

FESTIVAL AND TRADES DAY FEBRUARY 22ND

MERCHANTS COMMENDED BY INSPECTOR

Brady merchants were highly commended by R. B. Harrison, state inspector, representing the Food and Drug division of the State Board of Health at Austin. Mr. Harrison, in company with Dr. J. B. Granville, city health officer, made a thorough inspection of Brady's hotels, cafes and all establishments where food was exposed for sale, and as a result of his visit and recommendations, it is certain that Brady's food depots and eating places will rank with the best in the state, from the standpoint of cleanliness and sanitation.

Mr. Harrison spoke in especially commendatory manner of the efficient work of Dr. Granville as city health officer, and to whose interest, co-operation and activity much of the credit is due for Brady's excellent showing in the inspection.

Dr. Granville is in receipt of the following very complimentary letter from Mr. Harrison:

"I want to voice my appreciation of the cordial reception and cooperation accorded me at your hands, and I want you to realize that the State Health Board holds itself ready at all times to uphold the hands of such earnest and conscientious local officers as you have shown yourself to be. The general public does not realize that the small pittance received by you does not begin to repay you for the time and thought given this department. Feeling keenly this misunderstanding on their part I wish I could in some way get it across to them that the remarkable record of three typhoid cases last year is a most remarkable record and puts this city in a class way up towards the top.

"There are a few points which the handlers of foods, markets, bakeries, dairymen, dispensers of milk at restaurants, hotel dining rooms, ice cream parlors and soda water foun-

tains, seem to be in ignorance as to the law regarding issuance and expiration of health certificates.

"Handlers of meat and milk products must have a certificate from a reputable physician, countersigned by the Health Officer, stating that he or she has been examined privately and found to be free from contagious and infectious disease or effects of same. These certificates are good for six months after date unless party makes a change in his employer, in which case if certificate is over a week old a new one must be secured. The responsibility of this matter is on the employer and the penalty for hiring a person without this certificate shall be a fine and costs against such employer, lowest fine being \$5.00.

"I must do justice to the food handlers of your city when I say that those found guilty of disobeying this law were ignorant or negligent of same and not wilfully criminal, and I have received at their hands most courteous treatment; and willing compliance to my instructions in the matter has inspired me to send you this letter of appreciation.

"I cannot close without doing justice to one merchant who has of his own accord screened in his fruit so that the filthy fly cannot contaminate same."

A Correction.

In an article written by our Oregon correspondent, and which appeared in The Standard last Friday, a statement was made by the writer in effect that Brown Paschal, pioneer Brady citizen, was a brother of Mrs. J. M. Duke. This was an error, Mr. Paschal having been a brother of Mrs. S. A. Duke and also Mrs. Julia Wigginton, both of this city. Mr. Paschal is well remembered by all old-timers of this section, and The Standard is glad to make the correction as to his relationship.

Church of Christ.

Elder J. H. Lawson of Austin will preach at the Church of Christ Friday night. The subject is: "The Bible Against Evolution."

Macy & Co. are ready to supply your coal needs. Phone 295.

BRADY IN GALA ATTIRE FOR BIG DISTRICT CONVENTION

RETURN OF BEAUTIFUL WEATHER PRESAGES RECORD-BREAKING ATTENDANCE AT WEST TEXAS CHAMBER COMMERCE MEETING NEXT FRIDAY.

Brady is assuming gala attire for the great district convention of the West Texas Chamber of Commerce to be staged here on Washington's birthday, next Friday, February 22nd. In the hands of an expert decorator, the Brady business houses about the public square, and on the principal business streets of the city, are rapidly assuming a festive appearance, in their gay decorations of flags and bunting. Intermingled with banners of red, white and blue, are the U. S. flag, and also the official flag of the West Texas Chamber of Commerce. Streamers of flags will be strung across the streets, and at street intersections, throughout the business district, and Brady will have all outward signs of a gay welcome, while her citizenship will extend cordial handshake and hearty greeting to the visitors on February 22nd.

Beautiful Weather Presaged.

With the return of sunshine and balmy atmosphere this morning, the Weather Man appears to regard the big convention at Brady with favor. At any rate, the "Million Dollar Rain" had Sunday afternoon and continuing through Monday and part of Monday night, will hardly interfere with the holding of the convention, or with the record-breaking attendance that has been promised. Three days of sunny weather will put the roads in excellent shape to travel, and the balmy spring atmosphere will induce many a tired business man to "take a trip" to Brady and the convention.

Program Is Interesting.

The program of the convention will be carried out as printed in The Standard last Friday. Chief among the changes from the program as at first announced, is the time of giving the illustrated travelogues at the Lyric theatre, and which were advanced to the morning hour, since the opera house will not be available in the afternoon.

The Banquet.

The banquet, to be served by the ladies of the Christian church at the Methodist tabernacle at high noon, is an occasion that will be looked forward to with a great deal of anti-

lightful entertainment, and are desirous of having everyone attend.

Hen and Cow Specialists.
No greater opportunity will ever be available to farmers, poultry and dairymen of the Brady section to secure first-hand information and advice from leaders in the poultry and dairying industries than at this meeting. F. W. Kazmeier and J. W. Ridgeway, acceded the leading authorities in Texas on these two subjects, are both on the program, and will make addresses that will mark the beginning of a new era in these lines of industry throughout the McCulloch section.

Concerts, Amusements, Etc.

With Brownwood coming to the meeting in her own special train, and bringing her famous "Grey Mare Band," with Fredericksburg, Llano, Mason, Coleman, San Angelo, and many other points sending great delegations, and with some five or six bands coming to Brady as guests for the day of the Brady Municipal band, everything points to a great gathering, and a continuous program of concerts and musical numbers is assured on the part of the various bands assembled here. The polo game between Brady and Brownwood assures a big attendance upon the part of partisans of the rival teams, and the goat and wild-cow milking events, which will intersperse the polo, will serve to furnish excitement for all visitors, who crave such—in fact, there will not be one dull moment throughout the day.

Great Trades Event.

This issue of The Standard will fully evidence the fact that Brady merchants are heart and soul in for a big day on next Friday. The Trades Festival is being joined in by practically every merchant, and there will be ample opportunity afforded every visitor not only to enjoy the day's events, but incidentally to take advantage of the remarkable trades offers made by the merchants. Read all the ads in this issue; look up the ads in last Friday's issue. Carefully note the many trades specials—and then come to Brady prepared to make your dollar do its biggest day's work.

Martha Washington Tea.

Following this program, the ladies of the Parent-Teachers association will give their Martha Washington Tea in the high school auditorium. This promises to be one of the most delightful events of the entire day. The ladies have arranged a most de-

POWER RATE LOWERED FOR HEAVY USERS

At a meeting of the Board of Water Commissioners of the Brady Water & Light Works, held last Friday, it was decided to make a further reduction in the power rates, and the new schedule, in effect with the next meter reading, will be as follows:

1st 100 kilowatts, 10c per kilowatt
2nd 100 kilowatts, 5c per kilowatt
3rd 100 kilowatts, 4c per kilowatt
Additional kilowatts, 3c per kilowatt

In the above schedule, the rates on the first 200 kilowatts are the same as have heretofore prevailed, the reduction being made only on the third 100 kilowatts, and additional consumption thereafter. Consequently, only heavy consumers of electric power may hope to derive benefit from the reduction.

The board this month will make no payment upon notes outstanding against the municipal plant, the net returns from the operation of the plant the past month being needed to apply on outstanding indebtedness heretofore carried over. At its meeting in January, however, the board paid \$2,000 on the H. H. Sessions' note, thereby cutting the principal of this note down to \$8,000.00: Interest on the Sessions' note is paid to December 1st last, and interest on the \$12,000 note held by H. C. Samuel has been paid up to September last.

PARENT-TEACHERS ASSOCIATION TO MEET WEDNESDAY AT HIGH SCHOOL

The Brady Parent-Teachers association will meet tomorrow (Wednesday) afternoon at 3:30, in the high school auditorium. All members, and everyone interested in the welfare of the Brady schools and school children are earnestly invited to be present.

NOTICE!

I will thresh Maize and Cane February 20 and 21st. O. D. PENCE, Brady.

BRADY, TEXAS, Feb. 19, 1924

HONEST INJUN

Peach trees are now in bloom in g-r-r-and old McCulloch.

"PRIDE IN APPEARANCE" CAMPAIGN.

Every now and then someone bobs up with a new idea, some of which are clever indeed, and win approval on their outstanding merit. Such is the case with the new slogan being advocated by a leading clothing trade journal, which suggests a "Pride in Appearance" slogan as worthy of adoption by every clothing dealer. The idea "takes" at once. Despite the old adage that "clothes do not make the man," clothes can, nevertheless, sometimes unmake the man. A man who is neat and tasty in his sartorial appearance, will naturally be neat and tasty in his work. The idea of good taste in dress inculcates neatness in one's habits.

Therefore, the "Pride in Appearance" slogan should win approval not only from the clothiers, but from every merchant who deals in ready-to-wear goods, millinery or clothing of any description, whether for ladies or for men.

A steadfast campaign, and the constant use of the slogan, will put "pride" into some of those most careless about their appearance. There is magic in those words, "Pride in Appearance." Brush up on the idea and then sell it through your ads and sales talks.

WANTED—A HAND.

This is the season of the year when a good hand is needed on every successful farm. Following is an advertisement clipped from a Kansas paper, the Rome Record:

"I want a man to work on my farm. I don't give dancing lessons. I have no piano. I can't serve plank steak three times a day. I do give three square meals, a real bed, fair wages. If any man who knows a cow from a talking machine, can hear an alarm clock, get up at 5:00 o'clock, wants the job, I will agree not to treat him like one of the family, but a darn sight better. Apply at the Steve Wiggins place, Intervale Road."

MOTOR TAX FAR EXCEEDS ROAD FUNDS.

The government of the United States has, since 1917, collected far more in the way of taxation of motor vehicles and accessories than it has expended in building and maintaining roads. The figures are \$589,012,021 from taxes and \$264,782,216 for roads.—Agricultural Review.

WARRING ON INSECTS.

The surest and cheapest way to decrease the flies and all insect pests is to destroy by burning or plowing under deeply everything that will afford them safe "housing" during winter. Spread and plow under manure and litter. Cover deeply all weeds, trash or other things that afford shelter for insects. Plowing in December, January and February will get most of them by breaking up their winter homes.—Farm & Ranch.

HOME DEMONSTRATION DEPARTMENT

Pear Valley Demonstration Club, Pear Valley, Texas, Feb. 15.

Editor Brady Standard: The Pear Valley Home Demonstration club met Feb. 14th, with 26 members present.

Three new members were enrolled. Miss May Belle Smith gave demonstration on how to pack school lunches, and selection of foods in order to secure a balanced diet.

Receipts were given for sandwiches, and about 20 different kinds of sandwiches were made, probably the most interesting were the fillings made from our old friend "the red bean."

The next meeting will be instructions and lessons in different processes of sewing, such as set-in pockets, bound button holes, and fancy stitches.

REPORTER.

Mercury Community Club.

The Ladies' Community club of Mercury met at Mrs. S. A. Busnach's February 13, 1924.

The following members were present: Mrs. Ernest Beakley, Miss Minnie Cawyer, Mrs. Carl Kirby, Mrs. I. A. Russell, Mrs. Jud Eratton, Mrs. W. A. Weldon, Mrs. D. S. Pumphrey, Mrs. Finigan, Mrs. R. E. Cooper, Mrs. A. C. Wright, Miss Carribel Wright, Mrs. Ernest Pool, Mrs. Okla White, Mrs. S. E. Cox, Mrs. Frank Cawyer and Mrs. J. B. Cawyer.

The District Agent, Miss Molly Stone, was with us, also Miss May Belle Smith.

Miss Barth was here also. We were all weighed, and she gave a good lecture on what to eat.

The packing of lunch boxes was taught and about twelve different kinds of sandwiches were made and served to all.

SPARE THE ICE AND SPOIL THE FOOD

ACCORDING to Uncle Sam, many families spend one-third of their incomes for food.

Now, as just a matter of plain house-keeping mathematics:

Is it worth while to invest the few cents in ice that will protect the value of all that food? The answer being so open to argument, we wonder how any family can practice the false "economy" of food risked to spoilage.

Food left in a room—on a window shelf—left over night in anything but a well iced refrigerator, can very easily spoil. That's why ice is needed every day in the year—and we're here to serve you.

LOCAL BRIEFS.

Willie Gavitt and W. S. Pence came up from Austin, where they are attending State university, to make a week-end visit with relatives and friends.

Minnie Drucilla is the musical name of a charming little Miss who arrived Sunday, February 10th, at the home of Mr. and Mrs. Henry Johanson, and who weighed 9 1-2 pounds in her birthday clothes. The proud and happy parents are being showered with congratulations and best wishes.

U. R. Groom, representing the Temple Trust company, was in Brady last week looking after business interests here. He was accompanied by C. M. Orgain, from the company's headquarters at Temple. Both gentlemen were gratified at the progressive and enterprising spirit of Brady and the Brady business interests, and foresaw much building and improvement activities, in which they hope to be of assistance through the medium of their company.

BRADY MAN IS APT AT NAMING CARTOONS—WINS AGAIN THE PAST WEEK

W. E. Kennemore, well-known sign-painter, whose artistic lettering decorates many of the sign-boards in front of Brady mercantile establishments, and as well on various bill boards about the city, is a genius, it would appear, at naming cartoons. The Fort Worth Star-Telegram, the Houston Chronicle and several other papers each Sunday print a cartoon, and offer prizes for the most appropriate title. Kennemore last week drew down his second ten dollar prize from the Star-Telegram, and in addition has won \$15 in prizes from the Houston paper.

Sheriffs at Coleman Pledge Co-Operation —Form Association

The sheriffs of five counties, Coleman, Brown, Runnels, Concho and McCulloch, comprising the 35th Judicial district, together with a number of deputy sheriffs from the above named counties, met at Coleman Friday, February 8th, for the purpose of discussing the problems of law enforcement coming within the province of the sheriffs' departments, and to evolve plans of mutual helpfulness, that there might be a spirit of co-operation between the department of the different counties, to the end that the laws might be fully enforced and the situation handled in the most business-like manner.

The sheriffs and their deputies were the guests in Coleman of Sheriff Dick Pauley, and report that they were treated with true Texas hospitality by the sheriff of Coleman and his force.

Sheriff Jim Flint, of Runnels county, in a few well chosen remarks explained the object of the meeting, which was that the sheriffs of the different counties form a District Sheriffs Association, and work in co-operation with each other in coping with all law violations. The association was formed comprising the five counties in this district and with the sheriffs and their deputies of these counties as charter members. Sheriff Jim Flint of Runnels county, was elected president of the association and Deputy Sheriff Carl Adams of Brownwood, was elected secretary.

On motion of Sheriff Bob Miller of Concho county, the second Friday of each month was chosen as the monthly meeting date and the next meeting will be held at Ballinger on the 14th day of March.

Sheriff Flint pointed out that the problems of the different sheriffs were almost identical, that they each had the same kind of law breakers to cope with and the same problems to solve. Therefore, it is the purpose of the new organization to work in harmony and co-operation with each other that each may the more efficiently discharge the duties of his office. He said that many heads were better than one and that meeting together each month the various sheriffs could help to solve each others problems.

By having the sheriffs' departments of the different counties work in harmony and render aid to each other through the functioning of this association, it is intended that the law enforcing machinery may be so moulded together that county lines will offer no protection to the law breaker in the future. Every sheriff present pledged that he and his deputies would do their utmost, when notified that a law violator from a neighboring county was attempting to make his escape through his territory, to apprehend him.

At the meeting at Ballinger in March it is intended to invite the sheriffs of the counties adjoining this district to attend the meeting and to then present to them the plan of operation and to invite them to form other associations. In this way it is hoped that the formation of the sheriffs association of 35th Judicial District may mark the beginning of a movement of like nature spreading out and covering the entire state, and may ultimately lead to closer co-operation and more efficient enforcement of the laws in the entire state of Texas.

JAMES FINLAY FOR THE LEGISLATURE — QUOTING THE SAN SABA NEWS.

Jim Finlay of McCulloch county, was in San Saba Wednesday of this week. While here he made it known that he will stand for re-election to the state legislature for the second term. Jim stood four square in the last session for most everything that the people wanted. In fact he made a record that it will be hard for an opponent to attack, and there has been no prospective opponent to even shy his hat in the ring, much less get into the ring.

Mr. Finlay was a hard worker and enjoyed the confidence of the membership of the House and his people will honor him with re-election.—San Saba News.

Mass Meeting Called for Saturday Night on Political Issues

The Standard has been requested to announce a mass meeting to be held at the court house next Saturday night for the purpose of discussing the political issues of the day, and to endorse candidates for the various state, county and precinct offices. The meeting will be county-wide and every citizen is invited to attend and make known his preference among the candidates for the various offices. The meeting will be called to order promptly at 8:00 o'clock.

Circulars announcing the meeting were passed about on the streets last Saturday, and aroused much interest and discussion, with the result that a large attendance at the meeting is being anticipated.

REV. W. L. WALL AND SON, RALEIGH, ENGAGE IN BUSINESS AT BLANKET, TEXAS

It will be learned with interest by the many friends of the Rev. W. L. Wall and son, Raleigh, that these gentlemen have engaged in business for themselves at Blanket, to which place they have removed with their families and where they will make their future home. Rev. Wall and son have opened a hardware and furniture store in that enterprising Brown county town, and anticipate a splendid business. Rev. Wall and wife have been making their home in Brady the past several months, while he recuperated from a nervous breakdown brought on by overwork while engaged as pastor of the Methodist church at Rochelle. Raleigh Wall for several years past, has been a valued and trusted employe of the firm of O. D. Mann & Sons, and resigned his position there effective last Saturday night in order to embark upon his new business venture.

CARD OF THANKS.

We wish to express our profound gratitude to neighbors and friends for their help during the long illness of our dear mother, Mrs. Ruth Winstead, for their words of comfort and consolation at her passing, and for the many beautiful floral offerings. We shall ever hold you all in grateful remembrance. THE FAMILY.
