

TO LEND the way they fight, - for me,  
What glorious lending that would be!

For ever with them as they fight,  
Flames out the great white sword o' Right  
And up above the bursting shell  
The pall of smoke, the war's red hell,

It writes some message in the sky,  
That makes i teven sweet to die;  
To lend the way they fight, - for me  
What glorious lending that would be!

### NURSES' AIDS NEEDED FOR OVER SEAS DUTY AND HOME DUTY AS WELL.

The McCulloch County Chapter is being urged by headquarters to interest women in Nurses Aid work for over seas duty and home duty as well. The Chapter is asked to form a class if possible. If a sufficient number can be induced to join this class, headquarters will help finance the same. For further information apply to Mrs.

Duke Mann, Chairman Nursing Service.

A Beautiful Woman. Do you know that a beautiful woman always has a good digestion? If your digestion is faulty, eat lightly of meats, and take an occasional dose of Chamberlain's Tablets to strengthen your digestion. Price 25c.

Bring all your Pear Burner troubles to our tinshop. We have a man that can fix them.

O. D. Mann & Sons.

## The Texas Oil Fields

A WORD WITH THOSE WHO OWN AND OPERATE THEM, or who wish to become identified with them—HOW CAN WE CO-OPERATE in our mutual interest? Permit us to suggest HOUSTON has the TEXAS, LOUISIANA, MEXICAN, OKLAHOMA and the KANSAS PETROLEUM FIELDS, from which to draw—THE COTTONSEED, PEANUTS and CASTOR BEANS of the same zone, and the COCOANUTS of the TROPICS—HER GREAT SHIP CHANNEL furnishes unsurpassed sites for REFINERIES, OIL MILLS, STALL FEEDING PENS, AND PACKING HOUSES. Her SHIP CHANNELS PUT HER IN TOUCH WITH EVERY PORT ON EARTH, by tide-water. HER GREAT RAILWAY SYSTEMS will ultimately connect her with EVERY RAILWAY STATION ON THE CONTINENTS OF THE WESTERN HEMISPHERE. GREAT PIPE LINES are being constructed to CONNECT HER WITH THOSE FIELDS.

HOUSTON CAPITALISTS have been long enough identified with the oil industry to know its great wealth producing possibilities, and are ready to aid in financing those of real merit. THE REPRESENTATIVES OF THE LARGEST OIL INTERESTS OF THE GLOBE are gathering to her for headquarters. What other port on earth can offer such an array of facts to ENTREPRENEURS and CAPITAL, to make of IT THE WORLD'S OIL CENTER? HERE IS THE PLACE TO MAKE YOUR CONNECTIONS.

If you wish to engage in the oil industry, we can furnish you SITES FOR REFINERIES AND OIL MILLS, LAND TO DRILL, PRODUCING OIL PROPERTIES, PRODUCTION, ROYALTIES. Draw your papers and obtain your CHARTERS FOR YOU, under THE LAWS OF TEXAS, and secure CAPITAL TO AID ANY LEGITIMATE OIL INDUSTRY that has made sufficient development to demonstrate that it possesses real merit, the owner of which is willing to give capital an equitable division in the profits. If you wish to EXAMINE THE MAPS of the different fields, or the counties in which they are located, we have them.

If you want to BUY IN, or SELL OUT, an INTEREST in any property, and don't want to be known in the transaction, if we are situated so as to permit us to take the business, we will give it our best capacity.

If you are a LAND OWNER, you will find it to your interest to COMMUNICATE WITH US.

(a) If you wish to SELL YOUR LAND, OR TO SELL THE MINERAL RIGHTS in it, or to DIVIDE THE GAMBLE, by selling part of your mineral rights and get some READY CASH NOW and hold part, or if you want to get it drilled for oil and other minerals, or if you have contracted your mineral rights and are not getting SATISFACTORY RESULTS, if you want your LAND SURVEYED, if there are DEFECTS IN YOUR TITLE and you WANT THEM CURED.

(b) If you WANT TO BORROW MONEY ON YOUR LAND in sums of less than \$10,000, the FARM LOAN BANK is in HOUSTON, and is your best source to acquire money at LOW INTEREST and ON LONG TIME. I can serve you in the details necessary to secure loans from this bank. If you want to borrow MONEY IN SUMS OF \$10,000 up to \$100,000 or more, and your lands are good security for it, I can get you the money.

If you see A BUSINESS POSSIBILITY FOR YOU, in this ad, suggest it to me, and let us SEE IF WE CAN DEVELOP IT, in our mutual interest.

## BIG COMPANIES AUTHORIZE PURCHASE OF LIBERTY LOAN BONDS BY LOCAL MANAGERS

McCulloch county's quota of the Fourth Liberty Loan bonds promises to be largely subscribed through the patriotic efforts of some of the big corporations doing business in Brady and McCulloch county.

In addition to those corporations mentioned last week as having authorized their local representatives to purchase bonds here, the Walker-Smith Co. was also one of the first to subscribe for a \$1,000 bond, Manager J. M. Coalson reports. This company has a number of houses in various parts of Texas, each of which has been authorized to purchase bonds, so it can readily be seen the company will have a large total to its credit.

F. R. Wulff, local manager of The Texas Company has received authorization to purchase a \$500 bond on behalf of the company. The Texas Company will have a total investment of \$1,000,000 in Fourth Liberty bonds, but since it has branches scattered all over the United States, the million dollar allotment must be divided into so many parts that a \$500 bond appears a very liberal offering for the Brady station.

The J. M. Radford Grocery Co. of Abilene also advises that it has authorized the purchase of a \$500 bond by its local branch.

### NOBODY SPARED

Kidney Troubles Attack Brady Men and Women, Old and Young. Kidney ills seize young and old. Often come with little warning. Children suffer in their early years—can't control the kidney secretions. Girls are languid, nervous, suffer pain.

Women worry, can't do daily work. Men have lame and aching backs. If you have any form of kidney ills You must reach the cause—the kidneys.

Doan's Kidney Pills are for weak kidneys—Have brought relief to Brady people.

Brady testimony proves it. Mrs. J. T. Ogden, Brady, says: "A younger member of my family was troubled by kidney weaknesses and she had frequent headaches. She used two boxes of Doan's Kidney Pills, which I got from the Jones Drug Co., and they relieved the symptoms of kidney complaint and proved beneficial in every way. Since then, her kidneys have been normal." Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Ogden had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Let Calliham remodel that last year's coat or suit, and make it up-to-date. Work that pleases and gives satisfaction. MANN BROS.

SURGEONS agree that in cases of Cuts, Burns, Bruises and Wounds, the FIRST TREATMENT is most important. When an EFFICIENT antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For use on man or beast, BORAZONE is the IDEAL ANTISEPTIC and HEALING AGENT. Buy it now and be ready for an emergency. Sold by Central Drug Store.

Can Now Eat and Sleep in Comfort. If troubled with indigestion or sleeplessness you should read what Miss Agnes Turner, Chicago, Ill., has to say: "Overwork, irregular meals and carelessness regarding the ordinary rules of health, gradually undermined it until last fall I became a wreck of my former self. I suffered from continual headache, was unable to digest my food, which seemed to lay as a dead weight on my stomach. I was very constipated and my complexion became dark, yellow and muddy as I felt. Sleeplessness was added to my misery, and I would awake as tired as when I went to sleep. I heard of Chamberlain's Tablets and found such relief after taking them that I kept up the treatment for nearly two months. They cleansed my stomach, invigorated my system and since that time I can eat and sleep in comfort. I am today entirely well."

Have your tires vulcanized before they get too bad. WULFF'S Garage.

	White Onions	6c to 7c

Beginning Sept. 1st, flour to be sold in proportion of 4 pounds of flour to 1 pound of substitutes.

Curtail credits within reasonable limits. Encourage cash transactions. Eliminate all unnecessary delivery service. Save labor and time for the war. Persistently discourage the practice of returning goods. Sell in original packages.

## OIL IN SHULTZ AND RUSSELL WELLS CAUSES LEASES TO JUMP TO \$75 PER ACRE.

The oil excitement has struck us. The Russell well across the Concho line in Runnels county came in Saturday afternoon as a gusher, spouting the oil several feet at least twice as high as the derrick. Then Friday night oil was struck on the Shultz well at about 1400 feet. When oil was struck this week the drill was stopped and casing put in. This is about as the former Shultz well when it was lost by a cave-in. Leases have been very active and some going at a high price. W. A. Coffey and Ed Coffey each leased 100 acres at \$50.00 per acre. Mrs. W. O. Gann leased 400 acres at \$35 per acre and other leases on the Colorado were high. LATER—

The Shultz well has come in with more oil. After getting the casing down Wednesday afternoon the drill in a short distance struck more oil and of a better variety than at first showed up. But the casing is letting in water. The casing will have to be tamped before it can be ascertained how much oil there is or whether it is in paying quantities. The well is still more promising than when first brought in. Activity in leases still continues.

Leases near both the Shultz and the Russell well have been taken at high prices. It is reported that W. C. Montgomery made a lease of several acres near the Russell well at \$75.00 per acre.

The Shultz Oil Company leased two eighty acres of a 320 tract near the present oil well at \$75.00 per acre, or an aggregate of \$12,000, leased other small tracts from \$12 to \$30 an acre, some \$18,000 in all. These leases were taken mostly by oil men from other oil sections. The well is pronounced by many as being a very promising one, and undoubtedly these experienced men have faith in it.—Herald, Paint Rock, Texas.

Order your suit today and you will be sure to have it in time for the first cold spell. Our new Fall samples are just in, and you'll find them mighty attractive. MANN BROS.

Have your tires vulcanized before they get too bad. WULFF'S Garage.

# WRIGLEY'S

We will win this war— Nothing else really matters until we do!

The Flavor Lasts

### RUSSELL WELL NOT UP TO EXPECTATIONS, SAYS REPORT

The Russell well drilled in the south eastern part of Runnels county by the Gulf Production Company, has proved somewhat of a disappointment after being cleaned out, according to an announcement Monday. The well still has good prospects, but did not come up to expectations after the cave-in of last week had been cleared away. The well will be drilled deeper in hopes of striking better oil sand.—Fort Worth Star-Telegram, Tuesday, October 8th.

Most disfiguring skin eruptions, scrofula, pimples, rashes, etc., are due to impure blood. Burdock Blood Bitters as a cleansing blood tonic, is well recommended. \$1.25 at all stores.

Ginning Notice. After October 19th, we will gin only on Fridays and Saturdays. J. C. KOERTH, By J. L. Edwards.

Let us demonstrate our latest style of Florence Automatic Oil Cook Stove. Continued demand conclusively demonstrates real worth and reliability. O. D. Mann & Sons.

### The Strong Withstand the Heat of Summer Better Than the Weak

Old people who are feeble and younger people who are weak, will be strengthened and enabled to go through the depressing heat of summer by taking GROVE'S TASTELESS-CHIFFONIC. It purifies and enriches the blood and builds up the whole system. You can soon feel its strengthening, invigorating effect. 60c.

# CLOSING OUT ALL WINTER GOODS

*At Greatly Reduced Prices*

## SALE OPENS SATURDAY, OCTOBER 12TH

AND WILL CONTINUE FOR TWENTY-ONE DAYS

Having anticipated a big fall season we purchased quite a stock of fall and winter goods. We find ourselves overstocked on many lines, and rather than carry goods over to next year have decided to close out all fall and winter goods now and give the people of McCulloch and surrounding counties an opportunity to save money at a time when saving dollars means a great deal. The merchandise we are now offering you is all staple winter goods, that you will need for this winter. The stock consists of

**Dry Goods, Clothing, Shoes, Hats, Ladies' Coats and Suits, Skirts, Waists  
Dresses, Millinery and all Kinds of Furnishings**

Here is an opportunity knocking at your *front door*. Take advantage of it by attending this Closing Out Sale and buy your fall bill for your entire family and save money.

*Thousands of Dollars Worth of High Grade Merchandise will be Offered for Less Than Today's Wholesale Price.*

We will sell goods during this 21 days' sale for less than we can replace them, but we bought more than we need and must close them out in order to settle bills.

We are busy marking down goods and arranging the stock for the sale and have no time to quote a list of prices. But we want to assure you that we have cut the price on every item in the store and you will be saving big money by attending this Close Out Sale.

## REMEMBER---SALE OPENS SATURDAY, OCTOBER 12TH

*And Continues 22 Days. We Advise You to Come Early and Get First Choice*

OLD GOLDWASSER STAND

BRADY, TEXAS

### LOCAL BRIEFS

S. T. Ward is reported still very low. He is suffering with Bright's disease, aggravated by general debility.

Al Harrison has been quite ill the past week or so with catarrhal fever, but is reported getting along as well as could be expected.

Congratulations are extended Mr. and Mrs. Roy Walker of the Richards ranch upon the advent of a boy. The youngster arrived Sunday, October 6th.

Mr. and Mrs. V. L. Bradley of the Carroll Colony community are receiving congratulations upon the arrival of a fine boy at their home on Tuesday, October 1st.

Messrs. James T. Mann and Roy Wilkerson left last week for Fort Worth with a load of cattle, and from there will go to Farmersville to assist in arranging a stock of goods now being added to the Farmersville store recently acquired by O. D. Mann & Sons.

Mrs. J. C. Myrick arrived Sunday from Eldorado to join her husband in again making their home in Brady, Mr. Myrick having accepted a position in the mechanical department of the Simpson & Co. garage. Mr. Myrick went to Menard Sunday to meet his wife and accompany her to Brady.

T. L. Bodenhamer left Wednesday for Austwell, where he has decided to try his fortune, having acquired a blacksmith shop at that place. C. R. Alexander has closed his blacksmith shop here and accompanied Mr. Bodenhamer to Austwell to take charge

of the shop. Mr. Alexander will remain in Austwell only temporarily, and his family will continue to make their home in Brady. Mr. Bodenhamer's family, however, will join him at that place within the next week or so.

The local board last Friday entrained for Camp Travis, John Henry Hoots. Hoots was recently brought here to stand trial on the charge of raising a check given him by Chas. Smith of Melvin. He had registered under an assumed name at Mansfield, La., and had been given deferred classification on account of a dependent wife. He chose the draft in preference to standing trial on the charge. B. F. Kirk will be entrained on the 22nd for Camp Mabry for mechanical training.

W. W. Henderson, one of our good friends of the Vega community, left us a liberal sample of his Globe pur-

ple top turnips this week, which not only made a mighty good mess of eating, but aroused a sort of jealousy on the editor's part of Mr. Henderson's fortunate situation. Mr. Henderson has a mighty fine irrigated truck garden down on Lost Creek, and not only revels in a big patch of these fine turnips, but has any number of other varieties of vegetables now thriving in a manner that would put to shame some of our best spring gardens.

Elbert Kruse arrived last Thursday, having been invalided home from Camp Travis, and is now convalescing at the home of his parents, Mr. and Mrs. F. H. Kruse. Elbert has been down for the past eight months, having been taken ill with a cold from mumps on the 9th of February. He has remained bed-fast all this time, and accordingly was given an honorable discharge from the service. He is a splendid young man, and prior to

entering the service had practiced law at El Paso. Friends of the family hope to see him soon regain his health and strength.

We have a complete stock of Furniture. Come in and let us fix you up for winter.

O. D. Mann & Sons.  
Bring your old tires and have them double-sewed at WULFF'S Garage.

A Wagon Sheet that formerly cost \$6.50 is now only \$12.60. Sherman was right.

O. D. Mann & Sons.  
Have your tires vulcanized before they get too bad. WULFF'S Garage.

Evangelical Lutheran Services.  
There will be Divine services next Sunday at the Episcopal church, beginning at 3:00 o'clock.

A. GODE.

Bronchial Trouble.  
Mrs. A. E. Sidenberder, Rockfield, Ind., states: "For an attack of bronchial trouble which usually assails me in the spring I find Chamberlain's Cough Remedy the only thing that gives me relief. After using it for a few days all signs of bronchial trouble disappears."

Blasting Powder, Dynamite, Caps and Fuse.  
O. D. Mann & Sons.

Twelve years of service in the Cleaning and Pressing business in Brady, makes us feel we know the people's wants, and know to give satisfactory service. Call 148 and "Callie" will do your work right.

MANN BROS.

The Quinine That Does Not Affect the Head  
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness or ringing in head. Remember the full name and look for the signature of E. W. GROVE. 50c.
