## Turkey Stalls; Nazis Losing Time

### EVERYONE INVITED TO TRIP

...XITers who will form a section in Borger's 15th celebration parade Saturday at 11 o'clock will leave around 8 or 8:30 that morning as learned this morning. Officials are anxious for as many as possible to make and want them all dressed in XIT regalia if possible. "Wait for an invitation," chairman Dan Spencer. "If we want you, and we'll contact you if you will contact member of commerce." If asked, however, to for their own transportation they can go they may chamber and help form a section in Borger. Ten horses will be taken to lead the XIT section. Three foremost riders will be U. S., Texas and XIT

WASHINGTON. — British prospects in the Balkans are anything but rosy. Confidential figures regarding the strength of the Nazi army give some idea of what the British-Greek forces are up against. Most people don't realize it yet, but Hitler now has 600,000 men in Rumania and Bulgaria, in addition to the Bulgarian army of 150,000 men. The Bulgars probably won't be used against the Greeks, but will guard the southern border against Turkey.

Against this, the British have one division—about 20,000 men—in Salonika. More are on the way, but it takes time to transport them. The Greek army has been concentrated in Albania, at the extreme western end of Greece. While more forces have been switched to Macedonia recently, it is a tough job for a little country to spread its forces so thin.

Another important factor is that Germany has been preparing for this move during three months. The German general staff is the most thorough military organization in the world. Not once in this war—unless it be the reputed attempt on England in September—has Hitler moved until he was completely prepared.

And from the first moment Italy was set back in Greece last November, Hitler has been preparing for his present drive on Greece.

#### MACEDONIA MUD

If it took Hitler three months to prepare, you can get some idea of how long it will take the British to mass a real army in Salonika. Chief hope of the British is airplanes, plus bombing raids on Bulgaria and the Rumanian oil fields from Greek or Cretan bases.

Another hope, perhaps even more important for the time being, is mud. Macedonia in the spring can be the muddiest place in the world. One of the authors of this column once spent days in open trucks stuck on the muddy, gumbo roads of Macedonia. This part of the Balkans is adapted only to the oxcart, and Hitler's tanks and armored cars are likely to get hopelessly mired.

However, spring in the Balkans has come early this year—in contrast to the very severe winter last year. So the spring rains may finish early. Thus British-Greek fate depends in part on the weather.

#### ORATOR VANDENBURG

Genial Senator Arthur Vandenberg is one of the most effective orators in the Senate. His mind is alert, and he has a command of phrases that makes the galleries lean forward to hear him.

When he delivered his major effort against the lease-lend bill, he retired to the cloak room, lit a cigar, and leaned back in an upholstered chair. One of his colleagues congratulated him on the speech.

With a mischievous twinkle, Vandenberg replied: "I could have de-

## Basket Meet Opens Tonite

Dalhart's first annual grade boys basketball tournament will open tonight at 7:30 with a three-game session in the Dalhart high school gym.

Tonight's games will be among Dalhart's six clubs—two from each ward. The three winners Saturday morning will then enter the final three sessions along with all the out-of-town clubs.

The tournament is being arranged on this schedule so that the six out-of-town clubs will not have to stay overnight, as some of them said they could not.

Games tonight: Kella Hill A club vs. South Ward A; North Ward A vs. Kella Hill B; North Ward B vs. South Ward B.

Play Saturday morning will open at 9 with a game slated each hour until noon. The drawing for places matched three Dalhart teams against Hartley, Dumas and Conlen for the first three games.

Play will resume at 1, between Boise City and Stinnett, who drew first round byes. The Amarillo Mavericks, who also byed in the first round, will play the winner of the Dalhart-Conlen match at 2 o'clock.

## Stocks Advance Sharply Today

New York stocks made a sharp advance in late trading today. In the Dow-Jones list at the end of the third hour industrials were up 37 cents; rails were up 14, utilities had dropped six and the entire list had advanced 12 cents. The gain continued in the fourth hour, latest reports said. Third hour volume was 200,000.

Chicago wheat at noon was a quarter to a half cent down: May 82. Corn was unchanged to an eighth down: May 61 1-4; while oats were unmoved to a half higher with May at 35 3-8.

## XIT Group Will Go To Ft. Worth

The General XIT committee, which will stage the Sixth Annual XIT Reunion in Dalhart next August 4 and 5, announced yesterday that it will send a special delegation to the Southwestern Exposition and Fat Stock show in Fort Worth next Thursday, March 13. The exposition runs from March 7 to 16.

March 13 has been designated, it was learned, as Stamford-Dalhart day, since these towns annually entertain the two biggest cowboy celebrations in Texas.

Stamford entertains the Texas Cowboys Reunion. And the XIT Reunion annually pays tribute to the men and women who once worked on the famed three-million-acre XIT ranch that was formed in the 1880's and sprawled over ten Pan-

Sir Hugh Dowding

Air marshal of the British Royal Air Force, but now in the United States, Sir Hugh Dowding is pictured at the door of the White House in Washington after conferring with President Roosevelt.

Turkish dilly-dallying with Chancellor Hitler of Germany might be astute Turkish-British-Grecian strategy.

Because, regardless of what the dilly-dallying stems from or leads to, it is giving Britain, Turkey and Greece more time to arrange to meet any German thrust, no difference which direction it goes.

General Sir Archibald Wavell, commander of the victorious British North African army, needs time to divert his units to Turkey and to the Salonika area in Greece and the apparent Turkish indecision is giving it to him.

The African sun in a month or two will be too hot for fighting, and many observers feel that Wavell will leave only a defensive line in Africa and use the rest of his forces in the Balkans.

Greece also needs time to divert units from Albanian to the Thrace frontier; and Turkey undoubtedly needs time to perfect her frontier defenses and prepare against German air raids.

Some sources say Britain still has landed no troops at Salonika. However, Premier Mussolini's editorial mouthpiece, Virignio Gayda of Rome, says nearly a full division of Australian troops has disembarked there.

Of course, Hitler could be the shrewd one. Maybe he can wean Turkey away from Britain; then smash Greece, and thus close the Balkan door leaving him free to prepare for the British invasion and for blows in North Africa and against Gibraltar.

Hitler's latest request is for Turkey to send a high official to

(Turn to Page 4, Column 2)

## 40,000 Pounds May Be Top Set On Truck Loads

The Texas truck load limit, now 7000 pounds and with suggested revisions running up to 56,000 pounds, may finally be settled around 40,000 pounds gross (weight of truck and load).

The senate at noon seemed about agreed on that figure though there was considerable support for a 30,000, and a 48,000 pound limit. The issue probably will not go to a vote today, because the senate at noon had gone into executive session to discuss confirmation of some gubernatorial appointees.

The house has passed a 35,000 pound truck load limit bill.

## Baby And Mother Burned In Fire

The 3-year-old son of Mr. and Mrs. R. E. Edleman was badly burned on the face and arms, and Mrs. Edleman suffered slight burns on the face and hands Wednesday afternoon when their frame home on the Boise City road caught fire.

The blaze caught from a rubber hose connection from a gas cooking stove to a heater, reported O. W. Raillard, fire marshal. A nearby wall ignited and heat of the flames then caused a gasoline lamp to explode, Raillard said. Interior of the house was badly damaged by the blaze.

Mrs. Edleman was outside when she noticed the flames, and immediately ran into the house after her son. The boy is at Loretto hospital.

## SNOW FALLS STWARD

...that has brought only fogs and light mist for the past two days has six to eight inches of snow from Liberal to Herington, and a light snow to the Okla. area, the Rock offices here reported at

is also light snow from Texas, to Liberal. Over the Rock Island and Denver territory weather reported about the same as here.

## American Legion Meeting Tonight

for extending the American Legion membership drive will be at a meeting of the Roy post at 7:30 o'clock tonight at the courthouse. Other important business will also be discussed and attendance is urged. Commander H. O. Stoner.

## Board To Meet Tomorrow

number of commerce directors meet tomorrow night at 7:30, as said today. They said business would be routine, so far as new.

## TODAY

the Mission: Joel McCrea Foreign Correspondent."

## THE WEATHER

est Texas, fair with west wind, partly cloudy elsewhere tonight. Friday fair with partly cloudy southeast. Colder tonight.

# Eleven Ways To Play Safe

Naturally we all think we are good, safe drivers and most generally we are proud of the machines we are driving. However, none of us get too old to learn and, regardless of whether it is a FARMALL tractor or some other make that you are handling, it is well to remember the following rules of safe tractor driving as prepared by the Farm Equipment Institute:

1. Be sure the gear shift lever is in neutral before cranking the engine.
2. Always engage the clutch gently, especially when going up a hill or pulling out of a ditch.
3. When driving on highways, or to and from fields, be sure that both wheels are braked simultaneously when making an emergency stop.
4. Always ride on seat or stand on platform of tractor. Never ride on drawbar of tractor or drawn implement.
5. When tractor is hitched to a stump or heavy load, always hitch to drawbar and never take up the slack chain with a jerk.
6. Reduce speed before making a turn or applying brakes. The hazard of overturning the tractor increases four times when speed is doubled.
7. Always drive tractor at speeds slow enough to insure safety, especially over rough ground or near ditches.
8. Always stop power take-off before dismounting from tractor.
9. Never dismount from tractor when it is in motion.
10. Never permit persons other than the driver to ride on tractor when it is in motion.

While these are not all the rules of safe driving, they are some of the more important ones. We would like to add one of our own that we believe equally important. Here it is:

11. ALWAYS BE SURE IT IS A FARMALL.

MADAME JEANNETTE YSAYE

**OUTLOOK PROGRAM FOLLOWS LUNCHEON**

About fifty members of the Woman's Society of Christian Service of the Central Methodist church enjoyed a luncheon yesterday in the banquet room.

After the luncheon, the monthly World Outlook program was presented under the direction of Mrs. H. C. Hudson. Participating on the program were Mrs. E. H. Maddox, Mrs. Grady Randel, Mrs. W. E. Cantrell and Mrs. R. M. Thompson.

A duet, "Savior For Me," was sung by Mrs. Loyse Caldwell and Mrs. Kelley Stout with Mrs. John Eldridge playing the accompaniment.

Mrs. Kenneth Longwell presided during the brief business session.

**MRS. PEEPLES IS LUNCHEON HOSTESS**

Mrs. Herbert Peebles entertained the Bid 'Em Hi club and three guests, Mrs. B. C. Wilmoth of Fort Worth, Mrs. Karl Pieratt and Mrs. Carl Hogg at luncheon yesterday at the De Soto hotel, followed by bridge at her home.

Awards were won by Mrs. Hogg and Mrs. Pieratt.

**SORORITY SPONSORS SPRING STYLE SHOW**

The Beta Sigma Phi sorority will sponsor a showing of spring clothing styles by a local firm between films at the Mission theatre next Wednesday night, March 12, announces Mrs. Maurice Chernosky, president. About 18 sorority members will be models.

Showing at the Mission next Wednesday will be "Land of Liberty," patriotic film recently released and which is given unusually high rating.

**CONGRATULATIONS TO:**

Mr. and Mrs. Samuel A. Matthews upon the arrival of a daughter born this morning.

**PHEBEAN CLASS PARTY POSTPONED**

Because of the Ysaye concert, the party scheduled for tomorrow night at the home of Mrs. Levi Reynolds for members of the Phebean class has been postponed.

Goods produced by "oppressive child labor" are barred from interstate commerce by the Fair Labor Standards act.

**Miseries of Head COLDS RELIEVED FAST**

Put 3-purpose Va-tro-nol up each nostril... (1) It shrinks swollen membranes; (2) Soothes irritation; (3) Helps flush out nasal passages, clearing clogging mucus.

**Conlen 4-H Club Discusses Sheep**

Conlen, March 6.—Meeting this week, the Conlen 4-H club discussed sheep—how they can be best raised and made profitable—reports Jerry Frizzell, club reporter.

After the business session, the boys met the Dalhart Hi-Y cagers, losing 19-25 in an exciting game.

Attending were J. W. and Roy Lee Malone, Dale and Clarence Turner, Bobby Dawson, Bobby Reynolds, members; and Rudolph Whetstone and Charles Davis, visitors.

**Red Cross Sewing Project Reopens**

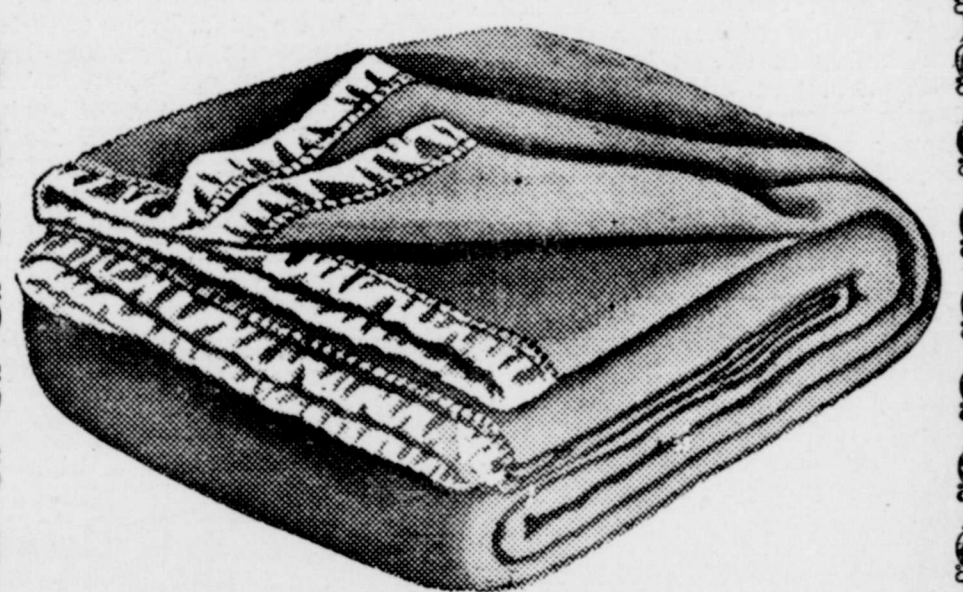

Mrs. J. L. Chesser, chairman of the war productions work being carried on by the Dallam County Red Cross chapter, today announces the reopening of the sewing room in the courthouse, and asks for volunteers to sew or knit garments for war sufferers.

The room will be open from 2 to 5 p.m. each Tuesday and Saturday, Mrs. Chesser said. Particularly needed are buttons to be used on hand-made garments, and the chapter would appreciate having those which are easily matched.

 CALL THE LUMBER NUMBER—29

lovers of Dalhart and this concert to be given tomorrow (Friday) night at the high school, by Madame Jeannette Ysaye. Madame Ysaye, concert violinist of international reputation, is appearing in Dalhart under the auspices of the High School Parent-Teachers association. Mrs. W. E. Cantrell, president, has announced that tickets—adult 50c, school children 25c—may be obtained from the association, at Mrs. Cantrell's Furniture or The Dalhart office. If two adult tickets are purchased in one family, the children will be admitted free. Madame Ysaye was born in Brooklyn, New York. Her father is the physician and linguist, Dr. Eugene Ysaye, who recognized her unusual talent when she was very young, and arranged for her preliminary studies under the tutelage of teachers in this country. Her first recital was given at the age of 10. Madame Ysaye then studied a year with Eugene Ysaye in Cincinnati while he was engaged to conduct the Cincinnati Symphony orchestra. Upon his return to Europe, she accompanied him and studied arduously under his guidance. In the meantime she became his wife, and later he designated her as his disciple for carrying on the tradition of the Belgian Violin school. Eugene Ysaye, regarded by many as the greatest artist of violin playing of the nineteenth century, received many honors and decorations from court circles of Europe and was a member of the Royal Belgian court.

Madame Ysaye was presented in concert to the European public by her husband as the true exponent of his own violinistic ideals as well as being an artist with true individualism in her own musical message. She has had several European tours, playing recitals and appearing as soloist with orchestras. Her American debut was made in Town Hall, New York, under the direct sponsorship of Queen Elizabeth of Belgium, to whom she was professor for several years while living in that country.

**IN AND ABOUT TOWN**

Flora Rainey, owner and manager of the Oxford Hotel, suffered a light stroke of paralysis this afternoon. She was resting this morning, according to reports from Everett Rainey.

The residence is under construction, at the corner of Keeler and 10th streets, for the Foxworth Lumber company. The new building will have four rooms and will be equipped with the latest conveniences.

Edward Potter, injured Tuesday in an automobile accident in Amarillo, has returned to Dalhart at the home of his parents, Mrs. J. C. Potter of Keeler. He is suffering from shock, a laceration on the face, and badly bruised knees. At the time of the accident Potter was en route to Amarillo with Lonnie and Marshal Pounds of Dalhart, N. M., to attend the Fat Cow. Pounds, the more seriously injured of the trio, has been removed to Clayton. Smithson escaped with minor injuries.

Dr. and Mrs. Bernie Foster, Trinidad, Colo., have returned to their home after a visit with Mr. and Mrs. Herman Steele.

Vera Ann and George Gail Edwards are in Clayton today with their mother, Mrs. Katherine Edwards. Mrs. Edwards has arranged a little party for Vera Ann, who is celebrating a birthday.

Mr. and Mrs. L. J. Dyson, Mr. and Mrs. Dave Rainwater, Billy Joe and O. L. Rainwater have returned from a few days stay in Dallas.

Mr. and Mrs. Delbert Hooser were in Amarillo Monday to attend the Live Stock show and to visit his brother, W. B. Hooser, county agent of Hall county.

Burl W. Parks, Rock Island electrician, has finally got his arm out of a cast. It was broken several weeks ago by the steering wheel on the portable crane at the roundhouse.

MERRY-GO-ROUND—

(Continued from Page 1)
livered just as strong a speech on the other side".

Senatorial loungers looked up, and Vandenberg added: "I could recite fifty unanswerable reasons why the bill should be passed".

FDR Jr.'S LAW FIRM

Franklin D. Roosevelt, Jr., is only a clerk in the New York law firm of Wright, Gordon, Zachry and Parlin, yet he has already performed yeoman service for one of the partners.

Partner Charles C. Parlin returned from Europe on the same clipper with Harry Hopkins. At Trinidad the British made the usual inspection of baggage. In Parlin's bags they found a moving picture film taken in Germany.

Parlin had visited Berlin, had accepted the Nazi invitation to take shots of Berlin areas which the British claimed to have suffered heavily from bombing. The pictures showed hardly a scar.

So the British seized the film and, for good measure, seized all Parlin's other belongings as well.

That evening, Harry Hopkins dined with the Governor of Trinidad. During dinner the Governor was called to the telephone and told what had been found in the Parlin baggage. Returning to the dinner table, the Governor asked Hopkins if he knew this man Parlin.

"Yes," said Hopkins, "he is a lawyer of high standing in New York, and the employer of Franklin Roosevelt, Junior."

Next morning, when Parlin appeared at the air station, expecting to find his luggage confiscated, he learned instead that everything was being returned to him with apologies and best wishes for a safe journey.

AMERICA FIRST BROADCASTS

In its hectic, last-minute efforts to block passage of the lend-lease bill, the America First Committee crashed head-on into the same obstacle that silenced the radio voice of Father Coughlin — the National Association of Broadcasters Code.

There was no publicity about it, but big radio stations have quietly been refusing to broadcast recordings of speeches by isolationist

leaders, which the Committee has been sending out, on the ground that their use conflicts with the code.

Such recordings, under the code have been interpreted as "controversial", which means (1) that they must be given free time on the air, and (2) that an equal amount of time must be accorded to Lend-Lease proponents by stations airing the anti speeches.

Big radio stations now broadcast so much "deadhead" national defense material — Army and Navy recruiting drives, special Army camp programs, speeches by defense officials, and so on — that they can't afford additional free time for long-winded debates on aid to Britain.

Result is that the America First Committee in its homestretch drive has had to depend largely on the smaller stations, unaffiliated with the NAB.

MERRY-GO-ROUND

On the President's desk are the tools of his work. On the couch at the right are the tools of Falla, the President's Scottie. They consist of a rubber bone, ball and doughnut, and a mesh-work bag that he can get his teeth into. Vice President Henry Wallace has engaged a Spanish-speaking secretary to help him practice his Spanish. Wallace wanted someone who would be available at any moment — in the office, in the restaurant, in the handball court. So he turned down a handsome feminine applicant from the Mexican Embassy, took a man instead. . . . Able young Representative Charley Halleck of Indiana, who nominated Wendell Willkie at Philadelphia, broke with him on the lend-lease bill, voting against it. Republican politicians in Willkie's native state are dead against his support of Roosevelt's foreign policy, and voted to a man to kill a Democrat-inspired resolution in the Indiana State Senate praising their 1940 nominee.

(Distributed, 1941, by United Feature Syndicate, Inc.)

TURKEY STALLS—

(Continued from Page 1)
Germany for conferences, or permit Germany to send a high official to Turkey.

The three other prongs in the diplomatic pitchfork he is using on Turkey are: 1. A denial that Germany has any intention against the Dardanelles, sea gateway that is vital to both Turkey and Russia; 2, a denial that Nazis plan aggression against Turkey; 3, a long review of events since the Treaty of Versailles in support of his charges that Britain has misused the little nations, especially Turkey.

Turkey and Greece both say they will stand by Britain, and

Missing from a private sanitarium at Rye, N. Y., Dr. Otto Klemperer, symphony orchestra conductor, is shown behind the bars of the Morristown, N. J. jail after he was located in a hotel there. Klemperer was former conductor of the Los Angeles Philharmonic orchestra.

Greese says she will fight on. And Britain says unless Turkey is prepared to resist she may be the next Nazi victim instead of Greece.

Yesterday only a few German soldiers appeared along the Bulgarian-Turkish border. Today the concentrations there became formidable. The Nazi concentrations in Thrace are only forty miles from a big Turkish base, and 100 miles from the Dardanelles.

There is increasing evidence that Russia is taking a hand. Soviet officials have served an ultimatum on Rumania demanding early ceding to Russia of certain Black Sea naval bases. Germany is taking a serious view of the matter because some of the bases are already occupied by German forces. Nazi spokesmen openly admit that Russia's attitude could lead to an open break with Germany.

What Rumania will do has not been indicated. Its premier, Gen. Antonescu, yesterday conferred with Reichsmarshal Goering in Vienna.

German blitzkrieg leaders today conferred with King Boris of Bulgaria, presumably about disposition of Nazi troops in his country.

Gen. Maxime Weygand, commander of the unbeaten French army in North Africa, arrived by plane in Vichy this afternoon, 24 hours after Vichy had officially announced his arrival. Why Vichy announced his arrival 24 hours before he got there mystified observers. He had come direct from his headquarters at Algiers.

There are growing indications that Germany is putting increasing pressure on France for air and naval bases in North Africa, and some think Vichy will have to submit.

London was bombed today for the first time since Feb. 16. There was some damage and a few injuries.

In Washington, administration leaders in the senate planned an amendment that would satisfy those demanding the Ellender amendment, introduced yesterday, and still not hamstringing the British Aid bill.

Ellender's amendment actually would prohibit use of U. S. armed forces outside the Western hemisphere or U. S. possessions. Opponents said such a provision probably would encourage Japanese aggression.

Defense officials meantime revealed that the Army and Navy this coming year will need 23,775,000 cubic feet of helium gas; and 100,000,000 cubic feet if war breaks.

That probably means increased production at the present Amarillo helium plant, and new wells, since authorities say production at the present plant should not be upped past 36,000,000 feet.

# KNOW YOUR MONEY

## And Avoid Loss Due to Counterfeits

TO THE AMERICAN PUBLIC:

The United States Secret Service and your police wish you to **KNOW YOUR MONEY**, and through this nation-wide educational program aim to suppress the major crime of counterfeiting.

CHIEF WILSON

Observance of these few simple rules will safeguard the pocketbooks of the Nation. Therefore, I urge every person to carefully study the rules and to follow them.

The United States Secret Service is grateful for the whole-hearted cooperation which it has always enjoyed from your police officers, and we now solicit the assistance of every American citizen in this effort to prevent crime through this modern method of education, instead of the age old method of prosecutions and imprisonment.

Chief, U. S. Secret Service.

### HOW TO DETECT COUNTERFEIT BILLS

1. **KNOW YOUR MONEY!**
2. **COMPARE** the suspected bill with a genuine of the same type and denomination. Observe carefully the following features:

- (a) **PORTRAIT:** Genuine is lifelike; stands out from oval background which is a fine screen of regular lines; notice particularly the eyes. The counterfeit is dull, smudgy, or unnaturally white; scratchy; background is dark with irregular and broken lines.
- (b) **SEAL:** On genuine, sawtooth points around rim are identical and sharp. On counterfeit, sawtooth points are usually different; uneven; broken off.
- (c) **SERIAL NUMBERS:** Genuine have distinctive style; firmly and evenly printed; same color as seal. Counterfeit, style different; poorly printed; badly spaced; uneven in appearance.
- (d) **PAPER:** Genuine bills are printed on distinctive paper containing very small red and blue silk threads.

3. **RUBBING** a bill will NOT prove whether it is genuine or counterfeit; ink will rub off of either.
4. **REMEMBER—NOT ALL STRANGERS ARE COUNTERFEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.**

### TYPES OF CURRENCY

The only three types of currency printed by the United States Government for circulation are:

1. **FEDERAL RESERVE NOTES**, which bear **GREEN** serial numbers and seal.
2. **UNITED STATES NOTES**, which bear **RED** numbers and seal.
3. **SILVER CERTIFICATES**, which bear **BLUE** numbers and seal.

### PORTRAITS

Denominations of bills may be identified by portraits, as follows:

WASHINGTON	on all	\$1.00 bills
JEFFERSON	on all	\$2.00 bills
LINCOLN	on all	\$5.00 bills
HAMILTON	on all	\$10.00 bills
JACKSON	on all	\$20.00 bills
GRANT	on all	\$50.00 bills
FRANKLIN	on all	\$100.00 bills

## Middewater

March 4

Mr. and Mrs. Earl Clifton, Earline and Billy, of Romero, visited Mrs. Fannie Clifton and Ramona on Friday.

Leroy Parker, stationed at Fort Bliss, is visiting his parents, Mr. and Mrs. Leonard Parker, Billy and Peggy Parker.

Mr. and Mrs. Allen Clifton and Emmett Doyle Clifton of Allamore visited his father, J. W. Clifton, over the week-end.

John William Smith was ill last week with tonsillitis.

Evelyn Anderson of Albany has enrolled in school here.

Several truckloads of cattle and horses have been received at the Beck ranch.

Dalhart visitors Monday were Mr. and Mrs. Leonard Parker, Leroy Parker, Mrs. John Switzer,

Kenneth and Margaret Switzer, J. W. Clifton, Roy and Curtis Switzer.

Miss Reta Phillips of Amarillo spent the week-end with her father, Frank Phillips.

Mr. and Mrs. Robert Bigham and family have been visiting relatives in Dalhart the past few days.

Mrs. Lewis Carson, Dalhart, visited Mr. and Mrs. John Switzer and Lewis Carson here Monday.

Mr. and Mrs. Jessie Clifton, Dumas, visited Mrs. Fannie Clifton and Ramona here Saturday.

C. C. Gibson of Dalhart was here on business Monday.

A new gas system is being installed at the school.

Miss Evelyn Casey spent the week-end in Dalhart.

The highest minimum rate of pay that can be set by a wage order, issued under the Fair Labor Standards act, is 40 cents an hour.

Poilus who were wounded and captured in the Battle of France had been prisoners in German camps, are greeted by General Hottelzinger (center) on their arrival in Vichy. Most of the men were in sore need of hospital attention. It is estimated that Germany still holds two million French prisoners.

### Norbert Zochert Is Home On Furlough

Sgt. Norbert Zochert, radio expert of Dalhart and widely known in Clayton, is now home on furlough from Fort Sill, Okla., where he is temporarily connected with a balloon outfit in the U. S. Army air corps.

Two years ago Zochert enlisted in the U. S. Army air corps reserve, and recently was called to Fort Sill for additional training.

Zochert says the Army balloons at Fort Sill are made so that a

motor can be attached to them, giving them a top speed of about 50 miles an hour. The balloons have the shape of a dirigible.

**THIS IS THE BEST YET— THAT MEANS TERRIFIC!**

# What Is Propaganda, and What Is Truth?

**ROGER BABSON**  
 Ga., March 6.—I have from the dining car of the Blossom Special. While given the latest news- ed up en route. It was interest that I found in the first page the follow-

from warring countries to censorship. It may be misleading. It is the duty of every American to his own thinking, hold his beliefs, and not permit his country to become of emotionalism or propa-

other newspapers carry earnings, but I had not in such a prominent no- the first page of a daily

**Protect Free Speech**  
 per cent for freedom of it is the foundation of When we lose it, we well close up shop; but free speech by Ameri- ery different from print- from abroad. When the receive dispatches from rough regular channels, they know whether these false? People who crit- papers should spend a managing editor's desk the mass of stuff which from all over the world. on my experiences in I—I do not believe two- the dispatches from the Europe, Asia and Af- tianity today is so ig- every nation believes it to lie.

standing the present gas- ing campaigns of every world is still getting lie Fottling says that in e 16th century coffee drinking

was forbidden in Constantinople "because it stimulated thinking amongst the common people." It is said that the first offense was punished by beating and the second by death! Yet, in my visits to Constantinople, it seemed as though most of the people spent the larger part of the day sipping very strong coffee.

**Propaganda in America**  
 We can discount by 66 2/3 the news items from abroad; but it is difficult to keep calm over what is said within this country. The talk about "secret weapons," that a "new world order is inevitable," and that "democracy is doomed" is very bad. I also dislike talk about the futility of war and "I did not raise my boy to be cannon fodder." I recently listened to a communist speech stressing the "corruption and oppression" by our "plutocratic democracies." Much of such talk we have heard in the halls of congress during the past few weeks. Most of it has been honest; but some of it may have been enemy-inspired.

How far shall we go in suppressing such opinions? How can we distinguish between honest opinions of Americans and hired propa- ganda of foreign agents? It is more and more difficult for conscientious Americans to speak their minds if they disagree with the "higher-ups," or even with their intolerant neighbors. If we get so that those born in the U. S. or Canada cannot freely speak their honest thoughts without being persecuted, is democracy worth fighting for? Certainly, the treatment in some cities of John L. Lewis, Norman Thomas, and Marian Anderson is a disgrace to us all.

**Censorship Ahead**  
 Newsmen in Washington have

already been photographed and fingerprinted. The secretary of the Navy has sent a "confidential" letter to newspapers asking them not to print certain facts. While making studies at Washington relative to the war uses and supplies of arsenic, I am at a loss to know whether the chemical warfare service is telling me the truth or stringing me along.

All of this reminds me of World War I when I worked for the committee on public information under that able genius, George Creel. Although we now have no such "committee," yet Mr. Lowell Mellett heads a great press bureau in Washington which, indirectly, has the spending of millions of dollars of taxpayers' money. This bureau may be used to lead the taxpayers astray. Although I head a large statistical organization, scouring the country for facts, I am utterly bewildered at times trying to separate the truth from falsehood.

**What Is the Remedy?**  
 Of course, the real remedy for our difficulty will be found in the 20th verse of the fifth chapter of Deuteronomy. Since time immemorial, lying has been recognized as one of the ten basic sins. In fact, the only hope of world peace is to get back to the teachings of the Bible which all nations have, for the time being, thrown out of the window.

As a second suggestion, I believe that all persons who are not citizens of the U. S. or Canada should be compelled to keep their mouths shut on political and social matters, especially in connection with the war. My church friends will not back me up in this. They say that if the U. S. and Canada should prohibit foreign propa- ganda in their countries, all the Axis powers and their friends would immediately throw out from their countries all American teachers, preachers, and missionaries, especially those who are paid with money from the U. S. and Canada. So the plot thickens!

# Do You Want Program On Citizenship Here?

If a sufficient number of Dalhart folks are interested a Citizenship and Home Defense program will be started here under sponsorship of the Dalhart Recreational Project, announced Mrs. Sam Huggins today. Those interested in the proposed project should contact Mrs. Huggins.

Meeting probably two nights per month the program would be devoted to discussions of government affairs with local men and women taking the lead in the discussions. It would serve the purpose of an open forum where individuals would feel free to ask and answer

questions relative to issues that now face this country.

As an example, Mrs. Huggins stated, there would be a discussion on the lend-lease bill if the project were in operation now. Such subjects as naturalization and its advantages would be discussed and matters pertaining to state and national affairs.

If interest is shown in the proposed project the time and place of meeting will be announced later.

The Federal Wage-Hour law provides for a fine up to \$10,000 for employers found guilty of violating the Fair Labor Standards act.

## Twist

March 5

Billy Moore of Darnart and Maxine Rose of Bunker Hill spent the week-end with the W. H. Rose family.

Marie Mitchell of Channing visited the Everett Mitchell family Sunday.

The D. L. Frampton family moved to the Coy farm recently.

C. J. Purdy is drilling wheat this week.

Mr. and Mrs. W. H. Rose went to Fort Worth last Saturday on business.

Marvin Tidrick is working for Burch Gregg of Dalhart this week.

## Plenty Rain Out In California — Craig

John Craig, former Dalhartan who now lives in Los Angeles, says stories of recent rains in California are not overdrawn. He left there

Monday, and is here visiting and on business.

"It has been raining from one to ten times a day," he declared. He said that even across northern Arizona little streams that maybe haven't run in years are raging, and the Colorado river at some Arizona points is the highest in years.

## KIDNEYS MUST REMOVE EXCESS ACID

Help 15 Miles of Kidney Tubules Flush Out Poisonous Waste

If you have an excess of acids in your blood your 15 miles of kidney tubules may be overworked. These tiny filters must be working day and night to help Nature rid your system of excess acids and poisons which may cause nagging backache, rheumatism, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent urination shows there is something wrong with your kidneys or bladder.

Kidneys may need help the same as does your doctor. Doan's Pills, used carefully by millions for over 40 years, give happy relief and will help the 15 miles of kidney tubules flush out poisonous waste from your blood. Get Doan's Pills.

### Stratford Boy Is Showman Winner

Stratford, March 6.—Walter Lasley, Jr., a junior at Texas A. & M. College, was adjudged the champion show man at the second annual Little Southwestern Stock Show in College Station early this week. He is the son of Mr. and Mrs. Walter Lasley.

The show had four divisions—cattle, sheep and horses. About 60 contestants a champion was chosen in each division. They in turn competed for the grand champion show man, which was won by P. H. Chauvin, College Station, a sheep exhibitor. A sheep exhibitor also won the grand championship last year.

Other division winners this year were Leo M. McMillan, of Mason, cattle; and John Bonner, Jr., of Corsicana, in horses. The show was judged on showmanship and the way in which the animals were fitted. Conformation of condition were disregarded. Ed Hale, J. A. Scofield, J. D. Hewitt, all of College Station, judged hogs, sheep and cattle respectively. Rufus Peoples, Tehuana, judged horses, and grand championships were determined by D. D. Giles of Nacogdoches.

### M. D. Blankinship Keeps Old Knack

Conlen, March 6.—M. D. Blankinship, who still has his farm near Conlen but who for several years has been superintendent at Mobeetie, lost none of his amazing adeptness at developing championship basketball teams.

Mobeetie girls recently repeated district champions. In order, they beat Stinnett, Matador, Quail Borger. Matador, a team of seniors, had an undefeated season and lost only two games in the last season. Mobeetie downed them 22-15. Borger had beaten Mobeetie three times this season, but in the district finals bowed out 11-16. Borger also district winner of last year, and had lost only one game this season.

Mobeetie's Redbirds have won 19 games in 12 starts, losing three to Borger and one to Kelton. They won the Shamrock tourney and at Canadian lost to Borger in the

semi-finals.

Last year the Redbirds were runners-up in the state race, losing to Wayside.

When Blankinship was principal and girls coach at Conlen some six or seven years ago he piloted the truly remarkable Conlen Lassies to a state championship. The success was particularly amazing because the school had a total enrollment of only 60, and every girl in high school had to play in order for Blankinship to have a team.

### Predict 100 In Forty-Two Meet

The North Ward P.-T.A., sponsor of the first annual All-Men's forty-two tournament that will open Monday night at 7:30 in the North Ward school auditorium, this morning predicted at least 100 entries.

More than half that many advance entry tickets have already been sold, one P.-T.A. member said.

The tournament is for every man, young or old, anywhere in this tri-state area of the Texas and Oklahoma Panhandles and Northeastern New Mexico. Entries have already been made from 25 and 30 miles out of Dalhart.

A man may choose his own partners, and the same partners will play through the tourney, under rules laid down by the Rules committee: Dr. J. P. Powell, chairman; Dr. G. E. Ewbank and Bill Gillis.

Partners will draw numbers for the opening round of the tourney. After that play will be progressive. Play will be in sessions, which will be composed of three games of 250 points each. Whenever a couple loses three sessions it is eliminated.

Play will continue till winners are established, which means that the tourney will extend over several nights.

There will be no charge for spectators. And North Ward P.-T.A. members, they said, will have cold drinks and light refreshments available each night for persons who care to buy them.

The United States has been divided into 14 regions for the administration and enforcement of the Federal Wage-Hour law.

Industries of a seasonal nature can apply for partial exemption from the hours provisions of the Fair Labor Standards act.

**IN THE ARMY NOW!  
WHY AND HOW**  
By S. T. Williamson

Those sounds you may hear at almost any of five-score camps and army posts these days could be machine gun practice, but more likely they come from carpenters' hammers. At many a cantonment the number of building tradesmen arriving upon the job in shiny new sedans and shimmying jalopies is larger than the garrison which turned out in reveille two hours before. But they won't be there long; by the middle of this month twenty-one recruit replacement centers will be completed and open for business, ready to handle the half-million or so men the draft has yet to blow in before July 1.

These centers will be the new one-year soldiers' first home. Here, for thirteen weeks, they will be taught the rudiments of a soldier's job. Infantry, artillery, engineers, cavalry, signal corps and armored force (tanks to you)—every arm of the service will have its own recruit training center.

Let's do a little crystal gazing at the infantry kindergartens. We choose the doughboys because well-nigh half the Army is infantry and the training is more basic. Infantry replacement centers for about 17,000 men each at Camp Croft (Spartanburg, S. C.), Camp Wheeler (Macon, Ga.), Camp Wolters (Mineral Wells, Texas), and Camp Roberts (Nacimento, Calif.) will open next week. Each company of 220 selected service men will have five reserve officers and 30 men from the regular Army who will be non-coms and cooks. Then after thirteen weeks of the A.B.C.'s of Army schooling the recruits will be ready to be transferred to regiments undergoing more advanced training.

Meanwhile, here's some mail. L. M., Palm Beach, Fla.: Can I choose the camp to which I wish to go.

No. When you join the Army you go where it tells you to go.

J. W., Pittsburgh, Pa.: I am 32 years old, married, one child, and have one year college education. Is there any form of service I can train in while at home. I work every day, but I would like to start some form of military training in my spare time.

Apply to the Home Guard, which takes the place of National Guard units called out for federal service.

S. O. L., Milwaukee, Wis.: I am a butcher. If I am drafted can I be assigned to this type of work?

The quartermaster corps buys and handles meats. It might need you, if by the time you are inducted it is short of butchers and meat handlers.

Today's Don't: If he's a second lieutenant, don't ask his expert opinion about war strategy in Europe. You may be sorry.

Employers are required by the Federal Wage-Hour law to keep accurate and complete records of hours worked by all employees.

National headquarters of the Federal Wage and Hour division are in the U. S. Department of Labor building, Washington, D. C.

Frank Leavell was in Amarillo Wednesday.

**The Texan Presents a New Contest**

**\$600 EVERY WEEK TO WINNERS AND WINNING FIRMS**  
\$3.00 weekly to contest winners and \$3.00 to firm for which winning slogan is written.  
**FREE PASS TO MISSION FOR EACH DAILY SLOGAN WINNER**

### Cumcari BPWC Giving Dance

Cumcari, March 6.—Sponsored by the Business and Professional Women's club, a Snowball dance will be given at the Community house Saturday night, March 8, beginning at 9 o'clock, club officials have announced.

They said one of the very best orchestras obtainable would be used, and that a floor show would be presented. Admission for adults is \$1, but for students only 50 cents.

### Texline

March 4

A. A. Ellis celebrated his 11th birthday Monday with a party at his home. Those present were Shirley Sheets, James Bleiker, J. W. Claibourn, Don Tomlinson, Tommy McBride, Jimmy Romine, Alice Jane McBride, Viola Welling, Eleanor Jean Romine, Don Parks, Gerald Harris, Crockett Kehoe and Billy Cleavinger.

Mr. and Mrs. Billy Garlets and son, Keith, left Sunday for Borger, where the Garlets have accepted positions.

A group of basketball boys attended a regional cage tourney at Canyon on Friday, seeing two high school games and one college game. On Saturday they visited the museum, Buffalo Courts and other points on the WTSC campus. Those making the trip were Supt. E. R. Cleavinger, Chester Walkup, Bernard Eads, Eugene Welling, Ivan Cleavinger and Marvin Herber.

Mr. and Mrs. W. E. Andrews, parents of H. H. Andrews, visited here last week en route to Springfield, N. M.

The Texline girls basketball team traveled to Dumas Friday night to play in the district championship tournament. They were led by Friona, later crowned district champion.

Mrs. Jim Henderson of Chicago has been visiting her twin sister, Dick Abney. They took Mrs. Henderson to Raton, N. M., Sunday to visit her parents.

Misses C. C. Jones and Fannelle Sell of Dalhart visited in Jess Kitching home Friday.

Mr. and Mrs. B. W. Baer and sons, Mrs. F. R. Brady and son, left to Canyon Sunday to spend day with their daughter, Winifred Faye, who is a student there. The Baers made short stops with other children at Dumas and Dalhart.

Mr. and Mrs. Young Sewell and nieces attended the Fat Stock show in Amarillo on Monday. A number of Texline residents plan to attend later in the week.

work-week is defined by the Labor Standards act as "seven consecutive 24-hour days."

Agricultural workers are exempt from the wage and hour provisions of the Fair Labor Standards act.

# United States Has Greatest Democracy

(An essay by James Cox, son of Mr. and Mrs. John J. Cox, was adjudged the best entered in a recent patriotic essay contest sponsored by the VFW Auxiliary. The contribution of the 18-year-old DHS junior will be sent to the state contest in April.)

**One Nation Indivisible**  
Our American Democracy was founded on the principles which united one people into a nation of democratic government. United under one government our country has progressed to the distinction of being the greatest democracy in the world, which represents the people of the earth in their conceived rights and liberties. This nation's best government has carried the highest standard of democratic leadership since its beginning on this continent.

There has come a time when a government of a free people is being tested to determine that government can long insure the liberty which our forefathers gave their posterity to establish. The democratic principles on which our nation was founded has caused it to be in the highest esteem. However, within our borders are those who are trying to destroy our democratic liberties.

Disrespectful persons who secure information of military value are bringing our country in increasing numbers and are so preparing America for an invasion in the event the democracies now at war are defeated. Accompanying their advance to this country, comes evidence of bitter hatred toward democracy, its policies and ideals. In the event of armed conflict, such dishonorable activities will be an extreme menace to America while trying to repel an invader. Such treasonable activities are being stopped by our government and defense industries are ever pushing forward to arm our nation against aggressor invaders.

When our President foresaw in the future, the possibility that America would be attacked, he succeeded in mobilizing American industry for national defense. Arms and munitions are being supplied to America's rapidly expanding armies which are drilling and forging distant possessions, thereby insuring their safety against dictatorial aggression. America's defense plants do not balk in building vast numbers of battleships and airplanes. Thus America's naval and air strength will serve as a mighty arm of defense and strike invading armies before they reach American shores. The wheels of defense both at home and in the field forces are mobilized ready to defend American Democracy against one or any combination of aggressors who feel capable of destroying our civil rights and liberties.

A united nation conducted under the patriotism of one people is able of contributing more to the welfare of the country they represent than in a mobocracy. A united people pledging themselves to the one purpose of defense is more capable of repelling an invader than demoralized people turned in a dictatorship. A country divided against itself cannot stand, when attacked, as can a country firmly united. Thus through unification stressing and serving one ideal, can a nation endure upon the earth.

The destiny of man does not lie in mobocracies nor in dictatorships, but in democracies which serve his liberties, not destroy them. His greatest contribution to the welfare of civilization is not in dictatorships, but in democracies where his achievement as a fellow human being. America encourages and preserves achievements in the fields of fine medicine, engineering, science and many others too numerous to mention. Such achievements lead to the field of man's quest for knowledge. Thus through unity,

America acknowledges and shall protect to the limit, its achievements which shall be respected by foreign powers.

A government based on unification of its people can better be stressed to American youth in class rooms. Being planted in youthful minds in early stages of life, America will help secure the democratic freedom which man's creation intended him to enjoy.

While our armed forces are building defenses and our industries expanding for supplying the needed equipment to our armed forces, American transportation is being mobilized to meet defense needs. Modern highways enable America to transport a sizable army many hundreds of miles from its base to attack an invading army overnight. The railroads are able to transport armed forces and their equipment to any point in America many thousands of miles from its base to attack invading forces. Commercial airfields in both large and small cities make it possible for our air force to strike at enemy forces before they reach our shores, and then strike hazardously at their bases. Thus America will soon become difficult to attack, both from within or without, which is contributed largely through defense efforts.

The American people are united under the torch of democracy, marching ever forward under the flag which has triumphed through some two hundred years since the nation it represents was established. Firmly determined to protect their homes and the constitution which is the foundation of our American union, Americans are looking forward to the day when American youth will contribute to the welfare of the world. Therefore

## Old? Get Pep, Vim with Iron, Calcium, Vitamin B<sub>1</sub>

the government of the people, by the people, and for the people shall not perish from the earth.

## Old-Time Spinner Is Being Sought

Mrs. R. L. Duke, in connection with experiments she is making on yucca or soapweed fiber, needs to contact someone who knows how to regular flax wheel.

A flax wheel, she added, is often referred to as a Jersey wheel, sometimes as a Dutch wheel and is of Swedish origin.

A person who knows how to spin, or knows of someone with that knowledge, is asked to see Mrs. Duke at her home, Seventh and Denver, or call her at Phone 327.

## Can Eat Anything Now Since Taking Hoyt's Compound

Indigestion, Constipation, Muscular Aches, Found Relief in Hoyt's, Says Wichita Falls Lady.

Mrs. Dollie Mosier, of 610 Jefferson St., Wichita Falls, Texas, states: "For several years I was troubled with acid indigestion,

MRS. DOLLIE MOSIER

kidney misery, gas and a sour stomach after eating. My arms, limbs and feet were swollen and I could hardly move.

"Since taking Hoyt's Compound my kidneys do not bother me, the swelling is gone! I don't have to get up nights. I eat anything without having indigestion, gas and bloating. Hoyt's Compound has done so much for me that I would not be without it!"

Hoyt's Compound is recommended and sold by the Wolf Drug Store and by all leading druggists in this area.

Anthony Eden

Britain's foreign secretary, Anthony Eden, is projected into the world news as he visits Ankara, Turkey, for conferences which were expected to determine the course of British-Turkish relations in the European war. Eden, accompanied by General Sir John G. Dill, chief of the imperial staff, was welcomed tumultuously.

### Scout Council Is Formed At Texline

Texline (Special) — Boy Scout, Girl Scout and Cub Pack committees met at the high school Monday night and formed a Texline Scout Council with E. R. Cleavinger as chairman; Mrs. R. F. Hefley, secretary-treasurer.

Rev. C. M. Brister reported on work already done on the Scout house, and outlined future plans for the building. Plans were made for an open house soon, with the public invited to see the home and help in furnishing it.

I. O. Coward was elected assistant Scoutmaster to replace Kenneth Lovingood, who left recently for Los Angeles.

Council members are: Misses Ludames H. H. Andrews, Louis Bleikcile Poole and Mildred Keen, Messer, Jess Kitching, E. R. Cleavinger, Cliff Romine and R. F. Hefley, Revs. C. M. Brister and S. J. Manning, and Guy Neal, Austin Harris, F. T. McBride, J. M. Baker, W. A. Robinson, I. O. Coward, E. R. Cleavinger. The group meets the first Monday night of each month.

### Dalhart Lions To Lubbock Dinner

The Dalhart Lions club will be represented at a Ladies' Night dinner at the Hilton hotel in Lubbock tonight honoring Melvin Jones, founder of Lionism and now secretary of Lions International.

The Girls Trio—Billie Jo French, Irma Karnes and Betty Steele, will present several selections accompanied by Mrs. B. N. Richards. Other Dalhartans to attend will be Dr. and Mrs. F. E. Garner, Mr. and Mrs. Gomer Jones and Mrs. Lyle Johnson.

Lions clubs from over a wide Panhandle area have been invited to the dinner and to meet the "Grand Old Man" of Lionism.

Gus C. Street, Jr., Dallas, is regional director of the Wage-Hour law for Texas, Oklahoma, Arkansas and New Mexico.

## CHANNING and Vicinity

A farewell shower given to Mrs. O. O. Edwards by Mrs. J. C. Osborne and Mrs. L. L. Savage Thursday. Mr. and Mrs. O. O. Edwards are moving to Logan, N. M., where Mr. Edwards is connected with Western Sand and Gravel company. Those attending were Mesdames Pat Edwards, Jim Edwards, Loyce Pickard, S. H. ## Be Quick To Treat Bronchitis

Chronic bronchitis may develop your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel the laden phlegm and aid in soothing and healing raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for cough relief. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion. The understanding you must have the way it quickly allays the cough, permitting rest and sleep, or you will have your money back. (Adv.)

The child-labor provisions of Federal Wage-Hour law apply in all states, Alaska, Puerto Rico and Hawaii.

YES! It has Quickube Trays that come loose at a touch and release ice cubes instantly.

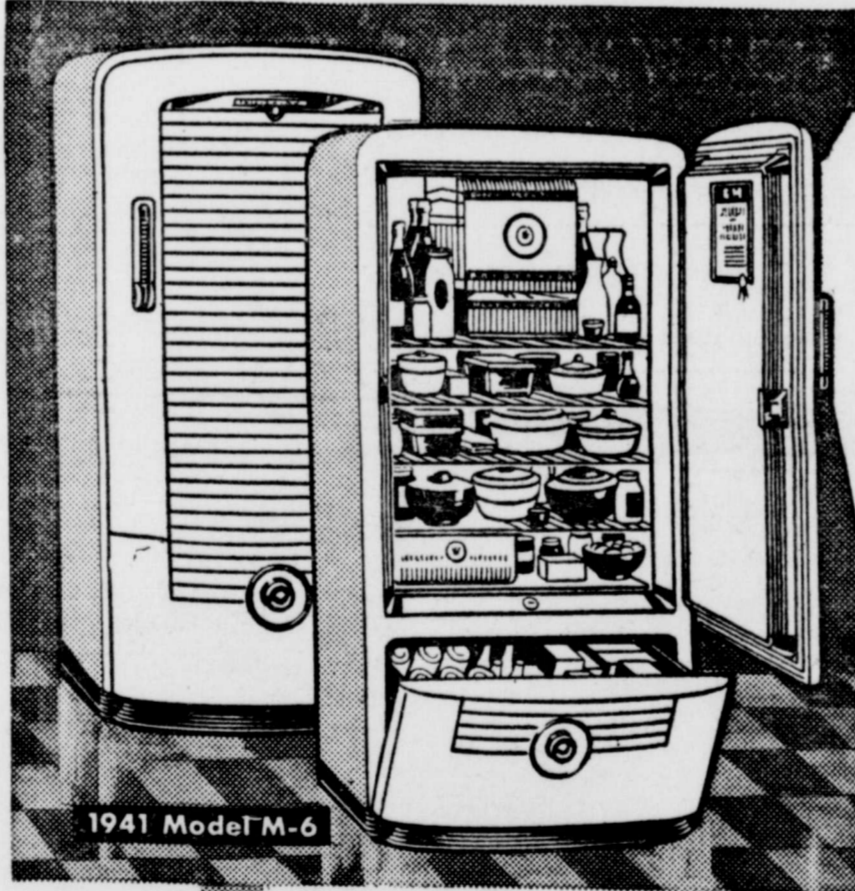

THAT'S RIGHT! It has the famous current-saving Meter-Miser mechanism.

CORRECT! It's a genuine Frigidaire, sold only at the West Texas Utilities.
