FLORSHEIM SHOES--BEST MADE--MANN BROTHERS & HOLTON THE BIG CO-OPERATIVE EXHIBIT OPENS NEXT TUESDAY--COME!

GENERAL RAIN MARKS PICKING SEASON'S END

A slowly-falling rain, accompanied by a light norther, which brought a touch of winter's chill, marks the near-end of the cotton picking season. The rain, which from meager reports so far had appeared to have been general over a large area of West Texas, began falling slowly late Monday evening, and continued falling throughout the night, with occasional drizzles this morning. A total precipitation of seven-tenths of an inch was recorded here in Brady. Reports from Hamilton, Brownwood, San Saba, Menard and San Angelo indicate a like slow rainfall, with approximately the same amount of precipitation.

The fair, mild weather which has marked almost the entire cotton-picking season, has facilitated the rapid gathering of the crop throughout this section, and the bulk of the 1922 yield has already been picked and ginned. Local ginnings show a total of 5,546 bales ginned in Brady to date, and it is estimated that the total number of bales yet to be ginned in the county will scarcely run 1,000 bales. The estimated total ginning in the county for the 1922 season is 16,000 bales.

WORK BEGUN ON CONSTRUCTION OF HIGHWAY LEADING NORTH TOWARD McCULLOCH

Work began Monday on the new road to be built to the McCulloch county line from Mason by way of Peters Prairie. The contract for this road was recently let to Fred P. Holt, contractor, of Austin, and this gentleman has been in our midst for several days making arrangements preparatory to going to work. Machinery and tools arrived the latter part of last week and a crew of workers has been secured and actual operations begun on Monday of this week.

The contract with Mr. Holt calls for the completion of the project within a period of 200 working days and it is said he will carry the work along with as little delay as possible and has begun operations at Mason Mountain and will have a crew working in each direction. One crew will be a concrete gang while the other will be doing dirt work.

It is said two high water bridges will be built on this road, one across the branch near Presbyterian church and the other across West Comanche creek.—Mason News.

If you want more milk from your cows, feed Polka Dot Dairy feed. MACY & CO. Phone 295.

BRADY BAND BENEFIT DINNER TUESDAY NOON BIG EVENT OF EXHIBIT

The benefit dinner to be given Tuesday noon by the ladies of Brady for the Brady Municipal band will be one of the bright lights of the big two-days' Exhibit. It's going to be a real dinner—a regular old-fashioned chicken dinner of the "befo' de war" variety that will not only do everybody good, but which will wreath every face in smiles for the balance of the week. Then, if you like music with your meals, remember the band boys are going to be right there with just the right sort of music to put a feather edge on the keenest appetite.

The big affair will be held in the Syndicate building, in the former Townsend Variety store stand—just four doors off the corner of the square. You can't miss the time or the place, for the band is going to be there, the best-looking ladies of the town are going to be there to serve you, and the "eats" are going to be there—until the last hungry man has been sent on his way rejoicing.

Now, looky-here, folks! Those band boys are the right sort. They're furnishing the music Tuesday and Wednesday without a cent of charge. They've made a little money heretofore, and have it salted away in the treasury—saving it towards the purchase of uniforms. Everything the ladies make off the band dinner is going into that uniform fund, so our band—your and my band—needs and wants your support and your attendance at this dinner. Let's turn out, Citizens of McCulloch county, and give them support such as will make their hearts glad and their treasury full to the brim.

Death of Sarah Susan Wood.

The death of Sarah Susan Wood, wife of S. V. Wood, occurred last Friday, October 13th, at her home in Placid, aged 69 years, 1 month and 16 days. Mrs. Wood was quite well known in Brady, being the mother of A. M. Wood of Melvin, and the family having frequently visited here during their residence in Mason county. News of her passing will be learned with regret by all friends of the family. Funeral services were held at Placid Friday afternoon, Elder S. W. Alford conducting, and interment was made in the cemetery at that place.

Mrs. Wood was born in Wayne county, Missouri, August 26, 1853. She was married to S. V. Wood October 17, 1869, and to this union there were born twelve children, eight girls and four boys, eight of whom, with the husband, survive. Six of the children were present at the burial of their mother.

The family resided in Mason county 29 years, Mr. Wood serving as county judge of Mason county for four years. The family then moved to Comanche county, where they remained two years, returning to McCulloch county last fall and locating at Placid.

Mrs. Wood was baptized in 1863 by Brother White of Hico, Texas, and her's had been a life of love and devotion to her family and of service to her neighbors and friends and to her Savior. In the words of a friend of the family: "One of God's noble women has gone; she was true to home, to family and to her God. Therefore, weep not."—Rev. 14:13.

See Macy & Co. for your Winter Coal. Phone orders to 295.

PRIZE OFFER.

See my Mammoth Kentucky Jack, "Black Easter" at the McCulloch County Exhibit. I will give one next year's season for best colt, yearling or two-year from this jack. J. T. H. MILLER.

A LITTLE WALK AROUND YOURSELF.

When you're criticising others
And are finding here and there
A fault or two to speak of
Or a weakness you can tear;
Then you're blaming some one's meanness
Or accusing some of self—
It's time that you went out
To take a walk around yourself.

There's lots of human failures
In the average of us all,
And lots of grave shortcomings
In the short ones and the tall;
But when we think of evils
Men should lay upon the shelves
It's time we all went out
To take a walk around ourselves.

We need so often in this life
This balancing of scales,
This seeing how much in us wins
And how much in us fails;
But before you judge another—
Just to lay him on the shelf
It would be a splendid plan
To take a walk around yourself.

MCCULLOCH COUNTY EXHIBIT GOING BIG—ENTHUSIASM EVERYWHERE

LOHN GETS INTO LINE WITH VIM AND PEP AND PROMISES TO PUT ON A SHOW WORTH WHILE—ENTERTAINMENT PROGRAM EQUAL TO 3-RING CIRCUS.

Add Lohn to the lengthening list of school communities that are going to furnish a real show at the big McCulloch County Co-operative Exhibit next Tuesday and Wednesday. With pep and vim such as proved a pleasant and appreciated surprise to the Brady committee, Lohn last Friday night organized her committees, set to work with vigor and promises to take a really worthwhile part in everything the Exhibit has to offer—agricultural exhibit, live stock exhibit, the big parade, the entertainment program and poultry show, too. All the other communities are making strides along Exhibit way, and some startlingly original shows will be inaugurated by the various communities. The 1922 Exhibit is a fore-gone success—that is now assured.

Messrs. Fred Otte and F. M. Fleming met Monday with the Brady Executive committee and explained that Camp San Saba wanted in and just wanted to know how to start in order to take full part in the Exhibit program. That is the spirit that is being displayed by the various communities—give them a start, and they are on their prize-winning way.

Lohn Organization.

Messrs. S. A. Benham and W. D. Jordan, who went to Lohn last Friday night, reporting having found but little to do. The citizens were out en masse and lost no time in perfecting an organization and getting their exhibit plans to work. Here is the Lohn live-wire organization:

- Mrs. W. F. Roberts, Jr., Executive Chairman.
- Field Corps—J. M. Carroll.
- Poultry—Mrs. L. O. Marshall.
- Hogs—W. E. Lohn.
- Cattle—T. J. Woodress.
- Horses and Mules—W. J. Reed.
- Preserves and Canned Goods—Mrs. J. M. Carroll.
- Culinary—Mrs. J. K. Shelton.
- Arrangement of Booth—Helen Teten, Lattitia Shelton, Mrs. L. Brown, Mrs. O. W. Carroll.
- Finance—J. K. Shelton, G. A. Rudolph, O. W. Carroll.
- Needlework and Textile—Mrs. N. J. Huie, Mrs. P. M. Lembke, Mrs. G. A. Rudolph.
- Parade Program—Everybody.

The Lohn folks have also planned several clever presentations as their part on the entertainment program. Their offering will include "The Goblin Man," by two children; "Folk Dance," by eight girls, and a "Hallowe'en play," "Jack and Jill," by the third grade. Lost Creek, Fairview, the Brady grade school and others will also take part in the program, so that a splendid community enter-

TWO STORES AT MERCURY ROBBED MONDAY NIGHT—OFFICERS HOT ON TRAIL

Word comes from Mercury of the robbery of the Squires' garage and the Jim Cawyer store at that place Monday night. Some casings were missing at the garage, and about \$100 worth of knives and watches were taken from the Cawyer store, besides possibly other articles, which had not yet been checked. It is said the trail of the robbers was very plain, coming to Mercury from the direction of Brady and leading away from the scene in the direction of Brady. Officers are hot on the trail, and hope to discover a clue leading to the apprehension of the guilty parties.

pram will be given in the week-end papers. However, every community is expected to furnish a fat man, weight not under 225 pounds, to enter the fat man's race around the court house square. Money at every quarter—all money to go to the school represented by the winner. There will be sack races, individually and in pairs; greased pig race, greased pole climb, etc. all with prizes offered, and all prizes to go to the school whose representative wins. Practice up, boys—here's a chance to do something for your school.

Tournament Races.

Tournament races will be held the afternoon of the second day on the P. C. Dutton pasture just north of the Dutton City park. There will be cigar races, slicker races, tournament and goat roping. Dock Wyres and Will Dutton will have charge of this feature, and are arranging the grounds and apparatus, so that all entrants may have an opportunity to practice up during this week, and next Monday and Tuesday. Prizes offered by the Exhibit committee go to the schools in every instance. Entrance fees go to the individual winners.

Tentative Program.

The following is the tentative program:

- Tuesday, October 24th.
- 10:30 a. m.—Parade.
- 12:00 m. to 1:00 p. m.—Band Dinner.
- 1:00 p. m.—Stock and Poultry Judging.
- 1:30 p. m.—Community Entertainment Program; Program by Miss Pinkie Jones' Music Class, At Methodist Tabernacle.
- 3:00 p. m.—Picture Show at Brady Opera House.
- 4:30 p. m.—Greased Pig Race; Greased Pole Climb; Sack Races; Fat Man's Race.
- 6:00 p. m.—Live Stock Parade.
- 7:30 p. m.—Picture Show at Brady Opera House.
- 8:30 p. m.—Lycium Number at Methodist Tabernacle.
- Wednesday, October 25th.
- 10:30 a. m.—Wolf Race; Fox Race; Rabbit Race.
- 12:00 m. to 1:00 p. m.—Dinner.
- 1:30—p. m.—Community Entertainment Program. Program by Brady Glee Club under direction of Miss Jennie Banister. At Methodist Tabernacle.
- 2:30 p. m.—Cigar Race; Tournament Race; Slicker Race; Goat Roping. North of Dutton City Park.
- 4:00 p. m.—Football game, Dutton City Park.
- 7:30 p. m.—Night Auto Parade. Assemble at Stand Pipe, Parade East on Eighth Street and North on Blackburn Street to Brady Public Square. No Street Illumination, Except Auto Lights.
- 8:30 p. m.—Battle Royal; Boxing. On the Public Square.

We are still rendering the best of service in our repair department; also carry a line of the best in jewelry. A. F. GRANT, Jeweler, West Side Square. Coal is cash. Macy & Co.

ALLISON BROOM FACTORY WIPED OUT BY FLAMES

Fire, which was discovered at 2:40 o'clock Saturday morning, completely destroyed the Brady Broom factory, operated here the past four or five years by C. Allison. The factory was located east of the Purdy gin in a four-room residence, the east two rooms being used for storing the broom corn, of which about 5% tons were on hand, while the west rooms housed the machinery. Mr. Allison occupied the west porch as a sleeping gallery. When he was awakened by the roar of the flames, the entire east part of the building was in flames. He opened the door to the west room to recover his shoes, but the rush of heat and flames singed his hair and drove him back even before he could recover the shoes not two foot away.

Mr. Allison places his loss at approximately \$1600, with \$1000 insurance. It is his intention to re-establish the factory just as quickly as a settlement of the insurance can be effected, and new equipment received.

"HOUSE-WARMING" WILL BE CHILLY AFFAIR—PLANS OF MAYHEW PRODUCE COM'Y

Visitors to the big McCulloch County Exhibit next week are offered something unique in the "house-warming" invitation issued by the Mayhew Produce Co., and which promises to be a chilly affair. The occasion is the formal dedication of the new cold storage plant recently installed by this progressive firm, and which is this week being placed in service. The wonderful cooling facilities of the plant was demonstrated to the full satisfaction of The Standard editor yesterday, when he was invited to step into the pre-cooling chamber, where a temperature of 35 degrees was registered. Although the machinery had not been operated all day, at 5:00 o'clock in the evening this was a variation of but 2 degrees from the temperature of early in the morning, the uniformity of temperature being maintained by the splendid insulation and the brine solution, coupled with a clever arrangement for air currents.

The next step was into the freezing room, where the thermometer registered 16 degrees, or just 16 degrees below freezing. The sensation was akin to stepping from mid-summer into a snow storm, and the editor would have sworn his breath was frozen into solid icicles, and his summer clothes had about as much warmth as a cobweb. Then, we stepped out into the open air once more, the feeling was that of stepping into a furnace room the rather chilly atmosphere having a grateful warmth as compared with the freezing chamber.

Dressing of chickens for market was begun by the Mayhew Produce Co. yesterday, Claude Grissom of Fort Worth again being in charge of the dressing, grading and packing. Within the next few weeks, the slaughtering of the thousands of turkeys for Thanksgiving and the holiday markets will begin, at which time the cold storage plant will be put to a thorough test. When the turkeys begin to be rushed through the plant a carload at a time, it will be necessary, in all probability, to operate the machinery day and night in order to maintain the cooling chambers at the proper temperature, and which is necessary in order to prepare the birds for shipment to market.

HONEST INJUN.

That was a million dollar rain at the million dollar moment.

MAKING A HOME.

J. Mortimer Lewis, the gentleman with very little hair on his head, where the hair ought to vegetate and grow, and who grinds out poetry, etc., for the Houston Chronicle, says: "Out of the 5,000 graduates of the College of Industrial Arts at Denton who have married, there have only been two divorcees." Why? Because the girls who leave that school are worth while; know how to make a home and know how to keep a home. Keep a home worth a man's while coming home to.—The New Braunfels Herald.

Now that the "Careful Crossing Campaign" is past, we suppose that it will be all right for you to try and butt the train off the track, if you want to.—Eden Echo.

POINTED PARAGRAPHS.

Professor Sir Arthur Keith denies that a large head indicates brains. In many cases it merely signifies that the owner won the war.—Punch.

MR. AND MRS. E. W. HARRIS RETURN FROM NORTH—CELEBRATED 57TH ANNIVERSARY

Mr. and Mrs. Evan W. Harris of Broadmoor returned last week from St. Louis and other northern points where Mr. Harris had been on a combined business and pleasure trip of several weeks, while Mrs. Harris had been on a visit with her children at Indianapolis, Ind., and at St. Louis since May. Mr. Harris says they both had one of the most enjoyable times of their lives. On the 22nd of last month, Mr. Harris went from St. Louis to Des Moines, Iowa, where he attended the G. A. R. reunion on the 24th and 25th, and at which 20,000 old veterans were in attendance. He says the citizenship showed the veterans not only a grand time, but extended them every courtesy during their stay.

Mr. Harris regretted that he was not able to be present at the marriage of his grand-daughter, Miss Berry, which took place in Indianapolis on the 9th of September. However, on the occasion of his visit there earlier in the year, when he accompanied Mrs. Harris to Indianapolis, this most estimable couple was honored with a dinner that will long be recalled by them. The occasion was their 57th wedding anniversary on the 4th of July, at which time they were invited to the beautiful country home of a friend of their daughter, Mrs. H. J. Berry, in Indianapolis. An elaborate dinner was served, in manner befitting the occasion, the ice cream being colored and formed like a U. S. flag. But the big surprise came when their hostess appeared carrying a tray upon which reposed a large birthday cake, surmounted by 57 candles, all burning in token of the wedding anniversaries passed by the guests of honor.

While in Indianapolis, Mr. and Mrs. Harris were guests of their son, W. T. Harris, and family, and their daughter, Mrs. H. J. Berry. In St. Louis they visited their two daughters, Mrs. R. D. Cobb and Mrs. W. E. Tarlton. Mr. Harris incidentally visited his 11,000 acre holdings in the Ozark mountains of Missouri, and says he is more pleased with it every time he sees it. The tract is heavily timbered with red oak, black oak and yellow pine, all of which is very valuable as material for railroad ties. The tract is 200 miles by rail from St. Louis, and about 150 miles as the crow flies. Mr. Harris believes it will eventually prove up one of the best investments he has ever made.

What do you need in a card file? We have in stock drawers for 3x5, 4x6, 5x8 and 8x5 cards. Also have Jeggors and Trays in various styles. The Brady Standard.

Nothing Doing.
Old Mose carefully knocked the ashes from his corncob pipe and put it on the mantelpiece.
"Mandy," he remarked, "I thinks Ise gwine put on mah bes' clothes an' go down to de theayter ternaight to see de chorus ladies dance."
His wife turned a stony eye on him.
"Mose," she said slowly, "listen heah! If dat am what yuh thinks, then yuh'd better think again. Nig-zah, yuh ain't gwine put on nothin' to go no place no time to see nobody do nothin', never, nohow, an' not at all. Does yuh understand?"

Bride's books make an appreciated and unusual gift. See our stock. The Brady Standard.

McCULLOCH COUNTY WHITE FACE SHIPPED TO ILLINOIS SOLD AT AUCTION TUESDAY

Ab Oldham returned last Monday from Greenview, Ill., to which point he had gone in charge of a trainload of McCulloch County White Face Herefords, purchased by Mr. Marbold, one of the leading cattle and stock men of that section. It took just nine days for Mr. Oldham to complete the trip, and in addition to having his hands full enroute to Illinois looking after the cattle, he almost starved to death, because he was afraid the train might move off and leave him while he was away trying to get something to eat. However, Ab says he made up for lost time when he got to his destination, and Mrs. Marbold provided him with a feast that was fit for a king. In addition, she packed up a box of lunch for him that lasted him the entire homeward trip.

The shipment comprised 34 carloads, and included 1500 calves, and 240 coming two-year old steers. They were chiefly of the White Bros. ranches, supplemented by some from the John Wall and Claude Ledbetter ranches. The entire lot was offered at auction sale last Tuesday by the purchaser.

Ab describes the Marlboro place as one of the most beautiful he has ever seen. It comprises 2500 acres, which is an exceptionally large body for that section of the U. S., with brick barns and other notable improvements. Mr. Marbold has a bois d'arc hedge which his father planted and which he has permitted to grow without cutting until the hedge is as tall as the trees. Also there is a walnut forest on the place, in the center of which is a duck and geese pond. The proprietor took especial pride in showing Mr. Oldham over the place and pointed out its marvels to him.

Enroute home, Ab stopped over in Kansas City for eleven hours, during which he visited the B. F. Avery plant, the Sweeney Automobile school, the J. I. Case plant and other points of interest.

PERSONAL MENTION

Mr. and Mrs. Burt Hughes returned Sunday from a several days' visit to the Dallas Fair.
Mr. and Mrs. W. R. Hooper of Uvalde are guests this week of their son A. R. Hooper, and wife.
Mrs. J. V. Stewart of Cleburne is here as a guest of her son and family, Mr and Mrs. R. M. Teas.
Mesdames Edd and Howard Broad returned Monday from a visit with relatives at Fort Worth and incidentally a visit to the Dallas Fair.
Dr. and Mrs. H. W. Lindley drove to Brownwood Sunday for a visit with his mother. Mrs. Lindley and children remained for a few days, while the doctor returned to Brady Sunday night.

WEDDING BELLS.

Jackson-Dyer.
A marriage of interest to many friends was quietly celebrated on Saturday, October 7th, when Miss Lillie Jackson became the bride of Mr. Walter Dyer. The ceremony was performed at the Presbyterian parsonage, the Rev. S. H. Jones officiating.

The bride is a daughter of Mr. and Mrs. J. W. Jackson, and is a general favorite in a large circle of friends. She has been an attendant of the Brady high school, where she was popular with teachers and pupils alike. The groom is a Brady boy, the son of Mr. and Mrs. R. D. Dyer, and is well-known and popularly esteemed. For the past two years he has worked for the Frisco, but at present is employed with E. A. Burrows in the county surveyor's office.

A host of friends joins in extending congratulation and good wishes to the happy couple.

Ray-Baze.

The marriage of Wayne Baze, popular employe at the Brady National bank, and Miss Helen Ray, efficient and talented nurse at the local sanitarium, occurred on last Saturday, October 14th, S. W. Alford reading the ceremony that united the couple for better or for worse. The news of the marriage was learned with interest by the many friends of the couple, and all join in extending congratulations and in wishing for the newly-weds every success and happiness in life.

Mr. Baze is a son of Mrs. A. C. Baze, has been raised in our midst and has merited and won the high esteem and confidence of everyone by his habits of industry, strict integrity and unquestioned ability. He is popular with employers and patrons of the Brady National bank alike, and is worthy in every way of the splendid woman who has become his life's companion. Mrs. Baze is a daughter of Mr. and Mrs. W. D. Ray of Oglesby, Texas, but has spent the past several months in Brady while in training at the local sanitarium. She is a young lady of refinement and charm, and her popularity with all is a tribute to her character and sincerity.

LOCAL BRIEFS

Dr. J. E. Powell was in Brady from Rockwood Monday greeting his many friends in his usual cheery manner. The doctor says that his community has come out much better on crops this year than was anticipated and says everyone is in good spirits out his way.

Mrs. W. K. Gay was called to Austin the past week by news of the serious illness of her brother, D. D. Patton. Word received from Mrs. Gay is that her brother continues very low, having never regained consciousness, and that the doctors hold out no hopes for his recovery.

The Rev. S. C. Dunn returned this morning from Stephenville where he has just concluded a very successful revival meeting. Rev. Dunn was called in as emergency pastor, because of the sudden illness of the revivalist, and his great success attests his ability in the winning of souls.

J. H. White has the sympathy of all in the shocking news received Monday by wire that his sister-in-law, Mrs. S. S. White, of Weatherford, had been killed at New Orleans. No particulars of the tragic affair were given, the message stating that the body would leave New Orleans Monday enroute to Weatherford for burial.

June Coopender returned Monday morning from Dallas, where he had gone for Mrs. Coopender, and who accompanied him back to Brady. He reports his daughter, Mrs. W. L. McKee, who was scalded and bruised, and who suffered a terrible nervous shock in an automobile accident on the Dallas pike several weeks ago, as improving but slowly, and that it will probably be another month or so before she will be able to be up and about.

R. L. Harmon and family went down to Brady in their car Sunday and spent the day with Mrs. Harmon's mother, Mrs. Nellie McCall, and Mrs. McCall came home with them for a visit of a few days. R. L. said that Brady was on a considerable building boom in the way of

OPEN TO THE PUBLIC

We now have our Cold Storage Plant in operation, and in order to give the people of this and surrounding counties an opportunity to look over this plant, we will open this plant to the public on

Tuesday, Oct. 24th, and Wednesday, Oct. 25th

We will be glad to have every man, woman and child come in at some time during these two days, and we will gladly show you through.

We are proud of the fact that we have one of the best Cold Storage Plants, considering the size, in the State of Texas, and now are better prepared than ever to take care of the poultry line.

Don't fail to visit the Fair, because if you do you will always regret it. Come. Make our place your headquarters, inspect our plant and enjoy yourselves.

HOME DEMONSTRATION DEPARTMENT
By Miss Bess Winters.

Plan Your Poultry Work Now.
Situating this county is in an ideal poultry section, favored by a semi-arid climate, high elevation and rolling productive land, which is capable of producing a variety of feed crops in abundance, the average farmer should lay a great deal more stress upon the production of better poultry and poultry products. Poultry, in itself, offers a large field for study and in order to make a success of same a poultry raiser should at least understand the fundamental principles of poultry production.

As produced on the average farm today poultry and poultry products are merely a hit or miss proposition, so to speak, and the periods of production are governed by the seasons of the year and nature and not by the effort put forth by the producers themselves. Nature is flexible and readily responds to the efforts of man. We are indeed fortunate that such is the case for otherwise we would still have the original wild fowls with us which laid one convey of eggs during the spring, as many of our wild fowls do today, reared their young and were then thru until another spring rolled around. In contrast with the original wild fowl we have today the two hundred egg hen and in some instances hens which have produced more than three hundred eggs in one year. This improve-

ment has been brought about by man thru selection, care and feeding.

Many of us argue that scrub, mixed or mongrel flocks of chickens lay better than do pure-bred flocks of chickens. In isolated cases this may be true where the so-called pure-bred flock is not getting the proper care and attention. A flock of pure-bred scrubs is really only a very little better if any than a flock of mixed scrubs, but why have either? We must get away from the idea of getting something for nothing and surely that is the basis on which the returns from the average flock is figured. If your scrub flock is picking up the waste grain around the farm, a well cared for pure-bred flock will do likewise and at the same time give a better return on same. The cost of scrub chickens is governed principally by the difference in the return they make you and the return a pure-bred flock would make you and not by the original cost of the chickens. It is just as easy to raise good chickens as it is to raise scrubs and certainly more satisfactory.

We hope to particularly stress more and better poultry on our farms this year and in order to begin this work we wish to put on a culling campaign. In order to reach the most farmers we must do this work with community groups, and are offering our services to those communities which will have as many as six or more families interested in the work. Meeting dates will be set for these communities interested and at these meet-

ings culling demonstrations will be given and each one present will be taught to cull their own chickens. This culling will be done from the standpoint of egg production, that is the good layers will be separated from the poor or non-layers. We do not wish to convey the idea that we will not try and get to as many individuals as is possible, but owing to the territory we must cover and the number of people interested in the different phases of our work it is absolutely necessary that we work as much as possible with groups of farmers in preference to individuals. By teaching groups of farm folks how to cull poultry for egg production, we then have these folks who are able to help us by teaching their neighbors in turn how to cull their flocks. In this way the work will be passed on more rapidly and there is no reason why in a reasonably short time all the star boarders and poor layers should not be weeded out of our farm flocks of chickens.

Culling poultry is not at all a difficult task and anyone by handling a few good layers and a few bad ones in turn, so as to contrast or compare the two, and by doing a little common sense thinking can easily cull their flocks satisfactorily. October and November are the best months in which to cull chickens but very satisfactory results are obtained at other times. However, at this time your best layers are going into the moult and their shanks and beaks are faded which facts make it very easy to pick them out and save them.

Following the culling campaign or along with it we would like to see some demonstrations of proper housing, sanitation and feeding carried on in the various communities. These conditions are essential to the most profitable production of poultry and poultry products. We will be glad to have those interested in this work please write or phone,

Miss Bess Winters,
County Home Demonstration Agent,
or Geo. E. Ehlinger,
County Agent.

Slates and Slate Pencils. The Brady Standard.

The Correct Address.

Mr. Peet, a very shy young man, was introduced to a fascinating young woman who, misunderstanding his name, addressed him constantly as Mr. Peters, much to his distress.

Finally summoning up courage he remonstrated.

"Oh, don't call me Peters—call me Peet."

"Ah, but I don't know you well enough, Mr. Peters," said the girl, blushing as she withdrew behind her fan.—Mobile Register.

CARTER'S INX AND ADHESIVES—You see them advertised in the Saturday Evening Post, Literary Digest, System and other national magazines. Nationally known; nationally used. We have Carter's complete line on sale. THE BRADY STANDARD.

WAR ON FILTH, FLIES AND MOSQUITOES URGED BY CITY HEALTH OFFICER

There has been only a few cases of Dengue fever in Brady this Fall, and as far as can be ascertained, the patients have been persons who were infected in other localities, by being bitten by a certain variety of mosquito, said to convey the disease from one person to another. This mosquito is about one-half as large as the ordinary mosquito, dark in color, and makes no noise as he approaches his victim. I have seen a few of this variety in our town recently.

Let us continue to make war on this parasite by disinfecting all stagnant water.

Let us have a Fall Clean-Up Campaign which will remove all piles of rubbish and filth that furnish a place for the deposit of larva which are latent during winter and become active in the spring, with the approach of warm weather.

The fly is one of the greatest enemies that we keep around our premises. He will hibernate in the filth and rubbish in our town and with the approach of spring comes alive and starts on his mission of spreading disease germs.

Now, let me urge the citizens of Brady to continue the war on these pests by destroying their breeding places.

B. L. CRADDOCK, M. D.
City Health Officer

Typewriter Carbons. The Brady Standard.

THIEF ROBS RESTAURANT, STEALS HORSE AND SADDLE BUT CAUGHT AT MERCURY

John Slaughter, negro, has had an exciting life recently. Arrested and fined recently for stealing a gun, he had his fine paid for him and then went to work at the Calley restaurant. After some four or five days work, he became so familiar with his surroundings that he is now accused of slipping in Saturday night and tapping the till for some three or four dollars. Then it is alleged he stole a horse belonging to Doc Wyres and quartered at the old Dutton barn, incidentally leaving the lot gate open so that several pair of mules strayed out. Trailing the tracks of the horse, Mr. Wyres found where they led east on the Rochelle road, then crossed underneath the railroad trestle and headed back to the Brownwood road. By phoning ahead, the horse was found, saddled and waiting alongside the road near Mercury. Ownership of the saddle was later proven by W. X. Y. Smith. A search for the negro, who had been seen on the horse near Mercury, disclosed him hiding underneath the depot platform. He was promptly arrested and is now meditating over his predicament in the county jail.
