RANGER MAN SHOT NEW BRADY COM-PRESS BEGAN OPERATIONS WED.

John W. Owens, former Brady citizen, Wednesday shot to death Harland Payne, young man of Ranger. Payne had been charged with assault on Owens' 14-year old daughter. John Owens is well remembered by many Brady and McCulloch county citizens having lived here some twelve or thirteen years ago, and being for a time, local representative for the Singer Sewing Machine Co. Later he operated the Hopkins wagon yard, in the east section of town, for a year or so. He has been located at Ranger for some years, where he was engaged as teaming contractor. The daily press yesterday morning carried the following account of the tragedy:

Ranger, Sept. 193.—Harland "Jack" Payne, 22, ignored a warning to run today, and a few moments later was shot three times and almost instantly killed by John W. Owens, teaming contractor, his former employer and father of a girl Payne is alleged to have mistreated.

Owens surrendered with the statement that "he broke up my home and disgraced my family," and was taken to jail at Eastland.

Payne, who has worked for Owens several years, was arrested on Aug. 23 on a charge of attempting to assault a young woman in the neighborhood. The next day a charge of assault on Owens' 14-year-old daughter was filed against him. He was held in jail until yesterday, when he was released on habeas corpus proceedings after the grand jury had recessed without returning an indictment against him.

Payne returned to Ranger last night and this morning while in a harness shop told the proprietor that he had been told Owens had threatened to shoot him on sight, but displayed little alarm. While sitting on a counter talking to the proprietor, Owens passed and peered in and the proprietor, seeing him warned Payne to run out of the back door. This he refused to do. As Owens entered the shop the proprietor endeavored to restrain him, but failing rushed out of the door, leaving Payne and Owens alone. Three shots followed and the proprietor returning to the shop, found Payne lying on the floor with two bullet wounds in his back, indicating that he had either made a belated attempt to run or had turned his back when he saw death was certain.

The rear-completion of the new Brady Compress was marked by the first run made Wednesday and when 40 bales were pressed. According to Superintendent Dimmitt Wood, their greatest need just now is tiers. Early in the season they had numbers of applications, but men of this profession appear hard to get. Just as soon as a full crew of experienced workmen can be recruited the compress will begin running full force.

The new plant is a model of its kind, and has a capacity of 1,000 bales per day. Roofing over the immense wharfage has been completed, and the flooring is now rolling and will be received in a few days. When completed, the compress will have wharfage totaling 80,000 square feet, and which will be ample to accommodate 6,000 bales. The year's run, it is estimated, will approximate 25,000 to 30,000 bales. The compress handles practically every bit of the cotton from Menard, Mason, Rochelle, Richland Springs, and a large percentage of the cotton at Mercury and San Saba as well.

The McCulloch county cotton crop is estimated as larger than last year by several thousand bales. Last year's crop totaled over 11,900 bales and this year's crop is estimated at around 15,000 bales. Between 2,500 and 3,000 bales have already been weighed at the public cotton yard. Brady ginnings run as follows:
Purdy Gin 533 bales
Planters Gin 690 bales
Embry Gin 660 bales

FARMERS PLAN MEETING SATURDAY FOR PURPOSE OF BULK SELLING OF COTTON

A meeting will be held Saturday evening of the farmers of McCulloch county to form plans to bulk and sell cotton, and have same classified by uninterested outside parties. The idea back of the meeting is to get cotton classified at right grade. Calf Creek neighborhood will bulk cotton and others are asked to join in the movement.

Hard Up.

You're not hard up when your purse is flat
And your trousers frayed like an old doormat;
You're not hard up when your bills fall due
And you haven't a dollar to see you through;
You're not hard up till you see the day
That you haven't a cheerful word to say.

You're not hard up when your coin is gone
And you whistle a tune as you journey on;
You may walk the streets while others ride
And your pockets have naught but your hands inside;
That's not being broke you may depend,
For you're not hard up while you have a friend.

But you are hard up and in sorry way
If you haven't a cheerful word to say;
If nothing on earth appeals to you
And you can't see charm in the skies of blue,
And you are hard up if you've reached the end,
And can say in truth that you have no friend.

In dollars and cents don't count your wealth,
But sum it up in good friends and health.
In the little tots that call you "dad,"
Who, when you're coming, are, Oh, so glad.
If you haven't a soul to love or care,
You are hard up, though a millionaire.

B. H. S. FOOTBALL TEAM GETTING IN PRACTICE WORK

The gridiron at Dutton City park is the scene of much activity these afternoons, and a thorough try-out is being given all high school boys whose ambitions tend towards making the season's foot-ball team. Coach Hart is rapidly whipping the boys into form, and within the next week or two, members of the team will be in shape to take all the hard knocks and punishment coming to them.

The Brady high team this year promises to be one of the best the school has ever boasted, both because of the excellent coaching, and the further reason that a number of last year men are available for the team. It takes more than one season to build up a team, and with last year's experience for a starter, there is every reason to look for one of the strongest high school teams in this section.

Numbered among last year players, who are in line for the team this year are James Snider, Glenn Ricks, Earl Deans, John Simpson, John Allison Polk, Charlie Samuel, George Dutton, Brown Strickland and Arthur Awalt. New recruits who promise to furnish valuable material for the eleven, include Dan Epps, John Campbell, John Wright, Rob Roy Wright, J. K. Woosley, Wallace Willbanks, Lackey Abernathy, Jack Roddie, Walter Adkins Eugene Samuelson, Gordon Samuelson, Elton Bodenhamer, Rabern Squyres, Howard Broad, J. E. Vincent.

The boys already have a number of games scheduled with teams from neighboring schools, and promise some good games this season, especially as their schedules will include some of the school teams of Brownwood, San Angelo and other large places.

CHICKEN DINNER BENEFIT OF BAND DURING EXHIBIT

As illustrative of the pride all Brady takes in the Brady band, the ladies of Brady authorize announcement of a real old-fashioned chicken dinner at noon on the first day of the McCulloch County Exhibit, which will be held Tuesday and Wednesday, October 24th and 25th. The place of serving the dinner has not yet been decided upon, but will be at some convenient store building, then available, and everyone who attends is assured of real eats, such as will carry with them fond memories of pre-war occasions.

The primary object of the dinner is to secure funds to help the band boys buy uniforms. The band boys already have secured uniform caps, and present a nifty appearance in their khaki garb, but for state occasions, of course, they should have available regulation uniform. By reason of their service during the three-days' reunion in Brady last July, the band treasury now has something like \$300 on hand, but double that amount will be required to secure the uniforms desired.

Since the Brady band now is a municipal organization, of course the uniforms are to belong to the municipality as well, the members of the band merely having use of the uniforms when occasion requires. And since Brady is an integral part of McCulloch county, it requires no stretch of the imagination to figure that the band, the proposed uniforms and all belong to the people of McCulloch county. For this reason, it is to be hoped that the citizens of McCulloch county will plan to take dinner on Tuesday, October 24th, with the ladies of Brady and thereby help their band get the desired uniforms.

MASON COUNTY PRECINCT BOND ELECTION OF \$10,000 WAS DEFEATED BY 3 VOTES

Had the supporters of the bond issue received three more votes favoring the issuance of \$10,000 worth of bonds in Road Precinct No. 2, they would have carried the issue, but as it was, the opposers of the issue defeated the bond by a vote of 64 to 121.

The law requires a two-thirds majority, in such elections, in order to carry, and as the vote stood in the election Saturday, there were 121 for the issuance of the bonds and 184 against, a total of 185 votes being polled.

The box in town voted 60 for and 50 against, while the box at Peters Prairie voted 61 for and 14 against.

After the defeat of the bonds election last Saturday, County Judge J. T. Banks, and Commissioner Henry Doell of Precinct No. 1, went to Austin on Monday to consult the State Highway Commission in regard to the building of the road from Mason north to the McCulloch county line. Mr. Banks and Mr. Doell were advised that it would be permissible to let the contract for the construction of the road, but that this money would have to be secured some way.

In all probability, according to Mr. Banks, another election will be held some time in the future.—Mason News.

***** INDIAN STORIES; EARLY- DAY REMINISCENCES. *****

Chapter VIII.

Wonder Ore., Sept. 5.

Editor Brady Standard:

I presumed that you would surmise it was the Indian scare we received at San Saba that caused us to abandon the idea of taking the pre-emption we had located in the Harkey settlement and afterwards take one on Mesquite creek. Well just be patient, we are coming to McCulloch county before long. We held down our homestead about a year and while there our environments were very pleasant. Fish and game were abundant and our western frontier pioneer neighbors were very hospitable. For instance: Two of our neighbors would ride out on the range and see a real fat sucking yearling calf that apparently had no owner or at least whose owner lived so far away that he would never get it (perhaps in the panhandle) then they would butcher it and each take a quarter for his own family and hang the other two quarters up in a tree and tell two of their other neighbors where to go to find it. So we had plenty of beef given to us besides occasionally a leg of venison. Those old time pioneers were the kindest people on earth as long as you treated them right. And I believe that most of them were scrupulously honest and the stockmen would work to each other's interests. But stray cattle and mavericks were considered common property. It was near Lampasas that lived at this time W. S. James, who afterwards became a preacher and author. He, it was, who wrote the book entitled "Cowboy Life in Texas," or "Twenty-Seven Years A Maverick;" and who, about twenty-four years ago I heard deliver a fine temperance lecture in Brady to a packed audience in the Methodist church house. There was another prominent individual of whom I often heard my

father speak in terms of highest approbation who lived in Lampasas at the time. It was Dr. Adkins, and I verily surmise that he was a relative of your Hon. Joe A. Adkins, of Brady, perhaps a father. Of course, I being only a boy at that time, didn't get acquainted with men as men do. It may be that the doctor and my father belonged to the Christian church of the same faith and order. That sometimes makes quite a lot of difference. If a man entertains the same religious and political belief as yourself, it is perfectly natural for you to think that he is honest and sensible! Why not? when we know that we are right!

Well, we only stayed there one year. It seemed that improving a new place was a slow process for a crippled man and a boy, so my father decided to sell out end go back to Bell county and teach school and rent a farm for his boy to cultivate. Nor did we leave any too soon, for just after we had gone the Harrold feud broke out and drew some of our neighbors into it and there was squally times and some killing. Neither did we know until after we left that Lew Sawyer, our near neighbor, was an outlaw and desperado. He got killed.

Chapter IX.

Wonder Ore., Sept. 10.

Editor Brady Standard:

We moved back to Bell county and rented a place of Col. Jones at the sulphur spring on the Salado river three miles below Salado town and a mile above Jim Ferguson's mill. Jas. E. Ferguson, the ex-governor and I were boys together and I very much admired his extraordinary intelligence and manly disposition as a boy. He and I used to mount our ponies and attend the celebrations and picnics together. His father, when available, was usually orator of the day. And humorously sarcastic. I have been reading some of Jim's recent speeches in the Fort Worth Star-Telegram and I see that he takes after his dad in that respect. But if I were back there and should believe one-half that he and Mayfield told on each other in their run-off campaign, I don't think I would want to vote for either of them. But here's hoping it was all lies that they told;—then who would want a liar for congressman, or senator?

One day my father had been reading a newspaper and he remarked that he believed the Indian troubles were a thing of the past. That the government had established barracks at Fort Concho and at Fort McKavett and at Camp San Saba and had telegraphic communication with eastern towns, so if the red man started out on a rampage he would not get to the settlements before he would be headed off. So now he thought it would be safe to venture out west on the frontier. We heard that two men from McCulloch county had brought a drove of hogs down on Darrs creek to fatten them and that Mr. Rowlett and Sam Armstrong were furnishing corn to fatten them on, and that one of the men was named Harve Miller and the

other went by the name of Rock. Also that Mr. Rock had a house that we might be able to rent. So my father sent me over to see them about it. When I interviewed Mr. "Rock" he told me he didn't care to rent his house as he was expecting his father and brother to come and live with him. But he referred me to Capt. Dan Wills who lived on Waterhole Creek, (a tributary of Lost Creek) who had a house and ten acres of land to rent. This "Rock" as he was nicknamed, was by real name, Dave Batterton. I afterward found that nearly every man in that community had a nickname. Harve Miller was called "Fisher Ben." He was a brother to Sheriff Marion Miller of Brady (and afterward treasurer) and brother of Bill Miller and of John Miller, who could tell of a terrible Indian battle fought in the valley just above where Voca now is. Also Bill Miller was badly shot

up by Indians at the mouth of Brady creek on his return home from mill in San Saba county. He crawled off through the cedarbreak on the San Saba river and saved his life by the skin of his teeth. Next I will introduce the reader to our genial host and landlord, Capt. Dan Wills. "O. I. C. U. R. RIGHT."

HONEST INJUN.

The hook-worm has no place in Brady in this day and time.

A COMPLIMENT.

About the most complimentary thing said about The Brady Standard came from the mouth of one of our prominent citizens this week, when he paid what he owed and asked that the paper be never sent to him again. Pressed for a reason, he said The Standard stood for everything that he opposed. It was a back-handed way of pinning a bouquet on The Standard, but it was the most complimentary thing this citizen has said or done in many a day. Further, this individual said that he refused to support a paper which stood for the things he opposed. As though a \$2.00 per year subscription would "support" a paper—it scarcely covers cost of ink and blank paper. But that is his idea of "support," whether it be a newspaper or a public enterprise.

Whenever this prominent citizen finds a paper which advocates the same ideas as he does, then that editor should have a place in the Hall of Fame, and a Carnegie medal thrown in.

The Standard does not often concern itself with recounting incidents of this kind. The Standard is an institution that is founded upon the bedrock of giving service, and that service will be given to the best of the ability of this editor as long as he guides its destiny. And we venture the prediction that The Standard will still be standing for ideals and progress long after this aforesaid wrathful citizen's bones have crumbled to dust, and his penurious subscriptions have been effaced from the memory of man. And when it comes his time to shuffle off this mortal coil, The Standard will seek about in the deep recesses of memory for something kind to say about him, and will place flowers upon the dead, which it could not conscientiously give to him during life.

CITY MAIL DELIVERY.

There is a new service which members of the Brady Luncheon club are hopefully looking forward to, and that is establishment of city mail delivery. For many years now, the postal receipts in Brady have been sufficiently large to justify city mail delivery if other conditions and requirements of the postoffice department be met. These include a sufficient mileage of continuous walks to provide a route for the mail carrier to traverse. Aside from the convenience of having mail delivered right at our doors, there is the further benefit of providing permanent employment for another citizen, who thereby enters the ranks of a permanent citizen. And nothing builds a town quicker or better than a permanent citizenship. And, incidentally, the streets must have name plates and the houses be numbered, if we are to have city mail delivery. This, in itself, would be of value to every citizen, for there is nothing so trying and so useless as attempting to direct a stranger about a town with nameless streets, and numberless houses.

Brady should inaugurate a sidewalk building campaign without delay. Let every home-loving, home-building citizen join in the move. By concerted action, we can buy cement at carlot prices; we can contract for a mile or more of walks at a material saving over having the job done by individual contract. And we can bring to our city some of the many good things that come to those who labor while they wait.

THE FARMER'S JOB.

The task of the farmers of the nation was recently summed up thus in an editorial in Farm Life: "Recent statistics sent out by the census authorities show that the farm population of the United States is only 31,614,269, a little less than thirty per cent of the total. This includes farm operators, and farm laborers and their families, who live in the country, and show an average of about five persons to each farm. About half the people in the nation are classified as rural—that is, they live in the country or in towns having fewer than 25,000 inhabitants, but only sixty-one per cent of the 'rurals' are actually engaged in farming. Thus thirty-nine per cent of the rural population and the entire city population must be fed by the men engaged in agriculture. It gives the farmer a big job. Only a few years ago each farmer had to provide his own family and one other family—now he must furnish food for nearly three other families besides his own. His occupation should not fail."

The farmer's occupation will not fail so long as he is able to market his products at a profit. The only way in the world to encourage a successful back-to-the-farm movement, if such is needed, is to demand fair returns for labor and investment on the farm, and when that prevails there will be no need of orators or special writers to point out the advantages that prevail in rural regions.—Temple Telegram.

A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

MEMBERS OF THE CHAMBER OF COMMERCE—UPBUILDERS OF PROGRESS

We wish to call the attention of the public to the fact that in every community there are certain men who are the leaders in the upbuilding of the community; while others are willing to benefit by the work of these men, they seldom take a lead and help do things, and incidentally fail to finance these movements. Many people are in the habit of trading away from home, and forgetting to reward the upbuilders of their community with their trade, but never forgetting them when they want a donation, whether for charity, church, school or civic improvement. As above stated there are men and institutions that are always willing to help in any laudable enterprise or movement, and the Chamber of Commerce wishes to call your attention to the names of some of these men and institutions, and ask that when you pick up a catalog or go to the city, compare these men with the catalog or with the city merchant, then conscientiously answer this question: Are you giving these men a square deal? They are the tax payers, not only on the tax rolls but they pay a big tax in donations that are never recorded by county or city. Keep this list of names for future reference; these are men and institutions that are generous and loyal to their town and country; they never fail when called upon; they have a vision of the future; they want to make this a better country to live in and they always pay their part. Remember them when you go to buy.

DO YOU PAY YOUR BILLS?

GOOD CREDIT is about the best recommendation a person can have. It's the sum total of a lot of good qualities—HONESTY, HONOR, GOOD SENSE, CHARACTER, THRIFT and ABILITY.

AND ALL THIS IS BEYOND THE REACH OF NO ONE. A little attention and energy along with a determination to do the RIGHT THING, and the coveted prize is won.

START TODAY—Reputation is what other men and women think of you—and thoughts can be changed over night.

If you are **IN BAD** now—if what other folks think of you is not what you would like it to be—**DO THE RIGHT THING AND THEY WILL CHANGE THEIR MINDS.**

If your **CREDIT RATING** with the MERCHANTS and PROFESSIONAL MEN of your town is **BAD**—if the reputation you have made in the past for paying your bills is poor—**START OVER.**

REMEMBER, IT IS WHAT THEY THINK OF YOU FROM past performances, and **YOU CAN MAKE THEM CHANGE THEIR MINDS** by changing your performances.

PAY UP!

Make it a point on the first of the coming month to **PAY UP.**

If you can't settle all your obligations—**DO YOUR BEST.**

YOUR CREDIT IS MADE by your paying or failure to **PAY YOUR BILLS.**

If you pay, your **CREDIT IS GOOD.** If you fail to pay, your credit is bad.

If your credit is bad today—**YOU CAN MAKE IT GOOD.** If you are slipping into the "dead beat" mire, and you have a desire within you to start anew—to once again place yourself upon the plane of "**HONOR**"—**YOU CAN.**

BEGIN TODAY to square off your old obligations and take care of your new ones as they fall due. Show that you are in earnest and every merchant in the city will be for you and will help you.

PAY UP!

It's easy if you'll just make up your mind.

TIMES CHANGE!

It's not like it used to be.

THE DEAD BEAT HAS BEEN NAILED.

A person of "careless credit" can no longer "beat" every merchant in this county.

In unity there is strength—and practically every retail merchant in the county belongs to the clearing house that "clears credits."

If you do not pay your bill with one merchant—every other merchant knows it.

YOU MUST PAY AS YOU GO or quit going.

The day of systematically beating the man who trusts you with his goods is gone.

If you are **HONORABLE** and pay your bills—your credit grows. If you are **DISHONORABLE** and don't pay your bills—your credit is nipped in the bud.

TIMES CHANGE—and invariably for the better.

PAY UP! Credit is too valuable an asset to lose.

SALVATION ARMY CAMPAIGN BEING ORGANIZED NOW

Capt. M. A. Boyce representing the Salvation Army, has been in Brady this week to organize and put in working order a campaign for the purpose of raising the necessary funds for the Salvation Army budget for the year 1923. Texas, part of Oklahoma and part of Louisiana constitute the Southwestern District, and Hon. W. F. Ramsey of Dallas, is chairman of this district. McCulloch county and the following other counties constitute the sixteenth district: Tom Green, Comanche, Hamilton, Coryell, Lampasas, Brown, Coleman, Runnels, San Saba and Mills, each of which will be thoroughly organized, it being the business of Mr. Dunn to organize them and set the various committees to work in a practical and systematic way.

Chester Harrison of Brownwood is chairman of the 16th district, composed of the counties named. W. D. Crothers is chairman of the McCulloch county Advisory committee, and H. F. Schwenker, secretary. LOCAL BRIEFS.

A dainty card announces the arrival of Pattie Guin Fleeson on September 13, 1922, at the home of Mr. and Mrs. W. T. Fleeson in Fort Worth. Mrs. Fleeson was formerly Miss Margaret Todd of this city. Congratulations are extended the proud parents.

Messrs. B. Simpson and Henry Miller arrived in Brady Wednesday evening from Dallas, where they had gone to secure a Chevrolet truck for the latter. The chassis and cab were secured in Fort Worth, then driven to Dallas, where special body equipment was obtained.

Mr. and Mrs. Karl Steffins and son, Karl Keller, left Wednesday for Eden, where they will make their home, and where Mr. Steffins will be manager of the new Mayhew Produce Co. branch house. The Standard will keep them informed on McCulloch county happenings, and if it makes them homesick at times, they may have the satisfaction of knowing that it isn't such a very long trip back here.

Harry Miller and little son arrived here from San Marcos last Thursday for a visit with his mother, Mrs. J. T. H. Miller. Harry is in special Ranger service at present, but says he is planning on returning here this fall with Mrs. Miller and younger son, as his mother will build a house on her farm for them. Harry says McCulloch county looks good to them, and they are looking forward to again making their home here.

One of the most striking store fronts is that of the Mayhew Produce company, which has been painted in red and white checkerboard fashion, the checkerboard design covering not only the entire front, but the awning as well. Incidentally, the front carries a well-lettered sign giving the firm name and the products carried. Completing the novel advertising stunt, the firm's delivery truck is also checkerboarded, so that it is probably the most conspicuous vehicle in town. As may well be imagined, the entire idea is to make a first and lasting impression upon the people of the famous checkerboard feeds and products handled by the firm, and which are manufactured by the Purina mills. The checkerboard feeds have become nationally famous for their excellence, and while some national products depend upon a catchy slogan for catching the public eye and mind, the Purina people accomplish the same purpose through the checkerboard design.

TOM THUMB WEDDING IS UNIQUE ENTERTAINMENT

On last Friday evening at the Methodist tabernacle, in the presence of a large attendance of interested friends, Miss Lily Dimples became the bride of Master Tom Thumb. The wedding was one of the brilliant social events of the season, and was attended by the most distinguished of guests, including numbers of Brady's leading citizens, old maids and bachelors.

The "Wedding of the Midgets" proved one of the most delightful entertainments ever staged here, and the Parent-Teachers association is to be complimented upon the success which attended the affair. The little folks proved delightful actors and each and every one carried off his part well. In the leading roles were Master Billie Cargill as the sturdy groom, and little Miss June Jordan as the charming bride, and their appearance was the climax in the evening's fun.

The opening of the play was marked by the arrival of the guests, each of whom was escorted to his or her place by Masters Norman Malone and John Knok, ushers, who, in their full dress suits not only looked every bit the part, but who acted the part with all the solemnity, dignity and courtesy which this trying task requires. Notable among the guests were the mother and father of the bride, represented by Nance Bauhof and Malcolm Jones, and who were in becoming fashion the dignity entrusted upon them. Also cleverly representing the grandparents were Bill Dunn and Evelyn Stobaugh in the roles of grandfather and grandmother of the bride, and John Lawrence Evers and Margaret Jordan, as grandfather and grandmother of the groom. Although very old and decrepit, neither of the grandfathers had lost a bit of their gallantry, and they each assisted their spouses with all the attention and solicitude imaginable. Master Dunn sang "When You and I Were Young, Maggie" to the grandmother, and the other grandparents sang "Silver Threads Among the Gold."

Each of the guests, as they arrived singly, in couples or in threes, was announced as representing some Brady folks. Of course, when the three old maids, represented by Camie Helen Carrithers, Mozelle Baker, and Mayfair Woosley, and also the

two rejected suitors, were announced, their appearance created no end of amusement. "The Old Maid's Song" was also greatly enjoyed.

Following arrival of the guests, the nuptial song, "O, Promise Me," was sung by Gladys Callihan.

The strains of the Mendelssohn Wedding March, played by Miss Hilma Jordan, heralded the coming of the wedding party. Master Joe Baker was ring bearer; little Misses Merle Sellers, Ella Loree Wilder, Alice Lindley, Frances and Louie Marie Schwenker, Margaret Jo Collier, Mary Beth Whiteman, Katharine Maxwell, Dorothy Nell Holland, Mildred Roberts, Rosa Commander and Minnie Hudgins, were flower girls; Charlotte Strickland, Helen and Clara Schwenker and Laverne Holland were bride's maids. The bridal couple, Master Jack Cargill and little Miss June Jordan, were attended by Elizabeth Shore as maid of honor and Jack Womack best man.

The wedding ceremony was read in masterful fashion by Master Burgen Dunn, the ring ceremony being used, and the following clever wording being said:

"Tom, will you always be good to Lillie? Give her not less than a penny a month to spend and pay for her Easter bonnet with a smile? Remember to mail her letters the same week she gives them to you? Will you promise to eat whatever she cooks for you without grumblin'?" (Tom nods.)

"Lillie will you always be good to Tom? Keep his buttons sewed up and bake warm biscuits for breakfast every morning? Will you promise not to cry when he forgets to mail your letters? Will you promise not to scold when he brings company home for dinner and forgets to bring the beef-steak?" (Lillie nods.)

Following the ceremony, and the showering of congratulations upon the bridal couple, all of the little folks participating were served with ice cream.

Other songs rendered were "Love Me Truly," by Myrtis Evers, "In the Heart of a Rose," by Mary Ed Burrow, and "I'd Love to Live in Loveland" sang as a duet by Jim Adkins and Frances Evers, with the wedding party joining in the chorus, and which marked the finale to the play.

MASON COUNTY LETS CONTRACT FOR ROAD WORK

Wilson D. Jordan, who was in Mason Wednesday, reports that the Mason county commissioners have let the contract for road work on the Brady-Mason road, and which will put this road in first-class condition from a few miles this side of Mason to the McCulloch county line. A \$10,000 bond issue held about two weeks ago in this district failed by only a few votes of the required two-thirds majority, and plans are now on foot for the immediate calling of another election to vote on \$9,000 bonds, to cover the cost of completing this last stretch of highway. Should this issue fail then the work will be concluded and financed through the issuance of warrants.
