SECOND SHOT—60 QUARTS--TO BE GIVEN DAY WELL NO. 2 TODAY

PARTY PLEDGE REVISED ON PRIMARY BALLOTS

"I am a Democrat and pledge myself to support the nominees of this primary."

The foregoing is the only pledge which will be required of voters in the Democratic primary Saturday!

Originally the Democratic Executive committee ordered the printing on the ballots of a party pledge reading as follows: "I am a Democrat, and pledge myself to support all the nominees of the Democratic party at the November election, both State and National." In their zeal to exclude from the primary all voters who could not conscientiously endorse the National administration, the state executive committee all but caused an illegal election to be held, for the Attorney General ruled that this pledge would make the ballot illegal.

W. R. Davidson, county chairman of the Democratic Executive committee Saturday received a letter from Edwin Hobby by Dallas, vice-president of the State Democratic Executive committee, written under date of July 15th, advising as follows: "The Attorney General's department has ruled that the official ballot shall not contain any pledge except as provided for in Art. 3096 of the Revised Statute of the State of Texas, and that any other pledge or symbol placed upon the ballot would make the same illegal."

This eleventh-hour notice forced the local executive committee, as well as all other county Democratic executive committees who had already had ballots printed with the pledge first required, to have all their ballots reprinted, and the legal pledge substituted for the other.

The result of this change will be to bring into the primary many voters who might otherwise have stayed out because of conscientious scruples and an unwillingness to pledge themselves in the primary as to the manner in which they would vote the National ticket in November. Since the primary election is held only for the purpose of naming State, county and precinct nominees, it is evidently unjust and illegal to require of voters in the primary that they pledge themselves at this time as to the manner in which their vote is to be cast on the National ticket.

COLORED METHODISTS TO BUILD CHURCH AND PARSONAGE IN EAST BRADY

The African Methodist Episcopal congregation of Brady is soon to have a place of worship of their own. Further than that, the members propose also to build a parsonage for their pastor, Rev. J. W. Stone, who serves both the Brady congregation and one at Brownwood.

With commendable zeal, the colored Methodists have been working on this project for the past five or six years. In 1917 they bought their lot, size 100x100 ft., located in the Noyes block in the vicinity of the compress, for \$160. Just recently they have purchased for \$1,000 from Messrs. J. C. Hall and B. L. Craddock the vacant store building located across the street from the A. T. Jordan hotel, and formerly occupied as a grain and feed warehouse by Allen & Craddock. This is one of the pioneer buildings of Brady, and at one time served as the home for the S. A. Conley Grocery and Dry Goods store. The building was 40x90 ft. in size, and contains much lumber and material, all of which is in good state of preservation. This building is now being torn down by members of the church, and the lumber will be used to build a neat church house, size 30x40 ft., and of bungalow design. With what lumber and material as is left over from the church building, the colored folks will erect the parsonage on the same lot.

Plymouth Binder Twine will almost make you love your enemies, it runs so smooth. We have a good stock on hand. O. D. MANN & SONS.

selves in the primary as to the manner in which they would vote the National ticket in November. Since the primary election is held only for the purpose of naming State, county and precinct nominees, it is evidently unjust and illegal to require of voters in the primary that they pledge themselves at this time as to the manner in which their vote is to be cast on the National ticket.

AROUND THE CORNER. (By Charles Hanson Towne, in Zistaband)

Around the corner I have a friend,
In this great city that has no end;
Yet days go by and weeks rush on,
And before I know it a year is gone,
And I never see my old friend's face;
For Life is a swift and terrible race.

He knows I like him just as well
As in the days when I rang his bell
And he rang mine. We were younger then;
And now we are busy, tired men—
Tired with playing a foolish game;
Tired with trying to make a name.

"Tomorrow," I say, "I will call on Jim,
Just to show that I am thinking of him."
But tomorrow comes and tomorrow goes;
And the distance between us grows and grows.
Around the corner!—yet miles away—
"Here's a telegram, sir."
"Jim died today!"

And that's what we get, and deserve in the end,
Around the corner, a vanished friend.

WILL GIVE DAY NO. 2 SECOND SHOT TODAY—60 QTS. NITRO TO BE USED

IMPROVEMENT IN WELL SO MARKED FOLLOWING FIRST SHOT. THAT OPERATION WILL BE REPEATED—M. E. DALEY AND THOS. SWARTZ COMING FROM CHICAGO.

Thad O. Day well No. 2, which was brought in last Saturday, has shown such marked improvement following being given a 20-quart shot Tuesday morning, that another shot is to be given the well Friday, 60 quarts of nitro-glycerine being used. It is expected that this heavy shot will thoroughly loosen up the 25-ft. strata of sand, and local oil men would not be surprised to see the well develop a big flow.

M. E. Daley, secretary, and Thos. Swartz, attorney, for the Day-Daley Petroleum Co., are expected to arrive in Brady Saturday from Chicago to inspect the new producer, and during their stay here these gentlemen, in company with Mr. Day, who is president of the company, will decide upon the location for wells Nos. 4 and 5.

The cleaning out of well No. 2 following the first shot has proceeded slowly. The cavy formation of the sand strata in which the oil was found is retarding progress considerably, as something like 20 ft. of fill is found in the well each morning after the night's shut-down. It may possibly be something like two weeks before the well is finally cleaned out, and ready for the test.

The crew on Day well No. 3 is still on a fishing job, endeavoring to recover tools lost a week or more ago.

MRS. E. B. RAMSAY, FORMER BRADYITE, WRITES OF THE WONDERS OF CALIFORNIA

The following letter from Mrs. E. B. Ramsay, a Bradycite, now visiting in California, will be read with interest.

San Bernardino, Calif., July 16th.
Editor Brady Standard:

I am taking this means of writing to all my McCulloch county friends for, of course, they all take The Brady Standard. We left Eastland the 22nd of June over the Texas and Southern Pacific railroad, coming via El Paso. We were only 2 days and nights making the trip.

We arrived in Los Angeles just after the earthquake, which almost destroyed Englewood, a town near Los Angeles. I went to see the place and it looked like a cyclone had struck it. Very few houses that were not injured by the shake. Lots of large brick buildings were on the ground and others were so badly cracked that they will have to be torn down and rebuilt. A few evenings after we arrived in Los Angeles we were in the home of Mrs. Sherman, Mr. Ramsay's married daughter. We had quite an earthquake shock and we all ran out of the house, but no damage was done. I was sitting in a rocking chair and did not notice it. I was really disappointed for I would like to be in one just so something didn't fall on me or the earth open and swallow me.

I believe this is the most beautiful country in the world. It looks as if everyone tries to see who can have the prettiest home. I never saw such pretty trees, flowers and grass. It is that way all the time as they never have any freezes here and never fail to make fruit and other crops, for they depend entirely on irrigation. It never rains only in the winter. The streets and roads all over southern California are paved and are as smooth as a floor. Automobiles are fast taking the place of railway trains. Auto stages run out of Los Angeles every hour to all parts of the country. We came from Los Angeles to Riverside in one, a distance of 70 miles. There were 10 seats and 22 people in the car.

We are at San Bernadina for a short time and camped in the park. We are camping on the bank of a beautiful mountain stream and a few feet from us is an artesian well of water; the water is almost ice cold. Tourists come here from all parts of the United States. We have met quite a number from Texas, among them were W. M. Campbell and family and R. L. Richter and family from Waldrip. They were all well and happy and on their way to the Imperial Valley, where they expect to locate. R. G. Striegler and family of Fredericksburg were camped here two nights. They expect to visit San Francisco and other cities and places before returning home.

We are having lots to eat, such as oranges, grapes, peaches, plums, apricots, strawberries, blackberries, watermelons, cantelopes and all kinds of vegetables. The climate here is delightful. The nights are cold but it gets warm in the middle of the day.

COUNTY COURT—JURY FOR NEXT WEEK DISMISSED

County Judge Evans Adkins announces that the jury for the second week of county court, beginning next Monday, has been dismissed, and none of the jurors need appear for service, since most of the cases on the civil docket have been disposed of either by settlement or continuance.

In the holding of court this week, the jury was dismissed Monday evening, after a brief session of court. On account of having served as county attorney in several of the cases, Judge Adkins was disqualified from holding court, and Judge F. M. Newman was appointed to sit on the bench.

In the case of Lewis Covington, colored, charge with aggravated assault, the jury returned a verdict of not guilty. The negro was accused of an assault on Alex Oliver some two or three years ago, the case growing out of a shooting affray on the L. Brook ranch.

Other cases on the criminal docket disposed of were as follows:

State vs. Jno. Hill, abusive language over phone; continued.

State vs. L. E. Dodd, adultery; dismissed by order of court.

State vs. Raymond Stewart, theft under \$50; dismissed.

State vs. Vannoy Waddill, aggravated assault; continued.

State vs. Birdie Reed, aggravated assault, plea of guilty to simple assault; fine assessed at \$5 and costs.

When you come to town to trade, make our store your headquarters. You will find here a cool and pleasant resting place, courteous treatment and the best of service. "The Price is the Thing" at our store, and we will serve you best. H. WILKINSKY, West Side.

The Kelly Boot has a reputation acquired by long years of service. You never go wrong on a Kelly Boot. Now in stock at EVERS-KNOX SHOE REPAIR SHOP.

When you want your Suit Cleaned and Pressed right, just Phone 54, Kirk, Nuf-Sed.

This is the time to use Rubber Hose; we have the Republic and Goodyear. O. D. MANN & SONS.

We are quite a distance from the ocean now, but we expect soon to take a ride on it and visit the Catalina Islands and ride in the glass bottom boats and take a look at the fish and sea gardens; also to go to the top of Mount Lowe and view the wonders of the world around, after which I will write and tell you about it.

Will stop now and write more next time.

MRS. E. B. RAMSAY.

RAT EXTERMINATION HOPE AND DESIRE OF ALL TOWNS IN TEXAS

Austin, July 18.—That Texas cities and towns are willing and anxious to inaugurate rat extermination campaigns is the sense of letters pouring into the state health department, and the writers ask for more detailed information as to methods of procedure.

In answer to these queries the bureau of sanitary engineering of the state health department gives the following suggested outline:

I—Organization—(1) A directing head, usually the city or county health officer, should be designated to have full supervision of the operations.

(2) At least three committees are necessary to complete the organization for systematic procedure.

A—Executive Committee—(a) Directing head.
b. Members of council.
c. Police authorities.
d. Business men.
e. Members of local women's clubs.

B—Finance Committee—(a) Mayor or councilmen.
b. Business men.

C—Law enforcement; inspection and educational committee.

II—Ordinance—Enactment of rigid ordinances are necessary and should include:

(1) Complete rat-proofing construction; (2) maintaining rat traps; (3) use of poisons; (4) fumigating and quarantining shipments and suspected cases; (5) reporting.

III—When possible the laboratory should be established for examination of rats caught or otherwise send to nearest laboratory available for this purpose.

IV—Surveys.
Maps and plats should be made by

WHITELAND TAKES GAME WEDNESDAY AFTERNOON FROM BRADY SCRUBS

The game matched at Brady between the Whiteland and Pear Valley teams Wednesday, failed to materialize. The Whiteland team made its appearance, but for some unknown reason Pear Valley failed to appear on the diamonds. Bailey Jones organized a scrub team with half the players from Brady and the balance from various parts of the county, and led them to defeat by a score of 4 to 6.

Jones pitched a good game for Brady, and Ford of Dodge completed a first-class battery. Johnson and Lively were slab artists for Whiteland, and Mullins played backstop.

Card of Thanks.

We wish to extend our heartfelt thanks to all our friends who so kindly assisted us in any way during the last illness and death of our beloved mother. May God's richest blessings rest upon them all.

Respectfully,
R. H. COONROD,
MRS. W. L. WRIGHT,
CHAS. COONROD,
MRS. JOSH EPPS,
MRS. L. L. BROWN.

When you sleep on a "Sealy" you get up feeling refreshed. They are cheaper because they are better. O. D. Mann & Sons.

the inspectors showing locations of all dangerous rat harborages and sources of food supply for rats.

This is necessary in order to direct special efforts to such places, as well as enable checking, reporting progress and development.

FIFE FINDINGS.

All Neighboring Points Largely Represented at Picnic.

Fife, Texas, July 21.

Editor Brady Standard:

Rains Sunday and Monday evening have put new life in cotton and feed stuff, both of which promise a good crop so far.

Mrs. S. E. Coonrod, aged 72 years died at the home of her daughter, Mrs. J. Epps last Wednesday, and was buried in the Lohn cemetery. "Grandma" leaves two sons, two daughters and a host of friends to mourn her end.

C. M. Rasco and family are visiting relatives in Falls county this week.

Miss Bessie Rice of Brady is visiting with Miss Sadie Cain here this week.

The Baptist protracted meeting started Saturday night, but on account of rain was postponed until August. Rev. D. H. Palmer, pastor, conducted the meeting until rained out.

The picnic here yesterday was a success from every standpoint. One could hardly tell by looking at the crowd whether it was a Brady, Mercury, Rockwood, Lohn or Valdrip picnic—a crowd estimated at from 1500 to 2000 people attended and all seemed to enjoy themselves. In the tournament races, W. W. Cooper of Fife took first prize, with W. C. Wegner of Brady a close second. The ball game was won by the Mercury team by a score of 14 to 5. In the goat roping contest, Buck Dickinson of Stacy took first money; time, 20 2-5 seconds, H. D. Bradley of Fife, second, time 20 4-5 seconds; F. M. Bradley of Eldorado, third, time 23 1-5 seconds; W. W. Cooper, Fife, 30 3-5; Lester Cox, Stacy, 29; Tom Bradley, Fife, 25 1-5. Wild brush goats made the time slower than usual, but the roping was extra good.

"E. Z."

If you feel "blue," "no account," lazy, you need a good cleaning out. HERBINE is the right thing for that purpose. It stimulates the liver, tones up the stomach and purifies the bowels. Sold by Central Drug Store and Trigg Drug Store.

MT. TABOR TATTLES.

Infant of Mr. and Mrs. Robert Sanders Passes Away.

Fredonia, Texas, July 18.

Editor Brady Standard:

I will try and get in a few lines this week.

Miss Lottie Leach is here from Weatherford visiting home folks at present.

Mrs. Foster Leach visited at Katemey a few days the past week.

Mr. and Mrs. R. L. Burns and family visited at the Brockman home near Mason the past week.

The infant daughter of Mr. and Mrs. Robert Sanders past away the fourth of this month, the babe being about four months old at the time of death.

Mr. and Mrs. J. S. Wilson visited in Eden Saturday and Sunday.

Willie Porch carried his wife to the sanitarium last week to be treated. We hope her a speedy recovery.

Mr. and Mrs. R. L. McMellan spent Sunday at Katemey visiting home folks.

We are having those nice rains we have been longing for.

The cotton is looking fine and feed stuff is already made.

Miss Bessie Brockman from Dallas is visiting here after a years training as a nurse.

"CHARITY."

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

Hall's Catarrh Cure has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Cure acts thru the Blood on the Mucous surfaces, expelling the Poison from the Blood and healing the diseased portions.

After you have taken Hall's Catarrh Cure for a short time you will see a great improvement in your general health. Start taking Hall's Catarrh Cure at once and get rid of catarrh. Send for testimonials free.

Macy & Co. have plenty of Millet, Cane, Maize and Sudan Grass Seed.

In these days of high prices it pays to get only the best. That is what you are assured of when you buy Harness at H. P. C. EVERS.

PEAR VALLEY WHISPERS.

Picnic Great Success—Baptists To Begin Protracted Meeting.

Pear Valley, Texas, July 20.

Editor Brady Standard:

After several weeks absence I am again on The Standard's force of "writers." I hope to write more often hereafter.

G. R. Baisden and children left last week for northwest Texas and Oklahoma where they will visit relatives.

Tom King of Richland Springs was a welcomed visitor here Saturday, Sunday and Monday.

The party at Mr. Jones' Thursday night was well attended and enjoyed by all present.

Our picnic on last Thursday, the fifteenth, was a success; tho, there weren't as many people present as we expected, owing to the other two near picnics, I suppose. I am sure that all who attended can truthfully say that the Pear Valley folks still maintain their reputation for hospitality. In the afternoon Pear Valley and Whiteland baseball teams gave us a game that was well worth seeing. The score was three to one in Pear Valley's favor.

Lawson Russell and family of Nolan county spent the week end here in the home of Mr. Geo. Russell.

Arlos Ludwick and sister, Miss Carrie, Thelma and Sadie Parker went to Brady to the show Friday night.

Tom King, Ora and Lola Bullock attended prayer meeting at Salt Gap Sunday afternoon.

The rain Sunday afternoon was just in streaks—some received good rains while others didn't; but the cloudy weather continues and we are very hopeful that we will get a general rain yet.

Mr. Thacker and daughter, Bernice, are visiting relatives in Eastland county.

Joe Russell and Mrs. Mary Fortson went to Welview Saturday, returning home Monday.

The Baptist protracted meeting will begin here Friday night. Bro. Richardson, the pastor has someone to help him, but I haven't learned his name. Am sure, however, that their sermons will be good. Let us all attend and do our part towards making this the most successful meeting ever held at Pear Valley.

"SMARTY."

SURGEONS agree that in cases of Cuts, Burns, Bruises and Wounds, the FIRST TREATMENT is most important. When an EFFICIENT antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For use on man or beast, BOROZONE is the IDEAL ANTISEPTIC and HEALING AGENT. Buy it now and be ready for an emergency. Sold by Central Drug Store and Trigg Drug Store.

Now is the time to come to the aid of your party. It is also the time to come to your own aid, by making arrangements for a Thomas Grain Drill for sowing the fall grain. O. D. MANN & SONS.

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

CALF CREEK NEWS.

Help Wanted! How Do You Cook Guinea Butter Beans.

Calf Creek, Texas, July 21.

Editor Brady Standard:

We had another fine rain Sunday afternoon which was greatly needed. Mr. E. L. Bridge returned home Monday from Cameron, Texas, where he has been visiting old friends and relatives for the past week and reports a nice time and lots of good things to eat. He says crops are looking fine but most of all the people are having chills and fever. Says he wouldn't give McCulloch county for two of Milam. He will take health with not so much to eat than plenty—and can't eat it.

Mr. Sam Wright just returned Monday from a week's stay at Eldorado with friends and relatives and enjoyed a big barbecue at that place while gone.

Mr. and Mrs. Chas. Walker are the proud parents of an eight and one-half pound boy at their home.

Mr. and Mrs. Emcit Lee moved to their home Tuesday on the Alexander place.

Mr. Oscar Alexander is traveling for his health and he expects to spend a good part of his time in the West.

Clyde Tucker and wife have moved to the Block house to work on the

Martin ranch.

Mrs. Audie Smith of Rochelle is visiting her father and mother, Mr. and Mrs. O. W. Duncan for a few weeks, and also quite a number of her friends were glad to have her to visit them.

As news is rather scarce now and as most of all the people are too busy to visit and on Sundays the boys play ball and the old folks go to watch them, would be glad if some of you good Apostolic people would come and break up this ball playing business; can't even have Sunday school.

Oh, yes! I want to ask some of you correspondents if you can tell me how to cook the new Guinea Butter Bean? I read a great deal about it last year in The Standard, thought I would try some this year and planted the seed, which looked at first like gourds, but I see they are making a bean about a foot long; and how old do they have to be before they are ready to pull? I am sure some of you can tell me.

"DAISY."

Grove's Tasteless chill Tonic restores vitality and energy by purifying and enriching the blood. You can soon feel its Strengthening, Invigorating Effect. Price 60c.

Who's in the old Postoffice Building? C. H. Arnspiger's Second Hand store.

Fairbanks-Morse Type Z Gasoline and Kerosene Engines with Bosch Magneto cannot be improved on. O. D. MANN & SONS.

Still doing that good Cleaning and Pressing at Kirk's. Nuff-Sed.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness. GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

THE LEADER

Brady Texas

G. COHEN, Proprietor

ROCHELLE RUMBLINGS.

Birth Report—Marriage—Picnics and Other Newsworthy Items.

Rochelle, Texas, July 19.

Editor Brady Standard:

We are having some very warm weather at present and a good rain would not be out of order. In fact, we are in need of some, though, the crops are not suffering but we that are having to haul our water for the milk cows and work stock are really suffering in the flesh, these old hot hays, especially, but we are not going to fuss about it, because we know it will rain when we get to needing it right bad.

The thresher is in this community but won't be here long, as there is very little grain to thresh.

There have been two new arrivals here since my last letter, Mr. Richard Moseley and wife are the proud possessors of a girl, the first girl in the home, since the 8th, Mother and babe both doing nicely.

Mr. Burt Burk and wife are rejoicing over their son, who came on the 11th to make this his permanent home, and this being the first, it will be hard for his parents to find a name good enough for him.

I thought we would have no more weddings for a while, but there was another marriageable couple, Mr. Claud Price and Miss Alma Davenport who drove over to Lampasas last week and there had the words spoken that made them one. We wish for them a prosperous and happy voyage through life and may their lives be one of continued sunshine.

I know you have heard of hen parties, but Rochelle put one over that last week and had a hen picnic, given by Mrs. Arthur Neal on the creek near the Upper Ranch. About 20 ladies met at the tabernacle at Rochelle and all went together to the place appointed for this wonderful occasion but on arrival there, who should we find but two of our neighbor men, Messrs. Richard Moseley and Lewis Bratton, who were in the pasture rustling some cattle, and incidentally dropped in on us for dinner and got there just in time to make coffee and do all the chores, and when dinner was spread there was such an abundance of everything nice to eat, which was greatly enjoyed by all; also the 5-gallons of ice cream, provided by our kind hostess, Mrs. Neal. After the dinner was over and all things cleared away (and our two gentlemen friends gone on their way rejoicing) we were casting in our minds what the evening's amusement should be, when someone suggested racing, and immediately it began and most all taking part until tired out with that; then followed a speech or story by each one present and by the time this was over we were all tired out and ready to go home. Upon our arrival at town we found there a pleasant surprise awaiting us. Mr. Moseley and Mr. Bratton were there waiting to "set 'em up" to each one, just whatever their appetite called for, and from here each one wended their way homeward, declaring Mrs. Neal one of the best of hostesses and this one of the grandest occasions of the season, and hoping for a repetition of same sometime in the very near future.

One of the most enjoyable of the season's social events was the party given by Mrs. W. D. Price, at the home of Mrs. Grace Smith one afternoon of last week, in compliment to her sister, Miss Louella Hamilton of Dallas. Some twenty guests responded to the invitations and all enjoyed a potato contest, prize being awarded Mrs. Willard Selman. Most delicious refreshments was served by the hostess.

Mrs. J. P. Waddell had the pleasure of entertaining some of her old school mates on last Thursday night, Mr. and Mrs. Willie Forister of Little Springs, and Mr. and Mrs. Joe Daniel of Lockhart. The former she had not met since she left Fayette county thirty-five years ago, but the latter spent one night with her 3 years since. This unexpected meeting was greatly enjoyed by all. They were enroute to San Angelo, Colorado Springs and other points to visit relatives and friends, and to enjoy a general outing.

Mr. and Mrs. Joe Parker of near Placid are rejoicing over the arrival of twin babies in the home, since Saturday night.

The Christian meeting began here last Friday night and will continue till next Sunday night. Bro. Jones is conducting the meeting.

The oat crop is turning out from 10 to 20 bushels to the acre, and wheat is hardly paying the seed back. Crops are about laid by, so people can enjoy a little leisure.

"AMOSKEETER."

Don't suffer the misery of indigestion when you can get relief from Prickly Ash Bitters. It eases pain and drives out badly digested food. One dose does the work. Try it. Price \$1.25 per bottle. Trigg Drug Co., Special Agents.

New Developments in Tuberculosis

Bulletin from State Tuberculosis Sanatorium.

A conclusion, far reaching in its effect on the handling of the tuberculosis situation, has been reached concerning infection in tuberculosis or consumption. It has been established that infection in this disease takes place most easily and most frequently in childhood. Tuberculosis disease often results from such infection in the form of lumpy necks, scrofulous condition, hip and joint disease, on through a long list of conditions including pulmonary or lung tuberculosis, the last, however, not often appearing in childhood. In the majority of children, very fortunately, the infection remains dormant, or if there is disease it is so slight as not to attract attention. In such cases the germ of tuberculosis lies buried in the tissues, encapsulated, to use the medical term, with its days of mischief ahead.

In adult life tuberculosis more often manifests itself in the pulmonary type rather than as surgical tuberculosis (glandular, joint, bone, et cetera), and occurs most frequently in that period of life when there is most stress and storm—the age period from sixteen to thirty, infection having taken place in childhood.

With this preliminary explanation clearly in mind it should not be difficult to appreciate the importance of the adoption by the public of an intelligent interest in the antituberculosis campaign, an interest now lacking, and further that there should be a complete change of attitude towards the tuberculosis individual. Considering that not less than one death in ten is due to tuberculosis, a curable and preventable disease, there is no excuse for any but a serious view of the situation. As infection begins with the child great importance should be placed on health work with children, not only to limit infection as much as possible, nine-tenths of which might be eliminated if care-

less coughing, sneezing, and spitting were controlled and the production and distribution of milk properly supervised, but to overcome defects dangerous in themselves or possible causes of future trouble. The last is done through medical inspection, dental hygiene, correct posture work, and efforts towards securing for the child proper nourishment, rest, fresh air, recreation. Such work is best done in the schools and is desirable among all classes. Every one of these items has an important bearing on tuberculosis and if tuberculosis is to be eliminated this work must be undertaken.

The connection between the attitude of the public towards the tuberculosis and the spread of tuberculosis is this—for the consumptive to observe reasonable care in the disposition of sputum and about his person makes it safe for others, but for him to observe such care at once makes him a marked man and he is avoided as a leper would be avoided, yet if he is at all dangerous it is because of carelessness on his part, whereas his very efforts to protect others work hardships on him. Is it surprising then that the average man or woman with tuberculosis will conceal the fact, spitting wherever it is convenient, coughing and sneezing without covering the face, in these ways scattering the germs of disease broadcast over the land? There must be a complete change of front on the public's part. A more intelligent attitude must be adopted in its treatment of the consumptive, and when that occurs not only will the consumptive undertake all necessary precautions for the protection of others but others, not known invalids but nevertheless hawkers, coughers, and spitters, all spreading respiratory disease, will be ready to take up the use of the sputum cup and the handkerchief.

NEW CABLE TO SOUTH AMERICA—WESTERN UNION LINE TO BE OPEN IN SEP.

The new Western Union \$5,000,000 trunk cable, which will establish direct telegraphic communication between the United States and the principal ports on the eastern coast of South America, will be opened, barring accidents, early in September.

Electrically and mechanically the cable will be the most up to date ever laid, being the most impervious to injury and having a capacity of 50,000 to 60,000 words a day, or 200 to 250 letters a minute.

This modern cable, which will soon be brought to America from England, where it is now being manufactured, will be laid from Miami, Fla., to the Isle of Barbados in the West Indies. At the same time the Western Telegraph Company of London will lay a new cable 1,500 miles in length from the Isle of Barbados to Maranh in Brazil, making connection with the Western Telegraph Company's duplicate and triplicate lines, which the English have been operating from Para along the eastern and northern coasts of Brazil, touching at Rio de Janeiro, Santos, Bahia and Pernambuco, and having its terminus in Buenos Aires.

Direct cable communication will be established from New York City to Buenos Aires, a distance of 7,000 miles, thus binding together at Barbados the two great cable systems. Messages will be sent between these ports in fifteen to twenty minutes. The present rate of 85 cents a word will be undoubtedly reduced.

Not only will it be possible to cable direct from New York to Buenos Aires, on the eastern coast of South America, but by means of a transcontinental telegraph line across the Andes, communication will be established from the eastern coast with the principal ports on the western coast of South America.

But the Western Union Company does not propose to stop here in its program for increasing its lines of telegraphic communication, having recently secured concessions for laying a cable 3,600 miles in length, along the western shore of South America, paralleling that already being operated in this region by the Central and South American Telegraph Company of the United States and the West Coast of America Cable Company of Great Britain.

Present Route Circuitous. At the present time, messages for the eastern coast of South America are sent by either one or the other of two circuitous routes; one via the Atlantic cables to London, and from London back to Brazil via the Isle of St. Vincent; the other route, that of the Central and South American Company, runs from New York by way of Colon and the west coast of

South America to Valparaiso—thence across the Andes to Buenos Aires and northward over the existing English cable and the South American Government land lines.

The Western Union Company's route to South America will be direct to the east coast through Barbados, at which point its own comprehensive North American and transatlantic system connects with the South American system of the Western Telegraph Company of Great Britain, whose cables touch at every important coastal port in Brazil; also at Montevideo and Buenos Aires. Alternate land lines between New York and Miami and an alternate cable route via the transatlantic systems of the two American and British companies insure reliable and adequate service.

The Central and South American Company will compete with the Western Union by means of cables laid from Buenos Aires to Santos and Rio. The former company is therefore at a disadvantage because of the length and indirection of its cable and trans-Andean route, and on account of inherent political objections to Brazilian cables and their representatives in the United States to transmitting messages through Argentina and Chile. Many intermediate cable connections to take care of local traffic and an overland route across the Andes, subject to interruption by snow and sleet, are a further handicap, since they reduce both reliability and efficiency.

The Central and South American system being inadequate to handle the existing and prospective cable traffic, the Western Union is undertaking to take care of rapidly increasing business by the best available means and at a radical reduction in the existing rates.

Stamp Pad Ink—in sizes from 25c to \$1.00. Brady Standard.

A GOOD FRIEND.

A good friend stands by you when in need. Brady people tell how Doan's Kidney Pills have stood the test. A H. Connor, carpenter of Brady, endorsed Doan's four years ago and again confirms the story. Could you ask for more convincing testimony? "My back hurt me pretty bad and it seemed that the pains were mostly over my left kidneys," says Mr. Connor. "My kidneys were very congested and the secretions pained in passage and contained sediment. One box of Doan's Kidney Pills relieved the trouble with my back and regulated my kidneys."

(Statement given April 29, 1915). On May 16, 1919 Mr. Connor said: "I still recommend Doan's Kidney Pills as highly as I did when I previously endorsed them. I think Doan's are a fine kidney remedy and I find occasional use of them to keep my kidneys in good shape." Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Connor had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

SOCIETY

Bridge Club.
Mrs. W. R. Davidson entertained most pleasantly Tuesday afternoon, the occasion being the final meeting of the Bridge club before disbanding for the summer months. Three tables were set for the usual series of "Bridge," Mrs. W. E. Campbell capturing club prize, and Mrs. Kirk being awarded guest prize.
Numbered among those present were club members: Mesdames W. D. Crothers, H. B. Ogden, G. R. White, S. S. Graham, Ed Campbell, Sam McCollum. Guests included Mesdames Dick Winters, John Wall, J. G. McCall, M. C. Wolfe, G. C. Kirk; Miss Sarah Johanson.
The hostess served frozen chicken salad, iced tea, sandwiches and candy.
Hodge-Biggs.
The marriage of Mr. Kyle Biggs and Miss Willard Hodge was quietly celebrated Wednesday night at 8:00 o'clock at the Presbyterian manse, the Rev. S. H. Jones officiating. Only a few intimate friends were present for the ceremony. Mr. and Mrs. Biggs left on the night train for Brownwood where they are in attendance upon the big Rodeo meet. They expect to return to Brady the early part of next week to make their home here.
Mr. Biggs is a son of Mr. and Mrs. J. F. Biggs, for many years prominent residents of Brady and at present making their home in Sweetwater. He has spent practically all his life here, attending the Brady schools, and winning the friendship and esteem of Brady citizens by his splendid character, ability and willingness to perform the tasks set for him. At present he is a valued employee of the W. C. Bowman Lumber Co. His bride is a most charming and talented young lady. Coming here from Brownwood some two years ago to accept a position as stenographer with S. W. Hughes & Co., she has endeared herself to all by her many sweet womanly qualities, and her gracious manner.
The best wishes of a host of admiring friends are extended Mr. and Mrs. Biggs.
Champion Mowers and Harvesters have stood the test of time; they have advantages over all others. Let us show them to you. O. D. MANN & SONS.
It will be a pleasure to demonstrate the Essex to you without any obligation on your part. F. R. WULFF.
Less rents—bigger bargains—that's the motto we are following. Come and see. H. WILENSKY, West Side. "The Price is the Thing."
Just unloaded a car load of the popular Springfield wagons. You know just what you get when you buy a Springfield. Let us figure with you now. BROAD MERCANTILE CO.
SAY! LISTEN!! DON'T FORGET!!! C. H. Arnsperger wants all your second hand goods that he can sell. Old Postoffice building.
Summertime is the right time to break land and the "Avery Bob Cr" Disc Plow is the right plow to do the right kind of work. J. D. MANN & SONS.

PERSONAL MENTION

Miss Mary Snider returned Wednesday from C. L. A. at Denton.
Allen Doell of Mason came over Thursday and is a guest of Mr. and Mrs. Joe Lyle.
Mrs. Sam McCollum and children and Miss Erin Yantis are guests of relatives in Comanche.
Mrs. G. Cohen has been enjoying a visit of several days with relatives at San Saba and Goldthwaite.
Edward Olian arrived last Friday from St. Louis for a visit with his sister, Mrs. Henry W. Zweig.
Miss Kathryn Kuykendall of Cherokee arrived Thursday for a visit here with Miss Alma Cowan.
Misses Edythe Reed and Arvie Wegner returned Monday from a week's visit with Margaret Harkrider of Nine.
Misses Scott and Wilna Shropshire and Edna Chadick are home from Denton, where they have been attending C. I. A.
Mr. and Mrs. Frank Matthews drove to Menard Thursday, where they were guests of his sister, Mrs. Nellie Perkins, and family.
Mrs. A. N. Bryson, accompanied by her son, Edd, and daughter, Mrs. Chas. Reed, left Tuesday night for East La Porte, N. C., where they will visit relatives.
Mrs. Fred Walter and daughter, Miss Luella, arrived Sunday from Houston for a visit with relatives here. They are also visiting her mother, Mrs. W. D. Trott, at Stacy.
Doing hard work in a bent or stooping position puts a stitch in the back that is painful. If the muscles have become strained, you can't get rid of it without help. The great penetrating power of BALLARD'S SNOW LINIMENT will appeal to you most strongly at such times, because it is the very thing you need. Sold by Central Drug Store and Trigg Drug Store.
Try a Silvertown Cord Tire on your Ford truck. You get more mileage and more satisfaction than any other make you have ever used. Simpson & Co.
We still have a few Winchester .22 rifles; get one to kill the rabbits and save the crop. O. D. MANN & SONS.
We would like to figure with you on your furniture. Broad Mercantile Co.

Just unloaded a car of Weber Wagons. Wagons were hard to get last year. We are trying to get a stock large enough this year to take care of the requirements. If you need a wagon don't fail to figure with us. BROAD MERCANTILE CO.
Don't worry with tired, aching feet. Let us remedy your trouble with a Scholl Foot Appliance. A remedy for every foot ailment. Evers-Knox Shoe Repair Shop.
When you want real bargains, just compare our prices with others. H. WILENSKY, West Side. "The Price is the Thing."

"I Wouldn't Go Camping Without Rat-Snap," Says Ray White.
"Wife and I spent our vacation camping last summer, smell of cooking brought rats. We went to town, got some RAT-SNAP, broke up cakes, put it outside—big fellows." Farmers, storekeepers, housewives, should use RAT-SNAP. Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by O. D. Mann & Sons and Trigg Drug Store.
The same principles which made the Hudson famous are combined in the Essex. Place your order early. F. R. WULFF.
Ice Cream Freezers are nice things to have, and make home a nicer place to live. O. D. Mann & Sons.

Essex Takes Hundreds of Famous Records in Nation-Wide Tests

In Every Locality it Now Holds the Coveted Records for Every Type of Car Performance--Economy, Speed, Endurance, Acceleration, Hill-Climb and Reliability

IN A SERIES of the most dramatic tests ever made to prove motor car efficiency, Essex cars in all parts of America during the week of June 27th challenged and took practically every important record.

Six new cars, taken just as they came out of production, were driven at top speed from Detroit to Chicago, 303 miles. The fastest time was 8 hours 8 minutes. Time for the last car to arrive, 11 hours and 3 minutes. An average for it of 27 miles per hour.

One owner who had driven his car 38,000 miles put his Essex over Wisconsin dirt roads during a heavy rain, a distance of 90 miles in 2 hours, 4 minutes, which was better than 44 miles per hour.

A Denver owned Essex with 22,000 miles to its credit proved its easy riding qualities by carrying 288 crated eggs strapped to the rear seat. The car traveled 3,828 miles over mountain roads in a 6-day non-stop motor performance. Only 40 eggs were broken.

Owners' Cars Showed Economy and Speed

Still another Essex that had covered 19,000 miles in automobile rental service and on the original fabric tires from a standing start, topped El Paso's most difficult hill at 49 miles per hour. The best previous record was 36 miles per hour.

In Des Moines two cars, one a privately owned Essex that had previously gone 7,000 miles, the other one which had set a 24 hour record over country roads. Combined they traveled 4816 miles in 144 hours of non-stop motor running. During the six days the cars were stopped 2137 times and carried 1602 passengers.

At Dallas, Texas, an Essex which had seen 12,000 miles of service, established the world's dirt track record by covering 1,261 miles in 24 hours—average 52½ miles an hour.

An Essex Sedan, fully loaded and on original tires that had carried the car 15,000 miles, traveled 221 miles over Maryland hills, averaging 23 miles to the gallon of gasoline.

A Columbus, Ohio, owner drove his 10-months' old Essex which had gone 16,000 miles to Washington, D. C., 403 miles in 11 hours, 4 minutes. The crack Penn-

sylvania Railroad train requires 15 hours, 34 minutes for the trip. An Essex traveled 80 miles in 88 minutes from Buffalo to Rochester, N. Y. The roadway is 12 miles longer than by rail—Essex time 4 minutes longer than that of the fastest train.

24 Cars in One Economy Run

Economy was shown in Connecticut by 24 owner-drivers, 12 going over the Mohawk Trail and the Hoosac mountains. The other 12 traveled a coast route. The winning car averaged 24 miles to the gallon of gasoline. Average for all 24 over 216 miles of route, for each was 18.7 miles to the gallon. One car had seen 35,000 miles of service and averaged 21.2 miles to the gallon.

A Hastings, Nebraska, woman drove an Essex from Hastings to Lincoln, Nebraska, 109 miles, averaging 29 miles to the gallon.

Four women drove from Los Angeles over the coast route to San Francisco and return via the Inland route with an average of 22.3 miles to the gallon of gasoline—no stop for any mechanical reason. A car starting from San Francisco made the round trip of 843 miles in 33 hours, and averaged 24.5 miles per gallon of gasoline.

Also Takes Famous Hill Climb Records

The Rim O' the World Record, in San Bernardino Mountains, was taken by Essex, climbing nearly 5,000 feet elevation over 8.8 miles of difficult mountain road in 17 minutes. An Essex defeated 19 other entries in the Sacramento, California, dealers' reliability run over the Sierra Nevada Mountains—distance 261 miles—24.25 miles per gallon of gasoline.

And in Utah 28½ miles of mountain roads with heavy grades, climbing 4,523 feet, an Essex carrying 3 passengers made the run in 52 minutes. The best previous record was 66 minutes. Another Salt Lake owned car with 10,000 miles to its credit in 1 hour 20 min-

utes traveled 50.7 miles. The best previous record for this route was 1 hour 37 minutes. Through a blinding snow storm over Tioga Pass with an altitude of 9,941 feet and over grades of from 6% to 37%, Essex traveled 432 miles, averaging 15 miles to the gallon, and using 3 pints of oil. It ran several miles hub-deep in mud and towed another car containing 5 people, itself carrying 950 lbs. of weight and one passenger.

Essex is the first and only car to climb 35th Street Hill, Washington, in high gear and the Tilden Street Hill from a standing start. It crossed the top at 51 miles per hour. The same car towed a loaded 6-ton truck 16 blocks up this hill.

49 Cars Average 18.9 Miles per Gallon

Gasoline records were kept on 49 cars used in every kind of test from the dis-

tance covered on a measured gallon to the six-day non-stop performances. It included hill climbs of the most sensation character and inter-city runs in all parts of the country over all kinds of roads of all kinds of weather and at speeds from 72 miles an hour. Some were brand new cars. One had already traveled 34,000 miles. The average was 18.9 miles to the gallon.

The above are but a few of the records made. Every locality now knows Essex for the accomplishment of some great feat. They know it for its speed, its hill climbing ability and its flexibility and endurance.

In a thousand ways it has proved its supremacy in every imaginable test.

To list all records would require pages of newspaper space. It would apply to hundreds of cars. Some belong to owners who made the trials in a spirit of sportsmanship.

Now, Is There Anything Left For Essex to Prove?

Was greater proof ever submitted? Here in one week every kind of performance ability has been established by Essex. They cover not only the cars used in the hundreds of tests of all descriptions but their performance was so consistent that they speak similar abilities for more than 40,000 Essex cars as the owners know them.

Every question has been answered by Essex.

Men were long ago forced to recognize Essex performance. It is common remark that it is the speediest, quickest car on the road; and now, in face of these performances, who can doubt its stability?

Can Essex be second choice to any who want the economy which comes with light weight and the beauty, performance and luxury which comes with costlier cars? The Essex can be obtained at a moderate price.

No wonder its sales have also set a new record!

RELATING TO TAXATION BY SCHOOL DISTRICTS.

Senate Joint Resolution No. 17.
 Proposing an amendment to Section
 3 of Article VII of the Constitu-
 tion of the State of Texas by ex-
 empting independent and common
 school districts from the limitation
 of a total tax of one dollar on the
 one hundred dollars valuation for
 any one year, and making an ap-
 propriation therefor.

Be it resolved by the Legislature of
 the State of Texas:

Section 1. That Section 3 of Ar-
 ticle VII, of the Constitution be so
 amended as hereafter to read as fol-
 lows: (Creating a new Section 3.)

Section 3. One-fourth of the reve-
 nue derived from the State occupation
 taxes and a poll tax of one (\$1.00)
 dollar on every inhabitant of this
 state, between the ages of twenty-one
 and sixty years, shall be set apart
 annually for the benefit of the public
 free schools; and in addition thereto,
 there shall be levied and collected an
 annual ad valorem state tax of such
 an amount not to exceed thirty-five
 cents on the one hundred (\$100.00)
 dollars valuation, as with the avail-
 able school fund arising from all oth-
 er sources, will be sufficient to main-
 tain and support the public schools
 of this State for a period of not less
 than six months in each year, and it
 shall be the duty of the State Board
 of Education to set aside a sufficient
 amount out of said tax to provide
 free text books for the use of chil-
 dren attending the public free schools
 of this State; provided, however, that
 should the limit of taxation herein
 named be insufficient the deficit may
 be met by appropriation from the
 general funds of the state and the
 legislature may also provide for the
 formation of school districts by gen-
 eral or special law without the local
 notice required in other cases of spe-
 cial legislation; and all such school
 districts, whether created by general
 or special law may embrace parts of
 two or more counties. And the leg-
 islature shall be authorized to pass
 laws for the assessment and collec-
 tion of taxes in all said districts and
 for the management and control of
 the public school or schools of such
 districts, whether such districts are
 composed of territory wholly within
 a county or in parts of two or more
 counties. And the legislature may au-
 thorize an additional ad valorem tax
 to be levied and collected within all
 school districts heretofore formed or
 hereafter formed, for the further
 maintenance of public free schools,
 and the erection and equipment of
 school buildings therein; provided,
 that a majority of the qualified prop-
 erty tax-paying voters of the district
 voting at an election to be held for
 that purpose, shall vote such tax not
 to exceed in any one year one dollar
 on the one hundred dollars valuation
 of the property subject to taxation
 in such district, but the limitation
 upon the amount of school district
 tax herein authorized shall not apply
 to incorporated cities or towns con-
 stituting separate and independent
 school districts, nor to independent or
 common school districts created by
 general or special law.

Section 2. The foregoing constitu-
 tional amendment shall be submitted
 to a vote of the qualified electors of
 the State at an election to be held
 throughout the state on the first
 Tuesday after the first Monday in
 November, 1920, at which election all
 voters favoring said proposed amend-
 ment shall write or have printed on
 their ballots the words, "For the
 Amendment to Section 3 of Article
 VII of the Constitution of the State
 of Texas, providing that the limita-
 tion upon the amount of school dis-
 trict tax of one dollar on the one hun-
 dred dollars valuation shall not ap-
 ply to independent or common school
 districts created by general or spe-
 cial law," and all those opposed to said
 amendment shall write or have printed
 on their ballots, "Against the
 Amendment to Section 3 of Article
 VII of the Constitution of the State
 of Texas, providing that the limita-
 tion upon the amount of school dis-
 trict tax of one dollar on the one hun-
 dred dollars valuation shall not ap-
 ply to independent or common school
 districts created by general or spe-
 cial law."

Section 3. The Governor of the State
 is hereby directed to issue the neces-
 sary proclamation for said election
 and to have same published as re-
 quired by the Constitution and exist-
 ing laws of the State.

Section 4. That the sum of Five Thou-
 sand (\$5,000.00) Dollars, or so much
 thereof as may be necessary is hereby
 appropriated out of any funds in the
 Treasury of the State of Texas
 not otherwise appropriated, to pay
 the expenses of such publication and
 election.
 (Attest—A True Copy.)

 Secretary of State.

RELATING TO THE MANNER OF
 COMPENSATION OF PUBLIC
 OFFICIALS.

House Joint Resolution No. 7.
 A joint resolution of the Legislature
 of the State of Texas, proposing
 an amendment to the constitution
 of the State by adding to Article
 16 thereof a new Section, to be
 known as Section 60; providing for
 the compensation of public offi-
 cials.

Be it resolved by the Legislature of
 the State of Texas:

Section 1. That there is hereby ad-
 ded to Article XVI of the Constitu-
 tion of the State of Texas, a new
 section to be known as Section 60 of
 Article XVI of the Constitution of the
 State of Texas, which shall read as
 follows:

Section 60. Compensation of Public
 Officials: All State, district,
 county and precinct officers - within
 this State shall receive compensation
 for their services a salary, the amount
 of which, the terms and meth-
 ods of payment and the fund out of

which such payments shall be made,
 shall be ascertained, declared and
 fixed by the Legislature from time
 to time; provided that the Legisla-
 ture may make such exceptions as
 it may deem advisable.

This section shall supersede all
 other provisions of this constitution
 fixing and declaring the compensa-
 tion of officers by salary, fees or
 otherwise and all provisions for sal-
 aries or other compensation for pub-
 lic officials, executive, legislative or
 judicial.

Sec. 2. The Governor of the State
 is hereby directed to cause to be is-
 sued his necessary proclamation for
 an election to be held on the first
 Tuesday after the first Monday in
 November, 1920, at which election
 this amendment shall be submitted
 to the qualified electors of this State
 for adoption or rejection and shall
 make the publication required by the
 constitution and laws of the State.
 Said election shall be held under and
 in accordance with the General Elec-
 tion Laws of the State, and the bal-
 lots for said election shall have print-
 ed or written thereon in plain letters,
 the following words:

"Official Ballot." "For the amend-
 ment to Article XVI of the Constitu-
 tion of the State of Texas, adding
 thereto Section 60, providing for com-
 pensation of public officials."

"Against the amendment to Article
 XVI of the Constitution of the State
 of Texas, adding thereto Section 60,
 providing for compensation of public
 officials."

Those voters who favor such
 amendment shall erase by marking
 a line through the words "Against the
 amendment to Article XVI of the
 Constitution of the State of Texas,
 providing compensation for public
 officials." Those who oppose such
 amendment shall erase by marking
 a line through them, the words "For
 the amendment to Article XVI of
 the Constitution of the State of Texas,
 providing compensation for public
 officials." And the result of the elec-
 tion shall be published and declared
 according to the majority of the
 votes cast in such election.

Sec. 3. The sum of Five Thousand
 Dollars or so much thereof as may
 be necessary is hereby appropriated
 out of any funds in the treasury not
 otherwise appropriated for the pur-
 pose of paying the necessary expen-
 ses of the proclamation and publica-
 tion of this amendment and the elec-
 tion to be held hereunder.
 (Attest—A True Copy.)
 C. D. MIMS,
 Secretary of State.

AUTHORIZING ONE AND ONE-
 HALF PER CENT-AD VALOREM
 TAX BY CITIES AND TOWNS
 OF FIVE THOUSAND OR LESS
 POPULATION.

Senate Joint Resolution No. 12.
 Proposing an amendment to Section
 4 of Article XI of the Constitution
 of the State of Texas, by increas-
 ing the total tax rate that may be
 levied by cities and towns having
 a population of five thousand or
 less than one-fourth of one per
 cent to not exceeding one and one-
 half per cent, and making appro-
 priation therefor.

Be it resolved by the Legislature of
 the State of Texas:

Section 1. That Section 4, Article
 XI, of the Constitution be so amend-
 ed as hereafter to read as follows:

Section 4. Cities and towns having
 a population of five thousand or less
 may be chartered alone by general
 law. They may levy, assess and col-
 lect such taxes as may be authorized
 by law, but no tax for any purpose
 shall ever be lawful for any year
 which shall exceed one and one-half
 per cent of the taxable property of
 such city; and all taxes shall be col-
 lectible only in current money, and
 all licenses and occupation taxes lev-
 ied, and all fines, forfeitures and pen-
 alties accruing to said cities and
 towns shall be collectible only in cur-
 rent money.

Section 2. The foregoing constitu-
 tional amendment shall be submitted
 to a vote of the qualified electors of
 the State at an election to be held th-
 roughout the state on the first Tues-
 day after the first Monday in Novem-
 ber, 1920, at which election all voters
 favoring said proposed amendment shall
 write or have printed on their bal-
 lots the words, "For the amend-
 ment of Section 4, Article XI, of the
 Constitution increasing the total tax
 rate that may be levied by towns and
 cities having a population of five thou-
 sand or less from one-fourth of one
 per cent to not exceeding one and
 one-half per cent of any one year,"
 and all voters opposed to said amend-
 ment shall write or have printed on
 their ballots the words, "Against the
 amendment of Section 4, Article XI,
 of the Constitution increasing the
 total tax rate that may be levied by
 towns and cities having a population
 of five thousand or less from one-
 fourth of one per cent to not exceed-
 ing one and one-half per cent of any
 one year."

Section 3. The Governor of the State
 is hereby directed to issue the neces-
 sary proclamation for said election,
 and to have the same published as re-
 quired by the Constitution and exist-
 ing laws of the State.

Section 4. That the sum of Five
 Thousand Dollars, or so much there-
 of as may be necessary, is hereby ap-
 propriated out of any funds in the
 Treasury of the State of Texas not
 otherwise appropriated to pay the
 expenses of such publication and elec-
 tion.

BRADY, TEXAS

LOCAL BRIEFS.

Another good shower of rain fell in Brady Wednesday evening. In the outskirts of town, especially the southern portion, it was reported heavy enough to occasion considerable mud.

The congregation of the Swedish Methodist church is having the local parsonage enlarged so as to provide additional room and conveniences for their pastor, the Rev. Otto Martinson. Two rooms and a sleeping porch form the addition.

The courthouse roof and metal cornices have just been treated to a coat of paint, which not only makes for added attractiveness, but adds to the life of the roof. The roof and cupola have been decked out in deep red, while the cornices now gleam resplendent in coloring of canary yellow.

Frances Deveraux is the name of a charming little lady who arrived Tuesday, July 20th, to make her home with Mr. and Mrs. J. Rockett Hall. This being their first visitor from Fairyland, Mr. and Mrs. Hall are more than delighted with the little newcomer. Mother and babe reported doing splendidly.

John B. Westbrook is trying (and has just about succeeded) to make us envious by sending us a beautiful picture postcard showing the Greater Galveston Causeway stretching over the cooling waters of Galveston Bay.

He writes: "Dear Bro. S.: The swimming and fishing is fine, and we would stay here always, if it were not for Brady. Wife seems better and we are glad we came. Will be back to scratch Joseph W. Bailey."

Mr. and Mrs. W. F. Roberts, Sr., returned the latter part of last week from an extensive visit to New Orleans, La., Memphis, Tenn., and Vicksburg, Miss., but chiefly to Mr. Roberts' old home at Artesia, Miss. While thoroughly enjoying his visit there, especially since it was his first in 36 years, Mr. Roberts returned more favorably impressed with the Brady country than ever, and declares there is no place like home—and that's Brady.

Miss Emma Young, accompanied by her niece, Miss Ada Young, visited here from Rochelle Wednesday. The many friends of Miss Young will learn with regret that she will not teach in the Brady schools this year, having accepted a position as teacher in the primary department of the Waco schools. For the past seven years Miss Young has been in charge of primary work in the local schools and her wonderful success has endeared her to pupils and patrons alike.

B. Simpson returned yesterday morning from an extensive trip north during which he visited Detroit, South Bend, Fort Wayne, Indianapolis, Greenwood, and other points in Michigan and Indiana, where he was a guest of relatives and friends, and also a visitor at the Studebaker factories.

He reports the weather quite cool there, and says he wore a coat most of the time. Returning here to find the atmosphere so hot and sultry quite surprised him, but home looks good to him just the same.

Messrs. D. H. Henderson and E. B. Elliott were Brady visitors Wednesday from the Lost Creek and Voca communities. Mr. Henderson reported his corn already made, although the rain received the early part of the week will be of benefit to other crops. Both declared cotton south of the river as the finest they have ever seen. Mr. Elliott has some extra-early cotton which strikes him just about the hip, and is heavily loaded with fruit and bolls. They reported the boll weevils doing much damage in the Fredonia section.

The influx and out-go of Fishing Parties, Campers and Vacationists has been one of the most remarkable this year ever noted. Not a day passes but what from a dozen to several score cars loaded with this class of travelers has passed through Brady—'gwine or comin'. They travel in automobiles, trailers, trucks and Fords. Not a few of them travel in coupes and sedans. But the most remarkable of travelers was seen yesterday morning, when a man and his family passed through Brady traveling in a team-drawn regulation closed-in cab, trailing a raw-boned horse. Behind came a second vehicle of 1880 buck-board design, which trailed a four-wheel trailer loaded with chickens and other paraphernalia. We have seen them travel in surreys, wagons, buck-boards and what-not, but this is our first experience in closed-in cab travel. It gave the appearance of a pauper traveling in a Super-Six.

The "Zistaband" is the official publication of the 21st Artillery band, which held its first annual encampment here last week—and the first question invariably is, "How did they happen to select such a name. Easily answered! It was the suggestion of our own Dr. J. W. Ragsdale, leader of the band at the time the publication was first conceived. He suggested that 21st (Zist) A. Band was the natural cognomen for the band—and in this the other members concurred. The "Zistaband" is published periodically on an average of some three or four times a year. It is compiled and edited by Dr. Ragsdale, and contains letters and messages from various members of the band, together with various announcements of interest. The next annual meeting date and place comes in for at-

tion, and the little pamphlet well serves its original purpose, viz: to hold the band together even though its members be widely scattered over the U. S.

J. W. Matthews was greeting friends here yesterday, and looking as happy as any man could be after a six months' absence from the best place on earth. J. W. explained his absence by stating that he had been on the ranch of his daughter, Mrs. Nellie Perkins, located 2½ miles below Menard, since December 28th, and that he was enjoying life more than in many years just because he had a chance to do outdoors work as much as he pleased. Mr. Matthews says his mother lived to be over 93 years of age, and her father died at 107 years. He, himself, always had an ambition to live to be 100, but of later years he formed the idea that if he saw the 80th milestone of his life, four years hence, he would be satisfied. Since trying out-door life and work, however, he has regained such strength and vigor that he now declares he will be satisfied with nothing less than 125 years. Mr. Matthews declares Brady the best town on earth and her people the best friends he has ever had, and says he is getting lots of pleasure out of his visit here. He is a guest of his sons, Frank and John Matthews.
