LOHN FARM LOAN ASS'N ELECTED OFFICERS TUES.

An interesting meeting was held Tuesday by the Lohn Farm Loan association, at which time officers and directors for the ensuing year were named. The annual report of Tom Elliot, secretary-treasurer, showed splendid work done, and the affairs of office handled in splendid shape by Mr. Elliot. The total of loans to actual farm and ranch owners was given as \$300,225.00, and there was held by the association \$14,954.00 in stock for its members. A dividend of 8% was declared by the association.

A proposition to increase the loaning capacity from \$10,000 to \$25,000 per member was voted down.

Election of officers resulted in the old officers being re-elected, the only changes being in the board of directors. The following were elected:

- W. M. Deans, president.
- M. A. Leddy, vice-president
- Tom Elliot, secretary-treasurer
- A. L. Neal
- H. Miller
- R. D. Draper.

The following comprise the loan committee:

- W. M. Deans
- A. W. Keller
- J. E. Shropshire
- H. Miller
- O. D. Mann
- W. W. Jordan
- Tom Elliot, investigator.

The object of the association is to secure government loans for the farmer or ranch owner to pay indebtedness on farms and ranches at a low rate of interest, the principal never coming due, but payable at any interest paying period, optional with the borrower.

Death of Mrs. Carrie Guthrie.

The death of Mrs. Carrie Guthrie, wife of I. B. Guthrie, occurred Monday evening at 7:40 o'clock at the home of her parents, Mr. and Mrs. J. L. Edwards, where she had been under the care of her mother since coming here from Beaumont the latter part of August. Death was due to a hemorrhage, and followed a long illness with after-effects of the flu, of which she was a victim during the flu epidemic several years ago, and which settled in her lungs.

She was married to Mr. Guthrie November 1, 1919, going from here to Beaumont, where they made their home until her health became so bad it was decided to bring her here in the hopes a change in climate might prove beneficial. She was under treatment by a specialist, and at times it appeared she showed improvement, and thirty minutes before her death she appeared in better health than for many weeks. Her passing was sudden and proved a great shock to the members of the family.

Mrs. Guthrie was born in Lavaca county January 28, 1899. She moved to Brady with her parents about seven years ago, and had made her home here up to the time of her marriage. Just before coming to Brady, she united with the Methodist church, of which she was a faithful member.

Funeral services were conducted Tuesday afternoon at 4:00 o'clock by the Rev. C. L. Browning, and interment was made in Brady cemetery.

Besides the husband, there survive a little daughter aged only nine months; also her parents, Mr. and Mrs. J. L. Edwards, and three sisters and one brother. To them is extended the heartfelt sympathy of all.

RELEASE YOUR MORTGAGES!

If you paid a note during 1922 that was covered by a mortgage, do not overlook having the mortgage released at the court house. The Retail Merchants' Association keeps a copy of all mortgages on file, and the indebtedness stands against your record until the release is shown.

CONTRACT LET FOR BUILDING BY R. WILENSKY

Contract for the new R. Wilensky building, to be erected on the east side of the square, and adjoining the new W. H. Gibbons building, was let Tuesday by Mr. Wilensky to H. H. Richards, building contractor, now in charge of the new high school building. Plans call for a modern and most attractive building, with a 40 ft. frontage and 90 ft. depth, divided into two store rooms. Construction will be of brick, with plate glass and brick front, modern drop awning, and fire proof construction. The brick used on the front will be a highly glazed brick, giving most attractive appearance to the building.

Assemblage of material and supplies will be begun at once by Mr. Richards, who will lose no time in getting the work started. Mr. Richards states that he will complete the building in 45 working days. When completed, the new store rooms will be occupied by the Knox Confectionery and the Irwin Cafe.

Ben Shaver Dead at Corsicana.

A message received here Wednesday brought the sad news of the death at Corsicana of Ben Shaver, well-known here in Brady, and son of J. N. Shaver of Lohn. First news of his illness was had contained in two messages received by Mr. Shaver Tuesday the second one stating that the condition of the boy was serious. Mr. and Mrs. Shaver prepared at once to go to Corsicana but even before their departure came the third message announcing his death. Typhoid fever was the cause of demise.

Ben Shaver was about 20 years of age. He was a veteran of the World War, having been in the navy service during 1916-17. He had worked the past year at the Allen & McClure grocery, being popular with employers, patrons and the citizenship in general, and his untimely death will be learned with deep regret. His mother, Mr. Shaver's first wife, resides in Corsicana, and the young man was engaged by an oil company there.

Card of Thanks.

We are deeply grateful to neighbors and friends for their help and assistance lent us during the illness of our wife and daughter, Mrs. Carrie Guthrie, and for the many words of comfort and consolation spoken at her passing. We shall ever remember your kindnesses and ask God's richest blessings upon you all.

I. B. GUTHRIE,
J. L. EDWARDS and Family.

DR. W. S. HANCOCK OPENS OFFICE IN BRADY FOR PRACTICE OF CHIROPRACTICS

Dr. and Mrs. W. S. Hancock are numbered among Brady's newest residents, having moved here last Friday from San Saba, for the purpose of locating permanently among us. Dr. Hancock has opened an office in the Brady National bank building for the practice of chiropractics, which profession he followed during his residence in San Saba the past year or more.

Dr. Hancock is a graduate of the San Antonio School of Chiropractic, being a member of the class of 1916, and since which time he has taken postgraduate studies and courses. During the years he has engaged in this profession, he has met with uniformly good success, and comes to Brady most highly recommended.

Dr. and Mrs. Hancock have taken an apartment at the E. R. Sayle's residence. Brady and McCulloch county people will be glad to welcome them to citizenship here.

T. J. SPILLER ELECTED 2ND VICE-PRES. OF BRADY NATL. BANK AT ANNUAL MEETING

T. J. Spiller was elected 2nd Vice-President of the Brady National bank, and S. W. Hughes and J. E. Bell were given place on the board of directors. Mr. Spiller takes the place of F. W. Henderson among the officers, and Mr. Hughes and Mr. Bell take the places of Mr. Henderson and Dr. B. L. Craddock on the board of directors, both Mr. Henderson and Dr. Craddock having removed from the city. These changes in the official family of the Brady National bank were effected at the annual shareholders meeting held Tuesday afternoon at 2:00 o'clock.

The following is the list of officers and directors of the Brady National bank:

- F. M. Richards, president
- J. B. Lockhart, 1st vice-president
- T. J. Spiller, 2nd vice-president
- E. L. Ogden, cashier
- C. Snider, assistant cashier
- J. C. Hall
- J. E. Bell
- S. W. Hughes
- P. W. Appleton
- J. H. Blackwell.

BRADY BUILDING & LOAN ASS'N RE-ELECTS OFFICERS

The annual meeting of the Brady Building & Loan association, held Tuesday, resulted in the same officers and directors being elected, with one exception, W. H. Ballou being named secretary-treasurer instead of Wm. R. Davidson, Jr., who asked to be relieved of this duty.

Various matters of interest came up at the meeting, one of which was the paying of a salary to the secretary-treasurer for the performance of his duties. This matter was referred to a committee.

A report on the activities of the association showed a total of \$8,500.00 loaned since its organization in June, with which two modern new residences have been built in Brady and extensive improvements made on two other residences.

The following are the officers and directors:

- S. W. Hughes, president
- W. D. Crothers, vice-president
- W. H. Ballou, secretary
- Wm. R. Davidson
- G. C. Kirk
- B. A. Hallum
- G. V. Gansel
- F. R. Wulff
- C. H. Vincent
- Lee Jones
- Jack Ragsdale
- Duke Mann
- C. A. Trigg
- Howard Broad
- R. Simpson
- H. R. Hodges.

COMMERCIAL NATIONAL BANK RE-ELECTS SAME BODY OFFICERS AND DIRECTORS TUES.

No change was made in the officers and directors of the Commercial National bank at the annual meeting held Tuesday morning at 9:00 o'clock, the following were re-named:

- G. R. White, president
- Lewis Brook, vice-president
- W. D. Crothers, vice-president and cashier.
- S. S. Graham, assistant cashier
- Wm. R. Davidson, assistant cashier
- J. S. Wall
- W. N. White
- W. H. Gibbons
- W. E. Campbell
- J. G. McCall
- W. F. Dutton.

W. M. A. ZONE RALLY STAGED IN BRADY SATURDAY

Last Saturday was a red-letter day in local Modern Woodmen of America circles, the local camp having as their guests a number of national leaders in the order, and as well, a number of visiting camps, in addition to the local membership. A great time was staged at the local M. W. A. hall during the afternoon and night. The attendance was not as great as had been anticipated, several neighboring camps being unable to come on account of sickness, and the Boy Scout band of San Angelo also not being present for the same reason. However, the entertainment and initiation ceremonies were carried out in splendid style nevertheless.

Among the leaders in M. W. A. circles present on last Saturday were A. R. Headrick, director, Indianapolis, Ind., J. E. Swanner, state deputy, Dallas, Texas, R. J. Vidler, district deputy, Brownwood, H. E. Wahrmond special deputy, Menard, and T. B. Hasty, also a district deputy, Llano.

Stirring addresses were made by Mr. Swanner and also by Mr. Headrick, that of the latter being especially well-received and carrying with it a note of enthusiasm that aroused the members present to the highest pitch.

Outside camps represented at the rally were San Angelo, Menard and Brownwood. The failure of the arrival of both the Boy Scouts band of San Angelo and the Ballinger camp, on account of sickness, caused abandonment of the parade announced.

The District prize offered by R. J. Vidler for the best Drill team was won by Brownwood. The prize for the largest increase in membership the past four months was won by San Angelo.

One of the big features of the meeting was the refreshment course, which provided barbecued goats, coffee, cakes and pies. Everyone reported a most enjoyable time and the occasion one long to be remembered.

C. C. DAWSON PURCHASES 351-ACRE RANCH—TO MAKE 2 SETS OF IMPROVEMENTS

C. C. Dawson is here from Dawson this week superintending improvements on the 351-acre ranch just purchased through J. D. Branscum from Chas. Bryson, and which lies north of Melvin. Mr. Dawson's intentions are to put the entire tract into cultivation at once. He has already purchased lumber and has made arrangements to build two modern bungalow houses on the place, and may decide to build a third. He has also contracted with a force of Mexicans to grub out the entire place; in fact, he expects to provide improvements that will make a most desirable proposition for up-to-date and progressive farmers.

Dr. Dawson's faith in McCulloch county is proven by his past efforts along this line, viz: to provide farms for the farmless.

Get a metal waste basket and eliminate that fire risk. The Brady Standard.

AGRICULTURAL EXHIBIT TRAIN HERE MARCH 16

An agricultural exhibit train, operated by the G. C. & S. F. railway, with exhibits and lectures arranged by A. & M. college, will be in Brady on the morning of March 16th, according to announcement made here. The visit to Brady will be one stop on an itinerary extending from Brenham west along the Temple-Abilene line of the Santa Fe as far as Spearman. J. D. Tinsley, agricultural agent of the Santa Fe, will be in charge of the demonstration train, which will be run by the Santa Fe for the purpose of encouraging the breeding of the best blooded cattle and hogs, and to demonstrate to farmers what can be done through scientific breeding. Diversification will also be emphasized in the good results obtainable.

Accompanying the train will be experts in swine breeding and poultry and stock raising. The finest strains of swine, cattle and poultry will be carried on the train for demonstration purposes. The following men from the extension department of A. & M. college will be in charge: C. M. Evans, dairy and dairying; A. L. Ward, swine and swine breeding; E. O. Edson, poultry and poultry raising. In addition to these men there will be other instructors from the college accompanying the train.

A train of seven cars will make the trip. Separate cars will house poultry, pure-bred cattle and swine. Demonstrations will be given on a flat car fitted up for the purpose. There will also be a baggage car and living car, as well as a chair car, which will be in use when the weather prevents open air meetings.

Expense of operating the train will be borne by the railroad, but all exhibits and lectures will be arranged by the college. The train will be the first of its kind that has been run by the G. C. & S. F. since 1913. Similar trains were run in Texas by three other railroads this year and met with encouraging success wherever they stopped.

WARNING IS ISSUED ON STORAGE OF GAME AFTER JANUARY 10TH

Austin, Texas, Jan. 6.—Warning has been issued by W. W. Boyd, state game, fish and oyster commissioner, that no game, with the exception of duck, geese and quail, may be kept on cold storage after January 10, which is the time limit on storage of game, for which the season has closed. The quail and duck season ends January 31.

"Quite a number of violations of this kind occurred last January, through ignorance of the law," said Commissioner Boyd.

MARION MIXINGS.
Everyone Begins Work on 1923 Crop—Radio Enjoyed.
Brady, Texas, Jan. 8.
Editor Brady Standard:
After a few weeks' absence, will write the news once more.
We have been having some beautiful weather for winter and Christmas.
Quinn Walker and wife came out from Sterling City to spend New Year's day with parents, Mr. and Mrs. W. D. Walker.
Miss Bernice Winstead is visiting with the Walker's this week.
Mr. and Mrs. Carl Ralston have returned from Mason county. They will make their home here this year.
The singing at Briscoe's was enjoyed by a large crowd Sunday night.
Oscar Holland, J. T. Slaughter, Misses Opal Duke, Lola Butler and Iva Slaughter were visitors at the John Mayo home last Saturday night.
Mr. and Mrs. Jim Snider and family spent the day with G. T. Ryan's Sunday.
We are all glad to hear that Mrs. Mary Briscoe is teaching the Nine school.
Miss Eula Mae Butler and Willie Marshall of Pear Valley attended the dance at Rockwood Saturday night.
Mr. Jesse Brooks, son-in-law of Mr. Slaughter, came in from Brady Saturday. His wife has been at her parents' the past month.
Miss Gladys Squires went home Friday to spend the week end.
Mr. John and Paul Lohn visited with Floyd Richter Sunday afternoon.
Mr. and Mrs. Marion Holland, Oscar Holland, Ebb Butler and Miss Eula Mae Butler went to Brady last Friday night and enjoyed hearing over the radio.
Mr. and Mrs. W. D. Walker called

on Mr. and Mrs. Henry Bradley at Fife Sunday afternoon.
Everyone has begun their work for the 1923 crop.
Lola Butler spent Saturday night with Opal Duke.
"KOYALA."
COW CREEK NEWS.
Visits and Visitors In and Out of the Community.
Lohn, Texas, Jan. 8.
Editor Brady Standard:
W. S. Young and wife were in Brady Wednesday.
Miss Mary Plummer and mother, also Miss Lola Miller spent Saturday evening with Mrs. L. B. Turner.
L. M. Tedder, wife and children, visited Mrs. Killingsworth and family Sunday evening.
The small son of J. A. Liverman has been real sick all last week.
Mrs. E. W. Woods, son and daughter, were Lohn visitors Tuesday.
Miss Mamie Wade, who is teaching in Brady, also Miss Leila Liverman, who is going to school there spent the week end with home folks here.
Mr. Jim Myres and wife who have been visiting here left for their home in Marlin last Wednesday. Mrs. J. S. Wyres accompanied them home for a visit of a few weeks.
Little Jack Clifton has also been on the sick list but is better now.
T. A. Wyres went to Brady Monday on business.
Mr. and Mrs. Doc Wyres of Fife visited at the J. S. Wyres home Sunday night.
Mrs. E. W. Woods visited Mrs. Killingsworth last Wednesday evening.
Cary Marshall went to Fredonia last week on business.
"WILD FLOWER."

ROCHELLE RUMBLINGS.
Free-for-all Christmas Tree—Many Weddings in Community.
Rochelle, Texas, Jan. 8.
Editor Brady Standard:
I'll try and drop in for a friendly chat just for a few minutes only and to tell you that Rochelle came in for her good time during the Christmas holidays; had a free-for-all Christmas tree, but as the Baptist church was the largest, they kindly consented and it was had there and was dressed with many nice, beautiful things as well as some costly ones and not a child who was present went away without being remembered with something, and everyone seemed jolly and gay, thus showing the Christmas spirit. All of the teachers from this school went to their homes to enjoy the time with friends and loved ones.
Miss Annie Cottle who teaches at Fairview, also Miss Ruth Selman, who has a position in Brady school, were both home for the holidays.
Vanoy Waddill who has a position with the Western Union people at Gorman, came in Sunday morning, but owing to the fact that he could get no one to take charge of his office longer than a couple days, he had to return Monday afternoon. He was here though to witness the marriage of his brother, Otis Waddill, who was married to Miss Floyce King on Sunday, Dec. 24th at 4:00 p. m. Rev. Buren Sparks, the Brady Baptist minister saying the words that made them one.
H. F. Hardin, accompanied by Joe Mims, wife and two sons, Joe, Jr., and Percy, rolled in to the Waddill home on Saturday evening, having driven down from Fort Worth in their Ford. They arrived about 4:00 p. m.
Mr. C. A. Woodford, our depot agent, was married to Miss Oma Holloway on Sunday, the last day of the old year and brought his bride home to Rochelle New Year's day. We are sure the good wishes of this entire community are theirs.
Mr. Lon Cunningham and Miss Stella Parker hied off to Brady one evening during Christmas week and were married, the ceremony being performed by Esq. Lyle.
Mrs. Arthur Neal entertained her Sunday school class on last Friday night with all kinds of games. Served refreshments of sandwiches and cake. All had an enjoyable time.
Miss Ora Burk entertained quite a crowd of young people at her home Saturday night with progressive "42." It was given in honor of her cousin, Beatrice Dial and Miss Bada Hendrickson, who was with her for a week end visit.
Quite a good many in and around Rochelle are suffering with severe colds or a light attack of flu. Mrs. John Sansom has quite a severe at-

tack and it is thought to be dangerously ill. The little son, only few days old, seems to be doing nicely.
Mrs. Maud Short has been real sick for several days, but is reported some better today.
Such lovely weather as we have had all through Christmas and up to the present time; but this doesn't speak very well for early gardens and early roasting ear catch. But we must not be hard to please, but be thankful for everything that comes our way.
Best wishes to all The Standard readers, correspondents, editor and all his force for the New Year.
"AMOS KEETER."
The Quinine That Does Not Affect the Head!

COW GAP GOSSIP.
Death of Ben Shaver at Corsicana Reported in Wire.
Brady, Texas, Jan. 10.
Editor Brady Standard:
Everyone is busy now putting up their land for another year. A good rain would be appreciated, as the ground is getting dry.
B. R. Bolding and family moved to the Gansel ranch last week.
J. Shaver and family visited at Mr. Waddill's Sunday.
John Fullager and folks spent Saturday night and Sunday at N. J. Huie's.
Miss Bernice Winstead is visiting at the Walker ranch this week.
W. A. Newton and family visited Gordon Newton and family Sunday.
The Misses Selma and Thelma Dillard visited Curtis and Jewel McShan Sunday.
Mrs. Carter and children moved last week near Waldrip.
J. N. Shaver received a telegram Tuesday morning that his son, Bennie, at Corsicana was seriously ill with typhoid fever. He and Mrs. Shaver left immediately for Brady to go on the night train. Before leaving, they received another telegram that he was dead.
"ANDY GUMP."

PEAR VALLEY PICKUPS.
Farmers Breaking Land—Pear Valley Girls Win Cake.
Pear Valley, Texas, Jan. 9.
Editor Brady Standard:
We are still having beautiful spring weather. Farmers all busy breaking land. A good rain would make them feel like planting cotton.
We are glad to report the mumps are about to die out. No new cases.
Rev. Parker of Brownwood, the new pastor of Pear Valley Baptist church filled his appointment Saturday night, Sunday and Sunday night. We are very glad to have him with us.
Ralph Schooley returned from Brady sanitarium Sunday greatly improved.
Miss Bertie DuBose returned from Milburn Monday, where she has been visiting friends. She reports having a very nice time.
Rev. Parker spoke a few encouraging words to the B. Y. P. U. workers and praying people Sunday night. So everybody is invited to prayer meeting Wednesday night and B. Y. P. U. Friday nights. Also asks you to come with a willing heart and purse.
Pear Valley girls won the cake over Salt Gap girls at the "Tackey" party Saturday night at Salt Gap. Byron Miers won for the male sex.
Mr. William Elmo, of Welview, was seen in Pear Valley Saturday afternoon. Also Mr. Lee Cain and Mr. Dave Conley of Melvin. Welcome, come again, boys!
Mrs. Faught and family moved to East Gansel Saturday. We shall miss them very much.
Will move on and give space for a more prominent writer. With best wishes to the editor and its many writers.

NINE NEWS.
Want Rain So Can Garden—Flu Cases Abundant.
Brady, Texas, Jan. 8.
Editor Brady Standard:
The weather continues to be warm and pretty, only if we could get some rain we could garden a little.
Most everyone at Nine has the flu. Dr. Anderson was called Sunday afternoon to see our teacher, Mrs. Briscoe, who is sick with the flu. We hope her a speedy recovery.
Mr. and Mrs. Wince Blackwell spent Sunday with Jim Williams.
Mr. and Mrs. Melvin Williams of Richland Springs has moved in our neighborhood.
Mr. and Mrs. Ben Thornton and children visited J. S. Smith Sunday.
Lee Goldman visited John Newlin Sunday afternoon.
Mr. Ben Smith and Dorothy Dean visited his father Sunday afternoon.
Mrs. John Newlin spent Sunday afternoon with Mrs. Ben Smith.
Miss Ethel Harkrider returned to Fairview to take up her school, after spending the holidays at home.

Buick
MOTOR CARS
A Nation's Tribute to Buick
There is an inspiring tribute to an industry in the universal recognition annually accorded the National Automobile Shows.
Thousands come to these exhibitions from every section of the continent and from foreign lands as well, and their advent is widely heralded the world over.
In the twenty-third National Automobile Show, just opening in New York, and later in Chicago, the nation is provided with a display of its chief means of personal transportation. This display is so complete and so magnificently set forth that all who come may easily carry away a perfect picture of the latest accomplishments in motor building.
Year after year the national shows receive the homage of the entire country. Year after year they mark by their own increased magnitude and splendor, the increased growth of the automobile industry.
In occupying first place at both national shows for the fifth consecutive year, Buick continues the position in the industry awarded it by universal public opinion.

"Lady Jewel," of Woodland, Washington, is the world's champion hen. She has broken all records by laying 335 eggs in one year or 11 times her own weight in eggs.

In Mukden, Manchuria, there is a street car line over which little dilapidated cars, each drawn by three Mongolian ponies, run from the walls of Mukden to the railroad station in the Japanese zone. These same cars were used on the cross-town lines in New York City 30 years ago. When New York discarded them they sold the cars to Tokyo, Japan, and when Tokyo adopted the electric system the cars were sold to a firm in Mukden.

Women were placed on a jury case in the supreme court of Red Deer, Alberta, for the first time in the history of Canada.

Premier Bonar Law outlining his anti-coalition policy during the great parliamentary contest said, "The argument put forward that, in view of the pressure and danger from Labor, it was necessary to keep up even the name of a Coalition when the reality was gone, believe me, is a profound mistake. If we had succeeded in setting up, on the one hand, one party representing everything opposed to Labor alone, you could have done nothing which would have added more to the force of Labor and you would have made it certain that, as an alternative government must come, the next government would have been a Labor government."

President Alvarra Obregon of Mexico travels extensively. He rarely

journeys more than a day's ride from the capital but there is never a day of fiesta in any community of importance within that radius that the president doesn't attend.

Gray Gables, on Buzzard's Bay, Massachusetts, for years the summer home of Grover Cleveland, is to be cut up into lots and sold on the market.

A skin suture, that leaves no unsightly scars in surgical operations, has been invented. The new suture is called "equistene" and is made by treating silk with chemicals so that the tissue cells cannot penetrate the meshes of the silk.

Experiments carried out in Seattle have developed a wood briquette that equals anthracite coal in heating value, according to reports. The new fuel is made of sawdust, bark and will refuse now considered a total waste.

"Vibrac" steel is a new steel made in Manchester England, which never tempers brittle and is absolutely reliable in behavior under any ordinary treatment.

Buildings of the University of Vienna are becoming unfit for use due to neglect and lack of money for repairs. The roof of University Hall has not been repaired since before the war and the rain is coming thru, loosening the plaster, cracking the moldings and staining the fine frescoes with dampness.

A 25-year-old ordained minister and his wife have entered grammar school in the seventh grade at Beaumont, Texas. Regular attendance at school was denied them during their childhood because they lived in an isolated district. The theological seminary is his educational goal as he wishes to qualify to minister to larger congregations.

Easter Island in the South Pacific is virtually devoid of vegetation and without bird life of any kind. Heavy winds prevent birds and trees from existing on the island which is triangular, 12 miles by 9 by 7. Two hundreds Polynesians living there suffer perpetually from hunger. There many high, carved stone images on the island, the origin of which never has been determined.

Chief White Elk, Indian lecturer and head of the tribes of British Columbia, is on his way to England to present to King George the grievances of the Indians of the Pacific Coast of Canada. He is a Carlisle graduate and accompanied the Prince of Wales on his American tour in

1919. The Indians of British Columbia desire many reforms, chiefly in the direction of facilities for education.

Scientists of Germany have synthesized a new chemical drug of importance in tropical medicine. This new drug, known as "Bayer 205" is anti-toxin for sleeping sickness so common in Africa. The government of Germany has been called upon to safeguard this discovery, and not to grant the use of it to other nations except on condition that Germany's lost colonies be restored to her. Although Germany has no African colonies she appreciates the value of pharmacological research.

A newly discovered fiber known as "arghan" may take the place of flax and cotton in the manufacture of textiles. It is said to be half as strong again as the best flax and hemp, weaves into fine cloth that bleaches and dyes easily, resists the action of sea water and has unexcelled wearing qualities. It is derived from a plant of the maguery or pineapple type which originally grew only in South America. It is being transplanted to the Malay states, Ceylon and India by manufacturers who plan to bring it to perfection.

DECIDE YOURSELF.

The Opportunity is Here. Backed By Brady Testimony.

Don't take our word for it. Don't depend on a stranger's statement.

Read Brady endorsement. Read the statements of Brady citizens.

And decide for yourself.

Here is one case of it. A. F. Behrens, florist, Brady, says: "Doan's Kidney Pills did me a lot of good and I always have them on hand. I use them off and on at different times when suffering from kidney trouble. Before I used Doan's my back and kidneys were pretty weak and sore and the secretions from my kidneys passed freely, but since I have taken Doan's Kidney Pills I have been relieved a whole lot. I recommend Doan's to be a splendid remedy."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Behrens had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

LOST CREEK ECHOES.

"A Citizen Discusses Creation New State Highway Commission. Waco, Texas, Jan. 10.

Editor Brady Standard:

I have read an article in The Brady Sentinel of the issue of January 4, the head lines of which is "New Highway Body Now Being Formed." I have been asked what I thought of these proposed constitutional amendments of this proposed new highway commission. I want to say that I am against the most of the program but of course my objections don't go very far. But if I am allowed a vote in the matter I will help to kill it. The article starts off like this:

"Waco, Texas, Dec 30.—The creation of a new State Highway Commission with power to construct, maintain and protect a system of State highways if proposed in a comprehensive outline of necessary legislation which has just been completed by the legislative committee of the Texas Highway association and approved by the board of directors of that body and which will be submitted to the regular session of the legislature. The program includes a constitutional amendment, and etc., and etc., and so on."

I think the constitution of Texas has been amended so many times all ready that there can't be much left to amend. It goes on to say, in addition to the proposed constitutional amendment, "the suggested program outlines the various powers and duties which the legislature would be asked to vest in the commission after the amendment is adopted."

This body wants to say just what shall travel on these highways, if I understand them. If they say a wagon can't go on them, then they must stay off, for it says all kinds of vehicles. It wants to say under just what conditions a motor truck shall operate by individuals or company when they operate for profit. I think that is all right. It wants to regulate head lights and that is all right. Other parts of the program would have the commission to collect fifty cents per horsepower each year; this I don't like, and on motor vehicles weighing 2000 pounds and under—twenty-five cents; this I object to. From 2,000 to 4,000—fifty cents; 1 object. 4000 to 6000—one dollar; this I don't like. 6000 to 8000—three dollars; all over 8000—five dollars, and a 2c tax on gasoline. I think this would put the cars and trucks out of business and if they don't want wagons on them, what use would the highways be to anyone?

As for myself, I am opposed to giving the highway department any more power than they have now. I fear there are too many big nests to feather.

I have also been asked what I thought about a new constitution for Texas. I have understood that this might come before the regular session of the legislature. Well, it has been amended so many times I don't think they can find very much of it left and then it would get our laws in a tangle. I don't think they could hardly make a constitution that would conform to all the amendments

GOOD VALUES IN REBUILT CARS

of the old amended constitution. So my idea is to let the old constitution alone and quit amending it so much.

"A. CITIZEN."

To Cure a Cold in One Day

Take LAXATIVE BROMO QUININE (Tablets) It stops the Cough and Headache and works off the Cold. E. W. GROVES' signature on each box. 35c.

Still at It!

In the early days of the temperance cause its workers were always on the scent of evidence as to the physical advantages of total abstinence. Having heard of an old man who had attained the ripe age of ninety-six and had never touched a drop of liquor, a committee was rushed to his home to get his sworn statement to that effect.

They had just propped him up in bed and were guiding the feeble, trembling old hand along the dotted line when they were startled by a violent disturbance in the next room—scuffling of feet, falling of heavy furniture and breaking of crockery.

"Good heavens, what's that?" gasped a committeeman.

"Oh," whispered the senile saint as he sank back exhausted from his effort, "that's paw. He's drunk again!"

—EX.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE consists of an Ointment which Quickly Relieves by local application, and the Internal Medicine, a Tonic, which assists in improving the General Health. Sold by druggists for over 40 Years. F. J. Cheney & Co., Toledo, Ohio.

Coal is cash. Macy & Co.

Defective sight among 100,000 persons in the United States could have been prevented in half the cases, according to the field secretary of the National Committee for prevention of blindness.

To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.

A box of GROVES' O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Groves' O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 35c. Just ask your druggist for HAYES' HEALING HONEY.

BRADY, TEXAS, Jan. 12, 1923

STOP SPEEDING AT THE SOURCE

Phil H. Clements of Goldthwaite suggests a unique remedy for the automobile speed maniac. He says:

"We have laws, and enough against speeding. They have been on the books ever since Mr. H. Ford began growing a bank account. But they have not been enforced, and will not be enforced. It is difficult to recognize the occupants of a machine going at the rate of fifty miles an hour. Even the make and number of the automobile and its color have been known to escape the attention of the victim who is left crumpled up in the street. I say the laws will not be enforced because as we all know the farmer is chasing the merchant, the merchant is chasing the doctor, who is making a call; the Judge is chasing the city cop and the Sheriff is passing them all."

"We must have our thrills and the speeder with his auto furnishes them hourly."

"Now for the remedy. Our Legislature will soon convene. One of the first measures (after the mileage and per diem) should be 'a bill to be entitled an act to regulate the speed of motor cars.'"

"This bill should require each machine to be equipped with a device which will kill the engine when the limit of speed has been reached."

"A heavy penalty should be provided against any one who should be found in possession of a vehicle capable of exceeding the speed fixed by law."

"If such mechanical devices are not now in existence, Madam Necessity can very soon invent them. In this way speed can be controlled. Other measures have utterly failed."—Coleman Democrat-Voice.

MUSIC RECITAL BY PUPILS OF MISS PINKIE JONES HELD ON LAST THURSDAY EVENING

One of the most delightful of the new year's entertainments was staged at the Methodist church on Thursday evening of last week, when Miss Pinkie Jones presented her pupils in music recital. A large attendance of parents, friends and admirers of the pupils was present and the program was thoroughly enjoyed.

Among the appreciated numbers rendered were piano solos by Misses Vivian Samuelson, Myrtis Evers, Frances Evers, Orvalia Willbanks, Gladys Lindsay, Ruth Maurine Evers, Mayfair Woosley, Jewel Salter, Ruth Longley, Addie Mae Willbanks, Maurine Wolf and Mary Campbell; Master Milton Coalson. Piano duets were rendered by Misses Elizabeth Sparks and Ruth Maurine Evers, Harper Sparks and Milton Coalson, Mayfair Woosley and Mozelle Baker, Alice Marie Hutschenreuter and Jewell Salter, Ruth Longley and Addie Mae Willbanks.

Special features were the piano trio by Misses Ruth Maurine, Myrtis and Frances Evers and the piano quartette by Misses Gladys Lindsey, Mayfair Woosley, Orvalia Willbanks and Vivian Samuelson. The play, "The Merry Maidens Club," by six girls and one boy, also delighted the audience.

Where There Is A Will—

DO you read the bank advertising? Some of the most interesting and ingenious bits of reading matter to be found anywhere are coming from the hands of the advertising men nowadays, and the bank advertising has come to hold its own with that of the department stores and the rest of the selling news that makes newspapers and magazines so entertaining.

"They Never Found His Will" announces a big bank in a large city, and tells a story of unnecessary difficulties. He had told his wife about having made a will, but it could not be found. He died after a short illness, leaving the wife and three children.

"The real property which, in the absence of a will, belongs to the children subject to the widow's dower, cannot be sold until the youngest comes of age, 19 years later, unless the mother goes through complicated court procedure. It is going to be difficult, in the interim, if not impossible, for her to educate and keep the three children on the insurance and the income from her third of the property. Yet he meant to leave her in control of the property."

The moral drawn by the bank is—have your will drawn, with the bank named as executor. It's a good plan.

All sorts of complications are likely to arise in case of sudden death, and minor children need to be protected. Wives, also, who have shared in the early struggles, ought to be assured their just share of the later rewards.

No man wants to leave his affairs in a tangle for his heirs to wrestle with, particularly if his means are modest. It might be said that the smaller the fortune, the greater need of a clear and explicit will.

Wills aren't for old people in their dotage to make. They are for young people to help keep their affairs in order.

Go To Church Next Sunday

GOING to church may be a habit. Even so, we must admit that it is a very good habit. Many men and women go to church who are not church members, and who never even expect to become members of any religious body, but simply because they appreciate the refining influence of the service.

We have excellent churches here in this town. We have eloquent ministers in the pulpits of all denominations. Our churches have well trained choirs. The music in our churches is exceedingly attractive to those who have adequate notion of the good things of life.

Suppose you decide to go to church next Sunday. It will do you good. You will be fully rewarded in going. Perhaps you have not been in years. Perhaps you may think that when you take your seat in the pew you will really feel like a stranger. But do not let that disturb you. Go! Forget yourself. Think of what the minister says. Consider well and carefully his message. Enjoy the music.

Regardless of what your religious views may be, and it is certainly true that in our America of freedom of thought every citizen has the right to worship his Creator according to the dictation of his own conscience, you must admit, if you think at all, that the church has a very important place in the social scheme of our world. Think about this! Think about your welfare! Go to church next Sunday!

Punchettes

The Churchless Church

THE title of this article ought to convey greater truth than perhaps the space will permit me to express.

We are speaking of churches that have lost their church position, have become cheap, second rate, inefficient, and have dropped into the rut of the cheapness of the world to get the attention of man. The church that has to make itself cheap in any way to induce people to attend its services has lost its churchness and the cheaper it makes itself the more disgusted people become and the less they attend it.

Take the publicity of some of the ministers. The very titles of their sermons are disgusting. They do not know how to write the advertisement. They do not know how to put a title to their sermons. The titles do not convey the subject matter of their would-be discourses; consequently, the titles are false, and the church becomes cheap and loses its churchness.

The church constantly bragging, threatening, coaxing, begging, pleading, advertising, has reached the low level of the cheap, vulgar world. The slang and loose language often heard from the pulpit as well as seen in the advertisements cheapen the church.

The man who says that the public would rather sing jazz than hymns has libeled the public, perjured himself for the purpose of cheapening the church. People want to hear the hymns. They want a dignified service. They want the gospel. They want the church to come back into her own and take her dignified place.

There is no subject on earth that will hold the people like the doctrine of the vicarious atonement, the blood of Jesus Christ, the only means of salvation. God save the churchless churches of the country.

BANGS BUSINESS DISTRICT SWEEP BY DESTRUCTIVE FIRE EARLY TUESDAY

Fire at Bangs at an early hour this morning destroyed property to the value of about \$50,000—about \$40,000 by fire and \$10,000 by moving goods out of buildings. The loss was partially covered by insurance. The Brownwood Fire department got an emergency call to come to Bangs at 2:00 o'clock and the run was made in about thirty-five minutes.

Loss in Detail.

- The following losses estimated at the amount above mentioned were given by the owners, to Fire Marshal Alvin Gelbhar:
- Garms & Garms tailor shop, loss \$750 on fixtures and \$500 on clothing belonging to the public.
- Garms & Garms Barber Shop, fixtures and contents, \$600; building \$1,000.
- Bangs Advocate, owned by Riley Duff, contents and fixtures \$2,000, and building \$2,000.
- Fitzgerald Meat Market, contents \$1,000.
- Dr. Ashcraft, office contents and instruments, \$1,000.
- Dr. Sonendriker, office, contents and instruments, \$1,000.
- Snipes Drug Store, contents, \$6,500, building \$3,000.
- Bangs Dry Goods Company, owned by W. T. Gibson, contents, \$7,500; building, \$2,500.

The above figures represent total loss of buildings and contents. The following are partial losses:

- Jackson Dry Goods Store, damage estimated at \$2,000, contents, and on building, \$500.
 - F. R. Early Grocery, contents, \$4,000 and building, \$2,000.
- Origin of Fire.**
- The fire had its origin in the tailor shop of Garms & Garms, perhaps from cigarettes or matches, as it was stated that they were working until a late hour and probably dropped a cigarette stub or threw a match where it later caught. The fire spread rapidly along the main business street and was finally checked at the Early Grocery on the east side. On the west side it was checked at the Dry Goods store, both of the buildings last named sustaining as stated, a partial loss. —Brownwood Bulletin.

IN RELIGIOUS CIRCLES

Church of Christ. Services Sunday morning at 11:00 o'clock, and at night. S. W. ALFORD, Evangelist.

Catholic Church. Mass will be said on the third Sunday of each month at 10:00 a. m. by the Rev. F. D. Hudon.

At the Methodist Church. The "flu" kept some away from church and Sunday school last Sunday. We hope all others absent had valid excuses. May all excuses be out of the way next Sunday and the pastors cheered and encouraged by large attendances at all the services. This pastor would like to know of any sickness or trouble in any of our homes. Call him up and let him know.

Preaching at 11:00 by the pastor. Subject, "The Missing Man."

There will be a union meeting of all the churches at the Methodist church next Sunday evening at 7:15. The purpose of this meeting is to consider the organization of the United Charities. This was suggested by the Rotary club at its last luncheon. Not only church members but all public and benevolent spirited citizens are urged to attend. Several short speeches, good music, good fellowship. Be sure to come out! C. L. BROWNING, Pastor.

A few articles in New Granite ware left. Get yours before they are all gone. At the New and Used Store. C. H. ARNSPIGER.

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It stimulates and regulates. Very Pleasant to Take. 60¢ per bottle.

RELEASE YOUR MORTGAGES!

If you paid a note during 1922 that was covered by a mortgage, do not overlook having the mortgage released at the court house. The Retail Merchants' Association keeps a copy of all mortgages on file, and the indebtedness stands against your record until the release is shown.

Some Horse?

"A fellow after taking a trip comes home and tells his wife to send his clothes to the cleaner. His wife finds this card in his clothes, 'Verma, 1563 Walnut.' When he got home, she said, 'What does this mean?' and he was stalling and said 'What does what mean?' She said 'this card,' and he said 'Oh, yes, that's a race horse that I was advised to bet on. The first 15 is 15 to 1, the second 6 for second place, and 3 to show which would be third place.' She said 'All right, what is this 'Walnut?'" "That's the book-maker's name," and he got away with it. That night when he came home, his wife hit him on the head with a club, and he said, "What's wrong now?" and she said "The horse called up."

Little Diplomat.

"What are you doing, Mary?"
"I'm writing a letter to Lily Smif."
"But, darling, you don't know how to write."
"That's no difference, mamma. Lily don't know how to read."

One He Could Wallop.

There appeared in an Alabama court a negro to whom the thing was a new experience. He was, however, unabashed, and wore the air of a man determined not to "get the worst of it."

"Prisoner at the bar," called out clerk, "do you wish to challenge any of the jury?"

"Well, Ah tell you," he replied after looking the men in the box over carefully, "Ah'm not 'zactly in train-in' but Ah think Ah could pull off a round or two wit' dat fat ol' boy in de corner."—Pittsburg Chronicle-Telegraph.

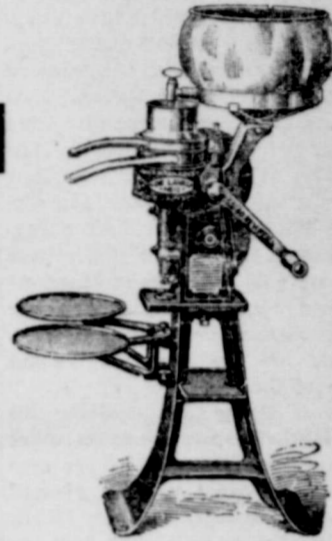

Can't Lift Barrels.

It was in the glorious days before it went into effect. A colored preacher was exhorting his flock to observe the blessings of temperance.

"Brethren, always remember it is better to bend the knee 'stead of the elbow."

"Fawson," shouted a heckler, "since when hab you-all started drinking out of a barrel?"

How Do You Account for This?

Why is it that there are approximately as many De Laval separators in use today as all other makes of separators combined? For just one reason, which is based on the actual experience of several millions of users over a period of forty years, who have found it the most satisfactory in that it skims cleaner, lasts longer and is easier to operate and clean than any other.

98 PER CENT OF THE BEST CREAMERIES USE DE LAVAL SEPARATORS

The creameryman knows the best cream separator. Practically all of them use De Laval. Why? They have found by testing the skim-milk, and by experience, that the De Laval is the most profitable. They know that a poor separator can soon waste all their profit and that a De Laval soon pays for itself. The De Laval you use is built on the same principle as the creameryman's.

86 PER CENT OF THE EXHIBITORS AT THE NATIONAL DAIRY SHOWS USE DE LAVAL SEPARATORS

At the 1922 National Dairy Exposition an investigation among the exhibitors of purebred dairy cattle disclosed the fact that 86 per cent of them use De Laval Separators. These exhibitors of purebred dairy cattle are the cream of the world's best dairymen—they know the best separator and use it. Butter made from De Laval cream also won first place in every class.

64 PER CENT OF THE SEPARATORS IN THE LEADING BUTTER STATES ARE DE LAVALS

More butter is made and more cream separators are used in Minnesota than in any other state. According to an investigation by a prominent farm paper, 64 per cent of the cream separators in Minnesota are De Laval—almost two out of every three. A remarkable record—which simply drives home the fact that the more people know about separators, the more they appreciate De Laval.

51 PER CENT OF ALL CREAM SEPARATORS ARE DE LAVALS

According to an investigation by a group of prominent farm papers of wide circulation. There are, still, many inefficient and worn-out separators in use today which are wasting enough butter fat to pay for new De Laval. Get the most out of your butter-fat with a new De Laval. See your De Laval agent at once.

SOCIETY

Swilley-Martin.
Brady and McCulloch county friends of Odom P. Martin will be interested in the following announcement of his recent marriage:
Mr. and Mrs. M. F. Swilley announce the marriage of their daughter
Leita Morena
to
Mr. Odom P. Martin
on Monday, December twenty-fifth nineteen hundred and twenty-two
Brownsville, Texas
At Home
Brownsville, Texas
after January first

Mr. Martin is a well-known ex-Bradyite, having spent practically his entire youth here. He is a son of Mr. and Mrs. John P. Martin, who moved to Brady from Sonora when Odom was yet a small youngster. In recent years, Odom has been employed in the oil fields of Old Mexico and Southwest Texas. He is a young man of substantial worth, and is popular with all who know him. His many friends here will be pleased to hear of his happy marriage and to wish him every happiness and success.

Five Hundred Club.
Mrs. B. L. Malone entertained on last Friday afternoon with two tables for the Five Hundred club. Members present were Mesdames J. S. Anderson, J. G. McCall, Harry W. Lindley, P. B. Malton, Herbert L. Wood, C. T. White. Guests were Mesdames Wm. D. Cargill Dick Winters.
In the series of games, high score and club prize was awarded Mrs. Anderson and Mrs. Winters received guest prize.
The hostess served a salad and hot chocolate.

Friday Forty-Two Club.
At its last meeting, the Friday Forty-two club was entertained jointly by Mrs. N. G. Lyle, Jr., and Miss Mozelle Glenn, with a night party at the home of the former. Five tables were set for "42," which was participated in by members present as follows: Mr. and Mrs. Edd Broad, C. P. Gray, H. R. Hodges, J. E. Shropshire, Lee Vaughn, T. Gray; and guests: Mesdames O. E. Bates, W. J. Day, Frank Matthews, Frank Britton of Mexia; Miss Inez Day of Fort Worth; Messrs. Gus Carlson, Louis Glenn.
Refreshments consisting of a salad course were served.

Camp San Saba Demonstration Club.
The Camp San Saba Demonstration club met with Mrs. Marshall J. Bean on Wednesday afternoon, January 3, 1923, from 2:00 till 4:00 o'clock. Miss Bess Winters, the Home Demonstration agent was present and gave a lesson in making dress forms. After this a short social hour was enjoyed.

Members present were Mesdames J. W. Turner, E. D. Rivenburg, F. W. Otte, G. A. McLane, S. M. Fleming, E. T. Williams, T. M. Ball, E. H. Elliott, Arthur Leifeste, J. D. Green; Miss Willow Vanpelit; Visitors: Mrs. P. W. Appleton, Miss Ruby Williams.
Mrs. Marshall J. Bean, Sec'y.

Our Thanks.
Altho' we were away from home to say good-bye to 1922, and step into the happiness or sorrow that 1923 shall bring to us, we thought kindly of you; we had labored and associated with, in the past, and feeling you had all reciprocated fully for all service rendered. So, indeed, we were surprised on our return to find your kind remembrance to us in the way you loaded our pantry with the good things of this life. So we employ this method and extend to all our thanks and best wishes to all. May Jehovah's richest blessings rest upon you. As we grow older may we grow more happy and wiser with each season, and spend more time in preparing for the elysium of the Great Beyond.
Sincerely,
S. W. ALFORD.

Moisteners. The Brady Standard.

LOCAL BRIEFS.

Mr. and Mrs. W. S. Pence are rejoicing over the safe arrival on Tuesday night, January 9th, of a fine son, weighing eight pounds. The new arrival has been named Winfield Scott, Jr., and promises to grow up to be as splendid a citizen as the great American for whom he was named.

Victor Jacobson was in Brady this week getting about rather painfully on improvised crutches Victor says his misfortune arose when he attempted to drive some horses left at Melvin by A. T. Eklund, to the J. A. Eklund place. As one of the horses passed Victor, it kicked him twice on the left leg before he could move out of the way. Fortunately, both blows were more or less glancing, or the injury would have been far more serious.

POINTED PARAGRAPHS.

Silver dollars at the rate of 200,000 a day are being coined at the United States mint at San Francisco.

Huskies, the half-wolf, half-dog animals used as sled dogs in the Far North, are now selling at \$100 each and up, in Northern Canada, and first-class animals are hard to get at any price. Good breeding stock is at a premium and a single one costs several hundred dollars, or as much as a good horse in the States.

A nine-passenger airplane is used by Captain Roald Amundsen, discoverer of the South Pole, in his attempt to drift past the North pole with the Arctic ice pack. The plane will be used in scientific expeditions, while on the trip.

Girls in the Fargo, North Dakota, high school have been instructed to wear graduation dresses at least four inches below the knee this year.

Anthrax germs in wool, still in bales, can be killed by an electric ray which produces a wave capable of destroying tetanus germs in 60 seconds, cholera germs in 15 seconds and bacillus coli instantaneously.

Lloyd George warned against excessive ambition when he said, "the mountain of fame has great responsibility, the higher you climb, the colder and lonelier it becomes; you are exposed to every attack of the elements, also it is necessary to deny yourself the comforts of peaceful home life."

New nitrate beds, 11 feet below the surface and containing 20 to 40 per cent of nitrate, have been discovered in Chili. The deposit covers a district of 2,000 square kilometers.

Street cars in Paris may be eliminated because they cause traffic jams. Committees are considering the financial problem involved in supplanting the trolley cars with motor buses.

A company has been incorporated to provide rigid airship service within America and later to link America with the rest of the world by aerial routes. The first dirigibles will be built in Germany. It is expected that service between New York and Chicago will be established before the end of 1923 with two ships, each designed to carry 100 passengers and 30 tons of express and mail matter. Helium gas and a substitute for gasoline will be used.

There are now more than 700,000 radio receiving outfits in the United States. Nine months ago there were fewer than 50,000.

Synthetic camphor, made from the turpentine of the pine forests of the South, is expected to remove Japan's control of the supply. The new process does not require elaborate machinery and can be made in plant units, and a by-product, which is the result of this synthetic treatment, has a commercial value almost equal to the cost of the original turpentine.

The Fascisti of Italy forced each landowner to hire a stated number of laborers for every hundred acres of land he owned or operated. This was done to abolish unemployment and increase production.

Contractors who own the site on which London Bridge is built threaten to remove it, offering to set it up again in another place. To which proposition, lovers of old London reply, "A monument is not of masonry alone; it is the masonry plus the site."

More than 700,000 pounds of honey was harvested in British Columbia during 1922.

The first form of an automobile made its appearance in the United States in 1795, according to an advertisement appearing in the Columbian Sentinel of Boston, October 14, 1795. It was heralded as the first moving carriage to appear in this country and the admission charge was three shillings.

PERSONAL MENTION

Mrs. G. R. White returned Tuesday from Cleveland, Ohio, where she had been a guest of her mother since during the holidays. Mr. White accompanied her upon her return.

Mrs. J. D. Branscum this week enjoyed a visit from her sister, Mrs. J. D. Miller, of Richland Springs, who was accompanied here by Mrs. C. H. Bentley and Mrs. J. B. Coffee.

Mr. and Mrs. C. C. Dawson of Dawson, Texas, are spending a week or so here looking after improvements on their newly-purchased ranch in the Melvin community.

And to the Point.
"Did any one comment on the way you drive your new car?"
"Yes, one man made a brief remark: 'Twenty dollars and costs.'"

Within Reason.
Just as the guards were leading his client away, the lawyer stopped and shook hands sadly with the recent defendant.

"I'm sorry I couldn't do more for you, old man," he apologized.
"Don't mention it, sir," replied the prisoner politely. "Ain't five years enough?"

PHYSICIAN WINS IN DESPERATE BATTLE

Bringing fifty years of experience and research to bear on the subject and working night and day in his laboratories, Dr. Barbee, of Seymour, Texas, has won a battle against one of the most dreaded diseases to which suffering humanity is subject and announces the product of his labors in the form of a guaranteed cure for Puerperal. What this means to the world can be understood only by those suffering from this malady. Dr. Barbee's remedy has been on the market for several months and hundreds already bless his name. For sale at your druggist's.

USE RUMFORD
for
Successful Baking
Rumford never spoils a baking. Every ounce of it is a uniformly dependable leavener. With Rumford, even the inexperienced produce perfectly raised, light, digestible baked foods—good to look at, delicious and nourishing because of the Rumford phosphates.

The Most Talked About and Successful Story of the Past Year

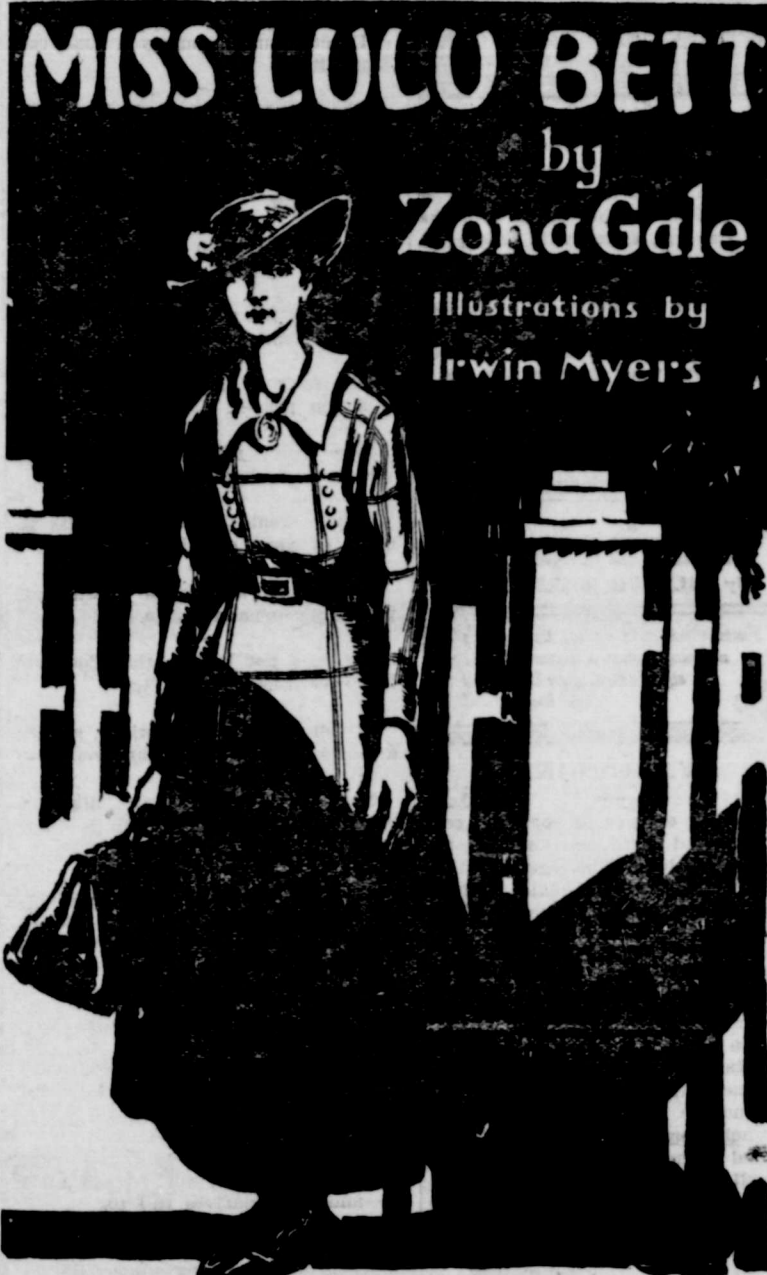

LULU BETT

Is a Great Human Interest Serial

The immense popularity and extensive publicity gained by the book caused it to be followed by a dramatized version which won the much coveted Pulitzer prize as the best American play of the year 1921.

This most talked about story of American small town life has just been released for general serial publication. Millions of people who have not read the book or seen the play are familiar with the name of Lulu Bett. They will welcome the opportunity to read this great story in The Brady Standard. Read the story; then give us your opinion of the duty of the more fortunate towards a poor relation. Is it better for the poor relation to work for strangers or for relatives?

"Here, most certainly, is a work of genius and it is going to last a long time. Real American stuff, naked and unshamed."—Meredith Nicholson.

"Of all American novels received in the last six months, Zona Gale's 'Miss Lulu Bett' seems at the top of the list."—Heywood Brown, in New York Tribune.

"A story that is certain to appeal to every reader who enjoys real human beings in the pages of a novel. Throughout the tale runs a shining line of humor, warming the whole book."—Hildegard Hawthorne, in Chicago Daily News.

A portrayal and an arraignment of a certain type of married life; a thrilling presentation of the problem of the poor relation; the most talked about and successful story depicting small town life. Read it, and afterward we shall be pleased to have your views concerning the problems.

SELECT SERIALS

In fulfilling its mission as a complete newspaper for the home, The Brady Standard, in addition to giving the home news, has endeavored to provide enjoyable reading by selecting the season's best serials for reproduction in its columns.

DURING THE PAST YEAR, THE STANDARD HAS PUBLISHED FOUR COMPLETE NOVELS, EACH OF WHICH HAD A REGULAR RETAIL SELLING VALUE OF FROM \$1.50 TO \$2.00 PER VOLUME.

Do you remember those two first great stories we printed—"The Girl, a Horse and the Dog," and "Storm Country Polly?" They were the best stories of the year. Many a reader has confessed to us that he sat up until late at night to read these stories after once starting them. A number have come to our office and begged us to let them have story, but that he had not started it until until the next installment of the story appeared. One man, not ordinarily given to emotion, came in and asked for missing copies, stating that his wife was reading the the advance sheets as they could not wait one idle day, when he had nothing else to do. At once he became so interested that he wanted the story complete, and could scarcely wait for its conclusion.

Two other splendid stories were included in last year's offerings, "The Mardi Gras Mystery," and "Periwinkle House," the latter being completed in Tuesday's issue.

Watch for the opening chapter of "Lulu Bett," next week, and read the story with the assurance that it will prove one of the most absorbing you have ever seen.

CHIROPRACTIC

(KIRO-PRACTIC)

I have been taught that it is my solemn duty to help all mankind to the joy that goes with a robust constitution.

Chiropractic is my specialty, and I have been trained to apply its famous principles directly to humanity in order to help nature restore my patients to perfect health and happiness.

There is no wealth great enough to compensate them for a life filled with poor health and suffering. You will get neither drugs, surgery, nor osteopathy, but straight Chiropractic.

It's my purpose to adjust the cause of your illness.

It is also my purpose to give preventive adjustments in order to make you less liable to a disease attack. I have yet to find a perfect spine in an adult human, and I believe that certain abnormalities in your malady—whatever may be the reason for your sickness and however long it may have endured—Chiropractic can just as easily be your salvation as it has been to millions of others.

It does not require your implicit faith in order for it to benefit you. The fact that the segments of your spine are out of alignment is no fault of your own—but I can help restore them to normal position.

Don't wait until you get sick or worse. Come to my office today.

An Accustomed Burden.
All the pall-bearers were bankers
At the funeral of Silas Gow.
"We carried him all through life,"
they said.
"And so we will carry him now."
—Wayside Tales.

No Worms in a Healthy Child.
All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or diabol the worms, and the Child will be in perfect health. Pleasant to take. 50c per bottle.

Closed Cars That Endure

Studebaker enclosed bodies give years of satisfactory service—sturdy one-piece ash pillars extend the full height of the body; wind and rain and sun, and a decade of use will never warp the panels; doors shut positively and accurately; protection is afforded against rattles, squeaks and dust, and the wide doors make it easy to get in or out.

They are beautiful and in good taste, inside and out. They are as comfortable as your favorite easy chair—painstaking craftsmanship makes that possible.

Naturally Studebaker closed cars are completely equipped—for the same reason that your living room is completely furnished.

When you buy a Studebaker closed car, you buy a body that is worthy of a Studebaker chassis.

There is not the slightest compromise in either—in design, materials, workmanship or appearance.

Depreciation is therefore low and satisfaction with Studebaker closed cars universal.

Studebaker has built quality vehicles for 71 years—and that high quality standard will never be sacrificed.

THIS IS A STUDEBAKER YEAR

Mrs. Rex Ingram

Mrs. Rex Ingram, better known as Alice Terry, the "movie" star, is regarded as one of the most beautiful women in pictures. She is rather above medium height; her skin is like silken damask, tinted with rose pink. Her face is of the sort that painters and sculptors are reputed to go mad about. Her charming oval face, her mass of spun gold hair, eyes of ravishing blue, a nose of Grecian contour and a mouth that suggests nothing if not crushed cherries, is the description of the artist whose most recent picture is here shown.

"What's in a Name?"
By MILDRED MARSHALL
Facts about your name; its history; meaning; whence it was derived; significance; your lucky day and lucky jewel.

EVANGELINE

THE very essence of poetry is captured and held imprisoned in the name Evangeline. The legend of that beautiful and unhappy maiden whose fateful wanderings were immortalized by Longfellow surrounds the name with romance and charm beyond all other feminine names.

Evangelina is derived from the Greek and signifies angel-like. It also has the translation "happy messenger," since it comes from the Greek word meaning well, happy, combined with another word meaning moving; the whole forming Evangelus, bearer of good tidings. The term applied originally to a shepherd who brought to Ephesus the tidings of a quarry of beautiful marble for the building of the temple that was the glory of the city and of Asia. Adorned with heroic honors as he was, the title must have seemed to the Ephesian Christians to fit those spiritual shepherds who brought the best of tidings and Evangelists became the term for preachers.

Evangelista was an old Italian name and Longfellow seemed to have borrowed it and invented his Evangelina purely for use in his poem. It is from his adoption that all the American Evangelines are derived, so it may perhaps be called the purest American feminine name which we have. Certainly Longfellow has described an ideal American girl:

"Fair was she to behold, that maiden of seventeen summers,
Black were her eyes as the berry that grows on the thorn by the wayside,
Black, yet how soft; they gleamed beneath the brown shade of her tresses,
Sweet was her breath as the breath of the kine that feed in the meadows,
When in the harvest heat she bore to the reapers at noon-tide,
Flags of home-brewed ale. Ah, fair in sooth was the maiden,
When she had passed it seemed like the ceasing of exquisite music."

Evangeline's talismanic gem is the ruby, that warm pulsing stone which is said to be an elixir of great potency for the wearer. Its medicinal qualities were held in great esteem by the ancients and from it the potion known as "ruby elixir" is said to have arisen. To dream of a ruby signifies unexpected guests. The lily, denoting purity, is Evangeline's flower. Tuesday is her lucky day and three her talismanic number.

Reasonable.
Mistress—I am very well satisfied with you, Annie, and am going to let you off every Sunday afternoon instead of every other.
Maid—But, ma'am, then I'll have to ask you for more money to have a better time on.

A LINE O' CHEER

By John Kendrick Bangs.

A GLORIOUS THOUGHT

I HAVE a thought that takes me through
A deal of bleak and stormy weather,
There is no scene so black with rue
That will not find the skies all blue,
No task so great for me to do,
When God and I meet it—tegether!
(© by McClure Newspaper Syndicate.)

THINGS TO THINK ABOUT

If folly ease your soul, be a fool.
—
Who loves his landlady shall inherit the stars.
—
Life loves its lollypops, and hates alarm clocks.
—
A deep sigh may also mean indigestion.—Richmond Times-Dispatch.

WORDS OF WISE MEN

Maintain the place where thou standest.
—
Labor is light when your heart is in it.
—
He teaches me to be good who does me good.
—
Deserve success and you shall command it.
—
The man who knows the least talks the most.
—
He is not laughed at who laughs at himself first.
—
He that bringeth a present findeth the door open.
—
Spirit is the root of all things, eternally the same.
—
The fruit of labor is sweeter than a stolen peach.
—
Our worst misfortunes are those which never befall us.
—
If you would know your faults inquire of your enemies.
—
Boil your knowledge down into practical common sense.
—
He does not believe that does not live according to his belief.
—
If you have done an injury, go like a man and acknowledge and repair it.
—
The slave, the idler are alike unblest. In loved labor only is there rest.
—
There is always sunset and sunrise somewhere. The sun goes round the world preceded and followed by a heaven of glory.

MODERN HOMILIES

Propinquity may account for many marriages, but it is responsible for even more divorces.
—
Different people have different ways of giving us pain; our friends leave us—and our relatives fall to.
—
It has taken Satan thousand of years to reach his present technique; yet the latest arrivals from the earth can always show him a thing or two.
—
Eternity is almost beyond human comprehension; imagine, if you can, a period so long that it would allow a man to save enough cigar coupons to get a piano or a motorcycle.
—
People seldom turn maxims over and look at them from the back. It is easy to believe that great oaks from little acorns grow, but it is quite as easy to believe that little acorns from great oaks grow.—Edwin H. Blanchard in the New York Sun.

TALES OF U. S. TOWNS

Providence was the first city in the United States to have open-air schools.
—
St. Louis covers 62½ square miles, and has 657 miles of paved streets.
—
Pittsburgh, it is said, stands on ground once given in exchange for a violin.
—
Seattle is to have a school of criminology, the first, it is said, in America.
—
Los Angeles has a higher death rate from motor vehicle accidents than any other western city.
—
New York city has 3,686,935 dwellers in apartments and tenement houses and only 1,070,948 in private dwellings.
—
Bridgeport, N. J., claims to be the bachelor paradise. Of its 15,000 population.

BIRDS, BEASTS AND FISHES

Carrier pigeons never take food while flying.
—
The female turbot lays 8,500,000 eggs annually.
—
The camel has twice the carrying power of the ox.
—
The egg of an ostrich is equal to 21 hen eggs.
—
Parrots have been trained to talk by the aid of the phonograph.
—
Sea cows of the tropics thrive equally well in salt or fresh water.
—
The sturgeon's air bladder is the principal source of isinglass supply.
—
The jellyfish eats by wrapping itself around its food and absorbing it.

"Tempis Fugit"

He complained that he frequently had to wait as long as five minutes for "Central" to answer his telephone—

But a series of tests on his line showed that his longest wait was 19 seconds—which happened in an unusual rush of calls during the busy "peak load" hour. His average waiting time was much less than that.

He meant the operator no injustice, because the wait actually seemed like five minutes to him. "Time Flies," they say—but they should have added "excepting when waiting at the telephone." And, even then, it isn't nearly as long as it seems!

The average year around "answering time" of the operator on a telephone call is six seconds or less!
