Report—Finance Committee.
Resolutions.
5:00 p. m.—Automobile Ride.
8:30 p. m., Night Session.

RIG IRONS ENROUTE FOR WHITE RANCH-TEX.-MEERS RIG UNLOADED

SEVERAL OF WELLS IN THIS TERRITORY SHOW MATERIAL PROGRESS—OPERATIONS AT OTHERS HALTED TEMPORARILY BY MUDDY ROADS.

Great interest is manifested here over the report that the Tidal Oil Co. well is reported standing 1400 ft. in oil after being drilled to the 3,000 ft. depth. This well is located two miles west of Stacy, and the report has stimulated interest in the northwest portion of McCulloch county.

The rig irons for the Cunningham, Divine & Cooper deep test contracted on the W. N. White ranch, 14 miles north of Brady, are enroute and arrival is anticipated any day. This test is contracted for a depth of 3500 ft.

The Texas-Meers Oil Co. has three carloads of rig material on the track at Paint Rock, which is being hauled out to their location on Survey 232, Concho county, 12 miles east of Paint and 4 1-2 miles southwest of the Tidal Oil Co.'s location.

Bob Littleman, who is drilling the Cooper-Shields well on Survey 1066, reports drilling being held up at present by lack of fuel oil.

Both wells of C. S. Thomas on Survey 1237 near Whiteland and 1351 near Salt Gap are reported making steady progress.

The Prairie Oil & Gas Co. on Survey 89 is reported drilling steadily at better than 2,500 ft.

The Douglas Oil Co., Survey 1134, is shut down for repairs, which will have to wait on the drying up of the roads.

Smith & Jergins on Survey 42 had a joint to buckle on them last week, and lost 250 ft. casing, when the joint pulled in two. A special spear has been ordered to fish out the lost casing.

Moore Bros.' test on Survey 495 is still underreaming to set 8 1-4 inch casing to 250 ft. to cut off a flow of water.

Messrs. Jim Roberts and Sam Booker, formerly drilling for Price & Beagle on the King well, now are in charge of operations on the Texas Oil & Refining Co. well, J. H. Gibson Survey No. 1 (Dutton tract) and drilling is going ahead steadily.

H. T. Sparks, who is drilling the Star Oil Co. of Corsicana well on Survey 49, is waiting on hands to cut wood for fuel.

J. F. Woodyard, who has been spending the past couple weeks here from Parkersburg, W. Va., reports the 15 1-2-inch casing on the Cochran & Stewart well in Mason county set to a depth of 156 ft., and drilling now proceeding at 250 ft. with a 15-inch

Bugle Call.
Music by Band.

Old Time Songs.

Mother Dead.
Mrs. J. L. Edwards has the sympathy of all the friends of the family in the death of her mother, Mrs. Scruggs, who passed away last Saturday, July 19th, at her home at Harwood, Gonzales county, at the advanced age of 81 years. On account of her advanced age and infirmity, death was not altogether unexpected, although the news was a shock nevertheless. Mrs. Edwards had planned to visit her mother within the next few weeks, but the message hastened her plans and in company with Mr. Edwards and three of their children they left Saturday for Harwood to attend the funeral, which took place Sunday.

They returned home Tuesday and enroute encountered the tremendous rainstorm at Austin. Attempting to come via Georgetown, they were in a four-inch rain at that place, and found the macadam roads washed out in some places and covered over with silt in others and in such bad condition that they were obliged to abandon their car and make the balance of the homeward trip by rail.

Stenographer's Note Books at The Brady Standard.

Death of Leo Sansom.

Mr. and Mrs. T. L. Sansom of the Mercury community have the deep sympathy of all in the death of their 16-year old son, Leo, who passed away Tuesday afternoon at 4:00 o'clock at the local sanitarium. The young man was taken ill only last Thursday, and his trouble was diagnosed as appendicitis, and an immediate operation was deemed advisable. He was carried without delay to the local sanitarium, but was unable to withstand the ordeal, and death came as a merciful relief from his sufferings. He realized that the end was not far off, and was prepared to die.

The body was carried to Mercury on Tuesday night's train, and funeral services were held Wednesday afternoon, interment taking place in the family burial grounds near Mercury.

Leo Sansom was a bright boy, and was admired and appreciated by all for his manly ways and sterling character. While his older brothers were in the service of Uncle Sam, he was his father's mainstay, and performed his full duty as a good soldier at home, working alongside his father, and being a companion to his father as well as a son.

While his passing away has left a wound that time only can heal, yet in his life and his death may be found an inspiration for all.

BUT ONE JURY CASE TRIED IN COUNTY COURT

County Judge Evans Adkins was kept busy Monday morning at the phone, listening to men on the county court jury panel for the first week protest their inability to reach town on account of the terrible state of the roads, resulting from the heavy rains Saturday night and Sunday morning. In all, but six out of the original jury panel reported for service, and the balance of the jury was picked up about town.

But one verdict was had against a defendant, that of J. H. Casson, charged with assault and battery. On a plea of guilty, Casson was fined \$5 and costs.

Another case against Casson on a charge of aggravated assault, was dismissed. Also a charge of aggravated assault against Jesse Casson, son of the former, was dismissed.

On a trial by jury, W. S. Carter, charged with theft, was found not guilty.

A charge of theft against T. Roles was dismissed.

Charge of affray and assault against S. H. Mayo, taken on appeal from the city court, was dismissed.

DRILLING WANTED.

SAFE, GENTLE REMEDY BRINGS SURE RELIEF

For 200 years GOLD MEDAL Haarlem Oil has enabled suffering humanity to withstand attacks of kidney, liver, bladder and stomach troubles and all diseases connected with the urinary organs and to build up and restore to health organs weakened by disease. These most important organs must be watched, because they filter and purify the blood; unless they do their work you are doomed.

Weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pains in the joints and lower abdomen, gravel, difficulty when urinating, rheumatism, sciatica and lumbago all warn you of trouble with your kidneys. GOLD MEDAL Haarlem Oil Capsules are the remedy you need. Take three or four every day. The healing oil soaks into the cells and lining of the kidneys and drives out the poisons. New life and health will surely follow. When your normal vigor has been restored continue treatment for a while to keep yourself in condition and prevent a return of the disease.

Don't wait until you are incapable of fighting. Start taking GOLD MEDAL Haarlem Oil Capsules today. Your druggist will cheerfully refund your money if you are not satisfied with results. But be sure to get the original imported GOLD MEDAL and accept no substitutes. In three sizes. Sealed packages. At all drug stores.

MT. TABOR TATTLES.

Picnic at William's Park Near Fredonia Today—Friday.

Fredonia, Texas, July 21.

Editor Brady Standard: I have been so busy that I haven't taken time to visit The Standard in some time.

One of the heaviest rains of the year fell here Sunday morning and is threatening today. We were sure glad to see the rain as we were beginning to need it on lots of things. All kinds of crops look promising. The cotton is late but coming to the front very fast.

The death angel has visited our community since I last wrote and bore away the soul of Aunt Jane Henderson, who was 81 years old and had lived in her little home alone since the death of her husband several years ago. One month before she died she removed to her step-son's, Dave Henderson, and was cared for with kind and gentle hands till her suffering was over. She was laid to rest in Mt. Tabor community beside her husband.

Miss Clara Brockman came in from Dallas last Friday and visited Mrs. R. L. Burns a few days before returning to her home at Mason.

Mr. and Mrs. A. G. Miller visited at Cherokee from Friday till Sunday.

Miss Flora Brown is on the sick list at present. Also Miss Frankie McWilliams is sick.

Miss Helen Harris of Dallas who has been visiting at R. M. McMillan's returned home last Saturday.

There is to be a picnic at Fredonia next Friday, July 25th, and all who have ever attended a picnic at the William's park, Fredonia, will know what to expect (everything good). Everybody is invited.

Little Miss Ruth Longley is visiting at Brownwood at present.

E. M. Bratton went to Rochelle Saturday.

"BUDDIE."

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS Chili Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS Chili Tonic is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS Chili Tonic has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS Chili Tonic when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

EAST SWEDEN.

Mrs. John Nelin Improving Following Operation Past Week.

Brady, Texas, July 21.

Editor Brady Standard: Here I am again after a month's absence. We were visited by a good rain Sunday.

The farmers are all getting caught up with their work. Threshing is the order of the day. Oats and wheat are turning out very nicely.

Aymona Eklund spent last Monday night at the Carl Nelin home.

Mrs. Ab Salter and daughters, Misses Dorothy and Jewel, spent last Sunday evening at Eric Nelin's.

Mrs. John Nelin returned home last Saturday from the Brady sanitarium, where she underwent an operation the past week.

Ivan Kieth and family who live in Dallas, have been down visiting his brother, R. E. Kieth and family.

Emil Nelin and Miss Bonnie Joy attended the show at Brady Saturday night.

Misses Julia and Martha Coalson were visiting at the C. O. Hanson home Saturday evening.

Cecil Nelin spent a few days with his uncle, Eric Nelin and family the past week.

Miss Velma Turner is spending a few days with friends and relatives at Rochelle.

H. M. Rice is working for O. E. Engdahl for a few days.

C. O. Johnson was a business visitor to the city last Friday.

Miss Eula Bridge was visiting at the Carl Johnson home Monday evening.

Ed Carlson and family were visiting Axle Carlson and family last Sunday.

Mrs. Ab Salter spent a few days at the C. O. Hanson home the past week.

As news is very scarce I will ring off for this time and try to do better next time.

"JONNIE."

FAIRVIEW-LIVE OAK NEWS.

Arthur Baker Last of Returning Soldiers—New Crop Record.

Brady, Texas, July 21.

Editor Brady Standard: Our three week's drought was broken Saturday night with the worst electric storm and the hardest rain of the season. Today (Monday) still raining and the rain came in good time as most everyone was needing rain on corn and feed stuff. The fields look good now as the weeds and grass are just about a thing of the past.

In my last items, I stated W. E. Campbell as planting cross-ways, but was incorrectly informed, as he was just plowing cross-wise.

We are sorry to report Mrs. J. D. Benson as being on the sick list, but glad she is improving at this writing.

At last all our soldier boys have returned without the loss of one, and they all come back without a scratch, with the exception of Raleigh Ake, who was wounded, but not crippled. Our last to return was Arthur Baker, who made his appearance in Brady Saturday and no one was expecting him as he had not written he was coming.

Miss Bernice Howard of Claxton spent Wednesday night with Miss Willie Benson.

Mrs. H. J. Huffman and Mrs. Myrtle Pence visited Mrs. Bertha Johanson Saturday.

Mrs. John Ake Jr. and children, of Ranger, visited Mrs. Henry Turn Thursday until Saturday. They return tonight to Ranger.

The threshers have all been running steady for the past three weeks, with a break-down occasionally; there were 4 break-downs within five miles. Some of the oats are in barns, but if this rain continues long there will be quite a lot that won't be worth the threshing.

A jolly crowd of young folks visited at the J. D. Benson home Saturday night. Miss Helen says she was awfully sorry her telephone was out of commission, for she had to be her papa's boy some times.

Miss Myrtle Pence visited Mrs. Tom Terry one day this week.

Chas. Steelhammer has broken the record as far as the writer knows, as his wheat threshed 27 1-2 bushels per acre; barley, 33—nothing bad about that. I have not heard how his oats were.

Miss Annabelle Harrison of Eastland is visiting her brother, Al Harrison for a few days and was shopping in Brady Saturday.

J. D. Benson visited his brother, Willie, Sunday, and fixed up telephone wires where it had been struck by lightning.

Mrs. Mattie Boyles has been helping her sister Mrs. Bertha Johanson, while she has the thresher and reports Mr. Johanson as getting too hot, and two of the children being sick. We hope they soon will be up again.

"TONY."

A Tractor That Does More Than Plow

The Cleveland Tractor

Plowing is *only the beginning* of what a tractor should be able to do.

It should be able to do everything else in the preparation of the seed bed—the discing and harrowing, the planting. And it should do these things in a way that it will not injure the coming crop.

After the ground is broken, The Cleveland Tractor *goes over it* with the disc and the harrow, then *goes over it* with the seeder.

The Cleveland *rides on top* of the seed bed; *it does not sink into it and it does not pack the soil.*

The Cleveland *goes over soft ground* because it travels on its own endless track which it picks up and lays down as it goes along.

These tracks have about 600 square inches of traction surface, so the pressure on the ground is only about five pounds to the square inch—therefore there is not enough weight at any one point to inflict damage.

We repeat, The Cleveland Tractor *rides on top* of the seed bed. *It does not sink into it; therefore it does not have to wade or wallow through it.* And because *it does not sink in*, it does not have to push the dirt in front of it and pack it down in order to navigate.

And because it is not obliged to push the earth from in front of it and pack it down, the greatest possible amount of The Cleveland's power is available for accomplishing the work it has to do.

PLACID ROUND-UPS.

Cotton Full of Bolls and Forms. — Bumper Crop Prospect.

Placid, Texas, July 21.

Editor Brady Standard: More rain and better rain, two days of rain and still raining, which will insure a cotton crop without anymore rain. The cotton stalks are full of bolls and forms, and if Mr. Boll Weevil will stay away we will make a bumper crop of cotton.

Water melon is getting plentiful and are the best I ever saw.

G. C. Parker went to Brownwood last Saturday for an operation.

Miss Hortie Yates is our assistant postmistress, and has charge of the office.

Mrs. J. R. Gault will leave in a few days for Marlin to be treated for rheumatism.

Miss Scott, of Brady, was here Friday, showing the ladies how to can fruits and vegetables.

BRADY, TEXAS.

CALF CREEK NEWS.

C. L. Bridge Returns After Two Years at Panama Canal.

Calf Creek Texas, July 22.

Editor Brady Standard: We had a nice rain here Saturday night and Sunday which was greatly needed, as we had had so much rain for a while until the crops grew so rank, and the hot sun wilted things badly before our rain came.

Most all the people are through threshing grain which was very fine, but of course, so much rain damaged it a lot. Although we are thankful for what we have.

Mrs. E. L. Bridge is rejoicing over the return of her son, C. L. Bridge. He has been in service for two years and stationed most of the time at the Panama Canal. He has some experience to tell about the sand fleas, mosquitos tarantulas, etc. Also her two brothers are visiting her for a few days, T. E. and O. A. Whipple, of Paris, Texas, and Carbon, Texas, respectively.

Albert Meredith's father of Junction is visiting him for a few days.

Mrs. J. W. Ataway returned from Gorman last week where she had been visiting for a few days.

Mrs. Mary Caines of Eden, is visiting her mother, Mrs. G. W. Walker for a few days.

Miss Jessie Smith returned home to Holder, Texas last week. She had been visiting her brother Edgar Smith for about a month.

Mrs. Bula Walker has been real sick at her mother's, Mrs. Bridge, for the past week.

Mrs. Lewis Williams visited Mrs. J. H. Williams one day last week.

I am taking up lots of space and ought to close, but will tell a joke on two of the Calf Creek farmers: Two of them met the other day in the road and one says to the other, "Say do you know that I am not going to make a mubbin of corn this year." And the other says, "You're not?" "Why, because they are all going to be ears?" "DAISY."

For any itching skin trouble, piles, eczema, salt rheum, hives, scald head, herpes, scabies Doan's Ointment is highly recommended. 60c a box at all drug stores.

Stings or bites of insects that are followed by swellings, pain or itching should be treated promptly as they are poisonous. BALLARD'S SNOW LINIMENT counteracts the poison. Sold by Central Drug Store and Trigg Drug Store.

Dissatisfied. Hotel Clerk—And how did you like your room, sir? Disgruntled Guest—It was most unsatisfactory. There was no gas with which to asphyxiate myself, no bath in which I could drown myself and no rope fire escape with which to hang myself—and all I came here for was to commit suicide.—Kansas City Times.

She Was Flattered.

Two women who had not met for years suddenly encountered each other.

"How do you do?" said one, effusively.

"Now this is delightful," said the older of the two. "Just to think that you knew me after so many years. I can't quite have changed much—really, I feel quite flattered."

"Oh," quickly replied the first speaker, "I recognized your hat."

Then there was a horrid silence.

PRINCE ALBERT

the national joy smoke

NEVER was such right-handed-two-fisted smokejoy as you puff out of a jimmy pipe packed with Prince Albert! That's because P. A. has the quality!

You can't fool your taste apparatus any more than you can get five aces out of a family deck! So, when you hit Prince Albert, coming and going, and get up half an hour earlier just to start stoking your pipe or rolling cigarettes, you know you've got the big prize on the end of your line!

Prince Albert's quality alone puts it in a class of its own, but when you figure that P. A. is made by our exclusive patented process that cuts out bite and parch—well—you feel like getting a flock of dictionaries to find enough words to express your happy days sentiments!

Toppy red bags, tidy red tins, handsome pound and half-pound tin humidors—and that classy, practical pound crystal glass humidor with sponge moisture top that keeps the tobacco in such perfect condition.

R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

have been opened up, is one of the liveliest points in the state.

H. C. Samuel left Monday night for St. Louis markets, where he will spend several weeks purchasing the fall stock for this popular store. Mr. Samuel is very optimistic as to the prospects for an exceptional business this fall and winter, and will make his purchase in accord with this opinion. He will carefully select his purchases from among the best of the market's offerings, and will look to quality and big values in an endeavor to secure the best goods for the money for his customers. He expects to return about the first of next month.

Jack Tait returned Wednesday from Cisco, where he went after a 31-2 ton G. M. C. truck to be used in hauling for the C. S. Thomas Whiteland and Salt Gap wells. Two of these trucks were recently purchased by Mr. Thomas—one for Mr. Tait and the other for Harry Backer, who is drilling near Graham, Texas. Mr. Tait said the roads were in such fearful condition that it took them 30 hours to make the drive from Cisco to Brownwood, and when they arrived at the latter place they were glad to leave the truck and come the balance of the homeward trip by rail.

H. Wilensky returned Tuesday from a visit to northern and eastern markets, where he had spent the past three weeks inspecting the offerings for the fall and winter season. Mr. Wilensky says it doesn't take long to have your purchases run up into the figures, but by a careful inspection of all the market's offerings, he was enabled to secure offerings in his various lines that are real bargains, when present prices and conditions are taken into consideration. Mr. Wilensky's goods are already arriving and are being unpacked and placed on display, affording the shopper an opportunity to see the first of the new goods for the season.

Friend August Keller is what might be termed a city farmer. In fact, some of his farmer friends say he has no business in town at all—he ought to be back on the farm, and we rather think A. W. is starting a move that

way. He and his son, Francis, are now training bees secured all the way from Medina, Ohio, to bring home their golden honey. He has some fine Poland China hogs, but is particular to some O. I. C. hogs now being shipped him from Arkansas. He says he has four as fine Jersey cows as there is in the county, and some mules and horses that are as good as the best. All these things we cannot vouch for, but we can uphold his statement that he is "some lil gardener," because he has just presented us with an armload of as fine tomatoes as ever graced a vegetable market. These tomatoes, in common with almost every other variety of garden vegetable were grown on his downtown garden spot, and the excellence of his products is already so far-famed that Brady citizens are making regular pilgrimages to his place to secure his splendid vegetables.

Notice the Bed and Gear construction of a Weber Wagon; notice how the brake is fastened to the bed; notice the Fifth wheel; the only thing like on the market. Look at the painting; look at the general construction. We don't think you will hesitate to buy a Weber wagon. Broad Mercantile Co.

Let us have your coal orders early, and be sure of your Winter's supply. Phone 295. Macy & Co.

Two (2) barbecue pits.
Two (2) Feed Stores.
One (1) Pea-nut and Pop Corn.
Two (2) Novelties (not including local badges or buttons).
One (1) Parcels Check.

Two Restaurants and several other privileges not in conflict with the above will be sold at private sale.

For further particulars write E. E. Fager, Chairman Concession Committee, or

John Seiders, Secretary,
San Saba, Texas.

See the new line of Trunks in our show window. O. D. MANN & SONS.

LOCAL BRIEFS

Congratulations are in order for Mr. and Mrs. E. B. Scarborough, a fine young man having arrived Sunday night at their home west of town.

Sheriff Wall broke up a champion domino game Monday when he secured five citizens to fill out a jury in a county court case. The court was convened and waiting, so the jurors-to-be did not even get to decide who the winner might have been.

Messrs. Joe and Jim Matthews were here from Peg Leg last Saturday, and reported their crops as fine as they ever saw, and their grain having turned out A1. They finished most of their threshing before the rain, which makes their grain far above the average.

Chas. Steelhammer has just finished threshing out his millet and is highly pleased with results, having a yield of 25 bushels to the acre. Mr. Steelhammer imported special seed at a high price from Wisconsin for his planting, and the turn-out is fully up to expectation.

Mr. and Mrs. Britton Embry arrived Tuesday from Sherman for a visit here with relatives and friends. Britton is employed in the Frisco machine shops at Sherman and is quite well pleased with his location. He returned home Wednesday night, but Mrs. Embry will continue her visit here for some time.

"If it rains on Monday, it will rain for two more days," said J. C. May-

hew. "It may be only a mighty light rain, but a Monday rain always means moisture for three days. That's been my observation for the past thirty years." Not being able to either affirm or deny, the editor will just have to believe Mr. Mayhew.

Mrs. J. P. Baze has leased her place in the Camp San Saba community to Fred Appleton and has moved to Brady to make her home with her daughter, Mrs. H. P. C. Evers and family. Martin Baze, who has been living on the Camp San Saba place, has leased a ranch near Long Mountain, in Mason county, and has moved there to engage in goat raising.

H. W. Zweig left Tuesday night on his second trip to market and will visit New York and other eastern points in an endeavor to complete his fall and winter stock. Mr. Zweig a month ago made a visit to the eastern markets with the result that he secured many valuable offerings. However, his early visit prevented his completing all lines, and now, in view of the unparalleled business prospects, he expects to purchase a line that will carry him through what he anticipates as the most successful year's business he has ever experienced.

Mr. and Mrs. E. E. Spiller returned Tuesday from their vacation trip and visit with Mr. Spiller's sister, Mrs. G. F. Britton, at Stephenville. While there they enjoyed a trip to the Desdemona oil field, 26 miles distant, and report the sight at the producing wells a most interesting one. Accompanied by Mrs. Britton, they went to Wichita Falls for a visit with Mrs. Epiller's sister, Miss Margaret Todd. Wichita Falls is quite a city, and now since the oil fields nearby

We Do Your Work Right

Why We're Here

To help you get the right start with your new car—
To see that you are supplied promptly with the best battery built.
To charge your battery if it needs charge—to test it with the hydrometer—to supply you with distilled water—to repair batteries that have suffered from neglect or abuse.
Come in anytime. Ask as many questions as you like, but be sure to ask this one: "What is Willard 90-day Battery Insurance?" Remind us to hand you a copy of the booklet "Willard Service and You."

and are appreciative of the liberal patronage being extended us.

HONEST INJUN.

We don't know just 'actly who it was, but the feller that said lightning in the northwest for three nights in succession was certain to be followed by rain, is hereby declared the champion predictor of the times.

BUILDING A CITY.

To the notion of The Standard editor—and our opinion is shared by many others—the City of Brady must, of necessity, be placed upon an entirely more advanced basis if civic progress and advancement is to keep pace with the growth and upbuilding of the town. At present, civic improvements are lagging far behind the natural growth and requirements of the city.

Brady needs better streets!
Brady needs better walks!
Brady needs better street lighting!
Brady needs a more rigid enforcement of health measures!

Be it understood that this is not an indictment of anyone for neglect or failure to perform their duties. On the contrary, handicapped as they are by limited power and authority, the city officers are doing a remarkable work in making such progress and improvement as they have.

What Brady should have is a special charter, empowering our city authorities with a wider scope of power; enabling a more extensive program of civic improvement and compelling a more strict observance of city ordinances and health measures.

Think what it would mean to property values, to the attractiveness of the town, not to mention the benefits to ourselves, to have a first-class system of improved streets. There is joy in living in a town that has good streets; there is inducement for owners to improve the property adjoining a good thoroughfare. Under present conditions, however, it is impossible to undertake any extensive permanent street improvement; at best, the funds available will hardly keep the streets in repair.

Then, in the matter of walks. Brady today—and for several years past—could be enjoying free city mail delivery if her walks were of such character as to warrant the establishment of city routes. It will take a strong co-operative movement to secure a good system of walks in Brady, and behind any such movement must necessarily be a city administration with authority to enforce a sidewalk building campaign.

Upon the whole, the citizens voluntarily adopt reasonable sanitary measures, but there is still room for improvement. When we recall Brady's appearance following the "Cleanest Town in Texas" campaign a few years back, and her present condition, Brady suffers in the comparison.

New Arrangement for Purchase of Wheat Designed to Protect Farmers From Having Grain Made Too Low

New York, July 20.—To settle the long standing dispute between farmers and grain buyers as to proper price basis for wheat the United States Grain corporation has entered into a contract with buyers whereby the latter agree to "reflect properly to producers the government's guaranteed price for various grades of wheat." It was announced here tonight. This contract, which places the government in the position of standing behind the producers to see they obtain a proper price for their wheat, provides that in cases of disagreement, either farmers or buyers are privileged to submit a sample of the wheat in dispute to the nearest zone to the vice presi-

dent of the grain corporation for a review of the method of determining the price. It also is provided that appeal for final decision may be taken to Julius H. Barnes, wheat director, although the grain corporation urges buyers and sellers to reach a mutual agreement wherever possible. The contract specifies that millers and dealers "shall purchase on the proper grade and dockage under the federal standards and shall pay therefore not less than the guaranteed price based upon such proper grade and dockage, at the terminal most advantageously reached less freight and less a reasonable handling margin.

The weeds grown in vacant lots, back spaces and stide streets are anything but impressive in their appearance, and the weeds themselves are conducive to no good, and much possible harm.

Brady's city officials should be empowered to bring about these most necessary improvements; they should be entrusted with sufficient funds to accomplish the necessary improvements; they should be accorded the enthusiastic support of every citizen who wants Brady to don city clothes and have city class.

DRAWING THE LINE.

To draw a line and toe the mark is oftentimes a difficult thing for frail humanity to do.

Take, for instance, the Dallas News. The News, at the beginning of the oil boom in Texas, adopted a policy of refusing to accept any advertising offering oil leases or oil lands for sale, or for the purpose of promoting stock companies and oil development schemes. In a sense, The News' policy was a most honorable and creditable one. It refused to foster, aid or abet the blue sky companies, the fly-by-nighters and the money-sharks and sharpers. At the same time, it likewise closed its advertising columns to many legitimate propositions, wildcat though they might have been.

In view, however of the steadfastly maintained policy with regard to its advertising columns, it is rather remarkable to find scattered through its classified advertising, such advertising as the following:

"Three tracts of 10,000 acres each, all blocked and ready to drill; will give 10,000 acres for each deep test. If interested, write or wire," etc.

Has The News lifted the lid on its iron-clad policy, or is someone just "putting something by" the management?

MODERN ATTITUDE TOWARD ADVERTISING.

In the recent contribution to "Printer's Ink," Wolstan Dixey said:

"The majority of intelligent people now look upon advertising as reliable information, as business news. They expect to profit by it; they accept it as the modern method of economical salesmanship and distribution. Comparatively few now cling to the outworn notion that advertising is mostly clever bunk for which they have to pay in increased prices of the goods advertised. People who think on the subject at all recognize that the whole tendency of modern advertising is to enforce higher standards of manufacturing and merchandising all along the line."

And for this reason people do not have to be trapped into reading advertising; for they await the business news daily just as they await reports of happenings in Paris, Washington and in other places the world over. They regard advertising as essential to their well being, because in these days of forced economy bargain news is good news—and it is found in the newspapers.

One cannot be well posted if he reads only the news found under date lines. He must glance over the advertisements frequently to see how business is running—to get a line on the quality and price of the things found on the dining table and in the wardrobe.—Temple Telegram.

RELATING TO CONFEDERATE PENSIONS AND INCREASING TAX RATES FOR PAYMENT OF SAME.

House Joint Resolution No. 35. Proposing an amendment to Section 51 of Article 3 of the Constitution of the State of Texas to provide that the Legislature may grant pensions to Confederate soldiers, sailors and their widows, who have been citizens of Texas prior to Jan. 1, 1910, providing that all soldiers, sailors and their widows eligible under the provisions hereof shall be entitled to be placed upon the rolls and participate in the pension fund created hereunder; levying a tax of seven (\$7.00) cents on the \$100.00 valuation of property in this State for the payment of such pension, providing that the Legislature may reduce the rate of pension for such purpose, fixing a time for the election to be held on such amendment, and making appropriation to pay the expenses thereof.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 51 of Article 3 of the Constitution of the State of Texas shall be amended so as to hereafter read as follows:

Sec. 51. The Legislature shall have no power to make and grant or authorize the making of any grant of public money to any individual, association or individuals, municipalities or other corporations whatsoever, provided however, the Legislature may grant aid to indigent or disabled Confederate soldiers and sailors, who came to Texas prior to January 1, 1910, and to their widows in indigent circumstances and who have been bona fide residents of this State since January 1, 1910, and who were married to such soldiers or sailors prior to January 1, 1910, and to indigent and disabled soldiers who under special laws of the State of Texas during the war between the States served in organizations for the protection of the Frontier against Indian raiders or Mexican marauders and to indigent and disabled soldiers of the militia of the State of Texas who were in active service during the war between the States and to the widows of such soldiers who are in indigent circumstances and who were married to such soldiers prior to January 1, 1910, provided that the word "widow" in the preceding lines of this section shall not apply to women born since the year 1865, and all soldiers and sailors and widows of soldiers and sailors eligible under the above conditions shall be entitled to be placed upon the pension rolls and participate in the distribution of the pension fund of this State under any existing law or laws hereafter passed by the Legislature, and also to grant aid for the establishment and maintenance of a home for said soldiers and sailors, their wives and widows and women who aided in the confederacy under such regulations and limitations as may be provided by law, provided the Legislature may provide for husband and wife to re-

main together in the home. There is hereby levied in addition to all their taxes heretofore permitted by the Constitution of Texas a State ad valorem tax on property of seven (\$7.00) cents on the \$100 valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate levied. And provided further, that the provisions of this section shall not be construed so as to prevent the grant of aid in cases of public calamity.

Sec. 2. The foregoing Constitutional amendment shall be submitted to a veto of the qualified voters of this State at an election to be held on Tuesday after the first Monday in November, A. D. 1919, at which all voters shall have printed or written on their ballots: "For amendment of Section 51 of Article 3 of the Constitution authorizing the Legislature to grant aid to Confederate soldiers, sailors and their widows who have been residents of this State since January 1, 1912," and "Against amendment to Section 51 of Article 3 of the Constitution, authorizing the Legislature to grant aid to Confederate soldiers and their widows."

Sec. 3. The Governor is hereby directed to issue the proclamation for said election and have the same published as required by the constitution and laws of this State, and the sum of Five Thousand (\$5,000.00) Dollars or so much thereof as may be necessary is hereby appropriated out of the general funds of this State not otherwise appropriated for expenses of publications and elections thereunder.

GEORGE F. HOWARD,
Secretary of State.
(Attest—A True Copy).

FROM THE STATE PENITENTIARY SYSTEM. PERMITTING PRISONERS TO SHARE IN THE NET PROCEEDS

House Joint Resolution No. 38. Proposing an amendment to Article 16 of the Constitution of the State of Texas, by adding a new Section thereto to be known as Section 60, providing that the Legislature shall have power to enact laws authorizing a division of the net proceeds arising from the operation of the prison system of this State between the State and prisoners confined in the Penitentiary or their dependents, providing for the submission of a proposed amendment to a vote of the people, and making an appropriation to defray the expense of such election.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Article 16 of the Constitution of the State of Texas be amended by adding thereto a new section to be numbered Section 60, as follows:

Section 60. The Legislature shall have power to authorize a division of

the net profits arising from the operation of the prison system during any one fiscal year between the State of Texas and the prisoners confined in the Penitentiary during said fiscal year or any part thereof, or their dependents in such proportion as the Legislature may determine, not to exceed fifty (50) per cent to such prisoners or their dependents.

Section 2. The foregoing amendment to Article 16 of the Constitution of Texas shall be submitted to the qualified electors of this State for its adoption or rejection, at a special election hereby ordered for the fourth day of November, 1919. All voters on this proposed amendment at said election who favor its adoption shall have printed or written on their ballots the following: "For amendment to Article 16 of the Constitution, authorizing a division of the net proceeds of the prison system of this State between the State and prisoners confined in the Penitentiary or their dependents."

Section 3. The Governor is hereby directed to issue his necessary proclamation ordering this election, and have the same published as required by the Constitution and laws of this State. The sum of five thousand dollars (\$5,000.00), or so much thereof as may be necessary, is hereby appropriated out of any funds in the State Treasury not otherwise appropriated, to defray the expenses of publishing said proclamation, and printing and distributing the necessary tickets and blanks for use in said elections.

Entertains for Brother.

Mrs. Ira Mayhew entertained a number of young folks at her home on last Friday night in compliment to her brother, Dudley Westbrook. Various games and contests helped pass the evening most enjoyably, at the conclusion of which refreshments of punch and cake were served to Misses Gertrude Trigg, Edna Fahrenthold, Katherine Ballou, Maggie Bryson, Mable Strickland, Adeline Taylor of Corsicana, Helen Rutherford of Lockhart, Edith Reed, Edith McShan, Eulalia Gavitt, Pauline Clary of Coleman, Marjorie McCall; Messrs. John Simpson, Leslie Meers, Royston Taylor, Robert McGrew, Jimmy Espy, and the guest of honor.

Honoring House Guest.

Miss Mary Freeman named her house guest, Miss Carmen Anderson, of Brady the guest of honor at a theatre party on Wednesday afternoon. Norma Talmadge in "The New Moon" furnished amusing entertainment for the guests. Upon returning to the pretty Freeman home on Austin Avenue dancing was enjoyed and ice cream and cake were served, each plate bearing a dainty rose bud in favor. As a culmination to this delightful event a car ride was enjoyed. The guests for this pleasing occasion were: Misses Carmen Anderson, Marjorie Gresham, Edwy Bailey, Virginia Bell, Felicia Hurlbut, Clarice Johnson, Mabel Stone, Marjorie Scott—Brownwood Bulletin.

Entertains With Night Party.

Mrs. Wiley W. Walker entertained Friday night for the Five Hundred club, with the gentlemen guests of honor. Present for the occasion were members including Dr. and Mrs. J. G. McCall; Messrs. and Mesdames John Wall, Dick Winters, B. Simpson, G. C. Kirk; Mesdames J. S. Anderson, G. R. White; and guests: Messrs. and Mesdames G. V. Gansel, Bailey Jones, Harry F. Schwenker, Burl Wiley; Mesdames R. W. Turner; H. M. Brannum; Misses Nellie Anderson, Eliz-

abeth Souther.

Club prizes fell to Mrs. Simpson for the ladies and Dr. McCall for the gentlemen. Guests prizes were received by Mrs. Jones for the ladies and Mr. Wiley for the gentlemen.

The hostess served a salad course. Mrs. G. R. White entertains this afternoon for the club.

Complimenting Mrs. Wiley.

Mrs. Burl Wiley of Waco was honored at a most enjoyable Five Hundred party given on Tuesday afternoon by Mrs. B. Simpson. Six tables were set for the guests, and in the series of games, Mrs. Ogden received high score and the prize, while Mrs. Wiley was favored with a memento of the occasion.

Guests included Mesdames J. C. Anderson J. G. McCall, John Wall, Dick Winters, Wiley W. Walker, G. C. Kirk, H. B. Ogden, Herbert L. Wood, G. V. Gansel, R. W. Turner, W. D. Crothers, H. M. Brannum, W. R. Davidson, Lewis Brook, C. D. Allen, Sam McCollum, B. L. Malone, G. R. White, F. R. Wulff, Frank Wilhelm, S. S. Graham, W. E. Campbell, Harry F. Schwenker, and the honor guest; Miss Nellie Anderson.

Refreshments consisting of a salad course were served by the hostess.

Mrs. Wood Entertains.

Mrs. A. W. Wood entertained Tuesday evening with a Five Hundred party, for her sister, Tennessee Farris, of Wardville, Okla. An enjoyable evening was spent, high score being won by Willard Hodge.

Punch was served throughout the evening. Those present were: Mr. and Mrs. Joe Bryson; Misses Mozelle Glenn, Jim, Lula and Trix Gay, Alice Samuel, Flora and Mary Schaefer, Ruhama and Mary Snider, Bernice Hall, Mary Estelle Thompson, Anita Fahrenthold, Willard Hodge, Aileen Moore, Gussie Rice, Esther Reed, Edith Blackburn of Corsicana; Messrs. Ernest Searly, Henry King, Luie and Jesse Glenn, Chas. Fuller, Hardin Jones, Harold

Craddock, Ed Wilman, Luther Hudson, Ben and Buster Moffatt, Will Allen Jones, Autrey Bumgardner, Carroll King, Kyle Biggs, Oscar Lang, Duke Jones, Harold Deaton, Clyde Wilhelm of Galveston, Hawkins.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Hall's Family Pills for constipation.

Bud's Expression of Sympathy.

He's only seven. But he has a fund of sympathy even if he lacks words to express his feelings.

One of the neighbors had been called away by the death of her mother. In some way the boy heard of her great sorrow. Meeting her upon the street a few days after her return, he said, very solemnly:

"Mrs. B—, did your mother die?" "Yes, Buddy," replied the neighbor. "Ain't that the devil of it!" was his sympathetic but startling comment.

Lawn Sprinklers. Broad Mercantile Co.

PERSONAL MENTION

W. T. Cone, claim agent for the Frisco, spent Wednesday here on business.

Mr. and Mrs. Edwin Broad came over from Menard Wednesday to spend the day here.

Mrs. W. C. McCully of Dallas is a guest of Mrs. I. G. Abney, having accompanied her to Brady upon her return here.

Mrs. R. E. Luhn and children of Carlsbad are visiting here, the guests of Mr. and Mrs. Roy Wilkerson and family. They arrived the past week from Lometa, where they had been visiting.

Misses Norma and Frances Samuel went to Brownwood last Friday, where the latter is under treatment by a specialist. She hopes to return the end of the week. Miss Norma returned Monday.

Miss Dora Arrington left Saturday night for an extensive visit with relatives and friends at Fort Worth, Woodville and Madill, Oklahoma. Returning, she will also visit her mother at Goliad, her former home.

Boy Crothers, who has been visiting here this week, left yesterday on his return to Sonora, where he and Gordon Stewart are looking after the Stewart ranch while J. C. Stewart is visiting in California. Boy says he is gone this time until Christmas.

Mr. and Mrs. G. S. Cox arrived the past week from Commerce for a visit, Mr. Cox returning to that place Monday. Mrs. Cox will remain here some time with her mother, Mrs. M. J. Bumgardner, on account of the latter being in poor health at present.

Mr. and Mrs. B. Reagan and little daughter, Helen, are here from Big Springs renewing acquaintance with former friends and fellow citizens, while guests of his brother, A. B. Reagan, and family, and Mrs. Reagan's sister, Mrs. S. W. Hughes, and brother, Ben Anderson.

Oats and Wheat Sacks. Phone your wants to No. 295. Macy & Co.

We have a car of old reliable Peter Schuttler Wagons just arrived. Can fix you up with all styles and sizes. O. D. MANN & SONS.

Have a big line of Horse Collars in both the Leather and the Duck. Let me supply you. H. P. C. EVERS.

JAIL EMPTY FOR EIGHT MONTHS ESTABLISHES McCULLOCH AS CRIMELESS CO.

For eight long months not a criminal of any class or description has crossed the threshold of the McCulloch county jail. The county bastille has been shunned, avoided, stayed away from just as though it might be haunted. McCulloch county has no jailer—not even a deputy sheriff—and the jail is for rent.

The last prisoner to occupy the jail gained his freedom or else was transferred before the new county officers qualified last December, and nary a criminal, vagrant or would-be desperado has ventured into our confines since.

Mr. and Mrs. R. O. Knight and two daughters are here from Galveston visiting the lady's parents, Mr. and Mrs. G. P. Moore.

Thad O. Day is expected back this morning from Desdemona, where he has been on a business visit.

Mrs. Bob Littleman returned Monday from a three weeks' visit with home folks in West Virginia.

Mr. and Mrs. Bob Littleman were visitors here from the Lohn community yesterday.

SURGEONS agree that in cases of Cuts, Burns, Bruises and Wounds, the FIRST TREATMENT is most important. When an EFFICIENT antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For use on man or beast BOROZONE is the IDEAL ANTI-SEPTIC. Buy it now and be ready for an emergency. Sold by Central Drug Store and Trigg Drug Store.

Pure Home Raised Honey, from the Roe Stearns' apiary, at J. C. Harber's.

Save money by ordering your coal early from Macy & Co. We sell that good McAlester Coal.

Sealy Mattresses—just like sleeping on a cloud. O. D. Mann & Sons.

Normal Weight

Perhaps you are worried because your child does not pick up in weight? Better try

Scott's Emulsion

and watch how it helps make a thin child grow and put on weight. There is nothing quite so strengthening as Scott's Emulsion for a child of any age.

INDUSTRIAL CONDITIONS OF THE BRADY COUNTRY

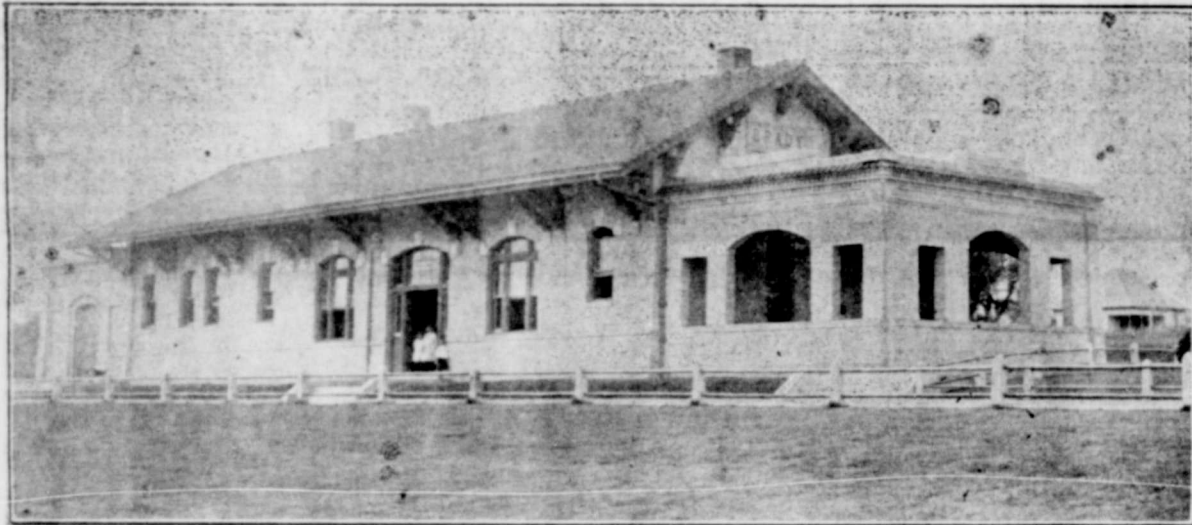

(This is the first of a series of fifteen articles on industrial conditions of Brady and McCulloch county. The data has been gathered from authoritative sources and show true conditions as they exist today. Each of the articles has been censored and approved by the President of the Brady Chamber of Commerce—Editor).

Brady--What She Has and What She Offers

The city of Brady is today facing a period of growth and development superior to any that has been experienced since the city was first established here by those sturdy pioneers who, forsaking birthplace and family ties came to this section and safely passing thru many periods of adversity, have established an inland empire which is destined to be one of the commercial centers of West Texas and the great Southwest.

During the past six months there has been an undercurrent of business progress. No one could account for any tangible reason for this sub-conscious feeling that things were getting better, other than the fact that the city offers natural conditions for development that are unequalled by any section in West Texas. That feeling has been prevalent, however, all Spring and Summer. It has not been caused by the minds of the citizenship being temporarily crazed by a sudden influx of money, and the boom has been free from booms and boom methods. It has been the style of growth that is a characteristic of Texas—brought about by the development of natural resources, assisted by the elements.

True, Brady has felt the oil activity! Most cities in West Texas have. But Brady citizenship as a whole has not lost its head. Property values have not been inflated and the business has been steady with a general increase. There has been no blue sky schemes injected into the populace.

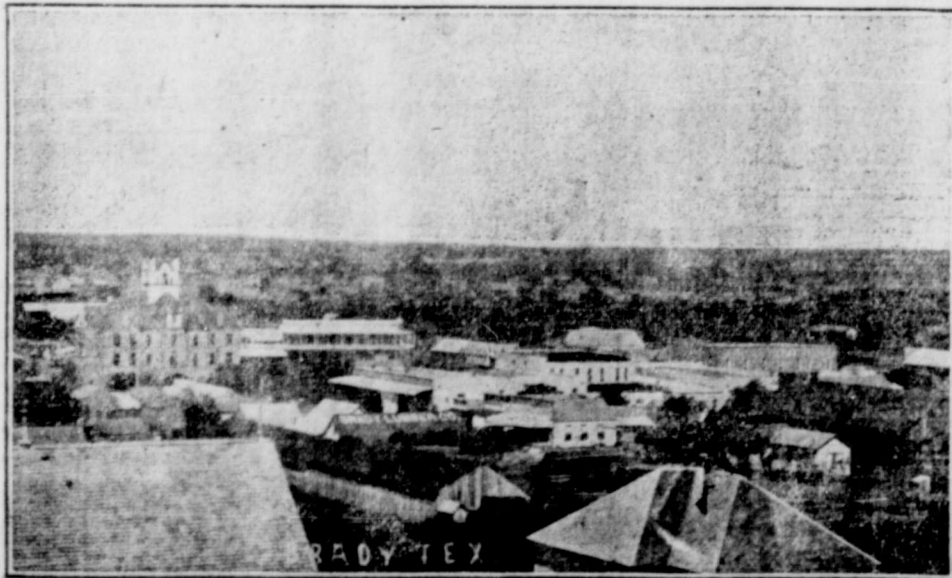

BRADY'S \$29,000 DEPOT

No business sharks have stirred up the community to a high pitch of excitement, as has happened through the sudden production of oil. Primarily these things have not been happening in Brady because the Brady people are not the kind to be over-excited by intangible things that might be presented through the clever publicity artist. The people living here today are a class who know Texas. They know there is a vast field of opportunities here but waiting for the development. They are developing these resources themselves to a maximum—but there are more chances for success here than there are people to take advantage of them. This fact alone assures a steady and substantial growth and development for Brady and McCulloch county with the many things that are being offered for that development.

There is a field here for the agriculturist who wishes to work and live well while he works and realize a profit from his work. There is opportunity here for the cattlemen who

homemaker could want. Already many beautiful homes are here, some being erected at a cost of as much as \$10,000.

The electric light and water plant is municipally owned and was erected at a cost of approximately \$50,000. The mains and water connections extend over the entire city and were laid with the idea in mind of growth, and can be extended in keeping with the growth of the city. Brady creek is the source of the water supply and the plant is equipped to furnish ample pure water for domestic and commercial purposes. The water is pure by chemical test and conducive of healthful conditions. In fact, an epidemic in the city is practically unknown. In addition to this water supply, several mineral wells are owned on private property, the use of which is given free to any who might desire to drink this water, which is equal to any mineral water to be found in the state of Texas not excepting the Grogan water of Sweetwater, or the Crazy Well water of Mineral Wells.

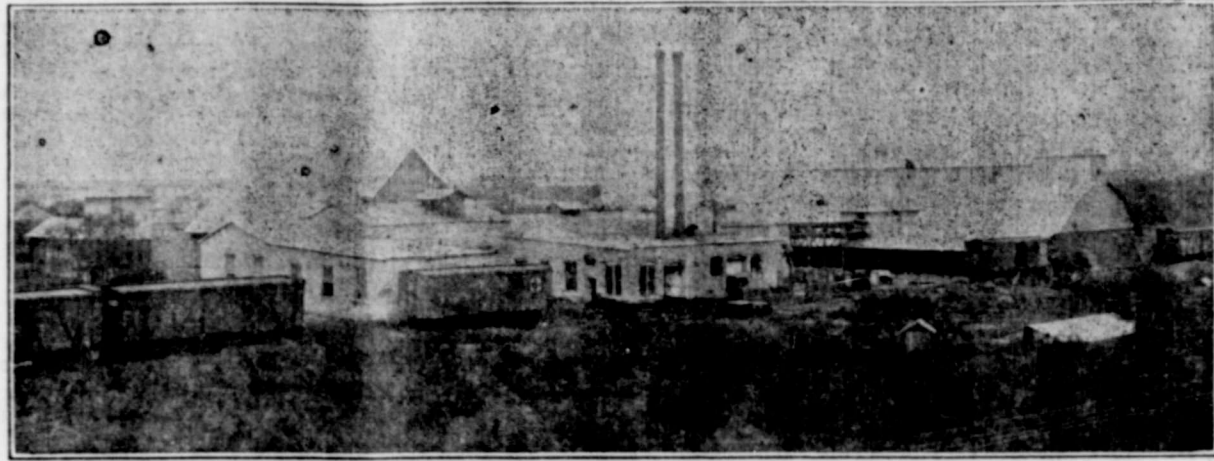

A BIRD'S-EYE VIEW OF BRADY—LOOKING NORTH

knows how to raise cattle with all conditions favorable to his success. There is opportunity here for the truck gardener, as all class of prod-

The manufacturing industries of the city are but in the infancy of development, while the wholesale interests are rapidly taking advantage of the

vast field which is open here for development, as Brady controls a good substantial territory to the north, south, east and west. There is here today two cotton oil mills which under normal conditions do a vast business and furnish a ready market for the cotton seed raised by the farmers in this section, always paying the highest market price for it. A cotton compress is also maintained here for the preparation of cotton for export and a large per cent of the cotton raised in this section of Texas is handled through the Brady markets. A modern ice plant is maintained, equipped with the best refrigerating machinery produced on the market today and which is equipped to furnish ice for a city several times the size of Brady.

From the wholesale standpoint the city has four wholesale grocery houses—the principle one being the Walker-Smith plant which has headquarters at Brownwood and which ships products to all this section of Texas. The

ONE OF THE BRADY COTTON OIL MILLS

Waples-Platter Company also maintains extensive warehouses here and does an extensive business. Two produce houses and a vegetable and produce house maintain a ready market for poultry, butter, eggs and vegetables and do an extensive shipping business and Mayhew Produce Company do an extensive grain and wool business. In fact substantial and ready markets are one of the attractive features of the city.

M. college for the development of agricultural possibilities in this section and today have furnished office room for a county farm demonstrator and home economics agent. This organization will be the life of future growth and development in the city and will constantly be alive to any opportunities which present themselves for the future development of the city.

Brady is the headquarters for the McCulloch county oil fields which are being rapidly developed and which promise to be among the productive fields of the state. Shallow and deep tests are both being drilled in all parts of the county to prove the contention that oil exists in commercial paying quantities in this county. This industry has already brought thousands upon thousands of dollars into the city and promises to be one of the main factors in the future development. Today there are numbers of first-class deep tests and many shallow tests either drilling or contracted for, this extensive operation resulting

from geological reports made by recognized geologists, and which have shown that the outcroppings in this county are exceptionally favorable for the securing of oil. The larger companies are all practically operating here, which is one of the best indications of bright future prospects from an oil standpoint. However, Brady and McCulloch county are both in a position to live and grow and develop without the oil industry in case it does not prove to be here in paying quantities.

The Standard hopes to show thru its campaign of industrial publicity which will continue through the next fifteen weeks that there is not a city or county in West Texas which offers brighter or more extensive opportunities for development than Brady and McCulloch county with its vast field of resources at the disposal of the energetic classes which come to a community to live and prosper through conscientious endeavor. These articles will make interesting reading, and should be preserved by readers desiring a comprehensive account of the opportunities, activities and advantages of this section.

"Same to You."

An officer at the Presidio tells this one, says the San Francisco Chronicle:

"I was standing near the headquarters of the post the other day, when I noticed that a certain Captain near by had fallen into the habit, every time a private saluted, of answering the salute with military precision, but following it up with the words, 'The same to you.' 'Finally I called him over and asked: 'Captain, why do you say 'the same to you' every time you return the salute of a private?' 'The Captain grinned. It's this way. I was a private myself once, and I know what they say under their breath every time they salute an officer.'"

Doing hard work in a bent or stooping position puts a stitch in the back that is painful. If the muscles have become strained, you can't get rid of it without help. The great penetrating power of BALLARD'S SNOW LINIMENT will appeal to you most strongly at such times, because it is the very thing you need. Sold by Central Drug Store and Trigg Drug Store.

CITATION BY PUBLICATION.

THE STATE OF TEXAS,

To the Sheriff or any Constable of McCulloch County—Greeting:

You are hereby commanded to summon Sallie E. Heffnarn by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 35th Judicial District; but if there be no newspaper published in the 35th Judicial District, then in a newspaper published in the nearest District to said 35th Judicial District, to appear at the next regular term of the District Court of McCulloch County, to be held at the Court House thereof, in Brady, Texas, on the 3rd Monday in September A. D. 1919, the same being the 15th day of September A. D. 1919, then and there to answer a petition filed in said Court on the 14th day of April A. D. 1919 in a suit, numbered on the docket of said Court No. 1712, wherein L. P. Heffnarn is Plaintiff, and Sallie E. Heffnarn is Defendant, and said petition alleging

State of Texas,
County of McCulloch. In the District Court of McCulloch County, Texas.

To the Hon. J. O. Woodward, Judge presiding:
Now comes L. P. Heffnarn hereinafter called plaintiff, complaining of Sallie E. Heffnarn hereinafter called defendant, plaintiff represents to the court that he is now and has been for more than 12 months next preceding the filing of this petition an actual bona fide inhabitant of McCulloch County and the State of Texas, that

the defendant resides in Bexar County, Texas.

Plaintiff says that he and the defendant were married, April 1, 1903, and lived together as husband and wife until May 1st, 1905. That the defendant on the last named date, without any cause whatever of the plaintiff, abandoned plaintiff and left him and no longer would live with plaintiff as his wife; plaintiff says that it was not by his consent that defendant so left him but when he married defendant she was a widow with some children and that she, the defendant said that she preferred to live with her own people and to have her children to herself and told plaintiff that she would no longer live with him as his wife. That fourteen years have elapsed since the defendant without just cause or any cause whatever abandoned plaintiff and ceased to live with him. Wherefore plaintiff prays the Court that he be granted a judgment dissolving the bonds of matrimony heretofore existing between plaintiff and defendant.

JOE ADKINS,
Attorney for Plaintiff.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Brady, Texas, this 1st day of July A. D. 1919.

P. A. CAMPBELL,
Clerk District Court, McCulloch County.

Brady Business Firms and Industrial Institutions

F. R. WULFF

There could be no better evidence submitted to a prospective resident of this section of the probability of growth and success than the fact that those who have lived here and who have participated in all the periods of adversity that have been experienced in the city, have implicit confidence in the future of the city and are constantly making improvements in their business, erecting buildings and spending thousands of dollars in building them to a standing where they not only are a financial success, but a credit to the city.

Take for instance the example of F. R. Wulff, who has one of the best appointed garages in the West Texas area. Mr. Wulff started in business in Brady in 1916 and secured for his place of operation a small frame building located on the site of his present commodious garage and salesroom. After one year of business—and that at a time when all West Texas was going through one of the worst periods of adversity in its history—Mr. Wulff decided to erect a modern structure for the housing of his business. More than \$12,000 were expended in the erection of a brick structure, with all modern equipment necessary in an up-to-date garage, and one which would be a credit to a city several times the size of Brady. The building is entirely fireproof and is one of the best buildings in the city.

The establishment of this building and business in the city necessarily demanded that Mr. Wulff carry a line of cars and auto equipment that would be in keeping with his institution. He decided upon the Dodge car, which is nationally known as the best automobile in its class, and this theory was more than substantiated by the recent use of thousands of these cars in France by the A. E. F. An up-to-date sales and display room is in the building in connection with the garage, where the cars are on display. So popular has the car become in this section that it is with difficulty Mr. Wulff is able to secure sufficient cars to supply his trade.

In addition to the handling of Dodge cars, Mr. Wulff also is the distributor for the Graham Bros. Truck Units and recently he acquired the distribution of the Cleveland Tractor, which is built after the tank style and which is creating so much interest in tractor circles. He is also distributor for the Fruehauf trailers and has distributed these trailers by the car load in this section, and they have developed into the greatest help the farmers and citizens can have in the transportation of merchandise, farm products, etc.

Another attractive line which is gaining popularity in the country is the Delco Farm Lighting system. One of these plants has been installed in the garage and furnishes the light and power for the garage. It is a plant which affords the farmer all the conveniences of a lighting system at a less cost than the city man can light his home from the electric lighting plant maintained in the city.

In addition to the extensive lines carried, a car load storage capacity for fifty to seventy-five automobiles is maintained with complete curb service for gasoline, oils, air and water. The garage is fitted with the most extensive supply of parts and accessories to be found anywhere within a radius of 100 miles of Brady. The garage also maintains a freighting department with four trucks which freight to the inland towns and do freighting in the city and county.

A modern ladies' rest room is maintained at the garage which is fitted up with all the necessities that traveling ladies might desire.

The garage is a member of the Circle Auto Men's Association, the Texas Auto Dealers Association, National Auto Dealers association and is recognized as the American Blue Book Garage. These affiliations keep Mr. Wulff thoroughly familiar with all conditions in the automobile world and make his garage an up-to-the-minute place for the tourist to stop.

H. A. Wulff, an experienced automobile man, has just taken charge of the garage work. Mr. Wulff is a brother of the proprietor and will be a valuable acquisition to the garage.

In fact, with the proposed improvement of the building just north of the garage, which will also be used for the extension of this business, there is not a garage in the entire West Texas territory that is superior to this one.

Puncture Proof Tire Service

Guaranteed!

There are scores of prominent business men in this city glad to tell you their experiences with Gates Half-Sole Tires. These men are getting 5,000 to 15,000 more miles than ever before from their tires. Many of them first bought for economy—Gates Half-Sole Tires cost only one-half as much; but now they buy because they are getting better tire service and longer mileage than they ever believed it was possible to get from tires. The reason is that Gates Half-Sole Tires embody a new principle in tire construction which eliminates tire trouble and cuts tire expenses in half. They are guaranteed puncture-proof. Investigate.

Plan of Co-operative Marketing of
Farm Products.
By D. H. Henderson.

Voca, Texas, July 21.
Editor Brady Standard:
In this article I want to give the readers of The Brady Standard some of my conclusions after many years experience as a farmer:

I have been a farmer for thirty years or more—in fact, I have worked on a farm all my life. I am no howler, never was, and do not want to be looked upon as one now. However, I have observed during these years that the farmers are the worst treated of any class of people on earth. And too, the farmer is the bone and spine, so to speak, of the whole civilized world. Let the farmers fail and the wheels of progress fail to revolve.

I said the farmers were the worst treated of any class of people. Why? I will try to show you: the merchant buys his goods and they are his. They belong to him. What does he do? He prices them at a profit, above cost. The manufacturer prices his product at a profit above cost; no one steps in to price their goods. The doctors price their work; the lawyers price their work—no one to step in and price it for them.

The farmers—they work, they toil, they produce the foods and material to feed and clothe the peoples of the world. Now, they make this stuff. It belongs to them; have they not a right to price it at a profit above cost? Sure they have. Do they do it? No! Well, who does? The other fellow. O, I see! Why is this?

As I see it, it is for the lack of appreciation in marketing upon the part of the man who produces. Is there a remedy?

I think there is, and right here I want to appeal to the farmers of McCulloch county to co-operate in marketing their cotton this fall. The plan: I want to suggest a plan of co-operation in marketing the plan I have had in mind for some time, is this: Let the farmers of the county organize in what I would suggest "The McCulloch County Cooperative Marketing Association," and let the county in whole, or divide up in districts or communities, as may be determined later and instead of going on the streets with a bale or two of cotton, just take it to the cotton warehouse, or the public cotton yard as may be determined later also, and get your ticket and place it in care of one of the Brady banks. Let the organization price the cotton and when there's sufficient cotton in bulk and a buyer is willing to pay the set price, let our banker turn it. Let the buyer pay in bulk to the bank and the bank pay to the owners of the cotton, wool, mohair, pecans, or any other unperishable stuff.

There are three kinds of cotton buyers. We will call them "bears." There is the little bear, and the middle sized bear, and the big bear. The little bear gets out on the streets and buys cotton all day; the middle sized bear lays up all day and at night he comes out and buys all the cotton the little bears have bought through the day and then when he gets enough in bulk, he calls up the big bear and the cotton is sold.

Now, what I want to see done is to knock out the little bear and the middle sized bear and deal with the big bear. Direct ourselves there by saving two profits. I see no reason why there should be any cost in organizing. All that is necessary is to get together and agree on a definite plan of action. We can get a man from the State Department of Agriculture any time to help any way he can to instruct and advise or help organize. The Grange, the Farmers' Alliance and the Farmers Union have all failed, or nearly so, and why? they tried to get too big and in doing so, did like the toad that tried to get as big as the ox—and too many men wanted to get rich.

Now, if this plan suits you, fellow citizens, let's hear from you through The Standard, or if you can think of a better one, let's have it. Speak up. Mr. Editor—let's hear from you!

Loss of Appetite.
As a general rule there is nothing serious about a loss of appetite, and if you skip a meal or only eat two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should always elapse between meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation as is often the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it.

Just unloaded a big shipment of Cedar Chests. We can save you money on Cedar Chests. Broad Mercantile Co.

Bevo

The all-year-round soft drink

Retailers and consumers are not required to pay any U. S. Revenue Tax on Bevo, as Anheuser-Busch pays all revenue taxes thereon direct to the Government.

ANHEUSER-BUSCH
ST. LOUIS

Now to St. Louis is invited
to inspect this mammoth institution

WITH THE CHURCHES

At the Methodist Church.
Sunday school at 9:30 a. m., conducted by B. D. Black, Supt.
Preaching at 11 a. m. and 7:30 p. m.

Epworth League at 6:30 p. m.
Subject for morning sermon, "An Unexpected Feast." Subject for evening sermon, "Gathering Up the Fragments."

All the services held in the tabernacle. Good music. Tabernacle cool and pleasant. Social spirit admirable.

A warm handshake for all strangers and a cordial greeting for all. Everybody invited. Don't fail to attend.
J. W. COWAN, Pastor.

Senior Epworth League.

Summer Complaint in Children.
There is not anything like so many deaths from this disease now as before Chamberlain's Colic and Diarrhoea Remedy came into such general use. When this remedy is given with castor oil as directed and proper care is taken as to diet, it is safe to say that fully ninety-nine out of every hundred cases recover. Mr. W. G. Campbell of Butler, Tenn., says, "I have used Chamberlain's Colic and Diarrhoea Remedy for summer complaint in children. It is far ahead of anything I have ever used for this purpose."

We have plenty of that famous Plymouth Binder Twine in stock to supply everybody. We are getting lots of compliments on this Twine. There is nothing better on the market. Give us a trial and be convinced. O. D. MANN & SONS.

We have installed one of the latest and best reborer machines, and when we reborer your cylinders and fit them with new pistons, you'll feel like you have a new car. The cost is moderate—the results are worth the cost many times over. MANN-RICKS AUTO CO.

McCormick & Deering Row Binders. Get your order in now; they may be hard to get after a while. Broad Mercantile Co.

Matter of Pronunciation.
Farmer Spuds and Mrs. Spuds were enjoying—experiencing would be a better word—their first concert.

"What be the chune the orkestry's playin' of now?" asked the farmer of his spouse.

"I dunnt," admitted Mrs. Spuds. "But I 'eard some bloke say as 'ow it were Chopin."

"Chopin!" snorted the farmer. "Chopin' he blowed! It sound a deal more like sawing!"

you put up is saved. O. D. MANN & SONS.

PROVIDING FOR AN ISSUE OF BONDS BY THE STATE FOR THE PURPOSE OF CONSTRUCTION OF HIGHWAYS.

House Joint Resolution No. 13.
A Joint Resolution proposing to amend Section 49, Article 3 of the Constitution of the State of Texas relating to the power to create debts by or on behalf of the State so as hereafter to authorize the Legislature to enact such laws as may be necessary directing the Governor of the State to issue bonds in a sum not to exceed \$75,000,000; providing for the levy of a tax to create the necessary interest and sinking fund therefor; and providing that the proceeds from the sale of such bonds shall be used in the construction of durable, hard-surfaced roads upon the public highways of the State.

Section 1. Amend said Section so as to read after its adoption as follows:

Be it resolved by the Legislature of the State of Texas:

Article 3. Section 49. No debt shall be created by or on behalf of the State, except to supply casual deficiencies of revenue, repel invasion, suppress insurrection, defend the State in war, or pay existing debt; and the debt created to supply deficiencies in the revenue shall never exceed in the aggregate at any one time, two hundred thousand dollars (\$200,000); provided however, that the Legislature may enact such legislation as may be necessary to authorize and direct the Governor to issue bonds of the State in a sum not to exceed Seventy-five million (\$75,000,000) dollars, the proceeds to be used in the construction of durable, hard-surfaced roads upon the public highways of the State; provided that such proceeds shall be apportioned to the different counties of the State according to the needs of the State Highways in such counties; and, provided further that under Legislative authority a tax not to exceed twenty cents on the one hundred dollars valuation of taxable property in the State may be levied, assessed and collected to provide the necessary interest and sinking fund therefor, and said taxes shall be in addition to the taxes authorized by Article 8, Section 9 of the Constitution.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors for members of the Legislature at an election to be held throughout the State of Texas on the first Tuesday in November, the same being the fourth day of November, A. D. 1919, and the Governor of this State is hereby directed to issue the necessary proclamation for said election and to have the same published as required by the Constitution and laws of this State. Those favoring the amendment shall have written or printed on their ballots the words "For amendment to Section 49, Article 3 of the Constitution proposing to amend Section 49, of Article 3, relating to the power to create debts by or on behalf of the State, so as hereafter to authorize the Legislature to enact a law directing the issuance of bonds by the Governor of the State in a sum not to exceed Seventy-five Million (\$75,000,000) dollars, the proceeds of said bonds to be used in the construction of durable, hard-surfaced roads upon public highways of the State; and providing for the levy of a tax not to exceed 20 cents on the one Hundred Dollars valuation, on taxable property in the State." Those opposing the amendment shall have written or printed on their ballots the words "Against the amendment to Section 49, Article 3, of the Constitution proposing to amend Section 49 of Article 3 relating to the power to create debts by or on behalf of the State, so as hereafter to authorize the Legislature to enact a law directing the issuance of bonds by the Governor of the State in a sum not to exceed Seventy-five Million (\$75,000,000) dollars, the proceeds of said bonds to be used in the construction of durable,

hard-surfaced roads upon public highways of the State, and providing for the levy of a tax, not to exceed 20 cents on the One Hundred Dollars valuation, on taxable property in the State."

Sec. 3. The sum of Five thousand dollars (\$5,000) or so much thereof as may be necessary, is hereby appropriated out of any funds in the State treasury not otherwise appropriated to defray the expenses of such proclamation publication and election.

Sec. 4. The fact that the Legislature is restricted by the provisions of Section 49, Article 3 of the State Constitution from enacting needed Highway Legislation creates an emergency and an imperative public necessity exists, demanding the suspension of the rule requiring bills to be read upon three several days, and such rule is hereby suspended.

GEORGE F. HOWARD,
(Attest—A True Copy).

ROW BINDERS.

We will have a few Row Binders. See us at once. O. D. MANN & SONS.

Piles Cured in 6 to 14 Days
Druggists refund money if PAZO OINTMENT fails to cure Itching, Blind, Bleeding or Protruding Piles. Instantly relieves Itching Piles, and you can get restful sleep after the first application. Price 6c.

We have one second-hand Deering and one second-hand Milwaukee Binder for sale cheap. Both in good running order. Also 3 new Moline Binders. O. D. MANN & SONS.

Don't forget it will soon be time to think of Disc Plows. We have the John Deere and Newell Sanders. Broad Mercantile Co.

For the best Ice Service phone your orders early to Mann Bros. Ice Co., phone 125.

It Seems That Way.

"What was the first thing American troops did when they reached a new station in occupied Germany?"

"That's easy to answer," said an exchange editor. "They looked around for a German printing office and started a newspaper."—Birmingham Age-Herald.

New Rag Rugs. All sizes and colors. O. D. Mann & Sons.

Don't forget we can save you money on Wagons. Broad Mercantile Co.

For good Ice Service, phone your orders early to 125. MANN BROS. ICE CO.

Mistaken.

"Why did you call your mother when I tried to kiss you?" "I—I—I didn't think she was in the house."

Plenty of Fruit Jars, all styles and sizes. O. D. MANN & SONS.

We have wagons in both the Broad and Narrow Tire. Broad Mercantile Co.

JUST RECEIVED.

A carload of Cleveland Tractors. On display at my show room. Get them to do your plowing! F. R. WULFF.

Like the Stubborn Juror.
"While there is, of course, always room for an honest difference of opinion," admitted J. Fuller Gloom. "I cannot understand how the man who holds an opinion different from mine can possibly be honest in it, so I do not care to hear what he has to say."—Pittsburg Chronicle-Telegraph.
