CHAMBER OF COMMERCE MEETING TONIGHT OF INTEREST TO ALL CITIZENS

MATTERS OF GREAT IMPORTANCE TO BE BROUGHT BEFORE BRADY CITIZENS—HOLDING OF CONFEDERATE REUNION ONE OF THE SUBJECTS FOR ACTION.

A matter of great and vital importance to every public-spirited citizen of Brady is the holding of a mass meeting at the courthouse, 8:00 o'clock tonight, and at which matters of importance to the citizens of Brady are to be brought up for discussion.

The bringing of the Confederate re-union to Brady was quite a notable feat, and was put over at the close of the reunion at Mason last year by representatives of the local Chamber of Commerce.

Still another matter to be discussed is the organization and establishment upon a permanent basis, of a Brady band. Talent sufficient for a splendid band, is available according to lists already prepared; arrangements can readily be made for an in-

BRADYITES JOURNEY TO COLEMAN SUNDAY TO SEE BRADY BOYS PLAY BALL

A bunch of Bradyites journeyed to Coleman Sunday to see the West Texas league game between Ballinger and Sweetwater, which was played on the Coleman diamonds.

The match proved an interesting contest, Ballinger winning by a score

of 6 to 3. Two McCulloch county boys are now playing in the West Texas league, Lawrence Fuller of Brady and Henry Baldrige of Fife, both being signed up with the Ballinger team.

Among those attending the game from Brady were Messrs. Hubert Adkins, Virgil Jones, Henry King, Jack Wigginton, Arthur Fahrnthold, V. L. Sessions.

FIREBOYS BANQUET, ELECT NEW OFFICERS AND PLAN 4TH JULY BARBECU

IRVINE HURD NAMED PRESIDENT OF ORGANIZATION JOHN MOFFATT MAKES SPEECH PLACING UPON MATRIMONIAL ALTAR—BIG TIME PL

The Brady Volunteer Fire department had an enjoyable meeting last Friday night, the occasion being the annual election of officers for the company.

The announcement of the invitation to the boys to be guests of Stobaugh & Wood came after the boys had assembled at the hall, and was all the more appreciated as a result.

C. K. REED MEETS UNTIMELY FATE SAT. AFTERNOON

Chas. K. Reed, well-known and prominent Brady and McCulloch county citizen, met a terrible fate last Saturday afternoon from strychnine poisoning, self-inflicted.

Mrs. Reed, in terror at the rash act, phoned for medical assistance and also notified Sheriff J. C. Wae. Mr. Wall hastened to the Reed home, where Mr. Reed calmly talked to him and stated that he was prompted to the act solely by reason of the fact that he was despondent over financial affairs and felt that he was only in the way.

Funeral services were conducted at the family residence Sunday afternoon at 3:30 o'clock, the Rev. S. C. Dunn preaching the funeral sermon, and the Odd Fellows having charge of the service.

Inquest Held. An inquest was held yesterday morning, Judge N. G. Lyle presiding, at which the verdict was rendered that deceased had come to his death by poison, self-administered.

animal no good, so he thought he would take the other. Mr. Reed was a man of kindly disposition, and was well-liked by everyone.

He had been a member of the Methodist church for many years, and was also a member of the Woodmen, Odd Fellows and Praetorians.

Your horses and mules will work harder and keep in better condition on Purina O'Moene, the best ration for horses of all ages.

Give me a trial with your next roll of films. John McDowell, next door to St. Clair's.

The wedding hour draws near

The face of the happy Bride beams in anticipation of the lovely gifts her wedding day will bring.

What will your gift be?

Malone & Ragsdale JEWELERS and OPTICIANS

A MAN'S JOB.

It's a man's job to be cheerful In the face of grief and care; Any weaking can be tearful And a victim of despair,

It's a man's job to be kindly, It's a man's job to be true; None can shut his eyes and blindly

Not in fools and craven creatures Are the worthy virtues found, Not on blank and lifeless features

To be kind and thoughtful ever, To be strong in times of need, To put all your best endeavor

Is a job, there's no denying, For a real man, nowadays.

—Edgar A. Guest.

MERCURY BARBECUE SATURDAY TO DRAW CROWD

W. A. Penn of Mercury was in Brady Monday, and as a self-appointed committee of one, was extending cordial invitation to his Brady friends to attend the big barbecue to be held at Mercury next Saturday.

A free barbecue dinner will be one of the main features of the day, and everyone, young and old, will be fed to their heart's content.

Mercury's latch string will be out next Saturday, and everyone is invited to come in and join her in the celebration.

Ain't Nature Wonderful?

A Chicago pneumatic salesman bought the only remaining sleeping space. An elderly lady next to him in front of the ticket window, burst into tears.

BALL GAMES HERE THURS. AND FRI.; AT MERCURY SAT.

Manager J. A. Maxwell of the Brady ball team announces a series of ball games scheduled for Thursday, Friday and Saturday of this week.

The Coleman aggregation will come to Brady next Thursday and Friday with a strong bunch and a promise to take the locals in.

Work has actually started placing the drill tools for sinking the Live Oak well in the Rocky Pasture eight miles northeast of town.

LIVE OAK WELL SAN SABA COUNTY TO SPUD SOON

Many of the largest dairymen in the country bank on Cow Chow because it produces more milk for less money than any other ration they can use.

HONEST INJUN.

Something to do today—Get your protest in on the truck tax law.

It is claimed that men know more about women nowadays, than they did a generation ago. Sounds reasonable. They see more of 'em.—Trinity Tribune.

THE JOYS THAT CHILDREN BRING.

Does your home know the joys and happiness that little children bring? The patter of little feet about the house all day long? The childish chatter, and loving adoration bestowed.

If so, you will appreciate the following article from the pen of the Parson," reprinted from a recent issue of the Brownwood Bulletin:

"There was no Parson's Column last week. The Parson was too busy making the acquaintance of a young lady of four years, who claims him for 'Granddaddy. The two have been great cronies. One of the family bravely wrote an abstruse letter that Granddad was there."

"Every morning a great, heavy coming down stairs and demanding to be served with fricasseed baby on toast. There has been a fierce lion springing forth with horrid claws and dreadful roar, so driving a little girl to seek refuge with father or aunty with outstretched arms and fearful cries. There has been a fiery creature who walked on his knees and threw his rider at every available opportunity. There have been mysterious disappearances ended by excursions and alarms at most inopportune moments. There has been a strange young lady knocking at the front door, and asking hesitatingly: 'Does Mr. Powell live here?'"

"And there has also been a grumpy old fellow who hammered at the door and inquired hoarsely whether there was a young lady from Oklahoma City" there. The Parson has been called to furnish paper whereon to write—apparently in ancient Egyptian script, if there was such a thing—important communications which must be duly placed in an envelope, and addressed generally to 'Oklahoma City.' There have been one or two hours spent with wide-open, wondering eyes while the Parson told of M. Seguin's goat, or of 'Joseph and his Brethren.' And then last of all at night, there has been a little white-robed figure kneeling at the Parson's knees, to say with very strange mispronunciations, 'Our Father.' Ah me! the little one is gone, and the Parson is very lonesome. He also is very old. Will all this happen again? Not likely; but thank God it did happen."

Give me a trial with your next roll of films. John McDowell, next door to St. Clair's.

SNAP SHOTS.

Mr. Peavish says that whenever he hears Mrs. Peavish engaging in girlish laughter he knows she's practicing for a card party.—Dallas News.

There is more catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, it is taken internally and acts through the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials.

BRADY BALL TEAM WINS THREE IN A ROW HANDSDOWN

Manager J. A. Maxwell is getting the Brady ball team whipped into shape, where it may be said he is giving Brady fans a real team now. The improvement in the line-up is manifested by the fact that the Brady aggregation is now working like a machine, and is putting up a class of ball that gives spice and interest to the exhibitions staged. The feat of the Brady team the past week in winning all three games played, indicates that they have now struck their gait, and that it will take a mighty good team to hold them down in future exhibitions. In Catcher Bailey, Maxwell has a "find." Bailey plays ball every minute of the game, whether winning or losing, and his hard work and constant rooting is putting a lot of pep into the locals. Trickham Loses 6 to 4.

What is admitted as their first game lost this season, was played by the crack Trickham ball team on the local grounds last Thursday. Trickham showed up with a strong aggregation, and the game was nip and tuck all the way through. The local fans rooted strongly for the home team, but to Catcher Bailey goes the credit for pulling the home boys through. His head work, lightning plays and hard work brought final victory to the locals. Casey and Vaughn composed the battery for the visitors, while Liverman, Taylor and Bailey worked for the locals. Liverman pitched good ball until the 5th, when he got himself into a hole, filling the bases with no men out. Taylor relieved him in the box, and pitched wonderful ball, and with the able assistance of Bailey retired the Trickham bunch without letting them score a man. The final score was 6 to 4 in Brady's favor.

Rochelle Loses 6 to 5.

Friday's exhibition, in which Rochelle contested with Brady, was another good game. Adams and Hall formed the battery for the visitors, and gave a good exhibition. For the locals, Spiller, Cook and Jones occupied the mound, while Bailey backstopped. Spiller pitched the first five innings, and his delivery kept the visitors puzzled to find him. In order to give Cook a try-out, Spiller was withdrawn from the game after the 5th, and Cook pitched the next three innings. Cook pitched good ball, but the Rochelle bunch soon began to find him and touched him up for some hard drives, and at the end of the 8th inning were leading with a score of 5 to 4. Bailey Jones was pulled in from the outfield and proved himself the man of the hour by cutting the visitors down in one, two, three order. The Brady aggregation then pepped up and with but one out in the last half of the ninth, got the second man across home plate for the winning run. Score, 6 to 5.

Algerita 1, Brady 7.

Algerita was clearly outclassed in Saturday's game by the locals, as the final score of 7 to 1 showed. Taylor was on the mound for about the first three innings, when his arm gave out, and he asked to be relieved. Spiller finished out the game in fine shape, holding the visitors scoreless. The Brady aggregation landed on the horsehide freely and placed their hits effectively.

P. S. CASTLEMAN BUYS MARTIN HEIGHT LOTS AND WILL ERECT RESIDENCE

P. S. Castleman has closed a deal for the purchase of two lots from W. W. Spiller, upon which he plans to begin at once the erection of a neat cottage home. The lots are each 50x140 ft., and are located in Martin Heights, north of the Fair Grounds, and their splendid elevation and location makes them very desirable. Mr. Castleman plans to build a four-room residence for occupancy by himself and family, two of the rooms being 14x18, and the other two 10x12, with a 10x12 gallery. He will also dig a cistern, 14 ft. deep, and 10 ft. in the clear, which have a capacity of over 210 barrels. Work upon the residence will be begun by Mr. Castleman at once.

Brady Lumber Co. Addition. The Brady Lumber Co. recently completed an addition to their storage warehouse, extending the office building to the alley, the full width of the lot. The new addition gives some much-needed room for the storage of finished products, and is a very desirable addition.

GRANDSON OF THE LATE DR. R. C. BUCKNER HERE ENGAGED IN S. S. WORK

During the months of June, July, and August, Robert Cooke Buckner, grandson of Dr. R. C. Buckner, late head of Buckner's Orphans Home, will be located in McCulloch, Menard, Mason and Concho counties for special Sunday school and B. Y. P. U. work. He is one of fifty-two such workers under the pay of the Baptist State Sunday School and B. Y. P. U. boards for this summer. Teaching institutes, religious census taking, and organizing Baptist Sunday schools and B. Y. P. U.'s will be his work.

AN ANCIENT BRAIN TEST—ONLY ONE PERSON PASSED IT; SPHINX PROPOUNDED RIDDLE

The first intelligence test of which there is record contained just one question:

"What is that which is four-footed, three-footed and two-footed?"

The questioner, unlike Mr. Edison, was a lady, although not exactly a perfect lady. She was the famous Sphinx of Thebes, in Boeotia. According to Apollonius she had the face of a woman, the feet and tail of a lion, and the wings of a bird. She lived on a bald, rocky mountain.

Every Theban had to try to guess her riddle. If he failed, the Sphinx did not merely grade him "X-Y-Z." She ate him.

Only one man ever got the correct answer. That was Oedipus, who pointed out that man, as an infant, crawls on hands and knees; as an adult walks upright, and when old age saps his strength, goes tottering round with a stick to support him.

The end of the story is the best part. The Sphinx had been so inordinately proud of her intelligence test that when Oedipus passed it she threw herself down from her bald, rocky mountain and perished, and thereafter the Thebans lived unmolested by persons who asked them questions they could not answer.—Houston Chronicle.

REFUSE PERMITS TO KILL DEER IN MASON COUNTY

Mason, Texas, June 4.—The report that deer have become a nuisance in Mason county and that they are destroying crops, is erroneous and is misleading to the public.

Two farmers in Mason county made application to the State to kill deer, which, they alleged, were destroying their crops, and immediately after these requests had been received by the State Game, Fish and Oyster Commission at Austin, Deputy State Game Warden Bogle was sent to Mason to investigate.

Upon investigation Bogle found that deer were injuring only one of the farmers, and that the damage being done was little, and that rabbits were doing as much or more damage than deer. Bogle refused to issue permits to allow the deer to be killed, which are few in number.

WITH THE CHURCHES

The Revival at the Church of Christ.

The revival at the Church of Christ, conducted by Harvey Scott, minister, and F. M. Scott, singer, is progressing nicely. Crowds are filling the house. There are two services each day, 10 a. m. to 11 a. m.; and from 8 p. m. to 9 p. m. This gives just one hour to the entire service. The house is not going to hold the crowds, so if you expect to have a seat, come early. We are making arrangements for some additional seats.

We have nothing special to draw the people, just the plain Gospel of the Son of God. People are coming now to hear this and there are more that are coming. If you have not been, you have missed something that would have done you good. So you

HARVEY SCOTT, Minister

ought not to miss these services. Come and come on time. We begin on time and quit on time.

Everybody enjoying the Revival at the Church of Christ.

Glad singing and live preaching in the Revival at the Church of Christ. Come to the Revival at the Church of Christ and hear Harvey Scott present the plain truths of the New Testament. Come in time for the singing; you never heard better.

Prof. F. M. Scott of McKinney, Texas, is doing some fine singing; come and hear him. Get there on time, or you may not get a seat. The entire service is just one hour—8 p. m. to 9 p. m.; 10 a. m. to 11 a. m. We want everybody to come and enjoy themselves while listening to the Gospel as it is presented in love by Harvey Scott. —Reporter.

LOCAL BRIEFS.

D. Harkrider was in from the Nine community last Saturday, and reported that oats out his way was ready for the harvest. Mr. Harkrider estimates the yield will run around 35 bushels to the acre.

"June bride business is good," says County Clerk W. J. Yantis. Mr. Yantis' comment was occasioned by the fact that eight marriage licenses had already been issued up to yesterday, although but six days of June so far had passed.

R. E. Hogan and Miss Lillian Melton, a popular young couple of the Locker community in San Saba county, were made happy early yesterday morning, when Justice of the Peace N. G. Lyle solemnly spoke the words that united them for better or for worse.

D. A. Roper and son, Richard, were business visitors in Brady from the Rochelle community yesterday. Richard returned a couple weeks ago from San Antonio, where, for the past two years, he has been teaching in the West Texas Military academy, and will spend the vacation with home folks. He returns to his position at the academy again this fall.

A. J. Johnson, living six miles out on the Brownwood road reported that his oats would be cut short on account of the dry weather. The oats have grown well and have long heads on them, and at one time promised to make 75 bushels to the acre. His present estimate is 35 bushels. However, the oats are still green, and a rain right now would still greatly benefit them.

The many friends of M. F. Fuller sympathize with him in the accident which befell him last week, in which he sustained a broken leg. Mr. Fuller was engaged in working upon the new residence of his son, J. M. Fuller, and in a fall, his right thigh bone was broken. While the injury proved very painful, Mr. Fuller is now resting easy, and his friends hope to see him soon able to be about once more.

E. J. Cummins, wearing his same happy smile of yore, was in Brady Saturday from the London section. Eph was accompanied to Brady by his daughter, Miss Nellie Mae, niece, Miss Lola V. Cummins, and Miss Gladys Walton, the young ladies being enroute to Denton to attend the Normal during the summer term. He reported a good rain as having fallen all the way from Hext to half way through the Johnny White pasture.

It will be of interest to his many Brady friends to learn that Jimmy Wade, former Brady citizen, and who for the past several years has been making his home at Alpine, is in a hospital at El Paso to undergo an operation upon his eye. While in army service driving a truck during the last war, Jimmie got a piece of steel in his eye, the injury causing a growth to cover the sight. He has been in the hospital under treatment the past two weeks, preparatory to having the operation performed. Jimmie's mother, Mrs. Eliza Wade, and brother, Charles, are still making their home at Alpine.

Mr. and Mrs. C. H. Vincent returned yesterday from a two weeks' vacation auto trip to northern and northwestern portions of the state. Among other points visited, were Denison, where they were guests of Mr. Vincent's sister, and Caddo, Okla., where Mr. Vincent was formerly engaged in business. From there they drove to Quannah, the scene of Mr. Vincent's boyhood days, where they had a very enjoyable visit with relatives and friends. Returning, they visited at Breckenridge and marveled at the sights to be seen in a real oil town. Another enjoyable stop was made at Mineral Wells before returning to Brady. The entire trip was made without so much as having to put air in the tires, and camping along the route added to the enjoyment. Mr. Vincent reports rains both ahead and following him on the trip, but aside from encountering some bad roads, the trip was unmarred by the weather, all which proved quite pleasant throughout.

Still in Doubt.
The very small boy with the very large gun was standing in a country road.
"What are you hunting, bub?" asked a passer-by.
"I dunno," he replied frankly. "I ain't seen it yet."

FEELS LIKE LIFE IS NOW WORTH LIVING

"I feel that life is worth living again since Tanlac has built me up and overcome the troubles that have kept me weak and miserable nearly as long as I can remember," said Mrs. Lola J. Neville, 415 Rock street, Little Rock, Ark.

"Nearly all my life I had a heavy, disagreeable feeling like lead in the pit of my stomach and a pressure in my chest that made my heart flutter so I felt I could hardly keep on going. I slept very poorly, felt tired and worn out in the morning and was so weak and run down all the time it was an effort for me to do my work. In fact I just seemed to be dead on my feet, and in spite of everything I did I kept growing worse until last I had to give up work altogether.

"I had the worst liver trouble imaginable and could hardly stand on my feet, and at times the pain in my sides was so intense I could hardly bear it.

"When I had almost given up hope of getting relief I decided to try Tanlac, and from the very first I began to mend, my food agreed with me better and I began to feel better in every way. So I just kept on taking it until now I am a well and happy woman."

Tanlac is sold in Brady by Trigg Drug Co., in Mercury by J. T. Matlock, in Rochelle by C. W. Carr, and by leading druggists everywhere.

CUT BOATS FROM BALLOON; OUTLAW INDIANS HAD NO RESPECT FOR U. S. DEVICE

Some wonderful canoes appeared mysteriously recently in the James Bay region. They were constructed, not of birchbark, but of a strange material the North had never seen. As light and swift as swallows on the wing, they skimmed the water. Moose Factory Indians marveled. Had the Great Spirit come from the Happy Hunting Grounds to teach his red children new medicine?

The big balloon that carried three of Uncle Sam's naval aviators into the wilderness several months ago has since lain collapsed on the spot where it descended. Moose Factory is one of the earliest posts established on American shores by the Hudson Bay Company.

Orders had been given to all the Indians who owe allegiance to the ancient fur company to leave the great gas bag undisturbed. These orders had been strictly observed.

A band of outlaw Indians, whose home village is sixty miles northeast of Moose Factory, found the balloon. Old Hudson Bay Company's order meant nothing to them. As for Uncle Sam, they had never heard of him. But they knew good canoe material when they saw it and straightway with their hunting knives they sliced great blanket pieces from the sides of the fallen monster and from the magic fabric fashioned canoes that rode the waves like a thistle-down. The air had given the Northland their most marvelous craft.

The Indians who wrecked Uncle Sam's gas bag are known as plutocrats of the wilderness. While on a recent visit, the chief of the outlaws was asked if he were not afraid of getting into trouble for cutting up a balloon belonging to the great Republic across the border. With a shrug, he drew from his pocket a roll of money that would have made a rent hog jealous. He was ready to deal with Uncle Sam as one man with another.

"How much cost for big bag?" he asked indifferently. "Me buy the tam thing now and pay spot cash."

No Worms in a Healthy Child
All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will then be in perfect health. Pleasant to take. 60c per bottle.

A Wonder.
"Yeah," said Bowery Bill, late of the Fighting Irish. "I guess I got a charmed life all right. Went thru the war without a scratch and ain't been murdered once since I got back to New York."

On the High Seas.
A bashful petty officer was on leave and was having a hard time making conversation.
"I suppose you've been in the navy so long you're accustomed thoroughly to sealegs?" she suggested.
"I wasn't lookin' at 'em at all," he blurted, blushing.

Cow Chow means more milk and for a longer period. Mayhew Produce Co., Brady, Phone 146.

PERSONAL MENTION

Oscar Thompson was over from the Eden country on a visit to home folks the past week.

Bill Miller came in Saturday from Lockhart for a visit with his parents, Mr. and Mrs. Henry Miller.

Mrs. C. C. Calloway left Friday morning on a visit of a week or so with her daughter near Mason.

Miss Gladys Squyres left Saturday for Brownwood to attend the summer term at Howard Payne college.

Mrs. R. L. Porterfield and little son, Ralph, of Sherman, are here to visit her parents, Mr. and Mrs. W. W. Wilder.

Miss Willna Shropshire left Saturday night for Denton where she will take a special 6 weeks' course at C. I. A.

Miss Edna Chadick returned Saturday from Denton, where she has been attending C. I. A. and will spend the summer here.

Miss Georgia King is here from Eldorado on a visit with her sister, Mrs. J. B. Granville, and family.

E. L. Jones and daughter, Miss Estelle, drove over to Brownwood Sunday to spend the day as guests of his brother, R. T. Jones, who has been sick.

Paul Klatt returned yesterday afternoon from LaGrange, where he had been spending the past three weeks visiting relatives and friends.

Miss Daysie Hill, who has been attending Crescent College at Eureka Springs, Ark., is at home to spend the summer with her parents, Mr. and Mrs. J. H. Hill.

Mr. and Mrs. Sam Jones and daughters, Frankie and Ebba, and niece, Visie Simpson, are here from Eldorado on a visit with the lady's sister, Mrs. S. W. Espy.

Miss Bernice Hall returned Saturday from Denton, where she had been attending C. I. A. and will visit her parents, Mr. and Mrs. J. C. Hall, several weeks before again entering C. I. A. for the summer term.

Mrs. Clyde Wilhelm left Monday for her home in Galveston, after a visit with her mother, Mrs. J. A. Snider. Misses Cora Snider and Estelle Jones accompanied her home for a visit.

Judge and Mrs. Evans Adkins and children drove to Brownwood in their car Monday to take his brothers, Gerald and Walter Adkins, who will enter Howard Payne college for the summer term.

Mr. and Mrs. E. M. Womack and three children, accompanied by Mrs. Womack's sister, Miss Willie Garner, left yesterday on a two weeks' trip during which they will stop at Abilene, Wichita Falls, Fort Worth and other points enroute.

Jack Gartman went to Goldthwaite last week to join his mother and sister on a pleasure trip to California and other points. They will drive through the country in his mother's car. Bill Vaughn met them in Coleman Sunday and will accompany them on the trip.

Dr. and Mrs. Lindley and children, accompanied by Misses Jim and Lula Gay and Alice Samuel drove to Brownwood Sunday to spend the day. Mrs. Lindley and children will remain for a several days' visit with his mother, Mrs. Belle Lindley. Miss Lyle Patton returned with them for a visit with Misses Jim and Lula Gay.

Dr. Rev. A. J. Drossaererts of San Antonio was here Friday and Saturday and confirmed a large class at the Catholic church. He was accompanied by the Rev. Fathers Michael and Nichols of San Antonio. Rev. F. D. Hudon met them at Fredericksburg and accompanied them to Brady, where they were his guests. From here Rev. Hudon took them to the different Catholic missions where the Sacrament of Confirmation will be administered by the bishop.

Hog raisers can bring their stock to market in from twenty to thirty days less feeding time on Purina Pig Chow, the scientific hog ration. Pig Chow insures the most rapid growth and profitable gain. Ask for the checkerboard bag. Mayhew Produce Co., Brady, Phone 146.

They Are That Way.
He: "Is Fraser's wife fond of an argument?"
"She: "I should just think so—why she won't even eat anything that agrees with her."

Purina Pig Chow makes more hog at less cost. It contains the elements that feed the whole hog and keep the pigs coming at a lower cost per pound of gain. See us today. Mayhew Produce Co., Brady, Phone 146.

FIFTH MEETING AGRICULTURAL CLUB OF DAVIS SCHOOL HELD THURSDAY

June 3, 1921.

Editor Brady Standard:

The Agricultural club of Davis school met in regular session at the school house Thursday at 8:30 p. m., the fifth meeting since our club was organized February 4, 1921. The regular program was carried out successfully and plans were made for future meetings.

As our school closes Friday, June 10, we feared this would be a sad evening for each club member and pupil regrets that so weightily a rest will be upon each of us, having to part with our much beloved teacher and class mates, even temporarily. We cannot think it permanently; no, shall it be, we hope, for it is our sincere wishes that we can persuade our teacher to come, back and try us again and see if we are not better still for her. Why do I say still? Because she says we have been good already. Tho' we realize our ungratefulness as the departure draws nigh; and our class-mates! we cannot say we are giving them up, for we have them in our midst and trust no misfortune will befall any of them during our vacation days but that we might spend many more happy school years together. In coming back to our club work again, I must say that we were made glad by the appearance of Mr. B. D. Black, our county agent, who always has cheering words for us. Being with him was Judge J. E. Shropshire, who is to be complimented on his excellent talk, praising and encouraging our work; also the much-enjoyed talk for the benefit of the Farm Bureau.

Mr. Black gave us a splendid boost as to the work we were doing and efforts we put forth. He also carried out beautifully his part on the program, "The Object of Our Club," giving the good results to which it might lead; also the many things we hope to learn in being a club member.

We feel we have not wa

press our gratitude and appreciation as to these two noted speakers of the evening; but hope they will accept our hearty appreciation in their effort of making our program, especially their part was a decided success. We extend to them our hearty welcome to come again at any time they find time to visit and meet with us.

Another important feature of the program was a helpful talk on "How to Make Our Club Stand" by our dear teacher, Miss Linda Smallwood. We all regret very much that she will not be here to give us another talk at our next meeting, as she leaves for school immediately after our school closes.

I shall not attempt to enumerate the total number of visitors, for I failed to get a correct count, though too, I am not exaggerating when I say the house, windows and doors were full and I have been told that a number stood outside because of the scarcity of room and seats on the inside for which we sadly regret was the case. Everyone expressing their opinion say that they enjoyed the program.

I must go now before I take up

too much space and you shall not wish me back.

—Reporter.

To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues. A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup. The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough. Both remedies are packed in one carton and the cost of the combined treatment is 35c. Just ask your druggist for HAYES' HEALING HONEY.

ON AN OUTING

You will need one of those new Hot and Cold Bottles, one-gallon size, with opening large enough to insert hand. Call and see them. BRADY AUTO CO.
