MODGLING COMMENTS ON CAMPAIGN

I've enjoyed this campaign - had good times meeting you folks in your homes, learned to know my two opponents better, and think they're mighty fine fellows.

This is my idea about a sheriff - seems to me he ought to be a peacemaker. If he stops trouble before it gets started, why, your boy, maybe on the edge of getting himself in bad, will be saved. That's worth something to you parents, isn't it? Surely, prevention of trouble is worth far more than the heartache and sorrow involved in its cure.

A sheriff ought to prevent little things before they get big, ought to be big enough in his office to do things that ought to be done, rather than to wait for someone to suffer before

Yes, my idea of the office is to use it to make peace. If you feel as I do, and I'm sure many of you do, I hope you'll vote for me as your next Coke County sheriff. I want to be a peacemaker for Coke County.

You should indicate your choice in each race, for each office, in order to express your real desire.

If several men are in the race, vote for only one man, scratch the names of all others for whom you do not wish to vote. Unless you do this, your ballot will register votes for more than one man, and you stand the chance of having your ballot tossed out due to incorrect voting

FOR YOUR NEXT COUNTY TREASURER

I wish to extend my sincere appreciation to each and every one of you for your kindness and encouragement during this campaign.

You will know my sincerity in seeking this office when you realize I am a widow with three children, and have undergone many hardships during the past six years. Should you see fit to elect me to office, I will show my gratitude and appreciation by fulfilling the office well, and by making myself available to help you in any part

of the County where I may be needed. Although I tried to see each of you, I may have missed some. In that case, I take this method of asking you

for your vote and influence. Having completed a secondary education in the Texas public schools, and having held several positions with the public and for the public, I believe I know how to deal with people. This is quite necessary for any public

Allan Shivers Is **Fully Qualified**

Senator Allan Shivers is the only candidate for lieutenant governor who has the experience and qualifications that are so badly needed to properly preside over the Texas Senate, the lieutenant governor's chief function. Allan Shivers gained this experience through 12 years of service as a senator, interrupted only by two years overseas duty with the Army. He is the only war veteran seeking the lieutenant governor's office.

To The Voters of Coke County

The time is drawing near for the people of Coke County to choose their officers for the 1947-1948 term, and during these last few days I wish to say to one and all that if I have not been due to any lack of interest in you and your rights, been denied the pleasure of calling on you inperson, it has but is the result of my pre-occupation with my duties as your County Treasurer.

I wish to again ask you to examine my record of nearly two years of service and make that your basis for deciding whether or not you are to follow the age-old democratic precedent of rewarding faithful service by continuation in office.

My final word is that if I am so fortunate as to again be entrusted with the duties of this office, my appreciation will be shown by my devotion to them.

Again thanking you for past favors, I am,

Yours for faithful service,

LET'S ELECT LATHAM

In my campaign as a candidate for Sheriff, Tax Assessor and Collector of Coke County, I have tried to contact each one personally.

If I have failed to do so, it has been unintentional.

I am asking for this office on my own merits, and not because I happen to be an ex-service man.

I believe I am capable of performing the duties required of me, and would like to have the chance to prove that I can do so.

The people of Coke County have my sincere thanks for their kindness and hospitality shown to me during this campaign. I will certainly appreciate your vote.

To those not eligible to vote, may I request your help and influence, both of which I will appreciate sincerely.

When elected to this office, I will do my best to stand up to the trust and confidence you placed in me.
