"Your Money Back If You Want It"

ALL DRAFT CALLS RE-INSTATED BY PROV. MARSHALL

Provost Marshall General Crowder has lifted the ban placed because of the influenza epidemic, and has ordered all draft calls re-instated, with movements to begin on or after November 6th. Examination of all men between the ages of 19 and 36 who have been given Class 1 registration, was taken up Monday, and will be completed this week.

The local board has a call for one man to be sent to Camp Mabry as auto mechanic. B. F. Kirk of Stacy, a Class 2 man, will answer this call.

Two men will be sent to Fort Crockett at Galveston for heavy artillery service. Alton Brooks of Voca and George Cole of Rochelle will answer this call.

Eleven men are to be entrained for Camp Travis, and the following will be in this call:

- Agmond Leonard Eckland, Brady.
- William Zion Cornelius, Oklaunion.
- Melvin Scott Burk, Rochelle.
- James Ernest Amarine, Waldrip.
- Willie B. Carroll, Lohn.
- Walter Lewis Hobbs, Lohn.
- Lonnie Johnnie Milburn, Rochelle.
- Robert A. Tanner, Hubbard City.
- Othar Charles Williamson, Rochelle.
- Barney Gardner, Calf Creek.
- Willie R. Shafer, Port Lavaca.

Heavy calls for drafted men are expected in November and December, and all Class 1 men of between the ages of 19 and 36 are expected to be called into service by the drafts of this month and next.

B. L. MALONE & CO.

JEWELERS AND OPTICIANS

To the Faithful of Brady and McCulloch County:

Another opportunity is coming to every American to help "win the war." It comes in the form of a "War Work Campaign, Nov. 11-18, 1918, to raise \$170,500,000 to "follow the flag" with the "home influence" to the very front line trenches.

This is to sustain the Y. M. C. A., K. of C., Salvation Army, etc., in their army work here and "over there." All of them seeking to help the one cause of humanity. It is warmly commended and requested by President Wilson, Gen. Pershing and many others. It is said by those in position to know that it adds one-tenth to the fighting strength of our boys over there as well as ministering to their comfort and health. They have been doing business with Fritz in the last 90 days that he did not expect. Let's give them a cheerful and liberal response.

Yours in Service,

J. H. TAYLOR,
Pastor Baptist Church,

J. G. FORESTER,

C. S. THOMAS HERE TO MAKE THE LOCATION FOR WELL AT SALT GAP

J. E. MORGAN SPUDS IN ON SHALLOW WELL—PRAIRIE SPUDS IN ON DEEP TEST ON THE ZELLE TRACT.

The outstanding features of the week's developments in oil circles has been the spudding in of the shallow well on the Crothers tract, two miles north of Brady; the spudding in of the deep test by the Prairie Oil & Gas Co. on the Zelle tract near Lohn; the development of the Tucker Oil Co.'s shallow well in the Lohn field into a 30-barrel producer, and the presence here this week of C. S. Thomas to make a location for his well in the Salt Gap community.

J. E. Morgan Wednesday morning spudded in on his well on Survey No. 2, just about two miles north of the Union depot, and will test out for shallow oil. G. F. Taylor of Brownwood, who has the drilling contract, has a splendid rig of the biggest size made in Fort Worth, capable of drilling to a depth of 1500 feet, and with an experienced and capable crew in charge, expects to make rapid progress. Mr. Morgan confidently expects to strike the Ranger sand at less than 1,000 feet, although he has contracted to go that depth if necessary. Mr. Keenan, field manager for the Prairie Oil & Gas Co., was in the city the first of the week, and stated they expected to be ready to spud in on the Zelle tract on Wednesday of this week. All of the material is at hand and the beginning of operations has been delayed only by reason of the muddy roads which hindered hauling the material out.

Tucker Oil Co.'s No. 1 in the shallow field at Lohn has been thoroughly cleaned out and was given another test this week with the result that it is now said to be making between 25 and 30 barrels. The company does not wish to over-rate the well, however, and Manager W. F. Roberts, Jr., is content with the statement that it is making better than 20 barrels per day, which is considered a remarkable production for the shallow depth. The company is proceeding with the drilling of the other five wells contracted, Jobe & Russell spudding in on No. 2 Monday, and by Wednesday were already at a depth of 60 feet. As Well No. 1 was brought in at a depth of 214 feet, the drillers expect to complete each well in about a week's time. Hugh H. Tucker, president of the company, was here last Friday looking over the property held by his company, and expressed himself as highly pleased with developments.

Bowen-Day will probably resume

operations the early part of this month, and Mr. Day is expected back next week to superintend resumption of the work.

A. C. Hays of Leon, Kansas, was in Brady this week, representing the Douglas Oil Co., and making arrangements for rapid progress in the work preliminary to commencing operations. A carload of casing was received by the company last Friday, and was unloaded Wednesday. Five or six more cars of pipe are expected this week.

Mr. and Mrs. A. W. Cooper were over from Brownwood yesterday. Mr. Cooper states that his long-expected 15 1/2-inch casing arrived Tuesday and that they would start work at once to case in and remove the broken bit. By next week he expects to have everything in shape to make rapid progress on the drilling.

C. S. Thomas, accompanied by his brother, W. B. Thomas, of Los Angeles, Calif., is here this week to make the location on the Salt Gap well. Mr. Thomas states the rig has been ordered to conform with the machinery in use in Texas. The main difficulty experienced by Mr. Thomas in his operations here has been due to the fact that all tools for the White-land well were brought here from California. Mr. Thomas not having anticipated that the narrow-webbed bits used there would not hold up in the hard limestone encountered in Texas. This defect has been remedied and no further delays may be expected from this source.

While Mr. Thomas stated the object of his visit was to locate a well in the Salt Gap area, the exact location will not be given out until next week.

For more than a year Mr. Thomas has been possessed with the idea that the territory in the immediate vicinity of the common boundary between Young and Stephens counties offered

THE UNITED WAR WORK CAMPAIGN NOV. 11 TO 18TH

The United War Work campaign for \$170,500,000 in funds for the support of the seven great relief organizations at work among the soldier boys in France, and which have been recognized by the government, will open Monday, November 11th, and the campaign will continue for one week, closing on November 18th. The sum named has been placed as the minimum amount which it is expected to raise, and President Wilson has recommended that \$250,000,000 will be necessary, and should be raised during this campaign. McCulloch county's quota has been placed at \$7,500.

C. H. Vincent has been named the chairman of the campaign in McCulloch county, and, with characteristic energy and foresight, has already gotten the campaign plans well under way. He has organized his campaign workers, has secured adequate funds to thoroughly advertise the campaign and acquaint the citizens with its objects, and has sent letters to all of the precinct chairmen, advising them of the campaign and the need for cooperation and timely and effective work. Mrs. Herbert L. Wood has succeeded Mrs. Thos. Donnell, who has removed from the city, as chairman of the Women Workers, and will carry out the campaign plans already inaugurated by Mrs. Donnell.

The personnel of the War Work campaign, together with the precinct chairmen appointed, is as follows:

The following is the organization effected to carry on the campaign in McCulloch county for the United War Work campaign:

- County Chairman, C. H. Vincent.
- 1st Vice-Chairman, J. H. White.
- 2nd Vice-Chairman, F. W. Henderson.
- Treasurer, J. W. Townsend.
- Publicity and Distribution, C. A. Trigg.
- Speakers, F. M. Newman.
- Automobiles, W. N. White.
- Secretary, B. D. Black.
- Rural Work, W. M. Deans.

(Continued on Page 4.)

COW GAP MOOLINGS

Women Turning Green Tomatoes Into Chow Chow Since Cold Spell.

Brady, Texas, October 29th.
Editor Brady Standard:
Our fields are all beginning to look green now. The grain that was planted three or four weeks ago, is certainly pretty. The winter grazing will be a great help to the farmers, as feed is so high.

We have several new cases of the "flu." Mr. Chas Hillard and two children and Master S. A. Ohlhausen. We hear of lots of new cases near Lohn there being eight down in Mr. Bates' family.

Mr. and Mrs. Harvey Williams have the "flu."

Ferris Woodard of Houston came in Saturday to visit his wife and baby who is here with her mother.

Jess Shaver and family visited at John Fullager's Sunday.

Mrs. J. Newton and family, who have been sick the past two weeks, are improving, but slowly.

W. F. Roberts, Sr., is having some oats sowed this week.

Mesdames W. A. Newton, W. Browning and baby visited Mrs. N. C. McShan Monday afternoon.

Miss Willa Mae Dillard visited home folks Saturday night and Sunday. Miss Olive Dillard went back to Brady Sunday evening to start to school again.

This cold spell put the women folks to gathering their green tomatoes to make chow chow.

We Correspondents are going to remember O. I. C. U. R. Right's promise of the apples, and continue to be correspondents just in order to sample his apples.

SEED TICK.

STACY HAPPENINGS

Four Deaths in Gouldbusk Community from Influenza and Pneumonia.

Stacy, Texas, October 28.
Editor Brady Standard:
A number of good rains have fallen here the past week, which, on top of the rains the week before, puts a splendid season in the ground. Old Mother Earth is beginning to look green once more. Oats and wheat are coming up, and in some places is up enough for grazing purposes. Quite a large acreage is being planted here.

Mrs. W. A. Brown has returned from San Angelo, where she has been the past week to see her mother, who was quite ill with influenza. Her condition was somewhat improved.

Mr. and Mrs. Mack Dunn are the proud parents of a baby boy, at their home. The young man arrived Monday.

Lester Cox left the past week for Slador, Texas, where he went to see after some cattle.

Four deaths have occurred in the Gouldbusk community from influenza and pneumonia, Mr. B. H. Smith and 15-year old daughter being two of the victims.

SUNFLOWER.

No Worms in a Healthy Child
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

I am overstocked on Men's and Boys' Work Shoes. Will sell under manufacturer's cost.

L. G. ABNEY.

PEAR VALLEY WHISPERS

Prairie Oil & Gas Co. Expects to Begin Operations This Week.

Pear Valley, October 30th.
Editor Brady Standard:

Planting oats and wheat is still the order of the day here.

All of our influenza patients are up, and as there are no new cases, we are hoping that we are thru with the "flu."

We are glad to know that Coke Hanford, who is in training at Camp Travis, is much improved after being very ill with pneumonia. He is a brother of Mrs. Frank Faulkner.

Misses Dora and Bessie Smith were visitors at the Marshall home late Sunday afternoon.

The Prairie Oil & Gas Co. thinks it will be ready to begin drilling on the Zelle tract the latter part of this week.

Mr. and Mrs. Arthur Russell are back in Pear Valley again.

Mr. Jones and Prof. Taylor were at Brady Saturday on business.

"O. I. C. U. R. Right," we have missed your letters, so please don't remain away so long any more. I'm sure all the correspondents join me in hoping that you make a fine fruit crop next year.

NINE NEWS ITEMS.

School to Re-Open Next Monday—Closed on Account of Influenza.

Nine, Texas, Oct. 28, 1918.
Editor Brady Standard:

We are enjoying our first real winter.

Everybody is sowing oats and preparing for a bumper crop next year.

Mr. and Mrs. Ross Slaughter are entertaining a little lady at their home.

Our school which had been stopped on account of "Flu" will re-open again Monday.

We are always glad to see "Wonder Words" in The Standard, and we certainly hope the fruit crop is a success another year.

Grandma Smith visited Mrs. Scales last Sunday.

Mrs. Stanton has been on the sick list but is better now.

R. F. Pearson of Eden was a Nine visitor last week.

Robert Tabor of Thorndale, who has been visiting relatives at Nine and Eden, returned home Friday.

LITTLE WILLIE.

THEY ALL WONDER

What's the Latest in Batteries?

Battery improvements are every-day affairs.

Important improvements come only once or twice in a decade.

Experts agree that the most important battery improvement in years is the perfection of Threaded Rubber Insulation by Willard—the invention that indefinitely postpones the need of battery insulation.

We carry a full stock of Bone Dry Batteries—every one as brand new as the day it left the factory. You're protected against delay in getting a battery—and against getting one that isn't in every sense brand new.

Ask for a copy of the booklet "196,000 Little Threads." It tells the story of this remarkable battery.

Brady Storage Battery Co.
CHRIS BRANTLEY, Manager

FIFE FINDINGS

Casing on Hand for Bota Cooper and Tucker Wells.

Fife, Texas, October 30th.

Editor Brady Standard:

The recent rains have put a fine season in the ground, and if frost is late, a considerable amount of late feed will be made, and a few more bales of cotton. Small grain looks fine, and some farmers are already grazing it.

S. H. Mayo was here from Brady Thursday on business.

E. E. Bray was a visitor here from Waldrip Friday.

O. O. Hobbs returned last week from Burleson county, where he has been working this fall.

The casing for the Cooper test well has arrived, and work will commence again tomorrow. It will probably take four or five days to remove the broken bit and get it repaired.

L. M., B. C. and W. C. Cowan of Caldwell, Texas, were here this week prospecting.

Mrs. A. M. Long and Miss Sudie Cain were shopping at Brady Monday.

Louis Baker was here from Brady Tuesday, buying mules.

W. A. Miller returned from Dewitt county Sunday, where he has been picking cotton all fall.

School will open here next Monday, if the influenza epidemic does not break out again.

Raymond Cooper drove the Cooper truck over to Brownwood Tuesday after a load of casing for the Tucker shallow wells.

Mr. and Mrs. L. M. Farmer were shopping at Brady Monday.

H. D. Martin returned Saturday from Fort Worth, where he marketed three cars of cattle last week.

John Knight came in from Ranger last week to sow grain and start farming again.

E. Z.

About Croup.

If your children are subject to croup, or if you have reason to fear their being attacked by that disease, you should procure a bottle of Chamberlain's Cough Remedy and study the directions for use, so that in case of an attack you will know exactly what course to pursue. This is a favorite and very successful remedy for croup, and it is important that you observe the directions carefully.

Congoleum Rugs at less than Factory Price.

O. D. Mann & Sons.

INFLUENZA WORSE THAN HUN BULLETS.

Claiming More Victims Than Battle Fronts of Europe—Disease Can be Avoided.

According to carefully compiled statistics it is an indisputable fact that the Spanish Influenza epidemic which is now sweeping all parts of the country is daily claiming far more victims than German bullets on the battle fronts of Europe. Although civil and military authorities have succeeded in checking the disease in some localities, it is growing worse in others and continues to spread at an alarming rate. That the disease can be avoided there is no longer any doubt. According to leading authorities the powers of resistance of the human system can be so perfected that it can throw off almost any infection, not even excepting Spanish Influenza, which is one of the most contagious diseases known.

It is persons who are suffering from lowered vitality, who are weak and rundown and who have not the strength to throw it off who are the earliest victims. Persons who have bad colds, who are suffering from catarrhal troubles, or inflammation of the mucous membrane are especially susceptible, as the inflamed mucous membrane linings of the nose and throat are an open door to the germs. This condition is almost always accompanied by a weakened condition of the system.

If you are suffering from any of these symptoms, nothing on earth will build you up and strengthen you like Tanlac, which contains the most powerful tonic properties known to science.

This statement is easily proven by the fact that Tanlac is now having the greatest sale of any system tonic in the history of medicine. In less than four years time over Ten Million Bottles have been sold and the demand is constantly increasing. Thousands are using it daily for the above troubles with the most astonishing and gratifying results.

Tanlac will increase your strength and weight and create

a good, healthy appetite for nourishing food. It keeps you physically fit and helps every organ of the body perform its proper function in the natural way.

In connection with the Tanlac treatment be sure and keep the bowels open by taking Tanlac Laxative Tablets, samples of which are included in every bottle.

Tanlac is sold in Brady by Jones Drug Co.

RUSSELL WELL TESTS SIX-TEEN BARREL CAPACITY—SCHULTZ UNDER-REAMING

There are no new developments in the oil situation in any of the wells drilling in the Paint Rock section. The Russell well reports a 16-barrel capacity as tested in drawing off while drilling farther down. The Schultz well is still underreaming and has not reset its casing so as to shut off all water inflow. The Rowena well at about 1000 feet or less struck a small amount of oil with gas sufficient to burn at the mouth of the well. All these wells are drilling deeper and to stronger oil bearing sands.—Herald, Paint Rock.

Have You a Relative or a Friend In Service "Over There"?

Wouldn't He Enjoy Reading the News in the Home Paper?

Send us his name and correct address, and he will be entered on our Subscription list for as long a time as our voluntary subscriptions will pay for. Be sure the address is correct, as otherwise not only will he fail to get the paper, but it will merely be cluttering up the mail and serving no purpose.

Read the following article concerning the plan of getting the home news to the boys in the trenches 

LETTERS from our boys in the trenches and from the women in canteen and other war work, all bring to us the same message—SEND US NEWS FROM HOME.

World news is all right, but OUR BOYS want NEWS OF THIS TOWN. They want the home newspaper. Publishers are prevented from sending their papers free to anyone, even boys in the service. Consequently a national movement has been started by Col. William Boyce Thompson of New York, who is acting as President of the Home Paper Service of America to give the boys what they are calling for. Every community is joining the movement. Let us see that our boys are not forgotten.

Send to the publisher of this newspaper whatever amount of money you can—5 cents or \$50.00. We will publish a list each week of those contributing, and the amounts contributed.

Every cent received will be used to send this paper to our boys at the front. If at the end of the war, there is any surplus, it will be turned over to the local Red Cross Committee.

There is no profit in this to the publisher—even in normal times, subscriptions are not sold at a profit. With war prices prevailing, and the high rate of postage on papers sent to France, our cost will scarcely be covered by our full subscription price.

Remember that over in France, some brave soldier or sailor from this town—perhaps even some splendid woman working within sound of the guns—is depending on you to "KEEP THE HOME LOVE KINDLED."

They are calling to YOU from "Over There"
GIVE WHAT YOU CAN

The Plan

Our plan is to make up a list of all McCulloch county soldier boys now serving in France together with their correct addresses. To this end, we invite everyone of our readers to send in the names and addresses of McCulloch county boys serving on foreign soil. We will then take this list, and will use the money, as it comes in, to supply one copy of paper to everyone on this list. Then, as sufficient funds are accumulated, we will endeavor to keep the paper going to the entire list each week.

Next week we will begin publishing a list of names of contributors—and you may be sure the boys "over there" will look for and read the list. Also we will publish a list of the soldier boys to whom we will send the paper.

WILL YOU HELP OUR BOYS ABROAD?

Every Man, Woman and Child Can Join to Send News of This Town into the Front Line Trenches.

WHOLE NATION MOVES TO BANISH SOLITUDE

Our Heroes Are Calling From Over There—Give What You Can to Help Those From Home.

Every citizen interested in the boys of his home town now at the front, and in the brave women who equally are serving their country abroad, has an opportunity to show his appreciation of the sacrifice they are making. The opportunity comes as a result of the generosity and thought of Colonel William Boyce Thompson of New York, who has conceived and put into execution what is known as the Home Paper Service.

Under the plan, every man and woman in foreign service will receive the town newspaper, and so be kept in constant touch with the places and the people they know and love.

Every branch of the United States Government is interested in the plan. The Government realizes the importance of keeping those in the service happy and constantly in touch with their home ties and associations. Nothing is more depressing in a national emergency than the spirit of loneliness in those serving their country, and officials knew that nothing can dispel this feeling more effectually than reading the home town newspaper.

Publishers of newspapers in all parts of the country—this newspaper included—have grasped with pleasure the plan outlined by Colonel Thompson, and they have agreed to co-operate in every way.

Under the ruling of the War Industries Board newspaper publishers are forbidden to send their newspapers free, even to soldiers. The newspaper must be subscribed for in the regular way, the only exception being soldiers who formerly were in the employ of the newspaper and who left that service to enlist. Colonel Thompson therefore proposes that the public in each community contribute to a fund so that

the home newspaper (in our case this newspaper) may reach every man and woman now in the service of his country.

Anyone may contribute to the fund, and any sum may be contributed. It is not necessary to contribute the entire amount of one subscription. It does not matter whether the rich man sends in one hundred dollars or the poor boy or little girl sends in five cents. Each gift will be a message of love and helpfulness to the home town folks "Over There." The money will be lumped into one fund, out of which subscriptions will be entered as fast as the money is received.

Contributors who send in the full price of a year's subscription may, if they wish, designate to what particular person they wish the newspaper sent, but if the name given is already listed as receiving the paper, then the publisher reserves the right to apply the subscription to some less fortunate soldier boy or noble woman who is just as lonely for news of home and home folks.

The name of every contributor to this home paper service will be published in this newspaper, and the name of everyone entered for a subscription will be published as well as the number of those remaining whose subscriptions have not been covered.

If the amount of money received shall be more than is necessary to send the paper to every person from the town now in the service, then the balance will be turned over to the Red Cross.

The plan is endorsed by the publisher of this newspaper without any thought of profit, either directly or indirectly, but with a sincere desire to help keep the home fires burning and to send to our heroes and heroines news of our town, to keep their hearts warm for us and to let them know they are constantly in our minds.

The publisher, of course, cannot make a profit on circulation, and additional circulation such as this will be—circulation from non-purchasers sent far across the sea—can have no added value to the advertiser.

These facts are stated so that every contributor may feel that every cent contributed goes to the good cause.

The mothers of our boys are facing an ordeal with a bravery that commands respect and admiration. Here and there where tiny stars are turned from blue to gold, where anguish grips the heart, the nation stands in silence and honors the women who have given of their blood, the very bone of their bone, to their country. To them, home has lost its meaning—the soul of it has fled—there is no home, it is just a place, and no place is quite so lonely, unless it be within the hearts of those brave sons in far off France who long for just a word of home. There cannot be a man, there cannot be a woman, no, not even a child, who will fail to contribute just a little to make the hearts of these patriots lighter. Not one. Not in our town.

No one is barred from contributing to this list--no contribution is too large or too small, and every one will aid to "Keep the Home Fires Burning." Make this your Christmas gift to our Boys in France.

The government forbids us to send papers to anyone free, so we must rely upon voluntary subscriptions to keep the home paper going to our soldier and sailor boys.

BRADY, TEXAS, Nov. 1, 1918.

TUESDAY IS ELECTION DAY.

Next Tuesday is the time for holding the General Election in Texas. This is an occasion that many otherwise patriotic citizens either forget or ignore, upon the presumption that the Primary has settled all political matters, at least for a period of two years. Nothing could be farther from the facts. If every Democrat in Texas took this position, the Republicans or the Socialists or some independent candidate would have a walk-away for any of the offices in the state. Not only that, but since the representation in Congress is based upon the votes cast at the General Election, Texas would stand a mighty poor show of getting representation. As it is, the apathy of the voters of Texas on General Election day, has and is now depriving us of our just representation.

Then there are two amendments to the state constitution which should receive not only the consideration, but the support of every voter. One relates to the taking of testimony of witnesses in criminal cases by deposition, under certain circumstances, and which would not only expedite the trying of such cases, but would result in a great saving in the cost of such cases. The other relates to the furnishing of free text books in the public schools to children whose parents are unable to buy or provide them, the cost to be provided by the levying of a special school tax. Inasmuch as this tax is sure to be almost inconsiderable, especially when viewed from the standpoint of the resultant good, there can be no reason why the amendment should not carry with flying colors.

OPEN AND SHUT PLAN.

There is a plan on foot among the merchants to agree upon certain hours of opening and closing their stores, and it has been suggested that the hour of opening be placed at 8:00 o'clock, and the hour of closing at 5:30 for the winter months. This plan finds favor among many, and is urged in the interest of conservation of time, light and fuel, since this will give ample time during the day to attend to all the business at hand. Of course, an exception will be made of Saturday, when the stores will remain open later.

Some of the business men say they need the extra time to chop stove wood since they have not been able to buy a sufficient quantity of coal, while others figure they could save fuel at home by remaining 'neath the covers of their warm bed. Any way you look at the proposition, it appears a good one, and the merchants would do well to take it up, and urge their customers to arrange their shopping so as to enable a strict observance of these hours.

C. S. THOMAS HERE

(Continued from Page 1.)

a great opportunity for oil development. During his visit here he gave out the information that he and his associates had just closed a deal for some several thousands of acres of land in what is known as the Briar Bend, on which they will erect a standard rig before the 1st of the year, and the drilling will be carried to a sufficient depth to evidence their faith in the territory. The friends and acquaintances of H. E. Becker, who has been associated with Jack Tait in the operations on the Thomas well at Whiteland, while glad to know of his being put in charge of the work in the Briar Bend section, will nevertheless sense a true regret at his leaving the Brady community. Several of the biggest Texas companies have recently acquired acreage in the general territory of Mr. Thomas' Briar Bend holdings to the extent that at least eight new locations have already been made, with two drilling at the present time, and five with derricks already completed or under construction. Anyone who may have heretofore been apprehensive because of the seemingly slow progress in the Whiteland well, may be reassured by the fact that the men back of Mr. Thomas are of the type that will acknowledge defeat only when success has been proven beyond the scope of human endeavor.

Another announcement made by Mr. Thomas of interest to Brady citizens is that Jack Tait will remain here and will have charge of operations on both the Whiteland and the Salt Gap wells. Mr. Tait has leased the C. C. House residence, and will bring Mrs. Tait and family here to make their home. The suit brought some time ago by J. A. Henton of Melvin for the annulment of an oil and gas lease given Meers Bros., on the ground of insufficient consideration, has been compromised and settled out of court.

J. C. HARBER PURCHASES THE WONDER STORE FROM G. A. KRUEGER—ENLARGES SAME

J. C. Harber last Saturday purchased the Wonder Store, conducted for the past five or six years by G. A. Krueger, taking immediate possession. Mr. Harber is this week re-arranging the stock in order to add show cases and counters, and also shelving for dry goods, laces and embroideries and notions. He will add a line of shirts, collars, ties and novelty goods, and expects to conduct an up-to-date notion store. Mr. Harber was for a number of years engaged in the dry goods business in Mason, and for several years past has been with Wilensky Bros., which position he resigned because of the opportunity offered to engage in business for himself. He is a thorough-going business man and will make a success of his new venture.

Mr. Krueger has been confined to his home the past four weeks by a severe spell of typhoid, and retires from business to recuperate his health and strength, and until then has made no plans for his future activities.

TO CREDITORS OF W. H. DIAL ESTATE:

All persons having claims against the estate of W. H. Dial will please present them to T. A. Dial, whose post office address is Brady, Texas. The heirs of W. H. Dial have given T. A. Dial power of attorney to collect assets of the estate and settle the debts without administration, and he will use the assets belonging to said estate to pay the debts of the estate in the order provided by law for payment of debts by an administrator.

Witness my hand this 23rd day of October, 1918.

Montgomery—J. E. Spiller.
Claxton—E. J. Howard.

A circular letter authorized by Chairman Vincent and sent by Secretary Black to all of the precinct chairmen, sets forth the objects and endeavors of the campaign as follows:

The following letter has been sent by Secretary Black to every precinct chairman of the McCulloch County Council of Defense, who is also chairman for his precinct of the United War Work campaign, the letter being authorized by County Chairman C. H. Vincent:

"I am writing you in the interest of our boys in the camps and in the trenches. We are proud of them, and justly so, because of the example they have set before the world. They have presented themselves to their government clean and have received the very best attention regarding their morals that our Government could give. They are fighting for America's glorious ideals, and we cannot fail them while at home.

"The President and the War Department have recognized the Young Men's Christian Association, the Young Women's Christian Association, the National Catholic Workers' Council, the Jewish Welfare Board, the Salvation Army, the American Library Association, the War Camp Community Service as accepted instrumentalities through which the men in the ranks are to be assisted in many essential matters of recreation and morals.

"Never before in the history of the world has the morals of any army been so mobilized as has been the case with the American army. It should make every true American parent feel proud to know that the morals of our boys are thus safeguarded. Never before in the history of the world has any group of men shown such patriotism and bravery as have our lads and lassies. Why is this true? I ask you to think with me. Why are they such good fighters? Certainly it is not because they are better equipped than their enemies as regards guns and ammunition. The war officials say that it is due to the moral training our boys have had and are getting. Our Government from its beginning placed wholesome entertainment and recreation about these boys. Our boys are clean and fighting with pure motives. That is why we are winning this war.

"President Wilson has requested that we put on a United Campaign for all the associations mentioned above, and let it be one instead of seven. It will save time, energy and expense. This county has been assessed seven thousand five hundred dollars for all these funds. This is about ten dollars for each boy sent from this county for a whole year. Not too much is it? Do all you can to get this cause before the people in the right light. Literature will be sent you.

We Have Left a Few New Emerson Disc Harrows

We Have Them With or Without Tongue Trucks

With the New Emerson Force Feed Seeder Attachment for One or Both Sides

There is nothing that will plant your wheat and oats better than one of these Emerson Disc Harrows with seeder attachment. We can save you money on these while the old stock lasts. They will all be sold in a few days.

CAPT. CLEVELAND SAMMONS PROMOTED TO MAJOR—IS IN CHARGE DETENTION CAMP

Brady friends were highly gratified this week to note in the Fort Worth papers of the promotion of Captain Cleveland Sammons to the rank of Major. Major Sammons is in charge of the Detention camp at Camp Bowje, and, as a former Brady boy, all his friends take pride in the honors which he has won.

United War Work Campaign

For at Least \$170,500,000.00

NOVEMBER 11-18th, 1918

The U. S. War Department has recognized seven organizations for War Relief: Y. M. C. A., Y. W. C. A., War Camp Community Service, American Library Association, National Catholic War Council, Jewish Welfare Board and Salvation Army. An insight into the work of these organizations is given in the following:

WELD SEVEN WAR WORK AGENCIES INTO RELIEF ARMY

Great Organizations Which Are Helping to Keep Up the Morale of Fighting Millions Unite in Campaign for \$170,500,000.

With millions of American men on war fronts, in training camps and on the seas and with thousands of American women on foreign soil, all engaged in the stupendous task of making the world safe for democracy, a great duty devolves upon those who remain in the United States,—the duty of sending Home to those who have put Home behind them for the period of the war. The agencies through which this can be accomplished are joined in the United War Work Campaign.

From being given the cigarette or

chocolate bar, with which he stays his hunger in the fury of battle, to the theatrical entertainment or the athletic games, which relax him into normal comfort after weeks of terrific combat, the American fighter is dependent upon the continued efforts of the Y. M. C. A., the Y. W. C. A., the National Catholic War Council and K. of C., the War Camp Community Service, the Jewish Welfare Board, the American Library Association and the Salvation Army. To carry on this work the combined welfare organizations are seeking a fund of \$170,500,000.

The Y. M. C. A. provides 533 huts in American training camps and more than 800 in the war zone as centres which the fighters can use as clubs, schools, theatres, stores, churches, libraries and writing rooms. More than 7,000 men and women had been sent overseas or approved for overseas work by early autumn and 3,822 were serving in American camps at home.

Y. M. C. A. huts are the canteens of the American Expeditionary Force and are the theatres where the American entertainers, sent over by the "Y," appear. Noted American public men and clergymen speak in the huts. Classes are conducted there. Millions of letters are written there on paper provided free by the "Y." Physical directors of the "Y" teach and spread mass ath-

letics, using material furnished free by the organization.

The Y. W. C. A. does similar work for the thousands of American women in war work overseas—signal corps telephone operators, nurses and French munition workers. It provides cafeterias, rest and recreation centres, entertainment and reading for these women and girls.

The Y. W. C. A.'s outstanding contribution to soldier welfare work in training camps was the establishment of Hostess Houses, where the soldier or sailor may receive his mother, wife, sister or sweetheart in the surroundings and atmosphere of the best homes.

The National Catholic War Council co-ordinates all Catholic welfare work in support of the government and through the K. of C. provides club-houses for our fighters in all American training camps, as well as having seventy-five centres in France and three in England. In their huts the K. of C. provides entertainment, movies, boxing bouts, educational work, religious services, free stationery, reading matter and writing rooms. In France their rolling canteen accompanies the American army, their secretaries march with the troops, giving away cigarettes, cookies, chocolates, soap and towels.

The K. of C. had 300 workers in France at the beginning of autumn,

with 450 more passed by the government and 200 others signed up. At the same date they had 468 secretaries in American training camps, 150 buildings, fifty-six more in the course of erection and contracts let for fifty more.

War Camp Community Service functions exclusively in America, its special mission being to "surround the camps with hospitality." In place of leaving the soldier or sailor to the promiscuous companions and diversions formerly his lot, the organization obtains for him the best to be had in communities adjoining camps or through which he passes.

W. C. C. S. obtains for him invitations to dine, bathe or spend the day in the best homes. It introduces him to the best women and girls at social gatherings, church entertainments, theatre parties. It arouses communities to provide concerts, athletic contests and other wholesome diversions for the soldier, and to drive out or discourage the vicious elements which have been historic camp followers.

The Jewish Welfare Board is correlating the strength and purposes of 100,000 Jewish soldiers, sailors and marines with that of the Gentile soldiers. The board teaches the English language, American civics and ideals to thousands of young Jewish men who were inducted into service after only a few years' residence in this

country. While safeguarding his religious rites, the board assists in the process of welding the Jewish soldier into the solid American unit and in bridging over the differences between him and the others.

The American Library Association is providing reading matter for every American soldier, sailor, marine and prisoner of war. In addition to gathering and forwarding three million books contributed by the American people the association bought 560,271 books, mostly technical, of which 198,267 were sent overseas. More than 1,500,000 books of all kinds have been assigned to libraries in Y. M. C. A., K. of C. or Salvation Army huts in the war zone, a similar number being distributed in American training camps, while half a million are on warships or transports. The association has erected and operates forty-one library buildings.

The Salvation Army, with 1,210 workers, principally women, overseas, has won the affection of the fighters. Its 501 huts, rest and reading rooms are popular gathering places for the soldiers. The doughnuts fried by Salvation lassies in huts or trenches and given to the men have become famous around the world. The Salvation Army gave forty-four ambulances to the American and Allies' armies and in many other ways gives constant unselfish service.

These Seven Great Organizations at President Wilson's request, have combined their appeals for funds into one vast, nation-wide campaign. They must have funds to continue their grand and glorious relief work. Here is how the \$170,500,000 fund will be pro-rated among the seven organizations:

MCCULLOCH COUNTY'S QUOTA IS \$7,500.00

On account of the influenza epidemic, it may be impossible to have open meetings; consequently every precinct chairman should organize and *thoroughly* canvass his Precinct.

United War Work Campaign Program

The campaign begins on Monday morning, November 11, and ends at midnight on Monday, November 18.

As approved by representatives of the Government at Washington the \$170,500,000 will be divided as follows:

Y. M. C. A.	\$100,000,000
Y. W. C. A.	15,000,000
National Catholic War Council (including Knights of Columbus)	30,000,000
War Camp Community Service	15,000,000
Jewish Welfare Board	3,500,000
American Library Association	3,500,000
Salvation Army	3,500,000

Any surplus will be divided pro rata.

EVERY PRECINCT CHAIRMAN MUST DO HIS PART

The Texas Oil Fields

A WORD WITH THOSE WHO OWN AND OPERATE THEM, or who wish to become identified with them—HOW CAN WE CO-OPERATE in our mutual interest? Permit us to suggest HOUSTON has the TEXAS, LOUISIANA, MEXICAN, OKLAHOMA and KANSAS PETROLEUM FIELDS, from which to draw—THE COTTONSEED, PEANUTS and CASTOR BEANS of the same zone, and the COCOANUTS of the TROPICS—HER GREAT SHIP CHANNEL furnishes unsurpassed sites for REFINERIES, OIL MILLS, STALL FEEDING PENS, AND PACKING HOUSES. Her SHIP CHANNELS PUT her IN TOUCH WITH EVERY PORT ON EARTH, by tide-water. HER GREAT RAILWAY SYSTEMS will ultimately connect her with EVERY RAILWAY STATION ON THE CONTINENTS OF THE WESTERN HEMISPHERE. GREAT PIPE LINES are being constructed to CONNECT HER WITH THOSE FIELDS.

HOUSTON CAPITALISTS have been long enough identified with the oil industry to know its great wealth producing possibilities, and are ready to aid in financing those of real merit. THE REPRESENTATIVES OF THE LARGEST OIL INTERESTS OF THE GLOBE are gathering to her for headquarters. What other port on earth can offer such an array of facts to ENTERPRISE and CAPITAL, to make of it THE WORLD'S OIL CENTER? HERE IS THE PLACE TO MAKE YOUR CONNECTIONS.

If you wish to engage in the oil industry, we can furnish you SITES FOR REFINERIES AND OIL MILLS, LAND TO DRILL, PRODUCING OIL PROPERTIES, PRODUCTION, ROYALTIES. Draw your papers and obtain your CHARTERS FOR YOU, under THE LAWS OF TEXAS, and secure CAPITAL TO AID ANY LEGITIMATE OIL INDUSTRY that has made sufficient development to demonstrate that it possesses real merit, the owner of which is willing to give capital an equitable division in the profits. If you wish to EXAMINE THE MAPS of the different fields, or the counties in which they are located, we have them.

If you want to BUY IN, or SELL OUT, an INTEREST in any property, and don't want to be known in the transaction, if we are situated so as to permit us to take the business, we will give it our best capacity.

If you are a LAND OWNER, you will find it to your interest to COMMUNICATE WITH US.

(a) If you wish to SELL YOUR LAND, OR TO SELL THE MINERAL RIGHTS in it, or to DIVIDE THE GAMBLE, by selling part of your mineral rights and get some READY CASH NOW and hold part, or if you want to get it drilled for oil and other minerals, or if you have contracted your mineral rights and are not getting SATISFACTORY RESULTS, if you want your LAND SURVEYED, if there are DEFECTS IN YOUR TITLE and you WANT THEM CURED.

(b) If you WANT TO BORROW MONEY ON YOUR LAND in sums of less than \$10,000, the FARM LOAN BANK is in HOUSTON, and is your best source to acquire money at LOW INTEREST and ON LONG TIME. I can serve you in the details necessary to secure loans from this bank. If you want to borrow MONEY IN SUMS OF \$10,000 up to \$100,000 or more, and your lands are good security for it, I can get you the money.

If you see A BUSINESS POSSIBILITY FOR YOU, in this ad, suggest it to me, and let us SEE IF WE CAN DEVELOP IT, in our mutual interest.

J. S. DAUGHERTY
Drawer 1776 Houston, Texas

DEEDS, OIL AND GAS LEASES RECORDED DURING MONTH OF SEPTEMBER

The following is a partial list of the deeds, oil and gas leases and assignments filed for record during the month of September. Each week Standard will publish a list including the oil leases, assignment of oil leases and real estate deals as they are filed for record, thus giving our readers complete information along this line.

Oil and Gas Leases.

W. D. Trotz to L. Zweig and H. Zweig, 45 acres, part of Johann Waldschmidt Surv. 1713, Abst. 1425, Cert. 517, in McCulloch and Concho counties; \$50.00.

IT'S SURPRISING

That So Many Brady People Fail to Recognize Kidney Weaknesses.

Are you a bad back victim? Suffer twinges; headaches, dizzy spells?

Go to bed tired—get up tired? It's surprising how few suspect the kidneys.

It's surprising how few know what to do.

Kidney trouble needs kidney treatment.

Doan's Kidney Pills are for the kidneys only.

Have convinced Brady people of their merit.

Here's a Brady case; Brady testimony.

Kidney sufferers hereabouts should read it.

Mrs. T. S. Wood, says: Doan's Kidney Pills strengthened my back and gave me relief from headaches, dizzy spells and nervousness. I had used another Kidney medicine before, but Doan's Kidney Pills gave me the best results.

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wood had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

LETTERS TO SOLDIERS ARE DELAYED BY INDISTINCT ADDRESSES—TYPEWRITE SAME

There are some who complain that they are unable to get letters to soldier boys in France. It is stated on good authority that whenever the mail clerk come to an address that is poorly or indistinctly written, the letter is tossed aside to await a more leisure moment for deciphering. So it is best, whenever possible, to have the address on your letters typewritten, which will assure their being easily read and promptly forwarded.

Another point that all writers are to be cautioned upon, is to write the address American Expeditionary Force, out in full, instead of using the initials A. E. F. These initials are applied also to the Australian Expeditionary Force, and mail so marked is very apt to be delivered to that body of men instead of to our home boys.

Guns and Ammunition. O. D. MANN & SONS.

For any itchiness of the skin, for skin rashes, chaps, pimples, etc., try Doan's Ointment. 60c at all drug stores.

How about your watch? Is it keeping correct time? If not, let us remedy the trouble for you. Satisfaction guaranteed. A. F. Grant, jeweler, east side square.

Call for Schumacher Feed if you want something especially good for cows or hogs. We have a new shipment just in. MACY & CO.

Sleep and Rest.

One of the most common causes of insomnia and restlessness is indigestion. Take one of Chamberlain's Tablets immediately after supper and see if you don't rest better and sleep better. They only cost a quarter.

BRADY BOY APPOINTED CORPORAL OF CADET CORPS AT PEACOCK MILITARY COLLEGE

No matter where Brady boys go, they appear to have the knack, and, more especially, the qualities, to "make good," and that right from the start. It was so when the First Officers Training camp was established, and on down through the various increments of drafted men—almost invariably Brady men were among those picked for promotion.

This happy faculty of being "there" appears to apply with equal force to even the younger men and boys, as witness the appointment of Vernon Jordan, son of Mr. and Mrs. H. P. Jordan of this city, to corporal of the Corps of Cadets of the Peacock Military College at San Antonio. Vernon is a first-year man at this military training school, having just entered this fall, yet he was one of thirty students out of the entire body to be honored with promotion to the rank of an officer.

It is a mighty nice thing to reflect that Brady boys bring honor to the home town and the home people no matter where they go.

Large stock Tubs and Buckets—get our price before buying. Broad Mercantile Co.

Regulate the bowels when they fail to move properly. HERBINE is an admirable bowel regulator. It helps the liver and stomach and restores a fine feeling of strength and buoyancy. Sold by Central Drug Store.

MODERN STRATEGY

All life-time is a school of strategy—a game of war upon germs and tendencies which, unless thwarted, weaken the system and invite disease. Modern health-strategy dictates the use of

SCOTT'S EMULSION

as a reliable means of thwarting the enemies of strength. Scott's is Nature's ally and its rich tonic and strength-supporting properties are known, with satisfaction, to millions. Build up your strength with the nourishing qualities of Scott's Emulsion.

GOVERNOR ENDORSES FREE TEXT-BOOKS; ASKS PEOPLE TO SUPPORT AMENDMENT

Governor's Office
Austin, Texas

October 21, 1918

The free text book amendment to the Constitution of Texas to be voted on November 5th offers the opportunity for the most forward step ever taken to advance general education in Texas. When text books are made available alike to the poor and to the rich it is putting the same sort of Democracy in the public schools of the State that our ar-

Governor Wm. P. Hobby

nies are seeking now to spread throughout the nations of the earth. Free text books will prove a fitting companion to the compulsory education law. Each will help the other. Compulsory education will be made easy when free text books are available, and free text books will become usable because of compulsory education.

When the world is democratized education will possess a higher value than ever before, and so it is a propitious time to put education within the reach of every child and at the same time remove the burden that has heretofore been a part and parcel of education in Texas. A vote for free text books is a vote for education and democracy.

W. P. HOBBY,
Governor of Texas.

"A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better. In fact, cured me. It has been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid female tonic.

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists.

Editor Gets Into Trouble.

They tell lots of tales on the editors, but this is a new one:

The editor went to attend a party given by one of his neighbors, where just a few weeks before the home had been blessed with a baby. The hostess met him at the door and after the usual salutation, he asked after the baby's health. The lady was hard of hearing, had a bad cold, and thinking he was asking about herself, answered that although she had one every winter, this was the worst she had ever had, it kept her awake at night a great deal and at first confined her to her bed. Then noticing the editor acting very strange she said she could tell by his looks that he was going to have one just like hers, and she asked him to come in out of the draft and sit down.—Ladies' Home Journal.

TARRANT COUNTY GETS INSTRUCTORS FOR PLAYGROUNDS

WAR WORK COUNCIL OF THE Y. W. C. A. TO TEACH PLAY IN FIVE SCHOOLS

Fort Worth, Texas.—Tarrant County schools are to have a playground-recreation teacher for five of its county schools, to be provided by the Young Women's Christian Association, through its War Work Council, Miss Mary R. Parsons of Fort Worth acting for the association in conjunction with County Superintendent Carroll and J. F. Tarlton, who is in charge of the city playgrounds.

The recreation-playground teacher or secretary, will have charge of five schools, giving one day each week to each school. About one hour will be given to children of the lower grades and she will aid in making the play of all children during their recesses more valuable and cause them to reach as many children as possible.

Superintendents Kookon of Arlington, Clemens of Everman, Howard of Keller, Miller of Saginaw and Whitener of Handley have discussed and approved the plan, and according to indications, their schools will be the first group of five to secure the services of a recreation teacher from the War Work Council.

SURGEONS DEPEND ON NURSES, NURSES LOOK TO Y. W. C. A.

Paris, France.—When the tide of wounded flows in, surgeons work at lightning speed, with such trained assistants that an outstretched hand receives the proper instrument, aseptic, and ready for instant use. The American doctors prefer American nurses for this work, and American wounded are almost miraculously improved by the presence of nurses from their own home country.

When the endless procession of wounded comes in, not infrequently these nurses have worked as long as seventeen hours among the tortured men. When they go off duty, the problem of the Young Women's Christian Association secretary is their physical and spiritual restoration, that they may continue their work for the men rather than become themselves objects of medical care.

"Our secretaries labor indefatigably to bring a touch of friendliness to the nurses," says Miss Ethel C. Scribner, formerly secretary of the Association at the University of Colorado, now wearing the Blue Triangle in Paris. "Our efforts to keep them fit for their work ranges all the way from furnishing a glass of iced lemonade to washing their clothes and darning their hose. Secretaries and nurses alike are working under high pressure, but sweetness and unselfishness abounds."

KIPLING'S HOME HOUSES GIRL'S PATRIOTIC LEAGUE

Battleboro, Vermont.—Rudyard Kipling's old home here is now used by the Girls' Patriotic League and Miss Grace Holbrook who occupies it, is caring for the girls and women employed in the stores and factories of the city. Miss Holbrook's official title is Secretary of the League, an organization devised for girls by the War Work Council of the Young Women's Christian Association.

Some three hundred girls have enthusiastically undertaken patriotic work under the shadow of the home of England's most virile writer. They put the Junior Red Cross over the top early in the campaign, surpassing all expectations. They have also aided in the clerical work of the War Chest Campaign, as well as carrying their full share of the other work assigned to them.

"It may seem strange to some men," said the secretary, "that it was in Kipling's home that plans were devised to make the city dry. Yet such was the case, and the League rendered valiant but unforseen service in that work."

WOMEN MUNITION WORKERS ARE CHEERED BY Y. W. C. A.

"I can't sleep at night for fear I have overlooked a defective or inaccurate part," exclaimed a girl inspector of torpedo parts, to the secretary of the Young Women's Christian Association, who sought to improve her living conditions. The conversation was at a dormitory near an American munitions plant.

"In this plant are made many, many torpedoes. I can't remember how many pass, in part, through my hands for examination and rejection if they are not perfect. I should like to think how many American lives might be lost through my ignorance or carelessness."

Cheered by the secretary, and brought back to normal, she returned to her exacting work, no longer a victim of "nerves."

CHICAGO'S SOCIETY WOMEN IN CAMPAIGN

LEADING WOMEN HELD TO RAISE OVER \$500,000 FOR SALVATION ARMY WAR WORK IN FRANCE

Chicago.—Pedestrians in Chicago's busy business districts have been attacked on all sectors by an army of pretty girls, wearing the poke bonnet insignia of the Salvation Army. Each carried a little tin box for contributions to the Salvationist overseas fund and a broad smile. No limit either was set for the amount to be dropped into the tin box. And each contributor was given a little "honor" tag, signifying that he or she had bought a cup of coffee and a couple of sinkers for some "Buddy" over there.

It is estimated that no less than 10,000 workers—all volunteers—have joined in the campaign which in point of interest has not been surpassed by any previous war fund drive. Rich and poor alike are doing their bit. The State Council of Defense has the campaign under its auspices with L. E. Myers, chairman of the Cook County Auxiliary as drive chairman and Mrs. J. Ogden Armour, wife of the millionaire packer, as head of the women's organization. The Chicago Association of Commerce has divided every trade subdivision of the city under separate "drive" heads and a committee has started a crusade in each. It is an exceptional feature that every campaign division was either doubled or tripled, voluntarily, the quota assigned to it.

In addition to a booth at every street corner in the business district, manned by squads of women and each booth with a soldier and Jackie escort, not a point of vantage has been overlooked. There are booths in every hotel, in every department store and in every club. Autos are stopped in the street and asked to contribute and every elevated and suburban train is met

PANCAKES FOR THE SOLDIERS' BREAKFAST

SALVATION ARMY IS SERVING THEM HOT AND JUST LIKE MOTHER USED TO MAKE.

Pancakes are the latest Sunday morning culinary innovation provided by the Salvationist nutment lassies who are working up close to the front line trenches in France.

Captain Geneva Ladd, one of the American Salvationist girls, who is going through shell fire and gas "over there", in a letter received in Chicago, had this to say about pancakes and doughboys:

"Pancakes are now the Sunday morning treat for the boys and we make thousands of them. We usually start pancaking at 8 o'clock in the morning, and the other morning at 11 o'clock the line was still so long of boys waiting that you couldn't see the end of it.

"We serve four to a boy in the first line, and more if he can get back again for seconds, or 'butts' as they call them. Maybe it isn't a big job serving these cakes hot! And if you think it isn't a job choose a real hot July morning and have a real hot fire, and wear a soldier's all-wool O. D. shirt, and it's a grand and glorious feeling."

Telling of the "make-shift" but which it has been necessary to use up at the front in that sector, Captain Ladd says:

"The boys like the meetings and how they sing! You should see the place we have in our town. Before the civilians left the place was used as a cafe. We have what was a bar-room with marble tables in it. The bar we use as a canteen, and sell chocolate instead of beer. A sign up reads in French: 'Keep your feet off the brass rail.' A room off the bar-room was a clubroom, so we have a Victrola and piano and comfortable chairs, where the fellows spend much of their time."

SALVATION ARMY IS WIPED OUT BY KAISER

KAISER DESTROYS ORGANIZATION IN GERMANY AND DIRECTS SPECIAL "HATE" AT HUTS AND WORKERS.

Paris.—According to advice received here, the Salvation Army in Germany and Austria has been wiped out of existence by order of the Kaiser, not only because it was founded in England, but because Salvationists from all over the earth are in the trenches fighting under the various flags of the Allies. The fact that the American, Salvationist relief workers have been made a militarized part of the American Expeditionary Forces, and have been working in the front lines with our boys, it is believed to have had considerable to do with the Kaiser's action. For the last six months the Huns have strenuously attempted to "kill off" American Salvationist lassies who are working in the advanced zones, as they have women of the Red Cross, frequently subjecting them to terrific shell bombardments and gas attacks.

Next Tuesday Nov. 5th will be a legal holiday

JUNIOR RED CROSS

ATTENTION, JUNIORS.

The McCulloch County Juniors responded beautifully to the "Seed and Shell Call." We have shipped 2,780 pounds, but, remember, the boys "over there" are still fighting and need gas masks. Mrs. R. A. King, chairman of the Conservation committee, says to continue to bring the seeds, as she wants to ship every seed and shell in McCulloch county.

Now the Government is asking us to procure tin and platinum. Tin foil of every kind should be saved. Save the foil chewing gum and chocolate come in, the foil wrapped by florists around flowers, foil from cigars and cigarettes. Save the collapsible tubes in which you get tooth paste, salve, liniment and paint, and save pewter articles—bent or even broken, they can be used in producing tin.

Platinum will not be as easy to collect as tin, but many people have on hand old jewelry, brooches, pins, rings, mesh bags, cigar cutters, studs, etc., for which they have no further use. The government needs all the above-mentioned things and when you have collected enough, keep account of the number of pounds of each kind and send them to the Red Cross work room, and they will be shipped. The money received will be deposited in Chapter school treasury and each auxiliary is asked to keep an accurate account of the amount sent so no mistakes will be made. McCulloch County Juniors have always gone over the top in everything they have been asked to do, so let's not fall short on seeds and shells, and tin and platinum.

Making of Scrap Books.

A quota of 100 Scrap Books has been assigned to McCulloch county, the French commission having requested the Red Cross to furnish them each month with a large quantity of story books for soldiers in the hospitals abroad. The books are to consist simply of a light paper cover including one short story and perhaps a few jokes and amusing pictures. If found in this way, they weigh practically nothing and are easily handled by the sick and wounded.

Since most of the schools of the county are closed now, there is no way to get this request to the Juniors, except through the county papers. Each

child in the home is requested to make at least one scrap book. However, none should be made in homes where cases of influenza are had for fear of possible spread of the contagion.

Suggestions for Making—To take the leaves from a magazine, carefully remove the wire staple which holds the sections together. Separate the sections where they are glued together. If a part of some other article covers the first or last page, it may be covered by a picture or poem, or some short article pasted over the other printed part. On some pages it may be desirable to paste several small clippings of jokes or pictures. These should be arranged as artistically as possible, that the page may be attractive as a whole. In fastening the leaves into the cover, lay the pages flat and sew through the fold of both pages and cover, and tie the ends of the thread on the inside of the book. Loose leaves and separate sheets may be fastened into the cover with paper fasteners. In pasting pictures on cover or pages, select pictures of good proportion in relation to the page. Consult the Art teacher regarding good spacing of the pictures. Each book should be marked with the name of the school in which it is made. This offers a field for the best work in printing which the children do, and which should be carefully and accurately done.

MRS. W. H. BALLOU,
Chmn. Junior Red Cross.

MORTUARY

Clayborn Strawbridge Winfrey.

The death of Clayborn Strawbridge Winfrey occurred at the Brady sanitarium Sunday, October 27th, at 12:45 p. m. death being caused by pneumonia, following an attack of influenza.

He was first taken ill on Tuesday two weeks ago with influenza, and at first his condition showed improvement. However, pneumonia developed Monday of last week, and his condition was at once recognized as serious. He was carried to the sanitarium, where everything that medical skill and careful nursing could accomplish was done to aid him in his fight for life, but all to no avail.

Strawbridge was born in Brownwood October 8, 1886, but came with his mother to McCulloch county in infancy, being raised at Voca, and making his home in Brady for the greater part of the time since growing to manhood. He was highly thought of by all who knew him, and his quiet disposition and habits of industry made him respected by all.

The body was carried to Voca for interment, the funeral cortege leaving the residence of Mr. and Mrs. P. A. Campbell at 1:00 o'clock. Funeral services were conducted at the Voca cemetery at 3:00 o'clock by Rev. T. L. Allen, following which the Voca W. O. W. lodge took charge of the body and laid it to rest with their solemn rites. Many beautiful floral offerings gave testimony to the esteem in which the deceased was held.

Surviving are his mother, Mrs. P. A. Campbell, one brother, Jack, in service in France, and a half-sister, Miss Mary Campbell.

Frank Webb, Jr.

Frank Webb, Jr., son of Mr. and Mrs. Frank Webb, died at 12:00 o'clock Monday noon. The little lad was first taken sick three weeks ago with dysentery, but after a severe siege, was thought to be improving. Last Saturday he was suddenly taken worse, paralysis of the bowels having developed, and this caused his death two days later.

The little lad was born in Galveston September 22, 1913, and with his mother and older brother had lived in Brady the past year, Mrs. Webb com-

ing here to look after property in the Placid community, and which was held in the name of the children. He was a sweet and lovable little child, being unusually bright for his age, and was adored by everyone. In his fight for life, he was given every aid and attention that his faithful and devoted mother, as well as neighbors and friends could render, and his passing away not only brought grief to his own loved ones, but to all his playmates.

Mrs. Webb's brother, Joe Sheehy, of Floresville, and sister, Miss Mary Sheehy, of Sutherland Springs, arrived Sunday night in response to a message announcing the serious illness of their little nephew, and were at his bedside when the end came. Mr. Webb was unable to get here.

The body was carried Tuesday to Sutherland Springs, funeral services being held Wednesday, and interment was made in the family burial ground at Stockdale cemetery.

Many telegrams of condolence were received by the family in their sorrow and the citizens join in grieving at the loss of their dear one.

Marshall Jordan.

The death of Marshall Jordan occurred at Coleman yesterday morning at 8:00 o'clock, following a relapse from pneumonia with which he had suffered two weeks. His brother, W. L. Jordan, of this city was notified of his critical condition, and he and Mrs. Jordan left early yesterday morning to go to the bedside of the sick man. His death, however, occurred before their arrival.

The deceased is a son of Mr. and Mrs. P. D. Jordan of Lohn, and is well known in this county. For the past ten years or more he has been engaged in stock farming in Coleman county. His widow is a McCulloch county girl, the daughter of J. M. Carroll of Lohn, and she, with two children survives; also his parents and three brothers and two sisters.

The body will be brought to Lohn for burial, which will take place this afternoon.

Dee Blackwell.

The death of Dee Blackwell occurred Friday, October 25th, at Bisbee, Ariz., following an illness with pneumonia. The body was shipped to Brady, and funeral services were held Monday afternoon at 4:30, Rev. J. H.

Taylor conducting, and interment was made in Brady cemetery.

Deceased was a son of Mr. and Mrs. J. H. Blackwell of this city, and was raised in McCulloch county, and was well known here. He left McCulloch county some eight or ten years ago, and has since been located in the West. News of his serious illness was had by his parents only a short time before his death.

Marvin Hall.

Marvin Hall passed away Thursday night of last week at about 9:00 o'clock, his death resulting from pneumonia, following an attack of influenza.

Funeral services were conducted on Saturday by Rev. J. H. Taylor, and interment was made in the family burial ground at Carroll Colony.

Mr. Hall was about 29 years of age, and was well known throughout the county. His death follows that of his father a few months back, and also of his brother, J. A. Hall, who died in the spring of this year.

Surviving are his widow, and one child, his mother, Mrs. W. B. Hall, two brothers, Ellis, of Medall, Okla., and George, in army service, and one sister, Mrs. W. G. Sellers, of this city.

Mrs. James A. Flanagan.

George F. King, who has been here this year doing geological work, has the sympathy of all his many friends in the loss of his daughter, Mrs. Jas. A. Flanagan, whose death occurred on the 25th inst., at Thermopolis, Wyo., at the age of 21 years. Her death was caused by influenza and pneumonia. Her husband is in service with the 44th Engineers in France, and Mr. King also was unable to be at her bedside. Mr. King lost his other daughter only a month ago, and himself and wife are all that is left of his family.

Mrs. Earl Slaughter.

The body of Mrs. Earl Slaughter, a young woman well known in the Fredonia community, was shipped here Wednesday and taken to Fredonia for interment. Her death occurred at Ranger from influenza.

L. P. COOKE GOES TO BROWNWOOD AS TELLER WITH THE BROWNWOOD NATIONAL BANK

L. P. Cooke has resigned his position as assistant cashier with the Brady National bank, and left this week for Brownwood, where he will be connected with the Brownwood National bank in the capacity of teller. Mrs. Cooke and little daughter will remain in Brady for the present, but expect to join Mr. Cooke in Brownwood in the next few weeks.

Mr. Cooke has been associated with the Brady National bank for the past nine years beginning his work there in the capacity of bookkeeper, and his promotion to the position of assistant bookkeeper was won by close application to his duties and strictly upon his merits as a bank man. Also his national bank in the capacity of teller. In the Brownwood bank is testimony to his recognized ability.

W. H. Ballou will succeed Mr. Cooke at the Brady National bank, although his connection with the bank will be only temporary and until the place can be filled.

In addition to being ideal friends, neighbors and citizens, Mr. Cooke and family have also been prominent in church circles, and their departure is regretted by all their many friends, who nevertheless wish them every possible success in their new home.

Alexander-Patterson.

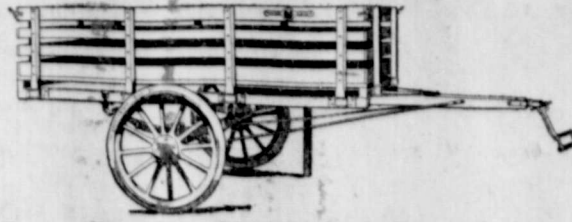

The marriage of Miss Kate Alexander and Mr. Herbert L. Patterson was solemnized on last Monday evening, Rev. J. H. Taylor performing the ceremony at the Baptist parsonage. Mr. and Mrs. Patterson left on the night train on a brief honeymoon trip to San Antonio, Mrs. Patterson returning Wednesday morning to take up her duties as teacher in the Salt Gap school.

Mr. Patterson is a former Winchell boy, and first met his bride while attending Howard Payne college at Brownwood. He is in Uncle Sam's service as a member of the Kelly Field band, and has the distinction of being the only man from Texas in the band. He is expecting to be called soon for over-seas duty. His bride is a most estimable and popular young Brady lady, the sister of C. R. Alexander, with whom she has made her home the past ten years. Since finishing at Howard Payne college a year ago, she has engaged in teaching, and she will continue in this line of duty until the home-coming of her soldier-husband.

The Standard joins the many friends of the couple in extending best wishes.

LETTERS FROM OUR SOLDIER BOYS

ALL IS NOT MUSIC IN THE WAR, EVEN IF ONE IS A MEMBER OF AN ARTILLERY BAND

Although Sergeant Jack Ragsdale is a member of the 21st Field Artillery band in France, even the members of this organization take a hand in the big battles raging over there, and daily come face to face with the death and desolation that war leaves in its path. The following is an interesting letter written by this former Brady visitor to a friend in this city, and the letter is headed, "In an old German dugout, on the Front, in France, September 24, 1918":

"Just by a glance at that upper right hand corner of my letter, one cannot have any misgivings as to where I have been during the past three weeks. I have been to war! What I mean, it has been a real war, too. I've seen duck in all of its meanings and have taken advantage of every dugout entrance to apply that word. I've actually ducked shells so much that I'm hump-backed from the great exertion, and there doesn't seem to be any end to their coming.

"Am writing this note by the feeble rays of a candle, way deep down in a dugout that the Germans were using some ten days ago. It's safer here, by far, than it is up where the light of day can disclose this week's growth of beard scattered over my face and the dirt that it camouflages for me. Have substituted 'cootie scratching' for my usual morning face washing, for the simple reason that the insects are numerous and the water is scarce. Although it rains every day, water is so awfully scarce that we are not even allowed to think about it any more. Almost have to cease drinking the nasty-tasting stuff when we are thirsty. Did you say 'bath'? Listen, we are in a war, and can bathe when the Germans are forgotten, and we are back home near the dear old Bayou.

"Since I last wrote, some grand, thrilling things have happened to this bunch of men. During the past three weeks we've tramped a many weary mile over this country, always it was raining, in order to get a front seat when the big show should open. I actually slept in the rain, wet clothes, wet blankets, so much that I don't feel at home unless I can hear a steady downpour in my face when bedtime comes. We were marched so much that we were too tired to notice the great hardships that were piling upon us, all we wanted was a wink of sleep.

"Finally, in position one night, shortly after midnight the million dollar fireworks display opened up. The artillery were putting a barrage out over the German trenches. The duty I was on soon called me to take a message to an advanced outpost right squarely under this terrific firing. For the next three hours I and my horse were alone in this hades-looking place of a forest. Shells bursting all around me from the German guns. Again, I say I'm in a war—and a regular one, too. I saw lots of immense tanks, doughboys start on their journey to show the Huns their cold steel, aeroplane, battles—lots of them—balloons shot up and set on fire, shells bursting directly in front of me, and on all sides. The worst part of it all was to see the dead and wounded—some of them, plus—come back. I don't intend that this letter be a sad one, so I'll not tell you about some of the heart-rending sights.

"I did help bury some German dead; that didn't hurt my conscience so bad.

Hun helmets and machine guns are as plentiful as rock in the main street and on that hill in Brady. C'est La Guerre.

"I'm ready 'most any time to pack up and go right back to Texas. Even Brady would look mighty good to me right now.

"Write me as often as you can. We need that old Brady gossip to help us on our way."

S. P. BOON, LIEUTENANT, NOW IN CHARGE SUPPLY TRAIN AT CAMP MEADE, MARYLAND

In enclosing remittance for subscription to The Standard, Lieutenant S. P. Boon writes: "Would like to write you a long letter, but simply haven't the time. I am getting along fine, and like this country; have been to Washington several times, mostly on business. At present I am acting commanding officer of this train, of six companies; also am Supply Officer, and was Liberty Loan officer. Have some mighty able officers and enlisted men to assist me. Will give you change of address, I hope, soon."

Lt. Boon is well remembered here, having been with the Brady National bank for several years prior to entering Uncle Sam's service, and all his friends are proud of the record he has made in the army. At present he is stationed at Camp Meade, Md., in charge of the 11th Supply Train.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Hall's Family Pills for constipation.

PERSONAL MENTION

C. R. Alexander returned Monday to Austwell, having closed up all his business interests here.

Friends of Dr. J. B. Granville were pleased to see him out again Monday, after his two weeks' siege of illness.

C. Davenport, who has been working on the public roads at DeLeon, was here the past week for a visit with his family.

Dr. H. W. Lindley, who has been quite ill the past couple weeks, was able to return to his office Monday, and is again taking care of his dental patients.

Mrs. J. M. Page returned Sunday from Brownwood, where she had been spending the week with her daughter, Mrs. W. J. Dawson, who has been ill.

Miss Louise Hopkins left Wednesday for Houston, where she will spend a week or so visiting with home folks. Her mother will accompany her upon her return to Brady.

J. M. Page returned Tuesday from Brownwood, where he had spent a couple of days visiting his daughter, Mrs. W. J. Dawson, and family. He reports his daughter improving from her recent illness.

Miss LaRue Bellamy, who has been spending the past week or two with home folks, expects to return the end of the week to Fort Worth, where she is enrolled in the Brantley-Draughon business college.

C. A. Trigg returned Wednesday from Cisco, where he had been called by the serious illness of his brother, Claude, who had been suffering with a combined attack of influenza, pneumonia and pleurisy. He left him very much improved.

Mrs. W. D. Crothers and daughter, Miss Minnie J., returned last week from Mineral Wells, where Mrs. Crothers has been recuperating from a minor operation had at Dallas a few weeks ago. Her many friends are pleased to know of her improved condition.

J. M. Chauvin returned Wednesday to Dallas after spending several days here this week looking after property in the Lohn community. Mr. Chauvin recently purchased the J. A. F. Carroll place at Lohn, and was greatly interested in the oil developments in that vicinity.

Mr. and Mrs. A. A. Beck of Brownwood are spending a week or two with her parents, Mr. and Mrs. L. F. Harvey, here, while Mr. Beck recuperates from a recent spell of pneumonia. Miss Jackey Harvey, who had been assisting in caring for Mr. Beck during his illness, returned home with them.

Grove's Tasteless chill Tonic destroys the malarial germs which are transmitted to the blood by the Malaria Mosquito. Price 60c.

Have big stock of hay, oats and grain. Let us supply you. MACY & CO.

Mr. and Mrs. Henry Goldberg are the proud parents of a daughter, who arrived Wednesday. Henry is working harder and more cheerfully than ever since the happy advent.

In Office Files. The Brady Standard.

In writing from Eastland to send in her subscription, Mrs. Lewis writes: "I'm enclosing check for one year of the dear old home news. Please keep it coming regularly, as we can't get along without the news from home. We are liking our new location just fine. Hope McCulloch county has been getting good rains, as we have here. Best wishes to The Standard and its many readers."

Let Us Hand You This Bag of Money

—It Represents the Big Saving in Fuel You Can Make With Cole's Hot Blast in Your Home

OUR GUARANTEE

1. We guarantee a saving of one third in fuel over any lower draft stove of the same size, with soft coal, lignite or slack.
2. We guarantee Cole's Hot Blast to use less hard coal for heating a given space than any base burner made with same size fire pot.
3. We guarantee that the rooms can be heated from one to two hours each morning with the fuel put in the stove the evening before.
4. We guarantee that the stove will hold fire with soft coal or hard coal from Saturday evening to Monday morning.
5. We guarantee a uniform heat day and night with soft coal, hard coal or lignite.
6. We guarantee every stove to remain absolutely air-tight as long as used.
7. We guarantee the lead door to be smoke and dust proof.
8. We guarantee the anti-puffing draft to prevent puffing.

The above guarantee is made with the understanding that the stove be operated according to directions, and connected up with a good flue.
