McCULLOCH COUNTY PROSPERITY BRINGING NEW CITIZENS

PROSPERITY IS BRINGING NEW CITIZENS HERE

The prosperity of the McCulloch country is becoming known far and near, and is responsible for an influx of new citizens, who are purchasing desirable places in various parts of the county, and are preparing to make their homes permanently among us.

One of the most recent deals of this kind was the sale by Jordan & McCollum of their 160-acre farm, H. Rensing Survey 667, lying six miles northeast of Brady and known as the Mose Green place, C. T. Johnstone of Kemp, being the purchaser. The place is well-improved, with 125 acres in cultivation, farm house, barn, well and other improvements, and its proximity to the city makes it a most desirable piece of property.

Mr. Johnstone and family will move here and take possession of his purchase after the first of the year. Mr. Johnstone is but one of a number of citizens from the Kemp section who are to become citizens of McCulloch

county, at least two of his neighbors having already rented farms here.

Another deal of importance and interest was the purchase last week by Jordan & McCollum of the R. M. Huddleston farm, east of the Corn Creek school house, near Placid. This property comprises 320 acres, with 180 acres in cultivation. It has a splendid 7-room house with water connection and modern improvements, two silos, windmill and irrigated garden, and is said to be one of the best and most desirable farms in this section. Joe Cunningham at present lives on the place.

HAVE YOU SEEN THEM? Those all-wool serge suits just received at MANN BROS? They will sell in a hurry. Better get yours today! Priced at \$25.00.

Invoice Files. The Brady Standard.

FIRST CLASS STOCK SADDLES. We are now in position to put up first-class stock saddles, made especially to your order. The best of material and the best of workmanship guaranteed. We invite your inspection of our product. H. P. C. EVERS.

COMPLETED LIST OF REAL ESTATE TRANSFERS IN McCULLOCH COUNTY

RECORDS SHOW THAT DEALS IN McCULLOCH COUNTY DIRT SINCE FIRST OF YEAR RUN APPROXIMATELY OVER A MILLION DOLLARS.

The following is the completed list of deals in McCulloch county dirt as placed on record in the county clerk's office since January 1st. The first half of the list was published last Friday. While accurate estimate of the total valuation represented in these deals cannot be made, because the consideration in many of the deals was not mentioned, yet it safe to say that more than a million dollars worth of property has already changed hands in McCulloch county this year.

The following is the list continued and completed from last week:

- L. C. Bratton to J. M. Bratton 1-5 interest Survey 1013. \$600.
- E. F. Baze to E. A. Baze southwest 1-4 of Block 150, Luhr addition. \$750.

- T. C. Allen to J. G. McCall, west 1-2 Block 39, Luhr addition. \$1100.

DISTRICT COURT DISPOSES OF ADDITIONAL CASES

In addition to the cases mentioned in last week's papers, district court has disposed of the following cases on the civil docket:

Burford-Brimm Oil & Gas Co. vs. Joseph I. Cromwell, to try title as well as for damages, judgment by default for plaintiff as prayed for.

G. V. Gansel vs. J. H. Ake et al, suit on note and foreclosure of vendor's lien, judgment for plaintiff as prayed for.

Lottie Hayes vs. Sam Hayes, divorce granted and custody of children.

Moses Jones vs. J. F. Nichols, et al, suit on notes and foreclosure of vendor's lien, judgment for plaintiff as prayed for.

Lizzie Atherton et al, vs. T. J. Horn and E. M. Bratton, to try title and for damages, continued for service.

Ernest W. Cabe and J. T. Brady vs. B. F. Mason et al, suit for trespass to try title for damages; judgment for plaintiff.

Lucille Ellis vs. Jack Ellis, suit for divorce; continued.

Criminal.

State of Texas vs. Clint Bell, rape; continued by defendant for testimony, and set for first Monday of second week of next term of court, and attachment ordered for all witnesses named in continuance.

GET UNDER A NEW STETSON! Now's the time—you can get your pick from that shipment just received. Kirk, Nuf-Sed.

With B. L. Malone & Company

Having purchased an interest in the firm of B. L. Malone & Co., it is my pleasure to announce that I will in the future be permanently associated with this firm.

As during my visits to Brady I will give special attention to optical work. Examination of eyes will be made free, and in the fitting of glasses, every pair will be guaranteed by the firm as well as by myself personally.

Mr. Malone and myself are both here to serve you. We will be pleased at all times to have you visit our store, and assure you of our very best service at all times.

THE MOST DANGEROUS DISEASE

No organs of the human body are so important to health and long life as the kidneys. When they slow up and commence to lag in their duties, look out! Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness, or have pains in the back—wake up at once. Your kidneys need help. These are signs to warn you that your kidneys are not performing their functions properly. They are only half doing their work and are allowing impurities to accumulate and be converted into uric acid and other poisons, which are causing you distress and will destroy you unless they are driven from your system.

Get some GOLD MEDAL Haarlem Oil Capsules at once. They are an old, tried preparation used all over the world for centuries. They contain only old-fashioned, soothing oils combined with strength-giving and system-cleansing herbs well known and used by physicians in their daily practice. GOLD MEDAL Haarlem Oil Capsules are imported direct from the laboratories in Holland. They are convenient to take, and will either give prompt relief of your money will be refunded. Ask for them at any drug store, but be sure to get the original imported GOLD MEDAL brand. Accept no substitutes. In sealed packages. Three sizes.

COUNTY CORRESPONDENCE

CORN CREEK NEWS.

Farmers Whose Grain Was Threshed Before Rain Are Smiling.
Rochelle, Texas, Sept. 22.
Editor Brady Standard:
Now, don't everybody faint. I have come back again! Just to let you people know I have neither married or died, or washed away.

By the way, our fairy god-mother has waved her wand and put us back into Noah's time. It has rained for one week and indications are good for another one. But our Heavenly Father took care of us during that awful drought and we know he can take care of us during the wet weather.

The farmers that got their grain threshed before these rains began are awfully happy.

Fred Mills and wife from Brown county have been visiting the lady's parents, Mr. and Mrs. Nath Ellison. They returned home last Monday.

Messrs. Eric and Neils Swenson were guests at the Hurd home last Thursday afternoon. Eric has just returned from nineteen months' overseas service.

C. A. Hurd and children, Ora and Dimmit, spent the night with home-folks last Saturday night.

One of our most worthy young men, Mr. Elva Shafer, has been real sick with typhoid fever, but is reported some better at this writing. We wish for him a speedy recovery.

Mr. R. M. Huddleston from Wynnewood, Okla., was down last week transacting business.

Queller Spencer has been on the sick list but is on the road to recovery.

Jno. Smith, wife and daughter, Maude, were guests of their son and brother last Sunday a week ago.

Misses Myrtle and Nina Hurd were shopping in Rochelle last Thursday afternoon.

F. J. Hurd went to Brady last Saturday to get some cotton pickers. He got the promise of several but didn't bring any home with him.

Come on Claxton. Let's hear from you.
"MRS. JIGGS."

Habitual Constipation Cured in 14 to 21 Days
"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It stimulates and regulates. Very Pleasant to Take. 60c per bottle.

How about your watch? Is it keeping correct time? If not, let us remedy the trouble for you. Satisfaction guaranteed. A. F. Grant, jeweler, east side square.

FIFE FINDINGS.

John Newlin Gins Record Bale—New Citizens Coming.
Fife, Texas, Sept. 22.
Editor Brady Standard:

Something like 6 inches of rain has fallen here since our last communication and indications are good for some more yet. It is feared cotton may be damaged considerably where the bolls have the stalks broken down with their weight, causing them to rot.

H. D. Martin has sold his place to J. M. Hart of Cowles Christi. Old McCulloch is looking good this fall.

Mrs. L. Bradley returned Saturday from Austin, where she has been visiting relatives for the past month.

John Newlin ginned a bale of cotton Saturday that probably breaks the record. He had 1440 pounds of seed cotton which ginned out 655 pounds of lint, bale and seed bringing him \$219.75. John says he will make 8 bales on 5 acres of this cotton which is the big-boll, half and half.
"E. Z."

Chamberlain's Colic and Diarrhoea Remedy in Michigan.
Mrs. A. H. Hall, Caseville, Mich., says, "I wish to thank you for your grand good medicine, Chamberlain's Colic and Diarrhoea Remedy. We are never without it in the house, and I am sure it saved our baby's life this summer."

Mrs. Mary Carrington, Caseville, Mich., says, "I have used Chamberlain's Colic and Diarrhoea Remedy for years and it has always given prompt relief."

VOCA VOICES.
Miss Mae Leach of Fredonia, Fills Vacancy in Faculty.
Voca, Texas, Sept. 19.
Editor Brady Standard:

Cotton picking has been delayed because of heavy rains.

Misses Marion and Portia Brindley of Eden, accompanied by Miss Stella Hildebrand, one of the Brady teachers, came down Saturday and remained over until Sunday, as guests of Mr. and Mrs. Jim Spiller. While here they attended the Christian meeting now in progress.

Rev. John Durst of Junction is conducting a Christian meeting this week. Large crowds have been attending.

Chas. Burns returned this week from Christoval Springs where he has been taking the baths at that place for rheumatism.

Mrs. J. Wilson and son, Roy, from Rochelle, are the guests of Mrs. Wilson's mother this week.

Arthur Deans made a business trip to Brownwood this week.

Joe Kidd and family of Loyal Valley visited Mart Williams and family last week.

The school board has elected Miss Mae Leach of Fredonia to fill the vacancy, caused by Miss Ada Hill's resignation.

There has been quite a lot of sickness in the community this week.

JUST RECEIVED!
The best-looking bunch of Pants that I ever did get before.
KIRK, Nuf-Sed.

PLACID PICKUPS.

Number of Boys and Girls Leave This Week for School.
Placid, Texas, Sept. 22.
Editor Brady Standard:

One of the largest rains we ever saw fall, fell Friday night, doing a great deal of damage.

The 'thresher was humming in our community the past two weeks, but got rained out again.

Mr. A. J. Shepard's baby was sick for several days the last week, but is better now.

Elva Shafer has been sick the past month but is much improved at this writing.

Several of our young people spent an enjoyable Sunday afternoon with Miss Celia Gault.

E. H. McCluskey spent last week courting in Brady.

Nat Gault and A. A. Jorday went to Brady today on business.

Edgar West left Saturday for Kansas City, Mo., where he will enter a mechanical school.

Ellis Parker left Sunday for Abilene to enter the Christian college.

Miss Mabel Ham will leave Wednesday for Hamlin to enter college.

Lela Haywood of Howard Payne college spent Saturday and Sunday with home folks.

Quay Johnson and family come in Sunday to visit J. W. Haywood and family.
"DAN."

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS Chill TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS Chill TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of **GROVE'S TASTELESS Chill TONIC** has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get **GROVE'S TASTELESS Chill TONIC** when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Home-made Harness, Bridles, Lines, Breeching, etc. Best because we put the right kind of workmanship and material into it. **H. P. C. EVERS.**

Still have a few cases glass top fruit jars left. **BROAD MERCANTILE CO.**

SWEEPING ONE OF THE BIG ELEPHANTS TO CIRCUS COMING TO BRADY, TEXAS.

A Tractor That Does More Than Plow

Plowing is *only the beginning* of what a tractor should be able to do.

It should also be able to do everything else in the preparation of the seed bed—the discing and harrowing, the planting. And it should do these things in a way that it will not injure the coming crop.

After the ground is broken, The Cleveland Tractor *goes over it* with the disc and the harrow, then *goes over it* with the seeder.

The Cleveland *rides on top* of the seed bed; *but it does not sink into it and it does not pack the soil.*

The Cleveland *goes over soft ground* because it travels on its own endless track which it picks up and lays down as it goes along.

These tracks have about 600 square inches of traction surface, so the pressure on the ground is only about five pounds to the square inch—therefore there is not enough weight at any one point to inflict damage.

We repeat, The Cleveland Tractor *rides on top* of the seed bed. *It does not sink into it; therefore it does not have to wade or wallow through it* And because *it does not sink in*, it does not have to push the dirt in front of it and pack it down in order to navigate.

And because it is not obliged to push the earth from in front of it and pack it down, the greatest possible amount of The Cleveland's power is available for accomplishing the work it has to do.

A Voice From Sioux City, Iowa, says
PE-RU-NA
Worth Its Weight in Gold
You cannot mistake the words of Mr. W. W. Northrup, of 908 Fourth Street, Sioux City, Iowa. He is enthusiastic about his present health and the merits of PE-RU-NA and wants everyone to know it. Here is a recent letter from him:—

"PE-RU-NA is worth its weight in gold and then some. I used to think it only a woman's remedy but have changed my mind. I had a cough, especially in the morning. After using half a bottle of PE-RU-NA was much better. I would cough up chunks of phlegm and mucus, my eyes itched and bothered me. Judging from the symptoms given in your almanac it was catarrh. My stomach is in much better condition since using your medicine."
"Use this testimonial, if you wish. Don't hesitate to advertise the merits of PE-RU-NA."
(Signed) W. W. NORTHROP.
There are thousands just like Mr. Northrup, skeptical at first but convinced by a trial of PE-RU-NA.
DON'T BE AN UNBELIEVER.

Relief From Big Fuel Bills

SAVE at least 1-3 to 1-2 your coal bill this winter. At the high price of fuel this saving should more than pay for this wonderfully efficient

Why be a slave to an extravagant heating plant when Cole's Hot Blast will give you perfect satisfaction for practically 1-2 your present fuel bill.

Cole's Original Hot Blast Heater

For Hard Coal, Soft Coal, Slack, Lignite, Wood and Lighter Fuels

1-3 Fuel Saving Guaranteed

Burns the cheapest grade coal clean and bright. Remember that soft coal is half gas. This valuable half of your fuel money escapes up the chimney and is wasted in other stoves. Cole's Hot Blast Fuel Saving combustion (see open cut) stops this needless waste and saves and utilizes the gas half of the coal wasted by other stoves and turns it into warmth and cheer for your home.

There is a man in our town,
As hateful as can be,
He thwacks his friend upon the back,
Then laughs with fiendish glee.

A BRADY MAN'S EXPERIENCE.

Can you doubt the evidence of this Brady citizen?
You can verify Brady endorsement.
Read this:
A. F. Behrens, grocer, says:
"Doan's Kidney Pills did me a lot of good and I always have them on hand. I have used them off and on at different times when suffering from kidney trouble. Before I used Doan's my back and kidneys were pretty weak and sore and the secretions from my kidneys passed too freely, but since I have taken Doan's Kidney Pills, I have been relieved. I recommend Doan's Kidney Pills to be a splendid kidney remedy."
Price 60¢, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Behrens had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Mud Turtles Are Insects.

"It reminds me of a story," said the woman doctor who has made a reputation among her friends by her quaint stories.
"A Milwaukee train, crowded with passengers, was returning from the lakes. A woman on board had a kitten in a small box on her lap.
"You can't have dogs on the train" said the conductor sternly.
"But this isn't a dog," returned the woman. "This is a cat."
"It doesn't make any difference," returned the conductor. "The rules of the road must be obeyed."
"But," answered the woman. "That man over there has a large mud turtle."
"That's different," said the haughty official. "Mud turtles is insects, while cats is dogs."

Despondency.

Sufferers from indigestion are apt to become discouraged and feel that complete recovery is not to be hoped for. No one could make a greater mistake. Hundreds have been permanently cured by taking Chamberlain's Tablets and can now eat anything that they crave. These tablets strengthen the stomach and enable it to perform its functions naturally. If you have not tried them do so at once.

COMPULSORY SCHOOL ATTENDANCE PERIOD IS 100 DAYS DURING YEARS 1919-20

The compulsory school attendance law requires pupils within the age and distance to attend school for 100 days during the school year 1919-20. Trustees should give notice when this period shall begin before the school opens, and post notices to that effect. I would suggest that all schools defer the compulsory period until after the Christmas holidays, on account of crop conditions in this county.

Respectfully,
W. M. DEANS,
County Superintendent, Ex-Officio
Compulsory Attendance Officer.

Swellings of the flesh caused by inflammation, cold, fractures of the bone, toothache, neuralgia or rheumatism can be relieved by applying BALLARD'S SNOW LINIMENT. It should be well rubbed in over the part affected. Its great healing and penetrating power eases the pain, reduces swelling and restores natural conditions. Sold by Central Drug Store and Trigg Drug Store.

HONEST INJUN.

Talking about "overhead"—the overhead and under-foot moisture appears to be making an attempt to meet—and very near succeeded the past couple days.

PRINT PAPER GOING HIGHER.

S. S. Carvalho, one of the best known newspaper men in the United States, and formerly the general manager of all the Hearst publications, stated in a recent interview that newspapers are facing the greatest crisis in the history of the industry. He said that 20 per cent more paper is being used than is manufactured; that high prices are inevitable, and that paper stocks are already at the danger line.

Mr. Carvalho bases the increased price of paper on the four following things:

"First—The labor cost per ton on white paper is now \$20 against \$10 four years ago.

"Second—It takes one ton of coal to make one ton of paper and coal at the mill has practically doubled in price.

"Third—The haul on pulp wood is growing greater each year; likewise the freight charges.

"Fourth—The six to nine cent markets of Europe, South America and Australia are now asking for Canada and United States paper."

Before the war the price of paper was given little consideration by publishers in figuring publication costs. Today it is a very important item. The only way to meet the advance is for publishers to secure better advertising and subscription rates, the only sources of revenue.

HELPING THE STRICKEN.

The Standard has been urged to appeal to the citizens of Brady and McCulloch county to come to the aid of Corpus Christi and the stricken towns of the coast. Financial assistance is greatly needed to help feed and clothe the destitute storm sufferers. Many cities of West Texas have already made liberal donations—Brady is yet to be heard from.

The people of Brady are not stony-hearted—they merely need someone to solicit their contributions. However, in times such as these, no one should have to be solicited—the offering should be free-will, and should come without delay or hesitation.

As stated in last week's paper, The Standard will gladly receive contributions to the Storm Sufferer's fund, to make a proper accounting of all funds received, and to forward same to relief headquarters.

Publishers of 152 New York periodicals have agreed to suspend publication for an indefinite period unless what they term the unwarranted and unfair demands made on them by labor leaders are withdrawn. Should this happen the reading public will be robbed of a lot of rotten fiction. And then the reading public can turn its attention to the newspapers of America, where it will find all the stuff "fit to print."—Fort Worth Record.

WHERE WE RANK HIGH.

The high school at Brady opened last week with an initial attendance of 110. This is seven less than the 117 enrolled in the high school at this place. The Brady grammar school enrolled 290, against 264 enrolled in the grades at Santa Anna. The total enrollment at Brady exceeds ours by 19, but a larger percentage of the Santa Anna pupils continue through high school.—Santa Anna News.

No doubt there are number of schools that make as good, or even better showing than Brady's, so far

as initial attendance is concerned, but there are very, very few who can in any way compare with the Brady schools in the matter of classification and rank. The Brady high school has affiliation with all Southern university, and has 20½ units credit with State university. This year the Brady high schools will try for 3½ more units credit, which will bring her total credit up to 24 units. There are few schools in the state, not to mention in cities larger than Brady, which can compare favorably with this record. As a school, Brady high ranks with the best in the state.

PREMATURE HEE HAW.

About the biggest laugh the News force has had for some time was over an article appearing in the Brady Standard of last week under the caption of "Good Roads and Highways." An editor's note at the top explains that the data of the article was gathered from authoritative sources and that the article was censored by the president of the Brady Chamber of Commerce. The article is a page in length and is as entertaining as any moving-picture comedy the News man has ever seen. It speaks of the Puget Sound to the Gulf Highway as being "practically like a pavement" and "well improved with natural chat, which is ground rock." One paragraph of the article is in part as follows: "The following roads are graded to a uniform width of forty feet and graveled 15 feet wide: Coleman, Voca, East Sweden, London, Eden, Whiteland, Menard, Mason, Brownwood and Santa Anna."

Schwenker, how did you manage it? Our press almost refused to grind out this much and we never would have been able to get the entire article through.—Mason News.

Editor Loring's article and his convulsive hee-haw are premature; also untimely and unwarranted, to say the least.

The article mentioned is authoritative, and had Loring stopped his mirth long enough to read the article thru he would have been spared the trouble of making merry over the same. The statements quoted by him are correct, but at no point in the article did we state that any of the highways mentioned were completed from one end of the county to the other. We wish we were enabled to say that. In fact, in summing up, we stated: "There are more than 75 miles of graded and graveled roadways thru-out the county at this time, with plans in the making for the grading and graveled of all the main roadways in the county."

Do you get that? The highways mentioned are graded and graveled within the confines of Road Precinct No. 1, and in favorable weather are all that is claimed for them in our article—and as good as the best roads Mason county has ever claimed or maintained.

The Standard is anxious to see Brady connected with Mason by a highway that will be "practically like a pavement," and we hope to live to see the day when this is accomplished. Ridicule upon the part of our contemporary at Mason will accomplish nothing, however—and that spirit should give way to one of co-operation, in which we are ever ready to join. As a matter of fact, the series of industrial articles, of which the "Good Roads and Highway" article was one, are intended to awaken the citizens, both at home and abroad to the advantage and necessity of improvements in all lines of civic life and endeavor.

Let Editor Loring read the article again—and then tell us whether his laugh has vanished.

SNAP SHOTS.

Mrs. Peavish says that the reason she quit buying tender cuts of meat is because if it is easy to eat Mr. Peavish eats it all.—Dallas News.

WET WEATHER PECULIARITIES NOTICED IN CLEAR WATER RUNNING FROM HILLS

One of the peculiarities of the recent excessive wet spell is the number of wet weather springs that have begun trickling forth from every hillside, the water being clear and sparkling as any spring water. This is especially noticeable in number of the creeks and branches, where the water is now running clearer than at any time before the big rains. Bear Creek is a notable example of these clear water streams.

Unfortunately Brady creek appears to have no springs feeding her, as Brady creek water is muddy, if not muddier than at any time this year.

WILL ANSWER CALL OF WHOLE WORLD

THIS IS AIM OF SOUTHERN BAPTISTS IN THEIR PRESENT DRIVE FOR \$75,000,000.

ENLARGE PRESENT WORK

Forces in Field Today Are Far From Sufficient to Meet Needs of Situation, Leaders Declare—Europe Included On Program.

Now that the larger liberties enjoyed by peoples everywhere, following the close of the world war, have revealed as never before the need and the opportunity for the spread of the gospel to all the ends of the earth, the Baptists of the South have launched their program for \$75,000,000, to be raised in cash and five-year subscriptions between now and December 7th, in the hope of making a worthy beginning toward supplying this world need.

Of the total sum sought in this campaign, the actual drive for the funds

DR. J. F. LOVE, Of Richmond, Va., Secretary of Foreign Missions for the Southern Baptist Convention.

to be made during Victory Week, November 30-December 7, \$43,000,000 will be devoted to missions, and \$20,000,000 of this sum will be devoted to enlarging the work on the ten important foreign fields occupied already and to opening up new fields where countless millions of people have not yet heard the story of Jesus Christ.

Asia, Africa, Latin America (including Mexico as well as South America), and Europe are the four continents in which the missionaries of Southern Baptists are operating today but in all of the ten countries of these continents, Southern Baptists have only 316 missionaries, 787 native workers, 192 of whom are ordained, 12 foreign physicians 6 foreign trained nurses, 21 native physicians and 23 native nurses.

"Our missionaries already on the field have wrought wonderfully for the Master, considering the difficulties they have had to confront," Dr. J. F. Love, secretary of foreign missions, declares, "but we at home have not supported them as we ought with helpers of all kinds and with schools, hospitals and other agencies to enable them to do a larger work in every way. The smallness of the work we have done already can be realized when we look at the vast number of people who have not been reached in the foreign fields we are occupying today. China, for instance, has a population four times that of the United States, or one-fourth the population of the entire world, and our force there consists of only 65 men, 62 married women, 49 unmarried women 54 ordained natives and 420 unordained native helpers. Japan, which has half as many people as the United States, is being served by 9 men, 8 married women, 3 unmarried women, 11 ordained natives and 6 unordained native helpers. In Italy there are a third as many people as there are in the United States, yet we have there only 2 men, 2 married women, 35 ordained natives, and 3 unordained native helpers. Mexico has 15,000,000 people, and we have in that country and on the border a missionary force consisting of 11 men, 11 married women, 3 unmarried women, 24 ordained natives and 15 unordained native helpers. Argentina has a population of 3,000,000, and our missionary force there consists of 7 men, 7 married women, 14 ordained natives, and 7 unordained native helpers. In Africa, we have entered only one state, that of Nigeria, but this state has a population of 20,000,000, and to serve those people we have only 7 men missionaries, 6 married women, 3 unmarried women, 3 ordained natives and 52 unordained native helpers. Brazil has a territory larger than all the United States and a population of 50,000,000. Serving those people we have a force of 54 men, 33 married women, 2 unmarried women, 69 ordained natives, and 52 unordained native helpers. Our work in Chile, where there are 3,000,000 people, is only two years old, but we have 12 churches, and 15 outstations, in which last year there were 122 baptisms. We need at least 100 more missionaries now and from the proceeds of this campaign we hope to employ them and then equip them and those on the field already for doing the largest work for the Master."

I'VE KILLED ABOUT THREE HOURS TRYIN' TO FIX THIS BLAME THING, AND I'M WAY BEHIND ON MY PLANTIN' NOW

THIS IS NO TIME TO BE TINKERIN' WITH YOUR DRILL, JEFF. IT WOULD PAY YOU TO GET A NEW ONE, JEFF. I'M LOOKIN' FOR IT TO CLOUD UP AND RAIN ANY DAY, NOW. - GIDAP!

Planting Time is Here

And in anticipation of your needs we have purchased a big line of FARM IMPLEMENTS Including Plows, Planters, Drills, Etc.

Don't waste valuable time trying to make out with an old worn-out implement.

The World needs all of the food and forage crops that America can raise this year and up-to-date farm equipment is necessary for every farmer who intends to do his share.

Come in the first time you are in town and let us have your order for New Thomas Grain Drill and a Disc Plow.

O. D. Mann & Sons

SHULTZ OIL WELL IS AT DANGEROUS POINT—GAS SHOWING IS INCREASING

"We are getting down to a dangerous point," said W. O. Shultz who was here from Millersview Monday, when asked about oil development on his ranch.

Mr. Shultz says that they were drilling at a depth in the Shultz well when either oil or dust must show up. The Shultz well is drilling at a depth between 3100 and 3200, and according to Mr. Shultz the gas showing is increasing.

C. L. Meloy of the Safety First returned from Fort Worth Sunday, where he spent several days in the interest of local development. He swung a couple of deals which will aid in further development here and he says that the oil men look upon the Runnels county field with favor, and that if local people would offer more encouragement, better progress could be made here in developing the field.

The Safety First is drilling at a depth of about 500 feet, and are ready to talk Safety First No. 2.

Russell No. 2 is setting casing at a depth of about 2100 feet. It is reported that considerable oil and gas was found in this well at this depth when drilling was suspended until casing could be placed. Members of the crew, however, say that the showing of oil and gas was very light at this depth.

The Lacy well is drilling successfully.—Ballinger Banner-Ledger.

HIT SALT WATER IN RUSSELL NUMBER 2; RUSSELL NUMBER 3 TO SPUD IN

Reliable reports from Russell well No. 2 today state that the bit went through the black lime into salt water. The well is about 2300 feet deep. It was at this point that oil was found in Russell No. 1, and when it was announced that casing had been set in the black lime and drilling resumed the scouts were watching for something good.

The Gulf Company's field man arrived here Wednesday and went out to the well to watch it "come in." It was also reported Thursday morning that Well No. 3 would be spudded in by the Gulf Production Company and if the report is true, finding salt water does not discourage the wild catters. When discussing the report of salt water, find, some of the local speculators shake their head with a suspicious grin.—Ballinger Banner-Ledger.

Could Prove a Lullaby.

A party of Manila army women were returning in an automobile from a suburban excursion when the driver unfortunately collided with another vehicle, says the Popular Magazine. While a policeman was taking down the names of those concerned an English-speaking Filipino law student politely asked one of the ladies how the accident happened.

"I am sure I don't know," she replied. "I was asleep when it occurred."

Proud of his knowledge of the Anglo-Saxon tongue the youth said: "Ah! Then, madam, you will be able to prove a lullaby."

PERSONAL MENTION

Contributions to This Column Invited. 'I know not what the truth may be, I tell it as 'twas told to me.' W. I. Myers returned Tuesday from Dallas where he had been on business. E. L. Lane was in Fort Worth the first of the week, boosting the oil game. Chas. Fuller is assisting at the cleaning and pressing department at Kirk's. Gus Ehropshire was among the number who left this week to attend State university. Robert White left last week for Ithaca, N. Y., where he will enter Cornell university. Mr. and Mrs. Edward Willoughby are spending the week here as guests of relatives and friends. Oscar Thompson is here from Eden this week, visiting home folks and attending to business matters. Oscar B. Reising has arrived here from Gatesville, and will be with the Brady Cotton Oil Co. as cashier. Messrs. Roy Williamson, Sabin and Herbert Marshall and Leslie Townsend left Monday to enter State university. Misses Willie Florence Yantis and Nola Meers leave on next Monday for Waco where they will enter Baylor university. Misses Gladys and Effie Mae Jones, who are employed in Dallas, have been spending the week visiting at Coleman, Lohn and Brady. Mrs. D. H. Young arrived Sunday from Dallas for a visit of a few days with her sister, Mrs. W. M. Deans, and friends in the city. She also visited relatives at Fife.

What about a set of Harness? O. D. MANN & SONS. Waste Baskets. The Brady Standard.

Why Clothing Prices are Going Up. Here are some cold figures, prepared by A. L. Siff, of Siff Bros. & Co., New York, as printed in a prominent Clothiers' trade paper: On March 1st, we were paying pressers \$25 a week. Today we are paying our pressers \$55. Then we were paying operators and tailors from \$18 to \$23. Today we are paying them from \$45 to \$65. The entire cost for making our sack coat (overhead included) at that time was \$2.34. Today it has mounted to \$8. The cost for making trousers at that time was 80 cents. Today it is \$1.25. The cost of making a vest then was 58 cents, today it is 90 cents. The cost of trimming a suit was \$2.85; today it is \$4.50.

lish, while Miss Stiebel taught Spanish and Latin. It was while teaching during the last session that the couple met, and the romance began. Mr. Donnell is a young man of highest character and splendid ideals, while his bride-to-be is a most charming, talented and lovable woman. In the happy culmination of the romance, all the friends of the couple rejoice and congratulations and best wishes are extended.

Bridge Club.

Entertaining for the Bridge club, Mrs. G. R. White proved a charming hostess on Tuesday afternoon. Present were Mesdames Herbert L. Wood, G. V. Gansel, C. T. White, R. W. Turner, W. D. Crothers, W. R. Davidson, H. B. Ogden, S. S. Graham, W. E. Campbell, F. R. Wulff. Mrs. Geo. F. King was a guest of the afternoon. In the series of "bridge," Mrs. Ogden received prize for high score. The hostess served a salad course. Mrs. Turner entertains for the club next Tuesday afternoon.

Five Hundred Club.

Meeting last Friday afternoon with Mrs. J. S. Anderson, the Five Hundred club had a very enjoyable session, playing a series of "500" at three tables. Club members present included Mesdames G. R. White, C. T. White, F. R. Wulff, J. S. Wall, Dick Winters, C. D. Allen, J. G. McCall, G. C. Kirk, Ed Campbell. Guests were Mesdames Frank Wilhelm, Burl T. Wiley, W. R. Davidson, B. L. Malone.

Mrs. Campbell received club prize for high score, and Mrs. Davidson, guest prize.

The hostess served apricot ice and cake. Mrs. Allen entertains for the club tomorrow.

AUBREY JONES, TWO YEARS A SAILOR IN U. S. NAVY RETURNS WITH DISCHARGE

Aubrey Jones, son of Mr. and Mrs. Lee Jones, returned Wednesday following over two years' spent in Uncle Sam's service, and is home to stay, having received his honorable discharge. Aubrey volunteered for navy service at Houston, and received his early training at Great Lakes. He was assigned to the radio service, attending radio school at Harvard, and following this spent ten months on board ship. For a time he was stationed on the U. S. S. Chicago, cruising out of Boston. Then he was transferred to the S. S. Mangore, as part of an armed guard. The Mangore was privately owned, and was engaged in carrying ore from Baltimore to Santiago, Cuba. It was manned by a civilian crew, and was assigned a gun crew and three radio men, of whom Aubrey was one, by the government. Following the cessation of hostilities, Aubrey has been at a radio station in Washington, D. C. His service record is a most unusual one, as but few boys from this section were engaged in this branch of duty. Naturally Aubrey is delighted at being home again, just as all his friends are to see him. If your child is pale and sickly, picks at the nose, starts in the sleep and grinds the teeth while sleeping, it is a sure sign of worms. A remedy for these parasites will be found in WHITE'S CREAM VERMIFUGE. It not only clears out the worms, but it restores health and cheerfulness. Sold by Central Drug Store and Trigg Drug Store. Save money by ordering your coal early from Macy & Co. We sell that good McAlester Coal. You can haul one bale of seed cotton in the ton size Matco Trailer behind any car. Get one at F. R. WULFF'S.

Use UNCLE SAM'S Money At 5 1/2 percent— To buy land— Or pay debts on land. See TOM ELLIOT, Brady. Here's Congratulations! Had you noticed how very dignified Ev Simpson appears these past several days? Well, the secret is out! It's a new grandson, Franklin Irvine Simpson, who arrived at the home of Mr. and Mrs. A. R. Simpson in the Dodge community Thursday, September 11th. But if Grandpa Simpson is feeling proud over the happy event, he doesn't compare with Father Simpson, who thinks his first-born is just about the finest bit of humanity that has ever graced old Mother Earth—and we don't blame him.

Sweetheart of Fighter is Kept by S.A.

Soldier Boy Leaves His Girl With Gospel Workers To Be Cared for in War.

She was just a little red-cheeked country girl who had come to the city to work. She hadn't come for any story-book motive, such as paying off the mortgage on the old farm. She was just a country girl who wanted to make a little money of her very own. There wasn't any chance at home. There was the butter and egg money, of course, but the family was large and there wasn't much to sell. So, like hundreds of other country girls, she came to the city to work. She secured a position as nurse-girl to two children, not much smaller than herself—she was scarcely more than fifteen. But the wages she drew amounted to very little more than the butter and egg money back home. The children were not always kind and she could never do as she wished, but always what they desired.

Finns World Unkind.

A vague, hurt, longing came into her heart. She wanted to see mother and dad. She wanted to feed the baby chickens; to rub old Dobbins' nose; to hunt hen's nests; to ride to the pasture for the cows; she was just plain homesick.

One of her duties was to take the children to the park in the afternoon. This was rather pleasant, usually, but one day when the ache in her heart was the strongest, and the children were more unkind than usual, she awoke to the fact that she wanted companionship—some one with whom she could talk of the things she liked to talk about, and then she saw him. He was a soldier boy and was sitting on a bench in the park near where the children were playing. He was a bit lonely too, and in a very short time the homesick souls were sharing troubles. Every day she met him there and then one day, he was called away. That day at the park he told her good-bye. But before he left, he took the girl to a Salvation Army home. The boy twirled his cap in embarrassment as the matron talked to him, but he looked her square in the eyes.

He Was Square

"I've treated her square," he said, "but she will get lonesome again and the next fellow might not be so square. So I am wanting you to care for her and look after her for me while I am gone." The girl stayed at the home, and when the war was over, a big, browned fellow rushed into the home, calling, "Mary!" Mary was there and the two were married in the home. Now Mary and Mary's soldier-boy are living on the old farm, caring for mother and father, and just being happy. And when they go to the city, they never fail to visit the Salvation Army home, which, they say, meant home for both of them.

ON GLORY'S TRAIL

By Billie Pierson

I went to sleep the other day—'twas quite unusual, by the way, for I believe that it is right to do one's slumbering at night. However, strange as it may seem I slept—and sleeping, dreamed a dream. (Here it is):

I journeyed to a little town, a village of no small renown, a place of pleasure, pride, and joy for man or woman, girl or boy. It seemed that each one wished to do things only that were good and true, so it was natural to feel that living there would be ideal. The homes were all so clean and neat; no painted girls were on the street; the parks were free from flirt or shirk; no ragged bums were hunting work; no ragged children, dirty, rude, were seen to steal or beg for food; no grimy clothes, no rags were seen for everyone was neat and clean.

'Twas wonderful—then I awoke. Said I: "That dream was not a joke." However unreal it all may seem the dream I dreamed was NOT a dream. Salvation Army centers see this dream of mine a reality. The poor are helped, the hungry fed, the bum is given food and bed while factory girl, or bum or clerk—all who apply are given work. A home of rescue for the stray who's somehow lost the better way; all this and more these workers do to make a tofn ideal for you. And now's a chance for you to do as you would have others do. Add dollars to the home campaign—your money won't be spent in vain.

Wood Visits in Ardmore Lieutenant Colonel George Wood made a trip to Ardmore, Oklahoma, last week for the purpose of addressing the Rotary and Lions' clubs in joint meeting with the Chamber of Commerce. The Ardmore have raised their quota to \$25,000 for the home campaign. They will build the money.

LOCAL BRIEFS

The Syndicate building is resplendent in a new coat of gray paint, artistically applied by Will Day, the past week. The bright new front gives a most attractive appearance to the block.

Dr. Jack Ragsdale arrived Monday morning, and is greeting his friends at the E. L. Malone & Co. store, with which firm he is now permanently associated. Dr. Ragsdale has always been a welcome visitor to Brady, and now that he has located among us, his presence is more welcome than ever.

A. R. Simpson says Dodge community got its full share of the rain which fell from Saturday night to Monday. Mr. Simpson had a hog trough built square out of boards and even six inches deep. Monday morning this trough was brim full and running over from the rain the night before.

A. F. McCoy and wife of Nine, McCulloch county, were here this week visiting and prospecting; while here they were the guests of Mesdames Tom Smith and E. M. Thornton. Mr. McCoy says he has a hard time trying to keep even with his son-in-laws, and wants to move out here where he can visit them more frequently.—Eldorado Success.

B. L. Malone left last night for Dallas where he will meet representatives from the leading jewelry houses of New York and Chicago, and announces that he expects to buy one of the largest and most select lines of jewelry that has ever been brought to Brady. Mr. Malone foresees the most prosperous of fall seasons, and is preparing to take care of his share of the patronage in his line.

F. R. Wulff left Sunday night for Detroit, Mich., where he will spend two weeks at the Dodge Bros. factory inspecting the work and following the manufacture of the Dodge car all through the various stages from the time the raw material is first laid down at the factory. Mr. Wulff believes in thoroughness in every detail of his business, and his mechanics, as well as himself, find it profitable to take factory courses whenever opportunity offers.

Mrs. John McCleary and daughter,

Announcement

HAVING PURCHASED the W. I. Myers Confectionery on the East Side, I invite both old and new friends to call and inspect my offerings. Have placed a standing order for the best of everything in the line of Fruits and vegetables received by express daily.

A choice and selected line of Candies, Nuts, Cigars and Tobacco will be carried.

Everything in Cold Drinks

The House of Pleasant Dealings

Miss Elsie, arrived from Ranger yesterday morning, and will spend a week here looking after her resident property. Mrs. McCleary says in the two years they have lived at Ranger they have become very much attached to the place. Mr. McCleary has a splendid position as field boss for the Prairie Oil & Gas Co., the company furnishing them a splendid house and place to live. Their health has been very good, and, on the whole, they could not be more satisfactorily located.

Lohn community last Saturday and reported he had gotten word from his brother-in-law, W. J. Reed, that he was enroute back to McCulloch county from Arkansas with a carload of apples, and that he was coming back to stay. Mr. Reed and family, former citizens of the Lohn community, left a year ago last February to hunt greener fields, but evidently McCulloch county has continued to be the best place in the world to return to. At least Mr. Reed looked mighty cheerful while in town this morning.

B. R. Bolding was here from the Indelible Ink The Brady Standard.

ANNOUNCING Badger Loose Leaf Goods To Complete our line of Office Stationery and Supplies, The Standard has added the famous Badger Loose Leaf Line This newest addition gives us the most complete stock of Office Stationery and Supplies in West Texas, and we are prepared to fill every need of the modern business office. McCULLOCH ESSENTIALLY AN AGRICULTURAL COUNTY

This is the ninth of a series of fifteen articles on industrial conditions of Brady and McCulloch county. The data has been gathered from authoritative sources and show true conditions as they exist today. Each of the articles has been censored and approved by the President of the Brady Chamber of Commerce—Editor.

McCulloch, under normal conditions, is essentially an agricultural county and one where all products native of the temperate zone enjoy a luxuriant and profuse growth. In fact, agricultural products make up the principle source of natural revenue from this section of Texas.

The county is one where diversification has been adopted and where it has proven that the farmer who follows scientific methods in farming and adopts the diversification plan is bound to succeed in this section.

It was but a few short years ago that McCulloch county was a part of the free and open range of Texas, with stock raising as the principle industry. The analysis of soil and the adoption of scientific and diversified methods in farming have shown conclusively that this county is better adapted to agricultural possibilities than to the stock raising, and, as a consequence, the large and extensive ranches which were a feature of the county have been gradually disappear-

ing and the well-tilled and profitable farms are taking their place. However there is still some land in the county which is better adapted to the raising of stock than to agriculture and this industry is still an important one, augmented, however, by the raising of more feed stuffs and the tilling of the soil.

McCulloch after its reorganization following the civil war. The area of the county is given as 1,100 square miles, with more than three-fourths well adapted to agricultural pursuits. The county is bounded on the north by the Colorado river, on the west by the Concho and Menard counties, on the south by Mason county and on the east by San Saba county. The San Saba river, one of the finest running streams in the state, runs across the southeast corner of the county, while Brady Creek, a water course of much importance and from which the city of Brady receives its water supply, splits the county through the center from west to east. The Colorado river bounds the county on the north.

The soils of the county are varied, but, as a whole, of a productive nature. There are three distinct types of soils according to a government soil analysis which was made to determine the adaptability of the county for agricultural purposes. These loam and a rich sandy loam. All three

PLOWING IN McCULLOCH COUNTY WITH TRACTOR

soils are a black waxy, chocolate soils are well adapted to the profuse production of all temperate zone products. South of the San Saba river the soil is all mostly a rich sandy loam and this land is especially adapted to the raising of fruits and vegetables, especially since artesian water is had at a comparatively shallow depth. Cotton, corn or any other field crops will thrive, however, on this soil, but the truck farmer will find this an exceptionally profitable location and the demand for truck gardeners in the county to supply the consumption in the west and southwest sections are

with such products as milo maize, kaffir, legumes, corn, wheat, oats, millet, feterita, sudan grass and other feed stuffs. These products all grow profusely with the long growing seasons which prevail here and although cotton stands at the head of the list as stated before, it is rapidly giving way to the diversified farming. The county and state maintain farm demonstrators in the county who work in conjunction with the A. & M. college, and who have been accomplishing a great work in the encouragement of maximum production

vate two or three times the number of acres here that he can in other cotton sections. The city maintains an exceptional market—in the past as high as 50,000 bales having been marketed on the streets of Brady in one season. Many farmers have raised in a favorable year from three-fourths to a bale of high-grade staple cotton on an acre of land.

Corn is raised in the valleys and the sandy soils produce this crop abundantly. This year, corn which will measure more than a foot in length in the ear, has been raised and some ears of corn will weigh as high as four pounds. The corn acreage is extensive compared to other agricultural centers of the state.

Oats, wheat, millet, sorghum, Johnson grass and alfalfa, and all the staple field crops yield well and are universally grown. Feterita is a crop which is practically new in the county, only having been grown during the past few years. It is regarded as a most valuable crop product and one which will attract much attention in an agricultural way in the county. It is of hardy, vigorous growth and is considered by many to be a better feed than milo or kaffir. Sudan grass is also a comparatively new crop, although it has proven profitable during the time it has been grown on the farms in the county and this year will find many acres of it being grown throughout McCulloch county. It is said to have a food value practically equal to alfalfa, and stock prefer it to most other feeds.

McCulloch county is the natural home of the watermelon, canteloupe, onions, beans, peas, and beats. Potatoes grow and produce well both the sweet and Irish varieties. The artesian wells are found in the sandy

LOOKING EAST FROM SOUTHEAST CORNER SQUARE, BRADY NATIONAL BANK IN FOREGROUND

and diversified in the county and the planting of proper crop products upon the soil to which they are best adapted.

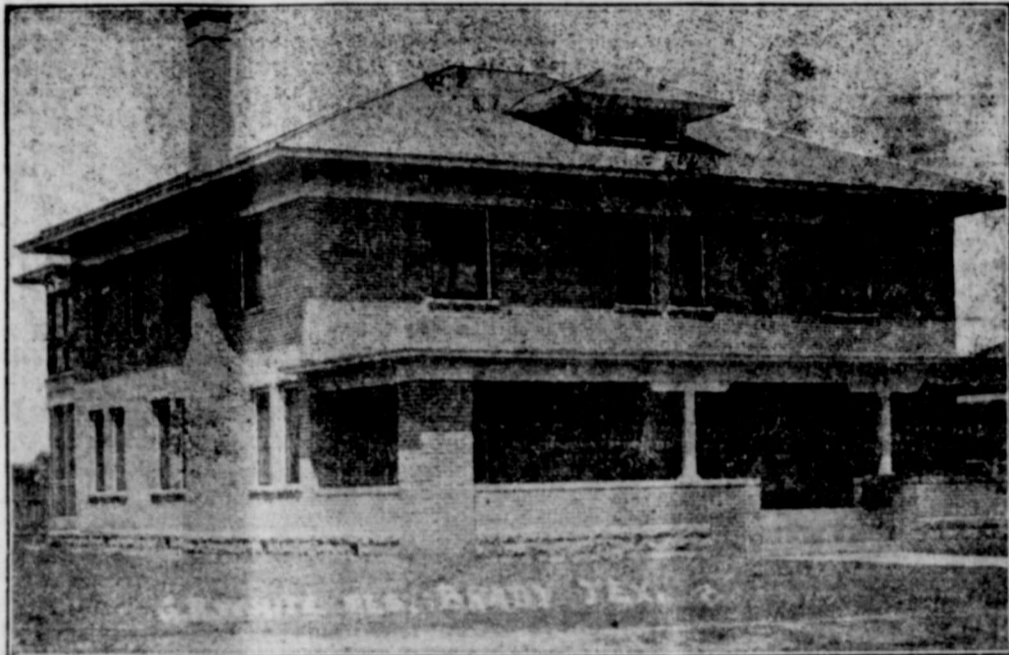

It is generally conceded that McCulloch county is a leader in the cotton production of the southwest and the southern districts of Texas. The land is practically free from boll weevil and other pests which retard development of the crop. While this crop is recognized as a hard labor crop, it has been, proven time and time again in the county that one man can culti-

regions and the water from these wells is used for the irrigating of garden spots where it is necessary, which makes the production along this line even more extensive. The county promises to contest with the Rocky Ford regions in the production of melons, and the type grown are of the sweet and palatable variety.

The hills and slopes of the county are especially adapted to fruit growing and almost every kind of fruit grown and produced in the temperate zone thrives and produces profusely

and almost every kind of fruit grown and produced in the temperate zone thrives and produces profusely

and almost every kind of fruit grown and produced in the temperate zone thrives and produces profusely

RESIDENCE OF G. R. WHITE

Mr. White is the largest land owner in this section of Texas

in this county. Apples, which are recognized as the best variety, are raised in the county, as well as plums, pears, peaches and almost every variety of fruits grow profusely.

Alfalfa is rapidly growing to be one of the important crops of the county. However, its production is open for development. The farmers are fast realizing that this crop can rapidly be made to produce a class with the other major crops of the county, as the growing season will permit of many cuttings and the price paid for alfalfa is high, making it an exceptionally profitable crop. As high as four or five cuttings of alfalfa can be made made in the county.

Investments in McCulloch county lands are bound to be paying ones. The county needs more farmers. There is much soil available for agricultural pursuits. There is still some virgin soil in the county which can be purchased as low as \$15.00 per acre and the price ranges up to \$100 per acre for lands which are highly improved. This same land in states farther north and east, which will not produce any more than McCulloch county, would sell as high as \$200 per acre. One attractive feature of the agricultural vocation in McCulloch county is the fact that very frequently the farmer who works, and works from a scientific standpoint, will be able to pay his land out in one season, from the profits which will accrue during that season; this, of course, under normally favorable conditions. However, two or three seasons at the outside will see the new farmer in this section with his investment returned and as can be found in the agricultural belt holding as valuable a piece of land belt of the United States, everything considered.

Teachers' Examination. An examination for all grades of teacher's certificates will be given in the District court room, October 3rd and 4th. The examination will open promptly at 8:30 a. m. and all applicants should be present at that time. Bring pen and ink. Regulation paper may be had at the county superintendent's office. W. M. DEANS, County Superintendent.

ALL-WOOL SUITS. Have just received a small shipment of All-Wool Serge Suits. Priced at \$25.00. MANN BROS.

Surgeons and Ammunition. O. D. MANN & SONS. We have a big supply of Wheat Sacks.

When you have an aching, stretchy feeling and you are dull, tired and discouraged it is a sign of approaching malaria or chills. You should act quickly to ward off an attack. HERBINE offers you the help you need. It destroys the malarial germ, drives out all impurities and makes you feel bright, vigorous and cheerful. Sold by Central Drug Store and Trigg Drug Store.

Leonard Petroleum Co. Well Closed Down—Company is Silent. Work at the Leonard well on the Waring ranch stopped suddenly one day last week and the well has been closed down hard and fast ever since. The company is silent but from the way they are snapping up leases it looks as though they have something on their mind. The town is full of oil scouts and leases are changing hands continuously and soaring at every change. Some have already sold for as high as \$20. The hotel is overflowing and the bank and land men as well as our station agent, are swamped with work.—Eden Echo.

Subscription Rates. To any postoffice within 50 miles of Brady \$1.50. Six Months \$1.00. Three Months .40c. Remittances on subscriptions from points less than 50 miles distant, will be credited at the rate of 12 1/2c per month, or 8 months for \$1.00.

To any postoffice more than 50 miles distant from Brady \$2.00. Six Months \$1.00. Subscriptions for a period of less than six months, 5c per copy, straight. Effective March 1, 1919.

Surgeons agree that in cases of Cuts, Burns, Bruises and Wounds, the FIRST TREATMENT is most important. When an EFFICIENT antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For use on man or beast, BOROZONE is the IDEAL ANTISEPTIC and HEALING AGENT. Buy it now and be ready for an emergency. Sold by Central Drug Store and Trigg Drug Co.

MAKING OF WINES AT HOME IS PROHIBITED RULES ATTY. GENERAL

Austin, Texas, Sept. 18.—A person who manufactures wine, cider or any other beverage for home use as a beverage would be guilty of violating the law, provided the beverage so manufactured is capable of producing intoxication or is an intoxicating liquor according to an opinion given today by Acting Attorney General W. A. Keeling to J. P. Word, County Attorney of Bosque county.

County Attorney Word, in asking the opinion, stated that there are several farmers in Bosque county who wished to know if they are permitted under the law to make grape wine for their own use out of mustang or other grapes.

The recently adopted constitutional amendment, the Acting Attorney General says, prohibits the manufacture of all liquors for beverage purposes anywhere in the State of Texas, and permits only the manufacture of intoxicating liquors for medicinal, mechanical, scientific or sacramental purposes.

The Dean bill, which becomes effective October 21, in defining intoxicating liquors, constitutes all beverages intoxicating which contain one per cent or more of alcohol, but leaves it a question of fact as to whether or not liquors containing one per cent or less are intoxicating. If a beverage would be intoxicating which contains less than one per cent of alcohol, the sale, transportation, etc., in Texas is prohibited. The legislature has not the power, if it were so disposed, to constitute a liquor non-intoxicating, but to aid the enforcement of law it can declare a liquor intoxicating, which in fact, is not intoxicating.

Under the constitutional amendment which is now in full force and effect, Acting Attorney General Keeling says the manufacture of any intoxicating liquors except for medicinal, mechanical, scientific or sacramental purposes is absolutely prohibited.

"It also follows that the manufacture of any character of intoxicating beverages, whether designated for personal use or for sale, is absolutely prohibited. Unless its manufacture was for medicinal, mechanical, scientific or sacramental purposes," says the opinion. The opinion further says: "When the Dean bill becomes operative, it being a measure passed in aid of the constitutional amendment, this measure constitutes any liquor an intoxicating liquor which contains as much as 1 per cent alcohol, and which is a beverage. In other words, a beverage containing as much as 1 per cent alcohol is intoxicating liquor. Any beverage containing less than 1 per cent of alcohol, but which is capable of producing intoxication when taken into the human stomach in quantities that can practically be drunk, will also be classed as intoxicating liquor."

When you have an aching, stretchy feeling and you are dull, tired and discouraged it is a sign of approaching malaria or chills. You should act quickly to ward off an attack. HERBINE offers you the help you need. It destroys the malarial germ, drives out all impurities and makes you feel bright, vigorous and cheerful. Sold by Central Drug Store and Trigg Drug Store.

Brady Business Firms--Industrial Institutions

S. W. Hughes & Co.

One of the leading institutions of the county which has had a wide influence in the development of this section, and which has been influential in the handling of the local oil situation by furnishing up-to-date abstracts, is S. W. Hughes & Company, doing a general abstract business in Brady and McCulloch county.

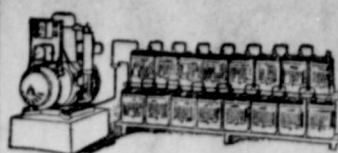

This plant was established in Brady in 1900 and was taken over by S. W. Hughes & Company in 1911, and since 1914 has been managed by S. W. and B. L. Hughes. From the day it was first established, every item of business transacted by the company was handled so as to insure success attending every effort as well as satisfaction for those to whom service was rendered. As a result, this plant is not only a great success and a credit to the city, but in addition is equipped to handle title abstracts to all the lands in this section in such a manner as can be thoroughly relied upon.

The company maintains exceptionally well-appointed offices over the Brady National bank on the principle business corner of the city square. The office is neat and well furnished. The company has six employees, four of whom are stenographers, housed in the four office rooms maintained by the company. The exceptionally proficient help which is employed by the company enables them to turn out their work in a prompt and satisfactory manner, and there is never any long waits because of delay in the company's getting out the work.

There is no line of business that has such an important place as the abstract business with reference to land transactions or the handling of oil leases or transfers. The titles to the lands must be shown to the satisfaction of the purchasers and there is no one better equipped to give these titles than a bonded abstractor. This company maintains an abstract of title to every tract of land, every town lot and every sub-division in the county, up-to-date. The records are carefully watched every day and the transfers that are recorded at the county recorder's office are almost simultaneously transferred to the books of S. W. Hughes & Company. This company has a plat showing the sub-division of every tract of land made by the county surveyor, this plat showing everything that is not shown in the original field notes of the surveyor. In fact, there is nothing with reference to the sub-division of land tracts or anything with reference to the title of lands in the county that is not of record on the books maintained by this abstract company. These records include a full copy of the abstracted judgments recorded in the county clerk's office.

The company has the Montgomery Handy Index to lands in McCulloch county, which is the only one in this and adjacent counties. All abstracts are completely indexed on the first page and the firm's order number appears at the head. This plan was adopted January 1, 1912. All abstracts issued by this company are bound in blue vellum, a plat sheet with full instructions for use is attached to every abstract; in fact, when work is turned out by this company, everything known to up-to-date abstracting, is done to furnish the purchaser of the abstract a complete and clear title to the lands in question.

Both members of the firm are enthusiastic boosters for Brady and McCulloch county. During the time they have been in business here they have done everything in their power to assist in the upbuilding of the city and county and have been important factors along this line. To those who might purchase land in this section, it can be said that if the abstract of title is secured thru S. W. Hughes & Company, they may rest assured that all matters of record with reference to the title of the land have been included therein.

**TARKINGTON & STAPP
OPEN OFFICES HERE—TO
BUY COTTON THIS SEASON**

Tarkington & Stapp, leading cotton firm of Yoakum, Texas, are arranging to open offices in Brady for the coming cotton season, having leased a suite of rooms over the Broad Mercantile Co. store on the south side. W. E. Stapp will be in charge of the office, while J. Levy will buy cotton on the streets and A. C. Franks will buy cotton at inland points. Messrs. Stapp, Levy and Franks all arrived here Monday, making the trip from Yoakum through mud and rain in their car.

The office rooms are now being renovated, decorated and refurbished, and will give the new firm one of the most commodious and desirable offices in the city.

Mr. Franks is a nephew of J. C. Koerth, formerly of this city, and, like his uncle, is a most whole-souled general gentleman, while the men with whom he is associated are likewise

splendid gentlemen and welcome additions to the ranks of local cotton buyers.

Mr. Stapp says it has always been the custom of his firm to identify themselves with every good move in the community in which they are located, and that they will always be found ready to do their full share in any move for the welfare of Brady and McCulloch county. This viewpoint is to be commended, and makes doubly welcome this excellent firm to our city.

The Chief Question.

At the last lecture of the term Professor Clarkson told the students, with much emphasis, that he expected them to devote all their time to preparation for the final examination.

"The examination papers are now in the hands of the printer," he said.

"Is there any question you would like answered at this time?"

For a moment there was silence; then one of the students called out: "Who is the printer?"—Harper's.

**SELLS-FLOTO
CIRCUS IN BRADY
THURS., OCT. 9**

When the Sells-Floto circus makes its appearance in Brady on Thursday, October 9th, for two performances, afternoon and night, the thousands who will visit this big amusement enterprise will witness a real circus treat, for never before in the circus world, have so many acts of real merit been congregated under one circus banner. There will be a quarter million tons of elephant performing in the three rings by these mammoth pachyderms; three herds of them, and with this circus is the only elephant that ever carried its trainer mounted on its tusks while walking round the hippodrome track on its hind legs; there will be aerial acts, the dome of the tents being alive with flying humanity, each having something new and novel in off-the-ground work; there'll be horsemanship by some of the greatest riders of modern time; Statue horses and performers; bars acts full of comedy; wire acts, the cleverest that money can secure; contortion novelties; the Dervish acrobats in their whirlwind acts 'round the hippodrome, the aerial butterflies in costumes of beauty; the troupes of Indians, and features innumerable. But with it all, the fun section of the program has not been neglected. Forty clowns, famous ones, take care of this part of the program. The street parade is scheduled for 11 o'clock, sure. The performances begin at 2 and 8 o'clock with the great spectacular extravaganza, "The Birth of the Rainbow." Doors open one hour earlier to give ample time to inspect the large menagerie and attend the lengthy program given by the celebrated Sells-Floto concert band of forty pieces.

**DISTINCTIVE GARB
OF RANGER PASSES
INTO THE DISCARD**

Austin, Sept. 17.—The big wool hat and boots are the nearest approach the Texas ranger has made to a uniform, and he regrets to see them passing under new regulations which prohibits him wearing, while in town, boots, spurs, big hats and belts, exposed pistols and similar "boisterous" equipment.

"When a man wears boots most of the time, he feels partly undressed when he puts on shoes," one of them said.

"There is much good-natured chaffing among them over their 'Sunday guns,' and clothes that make them look like 'dressed up country gamblers,' as one put it. A "Sunday gun," the uninformed should know, is a pistol that lends itself to concealment more readily than does the big forty-five six-shooter which the ranger maintains is the only dependable side arm.

He Didn't Like His New Hat.

Recently a lean and tanned ranger from a border company was assigned to the headquarters company in Austin. During a discussion of the new regulations, he held out his new hat, which had well above the average brim spread, and remarked with a sheepish grin: "Look what I've got to wear."

"He's been wearing a hat he could water his horse in," another ranger explained. "And that's the first pair of shoes he ever owned in his life. He'll be all right when he forgets his boots."

His Belt Was Verboten.

Another member of the headquarters company is grieving over a \$25 land-made gun belt which has been excluded from public display by the new regulations. This belt is not a showy affair, and the cost came because it was made to measure and so fits the hips as to distribute the weight of a four-pound six-shooter. Worn on a narrow dress belt, a big gun rubs "corns" on his side, this ranger complains.

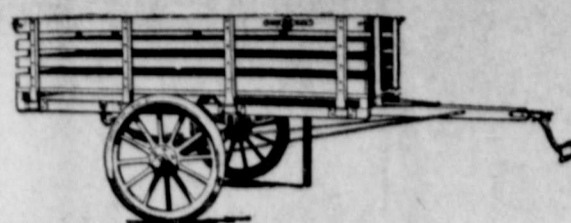

The new regulations were made by the adjutant general as a result of complaint made during the recent legislative investigation of the ranger force. Several citizens objected that the big hats, spurs, boots and swinging guns worn by rangers who ride the border are not in harmony with the civilization which has come to Texas, and now the typical Texas ranger is going the way of the painted and feathered Indian.

FARM HINTS
By B. D. Black

Boys' Pig Clubs.

Boys, now is the best time of your life for you to get a start in the pure-bred hog business. You may go where you please and you will find the people all wanting the best live stock that it is possible for them to get. The registered animal is the only one that you can be sure of its offspring. Really, you are not absolutely sure of it, but you can take the pedigree and see what its parents have done for three or four generations back. Then you can judge with more certainty what the offspring will be than if you knew nothing of the ancestors. The registered animal of all sorts bring better prices than do grades. If for no other reason, that one alone is enough to justify the buying of registered stock. You can sell them anywhere and at all times.

I have not pushed the hog business in this county before now, because of the fact that there was not sufficient feed in the county to assure a profitable business. Now we have plenty feed and will soon have some money to buy with. If you do not have the money to make the purchase, let me know and I think I can get it for you. I shall go to Williamson county as soon as the weather will permit and buy registered big-bone Poland China pigs are bred gilts for the boys who want to join the pig club. Of course I will be glad to get them for men too, but the work is being stressed with the club members at this time. Come to see me if you are interested. If it is impossible for you to see me write me a letter telling me just what you want and I will take the matter up with you directly and explain all the details. Of course, these hogs will cost more than common stock. If they did not we would not want them. Get busy now boys.

The committee that was appointed last Saturday is at work on plans of marketing this year's cotton crop. They will make a full report at the meeting next Saturday evening at 2 o'clock. If your community is not organized get busy and organize by electing a man to represent you in the advisory board. We had a good meeting last Saturday.

There will be no McCulloch county exhibits at the Dallas fair this year. The weather has ruined so much of the crops that we feel that an exhibit would do more harm to the county than good. The weather has also prevented my getting over the county to select the products as I had wished to do. We are starting now to get ready for the fair next year. Let's work to that end. All working we can succeed in a large way next time.

**BEN REED RETURNS FROM
ISTHMUS OF PANAMA AFTER
SERVICE WITH THE U. S.**

Ben Reed, son of Mr. and Mrs. Chas. K. Reed of this city, returned Sunday looking hale and hearty after fifteen months' service as storekeeper for Uncle Sam on the Isthmus of Panama. Ben was one of the first boys to volunteer his service following the declaration of war on Germany, and after training for some time at Great Lakes, he spent eight months on board ship. Then he was sent to the Isthmus, where he spent the balance of his enlistment. Ben says it's mighty hot down in Panama, and the negro population gets on a person's nerves, but aside from that, he enjoyed his stay there well enough.
