## INSTRUCTIONS FOR PAYMENT AU-TO LICENSE TAX

Issuance of 1924 state automobile license seals will begin December 1st. Attention was called to the new law passed by the last Legislature in regard to auto licenses. Registration will be based on both weight and horsepower of a motor vehicle, and the fee will be much larger than heretofore. The auto license department has the weights of all passenger motor vehicles, but it will be necessary to weigh all commercial motor vehicles before a license can be obtained.

### Must Know Car Model.

Applicants must know the exact model and year in which their car was made in order for the department to ascertain the correct weight. Operators of service cars, whether bus or passenger, will have to pay, in addition to the weight fee and the horsepower fee an additional fee of four dollars for each passenger the bus or car will seat.

If the following rules are observed, applicants will have no trouble in securing a license:

"Bring your last license receipt if possible, as this will save much time for both you and the clerk.

If your car was registered in the county for 1923 and you have lost your receipt, copy the license number of your car.

If your car was registered in some other county and you have lost your receipt, write the State Highway Department of Austin for a duplicate.

If your car was registered in some other state you must have registration papers. If these have been lost, write the Highway Department of that state for a duplicate.

Find out the model and the year in which your car was made. If you are in doubt consult some dealer.

If you have a truck, have it weighed and bring the weight slip with you. If you have purchased a car which was registered by some one else, bring your bill of sale and the license receipt also. If you have filed your bill of sale previously, bring transfer receipt.

If you operate a service car don't fail to tell the clerk, for it will cause trouble later.

### Death of Mrs. Horace Winstead.

The death of Mrs. H. L. Winstead, which occurred Wednesday morning at the family home near Cow Gap, was learned with deep sorrow by the many friends of the family throughout this section. Her passing came unexpectedly, and following an illness of only a couple of weeks with flu. At the time of death, Mrs. Winstead was aged 53 years. She had made her home in McCulloch county for many years, her father owning the place where she died, and which was bought by Mr. Winstead following their marriage in 1896. She was a member of the Presbyterian church, and was a good Christian woman, a wonderful wife and mother, and was beloved by all who knew her.

Funeral services were held yesterday morning at 10:30 o'clock at the Brady Presbyterian church, the Rev. S. H. Jones, conducting, and interment was made in Brady cemetery. A large concourse of mourning friends were in attendance, and many and beautiful were the floral tributes.

Besides the bereaved husband and one daughter, Miss Bernice, there survive her mother, who with two brothers, Tom and Quince Wilson, and one sister, Miss Jennie Wilson, live at Owen, Brown county; also another brother, Dick Wilson of Kansas, and three other sisters, Mrs. Maner of Blanket, Mrs. Weldon of Pear Valley and Mrs. Dixon of Stacy. To the bereaved is extended the deepest sympathy of all.

## BRADY CHAMBER OF COMMERCE ON BUSINESS BASIS

With the adoption of a complete new set of by-laws, and the rescinding of all previous by-laws in conflict therewith, the Brady Chamber of Commerce was yesterday placed on a sound, workable basis. Action upon the matter was taken at the meeting of the Brady Luncheon club yesterday, which was resolved into a Chamber of Commerce meeting for the express purpose of passing upon the recommendations of a Chamber of Commerce by-laws committee named at the meeting of the Luncheon club the past week. As a result of the new by-laws, renewed life and vigor will be injected into the Brady Chamber of Commerce, especially since its affairs are now placed in the hands of a committee of fifteen directors, selected with regard to their past interest and influence in behalf of the Chamber of Commerce as evidenced by their annual contributions in support of that organization, and as well their regularity of attendance upon meetings and activity in support of all projects of the Chamber of Commerce.

In setting forth the objects of the Chamber of Commerce, the by-laws state that they shall be "to advance the commerce, industry and general good of Brady and its tributary territory." It is further expressly stated that the Chamber, in its activities, shall be non-partisan and non-sectarian, and shall take no part nor lend its influence to the election or appointment of any candidate for State, County or City office.

Membership dues are placed at a minimum of \$6.00 per year. Any person, firm or corporation of good standing, if recommended by the membership committee of the Chamber, may become an active member upon payment of the sum pledged in the membership contract. Voting is to be either by individual or firm, as shown in the subscription agreement for membership, and no one who is in arrears with dues shall be entitled to vote. All voting shall be by majority vote. No member can be relieved of his membership contract, except by express consent of the board of directors.

The officers of the Chamber are designated as president, first vice-president, second vice-president, secretary and treasurer. The business of the organization shall be managed by the board of fifteen directors, of which body the officers shall be ex-officio members. The board of directors shall hold regular meetings the first of each month, such date to be agreed upon among themselves. Special meetings of the board of directors may be called by the president, the specific purpose of the special meeting being set forth in his call.

The directors, at their first annual

meeting, shall pass upon the recommendations of the president as to such committees as may be necessary to foster and promote the commerce, industry and general good of Brady and its tributary territory.

The Brady Luncheon club is especially designated as a steering committee, whose duties shall be to boost and recommend to the directors of the Chamber any and all matters beneficial to Brady or McCulloch county.

This, in brief, is the working basis of the Brady Chamber of Commerce, and one upon which its successful operation may safely be predicted.

**Card of Appreciation.**  
We wish to express heartfelt appreciation of the kindness of neighbors and friends in the loss of our dear wife and mother; for their comfort and consolation, which has meant so much to us, and for the beautiful floral tributes. We ask God's blessings upon you all.

## MEDICAL ASS'N 1ST CONVENTION AT HOTEL BRADY

To the Fourth District Medical association falls the honor of being the first convention to be entertained at the new Hotel Brady. The association will meet here Thursday and Friday, December 6 and 7th. To Dr. J. G. McCall, secretary of the association is due credit for the preparation of a most extensive and interesting program for the delegates, some thirty-three papers being listed and a wide range of subjects being covered. Co-operating to the fullest extent with Dr. McCall in the arranging of entertainment and the extending of all courtesies to the guests, are the other local physicians. The Brady Chamber of Commerce and the Brady Luncheon club are also co-operating towards making this convention an epochal one, and on the first day's session, the Luncheon club will be hosts to the visiting physicians at a noon-day luncheon.

Business sessions will be held in the district court room. Headquarters of the convention will be at the Hotel Brady. Among the entertainments planned is a banquet for all visitors, members and ladies at the Hotel Brady at 7:00 p. m. Thursday night, and at which short Public Health talks will be made by Drs. Rosser of Dallas and Buie of Marlin. A reception will be tendered the visiting ladies from 3:00 to 5:00 the afternoon of December 6th. Entertainment will be offered during the evening by the Brady orchestra.

Officers of the convention are Dr. Ned Snyder, Brownwood, president; Dr. J. G. McCall, Brady, secretary and treasurer; Dr. Joe E. Dildy, Brownwood, Councilor.

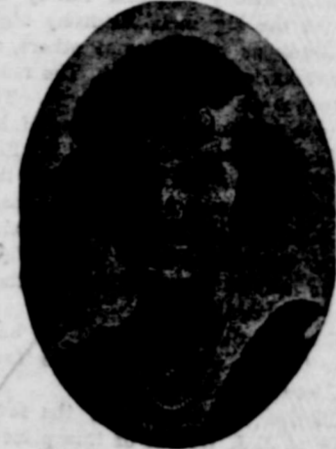

Prominent on the program are Dr. J. B. McKnight and Dr. Chas. J. Koerth, former Brady citizens, and both now with the State Sanatorium at Sanatorium, Texas.

## DADDY LONG LEGS TO BE PRESENTED HERE SATURDAY

The Howard Payne Players of Brownwood will present the popular college play, "Daddy Long Legs" in Brady, Saturday evening, November 24th, under the personal direction of Miss Willie B. Herring, head of the department of drama of Howard Payne College.

The play was taken from the popular novel of the same name, which was written by Jean Webster and has in the last few years, enjoyed such a wide reading. The play has a most interesting theme, of a poor girl being sent from an orphanage by an unknown person, and the grand climax as the final curtain is drawn causes

MISS BILLIE HERRING.

it to be one of the best college plays possible.

The presenting of the play in Brady will mark its third presentation this season. Its first appearance was at Goldthwaite, two weeks ago, where standing room was at a premium. The play was well presented there and was exceptionally received. It was presented for the second time in Brownwood and a packed house at the Howard Payne auditorium saw the play go through perfectly.

Miss Eral Thompson of Brownwood is taking the leading role as Judy, the poor orphan who is sent to college by an unknown man. Because of seeing this man's long shadow late one afternoon she dubs him "Daddy Long Legs." Until the last she does not know who he is, but then—there is the climax. Raby J. Newton of

## C. OF C. DIRECTORS MEET TONIGHT AT NEW HOTEL BRADY

The newly-appointed board of directors of the Brady Chamber of Commerce will meet tonight at 6:30, being entertained with a banquet at the Hotel Brady. The meeting is first of the regular monthly meetings designated in the recently-adopted by-laws of the Brady Chamber of Commerce, and will be for the purpose of naming committees for carrying on of the work of the Chamber. The occasion will be an open meeting, and all citizens desiring to attend are welcome, it being necessary, however, to notify Secretary Wm. D. Cargill at the earliest possible moment of intention to attend, in order that arrangements may be made for the laying of the required number of plates at the banquet.

The board of directors was chosen from among the heaviest contributors to the support of the Brady Chamber of Commerce, and, as well, the most active workers in Chamber of Commerce undertakings. The following compose the directorate:

- J. B. Granville, Pres.,
  - B. A. Hallum,
  - A. H. Broad,
  - Duke Mann,
  - Sam McCollum,
  - F. R. Wulff,
  - G. C. Kirk,
  - Sam Hughes,
  - Bailey Jones,
  - J. B. Whiteman,
  - H. F. Schwenker,
  - W. D. Crothers,
  - H. C. Samuel,
  - J. S. Anderson,
  - E. L. Jones.
- Ex-officio members of the Board of directors, are:
- Wm. D. Cargill, Secretary.
  - H. R. Hodges, Treasurer.

### BAZAAR.

The ladies of the Methodist church will give a Bazaar at the Broad Mercantile Co. store Friday and Saturday, November 30th and December 1st.

Brownwood plays the part of Daddy Long Legs.

**TOTAL RETURNS ON TURKEY POOL IN BRADY \$25,286**

The turkey producers of McCulloch county who clubbed together and pooled their turkeys for sale on the Thanksgiving market are patting themselves on the back and saying, "I told you so." While it required a lot of persistent effort and sticking in the firing line, when things looked pretty rollicky, by those who were intrusted with putting the pool over yet they feel that after all the results were well worth the effort put forth. And while a great many of the producers who pooled and delivered their turkeys, feel that it was quite a tax on their energy, their effort fades into insignificance when compared to the effort put forth by the steering committee. The individual producers job was that of looking after one person's turkeys while that of the committee was a job of looking after the turkeys of over a hundred and fifty producers. A great many of our producers were averse to putting themselves to any extra trouble to better their marketing condition and now while perhaps wiser, yet they are sadder men. Too, a great many were very skeptical about the pool and were glad to harken to and help to spread any rumor which was detrimental to the purposes of the pool. Many of these are now paying the penalty by having to accept a much lower price for their offerings. It is unfortunate, indeed that many of us do not have the confidence in ourselves which would lead to our having more confidence in the motives of our neighbors who are really, trying to help us while trying to help themselves.

However, let all that be as it may, it is history now and the Thanksgiving rush is over. There were some eight thousand and five hundred turkeys signed up in the pool, under a gentlemen's agreement, and of this number over seventy seven hundred of as fine specimens of the turkey breed, as ever grew in McCulloch, or any county for that matter, were delivered accordingly. There was one very striking feature about the birds which came to market and that was the quality and breeding they exhibited. With few exceptions they were of one or another of our standard breeds of turkeys and the mixed or mongrel turkey was out of his place in this class of birds. In many instances there were young toms weighing from twenty two to twenty seven pounds and the young hens from fourteen to eighteen pounds. Many of the farmers took advantage of their opportunity and carried these fine specimens back to their farm for breeders for another year. The farmers are coming to appreciate better stock more and more and the interest in better turkeys is very gratifying.

In the beginning of this move to pool their turkeys the producers had in mind what they wished to do but when they came to tackle the job they found it a difficult job to find someone who would bell the cat for them. After a number of general meetings thruout the county and at Brady a steering committee was appointed and the actual signing up of the pooling agreement begun. This committee consisted of Messrs. H. J. Huffman, Dan Zimmerman, J. Rockett Hall and Claud Eubanks, all of Brady and Mr. A. J. Shepard of Mercury. This committee was assisted in their efforts by Miss Mae Belle Smith, County Home Demonstration Agent and County Agent Geo. E. Ehlinger. Having the turkeys signed up in the pool the committee was then confronted with the task of finding a market for same. The producers demanded and it was agreed that the turkeys should be sold to the highest bidders and paid for at time of delivery. The committee realized that they had been handed a man's size job so they got busy looking for this firm or concern which had the biggest dollar and wanted their turkeys bad enough to pay same for them. Telegrams and phone messages were sent out, also some S O S calls and after a number of trips were made in search of a market the committee called in our local produce men and asked them to buy the turkeys if they possibly could. To the unanimous satisfaction of the committee the Mayhew Produce Company of Brady offered the big dollar they were looking for, and the deal was closed. Mr. Ira D. Mayhew made the bid which bought the turkeys, as follows, twenty one and one-half cents per pound for No. 1 turkeys, toms to weigh twelve pounds and hens to weigh eight pounds, old toms seventeen cents per pound and No. 2 turkeys 11 cents per pound, delivered at Brady.

In the agreement of delivery entered into between the committee and the Mayhew Produce Company the latter was to receive one thousand turkeys per day and no more. The committee attempted to notify the producers for delivery accordingly, but the news spread that the pool had been sold and many wild rumors became circulated and as a result, instead of delivering a thousand turkeys Monday the second day over twenty three hundred turkeys came in. This over flow of turkeys naturally swamped the firm's plant but despite this fact they accepted them and weighed them in, certainly a great favor to those concerned. Naturally a bit of confusion resulted from this rush, for the balance of the week but every possible effort was made by the firm to handle the situation and by Saturday night conditions about the plant had returned to normal. Monday the 19th was set as the last day for delivery of the pool turkeys and same was closed up with some few over eleven hundred turkeys crossing the scales that day.

In order to make everything agreeable on both sides and at the request of Mr. Mayhew, Mr. Dan Zimmerman supervised the weighing of all the pool turkeys. We feel sure we are very grateful to the producers and the Mayhew Produce Company for the satisfactory manner in which the pool was handled. If there are any of those who are dissatisfied we are indeed sorry, for if there is any grief it must be due to some unforeseen circumstance which could not be avoided. We feel confident that the McCulloch county pool sold to as good advantage to the producer as any pool as a whole, in the state, and to a better advantage than some we have heard of.

To take care of the expense of the pool one per cent of the sale price was deducted from each person's check. Many rumors were started that one cent per pound was being deducted, but figuring the deduction on the basis of twenty one and one-half cents per pound it amounted to approximately one fifth cent per pound and so the turkeys netted the growers better than twenty one and one-fifth cents per pound. There were approximately 114,000 pounds of turkeys sold for a total of \$24,511.00. Here we wish to mention another item of advantage in the sale of the turkeys to our local firm and that is that \$775.00 was paid out to people in Brady for picking the pool turkeys which together with the sale price places a value of \$25,286.00 on the turkeys, to the county.

The total amount of the one per cent deducted from the sale price of the turkeys amounted to \$245.11 and of this amount \$128.00 was paid out for actual expenses necessary to the conduct of the pool. The balance of the fund \$117.11 has been deposited, in the Commercial National Bank of Brady, to the credit of the "Heart of Texas Poultry Producers Association." It had originally been intended that this money should be prorated among the pool members according to the number of pounds of turkeys each had sold. Many of the growers however expressed the wish that their portion of this fund be retained in a fund to defray expenses of further poultry activities. At an executive meeting of the pool committee it was unanimously agreed that it would be too costly a task to reapportion this sum and so same has been deposited as stated above. We hope and trust this action will meet with the approval of all concerned. The incorporation of the "Heart of Texas Poultry Producers Ass'n," grew out of the attempt to pool our turkeys and same will be immediately organized in defraying the expenses necessary to the operation of same.

The Christmas pool will be closed on Wednesday November 28th, and anyone desiring to pool their turkeys in same are urged to get an agreement from the County Agent, sign same and get it in by the 28th, otherwise they will not be able to get in the pool. We expect to offer the pool for sale about the first of December and it will be necessary that all agreements be in and tabulated before then.

It has been conservatively estimated that a net saving of an average of four cents per pound was realized by the growers thru the sale of the pool. Owing to congested conditions over the turkey producing belt the market broke badly and while the pool turkeys were bringing twenty-one and one-half cents turkeys outside the pool sold for from twenty cents down to fifteen cents per pound. This means that approximately \$4,500 more has gone back to our farm homes than would have been available had it not been for the pool. We feel that a great deal of credit is due the Extension Service for the part played by our local county agents in their efforts towards forwarding the pool.

The poultry growers of McCulloch County are requested to meet at the

Court-house on Thanksgiving afternoon at two o'clock. Some matters very vital to the future of the poultry industry will be considered at this meeting, and every poultry grower both large and small is urged to be present. We wish to grow them better and market them right.

BRADY, TEXAS, Nov. 23, 1923

HONEST INJUN.

For years Brady has had the reputation among traveling salesmen as one of the best business points in West Texas—and Brady is today bigger and better town than it has ever been before. That's an inspiration for future striving and effort.

**FOR A BETTER TOWN AND COUNTY.**

Coming events cast their shadow before them!

In the re-organization of the Brady Chamber of Commerce upon a sound, substantial, workable basis is to be foreseen a period of increased activity, usefulness and community-building service. Instead of operating upon a more or less hap-hazard basis, with the burden of responsibility resting upon the President, and with the Brady Luncheon club as his only active and dependable ally, the re-organized Chamber of Commerce becomes, in itself, a live and virile body. The Luncheon club continues to function, as heretofore, in the nature

of a clearing house, and its recommendations will be brought to the Chamber of Commerce directors for final action. In turn, the directors will apportion the work among the proper committees and thereby not only expedite the carrying on of the work, but assure its ultimate consummation and execution.

The value of the Luncheon club to the town and country in its past year of operation is generally known. The good it has accomplished cannot be under-estimated. It has been a wonderful force for maintaining unity, co-operation and concentrated effort upon the part of the general citizenship. With the Chamber of Commerce now actively functioning there will result, not a diversion of the work, but rather a redoubling of effort and consequent greater results than ever before.

And we venture the prediction that before another year has run its course the influence and beneficial effect of the Brady Chamber of Commerce will have become so far-reaching as to make it an honor worth striving for to be numbered a member of this body.

**THE TAX EATERS.**

It is costing the taxpayers \$3,500,000 a year to pay the salaries of 2,700,000 persons found to be on the pay rolls of the national, State and municipal governments of the United States. But this is not the whole or worst of the story by the National Industries Conference Board. It implies that the 2,700,000 officeholders share in the burden of their public employment, and this is not the fact.

Congress, even under the Sixteenth Constitutional Amendment, which empowers it to tax incomes "from whatever source derived," continues to exempt the salaried incomes of State and municipal employes as "instrumentalities" of local government. It does this by virtue of old decisions of the United States Supreme Court, which never had any reasonable ground to stand on and which were superseded by the Sixteenth Amendment if they had had. At the same time the States and municipalities, by virtue of the same decisions, can not tax Federal Government employes on their salaries, as they are "instrumentalities" of another government.

Probably not fewer than 1,700,000 of these 2,700,000 public servants are

on the State and municipal pay rolls. All are tax-eaters exclusively as to their official incomes, but this major fraction is far more greatly privileged than the other. It escapes the Federal war and other income taxes which make up the great burden under which the American taxpayers now bend. If the 1,700,000 were taxed in common with citizens who have to pay them their official salaries, this burden would be very perceptibly lightened.

How much longer is congress to permit so glaring an injustice to continue? Congress can not blame the Supreme Court for it because Congress has never given the Supreme Court a chance to pass on the question squarely since the adoption of the Sixteenth Amendment.—New York World.

**FARM PROBLEMS.**

Farmers have had much free advice as to methods of increasing production and the Government has spent millions of dollars in reclaiming swamps and arid lands in order to bring new acres into competition, but there has been few, if any, practical suggestions as to methods of improving marketing conditions.

B. F. Yoakum, formerly president of the Frisco railway and himself an extensive farmer, makes the statement that it costs two dollars to distribute and market every dollar's worth of foodstuffs produced on our farms. In other words, that the producer gets only one dollar out of every three dollars that the consumer pays.

Mr. Yoakum has made a study of crop dispositions for the year 1922 and finds that, exclusive of cotton, tobacco and livestock, the American consumer paid \$22,500,000,000 for the products of the farm in 1922, while the farmers, who are the producers, receive only \$7,600,000 of the total for their products. The railroads received \$506,000,000 for transportation and \$14,500,000,000 was absorbed by middlemen between the producer and consumer.

It is not proper to wholly censure the middle man for the marketing waste. Somebody or some agency with capital has to handle the products of the farm from the fields to the consumer—and the middleman steps in where there is public demand for his services; but it is fittingly proper to censure him when he col-

lects more than the traffic can bear. The consumer is partly responsible for the increased cost of delivery. We, the consumers, demand the services of the middleman; and we have grown indulgent in our ways of living, we buy in small packages, have deliveries made to our door several times a week—and frequently several times a day—and there are government restrictions around every sale which adds to the marketing or delivery cost all of which added to the price the consumer pays.

There is too large a spread between the producer and the consumer, but censure for the middleman is not a cure for the evil. He is in the business because the public demands his services; and if he is eliminated there is nothing left for him to do but become a producer, then the question of over production crops up.

A political Moses who can solve the marketing problem—by giving the producer more for his products and at the same time reduce the prices which the consumer pays—could be elected to any office he might aspire to. One thing is certain, the Government's plan of spending millions of dollars annually in bringing new lands into cultivation, is not the way to do it.—Coleman Democrat-Voice.

**THE PUBLIC MIND.**

The prosperity of our county and the success and value of all business, industries and enterprises depend largely on the attitude of the public.

"The public mind" is making in

the aggregate of every shade of thought from placid conservatism to the rankest forms of ultra-socialism preached on the street corners.

Any one who will make a trip across the continent, or travel from Canada to the Gulf of Mexico must become an optimist and gain faith in the integrity and fair-mindedness of the people at large.

The magnitude and variety of business and interests and all forms of production, from agriculture and lumbering to manufacturing, banking, public utilities and transportation, mining and shipping, working in open private competition and yet under control of government, are a revelation of genius to make an intelligent person proud and patriotic.

It must not be forgotten that back of this great manifestation of stability is the "public mind," the consciousness of the commonwealth, founded on well-informed, clear-thinking citizenship, that is not easily led astray by vicious leaders or confused sophistries. The public mind is the greater national asset.—Waxahachie Enterprise.

# THANKSGIVING

On this, our annual Thanksgiving season, let us not forget to be truly thankful for our own institutions, and the forces in our midst which have for their purpose the best interests of our people at heart, especially from a physical, mental and moral standpoint, which is absolutely essential to our general well being. Among these we want to call special attention to our Parent Teachers Association and the Red Cross, whose work is largely with the children, who are the hope of our future generation—and unless we strengthen the physical and moral, there is not much use to develop the mental. The Parent Teachers Association are working hand in hand with the Red Cross; they must have our support if they are to make the work a success and it is to these two splendid organizations this space is generously contributed.

**Thursday Forty-Two Club.**  
The Thursday Forty-Two club was entertained the past week by Mrs. George W. Henderson, three tables being set for the usual series of "42." Roses added pleasing decoration to the rooms.

Following the games a salad course was served to members present as follows: Mesdames Tom Wood, A. B. Carrithers, O. S. Macy, Will Russell, W. A. Jones, C. A. Gavit, Victor Wolf, Jimmie Stuart, Crisp. Guests were Mesdames Will Kennerly, J. F. Davis; Miss Mozelle Glenn.

Mrs. W. A. Jones entertains at the next club meeting.

**Five Hundred Club.**

Mrs. N. A. Collier was hostess at a delightful party for the Five Hundred club, given on last Friday afternoon at Hotel Brady. Three tables were arranged in the banquet room of the hotel, and cut flowers and ferns added pleasing decoration to the scene.

Following an enjoyable session at "500," a salad course was served.

Members present included Mesdames J. B. Whiteman, S. W. Hughes, Will Kennerly, S. J. Striegler, J. B. Granville, A. B. Cox, R. T. Trail; Miss Mozelle Glenn. Guests were Mesdames Gibbon T. Roberts, Henry Tipton, Hershah Keyser, E. B. Newman.

Mrs. Cox entertains for the next club meeting.

**Married in Oklahoma.**

The many friends of George Hall were agreeably surprised to learn of his marriage to Miss Anita Willis at Holdenville, Okla., on last Thursday, November 15th, and upon the return of the happy couple to Brady Tuesday, they were showered with congratulations and good wishes.

The bride-groom is a McCulloch county boy, a son of Mrs. W. B. Hall, and is a young man of steady habits and sterling worth, and who has won the high esteem of everyone by his well-known integrity. His bride is a most charming and lovable young woman, as well as being an accomplished young business woman. For a number of years she had made her home in Dallas, where she was employed in the telephone exchange, and it was during her residence there that the couple first met. Her family later removed to Holdenville, and where she was employed as stenographer.

Mr. and Mrs. Hall will make their home on the farm of his mother and where they are now at home to their friends.

**Bridge Club.**

A very enjoyable meeting of the Bridge club was had Tuesday afternoon, Mrs. J. G. McCall entertaining. Chrysanthemums offered pleasing decoration of the McCall home. Four tables were arranged for the series of "Bridge," high score and club prize being awarded Mrs. Sam McCulloch, who very graciously presented the same to Mrs. A. B. Jarvis of Henderson, Ky., as out-of-town guest. Mrs. Louis Brook received guest prize.

A salad course with hot chocolate was served by the hostess.

Present were Mesdames Wm. D. Cargill, A. B. Jarvis of Kentucky, Bailey Jones, W. D. Crothers, H. B. Odgen, B. L. Malone, Sam McCulloch, G. V. Gansel, R. W. Turner, J. W. Ragsdale, D. J. Wood, Louis Brook, G. R. White, Harry F. Schwenker, A. B. Cox.

Mrs. Gansel entertains the club at its next meeting.

**Complimenting Mrs. Jarvis.**

Mrs. A. B. Jarvis of Henderson, Ky., was the honoree at a very pretty party given for her on Wednesday afternoon at the home of Mrs. W. D. Crothers by Mrs. H. B. Odgen and Mrs. M. C. Wolfe. Cut flowers used in decoration of the room, added pleasing setting to the scene.

Eight tables were arranged, and "Bridge" formed the afternoon's diversion, Miss Lessie Samuel received high score prize. Mrs. Jarvis received a prize as honor guest.

The hostess served a salad course with candy.

Those enjoying this hospitality were Mesdames G. V. Gansel, E. W. Turner, Wm. D. Cargill, Bailey Jones, Dick Winters, Sam McCulloch, J. G. McCall, B. L. Malone, J. W. Ragsdale, J. S. Anderson, A. B. Cox, Harry F. Schwenker, Herbert L. Wood, J. S. Wall, G. C. Kirk, Harry W. Lindley, Louis Brook, Sam Graham, Wiley W. Walker, Burl T. Wiley, Ray Willoughby, Rasberry, Dimmitt J. Wood, Edwin Broad, W. H. Ballou, W. N. White, and the guest of honor, Mrs. Jarvis; Misses Margaret White, Erin Yantis, Lessie and Norma Samuel, Rebecca Franks, Jennie Banister.

**Christianus-De Guire.**

A wedding of much interest to friends and acquaintances was that of Miss Ruth Christianus of Belton Texas and Mr. A. W. DeGuire of Oklahoma City which took place at Waco Texas, on Friday evening at 9 o'clock, November 19th, the culmination of a romance which started a year ago. The announcement was made in the presence of a few friends of the bride at a dinner given at the home of the bride's parents Mr. and Mrs. T. A. Christianus, Saturday evening.

The wedding took place in the spacious Bridal Chamber of the Raleigh Hotel at Waco, Texas and was beautiful in its simplicity, the double ring ceremony being used and the words were spoken by Rev. J. C. Byars, pastor of the First Presbyterian church of Midlothian, Texas, and former pastor of the Presbyterian church of Belton, of which the bride is a devoted member. The bride's mother was the only attendant at this happy occasion.

The bride is the popular daughter of Mr. and Mrs. T. A. Christianus having come to this city in her childhood and has many friends who wish her much happiness. She is a graduate of the Belton High school of the class of 1919-20 having been very active in all athletics and social activities and being a member of the fraternities organizations after entering Baylor College where she completed her business training, after which time she was head of the Bureau of Correspondence for the State Tuberculosis Sanatorium at Carlsbad, and since her resignation there has been employed in both the County and district Clerk's office of this city having resigned from the latter only a few weeks ago. She is a member of the Presbyterian church of this city, and is President of the Young Peoples Society.

Mr. DeGuire was born and reared in Kenosha Wisconsin, and is a successful salesman for the Simmons Furniture Company of that city, and until recently has had headquarters in Oklahoma City. Mr. and Mrs. DeGuire will make their home in Dallas, Texas after December 1st.

**LOCAL BRIEFS.**

Local stockmen learned with regret of the death of Mr. Dixon, sheep salesman for the Cassidy-Southwestern Commission Co., which occurred at the stock pens last Friday. Mr. Dixon was well-known to shippers and was one of the most efficient salesmen at the stock yards.

The many friends of Mrs. T. L. Calloway will be pleased to learn that she is recuperating nicely from the attack of fever with which she was taken at Waco, while Mr. Calloway was there playing with the band at the Cotton Palace. Mr. Calloway advises that they expect to return to Brady in the next few days, if Mrs. Calloway's present improvement continues.

The momentum achieved by a heavy bird in flight may be imagined from the performance of a turkey, which escaped from a coop at the Mayhew Produce Co. one day last week. In the chase the big turkey took to wing, flying against one of the large plate glass windows of the Brady Auto Co. with such force as to shatter the glass into bits, broken pieces of glass being flung across the width of the office.

A wire was received last Friday by Wm. R. Davidson, Jr., announcing the sudden and unexpected death of his cousin, John Sage, at Madison, Ind., where he was making his home. The news will be learned with regret by many Brady citizens, who became acquainted with Mr. Sage while he was in Brady employed with the Brady Auto Co. a number of years ago, and who recall him as a whole-souled, congenial and most likable man. At the time of his death, he was 87 years old.

J. N. Boleman and family, prominent citizens of the Whiteland community the past number of years, left yesterday for Kennedy, Texas, where they will make their future home. Mr. Boleman, in company with his brother-in-law, last summer purchased a filling station in Kennedy, and the firm has enjoyed a splendid business. Kennedy is a good town on the Puget-Sound-to-Gulf highway, and Mr. Boleman and his family should be nicely located there. The many friends of this estimable family will join in extending good wishes for their happiness and prosperity in their new home, the while anticipating their ultimate return to grand old McCulloch.

San Antonio, Texas, Nov. 19—Davis Sheen, Schleicher County ranchman charged with the fatal shooting of O. L. Hopkins, an employe on his ranch, in April 1922, will not go on trial at the regular term of Schleicher County District Court that was scheduled to convene Monday at Eldorado. By agreement of State and defense counsel here late in the week the case was continued

for the second term. The above will be of interest to McCulloch county folks, since the victim, Louis Hopkins, was a son of F. M. Hopkins of Voca. He was employed on the ranch of Mrs. Sheen at the time the fatal shooting occurred and with which Mr. Sheen is charged.

**WOULD ESTABLISH PERMANENT EXHIBIT HALL FOR C. OF C. HEADQUARTERS**

A movement looking to the securing of a suitable down-stairs building as Chamber of Commerce headquarters, and which shall incidentally serve as a county-wide community exhibit hall, was set on foot yesterday at the Brady Luncheon club meeting. The proposal came from Dr. J. B. Granville, president of the Chamber of Commerce, who has long had this project under consideration, and who sees therein not only an invaluable asset in the forming of a permanent exhibit of farm products to be placed at the disposal of the Chamber of Commerce, but incidentally the uniting of town and rural interests in one common endeavor.

The proposal was to secure a building of adequate size which might be divided into booths, and one booth designated to each school or rural community for the storing, exhibit and caring of their banner products from one season to the next. Incidentally, should the Brady Chamber of Commerce decide to secure exhibit space at the Texas or any other State fair, the banner products of the county would then be available from which to make up such exhibit.

A committee composed of Jas. T. Mann, Geo. E. Ehlinger and W. I. Brogden was named to investigate the feasibility and possibilities of the proposition, and report of the committee at next week's meeting of the Brady Luncheon club, will be anticipated with great interest.

### PARENT-TEACHERS ASSOCIATION INAUGURATES NOTABLE PROGRAM OF IMPROVEMENT

The Parent-Teachers association met in regular session at the High school building Wednesday afternoon at 3:30 o'clock, with the President Mrs. E. A. Burrow in the chair. The meeting was opened with prayer. After roll call and reading of the minutes, the standing committees made excellent reports.

Mr. Jim Mann talked to the organization on the importance of Red Cross work and asked for volunteers to help the chairman put over the "Roll Call," and several ladies offered their services.

Work of beautifying the High school campus is taking definite form, leveling the grounds and preparing flower beds will commence immediately.

Twenty-four shade trees are to be planted. Anyone wishing a part in the work will communicate with Mrs. F. R. Wulff, chairman of the tree planting committee.

The treasurers report showed a nice sum realized from the entertainment given in the high school auditorium November 8th.

The association is unanimous in thanking The Brady Standard, The Brady Sentinel, Moffett Bros. and Jones and the Picture Management for the splendid advertising given, also the Brady Band and all others contributing to the success of the entertainment by appearing on the program.

With the present splendid co-operation of the entire citizenship of Brady there is no limit to what can be accomplished for "our citizens of tomorrow"—Brady's children. For truly "we make tomorrow by living today."

This being—National Education week, Miss Courtess of Bonham talked to us on the importance of continuing the pursuit of an education, until we reach the grave, if we are to be useful citizens. Her talk was inspiring and greatly appreciated.

Miss Marjorie Cottrell, one of Brady's young artists gave a beautiful violin solo accompanied by Miss Oma Wiloughby.

The next meeting of the association will be Wednesday, December 12th, will everyone please keep this in mind and work to prevent other meetings of any kind from conflicting.

We want every patron of Brady schools to be a member of this organization before this year closes.

The Honorable P. P. Claxton, former U. S. Commissioner of education says, "The biggest thing in this nation, so far as I can see, is the fullest possible development and use of the Parent-Teachers association." An association should be organized in every community of the United States. It is the keystone of a vigorous, virtuous democracy."

#### Ready to Oblige.

"I want a shave," said the determined-looking man as he climbed into a chair in the Coliseum Barber Shop. "I don't want a hair-cut nor a shampoo. Neither do I want any bay rum, witch hazel, hair tonic, hot towel or face massage. I don't want the manure lady to hold my hand nor the bootblack to fondle my feet. I just want a plain shave, with no trimmings. Do you understand that?"  
"Yes, sir," said the barber. "Will you have some lather on your face, sir?"—N. Y. Evening mail.

#### Purely Personal.

Four years ago a reader asked me how to propose to his girl. We told 'im the best we knew.

It worked. He won her in a walk. Now we've just received a small box of something with his name in the upper left-hand outside corner and we're afraid to open it. We don't know whether it's a box of cigars or something that explodes and kills you when you lift the lid.—Richmond Times Dispatch.

#### INVESTING FOR THE FAMILY

Abraham Lincoln humorously said of a poor neighbor's assets, "He has a wife and two children, which I should think were worth thirty thousand dollars to any man."

The family is the greatest wealth of every member of it—the first concern of the individual member of society. It is a golden investment and needs the same protection and care that any investment requires.

One of its best safeguards is good reading; one of the things that puts it in jeopardy is bad reading. The Youth's Companion has always been, in the matter of supplying good reading, what a United States bond is to the investor. Its principle is guaranteed, and its interest is paid with every issue. Try this investment for your family.
