# NEW ERA OF WONDERFUL OIL DEVELOPMENT NOW BEGINNING

## McCULLOCH'S OPPORTUNITY IN OIL GAME GREATEST IN ENTIRE STATE

**T. H. BARTON, PROMINENT DALLAS OIL OPERATOR, AFTER VISIT TO LOCAL FIELD, CONFIRMED BELIEF McCULLOCH UNDERLAID BY GREAT OIL POOL.**

"I have just returned from a trip out to the Lohn field, and I am convinced you have a wonderful oil field here," said T. H. Barton, prominent oil operator of Dallas upon the occasion of a visit to Brady Monday. "Brady and McCulloch county citizens have the greatest opportunity of their lives to boost local oil development. Now is the time for you folks to get behind and advertise what you have. McCulloch county is the talk of oil men everywhere in the U. S."

Mr. Barton is a live wire in the oil game. Further than that, he has long been an enthusiastic booster for McCulloch county oil lands. He holds a choice block of acreage in the Lohn section, and while he has disposed of a small portion of his holdings, he is swinging on to the balance in the belief that development in the immediate future will cause its value to soar skyward. He is one of a great number of enthusiastic boosters for McCulloch county, who are making McCulloch county and her oil field known from coast to coast.

Two carloads of oil, after being 15 days enroute, arrived Wednesday night, one being consigned to C. S. Thomas and the other to Smith & Jergins. The Thomas Whiteland well which has been shut down awaiting this fuel, will resume operations at once, and the other carload of oil will assure another period of operation for Smith & Jergins, whose crew has resumed drilling after setting 15 1-2 inch casing to 500 ft. Moore Bros. on the F. M. Richards ranch, 10 miles east of Brady, are setting casing to a depth of 717 ft. to shut off a flow of water. E. L. Lane returned last Saturday from an extensive trip up north, during which he spent most of his time in Kansas and Chicago, interesting oil men in McCulloch county properties. As a result Messrs. J. Walter Day and J. H. Smith of Chicago, who arrived in Brady Monday and made an inspection of the local field, purchased a considerable amount of acreage near the Day well. Both gentlemen were enthusiastic over the production at the Day well, and foresee the development of a great oil field in this section of the county.

### COLEMAN ACREAGE TO BE DRILLED BY CALIFORNIA OPERATORS

A. L. Irish and H. R. Klausner, independent oil operators of San Francisco, have blocked acreage in the western part of the county and are under contract to begin drilling by June 1st.

The acreage involved is the McCord lands and is included in the following surveys: J. W. Meek 159, Jacob Rindard 319, J. H. Gibson 19.

The contract and forfeit money, which is now on deposit in a Coleman bank, calls for operations to begin not later than June 1, 1920, standard rig and depth of 3600 feet specified. Jordan et al, operating on the Lucas tract in the Santa Anna field, is showing from five to six million cubic feet of gas at 1365. The drill is reported two or three feet in the sand.

The Gulf Company's Russell No. 3, just over the line in Runnels county, has a good showing of oil at 1870 and a second showing around 2,000. The oil and gas stratus in Russell No. 3 are reported as being about 75 feet deeper than in Russell No. 1, 1800 feet to the southwest.—Coleman Democrat-Voice.

On account of a leaky joint, the tubing has been pulled from the Day producer, and after making repairs, is now being replaced in the well.

### L. G. ROHDE ASSOCIATES WITH BROTHER IN MARKET AND BAKERY ENTERPRISE

L. G. Rohde, who came here a week or two ago from Taylor, has associated himself with his brother, J. B. Rohde, in the market and bakery business heretofore conducted by the latter, and this enterprise will, in future, be operated under the firm name of Rohde Brothers.

L. G. Rohde will be actively interested, and will assist in the conduct of the business, while J. B. will continue to devote most of his time to the outside affairs of the business, and especially to the buying of fat stock for the market.

Prior to coming to Brady, L. G. Rohde was engaged in the grocery business at Taylor. He is a man of pleasant personality, as well as of splendid business ability, and his entrance into the business will strengthen the firm and add to its service and efficiency as well. He expects his family to join him here the end of this week, and Brady people will join in extending them a welcome to citizenship.

### Card of Thanks.

We wish to thank the good people of Camp San Saba and Katelycy for their help and kindness during the illness and death of our dear mother, Mrs. Artie M. Turner, who died Monday, January 26, at Katelycy. We shall always hold you in grateful remembrance.

### THE CHILDREN.

## HY-LO COMPANY DRILL 140 WELLS IN McCULLOCH CO.

Desdemona, Texas, January 20th.—One of the more important deals of the week was closed last Thursday by the officers of the Hy-Lo Drilling and Developing Company. Captain E. H. Hyter is president of the company and John M. Lochridge Jr. secretary-treasurer. These men spent the week in Dallas and Fort Worth. The company secured acreage in McCulloch County in the deal. The contract calls for the drilling of 140 wells, on forty-six and a half acres, which will be three wells to the acre, each one to a different sand. For this the company acquires one-half interest in the production, and are making preparations for the moving of tools to the property. The field has three sands, the first pay being found at 215 feet, and production of from ten to twenty-five barrels is found; the second sand at 380 feet, from which there is one well producing fifty barrels of high-grade 46 gravity oil, which has a ready market at \$5 per barrel. The third sand is uncovered at a depth of 863 feet, there being only one well that has been drilled to this depth, and that is the Texas Company's No. 1, Thad O. Day, the history of which is familiar to all oil men operating in this part of the country. With all the wells completed the company expects to have a daily production from these shallow sands of 10,000 barrels of high-grade oil. After the first well is drilled to the third sand the company acquires a title to one-half of the property. It is reported that the Day well is producing 500 barrels from the depth of 863 feet. The large companies, notably the Magnolia Petroleum Company, the Humble Oil and Refining, the Prairie Oil and Gas and the Texas Company have all secured acreage in this wonderful field, and the smaller companies are not very much in evidence, and the securing of these holdings for the Hy-Lo Drilling and Developing Company is to be commended by those interested.

We have a few Army Wagons and they are the best wagon made. O. D. MANN & SONS.

Silk Thread, in all colors and shades, at VINCENT'S.

### MRS. ARTIE M. TURNER, PIONEER CITIZEN, DIED AT KATEMICY LAST MONDAY

The death of Mrs. Artie M. Turner at Katelycy last Monday, January 26th, removes one of the best-known and best-loved women of the county. For 60 years she had made her home in this county, and her wonderful character and ideal womanly qualities made for her a place in the hearts of everyone who knew her. Death followed an illness of about three weeks with dropsy.

Mrs. Turner was born July 9th, 1851, in Williamson county, and at the age of nine years moved with her parents to McCulloch county, making her home here continuously since. For 44 years she was a consistent member of the Baptist church, and her simple, Christian life was a shining example to all. With her husband, Wm. Turner, who preceded her to the Great Beyond three years ago, January 2nd, she wielded a great influence in her home community, and in the splendid family of children reared, she leaves a heritage to the people.

Mourning the loss of their mother are nine children, all grown, as follows: E. W. Turner of Rochelle, S. B. Turner of Christoval, Oscar and W. L. Turner of Brady, A. L. and A. D. Turner of Katelycy; Mrs. Cora Jones of Brady, Mrs. Flora Jordan of Katelycy and Mrs. Annie Sallee of Katelycy.

### New Silks at VINCENT'S.

## NEW OFFICERS FOR YEAR NAMED BY FIRE BOYS

The members of the Brady Volunteer Fire department met Sunday and elected new officers for the ensuing year, the following being named:

J. B. Whiteman, chief.  
Frank Hurd, assistant chief.  
Oscar Westbrook, secretary.  
J. H. Taylor, chaplain.

The election of Mr. Whiteman as chief followed the request of Fire Chief Doc Strickland to be relieved of the office as, in his position of traveling salesman, he is no longer able to discharge the duties.

The Brady Fire department is one of the city's most valuable organizations, and its members have performed noteworthy service in the past, and have been the means of giving Brady a greatly lowered key rate on fire insurance. To make for greater efficiency in the future, the full support and backing of the citizens is necessary. Fitting tribute to the fire boys and the excellent work they have been doing, will be paid at the banquet to be given next Wednesday night by the Brady Chamber of Commerce in their honor.

### Helge-Irvin.

Of interest to a large circle of admiring friends, is the announcement of the marriage on Wednesday evening at 6:00 o'clock of Mr. Eduard Helge and Miss Bessie Leona Irvin, the ceremony being performed by the Rev. Abner Hanson at his home in the West Sweden community.

Mr. Helge is a son of Mrs. A. E. Helge of the Nine community, and has spent the past ten years here, and is recognized as a young man of sterling qualities and ability. His bride is a daughter of Mr. and Mrs. C. J. Irvin of the West Sweden community, and is a young lady of talent and charm. In the happy culmination of their romance, all their many friends rejoice, and The Standard joins in extending every wish for a happy, peaceful and prosperous journey through life.

If you want the best, buy Cadet Hose. Every pair guaranteed. C. H. VINCENT, South Side.  
Yard Sticks. The Brady Standard.

## ROCHELLE ORGANIZES FARMERS INSTITUTE TO PROMOTE INTERESTS

**PROF. H. P. DAVIS OF THE STATE DEPARTMENT OF AGRICULTURE OUTLINES PURPOSES AND PRINCIPLES OF ORGANIZATION—FARMING AT A PROFIT.**

A Farmers Institute was organized at Rochelle Monday night, following an address by Prof. H. P. Davis, field representative of the State Department of Agriculture. Mr. Davis' talk recounted the efforts of the State department to secure the organization of the farmers in an effort to aid them in securing just returns upon their labor and for their crops, and pointed out that through the efforts of this department to control cotton in 1917 and 1918, at least \$50 value was added to each bale. The organization of the Rochelle Farmers Institute was completed with the following officers: G. W. Anderson, president; Joe Carroll, vice-president; Prof. E. D. Roberson, secretary; W. H. Williamson, business agent; Roy Storms, entomologist; Lonnie Cates, plant pathologist; M. M. Carroll, live stock reporter; O. E. Rice, chairman executive committee.

In getting before the farmers and citizens the principles, aims and accomplishments of the State department in the organization of Farmers Institutes, Mr. Davis has issued the following communication.

Your attention is respectfully called to the following questions and each of you is urged to give them your earnest consideration and to join the State Department of Agriculture in arriving at a just and correct answer and assist in putting these answers into practical operation:

1. Who should fix the price of the farmers' products?
2. Is not the farmer entitled to a reasonable profit on his investment and labor the same as other people?
3. Is it just or right for the farmer to be compelled to keep his children out of school to make and gather a cotton crop and then donate their time and labor to others to grow rich through the manipulation of the market and thereby be enabled to give their children an education and a fair start in life? Is not the farmer's child as precious to him and worth as much to the state and nation as any other child?
4. Do you not believe that through the co-operation of the farmers, the bankers and the merchants of the South, the cost of producing the cotton crop can be ascertained and thru this cooperation the farmers can obtain the cost of production and a reasonable profit?

The Department of Agriculture believes it can be done and that justice as well as the prosperity of the state and nation demands that it shall be done; and it is doing all within its power under the laws of the state to bring it about and in this work it expects the assistance of every true friend of our great South land.

Here are some of the reasons why the Department believes the South can fix the price of cotton and get it: The price is now fixed by the people who bet on what the price will be in future months. When the producers fix the price and hold their crop for it, the speculators are encouraged to bet the price up just in

## COURT DISPOSES ONE CASE—PROBATE NEXT WEEK

One case on the civil docket of county court was disposed of Monday, the court receiving a plea of guilty from Robert Painter of Lohn, charged with simple assault. A fine of \$5.00 and costs was assessed. All other cases on the docket, of which there were but few in number, were continued until the next term.

The court will sit next week in probate. Among other matters, the Drinkard will case will come up for probate.

## COUNTY CORRESPONDENCE

The Standard is pleased to announce that, with some three exceptions, all the correspondents of the past year will represent their various communities again for the year 1920. The Standard's proud boast has always been that its community letters were the best written and most interesting communications of any paper published in West Texas or the State of Texas. This boast we now take occasion to reaffirm. Read the letters the coming year and judge for yourself. There are several communities in the county which now have no representation, and the Standard would be only too glad to welcome correspondence from these sections. Among others, correspondence from Melvin, Mercury, Stacy, Waldrip and Doole is especially desired. We would be glad to have the citizens of these communities appoint a writer, so that their interests and activities may be kept before the public.

### MT. TABOR TATTLES.

**Fredonia High School Starts—Three Rooms Finished.**  
Fredonia, Texas, Jan. 26.

Editor Brady Standard:  
This cold weather has caused a great many more hogs to be killed.

The Fredonia high school started the 19th of this month. They have three rooms completed, and one more to be finished in the near future.

Mrs. Boe Hill and her mother, Mrs. Whitley, visited Mrs. J. S. Wilson the first of last week.

Joe Robertson of Lampasas was here the first of the week visiting friends and relatives, and to attend on business.

Mrs. Will McMellan from New York was here visiting her mother-in-law the past week.

Mrs. C. H. Longley visited Mrs. Boe Hill a few days ago.

Miss Mae Leach came home Friday and returned to her school Monday morning.

Mrs. Jess Casson visited her mother, Mrs. J. S. Wilson the first of the week.

I saw in the paper where "O. I. C. U. R. Right" had requested "Boll Weevil" to change their name to "Charity." So I believe that suits the best.

Come on, "O. I. C. U. R. Right," your letters are fine.

### FIFE FINDINGS.

**Farmers Pick Cotton While Weather is Pretty—Hands Scarce.**  
Fife, Texas, Jan. 27.

Editor Brady Standard:  
The weather has cleared up some more and everybody is busy picking cotton. There is a general scarcity of hands and it is probable some cotton will never be picked at all.

R. K. Finlay was at Brady Tuesday on business.

The young folks enjoyed a dance at the home of Mr. and Mrs. J. B. Everett Monday night.

S. F. Tedder returned Tuesday from Lampasas where he went on business last week.

J. M. Doyle was a business visitor at Brady Tuesday.

C. M. Rasco returned this week from Alto where he has been visiting relatives for the past month.

B. J. Lively and A. M. Long were at Brady Tuesday on business.

Trunks—Suit Cases—Traveling Bags. C. H. VINCENT, So. Side.

### ROCHELLE RUMBLINGS.

**Rochelle Business Changes For Past Few Weeks Reported.**  
Rochelle, Texas, Jan. 26.

Editor Brady Standard:

I thought once I'd not write this week, but the sun came out so nicely Sunday afternoon and made everything look so bright and cheerful that I decided to fall into line and write. But as usual there is not much news for the weather has been so bad for several days that people could not get out to see, hear, or do anything, but cut wood and build fires, cook and eat.

Cotton picking is progressing slowly, but by patience and perseverance, we think perhaps we will get through by time spring opens, but its better to gather what we have in sight than to plow it under and risk making more to gather next fall, for a bird in the hand is worth two in the bush.

Mr. Willie Sellman and wife made a flying trip to Eden last week, left Monday and returned, I think it was Thursday, guess it rained out there too.

I forgot to mention in my last letter that there had been some business changes in Rochelle. Richard Moseley sold his interest in the store to J. A. Smith and instead of R. Moseley & Co. it is now J. A. Smith & Co., and the building used by J. A. Smith last year is now occupied by Jack Chandler and father and Mr. Virge Chandler for a garage. V. L. Armor sold out his confectionery store to Messrs. Fred and Bert Burk and we wish for all the new firms a prosperous year.

Mr. and Mrs. J. P. Waddell received last week a nice little box of fruit, (apples and pears, and one other kind). They knew not what it was. It was from their old long-time-ago friend, J. T. Robertson of Wonder, Oregon, and they certainly did appreciate this fine fruit and thank him for this kind of remembrance.

Well, I'll have to close as our phone system is still out of commission and no way to get news. Sun is shining so nicely this afternoon and is so nice and warm, after such a hard cold spell, and we are all hoping this nice weather continues for a while.

"AMOS KEETER."

We will have a car load of furniture in a few days. Come in and look through. O. D. MANN & SONS.

### The Best Cough Medicine.

When a druggist finds that his customers all speak well of a certain preparation, he forms a good opinion of it and when in need of such a medicine is almost certain to use it himself and in his family. This is why so many druggists use and recommend Chamberlain's Cough Remedy. J. B. Jones, a well known druggist of Cu-brun, Ky., says, "I have used Chamberlain's Cough Remedy in my family for the past seven years, and have found it to be the best cough medicine I have ever known."

### WEST SWEDEN WHISPERS.

**Community Mourns Death of A. D. Stoneburg, Prominent Citizen.**  
Brady, Texas, Jan. 26.

Editor Brady Standard:  
As our article missed the waste basket last week, we will write again.

There is quite a lot of sickness in our community at present. Ruth Youngdale, Milton Edlund and Van-arl Young missed school last week on the account of sickness. We are glad to report them improving.

Miss Lottie Rush, our primary teacher, has been ill for several days, having already missed two days from school. Miss Allison taught both rooms during her absence.

Mr. and Mrs. Oscar Helge from Dodge and Miss Ethel Broman from Melvin were visitors in the Youngdale home Sunday.

Lydia Hanson spent a pleasant afternoon with Louise Hanson Sunday. Mr. Bill Yeargan of Lohn was a pleasant caller at the Rush home last Sunday.

Jama Rice was seen driving around in West Sweden Sunday.

On account of the illness of Miss Rush, the school was compelled to postpone their play till Saturday night, January 31st.

Rev. Martinson failed to fill his regular appointment Sunday on the account of the cold weather.

Mrs. Abner Hanson received the news that her father, Mr. Carlson of El Campo was very sick. She is going to see him. Mrs. Irvin, another daughter is not able to go.

John Rush is on the sick list. Mrs. Joseph Hanson and daughter, Mrs. Emil Nelson, were Brady visitors Monday.

Mr. and Mrs. Emil Nelson are now located in their new home. Mr. Nelson has recently been appointed superintendent of our Sunday school. We are indeed glad to have such men in our midst.

Mr. and Mrs. Oscar Nelson visited Mrs. Nelson's parents Monday.

All West Sweden was grieved to learn of the death of Mr. A. D. Stoneburg of Melvin, Tuesday morning, January 20, 1920. Mr. Stoneburg was born in Victoria, Ill. Came to Texas about 1896, first settled in Bee county; from there to Williamson county and later came to McCulloch. He was trustee of the church when the present church at West Sweden was built and was an active worker in the church till death. He donated half of the cemetery to the community. He was 60 years, 3 months of age when he died. He is survived by his wife and four children as follows: Mrs. Nora Nelson, John, and Henry of Melvin and Miss Nellie of Fort Worth. Also four grand-children. Interment was made in thme West Sweden cemetery Wednesday evening, January 21st. Funeral services were conducted by Rev. Martinson.

"DOLLY & POLLY."

Editor's Note—In your next letter, kindly advise to what address we shall forward correspondents' stationery.

The High clearance, light-weight and rugged construction makes the Essex the ideal car for the farmer and cattleman. F. R. WULFF.

How about your watch? Is it keeping correct time? If not, let us remedy the trouble for you. Satisfaction guaranteed. A. F. Grant, jeweler, east side square.

### WONDER WORDS.

Standard's Correspondents Send Prize Ears to Wonder (At).

Wonder, Ore., Jan. 15.

Editor Brady Standard:

After two weeks of cold freezing weather which froze a good percentage of the potatoes and apples, it is now moderating and will probably be raining again in a few days. This is to let those who sent me ears of corn the measurements thereof. And I don't believe that W. W. Henderson of Lost Creek exaggerated at all when he said one ear would make a mess for a whole family. The ear he sent me would have made more than my family could eat at one meal. It measured in length, 10 inches; and circumference, 9 3-4 inches; combined length and circumference, 193-4 inches; weight, one pound, six ounces, or, 22 ounces.

Mrs. J. P. Waddle sent the next to the largest one. Length, 9 3-4 inches; circumference, 8 1-2 inches. Total, 18 1-4 inches; weight, one pound, or 16 ounces.

Third in size was the yellow ear sent by Mrs. N. C. McShan. Its length was nine inches, circumference 8 1-2 inches. Total, 17 1-2 inches; weight, one pound and one ounce, or 17 ounces.

Next came our friend, E. W. Wood with two ears. One blue ear and a double white ear, or an ear with a

### CALF CREEK NEWS.

**Berlin Tucker Makes Record Carry-in Mail—New Arrivals.**  
Brady, Texas, Jan. 26.

Editor Brady Standard:

We just had four bright sunshiny days, so the farmers could start picking cotton again, and here came another cold spell—the worst we have had this year. But the people took advantage of this cold spell and killed a good many hogs. We are glad to say we didn't have much rain in this spell.

Our good mail carrier, Mr. Berlin Tucker has never missed a day this bad weather in carrying the mail.

The stork has been very busy in the last few days; visited the home of Mr. and Mrs. Goldman and left them a girl and visited Mr. and Mrs. Walter Kolb and left them a girl, and also Mr. and Mrs. Whit Smith and left them a boy. Mr. Whit Smith wears a broad smile after the happy event.

The elder Mr. Bingham and son, Zed, have moved back from Oklahoma and Johnny Brown and family are also back. They were old timers here and they all say old McCulloch is good enough for them.

Our community is giving dances quite often. Mr. Awalt gave a dance last Monday night and Mr. Lee Garner gave a dance Friday night, and the young people all report a good time in both places.

Miss Velma Sharp is visiting her aunt, Mrs. Henry Blasdell.

Mrs. Tucker, our telephone operator, has moved to Mrs. Williams' ranch and J. V. Ewing has moved the switchboard to his house.

Mr. Will Ewing and Bud Ewing took the switchboard to Brady last Sunday for repair and coming back they happened to the misfortune of getting their car burned. Bud Ewing lost his hat in the flames and came home bareheaded, but they saved the switchboard.

Mr. Jim Lee has bought out Mrs. Russell and moved last week. Mr. Jack Garner moved in Mr. Lee's house and Mr. Bingham moved in Jack Garner's house.

Mrs. Cafford Bingham visited Mrs. E. L. Bridge last week.

The health of the community is some better than it was my last writing.

"DAISY."

## WHAT ARE YOUR FARM PLANS FOR 1920?

The following "safe agricultural program" was adopted by farmers and ranchmen from all over the state who met in conference in Waco last December. The program received the endorsement of all the leading agricultural organizations of the state as well as that of bankers, business men and individuals, included among them being the following: State Council of Agriculture, Federal Farm Loan Bank, Federal Reserve Bank, Texas Farmers Congress, Texas Industrial Congress, Texas Chamber of Commerce, West Texas Chamber of Commerce, Railway Agricultural Agents Committee, Texas Bankers Association, Panhandle Plains Chamber of Commerce and the Agricultural and Mechanical College.

With the return of normal conditions, and with the restoration of shipping facilities so that the surplus of agricultural products in South America and in Australia will find a market in Europe the American farmer may expect and should prepare for a period of competition. This competition will reduce to a minimum the exportations of all agricultural products, except livestock, from this country.

With these facts in mind a meeting was called and convened in Waco on December 11, 1919 to formulate a safe farming program for 1920.

This meeting was attended by representative farmers and business men from all sections of the state. Many of the existing farmers' organizations were represented.

At this meeting a "safe agricultural program for 1920" was adopted.

The Agricultural and Mechanical college was invited to organize a statewide campaign during the month of January, 1920 to put the program into effect. An invitation was also extended for the cooperation of all public and private agencies interested in the agricultural welfare of the state, and of all local and State organizations of farmers.

### Farming Program for 1920.

1. There is need for the utmost economy consistent with proper living, and efficient operation of the farm. Ventures which are speculative in character or not essential to comfort or profit should be avoided at this time.

2. The indications are that the shortage of farm labor in 1920 will be as great or even greater than it was in 1919. Hence great caution should be exercised in determining the acreage of each crop to be planted. A safe rule will be to plant only such acreage as can be properly cultivated and harvested with help that the farmer is certain he will be able to secure. Labor employed for the entire year is more efficient than transient labor and when the cropping methods are well planned so as to give steady employment it proves the cheaper. To this end it is recommended:

a. That each farm be stocked to its full capacity with the better grades of live stock. This gives continuous employment throughout the year and furnishes a home market for much material that would otherwise go to waste. Only pure bred sires should be used.

b. That each farm be put under a definite system of rotation, using such a combination of crops as will distribute the cultivation and harvesting period over a greater part of the year.

c. That the acreage devoted to crops be worked out on such basis as to harmonize with the available labor supply, also giving due consideration to such acreage as may be pastured by live stock.

d. That wherever possible man power should be displaced by horse and machine power to the end that the available labor per man may be more productive.

3. There is no need of an increased row crop acreage in Texas in 1920.

It will be highly speculative and unprofitable to increase the acreage devoted to cotton. With the high price of labor and the uncertainty of yield and prices, the farmer who increases his cotton acreage or makes cotton his sole money crop in 1920 will be inviting disaster to himself and to his state. In this connection it is recommended:

a. To raise all the food and feed necessary for the family and live stock, with a surplus for sale. This should include for the home, (1) Gardens, including vegetables, fresh and canned, (2) Fruit and berries, fresh and canned, (3) Poultry and poultry products for home and market, (4) Dairy products for home and market, (5) Meat sufficient for family use.

b. To plan for other money crops besides cotton.

c. To make cotton a surplus money crop.

4. It is recommended that farmers practice neighborhood or community cooperation in exchange of labor. The non-essential labor on the farm, or work that may be delayed, should not be performed when a neighbor needs such labor to help save his crop. Neither is it just for the city or town to employ non-essential labor when it is needed in the fields to help produce the necessities of life.

5. The great loss resulting from the depredation of insect pests during 1919 should not be allowed to be repeated in 1920. Owing to the fact that it is too late to plow under vegetation, it is recommended that as fast as possible all farmers should rid their farms of insects in hibernation by burning all stalks and rubbish in fields, and cleaning out fence corners and roads, and along ditches and drains. Other preventative measures should be employed as recommended by State and National agencies.

6. The value of the silo for preserving and conserving feed for animals is no longer a debatable question. In the regions subject to prolonged drouths the silo capacity should be sufficient to store two years' supply of feed for all animals.

7. In those sections of the state where winter grain crops could not be planted because of weather conditions, it is recommended that increased planting be made of spring oats, cane, corn, grain sorghum, peanuts, cow peas and Sudan grass.

8. Special care is urged in the selection and purchase of planting seed, choosing those varieties known to be adapted to your locality. All seeds for planting should be as pure as can be obtained and tested for germination before planting. Enormous quantities of inferior and impure seed are planted each year, which results in low yields and inferior products. Where possible the purchase of seed should be made in quantity by cooperative associations of farmers, for by this method better seed may be procured, and all farmers in a given community may produce a uniform product which will sell more readily and for a higher price.

9. We call upon all landowners in Texas to encourage their tenants to follow the plans herein recommended

and, if necessary to revise rental contracts that these recommendations may be carried out with profit to all concerned.

10. Where labor is available it is advisable to terrace all land that is liable to wash.

11. Where personal credit facilities are inadequate, farmers should organize local credit unions patterned after those now in successful operation in this state.

Where long time credit, at low interest and on easy terms is needed for the purchase of farms, the Federal Farm Land Bank of Houston is recommended as offering the best credit system for this purpose.

12. We urge the formation of groups of farmers and their families to promote their social and economic interests. The rural schools should be more widely used as community centers and meeting places. This fosters a spirit of cooperation which leads to the organization of marketing associations, live stock shipping associations, rural credit unions and many other forms of cooperative effort of great benefit, when properly understood and carried out. Special attention is called to the great benefit to be derived from organizations under the new Farmer's Cooperative Law, a copy of which may be secured by writing the Secretary of State.

The A. and M. College, College Station, Texas, is interested in this program and will give all the assistance it can in aiding the farmers of the state to carry it out. Write them for assistance or information; or see your county agent.

### Spoiled Her Son.

Years ago I had a bright, handsome, lovable little boy who, but for my unwise training would have, without doubt today been a respected and useful member of society. But I loved him so dotingly, and so senselessly, that I could not endure to see him thwarted in any of his desires, or compelled to give up to any of his playmates, or punished for any of his naughty ways. When he started to school at the age of seven, I told him to "fight for his rights," and not allow any of the other children to impose upon him, which was placing a great responsibility on a little seven-year old child whose lack of judgment led him into many a battle, often with children younger than himself, thus rendering himself a trial at school, and causing him to suffer many punishments, for which we always censured the teacher in his presence, so it was not surprising that he changed quickly from a dear, docile little boy to a belligerent little bully, always "carrying a chip on his shoulder." He became known as the brightest and most unpopular boy in school. When he was a well-grown lad he obtained, through the kindness of a family friend, a good position in an office with good chances for promotion, but one day he was dismissed because "he didn't propose to be imposed upon." And so it was through the years, until now, at the age of thirty, he finds it almost impossible to secure employment of any kind. And oh, the appalling truth for me to face is that I am responsible for his failure! God gave me good material to work with, and I spoiled it in the making.—A Mother.

### Dainty new laces at Vincent's.

For sick headache, backache, heartburn, nervous weakness and constipation. Prickly Ash Bitters is the remedy that men use. It purifies the bowels, tones the stomach, clears the brain, sweetens the breath, restores energy and cheerfulness. Price \$1.25 per bottle. Trigg Drug Co.

How about your watch? Is it keeping correct time? If not, let us remedy the trouble for you. Satisfaction guaranteed. A. F. Grant, jeweler, east side square.

The same principles which made the Hudson famous are combined in the Essex. Place your order early. F. R. WULFF.

### DON'T RISK NEGLECT.

Don't neglect a constant backache, sharp, darting pains or urinary disorders. The danger of dropsy or Bright's disease is too serious to ignore. Use Doan's Kidney Pills as have your friends and neighbors. A Brady case.

Mrs. J. Coopender says: "I was annoyed by kidney complaint for some years. My condition was diagnosed as uric poisoning. I always felt heavy and depressed and had bad attacks of rheumatic trouble. I was very nervous and frequently headaches came on. I used different remedies for this trouble but can honestly say that Doan's Kidney Pills gave me far better results than any other." (Statement given April 29, 1915).

On May 15, 1919, Mrs. Coopender said: "Doan's Kidney Pills gave me a cure that has been lasting and I am now enjoying the best of health. My opinion of this medicine is the same as it ever was."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Coopender had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

### WM. GRAHAM PROSPERING IN HOTEL BUSINESS AT BROWNWOOD—TO ENLARGE

It will be good news to citizens of Brady and McCulloch county to learn that success is greeting the efforts of Wm. Graham, erstwhile Brady and McCulloch county citizens, in his efforts to give Brownwood first-class hotel accommodations. A recent announcement in the Brownwood Bulletin states that plans have been completed for the adding of a fourth floor to the hotel which has been operated by Mr. Graham under his own name for the past eight or nine years, and which improvement has become necessary because of the large patronage Mr. Graham has enjoyed. Says the Bulletin:

"The completion of plans for extensive additions to the Graham hotel, corner Brown street and East Broadway, was announced today by Brooke Smith and William Graham. A fourth story is to be added to the building, giving eighteen additional rooms and making it one of the most imposing hotel structures in West Texas. Throughout the past several months the building has been undergoing remodeling and rearrangement, hot and cold water, steam heat, etc., having been provided in all rooms, and the addition of another floor has been in contemplation for some time, in order to meet in some measure the steadily increasing demand for hotel room in this city.

"The new fourth floor of the hotel will accommodate eighteen large rooms, each of which will be equipped with private shower bath, hot and cold water, electric lights, heat and other conveniences. To take care of all floors an elevator will be installed near the center of the building, entrance to which will be from the lobby on the ground floor. It is probable that the entire building, when the additional story has been completed, will be given a stucco finish, making it quite attractive and giving the entire structure an appearance of newness.

"Mr. Graham, the manager, contemplates a rearrangement of his dining room some time during the spring or summer, in order to prepare a special dining hall for banquets and other public gatherings of all sorts. The dining room was rearranged recently, giving it considerably more space than formerly, but there is a demand in this city for a banquet hall and it is the manager's intention to meet this demand as soon as possible.

"Contracts for most of the materials for the additional story have been signed, and actual construction work will be begun as soon as the materials can be delivered, which will probably be within less than thirty days."

### REMOVAL NOTICE.

On February the first we are going to move from the Behrens building on Blackburn street to the Gibbons building, East side of the postoffice. We are carrying a line of feed and flour in stock—buying Wheat, Oats, Hides, Furs and Poultry—and we want all the eggs we can get. Also we are handling the Illinois stock medicated Tobacco which is recommended for Ear Ticks and Stomach worms. It will put your stock back in a healthy condition. We want your business. BRADY BROKERAGE CO.

Office Supplies? Phone 163—Our young man will deliver the goods.

### SHOE REPAIRING.

I am opening a Shoe Repair shop in the building formerly used as a tin shop on the Southwest corner of the Brady square and will appreciate your business. First-class hand-repairing done at reasonable prices. New shoe repair machinery has been ordered and will be installed at an early date. Come and see me, and bring your work. WESLEY DAVIS.

Avoid irregularity in the bowel movements, it leads to chronic constipation; a condition that poisons the blood and breeds disease. Prickly Ash Bitters is a man's remedy for putting the system in order. Price \$1.25 per bottle. Trigg Drug Co.

BRADY, TEXAS, Jan. 23, 1920.

### HONEST INJUN.

No doubt but what our returned overseas soldiers agree that the "Sunny South" resembles "Sunny France" when it comes to rain, mud and lack of sunshine.

### SNAP SHOTS.

A West Dallas widow says the reason she broke her last engagement was because her fiance was proprietor of a meat market and used to call her his Precious Little Pork Chop.—Dallas News.

### PERSONAL MENTION

Mrs. D. W. Maddox of Menard is a guest of her brother, W. K. Gay and family.

W. D. Crothers left Monday night for Dallas on a business visit of a few days.

Miss Ocie Kincaid was a visitor in Brady Saturday. Miss Kincaid is this year teaching in Placid school.

Miss Ruby Oliver, who has been visiting her sister, Mrs. J. J. Johnson returned to her home in Plainview, Monday.

Messrs. H. P. Roddie, Howard Campbell and G. C. Kirk made a business visit of a few days to San Angelo this week, going by auto Tuesday.

Mrs. Steve Ballou and little son are visiting here from Hamilton, being guests of her mother, Mrs. E. R. Sayles, and sister, Mrs. Howard Broad.

Willie Carroll, who has been located with his parents, Mr. and Mrs. J. A. F. Carroll, at Panhandle, Texas, the past couple years, is back here for a few days' visit with friends in the Lohn community.

Mrs. G. M. Bennett returned last Friday from Sherman, where she had been called by the serious illness of her brother. She left him showing no improvement, and with the doctors holding out but little hope for his ultimate recovery. Her father, S. Baker, who accompanied her to Sherman, remained there to be with his son.

### HORSES AND MULES.

Coming to Brady, a carload all good, broke mares and mules. Can be seen at the Dutton stable two blocks east of the public square. Will be here until after Monday, February 2nd.

BOB MUSE, Brownwood.

### SAND! GRAVEL!

High grade sand and gravel on board the cars at San Saba, Texas. Write R. D. Allison, Box 76, San Saba, Texas.

### EGGS FOR HATCHING.

Pen No. 1 is headed by a Lady Victory cockerel, 304 egg—the world's record today.

Pen No. 2 is headed by son of Lady Dicit, 297 egg record. Will sell eggs from these pens at \$2.00 for 15, or \$8.00 for 100.

LEE MORGAN.

FOR SALE—Bady Chicks—20c each. LEE MORGAN, Brady, Texas.

### \$5.00 REWARD.

For information leading to the recovery of one horse mule, nearly 15 hands high, unbranded, no scars, had halter on. Last seen on January 19th in Salt Gap on Main road between Melvin and Pear Valley. Will also give year's subscription to Brady Standard to finder. Notify J. GUERRERO, Pasche, Texas.

# CLASSIFIED ADS

The Standard's Classy-Pied Ad rate is 1½¢ per word for each insertion, with a minimum charge of 25¢. Count the words in your ad and remit accordingly. Terms cash, unless you have a ledger account with us.

LOST—Two mares, last seen at Santa Anna, Tex., on way to Brady—one black mare with wire cuts on both hind legs, white spot in forehead; one dun mare with small knot just above hoof on left hind foot; both unbranded. Liberal reward for any information leading to finding of horses. LEWIS JORDAN, Box 644, Eastland, Texas.

The Standard is authorized to make the following announcements, subject to the action of the Democratic Primary:

For District Clerk: P. A. CAMPBELL (Re-election).  
For County Judge: EVANS J. ADKINS (Re-election).  
For County Clerk: W. J. YANTIS (Re-election).  
For County Tax Assessor: H. R. HODGES (Re-election).  
R. L. WASH.  
For County Treasurer: JUNE COORPENDER (Re-election).  
For County Attorney: E. P. LEA.  
For Public Weigher Pre. No. 1: W. F. EVANS.  
For Commissioner Pre. No. 2: R. L. BURNS (Re-election).

### Announcement E. P. Lea.

To McCulloch County Voters: I am announcing my candidacy for re-election to the office of County Attorney, in which capacity I have had the honor and pleasure of serving you for the past two years. In making my announcement, I feel that not only is my request based upon the democratic plea of being enabled to succeed my self, but that my experience and the knowledge gained in office will stand me in good stead, and warrant my return for another term, inasmuch as I will be better prepared than ever to handle the business of the office capably and expeditiously. In all my years of service, both as Justice of the Peace and as County Attorney, I have endeavored to secure strict justice, using my best endeavors to be fair and impartial, as well as vigorous and unyielding, in requiring the observance of and obedience to the law. Upon my merits, I base my appeal to the voters. I appreciate to the fullest extent the favors shown me in the past, and I trust to receive kindly and favorable consideration from both lady and gentleman voters in the coming primary. Your obedient servant, E. P. LEA.

### Announcement W. F. Evans.

To the Voters of McCulloch County: I am announcing my candidacy for the office of Public Weigher of Precinct No. 1, and take this means of making the same known to the voters of this precinct. However, I expect to thoroughly canvass the precinct before the primary, and hope to be able to personally solicit the support of every lady and gentleman voter. I need your support, and want it, and hope my candidacy will receive favorable consideration. For the past 25 years I have made my home in the Brady, San Saba and Goldthwaite communities, and eight of these years were spent here in Brady. My record is an open book, and I can feel that those who know me best will be my strongest supporters. I know I can fill the office, if elected, capably and efficiently, and only ask for a trial. Sincerely, W. F. EVANS.

### Announcement R. L. Burns.

To the Voters of Precinct No. 2: At the earnest solicitation of many friends, I am announcing for re-election to the office of Commissioner of Precinct No. 2. My first intention was to not again make the race, but realizing the needs of my precinct so well, and with the experience gained by my past service, I believe I can do more and better work than ever before. I am interested in better roads, and will, if re-elected, do everything in my power to improve the roads of my precinct, as well as the road system of the county. My constant endeavor has always been to give my very best efforts to the office, and to safe-guard and promote every interest of the county and its citizens. I will appreciate the consideration and support of every voter. Sincerely, your friend, R. L. BURNS.

### FOR SALE

Two loads pure-bred Holstein milk cows, and a few registered bulls—am offering them at reasonable prices. All have been tested for tuberculosis, and are free. C. H. BRATTON, Rochelle.

# MR. BILL PLANTER

The simplicity and durability of this planter makes it desirable.

The drop may be either the old reliable Avery picker wheel or the single seed type. The single seed drop is a positive force feed that puts one seed at a time through a large slow moving plate and by the patented flexible throat the seed are handled so gently that there is no cracking.

We can take your order now. These machines are the greatest labor savers known.

**Bridge Club.**

Mrs. Herbert L. Wood entertained at Bridge on Tuesday afternoon, the occasion of the regular meeting of the Bridge club. The number present included club members as follows: Mesdames W. D. Crothers, H. B. Ogden, R. W. Turner, G. V. Gansel, W. R. Davidson. Numbered among the guests were Mesdames G. C. Kirk, B. Simpson, John Wall.

In the series of games, Mrs. Ogden won club prize, and Mrs. Wall, guest prize.

The hostess served a salad course. The club will meet with Mrs. F. R. Wulff Tuesday afternoon of next week.

**Five Hundred Club.**

Mrs. Dick Winters entertained last Friday afternoon for the Five Hundred club, with three tables set for the series of "500." Club prize was won by Mrs. Walker, and Mrs. Ogden was awarded guest prize. Delicious refreshments were enjoyed during the course of the afternoon.

The number present included club members as follows: Mesdames C. D. Allen, G. C. Kirk, B. Simpson, Wiley W. Walker, F. R. Wulff, Ed Campbell, John Wall, Mrs. J. G. McCall. Guests included Mesdames G. V. Gansel, Herbert L. Wood, H. B. Ogden, Mrs. H. W. Lindley.

Mrs. C. D. Allen entertains this afternoon for the club.

**W. M. HUNDLEY,  
ONCE FRISCO AGT.  
GONE TO REWARD**

W. M. Hundley is no more! Death called him from labors to rest some three weeks ago down on the Gulf coast, where he and Mrs. Hundley had been located since removing from Brady about seven years ago. That is the sad news that has been received late—and the news brings sorrow not only to those who were intimate-

W. M. HUNDLEY

ly associated with him in railway circles, but to everyone who knew him. Incidentally, it will also be learned with regret that Mrs. Hundley is in bad health.

Without question, "Bill" Hundley was one of the mos. popular, if not

the most popular, representative of the Frisco ever located in Brady, in business, social and community circles, and this popularity extended in no less degree to his estimable wife. Suffering with an affection for which medical skill could bring no relief, Mr. Hundley masked his feelings behind a smiling face and a hearty handshake that left no doubt as to his sincerity.

After being located here for four years as Frisco freight and passenger agent, Mr. and Mrs. Hundley regretfully took their departure, removing to Harlingen, on the Gulf coast, in the hopes that the change might prove beneficial to their health. There Mr. Hundley held the position of agent for the Gulf Coast lines, being virtually superintendent of that railway. Their interest in and kindly remembrance of Brady and her citizens continued all through the years, and only last year The Standard received the following letter, written in a characteristic happy vein, and which clearly showed the warm interest they took in Brady affairs:

"I am enclosing my check for \$150 for subscription to The Brady Standard. Please send as long as the money lasts. We are very glad to read of the oil news around Brady and felt a great deal encouraged when we read in the San Antonio Express of yesterday that the Brady country was causing more excitement than any other section of the State and that the trains were overcrowded. Now, this sounds good to us. Are you enjoying the excitement? If things get too lively let me know for I would like to have a good excuse to get away to go to Brady. We certainly enjoyed our four years there and while we have prospered fairly well since we left there we have not found any people that we could place above our Brady friends. I hope they will

**Only Essex Shares  
Hudson's Qualities**

*They Show Why Essex Went 3037 Miles in 50 Hours,  
and is Rightful Runner-up to the Super-Six Performance*

A critical public has judged the Essex. In the year past it set a world's sales record.

More than \$35,000,000 was paid for 22,000 Essex cars now in service.

That shows how men wanted what Essex offered.

Now Essex proves the accuracy of motordom's judgment.

Let the official tests speak:

On the Cincinnati Speedway a stock chassis Essex made a new world mark of 3037 miles in 50 hours, under observation of the American Automobile Association.

With other trials the same Essex ran a total of 5870 miles in 94 hours, 22 minutes driving time, averaging over a mile a minute.

Still another Essex phaeton holds the world's 24-hour road mark of 1061 miles made in the face of a blizzard over snow-covered Iowa country roads.

The Essex and Hudson are of course totally different types.

But note the advantages Essex shares with Hudson.

**Both Have This  
Motor Heat Control**

For instance, the radiator shutters by which efficient operating heat is maintained in coldest weather. They mean everything to satisfactory winter driving. Closed, they keep the heat in.

No unsightly hood covers are needed. They give summer efficiency to gasoline. They end hard starting. And in warm weather, opened, they give the maximum cooling.

When you know the Essex you will want one. But you should place your

order in advance if you would avoid disappointment in delivery.

The Essex, of course, does not cost as much as the Hudson, and though it is admittedly the runner-up in performance, it can never be all the Super-Six is.

In speed—in acceleration—in hill-climbing—in endurance—no stock car ever matched Hudson's famous records.

The Super-Six motor reduced vibration more than any other type. It checked the most destructive force automobiles must contend with. It added 72% to power, and almost doubled efficiency. And it made the Super-Six the largest-selling fine car in the world.

**Supreme in Motor  
and in Design**

But performance is not Hudson's only title to leadership. From the first it has set styles that the motor industry accepts.

It is a creator of coach design. Not only America but Europe reveals its influence in motor style. Models that are now standard with all fine cars were first introduced by the Hudson Super-Six.

Eighty thousand Super-Six owners place Hudson endurance above all its other notable qualities. For durability must always be the most important car advantage.

The Super-Six motor has proved the dominant factor in car endurance. None except Hudson can use it. If you would own all the supreme advantages of speed, power, acceleration, plus endurance, for which the Super-Six motor accounts, you must choose Hudson.

Weigh the facts.

What can any fine car give to compensate for lack of the Super-Six motor?

strike enough oil to spoil your palm beach suit. Both send kindest regards and very best wishes."

**"I Believe I Could  
Not Have Lived  
If I Had Not Taken Rich-Tone."**  
—Says N. P. Stevens.

"This truly wonderful tonic has done more good than all the doctors' treatments and I have been under the care of several eminent physicians. I am truly grateful for the benefit I have received from taking Rich-Tone and recommend it to all people who are physically weak and run down."

**Take RICH-TONE  
and gain new energy**

Not one penny will Rich-Tone cost you if it doesn't prove of genuine worth in treating your case. You are to be the judge—try this famous tonic—if it doesn't bring to you new energy, a splendid appetite, restful sleep, peaceful and quiet nerves—if it doesn't destroy that tired feeling and build you up, then Rich-Tone will be free to you—it will not cost you anything—but one penny.

You owe it to yourself to try this marvelous remedy. You owe it to your family and friends to be strong, well happy, bright of eye, brisk of step, ruddy of cheek, able to go about your work with a smile on your lips!

Try Rich-Tone entirely at our risk. Get a bottle today on our money-back guarantee. Sold and guaranteed locally by

**DELAY IN ESTABLISHMENT  
OF WOMAN'S COLUMN FOR  
HOME EFFICIENCY WORK**

The Standard is this week unable to give the recipes and menus promised by Miss Taylor in the establishment of a woman's column. On account of Miss Taylor being rushed to make her appointment at McGregor, the matter of furnishing copy for this column was overlooked. Upon her return to Dallas, we are assured that the desired copy will be furnished us.

The Standard, however, publishes in another column, the table showing the model budget for conducting a household, based upon various incomes. Everyone interested in Home Efficiency work should clip and save this table for reference.

**HORSES AND MULES.**

Coming to Brady, a carload all good, broke mares and mules. Can be seen at the Dutton stable two blocks east of the public square. Will be here until after Monday, February 2nd.

**BOB MUSE, Brownwood.**

Buy Stetson Hats from VINCENT.

**You Do More Work.**

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

**GROVE'S TASTELESS Chill TONIC** restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

**GROVE'S TASTELESS Chill TONIC** is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS Chill TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS Chill TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

**Don't You Forget It.**

Bear in mind that Chamberlain's Tablets not only move the bowels but improve the appetite and strengthen the digestion. They contain no pepsin or other digestive ferment but strengthen the stomach and enable it to perform its functions naturally.

**WITH THE CHURCHES**

**Presbyterian Church.**  
The usual services will be held at the Presbyterian church Sunday, Feb. 1st.  
Everyone invited to attend.  
S. H. JONES, Pastor.

**Union Church Service.**  
The usual services will be held at all the churches in the city Sunday morning.

At the evening hour, 7 o'clock, the congregation of all the churches will meet at the Methodist church. The light from the city has been extended to the Methodist church and hereafter the evening services will be held at the Methodist church. All the pastors and members invited.  
Everybody invited to attend.  
J. W. COWAN,  
For the Ministers Union.

The liver loses its activity at times and needs help. HERBINE is an effective liver stimulant. It also purifies the bowels, strengthens digestion and restores strength, vigor and cheerful spirits. Sold by Central Drug Co. and Trigg Drug Co.

# ANNOUNCING

# The Oldsmobile Six

Abundant Power—Flexibility—Speed—Dependability—  
Longevity—Economy—Comfort

These are the qualities assured by the Oldsmobile. For 21 years the Olds Motor Co. of Lansing, Mich., has been manufacturing Oldsmobiles, and in the "Oldsmobile Six" is to be found their masterpiece.

The Model 37-A Oldsmobile is a light, six-cylinder car, weighing 2400 pounds, and which embodies everything essential and desirable in an automobile of class and distinction.

In the Oldsmobile you will find such refinements as natural wood finish hickory wheels, tasteful use of nickel trimmings, smart beveled side rails, walnut instrument board with instruments mounted flush—add to the distinctiveness of this car. The balanced crank shaft means the minimum of motor vibration; the light, valve-in-head motor, with its long stroke and high-speed type gives wonderful horse-power. The unusually long and wide, flat, semi-elliptic, underslung rear springs give riding comfort seldom equalled in much larger cars, while the box pleated upholstery of finest, long-grain leather means comfort and service of the highest type.

**The Biggest Value and the Best Car at Price Ever Offered.**

### DOROTHY PHILLIPS, STAR IN "THE TALK OF THE TOWN" TO BE SHOWN HERE FEB. 10

Genevra French grows up under the personal supervision of her father, a retired major of the army, who conducts his home along lines of strict military discipline. Until she is a woman grown her daily life is regulated by iron-clad rules. She is allowed no freedom, and grows up in sweet ignorance of the mysteries of life. Practicing the art of "Attracting the Opposite Sex" which she learned from a forbidden book, Geneva finds that she has won the love of her first subject, Lawrence Tabor, one of her father's new friends and a man of wealth. She does not love him, but marries him to escape the prison of her father's home.

Once married, she finds that she can do as she pleases, and in her unrestrained pursuit of liberty becomes involved with a man of doubtful character who is known to have preyed upon the affections of other men's wives.

To secure her of her indiscretion, Tabor hires the man to attack his wife. At the crucial moment he discovers him, stages a terrific battle, and sends his wife home sorrowing.

She realizes the folly of shadowy romance and returns to her senses as a wife and mother.

Having to play in "The Talk of the Town," her newest Jewel Production, the role of a daughter who whirls on the brink of sin's abyss, because no one has warned her in her youth of the pitfalls set for innocent young girls, unversed in life's mysteries, Dorothy Phillips, the emotional star, studied the problem of parents who mistake ignorance for innocence, and evolved the following ten commandments for fathers and mothers to follow in making life's path less difficult for their daughters:

1. Explain the mysteries of life at an early age.
2. Do not refuse to answer any question your girl may ask.
3. Pick your servants carefully, for a thoughtless helper may divulge the beautiful secrets of nature in a vulgar manner.
4. Make your daughter feel the utmost confidence in you, so that she will tell you all her perplexing problems.
5. Exercise careful supervision over the friends your daughter chooses. Their influence in her life is potent

with either good or evil.

6. Encourage the society of nice boys of your daughter's own age. Entertain them in your home. It is better than forcing your daughter to clandestine meetings in the park.

7. Do not absolutely forbid anything. Remember "the forbidden thing is the thing desired."

8. Discourage the public dance hall. Let your daughter stage her dances in her own home.

9. Encourage her in simple dress. During sensational costumes often invite insulting comments and remarks from men.

10. Do not be afraid to let her see good sex plays. They will show her the right and wrong paths for a young girl to pursue.

If you want to see what happened to a girl whose parents did not follow out these ten commandments, but who went exactly contrary to the ideas contained in them, go to the Lyric theatre and see "The Talk of the Town."

Another picture of great standing, the Lyric has secured for the near future is "The Whip." Also Rex Beach in "The Girl from Outside;" Louise Glau in "Sahara;" Charlie Chaplin in "A Days Pleasure."

### How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. ### DR. J. B. GRANVILLE LETS CONTRACT FOR ENLARGEMENT OF HOME IN SO. BRADY

Dr. J. B. Granville has just let a contract for the enlargement and improvement of his home on the south extension of Blackburn street. Contractor W. W. Wilder will be in charge of the work and started his force at work Monday. The contract calls for the building of a kitchen, pantry, dining room, hall and sleeping porch, and will include extension of the house 18 ft. to the west, 15 ft. to the south and back east a distance of 35 ft. The rooms at present used as a dining and living room will be converted into a living room, size 12x34 ft. with chimney and fireplace in the middle of the south wall. The chimney and fireplace will also open out on the sleeping porch, making it accessible from that side as well.

Dr. and Mrs. Granville already have one of the neatest, most attractive and best-kept homes in Brady, and the improvements now under way will greatly add to its comforts and conveniences, making it most commodious as well as splendidly arranged.

Trunks—all sizes, at Vincent's.

### SMALLEST CALF EVER BORN WEIGHS LESS THAN EIGHT LBS.—NORMAL EVERY WAY

Arch Benge reports the birth of a calf, that he claims is the smallest calf ever born. He found it on the range, newly born, and went and got a bucket and carried it home. It weighed three ounces less than eight pounds. It is a normal calf, hearty, and well formed. It is of the White Face breed—Paint Rock Herald.

### Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It stimulates and regulates. Very Pleasant to Take. 60c per bottle.

### Announcement and Warning to Water and Light Patrons

In assuming the management of the Brady Water & Light Co. plant, I wish to announce that work will be begun Monday on the placing of the foundations for the new machinery, and the changing from the old to the new system. The factory has promised shipment of the engines, generators, pumps and machinery by February 1st; the wires, transformers and all "change-over" material is already at hand, and I feel confident we can promise to have the new plant in operation within the next 60 days.

In view of the foregoing statement, I wish to warn all Brady citizens against the expense of installation of individual plants, or substitute power or electricity which they might have to discard when our new plant is in service.

We ask the patience and indulgence of the citizens of Brady just a little while longer, when we will be in position to give you power and lights excelled by no city in Texas.

W. O. Kirchner, Supt.

## Brady Water and Light Co.

### COUNTY RECORDS SHOW OIL GAME IS ASSUMING GREAT PROPORTIONS

NEW OIL LEASES PLACED ON RECORD AND GREAT NUMBER OF OIL LEASE ASSIGNMENTS INDICATE GREATER INTEREST THAN EVER IN McCULLOCH CO.

There is no abatement in the interest and activity in McCulloch county oil lands, as the following oil leases and oil lease assignments recorded in the McCulloch county clerk's office clearly show. McCulloch county oil lands are a live commodity, and are in demand. The list following was placed on record during the month of December.

#### Assignment Oil & Gas Leases.

 (Concluded Next Week)

McCULLOCH COUNTY CITIZENS TO OPERATE DAIRY IN IMPERIAL VALLEY, CALIFORNIA

R. L. Richter was here from the Waldrip community the first of the week and stated that he had definitely decided to remove to the Imperial Valley of California. Mr. Richter says, however, that he does not intend to leave here until about June, so that his children may continue and finish the present school term. Then he and his family will camp in the mountains during the summer, locating in the Imperial Valley in the early part of fall, or in time to start the children in the schools there.  
 Mr. Richter is a citizen of long standing in McCulloch county and the Waldrip community, and everyone has considered him permanently located here. However, he has rented out his place to J. D. Knight, and says the school advantages of the California country have impelled him to make the venture. The Imperial Valley is noted for its long staple cotton, grown on irrigated land, and which brings extra-fancy prices. However Mr. Richter does not intend that his children shall be deprived of their full school advantages by having to work in a cotton field, and so will not engage in this industry. Instead, he will operate a dairy there. In this project he will be joined by W. M. Campbell of Waldrip.  
 The removal of Mr. Campbell and family is another surprise. Mr. Campbell has been located on the same farm for the past 20 years or more, but, like Mr. Richter, sees advantage in the change. Neither of these good citizens are burning any bridges behind them however, and McCulloch county's many attractions may yet serve to bring them back home.  
 There are many Texans who located in the Imperial Valley, and several families have moved from McCulloch county in times past to this section. The citizens of this Valley are now pushing what is known as the Kettner bill in Congress. This bill provides for the building of a canal from Laguna dam at Yuma, Ariz., across to the Valley in order to supply water for irrigation. At present, the Valley is dependent upon Old Mexico for the water which supplies her irrigation ditches.

A big line of Muslin Underwear ready for your selection at VINCENT'S.

To the Dyspeptic. Would you not like to feel that your stomach troubles are over, that you can eat any kind of food that you crave? Consider then the fact that Chamberlain's Tablets have cured others—why not you. There are many who have been restored to health by taking these tablets and can now eat any kind of food that they crave.

HORSES AND MULES.

Coming to Brady, a carload of all good, broke mares and mules. Can be seen at the Dutton stable two blocks east of the public square. Will be here until after Monday, February 2nd.  
 BOB MUSE, Brownwood.

A dry, hacking cough is hard on the lungs, often causing them to bleed. BALLARD'S HOREHOUND SYRUP is a healing balm that quickly repairs damage in the lungs and air passages.  
 by Central Drug Store and Trigg Store.

LOCAL BRIEFS

August Thorn was in Tuesday to have his name added to The Standard's subscription list. Mr. Thorn is a prominent citizen of the Melvin community, and we are glad to number him a member of our big family.

R. W. Bradley was in town Wednesday and reported that he and his family had moved back to Fife from Stephenville, where he has been engaged with his father-in-law, the past year, in the carpentering and building trade.

W. F. Leach and Chas. Longley were among Tuesday visitors in Brady from the Fredonia community. Mr. Leach is farming now, which Mr. and Mrs. Longley have recently taken charge of the hotel at Fredonia. Both are appreciated and appreciative readers of The Standard.

Mr. and Mrs. J. L. Smith were numbered among Lohn folks in Brady Tuesday. "Uncle Jack" is seriously considering again running for commissioner of Precinct No. 3. Mr. Smith left the office voluntarily with a splendid record of service for his constituents.

A. M. Harkey is numbered among the new readers of The Standard. Mr. Harkey has been buying cotton the past several weeks in Brady, but earlier in the season bought in Kateney, his home town. Like all citizens who once read The Standard, he feels that he cannot get along without it when he gets back home.

Hon. Calvin Thaxton, accompanied by his son, Lamar, a prominent young attorney of Mason, were Brady visitors yesterday. Mr. Thaxton was rejoicing over the prosperity that has come to the citizens of this section, and is hopeful that the blessings of abundance and prosperity may continue in the future.

D. C. Middleton was here Wednesday from the Stacy community, for his first visit to Brady in a number of weeks. Bad roads and bad weather kept him away, he said. He still has cotton in the field and is just as busy as could be, but just had to stop and come in to pay his taxes. He succeeded in driving from his place to Melvin, and caught the train there for Brady.

A new and appreciated reader of The Standard is Joe Quicksall of the Nine community. Mr. Quicksall decided to economize during the drouthy years, and so let his subscription expire. Recently he chanced to pick up a copy of the paper, and enjoyed reading it so much that he decided to take advantage of the opportunity to read it and the Dallas News the present year.

It will be learned with sincere regret by all his many friends that Sam Woods has resigned his position as head of the hardware department of O. D. Mann & Sons, effective February 1st, and with his family will remove to another point. "Uncle Sam," as he is familiarly known by all, has been one of the most popular salesmen in the city. Always jovial and in good humor, ever-willing and anxious to serve, and courteous withal, he has a place in the hearts of everyone, young or old who knows him. He has traveled over a large part of the U. S., has worked at almost every angle of salesmanship, and all of his wide knowledge and experience he put into his work here. Ever since locating in Brady, he has received flattering offers from large concerns in the way of traveling positions, but he steadfastly refused to consider them, because he liked his work, loved the people here and Brady was "home" to him. His change in plans was brought about simply because of the hope that a change might prove beneficial to the health of his family. With regret, his friends will see him take his departure, but "Uncle Sam" will always be thought of kindly and the best wishes of all will accompany him in his new undertakings.

SURGEONS agree that in case of Cuts, Burns, Bruises and Wounds, the FIRST TREATMENT is most important. When an EFFICIENT antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For use on IDEAL ANTISEPTIC and HEALING man or beast, BOROZONE is the AGENT. Buy it now and be ready for an emergency. Sold by Central Drug Co. and Trigg Drug Co.

The Essex is no experiment—twenty thousand sold last year and those did not fill the demand. F. R. WULFF.

Will You Let Thomas A. Edison Entertain You - In Your Home?

That is what happens when an Amberola comes into your home. The wizardry of Edison—the Master Product of his Master Mind—furnishes you with years and years of entertainment—all the best music of all the world—reproduced in a superior way that none but Edison could accomplish

EDISON'S NEW DIAMOND AMBEROLA

Among the large number of phonographs and "talking machines" on the market, the genius of Edison makes the Amberola stand out as the one perfect instrument for your home.

Thousands of families in the U. S. A. have purchased phonographs hastily, without careful comparison—and as a result they are repenting their choice at leisure.

You can safely trust the phonograph that has been perfected by the greatest inventor of the age. Choose the Amberola, and you will never regret your selection. The longer you possess an Amberola, the more you will appreciate its marked superiority over ordinary phonographs and "talking machines."

Its marvelous, pure tone will afford perpetual delight to your-

FREE TRIAL In Your Home

We will place an Amberola in your home for a 3 Days' Trial which will not put you under the slightest obligation or expense. Come here, select an Amberola and a number of records and we'll send them to your home. At the end of 3 days, if you do not want the Amberola, we'll call and take it away. If you do want it, we'll arrange terms of payment to suit you.

PRICES \$41.00 & up

self, your family, your friends. No metallic sound or shrillness—common phonograph faults—nothing but pure melody in every note from your Amberola.

No needles to change, with constant bother and expense. The genuine Diamond Point Reproducer of the Amberola is permanent.

And the wonderful Amberol Records are practically unbreakable and everlasting. You can handle them quickly, carelessly—yes, drop them—without fear. (You know how easily other phonograph records are broken.) And on these Amberol Records you have all the world's best music—the greatest singers, the latest songs and dances—to select from.

We will gladly demonstrate the superiority of the Amberola to you at any time. Come in today, tomorrow—bring the family along.

MALONE AND RAGSDALE

JEWELERS OPTICIANS

CARLSON TIRE COMPANY. FORT WORTH ENTERPRISE. ESTABLISHED BY BRADYITES

Robert Carlson returned here last Friday from Fort Worth, where he had been spending the week completing a deal for the purchase of the City Vulcanizing Co. of that place, and which he, in company with his brother, Carl, and Rudolph Johnson, will convert into one of the most complete and up-to-date vulcanizing establishments in Fort Worth. The business will be conducted under the firm name of the Carlson Tire Co. The business purchased has been established about three years, and is well known to the auto trade. The new firm will install a complete new vulcanizing plant and will be prepared to handle vulcanizing and retreading of every description. Robert Carlson, who has been engaged in the vulcanizing business for a number of years, will be in charge of the business. The boys have an advantageous location at 1295 Commerce Street, and expect to do a great volume of business, drawing trade from all territory within reach of that city.

The Messrs. Carlson are sons of Mr. and Mrs. J. E. Carlson, while Rudolph Johnson is a son of A. J. Johnson. All are enterprising young men, and live-wire business getters, and complete success is certain to crown their efforts.

Pleurisy pains are located just below the short ribs. Lumbago affects the same region but toward the back. BALLARD'S SNOW LINIMENT is the remedy in either case. If rubbed in thoroughly it eases pain, relaxes the muscles and the patient can move about freely and comfortably. Sold by Central Drug Co. and Trigg Drug Co.
