UNCLE SAM SELLS STAMPS ON WEST SIDE SQUARE NEXT WEEK

CUNNINGHAM & DEVINE HAULING OUT LAST OF MATERIAL FOR MARIE WELL

SMITH & JERGENS SET 8-INCH CASING AT 1896 FT. THIS WEEK—SPUDDING IN OF THAD O. DAY WELL NO. 2 COMPLETED YESTERDAY—NOW RUNNING TOUR.

C. A. Devine is here this week from Fort Worth and reports that all the machinery and material for the "Marie" well on the ground with the exception of the boiler, which is now being hauled out from Mercury. This well is to be drilled by Cunningham & Devine on G. H. & S. A. Ry. Co. Survey No. 19, (G. R. and W. N. White Company ranch) 15 miles northeast of Brady. The material was set out at Mercury on Friday night of last week, after being enroute from Stephenville for three weeks. Machinery and material for Cunningham & Devine's well No. 2 is now enroute from Oklahoma.

Jack Tait, superintendent for the C. S. Thomas well, reports the well at Whiteland having just passed the 3,100 ft. mark. More tankage is being hauled out to Craig well No. 1 at Salt Gap, and preparations are being completed for ample storage to carry operations on through even the worst of bad spells. Mr. Tait states that operations on this well will be resumed between now and the 1st of April.

Smith & Jergens have just completed the setting of 8-inch casing to a depth of 1896 ft.

The Cooper-Shields well is at 709 ft. and Tuesday began running tour.

The spudding in of the Thad O. Day well No. 2 has just been completed, and the drilling crews last night began running tour.

G. A. Sanderson is here this week from Fort Worth looking after ex-

tensive lease holdings in this county. In all, Mr. Sanderson holds 800 acres, much of his holdings being in the immediate vicinity of the Thad O. Day and Cunningham & Devine wells. He is enthusiastic over developments and prospects, says everything is looking the best he ever saw here, and states that McCulloch county is now on the eve of the greatest activity in her history. Mr. Sanderson became interested in McCulloch county over a year ago, and has closely followed operations here. In his opinion the Thad O. Day well No. 2 will make McCulloch county one of the greatest oil fields in the state.

We have the nicest assortment we have ever had of dishes—in plain white and bordered patterns, and gold band. O. D. MANN & SONS.

CITIZENS SIGNALLY HONOR G. M. BENNETT, RETIRING LOCAL AGENT

PRESENTED WITH KNIGHT TEMPLAR CHARM AND GOLD CHAIN, TOGETHER WITH LETTER OF APPRECIATION AND FRIENDSHIP, FOR HIS SERVICES.

G. M. Bennett, who retired March 1st as local freight and passenger agent for the Santa Fe and Frisco systems after nearly ten years' continuous service, was signally honored on last Tuesday afternoon by Brady friends and admirers, in the presentation of a Knight Templar charm with a solid gold chain—a token of esteem, friendship and admiration for the man, as well as appreciation of the splendid services rendered and the many courtesies extended during the period of his service in Brady. Mr. Bennett left Tuesday night for Dallas, where he has accepted a position as chief clerk in the Santa Fe traffic department, a promotion which has come to him as reward for his long years of unselfish and untiring service to the public, as well as to the railway in whose employ he has been.

The presentation took Mr. Bennett completely by surprise, and he was so overcome with emotion that he could scarcely voice his thanks and appreciation of the splendid remembrance, as well as the spirit that prompted it.

Just before the presentation, Mr. Bennett was hoisted onto a table by Messrs. W. D. Crothers and R. W. Lee, who demanded that he make a speech and a farewell address. Mr. Bennett rose to the spirit of the occasion and in his modest manner told

of his regret at leaving his good friends in Brady and of his appreciation of their friendship. Jack Tait then stepped forward and presented the emblem and chain to Mr. Bennett, after reading the following letter, which truly voices the feeling of Brady and McCulloch county citizens towards their popular former agent.

"Mr. G. M. Bennett, Brady, Texas, March 2, 1920:"

"In token of the high esteem and friendship that has existed during your stay in Brady between you and

Death of Mrs. H. S. Byrd.

In the death of Mrs. H. S. Byrd, which occurred Sunday night at 11:00 o'clock, at her home in Rochelle, following an illness of about a week with pneumonia, that community loses one of her most loved and noble Christian women. Death came at the age of 57 years. Funeral services were held Tuesday afternoon, the Rev. J. S. Wilson conducting, and interment was made in Rochelle cemetery.

Mrs. Byrd had been a resident of Rochelle for the past nine years, and with her husband and family, had enjoyed the friendship and esteem of all. The end came peacefully with husband and children all present at her bedside.

Mourning the loss of wife and mother are husband, and five children: W. H., A. R. and S. L. Byrd of Dallas, Mrs. C. H. Bratton and Miss Ruth Byrd of Rochelle. To them is extended the heartfelt sympathy of all.

Funeral of Mrs. T. A. Dial.

Funeral services for the late Mrs. T. A. Dial were held Wednesday afternoon at the East Sweden cemetery, the Rev. J. A. Irvine conducting. Many sorrowing friends accompanied the body to its last resting place and paid tribute to the memory of the departed. Besides the husband and three children, there survive the parents, Mr. and Mrs. C. A. Johnson, two brothers, Paul of Viejo, and Thomas of Brady; and two sisters, Mrs. Will Dutton and Mrs. Will Galoway. To them is extended sympathy and consolation in their deep affliction.

\$5,000 FIRE DAMAGE AT McCULLOCH COUNTY COTTON OIL MILL THURSDAY

WATER DAMAGE TO COTTON SEED AND CAKE AND TO LEATHER BELTING MOUNTS HIGH—MILL PROBABLY RESUME OPERATIONS WITHIN WEEK.

Fire, which broke out just at noon yesterday at the McCulloch County Cotton Oil mill, resulted in damage to the amount of \$5,000.00 or more, according to an estimate made by A. B. Cox, local manager. The fire had its origin in the cake room, and besides doing considerable damage, the loss from water is heavy, about 150 tons of cake having been soaked, and great loss resulting from the destruction of leather belting.

The origin of the fire is unknown, but is surmised to have been caused by a hot box, or else from some foreign substance in the hullers causing them to strike fire. Although workmen were close at hand, the blaze got a good start, and required considerable effort to extinguish. The oil mill is well equipped with fire-fighting apparatus, having five fire plugs at convenient points, besides a sprinkler system, and is enabled to effectively fight a fire just as long as the water pressure holds out. The local fire department responded, and materially

assisted the oil mill crew in fighting the blaze.

The damage to the building is merely nominal and can easily be repaired. The loss in belting is the most difficult to meet. If new belting can be obtained, it is hoped to resume operations in about a week's time.

Anderson & Carrithers want to write your fire insurance—the policy that will protect you from unexpected and disastrous losses. Don't delay, tomorrow may be too late. Your turn may be next. See them today!

CHAS. WHITE GETS BIG RETURNS ON OFFER TO HELP BUY BETTER PIGS

Chas. White of Brady has gotten big returns on his offer to help bring prize-winning Poland-China pigs from Iowa to Brady. As a matter of fact, he is fully \$50 to the good, with not a single cent invested. When the list was circulated by County Agent B. D. Black a few weeks ago, Chas. was one of 32 citizens who agreed to put up \$100 to assure the importation of a carload of registered big-bone Poland China gilts from the famous Bowers pig farm at Conway, Iowa. When the pigs arrived a few weeks ago, they showed up so good, that H. H. Sessions offered to take Mr. White's gilt off his hands, and promised him two pigs for the privilege. Mr. Sessions' gilt this week brought a litter of eight fine pigs. Two of them are Mr. White's—and the two are worth fully \$25 apiece. Mr. White was not out one cent of real money, but he is "in good" on his mere offer to help the better pig movement along.

ANNOUNCEMENT.

I will be back in Brady March 8, 1920, and will put in my Planing Mill again, and will appreciate the patronage of my old friends and new ones too. All work guaranteed. "I build homes—not houses." Try me.

A. D. WRIGHT.

BRADY POSTOFFICE MOVES TO RICE BUILDING, WEST SIDE, SATURDAY

POSTMASTER A. B. REAGAN TO CLOSE DOOR ON PRESENT LOCATION AT 3:00 P. M. SATURDAY—MOVING MAY REQUIRE TWO OR THREE DAYS.

On Saturday afternoon at 3:00 o'clock, Postmaster A. B. Reagan will bar the front door of the present postoffice building, and removal of the postoffice quarters will at once be undertaken, the fixtures, office equipment and everything in connection with the postoffice being transferred to the W. R. Rice building on west side of the public square, which has been selected as the home for the Brady postoffice for the period of the next ten years.

The removal of the Brady postoffice has been in contemplation for some time, the contract for the new quarters having been signed with Mr. Rice a couple months ago. While the postoffice department held a lease on its present quarters until April 1, 1920, it signified its willingness to make the move just as soon as the new quarters were in readiness. The purchase by Mr. Rice of the postoffice fixtures now in use from the present owners was completed this week, thereby enabling the immediate removal of the postoffice quarters.

The time required to make the move and establish the postoffice in its new quarters will probably require a couple days. In order to move the lock boxes, cages and wire screen protections, innumerable bolts, screws and fastenings will have to be removed, which will require considerable

time, and as well the replacing of the fixtures will be a tedious undertaking. In the meantime the citizens will have to possess themselves with patience and make the best of the occasion by getting along without their mail in the interim.

Postmaster Reagan says he is getting anxious to make the move and have the matter over with. He states the postoffice department has not had one single protest over the move so far; in fact, everyone appears to be well satisfied with the new location.

The new quarters are fairly well centrally located, are more commodious than those now being used, and being located on the square adds to their accessibility.

Allen & McClure and A. R. Hooper, who will occupy the two store rooms adjoining the new postoffice quarters on the south, announce that they will move about next Tuesday.

SECOND MONTHLY BANQUET BRADY CHAMBER COMMERCE WEDNESDAY

ROUSING GET-TOGETHER MEETING BRADY LIVE WIRES IS PLANNED—INCREASED ATTENDANCE ANTICIPATED—MANY SUBJECTS TO BE DISCUSSED.

The second of the monthly banquets and "Get-Together" meetings of the Brady Chamber of Commerce is announced for next Wednesday night, at the Queen hotel, the festivities beginning promptly at 8:00 o'clock. Tickets for the affair can now be procured from G. C. Kirk or Bailey Jones, composing the entertainment committee, and all who attend should secure tickets not later than next Monday in order that the exact number of plates to be laid at the banquet may be known in advance.

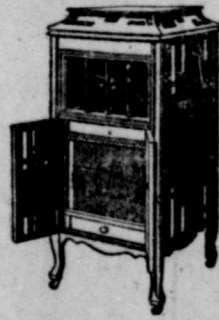

The first of these "Get-Together" meetings was staged a month ago, and proved such a complete success and such a pleasant surprise to all who attended, that it was unanimously voted to repeat the occasion once every month, all in attendance agreeing to not only attend the next one in person, but to use their influence to induce others to come.

At the first meeting a general discussion of various matters pertaining to the welfare of Brady, McCulloch county and her citizens, was had, the object being to arouse the membership to the needs of the town and country. In the forthcoming meeting, some of the most urgent of these matters will be presented, and the membership will be urged to suggest

There will be no need to urge those attending the first meeting, to attend the meeting next Wednesday night—their interest in public affairs was thoroughly aroused by the first meeting had. However, it is urgently desired that every member of the Brady Chamber of Commerce be present at the forthcoming meeting. By united action, much can be accomplished. There is no better way to bring about a united action than by a public discussion and a mutual understanding of affairs of public nature or benefit. This is assured by the monthly meetings of the Brady Chamber of Commerce.

COUNTY CORRESPONDENCE

PEAR VALLEY WHISPERS.

Ambrus Chamberland Dies, a Victim of Flu-Pneumonia.

Pear Valley, Texas, Mar. 1.
Editor Brady Standard:
Here I come again after a few weeks absence. Have had the flu like most everyone else.

We are glad to report no new cases of the flu in our community and the ones that are sick are reported much improved.

J. F. Weldon went to Brady Sunday to get a nurse for his sister, Mrs. Killingworth, who lives at Cow Creek. She has the flu-pneumonia.

Miss Lola Bullock left Friday for Ft. McKavett where she will begin her school work again. She came home to wait on home folks who have had the flu.

Bro. and Sister Shirley of New Mexico are here to spend a few days with old friends. Everyone is glad to have them visit us again.

We are glad to report Jack Ferguson who got hurt at Brady some time ago is able to be up and about again, but will have to go on crutches for some time yet.

Born, to Mr. and Mrs. Roy Arrington, a seven-pound girl.

Claude Arrington, our navy boy came in Feb. 21st. We all were glad to see Claude. He left on Tuesday again, as he has eight more months to serve in the navy.

Commissioner Carroll has had some work done on the roads around Pear Valley.

Mr. Curtis and family spent Sunday with relatives at Lohn.

Mr. Ambrus Chamberland, who has had the flu and pneumonia died at his home last Wednesday night. Funeral services were held at the Lohn cemetery Friday afternoon and interment made. He leaves a wife and one little girl, father and mother to mourn his loss.

Willie Marshall is leaving today for Ranger where he is going to work.

We are sorry to report that since beginning this letter that Mrs. Gerge Vineyard and baby have taken the flu.

Sadie and Bulah Russell visited relatives at Welview Saturday and Sunday.

"SMARTY."

Pen Staffs, Pen Points. The Brady Standard.

CALF CREEK NEWS.

School Closed Three Weeks On Account of Flu-Pneumonia.
(Too Late for Last Week).

Brady, Texas, Feb. 25.
Editor Brady Standard:

Well, as I have been absent for quite a while, I will try and send in the Calf Creek news once more. We have had lots of flu in our community.

"Daisy" has had quite a spell of the flu, and that is why I haven't written.

Our school has been closed for 3 weeks, two of our teachers, Miss Ada and Miss Ida Young have been very sick with the flu, and now our principal, Mr. Brewer, has it. We are glad to report the Misses Young able to go to their home at Rochelle and are hoping our school will start next Monday.

Most everyone is through picking cotton and is now preparing the ground for another crop.

Mrs. E. L. Bridge was called to the bedside of her sister-in-law, Mrs. O. A. Whipple of Brady, last week, but glad to report she is much better. Mrs. Bridge came home Monday and Mrs. Bula Walker is staying with Mrs. O. A. Whipple this week.

Mr. Lum Tucker went to Brady last Friday on business and seemed to be as well as usual. He returned from town and was talking a while at Mr. Ben Walker's, just a short distance from his home, and stepped on the porch and fell dead with heart-failure. It was quite a shock to all. He was buried Sunday.

Willie Duncan moved to Nine this week.

Messrs. Jim Williams and Lum Awalt made a business trip to Brady yesterday.

We are having a right cool spell now and I think the people are finishing up their hog killing for the season.

Miss Edna Duncan visited Miss Bernice Bridge Sunday.

Jim Duncan visited Claude Knight Sunday.

Francis Kolf was a visitor of Odell Smith Sunday night.

As news is scarce, I will ring off.

"DAISY."

It will be a pleasure to demonstrate the Essex to you without any obligation on your part. F. R. WULFF.

WEST SWEDEN WHISPERS.

School Resumes Sessions—Flu Cases Not Numerous.

Brady, Texas, Mar. 2.

Editor Brady Standard:
After an absence of two weeks' we will try to write again.

The school of West Sweden resumed its work again last Thursday after having been dismissed a couple of weeks on the account of flu. The people of this community were very fortunate, as there were but very few cases of flu.

The farmers of this section have been rather busy the past two weeks, as there have been two threshing machines running here, threshing maize and feterita.

Mr. and Mrs. Ed Helge visited Mrs. Helge's parents, Mr. and Mrs. C. J. Irvin Sunday.

Mr. and Mrs. Herbert Harkrider have fully recovered from flu and were able to visit Mr. Abner Hanson's Sunday.

Mr. and Mrs. Raymond Rose paid Coleman a visit last Saturday and Sunday.

Mr. and Mrs. Geo. E. Youngdale and family and Misses Esther and Louise Hanson spent the day with Mr. John Hanson and family Sunday.

Mr. August Young had a family reunion last Sunday week ago. All of his children ate dinner with them on that day.

Miss Alpha Allison returned to her school Wednesday, having paid her home folks at Eden a visit while school was suspended.

Mr. Steve Rush and family visited his daughters at Whiteland Sunday.

Bert Priddy was a pleasant visitor in the Rice home Saturday night last.

Miss Bess Rice has returned to town after a several weeks' stay with home folks on the ranch.

We are glad to report Mr. A. T. Anderson and son, Elmo, able to be up again after a siege of flu.

We want to thank the editor for the nice stationery received for our correspondence.

Come on, all you correspondents; we would like to see some news from Carroll Colony and Dodge.

"DOLLY & POLLY."

Does Happen.

Pass the butter gently, Mabel
Send it lightly thru the air
In the corner of the dish, love,
You will find a nut-brown hair.

What fond memories it awakens
Of the days ere we were wed
When upon my good coat collar
Oft you laid your little head.

How I stroked those gentle tresses
In the days long, long gone by
Now I find them every meal-time
In the butter and the pie.

COW GAP GOSSIP.

Cotton Practically All Gathered—Prepare for New Crop.

Brady, Texas, March 2.

Editor Brady Standard:
Most everyone is getting well of the flu once more. School closed a week and 2 days on account of the teacher and several of the school children having the flu.

Mr. B. D. Dillard's family have all been down with the flu, but are better at this writing.

Mrs. Ferris Woodard and baby, and Miss Olive Dillard returned to Brady Sunday after spending the past three weeks with home folks.

The cotton is all gathered except a little scrapping and the men are all busy fixing their land for another bumper crop.

Miss Bernice Winstead is visiting at the Walker ranch.
Miss Lucy Purdy visited home folks at Carroll Colony from Friday afternoon until Sunday.

Misses Gladys and Emma Fairis, Olive Dillard, Messrs. Irvin Fairis and Gordon Newton were pleasant visitors at Newt McShan's Saturday night.

Misses Lucy Purdy and Helen Newton called on Mrs. Cleve Hemphill Sunday afternoon.

Masters W. J. and Sterling Fullager visited their Grandma Huie, Monday.

Little Miss Ethel Newton spent the day with Jewel and Cleo McShan Sunday.

Misses Anna Lohn and Mable Huie were shopping in Brady last Friday.

Elton and Billy Hemphill visited Will and Helen Newton Sunday.

WONDER WORDS.

Irrigation as a Regulator for Irregular Seasons.
Wonder, Ore., Feb. 26.

Editor Brady Standard:
According to an authority on slang phrases, the most modern way of saying, "It got my goat," is to say, "it obtained my Nanny," or maybe some would prefer saying, "it secured my Billy."

Last year you remember I told you that McCulloch county would be apt to be rainy and I offered a dollar for the largest ear of corn. I am here with sending a prediction of one of our citizens, Mr. Bunch of Grants Pass, and I think Mr. Bunch is right in his suggestions. Be patient gentle reader; I will tell you how to get the best results of hog raising soon. Now hear Mr. Bunch:

"O. I. C. U. R. RIGHT."
"This is a record dry spell, says Mr. Bunch.

"In all the fifty years I have been in this country I have never seen anything to compare with the season for dryness," said Wm. Bunch a few days ago when discussing the popular subject of the climate. Mr. Bunch is quite an expert on weather conditions in Southern Oregon, and is a much better guesser than either the grand hog or Mr. Hicks. But he admits his defeat in the present instance, though he does vouchsafe two guesses on what is to come, and he will probably hit it on one guess as did the fellow who had two guesses on the sex of his friend's new baby. Bunch says that it is his hunch that this dry spell will continue right on thru the season—or it will commence to rain in March and rain will be the regular thing all summer. He is pretty sure that it will either be very dry or very wet.

"For fifty years I have been preaching the gospel of irrigation," said Mr. Bunch. "When we get irrigation the farmer can quit guessing about when it is going to rain. But it has been a mighty hard game to bring the people to see the need for irrigation. Do you know, that with water for irrigation, any man can make money on five acres of our land. There is no crop that will pay better than berries. I once put in a quarter of an acre of berries, and on the second season had taken \$210 worth from the patch when a man came along and wanted to buy the tract. That is the thing I would be doing right now if I did not have this business on my hands."

GOVERNMENT EXPERT DESCRIBES WATER GLASS AND LIME METHODS FOR THE PRESERVATION OF EGGS

Fresh, clean eggs, properly preserved, can be used satisfactorily for all purposes in cooking for the table. When eggs preserved in water glass are to be boiled, a small hole should be made in the shell with a pin, at the large end before placing them in water, to allow the air in the egg to escape and prevent cracking.

Here is a good thing to paste in your scrap book—or maybe in your poultry house somewhere. It is the method for the preservation of eggs—something about which the average farmer knows but little and about which he ought to know much. The methods are recommended by Harry M. Lamon, senior poultryman, Animal Husbandry division of the United States Department of Agriculture. The methods are the water-glass and the lime methods.

The water glass, or sodium silicate, has been found to be good. Use one quart of water glass to nine quarts of water that has been boiled and cooled. Place the mixture in a five gallon crock or jar. This will be sufficient to preserve 15 dozen eggs and will serve as a guide for the quantity needed to preserve larger numbers of eggs.

Clean a five gallon crock, scald it and allow it to dry. Heat a quantity of water to the boiling point and allow it to cool. When cool, measure out nine quarts of water, place it in the crock, and add one quart of the water glass, stirring the mixture thoroughly. The eggs should be placed in the solution. If a sufficient supply of eggs is not obtainable when the solution is first made more eggs may be added from time to time. At least

two inches of the solution should cover the eggs at all times. The crock containing the eggs should be kept in a cool, dry place, well covered to prevent evaporation. Waxed paper put on or tied around the top of the crock will answer this purpose.

Here is a second best method which can be used where the water glass cannot be obtained. Many think it is as good as the other, although in some instances the lime penetrates the shell and the egg tastes of lime. Dissolve two or three pounds of unslacked lime in five gallons of water that has previously boiled and allowed to cool. Allow the mixture to stand until the lime settles and the liquid is clear. Place clean, fresh eggs in a clean earthenware crock or jar and pour the clear limewater into the vessel until the eggs are covered. At least two inches of the solution should cover the top layer of eggs.

EDITOR ADKINS OF LOMETA REPORTER THINKS BENEFIT LOMETA-EDEN TRAIN MORE

The Chamber of Commerce of Brady is exerting its utmost powers in endeavoring to secure a through passenger train service from Temple to Eden. In the event that such action is taken by the Santa Fe, the accommodations would not be so greatly improved, nor would the people on the Lometa-Eden branch be afforded a schedule that would be any more satisfactory to them than would be the present arrangement of things. What the Brady Chamber of Commerce should do is to secure a regular passenger train from Lometa to Eden. The train service is adequate between Lometa and Temple, while it is to be admitted that the run from Lometa to Eden is presumed to be hazardous as well as an adventuresome undertaking, due not only to the present condition of the trackage, but due to the ever-existing string of freight and cattle cars that always precede the passenger coaches on the Lometa-Eden branch. If the Brady Chamber of Commerce could persuade the Santa Fe to put on a train from Lometa to Eden and return in a day, they would then derive much more benefit and better service than they would should the train make up in Temple instead of Lometa. Statistics show that it requires approximately four coaches to carry the passengers, both coming in and going out of Lometa, and that is sufficient proof that more adequate service is needed. Nevertheless, it seems improbable that such a change as the Brady Chamber of Commerce anticipates will be made, in view of the fact that the train service from Lometa to Temple is all that is required under present conditions.—Lometa Reporter.

A good treatment for a cold settled in the lungs is a HERRICK'S RED PEPPER POROUS PLASTER applied to the chest to draw out inflammation, and BALLARD'S HOREHOUND SYRUP to relax tightness. FRISCO TRAIN GETS OFF TRACK SUNDAY AND IS DELAYED 12 HOURS

Passenger train No. 15 on the Frisco came to Brownwood twelve hours late Sunday evening. Instead of getting here at 6:15 o'clock in the morning it arrived at 6:00 in the evening. The delay was caused by the engine, tender and two coaches getting off the track at Winscot, just out of Fort Worth. Nobody was hurt and only slight damage was done to a short stretch of road.—Brownwood Bulletin.

IMPORTANT NOTICE!

To Water and Light Consumers: This is to give due notice that we will, in future, strictly observe the rule to cut off service to all water and light patrons whose accounts remain unpaid after the 10th of the month in which such account was due. FIRE ON COLTON RANCH TUESDAY DESTROYS STRAW STACK AND SEPARATOR

Fire at W. M. Snyder's place on the Colton ranch Tuesday destroyed a straw stack and the separator being used in threshing out the grain. Abner Hanson was badly singed while getting the engine to a place of safety. The blaze originated from a camp fire built by a gang of Mexicans to cook dinner on. The camp fire became scattered, the embers setting fire to the straw and were beyond control almost before anyone knew it or could take action to prevent the catastrophe.

Anderson & Carrithers want to write your fire insurance—the policy that will protect you from unexpected and disastrous losses. Don't delay, tomorrow may be too late. Your turn may be next. See them today!

NOTICE! TO MY FRIENDS AND CUSTOMERS:

I wish to announce that on April 26th, 1918, I have sold my Kodak department to the Brady Studio, and that I will positively not finish any kodak pictures, or develop any films at my studio. L. W. St. CLAIR.

The management assumes no responsibility for any indebtedness incurred by any employe, unless upon the written order of the editor.

BRADY, TEXAS, Mar. 9, 1920.

HONEST INJUN.

Perhaps the Sands of Time on the Track of Civilization will some day put the brakes on the High Cost of Living.

COUNT THAT DAY LOST.

In order to issue The Standard twice-a-week, it is necessary that we operate our linotype continuously from Monday morning until Thursday night. To do this, we must have continuous power service. Ever since the first break-down of the municipal power plant, The Standard has been laboring under the greatest of difficulties. Unexpected and untimely shutting off of power service has lost to The Standard's working force on the average of a day a week. Naturally, this not only curtails our production, but puts us farther and farther behind in our work. Thursday of this week, we had no power all morning, due to the fact that the power had to be used to pump water. Then Thursday noon's fire at the oil mill used the entire water supply, and the water pumps had to be operated all afternoon, again depriving us of service. In other words, for a 24-hour period, on the busiest day of the week, we were without service.

This is not an apology. It is an explanation of the late appearance of The Standard, and an insight into the difficulties under which we have operated the past several months.

I AM THE COUNTRY WEEKLY.

I am the Country Weekly. I am the friend of the family, the bringer of tidings from other friends; I speak to the home in the evening light of summer's vine-clad porch or the glow of winter's lamp. I help to make this evening hour; I record the great and the small, the varied acts of the days and weeks that go to make up life.

I am for and of the home; I follow those who leave humble beginnings; whether they go to greatness or to the gutter, I take to them the thrill of old days, with wholesome messages.

I speak the language of the common man; my words are fitted to his understanding. My congregation is larger than that of any church in my town; my readers are more than those in the school. Young and old alike find in me stimulation, instruction, entertainment, inspiration, solace, comfort. I am the chronicler of birth, and love and death—the three great facts of man's existence.

I bring together buyer and seller, to the benefit of both; I am part of the market-place of the world. Into the home I carry word of the goods

I am the exponent of the lives of my readers.

I am the Country Weekly.—B. A.

USES OF NEWSPAPERS.

Some of you fellows who rather doubt the wisdom of raising your subscription rates to something near what they should be, read this from Mrs. S. Gilbert, in the Des Moines Register. Leave it to the women.

We could not keep house without newspapers.

Clean fish, chickens and meat on a newspaper.

Empty the carpet sweeper on one. Use one on the tray when cleaning the table to catch the crumbs.

On sweeping days dampen papers, tear into bits and sprinkle over the floor to catch dust and brighten the floor covering.

Lay several thicknesses of papers under the carpets and large rugs. Printers' ink is a moth preventive and the papers also save much wear on the carpet as well as shutting out the cold.

When ironing use a handful of coarse salt on a folded paper on which to polish irons.

A folded newspaper makes a good chest protector in severe weather.

Nothing else is as good for polishing the range.

Use a bit of paper for cleaning greasy dishes before washing as well as for rubbing the black from the outside of cooking pans and kettles.

Keep one in the tray of the gas stove to save cleaning every day.

Spread them on the kitchen floor when it is newly scrubbed.

Before doing all these things and more we read them. I almost forgot to mention that part of their usefulness.

Then when they have done all this good service they do duty again by being twisted tightly and used to kindle the fire.

SNAP SHOTS.

MME. SCHUMANN-HEINK'S BROWNWOOD ENGAGEMENT POSTPONED

According to advice from Mme. Schumann-Heink's managers her Brownwood engagement will be postponed from March 8th, until May, exact date to be announced later. This postponement is due to her present illness.

Owing to the prevalence of the flu, bad weather and proposed railroad strike, this postponement will be an advantage to all people concerned.

Regardless of postponement, reservations are being made daily, and no tickets have been cashed in. Ticket holders will be protected.

BRADY STOCKMAN BUYS CARLOAD OF FINE MULES FROM BROWNWOOD FIRM

McAlister & Ross today shipped a carload of fine mules and horses to R. E. Muse at Brady. Mr. Muse is in the stock raising business in McCulloch county and came to Brownwood especially to select his stock. He stated that the outlook in his part of the country for a good business this year was very flattering at this time. —Brownwood Bulletin.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

T. L. ALLEN SELLS PLACE—JOE MYERS BUYS BRADY HOME

T. L. Allen, elder of the Church of Christ, has sold his place at the south edge of town to S. W. Espy, the deal totaling \$4,800.00. Mr. Allen will give possession following the close of schools, unless he makes other arrangements in the meantime. The deal includes a 56-acre tract on the London road, and just beyond the city limits. The place is well-improved, with splendid house, barn and out-buildings, and also has a fine orchard. Mr. Espy will probably occupy the place as his permanent residence.

Miss Christine Matthews has sold her residence on South Blackburn street to Joe Myers, the consideration being \$1575. The property includes a quarter of a block of land, with a neat 5-room bungalow, out-buildings, cement walk and other improvements, and its location close-in makes it especially desirable. Mr. Myers will take possession of the property April 1st, occupying the place with his family.

A pain in the side of back that catches you when you straighten up calls for a rubbing application of BALLARD'S SNOW LINIMENT. It relaxes the contracted muscles and permits ordinary bodily motion without suffering or inconvenience. Sold by Trigg Drug Co., and Central Drug Co.

Carter's Inks—every kind—every color. Writing ink, fountain pen ink, rubber stamp ink, check writer ink, show card ink, indelible ink. At The Brady Standard.

MERCANTILE CO.

LOCAL BRIEFS

A letter from A. W. Tipton advised us to change his paper from Farmersville to Dallas, Texas, where he and his family are now located. It will be of interest to his many Brady friends to know that A. W. is now engaged in the real estate business, being a member of the firm of Herron, Davis & Tipton. He writes that he thinks he will like Dallas fine, and that his firm is starting off nicely in the real estate business.

Mr. and Mrs. J. B. Chambers are here from Corpus Christi for a visit with the lady's mother, Mrs. Joe Souther, and relatives in the city. Enroute here they spent a day at College Station, visiting their sons, who are attending A. & M. at that place. Before returning to Corpus they expect to visit Mr. Chambers' mother at Santa Anna, and possibly make a trip to Amarillo. Mr. Chambers says they are just now getting the debris, left by the terrible storm and tidal waves that swept Corpus last year, cleared away.

The many Brady friends of Mrs. Joe Proctor, Sr., will learn with regret that she has been seriously ill with the flu at her home in Waco. Her brother, F. M. Campbell, received a message Monday, stating she was improved. Si Proctor, who left last Saturday for Waco to be with his mother, returned Wednesday. He states that the doctors say with the return of warmer weather, Mrs. Proctor will soon be restored to health. Although in her 70th year, Mrs. Proctor has retained her youthful vigor and energy all along, up until a few months ago, when she suffered a stroke of paralysis.

Here's a good human interest story that will appeal to many of our readers. Jack Savage is authority for the tale, and vouches for its accuracy. In McCulloch county today there is a preacher, who has the friendship, admiration and respect of every man who knows him. He is a godly man, and he inspires his followers to noble deeds and true Christian lives by his own example of living. Many years ago, when the Messrs. Savage had a ranch east of Brady, this preacher,

enroute to one of his stations on the river, would stop at the Savage ranch. Mr. Savage, in the course of a conversation one day, opened fire in manner something like the following: "Preacher, I understand at one time you were a sergeant in the regular army." "Yes, that is true," he replied. "And further," continued Mr. Savage, "I understand that you were a good sergeant, and that to be a good sergeant in those days a man had to be a good cusser. How about that?" "Well," replied the preacher, "I can only say, Mr. Savage, that I was a good sergeant."

Anent the foregoing, "Parson" T. P. Grant recalled some of his personal experiences while in charge of a company of men over in France. "The Parson" says it was impossible to do anything with some of the men unless you got under their shell of indifference. About the most effective method he found of getting a response and action out of some of his refractory men was the use of sarcasm. He used this to good effect, and when he once succeeded in stinging the pride of one of the obstinate bunch, he usually experienced little further trouble in getting prompt obedience to orders. One day he overheard a sergeant berating one of the men with every cuss word at his command, and Mr. Grant felt compelled to remonstrate with the sergeant over his profanity. "Well," replied the serg., "I would rather cuss a man out, than skin him alive the way you do."

Why Colds are Dangerous.
You are often told to "beware of a cold," but why? We will tell you: Every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases. People who contract pneumonia first take cold. The longer a cold hangs on, the greater the danger, especially from the germ diseases, as a cold prepares the system for the reception and development of the germs of consumption, diphtheria, scarlet fever and whooping cough. The quicker you get rid of your cold, the less the danger of contracting one of these diseases. Chamberlain's Cough Remedy has a great reputation as a cure for colds and can be depended upon. It is pleasant to take.

The High clearance, lightweight and rugged construction makes the Essex the ideal car for the farmer and cattleman. F. R. WULFF.

BAPTISTS LAUNCH BIGGER PROGRAM

\$100,000,000 IN SUBSCRIPTIONS AND \$20,000,000 IN CASH BY MAY 1 IS NEW AIM SET.

WILL SEEK SOULS, ALSO

Evangelistic Campaign Calculated To Reach Thousands of Unsaved Persons is Announced For March and April of This Year.

Now that the subscriptions to the Baptist 75 Million Campaign have passed the \$90,000,000 mark, leaders in all the states composing the territory of the Southern Baptist Convention have resolved to place this sum at \$100,000,000 by the meeting of the Convention at Washington early in May. It is also planned to bring the total of cash offerings by that time to \$20,000,000. The convention at Washington will be the seventy-fifth session of that body and it is deemed appropriate to celebrate the diamond jubilee of the organization with an enlarged subscription and cash sum with which to carry forward the missionary, educational and benevolent work fostered by the convention in all parts of the world.

DR. GEORGE W. TRUETT
Chairman of the Baptist Campaign Commission.

This additional sum will be sought from churches which did not have a part in the original campaign, from members of churches who did not subscribe then and from other persons who feel disposed to increase their subscriptions now. This effort for increased funds will be made during the last week in April so that everything can be completed before the convention meets in Washington May 12.

Returns By the States.

The reports on the original drive for funds in the 75 Million Campaign to date, as made by the several states, follow: Alabama, \$4,100,000; Arkansas, \$2,265,000; District of Columbia, \$250,000; Florida, \$1,370,332; Georgia, \$10,100,000; Southern Illinois, \$836,704; Kentucky, \$7,167,713; Louisiana, \$2,875,000; Maryland, \$907,760; Mississippi, \$4,144,902; Missouri, \$2,062,506; New Mexico, \$732,260; North Carolina, \$7,250,000; Oklahoma, \$3,200,000; South Carolina, \$7,554,772; Tennessee, \$5,010,000; Texas, \$16,560,000; Virginia, \$8,298,488. Returns from the foreign mission fields and other sources not included in the above bring the total subscriptions beyond \$90,000,000.

This vast sum of money was raised at a total expense of three-quarters of one per cent, making this probably the most economically conducted campaign in the history of the country.

Plan Evangelistic Campaign.

Prior to this effort for additional subscriptions and cash, however, a South-wide campaign of evangelism, stewardship and emphasis upon the fundamental doctrines of religion is planned for the month of March and the first three weeks in April, when the churches will employ their organized forces in seeking to win to Christ many thousands of the 20,000,000 people within the territory of the Southern Baptist Convention who are not affiliated with any church. A day of prayer in behalf of the success of every item on the Baptist program for the spring and summer of 1926 has been set apart. Many of the states have already got their evangelistic campaigns well under way.

In the hope of arousing as large an interest as possible, city-wide, county-wide and associational campaigns of soul-winning have been planned in many places. In other places, especially the rural districts, where the summer months are considered more desirable for evangelistic work, the special program will be deferred until July and August. This will make it possible for city pastors to aid the rural pastors and thus double the evangelistic force of the denomination.

The program of evangelism, stewardship and emphasis upon the fundamental doctrines of religion is calculated to conserve the victory achieved in the campaign for funds. Dr. George W. Truett, pastor of the First Baptist Church at Dallas, Tex., is chairman of the campaign commission, while Dr. W. Scarborough continues in the capacity of general director.

Graham-Campbell.

A wedding of interest to the many Brady friends of the bride was celebrated in Dallas on last Saturday, February 28th, when Miss Nettie Campbell became the bride of Mr. Hugh F. Graham. Miss Campbell is a Brady product, the daughter of Mr. and Mrs. F. M. Campbell of this city, and is a most charming young lady, with a grace and sincerity of manner that has endeared her to a large circle of admiring friends. For the past two years she has held a responsible position as bookkeeper with Sears, Roebuck & Co. at Dallas, where she was wooed and won by Mr. Graham. Mr. Graham is a young business man of Dallas, and is highly spoken of. Mr. and Mrs. Graham will make their home in that city. The best wishes of Brady citizens are extended the newly-weds for every happiness in life.

Has Had Stomach Trouble for Seven Years.

Theodore Sanford of Fenmore, Mich., has had stomach trouble for seven years and could not eat vegetables or fruit without pain in the stomach and restless nights. By taking Chamberlain's Tablets he is now able to eat vegetables or fruit without causing pain or sleeplessness. If troubled with indigestion or constipation give these tablets a trial. They are certain to prove beneficial.

Typewriter ribbons, typewriter oil, typewriter paper. The Brady Standard.

PERSONAL MENTION

S. J. Howard left Sunday for Navasota, where he will look after business interest.

Joe Matthews and sister, Miss Christine, were here from the ranch Wednesday on a business visit.

Mrs. Chas. Tupman is in charge of the candy and toilet goods departments at the Trigg Drug store.

Mrs. George Yantis has charge of the office and bookkeeping departments of the Brady Water & Light Co.

Mrs. Ben Anderson has accepted a position with the Bauhof and Striegler millinery store, and will have charge of the trimming department.

Ben Stillman returned Tuesday from Dallas, where he has been the past several months, and will again assist Sam Wilensky in the grocery business.

Misses Lessie and Norma Samuel, who have been in St. Louis the past three weeks, are reported fully recovered from the attack of influenza, which they suffered, and are now on their return home, having left St. Louis on Wednesday.

Mrs. J. F. Schaeg, who had been attending her daughter, Mrs. McCord Harrison, at Fort Worth during her illness the past two weeks, returned Saturday. Her grand-daughter, little

Miss Virginia Frances Harrison, accompanied her and will be a guest of her grandparents.

Mr. and Mrs. R. A. King have been spending the past couple days in Brady, visiting from their ranch at Sopora. They were accompanied by their daughter, Miss Georgia, who has recently recovered from an attack of influenza, and who returned to T. W. C. at Fort Worth last night.

Irregular bowel movements should be corrected, as they lead to chronic constipation. Take a dose of Prickly Ash Bitters at bedtime and you will get its beneficial effects after breakfast next morning. It empties the stomach and bowels and makes a man feel fit for the day's work. Price \$1.25 per bottle. Trigg Drug Co. Special Agents.

Sleeping on a Sealy Mattress is like sleeping on a cloud. O. D. MANN & SONS.

Timing Him.

Avoidrapois—I'll bet you five plunks that I can run around that track in less than a minute. Has any one got a stop-watch?

Wit—You don't want a stop-watch. Hey! Who's got a calendar?—Burr.

A Timely Suggestion.
The next time you have a cough or cold try Chamberlain's Cough Remedy. It is pleasant to take and you are sure to be pleased with the relief which it affords. This remedy has a wide reputation for its cures of coughs and colds.

SPRING and SUNSHINE

The Spring Season is on our hands, and we are prepared to take care of our trade with the new things for Spring

We are showing a wonderful selection of Ladies' Pumps and Slippers—all the new ones in the latest styles and various style heels. Also a nice selection of Dresses, Coat-Suits, Skirts, and a big line of new Spring Millinery. Every express brings us new goods bought for Spring and Summer. You will find that our prices are very reasonable, our profits are small. Volume of business and small profits, is our idea of doing business. It will well pay you to come in any time and look over our various lines. We have a big stock on hand and feel sure that you will find here just what you are looking for.

SPECIAL PRICES ON MEN'S AND BOYS' SUITS.

WE HAVE A BIG STOCK OF MEN'S SUITS, IN STAPLES AND CONSERVATIVE MODELS. ALSO A NICE SELECTION OF YOUNG MEN'S FANCY MODELS. WE CAN SAVE YOU FROM \$7.50 TO \$15.00 ON YOUR MEN'S SUITS.

SHOES

We have a splendid selection of Shoes for every member of your family—Dress Shoes, Oxfords, also Work Shoes of all kinds, including Bootees and Boots. We want you to come in and see, whether you buy or not. Come and look.

THE HUB DRY GOODS STORE

BRADY TEXAS

Fashion's Spring Offerings

Grand Exposition of Latest Styles in Wearing Apparel

HAD YOU EVER THOUGHT, MILADY, JUST WHAT IT MEANS TO YOU WHEN BENHAM GOES TO MARKET?

It means not only that a wonderful array of goods is purchased for your inspection and selection, but it means that the pick—the cream—of the world's market is carefully chosen from among the multitude of offerings, and that the lady who comes to Benham's to select her hat, her dress, her suit or whatever article of wearing apparel she desires, has a much more select, a much more varied and a much more complete assortment from which to choose than if she were to make her purchases in but one of the great Northern or Eastern fashion stores alone.

WHEN YOU SELECT YOUR SPRING HAT, REMEMBER THERE IS NO SHOWING IN TEXAS THAT SURPASSES BENHAM'S.

Benham this year has on display the most wonderful array of fashionable millinery that has ever been gathered under one roof. Not only does the selection include the fascinating and universally popular Gage and Fisk hats, but Mrs. Benham made her selections from four of the greatest millinery houses in the East, carefully choosing the styles, shades and combinations, with an eye long trained to note what constitutes smartness, excellent taste and attractiveness in the metropolitan cities.

DRESSES.

Every department of the Benham store is complete and replete with the most charming and attractive of new Spring goods—but none hold forth greater charm than does the beautiful line of Dresses in taffetas, Georgettes and other materials. These dresses are exceptionally attractive, and include dainty short-sleeved models trimmed in beads, beautiful hand-embroidery or all-over lace. Most unusual effects in fancy vests and collars.

COAT SUITS.

Comparing in beauty and attractiveness to the Dresses is the elegant array of Coat Suits, exquisitely hand-embroidered, beautifully made, and with hand-embroidered vest and collar effects that serve to heighten their charm and daintiness.

SPRING COATS.

Every lady who loves the beautiful must find pleasure in examining the showing of Spring Coats. Every color in the world, from dainty shades to deep colors, plaids and other striking effects. All with wonderfully attractive linings.

WAISTS.

Never was there a daintier, more entrancing showing of Georgette Waists than is now to be seen at Benham's. Odd and attractive styles, with beaded and hand-embroidered adornments, these waists compel the attention of every woman who sees them. No one can have too many waists, and no one can find a more exquisite display of them than is to be seen here.

SKIRTS.

Imagination could not ask for a more complete or wonderfully beautiful selection of skirts. Benham's showing includes Georgettes, Crepe de Chine and Taffetas in varied colors and combinations. There are none more attractive than the Accordion Pleated Wool and Crepe de Chine—you will want to buy when you see these.

WASH SKIRTS.

The ever-popular, ever-useful Wash Skirts are here in abundance. No trouble to find just what you want, and no trouble to assist you in finding it.

MILLINERY.

As always, Benham's Millinery department is foremost in this entire section of Texas, in its exposition of the latest offerings of Dame Fashion. Such a wonderful showing of hats, such artistic conceptions, such daintiness, chic and beauty can be seen nowhere except in the most exclusive of the metropolitan stores. Hats of every shape, size and color are to be seen here; hats trimmed with beads, with embroidery and with flowers; smart hats, dainty hats, artistic hats—everyone possessing a charm that appeals to individual taste. Noteworthy among the newest of this season's offerings are the small hats with the roll fronts. Another most popular style is the Batavia Cloth. You will want to see these both, and when you see them, you will want just such a hat.

"GOLD DIGGER" SAILORS.

Everyone falls in love with the "Gold Digger" Sailors—and their popularity is well-deserved for they are, without question, the most attractive hats ever put out in Sailors. The great variety of shapes, everyone embodying grace beauty and chic, make a selection easy and gives assurance of exclusiveness.

BATHING SUITS.

It may seem a little early to call attention to Bathing Suits, but when you see our showing, you will want to buy now in order to secure just the one you want. The new Satin Suits, all embroidered and striped in White, Green, Rose and Red, are very fetching. Then, too, you will find here a large selection of Wool Suits from which to choose.

SWEATERS.

The Sweater is a most popular article, both because of its attractiveness and its service and usefulness. You will find here every color you might wish, and with both the attractive Lambs Wool and the ever-popular Jersey Silk to select from.

Benham's asks for your patronage because we know we can serve you better than anyone. Benham's customers come from near and from far, because Benham's is known everywhere as a leader in Fashions, Style and Quality. A Fort Worth customer just the other day stated she preferred trading at Benham's because she found here goods in better taste and received more courteous attention than anywhere.

YOU ARE ALWAYS WELL DRESSED WHEN YOU TRADE AT

BENHAM'S QUALITY STORE

PUBLIC FORUM.

W. W. HENDERSON FAVORS VOTING FOR AMENDMENT TO ENABLE BETTER SCHOOLS

Editor Brady Standard: I notice there are thousands of our teachers quitting teaching on the account of small salaries. They can get better wages at most any other employment. We pay all we can, but we can't pay enough to hold them.

What does this mean? It means that our children will be deficient in education, and the children of today will be the power of the nation tomorrow; and if our children are deficient—that means we have a defective government.

Is there any remedy for this trouble? I think there is. There is an amendment to be voted on next election. This amendment provides a small tax in addition to our 50c tax if we want it. Voting this amendment doesn't vote the tax; it only provides the right to vote the tax if you want it.

Now don't get the idea in your head that if you vote for the amendment you vote a raise in your tax. You vote for the amendment first and if that carries, then if your neighbor district wants to vote a little raise to maintain a good school that gives them the right to vote the tax in their district. This affects each district separately. I appeal to each voter to study this proposition. Re-

member when you vote for the amendment you don't vote for the tax raise directly. I know some will faint if you name a tax raise, but I believe there are enough educators in the State to carry this amendment. If there isn't, I feel bad for our Lone Star state.

Our teachers will have to be paid more. When the government was normal the salaries were fairly good—not too much then, but now they can't teach for what we pay them.

Before the war you could get shoes for five and six dollars; now you pay ten and twelve dollars. Board for eight or ten, twenty to thirty. Suit of clothes thirty, now sixty. Our primary teachers were paid forty and forty-five, and our principals sixty and sixty-five. Our primary teachers ought to have eighty to one hundred dollars, and our principals one hundred and twenty-five dollars. Understand I am not going to teach. I am saying this for the good of the children and school. I only have one child to educate but I am willing to pay the tax and I would that everyone be of that mind; we would do well.

W. W. HENDERSON.

REV. PERRY HAS BEEN SERIOUSLY ILL BUT IS NOW IMPROVING

Rev. J. M. Perry, presiding elder of the San Angelo district, was taken violently ill Tuesday of last week and was taken by his physicians to a local hospital in a critical condition, Thursday, February 19. He has suffered much but his friends and physicians hope the worst is past and he is now convalescent. His illness was due to over-exertion before he had fully recovered from a fall received early in December.—San Angelo Standard.

A GOOD FRIEND.

A good friend stands by you when in need. Brady people tell how Doan's Kidney Pills have stood the test. A. H. Connor, carpenter of Brady endorsed Doan's four years ago and again confirms the story. Could you ask for more convincing testimony?

"My back hurt me pretty bad and it seemed that the pains were mostly over my left kidney," says Mr. Connor. "My kidneys were very congested and the secretions piled in passage and contained sediment. One box of Doan's Kidney Pills relieved the trouble with my back and regulated my kidneys."

(Statement given April 29, 1915). On May 16, 1919 Mr. Connor said: "I still recommend Doan's Kidney Pills as highly as I did when I previously endorsed them. I think Doan's are a fine kidney remedy and I find occasional use of them to keep my kidneys in good shape." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Connor had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

FRISCO PASSENGER DEPOT AT BROWNWOOD RE-OPENED MARCH 1ST

At one minute past midnight last night, or rather this morning, the federal government turned the management and control of the railroad business back to private ownership. The only change noticeable at Brownwood was the resumption of passenger business by the Frisco railroad at their own depot between Center and Main Avenues, for the first time since August 18th, 1918, at which time the government took charge of the railroads.

The Frisco celebrated the change in a striking way. The last passenger train operated by the government came in Sunday thirteen hours late while the first to come in under private ownership and management came in on time today.

Of course this might have been due to Providential matters, but it is of striking nature, taking place as it did at this particular time. The freight business was practically turned back to private management on the 18th day of last December.

Considerable improvement has been done in and around the Frisco passenger depot, and in the yard, a large force of hands having been at work several days.—Brownwood Bulletin.

HERBINE cures constipation and reestablishes regular bowel movements. Sold by Central Drug Co., and Trigg Drug Co.

AMERICANS ASKED TO STAY AT HOME

SIGHTSEERS SHOULD KEEP OUT OF EUROPE UNTIL PEOPLE GET ON FEET AGAIN.

BAPTISTS ENLARGE WORK

Mission Secretary Will Recommend How Evangelistic, Educational and Benevolent Program Can Be Carried Out.

Americans should keep out of Europe, unless they have important business there, until Europeans have had an opportunity to get on their feet again, declares Dr. J. F. Love, secretary of the Foreign Mission Board of the Southern Baptist Convention.

Dr. Love, as chairman of a commission named by the Baptist 75 Million Campaign to visit Europe and make a survey of the mission fields there, has just returned from a five-months' tour of the continent. He says Americans have distributed cash with such a lavish hand in many places on the continent that the people have become convinced that every American has money to throw away and as soon as they spot a citizen from this country they proceed to overcharge him for everything he buys and every service rendered. Unless Americans forego sight-seeing in Europe for a few years a lot of the natives there will become professional beggars, in Dr. Love's opinion.

Baptists Suffered Heavily.

Along with the other religious denominations Baptists suffered heavy losses of property in Europe during the war, Dr. Love reports, but he found that such Baptists as survived the war remained loyal to their convictions and they are now ready to welcome the aid and co-operation of American Baptists in the rehabilitation of their countries and the propagation of the gospel. From the contact formed with the Baptists of the chief countries of Europe by these representatives of the Southern Baptist Convention, Dr. Love believes there will ultimately be formed a co-operative alignment of the Baptists of the world that will make them larger factors in world evangelization than they have ever been before.

Carry on Relief Work.

While the program which Southern Baptists will carry on in the European countries which they have not occupied before will not be determined until after the commission has reported to the Foreign Mission Board, members of the commission found crying need for money with which to meet cases demanding immediate relief and cabled home for funds to be employed in this connection in northern France and Belgium. This money was promptly forwarded and has been distributed through an agency set up in Paris in conjunction with the Foreign Missionary Society of the Northern Baptist Convention. Prior to the visit of this commission, missionary work by Southern Baptists in Europe has been confined to Italy and Bohemia. However, the commission visited England, Scotland, France, Belgium, Holland and Italy, but found it impossible to get into Czechoslovakia, the Balkans and Russia at this time.

Palestine and Egypt Visited.

After the tour of Europe had been completed, the commission, which included Dr. Z. T. Cody, editor of the Baptist Courier, of Greenville, S. C., and Dr. Everett Gill, formerly missionary to Italy, but now a pastor in Kansas City, went to Palestine to look into the missionary work there, formerly done by the Baptists of Southern Illinois, but recently taken over by the Foreign Mission Board of the Southern Baptist Convention. A trip into Egypt for the purpose of studying the Mohammedan situation was made by the party while awaiting a ship on which to return to Italy. So far, Christianity has made very little inroad on Mohammedanism anywhere, Dr. Love found, though some of the missionary agencies in Palestine have been established for more than a half century. He anticipates a better chance for the Christian religion there, following British occupation of that country.

Establish Orphanage in Rome.

By reason of the liberal response from the native Christians in the various mission fields to the 75 Million Campaign, many improvements on those fields have been made possible. Among the enlargements already provided for are an orphanage in Rome, the addition of a girls' department at Rio College in Brazil, and land for a girls' school at Sao Paulo, Brazil.

The Interior China Mission was asked for \$7,500 for the campaign, and the missionaries there subscribed this amount, while the native converts added \$4,500. The North China Mission has subscribed \$50,000, while Brazil will respond with nearly \$1,000,000. In South Brazil the campaign as it was carried on in the South, was duplicated with all the special days and other extraordinary efforts and the response is far beyond the anticipations of the Foreign Mission Board. In Argentina, the quota asked was \$75,000, while the returns from that country have already reached \$125,000.

FIRST USE OF GAS IN WAR

In Crude Form That Weapon Was Employed Centuries Before the Coming of Christ.

The earliest use of deleterious gases in siege warfare is recorded in the history of the Peloponnesian wars from 431-404 B. C. During this struggle between the Athenians and Spartans and their respective allies the cities of Palatona and Deltum were besieged. Wood saturated with pitch and sulphur was set on fire and burned under the walls of these cities in order to generate choking and poisonous fumes, which would stupefy the defenders and make the task of attacking forces less difficult. Another form of the same method of attack used about this date was to fill a cauldron with molten pitch, sulphur and burning charcoal, and to blow the fumes with the aid of a primitive form of bellows and air-blast over the defenders' lines.

Greek-fire, about which much was heard in the wars of the middle ages, was a liquid, the composition of which is now unknown, that was spouted through the air, chiefly in sea fights, in order to set fire to the ships of the enemy, and it was used by the Byzantine Greeks at the sieges of Constantinople in the years 1261 and 1412.

INSECT POWDER GROWN HERE

Americans Lost No Time in Developing Industry Once the Secret Was Discovered.

In our grandfathers' day the so-called Persian insect powder (commonly sold nowadays under the name of "pyrethrum") cost \$16 a pound. Pretty dear for a bug-killer.

The stuff was a mystery. Beyond the fact that it was of a vegetable nature, nobody knew what it was.

As a matter of fact, it came from Transcaucasia, where its production was a very important industry. For centuries it had been widely used in Asiatic countries, and the source of the material was a secret carefully kept.

Eventually the secret was revealed by an Armenian merchant, who, traveling through Transcaucasia, discovered that the insect powder was simply the ground-up flower-heads of a plant nearly related to our own field daisy.

Later on, attempts were made to introduce the plant in the United States, but the seeds refused to sprout. This (as finally ascertained) was due to the circumstance that the persons from whom they were bought had baked them.

At the present time we grow all our own insect powder in California.

Waterfowl Pond.

Many a city or village boy scout who makes an occasional trip into the country and has an enjoyable experience at some pond side, regrets that he lives so far from that pond. It may not have occurred to him that he can make a miniature pond in his back yard in the city, says Edward F. Bigelow, in Boys' Life.

Sometime ago I was talking with the owner of an estate on which was a lake exclusively for his graceful but expensive waterfowls. In the course of our conversation he said: "Many persons come here professing admiration for my lake or waterfowl. They tell me that they love such things, but they are not sincere. What they are admiring is the wealth that enables me to have this extensive equipment. But I began in a small way, and anyone who really loves waterfowl and has a little back yard can have at least a mother duck and a brood of ducklings."

He summed up his philosophic advice with this remark: "If you cannot get a lake with waterfowl, get a tub and a goose."

Onion Taken Off Pedestal.

Another old-fashioned medical superstition has been exploded. The odorous onion can never again be used as a therapeutic agent in tuberculosis. Old timers who have sworn by the virtues of this tear-producing product have humbugged themselves, for the onion has been investigated, classified, analyzed and everything else has been done to it that the learned men of science could think of, and in the end it was found to be only an onion—pleasing to the palates of some, however displeasing to the noses of their friends, but absolutely and unqualifiedly without any medicinal qualities or properties that make it an aid in the treatment of tuberculosis. The white plague victims may as well use boiled potato peelings or beet tops for all the good it will do them.

Breaking Class Barriers.

If classes already mingle more freely than they could do forty years ago, it is largely because the elements of education are common to all, and the door has thus been opened to the able and ambitious to educate themselves. But if the normal course were much of a muckiness for all classes till the end of adolescence there would be an educated community wherein certain general standards would be as common a possession as reading and writing are at the present time, and in such a community class distinction could only take a secondary place. General education is, in fact, the most pervasive and the best of democratic agencies, because it levels all up and pulls nothing down. That is its contribution to social democracy.—Chicagoer Guardian.

BEATS JEWELRY

By MAUDE HARKINS.

(Copyright, 1918, by McClure Newspaper Syndicate.)

"Well, mother," said pretty Grace Merrill as she settled herself down to breakfast Saturday morning. "what do you say to a trip to Boston this afternoon to see the Liberty Loan parade. That British tank must be some sight, and just think, I have not been in town since I did my Christmas shopping."

"Grace, dear," answered her mother, "you never could stand the jam of the crowd that will be there."

"We can stay until we get tired and then come home," persisted Grace. "It is such a beautiful day and such a big parade, I'd hate to miss it."

Grace Merrill had been taken ill New Year's day with pneumonia, and although nearly a month now since she had been allowed out of doors, she still remained pale and weak, her strength returning very slowly.

"No, dear," finally responded Mrs. Merrill. "I think we had better stay at home today. Get that sweater you started for Jack Ellis before you were taken sick and see if you can ever finish it."

"Jack will never wear that sweater," emphatically declared Grace. "I am going to send it to the Red Cross."

"Now, Grace," said her mother, "you know you like Jack Ellis even though you did give him his walking papers just because he sent you a bunch of violets for a birthday gift."

"Well, mother," answered Grace, "it was not as much as I expected from Jack, but I had my mind made up long before my birthday to tell him I intended to devote all my time to Red Cross work."

Two o'clock found them packed in the crowd, enthusiastically cheering, as the hundreds and hundreds of both men and women passed by. To Grace's surprise it was three o'clock before she realized it.

Suddenly her thoughts were turned from her tired feelings. What on earth was that? Could she be mistaken? No, there it was again. Someone's hand so soft and warm gently pressing hers. There, it pressed her hand again. The color which had once been absent from Grace's cheeks now dyed them a crimson red as she mischievously pressed back on the hand now tightly clasping her own. Finally she released her hand, thinking it best to find out to whom the hand belonged that had so affectionately been pressing hers.

Carefully turning, there to her overwhelming surprise stood Jack Ellis. Words failed her as Jack's hearty laugh revealed the pleasure he had taken in the flirtation. Mrs. Merrill's surprise was almost equal to Grace's, as she warmly greeted Jack, whom she had always thought to be a mighty fine fellow.

"Well, Grace," said Jack, "who ever dreamed of such good fortune as to see you. I've been down South on a business trip for the past three months and just got back this morning. How are you, anyway?"

"Quite well now," Jack, replied Grace.

"Yes," spoke up her mother, "quite well now; but this is her first trip to Boston since New Year's. She has been laid up with pneumonia and is only recovering from its effects."

To be sure, Jack felt badly to think he had not known Grace had been ill, as he could have written to her.

"Well," said Jack, "you are surely fortunate to have recovered so well."

"And now," added Mrs. Merrill, "I think we had better start for home."

"In my auto," said Jack. "If we can make our way out of this crowd, it will only take a few minutes to get it here. I will phone the garage and have them send it right along."

In a short while all three were comfortably settled in Jack's big car speeding homeward. Mrs. Merrill and Jack, enthused over the parade, while Grace, lost in her dreams, forgot all else save that Jack was with her again. What awful long months they had been—but now it was all explained. He had been too far away to hear of her illness. The violets, too, were enough for they had been only friends. Before she realized it, her home was reached, and as the auto came to a stop Jack asked if he might call the following evening. Grace readily consented, and as he helped her from the auto, again the soft hand pressed hers and the two laughed heartily.

Needless to say, Jack's sweater was soon finished, and it was not long until Grace had said "Yes" to that all-important question.

When Jack spoke of the customary engagement diamond, Grace, beaming with delight, said: "Jack, dear, I have a wonderful surprise for you. Something better than diamonds. I have chosen—a Liberty bond is what I wish for an engagement gift."

"You dear girl!" exclaimed Jack, as he affectionately embraced her, "how did you come to think of that?"

"Well," replied Grace, "you know the Liberty Loan parade was instrumental in reuniting us, and while the whole country is conserving I thought we should do our 'bit' too."

"Well done," said Jack. "It shall be as you wish."

The next morning he presented her with a \$100 Liberty bond. Proudly Grace hastened to share her joy with her mother, who profusely complimented them on their patriotism, and today all three are planning for a most joyous wedding.

ACCUSED MURDERER EMPLOYS COUNSEL—HOLD EXAMINING TRIAL TODAY

DISTRICT ATTORNEY WALTER EARLY COMING FROM BROWNWOOD FOR TRIAL—JIM MILES, ACCUSED MAN, SEEKS AID FROM OKLAHOMA RELATIVES.

Examining trial of Jim Miles, accused of the brutal murder of the negro woman, Ellen Pulliam, the early part of last week, was postponed from yesterday afternoon to this (Friday) afternoon, in order to permit Miles to get in communication with relatives in Oklahoma from whom he expects financial aid in his fight for life. The accused man has employed F. M. Newman as counsel. District Attorney Walter Early is coming here from Brownwood for the trial. Enroute to Brady with Sheriff Wall, Miles was very apprehensive of his own safety, and frequently inquired of Mr. Wall if he thought the crowd at Brady would do him any violence, following which he would beg Mr. Wall "Don't let them get me!"

The return of the accused man in the custody of Sheriff Wall Tuesday afternoon, was the occasion of a great demonstration. Hundreds of men, women and children, white and black, were assembled at the union depot to await the arrival of the Santa Fe train from Lometa. Contrary to expectation, there was no attempt or indication of a desire to commit violence on the part of the crowd assembled. Rather it appeared the desire of each and every one to obtain a good glimpse of the prisoner.

Deputy Sheriff J. W. Hibdon and City Chief of Police Leonard Wood were on hand to help preserve order, and when Sheriff Wall appeared with his prisoner on the car platform and waved the crowd back, they obediently gave passageway. Miles was hustled into a closed cab and driven to the courthouse, from where he was later taken to jail. The crowd followed in cars, on horseback and afoot, everyone trying to get a close-up view of the man, and his escort continued until the jail door swallowed him up.

Enroute to Brady from Lamapasas, Miles freely admitted to Mr. Wall that he did the killing, and stated that jealousy and a quarrel with the deceased woman had prompted the desperate act. He claimed that he first stabbed the woman in a struggle with her. According to Mr. Wall, however, there was no evidence of a struggle, the woman having apparently been killed while asleep. Miles further claimed that he was not a negro, but that his parents were Indians, and that he possessed 1,300 acres of land near Chickasha, Okla., 900 acres of which were in cultivation. His children, he said, lived on the place, but that since his wife had died he had become a wanderer and was not con-

tent to stay at home. Sheriff Wall has communicated this statement to the sheriff at Chickasha in an endeavor to learn their truth, and also to ascertain if Miles is wanted in Oklahoma for any misdeed. While Miles features resemble those of an Indian, it is nevertheless apparent that he has negro blood in his veins.

Chronic Constipation.
There are people who never have a movement of the bowels without it is produced by a cathartic. Most of them have brought that condition on themselves by the use of mineral waters and strong cathartics that take too much water out of the system and aggravate the disease they are meant to relieve. A mild laxative tonic like Chamberlain's Tablets affords a gentle movement of the bowels that you hardly realize has been produced by a medicine, and their use is not so likely to be followed by constipation.

Announcement S. H. Mayo.
To McCulloch County Voters:
I am announcing my candidacy for re-election to the office of County Tax Collector, and in so doing ask that you give careful consideration of my qualifications and the following reasons why I believe I can serve the citizenship to better advantage than anyone. During my service as tax collector, I have become thoroughly familiar with every intricate detail of the office, and have so thoroughly systematized the records that any information desired of my office is readily obtainable. I have given careful attention at all times to the affairs of the office; have always been willing and ready to lend my assistance to everyone desiring it, and have extended every courtesy within my power. In all my work I have conscientiously striven to give the best that was in me. I feel that I can safely rest my candidacy upon my past record. I appreciate to the fullest extent the support and votes given me, and hope to again be so favored. Especially do I desire the vote and support of every lady.
Sincerely, your friend,
S. H. MAYO.

State of Ohio, City of Toledo, Lucas County, ss.
Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH CURE. U. S. INCOME TAX EXEMPTS NOBODY

Every Person Who Had Income in 1919 Must Determine Own Liability.

MARCH 15 LAST FILING DATE.

Surest Way Is to Follow Form 1040A. Free Advice in Doubtful Cases. Severe Penalties in Law.

Nobody is exempt from Income Tax. An obligation is laid directly on the shoulders of each citizen and resident to consider his own case and to get his return in on time if one is due.

With each return showing a tax due a payment must accompany the return in the full amount of the tax or at least one-quarter of the tax.

All returns for 1919 must be filed on or before March 15.

Must Show True Figures.

In figuring up his earnings for income tax purposes a person must take into consideration all items of taxable income, and each item itself must be accurate in amount. Guesses and estimates must be avoided, for the return is made under oath.

Everybody who had an income during 1919 must now determine whether his or her net income was sufficient in amount to require an Income Tax return. The best way to find out is to get a Form 1040A and follow the instructions printed on it. That form will serve as a reminder of every item of income; and if a return is due, it tells how to prepare and file it.

One of the important points to keep in mind is that a person's net income is found by a computation prescribed in the law, and that each item of income from every source must be considered, unless specifically exempted.

Another thing to remember is that the personal exemption allowed taxpayers by law has no relation whatever to the requirement to file return. This exemption is not to be considered until a person has figured out his net income and determined whether it was sufficient to require him to file a return. Then, if a return must be filed, he should read carefully the instructions for claiming exemption, and complete his return.

If in doubt on any point as to income or deductions, a person may secure free advice and aid from the nearest Internal Revenue office. Many banks and trust companies are also furnishing similar service during banking hours.

Heavy Penalties in Law.

For failing to make a return on time the penalty is a fine of not more than \$1,000 and an addition of 25 per cent to the tax, if any. For making a false or fraudulent return the penalty is a fine of not more than \$10,000 or imprisonment not exceeding one year, or both; and, in addition, 50 per cent of the tax. There are other penalties for failing to pay tax when due and for understatement of the tax through negligence.

Many Sources of Income.

Aside from what one may earn by his services, there are many other sources of income. If he sold any property during 1919 he must figure out the gain realized. If he rented buildings, land, apartments or rooms such rents must be considered taxable, and he may claim deductions for necessary expenses incidental to rents.

Bank interest is a common source of income and is taxable whether withdrawn or not. Any amount of interest credited to a depositor is income to the depositor.

Interest on mortgages and notes is taxable; also bond interest received from corporations.

A taxpayer who cashed his insurance during 1919 must report as income any excess received over the total of premiums paid.

Members of partnerships or personal service corporations or beneficiaries of an estate or trust must report their shares of income distributable to them whether or not actually withdrawn.

Dividends of domestic corporations must be reported. Many other forms of income are taxable, unless specifically exempted.

INCOME TAX IS DUE MARCH 15

Penalties for Delay and Failure to Make Returns—Early Compliance Urged.

All income tax returns covering the year 1919 must be filed by Monday, March 15. Each taxable return must be accompanied by check or money order for the full amount or at least one-quarter of the amount of tax due.

Cash payments are accepted only at the collector's main office; if sent by mail, they are at the sender's risk.

Residents of Texas should file their returns with, and make payments of Income Tax to, Alexander S. Walker, Collector of Internal Revenue, Austin, Tex.

Those who must file returns but have not done so are warned that the revenue law imposes heavy penalties for failure to get returns in on time or to make payments on time.

Early filing and early payments are urged, in order to relieve the internal revenue offices as much as possible of an overload on the final day, March 15.

WITH THE CHURCHES

Presbyterian Church.
Announcement for Sunday, March 7th:
Sunday school at 10:00 a. m.
Morning services at 11:00 a. m.
S. H. JONES, Pastor.

Baptist Church.
There will be regular church services at the Baptist church next Sunday.
J. H. TAYLOR, Pastor.

At the Methodist Church.

The awful scourge of flu so mercifully visited upon the people of our town and country for the past month has brought suffering, sorrow and sadness into many a home. Among the many other sad features of this reign of terror has been that of depriving Gods people of the privileges of the holy sanctuary. For nearly a month there has been little or no public worship. We never know how to appreciate our privileges until they are taken from us. How sad would this world be if there were no churches in it. Even those who do not feel the impelling influence to attend the church would not elect to live in a churchless land. The true worshiper after having been deprived of the blessings of Gods house for a time can enter into full sympathy with the Psalmist in his declaration "I was glad when they said unto me, Let us go unto the house of the Lord."

Through the mercy of God the scourge has been stayed. Next Sunday we will worship in the sanctuary.

Sunday school at 9:30.

Preaching at 11 a. m.

Subject of morning sermon "Under the Scourge."

Evening service at 7:30. Rev. J. H. Taylor will preach the sermon. All the congregations will worship at that hour.

All are cordially invited to attend.
J. W. COWAN, Pastor.

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It stimulates and regulates. Very Pleasant to Take. 60c per bottle.
