Melvin to O. B. Bevers, at a price of \$30.00 per acre. The farm is improved, with house and outbuildings and has 90 acres in cultivation. Mr. Bevers will likely farm on it this year.

In the trade, Mr. Glober acquired from Mr. Bevers ownership and possession of the Morrow hotel, which Mr. Bevers has operated for the past year or so. Mr. Bevers vacated the place yesterday, moving to one of E. G. Lea's places, which he purchased some time ago.

Mr. Glober and family occupied the Morrow hotel yesterday and the place will be continued as a family hotel under direct charge of Mrs. Glober. Mr. Glober, himself, will continue in charge of the tin shop at O. D. Mann & Sons' store.

DEALERS WARNED NOT TO SELL SUGAR ABOVE 22C; GOVERNMENT CONTROLS IT

New York, Dec. 31.—Food Administrator Williams today announced that dealers who retailed sugar of the new Cuban crop for more than 20 cents a pound would be prosecuted by his office. Those selling sugar of the old crop must adhere to the retail rate of 11 cents a pound fixed by the Government. Dealers selling sugar at 20 cents will be compelled to show bills of sale to establish that the sugar is in reality the new crop and not the old, Mr. Williams explained.

Government Control Continued. Washington, Jan. 1.—President Wilson has signed the McNary bill continuing the United States sugar administration board through 1920. It was announced today at the White House that his signature had been attached before midnight last night.

FACTORY TO SHIP NEW LIGHT PLANT MACHINERY LATTER PART OF MONTH

LETTER RECEIVED BY MAYOR LEE KING SATURDAY FROM FAIRBANKS-MORSE COMPANY—GIVES DEFINITE ADVICE AS TO SHIPMENT.

The board of trustees of the city and the citizenship of Brady in general may heave a sigh of relief and satisfaction, for at last there has come word from the Fairbanks-Morse Co. definitely naming the end of the present month as the shipping date for the machinery for the new water plant by the city last October. The letter addressed to Mayor King

The shipment will include the two 100-h. p. Diesel engines, to be run in parallel, two 90 kilowatt alternating generators, one 15-h. p. motor for triplex pump, one 2 1/2 inch motor-driven centrifugal pump for filter, one 3-h. p. starting engine for air compressors, two 7 1/2 h. p. exciters, one complete switchboard.

This will complete all the machinery, material and supplies purchased by the city from the Fairbanks-Morse Co., and will give Brady what is conceded the most modern and complete plant for a town of this size ever installed in Texas. As a matter of fact, first plans were to purchase but one engine and generator, which would have been sufficient to operate a plant giving full service to a city of the present size of Brady. In order, however, to provide for the future growth and development of Brady, as well as to take care of any emergency or temporary disability, it was decided to enlarge upon the original plans so as to make the plant of two

the Brady Water & Light Co., the oil and the citizenship of Brady in general may heave a sigh of relief and satisfaction, for at last there has come word from the Fairbanks-Morse Co. definitely naming the end of the present month as the shipping date for the machinery for the new water plant by the city last October. The letter addressed to Mayor King

and received last Saturday. The two 100-h. p. engines running in parallel, the construction of the plant being such that each added unit merges with and becomes an integral part of the original unit.

Brady citizens are looking forward with pride to the day when Brady's new and modern municipal plant is put into operation. It will mark an epoch in the history of Brady's progress and advancement.

BRADY, TEXAS, Jan. 13, 1920.

HONEST INJUN.

The bottom dropped out of McCulloch county roads about the same time the bottom dropped out of the rain clouds.

CRIMINAL WASTE OF THE STATE GOVERNMENT.

Says the Brownwood Semi-Weekly News:

Elsewhere in this issue is published an article by T. H. McGregor of Austin, calling attention of the people to the extravagance of the present government of Texas, and setting forth in simple details figures to prove that over a half million dollars of the tax revenue of the State is wastefully appropriated and used annually for traveling expenses by the various departments of the administration.

This article also points out the uselessness to the state of several departments that are spending hundreds of thousands of dollars a year without giving any material benefits in return to the people. This article should be read closely by every reader of the News. It shows the leaks, and it shows the manner in which thousands of dollars of the general revenue of the State are employed to enrich officeholders, and for private joy riding junkets for the horde of hangers-on who infest every office of the State government.

One pertinent thing about this wasteful condition in the affairs of our State is that the several candidates so far announced for Governor with the exception of Judge Henry of Waco, offer nothing as to its abatement. Instead, they have each of them brought forth platforms suggesting a system of expansion in expenditures which comprises nothing less than bankruptcy for the State, or bankruptcy for the taxpayers.

We are now pouring money by the millions into the hands of the Legislature and the State office holders and the people are getting nothing in return for it. Look up the appropriation bills, and any taxpayer can see that for every dollar poured into Austin, not a dime in benefit, is coming back to the taxpayers.

A new campaign is now opening. The people of Texas should awaken. They should demand a better government, and a better set of Representatives. In the coming campaign the people should demand retrenchment; they should demand the eradication of every useless State officer, and of every useless State commission.

They should demand honesty and retrenchment, and the upholding of democratic principles. The candidate for State office who does not stand for these things should be denounced

BILL PLACES EMBARGO ON NEWS PRINT PAPER; SEVERE PENALTY

Washington, Jan. 6. — Declaring that weekly and small daily newspapers throughout the country are facing suspension, Congressman Scott Ferris of Oklahoma today introduced a bill placing an embargo on newsprint paper.

The full text of the bill is as follows:

"Be it enacted by the senate and house of representatives of the United States of America in congress assembled that for a period of one year from and after the passage of this act it shall be unlawful for any person, firm or corporation to export any print paper from the

United States;

"Sec. 2: That the secretary of the treasury is hereby authorized and directed to make all necessary regulations for the purpose of carrying out the provisions of this act;

"Sec. 3: That any person who shall violate any of the provisions of this act or any regulations made in pursuance thereof shall upon conviction be fined not more than \$10,000 or imprisoned for not more than ten years or both, and the officers, directors or agents of any corporation who knowingly participated in such violation shall be punished by like fine or imprisonment or both."

The Standard is authorized to make the following announcements, subject to the action of the Democratic Primary:

and defeated. — Brownwood Semi-Weekly News.

NO PROFITTEERING HERE.

He was a prosperous McCulloch county farmer, and a man of fair intelligence; yet he snorted in anger and disgust when we told him the subscription rate to The Standard was \$1.50 per year. "Why," he said, "I can still get the Dallas Semi-Weekly News for a \$1.00 a year."

True, Old Timer, too true! On top of that \$1.00 subscription price of the Dallas News, that paper offers commissions to agents, and an additional premium to agents sending in large numbers of subscriptions. In other words, the Dallas News can, and does, virtually give its subscriptions away, because the returns received from its classified ad section alone, not to mention its regular display advertising, gives it a source of revenue which makes its subscription price a mere drop in an ocean of money.

With The Standard, the subscription price must pay for the cost of the paper, ink and other materials used in its manufacture, if we are to secure sufficient revenue from the display and classy-fi-ad sections to pay us returns on our investment and living wages for ourselves and our employes.

Let us stop and figure, and see if The Standard is profiteering on its subscription rates.

Before the war we sold The Standard for \$1.00 per year; now it's \$1.50 — an increase of 50%. The wages we now pay are just 100% greater than pre-war prices. The cost of the paper we print it on is just 300% greater than before the war. Ink, lubricating oils and greases, machinery, type, tools, materials and everything used in the manufacture of a newspaper has increased from 50% to 300%. Can you figure where we are making money at the rate we have advanced? Can you figure how we could exist at a lower rate? We await a reply!

On the other hand, how about this farmer's products? Would he accept a 50% increase over the 1917 price of his cotton, his small grain, his eggs, his butter, his poultry—anything whatever that he raises on his place. If he will, he will find us ready to trade subscriptions or the real coin with him just as long as he can stand the racket.

Percy Noodles says that when he told the capitalist's daughter it would be the happiest day of his life if she would call him one sweet name she said "Padding-head!" —Dallas News.

The Government deficit from railroad operation for the month of November was approximately \$64,500,000 and for the twenty-three months of government operation the net loss of the government is placed at \$543,000,000. No wonder that the president announced the roads would be returned to their owners on March 1st. —Coleman Democrat-Voice.

MCCULLOCH COUNTY PROSPERITY.

Says the Fort Worth Record:

Great is West Texas. It must be true that the West Texans are coming into their own. Editor Schwenker of The Brady Standard sings a song of plenty and prosperity in the current number of his newspaper. It is worth the while. Read it. "It is a far cry from pastures as barren as the wide open road, and denuded of cattle and livestock as well as of vegetation, to pastures with grass growing tall and luscious and covered with cattle as fine and as fat as could be wished. It is little short of magic to see fields and gardens that contained only a few withered and dried stalks now rank with bundles of grain, and vegetables which the busy farmers have not had time to gather and store away. Yet that is the transformation that has been wrought in a twelve months in McCulloch county. Farms and fields deserted by citizens in 1918, now are occupied by a happy, prosperous people. Their places teem with fine cattle, horses and all sorts of livestock, and with turkeys, chickens and every manner of fowl. Thousands of dollars have been spent in bringing fine horses and mules, registered and high-grade cows, prize-winning pigs and hogs into the county. Still other thousands have been spent in tractors, trucks, trailers, farm machinery and farm improvements. And all this wonderful change from desolation and near despair to opulence and happiness has been wrought by one year of wonderful crops and wonderful prices for all farm products."

This is not all of the story of dollars and development. The Standard says: "McCulloch county oil activities during the year 1920 promise to surpass all previous efforts. During the holidays operations have been at a virtual stand-still, the operators and crews having suspended work in order to visit home folks and friends. With the new year, however, they are returning and not only is the work being taken up where it was left off, but new operations are forecast in all parts of the county." According to agents of the department of justice there are no Reds operating in Texas; there are no alien anarchists stirring up strife; there are builders everywhere; there are developers everywhere and 1920 promises to be the most prosperous year for Texas and Texas since the flag of Santa Anna went down in the historic field of San Jacinto.

TERRIBLY SWOLLEN

Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga. — Mrs. Kate Lee Able, of his place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. We were swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Theford's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theford's Black-Draught."

Theford's Black-Draught will help you to keep fit, ready for the day's work. Try it!

NC-131

MALONE & RAGSDALE SUCCEEDED FIRM OF B. L. MALONE & CO. MONDAY

Malone & Ragsdale is the newest of Brady business firms, having Monday succeeded to the business of B. L. Malone & Co. As may be readily imagined, the members of the firm are none other than our own B. L. (Pat) Malone and Dr. J. W. (Jack) Ragsdale. Mr. Ragsdale became interested in the firm of B. L. Malone & Co. some months ago, but effective Monday he becomes equal owner with B. L. Malone in the business, and the new firm name applies more fittingly to the new partnership.

As before, Mr. Malone will continue in charge of the jewelry department, while Dr. Ragsdale will devote himself to the optical department. Needless to say, however, both will apply themselves in every way to the building of the business from every angle, and their popularity and the success they have attained in the past is the best indication of the prosperity and success they will, without question, merit in the future.

HERE'S A LIST OF COMING PRODUCTIONS AT THE POPULAR LYRIC THEATRE

Manager Julius Levy has in store for Brady and McCulloch county theatre-goers some of the best features now appearing in filmdom, and will shortly announce dates for these various attractions. While these features are widely heralded as among the most noteworthy, it is nevertheless a fact that each and every night's program is well worth the money.

Mr. Levy is getting the very best of pictures, and will continue to do so as long as business justifies.

Just look over the following list and note the star plays and the star players:

Mary Pickford in "Heart of the Hills."
Wm. S. Hart in "Branding Broadway."
Douglas Fairbanks in "His Majesty, the American."
"Back to God's Country." — All-Star cast.

"Broken Blossoms" — D. W. Griffith's production.
Douglas Fairbanks in "When the Clouds Roll By."
Dorothy Dalton in "Vive La France."
Charles Ray in "The Law of the North."
Charlie Chaplin in "Day's Pleasure."
Constance Talmadge in "Virtuous Vamp."

Then it is another noteworthy fact that while these pictures are being shown in the larger cities at prices ranging from 50c to \$2.00 per admission, they can all be seen here at the same uniform price of 15c and 25c. Mr. Levy is determined to maintain these prices just as long as attendance at the show holds up. Watch his half-page announcement on front page of every Tuesday issue for the dates for the above attractions.

NEW MCCULLOCH CITIZEN ARRIVES FROM VIRGINIA — J. S. DECK AND FAMILY

Marion Fowler was here this morning from the Lohm community to assist in moving his brother-in-law, J. S. Deck, and family, who arrived last week from Virginia, out to the place which Mr. Deck has purchased from Jack Jones in the Pear Valley community. Mr. Deck visited in McCulloch county about three years ago, and hearing of the wonderful prosperity in this section, decided it was a good time to "Come to Texas." Needless to say, The Standard, in common with the citizens of McCulloch county, is glad to welcome him to citizenship.

Marion said although "Uncle" Jack Jones has sold his old home place, it was impossible to run him off, and that he was now building a fine residence just across the road from his former home, and where he has a splendid 320-acre farm. So Pear Valley not only retains its old and highly-esteemed citizen, but adds another to its community circle.

We sell Underwood, Oliver and all makes of TYPEWRITER RIBBONS. "Not the cheapest, but the best." The Brady Standard.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. Hall's Catarrh Cure acts thru the Blood on the Mucous surfaces, expelling the Poison from the Blood and healing the diseased portions. After you have taken Hall's Catarrh Cure for a short time you will see a great improvement in your general health. Start taking Hall's Catarrh Cure at once and get rid of catarrh. Send for testimonials free. F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

GET-TOGETHER

"How many times do you want this Classy-Fi-Ad run," we asked C. J. Hallett.

"Just one time," he replied, "that will get me results."

Mr. Hallett wanted a large wood stove—one Classy-Fi-Ad last Tuesday, and Wednesday we had the very stove he wanted.

We told him, and it was up to him and the owner of the stove to make a trade.

The Brady Standard's CLASSY-FI-ADS

can't make your trades, but they are the greatest "Get-Together" medium in the world in McCulloch county.

Kindergarten Helps for Parents

This is No. 21 of a series of articles issued by the National Kinder-
garten Association. They will appear weekly in these columns.

By DOROTHY CANFIELD FISHER.

In even the thriftiest and most ec-
onomical family more money is spent
foolishly on meaningless flimsy toys
for children than parents realize. The
familiar ten-cent bag of candy which
many country children expect on a
trip to town would buy a box of col-
ored crayons which would be a well-
spring of joy and profit to them for
days and days. The cheap twenty-
five-cent gaudily dressed doll which
goes to pieces after a day or so of
vigorous play, costs as much as five
pounds of potter's clay which would
make innumerable toy dishes, and be
the source of incalculable educational
advancement. If the mother, away
on a shopping trip, can resist the
temptation to "take the children
something" in the shape of a poorly
constructed wooly lamb which loses
its legs in the first half-hour's play;
if she can persuade the visiting aunt
to let her spend the money which was
to have bought candy, very bad for
little teeth; if she can head off the
bachelor friend from bestowing a me-
chanical top which becomes uninter-
esting after the second day; she will
soon have the money to buy a treas-
ure store of profitable educational
playthings which will last through the
children's early days.

Colored crayons cost ten cents a
box; for another dime a good supply
of wrapping paper can be bought
from the grocer, which, cut into
large, square sheets, furnishes the
background for much "drawing" and
coloring by artists of three and four
years. They can be shown how to
draw around a drinking glass or a
small plate, to make circles; around
a block to make a square; around a
salt cellar to make an oblong, and
they delight in coloring the designs
thus formed. This is fine prepara-
tory training for writing. These col-
ored designs can afterwards be cut out
by the children with blunt-pointed
scissors (which can be bought for 20
cents a pair) and this furnishes an-
other exercise for the hand. The gen-
eral opinion is that children under
five are not able to use scissors, but
there are many exceptions to this
rule.

As the children grow older they
like to change from colored crayons
to water colors, a box of which can
be bought for 20 cents. Such a box is,
next to modeling clay, the most last-
ing satisfaction to children, and the
uses to which it can be put are not
to be counted. The spoils which they
have been playing with can be col-
ored brightly and made into neck-
laces. All the designs they have
made and colored with colored cray-
ons can be colored with water color
with fresh pleasure. Old magazines
with large-size pictures can be col-
ored, and the children, if a bit en-
couraged, are very apt to make large
drawings on the big sheets of wrap-
ping paper and color those. Paper
dolls cut out of fashion magazines
and colored by the children not only
cost nothing, but give excellent prac-
tice to hand and eye. The mother
should remember that any child who
has had much practice in handling
pencils and brushes has an immense
advantage over others when he goes
to school and begins to learn to read
and write. After the child passes his
fourth birthday, his mother should
take special pains to encourage him
to use his fingers in drawing and
coloring, although never in small de-
signs, which might tire his eyes.

On the whole, perhaps the very
best use that the country mother can
make of money saved by economies
on candy and flimsy toys is to buy
herself a few good books which will
give her valuable hints on her new
profession of motherhood. She does
not dream of trying to get along
without a good cook-book; why should
she think she can manage all the de-
tails of another new business without
any instruction? Let her, as a mat-
ter of course, put on the kitchen shelf
beside the cook-book one or two good
mother books which she can take
down and dip into at odd minutes as
she waits for the water to boil or
the oven to heat. One of those books
will cost her but a two-cent stamp,
and if she reads it carefully will give
her innumerable suggestions. This is
the catalogue of any firm handling
kindergarten material such as the
Milton-Bradley Company, Springfield,
Mass., and E. Steiger & Co., 49 Mur-
ray street, New York. Most of the
country mothers know nothing of the
material sold by such firms and will
be surprised to find that valuable ed-
ucational material is offered at prices
which make it far cheaper than com-
mon toys, bought at the stores, and
that she will need no training to make
excellent use of much that is intended
for class use. At the back of such

a catalogue is a list of very inexpen-
sive books for mothers which will give
her suggestions for paper-cutting,
clay-modeling and drawing.

But the great, great beauty and
value of country life for the child is
too big a theme to do more than touch
upon in so condensed a sketch. This
is, of course, his closeness to nature
and all sorts of natural processes
which go on about him. But even
here he needs his mother's help, for
without it he must lose much time in
mis-directed effort. When he is so
tiny that he can only look on, his
mother, if she is wise, will see to it
that he has a chance to look on, that
he sees the horses watered, the cows
milked, the chickens fed, the garden
planted, the butter made, the washing
done and the hay cut. As fast as he
can understand she will give him a
simple explanation of all these vital
events, and as soon as he is strong
enough to take part in these activities
she will use her ingenuity to devise
ways for him to take a genuine part in
the family life. Of course he will
bother more than he helps at first,
and nobody but his mother will have
the patience to respect his bungling
attempts to join the work done about
him. But to her they will be inesti-
mably precious and necessary for his
development and she will take the
greatest pains not to discourage him.
If, in addition to the hand-work men-
tioned above, the country mother will
see that her children are not cheated
out of their birthright of a share in
the processes of country life she need
have small fear for their health, hap-
piness and moral development.

A few maxims to hang up over the
kitchen sink and read over while the
dishes are being washed:

- 1.—Little children wish and need to
be doing something with their bodies
and hands every minute they are a-
wake.
 - 2.—They need a frequent change of
occupation.
 - 3.—If I provide them with interest-
ing things to do, they will not have
time to be fretful or to do naughty
things.
 - 4.—When I see my children harm-
lessly occupied and using their hands
or bodies, I may be sure that they are
educating themselves even if I can-
not understand the pleasure they take
in their occupation.
 - 5.—When a child has a great de-
sire to do something inconvenient, let
me ask myself, "Why does he want to
do it?" and try to understand and
meet the real need which apt to un-
derly his unreasonable request.
- Books which every mother should
own:
- "Mottos and Commentaries of
Froebel's Mother Play" and "Songs
and Games of Froebel's Mother Play,"
translated by Susan E. Blow. Pub-
lished by D. Appleton & Co., New
York City; \$1.60 each.
- "As the Twig Is Bent," by Susan
Chenery. Published by Houghton,
Mifflin Company, New York City, \$1.
- "Fundamentals of Child Study," by
E. A. Kirkpatrick. Published by Mac-
Millan Company, New York City;
\$1.25.
- "In the Child's World," by Emille
Poulson. Published by Milton Brad-
ley Company, Springfield, Mass.; \$2.

WHY NOT OWN A FARM?
If you want a farm, see me.
If you want to sell, see me.
If you owe on your farm, see
me.
Money at 5½ per cent, see me.
If you want money to hold cot-
ton, see me.

SECOND SLOSHING RAIN
OF NEW YEAR FINDS NO
WELCOME IN McCULLOCH

The second sloshing rain of the
New Year found no welcome in Mc-
Culloch county. Covering a period of
48 hours, the rain was probably the
most unusual in local West Texas his-
tory. Beginning to fall about 7:30
Saturday night, the rain continued
steadily and with scarcely a pause for
a straight period of 24 hours, follow-
ing which, for another 24-hour period,
it misted, dripped and sprinkled. The
total rainfall registered was 1.15 in-
ches. Last week's record was an even
inch of rain.

While northern states have been ex-
periencing unusually severe weather,
with heavy snows, Brady and McCul-
loch county have had only enough
snow to barely show on the ground.
However, the atmosphere is very cool,
and the winds blow fresh off of the
snow-capped mountains.

RANGES IN FINE SHAPE
SAYS COL. DICK SELLMAN
ENROUTE TO CALIFORNIA

Colonel Dick Sellman of New Ro-
chelle, McCulloch county, the breed-
er of Morgan horses, Merino sheep
and Red Polled cattle, was in Fort
Worth from his ranch Tuesday en-
route to the Pacific Coast. He was
accompanied by Mrs. Sellman. They
propose to spend the remainder of the
winter in Los Angeles. Colonel Dick
was all smiles, and said he had a right
to smile, like all the remainder of the
Texas livestock producers.

"The ranges are in good shape, cat-
tle and horses, as well as sheep, are
wintering well, and besides practical-
ly every ranchman in our section has
received good money from oil lease
bounties," remarked Sellman, "and we
ought to be happy. West Texas is
in the best shape it has been in for
sixteen years, financially and other-
wise."

Colonel Sellman has given the A.
and M. college a fine Morgan horse,
also sold several to the United States
government, and shipped them to the
government farm in Vermont. He
owns the largest herd of Morgan
horses in the United States.—Fort
Worth Record.

Grove's Tasteless Chili Tonic
restores vitality and energy by purifying and en-
riching the blood. You can soon feel its strength-
ening, invigorating effect. Price 60c.

NEW YEAR LOOKS GOOD
TO GEO. F. KING—TWO
GOOD WINDFALLS FOR HIM

The New Year opens bright and
cheery for Geo. F. King—for things
seem to be coming his way. Today
he received a telegram from his busi-
ness associate, E. A. McBeath, at
Gatesville, that the latter had just
received news as follows: "Gulf's
well, Southeast corner Snodgrass Sur-
vey, in at 7,000 barrels." This well
is located in the Desdemona field, and
King and his associates own 46 acres
lying just 40 rods east of this well.
In addition there is a well being drill-
ed one-eighth mile to the north and
another 1-8 mile to the northwest of
their lease, making their holdings
look trebly good.

The second piece of good luck to be-
fall Mr. King is that he has just re-
ceived a letter containing draft for
\$666 covering an old account which
he had long ago charged off and for-
gotten about. Can you blame him for
being cheerful this good New Year?

FINE IRRIGATED FARM
NEAR SAN SABA SOLD FOR
HANDSOME SUM OF \$12,000

San Saba, Texas, Jan. 4.—Frank
Chamberlain has sold his fine irrigat-
ed farm on the river at the Rector-
Kuykendall bridge to E. H. Norris of
Great Bend, Kansas, for a considera-
tion of \$12,000. This home consists
of twenty acres in the bend of the
river and is well improved and has
one of the finest pecan orchards of the
valley on it.

Brady Brokerage Co.

BRADY BUSINESS HOUSES CONTRACT NEW LOCATIONS FOR PRESENT YEAR

KNOX-JOHNSON, A. R. HOOPER, ALLEN & McCLURE, H. WILENSKY AND BRADY BROKERAGE COMPANY TO ESTABLISH NEW HEADQUARTERS.

The first of any year is the generally acknowledged period for business changes and moves, and residential, too, for that matter, but 1920 sets a new record in Brady, both in the number of moves and the period over which the moves are to be headquarters, the number not including the Brady postoffice, which will also move, and the period of moving will extend all through the month of February.

Knox-Johnson Produce Co., A. R. Hooper, Allen & McClure, H. Wilensky and Brady Brokerage Co. already are on this list, and J. H. Hill and several others are numbered among those who will move at a later date, although making the change before the middle of the year.

Knox-Johnson Produce Co. will move from the west side of the square to the west 50 ft. of the W. F. Dutton building on East Main street, the move being scheduled for as soon as the new quarters can be put in first-class repair. The new quarters will give the firm a space 50x90 ft., and is admirably located for their wholesale business.

A. R. Hooper, at present located in the old S. A. Conley stand, will occupy the Knox-Johnson building about March 1st. This will give him a splendid building 25x90 ft., and but two doors removed from the new postoffice location.

Allen & McClure will move their grocery March 1st from its present quarters adjoining the postoffice to the south half of the new postoffice location, on the west side of the square, giving them a 30x90 ft. building.

The postoffice itself will be located after March 1st on the west side in the W. R. Rice building, and 50 ft. from the North corner of the block. The 30x90 ft. building will give the postoffice department more commodious quarters, and new postoffice fixtures will be installed.

H. Wilensky will move about February 15th to the Fitzgerald building on the west side, where he will have a 40x90 ft. location. Lee Morgan is now build 140 ft. of shelving for Mr. Wilensky in this building, and the building will be in readiness for occupancy before the month is out.

Brady Brokerage Co. announce their removal the end of this month to the Gibbons building on East Commerce street, adjoining the present postoffice location, where they will have a 20x90 ft. location, with ample room on the lots across the alley for storage, slaughtering pens and such other uses as may be required in connection with the handling of their business.

J. H. Hill will occupy the present Brady Brokerage Co. stand on South Blackburn street about mid-summer with the Ford garage, after completing the entire remodeling and rearranging of the building.

There are a number of other moves scheduled for the next couple months, which, however, have not materialized to the point where any definite statement can be made.

SHED PRAISE IT ALL OF HER LIFE

Mrs. Flanigan Is Grateful for Relief Obtained Through Use of Tanlac.

"I'll praise Tanlac the longest day I live, for it is wonderful how this medicine has helped me," said Mrs. M. J. Flanigan, of 104 Claiborne St., Nashville, Tenn.

"For three years," she continued, "I suffered something awful with cold chills and smothering spells. My heart would thum like a trip-hammer and then would almost stop and then I would be too nervous to keep still and would often turn right blind. I would break out in cold sweats and then would get so hot they would have to fan me to keep me from smothering. There was a hard lump in my stomach, and no matter how much medicine I took those awful spells kept coming on.

"Three months ago I started taking Tanlac and began to pick up right along. Nothing I eat now disagrees with me, that lump stopped forming in my stomach and the chills, hot spells and blindness has never come back. I now weigh twenty pounds more than I did before and feel all right. My daughter Elsie, was all rundown and unfit for work, but Tanlac built her up so she is able to work ten hours a day."

Tanlac is sold in Brady by Jones Drug Co.

In Loving Memory of Little Pearlina Conner.

Oh! how sad were the words which came to me last Thursday, that little Pearlina was dead—and made more so, by being deprived the privilege of visiting her during her illness. Pearlina was a bright, lovable child, and will be missed in the Baptist Sunday school, especially in Class No. 1, of which she was a member. Her seat in the class will be vacant, which will cast a gloom over both teacher and pupils. Yet our hearts will be made to rejoice, when we think of her being a bright, shining little Angel around the throne of God. Jesus wanted her for a little sunbeam, to shine for him in the beautiful Mansion above. She was just a little flower that budded on earth to bloom in Heaven. The bereaved family has my tenderest sympathy. May the Great Physician bind up and heal each broken heart; may He pour into each sorrowing soul the peace that passeth understanding. And may He bring each member of this broken family to the Father's house on High—is the earnest prayer of little Pearlina's

S. S. TEACHER.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

drill has again started. The drill will be kept going, according to Mr. McSpadden, superintendent of the drilling operations, until oil is found or a satisfactory depth has been reached.—San Saba News.

OIL NEWS AND DEVELOPMENTS REPORTED IN MENARD CO. DURING WEEK

Leonard Petroleum Company on the Waring ranch are underreaming to carry on casing to shut off flow of water.

Lea Oil Company on the Ball ranch have set 12 1-2 inch casing and have started drilling.

Home Oil Refining Company on the Ellis ranch are drilling at 1005 feet. Hole casing. Will underream and carry on down.

Delvatex Oil Company on the Patterson ranch are drilling at 475 feet. Fuel proposition is a hard matter—hard to contend with, as wood is used for fuel and choppers are hard to get.

Delvatex on the Beasley are waiting for fuel.

Thomas & Ludlow on James Russell ranch will underream and carry casing down to 1000 feet to shut off water.

Brazos-Menard Oil Syndicate on the Mears ranch waiting for casing and shut down during holidays.

Thomas & Ludlow on the Kothmann ranch is a rig ready for tools.

Quaker Oil Company on the Grandstaff ranch shut down temporarily.

Fulkerson & Maywood on the Jones ranch, materials on the ground and building rig.

Cochran & Stewart on the Brandenburger ranch have a crooked hole and it will be given a shot at 1778 feet to straighten it.

Thomas & Ludlow on the Wm. Bevans ranch, materials on ground for rig builders.—A. G. Holmes in Menard Messenger.

WE WANT YOUR BUSINESS

LOCAL BRIEFS

Manuel Lopez was over from his home in Brady a few days last week to attend to business matters here. Poncho says that he is enjoying a much better business there than he had anticipated.—Mason News.

J. H. Smith of Pear Valley braved the muddy roads and successfully navigated the way to Brady yesterday. None but a brave mariner would attempt such a voyage, and we wished him bon voyage on his return.

W. A. Newton was here from the Lohn community today to receive two fine, high-grade Holstein calves, shipped to him from Whitewater, Wis. The animals were six weeks old, and their appearance on the Brady streets aroused considerable interest from among fanciers of pure-bred stock.

D. F. Johnson was over from Brownwood the latter part of last week, conferring with Messrs. Doc Strickland and Jack Wigginton, and expressed satisfaction with the past year's business of the Knox-Johnson Produce Co. While here, he also completed arrangements for the removal of the business to its new location in the Will Dutton building.

The many friends of Schubert Robbins will regret to learn that he has resigned his position at the Brady National bank, effective February 1st, and will leave for Weatherford to join his parents in making his home in that city. Schubert has not decided what he will do, but is contemplating taking up a college course. He will be succeeded at the bank by Hardin Jones.

Johnny Latham and family were here the past several days as guests of friends in the city while enroute to Pontotoc, where they will locate, and where Mr. Latham contemplates engaging in business. For the past year he has been located at El Paso, where he was in government employ. He formerly resided at Eden and Wel-

view, and is well known to citizens of this section.

John B. Westbrook and family have been enjoying a visit the past couple weeks from his father, J. B. Westbrook, of Wolfe City, Texas. The elder Mr. Westbrook is one of the seven brothers, two of whom live at Menard, another at Welview, and a fourth, John Westbrook, in Brady. He has visited here upon several occasions, but thinks this is the wettest he has ever seen West Texas.

C. S. Pence has been here from Lordsburg, N. M., since New Years, visiting his parents, Mr. and Mrs. W. R. Pence, and relatives and friends. Chas. is engaged in the garage business in Lordsburg and he and Mrs. Pence are both prospering and enjoying excellent health. Chas. says the miners there were unaffected by the coal strike. They have only mineral mines, and the miners are well paid, have plenty of work and are a happy and contented lot. Chas. has invested in some mining property there, and as indicative of its great increase in value, states that mining stock he bought for \$50 is now worth \$460, while other stocks have made similar big advances. He expects to return there in a few days.

D. F. Savage arrived the latter part of last week from Philadelphia, Pa., and is greeting his many friends in his usual hearty and cheerful manner, the while looking after business interests in this section. Mr. Savage is more than pleased with the prospects for another prosperous year in McCulloch and rejoices with the citizens of this section in their present affluence. Incidentally, Mr. Savage also took occasion to state that The Standard was the source of information of inestimable value to him, inasmuch as it contained news items and stories which no one would think or have time to write him, but which were, nevertheless, of value and interest to him. The Standard appreciates this kindly comment from Mr. Savage, and hopes to be able during the present year to carry to him stories of success, prosperity and hap-

PERSONAL MENTION

Mrs. H. Wilensky and little daughter returned Sunday from Dallas, where they had been visiting relatives and friends for several weeks.

Mrs. C. J. Hallett returned the latter part of last week from Dallas, where she had been on a purchasing trip for the store which Mr. and Mrs. Hallett will open shortly at Wagram.

Mrs. John B. Westbrook, accompanied by Mrs. Ira Mayhew and Finis Westbrook, returned Sunday from Knickerbocker, where they had enjoyed a visit of a week or so with her daughter, Mrs. J. B. Atkinson, and family.

Business in McCulloch county, such as might dim the wonders of the Arabian Nights Tales.

WHY NOT OWN A FARM?
If you want a farm, see me.
If you want to sell, see me.
If you owe on your farm, see me.

Money at 5 1/2 per cent, see me.
If you want money to hold cotton, see me.
TOM ELLIOT, Brady, Tex.

Filing Devices. The Brady Standard.

SQUEEZED TO DEATH

When the body begins to stiffen and movement becomes painful it is usually an indication that the kidneys are out of order. Keep these organs healthy by taking

GOLD MEDAL

PARLEN OIL
The world's standard remedy for kidney, liver, bladder and uric acid troubles. Famous since 1890. Take regularly and keep in good health. In three sizes, all druggists. Guaranteed as represented. Look for the name Gold Medal on every bottle and accept no imitations.

NOTICE

On February the first we are going to move from the Behrens building on Blackburn street to the Gibbons building, East side of the postoffice.

We are carrying a line of Feed and Flour in stock — buying Wheat and Oats, Hides, Furs and Poultry—and want all the Eggs we can get.

Also we are handling Illinois Stock Medicated Tobacco which is recommended for Ear Ticks and Stomach worms. It will put your stock back in a healthy condition.
