NOVEMBER 11TH BRINGS VICTORY AND A HOLIDAY

When the good news reached Brady Monday morning that Germany had signed an armistice signifying unconditional surrender, there was a spontaneous outburst of patriotic fervor and rejoicing. The streets of Brady speedily became alive with citizens, all eager for particulars of the all-momentous event, and as the day wore on, people came from near and far to join in the demonstration and celebration.

of emotion displayed. Some mothers cried for sheer joy and happiness, and some fathers' eyes were dimmed. Some breathed a silent prayer of thanksgiving. Some shouted, some sang, and most everyone tried to see how much noise they could make. Shotguns, six-shooters and automatics banged continuously all morning long; anvils were booming away on the west side of the square until every grain of powder in the town was burned up. Dynamite was then resorted to, until the officers, fearing evil consequences put a stop to its use. The bell in the court house cupola was kept ringing continuously; the wild-cat whistle at the light plant shrieked forth every time there was a pound of steam to spare, only to have its ear-splitting wail drowned by the noise of the celebration in town. The fire boys paraded the streets with the big truck loaded with jubilating women, boys and girls, and with the siren sounding every minute of the time. The school children, no longer to be restrained, were dismissed from school, and the entire town forgot business and closed up to join in the celebration. And while the noise was deafening, ear-splitting and all too noisy, yet every sound was music to the ears of the entire populace.

"Your Money Back If You Want It"

In the afternoon a patriotic program was held on the courthouse lawn. A band composed of members of the former Brady band and several of the East Sweden musicians, was hastily formed and assisted in the patriotic songs led by Miss Nettie Bellamy. A prayer of thanksgiving was made by I. G. Abney, and the Rev. J. H. Taylor made a 15-minute address on the United War Work campaign and the patriotic duty of the citizens towards the soldier boys who had made possible this great day of rejoicing.

November 11th, 1918, will always live in the annals of Brady history—and its celebration will bear repeating.

LYRIC PRESENTS UNUSUAL PICTURE TONIGHT—"TARZAN OF THE APES" IS PRODUCTION

Theatre-goers are always looking for something new, something out of the ordinary in pictures—and this week they ought to be satisfied, for Manager Levy of the Lyric has secured a noted masterpiece in the weird, thrilling and extraordinary production, "Tarzan of the Apes." This strange picture of jungle life and romance is beyond the frontiers of the imagination. "Its magnitude cannot be realized until seen," says the New York Tribune.

The shows start now promptly at 7:45 o'clock.

LAD SUSTAINS A BROKEN LEG IN THE CELEBRATION

Clyde Butcher, the young son of Mrs. Julius Levy suffered a broken leg Monday morning at Central school building when a fire escape gave way with him and crashed to the ground.

The accident followed shortly after news of the signing of the armistice had been received here, and the school children, in common with the citizenry as a whole, had gone wild with excitement. The flag was being raised at the school, and Clyde, with a number of others, attempted to climb up an old fire escape, consisting of a pipe bracketed to the wall. The heavy rains had undermined the foundation of the fire-escape, and with the weight of some four or five boys upon it, it settled and dropped out of the top bracket. As they felt the pipe settle, all the other boys jumped safely to the ground, but Clyde, seeing some forty or fifty schoolmates gathered about, was fearful of jumping on their heads, and so clung to the falling pipe. The heavy iron fell on his left leg, breaking it a couple of inches above the knee, and bruising his other leg. He was carried to his home, and at last reports was resting easily, with every indication of a speedy recovery.

While the accident is to be deplored, no blame can be attached to anyone in particular, as the children had been warned to stay off of it, and, in fact, the warning had been repeated only a few minutes before the accident, by the principal. The children, however, in their wild enthusiasm, had lost all sense of caution. As it was, it is remarkable, with the number of children crowded around, that others were not injured by the falling pipe.

The first impression was that the main fire escape had fallen, and to quiet any fears, it might be well to state that this escape has been thoroughly bracketed and fastened and that only the falling of the entire wall could tear it from its place. Further it was passed upon and approved by the State Fire marshal.

DEFECT IN TOWER AT SHULTZ WELL CAUSED WRECK OF BIG BULL WHEEL—NO ONE HURT

There was a serious wreck at the Shultz well last Thursday night. A portion of the machinery at the tower has been considered weak for some time, and new material has already been ordered to build this part new. It gave way and the men, who at that time were lowering the bit, could not control the machinery, and it was turned loose. Great supports and parts of the derrick were torn loose, and the big wheel was shattered into a thousand bits. Very luckily none of the four men on duty were hurt. It is thought within a week the repairs can be made and the well started up again. The bit and tools were not lost, as the cable became entangled in portions of the tower and other machinery, and held it so it did not strike bottom. This was another lucky thing for the well, as it would likely have had to be abandoned if the bit had fallen to the bottom unobstructed.—Herald, Paint Rock, Texas.

GAS FROM RUSSELL WELL IS FURNISHING FUEL FOR DRILLING—EXCESS GAS BURNED

At a depth of 2595 feet the gas supply in the Russell well was increased at least a half million feet, according to reliable reports brought from the well Wednesday. The new gas was struck late Tuesday evening.

This well looks better to the drillers as drilling progresses. The gas supply is sufficient to furnish fuel for drilling purposes, and then some. Arrangements have been perfected for burning the excess gas, and a flame twenty-five feet long illuminates the country by night as well as burning throughout the day.

The oil from the well is carried into a storage tank by the gas pressure when the drill is pulled from the well. Those who visited the well Wednesday and saw the big gas flame say it is worth the trip to the well to see this.—Ballinger Banner-Ledger.

DAY ACQUIRES INTEREST OF BOWEN SALT GAP ACTIVE

Activity in oil circles continues brisk in McCulloch county territory, and each day brings numbers of oil men to Brady, many of whom are adding to previous holdings, while others are making initial investment in what looks to them as a most promising, without question, due to the extending prospect. Much of this activity and favorable publicity given the McCulloch county field by the Fort Worth Star-Telegram. Many of the oil men coming here have commented upon this publicity, and the exceptional degree of accuracy in the reports.

In the leasing the past week, the Gulf Refining Co. has shown quite a bit of activity, acquiring considerable acreage in the Salt Gap section. Numbers of other companies have also acquired acreage.

Mr. and Mrs. Thad O. Day arrived Tuesday, and are again making their home in Brady. Mr. Day announced that he has acquired the interests of C. A. and James Bowen in the Bowen-Day well on the Hall-Dutton tract, and that he will have personal supervision of operations. Mr. Day is expecting arrival of a carload of material and casing any day, and will proceed with operations as soon as it is received. He will set 8 1/4 inch casing, will under-ream and then proceed with drilling. C. D. Day will again be in charge of one of the drilling shifts and another expert driller will be secured and placed in charge of the other shift.

M. W. Eisler was here Monday and Tuesday, closing up the final arrangements on the contract for the Douglas Oil Co., who are to drill in the West Sweden community, and has turned over announced the completion of his work with the company. J. A. Waymire of Kansas will have charge of operations on the well, as general superintendent. Mr. Waymire will arrive Sunday and will remain in the field. The derrick has been completed, the long-delayed casing has finally arrived, the fourth carload having already been unloaded. Two 250-barrel tanks are expected any day, and the company's trucks and a crew of men to transport the material is expected simultaneously with the arrival of Mr. Waymire.

The contract for the derrick for the Thomas well at Salt Gap has been let to A. M. Jones, and work of building the rig will begin just as soon as the creeks and roads dry sufficiently to permit the transportation of the rig material. Mr. Jones is one of the best builders in this country, having built the Prairie, Douglas and other rigs in the county.

The Prairie Oil & Gas Co. is making excellent progress, and is down about 500 feet now. A flow of water was struck at between 300 and 400 ft. but drilling was continued until last Sunday, when casing was set.

The Liberty Oil & Gas Co. has succeeded in casing in their broken bit, and hope to have removed it before the week's end.

The drillers have reached a depth of about 100 feet on the third shallow well for the Tucker Oil Co. at Lohn, and expect to bring in another well the early part of next week at the same depth as the two previous wells, which are about 215 ft.

The Morgan shallow test north of Brady is going along all right, and at present is drilling at about 140 ft.

F. R. WULFF ATTENDS CONVENTION OF DELCO-LIGHT DEALERS AT FORT WORTH

F. R. Wulff returned Tuesday morning from Fort Worth, where he attended the convention of Delco-Light dealers held at that place on Thursday, Friday and Saturday of last week.

One of the objects of the meeting was to train the visitors so as to meet the wants of users of the Delco-Light more completely and satisfactorily, and since Mr Wulff has accepted the agency for Delco-Light in this territory, he found the meeting both interesting and profitable.

Among the new products of the company demonstrated at the meeting were a new electric light, and power plant of increased capacity over the plant first introduced in this country; also the Delco-Light pump, operated by Delco-Light, which, while compact and occupying but very small space, has power sufficient to furnish water for every conceivable need on the farm, even including pressure sufficient to throw a stream of water over an average farm building, thus making an ideal fire protection.

By equipping the country home with Delco-Light, every convenience of the city home may be had. Mr. Wulff is very enthusiastic over the possibilities of this new product, and will take pleasure in demonstrating the system to anyone interested.

Notice to Public.

Anyone holding claims against the estate of Dr. R. A. Lindley, will present same to the undersigned at his office in Brady.

CANCEL ALL DRAFT CALLS—CLASSIFICATION PROCEEDS

There was a feeling of general relief manifest Tuesday noon, when a bulletin was received by The Standard announcing that all draft calls had been cancelled. This news was later confirmed by advice received by the local board from the provost marshal general, and made everyone feel as though the great war were really at an end.

However the local board has received orders to proceed with classification of the registrants from 19 to 36, and the board is this week mailing out classification cards to all registrants in this age limit, and who have been placed in Class 2, 3, 4 or 5. The cards for all Class 1 registrants had previously been mailed out. The board has also been instructed to send out Questionnaires to registrants 18 years of age, but none to those over 37 years of age.

To Gus Shropshire of Brady fell the distinction of being the last man inducted into service by the local board. Gus was trained for the officers' camp at Camp MacArthur, before the telegram was received cancelling all draft calls.

While all induction into the army has been cancelled, the calls for the marines and the navy still remain in force, and will be filled until further orders are received from the war department.

JUNIOR RED CROSS

To McCulloch County Juniors.
 Below you will find a copy of a telegram just received, which is very urgent. The McCulloch County Juniors have already gathered more seeds and pits than any other county in the state, but Uncle Sam needs more, so let every school send in all they can gather and we will make another shipment.

I understand there are numbers of walnuts in some parts of the county, and as they are especially good for carbon, let these walnuts be sent in. We have also been given a quota of rugs and hospital story books. The schools are just a little slow in getting these to me. Please send them in just as fast as you can, as they are needed at once.

The telegram in regard to seeds and pits, sent out by the Director of Conservation at St. Louis, and addressed to Mrs. R. A. King, as chairman of McCulloch County Conservation committee, reads:

"HIGHLY IMPORTANT — Let there be no let up in collection of fruit pits and nut shells, regardless of date armistice is signed. Collection should continue. Large numbers of masks must be manufactured regardless of when peace is declared. Orders received to collect large reserve stock CARBON material. Urgent that all materials already collected be assembled and shipped at earliest possible date. Collections should continue indefinitely."

Making of Scrap Books.

A request has come to reprint the directions for making scrap books for the soldiers. These books are still urgently wanted for the soldiers in France, in fact, the need of them is even more urgent now in times of peace when the soldiers have more leisure, than they were while the battles were raging so fiercely.

Suggestions for Making—To take the leaves from a magazine, carefully remove the wire staple which holds the sections together. Separate the sections where they are glued together. If a part of some other article covers the first or last page, it may be covered by a picture or poem, or some short article pasted over the other printed part. On some pages it may be desirable to paste several small clippings of jokes or pictures. These should be arranged as artistically as possible, that the page may be attractive as a whole. In fastening the leaves into the cover, lay the pages flat and sew through the fold of both pages and cover, and tie the ends of the thread on the inside of the book. Loose leaves and separate sheets may be fastened into the cover with paper fasteners. In pasting pictures on cover or pages, select pictures of good proportion in relation to the page. Consult the art teacher regarding good spacing of the pictures. Each book should be marked with the name of the school in which it is made. This offers a field for the best work in printing which the children do, and which should be carefully and accurately done.

MRS. W. H. BALLOU,
 Chairman Junior Red Cross.

WOULD CONNECT CHICAGO WITH NEW YORK

The Type Used in One Year to Publish Endorsements of Doan's Kidney Pills.

Of the many kidney remedies on the market today none other is recommended like Doan's Kidney Pills. Fifty thousand benefited people gladly testify in the newspapers of their own towns. Forty-five hundred American newspapers publish this home-made Doan's merit. The type used in one year to tell this wonderful story would make a solid column of metal twice as high as the world's highest mountain. Placed end to end the lines of type would reach from New York to Chicago. These miles of good words told by 50,000 tongues sound glad tidings to any Brady sufferer who wants relief from kidney and bladder ills. Here's a Brady case. Don't experiment. Use the remedy endorsed by people you know.

W. McShan, lawyer, says: "Doan's Kidney Pills have been very beneficial to me. I have used them at different times when in need of them, and they have always relieved my back and strengthened my kidneys."

Price 60c, at all dealers. Don't simply ask for a remedy—get Doan's Kidney Pills—the same that Mr. McShan had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

MEXICAN REFUGEES BECOME SYMPATHETIC AS THEY UNDERSTAND

Girl Making Aviator's Wings is Helped to Earn Living Wage By Y. W. C. A.

San Antonio, Texas.—Inability to speak English and hesitancy in calling on Americans for aid because of the barrier of language have been found to be prolific causes of distrust on the part of Mexican refugees in San Antonio. When they have been removed, as has been frequently the case, by the International Institute, a division of the Young Women's Christian Association, the refugees become loyal and devoted citizens.

One Mexican family of high degree among the refugees, was stripped of property and arrived at the city practically destitute. The only earner in the family was a young woman, and her only income was derived from the sale of aviator's wings, emblems which she embroidered in silver with surpassing skill. The language barrier, however, prevented her reaping a proper reward for her work, for the only place where she knew where to sell them was conducted by one who, taking advantage of her ignorance, paid her only twenty-five cents for each pair.

Facing destitution, the entire family grew to hate their surroundings and were so bitter toward Americans that they sought to drive a visiting Institute worker from the home. But speaking the language and perceiving the bitter spirit, she stopped, surmising she was desperately needed. Ascertaining the conditions, she found suitable employment for the daughter, whose income now substantially supports the family.

"German propaganda would have found a fertile field in their hearts," the secretary said, "had it reached them in their darkest hour. Now they believe in the honesty and goodness, the integrity of purpose of the American people and government."

Fifteen Foyers des Allies for girls working in French munition plants are now maintained by the Young Women's Christian Association. They provide entertainment, reading matter and the cheer of a homelike, comfortable home, presided over by a woman who specializes in and understands the needs of these workers.

Eighty-five Hostess Houses are now maintained in army cantonments throughout the United States, running smoothly and efficiently conducted. Twenty more are in course of construction at points where they are urgently asked by the ranking officers.

"MOST POPULAR ON THE FIELD"

RAYMOND FOSDICK PAYS GREAT TRIBUTE TO WORK OF SALVATION ARMY.

The Salvation Army, tells, in the following statement, how the overseas work actually began:

The men and women whom we first sent to the American camps in France found nothing prepared for them. They lived under the most primitive conditions, spending their every energy, many of them both by day and by night, to make lighter the soldiers' lot. In many instances our officers, both men and women, slept in the open fields, sometimes without even a blanket to cover them. In every case they shared the hardships of the soldier."

Doughnuts for Doughboys

"In these earliest days another innovation was introduced by these American women who knew not only the heart but the palate of the American boys," writes Commissioner Estill, "Over improvised, rough-and-ready stoves of brick or tin they fried doughnuts and eggs, and made cocoa and coffee, and in strange and wonderful ovens they baked apple pies! Just here began the period of the great popularity of the work of our women officers. I have learned that the fame of these little temporal ministers has spread along the entire American line, both at the front and in the training and rest camps. We purchased trucks and other equipment and supplies in Paris and London, and presently a dozen huts were in operation which were made 'like home,' so far as was possible. With 'mother and sister' present by proxy in our women officers the boys developed a profound liking for our huts."

Give Without Payment

"It was our purpose to give without cost to the boys," declares Commissioner Estill, "but we soon found that the soldiers resented this as an implication of charity, and a nominal charge was made for all supplies. I impressed upon my officers from the first that they must not confine their work to the mere 'service of the tables' or the formal office or counter work, but must search out ways and means of carrying temporal cheer and spiritual comfort to the men in the trenches. They must not think of office hours or stated periods of service, but must be prepared to sacrifice at all points, in order to serve! These in junctions have been carried out, even at the cost of pain and suffering!"

Most Popular Organization in France

"As time passed, the first little group of workers has been augmented, until we now have a strong force of officers and employees serving the American troops. Our own trucks, driven by our own men, are carrying supplies from our central supply stations in Paris and elsewhere to our huts, and, besides the vast quantities of material bought and shipped from the United States, our buyers have secured other greater quantities in France and England. With the financial incubus finally laid, the Salvation Army is in a position to develop its work with accelerating speed. Highest military officers are placing every possible facility in our way. Mr. Raymond Fosdick upon his return to Washington said, 'The Salvation Army is probably the most popular organization on the field.'"

HOT MEALS BETWEEN SHELLS.

(By Harold Miles)

Special correspondent at the front with the American Expeditionary Forces, Somewhere in France, August 20.—"Hot Meals Between Shells" might have been the sign over the doorway of a certain Salvation Army hut in the Toul sector on at least one day of last week. A unit billeted in the village where this hut is located and returned early in the morning, dog-tired after a strenuous night, only to find that there was no breakfast in sight. They went to The Salvation Army hut to see if crackers and canned goods could be purchased, but when the girls, called from a nearby dugout, heard the soldiers' story they insisted upon preparing breakfast for officers and men.

The village had been under shell-fire for over forty-eight hours and during the night there had been several casualties, because of this the commanding officer was a little dubious about allowing the lassies to run any risk on behalf of his men. Mrs. Adjutant Hammond, who is in charge of the hut, met his objections by saying, "Why, that is alright, we can work between shells."

"Shells were arriving with regularity at intervals of about twelve minutes or more, so Mrs. Hammond, assisted by Lieutenant Lulu Lawyer and Captain Ramsey, literally prepared a meal between shells for over a hundred men. Watching the clock and estimating carefully the period between shells they worked calmly until a minute or so before a shell was due when they would rush to their dugout and wait for the explosion. Then they would come out again and go calmly on with their cooking until the clock warned them that another shell was due.

SOCIAL NOTES

Celebrates Sixth Birthday.

Miss Rosalie Williams was hostess on last Saturday evening, the occasion being her sixth birthday anniversary. After playing all the games of childhood the little ones could play, refreshments of ice cream and cake were served. Upon departing, each little guest assured Miss Rosalie that the evening had been a joyous one, and wished for her many a happy return. Also each little guest left a beautiful remembrance for the little hostess. Those who enjoyed the occasion

were Misses Bessie Roddie, Mildred Jones, Hazel Owens, Cammie Helen Carrithers; Masters Aubrey Townsend, Billie Hughes, Truman Cabanis, James Yantis, Fred Wulff, Paulie Mann, Milburn Carrithers, Forest Jones, Milton Coalson and David Hall. Mesdames J. M. Coalson, Wulff and Miss Mildred Irvine assisted in entertaining.

Birthday Party.

Little Miss Dorothy Nell Hollon celebrated her first birthday last Saturday afternoon by entertaining a number of little friends. Refreshments of cake, candy and cream were served by Miss Taylor, aunt of the

tiny hostess, and Mrs. Marion Deans. The birthday cake, with its single candle to mark the milestone passed by little Miss Hollon, proved the center of attraction to the guests, numbered among whom were the following: Elsie and Eva Dorothy Fahrrethold, LeMay Jordan, Evelyn Stobaugh, Hazel Aline Branscum, Verma Cabanis, Hugh White Calvert, Ira Quintin Mayhew, Paul Jarvis Hurd, Ruby Coalson. Many nice gifts were left by the guests as mementoes of the happy even for the hostess.

Bridge Club.

Mrs. R. W. Turner was hostess to the Bridge club on Tuesday afternoon, and the guests enjoy the usual series of "bridge" at two tables, high score falling to Mrs. W. E. Campbell. The prize was the usual Red Cross dollar.

A salad course was served by the hostess to the following: Mesdames C. T. White, G. R. White, S. S. Graham, W. L. Hughes, W. E. Campbell, Herbert L. Wood; and guests: Mesdames J. S. Anderson and J. B. Wilkerson. Mrs. G. R. White has the club on next Tuesday.

Merry Maids.

A number of young ladies met on Wednesday at the home of Miss Mable Thompson and organized themselves into a club to be known as the Merry Maids. Officers were chosen as follows: Miss Dora Arrington, president; Miss Willa Mae Dillard, secretary and press reporter; Mrs. Al Harrison, sponsor. The club will meet again on Wednesday of next week with Mrs. Harrison.

PERSONAL MENTION

Mrs. J. F. Allbright and little daughter, Mary Kate, of Altus, Okla., are visiting her father, W. B. Taylor, at Morrow hotel.

T. R. McDowell arrived Monday from Fort Worth, where he has been employed this year, and states that McCulloch county looks so good to him he thinks he will have to stay.

Dimmitt Wood, who has been here visiting home folks and looking after business affairs, returned yesterday to Temple, where he has been employed with a compress company this fall.

Miss Lottie Duke returned Sunday from San Angelo, where she was called several weeks ago by the illness of her two sisters, Miss Loys Duke and Mrs. Mary Jones, both of whom have now recovered.

D. E. Bell came up last Friday from Austin to spend a furlough of about ten days with home folks. He will report for duty again at Camp Mabry some time next week, but is expecting to be transferred shortly.

Mrs. Wesley Bryson returned to Sonora Wednesday after a brief visit with relatives here. Top Jones, who accompanied her here, returned also. Top looks hale and hearty, and enjoyed his short stay greeting his many friends.

Kyle Biggs, who has been enjoying a couple weeks with home folks while on a furlough given him to recuperate from a spell of typhoid, returned Sunday night to Minneapolis, Minn., where he is in a government naval training school.

Mr. and Mrs. Bill Steelhammer arrived home Sunday from Dallas, and Mr. Steelhammer will remain here for some time to assist his father in the blacksmith shop, the elder Mr. Steelhammer having been incapacitated for work by reason of illness.

H. N. Cook was here Monday from Sweetwater as a guest of his daughter, Mrs. Herbert L. Wood, and in addition to greeting his many friends was rejoicing with them over the fact that McCulloch county had "gone wettest" once more by a large majority.

James T. Ballou, who has been here the past three months and a half as a guest of his parents, while under medical treatment, left Tuesday by automobile for Cisco, upon his return to his home at Lordsburg, N. M. Mr. Ballou's visit was greatly enjoyed both by himself and his friends, since it was his first back here in five years.

D. W. Bozeman's smiling face was seen on the streets of Brady for the first time in some five or six years Monday. D. W. has been engaged in the drug business at Pecos since departing from Brady, and fortune has so smiled upon him there that he has acquired a second drug store at Eastland, to which point he was enroute when in Brady.

Mr. and Mrs. T. Y. Wilson and little daughter, left Saturday night for Sulphur, Okla., where Mr. Wilson will take charge of a laundry. Mr. Wilson has for the past thirteen years been in the employ of Walker-Smith as traveling salesman, and during their stay in Brady the family has made many friends all of whom wish him every success in his business venture.

About Croup.

If your children are subject to croup, or if you have reason to fear their being attacked by that disease, you should procure a bottle of Chamberlain's Cough Remedy and study the directions for use, so that in case of an attack you will know exactly what course to pursue. This is a favorite and very successful remedy for croup, and it is important that you observe the directions carefully.

Card of Thanks.

We wish to thank those who assisted and helped in the illness and death of our dear beloved mother and grandmother, Mrs. L. T. Logan. We also especially wish to thank those for the beautiful floral decorations. May God's blessing rest upon you all. MRS. E. D. CHILDERS, T. C. CHILDERS.

SCHUMACHER FEED.

A new feed put out and guaranteed by the Quaker Oats Co. as containing more nutritive value than corn chops. Made from rolled oats and wheat shorts. Try it as a cow and hog feed. MACY & CO.

We are showing the newest in Stetson Hats this season. New shipment just received. MANN BROS.

Come to us for good, reliable hand-made leather goods. Have a good stock of Harness, Bridles, Lines and Collars to select from. We want your repair work, too. H. P. C. EVERS.

Large stock Rocking Chairs, Dining Chairs, etc. Broad Mercantile Co.

OGDEN, Cashier. Subscribed and sworn to before me this 15th day of November, 1918. W. H. BALLOU, Notary Public. CORRECT—ATTEST: F. W. Henderson, J. E. Bell, F. M. Richards Directors

W. M. S.

An all-day prayer service was held at the church Monday by the members of the Woman's Missionary society. A free-will offering amounting to six dollars and twenty-five cents was made for the Retirement fund. The following program was rendered:

Morning.

Hymn 635.
Prayer of Praise and Thanksgiving.
Mrs. Joe White.
Scripture Lesson, "Chosen of God."
Mrs. Jim Mann.
Hymn, "O Zion Haste."
Prayer, Mrs. Edd Broad.
Missionaries as Pioneers in Civilization:
(1) "Pioneers in Education," Mrs. E. W. Marshall.
(2) "Our Home Missionaries as Pioneers of a Real Democracy," Mrs. C. D. Allen.
Prayer.
"Thoughts for the Day," Miss Fannie Jones.
"Quiet Hour" (Devotional), Mrs. Edd Broad.

Noon.

Hymn 630.
Scripture, Mrs. Joe White.
Prayer, Mrs. Jim Mann.
"Life Story of Miss Lizze Wilson," Mrs. Duke Mann.
Sentence Prayers for Our Mission-

aries.
Solo, Mrs. Duke Mann.
"A Prayer for the Kingdom," read by Mrs. Robbins.
"Life Story of Miss Mattie Wright," Mrs. Alice L. Smith.
Prayer for World Redemption.
"Prayer of Robert Morrison," read by Mrs. O. D. Mann.
Presentation of Centenary Tho'ts, Hymn.
Dismissal.
During lunch hour sandwiches with steaming coffee were served.

GULF REFINING COMPANY MAKES LIBERAL DONATIONS TO WAR ACTIVITIES FUNDS

C. D. Allen, local agent for the Gulf Refining Co. is in receipt of a message from C. L. Kerr of Houston, district sales agent for the company, authorizing him to donate \$50 to the War Work fund. Mr. Allen was also authorized to purchase \$500 worth of 4th Liberty Loan bonds, and during the last Red Cross drive made a \$50 donation to that fund. When corporations render aid and service to a community such as the Gulf Refining Co. has in the foregoing instances, then may they be said to be a most valuable and desirable institution, and one of which the community may well be proud.

HONEST INJUN

We never felt so positive that the war was over, and all danger from airplane bombardment was past, as when we found the Brady street lights all ablaze last Monday night.

A NEW NATIONAL HOLIDAY.

November 11th promises to become a national holiday surpassing in significance and import the time-honored 4th of July. Not only is it a day of national fame, but it is one of international note, since it marks the end of the greatest war in history and the final triumph of Liberty, truth, justice and humanity.

Liberty Day should be inscribed deeply in the hearts of every citizen, and should forever be held sacred and celebrated as an event marking a new era in the history of the world.

YOU CAN NEVER TELL.

A man may go on his way for forty years treading on other people's toes, bumping unceremoniously into them, elbowing them out of his way, and never getting so much as a sheep out of them. Then one fine morning he will unintentionally brush against one of his life-long friends and get promptly knocked down by the fancied victim.

That compares very well with running a newspaper.

Last week we published an article intending to ridicule the 500 or more democrats in Brady precinct for making such a poor showing at the polls in the general election—and judge our surprise when news filtered to our ears that one of our Republican friends had taken offense at the article, and had threatened us with bodily harm, the which would have been a very disgraceful and disorderly, as well as unusual occurrence in McCulloch county—a republican to beat a democrat. Another republican friend was ungracious enough to say we ought to be shot.

Now isn't it surprising that a newspaper man ever lives to grow up?

For the past ten years The Standard has befriended these same republicans by publishing their primary election and other notices, but it has been our observation that the more you do for a man, or a set of men, the more ready they are to take offense at some real or imaginary wrong.

The editor presumed upon the friendship of these fellow-citizens to include them in his joke—sorry as it may have been. They have had their feelings hurt. There is nothing left for us to do, but to humbly beg their pardon, and to assure them that forever more they will play no part in our joking or fun-making.

There was many a mother heart to whom the news of the signing of the armistice brought greater and more holy the significance of "Peace on Earth, Good Will to Men." And the

men, too, were no less deeply moved by the wonderful news brought to us on November 11th.

SNAP SHOTS

Tillie Clinger says the reason she is quitting her present boarding house is because the rooms are so small that angels couldn't guard her bed unless they stood on her trunk.—Dallas News.

REV. J. W. COWAN ARRIVES THIS WEEK WITH FAMILY AND IS WELCOMED TO CITY

The Rev. J. W. Cowan and family arrived Tuesday from Midland and are now comfortably domiciled in the Methodist parsonage. Rev. Cowan will occupy the pulpit at the Methodist church next Sunday, both morning and evening services being held.

Rev. Cowan and his family found a hearty welcome awaiting them, not only from the members of his congregation, but from the citizenship as a whole, all of whom trust his stay here may be both pleasant and profitable.

The esteem in which Rev. Cowan was held by the citizens of Midland, is well reflected in resolutions adopted at the regular meeting of the Ministers Union of Midland on November 4th, and which read as follows:

"Whereas, our esteemed brother and co-laborer, the Reverend J. W. Cowan, pastor of the Methodist Episcopal church, South, Midland, Texas, the past two years, is leaving us to enter upon the duties of another field of labor; and,

"Whereas, the people of Midland, joined in a union meeting on last Sunday evening to express appreciation of Brother Cowan and his family, and to bid them farewell in their departure;

"Therefore, be it resolved, that the Ministers' Union of Midland, Texas, does express its esteem of Brother Cowan and his family and herein pray for the fellowship and good graces of the people of Brady in his and their behalf as they enter this new field of service; and

Be it further resolved, that these resolutions be sent to the Ministers Union of Brady, Texas; a copy be spread upon the minutes of the Ministers' Union of Midland, and a copy be sent to the newspaper of Brady, Texas.

J. T. McKESSICK,
Pastor of Christian Church.
OWEN J. HULL,
Pastor of Baptist Church.
WM. H. FOSTER,
Pastor of Presbyterian Church.

NEW HIGH WATER LEVEL SET BY THE FLOOD LAST WEEK

The "old-timer" who used to tell of the flood of 1909 will have to take a back seat, for his records don't hold good any more. The big 25-foot rise in Brady creek last Friday morning virtually inundated Brady, so far as the business portion of the town was concerned, the water running across the square and up on the sidewalks. However, but one business house on the square was flooded by the water, although it lacked but little. The water sweeping across the square did no damage to the concrete streets except for depositing quantities of sand and mud, but the side streets were badly washed out. Roddie & Co., M. L. Stallings' office, the Irwin restaurant, Alexander blacksmith shop, Brady Auto Co. and Brady hotel, as well as everything along the creek were badly flooded, but escaped any serious loss, the greatest damage being the coat of slime and mud left by the receding waters. Brady Auto Co. stood about 15 inches in water at 4:00 o'clock Friday morning when the crest of the rise was reached, and the current that swept through the plant was so swift as to sweep anyone off their feet. At the waterworks plant the water came within half an inch of flooding the plant and putting it out of commission. The company lost about a carload of coal in the flood. Actual measurement showed the flood was just one foot and one inch greater than that of 1909.

The rain in Brady amounted to but 1.1 inches, but between Eden and Pasche, and in various other parts of the county from 6 to 10 inches of precipitation was had. Fences were swept away, tanks broken and much damage to farm land was done, but on the other hand, the ground has been soaked to the bottom, giving the best season in three years, and oats and small grain are flourishing, assuring much valuable pasturage.

About 20 ft. off the east end of the bridge at Melvin was swept away by the flood waters, and the Brady bridge over the creek on the Coleman road, was swept away. However, much of it may be salvaged.

Another rain fell yesterday afternoon, the slow downpour making the ground and roads muddier than ever.

MORTUARY

Death of Mrs. Robert Lee.

The death of Mrs. Robert Lee occurred at 11:00 o'clock Tuesday morning at her home in the Calf Creek community following an illness of a week or ten days with influenza complicated by pneumonia.

Deceased was a daughter of Mr. and Mrs. J. P. Waddell of Rochelle, and is well remembered as Miss Ethel Waddell, her marriage to Mr. Lee having taken place only a year ago. She was a most estimable young woman and was loved and admired by all.

The body was taken to Rochelle, where it was laid to rest Wednesday.

Besides the grief-stricken parents, several sisters and brothers survive, three of whom are in service, one being in France.

Death of Miss Fannie Price.

The death of Miss Fannie Price occurred at 7:15 o'clock Wednesday night at the local sanitarium, death resulting from pneumonia, following influenza. Deceased was 32 years, 3 months and 16 days old. She was a daughter of F. B. Price of this city, and with her father conducted a restaurant on Blackburn street.

A faithful attendant at the Presbyterian Sunday school and church, she is spoken of highly by all for her excellent traits of character, and her death seems doubly sad since she contracted her fatal illness while nursing others; in fact, she gave her life for them.

The body was shipped last night to Whitesboro, where it will be laid to rest besides that of her mother.

Men's Hats going at the old price at I. G. ABNEY'S.

A lazy liver leads to chronic dyspepsia and constipation—weakens the whole system. Doan's Regulets (50c per box) act mildly on the liver and bowels. At all drug stores.

ATTENTION!

Everyone knowing themselves indebted to me by past due note or account, is expected to come forward and do something! J. F. SCHAEG.

Sleep and Rest. One of the most common causes of insomnia and restlessness is indigestion. Take one of Chamberlain's Tablets immediately after supper and see if you don't rest better and sleep better. They only cost a quarter.

The New Cassady Sulky

Pre-Eminently the BEST and most complete plow in the world.

Warranted to please when others fail. The New Cassady is recognized as the most perfectly adapted sulky manufactured for the Texas Trade.

The wonderful success of the New Cassady in contests and in actual service is but further proof of its better principles and better making—of a manufacturing policy of having every detail perfect.

O. D. Mann & Sons

DEMOBILIZATION TO TAKE 2 YEARS SAYS GEN. DUPONT

New York, Nov. 1.—Demobilization of the American forces in France will require a period of two years after peace is declared, according to a statement made here tonight by Gen. T. Coleman Dupont, who has just returned from a two months' visit to the western front.

Declaring that his views were the reflection of official opinion among the allied forces, he asked that Americans accustom themselves to the idea of a long demobilization as they had to that of a long war.

"Our generals asked me," he said, "to tell the people at home that our boys have a year's work ahead of them in removing the barbed wire the Huns have strung across France."

Asserting that the civil war had "turned thousands of men back into civil life weakened and purposeless," General Dupont said the seven war work agencies should be supported generously in their approaching campaign. He declared that "statesman-like plans are being laid" for the trying period following peace.

"Every hut in France," he said, "will become a university class room on the day peace is signed. The boys will be given every educational advantage under leading educators and business men from the United States."

For Indigestion, Constipation or Biliousness

Just try one 50-cent bottle of LAX-FOS WITH PEPSIN. A Liquid Digestive Laxative pleasant to take. Made and recommended to the public by Paris Medicine Co., manufacturers of Laxative Bromo Quinine and Grove's Tasteless Chill Tonic.

Feel languid, weak, run down? Headache? Stomach "off"? A good remedy is Burdock Blood Bitters. Ask your druggist. Price, \$1.25.

SPANISH INFLUENZA STRIKES SUDDENLY

Pneumonia Often Results—Victims Seized Without Warning Making Precaution Doubly Necessary.

Much of the difficulty experienced by health authorities in checking the spread of the Spanish Influenza lies in the fact that it strikes its victims without warning.

Although State and Federal authorities are taking every possible precaution in their effort to stop the spread of the epidemic, the disease in many sections of the country has gotten entirely beyond control and is claiming its victims by the thousands.

It is universally agreed by all well informed persons that the surest preventative is to get the system in the best possible physical condition in order to be able to throw off the infection. As has been previously stated it is possible to perfect the powers of resistance of the human system so that it can throw off almost any infection, not excepting Spanish Influenza, which is one of the most contagious diseases known.

Medical authorities agree that people who are weak and run-down are the earliest victims of the Influenza epidemic. If you find yourself weak or losing flesh, or if you are in a generally run-down condition, you are really in great danger if you should come in contact with the Influenza germ.

As a powerful reconstructive tonic and system builder, Tanlac is without equal. This is a statement of facts and is fully supported by recognized authorities. According to all accepted reference works, including the United States Dispensary, Encyclopedia Britannica and leading text books used in the school of medicine, the principle ingredients of Tanlac possess the most valuable tonic properties known to science. This statement is further proven by the fact that millions of persons who have actually taken Tanlac have testified to its extraordinary merit as a medicine.

Tanlac restores health and strength to the weak and run-down system by enabling every organ of the body to perform its proper function in nature's own way. It creates a healthy appetite for good nourishing food, and is an ideal strengthening tonic for persons who are in a run-down condition and who are suffering from the after-effects of Influenza, Grippe or Bronchial troubles.

Tanlac is sold in Brady by Jones Drug Co.

For the latest in Stetson Hats see our display' MANN BROS.

SHERIFF'S SALE.

The State of Texas, County of McCulloch:

Notice is hereby given that by virtue of a certain order of sale issued out of the Honorable District Court of McCulloch county, Texas, on the 16th day of October, A. D. 1918, by P. A. Campbell, clerk of said court, for the sum of one thousand, eight hundred ten and 60-100 (\$1,810.60) Dollars, with interest thereon from September 20, 1918, at the rate of 10% per annum, and cost of suit, under a judgment in favor of J. C. Jones in a certain case in said court, No. 1687, and styled J. C. Jones vs. E. E. Reynolds, et al, placed in my hands for service, I, J. C. Wall, as sheriff of McCulloch county, Texas, did on the 16th day of October, 1918, levy on certain real estate situate in McCulloch county, Texas, described as follows, to-wit: A part of J. C. Callison, Jr., Survey No. 16, Abstract No. 1831, patented to D. H. Campbell by Patent No. 151, Vol. 19, being lots numbers 11 and 12 in Block No. 3, Jones Addition to the town of Brady, Texas, and the maps of the city of Brady, now in general use are here referred to and made part hereof for description. Said property being situate in the central portion of McCulloch county, and containing 36-100 acres, more or less, and levied upon as the property of E. E. Reynolds and M. L. Stallings, and that on the first Tuesday in December, 1918, the same being the 3rd day of said month, at the court house door of McCulloch county, in the city of Brady, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said order of sale, I will sell above described real estate at public vendue, for cash, to the highest bidder, as the property of said E. E. Reynolds and M. L. Stallings.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale in The Brady Standard, a newspaper published in McCulloch county, Texas.

Witness my hand, this 6th day of November, A. D. 1918.

J. C. WALL,
Sheriff McCulloch County, Texas.

Into the Valley of the Shadow

UNDER the candles of the village church the American wounded lie in close even rows. Straight down to the door they are packed together. Outside an ambulance arrives, and deftly, quietly, the Soldiers of Cheer slip out to help the Army's litter-bearers lift out the wounded and carry them into the yard or the church or the school—wherever there is room.

Why you should give twice as much as you ever gave before!

The need is for a sum 70% greater than any gift ever asked for since the war began. The Government has fixed this sum at \$170,500,000.

By giving to these seven organizations all at once, the cost and effort of six additional campaigns is saved.

Unless Americans do give twice as much as ever before, our soldiers and sailors may not enjoy during 1919 their

3600 Recreation Buildings
1000 Miles of Movie Film
100 Leading Stage Stars
2000 Athletic Directors
2500 Libraries supplying 5,000,000 books
85 Hostess Houses
15,000 Big-brother "secretaries"
Millions of dollars of home comforts

When you give double, you make sure that every fighter has the cheer and comforts of these seven organizations every step of the way from home to the front and back again. You provide him with a church, a theatre, a cheerful home, a store, a school, a club and an athletic field—and a knowledge that the folks back home are with him, heart and soul!

You have loaned your money to supply their physical needs.

Now give to maintain the Morale that is winning the war!

The ambulance whirs off again along the shell-torn road, and still these messengers of friendliness pass in and out among the soldiers—holding cups of steaming chocolate to their lips, giving them lighted cigarettes, shifting their positions.

From one corner a boy's voice calls out:

"I got it pretty bad. Will you send home a message for me?"

A friendly face bends over him. He whispers his mother's name and her address. He asks that she be told where he was struck and how.

"Is there anything else?" asks the man above him. He hesitates a moment. Then, so softly that the older man can barely hear, he murmurs a girl's name, and dies.

To be there when a wounded soldier needs them, is a privilege which comes to your representatives in the seven war work organizations. After every push, when the field hospitals are full to overflowing, there are calls for every available worker in the area.

They come from miles around, after their day's work is over at their own huts and canteens. And then through all the night they help the wounded fight their battles.

The grief of many a mother or a wife or sister here at home has been made easier by the letters which these men have written there beside the stretchers.

Keep the Soldiers of Cheer on the job—the 7,000 who are there already and the 1,000 a month for whom Pershing calls.

The Texas Oil Fields

A WORD WITH THOSE WHO OWN AND OPERATE THEM, or who wish to become identified with them—HOW CAN WE CO-OPERATE in our mutual interest? Permit us to suggest HOUSTON has the TEXAS, LOUISIANA, MEXICAN, OKLAHOMA and KANSAS PETROLEUM FIELDS, from which to draw—THE COTTONSEED, PEANUTS and CASTOR BEANS of the same zone, and the COCONUTS of the TROPICS—HER GREAT SHIP CHANNEL furnishes unsurpassed sites for REFINERIES, OIL MILLS, STALL FEEDING PENS, AND PACKING HOUSES. HER SHIP CHANNELS PUT HER IN TOUCH WITH EVERY PORT ON EARTH, by tide-water. HER GREAT RAILWAY SYSTEMS will ultimately connect her with EVERY RAILWAY STATION ON THE CONTINENTS OF THE WESTERN HEMISPHERE. GREAT PIPE LINES are being constructed to CONNECT HER WITH THOSE FIELDS.

HOUSTON CAPITALISTS have been long enough identified with the oil industry to know its great wealth producing possibilities, and are ready to aid in financing those of real merit. THE REPRESENTATIVES OF THE LARGEST OIL INTERESTS OF THE GLOBE are gathering to her for headquarters. What other port on earth can offer such an array of facts to ENTERPRISE and CAPITAL, to make of it THE WORLD'S OIL CENTER? HERE IS THE PLACE TO MAKE YOUR CONNECTIONS.

If you wish to engage in the oil industry, we can furnish you SITES FOR REFINERIES AND OIL MILLS, LAND TO DRILL, PRODUCING OIL PROPERTIES, PRODUCTION, ROYALTIES. Draw your papers and obtain your CHARTERS FOR YOU, under THE LAWS OF TEXAS, and secure CAPITAL TO AID ANY LEGITIMATE OIL INDUSTRY that has made sufficient development to demonstrate that it possesses real merit, the owner of which is willing to give capital an equitable division in the profits. If you wish to EXAMINE THE MAPS of the different fields, or the counties in which they are located, we have them.

If you want to BUY IN, or SELL OUT, an INTEREST in any property, and do not want to be known in the transaction, if we are situated so as to permit us to take the business, we will give it our best capacity.

If you are a LAND OWNER, you will find it to your interest to COMMUNICATE WITH US.

(a) If you wish to SELL YOUR LAND, OR TO SELL THE MINERAL RIGHTS in it, or to DIVIDE THE GAMBLE, by selling part of your mineral rights and get some READY CASH NOW and hold part, or if you want to get it drilled for oil and other minerals, or if you have contracted your mineral rights and are not getting SATISFACTORY RESULTS, if you want your LAND SURVEYED, if there are DEFECTS IN YOUR TITLE and you WANT THEM CURED.

(b) If you WANT TO BORROW MONEY ON YOUR LAND in sums of less than \$10,000, the FARM LOAN BANK is in HOUSTON, and is your best source to acquire money at LOW INTEREST and ON LONG TIME. I can serve you in the details necessary to secure loans from this bank. If you want to borrow MONEY IN SUMS OF \$10,000 up to \$100,000 or more, and your lands are good security for it, I can get you the money.

If you see A BUSINESS POSSIBILITY FOR YOU, in this ad, suggest it to me, and let us SEE IF WE CAN DEVELOP IT, in our mutual interest.

LETTERS FROM OUR SOLDIER BOYS

LUM DANIELS WRITES IS GETTING FAT ON NUTS AND BERRIES—CHESTNUTS FALL SOON

Under date of October 13th, Lum Daniels, former Waldrip boy, and who is well-remembered in Brady, writes an interesting letter to friends here.

Lum's official address is Private C. R. Daniels, Battery C., 132nd Field Artillery, American Expeditionary Force. He heads his letter, written on regulation Y. M. C. A. note paper, with: "Almost on Active Service."

"I know you will be surprised to hear from me, but today is Sunday, and I am just a little lonesome, so I am going to write a few lines.

"How are you all? I am just fine and am getting fat on nuts and French fried potatoes.

"I had a letter from home a few days ago, and they sent me some clippings from The Brady Standard.

"I hardly know what to write. I have seen lots of interesting things since I have been in France, but I will tell you all about it when I come home. We had a fine voyage over, and the best part of it was I didn't get the least bit sea-sick, but, believe me, some of the boys were sure sick.

"France is sure some different from the U. S., and especially dear Old Texas. Almost all you see here is pine forest. All the people raise is wheat and potatoes, but they surely raise lots of that, and blackberries grow everywhere, and some of the finest I ever saw. The French people don't care anything for them, but we Americans, who know what good things are, got rid of lots of them.

"There are lots of nuts grown here, and it is almost time for the chestnuts to fall, and when they do, I am going to get fatter. I have already eaten more nuts since I have been in France than I ever ate in my life. We can get almost anything we want, except candy, and we sure do long for something sweet—but look out candy shops when I get back to Texas!

"You should see us at night go to town and line up for French fried potatoes. It seems funny to see the French people cooking Irish potatoes, but they sure know how it is done, and we patronize them freely, although they cost more here than at home.

"What do you all do for pastime now? Do you ever go to any dances? I have just been thinking about the Christmas we were out at the ranch and the party and the good times we had dancing; but when the war is over and we all come home, you must give me another one, just for old-time's sake.

"It is getting late, and by the time I make down my pallet, it will be almost time for taps, so I will close with lots of good wishes.

"P. S.—When you have some kodak pictures made, send me some."

BILL HURD ABOUT TO LOSE "GOLD-BRICK" JOB—MOTORIZE COMPANY SOON, HE SAYS

Bill Hurd writes another one of his breezy letters from Douglas, Arizona, where he is with Ambulance Co. No. 24, and opines that he may soon lose his "gold-brick" job as saddler, since his company may soon be motorized. His letter reads:

"You will find enclosed \$1.50 for The Standard, which I can't do without.

"Am hoping I will spend the holidays with you all this year, and am wishing our company would come together. We have twenty-two men at San Antonio, Texas; twenty-five at Nogales, Arizona, and fifty at Prescott, Arizona, on detached service, aiding the influenza victims.

"The talk is that we will be motorized, and then I will lose my gold-brick job as 'saddler.'"

GROVER GATTIS SAYS HE NEVER APPRECIATED THE HOME PAPER SO BEFORE

Grover Gattis, in writing to have his paper changed to his new address, says the home paper is one of the most welcome visitors he has ever had. Grover is now stationed at Camp John Wise, 94th Balloon Co., San Antonio, Texas.

He writes: "As I have missed my last two issues of The Standard, and have missed them so much, I am writing you giving you my new address so you may send my paper here. Missing the home paper is just like missing letters from home. I even read all the ads and, in fact, I don't ever look a single print.

"I left Camp Mabry (of Austin) 10 days ago; was transferred from there to the mechanical school here at Camp John Wise. I am well pleased with this camp; in fact, I have found nothing at either of the camps to complain about, and when the Kaiser

is defeated and we return home, I'll feel very much indebted to my dear old Uncle for my mechanical and military training. No man can be in the army without being benefited in many ways.

"Well I must cut this letter short, or else I'll be absent at my bunk when taps sound.

"You may print my letter if you wish, and have the space to spare.

"Best wishes to all the McCulloch Co. people and a large share to the Standard."

BOB HARWARD SAYS HAS PLENTY OF EXCITEMENT SINCE UP AT THE FRONT

Everybody remembers and has the greatest interest in Bob Harward, that prince of good fellows who before entering Uncle Sam's service, was in charge of the Brady Storage Eatery Co. Bob now is at Headquarters 2nd Battalion, 29th Engineers, with the American Expeditionary forces, in France, but he still thinks fondly of his stay in Brady and longs to be back here. The following letter was written to G. C. Kirk of this city by Bob on the American front, under date of October 11th, almost a month to a day before Germany's final surrender, and contains an interesting bit of news:

"A friend of mine has been telling me that you would like to hear from me, so I am taking it for a fact that this is the case and complying.

"I have been enjoying my stay in France as well as anyone could, I suppose the French wine and such things served to keep up the excitement while I was in the rear going to school, and since I have been at the front, I don't need extras to furnish excitement, so I suppose I am satisfied. There is a live number on the program most all the time up here.

"I've been on the front some two months now and haven't stopped a shell yet, so at present I am still planning my trip home and I hope it won't be so long until that trip is started. I want you to have some civilian clothes waiting for me when I get there, too.

"How is everything in your city? I get a newspaper once in a great while, and letters often, and in this way I have managed, to a certain extent, to keep up with the progress, but still I can't help but wish that I were back there seeing things for myself. I like that place better than any city I have ever lived in, and I'm coming back to see it and some of the people in it again.

"I saw in the paper that Doctor McCall had received a commission and had gone into the army.

"Write to me as often as you can and tell me all the news, because its letter that count here. Also give my very best regards to the bunch."

BOYD RAINBOLT INCAPACITATED FOR FRONT LINE SERVICE—ENJOYED BEST OF WAR

In a letter to his sister, Mrs. Joe McCall of this city, Boyd Rainbolt states he is now located at Tours, France, and is disabled for front line service, but says he is very glad he saw the best part of the war before he was disabled by the gas.

Boyd was one of the handful of marines who saved Paris from the Boches. He was in the Second Battle of the Marne, Chateau Thierry and in the hand to hand fight at Belle Woods; he has been "over the top" a number of times, and was in the front line trench when the German trenches were only 40 feet away—could even see the whites of the German eyes, and says: "Believe me, old Fritz sure can shoot straight."

It will be remembered that Boyd's company was one of the first companies of marines called for overseas service over a year ago.

LIEUT. HARRY MILLER, TRAINING WITH TEXAS CAVALRY OFFICERS, SEES DUTY AHEAD

Lieutenant Harry Miller, who is in training with the Texas Cavalry officers, writes another interesting letter, containing his sentiments as to the ultimate aim and object of the soldiers of the U. S. Read his letter; you may get a new slant on the war game.

"A copy of your paper was sent to me while I was in the hospital, and I assure you that I enjoyed reading it. It makes my heart glad to know that under the previous depressed conditions that have existed for the past two years, that patriotic McCulloch has again gone "over the top" with her quota of the Fourth Liberty Loan. Now that rains have fallen, let us hope in the spring to see a new budding of success and prosperity to good old McCulloch.

"I have just today returned from the hospital, having been confined there

for the past two weeks with a severe case of influenza. I am still very weak, but lots of fresh air and army chuck will have me all right in a few days.

The Texas cavalrymen training here are breaking records achieved by the bronco busters of historic fame. Reveille sounds soon after the first rosette streaks of dawn tinge the gray of the matin sky. In a moment the camp is a seething hive of activities. Mess, inspection, saber drill, conference—then out on horses to the drill grounds and oblong tracks, where we master the difficulties of horsemanship. There are cow-punchers, plainsmen, farmers, college youths, clerks, who have been gathered together from all parts of the state to form the personnel of the cavalry. Blue jeans and pinchecks have been doffed for the khaki. Soldiering is a game to them; drill is sport. The same spirit of play and determination that has led them triumphant on the field of sports causes them to surmount the difficulties of their work. Hurdling is perhaps the most spectacular feat of our exercises. We hurdle without stirrups, and then without saddles. Some of us manage to stick on, but we look mighty awkward, in comparison with our instructors. We are learning a new game now; it consists in riding over hurdles without a bridle and pulling off one's shirt meanwhile. When we have achieved this feat, we will then have won the title of all cavalrymen.

We are being trained intensively for 17 hours each day, and have but one aim—to get ready and to get there. The blood of the true sportsmanship flows in their veins. They are men who have lived and loved the great "Texas" out-of-doors. They have inherited a joyous love for the creaking saddle, the feel of the bridle and the comradeship of a high-mettled horse. Their forefathers, who have built prosperous cities upon bare plains, have bequeathed to them the will to do, the grit to bear, the spirit of a successful army that wins over all hazards.

The value of the Texas cavalry to our armies in France in the winning of the war, lies in it attaining the highest of mobility, of which every man is striving hard to attain.

"From the looks of the late papers the war will be over in a few days. No! No! The mission of an army in time of war is to win battles; only by an energetic pursuit of the beaten enemy can the full fruits of victory, and decisive results therefrom be obtained. It is not the mere defeat of the enemy's army, but its destruction that ends the campaign.

"Three hundred years ago a little party sailed across the Western Atlantic in a little ship, a cockle-shell boat, the "Mayflower." They left their homes, kindred and country for the sake of God, justice and liberty, and they turned their backs, as they thought, on Europe forever. Today the very same people are returning, sailing back across that western ocean, back to Europe for precisely the same cause: God, justice and liberty, and the whole world looks today to us, the Anglo-Saxon race, to bring back, not only to our own country, but to the entire world, those principles for which we have forever fought."

SOLDIER COMMISSIONED 2ND LIEUTENANT IN ROYAL MUNSTER FUSILIERS, AT LONDON

Mrs. C. S. Broad of Menard is in receipt of a letter from Lord Lucan of London announcing the commissioning of her god-son, W. L. Donnelly, as second lieutenant. Donnelly is a cousin of Mrs. J. V. Guyton, formerly of Brady, and was "adopted" by Mrs. Broad early in the war. The letter from Lord Lucan was dated at London, England, October 29th, and was headed, "British Red Cross and Order of St. John." It read:

"We are pleased to inform you, through the War office, that your god-son, W. L. Donnelly, has been commissioned second lieutenant in the Royal Munster Fusiliers. You will have news of him soon.

How about your watch? Is it keeping correct time? If not, let us remedy the trouble for you. Satisfaction guaranteed. A. F. Grant, jeweler, east side square.

COUNTY CORRESPONDENCE

ROCHELLE RUMBLINGS

Six Inch Rain Does Damage to Fields
Fences and Bridges.
Editor Brady Standard:

Pear Valley, Texas, Nov. 12.
There isn't much news this week, but I must write a few items to let you know that the flood didn't wash Pear Valley off the map—we got a six inch rain, which did much damage to tanks, fields, fences and bridges. The creeks were higher than ever known before.

Mr. Willie Carroll is a welcome visitor of relatives and friends. He was formerly a McCulloch county boy but now lives on the plains.

Miss Maud Parrish of Brownwood is spending a few days with her sister, Mrs. Grover Young.

The young people met at the Baptist church Sunday night for choir practice.

Mrs. Spraggins and daughter, Ruby, visited at the Seymore home Sunday.

Mrs. Harrell received a telegram Saturday from Oklahoma, telling her that her sister had just died after a few days' illness with influenza. Her brother died about three weeks ago

with the same disease. The community joins me in extending sympathy to Mrs. Harrell and family.

R. J. Turner and Guy Walker of Brady, were in the Valley Sunday.

Mrs. M. Faulkner, returned home Monday after spending a week with her daughter, Mrs. Ivan Elliott at Rochelle.

We are all rejoicing since receiving the message that Germany had accepted our peace terms—firing of guns could be heard in every direction Monday night.

SMARTY.

Chamberlain's Cough Remedy.

Do not imagine that because other cough medicines failed to give you relief that it will be the same with Chamberlain's Cough Remedy. Bear in mind that from a small beginning this remedy has gained a world wide reputation and immense sale. A medicine must have exceptional merit to win esteem wherever it becomes known.

Get your last year's suit in shape for winter. Let "Callie" repair and clean and press it. He can double the life of your suit.

FIFE FINDINGS

Citizens Band Together and Offer \$10 Bounty to Exterminate Coyotes.

Fife, Texas, Nov. 12, 1918.
Editor Brady Standard:

Since our last letter we have had the biggest rain that has ever fallen at this place. The total from noon Thursday until Friday morning measured 8 inches. Creeks were higher than they have ever been, and the river came down on a 40 ft. rise. The ground is wet to the bottom now, and all who have small grain sown are sure of pasturage for a couple of months.

The high water damaged crops and washed away about half of the fences, but we were glad to see it anyway.

W. D. Walker was a visitor here from Marion Saturday. Bill says he had a "light" sprinkle Thursday and has 160 acres of land under water. He wants to get someone to pump it off.

The "Flu" epidemic has entirely subsided here now and school opened on the 4th with a good attendance.

C. A. Trigg and B. A. Hallum were here from Brady Thursday in the interest of the U. W. W. campaign. It has been so muddy nothing has been done here so far.

J. B. Everett and Dock Wyres were at Brady Monday on business.

A number of our citizens have banded together to have the coyotes exterminated in this voting precinct. A bounty of ten dollars will be paid for each grown wolf caught in Pre. No. 12, during November, December and January. There are more wolves than usual this fall and it is estimated that they have killed 500 chickens and turkeys around here lately. If several other communities in the county will offer a bounty, we will have our wolf killed or have him move his headquarters from McCulloch county soon.

C. M. Coonrod and Mr. and Mrs. Earnest Amarine were at Brady on Tuesday, where Earnest had to report to the local exemption board for examination. He expected to leave for the training camp Thursday.

The Cooper well have their broken bit cased in now, and expect to be able to resume drilling shortly.

Mrs. J. L. Jordan of Brady is visiting her daughter, Mrs. Jas. Finlay, here this week.

Miss Mary Daniels, our efficient primary teacher, spent Saturday and Sunday with her parents, Mr. and Mrs. J. H. Daniels, at Waldrip.

E. Z.

LADIES! Let Callie remodel and refit that last year's coat or suit for you. A new style out of an old model is assured you.

MANN BROS.

No Worms in a Healthy Child
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

Bring your Pear Burner troubles to our Tin Shop. We have a man that can fix them.

O. D. MANN & SONS.

STACY HAPPENINGS

School Children Cut Off at School House by High Waters.

Stacy, Texas, November 18th.
Editor Brady Standard:

The grandest rain that has fallen here in many years, fell Thursday, commencing a steady downpour at 11 o'clock in the morning, and continuing for four hours without ceasing. It continued almost all night as well, stopping only for a few hours. Creeks, fields and tanks were overflowing, and the river was higher than it has been since the overflow in 1906, and quite a bit of uneasiness was felt by many who lived on the river, for fear it would come over again, but during the night, the river began falling, to the great relief of those who yet had cotton in the field. In the Doole community, Salt Creek and other large creeks were higher than was ever known before, the school children being cut off on both sides. They had to stay at the school house until 10 o'clock at night. We have had at least six inches of rainfall since Wednesday, showers having fallen Wednesday afternoon, continuing until the big rain came.

A large acreage of oats and small grain has already been planted, and fields are beginning to be a solid mass of green. Hurrah! for McCulloch county, she will yet come to the front.

Mrs. M. Mannering left Monday for Cheapside, Texas, where she and her husband have located.

Miss Adie Hammons left last week for San Antonio where she goes to attend a business college the coming season.

There is not a single case of influenza in our community now, and our school has not had to stop a day, neither have there been any deaths out of all those who have had it, which is more than most communities can say.

SUNFLOWER.

Greatly Benefited by Chamberlain's Tablets.
"I am thankful for the good I have received by using Chamberlain's Tablets. About two years ago when I began taking them I was suffering a great deal from distress after eating, and from headache and a tired, languid feeling due to indigestion and a torpid liver. Chamberlain's Tablets corrected these disorders in a short time, and since taking two bottles of them my health has been good," writes Mrs. M. P. Harwood, Auburn, N. Y.

We have a large stock of Planters and Cultivators on hand now. We can possibly make you a saving in price over the next Spring price. This is the best time to lay in your implements.

A NERVOUS WRECK
From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work.

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me!"
Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today.

LOST CREEK ECHOES.

Twin Arrivals at Home of Mr. and Mrs. H. S. Miller

Voca, Texas, Nov. 12th.
Editor Brady Standard:

Our community was visited Friday night by the biggest rain we have had for a long time. Three inches of water fell during the night. The wet weather springs are now beginning to flow.

Mrs. D. H. Henderson is visiting her two grandchildren, a little girl and a little boy, who came to the home of Mr. and Mrs. H. S. Miller on the Ed Gibbons' ranch last Saturday night.

The people of the Lost Creek community turned out in full at the school house last night and for three long hours both old and young rejoiced in celebrating the end of the great world war—the greatest event of our lives. The whole crowd joined in singing "My Country 'Tis of Thee, Sweet Land of Liberty," and last, but not least, they sang "Dixie." It was great time of rejoicing.

D. H. Henderson went to Brady today to meet his daughter and son-in-law Mr. and Mrs. Emmitt Good, of San Saba.

CALF CREEK NEWS

Wanderers Return Saying McCulloch Is Good Enough for Them

Calf Creek, Texas, Nov. 11
Editor Brady Standard:

As I am not quite washed away, nor have I the "Flu" I will try and write a few lines this week if some of you good correspondents will weave over and give me space.

C. B. Whitehead is visiting in our community for a few days from Milburn.

We are having quite a siege of "Flu." We have about ten cases Mrs. Russel, Mrs. Childers and seven children and Mrs. Russel's little granddaughter, Artie May Wood, have the "Flu."

Robert Lee is able to be up, but his wife is real low with pneumonia. She took the "Flu" and then she took pneumonia. Jim Lee is getting along very well.

Miss Bula Bridge spent the night with Miss Eula Garner Saturday. Berlin Tucker is having quite a job waiting on the "Flu" cases, since he has got over his illness.

Nearly everybody that has left has come in. Each says Old McCulloch is good enough for him.

J. W. Attaway has come home. Floyd Perry has come to our community for a few days visit among friends and relatives.

Edd Tramp was a pleasant caller at the Harkrider home Sunday afternoon.

Well, I am in hopes the war news is all true for I am sure anxious to see peace.

As my letter is getting rather long, I will close, wishing the writers and many readers the very best of wishes.

TOMMIE.

Nice Overcoats, at
I. G. ABNEY'S.

ROBUSTNESS

Nature has not been prodigal with everybody in the matter of robustness. Many, all through life, must stand guard and combat colds, coughs, bronchitis or perhaps more serious pulmonary ailments. For nearly five decades

SCOTT'S EMULSION

has been helping to turn weakness into strength. For those who are delicate, with tender lungs, weak throats and a proneness to debility and anemia, the definite nourishing and tonic qualities of Scott's are of special value.

Scott & Bowne, Bloomfield, N. J.

MOUNT TABOR TATTLES

Good Rains Fine for the Immense Oats Acreage

Fredonia, Texas, November 11
Editor Brady Standard:

I will try again to get our little "Tattles" in. The last time I wrote, I guess my letter landed in the waste basket and oh, my! I thought it was a very new sheet, but you know, Mr. Editor, I am very anxious for "O. I. C. U. R. Right" to know I am still a member of The Standard family. We certainly hope his fruit crop will be extra large. My, it's a long time to wait.

Well, I believe the "Flu" is about over here, as we have no new cases.

Everybody here was aroused last Thursday night by the firing of bells and firing of guns and all kinds of mouth noise, the cause being we heard Germany had surrendered. We had one great rejoicing, and when it is really and truly true, there will be another rejoicing.

We surely have been blessed with good rains lately. Lots of oats and wheat has been planted, and is looking just as fine as it could.

Miss Lillian Hill, who is teaching at Fly Gap, is visiting home folks a few days.

Bob Burns made a business trip to Brady today.

Mr. and Mrs. J. S. Wilson have moved to Fredonia, where Mrs. Wilson is teaching this term.

Mr. and Mrs. Tom Horn visited at Brady Sunday.

C. H. Longley is tending M. Harmon's store this week, while he is visiting at Brownwood.

I will ring off for this time and if this makes its appearance in The Standard I will call again soon.

BUDDIE.

Editor's Note—Evidently "Buddie's" last letter went astray, as our waste-basket has not held a single correspondent's letter this year.

We have a large stock of Pipe, Pump Rods, Cylinders, etc. Let us complete you on a pumping outfit.

Broad Mercantile Co.

Call for Schumacher Feed if you want something especially good for cows or hogs. We have a new shipment just in.

THEY ALL WONDER

What Sam uses to get that "Spizzer-ink-tum" polish but it's just plain every day know-how. Try a shine at Demps.

SAM, THE SHINER

Can an Old Battery be Repaired?

That depends:

- on how old it is
- on how well you've taken care of it
- on how soon you let the Willard expert locate the trouble and correct the fault.

Nobody can repair a battery until he finds the trouble, and nobody can correct a big fault as easily as he can a little one.

If you suspect any little battery troubles you'd better drive around and let us find them. Ask for the booklet "A Mark with a Meaning for You."

"Having suffered from nervous indigestion for several years, I find after using Dr. Caldwell's Syrup Pepsin that I am as well as I ever was and can now eat anything without fear of consequences." (From a letter to Dr. Caldwell written by Mrs. John K. Moore, 516 No. 27th St., Richmond, Va.)

Indigestion and constipation are conditions closely related and the cause of much suffering. Dr. Caldwell's Syrup Pepsin is a mild, pleasantly effective laxative; it quickly relieves the intestinal congestion that retards digestion and has been the standard household remedy in countless homes for many years.

DR. CALDWELL'S Syrup Pepsin

A TRIAL BOTTLE CAN BE OBTAINED, FREE OF CHARGE, BY WRITING TO DR. W. B. CALDWELL, 459 WASHINGTON STREET, MONTICELLO, ILLINOIS

RED CROSS CHAPTER CONTINUE AS DURING THE WAR, SAYS MGR. S.-W. DIV.

The local Red Cross is in receipt of a letter from Geo. W. Simmons, manager of the Southwestern division of the Red Cross, in which he says that, with the exception of surgical dressings and, perhaps, hospital garments, the production of the Red Cross will continue to be as great as during the war.

RED CROSS CHAPTER ELECTION TO BE HELD AT METHODIST CHURCH WED. EVENING

The Red Cross chapter election will be held at the Methodist church Wednesday evening, November 20th, at 7:00 o'clock. The following will be the program had upon that occasion:

- Song: "America," led by Miss Belamy.
- Prayer, The Rev. J. W. Cowan.
- Report of Chairman of Standing Committees.
- Report of Auxiliaries.
- Report of Secretary.
- Election of Officers.
- Song, "Star Spangled Banner," led by Miss Belamy.

LOCAL BRIEFS

Oscar Hanson returned Sunday night to Ranger, having spent several days here on business.

Dr. H. W. Lindley returned yesterday from Fort Worth, where he and W. H. Caldwell had gone Monday to arrange for the carrying on of the business of the Dr. R. A. Lindley Ink Co., manufacturers of marking ink.

Morgan & McCormack have moved their offices from over Broad Mercantile Co. to the offices formerly occupied by Crawford-Gosho in the Syndicate building. The new quarters are quite commodious, and are neatly furnished for the requirements of the company.

E. T. Jordan has ordered The Standard sent to Eugene L. Harris, who is serving in France with the headquarters company of the 113rd infantry. Harris was formerly manager of the Carey yard at Melvin, and will, no doubt, receive the McCulloch county news just like a man would welcome a long-lost brother.

G. A. Krueger, who has been laid up the past month or two with a severe spell of typhoid, was able to be down town again for the first time the early part of the week. Mr. Krueger looks rather thin, after his long illness, but is beginning to feel good again, and is wondering what line of activity to take up as soon as he recovers his health fully.

Mrs. J. M. Connally, in sending her renewal subscription from Azle, Texas, writes the following cheery note: "Enclosed find my subscription to The Standard—we can't get along without the news from McCulloch. We're glad to hear of the fine rains down there; hope you all continue having them, and that you have fine crops next year."

Writing from Corpus Christi Mrs. B. B. Gabbert says: "Glad to know McCulloch is receiving plenty of rain now, and hope it will continue raining good, knowing they will make a bumper crop in 1919. This part of the state made fine crops this year, and full feed is fine, and will be better than first crop. We have a fine season now, and everybody is feeling good, knowing they will make good crops again next year. Health is good here, excepting a few cases of the 'flu.' Good luck to The Standard and all of its readers."

Mr. and Mrs. Russell Bonser arrived Tuesday morning from Comanche, Mr. Bonser having accepted a position with The Standard force. Russell is a former employe of The Standard; in fact, he got his first training in the "Art Preservative of Arts" in this office. For the past four years he has been with the Comanche Vanguard. There are two recent events that have transpired in Russell's life, which show that he is on the right track. The first is that he chose as his bride a McCulloch county girl, and the second is that he prefers association with a McCulloch county paper to that of any other paper in the world.

H. A. Metcalf has received a dainty little card reading as follows: "Announcing the arrival of Marion Louise on November 6, 1918. Mr. and Mrs. O. M. Roberts." Mrs. Roberts is well remembered here as Miss Velma Metcalf, and she is now with relatives at Harpersville. Her husband is a son of W. J. Roberts of this city, and is a member of the 36th infantry now serving in France, having been sent over seas in March. Grand-dad Metcalf is just about the proudest man that walks the streets these days—but he will have nothing on his son-in-law, when O. M. comes marching home again.

Emil Samuelson returned Saturday from Ganado, Jackson county, where he has been helping in the rice harvest the past number of weeks. He reports the rice fields a sight worth seeing, and says there is an immense amount of money to be made in the project. The man for whom he worked had 550 acres in rice, on which he estimated a total yield valued at \$60,000. Of course the expenses were no small figure, but the margin of profit was nevertheless large under favorable conditions. Emil says that McCulloch county sorely looked good to him upon his return, and that from Lometa to Brady there is scarcely an acre of farm land but what is planted in grain, most of which is as fine as could be wished.

Time to order that winter suit now, so you'll get full benefit of it during the cold weather. Our new samples of the famous Ed V. Price line offer you a wide range of selection.

U. S. EMPLOYMENT SERVICE RECRUITING LABOR FOR THE BEAUMONT RICE HARVEST

Dr. Chas. A. Bailey, U. S. Government Recruiting examiner for labor, is again in Brady, getting men for the rice harvest at Beaumont, Texas. The pay will be \$3.00 per day and board and lodging.

Dr. Bailey says that an enviable record has been made by Brady, over 200 laborers having been sent out from the Brady territory. He states that the officials at Washington have noted Brady's efforts to co-operate with the labor department, and that in the future should Brady have any need to call upon the department for assistance, it will most certainly be readily forthcoming.

Dr. Bailey has received promotion to recruiting examiner since his last visit here, with corresponding increase in pay, the promotion coming in recognition of the excellent services he performed.

L. BALLOU JUDGE AT HOBBY ELECTION—WAS CLERK AT ELECTION OF HOBBY'S UNCLE

The fact that L. Ballou acted judge of the election in Brady precinct at the general election on November 5th, which election made William P. Hobby governor of Texas, brought to light the rather peculiar incident that Mr. Ballou had acted as clerk of an election held in 1861 at Lamar, Refugio county, when Col. Alfred M. Hobby, uncle of the present governor, was elected a delegate to the convention at which Texas seceded from the Union, and cast her lot with the Confederacy. Mr. Ballou was 16 years old at that time—today he is 75 years young, having celebrated his last anniversary on the 4th inst. Incidentally it is of interest to note that Col. Hobby had command of the regiment in which Mr. Ballou served during the war between the states.

WILL PRESENT AMBASSADOR JAMES W. GERARD'S

"My Four Years in Germany"

FRIDAY AND SATURDAY Nov. 22-23

SHOW STARTS 7:45

POSITIVELY THE GREATEST PICTURE SINCE "THE BIRTH OF A NATION"

Ambassador JAMES W. GERARD

Please bear in mind that this picture is not FICTION but is a remarkable film, giving the facts by the one man who knows, our own Ambassador James W. Gerard, who spent four years side by side with the Kaiser at Berlin. Mr. Gerard has made clear the entire history of Germany's plots and intrigues and facts that were never supposed to have seen the light of day are exposed and made so realistically vivid by this powerful production that President Woodrow Wilson said: "Let the American people see this picture and Kaiserism will be wiped off the face of the Earth; this picture will live as long as there is an American republic."

This Picture is in 10 Reels and Will be Run Complete Each Night. Don't Miss It.

On Account of Length of Picture, Show Starts at 7:45

Prices--25c and 50c. Reserved Seats--75c
