BRADY SCHOOLS OPEN WITH RECORD INITIAL ATTENDANCE

SMITH & JERGENS CREW ARRIVES TO RESUME WORK

J. D. Vance of Tulsa, Okla., and F. E. Higginbotham of Hammond, Ind., arrived here yesterday enroute to Duror, where they are rigging up and getting matters in readiness to resume operations on the Smith & Jergens well on Survey No. 42. Mr. Vance will have charge of drilling operations, while Dave Kinsey will superintend the company's development activities both here and at Desdemona, where they recently brought in a big gusher. The new crew will rig up at once to remove 250 ft. of casing from the bottom of the hole, and hope soon to have drilling again in progress.

The Texas Eastern Oil Co. is operating steadily on Survey 302, two miles northwest of Rochelle, and is reported over 2200 ft.

The C. S. Thomas well at Salt Gap, Survey No. 1351, is continuing its underreaming, and at Whiteland, Survey 1237, is again drilling.

The Texas Oil & Refining Co. well on J. H. Gibson Survey No. 1 is shut down temporarily at about 730 ft. waiting on a shoe.

The Cochran & Stewart test on the Brandenburger ranch in Mason county is setting 10 1/2 inch casing at 1250 ft.

The Prairie Oil & Gas Co. contemplated shooting their new shallow well yesterday, but the plan has been delayed, and the company may use the oil as it is. The hole stands 200 ft. in oil, with but a fraction of a percent of water, and the well is estimated as being good for at least ten barrels. It is of a dark green color, and is exactly the same oil as is found in the Lohn shallow field.

The Tucker Oil Co. is cleaning out two of its shallow wells and will put them on the pump.

Still have a few cases glass top fruit jars left. BROAD MERCANTILE CO.

MR. AND MRS. BURL T. WILEY AGAIN BRADY CITIZENS—GLAD THEY'RE BACK

Mr. and Mrs. Burl T. Wiley are again numbered as Brady citizens, Mr. Wiley having returned here Tuesday to prepare for their homecoming to the best town in Central West Texas. For the past year the Wileys have been making their home in Waco, where Mr. Wiley was engaged as salesman with the Studebaker agency at that place. However, he retained his interest in the firm of Simpson & Co., always with the idea of returning here to again make his home—and this year looks to him like the most propitious time for such a move.

Mr. Wiley says he is feeling fine and is ready to go. He will have charge of the sale of the Studebaker and Chevrolet automobiles, and will assist in looking after the garage work.

Mr. and Mrs. Wiley will occupy the former Top Jones place in the south part of town, and their many friends extend them hearty welcome back home.

JUST ARRIVED!

Our last consignment of the season of Herrick Refrigerators. Give us a chance to demonstrate the Herrick to you. We can show you why you should buy a Herrick, if you are in the market for a Refrigerator.

J. E. WILEY PURCHASES TOP JONES RESIDENCE IN SOUTH PART OF BRADY

J. E. Wiley believes in Brady resident property as a profitable investment and in addition to his own home in the south part of the city, is now owner of the Top Jones place, a block farther west, having closed the purchase of the property the first of the week. The residence contains five rooms, is well built and nicely located on a large lot and in a desirable neighborhood. Mr. and Mrs. Burl Wiley will occupy the place.

BRADY SCHOOLS OPEN WITH RECORD ATTENDANCE—FACULTY COMPLETE

INITIAL ENROLLMENT GREATER THAN MAXIMUM ATTENDANCE LAST YEAR—MANY PUPILS ATTRACTED TO BRADY BY EXCELLENCE OF ITS SCHOOL.

The Brady schools opened Monday with an initial enrollment greater than the maximum attendance during the entire 1918-19 semester. The enrollment at Central school was approximately 290, with 110 high school pupils enrolled. The local school board was exceptionally fortunate in being able to open the school year with a full faculty, and every station from superintendent to janitor was filled, although the last member of the faculty was secured only last Friday.

Superintendent W. L. Hughes, who spent the summer months taking a special course in agriculture at A. & M. college, expects to put his studies to good account, and the studies of agriculture and animal husbandry will be greatly enlarged and will be given the prominence on the high school curriculum, which their importance calls for. Judging of live stock will be one of the practical tests made by pupils taking up this branch of work.

Composing the high school faculty this year are the following: W. L. Hughes, superintendent; Mrs. W. B.

COMMISSIONERS DOING GOOD WORK ON ROADS IN VARIOUS PRECINCTS

County Commissioner Bob Burns reported his new road outfit as doing good work in his precinct, and meeting his greatest expectations. The road from Voca to the county line is now in fine shape, and work is now in progress on the Brady-Mason road. Mr. Burns says that on ordinary road, from one-fourth to one-half mile of road can be graded up in first-class condition daily.

County Commissioner J. M. Carroll is also doing excellent work on the roads in his district, and is rapidly getting them all in first-class shape for the fall marketing; likewise Commissioner W. M. Bryson has been doing good work on the roads in his precinct. Commissioner H. E. McBride has had his roads in good shape all along, and, needless to say, is keeping close watch to keep them up to the standard.

The heavy rains of the summer season played havoc with the roads, even the hardest of roadbeds being softened to where the automobile and heavy trucks cut them up fearfully. As fast as they were dragged another rain would put them back in bad condition, and when the weather finally cleared up and turned off dry, the roads were so rough and rutted that scrapers and plows were required to get them in shape. Incidentally the weeds along the roads made the task doubly difficult and the scarcity of labor added to the problems of the commissioners. The excellent work obtained entitled each commissioner to commendation and praise.

HOGS FOR SALE. Have car of good hogs for sale at wagon yard on Bridge street. D. C. POLK.

You can haul one bale of seed cotton in the ton size Matco Trailer behind any car. Get one at F. R. WULFF'S.

TWO GREAT FEATURES AT LYRIC—ANITA STEWART AND MARY PICKFORD

Julius Levy announces having secured two of the greatest features among the late film productions—Anita Stewart in "Mary Reagan," and Mary Pickford in "Daddy Long Legs." These two pictures have had phenomenal runs in the cities and are universally declared two of the most popular films produced in recent times. The first will be shown on Saturday night, September 20th, and the second on Saturday night, September 27th. As there will be two shows on each of these occasions, an opportunity will be given everyone to see both of these great features. While seats to these pictures sold as high as \$1.00 and \$1.50 in the cities, Mr. Levy's regular admission price of 25c will be charged.

DANGER OF INFLUENZA EPIDEMIC IN FALL WARNING

Austin, Tex., Sept. 9.—State Health Officer C. W. Gooddard today issued warning that a renewal of the influenza epidemic of last winter is expected to come this year.

He points out that history shows that each initial outbreak of the disease has re-occurred each winter for several following years.

"I cannot predict with certainty that we will have another epidemic of influenza in the past will not hold influenza, but can with certainty say that if we do not the history of epidemic of influenza in the past will not hold good in the future," he continued.

As a means of lessening the severity of the expected epidemic, Dr. Gooddard is urging every city and town to inaugurate clean up campaigns and to direct the attention of their civic organizations to betterment of health conditions.

Coots-Eastep.

Mr. Ira Coots and Miss Julia Eastep were united in marriage Saturday, September 6th, at the court house by N. G. Lyle, Justice of the Peace.

Miss Eastep is the daughter of Mr. and Mrs. George Eastep of Locker, and is a charming young lady with a large circle of friends. Mr. Coots is the son of Mr. and Mrs. Chas. Coots, is a McCulloch county product, and has been making his home in the Rochelle community, for which point the newly-weds left Sunday night to make their home.

The best wishes of all their friends are extended.

Save money by ordering your coal early from Macy & Co. We sell that good McAlester Coal.

CLAUD LEDBETTER BUYS MATTHEWS RESIDENCE ON CROTHERS AVE. FOR HOME

Add Mr. and Mrs. Claud Ledbetter, formerly of Pasche, to the list of Brady home owners and permanent citizens. Mr. and Mrs. Ledbetter moved here last Saturday, occupying the John Matthews home on Crothers avenue on the North side, which they recently purchased. The Matthews home was completely remodeled and rebuilt a couple years ago, and is one of the most desirable and splendidly located homes in the city. A cordial welcome to citizenship is extended Mr. and Mrs. Ledbetter.

Wood and Coal are both high and hard to get. Let us sell you a new Oil Cook Stove and end your trouble. O. D. MANN & SONS.

COMMISSIONERS' COURT APPROVES CO. TAX ROLLS

The county commissioners met in regular monthly session this week, and among other business transacted, examined and approved Tax Assessor H. R. Hodges' tax rolls for 1919. The assessed valuation of real and personal property in McCulloch county, as shown by the rolls, totaled \$8,797,451.00. Mr. Hodges was complimented upon the excellence of his work, his rolls showing a discrepancy of only 82c, although the state officials approve rolls showing as much as \$10 error.

The court ordered the employment of Miss Lottie E. Scott as Home Demonstration agent for McCulloch county, her work to begin on September 1, 1919, and extend to July 1, 1920.

The court accepted the resignation of J. C. Penn as Tiek Inspector, effective September 24th, and appointed Leslie Sansom in his stead, the latter's term of office dating from September 24th.

You can haul one bale of seed cotton in the ton size Matco Trailer behind any car. Get one at F. R. WULFF'S.

We have added a fine line of Traveling Bags and Suit Cases to our stock. We have some good ones. Come in and look them over before you take that trip. O. D. MANN & SONS.

CHINESE PRAIRIE DOGS WOULD LOWER COST OF DRILLING

Eastland, Sept. 6.—Sometime ago several oil men were conducting an open air meeting on one of the street corners here and the high cost of drilling a well was being discussed. The meeting was declared open to suggestions for ways and means to lower this cost that has caused many to "go broke."

Suggestions were conspicuous by their absence, until some wag spoke up. "Why not pool some money and send some good man over to China, get some Chinese prairie dogs, bring them over here. They say that they have a homing pigeon skinned to death on wanting to get home. Get a geologist to make a location and let the prairie dogs dig for oil?"

Someone inquired, "But wouldn't you soon lose all of your dogs?" "Oh no, as soon as they struck oil the gas pressure would blow them up again and they could be used to dig other wells."

A bystander remarked that it would be a mean trick to play on the prairie dogs.

METHODISTS TO BEGIN MEETING NEXT SUNDAY

The meeting announced for the Methodist church will begin next Sunday. The singing will be Cowan in charge. The singing will be led by the Rev. I. E. Wood of Mason, a very fine gospel singer, and who has had considerable experience in revival and gospel work. Rev. Wood is a man of very fine personality and deep spirituality. All singers of Brady are invited to join in the forming of a grand choir, and all citizens of Brady, and of the neighboring communities are invited to the meetings, to assist in their success, and to receive benefit therefrom.

Rev. Cowan has waited all summer for an auspicious time for the holding of the meeting, and he believes now is the appointed time, and is looking forward to the great success of the undertaking.

Plenty of Glass Top Fruit Jars in Pints, Quarts and Half-Gallons. This is the easiest and safest Jar to use. Ask your county demonstrator. O. D. MANN & SONS.

IT'S NOT YOUR HEART IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ill-afflicted people today can be traced back to kidney trouble.

The kidneys are the most important organs of the body. They are the filters, the purifiers, of your blood.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals to warn you that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules immediately.

The soothing, healing oil stimulates the kidneys, relieves inflammations and destroys the germs which have caused it. Do not wait until tomorrow. Go to your druggist today and insist on GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you should feel health and vigor returning and will bless the day you first heard of GOLD MEDAL Haarlem Oil.

After you feel that you have cured yourself, continue to take one or two capsules each day, so as to keep in first-class condition and ward off the danger of other attacks.

Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.

COUNTY CORRESPONDENCE

VOCA VOICES.

Popular Couple Wed—Jim Stiles Discards Crutches.

Voca, Texas, Aug. 5.
Editor Brady Standard:
Farmers are taking advantage of this dry time to gather corn. The corn yield is heavy in Voca this year. We invite the editor to come down and eat pork this fall.

Trace Beckham and Miss Jewel Shafer, a popular young couple of this community, were quietly married Sunday, 31st of August. They went out to the Baptist parsonage and Rev. C. C. Mayo performed the ceremony. We have not heard, but think they will continue to live at Voca. We wish for them a long prosperous married life.

Ruf Deans is visiting his brother at Hico, Texas.

Miss Ada Hill, who was to be one of the faculty in the Montgomery school next year sent in her resignation last week. The trustees have not, as far as we've heard, found a teacher to take her place. Miss Hill's home is in Oklahoma.

Four of the young lady teachers have engaged rooms at Mrs. Maurice Shafers', where they will do light housekeeping during the school term.

Baptist services were held at the Plank house Monday and Tuesday nights.

Leslie Word is in Brady receiving medical care. He is suffering from typhoid and pneumonia. He is some better this week.

Jim Stiles who got his foot broken some time the early part of July has at last got able to discard his crutches. We're glad to see him able to be up and around.

Mrs. C. C. Mayo is visiting her mother in Oklahoma for a few weeks.

Eugene Banta and family from Douglas, Ariz., are visiting relatives here and will likely make their home in Voca.

B. D. Black, our county farm demonstrator and our home demonstrator, Miss Lottie E. Scott, accompanied by the county demonstrator and the home demonstrator from Bell county gave a demonstration at the Montgomery school Thursday. The good people who came brought a bountiful dinner which they spread in the auditorium upstairs. It was enjoyed very much. They hope to organize a pig club and a canning club at their next meeting. We will have a meeting hereafter once a month.

Mrs. A. C. Stewart from Los Angeles, Calif., who has been visiting her parents, Mr. and Mrs. L. Passmore, went to Eastland this week to visit J. T. Stewart and family a week.

Miss Vera Koger visited in Eden a few days this week.

Miss Lora Miller, one of our 1919 graduates, has secured a certificate and will teach at Fife the coming term. We hope she will have perfect success in her work.

Mrs. Dan Lee visited her daughter in Pontotoc a few days this week.

Tom Allen is building a small residence in Voca.

Mrs. Tom Spiller has been quite ill but is improving now.

Basil Armor was seen in Voca last Saturday.

"TOLA."

COW GAP MOOINGS.

Thrashing Maize and Feterita—Former Citizens Returning.

Brady, Texas, Sept. 9.
Editor Brady Standard:

Guess I had better send in some news before someone thinks Cow Gap is wiped off the map. We are still here but awfully busy. The thrasher is in our midst again thrashing maize and feterita. Messrs. Winstead, Roberts, McShan and Newton have already thrashed and several more are going to. It is turning out from 40 to 50 bushels per acre.

Ferris Woodard, wife and baby who have been visiting at B. D. Dillard's the past month moved to Brady last week. Miss Olive Dillard accompanied them to attend school.

F. B. McShan and wife, and Ace McShan visited at Newt McShan's several days last week.

Dutch Farris came in from Sherman last week. His father and the rest of the family are to follow soon. They moved from here two or three years ago and have tried Arkansas and several other places and have decided there is no place like McCulloch county.

Mr. McCoy has traded for him a car.

F. Gressett and family visited at N. C. McShan's Saturday and Sunday.

Miss Helen Newton visited Miss Anna Lohn Monday afternoon.

Cotton picking time will soon be with us. Some will begin picking Monday. The ladies are busy this week making cotton sacks and wagon sheets.

Most everyone has sowed a turnip patch.

"SEED TICK"

Chamberlain's Colic and Diarrhoea Remedy in Michigan.

Mrs. A. H. Hall, Caseville, Mich., says, "I wish to thank you for your grand good medicine, Chamberlain's Colic and Diarrhoea Remedy. We are never without it in the house, and I as sure it saved our baby's life this summer."

Mrs. Mary Carrington, Caseville, Mich., says, "I have used Chamberlain's Colic and Diarrhoea Remedy for years and it has always given prompt relief."

SYRUP CANS.
Don't forget that we have a good stock of 10-lb. Syrup Cans. Also Wood Barrels from 5 to 55 gallons. O. D. MANN & SONS.

KILL THE BLUE BUGS
By Feeding Martin's Wonderful Blue Bug Killer. Your Money back if you want it. Trigg Drug Co.

Let us have your coal orders early, and be sure of your Winter's supply. Phone 295. Macy & Co.

YOUR SHOES!
We do first-class Boot and Shoe Repairing. A trial convinces. EVERS-KNOX SHOE REPAIR SHOP.

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It stimulates and regulates. Very Pleasant to Take. 60c per bottle.

We are here to serve you. Write or wire us your wants. McCulloch County Oil-Lease Exchange.

Figure with us on a Pathe Phonograph. You will like this line. No needles to change; plays all makes of records. We have the McCulloch County contract on Pathe machines. Broad Mercantile Co.

You can haul one bale of seed cotton in the ton size Matco Trailer behind any car. Get one at F. R. WULFF'S.

PLACID PICKUPS.

Hot Days Cause Cotton to Open Very Fast.
Placid, Texas, Sept. 8.

Editor Brady Standard:

The Nazarene meeting which was conducted by Bro. Tyler and Bro. McArroy for the past two weeks closed Sunday night. There were 14 conversions and four baptized Sunday evening.

Mrs. W. W. Tinsley and children from Fort Worth came in Sunday to visit E. E. Corothers, her father, and help him pick cotton.

Joe Vick has quit work and riding around in his new wagon, that he has just bought.

Elva Shafer is on the sick list this week.

Bro. Cooper of Brownwood preached at the Baptist church Sunday.

The people are very busy getting their corn and feed stuffs put away, so they can begin picking cotton next week. These hot days are causing it to open very fast.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

MT. TABOR TATTLE.

Fredonia, Texas, Sept. 8.

Editor Brady Standard:

We haven't much news of interest to write this time, but it seems like all the correspondents are delaying too much now. We hope to see more letters, for most everyone looks forward to the letter from some place or other.

The farmers are very busy now gathering their feed in. All seem well pleased with their portion.

Health is exceedingly good in this part of the county.

Mr. and Mrs. E. M. Bratton and children visited at Pontotoc Sunday. They were the guests of Mrs. Bratton's grandmother, who is 95 years of age.

Mrs. Chas. Simpson of Llano is visiting at R. M. McMellons' at present.

Mr. and Mrs. John King and Mr. and Mrs. O. H. Leach visited at M. C. Hill's Sunday afternoon.

Quite a crowd of neighbors gathered at the C. H. Williams home Sunday and spent a most enjoyable day.

Mr. and Mrs. Tom Horn and family attended church at Pontotoc Sunday.

Mrs. Randolph and two children of Cherokee spent the week-end at the A. G. Miller home.

Mr. and Mrs. Dick McMellon visited at J. S. Wilson's Sunday.

Will Burnes of Eastland county visited with his brother, Bob, here last week.

A Tractor That Does More Than Plow

Cletrac
TANK-TYPE TRACTOR

Plowing is only the beginning of what a tractor should be able to do.

It should also be able to do everything else in the preparation of the seed bed—the discing and harrowing, the planting. And it should do these things in a way that it will not injure the coming crop.

After the ground is broken, The Cleveland Tractor goes over it with the disc and the harrow, then goes over it with the seeder.

The Cleveland rides on top of the seed bed; but it does not sink into it and it does not pack the soil.

The Cleveland goes over soft ground because it travels on its own endless track which it picks up and lays down as it goes along.

These tracks have about 600 square inches of traction surface, so the pressure on the ground is only about five pounds to the square inch—therefore there is not enough weight at any one point to inflict damage.

We repeat, The Cleveland Tractor rides on top of the seed bed. It does not sink into it; therefore it does not have to wade or wallow through it. And because it does not sink in, it does not have to push the dirt in front of it and pack it down in order to navigate.

And because it is not obliged to push the earth from in front of it and pack it down, the greatest possible amount of The Cleveland's power is available for accomplishing the work it has to do.

Just Received Full Car Load—On Display at My Show Room.

FIFE FINDINGS.

A. H. Duderstadt to Operate Gin — Tennessee Visitor.

Fife, Texas, Sept. 9.

Editor Brady Standard:

Cotton in this community is opening up fast and in ten days most farmers will be picking.

Rev. Wilson of Rochelle, Methodist, is holding a protracted meeting here this week.

Dock Wyres was a business visitor in Brady Monday.

E. B. Kennedy and sister, Mrs. M. C. Graham of Fayetteville, Tenn., were visitors here from Waldrip Saturday. Mr. Kennedy had not seen his sister since he left Tennessee 25 years ago, and of course, is enjoying her visit.

A. H. Duderstadt is busy this week putting the gin in shape to gin our cotton crop. He will be ready to run in about 10 days.

Waste Baskets. The Brady Standard.

THE TEST THAT TELLS.

Is The Test Of Time. Many Brady People Have Made This Test.

Years ago this Brady citizen told in a public statement, the benefit derived from Doan's Kidney Pills. The statement is now confirmed—the testimony complete. Instances like this are numerous. They doubly prove the merit of Doan's Kidney Pills. Can any Brady reader demand more convincing proof? It's Brady testimony—it may be investigated.

W. F. Bodenhamer, says: "Some years ago my back began to ache and often I got right down with it. My feet and ankles became swollen and my kidneys did not act as they should. These troubles came on in spells and every time I would use Doan's Kidney Pills they would relieve me. I always have Doan's Kidney Pills in the house." (Statement given April 29, 1915.)

On May 16, 1919, Mr. Bodenhamer said: "I still can recommend Doan's Kidney Pills as highly as I did when I gave my former statement. They are a splendid kidney remedy. Occasionally I take a few doses and derive the same good benefit."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bodenhamer had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

PEAR VALLEY WHISPERS.

Methodist Meeting to Begin Saturday Night—Everyone Invited.

Pear Valley, Texas, Sept. 8.

Editor Brady Standard:

After being absent for three weeks will try to send in a few items this week.

Bro. Ferguson filled his regular appointment here Sunday and Sunday night.

Miss Maudie Belle Reed of Llano is visiting her grandparents, Mr. and Mrs. J. Reed and other relatives here.

Guy Gentson of Brady was a welcomed visitor in the Valley Saturday night and Sunday.

The chicken fry at Mr. Houston Lane's Saturday night was enjoyed by a large crowd.

The Methodist meeting begins next Saturday night. Everybody is invited to come and help in this meeting.

There were several car loads of people went from here to Cow Creek Sunday, where they attended the Apostolic meeting.

Miss Esther Reed left last Friday for Del Rio.

J. F. Weldon made a trip to Milburn Sunday.

Mr. Hines and daughter, Miss Ethel are here visiting Mrs. J. C. Reed.

Willie Spraggins is the proud owner of a new rubber-tire trap buggy.

Miss Lila Wright is visiting her sister at DeLeon this week.

As news is scarce, will bid you all adieu.

U. S. GOVERNMENT WILL SEND ENVOYS TO COTTON PALACE

Waco.—The combined exhibits of several United States government departments, which will be on display at the Texas Cotton Palace exposition at Waco October 25 to November 9, will be a victory show. They will display many of the tools used by the Army and Navy in the war, and a large number of trophies captured on French battlefields by our soldiers. Then they will demonstrate the methods of better farming by which American farmers produce the enormous crops that weighed powerfully against the Germans, and by which farmers now are shattering all past production records. Other phases of government work also will be dealt with in the exhibits.

The departments co-operating in the exhibits are Agriculture, War, Navy, Commerce, Treasury, Interior and Labor. The administrative work is handled by the Joint Committee on Government Exhibits, the chairman of which is Prof. F. Lamson Scribner, of the Department of Agriculture. The exhibits, made up in five sets, each practically a duplicate of the others, will be shown during the fair season on five circuits made up of the larger fairs and expositions. Each exhibit requires approximately 3,000 square feet for its proper installation.

Better Farming Shown

The exhibit material from the Department of Agriculture will include photographs, enlarged pictures, charts and diagrams, all of which will be installed upon specially constructed panels, miscellaneous samples and objects of various kinds installed in cabinets; and models illustrating various activities of the department, placed on tables. Three types of installation will be used throughout the agricultural display, giving it a new and entirely distinct appearance.

Among the topics to be treated in the agricultural display are forest fire prevention, recreation in the National Forests, woodland improvement, good and bad methods of lumbering, windbreaks, destructive insects and how to fight them, production of corn and other cereals, forage crops, fruit growing, prevention of plant dust explosions, farm treatment of hides, enforcement of the Food and Drugs Act, destruction of adulterated foods and flour substitutes.

Trophies From Battlefields.
War trophies from the battlefields of France, to be in the War Department exhibits, include a large number of German military articles, of which the following are typical:

Light and heavy machine guns, anti-tank guns, grenadenwerfers, trench mortars, hand grenades, spiked helmets, trench periscopes, smoke pots, gas alarm devices, field telephones and switchboards, shells, cartridges, rifles, sabers and personal equipment.

The War Department also will exhibit American field guns, aircraft guns, trench helmets, sawed-off shotguns, complete sets of infantry equipment, aircraft bombs, figures clothed in various army uniforms, rank and service insignia, national and regimental colors, wireless telephone apparatus, enlarged photographs taken from airplanes in France, live carrier pigeons in cages, enlarged photographs of engineer work in France, and various other equipment of the Engineer Corps, Air Service, Medical Department and other branches of the Army Corps.

Sea-Fighters Shown.

Included in the Navy Department exhibits will be complete exhibition models of fighting ships of the Navy, with smaller models showing the application of camouflage. Other Navy display will be torpedoes and torpedo trucks, machine guns, rifles, pistols, Y-guns for launching depth charges, projectiles of various sizes, winter and submarine uniforms, radio telephones, photographs showing the big naval batteries operating on land in France, and other naval equipment.

The Department of Commerce will exhibit lanterns, sirens and other equipment used by its lighthouse service, leather made from fish skins, manufacture of pearl buttons, and fish breeding.

MISSIONS NEEDED ALSO IN HOMELAND

SECRETARY GRAY OF HOME BOARD SETS OUT SITUATION CONFRONTING SOUTHERN BAPTISTS THERE.

\$12,000,000 IS GOAL SOUGHT

This Sum Will Be Laid Aside From Baptist 75 Million Campaign For Work Among Negroes, Foreigners and Other Projects.

While \$20,000,000 of the \$75,000,000 to be raised in cash and five-year pledges by the Southern Baptists between now and December 7th will go to foreign missions, \$12,000,000 will be devoted to missions at home, it has been officially announced. Home missions is regarded by the Baptists as quite as essential as foreign missions, the larger sum being set aside for the latter cause by reason of the larger field to be covered—practically the entire world.

DR. B. D. GRAY, Of Atlanta, Ga., Secretary of Home Missions for the Southern Baptist Convention.

"Twelve million dollars is a large figure when compared with what we have been doing heretofore," Dr. B. D. Gray, corresponding secretary of the Home Mission Board at Atlanta, declares, "but it is very reasonable in comparison with our ability and small in comparison with the needs of the Home Mission fields."

Setting forth the particular obligation which confronts America since the war has transferred the center of education from Europe to this country, Dr. Gray says: "This brings a new day of opportunity and responsibility to our people. Our schools and colleges must be strengthened and endowed. They must be made thoroughly Christian in fact as well as in theory. In this way we are to counteract the vicious ideals of Germany and her allies in the world war. Our youth must be trained on proper lines as to religion and ethics. This can be done best in our denominational schools."

Some of the educational institutions fostered by the Home Mission Board are the forty mountain schools, serving 3,000,000 residents of the South living in mountainous territory where public high schools are lacking. Fully \$10,000,000 could be used to advantage in strengthening the equipment and teaching force of these schools, it is estimated, so great is the need.

Another demand of the home field is the 4,000 church organizations in the South which need assistance in the erection of suitable houses of worship, while more pressing still is the problem created by the presence in the South of 19,000,000 negroes. Speaking of the negro problem, Dr. Gray says: "They are of more vital concern to us than any hundred millions of people anywhere else in the world. Socially, politically, economically and religiously they constitute our greatest task and we neglect them at our own peril as well as their infinite loss. Racial relations are tense and the situation calls upon Southern Baptists for a worthy program. In behalf of the religious uplift of our brothers in black. We must lead them in sane missionary and evangelistic work and likewise in the development of their religious life on sane and helpful lines. We need a large company of the best, wisest and strongest negro evangelists and teachers who shall help us to lift up their race and make them worthy and worth while as Christian citizens."

That work among the foreigners in the homeland offers the best and most economical opportunity for missionary labors among them anywhere, is the declaration of the Home Mission leaders. These foreigners are in the fields, mines and factories and are a vital part of our civilization. This work among the foreigners not only gives them the Christian religion, but makes them more contented and better American citizens, it is pointed out.

Great hopes for the future of the churches in the South are held out in the enlarged program of evangelism and enlistment which the Baptist 75 Million Campaign will make possible. The Home Board hopes to win from 200,000 to 500,000 people in the South who are not Christians during the period of the campaign.

RED POLL CATTLE BIDDING HIGH AT COTTON PALACE

Waco.—Red Poll cattle have their necks bowed for a big show in their class at the 1919 Cotton Palace exposition.

Impetus to this section of the exposition's stock judging has just been given by H. A. Martin of the Red Poll Cattle Club of America, being a donation of \$100 to the Cotton Palace prize list for this breed. Mr. Martin has just written Secretary Mayfield from Gotham, Wisconsin, answering his offer. He may attend in person when the Cotton Palace opens October 25. Mr. Martin is recognized as one of the leading stock experts of the world.

J. W. Mann of Robertson again this year contributes \$100 to the Cotton Palace Red Poll Premiums. Red Poll cattle prize list at this year's exposition will total \$860.

50 TIMES WINNER HE NOW SIGNS UP FOR COTTON PALACE

Waco.—Floyd Willard, who tucked away first money in fifty races with his fleet little Monroe racing creation in 1918, and who for the past four years has been recognized as the light car king of the world, is the latest entrant in the championship automobile races, which will be one of the features at the Texas Cotton Palace, Oct. 26 to Nov. 9. Willard is well known in Waco and vicinity, as he has raced through this country for several years, and his reputation for feeling off fast miles is a known fact among the auto race enthusiasts.

Willard will start his Monroe car in the Cotton Palace races, and this is the same machine he plans to enter in the 500-mile race at Indianapolis in 1920, as the Indianapolis Speedway association has decided to limit the piston inch displacement to cars of less than 183 inches in 1920. Willard's car is but 156 and he is of the opinion he will finish in the big money. At the present time Willard has an edge on all drivers of small cars, and as he is an expert on matters pertaining to motors, he will no doubt hold this advantage for some time.

In the Cotton Palace races Willard will encounter plenty of opposition, as such stars of the gasoline world as Fred Horey, Sig. Huggdahl, Leon Duray and Bob Cline are among the entrants. Horey today holds 12 official records, while Huggdahl has in his possession an even half dozen. Duray victories have mostly been on foreign courses, but during the two years he has been racing in America he has registered wins on tracks in every section of the United States. Cline is also a great driver, and with the other pilots the battle for the \$5,000 prize money is certain to be rough and tough.

Leon Duray, said by motor race critics to be one of the greatest French drivers to ever emigrate to the shores of America, and who in the past two years has been a thorn in the crown of Fred Horey, dirt track champion, will make his first start in the southwest in the automobile races at the Texas Cotton Palace. Duray will bring with him to Waco a foreign car of high horsepower, which he states is as fast as anything on this side of the ocean.

Duray has been a prominent figure on the dirt tracks of the United States since the middle of 1917. Last year he campaigned through Canada and the east with a Case car, but this winter he received from France a giant car, which he rebuilt along dirt track lines. With this car he flashed into first money at Nashville, Atlanta, Erie, Detroit and other southern and eastern racing centers.

Duray planned to drive this foreign car in the Indianapolis races, but discovered that the piston inch displacement was too large for the limit allowed by the management of the speedway, and so he continued on the dirt tracks. At Detroit he carried away \$5000 as first prize in the 100-mile race, and at Jackson, Mich., three days later, he captured another \$2500 to add to his bank roll.

"Built Like a Skyscraper"
SHAW-WALKER

This sectional cabinet is a conspicuous example of Shaw-Walker skyscraper construction.

SHAW-WALKER Steel Letter Files

SKYSCRAPERS in miniature, having girders, cross-pieces, sills, etc., of channel steel, interlocking and bracing each other against strain.

In addition, it is solid one-piece steel—made so by electric spot-welding. No nuts—no bolts—no rivets—no rods—no screws.

Drawers non-rebounding—stay closed without superfluous mechanism. Will run silent, smooth and speedy 100 years without repair or attention.

Highest awards San Francisco and San Diego Expositions. You will understand why when you examine a Shaw-Walker File beside your old equipment. You will also understand our guarantee: Money back if it isn't the best file you ever owned.

Phone us to send you a Shaw-Walker File today.

Your Office Needs
LET US FILL YOUR ORDER

SHAW-WALKER "Built Like a Skyscraper"

STEEL LETTER FILE

A miniature skyscraper in principle and construction. Girders, cross-pieces, sills—all of channel steel, electrically welded into one solid unit. No nuts—bolts—rivets—rods—screws.

Drawers open at a touch when heavily loaded. Run smoothly and silently for a hundred years. Will not rebound, even when banged shut.

Try a Shaw-Walker in your office alongside your present files. Then you'll know why we say "Your money back if you ever used a better file."

Phone us now to send one.

WOOD FILES

Shaw-Walker also manufactures a complete line of filing cabinets in wood as well as supplies for all files.

"Our Young Man Will Deliver the Goods"

NORTH BRADY NEWS.

Interesting Report — Several New Citizens Coming to Communities.

Brady, Texas, Sept. 9.

Editor Brady Standard:

Well, business is still rushing in our midst. Some farmers have not got their grain threshed yet, and seems very much damaged as a result, especially wheat.

Cotton picking will soon be with us again, but it seems as though we are not going to get so very much for our cotton.

J. B. Cottrell has gone into the chicken business and has about 70 young chicks.

Mrs. Naoma Huffman visited her brother, Jesse Burk and wife Sunday afternoon.

Mr. and Mrs. Roe Stearns' baby is reported ill. We hope it isn't seriously ill and will soon recover.

Health is good in our community at present.

W. G. Suggs and family have returned after several months' absence and are living on the J. B. Cottrell place.

Mr. and Mrs. F. Gressett and children visited N. C. McShan and family over Saturday night.

Little Miss Margaret Nelson, who lives in Austin returned home Friday evening to again attend school there.

A. J. Johnson has been threshing his grain on the H. T. Knappe place in East Sweden the past week.

G. C. Kennedy of Thorndale, was here Sunday on business.

Misses Pearl Williamson and Viola Pennington and Messrs. D. Holmes and Clarence Terry were callers at Mr. and Mrs. Jesse Burke's Sunday afternoon.

C. P. Eklund and wife visited Mr. and Mrs. A. J. Johnson Sunday.

J. M. Johnson cut feed Mr. Newt Williamson last Friday and Saturday.

Mrs. C. P. Eklund called on Mrs. Agnes Gressett Monday.

Mr. and Mrs. Jim Cottrell went to Claxton last Wednesday to visit T.

Gressett and family, returning Thursday afternoon.

The four older children of J. M. Johnson's started to school Monday. The other children of this district should be taking the advantage of the time, while there isn't anything for the children to do, as there will be later on.

We understand Ben Mayo of Voca is again going to live in our midst another year.

Mrs. Ella Bell visited Mrs. Joe Ranne Sunday afternoon.

Little Misses Fay and Grace Bell and Corrine Gressett visited Pearl and Sue Ellen Johnson Sunday afternoon.

It seems to be rather hard to save the maize crop this season.

McCULLOCH COUNTY SENDS EXHIBIT TO THE DALLAS FAIR

The county agent has secured space in the exhibit hall at the Dallas fair and is trying to put McCulloch county on the map in an Agriculture way. Last few years we have had lots of free advertising but it was not the kind we are wanting. So let's get up an exhibit that will overcome all the bad things that have been said about us.

Every farmer is urged to help by getting the very best of everything that is grown in the county and bringing same to the office of the Chamber of Commerce at Brady. Put labels on them, so we will know where it was grown and we will be enabled to find out the conditions under which it grew, or anything else that might be asked for.

Sincerely,
B. D. BLACK, County Agent.

Inkycracer. The Brady Standard.

Short Course at Doole.

The Short Course at Doole was very successful, for the women's part especially. An excellent demonstration was given in Steam Pressure Cooking, and the women were delighted with the Steam Pressure Cooker. They saw that peas which ordinarily require from 2 to 3 hours cooking could be cooked in thirty minutes, and the meat with them was so tender that it was cut with a spoon. The demonstration on the making of cottage cheese and the new dishes to be made from it was appreciated. The women learned a variety of ways in which to serve the cheese and how to serve it in an attractive manner. (You can secure bulletins from this office which give recipes for these dishes). The remainder of the program was helpful and everyone expressed her desire that another short course be given.

LOTTYE E. SCOTT,
Home Demonstration Agent.

Just think of it—the I.H.C. 10-20 4 Disc Tractor, listed at factory at \$1000, the 8-16 3 Disc Tractor at factory at \$925, and then they burn Kerosene Oil. For the price and the reputation behind this line, you can't touch it with any other tractor. For quality and for price, you can't beat the I.H.C. line. Figure with us now. BROAD MERCANTILE CO.

You can haul one bale of seed cotton in the ton size Matco Trailer behind any car. Get one at F. R. WULFF'S.

SYRUP CANS.

Don't forget that we have a good stock of 10-lb. Syrup Cans. Also Wood Barrels from 5 to 55 gallons. O. D. MANN & SONS.

HONEST INJUN.

We wish our money went less and more—less fast and more farther.

MCCULLOCH COME BACK.

Illustrating McCulloch county's "Come Back," the following story, going the rounds of Brady, is very apt:

Jim Jenks is a McCulloch county farmer, who has made a big grain crop; got a good corn yield; has more feed than he knows what to do with, and his cotton crop is good for all the way from half a bale to a bale to the acre. He comes to Brady and in going about the square he sees a man whose face looks familiar. The other man stops, too, and appears to recognize Jenks.

"By the way," he says to Jenks, "haven't I met you somewhere?"

"Yep, I reckon so," says Jenks, "me and my family picked cotton for you down in South Texas last year. By the way, what are you doin' here?"

"Well, my cotton crop's no good this year, and I thought I'd come out in West Texas, and see if I couldn't get some work. Got anything I can do?"

"Sure," says Jenks, "and a-plenty of it. Got the finest crop this year I ever had and need all the help I can get; why don't you move to West Texas?"

The young fellow in New York who committed suicide because he couldn't get acquainted with anybody in two month's residence there, might have saved his life if he had come to Fort Worth and intimated that he had money to invest in the oil business. He could have become acquainted with fifty individuals in less than fifteen minutes.—Fort Worth Record.

How the high cost of living is encouraged comes out in a story about a shoe dealer. He had received a consignment of shoes that he was about to mark to sell at \$5. Struck by an idea, he remarked: "I am going to mark one pair of these shoes at \$15 and see if I can sell them." So he tagged them \$15, set them on a velvet placard in the window and in a few hours a woman, (of course), came in and bought them. Then the shoeman reasoned that if he could sell one pair at \$15, he could sell them all at that price—and did. Who's fault was it?—Fort Worth Record.

SNAP SHOTS.

Tillie Clinger says that one reason why she doesn't like her new boss is because his eyes are so keen she feels like he is counting her ribs every time he glances at her sideways.—Dallas News.

Personal Representation.

The contingency of death had been so impressed upon him by numerous life insurance solicitors that he was arranging his papers.

On one envelope containing a life policy, he wrote: "This is a paid-up policy, payable to my son; he will care for it." On another: "This is payable to my estate—my executors will attend to it." On a third envelope he wrote: "This company has failed and gone to the devil—I'll look after it myself."

TWICE-A-WEEK
BRADY, TEXAS

THE SHILLADY INCIDENT SERVES A GOOD PURPOSE.

Moorfield Storey of Boston is president of the National Association for the Advancement of Colored People. He is a lily white. He wants to make the negro the social equal of white people. He also wants something else. Before a meeting of lawyers in his home city a few days ago, he asked for the adoption of a resolution advocating a law to make labor strikers a felony and strikers felons. His plan is to put the negro in social velvet and the white laborer in convict stripes.

John R. Shillady is also a lily white, and a co-adherent of Moorfield Storey's social uplift for the colored brother. Shillady came to Texas to work out his uplift scheme among Austin negroes. He met with a disaster and was sent home. Speaking of the accident, the New York Telegraph says:

"John R. Shillady of New York, a white man, was severely beaten at Austin, Texas, and later warned to leave the State, which he did. A county judge of the somewhat significant name of Pickle was one of his assailants. We find it easy to sympathize with Mr. Shillady in a broad humanitarian way, but exceedingly hard to condone his offense against common sense and diplomacy. Mr. Shillady is secretary of the National Association for the Advancement of Colored People, and in that capacity he presents his altruistic ideas when at home without let or hindrance. But Austin is not his home, and he does not seem to get the Austin viewpoint. Down there they are the 'friend of the negro' so long as he 'keeps his place,' and his 'place' is not an association for his own advancement, if that association is controlled by white men. Idealists from the North

have gone South before on missions similar to that of Mr. Shillady. Some of them come back alive, with a black eye, as Mr. Shillady is coming back; some of them are shipped back full of embalming fluid. None get an even break, for it is characteristic of Texas as an other section of the South where "negro lovers" are disciplined, that the disciplinarians hunt in packs. "Safety first" is their motto. It took three, including a judge and constable, to whip the New Yorker. If they had come at him one at a time, he probably would be in Austin yet."

The editor of the Fort Worth Record is of the opinion that the New York paper is mistaken, that if "they had come at him one at a time" Shillady would not be in Austin yet, but would have been shipped home in a box. The Record's view of course is correct. If Southern men hunt Northern lily white negro lovers in packs, it is because of the idea that it has less deadly probabilities, and also that so great a privilege, as well as the responsibility, ought to be shared.

The Southern man treats no issue as seriously as he does the race problem. The negro is here, he knows, to stay, to live in peace and to be assisted, protected and educated, and if the negro attends to his own business and keeps his place, he thrives and prospers. But the Southern man will not put up with the negro that wanders from the line or abuses his privileges, and under no circumstances will he tolerate the Northern white meddler, as he knows the best motives of these misguided evangelists only give the negro false notions that lead him to trouble and destruction.

The Shillady incident will serve a good purpose in presenting to the better understanding of the officious Northerner the South's viewpoint upon a delicate question, and to that extent it was timely and not unfortunate.—Brownwood News.

Best Conditions for Sleep.

The best time for sleeping is that time that will favor the greatest degree of relaxation. With most people this is some time during the hours of darkness, when there isn't so much going on to distract the senses of sight and hearing. Just what hours should be devoted to sleep is not as important as that there should be enough of them. The so-called beauty sleep, achieved during the hours preceding midnight, is a fact only because it adds to the number of hours which, under ordinary conditions, we might be supposed to spend in bed. Most of us get up at about the same time every morning—no matter how early or how late we've gone to bed the night before. So there isn't a word of truth in the old fable that one hour of sleep before midnight is worth any two hours later. Sleep is sleep, provided only that it is sound, restful sleep—whether we get it at eight o'clock in the evening, two o'clock in the morning, or one o'clock the next afternoon. If we can get our sleep undisturbed by disturbance so much the better.

Friendly Boy, Timid Cat.

Standing on the sidewalk in front of a dwelling house in a midtown street, a garbage can with a cover on it and with some shreds of stuff sticking out from under the cover. A big cat standing on its hind legs at the can, pulling off this stuff and trying to get the cover off.

A little down the street was a small boy, a bright small boy of about seven years, and when he saw the hungry cat at the can he resolved to help. So he walked up quietly and removed the cover and then stood back a few paces with it, holding the cover in front of him as a warrior holds his shield.

But the cat had never met a boy like that, and instead of staying to supply itself at the bounteous store thus made so easily accessible, it wheeled and fled.—New York Times.

Staple Binders. The Brady Standard.

Planting Time is Here

And in anticipation of your needs we have purchased a big line of FARM IMPLEMENTS Including Plows, Planters, Drills, Etc.

Don't waste valuable time trying to make out with an old worn-out implement.

The World needs all of the food and forage crops that America can raise this year and up-to-date farm equipment is necessary for every farmer who intends to do his share.

Come in the first time you are in town and let us have your order for New Thomas Grain Drill and a Disc Plow.

O. D. Mann & Sons

LOCAL BRIEFS

D. G. Butler and family arrived last Friday from Amarillo. Mr. Butler visited here about a month ago and found this section so entirely to his liking that he decided to locate here. He is a cousin of Mrs. A. R. Hooper of this city. The family will take up their residence in the place at present occupied by the B. E. Williams family, on the northwest outskirts of the city, and Mr. Butler will engage in the buying and selling of cattle and stock.

B. Simpson returned Tuesday afternoon from a business trip to Fort Worth and Dallas, driving out one of the beautiful new model Studebaker Sixes. The new car is the last word in refinement and comfort, and is finished in the popular maroon shade of body. Mr. and Mrs. Burl Wiley accompanied Mr. Simpson out from Dallas, Mrs. Wiley stopping off at Stephenville for a visit with relatives before joining Mr. Wiley in again making their home in Brady.

Frank Coats of Abilene, who spent several days here as a guest of Joe White, Jr., returned Wednesday to his home. Coats was a schoolmate of White's at Yale, from which college he graduated in 1916. He attended the first officers' training camp at Leon Springs, finishing the training with the rank of captain. He was in service 27 months, spending a good part of the time in France and Germany, and gives a most interesting account of his experiences and observations. He will attend State University law department this year.

B. E. Williams, who for the past year has been rural carrier on Route No. 1 out of Brady, left yesterday, accompanied by Postmaster A. B. Reagan, for Big Springs, where he will take a position as clerk in the Big Springs postoffice, of which Mr. Reagan's brother is postmaster. Williams has been in federal service for a long number of years, working in the internal revenue department and various other branches, and was transferred here from Tennessee. He has proven himself a most valuable employe, as well as a splendid citizen, and his friends regret to see him leave our midst. His family will join him as soon as he gets located.

Get your Sacks for your Oats and Wheat at Macy & Co.

Leading Up to It.

He called his typist to his office. "Miss Keytap, you dress neatly and you have a well-modulated voice. I might add that your department is also above reproach." "Thank you very much, sir. But I don't think you should pay me such compliments," answered the blushing girl. "That's all right," he said. "I was just leading up to the point of telling you that you don't seem to know a comma from a colon, and your spelling is simply rotten."

When you have an achey, stretchy feeling and you are dull, tired and discouraged it is a sign of approaching malaria or chills. You should act quickly to ward off an attack. HERBINE offers you the help you need. It destroys the malarial germ, drives out all impurities and makes you feel bright, vigorous and cheerful. Sold by Central Drug Store and Trigg Drug Store.

We have a good stock of 10-lb. Molasses Cans. Also Wood Barrels from 5 to 55 gallons. O. D. Mann & Sons.

We are more than pleased with the tractor demonstration, held last Saturday in the Marsden field, for it developed that we had more power, at a much less price than any other tractors shown, and more than that we burn Coal Oil just as good as Gasoline. The fact is if you need a tractor you cannot overlook the I. H. C. line, the reputation of the International Harvester Co. behind any make of Farm Products is within itself a guarantee of quality. International Harvester Co. make no goods of any kind, that are not the best on the market. We have been handling this line for a good many years, and we cannot impress too strongly the quality of this line. BROAD MERCANTILE CO.

Macy & Co. are ready to supply your Coal orders. Phone 295. Ink Wells. The Brady Standard.

Bridge Club.

Mrs. S. S. Graham entertained for the Bridge club Tuesday afternoon with the following club members present: Mesdames C. T. White, W. L. Hughes, G. R. White, G. V. Gansel, R. W. Turner, Bailey Jones, F. R. Wulff, H. B. Ogden, W. E. Campbell, W. R. Davidson; and guests: Mesdames H. M. Brannum, Fred Ellis of Menard.

Bridge was enjoyed at three tables, club prize falling to Mrs. Jones.

A salad course with iced tea was served.

Mrs. Ogden entertains next Tuesday afternoon.

Five Hundred Club.

Mrs. Dick Winters was hostess on

last Friday night for members and guests of the Five Hundred club, and a special invitation was extended the gentlemen. The members present included Mrs. and Mesdames J. S. Anderson, J. G. McCall; Messrs. and Mesdames C. D. Allen, C. T. White, Ed Campbell, G. C. Kirk, W. R. Davidson, B. Simpson, F. R. Wulff, Bailey Jones; and guests: Misses Nellie Anderson, Laura Ator of Stephenville; H. A. Wulff.

Club prizes were received by Mrs. C. T. White for the ladies, and Dr. Anderson for the gentlemen; guest prizes, by Miss Nellie Anderson and Mr. Harry Wulff. Miss Ator received a favor as out-of-town guest.

The hostess served an ice course. The club meets this afternoon again with Mrs. Winters.

PERSONAL MENTION

Contributions to This Column Invited.

"I know not what the truth may be, I tell it as 'twas told to me."

Oscar Lange has a position with Allen & McClure's grocery.

T. J. King has a position as salesman with the Broad Mercantile Co.

Mr. and Mrs. Edwin Broad spent Saturday and Sunday here from Me-

nard.

Miss Laura Ator of Stephenville was a guest the past week of Mrs. Dick Winters.

Mrs. N. G. Lyle, Jr., has accepted a position as assistant in the Benham millinery department.

Miss Annie Mae Kemp of Roswell, New Mexico, spent the past week here, a guest of Mrs. Dick Winters.

Miss Lucille Benham is a guest of friends at Yoakum, and writes that she is having a most enjoyable visit.

Mr. and Mrs. Herbert L. Wood left Tuesday for Sweetwater to spend a

few days visiting her father, H. N. Cook.

J. D. Benham, who has been a guest of his son, S. A. Benham, and family, returned yesterday to his home at Coleman.

Mrs. Sam Woods and little daughter, Mary Eugenia, are spending several weeks in Fort Worth, guests of relatives there.

Miss Alma Cowan left Sunday night for Fort Worth to enter Texas Woman's college. Her father, the Rev. J. W. Cowan, accompanied her.

Lawrence Epien and Frank Whitesides of Waller county spent Tuesday and Wednesday here looking over the ranch country with a view of locating.

Mr. and Mrs. Will Murchison and daughter, Miss Ethel, and Mrs. Dave Maddox of Menard were visitors in Brady Wednesday and Thursday of this week.

Mrs. Belle Lindley arrived Monday from Brownwood, where she has been a guest of relatives, and is a guest here of her son, Dr. H. W. Lindley, and family.

Miss Myrtle Wall arrived Sunday for a visit with her parents, Mr. and Mrs. J. C. Wall, while recuperating from her recent operation for appendicitis at Temple.

Miss Jewel Belle Smith, who has been spending several weeks here a guest of Mrs. Ed Campbell and other relatives, returned the past week to her home in Austin.

Messrs. Joe White, Jr., Frank Coats of Abilene and Gus Shropshire, accompanied by Miss Maggie White, attended a dance at Sonora Monday night, returning here Tuesday.

Mr. and Mrs. E. S. Noble of San Angelo spent Friday of last week in the city visiting relatives and friends, while Mr. Noble attended to business for the Allen Overland Co. of San Angelo.

Mr. and Mrs. G. C. Kirk and Mr. and Mrs. A. H. Conner spent Sunday visiting in Menard. Mrs. Fred Ellis and children accompanied them upon their return to Brady and will visit here for a week or two.

Mrs. Jeff Harkey arrived Monday from Sheffield to spend a couple weeks here with her parents, Mr. and Mrs. J. M. Duke. She was accompanied by her sister, Miss Loys Duke, of San Angelo, who made a brief stay here, returning to San Angelo Tuesday.

Mrs. W. S. Conatser is here from Palo Pinto county as a guest of her mother, Mrs. S. M. Vincent. She is accompanied by her son, C. W. Conatser, who is taking a vacation from the abstract business in which he is engaged, to spend a few days here with relatives.

Mr. and Mrs. W. D. Crothers and daughter, Miss Minnie Jarvis Crothers, left Monday for Brownwood, where they spent the day, following which Mr. Crothers made a tour of the Eastland and Ranger oil districts, while Mrs. Crothers and daughter went to Mineral Wells, where they will spend a week or two.

Mr. and Mrs. Henry Miller returned Tuesday evening from San Antonio, where they spent a few days. They were accompanied on the trip by Miss Virginia Miller, who is attending an institute at San Antonio, preparatory to teaching in the schools at Lockhart, and Miss Mary Schaege, who will teach at Mannheim this year.

Swellings of the flesh caused by inflammation, cold, fractures of the bone, toothache, neuralgia or rheumatism can be relieved by applying BAL-LARD'S SNOW LINIMENT. It should be well rubbed in over the part affected. Its great healing and penetrating power eases the pain, reduces swelling and restores natural conditions. Sold by Central Drug Store and Trigg Drug Store.

FARM HINTS

By B. D. Black

VOCA AND LOST CREEK FARMERS ORGANIZE COUNCIL OF AGRICULTURE

The farmers at Voca and Lost Creek met at the Voca school house last Thursday morning and with the assistance of the county and home demonstration agents, and Mr. Brown and Miss Girdnes from College Station organized a community Council of Agriculture and Home Economics. The officers elected were: L. Passmore, president; D. H. Henderson vice-president; Mrs. E. B. Elliott, secretary; George Darley, treasurer. A program committee, and a committee on membership were appointed. The regular meetings will be held second Friday nights of each month.

The organization is for the purpose of stimulating cooperative effort among the farmers on all the problems that come before them for solution. The farmers are coming to know more and more that in order to solve the rural problems that are weighing heavily upon every thinking farmer's mind, they must be studied from every standpoint and an intelligent solution arrived at, and this can only be done when all the farmers are willing and ready to pull together. The human family is naturally, or otherwise, suspicious of the other fellow until it learns more of the other fellow's plans and ways of carrying out those plans. So when we get together and discuss our problems in an intelligent way we learn more and more that the other fellow is just about like we are. But we get his ideas and he gets ours. When two men exchange ideas each has additional ideas and has lost none.

These people are in a position to take up their problems of all kinds and discuss them as a community and learn how to handle them to the best interest of all who are concerned. They have the women's department, the girls' department, the boys' department, and the men's department. They will try to develop and train the young and the older ones to that extent that the farm will be a better place to live; because business principles and better social environments will be put into the farm program. That "better day" you have been thinking of and wishing for is rapidly coming. Public opinion is being crystallized in the direction of rural betterment. Don't you want it? If you do, let's get together and work for it. Talking to the people at cross roads and at the stores about community problems is a good thing to do, but I never knew a neighborhood to accomplish very much without getting together as a unit and attacking the problems in solid front.

These people have planned to do this very thing and I predict that they will succeed.

B. D. BLACK, County Agent.

MARKETING AND SETTING OF PRICE FOR COTTON PICKING TO BE DISCUSSED

Last Saturday at 3 o'clock about 150 farmers got together at the county court house and organized what is known as the County Council of Agriculture. The plan of this organization is very much the same as the Community Council mentioned for Voca, in another article in this issue. The first things that will be taken up in this organization will be setting the prices of cotton picking and to get pickers in the county. Every large community is urged to have a man at the next meeting next Saturday in my office at one o'clock to pass on these problems. Marketing

will also be discussed. Please attend to this important matter at once. B. D. BLACK, County Agent.

Yellow complexion, pimples and disfiguring blemishes on the face or body can be gotten rid of by doctoring the liver, which is torpid. HERBINE is a powerful liver correctant. It purifies the system, stimulates the vital organs and puts the body in fine vigorous condition. Sold by Central Drug Store and Trigg Drug Store.

GOOD ROADS AND HIGHWAYS

This is the eighth of a series of fifteen articles on industrial conditions of Brady and McCulloch county. The data has been gathered from authoritative sources and show true conditions as they exist today. Each of the articles has been censored and approved by the President of the Brady Chamber of Commerce—Editor).

There is not a county in Central West Texas, considering population or bonded indebtedness, that has a better system of roads and highways than Brady and McCulloch county. Leading into the city from every direction are well worked roads which are exceptionally substantial because of the natural rock base which makes all the roads in the county, under favorable conditions, almost like macadam.

As a result of these road systems, Brady has been enjoying a steady growth in a commercial way, as good roads are one of the principle factors

forge ahead and work for the substantial upbuilding of the city and the development of all resources having a bearing on the proper development of the city and county.

One of the principle National highways which passes through McCulloch county and the City of Brady is the Puget Sound to the Gulf, which is known as Highway Number 9. This promises to be one of the West's greatest roadways, and conventions are being held by various counties and funds are being raised for its development and completion clear through from the Northwest corner of the

IN THE DAYS OF THE FREE AND OPEN RANGE, CATTLE TRAILS SUFFICED. THIS IS THE AGE OF AUTOMOBILES AND MOTOR TRUCKS AND FIRST CLASS ROADS ONLY ANSWER THE DEMAND

in inducing those farmers living in this trade territory to come to the city. The fact that Brady is located on several of the National Highways is also the means of attracting many tourists through this section, and all tourists leave some money behind them. In fact, there are dozens of ways that one can show that the road systems of McCulloch county are one of the most important factors in the upbuilding of the business conditions of the county.

The advent of the automobile and the motor truck has had a wide influence in the building of road systems in this section of Texas. There are many inland towns connected with Brady by road systems, which means that a large per cent of the foreign business, from a wholesale as well as a retail standpoint, is handled to these cities by the truck route. Brady's system of improved roads is a source of great pride to the people living in this section, who, during periods of adversity, have never forgotten to

United States to the Gulf of Mexico. This is the shortest route to the Rocky Mountains and Denver by road and has been laid out and marked by the blue and red signals over the entire route. It is now possible, in its primitive state of development, to make with plans, in the state of development, for the construction of the road—excellent time over this road, and way in such a manner as to equal pavement, this will be one of the greatest commercial and tourist feeders the West Texas country will have. In McCulloch county the live and wide-awake citizenship has excelled on this highway, as they always do in everything that is undertaken. The road has been constructed and is in excellent shape from here to Millersview in Concho county. The road is practically like pavement, even though the early summer rains naturally softened the roadbed and the heavy hauling that has passed over it, cut it up considerably. It is now, however, in excellent condition for, with its excellent

THE BIG COTTON CROP OF 1907 WILL BE DUPLICATED IN McCULLOCH COUNTY THIS YEAR. GOOD ROADS ARE NECESSARY ADJUNCTS TO THE MARKETING OF BIG CROPS.

roadbed, a road drag soon puts it in A1 condition, and with the work that will be done on it during the next year McCulloch county will be recognized as the leader in the improvement of this highway. There are 45 miles of this highway in the county.

Another important State Highway, which, like the Puget Sound to the Gulf, is an important commercial feeder to the city, is the Fort Worth, Brady and Fort Stockton highway, which traverses one of the richest sections in the entire Southwest region.

portant commercial interests. The Austin, Houston to Brady Highway which traverses twenty miles of the county is another important highway and is known as Highway Number 20. This is an important route to the Gulf country and is rapidly being developed, already being better developed in McCulloch county than in any other county along the route.

The Southwest Trail, which is all its name implies, being one of the best roads in the county, traverses thirty miles of the county's area. This road,

field of resources in the county and they are working to that end.

The county roads now laid out and which are receiving attention are the Rochelle and San Saba road, and the Santa Anna road. These roads have already received considerable work and are, as a whole, graded throughout the county. In District Number 3, which is the Melvin district, \$30,000 in bonds have been voted. The bonds have not as yet been disposed of, but as soon as they are sold, contract will be let for road work in this

BRIDGE SPANNING BRADY CREEK AT BRADY.

There are fifty miles of this highway in the county, all well improved with the natural "chat," which is ground rock, available in the county for the building of roads. Traffic over this highway, which is known as Highway Number 10, is always extensive and has been the means of building up im-

like the others, is well improved throughout the county. In fact, all the above mentioned roads are graded leading into Brady and have been built with this natural "rock chat," making a virtual macadam roadbed.

Each season marks important advancement in the building of the National highways through the county. A great work is being done along this line by the various Chambers of Commerce located in the cities along the routes and especial interest is being taken in the West Texas roadways by the West Texas Chamber of Commerce. The majority of the counties along these routes have voted bonds for road improvements and the state has been giving aid to these roads and the individual promoters of the roadways have been securing funds for their building, which means that it is but a question of time until all of West Texas and the great Southwest will be interlaced with a system of roads that cannot be excelled by any state in the union.

There are several county roads in McCulloch county, some of which have already been built through bond issues and other bond issues are being contemplated for additional work. In fact, the people of Brady and McCulloch county realize that a system of roadways is absolutely essential to the maximum development of the vast

district. Early in 1911 Road District Number 1, with Brady as a hub, was formed by the county commissioners' court upon petition of a large number of citizens and an election was held voting a \$75,000 bond issue. The district comprises an area of approximately 190 square miles, extending about ten miles north and south, and about four and one-half miles east and west from Brady. The bonds were issued that year and the work was done with experienced road men in charge of the work. The U. S. government, showing its interest in the good roads movement, sent a road expert here, who assisted in the building of the good roads. The work of building roads in this district required more than a year, and so well was the foundation laid that the roads have been kept in good condition since that time, merely by occasional road draggings and workings.

Radiating from Brady in all directions, as stated in the opening paragraph of this article, the following roads are graded to a uniform width of forty feet and graveled fifteen feet wide; Coleman, Voca, East Sweden, London, Eden, Whiteland, Menard, Mason, Brownwood and Santa Anna. There is more than 75 miles of graded and graveled roadways throughout the county at this time, with plans in the making for the grading and graveled of all of the main roadways of the county.

Nearly all the rivers and streams in the county are bridged by high water bridges, and the bridge system in the county is in exceptional fine shape. The taxes for road work in the county are not excessive; in fact, they are far below the tax in the majority of the counties in this part of West Texas, and few counties there are that have been improved as substantially and persistently as have the roadways in McCulloch county.

Brady Business Firms--Industrial Institutions

Commercial National Bank

The banking institutions of a community are usually the mediums through which the prospective resident judges the opportunities existing in that community for his success. If the statements of the banks show that there is ample money on deposit and that the banks are in position to accommodate their patrons with funds for the carrying on of their business, then his impression is immediately one which signifies that the community is a good one to tie to inasmuch as financially it is in good condition. In this respect Brady is exceptionally fortunate in having the Commercial National Bank, which is the leading banking institution in this section and which has been the most important financial factor in the development of the vast field of resources existing in this section.

The history of the Commercial National Bank dates back to the establishment of a private banking institution in this city during the wild and woolly days, by W. D. Crothers. Mr. Crothers operated the little bank in a frame structure and tells many stories of the wild days that existed here during that time when six-shooters and drunken cowboys played an important role. This private bank was established in 1894 and has eventually grown into one of the strongest financial institutions in West Texas. Mr. Crothers has been connected with the institution from the day he first established the private bank and today is cashier and virtual director of the activities of the institution.

Seven years prior to nationalizing the bank, G. R. White, who is considered one of the greatest financial successes in West Texas, identified himself with the bank and later the two men made it into a National bank. Mr. White was born and raised in this section and has worked from the time he was large enough to know the meaning of the word, to develop the resources of this section. He has cooperated in every way with Mr. Crothers to establish a reputation for the Commercial National, which would not only make it a success to the stockholders but would make it a credit to the city and county as well as the leading financial institution of the section wherein it is located. To say that the two men have accomplished this, is putting it mildly.

Mr. White is one of the most extensive ranchers in this section, owning and operating large ranches in McCulloch, Pecos, Concho and Edwards counties. In his ranching operations he has made a success little short of phenomenal and today he is the largest land owner in this section of the country.

Lewis Brook, also vice-president of the bank, is another of West Texas' successful ranchmen. He owns extensive ranches in this and other counties and is recognized as one of the leaders in the development of the vast fields of resources which exist here. He has never been known not to lend his assistance to any meritorious undertaking which promised for the further development of this section of the state.

Mr. Crothers, who is the active manager of the bank and also president of the Chamber of Commerce, has watched the city grow from the proverbial "wide spot in the road" to its present standing in the commercial world and has always been prominent in civic life and ever ready to lend his assistance in the growth and development of town and country. He has always operated the bank from the standpoint of giving personal service to all its patrons and extending credit where credit was deserved and where it would be consistent with good banking. In addition to being recognized as one of the states' most successful bankers, he is recognized by hundreds of friends as being a man who believes in the motto of "live and let live" and has always conducted the business of the bank on that basis.

S. S. Graham, assistant cashier, came into the bank about ten years ago while the institution was being operated as a national bank and at the time the First State Bank of Brady was merged with the Commercial National. He has worked faithfully in assisting in building up the institution to its present enviable standing in the financial world. E. A. Baze, also assistant cashier has been with the institution for the last five years and has always been recognized since his association with the institution as a valuable asset to it. W. R. Davidson, Jr., has been connected with the bank for nine years and his excellent services were recently rewarded with promotion to assistant cashier. Summed up, the organization of men in this bank is one of the strongest possessed by any banking institution in this section of Texas.

Following are the directors: J. S. Wall, cattleman; W. N. White, extensive ranch owner; W. H. Gibbons, about the richest man on the directorate of the bank and extensive ranch owner in San Saba county; W. E. Campbell, extensive rancher in San Saba county; J. G. McCall, practicing physician in Brady and W. F. Dutton, rancher in McCulloch and Kimble counties. The men are all typical westerners, know what it is to suffer hardships and still come out on top, and their success is the result of persistent effort and hard work.

WITH THE CHURCHES

Baptist Church.
It is very important that all who possibly can be present at Sunday account of the protracted meeting at 11:00 a. m.

There will be no evening service on account of the protracted meeting at the Methodist tabernacle.

J. H. TAYLOR, Pastor.

Rochelle Baptist Announcement.
There will be meeting Sunday at 11:00 o'clock.

A special church meeting at 4:00 o'clock.

Baptising at 5:00 o'clock and services again Sunday night.

New plans will be discussed concerning next year's work.

A hearty welcome extended to all.
HARLEY SMITH, Pastor.

Arch Files. The Brady Standard.

Resuscitated.

A man from Nebraska went into a saloon in Kansas City and wrote on a piece of paper, "A glass of whiskey, please." The bartender did as he was bid and gave the man a drink and after he was finished with this one he wrote for another and still another. Then he wrote, "How much do I owe you?" The bartender said that was all right because he didn't charge deaf and dumb men. The customer spoke up, "Hi—I'm not deaf and dumb, I am from Nebraska and was so dry I couldn't talk."—Nebraska Awgwan.

SURGEONS agree that in cases of Cuts, Burns, Bruises and Wounds, the **FIRST TREATMENT** is most important. When an **EFFICIENT** antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For use on man or beast **BOROZONE** is the **IDEAL ANTISEPTIC and HEALING AGENT**. Buy it now and be ready for an emergency. Sold by Central Drug Store and Trigg Drug Co.

LOCAL BRIEFS

Gordon Deavers is now holding down the front chair in Polk's barber shop, having started work the first of the week.

Byrd Rainbolt arrived here the first of the week from Santa Anna and will be employed as checker at the Brady compress during the 1919-20 season.

Clyde Galbreath of Eldorado, has accepted a position at the Jones Barber shop, assisting Virgil Jones and Ernest Shearley in caring for the patrons of the shop.

W. C. Kiehne came down Wednesday morning from Stephenville on a business visit. Mr. Kiehne is engaged in the meat market and bakery business in Stephenville and is prospering.

Mr. and Mrs. John Matthews, who sold their home on the North Side to Claud Lodbetter, have occupied the residence formerly belonging to J. L. Spiller, and located at the southern extremity of Blackburn street.

Sam Wilensky returned the past week from Dallas where he visited Mrs. Wilensky while purchasing a stock of dry goods in the Dallas markets. He reports Mrs. Wilensky much improved in health by her stay in Dallas.

Fred Ellis came over from Menard Tuesday night to spend a few days here with relatives and friends. Fred says he turned his tax rolls over to the Menard county commissioners for approval Monday, and now feels free as a hawk until the 1st of the year.

The many friends of the family will regret to learn of the death in Dallas of the 18-months old son of Mr. and Mrs. L. St. Clair. Mr. Sinclair, a few years ago, was manager of the South Texas Lumber Co. yard at Brady, and at present is with the Magnolia Petroleum Co. in Dallas.

The **N. B. Embry** gin opened the new season Wednesday by ginning three bales in a row, which is the record run so far this year for the Brady gins. Within another week or two, the gins will be humming from early until late, and the foregoing record will be nothing to compare with the day's record then.

Mrs. J. H. Taylor returned yesterday from Corinth, Miss., where she had been spending the past six weeks attending her father and mother, who have been quite ill. They are at the advanced ages of 85 and 83 years, respectively, and it took them quite a while to recover their health and strength. Mrs. Taylor was enabled, however, to leave them much improved.

SYRUP CANS.
Don't forget that we have a good stock of 10-lb. Syrup Cans. Also Wood Barrels from 5 to 55 gallons. O. D. MANN & SONS.

**FREE PROOF
TO YOU**

Not One Penny Will RICH-TONE Cost You, if it Doesn't Prove of Genuine Worth in YOUR CASE.

You are to be the judge—try this famous tonic—if it doesn't bring to you new energy, a splendid appetite, restful sleep, peaceful and quiet nerves—if it doesn't destroy that tired feeling and build you up, then Rich-Tone will be free to you, it will not cost you anything—NOT ONE PENNY.

YOU OWE IT TO YOURSELF to try this marvelous remedy. **YOU OWE IT TO YOUR FAMILY AND FRIENDS** to be strong, well, happy, bright of eye, brisk of step, ruddy of cheek, able to go about your work with a smile on your lips!

On each bottle is plainly printed, "Money cheerfully refunded if not entirely satisfactory," and your own local druggist will let you try Rich-Tone on this money-back guarantee.

One user says: "I was run down after a bad case of 'flu.' Was in bed four months and under the care of 5 doctors, had nervous prostration and could not sleep and ate very little. I got a bottle of your wonderful tonic, Rich-Tone and am now eating three times a day and I sure sleep sound. I can't say enough for your wonderful tonic Rich-Tone. It is worth its weight in gold. It has saved me \$50 or \$60 as I was going to Mineral Wells, but I do not need to go now, thanks to Rich-Tone."

Rich-Tone makes more red corpuscles, enriching and purifying the blood. It contains all of the elements that are needed most in maintaining strength and vigor. Rich-Tone rests the tired nerves, restores appetite, induces healthful sleep—it gives you all those things which mean energy and well-being. Get a bottle today on our money-back guarantee.
