

BRADY CHAUTAUQUA OPENS JUNE 16TH--FIVE DAYS PROGRAM

WAR VETERANS PERFECT TEMPORARY ORGANIZ'N

(By Werner Tauch).
With the return of the Texas boys now with the 36th and 90th Divisions from overseas, the American Legion, now a temporary organization, will be perfected into a permanent association for the veterans of the World War who served in the military or naval forces of the United States during the period of April 5, 1917, to November 11, 1918, inclusive. This information was given over at the second meeting of the veterans of McCulloch county, at the court house in this city last Saturday night.

S. P. Boon, chairman of the local organization, presided at the meeting and briefly outlined the routine of happenings at the National convention that was held in St. Louis on May 8th, 9th and 10th, going into detail regarding the steps that are to be taken to pattern the County organization after the plans that were outlined in St. Louis.

Evans Adkins, reviewed the proceedings of the first meeting for the benefit of those present, stating that on April 29th the first steps in organizing the Legion in McCulloch county began.

Following Mr. Adkins' talk, the minutes of the first meeting were read by Orval Jackson, temporary secretary. S. P. Boon afterwards outlined to the veterans present that the American Legion had originated overseas and that Lieut. Col. Theodore Roosevelt, Jr., was elected temporary national chairman. Upon returning to the United States Colonel Roosevelt called for the organization of the veterans and appointed temporary state chairmen to further the plans.

At the meeting in St. Louis, Col. H. D. Lindsley was elected temporary chairman to continue the work in this country until the next National convention which is to be held in Minneapolis during November.

Upon the completion of Mr. Boon's talk, Mr. Jackson read the report of the district and also brought up business that had been postponed from the first meeting.

In his reading of a memorandum that had been received from State Headquarters was some cover. The memorandum orders that the designation of the chairman be changed to Commander. Secretary to that of Adjutant, and also calls for a Vice-Commander, for which O'Farrell Craddock was chosen. Louie Glenn was elected to fill the office of Sergeant-at-Arms.

Included in the evening's routine of business was the recommendation for appointment of the following committee:

1. To select name for Post: Grover Gattis, Waldrip, John F. Deans, Voca; O'Farrell Craddock, Brady.

2. Constitution and By-Laws; Declaration of Principles and Resolutions: Evans Adkins, Clarence Snider, Brady; Paul Schmidt, Lohn.

3. Credentials and Post Headquarters: Dr. J. G. McCall, Luther Hutson, Brady; Monte Guyton, Rochelle.

4. Membership: Robert Carlson, Harold Craddock, Milton Gainer, Rochelle community; John W. Liverman, Voca community; Milton Gainer, Rochelle community; Fred Lohn, Lohn community; Leonard E. Sanson, Mercury community; O. N. Mason, Melvin community; William A. Dickinson, Stacy community; Arthur W. Lyckman, Whiteland community; Carl A. Gray, Placid community; Chas. Mitchell, Fife community; Clyde Peal, Pear Valley community; Elmar Bray, Waldrip community; Roy Ewing and A. J. Blaisdel, Calif Creek community; Philip N. Reams, Doole community.

5. Publicity: Carl Sheppard, Brady; Roscoe L. Ware, Mercury and Emzy Sutton, Melvin.

The membership fee will be two dollars and annual dues, one dollar. The amount for the membership fee was decided upon by the Finance committee at the National convention, and was adopted by the National body. Application cards were distributed among the veterans and according to the by-laws of the American Legion only soldiers, sailors and marines, who were in the service of the United States and its associates during the emergency are eligible for membership.

The veterans expect to meet again when the 36th and 90th Divisions are demobilized, when, it is thought, the people of Brady and McCulloch county will combine their efforts for a reception for all the returned veterans. At that time it is expected the organization will be made permanent; adopting the reports from committees as made or amended for the permanent organization; electing permanent officers, etc.

WHY does H. WILENSKY attract people who want to save money on their purchases? "The Price is the Thing."

Fishing tackle, Gold medal folding cots, folding camp stools. O. D. Mann & Sons.

H. P. RODDIE GIVES FINE REPORT ON CONDITIONS IN WEST TEXAS

H. P. Roddie returned Saturday from a week's trip out through West Texas, and gives a most interesting and encouraging report on conditions as he found them. Mr. Roddie's trip included visits to San Angelo, Sonora, Del Rio, Comstock, Juno, back to Sonora and returning to Brady via Menard. All over this section there have been fine rains, and conditions are as good as anyone could wish. The wool clip is better grown than in a long time, which will add wonderfully to its value, and the shortage in stock has been more than made up as a result. Also the lamb crop has been the best ever, and a safe estimate places it at fully 90%.

Mr. Roddie is feeling very much pleased over prospects and, of course, will be in on the purchase when the big wool, mohair and grain crops begin to move.

RUSSELL NO. ONE IS MAKING 12 MILLION FEET GAS AT 1487

Russell No. 1 of the Dencle Oil Company, in the Santa Anna field, is making 12,000,000 feet gas by gauge test. The gas sand was struck at 1487, several feet shallower than the gas sand in the other wells of the Santa Anna field. The gas sand has been penetrated only a few feet. The Russell promises to be a good producer when the oil sand, underlying the gas, is reached.—Coleman Democrat-Voice.

Get the Kelly-Springfield Truck Tires—made of soft gray compound, giving most wear and least tear. Brady Auto Co.

OUR WEEKLY RAINS? SURE! THEY ARRIVED ON SCHEDULE TIME

McCulloch county continues to go wet in spite of the prohibition election and all other diversions. Two rains or more a week is a safe estimate, and the week past has seen this rule closely followed. Since last report, rain No. 1 arrived during Friday night and totaled 11-20ths of an inch. Rain No. 2 arrived Sunday night and totaled just half an inch. These rains, while covering a good portion of the county, were not universal, reports from several points stating the rain missed them and that plowing was going on uninterrupted. The rains are very acceptable, although farmers are hoping for enough sunshiny weather to enable them to get in their fields and get the grain crops harvested. From the present sunshiny weather, it would appear that their hopes are about to be realized.

PEPTONA

Will Help You

EFFICIENCY IS THE KEY-NOTE TO SUCCESS
Efficiency depends greatly on bodily health. A run down, nervous, poorly nourished system may prevent better accomplishment.

Peptona, our best tonic, is made to aid in such conditions. It will help enrich the blood, is an aid to relieving tired, nervous, "worn out" conditions.

It will act as an aid in convalescing from coughs, colds, bronchitis and other similar disorders, and to properly assimilate your food.

Take Peptona. You will feel increased vigor for your daily duties.

KING WELL NO. 1 IN OPERATION AGAIN THURSDAY

The Geo. F. King well No. 1 will resume operations next Thursday it was definitely announced yesterday by Mr. King. This well is located on Survey No. 401 (Bumgardner ranch) two miles east of Brady, and has been drilled to 1040 feet. It has been shut down the past month or six weeks. Eleven hundred feet of 6 5/8 inch casing was unloaded and hauled to the location Monday, and Contractors Price & Beagle, have been in Cisco on business, have returned and operations will be resumed Thursday. The casing will be set to the 1040 ft. depth, and drilling will proceed to the Hickory limestone, which is expected to be reached within the next 90 feet, as the drill is now on the cap rock. Should this sand fail to develop oil the well will be shot at the various depths where showings were encountered. These showings were had at 220 ft., 660 ft. and 885 ft.

SIX FOOT SNAKE AMONG MAIL IN LOCAL POSTOFFICE

The Brady postoffice force is out with the biggest snake story of the new season, and the story is vouched for by every member of the force. Due to the excitement of the moment, their descriptions vary somewhat, but on the main point of the story—the killing of a big chicken snake on one of the office typewriters—on this they are all agreed.

Clerk W. A. Wilder first discovered Mr. Snake last Friday evening, with its head resting on the typewriter, and its fangs darting about the keys in business-like fashion. Its body was resting along a counter and its tail was exploring various documents in the government files. Wilder did not stop to ascertain whether the reptile was attempting to write a letter of greetings to Postmaster General Burleson or if it was merely trying to dictate a business letter to the local force, but called together the balance of the force, who assisted him in executing the snake with neatness and dispatch.

Just how the snake got into the postoffice is a deep, dark mystery. Whether it crawled in without waiting for an invitation, or rode in on a mail bag cannot be said. There were no stamps or postmarks on it nor was there any postage due stamp attached, and if it bore any address the same was illegible. Some suggested that Postmaster Reagan send it to the dead letter office, but on account of the scarcity of proper preservatives under present prohibition laws, it was deemed more advisable to bury it.

The size of the snake is in dispute. Assistant Postmaster Oscar Westbrook makes a modest estimate of four feet. Wilder says five feet looks right to him, and Postmaster Reagan says he is willing to bet a hat six feet would be nearer correct. The editor, from descriptions furnished, finds it about as big around as a whiskey bottle.

The abundant rains promise to make all the angle worms grow into big, fat snakes, and it is likely other snake stories will be added to the chapter before the year closes.

IF PEACE IS WORTH HAVING IT IS WORTH REMEMBERING BY GIFT

A Gift Made Now

in commemoration of the peace we have won will bear a sentimental value that will increase tremendously as the years go on.

There is no greater event in your life, no occasion more worth celebrating, than the winning of the war.

If you ever thought of making a present make it now. Then let us engrave it so its significance will never be lost, but will grow with the years.

CHAUTAUQUA TO OPEN JUNE 16TH BENEFIT B. F. D.

The Brady Chautauqua season will open Monday, June 16th, and run for five days, the program closing on Friday, June 20th. This is the definite information given the local committee by the Chautauqua management. The Chautauqua has been arranged for by a number of the leading citizens of Brady, who last year signed the required guarantee, thereby assuring this splendid attraction for our citizens. Season tickets will be sold at \$2.00, and proceeds from the Chautauqua will go to the Brady Fire department.

In spite of the interrupted and delayed program last year, the chautauqua for the past two years have been great and growing successes. One number on last year's program was alone declared by all to be worth the price of a season's ticket. This year's program is said to be even better than any previously given.

The chautauqua this year has been assured to the citizens of Brady by reason of the following business men having signed the required guarantee:

O. D. Mann & Sons	S. A. Benham
Paul Calvert	S. S. Graham
E. A. Baze	E. E. Wiley
H. C. Samuel	E. T. Jordan
A. R. Hooper	F. T. Fowler
L. P. Cooke	S. W. Hughes
Roy Wilkerson	A. B. Stobaugh
F. W. Henderson	J. H. White
F. J. Yantis	F. A. Campbell
A. H. Broad	W. D. Crothers
G. R. White	W. R. Davidson
R. F. Middleton	A. J. Ricks
H. P. C. Evers	C. A. Trigg
B. Simpson	Bailey Jones
W. E. Campbell	J. E. White

Officers and committees for the following:

F. W. Henderson, President.
Mrs. W. N. White, Vice-President.
Paul Calvert, Sec.-Treas.
Executive Committee—W. E. Campbell, W. D. Crothers, C. A. Trigg, B. Simpson, E. T. Jordan, B. A. Hallum and J. E. Wiley.
Advertising Committee—C. A. Trigg, E. L. Jones, B. A. Hallum, M. S. Sellers and H. F. Schwenker.
Grounds and General Arrangement—Duke Mann and J. C. Wall.
Decorations—Mrs. J. D. Branscum and Mrs. S. A. Benham.
Season Tickets Committee—Paul Calvert, Bailey Jones, Ed Broad, W. H. Ballou, W. L. Hughes, and a number of ladies to be selected.

RED CROSS NURSE, 21 MONTHS IN FRANCE, AD-DRESSED LOCAL CHAPTER

Miss Kate Bridge, a Red Cross nurse, with a record of 21 months' service in France, part of the time being spent right at the front, was a visitor in Brady the past week and addressed the executive committee of the McCulloch County Red Cross chapter at the Commercial bank upon the peace program being put on by the American Red Cross. Miss Bridge was sent out into Texas by the headquarters of the Southwestern division of the Red Cross at St. Louis, and was giving special attention to the program for Home Nursing. After attending to the business matters, she entertained those present for an hour or more with a recount of her experiences in France. With another Red Cross nurse, she was the farthest advanced in the actual battle zone, of any white woman. She gave a vivid description of the desolation, the wreckage of homes and the general disaster that followed in the wake of the German army. Her account was most interesting and was heard with close attention by all.

HOUSEWIVES ATTENTION!

KIRBY WOOD PRINCIPAL IN EXCITING RUNAWAY LATTER PART LAST WEEK

Kirby Wood, 15-year old son of Mr. and Mrs. A. W. Wood, was the principal in an exciting runaway last Friday. He was driving a team belonging to Bob Robbins and which was hitched to the running gear of a wagon. At the cotton yard the team became frightened and started running. Young Woods became entangled in the running gear and was dragged for a considerable distance, his body being flesh being gouged out of his side and back. At the Gay wagon yard the running gear broke apart and young Woods shortly after succeeded in jumping free from the front part of the wagon, just before the team broke loose from it also. The horses continued at breakneck speed up the hill. Near the residence of J. R. Starkey one of the horses ran into the guy wire of a telephone post, breaking its neck, and stopping the mad flight of the pair.

At last reports, Woods was making a good recovery from his near-fatal accident.

HILARY TINDEL TRADES TOBACCO FOR SOUVENIRS

Hilary Tindel returned Sunday, having received an honorable discharge at Camp Bowie. Hilary was overseas eight months as a member of the 38th Division, being with the Signal Corps. During his service he was in a replacement battalion, but had no opportunity to engage in the actual warfare; nevertheless he was close enough to the war zone to gather an interesting lot of experiences.

Hilary was sent from Brady to Fort Travis; from there he went to Fort Leavenworth, Kans., and then to Camp Vail, Va., where he received his last training before going overseas. He sailed across on the "Great Northern," one of the fastest boats afloat, and the trip was made in 5 1-2 days. The trip was quite exciting because of the subs that attempted to attack them. Hilary several times tried to write about the sub attacks in his letters, but each time the censor obliterated all such references. On the homeward bound trip, they took the Southern route across the Atlantic, and were 13 days on the return trip.

Hilary brought back with him a number of interesting souvenirs, and said had he known how much the souvenirs were in demand here, he could have brought many more. One of his souvenirs was a German officer's helmet, for which he traded some tobacco to a German prisoner. This prisoner was a boy who used to live in St. Paul, and, in fact, had practically been raised in this country. He spoke very good English. He chanced to be visiting in German just at the time the war broke out, and was forced into the German army. Hilary says this boy was one of the nicest fellows he ever saw; that he was very bitter against the Germans and longed to be back in the U. S. A. Hilary also secured from him a belt of special design and which he values very highly.

One of the most unusual souvenirs was a paper bill of two marks denomination (a mark was about the equivalent of 24c U. S. money before the war). This was money that was paid to prisoners only, and was paid to prisoners by a smelter plant in Rombach, Germany. On its face, it is stated that upon the release of the prisoner this warrant would be redeemed in current funds.

A good motto: "Trade where your money goes farthest." That means trade at H. WILENSKY'S. Best quality and service at lowest prices.

HOUSTON BUSINESS MEN GIVE BRADY THE PALM FOR LIVE-WIRE METHODS

Seth Abernathy returned Sunday from a business trip to Houston, where he spent ten days on business for the Brady Brokerage Co. Wherever he went, Seth says, the business men frankly told him that Brady had the liveliest set of business men they ever saw and that the Brady Chamber of Commerce was putting over the publicity for McCulloch county in a manner that was to be highly commended.

It's mighty nice to go away from home and be greeted with reports such as this one. It gives a man standing to come from a live community, and it gives him an opportunity to still further boost the community. Every citizen of McCulloch county should be proud to be a member of the Brady Chamber of Commerce and to assist in the work that is giving Brady and McCulloch county the name of being the livest spot on the map.

BRADY, TEXAS, May 27, 1919

WAR ON MOSQUITOES.

Dr. W. L. Jennings, City Health Officer of Coleman, desires that the people be reminded of the importance of combating the mosquito early in the game by eliminating his breeding place. Every person who has an open cistern, rain barrel, or permits water to stand in tin cans or other vessels about his premises, is unwittingly maintaining a mosquito hatchery. Nearly everyone has seen "wigglers" or "wigglers" in a vessel of water, a puddle, or rain barrel, but casual glance usually does not convince one that these strange looking creatures are nothing else than the young of mosquitoes. If the reader is inclined to doubt it, just tie a mosquito net over a jar of water containing these wigglers and watch them for a week to see the transformation. Mosquitoes usually do not fly far from their breeding places—the mosquitoes that annoy you on a summer evening probably grow in a street gutter near your house, or in a chicken trough in your back yard, or in any standing water not more than a block or two away—tin cans, dishes, bottles, troughs, rain barrels, in fact any vessel of water which is not changed frequently is capable of rearing mosquitoes. While they are wigglers they may be destroyed by an occasional application of kerosene on the surface of the water where they are breeding.—Coleman Democrat-Voice.

There is no more important work than the elimination of such disease breeding and spreading pests as the fly and the mosquito. A little kerosene, well placed, will prove the best health certificate a careful and conscientious citizen can possess. Get the mosquito before he gets you.

GIVING THE OIL NEWS.

"Why don't you give more oil news?" That question has been put up to The Ledger several times within the last few weeks. The average man does not know how hard it is to get oil news. We are often called upon to suppress news of some prospective deal or pending contract, but it is seldom the scouts come to us with a good story. Again some people seem to think The Ledger should bring in an oil well. We have been doing our part of

the drilling all right, and if boosting the game would guarantee oil, gushers would be as common in this country as curbstone brokers are in Fort Worth.

If you know any oil news, don't suppress it, turn it over our way and we will carry the news to the scouts in the oil fields.—Ballinger Banner-Ledger.

Giving the news is the easiest part of a newspaper man's task—getting the news, possibly, the hardest. Many folks who know good news, don't know how to give it to the newspaper man. Many folks who do know how to give the news, prefer to keep it under their hat. Those who do know news and who know how to give it, are such rare birds that their plumage should be preserved in a national museum.

NOTICE TO FARMERS!

NORTH BRADY NEWS.

Some Farmers Already Cutting Oats—Corn Reported Fine. (Too Late for Last Week). Brady, Texas, May 20. Editor Brady Standard:

The weather seems to be settled now, after a week or more of almost continued rains.

Everyone is putting in good time killing weeds.

Corn is fine. Oats are pretty good. Insects still are cutting cotton. No other insects are bothering in this immediate community at present.

Mrs. K. Huffman and family, Mr. Jonah Bell and family, Mr. and Mrs. J. B. Cottrell and Fonso Gressett and wife, and Mr. Joe Ranne and family enjoyed a nice outing and fishing trip on the creek last Friday.

G. C. Kennedy returned from near Thorndale, after several days spent here seeing after his farm.

We are all expecting business to pick up in this country in a week or two if the weather continues favorable.

A few of the farmers have begun to cut oats this week.

Mr. and Mrs. J. B. Cottrell spent Sunday evening with John M. Johnson and wife.

Little Sue Ellen and Moman Johnson spent Sunday evening with Lillian and Homer Middleton.

Mrs. A. J. Johnson is very ill at this writing.

Mrs. Susie Johnson called on Mrs. C. P. Eklund one evening last week.

Mrs. Agnes Gressett went to Mrs. Behren's Monday and bought some flowers.

Mrs. Torrell visited Mrs. Nannie Cottrell Monday evening.

John M. Johnson is making a new stock lot, getting ready for harvesting time. "EVELYN."

State Health Department Approves of Brady's Kleanup Campaign

Austin, Texas, May 10, 1919.

Mr. H. F. Schwenker, Editor Brady Standard, Brady, Texas.

Dear Mr. Schwenker:—

I am very much gratified to note the interest being taken in your community in the matters of health and sanitation and appreciate your generosity in opening the columns of your valuable paper in such a campaign.

I write to assure you and the good people of Brady of the appreciation of the State Board of Health in these measures and to advise you of our desire to co-operate with and assist you in all matters pertaining to the health of your community.

With best wishes, I am,

Yours very truly,

C. W. GODDARD,
State Health Officer.

WONDER WORDS.

This Is Wonder, Ore.—Also Here's How Tree Ducks Do. Wonder, Ore., May 19.

Editor Brady Standard:
In my description of Wonder, I forgot to mention a few potent items of identification. Namely: At the north-west corner of the store and postoffice building at the end of the porch floats Old Glory at the top end of the longest flagpole you ever saw according to the size of it. Sixty feet long and only six inches in diameter at its base and three at the apex. I had a time raising it. I climbed a tree and attached a block and tackle to hoist it with, and used guy ropes attached to the flue on top of the building and to a tree on the opposite side to keep it (the pole) from swinging to either side.

Over the front door is painted the sign "Wonder Postoffice," and projecting through the front porch floor is a gasoline pump, where the wayward traveler may replenish his thirsty automobile. And at the edge of the porch projecting two feet above the surface of the ground is a four-inch metal stake with a copper capping on the top of which is inscribed "U. S. Geological Survey. Elevation above sea, 1077 feet. 250 dollar fine for disturbing this mark."

Off to the south about a mile is Mt. Wonder, the summit of which is perhaps 2000 feet higher, from the base of which flows a brook, the water of which is so cold it makes your fingers tingle to wash in it. It is really too cold to irrigate with, but I use it for that purpose nevertheless; depending upon the sun to warm the ground afterward. Back of the store is a well of water of just about the same temperature. In the front yard are thousands of lilacs, roses and other flowers including native Oregon lilies, which are very fragrant. Also some beautiful cone shaped native firs and cedars twenty feet high which were only one foot high when I set them out fifteen years ago.

This is May nineteen, Nineteen and Nineteen.

O yes, I want to tell you the tree ducks have hatched and the old ducks have got all the little ducks down into the creek and there is a nice bunch of them—some fifteen or twenty. They could swim so fast I couldn't get close enough to count them. An octogenarian told me that the old ducks carry the young ones in their mouth like an old cat carries her kittens. He said he had seen them at it. One of our neighbor boys found a duck's nest in a hollow oak limb in the top of the tree. He got the eggs and set them under a hen. When they hatched the ducklings led the old hen to the creek. As she couldn't teach them how to swim, they tried to teach her. She would fly from one side of the creek to the other and took gummy fits. But the little rascals deserted their foster mother and went on down the creek like the proverbial "Wards ducks" you have heard about.

"O. I. C. U. R. RIGHT."

We take pleasure in announcing that Mr. V. B. Deaton is now with us and he will be pleased to serve you. H. WILENSKY.

AND DON'T YOU FORGET

That we have a first-class Plumber on the job all the time and want your plumbing and repair work; also a complete line of bath room and plumbing supplies.

State Health Department Approves of Brady's Kleanup Campaign

Austin, Texas, May 10, 1919.

Mr. H. F. Schwenker, Editor Brady Standard, Brady, Texas.

Dear Mr. Schwenker:—

I am very much gratified to note the interest being taken in your community in the matters of health and sanitation and appreciate your generosity in opening the columns of your valuable paper in such a campaign.

I write to assure you and the good people of Brady of the appreciation of the State Board of Health in these measures and to advise you of our desire to co-operate with and assist you in all matters pertaining to the health of your community.

With best wishes, I am,

Yours very truly,

C. W. GODDARD,
State Health Officer.

LOCAL BRIEFS

Mrs. W. K. Gay went to Brownwood Sunday for further treatment, and the family and friends are highly pleased to learn that the doctor has decided no further operations will be necessary. It is now hoped that she will soon have fully recovered. Mrs. Will Kennerly and little son, who accompanied her to Brownwood continued yesterday on their return home to Houston.

J. C. Mayhew returned Monday from Turnersville, Coryell county, where he has been spending the past fifteen days at the bedside of his brother, F. M. Mayhew, who has been quite dangerously ill. He was glad to report him much better, being now able to sit up. Mr. Mayhew says they have the finest crops he ever saw in Coryell county—wheat that will make around 40 to 50 bushels to the acre; corn shoulder high to a big man and black. The rains have been so abundant there, that cotton planting has not yet been attempted.

The Commercial National bank is having the finishing touches put on the improvements about the bank building in the shape of the widening of the brick walk on the west side of the building to the curb line. A flat stone crossing has also been placed in the alley way. Since removing the old and unsightly awning, brick masons have gone over the outer brick walls of the bank building, brightening them up and giving it the appearance of new; modern awnings have been placed at each of the windows and with the completion of the walk, the improvements will convert the bank property into one of the most attractive buildings in the city.

Friend J. T. Wade came to The Standard office yesterday with a home-grown exhibit, in the form of a head of cabbage, that would do credit to any community or any agriculturist. The cabbage is fully matured, and is perfect in every respect, with leaves so tender and succulent that they would virtually melt in one's mouth. Mr. Wade says his garden this year is the prettiest he has ever seen, and he is growing vegetables of every sort in profusion and of such tender growth that they are real delicacies. However, on account of the invalid state of Mrs. Wade, he is unable to peddle his vegetables out, or to deliver them. Should any of our readers want the best of garden truck, fresh from the garden, we can unhesitatingly recommend a visit to Mr. Wade's home in East Brady, just beyond the Koerth gin.

The Fort Worth Record of last Sunday contained the picture of Mrs. McCord Harrison on its rotogravure section as one of the graduates of Texas Womans' college at Fort Worth. Mrs. Harrison was at T. W. C. four months last winter and this spring secured permission of the school board at Bartlett, where she was teaching, to return to T. W. C. in order to finish the course and receive her degree. She has been attending the college since March 1st. Mrs. Harrison will go this week to San Antonio to attend the commencement exercises at the San Antonio Female college, at which place she received her A. B. degree some few years ago. The occasion promises to be a memorable one, since it will also be the 25th anniversary of the establishment of the college and also Homecoming week for the college graduates. Mrs. Harrison will remain in San Antonio until the middle of June, at which time her husband is expected to arrive on his return from overseas service.

MANY PROMINENT TEXAS PEOPLE INDORSE TANLAC

List Includes Sheriffs, Professional and Business Men, Ministers of the Gospel and Others—Wonderful Results are Obtained by the Use of the "Master Medicine"—People Everywhere Praising Tanlac for the Good It Has Done Them.

That Texas is enthusiastic for Tanlac is shown by the large number of leading citizens of the State who have come out with unqualified indorsements of the wonderful medicine. Hundreds of thousands of people all over Texas are taking it and are unanimous in their praise for the wonderful results they have obtained through its use. County officials, as well as ministers of various denominations, and others occupying positions of trust and confidence, both in the public and civic life of Texas, are among those who have obtained relief from their troubles through the use of Tanlac, and who gladly recommend it to their friends.

Following are a few of the hundreds of testimonials, given by Texas people of prominence, which have been received at the Tanlac office within the past few months.

Hon. Archie R. Anderson of Houston, Ex-Sheriff of Harris county, is one of the best known and most popular men in the State. For twelve years Deputy Sheriff of Harris county, he was then elected Chief of Police of Houston, and shortly thereafter, was elected Sheriff of Harris county, and re-elected to this office seven times, which position he held for fifteen consecutive years, when he voluntarily retired to private life, having held public office in the State for twenty-seven years. He is a leading citizen of Houston and a large property owner in that city. Says Mr. Anderson:

"Money couldn't buy the good Tanlac has done me. I was in a badly rundown condition, suffered terribly from indigestion, would bloat up with gas soon after eating and was so miserable that I never felt like getting up in the morning. I suffered with neuralgia and was in a dreadful fix for four years. Since starting on Tanlac I am like a different person altogether. I sleep like a log, eat anything I want without suffering pain or inconvenience afterwards, and I never felt better in my life than I do now."

Judge and Confederate Veteran.

Judge G. W. Kyser, of 1204 West Ninth Street, Austin, a well-known Confederate veteran who occupied the bench in Caldwell county for twenty years, and later, was Commissioner of Pensions under Gov. Colquitt, says:

"I suffered for years with rheumatic pains and constipation and got so I could hardly sleep. I had no energy and had terrible headaches. A few bottles of Tanlac put me in better shape than I have been in years. I eat heartily, sleep well, my rheumatic pains are all gone and I feel more active and energetic than I have in a long time."

Sheriff of Ector County.

Hon. S. A. Kelly, Sheriff and Tax Collector of Ector county, and living at Odessa, says: "I had no appetite, was rundown, had rheumatism, my back ached and my kidneys were out of order. Tanlac has done me a world of good in every way, and since taking it I feel more active and energetic than I have in a long time."

Deputy Sheriff of Bexar County.

Joe Chadwick, 125 Kremphan street, San Antonio, formerly Deputy Sheriff of Bexar county, says:

"My wife suffered for ten years from a disordered stomach. Gas caused her heart to palpitate, she suffered awful pains and would get so nauseated that she couldn't retain what she had eaten. She began to improve as soon as she started on Tanlac, she is stronger and has more life and energy than before and says she feels more like working now than she has in a long time."

Fort Worth Alderman.

Robert T. Kelly of Fort Worth, a well known former alderman and for three years in charge of the county farm of Falls county says:

"Eleven years ago I was a well and healthy man, then something went wrong, I lost my appetite and fell off in weight. My nerves were shattered—my whole body was racked with pain and I took to my bed where I lay for several months, almost help-

less. I decided to try Tanlac and before I had finished my first bottle the pains began to leave me and as I kept it up I improved steadily, gaining twenty pounds in weight and now feel in better shape than I have in many years."

Pastor Baptist Church.

Rev. R. J. Taylor, pastor of the Baptist Church at Franklin, Robertson county, says:

"My stomach was all out of order and I suffered with such severe headaches that I could hardly sleep. I had no appetite and would feel so weak and dizzy that I would almost collapse. My improvement since starting on Tanlac has been wonderful; I have already gained several pounds and can do my work now without tiring as I did before."

Methodist Minister.

Rev. James Hamilton, of Dallas, a retired Methodist minister and former missionary in Brazil, says:

"After spending several years in Brazil my health broke down and I was compelled to give up my work. I came to Dallas eight years ago a complete nervous and physical wreck. I took several bottles of Tanlac and my health has been fully restored; I have gained considerably in weight and have a better appetite and digestion than I have had in seventeen years."

Austin Real Estate Man.

G. F. Hamilton, a well-known real estate man of Austin says: "I suffered for eight or nine years from rheumatic pains and sciatica, and was also troubled with catarh. My nerves were in an awful fix and I was badly rundown in every way. Tanlac has done me more good than anything I ever took and has made me feel more like my old self again; I want to be stirring and moving about all the time."

Other Well Known People.

Among other prominent persons who gladly indorse Tanlac are Hon. Charles I. Lewis, Marion, Ark., Ex-Sheriff of Crittenden county, Ark; Hon. J. D. Patton, Cabot, Ark., former Deputy Sheriff of Rains county, Texas and more recently holding the same office in Muskogee county, Okla.; Hon. Benjamin F. Wittington, Judge of the Ralston Court, South Omaha, Neb.; Hon. C. W. Mangum, Atlanta, Ga., ex-Sheriff of Fulton county, Ga.; James Taylor, Peoria, Ill., Special Investigator of Mines and Minerals for State of Illinois; E. J. Henry, President of the Hawkinsville Bank & Trust Co., Hawkinsville, Ga.; W. C. McElveen, Cashier Bank of Hornbeck, Hornbeck, La.; S. D. Rogers, Secretary and Treasurer Southern United Sales Co., Oklahoma City, Okla.; Rev. W. C. Norton, Pastor Wesley Memorial Church, Jacksonville, Fla.; Rev. A. J. Vallery, well-known minister and social worker of Memphis, Tenn.; Mrs. Martha Stone, noted temperance lecturer, Seattle, Wash.; Mme. Jean Mantelli, Portland, Ore., celebrated opera singer, late of the Metropolitan Opera Co., of New York, and many others too numerous to mention.

Tanlac is sold by leading Drug-gists everywhere.

JUST ARRIVED—HERRICK REFRIGERATORS.

Reasons why Experts choose the HERRICK:

1. Saves most ice.
2. Dry air circulation.
3. Pure cold air in all parts.
4. Food compartment dry.
5. No mold or taint.
6. Fresh fruits never decay.
7. No mixed odors.
8. Double insulation.
9. No dead air space.
10. Patented ice protection.
11. Air tight doors.
12. Solid Oak frames.
13. Best linings.
14. Handsome finish.
15. Easy to keep clean.

FORD CAR DOES CIRCUS TRICK—DAMAGE SLIGHT

S. B. Roberts, son of Mrs. Katie Roberts, proprietress of the Queen hotel, is alive and well, thank you, with only a badly bruised and disfigured eye to show for an auto accident that only a kindly Providence kept from having fatal results.

Driving south on Blackburn street in a brand new Ford, at about a 30-mile gait Sunday afternoon at 5:09 o'clock, Roberts suddenly veered his car to the left in order to get out of a rut in the gutter. As he did so, he ran almost directly in front of the S. A. Benham car, occupied by Mrs. Benham and daughter, Miss Lucille, with Bob Harward at the wheel. With rare presence of mind, Harward turned the car over onto the pathway and thereby averted an almost inevitable crash. Roberts, on the other hand, sought to regain control of his car and get it back onto the right-hand side of the road, and to do so, jammed the wheel hard a-port. The result was that the Ford reversed itself completely and rolled over twice before stopping on its side. The top of the Ford was torn loose from the bows and the windshield was smashed; Roberts sustained the injuries above mentioned, but aside from that there was no damage of any consequence.

If You Don't Believe This—Read Your Bible and Find Out.

The Bible contains 3,566,460 letters, 773,746 words, 31,1173 verses, 1,189 chapters and 66 books.

The word "and" occurs but once, which is in the 9th verse of the 11th Psalm.

The word Lord occurs 1,855 times.

The middle verse is the 8th verse of the 11th Psalm.

The 21st verse of the 7th chapter of Ezra contains all the letters of the alphabet except the letter "j".

The 19th chapter of Kings and the 37th chapter of Isaiah are alike.

The longest verse is the 9th of the 8th chapter of Esther.

The shortest verse is the 35th verse of the 8th chapter of St. John.

There are no words or names of more than six syllables.—Roller Monthly.

ROCHELLE SCHOOL ISSUES
ONE OF BEST ANNUALS
EVER PUBLISHED HERE

"The Coyote" is the title of the school annual just issued by the Rochelle schools, and which is one of the most creditable annuals ever gotten out in McCulloch County. The work comprises 60 pages, and is handsomely bound in heavy copper colored cover, with fly leaves to match. Besides school history, jokes and departments for the various school classes, the annual contains some excellent cartoons, the work of Sidney Burk, a cartoonist of more than average ability. Also there are pictures of the various classes and their members, and various snap shots of interest to all pupils of the Rochelle schools.

The work is dedicated to Supt. Ernest Keeling, under whose direction the work was compiled and brought to a successful completion. The cover design, the pictures and the ads were printed at The Standard office, while the balance of the book is the work of the Rochelle school pupils. The pupils of the Rochelle school are to be congratulated upon their enterprise and the splendid work resulting.

F. R. WULFF PREPARING
FOR BIG BUSINESS AS
RESULT SPLENDID CROPS

F. R. Wulff foresees a wonderful business as a result of the assured grain crops, as well as in the present glowing prospects for both cotton crops and oil. He is arranging to take care of all business that comes his way, or even threatens to come his way. In fact, Mr. Wulff stands ready to go after the business should it fall to come.

In addition to his regular force, Mr. Wulff has the past week added the following: F. B. Rison of Fort Worth, who will be associated with him in the capacity of Delco salesman, in which capacity he has experience which will enable him to give demonstrations and assistance of great value to all purchasers or prospective purchasers of these plants; also Innis Wood of Fredonia and W. H. Goodner have accepted positions as truck drivers, in which line Mr. Wulff is prepared to handle all business accorded him.

How about your watch? Is it keeping correct time? If not, let us remedy the trouble for you. Satisfaction guaranteed. A. F. Grant, jeweler, east side square.

John Deere double row cultivators. O. D. Mann & Sons.

BRADY EDITOR DISCOVERED
GENIUS—W. D. COWAN FIRST
TO WRITE UP WALDINE TAUCH

In reprinting from the San Antonio Express a week or two ago, the highly complimentary article concerning the work of a former Brady girl, Miss Waldine Tauch, now famous over the continent for her work as a sculptor in Chicago, The Standard gave credit for the discovery of her genius and the fostering of her ambitions to the Ladies Tuesday club of Brady.

This was true enough — but there is another to whom credit for the discovery of this genius is due. W. D. Cowan, present editor of the San Saba Star, undoubtedly originated the idea of giving Waldine Tauch an opportunity to make a name for herself. This editor was aware of the early recognition given Miss Tauch through Editor Cowan's article, but inasmuch as the article was written before we made Brady our home, the incident was not quite as firmly fixed in our mind, and in this manner we failed to give Editor Cowan the recognition that he deserved.

For the purpose of refreshing our readers' minds on the early endeavors of Miss Tauch, we reprint the following from last week's San Saba Star:

In 1909 the county fair in Brady there was a dairy exhibition. Among the exhibit was a pound of butter which belonged to the late Mrs. Henderson, and was artistically moulded into a typical 'Bridget' churning, so lifelike in expression and her quaint full skirt and frilled bib apron with ruffles and pockets and a bow neatly tied in the back, an old fashioned cap on her head completed the costume. The churn dasher was about the size of a knitting needle, the figure of the woman was about 8 or 10 inches high. This piece of art was designed and modeled by the above mentioned young lady, who at that time was a little girl whom no one knew to be gifted with so great a talent—except a few of the school children and classmates, who she always remembered with something beautiful in a sketch from life or a beautiful little model done out of a piece of crayon which she would find on the school ground, and carve them into beautiful little statuettes. Sometimes the teachers and her little friends would fall victims of the ridiculous humor of the young artist and she would cartoon the faculty and the pupils.

She personally told the writer that it took her five hours to mould the pound of butter under ice-water. The work created a great deal of comment.

The Enterprise of that city, edited by the writer, gave a write-up of the wonderful exhibition and pointed out that if the women clubs of that city wanted to do something worth while they could, through cooperation, give this child a chance to cultivate her natural talents. The ladies Tuesday club of that city took up the cue, and made arrangements to send her to San Antonio to study under Coppini, the noted sculptor. She has not only made good in her profession but she has made a national reputation.

The last time we came across this now famous artist we met her in our state capitol in company with her tutor, Coppini and wife, and she introduced us with these words: "Mr. Coppini, I want you to meet the party who gave me the first recognition in the columns of his paper." We felt like we had "cast bread upon the waters," which returned unto us—after not so many years. But who can tell at the time the Enterprise gave space to this little girl, who was toiling in the cotton patch during the time when the school children had their fair vacation, and the prosperous ones had money to attend the fair, but our little Waldine did not have the price of admittance and while the crowd stood bewildered and enraptured with her work she was toiling in the sun and we feel grateful to think that maybe—our few lines in praise were instrumental in bringing this wonderful talent before the public. We have seen with pages of write-ups in the San Antonio Express, calling her "The Child of Genius," since we gave her the first recognition and we will follow our young friend's career with the greatest interest.

H. WILENSKY'S—the best place in town to trade. Quality considered, we undersell them all.

Avery "Mr. Bill" Planters. O. D. Mann & Sons.

3 AMENDMENTS
CARRY-SALARY
INCREASE LOST

Returns from 325 towns and cities in Texas Monday night showed that apparently three of the proposed amendments had carried, while one, that of increase in the Governor's salary, was lost. The following is the vote as reported at that time:
For prohibition, 57,545; against, 48,342.
For suffrage, 55,816; against, 53,273.
For Governor's salary, 46,572; against, 58,780.
For home ownership, 56,839; against, 49,548.

Returns from thirty-three counties, partly duplicating the town returns go to confirm the foregoing.

Among the interesting returns received today were those of Fredericksburg and Yorktown. The former gave twenty-three votes for prohibition and 569 against and voted about the same way on the other amendments. Yorktown gave ninety-five for prohibition and 284 against and swatted the other amendments similarly.

Incomplete returns in McCulloch county show that both the prohibition and woman suffrage amendments carried, the former by nearly a two to one majority, and the latter by a comparatively small majority. The amendment increasing the governor's salary was lost by better than a two to one majority and the home ownership amendment was very decisively defeated in the county.

Incomplete returns are:

The Texas Oil Fields

A WORD WITH THOSE WHO OWN AND OPERATE THEM, or who wish to become identified with them—HOW CAN WE CO-OPERATE in our mutual interest? Permit us to suggest HOUSTON has the TEXAS, LOUISIANA, MEXICAN, OKLAHOMA and KANSAS PETROLEUM FIELDS, from which to draw—THE COTTONSEED, PEANUTS and CASTOR BEANS of the same zone, and the COCOANUTS of the TROPICS—HER GREAT SHIP CHANNEL furnishes unsurpassed sites for REFINERIES, OIL MILLS, STALL FEEDING PENS, AND PACKING HOUSES. HER SHIP CHANNELS PUT HER IN TOUCH WITH EVERY PORT ON EARTH, by tide-water. HER GREAT RAILWAY SYSTEMS will ultimately connect her with EVERY RAILWAY STATION ON THE CONTINENTS OF THE WESTERN HEMISPHERE. GREAT PIPE LINES are being constructed to CONNECT HER WITH THOSE FIELDS.

HOUSTON CAPITALISTS have been long enough identified with the oil industry to know its great wealth producing possibilities, and are ready to aid in financing those of real merit. THE REPRESENTATIVES OF THE LARGEST OIL INTERESTS OF THE GLOBE are gathering to her for headquarters. What other port on earth can offer such an array of facts to ENTERPRISE and CAPITAL, to make of it THE WORLD'S OIL CENTER? HERE IS THE PLACE TO MAKE YOUR CONNECTIONS.

If you wish to engage in the oil industry, we can furnish you SITES FOR REFINERIES AND OIL MILLS. LAND TO DRILL PRODUCING OIL PROPERTIES. PRODUCTION ROYALTIES. Draw your papers and obtain your CHARTERS FOR YOU, under THE LAWS OF TEXAS, and secure CAPITAL TO AID ANY LEGITIMATE OIL INDUSTRY that has made sufficient development to demonstrate that it possesses real merit, the owner of which is willing to give capital an equitable division in the profits. If you wish to EXAMINE THE MAPS of the different fields, or the counties in which they are located, we have them.

If you want to BUY IN, or SELL OUT, an INTEREST in any property, and donot want to be known in the transaction, if we are situated so as to permit us to take the business, we will give it our best capacity.

If you are a LAND OWNER, you will find it to your interest to COMMUNICATE WITH US.

(a) If you wish to SELL YOUR LAND, OR TO SELL the MINERAL RIGHTS in it, or to DIVIDE THE GAMBLE, by selling part of your mineral rights and get some READY CASH NOW and hold part, or if you want to get it drilled for oil and other minerals, or if you have contracted your mineral rights and are not getting SATISFACTORY RESULTS, if you want your LAND SURVEYED, if there are DEFECTS IN YOUR TITLE and you WANT THEM CURED.

(b) If you WANT TO BORROW MONEY ON YOUR LAND in sums of less than \$10,000, the FARM LOAN BANK is in HOUSTON, and is your best source to acquire money at LOW INTEREST and ON LONG TIME. I can serve you in the details necessary to secure loans from this bank. If you want to borrow MONEY IN SUMS OF \$10,000 up to \$100,000 or more, and your lands are good security for it, I can get you the money.

If you see A BUSINESS POSSIBILITY FOR YOU, in this ad, suggest it to me, and let us SEE IF WE CAN DEVELOP IT, in our mutual interest.
