## THE HEART OF TEXAS WANTS TEXAS TECH

### COUNTY-WIDE BASKET PICNIC AND ENTERTAINMENT AT BRADY JULY 4TH

BRADY MUNICIPAL BAND, WITH CO-OPERATION OF CITIZENS, WILL SPONSOR CELEBRATION AT BRADY TOURIST PARK—BIG AMUSEMENT PROGRAM.

All plans are set for a big county-wide basket picnic at Brady Tourist park, in connection with the celebration of the glorious Fourth of July next Wednesday. The big affair will be sponsored by the Brady Municipal band, and has the active support and endorsement of the Brady Luncheon club, the Brady Chamber of Commerce and the Brady citizenship in general. A big amusement and entertainment program is now being arranged, including many novel features. Included in the entertainment offered will be band concerts, patriotic addresses, fast horse races, pony and burro races, trap shooting events, swimming and diving contests, lecture on Red Cross life-saving methods, base ball, and radio reports on the big Jack Dempsey fight.

Since the idea of having a grand get-together meeting for all the citizens of McCulloch county and neighboring points was first mentioned, the plan has grown in popular favor, and when the band boys decided to get behind the movement, it went over with a bang!

Edd Broad, who originally suggested getting everybody together in a big Fourth of July celebration, has offered use of his picnic grounds across the creek from the tourist park, where an abundance of inviting shade, splendid grounds for a race track, the trap-shooting and other amusement events is had, and the construction of a foot bridge across the creek will make the tourist park and the Broad grove readily accessible to the crowds.

#### Everybody Bring Well-Filled Baskets.

Everyone, young and old, from far and near, is invited to come and join in the day's celebration. Come, let's all be one and united on this great occasion. Bring your baskets well-filled with good things to eat, and let's have one more big celebration and day of rejoicing. There will be an abundance of ice water, and the Band boys will have refreshment stands on both sides of the creek so that no one will want for anything cold to eat or drink.

#### Lots of Entertainment.

From the opening band concert on the square until late at night, there will not be one single dull moment. The band boys will give their opening concert on the public square at 9:30 a. m., and then march to the Tourist park, where patriotic addresses, songs and readings will fill out the morning.

Following the big basket picnic, which will be spread in the tourist park, where tables and seats are available, the afternoon will be replete with amusements so varied as to appeal to everyone. Joe Lyle has kindly agreed to set up his radio outfit at the picnic grounds, and by means of his Magnavox loud speaker, a splendid program is assured, and which all will be able to appreciate. The fight returns on the big bout between Jack Dempsey and Gibbons at Shelby, Mont., are expected to be part of the radio program for the afternoon.

Then there will be racing between some fast horses gathered from all through this section—and lovers of good horseflesh will see a revival of this great sport that will make their blood tingle. \$100 in purses will be offered. The races, as well as practically all the other stunts, will be held on the picnic grounds. Pony and burro races are also scheduled.

Trap-shooting will be an unusual entertainment provided, and local devotees of the sport are anticipating a great time with the clay pigeons.

Arrangements are now being perfected to have a first-class base ball game as a feature of the occasion, more detailed announcement of which will be made later.

#### Diving and Swimming Stunts.

Another big feature will be the diving and swimming stunts to be staged at the swimming pool by classes of both boys and girls. There will be racing, underwater swimming, fancy form diving off both the high spring board and the chute. One of the biggest of the sensational stunts will be the diving by Leon Hoffman into a pool of fire. Gasoline will be spread over the surface of the pool and ignited, and Hoffman will essay diving into the lake of fire.

#### Demonstration Life-Saving Methods.

At 6:00 p. m. young Hoffman will give a lecture and demonstration of reviving persons apparently drowned. He will illustrate the best method of carrying helpless persons out of the water; how to break strangle holds of the drowning; what to do when attacked with cramps, and all such helps and aids as may be necessary in cases of rescue from drowning.

### Here's to Old Glory

#### Unique Band Program.

The band, of course, will be right there to make music and add to the enjoyment of the occasion, and will offer a most unusual program. There will be instrumental solos, duets and quartets, the newest songs and instrumental hits, and as a grand finale, the band will play "The Musician's Strike," which is guaranteed to be one of the most astonishing of performances.

#### Nite Fites.

The band and the American Legion can be counted on to arrange some big bouts for the night program. The squared circle will be moved out to the Tourist park, and special illumination will be provided so that everyone present will get a splendid view of the big events. Don't miss the fights and the various matches—the Legion boys are bringing some good red-blooded sport to Brady and want your co-operation and support.

### POISON ONLY WAY TO KILL HOPPERS SAYS GOVERNMENT

ABILENE, June 26.—All attempts to rid the country of grasshoppers by impregnating them with disease germs have failed, West Texans were informed today by Congressman Thomas L. Blanton, who was asked to find out if any system whereby the pests might carry the seed of their own destruction had been devised.

The government's standard method is the use of poison, Mr. Blanton was informed by the Washington authorities.

Olive branch will not longer serve as an emblem of peace; there's oil in it.—Wall Street Journal.

#### BEAUTIFUL SACRED SONG COMPOSED BY MRS. NOVIE DODGE MILLER IS PRINTED

The Standard herewith reproduces a sacred song, dedicated to the Savior of humanity, and which was composed by Mrs. Novie Dodge Miller. As our readers will agree, the song is beautiful in sentiment and in form. Mrs. Miller has also composed the music for the song, and her rendition of the same is declared by Mrs. Swenson to be very beautiful and touching.

The riveters in the boiler factory are threatening strike. They point out that, while the jazz-pounder gets \$15 a day, they get only \$10.—Minneapolis Journal.

#### YES, HE'LL BE THERE.

I saw a Form, nailed on a tree,  
It was for you, It was for me,  
He bore the cross, He carried the load,  
He did triumph there with His God.

#### REFRAIN.

Yes, He'll be there, to guide and cheer  
Then we'll abide close by His side,  
Yes He'll be there to comfort, cheer,  
Our Savior, Lord, yes He'll be there.

Sometimes it's dark, sometimes it's clear  
He wants us all, because we are dear,  
He's waiting now, He's looking still,  
For us to come, of those who will.

Some daggers in His side were thrust,  
He bore it all, unto the last,  
Held "high the torch," He led the way,  
O, Lord, we'll meet You there some day.

On Calvary's road, 'twas there He fell  
Because He came here for to tell,  
That God Supreme does reign on high,  
He told us so, and that is why.

A circle on His brow was placed,  
With briars and thorns it was interlaced,  
The blood did stream, that was his fate,  
O, Lord, we'll meet You at the gate.

—NOVIE DODGE MILLER.

He was wounded for our transgressions,  
He was bruised for our iniquities,  
The chastisement of our peace was upon Him;  
And with His stripes we are healed.  
—Isaiah, Chapter V, Verse 5.

### ROAD IMPROVEMENT AND IRRIGATION PROJECTS

A committee of Brady citizens composed of County Judge Evans J. Adkins, Wm. D. Cargill, Sam McCollum, County Engineer Ed A. Burrows and County Agent Geo. E. Ehlinger, accompanied by Elmer Baze and E. T. Jordan of Melvin, and Carl Runge of Mason, were in Austin the first of the week on both road improvement and other incidental missions of interest and importance to McCulloch county.

The Brady delegation appeared before the highway commission seeking Federal and State aid in the building of the 4.7 miles of road running from the San Saba river to the Mason county line, and which now is all but impassable. The Melvin delegation sought aid on eight miles of road in the Melvin district. The committee were given a favorable hearing, and returned very enthusiastic, stating the highway department evidently was convinced of the great importance of this road improvement, since they had instructed District Engineer Porter to go over the McCulloch county project at the earliest possible moment and report to the highway board at its July meeting, when action will be taken.

#### Reclamation Survey.

While in Austin, the committee took it upon themselves to visit the State Board of Water Engineers to urge the building of a dam for an irrigation project on the Colorado river in the Waldrip vicinity. Engineer Burrows, who has given irrigation and reclamation of McCulloch county lands much study, pointed out that a dam above Waldrip would not only enable irrigation of land immediately adjoining, but the whole fertile Lohn valley as well. As a result of their visit and able presentation of the case, the committee returned with the assurance that when the general survey of the State for irrigation, reclamation and control of flood waters is made, engineers would be sent to McCulloch county to include the local project in the survey.

The Melvin delegates appeared before the State Railroad commission to urge the leveling of the Santa Fe roadbed across the Melvin square.

The Boers in South Africa have what they call "dance down" parties. These dances start some time in the forenoon and last until long after midnight. The couple which dances longest without taking any rest is declared to have "danced down" the others.

**FIFE FINDINGS.**

**W. D. Bradley Has Operation—Pear Burner Best in Fighting Hoppers.**  
Fife, Texas, June 26.  
Editor Brady Standard:  
W. D. Bradley was stricken with appendicitis Wednesday of last week and was operated on possibly the same day at Brady. He is reported doing all right at this writing, Monday. He is 12 years old, and was always healthy. We hope he will be up and able to ride his pretty paint pony real soon.  
There is an epidemic going thru the country this week; quite a few have been in bad health.  
About twenty of the Fife people went fishing Thursday the 21st to the San Saba. They caught some fish and all had a fine time. R. K. Finlay, Jr. went down Saturday night and returned with the party Sunday.  
The hoppers are coming fast and furious again. The people ought to all go one day and fight them back and keep up a regular Hindenburg line and save all the cotton. A few men fighting them have about as much chance as a one-legged man in a foot race. The pear burner with about 15 hands is the most successful way to get them; at night you can pick them off the trees like picking plums. We have got to get them some way.  
"JAKE."

**Coal Is Cheapest Now.**

Order your winter coal supply now, while the price is lowest. We are now filling bins on summer price schedule. Macy & Co.

**COW CREEK NEWS.**

**Oats Turning Out Fine — Hoppers Are Still Plentiful.**  
Lohn, Texas, June 26.  
Editor Brady Standard:  
We will try writing again after quite an absence. A good rain in this part of our country would be appreciated, especially on the feed and pastures. We still have plenty of hoppers and they seem to be with us to stay.  
T. A. Wyres and Jack Roles returned Monday from Bell county.  
Mr. and Mrs. Collins of Fife spent Sunday with Mr. and Mrs. J. S. Wyres.  
Mr. and Mrs. Cary Marshall visited Mrs. Allie Sunday.  
The Moore Bros. began work last week with their thresher and the oats seem to be turning out fine.  
Mr. and Mrs. Robert Shepherd of Christoval visited the lady's parents, Mr. and Mrs. S. B. Turner last week.  
Miss Opal Marshall, Miss Annie and Dorothy Liverman visited Jewel Lang Sunday.  
Well, I believe this is all for this time.  
"WILD FLOWER."

**Seeks Aid in Finding Mother.**

The Standard has been requested to give publicity to the following letter received from Mrs. Lizzie Harbin of Proctor, Texas, who writes for information concerning her mother, who formerly was Miss Nettie Meeks. The letter reads as follows:  
"Proctor, Texas, June 14, 1923.  
"To any of the Meeks'  
"Dear Sir:—I will write you a few lines to see if I can find my mother, Nettie Meeks, before she married the first time and she married Jeff Kincaid the first time she married and I don't know who she married the second time. She is my mother. I want to come to see her if I can find her. Let me know at once if you know anything about her. So I will close.  
"Write at once. My name was Kincaid and I married R. A. Harbin. My address is: Mrs. Lizzie Harbin, Proctor, Texas."

**No Worms in a Healthy Child.**

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC gives regularity for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or digest the worms, and the child will be in perfect health. Pleasant to take. 6c per bottle.

**LIGHTNER COMMENTS.**

**Largest Crowd Ever Assembled At Melvin At Noyes Funeral.**  
(Too late for last week.)  
Whiteland, Texas, June 18.  
Editor Brady Standard:  
Ed Hale and family were in Melvin Saturday shopping.  
Miss Eula Zimmerman spent Saturday and Sunday with Miss Esther Jones.  
Mr. James and family of Whiteland was the guest of Mrs. Wilkerson Saturday.  
Mesdames Zimmerman and Carpenter were in Melvin Sunday for the Children's Day program which was rendered at the Methodist church.  
Miss Mary Cooley was the guest of Hallie Taliaferro of Melvin Sunday.  
Frank Fields and family were in Melvin Sunday.  
Maud J. Taliaferro and families were in Melvin for funeral services of Mr. Noyes Sunday afternoon.  
The largest crowd that has ever been known to gather for funeral services gathered Sunday to pay their respect to Mr. Noyes whose body was interred in Melvin cemetery Sunday. He had a great host of friends, both rich and poor, liked more by those whom he dealt with, a great friend he was to those who were in need, aiding in case of sickness and trouble to the needy and never wanting praises and honor, knowing the deed done was lending aid to the needy. Everyone extends their sympathy to the wife and daughter for none can fill the vacancy of father and husband to the lonely women as he.  
Ace Turk and family were in Melvin Sunday.  
Marvin McDonald and wife also Mrs. Nolan McDonald were the guests of Mr. and Mrs. C. D. Zimmerman Tuesday night.  
"FLOWER BELL."

**PROFIT BY THIS.**

Don't Waste Another Day.  
When you are worried by back-ache;  
By lameness and urinary disorders—  
Don't experiment with an untried medicine.  
Follow Brady people's example. Use Doan's Kidney Pills. Here's Brady testimony.  
Verify it if you wish.  
Mrs. J. M. Anderson, says: "Quite a few years ago I suffered from backache and my back was sore and lame a good deal. I had bad spells of nervousness and the action of my kidneys was irregular. Mornings I was tired and lame. I heard about Doan's Kidney Pills and I am glad to say their use brought me great relief. Occasionally now I take a few Doan's to keep my kidneys in order and I find them to do good work."  
Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Anderson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

**Miss Mollie Barns Elected Teacher for Next School Term.**

Whiteland, Texas, June 24.  
Editor Brady Standard:  
Cotton in our community is looking splendid.  
Hoppers are migrating and are dying, which is very encouraging to the farmers.  
Little Miss Daisy Mae Bailey of Menard was the guest of her cousin, Eula Zimmerman last week.  
Mr. and Mrs. Riley Cox of Menard were the guests of Mr. and Mrs. Ace Turk Sunday.  
News from Ernest Gorms who is now near Ineino, Mexico, reports everything in that country flourishing. Ernest is a good, reliable fellow and we hope he will prosper on his new farm.  
Ray Jones and wife of Melvin spent Saturday night with C. D. Zimmerman and family.  
Mr. Henderson of Junction was the guest of Ed Hale Wednesday. He reports the hoppers are getting bad in the country between here and Junction.

Messrs. John R. Jones, Terry, Manuel and Jewell Hogan of Melvin were in our community Saturday afternoon.  
Clarence and Homer Garms and Arthur Dooley motored to Melvin Saturday evening.

The trustees have the teacher for next term, who is Miss Mollie Barns of Melvin. Miss Mollie is well recommended as we all know her to be a real, splendid young lady of high quality. She intends to make teaching a life's vacation. We are sure she will strive to teach the term to the best of her ability and the patrons of the school intend to cooperate with her.  
Eugene Priest motored to Melvin one evening this week.  
Quite a crowd of young people were entertained with a party Saturday night at the home of Mr. and Mrs. Zimmerman. A number from Whiteland and Melvin were present.  
"FLOWER BELL."

**"COLD IN THE HEAD"**

is an acute attack of Nasal Catarrh. Those subject to frequent "colds" are generally in a "run down" condition. Sold by druggists for over 40 Years.  
F. J. Cheney & Co., Toledo, O.

**NOVEL METHOD OF RIDDING FIELDS OF FLYING HOPPERS USED BY E. B. SCARBOROUGH**

E. B. Scarborough says he has a sure-fire method of ridding his fields of the flying hoppers. The plan is simply to take a rope about 60 ft. long, tie sacks every two or three feet; then two men on horse back drag the 60-ft. length of rope and sacks between them across the cotton fields, the ends of the rope being tied to the horns of their saddles. By dragging the field several times daily, the hoppers become so terrified they strike out for new territory without delay. Two men can take care of a 100-acre field a day, says Mr. Scarborough. He hired two men to cover his cotton field in this fashion, and after the second day's work, they found all the hoppers had vanished. Mr. Scarborough recalls that his father gave him such a task during a hopper invasion while he was a boy, and that lasting results were obtained then, as now.

**To Stop a Cough Quick**

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.  
A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.  
The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.  
Both remedies are packed in one carton and the cost of the combined treatment is 35c.  
Just ask your druggist for HAYES' HEALING HONEY.

**"HILL BILLIES" SUFFER DEFEAT BUT MAINTAIN HONOR IN GAME WITH REGULARS**

Tuesday a small bunch of base ball bugs were treated to a spectacular ball game, in which ex-baseball stars under the cognomen of "Hill Billies" suffered defeat at the hands of the Brady regular team. Although the score in the seventh was 12 to 7, making for bitter defeat, the "H. B.'s" had the happy satisfaction of knowing they had drawn first blood, when they tore loose in the second inning and pounded Pitcher Fuller for five hard-earned runs. The fact that the Regulars in the same inning tied the score dimmed the glory only slightly. Bailey Jones had charge of the "Hill Billies," Christellus being in the box and Ben Milam, popular traveling salesman, receiving all of Chris's curves without getting curvature of the spine.

"Big" Fuller and Lane were the batteries for the regulars.

**DISTRICT COURT TO MEET IN NOVEMBER AS RESULT OF ACT LAST LEGISLATURE**

As a result of an act passed at the recent session of the legislature, the fall term of the McCulloch county district court has been changed from September to the corresponding week in November.

Cases of interest that await grand jury action at the fall term are those of M. F. Starnes, Coleman county young man, recently arrested on a charge of transporting intoxicating liquor and who is now at liberty under \$1,000 bond, and that of Juan Carasco, a Mexican arrested the first of the month at Melvin on a charge of possession and sale of intoxicating liquors to minors. It is alleged the Mexican sold liquor to three boys aged from 12 to 14 years old, each of whom became intoxicated. Liquor was found on the Mexican's premises following search by officers. Juan was bound over in \$750 bail, which he furnished.

**CLASSIFIED ADS**

The Standard's Classy-Fl-Ad rate is 1 1/2c per word for each insertion, with a minimum charge of 25c. Count the words in your ad and remit accordingly. Terms cash, unless you have a ledger account with us.

**NEW HOTEL LAWS ARE IN EFFECT—VIOLATIONS DRAW HEAVY PENALTY**

New hotel laws became effective Tuesday. One of the laws, like a former law, makes it illegal to enter a hotel to obtain board, and to obtain such board or lodge by false pretenses, and leave without squaring the bill. The fine is heavy and jail sentence attaches as well. The hotel that permits intoxicating liquors to be brought on the premises forfeits the right to do business and may be forced to close by law. The fine is also very heavy, being not less than \$500 nor more than \$1,000. This comes under the head of public nuisances that may be abated.

We are now delivering coal on the new cheap summer prices. Order your winter coal today and save further worry. Macy & Co.

**ROBS CALOMEL OF NAUSEA & DANGER**

Medicinal Virtues Retained and Improved — Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity, purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water,—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large, family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—(Adv.)

**BRIEFLY TOLD.**

A flock of Rocky Mountain goats are allowed to roam about the buildings at the naval powder factory at Indian Head, Maryland. The goats devour the dead leaves and other inflammable rubbish, thereby protecting the powder house from fire.

The will of Stuyvesant Fish makes three children equal beneficiaries in the estate which amounts to about \$2,500,000. A sentence in the will reads as follows: "Having observed and always believed charitable bequests afford the testator a means of gratifying his vanity at the expense of his heirs, I make none."

A new cable, the largest ever laid in the Atlantic, will be laid by August 1, between New York and London. The route will be from New York to Nova Scotia, a distance of 1,000 miles. From Nova Scotia it will run to the Azores, approximately 1,750 miles. There it will connect with a cable already laid to Europe.

The Bow River in Alberta is so named because wood well suited for bows grows on its banks.

German buyers are boycotting the world-famed costumiers of Paris. The French designers admit that, since the occupation of the Ruhr by French troops, the import of French models by Germany has dwindled. Many Berlin firms are producing their own fashions which they present to the buyers by means of skillful mannequins.

At Tell-Nebi-Mendhi, in Syria, a large city of the Hittites, and at Djibrail, the Phoenician Byblos, are excavated fragments of large buildings and mummies which prove the presence of Egyptians in Syria during the third dynasty. These Egyptian colonists exported from there valuable varieties of wood.

Many Japanese are going to South America because of the American prejudice against them. The press of Japan is urging them to take advantage of the lenient immigration laws of the southern countries.

A slogan of the Zionist movement is: "Lead the people without a country to the country without a people."

**"TECH" LOCATING BOARD TO HAVE HARD JOB SOON**

Stamford, Texas, June 11.—Thirty-seven West Texas towns which will necessarily be left out in the cold when the locating board of the Texas Technological college makes its award, will have beneficiaries by having entered the contest.

The locating board will find it extremely difficult to pick the most suitable town for the college. Of course, that assertion will provoke a laugh in every one of the 38 contesting towns. As a matter of fact every contestant is sure that it alone has all the essentials for the location. But every one of the towns will have something in the way of advantage to offer that none of the others will be able to present. It's extremely difficult to get all the water, all the land, all the railroads, all the other facilities grouped in one spot.

**CHANGE OF LIFE**

**Florida Lady Was in a Miserable Condition, But Says She Found Cardui Helpful, and Got Well.**

Altha, Fla.—In explaining how she found Cardui so helpful during change of life, Mrs. Ella M. Bailey, of Route 2, this place, said:

"I became so weakened it was an effort for me to get around. I knew what was the matter, but I felt like I couldn't give up."

"I just dragged, and I certainly was nervous. I was so restless I could not sit down long—yet so weak I couldn't get about. It is a most miserable and such a helpless feeling."

"I would get depressed and out of heart."

"I began to feel, after awhile, there was no use to try to get well. This is all wrong, for it makes a person worse. I had heard of Cardui, and thought it might strengthen me. A neighbor had used it with good results."

"I took one bottle (of Cardui), then I saw I wasn't so nervous, so kept it up. Gradually the nervousness left me. I began to eat and sleep better. Was soon well, and all right. Cardui did wonders for me, and I certainly do recommend it."

Thousands of other women have written, to tell of the beneficial results obtained by taking Cardui, and to recommend it to others.

Sold everywhere. Try it. (C-148)

BRADY, TEXAS, June 29, 1923

HONEST INJUN.

WANTED.

An editor who can read, write and argue politics, and at the same time be religious, funny, scientific and historical at will, write to please everybody, know everything without asking or being told, always having something good to say of everybody else, live on wind and make more money than enemies. For such a good opening will be made (in the graveyard). He is too good to live.

SOME EGG.

It is amusing to hear Harry Schwenker of The Brady Standard and Bill Smith of the San Saba News crow over the eggs that the hens of their respective counties lay. Menard county hens don't even cackle when they lay no larger eggs than friends Schwenker and Smith boast, about. W. R. Walston, who lives 14 miles south of Menard brought an egg to this office Saturday that measured six and one-fourth inches one way and eight and one-fourth inches the other. This egg was laid by a pullet of the Rhode Island Red persuasion and is considered fairly good for her first attempt.—Menard Messenger.

Ever since we read in the Menard Messenger about a turkey ranch over there knee deep in young turkeys, and egg plants by the acre, we knew the Menard editor was due to get an egg as big as a corner-stone laid. But the most remarkable part is that all the aforesaid editor could hatch out of the egg was a yarn like the foregoing.

HOW TYPES GET TWISTED.

W. R. Hooper of Uvalde, father of A. R. Hooper of Brady, takes his local newspaper man to task for misquoting him, and the editor prints the following semi-humorous explanation, showing how easily it is to get type twisted so that opposite meanings are conveyed:

W. R. Hooper takes us to task for misquoting him in our last issue on his steer trade, when we reported that he had bought a string of steers and placed them in his pasture east of town in grass waist high and you could only see the end of their tails when they were swatting the flies. Hooper says this is an error that we did not understand him. "My recollection is that I stated I had bought a stringy bunch of steers and put them in my pasture and that the steers were waist high and that their tails touched the grass." You can see how easy it was for the newspaper man to get that mixed up.

THE CONSTITUTIONAL AMENDMENT.

On July 28, 1923, the people of Texas will vote on an amendment to the Constitution, which, if adopted, will authorize the State to take over the construction and maintenance of a State system of highways in co-operation with the Federal government. The adoption of this amendment will not give the legislature any additional taxing power and so will not make possible an increase in ad valorem taxes. The effect that it will have will be to authorize the State to take over the construction and maintain a State system of highways under the direct control and supervision of the State. At the present time the State does not have this authority, and until it is authorized to take over the State system of roads, the people of Texas can never have a connected system of highways.

There are at present about 180,000 miles of public roads in Texas. Most of the heavy traffic, however, uses only about 10 per cent of these roads or about 18,000 miles. Most of this traffic is State traffic. It is not purely local traffic. Using these figures as a basis, the State has designated about 18,000 miles of the most used public roads as a State highway system. The proposed amendment would place this 18,000 miles of road under the jurisdiction of the State, to be constructed and maintained by the State in conjunction with the Federal government. The 38th Legislature provided a method of financing this construction and maintenance by placing a one-cent tax on gasoline and by passing a motor vehicle law, which collects revenue on all vehicles, based on both weight and horse-power.

At the present time, Texas is receiving back from the Federal government for highway construction \$4 for every \$1 paid in Federal taxes for this purpose. Should the amendment fail to carry, Federal aid will be withdrawn, and future construction will have to be done entirely with State and county road by the costly bond issue method, and the Federal taxes will have to be paid just the same as before.

The adoption of the amendment will mean just this: A State system of connected permanent highways, permanently maintained.

The assistance of the Federal government in building these highways. The releasing of county funds and maintenance tax receipts for the construction and maintenance of county roads other than the State highways.

Greater protection to the taxpayer in two ways; the people will have to spend less money and they will get more value for the money they spend. The elimination to a large extent of the bad road tax in Texas. This bad road tax, which runs into millions annually, is what the people of the State of Texas are paying in damage to automobiles, wear and tear, destruction of tires, extra consumption of gasoline and the loss of time due to bad roads.

To insure all this the suggestion is put that all people of Texas vote for the highway amendment on the 4th Saturday in July, and thus obtain a system of permanent highways, permanently maintained.

This will not only mean a saving to vehicles of every description, but will cut the mileage distance to an extent which will be solidly appreciated by every person in Texas, and to no individual alone. It benefits everybody, and may mean the building up of communities that otherwise would go neglected without this magnificent system of permanently maintained highways.

Every voter has a voice in this system of highways, and has the right to vote for or against the proposition just as he chooses.—Stephenville Tribune.

PUNGENT PARAGRAPHS.

If air fliers ever become as plentiful as automobiles, it may be necessary to build concrete caves as ducking places for pedestrians.—Canton News.

If Russia would learn to be tolerant of religion, she should observe America's attitude toward the ceremonial dances of the Indians.—Baltimore Sun.

WHAT IS HAPPENING?

In one sense of the word, we get a pretty comprehensive view of what is happening. In another sense, we do not.

We know, for instance, about those riots in the Ruhr, about the arch-criminal they are trying in Moscow. We know who won the baseball games yesterday, and what movies are in town.

We know something about the stock market and foreign exchange. We know that Henry Ford may run for president.

We know that Los Angeles has just refused to build a big power plant on the Colorado, though a majority of her citizens voted for the project.

We know that President Harding is in a lot of hot political water.

We know that Al Smith has just signed the bill repealing the Mullan-Gage law.

We know about the oil prosecutions in Dallas and Fort Worth.

We know of a murder here, and an embezzlement there, and a suicide somewhere else—old stuff, paralleled every day in the year.

We know of a sale in this or that store, or an earthquake in Cardiff, of a dish washing Marathon, of a college professor dismissed because of his stand on evolution, of a fund for indigent cats, of a new style in hats, of an automobile accident, of a sucker buying the right to paint the Golden Gate.

Somewhere there is an artist painting a beautiful picture, possibly several artists.

Somewhere there are men and women writing wonderful new songs. Somewhere scientists are crossing another border line of ignorance.

Somewhere, in many places, common ordinary folks are doing fine things.

A million mothers watch by their children each night. A million fathers toil to give the next generation a chance.

A million grayheads drop out of sight, after having thought cleanly and constructively.

A million lots come dancing into the sunlight of consciousness. The doctor goes his rounds, collecting no pay in many cases.

The lawyer keeps his client out of court, saving money and avoiding trouble.

The man next door gives his neighbor a lift.

The ne'er-do-well hears the right word and goes to work.

The majority take care of themselves pretty well, mind their own business and never become burdens to society.—Houston Chronicle.

EVER NOTICE THIS?

Did you ever pause in the Panhandle Post Office long enough to take a squint at the waste basket, or the floor, shortly after a number of people have received their mail? If you have you were probably struck by the number of circulars and form letters and handbills that littered it up. In fact, you doubtless were struck with the fact that many of them had been thrown in the basket as soon as they were removed from the envelope, the recipient never even taking the trouble to give them a second glance.

But did you also notice that you don't see anyone throwing newspapers, and especially the home-town newspaper in the waste basket or on the floor? Did you notice that newspapers are always carried away instead of being tossed away. Well, right there is a mighty good argument in favor of advertising in the newspapers. The circular letter—a costly form of advertising—goes into the waste basket. The home-town paper goes into the home. Remember this, and spend your advertising money accordingly.—Panhandle Herald.

That is true the world over. A few days back a certain Clarendon merchant sent out some beautiful advertising matter that looked like a wedding invitation, but the waste basket at the Post Office got a third of them; the waste baskets and gutters of the city got another third of them, and maybe ten per cent of them finally got to their destination. People simply won't carry ordinary circular or card advertising past the waste basket, and today there are thousands of dollars being wasted all over the Nation in that sort of so-called advertising. Newspapers are always carried into the offices and homes and are read by every member of the ordinary American family, and newspaper advertising is the only recognized advertising by the great business concerns that base their expenditures on results only. The first time you get a piece of circular advertising, look in the waste basket at the Post Office. You will find an argument you won't soon forget.—Clarendon News.

**Hupmobile**

For 117,353 Hupmobiles in use in 1922—hundreds of them eight years old, and more—the cost for repair parts reached the remarkably low level of \$15.53 per car.

Probably no aspect of motor car ownership in this country has come in for as much comment as the almost fanatic loyalty of Hupmobile owners towards their car.

Now is revealed, in a way more startling and sensational than ever before, one of the secrets of this attitude on the part of our owners.

In brief, it is a cost on maintenance—a repair-parts cost average per car—so small that it is almost ridiculous.

For 1922, this average reached the remarkably low level of \$15.53 per car.

Today there are 117,353 Hupmobiles in use. The above average is the net result of the canvass of all the repair parts bought during 1922 for these 117,353 cars. The real significance of this figure is not that it represents but a trifle more than one dollar per month per car.

Rather it is that it covers, not only the current series, but all the Hupmobiles now in use.

Its real meaning becomes still plainer when you know our records show the average life of the Hupmobile to be eight years;

and that hundreds of Hupmobiles beyond that age are in useful service today.

(Research bureaus which have made careful study of the automobile industry, estimate that the average life of all automobiles is six years.)

If only the current series were included in the \$15.53 figure, that would be important enough to celebrate publicly.

But it becomes unprecedented, so far as we know, in light of the fact that it includes Hupmobiles which have been in service eight years and even longer.

Here is eloquent testimony to the way the Hupmobile is built—to the greater value and the longer life that goes into each and every part subjected to strain and wear. Here is the fundamental reason why the great majority of our owners merely change from one Hupmobile to another, and almost resent the bare suggestion that they change to another make.

Finally, here is the concrete, indisputable evidence that it pay to own a Hupmobile, as we have said again and again.

**Class Picnic.**  
Miss Pinkie Jones entertained her music class with a picnic at Dutton grove Wednesday from 9:30 to 5:00 o'clock.

The children amused themselves with swings, rope jumping and various games.

Refreshments consisted of a sumptuous dinner, ice cream and lemonade.

**Five Hundred Club.**

Mrs. E. A. Burrows entertained pleasantly with two tables of "500" on last Friday afternoon for members and guests of the Five Hundred club. Members present included Mesdames J. B. Granville, B. L. Hughes, Clyde Hall, N. G. Lyle; Miss Mozelle Glenn. Guests were Mesdames J. A. Maxwell, M. P. Wegner, Evans J. Adkins.

Refreshments of an ice course were served.

Miss Glenn entertains at the next meeting of the club.

**Dance Tuesday Night.**

The young folks enjoyed one of their occasional dances at K. P. hall last Tuesday night, a home orchestra furnishing so delightful a program of numbers that the dance continued until 2:00 o'clock in the morning, and with everyone declaring a most wonderful time had.

Those present included Misses Dorothy Wood, Marjorie McCall, Gertrude Trigg, Edythe Reed, Carmen Anderson, Vivian White, Georgia King; Messrs. Chas. Samuel, Royston Taylor, Robert Reed, Bill Vaughn, Jack Hampton, Hubert Adkins, Leon Hoffman, Vaughn White, Hardin Jones, T. C. Yantis; Mr. and Mrs. D. J. Wood; Mesdames J. G. McCall, Geo. White, J. S. Anderson, V. B. Deaton.

**Bridge Club.**

Mrs. D. J. Wood entertained with three tables on Thursday of last week for the Bridge club, with members

present as follows: Mesdames W. D. Crothers, H. B. Ogden, Bailey Jones, Edwin Broad, B. L. Malone, Jack W. Ragsdale, Sam McCollum, J. G. McCall. Guests were Mesdames H. M. Brannum, John Wall, P. B. Melton, Dick Winters.

Sunflowers and daisies furnished attractive decoration of the rooms. Delicious fruit punch was served during the games, while the refreshment course consisted of an ice and salted nuts.

In the series of "Bridge," Mrs. Sam McCollum received club prize and Mrs. Dick Winters, guest prize.

It was decided to hold future meetings during the summer at 9:30 a. m.

**Friday Bridge Club.**

Mrs. G. C. Kirk entertained on last Friday afternoon for the Bridge club, three tables being set for the afternoon's series of games. Sunflowers, daisies and zenias were used effectively in decoration.

In the series of games, Mrs. C. T. White received club prize for high score, and Miss Norma Samuel received guest prize.

The hostess served a salad course. Members present were Mesdames Ed Campbell, B. L. Malone, P. B. Melton, J. S. Wall, C. T. White. Guests were Mesdames D. J. Wood, W. R. Davidson, Wiley W. Walker, H. M. Brannum, H. B. Ogden, Lewis Brook; Miss Norma Samuel.

Mrs. Malone entertains tonight with the gentlemen as guests of honor.

**Forty-Two Club.**

Mesdames O. S. Macy, W. S. Hancock, A. H. Broad, L. Y. Calliham and Tom P. Wood were hostesses to the Forty-Two club on Tuesday night the party being held at the Tourist park, with the gentlemen as guests.

The party was given in compliment to Mrs. A. B. Carrithers who will leave soon on an extended visit in Oklahoma and Arkansas.

Seven tables were arranged for the games, and a most enjoyable time is reported.

Refreshments of cream and angel food cake were served.

Members present were Messrs. Macy and Mesdames A. H. Broad, O. S. Macy, L. Y. Calliham, Tom P. Wood, George W. Henderson, Will Russell, Will Kennerly, A. B. Carrithers, W. A. Jones, E. B. Newman; Dr. and Mrs. W. S. Hancock. Guests were Mr. and Mrs. Edd Broad, H. S. Snearely, Paul Johnson; Mrs. Bishop of Winters.

No meeting of the club will be held next week, but Mrs. Tom Wood will entertain the week following.

**Picnic at Tourist Park.**

A party of young ladies had a most enjoyable picnic at the Brady Tourist park Wednesday evening of last week. The picnic lunch was spread at 6:30, and following its thorough enjoyment the party came to town and enjoyed drinks before proceeding to the show.

Numbered among those in the party were Misses Oma Willoughby, Dorothy Ogden, Gertrude Gahagan, Mable Wilder, Eulalia Gavit, Ruby Gahagan, Frances Armstrong, and Miss Jennie Banister, chaperon.

**Bevans-Pennington.**

Brady friends of the young lady will be interested in the following marriage announcement which appeared in the Brownwood Bulletin the past week. Mrs. Pennington has visited in Brady many times, and by her lovable character and sweet womanly qualities has won a large circle of friends and admirers. The announcement reads:

Mrs. Grace A. Bevans announces the marriage of her daughter Louella Adeline

to

Mr. Bertram Pennington

on Tuesday, May the 29th. Miss Bevans is a popular member of the younger set of Brownwood and has a host of friends who wish them well. Mr. Pennington holds a responsible position with the Armour Packing Company, having come to Brownwood from Greenville several months ago. For the present the young couple will make their home in Brownwood.

**Celebrates Fourth Birthday.**

Master Jack Hunter Wigginton was four years old last Friday, and to properly celebrate the happy occasion, he invited a number of little friends to come and spend the afternoon with him in a birthday party.

The birthday cake with its four candles was the center of attraction. One of the biggest sources of amusement for the little guests was the fish pond, where they fished for favors. Cream and cake formed delicious refreshments.

Many gifts were presented the little host, together with good wishes for many happy returns of the day. Those present included little Misses Minnie Mae Hudgins, Henrietta Schill, Frances Hampton, Virginia Hughes, June Jordan, Mary Louise Sessions, Ruby Wood, Betty Wigginton; Masters Hugh White Calvert, Ira Quentin Mayhew, Lyle and Jack Davis, Cecil Schill, Gerald Mann, Otis Paschal Turney, Cecil Kirchner, A. M. Finlay, Jr., Billie Hampton, Bobbie Andrews, Forest Jones.

Misses Mildred Jones, Ila Ruth Andrews and Thelma Andrews assisted Mrs. Jack Wigginton in entertaining.

**Party Tuesday Night.**

A most delightful party was enjoyed by a number of young folks at the home of Mr. and Mrs. A. R. Pool Tuesday night, Fred Pool acting as host.

Games, music and delicious refreshments of ice cream and wafers was the program for the evening.

Those enjoying the hospitality of the young host were Misses Julia Mae and Fay Sturdivant, Lena Wil-

ensky, Lucy Mae Ricks, Edna Hudgins, Mary Louise Ledbetter, Marjorie Winstead, Gladys Bates, Elizabeth Ballou, Ethel Reed, Helen Schill; Messrs. David Hall, Cecil Striegler, Fred Kennedy, Travis Calliham, Stewart Hallum, Travis Reed, Thomas Erickson, T. P. Wood, Jim Bob Pool, James Yantis, James Maxwell.

Mrs. H. W. Lindley assisted Mrs. Pool in entertaining the young people.

**Birthday Party.**

Little Miss Lyda Frances Hurd celebrated her sixth birthday anniversary on last Friday, June 22nd, in most enjoyable fashion by asking quite a number of her little friends to join her in a birthday party at the home of her parents, Mr. and Mrs. Frank Hurd, from 3:30 to 6:00 p. m.

A color scheme of pink and white was carried out in the parlor and dining room decorations. The birthday cake, with its brightly-burning candles, was used as a center piece on the dining table, while the table itself was decorated with crepe in children's design. Pot plants were used in both rooms and added to their attractiveness.

Pink cream and angel food cake were served.

Various games were played, the most enjoyable being the pinning on of the cat's tail and the witch's hat, for excelling in which prizes were given Masters Billy Moffatt and Meldrum Welch.

Many gifts were left for the little hostess, together with good wishes for many happy returns of the occasion.

Numbered among those present were little Misses Pauline and Estelle Rohde, Meldrum and Virginia Welch, Geraldine Steelhammer, Helen Marie Johanson, Thelma Stratton, Dorothy Elvere Jacobson, Estelle Conner, Charlotte Johnson, Billie Louise Hurd, Bernice Lorane Johnson, Virginia Nell Oldham; Masters Wilbur Jacobson, Hubert Johnson, Paul Jarvis Hurd, Billie Moffatt, James Conner.

Assisting Mrs. Hurd were Mesdames L. M. Wood, W. A. Steelhammer, Ben Moffatt, Irvine Hurd.

## BRADY'S CHURCHES, LODGES AND CIVIC ORGANIZATIONS HER PRIDE

RELIGIOUS TENDENCIES OF CITIZENSHIP CREATE HIGHEST MORAL INFLUENCES AND AID IN MATERIAL PROGRESS—MANY STRONG LODGES.

Aided by the strong religious inclinations of the citizenship, Brady presents a moral atmosphere of the highest class, which lends itself not only to the spiritual upbuilding of the town, but to its material advancement as well. Brady already has splendid houses of worship, as well as cool and commodious tabernacles for summer worship, or for the enabling of entertainments of the highest class. In her various lodges, Brady shows strong, each of the several orders having an active and large membership. In her Building and Loan association, Brady citizens prove they are building a town of the future as well as for the present, and through it are adding to the list of home owners and city builders in Brady.

**Brady and Her Churches.**  
When we consider the tangible asset of a church in our city, we have no trouble in reducing it to mere dollars and cents, but the greatest value of a church to a community is in an intangible way. It cannot be reckoned in things material. If an immortal soul was put up on one side of a scale and all the wealth of the universe on the other side, the soul would outweigh the material wealth. So if a church through its ministry in town saves one lost soul, it has rendered a service more valuable than can be rendered by any other institution in the community. And when the combined influence of several churches in a city are considered, the ration of their value and usefulness is increased accordingly. But in this report we can only give the tangible facts at hand.

The Methodist church in Brady has a membership of approximately 400. A Sunday school with an enrollment of 160. The total church property of this denomination amounts to something like \$50,000.00.

The Baptist church has a membership of 300, a Sunday school of 140, and the church property is valued at about \$8,000.00. This church has accepted plans for a new \$30,000.00 church edifice, and work will begin in a short time upon this proposed structure.

The Christian church has a membership of approximately 100, with a Sunday school enrollment of 80, and church property valued at something like \$8,000.00.

Another branch of the same church has a membership of 60, and a Sunday school enrollment of 50, with church property valued at \$4,000.00.

The Presbyterian church has a membership of about 120, a Sunday school enrollment of 65 and church property valued at about \$12,000.00.

The Episcopalians have a membership of 40, a Sunday school enrollment of 35 and church property valued at \$4,000.00.

The Catholics have a membership of about 100, and church property valued at something like \$5,000.00.

The totals show a membership of nearly 1200, a Sunday school enrollment of over 500 and church property valued at more than \$90,000.00. At least one-third of the population is enrolled as church members, with about one-seventh attending Sunday schools.

**Public Schools.**  
Our school system, with its four schools and more than 750 pupils, has been enlarged by the erection of a

commodious new high school building at a cost of approximately \$50,000.00. This building is thoroughly modern and contains among other things, a spacious auditorium, two well-equipped science rooms, two large, well-lighted rooms for home economics, a study hall, five large recitation rooms, besides the superintendent's office, book room and other smaller rooms.

The school has 21 1-2 credits and is also on the list of Southern Accredited Schools. Next year a commercial department will, in all probability, be installed and four or five additional credits will doubtless be secured. The enrollment for the entire school has increased more than 25 per cent during the past three years, while the high school has increased nearly 50 per cent during the past year with indications of even a greater increase for next year.

The people are justly proud of their schools, which they rightly consider one of their greatest assets.

**Fraternal Organizations.**  
Brady points with pride to her Lodge and Fraternal organizations whose growing thrift and active conditions deserve special mention and notice. All are composed of our very best citizens, whose honor, zeal and integrity are matters of common pride; and whose members live and practice in every day life the precepts and principles of fraternal helpfulness taught by their respective orders. The Brady Masonic Temple is one of our most substantial buildings. It is a brick and concrete structure, valued at \$35,000, and contains one of the most beautiful and most magnificently furnished lodge rooms in the State of Texas. Among the several active fraternal organizations in Brady we take pride in mentioning the following:

**Masons.**  
Brady Lodge No. 628 A. F. & A. M. (Blue Lodge) 180 members.  
Brady Chapter No. 264 R. A. M. (Royal Arch) 190 members.  
Brady Commandery No. 68, K. T. (Knight Templars) 110 members.  
Brady Chapter No. 167 O. E. S. (Eastern Star) 100 members.

**Odd Fellows.**  
Brady Lodge No. 257, I. O. O. F., 105 members.  
Brady Encampment No. 161, I. O. O. F., 62 members.

**Praetorians.**  
Brady Council No. 340, 114 members.

**American Legion.**  
Elijah F. Allin Post, No. 327, 56

members.  
**Modern Woodmen.**  
Brady Camp No. 12507, 65 members.

**Woodmen of the World.**  
Valley Camp No. 452, 78 members.  
In addition to the chartered organizations mentioned above, Brady has numerous other social, commercial and club organizations whose activities are constant and uplifting in purpose, beneficial to their members and wholesome to our town and citizenship.

**Civic Organizations in Brady.**  
Brady has a number of well-organized civic organizations, all of which are working to make Brady a more attractive city and a better place in which to live. Especially is this true of the Brady Civic League and the Parent-Teachers Club. The Civic League is largely responsible for the beautiful courthouse park and everything of a civic nature has their attention. The League every spring offers handsome prizes for the most attractive yard in the city and in this way interest in beautiful and attractive homes is greatly stimulated.

The Parent-Teachers Club is doing a great work for the betterment of the schools and each season sponsor Chautauqua and Lyceum courses of the highest type, bringing to Brady a class of wholesome entertainment that is a credit to the city.

The Brady Luncheon Club is also worthy of mention. This is a club of the business men of the city who meet each Thursday for lunch and where the problems affecting the city are discussed in an informal way. The club works hand in hand with the Chamber of Commerce in promoting the welfare of Brady. It is also especially beneficial in promoting a friendly and neighborly spirit among the business men and is a great destroyer of business jealousy.

Following is the list of civic organizations in the city:

BRADY CHAMBER OF COMMERCE.  
BRADY CIVIC LEAGUE.  
BRADY CHORAL CLUB (Federated).  
LADIES TUESDAY CLUB (Federated).  
PARENT-TEACHERS CLUB.  
BRADY LUNCHEON CLUB.  
UNITED CHARITIES.  
RED CROSS SOCIETY.

**The Brady Building and Loan Association.**  
The Brady Building and Loan Association was organized in July, 1922, and received charter and began operations in September. It was organized under the laws of Texas and is controlled by the State Bank Examiner, the same as a State Bank. The organization has a capital stock of \$5,000,000.00.

The organization is quite different from all other Building and Loan associations in this State in that a very low rate of interest is had, and it operates more like a saving bank depository; only members can borrow, and they must live in McCulloch County. Anyone may invest their money, whether they live in or out of the county.

Since its organization the local association has loaned \$14,300.00 and has applications for \$25,000.00 now on file. The organization is growing and furnishing homes for young men on the monthly payment plan, whereas, under ordinary conditions, they would be unable to pay out a home. Interest at 6 per cent for loans is charged (i. e., 6% annually), payable monthly, thereby permitting the interest to compound monthly and paying the stock-holders more than ten per cent interest on their stock.

Any stock-holder is permitted to withdraw any time on thirty days' notice, getting all his money back and the accumulated interest.

The importance of this organization is really in teaching thrift, more than in getting new homes for the members; however, it is a well-known fact that a home-owner is the best citizen and is worth most to the country.

The Brady Building and Loan Association is growing daily, and will eventually be a financial power in this country.

**ORDER FOR ELECTION.**

The State of Texas—  
County of McCulloch.

On this the 7th day of June, A. D. 1923, the Board of Trustees of the Brady Independent School District, in the County of McCulloch, State of Texas, being in called session, came to be considered the petition of W. N. White and 46 other persons all being resident tax-paying voters of the Brady Independent School District, praying this Board of Trustees to order an election to be held in the Brady Independent School District upon the question of issuing bonds of said school district for the purpose of constructing permanent repairs to the present Central Public Free School building, and for the purpose of constructing permanent repairs to the present North Side Public Free School building, and for the purpose of purchasing equipment and heating system and such other needed improvements in the New High School building of said district as the school board may deem advisable.

And it appearing to the Board of Trustees that said petition is signed by more than twenty of the resident property tax-paying voters of said Brady Independent School district, as required by the laws of the State of Texas.

It is therefore considered ordered by this Board of Trustees that an election be held in the Brady Independent School District on the 7th day of July, A. D. 1923, which is not less than thirty days from the date of this order, to determine whether or not bonds in the sum of \$16,000.00, to become due and payable forty years from date, with option of redemption after ten years, such bonds to bear interest at the rate of 6% per annum, interest payable semi-annually, shall be issued for the purpose of constructing permanent repairs to the present Central Public Free School building and for the purpose of constructing permanent repairs to the present North Side Public Free School building, and for the purpose of purchasing equipment and heating system and such other needed improvements in the New High School building of said school district, as the school board may deem advisable, and if there shall be levied and collected on all taxable property in said district for the current year, and annually thereafter while said bonds or any part of them are outstanding, a tax sufficient to pay the current interest on said bonds and the principal thereof as the same becomes due, provided that the maintenance tax and bond tax together shall never exceed for any one year, \$1.00 on the \$100.00 valuation.

Notice of said election shall be given by posting a copy of this order at three public places in the Brady Independent School District for not less than three weeks prior to the date for said election; and by publication of such notice in a newspaper published in Brady, McCulloch County, Texas, for not less than three weeks prior to the date of such election.

Said election shall be held at the McCulloch County Court House in the town of Brady, in the room on first floor located in the northwest corner of the building and known as the Justice Court Room. S. H. Jones is hereby appointed judge of said election and J. U. Silvers and Leonard Wood are hereby appointed as clerks of said election.

Said election shall be held under the provisions of the law and only qualified voters, who are property tax-payers of the Brady Independent School District shall be allowed to vote, and all voters desiring to support the proposition shall have written or printed on their ballots the words:

"For the issuance of the bonds and the levying of the tax in payment thereof."

And those opposed shall have written or printed on their ballots:

"Against the issuance of the bonds and the levying of the tax in payment thereof."

The manner of holding said election shall be governed, as near as may be, by the general election laws of the State of Texas, except as modified by Chapter 24 of the general laws as passed by the 37th legislature at the regular session in 1921.

A copy of this order signed by the Secretary of the Board of Trustees of the Brady Independent School District shall serve as the proper notice of said election, and the Secretary of the Board of Trustees is directed to post such notices in three public places in said School District for three weeks prior to said election.

A. J. RICKS,  
President Board of Trustees, Brady Independent District.

F. A. KNOX,  
Secretary Board of Trustees, Brady Independent District.

**STAR PARASITE REMOVER**

A Wonderful New Discovery Which is a Boon to All Poultry Keepers.

Blue bugs, mites, stick-tight fleas, chiggers, body lice and all other blood-sucking or skin-eating parasites, positively will not stay on your fowls if you use "Star Parasite Remover" in their drinking water and milk as we direct. Star Parasite Remover is a blood purifier and builder and never fails to increase vitality and egg production. A \$1.00 bottle will treat 100 hens, approximately 120 days. The cost is slight—the beneficial results certain. You take no risk as the General Distributors of Star Parasite Remover have authorized us to cheerfully refund the purchase price if it does not do as claimed by them.

For Sale and Guaranteed by W. K. GAY.

**LOCAL BRIEFS**

Sheridan Newman, son of Judge and Mrs. F. M. Newman, underwent a successful operation for appendicitis at the local sanitarium Wednesday.

Tuesday and Wednesday were "good old summertime" days. The thermometer in front of The Standard office registered 100 degrees, and that in front of Moffatt Bros. & Jones went as high as 103 degrees.

The 11-year old son of Mr. and Mrs. Henry Bradley of Fife, who underwent an operation for appendicitis at the local sanitarium the past week, is reported making a splendid recovery and will soon be able to return home.

We got this "un second or third-handed and so do not vouch for the fact, but it is related that a Rochelle man on going down the road the other day encountered a tremendous racket, and upon investigation found a jumbo grasshopper beating the life out of a little hopper because the latter did not take the cotton rows two at a time.

Myriads of flying hoppers have been observed the past few days, flying high in the sky and winging their way northward. The hoppers are plainly visible against the sun, and those which have come to earth have proven to be the small yellow variety. Old-timers declare the migration indicates the pest is leaving this country and hunting cooler and greener pastures elsewhere.

J. B. Kidd of Camp San Saba lost his chicken house by fire Wednesday, and along with it about fifty of the best Rhode Island Red chickens in the state. The origin of the fire is unknown, and Mr. Kidd had left the building not five minutes before the structure was an elaborate affair, having 16 rooms and over 20 windows and was erected at a cost of about \$1,000, being completed only a few days ago.

H. C. Samuel returned Tuesday from Capitan, N. M., where he carried Mrs. Samuel and daughters, Misses Lessie and Frances, and who will spend the summer there. Mr. Samuel says they encountered an unusual amount of rain in the Panhandle section, and which forced them to abandon plans for an extensive tour of that section. Out beyond Roswell, however, the country was very dry. That section had just experienced a drought of eighteen months' duration, and it appeared that another drought was then imminent.

The season's most sensational fish yarns promise to be given the public now since the return of Messrs. J. H. Blackwell, H. P. Jordan, W. M. Murphy and M. P. Wegner from their trip on the Pecos, where they were joined by T. J. Wood, who was at Fort Stockton. The only big "un the party admits having lost was the one that stripped the 25-lb. cat from about two inches behind the gills clear down to the tip of the tail. They say that "Bully" Wegner—we had to leave just then.

"The movement from the farm to the city last year is estimated by the Department of Agriculture to have been approximately 2,000,000 persons.

**Habitual Constipation Cured in 14 to 21 Days**  
"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 60c per bottle.

**Just In Time.**  
"Sir," began the young man timidly, "I wrote you yesterday—"  
"Ah, yes, yes," interrupted the old man, "it's about that \$100 for my daughter's hats."

"No sir, I—"  
"Then you refer to that letter reminding me of the \$500 due for her dresses."  
"You are mistaken, sir. My comm—"  
"I see. It's about this \$70 bill for her shoes."  
"No, sir. The fact is, my note was one asking for your daughter's hand."  
"Don't recall that. But take her, young man. I don't know your name, but take her quickly. She's talking about some more shopping."—Boston Transcript.

**Let Me Kill Your Boll Weevils**

My name is L. D. Hill. My father was Dr. J. C. Hill, of Drone, Ga. The Hill family have been living in Georgia for 71 years, and I have been raising cotton, corn and hogs, since I was old enough to hold the plow handles. During the last 26 years, I have run my 14 plantations at Gough in Burke County, Georgia, near Augusta, and in 1922 raised 604 bales of cotton on 812 acres planted in cotton.

By close observation, unceasing effort and practical experience, I have perfected what I believe to be the most successful of all boll weevil poisons.

**Go Ahead And Plant Your Cotton And Leave The Boll-Weevils To Me**

and you'll be raising more cotton to carry to the gin than you ever dared hope to raise since the Mexican boll weevil moved into the Southern States. You can kill off the weevils on a year's crop of cotton at a small cost per acre, and the only machinery you'll have to have will be an old tin can or bucket, and a mop made of a stick and a rag.

**Now Let's Get Right Down To Business!**

The real money crop of the South is cotton, and the way to make money in the South is to raise cotton. But—how are you going to raise cotton with the boll weevil, is what every farmer in the South wants to know.

Many methods of controlling the weevil have been tried, with varying success. Thousands of farmers have invested their money in

machinery which did not work, and their time and cotton in methods which were experiments, and did not protect their cotton.

But I have proved on my own 812 acre farm, and on the farms of scores of my neighbors in Burke County, that you can beat the boll weevil by a sure, cheap method, and that is by the application of

Hill's Mixture is manufactured in the South's largest boll weevil poison plant.

The calcium arsenate, molasses and other ingredients are accurately measured in the exact proportions, and thoroughly mixed by machines which distribute the poison evenly in the molasses. Every mix is chemically analyzed before shipping.

Hill's Mixture is approved by the Georgia State Board of Entomology as a boll weevil poison.

Hill's Mixture is a liquid poison, composed of calcium arsenate, molasses, water and secret ingredients which form a combination that we are convinced, from results obtained, attracts the boll weevil.

You can put Hill's Mixture on in the daytime, without machinery, with inexperienced labor. One colored boy or girl can cover six acres a day. A rain of under one-half inch has little effect on it, and it costs from one-half to one-fifth of the dusting method.

**On 1% of the Acreage I Raised 4% of**

**The Cotton in Burke County in 1922**

My neighbors first used it in small quantities, but the news of its success spread so fast that hundreds of farmers used it last year, and hundreds of acres in Burke County were protected from

the boll weevil by Hill's Mixture last year. The farmers who used it last year are going to use it again.

**LET ME SHOW YOU THE PROOF!**

If you want proof of Hill's Mixture before you buy, my agent will show you copies of wonderful letters of recommendation, from some of the oldest and ablest farmers in this section of the State.

A. H. RICHARDSON, Brownwood, Texas  
Agent for Brown, Mills, San Saba, McCulloch, Mason, Concho, Menard, Runnels, Coke, Tom Green, Coleman, Taylor and Callahan Counties.

March 3rd, 1923.

The price of Hill's Mixture is 82c per gallon, delivered in Ark., La., Okla., and Texas in 50-gal. bbls., plus small cost for container, which cost will be refunded to you when the barrel is returned in good condition. Small freight charge to other states. L. D. HILL.

### 'TECH' LOCATING BOARD IN BRADY MORNING OF 17TH

The party of Brady citizens who went to Austin on a special road mission Monday, attended to various other matters affecting Brady's welfare, while in the Capitol City, one of which was to call on Secretary Nabours of the Locating Board, and from whom they obtained definite information concerning the Board's visit and stay in Brady. They were informed that the committee planned to come to Brady on the Frisco, arriving here at 8:35 the morning of July 17th and remaining in Brady until 1:30. Then they planned to go to Menard in auto, spending the afternoon at Menard, and returning to Brownwood on the night Frisco train.

This brief stay will put the local locating boards in quandary as how to make the best showing of advantages in the brief period of time allotted.

In confirmation of the information given the Brady delegation, Secretary Nabours writes from Austin under date of June 25th, to Wm. D. Cargill, secretary of the Brady Chamber of Commerce, as follows:

"Confirming our conversation had this morning, beg to advise that our party will visit your city to inspect the sites you have to offer for the location of the Texas Technological College on Tuesday, July 17th, arriving there over the Frisco at 8:35 a. m.

"Our official party will consist of six men. It will be our purpose to take breakfast with you, using the morning for inspecting your sites, also take lunch, and be ready to depart for Menard at 1:30 p. m.

"It will be our purpose to follow our schedule throughout the entire trip, unavoidable delays and accidents excepted.

"Thanking you for your proffered hospitality, and trusting to see you on the above date,"—etc.

**The Quinine That Does Not Affect the Head**  
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of W. D. DOOLE, Inc.

#### Placed At Last.

"I can't do a thing with Jones," said the manager. "I've had him in three departments and he dozes all day long."

"Put him at the pajama counter," suggested the proprietor, "and fasten this card to him. Our night clothes are of such superior quality that even the man who sells them cannot keep awake."

### MAY REGISTER FOR PRIZES UP TO 4:00 O'CLOCK

In enumerating the list of winners of free prizes last Saturday The Standard overlooked mentioning the following:

Broad-Windrow Co.—1st Prize, Will Kennerly; 2nd, J. B. Kidd, Camp San Saba; 3rd, Carl A. Anderson, Melvin.

All prize-winners who have not yet received their prize should call as early as possible and claim the same.

Tomorrow (Saturday) the period for registering for free prizes will be extended to 4:00 p. m., in order to enable the late-comers to town to participate. The early-comers will, as before, secure additional tickets, but all will be enabled to participate in the prize awards under the new arrangement. The hours for registering are as follows:

Up to 10:00 o'clock a. m., three tickets.

Between 10:00 a. m. and 1:00 p. m., two tickets.

Between 1:00 and 4:00 p. m., one ticket.

Registration closes promptly at 4:00 p. m.

#### FINDS REMEDY FOR BOLL WEEVIL COSTING ONLY 18c PER ACRE FOR OPERATION

The following "sure cure" for boll weevils is given in last week's issue that it had been a rank failure. However, the first man to whom the recipe was shown happened to be W. B. Taylor, who scouted the practicability or worth of the recipe, stating he had seen it tried many years ago, and that it had been a rank failure. However, we publish the article for what it may be worth:

J. W. Evans, a prominent farmer of Pearsall, Frio county, who was in Uvalde Wednesday, stated that the farmers of his section were getting rid of the boll weevil pest in short order. Fields that did not show a bloom a few weeks ago were now full of blooms and squares. The remedy used was cheap molasses and arsenic. It costs about 18c to poison an acre. A man with a bucket of the sweetened poison would walk between the rows of cotton and swab the foliage with a little of the mixture. He could make five acres a day. The boll weevil would quit the cotton to get to feed upon the molasses. He and several of his neighbors had gone in together and bought a car load of cheap sorghum and were enthusiastic over the success of their experiments.

"Prompt Pay Makes Fast Friends"

#### LEGION BOYS MATCH GOOD PROGRAM OF EVENTS FOR SATURDAY NIGHT AFFAIR

Saturday's athletic program is now assured, and lovers of red-blooded sport will have opportunity to see a series of events that will be sure to please even the most ardent fans. The Legion boys have arranged a most interesting program of four big bouts, starting off with a wrestling bout between Curtis Benson and Bill Knox, with the best two out of three falls.

In the boxing exhibition, the preliminary event is scheduled between Shorty Malone of Rochelle and John Hartwell of Brady. This match is subject to change on account of Hartwell's weight.

"Slim" Bagley of Brady is matched with a man from Ballinger.

Young Selvidge of Brady and Clary of Rochelle are also matched.

In addition to the foregoing, Jas. Hobbs, who has the arranging of the events in hand, is expected to match Red Garrett and Mitchell of Doole, and also advises that Johnny Wright is open for a fight.

Admission prices have been placed very low in order to get the largest possible attendance and interest, the prices being 25c and 35c.

Come out and help the Legion boys boost their athletic programs.

#### Speeding Indian Dodges Bridge; Needs New Auto.

Ontapio, Ore., May 25. — Clyde Younghorse, young Oklahoma Indian, who has recently become oil-rich, bought himself a \$5,000 automobile and drove away. Next day the automobile salesman was confronted by Younghorse again. The Indian was afoot. He had a pocket full of money and he wanted to buy another car. This was his explanation: "Drive out big car, buy gallon moonshine; take drink, step on gas. Trees and fences go by fast. Pretty soon see big bridge coming down road. Turn out to let bridge pass. Bang! Car gone. Gimme another one!" Younghorse was accommodated.

#### Fast Work.

Her—Were you ever pinched for going too fast?  
Him—No, but I've been slapped.

#### A. M. MARTIN, FORMER WELL KNOWN BRADY CITIZEN, IS DEAD—BURIED AT WACO

A. M. Martin, former Brady citizen, and who was manager of the old Brady Water Works when the plant was owned by the White interests, died at Plainview on June 20th, according to a letter received here by Paul Calvert from Mr. Martin's son. The letter confirmed a news report in the Dallas News several days ago, but which local friends were loath to believe.

According to the news contained in the letter to Mr. Calvert, Mr. Martin was in Plainview for a visit with his son, Marion, manager of the Plainview Truck farm, when he was stricken with a spell with his stomach. Five doctors were called in consultation and advised an immediate operation for acute appendicitis, which had developed that day. Mr. Martin's stomach had long been in bad shape, he having a gastric ulcer, which was incurable. Mrs. Martin was at once notified and arrived at his bedside before the end came.

Interment was made last Wednesday at Waco. Surviving are his widow and his son.

Mr. Martin had for quite a number of years been connected with Anderson, Clayton & Co., having charge of the locating of new round bale gins for the company.

#### MY CARPET LOOM

Is now ready to make your Carpets, Bags, Pillows, Portiers, Curtains and Scarfs, in short anything your needs call for.

Bring old rags if you have them. Have them made of beautiful new materials if you like. I also handle the Priscilla Needlework Book, Patterns, etc.

## MEAT for HEALTH

"Meat is Appetizing, Sustaining, Wholesome. It Produces Vigor, Vitality and Endurance."  
U. S. Department of Agriculture.

When you wake up on a clear, fresh summer's morning and the first thing that greets your consciousness is the fragrant aroma of frying ham or bacon—Oh, boy, isn't that one way to start the day right?

Or when you come home some night, tired and weary from the day's work—and you catch the rich fragrance of roast beef or lamb—your mouth begins to water, and you're not so tired after all.

Or some day, your wife sets before you some dainty, tasty dish you've never had before—something made from some of the less well known cuts of meat—a delicious meat pie, a savory pot roast, or an appetizing casserole dish. She tells you how little it cost—say, don't you swear that she's the best cook and manager in the world?
