BANKERS MEET ON PROPOSITION TO FINANCE COTTON

A meeting of the bankers and banking interests of McCulloch county has been called for tomorrow (Wednesday) in Brady to decide whether the banks of McCulloch county shall participate in the movement to facilitate the exporting of Southern products, particularly cotton. This move is sponsored by the Federal International Banking Co., and already has attained a widespread endorsement among the bankers of the South. The Federal International Banking Company is intended to have a capital stock of between \$6,000,000 and \$12,000,000, and each member bank will be expected to subscribe 3% of its capital and surplus, taking stock in the banking company in exchange for its subscription.

The new corporation will devote its efforts primarily to finding a market for the cotton crop of the South and to facilitate the exporting of the staple. However, its efforts will not be confined to this one staple alone, but will be extended so as to include wool, cattle and all products of the South.

MCCULLOCH COUNTY EXHIBITORS MEETING CALLED FOR THURSDAY, DEC. 9TH

Thursday, December 9th, at 10:00 o'clock a. m. in the Brady court house, has been decided upon as meeting day for the directors of the McCulloch County Co-Operative Exhibit, for the purpose of rounding out the business and getting started off for the 1921 Exhibit.

Who are the directors? Everybody who was elected to an office in the community organization this last fall, and all those who took part in the planning of the exhibit this year. Nobody however, will be ruled out of the meeting, but we are especially anxious that all those that took part this year be at this meeting.

Any communities that were not represented this fall and wish to enter this next year are urged to elect or select representatives to meet with the directors at this meeting.

At the conclusion of this meeting there will be a discussion of the Farm Bureau movement. Farmers need to know more about this movement, and how it proposes to work. Other counties are taking to the idea and it may be the very best thing for the farmer. Come and learn about it. The plan is to market all our crops and livestock just as the California Fruit Growers do their fruit.

Sincerely,
B. D. BLACK, Sec.-Treas.,
County Agent.

CLEVER RAISED \$2 BILL—MEXICAN BEHIND THE BARS

A cleverly raised bank note was the cause of a Mexican named Leopoldo Cadena being landed behind the bars by Sheriff J. C. Wall Friday. The Mexican had some work done at the Simpson & Co. garage, and in payment of the \$12.00 charge, tendered the mechanic what purported to be a \$20 bank note. When Mr. Simpson took the bill he detected that the bill was of reality of \$2.00 denomination, and that it had been raised so as to give it the appearance of a \$20 bill. Upon the Mexican's attention being called to the matter, he asked for the return of the bill and paid his account in legal tender.

Sheriff Wall happened along just about that time, upon being told of the occurrence, at once placed the Mexican under arrest. Cadena is a resident of Del Rio and with his wife has been here only a short time on a visit to her parents. He claimed that he obtained the bill from another Mexican, who had asked him to change it for him. Inquiry developed the fact that the Mexican named by Cadena had left town for parts unknown Sunday. A thorough search of the prisoner by Sheriff Wall failed to disclose any other raised currency.

The Federal authorities at San Antonio were notified of the occurrence, and are now investigating the matter for the purpose of tracing the source of the raised bill. In the meantime Cadena languishes in the county bastille.

"THE WHITE DOVE"

—A PROBLEM OF THE AGES BROUGHT DOWN TO MODERN LIFE—

Would you try to save the life of a man who had betrayed your wife? If you were a physician would you let your personal feelings overcome your duty as a member of the profession? And, what would you do if your father told you to forgive your wife if you knew that she loved another? What would you do if you were doubtful of your own child's parent-which you had chosen as your life's vocation? Would you try to live your life alone? Or would you try to find new companionship, new surroundings and happiness? Well, this is arrogant Pharisee. I was foolish enough to sit in judgment of those I loved—may God forgive me. I can only ask for their forgiveness now, for I, too, have learned to forgive. You, too, may learn that real happiness is in pity, divine, if you will see the story of my life and the happiness that finally was granted me." Don't miss seeing this great special next FRIDAY, DECEMBER 3RD.

EXHIBITORS MEETING.

B. D. Black, secretary of the McCulloch County Co-Operative Exhibit, has called a meeting of all directors of every school district in the county, to meet Thursday morning of next week in Brady for the purpose of rounding out the business of the past exhibit and to begin plans for the holding of a greater and more general exhibit next fall. Everyone now realizes that the move for the first county-wide exhibit was begun too late, and that the phenomenal success attained was due entirely to the unceasing and untiring labors of a few of the leaders, together with the splendid co-operation accorded them by several of the school communities and their progressive citizens. For the coming year, if similar success is to be had, every citizen and every community must put forth his, and their, best efforts, for no one man, nor set of men, will ever again attempt to shoulder the burden and the responsibility of so great and beneficial a movement.

Every school district in the county should have its representatives at the meeting called for Thursday morning, December 9th, at 10.00 a. m., and should be ready to announce their and its intention to take active part and to be capably represented at the exhibit in 1921. Send your representatives to the meeting, and line up with the live wires of McCulloch county, for a greater county, and for more universal prosperity and advancement than ever known before in our history.

The Junction Eagle last week announced the raising of its subscription price from \$1.50 to \$2.00 per year, effective January 1st. The price of paper, and the cost of publishing a paper, is mounting steadily. Manufacturers and jobbers hold out no hopes for relief. It is going to be a case of the survival of the fittest, and the newspapers that are attempting to turn out a product at a loss are certain to spell their own ruin.

If the price of cotton stays down as low as it is—we expect it will be best for the farmers to quit raising cotton and go out to preach the gospel as there is a great shortage of preachers and teachers at the present time.—San Saba Star.

ADVERTISING NOT AN EXPENSE

"It is wrong to look upon advertising as an expense. It stimulates production so that prices are lowered. By making large-scale, economical production possible it releases labor which can be used to produce new things. It lifts market standards, for the advertiser is held to account by those who buy his goods, and he dare not lower his quality, while others must rise to his standard or be extinguished. Nevertheless, advertising will make no man succeed who would not succeed without advertising. It puts no royal crown on the head of the humbug."

These words are not ours. They were written by one of the nation's most successful merchants and one of the nation's largest advertisers.—Brownwood Bulletin.

SNAP SHOTS.

Tillie Clinger says the reason she didn't last long as clerk at the book store was because when an old gentleman asked for The Chicken Farmer's Guide she told him he didn't need a guide—what he wanted was a guardian.—Dallas News.

SEEING OURSELVES.

Harry Schwenker of the Brady Standard is sometimes real bright. The Parson extracts the following and gives it his most emphatic endorsement. In fact, he believes that if it could be read and adopted generally, it would accomplish more for the good of the world than ten general elections and the overthrow or establishment of ten political parties. "If the cry is 'Back to the farm,' then there should be added to the slogan, 'And to make a living at home.' The farmer who has plenty of feed and vegetables, and fat hogs, turkeys, chickens, sugar cane, etc., can laugh at hard times and low cotton prices. He is practically assured of a living and he can hold his cotton for a better price. 'A living at home—FIRST' should be the motto of every McCulloch county farmer for the coming years—then, and not till then, should he attempt to feed and clothe the world at large." Bravo Harry.—The Parson in The Brownwood Bulletin.

As a commentator "The Parson" has few equals—and no superiors. Now that we have his official "key" on our "Back to the Farm—and to Make a Living at Home" slogan, all that remains is for its universal adoption, and success can't be driven away from the farmer's door. Like Old Shep, it will forever be pawing at the door, begging to be allowed to come in. So much for the farmer end of it! For himself, The Standard editor desires to know why "The Parson" qualifies his endorsement of our "brilliant" with that little word, "sometimes"? One would think that, as a rule, this editor's "heavy" editorials really lie heavy upon the parson's intellectual digestion, much the same as a soggy plum pudding weights down the digestive apparatus of the over-indulgent Christmas celebrant, and that this one lone thought was in the nature of a dose of pepsin—badly needed.

Why the pill within the sugar coating; why the thorn hidden within the rose; why the bitter with the sweet? Must a parson preach even when he praises?

PASSING THE BUCK.

The American Lumberman says that the complaint that high priced lumber is responsible for the increasingly high prices of all items of furniture and musical instruments is all bosh. It cites the instance of a child's chair displayed not long ago in a Chicago show window and priced at \$3. It contained about \$1 worth of lumber. Recently the price was advanced to \$21, while the value of the lumber in it advanced about 50 cents. Who got the \$18?

Quite recently a Brownwood cattle raiser brought to town and sold four especially fine, large cowhides, receiving \$4 each for them. On the same day he went to a local bootmaker and inquired about the price of a pair of new boots. The boots were priced at \$35. Nine cowhides required to pay for one pair of boots should prevent anybody from passing the buck to the cowman.

And many other instances, involving other basic industries could probably be cited. Their moral is that passing the buck to the producer doesn't explain the high price levels.—Brownwood Bulletin.

If the soul's beauty parlor were as well patronized as the body's, Saint Peter could open the eternal gate wide and let everybody in.—Dallas Times-Herald.

Texas Lady Suffered With Pulling and Aching Pains in Her Back, Which Cardui Relieved.

Houston, Texas.—Mrs. C. D. Cook, of 1912 Whitty Street, this city, recently said: "About four months after my marriage, I began suffering much pain, and knew that my condition was unusual, but couldn't just decide what was wrong. I had to go to bed. . . . All across my back and hips were pains, pulling and aching until I could hardly sit up. I stayed in bed a few days. My husband had heard of Cardui. . . . so I told him he might get it. "After I had taken Cardui a few days, I was up. I took five bottles and haven't been in bed since for this trouble, for if I have the least symptoms of this trouble I get Cardui and take it in time. "I have a number of friends who have used Cardui, and they recommend it very highly. "The experience of this Texas lady is similar to that related by thousands of other women. "Cardui is purely vegetable, and mild and gentle in its action. Cardui may be the very medicine you need if suffering with womanly troubles. Take Cardui. NO-195

MEETING SATURDAY BY FARMERS TO PLEDGE REDUCTION COTTON ACREAGE

ENDORSE MOVE OF TEXAS BRANCH OF AMERICAN COTTON ASSOCIATION TO REDUCE COTTON ACREAGE ONE-THIRD DURING COMING YEAR 1921.

A county-wide move is on to reduce the cotton acreage in McCulloch county during the coming year, 1921, 33 1-3%—the move being in co-operation with the universal one-third reduction advocated by the Texas branch of the American Cotton Association throughout the cotton growing states of the South. This move has already become widespread, and has as its purpose the limiting of the cotton acreage by the substitution of other crops. W. D. Crothers is chairman of the move in McCulloch county.

At a meeting called by the Chamber of Commerce Saturday at the courthouse to consider the matter, the plan received the unanimous endorsement of the fifty or more farmers and business men in attendance. W. D. Jordan, president of the Brady Chamber of Commerce, presided at the meeting, and W. D. Crothers acted as secretary. The matter was presented to the audience by various speakers, and following the unanimous endorsement of the move, it was decided that every citizen of McCulloch county should be called upon to meet next Saturday at his nearest school house and organize for an active prosecution of the plan. At these meetings, each school district is to elect its own chairman, who is to actively

Catarrhal Deafness Cannot Be Cured
 by local applications, as they cannot reach
 the diseased portion of the ear. There
 is only one way to cure catarrhal deafness,
 and that is by a constitutional remedy.
 Catarrhal Deafness is caused by an in-
 flamed condition of the mucous lining of
 the Eustachian Tube. When this tube is
 inflamed you have a rumbling sound or
 imperfect hearing, and when it is entirely
 closed, Deafness is the result. Unless the
 inflammation can be reduced and this tube
 restored to its normal condition, hearing
 will be destroyed forever. Many cases of
 deafness are caused by catarrh, which is
 an inflamed condition of the mucous sur-
 face. Hall's Catarrh Cure acts thru the
 blood on the mucous surfaces of the sys-
 tem.
 We will give One Hundred Dollars for
 any case of Catarrhal Deafness that cannot
 be cured by Hall's Catarrh Cure. Circulars
 free. All Druggists, 75c.

TOM ELLIOT RECEIVES
SAD NEWS OF DEATH OF
BROTHER IN ENGLAND
 Tom Elliot is in receipt of the sad
 news of the death of his brother, Dr.
 J. P. Elliot, one of the most prominent
 and best-loved citizens of the North
 Tyne district in England, and whose
 demise occurred on Friday, October
 22nd. The following excerpt of an
 article printed in the Hexham Courant,
 gives an account of the life of Dr.
 Elliot and the high station which he
 occupied in the esteem of his fellow
 citizens:
 "We regret to record the death of
 Dr. J. P. Elliot, J. P., of Holmwood,
 Bellingham, which took place in
 Gresham House, Newcastle, on Friday,
 whither he had gone to undergo an
 operation. The news of his death was
 received with general regret in the
 whole of North Tyne, where he was
 popular alike in his professional and
 personal capacity.
 "Dr. Elliot came of a well-known
 Border family, and was born at Bel-
 lingham, where his father was in
 practice before him. He succeeded his
 father some 40 years ago, soon after
 he had qualified and rapidly built up
 an extensive practice in North Tyne
 and Redewater, in which districts a
 doctor's duties have been considered
 lightened by the coming of the new
 indispensable motor car. Dr. Elliot
 was appointed medical officer to the
 Bellingham Workhouse and the Bel-
 lingham district of the Union when
 he commenced practice, so that he had
 held those appointments over 40
 years. He had been medical officer of
 health to the Bellingham Rural Coun-
 cil since its formation.
 "Though not a public man in the
 sense of seeking public offices, Dr.
 Elliot was keenly interested in all that
 concerned Bellingham and district.
 He took a great interest in the old
 Bellingham sports and in its popular
 show, and other objects of a kindred
 nature. He was on the executive of
 the Institute, and was a vice-president
 of the Bellingham Golf Club. He was
 a keen golfer and a lover of all sport.
 "An enthusiastic Volunteer, he was
 associated with that movement over
 a long period of years, and so far back
 as 1895 was presented with the long
 service medal, he then being Surgeon-
 Captain Elliot. The decoration, which
 was awarded for 21 years' service,
 was handed to him at the Morpeth
 camp of that year by the late Sir Hen-
 ry Havelock Allan.
 "Dr. Elliot was one of the most not-
 ed rifle shots this district has pro-
 duced. He shot frequently at Mimbleton
 and at Bisley, and was for several
 years a member of the English Twen-
 ty Club. He competed for a long pe-
 riod at the Northumberland Rifle As-
 sociation meetings at Morpeth, and
 shot regularly with the Bellingham
 team for the Lambton trophy, which
 they won on quite a number of occa-
 sions. One of his best performances
 was when he won the Lord Lieuten-
 ant's prize with a score of 104 out of
 a possible 105 points.
 "A staunch Unionist, Dr. Elliot was
 a churchman in religion, and was at
 one time a churchwarden of Belling-
 ham Church and later filled the posi-
 tion of sidesman. He was 60-years
 of age, and is survived by his wife
 and Miss Elliot, of Hindhope, and two
 young sons.
 "The interment took place in Bel-
 lingham Cemetery on Monday after-
 noon, and the attendance was the big-
 gest seen at any funeral in the district
 for a long time. There were signs
 of mourning on every hand.
 "The coffin was borne on an open
 roll, decorated with evergreens, and
 was covered with wreaths, and the in-
 terment was preceded by a service in
 the Parish Church, conducted by the
 Rev. W. J. Flower, R. N. The hymns
 sung were "Lead, Kindly Light," and
 "Abide With Me."
 "The funeral procession was headed
 by the Rev. R. H. Hedley (chairman),
 Mr. J. Johnson (vice-chairman), and
 the following members of the Belling-
 ham Rural Council, Councillors J. R.
 Elliott, J. T. H. Hedley, E. J. Horner,
 Isaac Herdman, Andrew Scott, James
 W. Davidson, Peter Robson, Elliott
 Davidson, and Richard Shanks, with
 Mr. T. B. Johnston, workhouse master.
 Behind them were Sergt. Hudson and
 P. C. Patterson.
 "The principal mourners were:—
 Mrs. Elliot, widow; Masters Tom and
 John Elliot, sons; Miss Elliot, Miss
 Elizabeth Elliot Hindhope, sisters-in-
 law; Mr. and Mrs. Elliot, Chatto, Kel-
 so, brother and sister-in-law; Mr. Rob-
 ert, Mr. Walter, Mr. Arthur, and Mr.

SAN SABA TO HAVE REAL OIL WELL—COOLEY INTERESTS, CHICAGO, MAKE LEASE

Progressive residents of San Saba county who have often expressed a wish that someone would start genuine proceedings with a view to determining whether San Saba county contains oil in commercial quantities are extremely likely to have this desire granted by reason of an announcement made public Saturday that a syndicate of Chicago men, headed by John H. Cooley, had made a drilling contract and lease for the W. J. Moore ranch which extends eastward from the city limits of San Saba for a distance of about eight miles with a total area of about 11,000 acres.

Simultaneously with the confirmation of a rumor to this effect that had been in circulation for several days, came activity. Several wagon loads of timbers and other dimension stuff for a rig passed through the city enroute for the location chosen for the test well, which is at the southeast corner of the P. McAnally Survey No. 35, and about thirty feet north of the north line of the A. Menk Survey No. 596, in what is known as the "Carroll Pasture" on the Moore ranch, which begins on the south side of the Mill Creek bridge, and extends east along the Lometa road for a distance of about half a mile. This location will put the first well about three quarters of a mile from the court house, and when the derrick is erected it will be in plain sight from the roofs of the buildings here, if not from the ground.

This deal is the culmination of negotiations that have been conducted quietly for several months. The derrick now on the ground is the same that was erected on the Martin lease, ten miles north of San Saba, from which the drilling tools were shipped Monday to McLean, Texas, where the Cooley interests have about 10,000 acres of land.—San Saba Star.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILD TONIC given regularly for two or three weeks will curish the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 6c per bottle.

TURKEYS MORE PROFITABLE THAN COTTON EXPERIENCE OF A ROCHELLE GROWER

Turkeys in this good year of 1920 have proven more profitable a crop than cotton, according to Mrs. J. P. Waddell of Rochelle, and her experience is the same as that of numerous farmers of McCulloch county, who have found the national bird a most profitable by-product of the farm. Mrs. Waddell was in Brady Monday on her return from a trip to Waldrip, where she has purchased some new stock to place in her turkey flock. She reported having marketed the past few weeks 45 turkeys, with a return of \$161.58 for the bunch, or an average of about \$3.60 per head.

The value to McCulloch county of the annual turkey crop may be best indicated by the fact that one Brady-firm alone—the Mayhew Produce Co.—has already marketed in the neighborhood of 15,000 birds, and expects to run up a total of 18,000 birds when the Christmas shipments have been completed. At an average of \$3.50 per head, this will total \$63,000.00 that will have been paid to turkey raisers in the McCulloch country, not to mention the sums paid for turkeys by other buyers both in Brady and at various other shipping points in McCulloch county.

The turkeys this year are fine and fat, as there has been an abundance of feed and mast. Aside from starting off the turkey crop, the birds give the farmer no care or trouble. Like Topsy, they "jes' grow."

VIRTUE OF FORGIVENESS IS LESSON TAUGHT IN FEATURE "THE WHITE DOVE"

The remarkable story of a man who was himself so virtuous that he could have no patience with those who err is told in "The White Dove," which will be seen at the Lyric theatre, Friday, December 3rd. The general character is Dr. Sylvester Lanyon, portrayed by H. B. Warner who finds in this part the greatest role of his career. The picture is based on the novel of the same name by W. J. Locke.

Living with a loving memory of his dead wife, Dr. Lanyon is slowly growing to love another woman, Ella Defries, ward of his father. Dr. Lanyon does not suspect that his father holds back from him the secret of the dead wife's unfaithfulness. It is only when the man with whom she sinned dies under the care of Dr. Lanyon, calling in his delirium for the wife that Dr. Lanyon suspects.

Convinced that his wife had been unfaithful, Dr. Lanyon leaves. He goes to London where he follows his vocation, sure that all women are false. Then comes a further revelation, which produces the biggest scenes of the story, a revelation which teaches the austere and puritanic man that the greatest virtue, after all, is the power to forgive.

Among other big attractions secured by Mr. Levy for the near future are: "The Riders of the Dawn;" "Desert Gold;" "U. P. Trail;" Louise Glaum in "Love Madness;" and in "Sex;" J. Warren Kerrigan in "House of Whispers;" and in "Lover Flame;" Fatty Arbuckle in "The Round-Up;" 7-reel comedy, Western; Wm. S. Hart in "Wagon Tracks;" and in "The Cradle of Courage;" Chas. Ray in "String Beans;" and in "The Kentucky Colonel;" "King Spruce," 7-reel Northern picture; "Humoresque," 7-reel; "The Right to Love," 7-reel; "Idols of Clay," 7-reel.

Dates of showing of the above attractions will be announced in The Standard within the next few weeks. Watch the ad on front page of Tuesday's paper — you will always find something attractive for each night's program.

How about your watch? Is it keeping correct time? If not, let us remedy the trouble for you. Satisfaction guaranteed. A. F. Grant, jeweler, east side square, Brady, Texas.

HEAVY RAIN FALLS ON THANKSGIVING NIGHT—PRECIPITATION GENERAL

A heavy rainfall was had all over McCulloch county and this section of Texas, Thanksgiving night, the rain beginning to fall about 9:00 p. m., and continuing for the greater part of the night. The rain gauge in Brady recorded 2.05 inches of precipitation, and the ground was thoroughly soaked by the drifter. General satisfaction is expressed with the rain, since it puts a good season in the ground,

which, in several sections of the county, was beginning to get pretty well dried out. The rain, of course, put a stop to cotton picking temporarily, and will have a tendency to still further lower the grade. Many farmers have already turned their stock into cotton fields which contain numbers of bales of unpicked staple, deeming the expense of gathering the cotton too great for the returns since cotton has dropped so low in price.
