### BRADY CHAUTAUQUA OPENS NEXT MONDAY—3-DAY INTERESTING PROGRAM

SIX INSPIRATIONAL, RECREATIONAL AND EDUCATIONAL NUMBERS TO BE PRESENTED AT METHODIST TABERNACLE—SESSIONS AFTERNOON AND NIGHT.

The Brady Chautauqua will open next Monday with a three-day program, presenting the Radcliffe Chautauqua company in a community-building and nation-building series of entertainments which combine recreation, inspiration and education. Sessions will be held both afternoon and night next Monday, Tuesday and Wednesday at the Methodist tabernacle. The three-days' program is said to be one of the best offered on the chautauqua circuit this year. Adult season tickets will be sold for \$2.00, while all school children will be entitled to season tickets at the price of \$1.00.

The Brady chautauqua contract was recently signed by twenty of Brady's most prominent citizens, who personally guarantee the \$550 required by the Radcliffe Chautauqua Co. In giving Brady this chautauqua, the signers believe they have secured something really worth while, as the program combines entertainment, amusement and instruction of the highest order. One of the biggest treats for the little folks (and for the big folks whose hearts are still young) are the two numbers given by Miss Marybelle LaHatte, who has a splendid reputation as a story-teller. These two numbers are in addition to the regular program of six numbers. Miss LaHatte's well-told stories are not only of absorbing interest, but go further than that, in the pointing to a precept and the emphasizing of a virtue in the process of character-building. The stories are supplemented by interesting games which she will introduce.

The Oakley Concert Company is an attraction of exceptional merit, comprising, as it does, musicians of varied talents. Violin, cello and trombone solos will be freely mixed with readings of more than usual interest, and they will be supplemented by vocal numbers, making for a veritable musical banquet.

Originality is very much in evidence throughout the entire program that will be rendered by Mr. and Mrs. Winters on the second day of the Chautauqua. Mr. Winters presents character sketches in costume woven in a delightful, snappy, lightning-change style and including the comic, serio-comedy and serious. He is a genius in his pianologues, and, as a parodist, is apt to mix corned beef, cabbage and doughnuts with songs meant to deal exclusively with moonlight, flowers and love. Mrs. Winters is noted for her exquisite whistling imitations of birds such as the twitter of sparrows, the drawn-out notes of the meadow lark, the melodious air of the canary and the jerky call of Bob White.

M. Gustave Milburn, is a magician, but not one in the ordinary sense of the word. He is a talented, cultured gentleman, whose skill in his chosen profession is supplemented by his ability as an entertainer and whose program never fails to hold the interest of the audience throughout. You will want to see him in this act, and can rest assured of a most enjoyable and entertaining number.

The lectures are one of the features upon which the Radcliffe chautauqua has built its reputation and through which it has become the great chautauqua system in the United States. The chautauqua lectures will be based upon the subjects of "Community Building" and "American Ideals." These subjects will be dealt with from the local standpoint, from the standpoint of the individual citizen and from the standpoint of a national patriot. There will be nothing dry or moth-eaten in these lectures. They are up-to-the-minute presentations of live topics in which every citizen, young or old, is interested. Among the lecturers are Dr. R. P. Carson of Denver, Colo., who will be the chautauqua director; Edward Tomlinson

#### Death of Mrs. Arthur Thornbloom.

The death of Mrs. Lois Cecil Thornbloom, wife of Arthur Thornbloom, occurred last Wednesday at 9:30 o'clock a. m., aged 20 years, 3 months and 9 days. Death followed an illness of three weeks with typhoid fever, at the family home on the old Lee Hunt place in the East Sweden community. Deceased was a young woman loved by all who knew her, and in her loss, the deep sympathy of all is extended to the bereaved husband and relatives.

The body was carried to Union Bend, Mason county, where funeral services were held and interment made Thursday.

### "GREATEST REUNION EVER HELD" IS UNANIMOUS VERDICT OF VETERANS

TEN THOUSAND PEOPLE ASSEMBLE CLOSING DAY OF REUNION—GRAND BARBECUE IS SERVED—VETERANS PASS RESOLUTIONS OF THANKS TO BRADY.

"The greatest and best reunion ever held," is the way S. T. Ballou of Hamilton, former Brady citizen and one of the gallant old veterans, expressed his opinion of the great reunion just closed, and this opinion may safely be said to express the sentiments of all the old veterans who attended. Inquiry among the veterans developed the unanimous verdict that never were arrangements more complete, never were the veterans better taken care of, and never was their entertainment more enjoyable. "We couldn't have asked for another thing," said one. "We'll come back to Brady any time she wants us. All the veterans were ready to come to Brady again next year," is the way J. M. McCall of Brownwood, father of Dr. J. G. and Joe McCall expressed himself.

Gradually swelling attendance marked the three days' reunion, the culmination of the attendance coming upon the third day, when upwards of ten thousand visitors were estimated upon the reunion grounds. The big barbecue Friday noon was the crowning point of the celebration, and there was ample of everything to appease the appetites of all. Delicious baby beef and mutton barbecue was served steaming hot, and supplemented with bread, pickles, coffee and ice water. For the veterans, the good ladies of Brady had prepared cakes and pies in abundance, and needless to say, the veterans found these toothsome delicacies a most enjoyable addition to the regular fare.

The last day's program, in addition to music by the band and matters of routine, included a solo, "My Old Black Mammy," charmingly rendered by Miss Katharine Ballou. A stirring patriotic address by the Hon. Earle B. Mayfield, railroad commissioner of Texas, was the big feature of the morning program. In the afternoon, an enjoyable address by Mrs. C. R. Field, Daughter of the Brigade, was had.

At night, Mrs. Earnest Searly delighted all with a solo, "Carry Me Back to Old Virginia." Mrs. J. A. Holton's reading, "The Blue and the Grey," won her an encore, to which she graciously responded with another patriotic number. Mr. Maurice Cohen's violin solo won usual favor, and "My Old Kentucky Home," sung by the male quartette composed of Messrs. Reagan, Townsend, Mann and Yantis was greatly enjoyed. Mrs. Duke Mann closed the program with one of her delightful solos, "Juanita." Wartime stories were then told by Mrs. E. G. Magruder at the Red Cross tent, and proved most enjoyable to all attending.

The bringing of the three days' reunion to a close without any serious accident or disturbance worthy of mention is a feat of which Brady citizens, and the reunion committees, more especially, are very proud. It was a great occasion, and Brady citizens have every reason to feel gratified at the manner in which the reunion was carried out, even to the last detail.

A total of 107 veterans were registered during the three days of the reunion. In addition to the list of

#### Mother Died at Hamilton.

Mrs. Wm. C. Jones has the sympathy of all in the death of her mother, Mrs. M. J. Stiles, who passed away last Thursday evening at 7:30 o'clock at the family homestead in Hamilton. A message received here Monday night, brought news of the serious illness of Mrs. Stiles, and Dr. and Mrs. Jones and children left Tuesday morning, arriving in Hamilton in time to see the mother before the end came.

Mrs. Stiles was one of the pioneer settlers of Hamilton county, was one of the grandest women of that section and was loved and esteemed by all far and near. At the time of death, she was 73 years old. Funeral services were held Friday, interment being made in Live Oak cemetery. Surviving are eight children, four boys and four girls, all of whom reached her bedside before she lost consciousness.

Dr. Jones and son, Chas., returned to Brady Saturday morning. Mrs. Jones and two younger sons will remain in Hamilton for a couple weeks.

### MODERN BUSINESS HOUSES TO REPLACE BURNED AREA ON EAST SIDE

PLANS FOR G. V. GANSEL AND W. H. GIBBONS COMPLETED BY ARCHITECT A. D. WRIGHT—FOUR STORE ROOMS TO OCCUPY SITE, INCLUDING KNOX CONFECTIONERY.

Architect A. D. Wright has completed drawing of plans for two modern store buildings to be erected upon the burnt area on the east side of the square, and which are designed also to include the lot at present occupied by Knox's confectionery. One set of plans has been drawn for W. H. Gibbons, owner of the two lots nearest the north corner, and the other set of plans for G. V. Gansel, representing Mrs. R. W. Turner, owner of the lots adjoining the Gibbons' property on the south, and one of which is now occupied by the confectionery. It is understood that building operations will begin just as soon as acceptable bids are secured.

A description of the proposed Gibbons' building is as follows: The building front will be of face brick and plate glass, with tile base. Side walls of stone and brick; fireproof floor and gravel roof. Sills of cast cement stone. Reinforced concrete foundations. An 8x50 ft. awning, with prism glass above the awning. The 50-ft. frontage will be divided into two store rooms, one 30 ft. wide and the other 20 ft., both with a depth of 90 ft.

The rooms will have 20-ft. ceilings, with a 10-ft. deck in each. Show windows six feet deep, and with paneled backs are to be built. Cement floors and steel ceilings, will make for fire-proof construction. The walls will be plastered. Sewerage connections will be had in both rooms.

The Gansel building will be built along plans practically the same, except that the building is to be divided into two rooms, one with 24-ft. frontage, and the other with 16 ft. A reinforced concrete beam will span the entire front, to enable the partition wall to be removed and the two rooms thrown into one, if so desired. Instead of a tile base, brick will be

#### Wm. JOHNSON, EX-CONFEDERATE VETERAN, DIED YESTERDAY AT ROCHELLE

Wm. Johnson, well-known citizen of Rochelle, and one of McCulloch county's grand old veterans, answered taps at 10:00 o'clock p. m., at his home in the Rochelle community, following a protracted illness, during which he was carefully nursed and cared for by his wife and many friends. At the time of death, this grand old soldier was aged 82 years.

Wm. Johnson enlisted as a private in the Confederate army at Telehoma, Tenn., April 9, 1861, in Co. B, 1st Tennessee Infantry. He served four years in General Lee's army of Northern Virginia, and was wounded five times. One wound, in his foot, had never healed. He was promoted to the rank of second lieutenant of company for valiant service. He surrendered at Appomattox April 9, 1865.

An only son of Mr. and Mrs. Johnson, died while in service during the Spanish-American war. Mrs. Johnson alone survives. All speak most highly of Mrs. Johnson for the tender devotion and care she lavished upon her husband during his long illness, and to her is extended the sympathy of all in his loss.

**HONEST INJUN.**

Brady challenges the world upon the number of one-light automobiles operated in our sacred precincts.

**LET'S NOT GO BACKWARDS.**

During the three days of the reunion, Brady citizens had the pleasure of seeing the Brady square illuminated at night—at least to some fair degree. Three ordinary electric lights swung across each street intersection with the square performed the marvel of transforming Brady's dusky streets into lighted thoroughfares. This week the supplementary lights have been removed, and six forlorn lights encircling the court house yard, now comprise Brady's "white way."

Richland Springs has street lights; San Saba has street lights; Lometa has street lights; Llano has street lights; Brownwood has her white ways; Coleman for twenty years has had both business and residential districts illuminated. And the city of Brady owns her own lighting plant, and yet her streets are in darkness.

Ask any Brady citizen if he is in favor of street lights, and he will say he is. Put the matter to a vote, and the vote would be practically unanimous for street lights. It is the one subject upon which the citizenship is agreed. And the citizens own their own light plant!

**FUTILE EFFORTS.**

Even to the casual observer it must appear that Brady's present efforts at street building are a dismal failure. Three days of heavy sprinkling during the reunion upon the Brady square and the main-traveled streets of the city have resulted in the creation of chug-holes that all but render the streets impassable. Every tiny hollow in the street surface accumulated a tiny pool of water; every passing automobile or vehicle, served to cut the tiny hollow deeper. Every tiny hollow speedily developed into a regulation-size rut. And there you are! Three days of heavy sprinkling have undone what it took months to build up.

Our dry, dusty summers make the services of a street sprinkler indispensable. Therefore, the remedy, if any is to be had, must be in the manner of street-building. Brady should arrange a campaign of permanent street building. Brady should build streets for permanence—for the future. If Brady's present charter will permit, or enable the city council to secure funds for permanent street improvement, then the city charter should be amended.

What say you, Citizens of Brady?

**ENFORCING HEALTH LAWS.**

The State Board of Health is starting a strenuous campaign to see that the recently enacted health laws are strictly enforced. There is no need to have a law unless it is enforced and no laws are more important than those looking to the preservation of the health of the people. It is going to be a rather hard jolt for many restaurants, slaughter houses, dairies, soda fountains, beauty parlors and other places coming under the terms of the law, to be forced to obey its terms, but the sooner they learn that laws are made to be observed the better it will be for them and the people. If your business is in any way affected by the law you had better begin studying it and observing it. Some day an inspector may come along and give you a rather expensive lesson in the art of health preservation.—Brownwood Bulletin.

Give me a trial with your next roll of films. John McDowell, next door to St. Clair's.

**BRADY WON THIRD GAME OF COLEMAN SERIES BY OVERWHELMING SCORE, 9 TO 2**

Brady won the last game of the reunion series with Coleman by the overwhelming score of 9 to 2, making two victories out of the series of three games, and four victories out of a total of six games played this season with Coleman. Coleman's ardor appears unabated, however, and a series of three games has been arranged for the near future on the Coleman diamonds.

The fourth inning proved fatal for Coleman, when their crack pitcher, Edgar, was touched up for a total of five hits, and incidentally, 9 scores. With one out, and three men on base, White hit for two bags along the third base line, scoring two men. White's hard drive precipitated a near-riot, and so unnerved the Coleman aggregation that, between hits and errors, thirteen men had come to the bat, and nine tallies had been run up before they could stop skidding.

In the fifth, Coleman got two men across home plate, which wound up the scoring for the game. In the last of the fifth, Prince replaced Edgar on the mound, and held the locals scoreless.

Aside from the fatal fourth, the game was well-played and interesting.

**HOME TALENT CARNIVALS.**

Several ladies of San Angelo, thru the San Angelo Standard, suggest a plan for a substitute for the now outlawed street carnival, which is not only original, but which combines every element of entertainment, amusement and excitement attendant upon the ordinary carnival. The plan is one that might be used effectively in any town or city, and the result would be that instead of money being carried out of the city by traveling fakirs and get-rich-quick schemers, it would be saved to the home community and could be placed in channels where the general public would derive great benefit.

Read the following article from the San Angelo Standard carefully, then preserve it. The time may come when Brady will want just some such a form of entertainment:

"For a small amount, we can secure a Community Service Recreation Specialist who can put on a carnival or festival made up of local talent that will surpass in interest and entertaining qualities anything the traveling shows have ever done. He can place on our streets clean, attractive, interesting booths with delightful and money-making amusements in each. He can insure fascinating and delightful athletic events which will appeal to all of our home people and furnish entertainment for all our guests. He can guarantee home talent minstrels, comic opera, Japanese or feature plays which will crowd the local theatres every night and delight our visitors in a way that the traveling carnival has never done. He can guarantee a spirit of good fellowship among the hosts and visitors to the Fair such as has not existed since the old days when the fair was the big social event of the year. The guests will leave with a feeling of exhilaration and good will towards our city that only comes with the tired feeling which follows healthy, wholesome pleasure. They will have paid for their pleasure, but there will be no regrets for the money spent. The money will all be in the hands of our own people and not carried out of town by a company of people in whom we have no interest and who do not need or deserve our financial support."

**TRAGEDY OF PRACTICAL JOKING**

On July 4, a prominent and wealthy real estate man was standing on a street corner in Denver, perhaps thinking of some important business deal or letting his thoughts drift in gratitude to those patriots who founded this republic and wrote the first chapters in its glorious history. A practical joker, passing by, lighted a firecracker and dropped it at his feet. The real estate man dropped dead. His heart was weak and it

**LOCAL BRIEFS.**

The many friends of Mrs. M. E. Abernathy will be pleased to learn that she was able to return to her home last Saturday, following having been operated upon at the local sanitarium on July 20th. Mrs. Abernathy is reported doing nicely, and convalescing rapidly.

Wm. Graham, popular proprietor of the world-famed Graham hotel at Brownwood, was in Brady Saturday enroute to Pontotoc in his handsome new car for a visit with relatives. Mr. Graham was accompanied on the trip by his daughters, Misses Vivian and Sallie, and also by Mrs. K. R. Patrick of Brownwood.

Reports reaching here today from Coleman state that the Rogers team beat Coleman yesterday by a score of 14 to 0. Rogers is playing Coleman a series of three games, and will then go to Brownwood for a series of three, while Hillsboro, which claims the championship of Central Texas, is playing a series of three games at Brownwood, and will then go to Coleman for three games.

John B. Westbrook says the reunion proved most enjoyable to him, more especially since his father, J. R. Westbrook of Wolfe City, together with two of his veteran brothers, was here to visit him and to attend the reunion. It was planned to have all five of the Westbrook brothers here, but one living at McDade was unable to come, and so another brother at Welvew also was absent. Of the five, three are in the 80's, while J. R. Westbrook is 78 years young.

A slight accident occurred the last night of the reunion, but fortunately no serious consequences were had. A boy driving a car into the reunion grounds, put his foot on the accelerator, instead of the brake, with the result that the car jammed into the big crowd massed around the dance pavilion. Aside from some bruises and bad scares, no one was apparently seriously injured. Mrs. J. M. Page was reported suffering from being crushed up against the platform railing, but it is thought she will soon have recovered.

W. D. Jordan returned last week from New York City, where he marketed another car of McCulloch county produce for Mayhew Produce Co. Wilson says he had a most enjoyable trip, visiting among other places of interest, at Niagara Falls and also in Toronto, Canada. At the latter place he slept under a couple blankets, and says a third blanket would not have been uncomfortable. While in New York City he had the pleasure of meeting up with Hardin Jones and Oscar Westbrook, Brady boys sight-seeing in the East. Wilson says he left the boys admiring the great Woolworth building—New York's greatest architectural masterpiece.

Reports had the past week from Mason county tell of a disastrous grass fire there, the places of John Latham, Chas. Williams and Mike Jennings suffering great loss in valuable grass and timber burned. The great blaze could be seen from Richland Springs, and many citizens of that place drove to the scene and assisted in fighting the fire. Something like 300 men were engaged in fighting the fire, and calls were sent out for additional fighters. It is said the high wind caused the fire to leap across roads, and to spread more rapidly than men in automobiles could run around the blaze and fire against it. Ed Campbell's ranch was threatened, but he averted disaster by firing against the blaze before it could reach him.

could not stand the shock. In a way the tragedy is unusual, but it is not strange. In some form or other it is repeated over and over throughout the country from week to week almost from day to day. Often we read of what was intended as a practical joke turning into a serious tragedy. We hear over and over the story of the unloaded gun with its inevitable fatality. Loaded cigars have about lost their humorous punch but in their day they claimed their toll of eyes. Jerking of chairs from under persons about to sit down has resulted in many broken bones and many boys and girls have been crippled for life through the innocent pranks of playmates and relatives.

Humorists may be necessary to add spice to life but at times it appears that the world could get along fairly well without the practical joker. When a tragedy results the man indirectly responsible is "respectfully repentant; but that does not restore life or heal the physical wound. It is all right to get as much joy out of life as possible but practical jokers would do well to take into consideration the possible tragic consequences of their pranks and indulge only those pleasures which are least likely to result in physical injury to the victim.

**"DE DUCKS," EAT UP CORN PROFIT, DRIVE FARMER TO BANKER**

Dubuque, Ia., July 22.—When a local farmer sold his corn recently and tried to explain to a banker the necessity of a loan to tide him over a lean period, the niceties of market problems as faced by the farmer now were outlined.

"But," the banker said, "I don't understand why you should want to borrow money when you have just sold your corn. What did you do with the money?"

"De ducks got it," replied the farmer.

"What do you mean by 'de ducks'?"

"Well," the farmer explained, "I shipped the car to market and sold it for 52 cents a bushel. They de duck freight, that left 31 cents; de duck 1 cent commission, that left 30 cents; de duck elevator charges, that left 27 cents; de duck husking, that left 15 cents; de duck hauling, that left 5 cents; de duck the hired man's wages from that, and you are a darn sight better farmer than I am if you can find anything left."

**Our Appreciation.**

We feel indebted to the fire boys for their quick response and effective work in putting out the fire which threatened the Williams Wagon yard last week. Only through their efficient work was the blaze confined to a comparatively small loss. We heartily thank each and every one of the fire boys.

**Little Rock Woman Weighed Only  
 Eighty-Five Pounds—Is Now  
 Well and Strong.**

"There is such a big change in me  
 my friends are astonished when they  
 see me and I lose no time in telling  
 them that Tanlac is responsible for  
 it," said Mrs. Eulalia McAdams, 260  
 Majie St., Little Rock, Ark.

"It is just beyond my power of  
 words to describe how much I suffer-  
 ed from stomach trouble. Although  
 I lived on almost a starvation diet  
 I suffered for hours after eating. I  
 got so thin that I looked like a good  
 wind would blow me away and I  
 weighed only eighty-five pounds. My  
 nerves gave way too, and I was mis-  
 erable day and night, not being able  
 to get enough sleep to do me any  
 good. I was told an operation was  
 my only hope, but I felt too weak an  
 nervous to stand it at that time.

"I began taking Tanlac, and in a  
 short time I was so much stronger  
 and my nerves were so much quieter  
 that I had the operation performed.  
 For months afterwards I was still  
 very weak so I began taking Tanlac  
 again and the results have been sim-  
 ply marvelous. I eat anything I want  
 without the slightest trouble after-  
 wards, sleep as sound as a child ev-  
 ery night and now weigh exactly one  
 hundred and thirty-three pounds,  
 which is just about the right weight  
 for me. I never remember feeling  
 as well and strong as I do right now,  
 and it's all because I was fortunate  
 enough to get the right medicine."

Tanlac is sold in Brady by Trigg  
 Drug store, in Mercury by J. T.  
 Matlock, in Rochelle by C. W. Carr,  
 and by leading druggists everywhere.

**MERCURY WINS EXCITING  
 GAME OFF CRACK TRICKHAM  
 BALL CLUB LAST SATURDAY**

Mercury won a hard-fought game  
 from the hard-hitting, fast-fielding  
 Trickham club Saturday. Features  
 of the game was free hitting by both  
 teams. The game was won in the  
 last half of the ninth when Mercury  
 bunched hits that counted for runs.  
 Roy Beasley pitched a steady game  
 and assisted in the scoring with time-  
 ly hits.

Final score: Trickham, 8; Mercu-  
 ry, 9.

Batteries: Cox and Beasley; New-  
 man and Featherston. Umpire:  
 Rhindhammer.

 FIRST BALE RE-  
 CEIVED SAT'DAY**

McCulloch county's first bale of  
 new crop cotton was received in  
 Brady Friday night, and was ginned at  
 the J. H. Purdy gin last Saturday,  
 August 6th. To John Mayo, Wald-  
 rip farmer, goes credit for the first  
 1921 bale, which, incidentally, is ful-  
 ly eight days ahead of any first bale  
 received during the past five years.  
 The cotton was grown on the farm  
 of Mr. Mayo's brother, S. H. Mayo,  
 near Waldrip. The seed cotton weigh-  
 ed 1375 lbs., and ginned a 520 bale of  
 as fine staple as has ever been shown  
 here, the cotton grading middling  
 fair, two grades above a No. 1 bale.  
 The bale was purchased by W. F.  
 Roberts, Sr., who paid 13 1/2c per lb.

The following is the record of first  
 bales for the past five years:  
 1921—John Mayo, Waldrip, August  
 6th.

1920—Porfirio Trevino, Brady,  
 September 1st.

1919—C. M. Rasco, Fife, Septem-  
 ber 4th.

1918—M. Horn, Fredonia, August  
 15th.

1917—Dario Rangel, Fife, August  
 14th.

In addition to the ginning of the  
 bale free by the Purdy gin, a prem-  
 ium list amounting to \$27.50 was  
 made up for Mr. Mayo, the following

 tion, to be and appear before the Dis-  
 trict Court of McCulloch County,  
 Texas, at the next regular term  
 thereof, to be held at the Court  
 House in Brady, Texas, on the Third  
 Monday after the last Monday in  
 August 1921, the same being the 19th  
 day of September 1921, then and there  
 to answer the plaintiff's original peti-  
 tion filed in a suit in said Court on  
 the 11th day of April 1921, wherein  
 Mattie E. Ryley is Plaintiff and G.  
 W. Ryley is Defendant, the file No.  
 of said suit being No. 2074, and the  
 nature of plaintiff's demand and her  
 cause of action is a suit for Divorce  
 and said petition alleging that plain-  
 tiff and defendant were legally mar-  
 ried in McCulloch County, Texas on  
 or about the 11th day of August, 1915;  
 plaintiff prays for custody and con-  
 trol of two minor children and costs  
 of suit.

Herein Fail Not, but have you be-  
 fore said Court, on the first day of  
 the next term thereof, this Writ with  
 your return thereon showing how you  
 have executed the same.

Given under my hand and seal of  
 said Court, at office in Brady, Texas,  
 this 6th day of August, A. D. 1921.  
 P. A. CAMPBELL,  
 Clerk of the District Court, McCul-  
 loch County, Texas.

**BUICK MOTOR COMPANY  
 ANNOUNCES 4-CYLINDER  
 LINE AT POPULAR PRICES.**

Announcement is made in this  
 issue of the Buick's new four-cylinder  
 line—four models, including roadster  
 and five passenger touring in the open  
 cars, and three-passenger coupe  
 and five-passenger sedan in the closed  
 models.  
 In motor construction Buick has  
 adhered to the valve-in-head principle  
 with which its name has been so  
 prominently connected for twenty  
 years. The cylinder bore is 3 and 3-8  
 inches with stroke of 4 and 3-4 inches.  
 The motor develops between 35  
 and 40 brake horse power and road  
 tests have shown that the power  
 plant will deliver up to 50 miles an  
 hour with ease. Another important  
 feature, which is standard equipment  
 on all Buick cars, is the automatic  
 carburetor heat control through which  
 ideal vaporizing conditions are ob-  
 tained.

markets where he will purchase the  
 Benham stock of fall and winter  
 goods. Enroute, he will be joined at  
 St. Louis by his daughter, Miss Lu-  
 cille, who has been visiting the past  
 three weeks in Eldon, Mo.  
 Mr. and Mrs. H. R. Hodges en-  
 joyed a house full of visitors during  
 the reunion, relatives among the number  
 including his parents, Mr. and Mrs.  
 T. M. Hodges, his brother, A. B.  
 Hodges, wife and daughter, Mildred,  
 his nephew, T. T. Hodges, and also  
 F. M. Chase, all of Junction. Also  
 Mrs. Mary Graham of Menard, moth-  
 er of Mrs. Hodges, was among the  
 visitors.

There is more Catarrh in this section  
 of the country than all other diseases  
 put together, and for years it was sup-  
 posed to be incurable. Doctors pre-  
 scribed local remedies, and by constant-  
 ly failing to cure with local treatment,  
 pronounced it incurable. Catarrh is a  
 local disease, greatly influenced by con-  
 stitutional conditions and therefore re-  
 quires constitutional treatment. Hall's  
 Catarrh Cure, manufactured by F. J.  
 Cheney & Co., Toledo, Ohio, is a consti-  
 tutional remedy, is taken internally  
 and acts thru the blood on the Mucous  
 Surfaces of the System. One Hundred  
 Dollars reward is offered for any case  
 that Hall's Catarrh Cure fails to cure.

The transmission is of the selective  
 sliding gear type, three speeds for-  
 ward and one reverse. The universal  
 joint is of standard Buick construc-  
 tion, being virtually an integral part  
 of the transmission and automatic-  
 ly lubricated from the transmission.  
 The clutch is one of the multiple disc  
 dry plate type, built in exact accord-  
 ance with the principles which have  
 guided clutch construction in Buick  
 sixes. All moving driving parts are  
 enclosed.

Front axle of the four-cylinder car  
 is an I-beam forging. The rear axle  
 is three-quarter floating type.  
 Wheelbase on all models is 109 in-  
 ches. The spring suspension is de-  
 signed to give fine riding qualities to  
 a car of this wheelbase. The front  
 springs, semi-elliptic type, are 32  
 inches long, and the rear springs,  
 also semi-elliptic, are 55 1/2 inches long.  
 Cord tires are standard equipment  
 on all models. Delco starting and  
 lighting system is standard equip-  
 ment. All models are complete with  
 tire carrier and extra rim and all are  
 equipped with non-glare headlight  
 lenses.

Prices, f. o. b. factories at Flint,  
 Mich., are: Roadster, \$935; touring  
 car, \$975; coupe, \$1,475; sedan, \$1-  
 650.
