TWO WELLS SPURRED IN PAST WEEK--MOORE BROS. AND S. & J.

MOORE BROS. IN OPERATION ON RICHARDS RANCH

Moore Bros. spudded in on Survey 495 (F. M. Richards' ranch) the end of last week, and are now down something like 60 feet. Operations are proceeding steadily, and good progress is anticipated.

Smith & Jergins, who spudded in Saturday on Survey No. 42, near Duror, are drilling steadily, running tour. Their 800 ft. test on Survey 90, has got to drilling again at 400 feet, having cleaned out the cave in the hole.

The Geo. F. King well on Survey 401, will resume drilling either tomorrow or Monday. All their casing, coal and other material is ready on the ground, and operations are now waiting on the crew, which is helping at the Smith & Jergins test. Another crew is expected to arrive in a day or two for the Smith & Jergins well, releasing the borrowed crew, following which Contractors Price & Beagle expect to get their work on the King well started again.

The J. E. Morgan well on State School survey No. 2 resumed drilling Tuesday. The casing, which was set in cement to stop a cave and also to shut out water, was found in perfect shape, and drilling is proceeding nicely.

Both the deep and the shallow tests of the Prairie Oil & Gas Co. on Survey 89 are running tour and making good progress. The lost string of casing in the deep well was recovered, and drilling is proceeding with a hole full of water at 2350 feet. The shallow test is drilling at about 200 feet or better.

The C. S. Thomas well at White-land has completed the underreaming and cleaning of the hole and has resumed drilling at 1770 feet. The Thomas Salt Gap well is experiencing some delay, but the crew expects to be drilling again within a few days.

The Douglas Oil Co. is drilling steadily at better than 1700 feet. Mr. Hunt of Douglas, Neb., representing the company, has arrived here and will make Brady his permanent headquarters while superintending operations.

J. T. Hare, drilling No. 1 for O. E. Lancaster on Survey 51, is shut down

at 300 ft. with a broken spar. The Star Oil Co. of Corsicana on Survey 49 is waiting on a sub. J. T. Brady reports the Annie Laurie Oil Co. drilling at 467 ft. in black lime on Survey No. 141.

Cochran & Stewart, who are contracted to drill on the Brandenberger ranch, 4 miles east of Hext, have received their rig irons and all rig material, and the rig builders have begun putting up the derrick. This well is under contract to be in operation by July 4th.

Among the week's visitors here have been E. G. Stone of Winfield, Kansas. Mr. Stone, after looking the local field over, was so well impressed that he purchased through Stallings & Lane, acreage in Survey 1107, practically giving him an offset to the Lohn shallow field. Mr. Stone announces that he expects to drill on his acreage within a short while.

R. J. Owens, scout for the Empire Company, was here Wednesday from Brownwood. The Empire Co. was one of the first in the field, and has the county well checkerboarded.

J. D. Wade, representing the Climax Oil Co., of Shawnee, Okla., is another visitor here looking over the McCulloch county field, and expects to acquire acreage for his company here.

Chester W. Brown, general manager of the Union Oil Co. of California, arrived this morning from Los Angeles, Calif., and in company with local oil men is making a tour of McCulloch county and adjoining territory.

Free demonstration at our store of the Kerr Self Sealing preserving jars. Come and see how to put up your fruit, sealed airtight, so you will never be troubled by mould or spoiling. Be sure the fruit you put up is saved! Our demonstrator will show you how it's done.

O. D. MANN & SONS. We are here to serve you. Write or wire us your wants. McCulloch County Oil-Lease Exchange.

We have plenty Cotton Seed Hulls; also Hulls and Meal mixed. MACY & CO.

We have added a line of strict high class Trunks to our line. See them in the show window. O. D. MANN & SONS.

TEDDY SAMMONS FIFTH IN FAMILY TO BE OFFICER

W. W. Sammons is in receipt of word that his son, Teddy Sammons, who has been attending the military academy at Bryan, Texas, has been appointed to attend the summer school for Reserve Officers at Camp Taylor, Ky. This training will place him in line for a commission, and should he receive his shoulder straps, he will be the fifth of the Sammons boys to be commissioned since the U. S. entered the World War. Each of the boys has worked his way up from the ranks, and they must have the making of soldiers in them, to judge from their uniform and unusual success.

White Enamelled Preserving Kettle. O. D. MANN & SONS.

"\$5,000 OR BUST" IS SLOGAN OF CHAMBER OF COMMERCE BOOSTERS

COMMITTEES DETERMINED TO RAISE FUNDS SUFFICIENT TO BOOST McCULLOCH CO. OIL AND DEVELOPMENT. GOOD SUCCESS SO FAR.

The big drive for funds for the Brady Chamber of Commerce is on! "\$5,000.00 or Bust" is the slogan of the soliciting committees, and present indications are that McCulloch county may go over the top—at least the committees are straining every effort to put it over. These committees are following the plan as outlined in last week's Brady Standard, and each individual called upon is expected to give the amount assessed against him, as being his fair pro rata of the total. All subscriptions are accepted with the understanding that if the full \$5,000.00 be not subscribed, the money is to be refunded each donor.

Messrs. W. D. Crothers, C. H. Vincent and B. A. Hallum, composing the soliciting committee the first day, report very good success, and not a single subscription received was for less than the amount assessed and advertised last week. As a result of the first day's work, a total of \$2450.00, or nearly half of the total sum desired, was raised. With this excellent start, everyone is enthusiastic, and Messrs. G. R. White, J. E. Bell and H. C. Samuel, composing the second soliciting committee, expect to materially increase the amount of subscriptions before turning the list over to the next soliciting committee. Successive committees will work at the list until every person on the list has been given an opportunity to do his share of the boosting for McCulloch county.

From Rochelle comes report of good interest in the work of the Chamber of Commerce, and the promise of good support. The soliciting committee expects to visit our neighbor city Monday and in company with a committee of local business men and live wires, to thoroughly canvass that community. Rochelle has one of the best deep tests in the county now drilling, and several other drilling contracts in escrow, and much desire to solve.

A very small percent of our citizenship has voted to spend \$2450 to keep development moving—will the balance—the great majority—of our citizens fail to contribute the balance necessary for a \$5,000 fund? We'll say not!

SHEEP & GOAT RAISERS ASSN. SELLS MOHAIR

The McCulloch County Sheep & Goat Raisers association last Thursday sold their accumulated mohair clip, Mayhew Produce Co. buying in the lot, which totaled 17,000 pounds. The sale was by sealed bid, and the price paid, 54c, was above market quotations. The deal totaled \$9,180. Secretary B. D. Black and the members of the association are highly pleased with the results of the sale. The association will offer for sale their accumulated wool clip on June 16th, sealed bids being received, the same as in the mohair sale. Secretary Black estimates there will be about 125,000 pounds of wool ready for market by the association at that time, and he urges all members to bring in their clip and place it in storage with the association wool so that it will be ready for inspection on the day of sale.

In addition to the purchase of the association mohair, Mayhew Produce Co. also purchased the spring clip of wool from E. W. Harris of Broadmoor. The clip totaled 9,000 pounds and brought better than 50c per pound.

Adding machine paper. The Brady Standard.

BABY DROWNED IN TROUGH AT HEXT ON TUES.

Mrs. W. M. Capps Tuesday received the sad news of the death of her nephew, the 14-months old son of Mr. and Mrs. Ed Fleming, at the family home near Hext, the little fellow having been drowned in a trough in the lot. Mrs. Fleming was busy washing, and Mr. Fleming carried the baby out to the lot with him. Later he went into the field, thinking the child had gone back to the house. Something like 30 minutes elapsed before the child's body was found. It had fallen into the trough and was unable to extricate itself.

Funeral services were held Wednesday and the body was laid to rest at Crawfish cemetery, near Hext. Mr. and Mrs. Capps attended the funeral from Brady.

H. W. ZWIG ACQUIRES RESIDENT PROPERTY—PURCHASES BOWERS' PLACE

Add Henry W. Zwig to the list of new resident property owners in Brady. Mr. Zwig has just concluded the purchase of the H. W. Bowers' place across the street west from the Baptist church block, the deal having been closed Wednesday. The property acquired comprises two residences and a lot well located on one of the main streets of the city, and being close in as well. Mr. Zwig expects to add a kitchen, enclosed sleeping porch and other improvements to the smaller of the two residences, which he will occupy as his own home.

Another deal in Brady real estate, recently consummated, was the purchase of the H. P. C. Evers residence on the north side by Frank Matthews and S. J. Striegler. The deal was made by Messrs. Matthews and Striegler as a business investment. Gordon Deavers will occupy the place. Mr. Evers and family have moved to the McGhee place on South Blackburn street, recently purchased by him.

SEE US! We'll find a buyer for that dwelling or farm you want to sell. If you want to buy a residence or a piece of farming land, we can get you just what you want. Try us! ANDERSON & CARRITHERS.

We have the largest stock of fruit jars we have ever bought. Can supply your wants in any style you want. This is the year to can everything you can. Not too early to get ready for canning. O. D. Mann & Sons.

HOME ECONOMICS DEMONSTRATOR TO COME TODAY

B. D. Black, county demonstration agent, was yesterday morning in receipt of a telegram from Miss Stone, district agent of the Home Economics department of A. & M. college, stating that she had secured an excellent worker and that they would be in Brady Friday and Saturday. She requested that Mr. Black arrange to spend the two days in the Brady office, so that the work here could be started properly.

The Brady Chamber of Commerce has anticipated the coming of this lady demonstrator for some time, and has made all arrangements for her. Separate rooms have been partitioned off in the Chamber of Commerce building, and will be given over entirely to the work of the home demonstrator. It is anticipated that much benefit will result from this work, and McCulloch county citizens are urged to co-operate with the new worker in the fullest degree.

AN INVITATION!

Is extended every man and woman to attend the free demonstration at our store today and tomorrow (Friday and Saturday) by an expert, showing the proper methods of preserving fruit and vegetables in KERR Self Sealing Mason Jars. These jars were awarded Grand Prize at the San Francisco Fair in 1915. The patent top seals the jar airtight—no danger of mould or spoiling. See how it's done. No trouble to answer questions. Don't fail to come. O. D. MANN & SONS.

HOWDY BRADY FOLKS.

You should start that new home before the advance in lumber—and you know you want the nicest looking house in town when you do build. Then why not have some one who has had years of experience to plan it for you. Sure, I'm the huckleberry that can do it. HENRY MOUNT, Architect, Bulletin Bldg., Brownwood, Texas.

MANN BROS.—New showing Men's hats,—light weights for summer wear. Ask to see them.

PITTSBURG BAPTIST PREACHER DECLARES ANY WIFE IS WORTH \$175 A MONTH

Pittsburg, June 3.—One wife is worth \$175.00 a month in the estimation of Dr. J. A. Mount, a local Baptist preacher. Rev. Mount got all the men of his congregation to attend services in observance of Father's Day. "They all came," said Dr. Mount, "wearing dandelions in their labels and expecting to be patted on the back. I massed them where I could better get at them and then I told them the value of a woman from a financial standpoint." Here are some of the things the clergyman told the men: "You pay everybody but your wife. Your son gets pocket money. Your daughter a clothes allowance, but your wife gets only thanks and sometimes not that. If your wife dies you pay a housekeeper \$75.00 a month and a housekeeper \$75.00 a month and do the washing and heavy work. Every time your children get sick you have a nurse. Any wife in the world is worth \$175.00."

GULF RUSSELL WELL SHOT AND COMES IN STRONG

The Gulf Russell well is reported as having come in strong, according to information just had from parties at Coleman. Visitors at the well state that everything in the vicinity of the well is covered with oil and the well promises to develop into a big producer.

According to state press reports, following the shooting of the well at 10:00 o'clock Tuesday morning, the gas pressure doubled, making it estimated about 1,500,000 cubic ft. A bridgeover followed the shooting and the gas supply was checked for a while, but broke through and is hindering work of clearing the hole.

This well has been gushing by heads for some time, and produced about twenty barrels of oil per day. It is believed that this supply will be increased when the bridgeover is cleared.

FREE DEMONSTRATION! Today and tomorrow (Friday and Saturday) demonstration at our store of the Kerr Self Sealing Mason Jars. Everyone invited!

"\$5,000 OR BUST" IS SLOGAN OF CHAMBER OF COMMERCE BOOSTERS

COMMITTEES DETERMINED TO RAISE FUNDS SUFFICIENT TO BOOST McCULLOCH CO. OIL AND DEVELOPMENT. GOOD SUCCESS SO FAR.

The big drive for funds for the Brady Chamber of Commerce is on! "\$5,000.00 or Bust" is the slogan of the soliciting committees, and present indications are that McCulloch county may go over the top—at least the committees are straining every effort to put it over. These committees are following the plan as outlined in last week's Brady Standard, and each individual called upon is expected to give the amount assessed against him, as being his fair pro rata of the total. All subscriptions are accepted with the understanding that if the full \$5,000.00 be not subscribed, the money is to be refunded each donor.

Messrs. W. D. Crothers, C. H. Vincent and B. A. Hallum, composing the soliciting committee the first day, report very good success, and not a single subscription received was for less than the amount assessed and advertised last week. As a result of the first day's work, a total of \$2450.00, or nearly half of the total sum desired, was raised. With this excellent start, everyone is enthusiastic, and Messrs. G. R. White, J. E. Bell and H. C. Samuel, composing the second soliciting committee, expect to materially increase the amount of subscriptions before turning the list over to the next soliciting committee. Successive committees will work at the list until every person on the list has been given an opportunity to do his share of the boosting for McCulloch county.

From Rochelle comes report of good interest in the work of the Chamber of Commerce, and the promise of good support. The soliciting committee expects to visit our neighbor city Monday and in company with a committee of local business men and live wires, to thoroughly canvas that community. Rochelle has one of the best deep tests in the county now drilling, and several other drilling contracts in escrow, and much desirable acreage, which is to be developed with the revival of oil activities. Naturally Rochelle citizens are alive to the benefits that are sure to result from an aggressive publicity campaign and are willing and ready to do their full share towards helping make McCulloch county the biggest oil spot on the map of Texas.

Following the visit to Rochelle, every community in McCulloch county will be visited and the citizens given an opportunity to help development in their section, and in McCulloch county in general, by enlisting in the Chamber of Commerce.

All citizens must admit the benefits that have already come to McCulloch county from the activities of the Chamber of Commerce in the past. The question now is: "Shall development be continued until the whole of the McCulloch county field is tested out, or shall development be stopped now at its most interesting stage, and the secret of oil in McCulloch county be left to future generations to solve?"

A very small percent of our citizenry has voted to spend \$2450 to keep development moving—will the balance—the great majority—of our citizens fail to contribute the balance necessary for a \$5,000 fund? We'll say not!

Adding machine paper. The Brady Standard.

BABY DROWNED IN TROUGH AT HEXT ON TUES.

Mrs. W. M. Capps Tuesday received the sad news of the death of her nephew, the 14-months old son of Mr. and Mrs. Ed Fleming, at the family home near Hext, the little fellow having been drowned in a trough in the lot. Mrs. Fleming was busy washing, and Mr. Fleming carried the baby out to the lot with him. Later he went into the field, thinking the child had gone back to the house. Something like 30 minutes elapsed before the child's body was found. It had fallen into the trough and was unable to extricate itself.

Funeral services were held Wednesday and the body was laid to rest at Crawfish creek, near Hext. Mr. and Mrs. Capps attended the funeral from Brady.

H. W. ZWEIG ACQUIRES RESIDENT PROPERTY—PURCHASES BOWERS' PLACE

SHEEP & GOAT RAISERS ASSN. SELLS MOHAIR

The McCulloch County Sheep & Goat Raisers association last Thursday sold their accumulated mohair clip. Mayhew Produce Co. buying in the lot, which totaled 17,000 pounds. The sale was by sealed bid, and the price paid, 54c, was above market quotations. The deal totaled \$9,180. Secretary B. D. Black and the members of the association are highly pleased with the results of the sale.

The association will offer for sale their accumulated wool clip on June 16th, sealed bids being received, the same as in the mohair sale. Secretary Black estimates there will be about 125,000 pounds of wool ready for market by the association at that time, and he urges all members to bring in their clip and place it in storage with the association wool so that it will be ready for inspection on the day of sale.

In addition to the purchase of the association mohair, Mayhew Produce Co. also purchased the spring clip of wool from E. W. Harris of Broadmoor. The clip totaled 9,000 pounds and brought better than 50c per pound.

GULF RUSSELL WELL SHOT AND COMES IN STRONG

The Gulf Russell well is reported as having come in strong, according to information just had from parties at Coleman. Visitors at the well state that everything in the vicinity of the well is covered with oil and the well promises to develop into a big producer.

According to state press reports, following the shooting of the well at 10:00 o'clock Tuesday morning, the gas pressure doubled, making it estimated about 1,500,000 cubic ft. A bridgeover followed the shooting and the gas supply was checked for awhile, but broke through and is hindering work of clearing the hole.

This well has been gushing by heads for some time, and produced about twenty barrels of oil per day. It is believed that this supply will be increased when the bridgeover is cleared.

FREE DEMONSTRATION!

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weakness and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is enclosed in odorless, tasteless capsules containing about 2 drops each. Take them as you would a pill, with a small

swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease. Do not wait until old age or disease have settled down for good. Go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand, in sealed packages.

COUNTY CORRESPONDENCE

NOTE—Correspondents will please send their letters in early, as per instructions printed at head of correspondence paper. Letters received too late for publication, lose much of their news value when held over until the following week.

ROCHELLE RUMBLINGS.

Congratulations to Mr. and Mrs. Jack Crew—12½ Pound Boy.

Rochelle, Texas, June 2.

Editor Brady Standard:

We have had beautiful weather since last Sunday's rain, and the roar of the reaper is heard in all the fields and there is just no telling how many acres of grain was cut last week and the men all think they will get a fine yield. Labor is scarce and high but when we get as good a price for our grain as we paid for the seed and also for feed to raise this crop, they can pay the high price for labor which will be a help to all—but when will we get this price?

We have had a light wind from the north all day but this afternoon it has recruited and is quite a norther.

People are too busy to gather much news this week and I thought once I'd not bother the editor with so little news, but our phone man, Mr. Elmer Humphrey, decided it would be cheaper to marry his central girl, Miss Stella Selman than to pay the wages, so on last Wednesday they motored down to Brady and were there united in marriage by Bro. Taylor, the Baptist pastor at that place. They are both deserving young people and we wish for them all the happiness and prosperity that is possible to come their way and may their blessings never grow less.

Raleigh Neal and Miss Amy Roper, Merle Carroll and Miss Lucile Armstrong attended the show at Brady Saturday night and report a splendid show and also a good time.

Miss Ima Rodgers who has been visiting in Rochelle is spending this week with her uncle and aunt, Mr. and Mrs. Paschal Waddell, of near Placid, and also attended the Children's Day service at that place on Sunday.

The rain failed to come Sunday, but is coming this Monday, a. m., from the north, and I believe it's the coldest norther I ever saw in June.

Mr. and Mrs. Jack Crew are entertaining a brand new 12-pound boy in their home, since Saturday p. m. and am glad to report both mother and William R. doing nicely.

Mrs. Jim Price was on the sick list a few days last week.

Last reports from the oil well was they had artesian water instead of oil, but it is not running over the top yet.

Mrs. Jim Secrest and children of Blanket came in on the south bound train Monday for a visit with her mother and father, Dr. and Mrs. Matlock.

We hope it doesn't come a frost. "AMOSKEETER."

FARMERS

We are placing two trucks in service to haul grain or any other commodity. If you have hauling you want done, Phone 152. BRADY AUTO CO.

Have big stock of hay, oats and grain. Let us supply you. MACY & CO.

BOOKKEEPERS — STENOGRAPHERS are still in great demand at Washington. Unprecedented commercial prosperity is predicted for the United States, which means high office salaries. We train you for these extraordinary opportunities.

SAN ANGELO BUSINESS COLLEGE

MR. FARMER, RANCHMAN, BUSINESS MAN, OIL MAN, AND LABORER

Have you figured from a standpoint of time and money what a telephone will save you? If not, we suggest that you do so. We believe if you will do this, you will let us have your order for a telephone at once.

The biggest grain crop that this country has ever produced must be saved at once. Every line of business is good. Oil prospects are very encouraging. Other crop prospects were never better. Demands for all kinds of labor is more than the supply. To keep in touch with what the world is doing, we suggest a telephone. See the Local Manager.

West Texas Telephone Company

LOHN MIX-UPS.

Cemetery at Lohn Decorated—Marshal Jordan Monument Erected.

Lohn, Texas, June 2.

Editor Brady Standard:

The farmers are smiling again, as we had a light shower Sunday night, and that means more work. Most of the farmers are cutting oats.

Mrs. Willie Harris and daughters spent Sunday afternoon with Mrs. Mattie Waddell.

Shorty Harris was guest of Charlie Jones Sunday.

Miss Ava Hester spent Sunday at Pear Valley.

Mrs. Nance and daughter of Junction are visiting Mrs. D. A. Webb this week.

The Misses Nance and Ralph Brock visited the old well Sunday afternoon.

Miss Cassie Richter, Herman Richter, Lela Bray, Aron Bray and Miss Lela and Eda Jordan of Waldrip attended the party Saturday night at D. C. Jones' home at Lohn.

Miss Pearl Bissett visited her sister, at Doole Sunday, Mrs. Lillian Deen.

The ice cream supper at Mr. West's Friday night was enjoyed by all present.

Miss Ava Cagle and the Misses Avebeys spent Sunday at the home of Jim White's of Pear Valley.

Lee Brock and family visited at the home of Dallas Jones' Sunday afternoon.

P. D. Jordan, Ira Hester and father, spent Sunday afternoon at Will Priest's of Pear Valley.

Aaron Damron spent Sunday with his cousin, Miss Ada Hester.

Miss Olive Dillard of Cow Gap attended the party at D. C. Jones' Saturday night.

Miss Anna Lehn, a graduate of Brownwood high school is at home again.

Walter Hill and family and Oscar Holland of Waldrip visited at C. H. Waddell's Sunday.

Monroe Webb and wife called on Mr. and Mrs. D. C. Jones Sunday afternoon.

Miss Eda and Lela Jordan, Miss Alma Johnson are to leave for San Marcos Friday, where they will enter school.

Lawrence Brushbaum and wife visited at the home of Homer Bissett's Sunday afternoon.

Misses Latitia and Grace Barton are to leave Monday for Denton.

Bruno Tetens spent Sunday with Delma Johnson.

Miss Lula Bates and Vida Carroll spent Sunday with Miss Edna Johnson.

Miss Jewel Brock and sister, Willie Frank, were seen out driving with Paul Schmidt and Kyle Jones and several other young people Sunday afternoon.

A crowd decorated the cemetery at Lohn Friday, erecting the monument of Mr. Marshal Jordan.

Bill Johnson and sister, Pearl, Lesley Ward, and Alma Johnson attended church at Pear Valley Sunday night.

Fatty Harris harvested his grain all day Sunday.

As this is all, we will go. "BONNIBEL."

SURGEONS agree that in cases of Cuts, Burns, Bruises and Wounds, the FIRST TREATMENT is most important. When an EFFICIENT antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For use on man or beast, BORAZONE is the IDEAL ANTISEPTIC and HEALING AGENT. Buy it now and be ready for an emergency. Sold by Central Drug Co.

Whether you want to buy or to sell, we want to serve you. Phone 265, or call at our office. McCulloch County Oil Lease Exchange.

AND DON'T YOU FORGET

That we have a first-class Plumber on the job all the time and want your plumbing and repair work; also a complete line of bath room and plumbing supplies.

LOST CREEK ECHOES.

Misses Kimbrough Employed for Next Term of School—Oats Making 75 bu.

Voca, Texas, June 3.

Editor Brady Standard:

We had one of the finest rains yesterday that we have had this spring. It fell slow and rained 8 or 10 hours, mostly all of it going in the ground. While we didn't need any rain at this time we had to take it.

The early corn is silking and tasselings; we will soon have lots of roasting ears.

Don't know whether we will make any cotton or not. It is raining too much for young cotton in this sandy country. Lots of cotton is having to be replanted. It is dying with the rust.

The grain harvest is on now. Several think they will make seventy-five bushels per acre of oats and I think that will be easy.

Ed Campbell is running his new tractor with two binders and about

What Heat does to your Automobile Oil

The heat of an automobile engine ranges from 200° to 1000°. This terrific heat breaks down lubricating oil and leaves a black sediment. The volume of this sediment depends absolutely on the ability of the oil to resist heat.

Veedol is made by the Faulkner Process. This new discovery gives Veedol its wonderful heat-resisting and wear-resisting properties. Tests in laboratory and on the road prove conclusively that Veedol reduces sediment 80%.

Your operating costs increase directly as the sediment in your oil increases. Keep down up-keep by using Veedol.

COW GAP MOOINGS.

Oats Harvested Last Week—Cut Worms Still at Work. Brady, Texas, June 3.

Editor Brady Standard:

Our semi-weekly rain was a shower and norther this week, it being cold enough for a fire to feel very comfortable.

Mr. and Mrs. W. A. Newton and Ethel, visited at Walter Brownings Sunday.

Miss Gladys Jones who has been visiting Miss Bernice Winstead the past two weeks returned home Saturday.

Jess Shaver and family visited at W. E. Lohn's Sunday.

Mrs. W. E. Lohn and Misses Bessie and Winnie Lohn and Master Floyd Marshall visited Mrs. N. C. McShan Saturday afternoon and gathered berries to make jelly.

Chas. Hilliard is harvesting oats at Lohn this week for Mr. Roberts. N. C. McShan and Mrs. J. Newton ate dinner with Mr. and Mrs. Chas. Hilliard Sunday.

Miss Bernice Winstead visited at the Walker ranch from Saturday till Monday.

Mrs. N. C. McShan and children visited at J. B. Cottrell's and F. Gressett's, North Brady Saturday night and Sunday.

Master Jerry Woodress has the mumps.

Bro. and Sister Anderson visited at Mr. Clark's Saturday.

Nearly everyone in the Gap harvested oats last week, so the stock is getting three squares a day now. The cut worms are still at work in some fields.

"SEED TICK."

"My dealer was right —they do satisfy!"

There's more to a cigarette than "pleasing the taste." Other cigarettes, besides Chesterfields, can do that.

But Chesterfields do more — they begin where the rest of 'em stop! Because Chesterfields "touch the smoke-spot," they let you know you are smoking — they do SATISFY!

There you have it — SATISFY. It's all in the blend — a blend of fine selected TURKISH and DOMESTIC tobaccos. And the blend can't be copied.

That's why it's Chesterfields or nothing if you want this new thing in cigarette enjoyment.

NINE NEWS.

Ice Cream Supper Enjoyed Saturday Night—Good Sunday School.

Nine, Texas, June 2.

Editor Brady Standard:

It seems that we are having a real winter spell and also some more rain. We are having a real live Sunday school, and invite everyone to attend. It is at 10:30 o'clock every Sunday.

H. B. Murphy and family took dinner with J. A. Butler and family Sunday.

George Cathey and family of Dodge called at the Butler home Sunday evening.

An ice cream supper at Mr. Blauvelt's Saturday night was very much enjoyed by all present.

Arthur McCoy and family of Salt Gap were visiting his father yesterday.

Miss Gladys Jones, now of Dallas, but ex-school teacher of Nine, was visiting in this neighborhood a few days last week.

Ben Smith went to the Ford ranch Sunday.

Millburn Pearson and wife of Calf Creek were Sunday visitors at the A. F. McCoy home.

Mr. Murphy and family attended Sunday school at Dodge Sunday evening.

Cut This Out and Take It With You.

A man often forgets the exact name of the article he wishes to purchase, and as a last resort takes something else instead. That is always disappointment and unsatisfactory. The safe way is to cut this out and take it with you so as to make sure of getting Chamberlain's Tablets. You will find nothing quite so satisfactory for constipation and indigestion.

We have a stock of Army Tents—size 16x16. Extra heavy—at bargain prices. O. D. MANN & SONS.

Barley Chops for horse or hog feed. Also all sorts of other feed including oats, hay and grain.

NERVES "ON EDGE?"

Brady People Will Find Encouragement in the Statement of a Brady Resident.

Are you weak, nervous, depressed? Feel dull, shaky, tired?

Are your kidneys working right? Nervousness often hints at kidney weakness—

Kidneys that fail to filter the blood. Poisons gather and harm the nerves. Kidney weakness causes many ills—Backache, dizziness, headaches, lack of flesh.

Don't neglect kidney trouble. There is danger in delay. Use Doan's Kidney Pills.

Follow the example of this Brady resident:

Mrs. J. Coepender, says: "I was annoyed by kidney complaint for some years and the trouble was diagnosed as uric poisoning. I always felt dull and depressed and had attacks of rheumatic pains. I was very nervous. Doan's Kidney Pills reduced the uric acid; the drowsiness, nervousness and rheumatic pains also went away and I enjoyed much better health. I always have Doan's, procured from the Jones Drug Co., on hand and use them as needed."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Coepender had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

FIGHTING PARSON GETS WAR CROSS

John Clifford, Wearing Y. M. C. A. Uniform, Proves Himself Real Hero.

There have been many war heroes, but there is certainly no more conspicuously heroic figure than John H. Clifford, Baptist minister in time of peace, but real fighter in time of war, who has been awarded the croix de guerre for extraordinary heroism in action.

John Clifford, as a Y. M. C. A. worker, braved the red wrath of war. He has been in the firing zone as much as the hardest infantryman and was decorated for a most unusual exploit. He was one of three men who braved incessant enemy shell fire

DOC. CLIFFORD.

while rescuing Col. Albertus W. Catlin, commanding officer of the Sixth regiment of marines. The trio carried the colonel to safety on a stretcher.

Mr. Clifford went over the top many times and came near being killed on several occasions. He is fifty-one years old and was born at Oxford, England, and has preached the gospel in many parts of the world. When given a chance to serve with the Y. M. C. A. in France he knew that it was a good thing, and he jumped at it. His home is at Tucson, Ariz.

HAS A SMALL ARMY OF MEN UNDER HIM

Supreme authority over a small army of men has been vested in H. H. Simmons, Executive Secretary of the Southern department of the Army Y. M. C. A., known officially as the National War Work Council of the Y. M. C. A.'s of the United States. Mr. Simmons is a prominent business man of Hillsboro, Tex., and is well known over Texas as a member of the state board of the Y. M. C. A. Up until the time of the signing of the armistice

H. H. SIMMONS.

Executive Secretary, Southern Department, Army Y. M. C. A.

the personnel of the Army Y. M. C. A. In the Southern military department numbered approximately 1,050, but it is being cut down rapidly now along with the general demobilization of the camps, almost three hundred and fifty "Y" men having been honorably discharged up to February 1. The Southern department headquarters of the Army Y. M. C. A. is located in San Antonio, Tex., and it is from that point that the organization's activities in the camps of the six states in the department are controlled.

LARGEST "Y" HUT.

The largest Y. M. C. A. "hut" in the world is the Hudson Hut, Hoboken, New Jersey, which takes care of 5,000 men daily. In addition to the usual hut conveniences, the "Y" has provided a barber shop, tailor shop, bookblack, shower baths, locker room, a theater, game room with twelve billiard tables, a soda fountain, hostess room, library, and seven fireplaces. The 10-cent shaves and 25-cent haircuts, and with the officers, the 15-cent puttee and shoe shines are immensely popular.

FAIRVIEW-LIVE OAK NEWS.

Kid Jeffries Heads Angus Herd with Fine Animal.

Brady, Texas, June 3.

Editor Brady Standard:

Our weekly visitor has surely come but a great deal lighter than usual, and it was for the best, as the grain is being cut and of course we need no rain.

Hosea Holmes and wife are the proud parents of a fine baby girl, mother and baby doing nicely.

Mesdames D. C. Pence, Dewey Pence and Willie Burk called on Mrs. Belle Taylor Sunday.

Mr. and Mrs. H. J. Huffman left Saturday night for Cisco, where they intend to meet a specialist who will probably treat Mrs. Huffman. She has been in ill health for some time.

An operation has been advised by local physicians, but she will try for health other ways first.

Miss Willie Benson went over to Menard along with the other Camp Fire girls of Brady, where they were royally entertained from Saturday until Monday.

Miss Pearl Williamson has been the guest of Mrs. Maggie Campbell this week.

Johnny Crew has been visiting his Grandpa Pence this week and helped his uncle, Omer Pence round up cattle.

Miss Vivian Pence visited Gladys Taylor Saturday.

We are sorry to report the flu still in the J. E. Campbell home. They have two children sick now. We hope they soon will be up again.

Mrs. Aycock of Rochelle, visited Mrs. Belle Taylor Friday evening.

Miss Estelle Pence visited Miss Edith Crump Sunday.

The cut worms are still at work and this cool weather just aids them. Some of the farmers will plant over and some will plant feed.

Pauline and Beatrice Turn visited Ila and Nellie Belle Pence Sunday evening.

The algerita berries are the finest in years and are being used by the women for jelly, and some are canning the juice for future use.

Gardens are in full bloom now and we are almost living at home and boarding at the same place—fresh beans and potatoes are getting common with many.

Singing at O. T. Baird's was enjoyed by all present.

We are glad to announce Corp. Walter E. Larrimore, safely landed at last in New York and is expected home at any time.

Kid Jeffries has completed his herd of fine Angus cattle by purchasing himself a \$14,000 bull.

Well, I will leave space for more interesting news.

"TONY."

Booze Is Not a Good Cure.

(From the Ames Iowa Intelligencer).

When a man comes to you all doubled up with pain and declares he will die in your presence unless you procure him a drink of whiskey, send him to a doctor or else give him a dose of Chamberlain's Colic and Diarrhoea Remedy. There is a mistaken notion among a whole lot of people that booze is the best remedy for colic and stomach ache.

John Deere double row cultivators. O. D. Mann & Sons.

MT. TABOR TATTLES.

Corn Laid By and Finest Out Crop Cut and Shocked.

Fredonia, Texas, June 2.

Editor Brady Standard:

Everybody is hovering around the fire today as we have a wet north. We still have lots of rain, but so far, no serious damage from rain, hail or wind.

Most everyone has their corn laid by and have their oats cut and shocked. The oat crop is the finest ever.

Saturday and Sunday were dipping days here. They found three ticks and we writer found two of them, on one rabbit—so I believe they had better set a day to dip them also.

Mr. and Mrs. Tom Whitley of El Dorado are visiting Mr. and Mrs. M. C. Hill at present. Mrs. Ella Miller and little daughter, Miss Vilma, are visiting in San Antonio this week.

Mr. and Mrs. Emit Bratton and family visited at the J. G. Wilson's Sunday.

The Children's Day exercises, which were had at Fredonia last night was a total success.

Mrs. C. H. Williams and daughters, Annie and Mollie, Mrs. Tom Horn and daughter, Della, Ruth Longley and Iva Joe Hayes visited at R. L. Burns' Sunday afternoon.

Mr. and Mrs. Houston Kyzar of Pontotoc visited at C. H. Longley's from Saturday till Sunday.

The cotton hopper is still with us, but so far has done no damage.

Miss Alma Wilson visited Davis Brown at Fredonia last night of the week.

"Wonder Words" were very interesting last week.

"BUDDIE"

Teething babies always have a hard time of it when this process occurs in hot weather. They not only have to contend with painful gums but the stomach is disordered, bowels loose and the body uncomfortable. The best help you can give the little sufferer is McGEE'S BABY ELIXIR. It corrects sour stomach, cools and quiets the bowels and helps digestion. Sold by Central Drug Co.

BRADY, TEXAS, June 6, 1919.

HONEST INJUN.

Several Brady merchants said they could heartily endorse our editorial Tuesday on the need of a street sprinkler in Brady.

PROSPERITY AND PROGRESS.

Can prosperity be separated from progress?

Verily they may grow apart, but as the one declines, so does the other suffer; as the one is enlarged, so the other is aided!

Brady and McCulloch county is now facing the most prosperous year in history. In our prosperity, let us not forget to progress, for in so doing, we aid our prosperity.

Good roads, good public buildings, better homes, better walks, well-painted buildings and residences, well-kept property—all these and more are necessary to make our prosperity complete—they are necessary to aid the prosperity that is sure to be ours, if we build and grow as we prosper. One naturally associates tumbled down, dilapidated buildings and premises with poverty—the more run-down, the worse the poverty. On the other hand, the well-cared for lawn, the well-painted house, good walks and good roads all make for prosperity, as well as to impress it upon visitors.

Is it inopportune of us to suggest that there are innumerable houses in Brady and McCulloch county that need painting?

Is it ill-timed to suggest that the improvement of our residences and houses, might make for a much more attractive appearance?

Are we to be blamed if we think side-walks and good roads are essential to the continued welfare of our our city and county?

If we are, pray excuse us—but IT IS the truth! Is it not?

A BELL RINGER.

The Standard is not noted for preaching lay sermons that attract the attention of the world; yet, nevertheless, every now and then we hit the bulls eye—intentionally or by chance.

Evidently The Standard Tuesday made a bell ringer in its editorial on the Home Coming it advocated for our returning and returned soldier boys. "I want to commend that editorial," said one Brady citizen, himself the father of three boys who have been or are in the service. "We sent the boys away from here with a big hurrah; we're letting them come back amidst a silence like a tomb."

Brady citizens should not be lagards in this respect; in fact, the citizens of the whole of McCulloch county should unite to arrange a warm welcome home for our boys. Other cities have planned celebrations; have advocated memorials to the boys; have done many things to give their soldier boys the notice they so well deserve.

Brady and McCulloch county citizens are not unappreciative—but they certainly are undemonstrative. The Standard believes a "Homecoming" celebration to be the proper thing, immediately following the return of the 36th and 90th Divisions.

"That's Us All Over, Mabel."

THE TOWN SOUL.

Alpena, Mich., according to the town's home paper, is a town with a soul. In a recent editorial the paper remarked:

"The stranger coming to Alpena almost invariably feels at home on his first day in the city and if he remains here two weeks, feels like sending for his trunk, marrying an Alpena girl and settling down here for the rest of his life. Many of them do."

"Last summer a lad in the naval training service was injured and brought here from the steamer on which he was training. He spent several weeks in the hospital and received the care and attention that a doctor."

"In how many cities does the traveler receive the 'glad hand' as he goes here, and the warmth of welcome that is extended in such a manner that he cannot help but feel that it is sincere?"

All who have traveled know that there is a wonderful difference in towns. Those in which you like to linger have souls. Those in which you hate to stop are heartless. It pays for towns to have souls.—Temple Telegram.

CHURCH ADVERTISING.

The following from a state press agent report upon the general assembly of the Presbyterian church, held in St. Louis the past month:

"The 131st general assembly of the Presbyterian church U. S. A. adjourned here today after postponing final action on the question of granting church suffrage to women, adopting a resolution urging individual churches to engage in newspaper advertising and a resolution calling upon the peace conference and congress to give equal consideration to Ulster's plea for self-determination."

It used to be that the merchant or business man who did not believe in advertising was considered old foggy—but this idea has spread to where it now includes the churches and every other enterprise or association under the sun. Publicity is the thing! The devil discovered this truth first, but the forces of righteousness are gradually seeing the light—and the way!

CARRYING GOOD WORK ON.

The Brady chautauqua season will open Monday, June 16th, and run for five days, the program closing on Friday, June 20. This is the definite information given the local committee by the chautauqua management. The chautauqua has been arranged for by a number of the leading citizens of Brady, who last year signed the required guarantee, thereby assuring this splendid attraction for our citizens. Season tickets will be sold at \$2, and proceeds from the chautauqua will go to the Brady fire department.

The coming of the chautauqua to a community is one of the finest things that ever happened for a number of reasons, one of which is that talented persons in Brady will be attracted to its program and will later take up the pleasurable task of carrying information and entertainment to the common people in such a way that the poor may know as much as the rich.—Temple Telegram.

Unity of purpose is the main essential to town boosting and town building. Brady could use unity to good advantage. The things that are of benefit to one, are, in large or small degree, of benefit to all. For instance, every citizen would be benefited by street sprinkler service. If the business men of the town unite their efforts, first-class service can be assured; but if only a few undertake to support such an enterprise, it is doomed to failure at the start.

Tillie Clinger says another sample of her luck was last night when she dreamed she had been arrested for riding her nightmare without a tail light.—Dallas News.

We have two cars of swell Furniture due to arrive about June 1st. O. D. Mann & Sons.

Inkyracer. The Brady Standard.

He Is the Welcome Guest Who Goes Quickly.

Thrice welcome is the man who, when his visit ends, gets on his hat and says good-bye, and on his journey wends. No taxer of politeness he, he better breeding shows, than him who lingers hat in hand amid his hosts who round him stand, and yet talks on a weary spell, his worn-out jokes again to tell, while those who wait, politely grin and bitter thoughts do think within, their feet a-hurting them like sin, until at last he goes. How beautiful is the wight, who, when he's spilled it all and took his share of friendly fare, and feels he must be otherwise, promptly ends his call. And not on going stands, but when he's got his hat, makes a final well and gets away without a final chat. And when he comes again, we greet him with a cheer, sure that when he's said his say, he'll get his hat and break away, of him we to each other say, "He's always welcome" —James Bloomfield.

SCOTT & BOWNE MAKERS OF SCOTT'S EMULSION

ANSWER TO CHARGE THAT Y.M.C.A. MEN AVOIDED DANGER

General Dickman, Hero of Chateau Thierry, Issues Order on Conduct—Free Supplies.

Spread upon the records of the Third division, A. E. F., and just brought to the attention of the National War Work Council of the Y. M. C. A., is a general order issued by command of Major General Dickman, which "Y" officials have hailed as an emphatic answer to charges that Red Triangle workers had avoided the danger zones in France and had wrung exorbitant prices from the soldiers for the comforts which the association had sent overseas. General Dickman directed that a copy of the order be sent to every one of the thirty-four men and six women who went with the division through the fighting at Chateau Thierry and along the Marne, to St. Mihiel, and later into action north of Verdun and along the Meuse.

The Y. M. C. A. has made public General Dickman's order along with a communication from Col. J. C. Rhea of another division which was in the St. Mihiel fighting. Colonel Rhea gave figures showing the large amount of supplies which were distributed in his division by "Y" secretaries without charge. The order of General Dickman, who is now in command of the Army of Occupation in Germany, is as follows:

"The commanding general desires to make of record in the general orders of this division his appreciation of the part taken by the members of the Y. M. C. A. who have been attached to this division and actively carried on their work in all its phases during the time that this division was in contact with the enemy from May 31 to July 30.

"During the days beginning July 14, when the enemy made their attack and for days and nights afterward, the Y. M. C. A., through its faithful members at their posts of duty, not only with chocolate and cakes and tobacco cheered our soldiers, but were of efficient assistance to our medical staff in caring for wounded. Hot chocolate was served, in many cases free, both day and night to the wounded and ambulance drivers.

"While the men of the Y. M. C. A. were with the troops in the front line the young women of the Y. M. C. A. were detailed with the hospitals and the medical staff of this division bear testimony of their most efficient help during these two weeks of great strain.

"The conduct of these self-sacrificing and brave men and women who have so unhesitatingly given their services to their country, establishes a standard of prestige, exceptional courage, devotion and resources which the commanding general particularly commends."

Colonel Rhea, chief of staff of the general staff of one of the divisions which helped to straighten out the St. Mihiel salient, wrote to the Y. M. C. A. overseas headquarters in Paris as follows:

"The division commander directs me to thank you in the name of the officers and men of this division for your great work in having distributed gratis to this division, between September 10 and 18, a total of 147,908 packages of cigarettes, 67,540 bars of chocolate, 29,900 packages of cakes, 3,329 pounds of hard candy, and hundreds of gallons of coffee, chocolate and bouillon.

"It is impossible to express to you the appreciation of the officers and men of the pleasure and comfort you have brought to them when each one was struggling under the greatest hardships, to do his duty toward his country. You probably realize better than can be expressed the appreciation of your kindly work."

FIVE "Y" MEN GET CROIX DE GUERRE

Of Two Latest to Receive Great Honor, One Wounded by Shell.

According to a cablegram from France Henry Wharton of Chestnut Hill, Philadelphia, Pa., the president of a coal company in that city, and Benton V. Johnson, a real estate man of Detroit, Mich., both Y. M. C. A. workers in France, have been decorated with the croix de guerre. General Petain himself presented them. Their decorations increased to five the number of Y. M. C. A. workers receiving the croix de guerre.

Their citations, which were given to them at general headquarters, commended the two for their work under shell fire with the Twenty-sixth division, and especially mentioned their "zeal and devotion in carrying aid to the wounded under a very violent bombardment."

Both men have followed their division, which has been in the thickest of the fighting, to several fronts. They worked as stretcher bearers in the Toul sector, at Chateau Thierry and in the Argonne woods. Their job was to carry the wounded through the trenches, often several hundred yards, until it was possible to leave the trench for the road, where they put them on stretchers and carried them under fire to the dressing station.

While engaged in this work last summer Mr. Johnson was wounded by shell fragments and forced to spend two weeks in the hospital. He received his former citation for his services at this time.

Fighting in North Russia Resembles Indian Warfare of Early American History

(By Frazier Hunt, in N. Y. Times)

An American Outpost in Northern Russia, by courier to Archangel, then by telegram to Paris.—In this little group of four peasant villages, stretching for two miles on the west bank of the Dvina river, more than 200 miles south of Archangel, American troops are holding the extreme outposts of the Allied front.

In the four tiny villages there probably are sixty long houses, in each of which Americans are billeted. A single narrow street, paralleling the river, runs through the four towns, which are stuck close together and really are but one continuous village.

In the middle of the river opposite the towns stretches a long flat island dubbed by the Americans "Coney Island." For generations the peasants have turned its swampy acres into hay fields and when the river freezes they move the haystacks on sleds.

Lying as it does in the middle of No Man's Land, between the Bolsheviks and the Americans the battle of "Coney Island" goes on more or less continuously. With the transport limited to the native horses and sleds, hay for the animals is an almost priceless necessity. On these moonlight nights the peasant caravans go haying in fine old-fashioned style.

Last night an American party had hidden on the river bank until some twenty sleds from the Bolshevik side were loaded and ready to start. They suddenly swept down, capturing the entire lot and bringing back the booty.

Early this morning, with the hay unloaded, the horses and sleds were turned loose and started down the road toward the Bolshevik peasant owners. The horses belonged to the natives, but the hay would have been used for Bolshevik transport purposes. Now it will feed the horses bringing "canned Willie" and clothing to our troops.

Like Indian Warfare.

The fighting here is more like the old Indian warfare of a half century ago. Just as in the olden frontier days, the faith of the defense is placed in community block houses guarding the outpost villages and the few roads and rivers running through our 400-mile front. However, instead of poisoned arrows or flaming firearms, the Bolshevik artillery pounds the thick walls and triple roofs and the defenders use Civker guns in place of muzzle loading squirrel rifles.

But the spirit and the style of fighting is the same. Patrols sneak out and burn the single block houses, breaking trails through the woods. Parties following the enemy groups by snow tracks and the men are left to their own cunning and resources.

It is a strange style of fighting,

and still stranger is the environment into which our soldiers are thrown.

Billeted in the homes of peasants, a squad of soldiers probably commandeered one room, but they are thrown into constant contact with the household, and the kitchen becomes the loafing place. The family stove, built like an old-fashioned Dutch oven, takes up a third of the room, and in the remaining space are probably half a dozen children and six or eight adults.

The great, thick log walls, with their tiny double storm windows and with a double system of doors, keep sacred the stale, foul air and the myriad odors of which a circus would be proud.

Peasant Home Life.

For eight months no window is opened and the door is guarded like a bank safe. Any daring breath of fresh air that might venture inside would instantly roll over on its back and expire without a struggle.

In a far corner it is possible that a cradle is suspended from the end of a long pole so that the cradle, bounced by a string up and down by an older child, lulls the latest infant to sleep.

The grandmother deftly pats out the tiny loaves of black bread, shooting them into the oven with a long paddle like a professional baker. Around the wall bench sit the men folk, enjoying a gift of cigarettes. Most of the women are out doors hauling fertilizer into the poor fields, but there not being sufficient horses to go around, father rests in the atmosphere of the kitchen.

In such strange surroundings the American soldiers are living and thriving. Wonderful is the Russian language that they talk, but as the American soldiers always adapt themselves quickly anywhere in the world, these boys are playing big brother to the kiddies and have the grandmother sewing on buttons.

The fresh vegetables which the ration allowance lacks they trade cigarettes for. This is against the army regulations, but so are many other things against the army regulations. Out here cigarettes are worth a ruble each, roughly, 10c. The army allowance is fifty cigarettes weekly and each man is allowed to purchase at the Y. M. C. A. two packages more weekly, so that there are ways and ways to do trading.

Over much of this part of Russia the American troops are living in this sort of billets. Their rations are good and they are well clothed. They have overshoes and specially made boots of heavy fleece lined canvas with rubber soles, called the Shackelford boot, which are worn with knee high

wool stockings. Great brown waterproof canvas and sheep lined overcoats, topped with an immense fur cap, and warm mittens make up the equipment.

The long Russian rifle with its two-foot bayonet causes sighs for the beloved Enfield or Springfield, but, all in all, the men are well looked after physically.

The different sectors vary slightly as to the billeting, but altogether they are very satisfactory. However, to give the soldiers the proper mental attitude has been most difficult. The Allies had occupied the district a month before the American troop ships arrived at Archangel on Sept. 4 and the military conditions were such that it was necessary to rush one battalion of American troops up the river, a second battalion down the railroad, and a third remaining at Archangel.

On the trip from England influenza broke out on shipboard and at the time of the landing the epidemic was at its height. A number of men succumbed to the disease, causing much gloom.

Some bitter fighting in the early days against the superior numbers of the enemy brought slight reverses. The signing of the armistice confused certain former ideas of the expedition's purpose in Russia, but the American soldiers are carrying on with a high courage.

The Paris conference, they are certain, will bring a decision regarding future action in Russia, and they are eagerly awaiting a new statement from President Wilson concerning America's future Russian policy. Their confidence and faith in the President is supreme and full.

SOCIETY

The Editor will appreciate items for this column. Phone Social Events to 163

Five Hundred Club.

The Five Hundred club had an enjoyable session last Friday afternoon. Mrs. W. E. Campbell being hostess. Three tables of "500" were had, and the following members participated: Mesdames John Wall, Dick Winters, G. C. Kirk, F. R. Wulff, C. T. White, G. R. White, C. D. Allen, J. S. Anderson, J. G. McCall and guests: Mesdames Warren Walker of Eagle Lake, Edward Willoughby of Eldorado, Sam W. Moffatt of Los Angeles, Calif., Bailey Jones.

Club prize was received by Mrs. McCall, and guest prize by Mrs. Walker.

The hostess served a salad course. Miss Lucile Benham entertains for the club this afternoon.

Bridge Club.

Mrs. C. T. White entertained for the Bridge club Tuesday afternoon. Three tables of "Bridge" furnishing diversion. Enjoying the afternoon with Mrs. White were club members as follows: Mesdames G. V. Gansel, R. W. Turner, S. S. Graham, H. B. Ogden, Herbert L. Wood, W. E. Campbell, Bailey Jones, F. R. Wulff, G. R. White; and guests: Mesdames Sam W. Moffatt of California, J. S. Anderson, Warren Walker of Eagle Lake.

Club prize fell to Mrs. Ogden, and Mrs. Anderson received guest prize. Refreshments of salad, sandwiches and iced tea were served.

Mrs. Wulff has the club next Tuesday afternoon.

Afternoon Tea.

One of the most enjoyable of the season's social affairs was the afternoon tea at the Country club, at which Mesdames G. V. Gansel and S. S. Graham were hostesses. The club house was attractively decorated with the blooms of thistles, and a Mexican orchestra added to the enjoyment of the occasion with their music. Some fifty or more guests availed themselves of Mesdames Gansel and Graham's hospitality, and all report a most pleasurable afternoon.

Mrs. Sam McCollum and children returned Monday from a visit of a couple weeks with relatives at Mason. Mrs. Young McCollum returned with her, and is her guest for a few weeks, awaiting the return of her husband, who has been in France as a

member of the 90th division, and whose return is expected within a few weeks.

Mrs. E. W. Harris of Broadmoor was a guest of friends in the city Wednesday and Thursday, having accompanied Mr. Harris here, he being enroute to Fort Worth on a business trip.

Jesse Livingston is spending a few weeks here, having accepted a position with H. P. Roddie & Co. He will be located here only temporarily, however, and expects to go to San Angelo within the next couple weeks, where he will be with the Roddie house at that point.

Camp Fire Girls at Menard.

Brady Camp Fire girls, composing Camp Minnehaha, went to Menard Saturday morning, where they were royally entertained by the Menard Camp Fire girls under the leadership of Mrs. Chas. Broad. Composing the party were Misses Marjory McCall, Edna Fahrenthold, Eulalia Gavit, Carmen Anderson, Frances Samuel, Willie Benson, Katherine Ballou.

The camp returned Monday night, all being highly enthusiastic over the reception and entertainment accorded them by the Menard camp.

ROCHELLE SOCIAL NOTES.

Humphrey-Selman.

The many friends of Mr. J. E. Humphrey and Miss Stella Selman were surprised Wednesday when it became known that they had stolen a march on the public and been quietly married. Mr. Humphrey is the well known and enterprising telephone man of Rochelle, and Miss Selman is one of the most popular and best loved young ladies in the entire community. Mr. Humphrey has indeed drawn a prize and our heartiest congratulations are in order.

Itching, bleeding, protruding or blind piles have yielded to Doan's Ointment. 60c at all stores.

We have added a line of strictly high class Trunks to our line. See them in the show window. O. D. MANN & SONS.

PERSONAL MENTION

"I know not what the truth may be, I tell it as 'twas told to me."

Jack Savage is spending a few weeks in Mineral Wells at the baths.

Mrs. Rufus Adams has returned to her home at Dublin, following a visit of several weeks here.

Mrs. M. L. Stallings, who has been spending several weeks at the Marlin wells, returned Tuesday.

Mr. and Mrs. H. Simon are here from Memphis, Texas, for a visit with friends, while looking after business matters.

Miss Rose Cohn of San Saba is a guest of Mrs. H. Wilensky this week. Howard Campbell returned Tuesday from a business trip to Fort Worth.

W. B. McKenzie, who has been in the oil game near Houston and other points in South Texas, came in yesterday morning and is greeting his many friends here.

Grover Chambles returned Wednesday morning from a business trip to El Paso and other western points.

Mr. and Mrs. J. C. Gumguardner have been enjoying a visit from her parents, Mr. and Mrs. C. W. Scott of Arnett.

Mrs. S. J. Striegler and son, Cecil, returned Sunday from Temple, where they had been guests for a week or so of her sister, Mrs. Karl Steffins.

Miss Minnie J. Crothers returned yesterday morning from a visit at San Angelo with Miss Katherine Dowty and at Brownwood with Mrs. Calloway.

J. F. Biggs and family are enjoying a visit from his mother, Mrs. D. E. Biggs, of Groesbeck, who was accompanied here by her granddaughter, Frances Hardeman.

Mrs. J. C. Jones, who has been a guest of her mother, Mrs. Jim Stewart, and relatives and friends here the past couple weeks, returned Tuesday to her home at Sonora.

Mrs. W. D. Crothers, daughter, Mrs. H. M. Brannum, and grand-daughter, Betty Brannum, returned yesterday morning from Brownwood, where they had been visiting part of the week.

Roy Cabe of Wichita Falls, accompanied by Miss Kate Brady of Amarillo, arrived Wednesday for a visit here with J. T. Brady. Miss Brady is enroute to Marlin for a visit at the wells.

Mrs. S. A. Duke and granddaughter, LeMay Jordan, left Sunday night for Fort Worth, where they will spend a week or ten days as guests of Mrs. Duke's son, J. A. Duke and family.

Mr. and Mrs. A. B. Stobaugh and children returned Sunday from a visit with relatives at Coleman. Accompanying them were Misses Kate Padelford and Callie Stobaugh, who are their guests for the week.

Mrs. S. B. Vincent, accompanied by her daughter, Mrs. I. G. Abney, and grandchildren, Mary Lyle Vincent, left the past week for Sherman and other points, where they will visit relatives.

Mr. and Mrs. W. R. Davidson and daughter, Drusilla, returned yesterday morning from a visit of several weeks with Mr. Davidson's parents, Dr. and Mrs. W. R. Davidson in Madison, Wis.

Miss Carterette Bellamy, accompanied by her little nephew, Lucas Dickson, of Dallas, is home to spend the summer with her parents, Mr. and Mrs. L. W. Bellamy. Miss Bellamy has been teaching in one of the rural schools near Fort Worth.

Mrs. M. A. Blount and daughter,

Health Insurance

One of the distinctive qualities of food baked with Dr. Price's Cream Baking Powder is *wholesomeness*.

This is health insurance of such vital importance that millions of women bake at home just to be sure that Dr. Price's Baking Powder is used.

LOCAL BRIEFS

Boy Crothers left Tuesday for Sonora, where he and Gordon Stewart will look after the Stewart ranches during the absence of the elder Mr. Stewart on a trip and visit to Arizona and California.

The many friends of C. A. Yoas, who returned a week or so ago from Marlin, are glad to know that he has been greatly benefited by his stay at the wells, his health being much improved.

A party of Frisco officials, including O. H. McCarty, general manager of the Frisco lines in Texas, visited in Brady part of Tuesday, while on an inspection tour of the Fort Worth-Menard line in their private car.

John R. Winstead and D. C. Rands were business visitors here from Waldrip Wednesday and reported that while oats and wheat was fine, cotton was all the way from two weeks to 40 days late. Both are wishing for good growing weather now.

Our good friend, Carl Schmidt was in Brady yesterday and made us his annual visit. Mr. Schmidt says he was all by himself last year, and

Willie, left Thursday night for Dallas, where they will visit Mrs. Blount's daughter, Mrs. I. A. Kieth and sons, Robert and Emmett. Another daughter, Mrs. Ruth Starkey, of Ranger, will join them at Dallas for a visit.

Mrs. Clint Baker and little son are here from Gonzales county for a visit with her mother, Mrs. C. W. L. Schaeg and family. They were accompanied here by Mrs. Baker's sister, Miss Mary, who has just finished a school she was teaching in Gonzales county.

so did not get to plow enough to enable him to sow oats, but he is making up for it by having the finest maize he has ever grown since he has been in McCulloch county.

E. J. Broad came here from El Paso Wednesday morning, and is a guest of his brothers here, while attending to business. E. J. is the Southwestern representative of the Federal Oil & Refining Co., and is keeping close tab on McCulloch county developments, as he expects to be ready to put in a refinery and pipe line at Brady just as soon as the production justifies.

Mr. and Mrs. W. L. Hughes expect to leave today for Houston, taking their little 3-year old son, Holloway, to that place for treatment by a baby specialist. Mr. Hughes had originally planned to go to A. & M. college, where he expected to teach during the summer term, but the illness of his little son has caused a change in his plans. It is hoped that the little fellow will make a complete recovery while under the specialist's care in Houston.

Mr. and Mrs. J. T. Squyres were up from Mercury Wednesday and remembered The Standard editor with a box of extra-fine peaches, grown on their home place in the Mercury community. The peaches were of the Mamie Ross variety—the earliest grown in this country—and, we might add, the best, too. At least they seemed that way to the editor and Mrs. Editor. Our thanks to Mr. and Mrs. Squyres, and we hope their orchard may grow greater and more productive with every year.

IN THE VICINITY OF VLADIVOSTOK

Showing an American Y. M. C. A. man distributing bars of chocolate to Czech-Slovak soldiers in Siberia. The Y. M. C. A. gave chocolate, cigarettes, etc., to the men on the extreme front lines and sold them elsewhere. Writing paper, pens, ink, moving pictures, concerts, etc., were always free to the men. Because of the very heavy expense incident to shipping all kinds of supplies overseas and then hauling them to the front, the Y. M. C. A., ordered by the war department to charge cost plus transportation, was in some cases forced to charge the soldiers more than the same goods would have cost them in the United States, with the result that the organization has been severely criticized. In view of this criticism, the army officials finally came to the Y. M. C. A.'s rescue, with the result that the boys overseas are now buying canteen supplies in many cases much cheaper than they can be bought in the United States.

"GOODIES" FOR ITALY'S FIGHTERS

The above picture was taken in Italy and shows a Y. M. C. A. camion loaded with good things for the soldiers. The driver has just taken his seat and is receiving final instructions before starting out on his tour of distribution. The transportation problem was one of the greatest with which the "Y" had to deal. At one time, for instance, the organization sent a shipment of an even hundred autotrucks to France, but on their arrival eighty-five of them were commandeered by the army. Men, food and munitions were more important to Uncle Sam than then cigarettes, chocolate and chewing gum, and as a result many a "doughboy" was deprived of his "makins." Those were the days when most anybody, especially if that somebody happened to be a "Yank" at the front, would admit that Sherman was absolutely right.

"MOVING DAY" ON ITALIAN FRONT

The photo above, one of the latest from the Italian front, shows a number of Y. M. C. A. workers and soldiers taking the makings of a "Y" hut to an isolated army post so that it can be put up. It gives an illuminating idea of some of the difficulties incident to war work.

**KEEP FIT FOR HOME
SLOGAN OVERSEAS**

**Pershing Issues Order Designating
Y. M. C. A. to Supervise
Athletics.**

Paris.—General Pershing's position regarding the Y. M. C. A.'s management of athletic activities in the American expeditionary forces is set forth in the following army order:

"The Y. M. C. A., with the approval of the commander in chief, has organized a department of athletics and is prepared to give every assistance in the development of general athletics and the arrangement and management of competitions between military units.

"It has a large number of specially trained physical directors in mass play and other athletic activities now in its ranks in France. One of these will be attached to the staff of each division and separate unit, and will be designated in orders as the divisional (or unit) athletic director, and under supervision of the division athletic officer will be charged with the responsibility for the arrangement, management and general conduct of

athletic activities throughout the unit."

In another section of the order, provision is made for mass athletics and competitions for every possible man, as: all-point company athletic championships and official A. E. F. championships in a wide variety of sports.

"Keep Fit for Home" is now the slogan. If the period of demobilization is not to be, as Doctor Mott has put it, "a period of demoralization" for many men, attractive, constructive physical activities must immediately be substituted. To a certain degree a continuation of military drill will meet the situation, but the games and play, informal and competitive, will be found the best agency to meet the call for physical well-being.

There will be physical expression of some sort, particularly during the leisure time of the soldier. Shall it be destructive, disorderly and dull—or constructive, orderly and interesting?

The army has decided for the latter. It has adopted a program maintaining a wise balance between the amount of drill necessary to maintain military efficiency and discipline and the amount of play necessary to keep men physically stimulated, and so the responsibility for the play side of this program for the 2,000,000 men in France is placed upon Y. M. C. A. athletic directors, experts in their profession.

**SOLDIER BOY KICKS
AGAINST Y.M.C.A.**

**Serves It on Toast With a Garnish of
Scotch Blessings, but the Cap-
tain "Stumps" Him.**

"If every kick and knock against the Y. M. C. A. service overseas could have been handled as an American captain I know treated one case in his company there would be more in the air of what the 'Y' did and less of what they failed to do," said John M. Currie of Melrose, Mass., who is just home from operating Red Triangle huts in the Calais and Ypres sectors. The censor one evening came across a letter from a boy to his folks back home, in which the "Y" was panned and served on toast with a garnish of all the Scotch blessings and reverse English the boy had on hand. Now the censor is a pretty tired man, and I should not have blamed him if he had let that letter go. But there was an extra strong touch of exaggeration in it that roused the censor's sense of justice.

So he sent the letter to the captain of the boy's company and the captain called the boy in. This is the conversation that followed:

"Did you write this letter?"
"Yes, sir."
"Read it over—is there anything there you'd like to change before it is sent?"
"No, sir."

Then there was a short pause, in which the captain studied the boy and the boy set his jaw stubbornly. Finally:

"Where did you get this letter?"
"The 'Y,' sir."
"Who gave you the paper?"
"The 'Y,' sir."
"It's warm and cozy, and something like home there, isn't it?"
"Yes, sir."

"Where do you get your cigarettes, candy, etc.?"
"The 'Y,' sir."
"You're always sure of finding what you want there?"
"Yes, sir."

"You go to the movies and a real show occasionally?"
"Yes, sir."
"Who runs them?"
"The 'Y,' sir."
"Doesn't cost you a cent, does it?"
"No, sir."

There was another pause, and the boy's face was redder and his expression softer. Then:

"If you don't mind, sir, I'd like to see that letter again."

Without a word he took it from the officer's hand, tore it once across, and dropping it into the basket made his salute, turned on his heel and walked out.

**MAYBE THE SOLDIER
DOESN'T GO TO CHURCH**

**But These Figures Will Prove Illuminating to the Sceptic—Only
4,523,343 Attend.**

If every man, woman and child in the state of Texas, plus the entire population of New Orleans, La., were to unite in going to church on one Sunday the mobilization would still be less than the attendance at religious meetings in the Army Y. M. C. A. buildings in the Southern department from May, 1917, to December 31, 1918. The total attendance at 24,700 such meetings in the "Y" huts was 4,523,343, according to figures compiled by the religious work department of the Army Y. M. C. A. at San Antonio, Tex.

At these meetings 74,457 soldiers requested prayers—a number greater than the population of Oklahoma City. The number of Christian decisions made by these soldiers was 69,929—more than the number of people in El Paso, Tex. Christian purpose renewed by soldiers at such meetings reached the big total of 66,551.

The number of personal Christian interviews which the "Y" secretaries were able to have with the men as they visited the buildings was 318,246, or equal to the combined populations of Dallas, Fort Worth and Houston, Tex. These secretaries also secured from the men a number of other forward-step decisions, including the following: To read the Bible, 111,163; to pray, 34,097; to temperance, 4,686; anti-profanity, 9,342; personal purity, 10,509; anti-gambling, 6,925.

Records from November 1, 1917, to December 31, 1918, show that 1,830 Bible classes were organized with a total enrollment of 42,012 men. These classes held 15,995 sessions and had an attendance of 345,568. It was not until May 1, 1918, that records were made of the number of teachers used at these classes, but from that time to December 31 there were 1,446 soldier teachers and 1,333 civilian teachers engaged in conducting the classes.

Copies of the Scriptures distributed to soldiers reached 539,653, or one copy for every person in the states of New Mexico and Arizona. Religious literature given out from June 1, 1918, to December 31 numbered 568,249 pieces.

Visiting sick soldiers was a part of the duty of religious work secretaries, and for the period for which records were kept the number of such visits made was 999,192, almost equal to the population of Colorado with most of the people in Kansas City, Mo., thrown in to balance the measure.

SALE PRICES

ON SUMMER GOODS

You will find Special Sale prices on all goods in the store; we have cut the prices deeply in order to dispose of all Spring and Summer Goods at a saving of from 20 to 30 per cent on all ready to wear Shoes and Millinery. PLACID ROUND-UPS.

**Children's Day Program Sunday —
Summer Schools Call.**
Placid, Texas, June 2.

Editor Brady Standard:
Another nice sprinkle fell Monday. Farmers are still busy harvesting their grain.

Mr. Luther Stevens and children spent Sunday with Mrs. O. H. Gault. Mrs. J. A. Shepherd visited Mrs. J. W. Haywood Saturday.

Joe Parker went to Brady Thursday on business.
Several of our young people are making preparations to go away to school this summer at various places. Sunday, which was a day set apart by the Nazarene holiness of the state to have Children's Day, rendered a very pleasant program here.

Misses Lucile Kimbrough and Celia Gault spent Thursday in Brady shopping.
Several of our Placid boys went to Mercury Sunday to witness a ball game.

Some of the young people enjoyed themselves at the home of J. R. Gault Saturday night.

"DAN."

Fruit Jars and Caps. O. D. MANN & SONS.

Doan's Regulets are recommended by many who say they operate easily, without griping and without bad after effects. 30c at all drug stores.

FIFE FINDINGS.

Winter in Summer Time—Where Are We At?
Fife, Texas, June 3.

Editor Brady Standard:
The rain Monday and the near freezes the same day made us feel like we didn't know where we were. It was the coldest spell we have ever had around here in June.

Crops look better than ever this week with oats being rapidly harvested and with corn in silk and tassel we won't care much what happens next.

Mr. and Mrs. H. S. Espy and son, of Eldorado are here for a visit with their daughter, Mrs. A. J. Roach.

Dimmit Wood and Charley Reed were out from Brady last week cutting Mr. Reed's oats on his place on the river.

W. E. Sneed who has been a resident for the past four years moved to Coleman county last week.
R. H. Hoover of Pontotoc is visit-

ing with his daughter, Mrs. A. E. Cochran here this week.

J. I. Glover of Waldrip was a visitor here on business Tuesday.

Tom Wright came in Tuesday from Globe, Ariz., where he has been working for the past year.

We notice in the daily papers of Monday 10 days after the election, that the land-grab Amendment is finally defeated. It took some of them a long time to give it up but they finally came through.

Before next November we want to discuss the amendments to be voted on through the columns of the county papers. It's the only way to know what you are voting on. Will the Standard stand for it?
"E. Z."

Editor's Note—You bet!

**Famous Health Resort
Treatment at Home**

**Nervous and Run-Down People Can
Now Obtain Relief Without Going
to Health Resort.**

People used to travel to a popular health resort when they were nervous, thin, weak, run-down and felt tired all the time. There they found a physician whose fame had spread far and wide for the remarkable success that he had in treating just that kind of people.

And the secret of his success was a tonic that he prepared for his patients according to his own formula, which taken according to his directions gained for him his popularity.

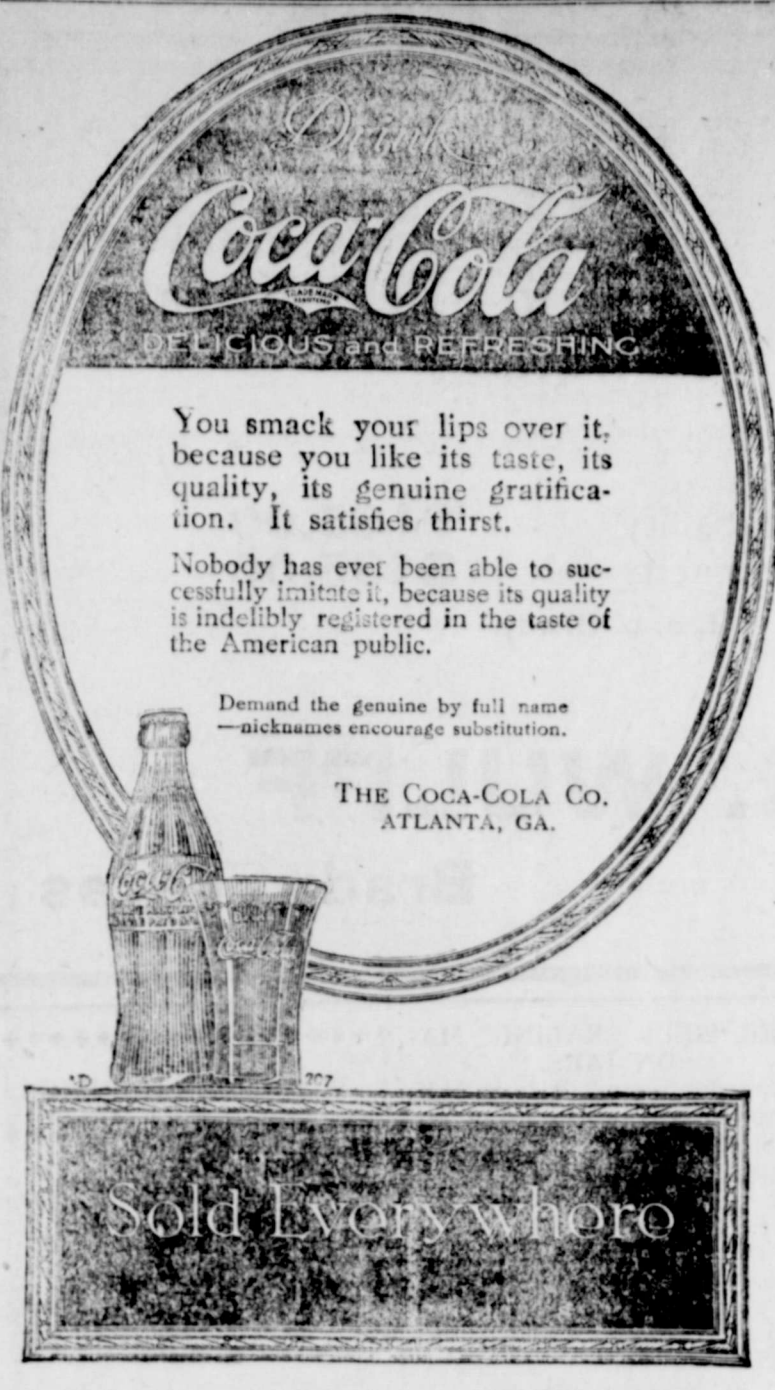

This same tonic is now obtainable by the public generally under the name of **RICH-TONE** with full directions on each bottle. If you suffer from bad health and need a building tonic, you need not travel to the health resort for you can take this treatment at home.

One well known lady who was under the care of three eminent physicians, and who had been in a sanitarium on several occasions and had been operated on without benefit, her general health found it necessary to take only one bottle of Rich-Tone to find full relief.

There is **POWER and PUNCH in GOOD HEALTH**—it means a bright eye,—alert look,—snappy gait,—that resolute step,—that general make-good appearance so different from the alien of one on the rugged edge of a declining constitution.

Men and women who wish to gain vigor and strength should commence this famous health resort treatment at once. It's only a dollar at

Coca-Cola
DELICIOUS and REFRESHING

You smack your lips over it, because you like its taste, its quality, its genuine gratification. It satisfies thirst.

Nobody has ever been able to successfully imitate it, because its quality is indelibly registered in the taste of the American public.

Demand the genuine by full name — nicknames encourage substitution.

THE COCA-COLA CO.
ATLANTA, GA.

**CUSTER VETERAN
NOW WITH Y. M. C. A.**

Survivor of "Battle of Big Horn" Touring Southern Department Telling Experiences.

Col. Theo. W. Goldin, a veteran of Custer's famous Seventh Cavalry, has for many months been devoting all of his time to war work with the Army Young Men's Christian association. He is now on a tour visiting all military camps in the six states of the Southern Military department entertaining the soldiers with stories of the great West of the long ago.

Colonel Goldin has had an unusual and picturesque career on the frontier as soldier, government scout and quartermaster clerk, having participated in several Indian campaigns, among them the "Battle of the Big Horn," where Custer and some five hundred veterans went down before ten times their number of Indians. He has been in the Army Y. M. C. A. work since November, 1917, serving first at Fort Bliss and later at Presidio. He has been looked by the educational bureau of the Southern Department Army Y. M. C. A. for a speaking tour in Southern department camps.

Colonel Goldin owes his life to the fact that during the battle of the Big Horn he was serving as regimental clerk, and in that capacity was doing duty as mounted orderly. He was sent to Major Reno, some three miles away, with dispatches; but even then, during most of the ride, he was a tar-

COL. THEO. W. GOLDIN.

get for a number of long-range shots taken at him by the Indians. He was with Major Reno during the remainder of the fight, which lasted two days.

Among other campaigns he took part in was what was known as the "Big Horn and Yellowstone Expedition," which was probably the largest single expedition ever sent out against hostile Indians. As government scout and courier, he served under Gen. Nelson A. Miles at the Tongue River cantonment and later with his old regiment at Fort Meade. In 1876 he was in Arizona with different regiments at war with the Apaches. Later he carried dispatches for a time between old Fort Bliss, near El Paso, to the various posts as far down the border as Eagle Pass.

As T. M. C. A. man, he worked with the Kansas City association, and among colleges and universities in Oklahoma, Missouri and Kansas. For several months he served at Oklahoma City in the boy scout work.

Colonel Goldin was awarded the Congressional Medal of Honor for his services in 1876 during the Custer campaign.

**COMMANDER OF THE
90TH COMMENTS "Y"**

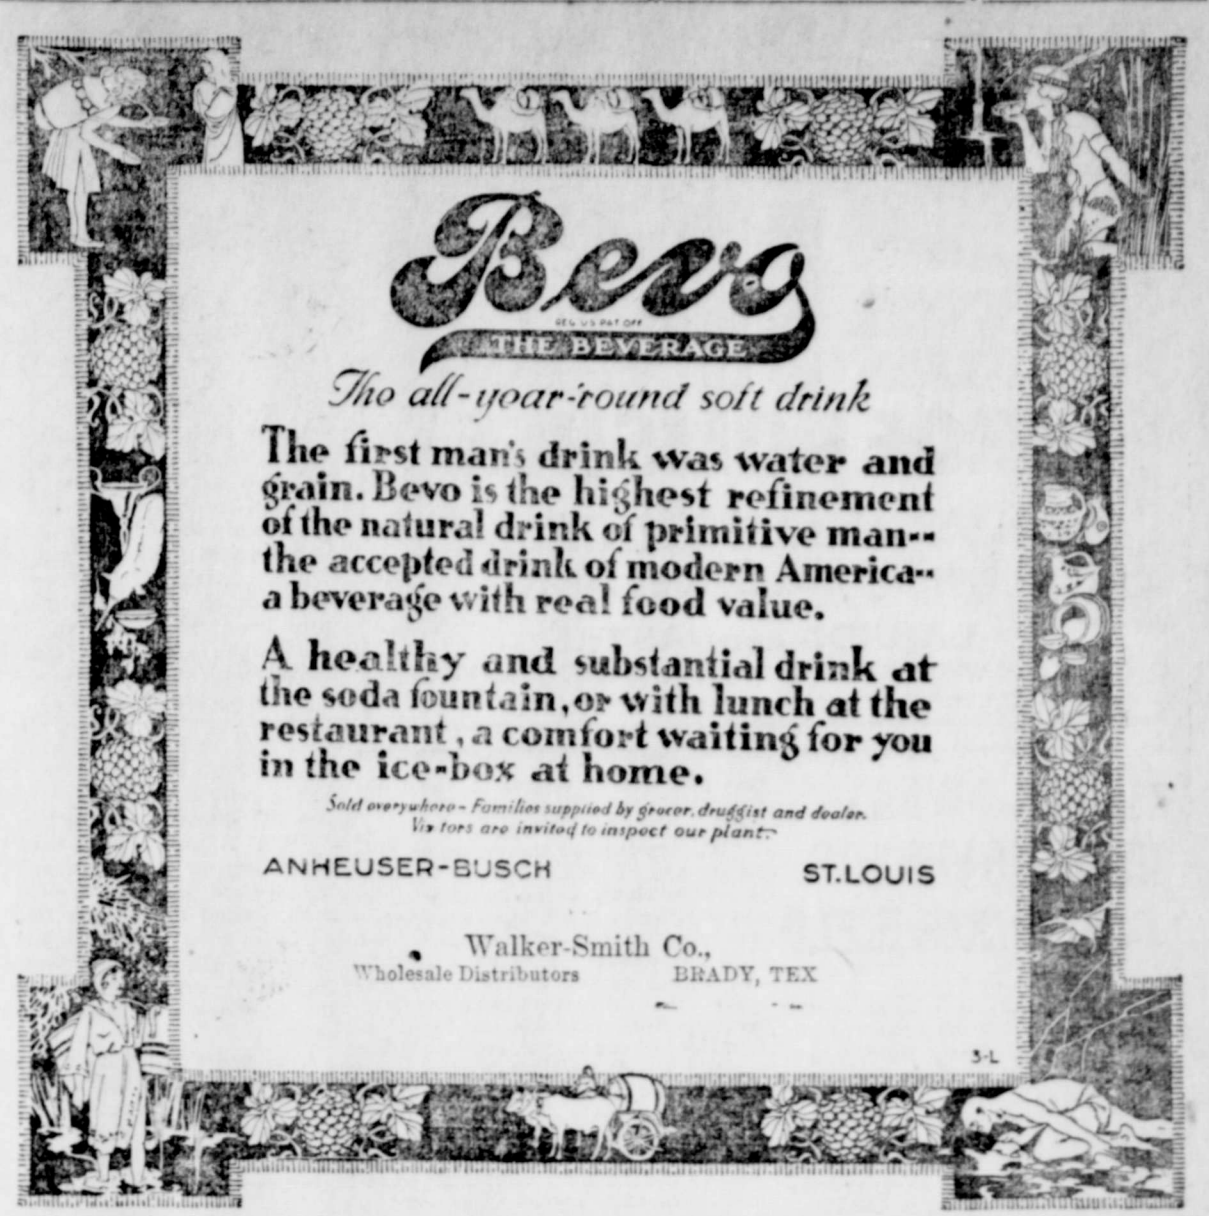

Gen. Henry T. Allen Says Red Triangle Men Went "Over the Top."

Maj. Gen. Henry T. Allen, commander of the Ninetieth division, composed almost wholly of Texas and Oklahoma troops, has written J. W. Nixon, division secretary of the Army Y. M. C. A., as follows:

"Dear Mr. Nixon: "By reason of the excellent work shown by the Y. M. C. A. assigned to the Ninetieth division throughout the period September 12-19, I ask that in behalf of this division you express to all members concerned my sincerest thanks for the highly important services rendered by them. Through these trying days, from your headquarters at Griswold, where a canteen, warehouse and dormitory were established, your valuable activities were at all times in evidence up to the assaulting battalions and back from those advanced elements with the wounded through the various medical stations to the field hospitals.

"Nine secretaries were with the infantry battalion, and two secretaries (F. A. Daves and B. F. Ford) actually went over the top with the assaulting battalions and carried on their work in the midst of the severest losses. I specially desire to commend the zeal and fortitude of these two gentlemen, and to thank the Y. M. C. A. for having sent such excellent representatives to us.

"Very truly yours,
(Signed) HENRY T. ALLEN,
"Major General."

Bevo
THE BEVERAGE

The all-year-round soft drink

The first man's drink was water and grain. Bevo is the highest refinement of the natural drink of primitive man—the accepted drink of modern America—a beverage with real food value.

A healthy and substantial drink at the soda fountain, or with lunch at the restaurant, a comfort waiting for you in the ice-box at home.

Sold everywhere—Families supplied by grocer, druggist and dealer.

Catarrhal Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. 75c.

NOTICE TO FARMERS!
Please take note that I will have four trucks to move grain. Also two used trucks, which I will sell cheap to anyone who has enough grain to justify the investment. F. R. WULFF.

RED CROSS COLUMN

Division Conferences.

The Southwestern Division will hold three Red Cross Conferences—in St. Louis on June 16th in Dallas on June 18th, and in Wichita on June 20th. Dr. Livingston Farrand, chairman of the Central committee and Mr. Wiloughby G. Walling, vice-chairman, will come from Washington to attend and speak at these conferences. It is expected that Mr. George W. Simmons will have returned from Siberia by that time, and he will tell of what the Red Cross is doing in Russia. Mr. Alfred Fairbank, acting manager and the Division directors of those departments which will go on as peace time departments will speak at these conferences, and present to the chapter workers of the Southwestern division the Peace program of the Red Cross.

In addition to the group conferences which will be held during the day, it is planned to have at each place a large evening mass meeting at which Dr. Farrand, Mr. Walling, Mr. Simmons and Mr. Fairbank will speak, in order that the future policies of the Red Cross may be presented to as large an audience of the general public as is possible.

These conferences will present an excellent opportunity for Chapter workers to become acquainted with the Peace program of the Red Cross. They will present also an opportunity for strengthening the relationship between National, Division and Chapter officials which is so essential to the furtherance of Red Cross achievements. Every chapter official and worker should make the greatest effort to attend these meetings. All three conferences will be open to Chapter Delegates from any part of the Division, and is strongly urged that every individual Chapter official should attend one at least of the conferences.

MRS. WILSON JORDAN,
Chairman of Publicity.

Children that are affected by worms are pale and sickly and liable to contract some fatal disease. WHITE'S CREAM VERMIFUGE expels worms promptly and puts the child on the road to health. Sold by Central Drug Co.

A GOOD "OPENER" FOR THE COMING CHAUTAUQUA.

The Cartwright Brothers Quartet mental and singing club, one of the best in the business. They give a great entertainment, instrumental and vocal ensembles, solos, musical novelties and interesting specialties, and all of it hits the spot.

Herbert and Harry Cartwright are twins. They specialize on the cornet and trombone. They have been playing together since childhood. We are glad to announce this top-notch attraction for opening day.

The Cartwrights are a lively instrumental and singing club, one of the best in the business. They give a great entertainment, instrumental and vocal ensembles, solos, musical novelties and interesting specialties, and all of it hits the spot.

WEAVER & WEAVER DISCOVERERS OF DIXIE FIELD

The Standard is in receipt of the "Wilson County Oil Number" of the Fredonia (Kans.) Daily Herald, sent us through courtesy of D. E. Weaver, well-known McCulloch county oil operator and who, with his brother, E. F., of Fort Worth, are the leading spirits in the Record Oil & Refining Co., rated as the biggest independent oil operators in the south.

The edition is interesting in that it gives a complete resume of the discovery of and operations in the Dixie oil field at Fredonia, giving full credit to the Messrs. Weaver for the discovery of this wonderful field.

Concerning the work of the Messrs. Weaver in this field, we reprint the following first-page lead article from the Herald's edition:

"Damn that Hoopie," exclaimed D. E. Weaver. A million times since that fall day in 1916, the man who uttered the oath has prayed countless blessings on that old Henry for getting dry.

"The history of any good oil field is intensely gripping, but that of Wilson County, Kansas, is so peculiarly individual that it cannot help but be interesting. It is a familiar saying that anyone who can locate oil in the underlying depths has 'three holes in his nose.' This, in connection with the 'rock hounds' and 'doodle bugs' and 'oil witch fakes' who are supposed to find locations of oil in many and numerous different ways.

Some of the methods of oil discovery are very ridiculous to the amateur, but there are fixed and well-known surface indications that attract oil men to certain localities. It may have taken a little nerve for the pioneer investors to enter Wilson County two years ago, but today—well, it's an entirely different story.

"The alluring prospect of untold wealth beckoning forth from the bowels of Mother Earth is the cause for many a failure but the making of still more fortunes. The discovery of the most important field in Wilson County today—but which is closely rivalled by other important producing holdings—Kansas, Messrs. E. F. and D. E. Weaver. They became interested in this territory from conversations at different times and frequent correspondence with Professor Erasmus Haworth, ex-estate geologist, and a Mr. Dick Fowler, an old-time drilling contractor of Altoona, Kans.

"In June, 1916, Weaver and Weaver were operating in the exciting field in Butler County, Kans., near Augusta, where a fortune was made or lost on one well. One day, Dick Fowler casually remarked to E. F. Weaver, 'I have been laughed at for saying so, Weaver, but I still believe there is a fine oil pool in Wilson county somewhere east of Fredonia. There was too much gas there for oil not to have been present. Why don't you send your scouts over there and pick up some acreage. The way oil is going up, that looks good to me.'

"Weaver got in touch with Professor Haworth. The geologist's short reply was, 'If you would like something as positively secure as oil mat-

ters ever are or can be, I would advise you to consider some of the old fields of Eastern Kansas.

"Weaver ordered his scouts to Wilson county at once. It was practically new territory to the gentlemen and the abundance of old abandoned wells was anything but encouraging for the first few weeks. However, a systematic survey of the old gas field was made. One day, when ascending Buttermilk Hill, northeast of Fredonia, the 'Hoopie' ran out of gas and while waiting for the trouble car to come from Fredonia, the oil find was made. The scouts had got in their 'three-holes-in-the-nose' work.

"In September, 1916, Weaver and Weaver bought up a number of leases in the vicinity, moved their rigs to Fredonia and development started. The skeptics sneered and the greenies laughed. The first well drilled in was a fine gasser and a good investment. In December drilling was shifted to the Lynch farm and Dixie Number 1 was brought in in February, 1917, at less than 900 feet—a fine shallow producer.

"Dick Fowler was right. It was his own find. Later on in the spring of 1917—less than a year ago—Dixie Number 2, 3, and so on came in regularly—all good producers. Big tanks began to flow over and new drilling rigs were rushed to the scene of wild activity. The Prairie Oil & Gas Company constructed a pipe line to the new field and connected with the refinery at Neodesha. Fredonia became the most talked-of city in the state. Companies located offices in the city in the summer of 1917 and a rush for houses started and a wild scramble for leases began. Today, nearly every good holding in the county is taken up."

A Man's Worth.
A ditch digger works ten hours a day for \$2.50—that labor.

A mechanic takes \$5.00 worth of material and makes it into watch springs worth \$50—that's skill.

A merchant takes an article worth 75 cents and sells it for a dollar—that's business.

There's a man in our town who takes a fifty-cent piece of canvas, paints a picture on it and makes it worth several hundred dollars—that's art.

Longfellow took a worthless sheet of paper, wrote a poem on it and made it worth thousands—that's genius.

Pierpont Morgan could write a few words on a piece of paper and make it worth a million—that's capital.

A woman can buy a hat for \$2.75 but prefers one that costs \$27—that's—?—Exchange.

IS HIT BY SHELL WHICH KILLS FOUR OF UNCLE SAM'S MEN

Y. M. C. A. Man Returns With Story of Finding Huns in French Uniforms.

Under shell fire and gas for three weeks, the buildings in which he ran his canteen hit six times, and finally knocked out by a shell which killed four men, wounded thirty and put him in a hospital for two months, Guy A. Willis, a Grand Rapids lumberman, has returned on crutches from France with some evidence of the zeal with which the Y. M. C. A. canteen men worked with the troops in the St. Mihiel and Argonne drives.

Willis was attached to the Three Hundred and Fifty-fifth regiment, Eighty-ninth division. In the Toul sector, which the division held until the St. Mihiel drive began, Willis' Y. M. C. A. outfit had a canteen near Mont Sec, at Beaumont, and one of his pleasant jobs was to drive almost daily around the famous Dead Man's curve on trips to get supplies for his canteen. Willis entered Benny, in the St. Mihiel drive, three hours after the Germans had been thrown out of it.

In a shell-wrecked building he found a German kitchen with three big cauldrons. For several nights he made co-coa—hundreds of gallons a night—which was rushed in cans, shell cases.

GUY A. WILLIS.

paths and whatever else came handy out to the boys. Three times shells crashed through what was left of the roof of the building in which the Y. M. C. A. had set up shop, but they kept on at their work and ran the canteen there for three weeks, until they were shifted to the Argonne.

While at Benny Willis was busy in the canteen one night when two officers entered. They wore uniforms of the Fiftieth French artillery. The canteen was full of doughboys getting cigarettes and chocolate, and the Frenchmen, who seemed in a great hurry, picked up several pieces of chocolate and started to go out. Then they hesitated and turned back toward the counter. As they did so a doughboy heard one of them say to the other, "Wee yee?" (How much?).

A group of eight or ten doughboys entered at that moment, and in the crowding and jostling and dim light the soldier who had heard the remark lost sight of the officers for a moment. When he looked for them again they had vanished. Headquarters was telephoned that spies had been in the canteen, but the pair made good their escape in the darkness.

In the Argonne drive Willis was at work in a first-aid station when Captain Jailer was wounded in the leg. Willis went back through the barrage, serving as a litter bearer and helped carry wounded men through the mud for four kilometers to the ambulances.

Ten days before the last drive in the Argonne Willis went back into the village of Romagne to get supplies for a first-aid station. As he entered the town the Germans opened up on him with a battery of 88s, and the second shell sent over landed in the street within twenty-five feet of him. The shell killed two soldiers on a truck, setting fire to the gasoline tank and cremating one of the men. Two others were killed and thirty wounded, one of whom was Willis, a piece of steel being driven through his foot.

The field hospital to which he was taken had been shelled ten minutes before he arrived, and four hospital attendants and several engineers had been wounded. A few minutes later some German airmen came over and bombed the place, one of the bombs ripping a piece of cloth from under the head of a doughboy two stretchers away from the Y. M. C. A. man. The doughboy was not even scratched.

FARM HINTS By B. D. Black

Watch your wheat and oats closely or it will get too ripe and scatter with a big loss to the production. Wheat should be cut while in a stiff doo. If you wait until it is hard you will lose some of the flour and increase the bran production. The straw is also better if cut before the grain is hard. The same is true of oats. The nine-bundle shock is a mighty good one. The ninth bundle being spread and placed on as a cap keeps the water out and acts as a shade for the grain to cure in. If it cures in the sun it will shrink.

The farmers will all have flour to eat now for they are going to buy the wheat and have it ground into flour at home. That will help the farmer that buys and the one that sells too.

This is another time when the farmers need to cooperate and sell their surplus together, just like they bought cooperatively last winter. If you can get a carload together the buyers will bid you more on same than if you sell singly. The Sheep and Goat Raisers' Association demonstrated that last week when they sold a carload of mohair for four cents above the highest local market, and they sold to a local man. Call on your County Agent to help you.

Ray Townsend, who joined the Boys' Agricultural club last February a year ago sold his fourteen months old calf on Fort Worth market several days ago for \$152.00. The calf weighed 980 pounds at Rochelle and 950 at the market scales. He got sixteen cents per pound for it. It pays to feed well the young stock. The feed fed to this calf, not counting the milk, cost less than \$50.00. He fed a well balanced ration.

Get ready now to can your vegetables as they are ready for canning. There should be no beans allowed to waste. If you have not had good luck canning them call on the county agent. He will teach you how to can anything, even meat. In fact, he will get you bulletins on any subject you are interested in if you request it.

When your grain crop is out of the way will be a splendid time to terrace the land. Terracing saves the moisture, and holds the land and keeps it from washing.

Farmers lose \$45,000,000 annually from bad methods of producing and handling eggs. One third of this loss is preventable, because it is due to the partial hatching of fertile eggs which have been allowed to become warm enough to begin to incubate. The rooster makes the fertile egg. The fertile egg makes the blood ring. The fertile germ in hot weather quickly becomes a blood ring, which spoils the egg for food and market. Kill, sell or pen your old rooster. Infertile eggs will not have blood rings.

The Sheep and Goat Raisers' Association will sell its wool June 16th. They expect to handle about four car loads this season.

Dyspepsia is America's curse. To restore digestion, normal weight, good health and purify the blood, use Burdock's Blood Bitters. Sold at all drug stores. Price, \$1.25.

Carter's Inks—every kind—every color. Writing ink, fountain pen ink, rubber stamp ink, check writer ink, show card ink, indelible ink. At The Brady Standard.

CRYING NEED FOR PAINT

There is a crying need for paint on thousands of houses throughout Texas—GOOD paint that will beautify and satisfy. If you want the best, use

MASURY
Reasonable in price, and wholly dependable in quality.
