Nazi Home Front Trouble Hinted

There were indications today of trouble on the German home front as a result of slow Nazi gains and high losses against the Russians.

There were no definite details. But apparently return of troop trains, burdened with wounded, was having an unfavorable effect on the German populace.

Germany admitted the home front trouble only by implication. One of these signs was the fact that the German high command had taken official notice of the persistent rumors that German gains were made only at high cost.

Also foreign correspondents, always subject to a rigid censorship were permitted to say in conservative language that the rumors are current in Berlin.

The German high command in a patent attempt to reassure the home front, gave today an impressive list of Red losses in men, planes, tanks, etc., but gave no figures on Nazi losses. They said they were "moderate", even in the Smolensk sector where fighting has been heaviest.

A German spokesman said the ratio of Nazi losses in the Russo-German war are no higher than those in previous campaigns. Totals are more, he said, because more men are involved.

Moscow and London have estimated German losses at up to a million men. Some German source have claimed Red losses reached four million. Neutral sources generally believe Red losses have been the heaviest.

Some observers saw significance in the fact that the German high command's recapitulation of the seven-week Russo-German war, which it began releasing yesterday, still claims no new territorial gains, even today.

This significance is sharpened, they said, by the fact that the Germans yesterday insisted the Reds were beaten at Smolensk, yet today DNB, official German news agency, reports that fighting is still under way there.

Reds say the Smolensk fighting has slowed down. Some correspondents believe this indicates Germans can make headway there only at terrific cost and will not risk any more major losses until the home front problem is settled.

The rosy Nazi claims yesterday concerning the Smolensk sector conceivably could have been an attempt to placate the home front.

Japan announced today that the Dutch East Indies would relax its freezing order against Japanese funds sufficiently to permit lim-

M. F. Shinn, Sunray, Injured In Wreck

M. F. Shinn, Sunray, incurred cuts on his left arm and minor bruises about 9:30 last night when his car and one driven by Billy Barnes of Tucumcari collided on U. S. Highway 54 near Rehm, ten miles southwest of Dalhart.

Barnes was driving a car belonging to Bill Smith of Dalhart and was returning to Tucumcari. Mrs. Joe Young and daughters, Jean and Margaret, and granddaughter, Ouida Treadway, Tucumcari, riding with him, were unhurt.

Mrs. Shinn, with her husband, was uninjured. They were en route home from the Shelton ranch near Nara Visa.

A front wheel was ripped off each car.

Flying Cadet Unit May Be Formed

Twenty young men who are interested in an aviation career must enroll at the Dalhart recruiting office if a Dalhart Flying Cadet unit is to be formed, Corporal Leo Cawthron, officer in charge, has announced.

If the unit is formed, the recruits will be kept together throughout the seven and a half months of training, the corporal reminds.

Young men between 20 and 27 who are physically fit, of excellent character, unmarried and without dependents, are eligible. Corporal Cawthron said. Enrollees must have 52 semester of college credit or pass a written examination in U. S. History, general history, English grammar, geometry, chemistry and physics.

Pay while in training is \$75 a month plus board, lodging, uniform medical care and \$10,000 life insurance coverage, Cawthron said.

REUNION VISITORS CALLED TO EL PASO

Judge and Mrs. C. E. Coombes, here for the XIT Reunion, were called to El Paso yesterday afternoon by the critical illness of Mrs. Coombes' brother.

Charley Coombes, West Texas Utilities manager, took his parents there.

Dog, Cat and Hen Pals

Lubec, Maine (UP)—Mr. and Mrs. Augustus Conley are proud of their three pets—a dog, a cat and a hen—which eat, play and sleep together.

GEO. H. DAVIS

Former Dalhartan In U. S. Air Corps

Geo. H. Davis, nephew of Mrs. D. F. Sweeney and a former resident of Dalhart, is now stationed at Luke Field, Arizona with the U. S. Air Corps Advanced Flying School. Davis attended high school here and lived with his parents, Mr. and Mrs. C. B. Davis.

In a letter to Mrs. Sweeney young Davis describes his work as radio repair service on planes being used by his squadron. He was transferred to Arizona from Brooks Field, San Antonio.

"The people of Phoenix and surrounding country have been very nice. I have seen quite a little of the country at other peoples expense", Davis said.

The field at Phoenix is not yet completed, according to Davis. Construction of barracks, supply rooms and other buildings is still underway.

WASHINGTON.—Most attentive listeners in the crowded Senate galleries during the debate on retaining selectees were little groups of sun-burned, khaki-clad young men from the draft army.

On leave from nearby camps, they took time out to visit the august chamber and listen to the discussion that was deciding their future.

To find out what they, themselves, think about being kept in the army more than one year, the Merry-Go-Rounders interviewed 100 of them as they left the Senate galleries.

All of those interviewed were from eastern states and represented practically every branch of the army. They were asked: "What do you think about the bill you have just heard debated?" Here are the results:

Almost without exception they said they wanted to return to civilian life at the end of one year's service.

About 30 per cent were very emphatic that they should be "let out"; repeating Senator Wheeler's phrase that the Government was "breaking faith."

The remaining 70 per cent, while desirous of returning home, were not insistent. About one-third of this group volunteered that they were willing to abide by the action of Congress.

DON'T UNDERSTAND DANGER

From the brief chats with these boys, two significant attitudes stood out:

1. Soldiering has no appeal. The Army definitely has not sold itself to them as a way of life. With one possible exception, no selectee indicated that he would re-enlist voluntarily if discharged.

They had no complaints about their treatment. Food was good, they were not overworked, some were in better physical condition than ever before. But soldiering just wasn't popular.

Not one of these youngsters seemed aware of what was happening in the world; that their country might be in danger; that they should make some sacrifice for their country.

Said a stocky Signal Corps man: "If we see that things are urgent, we're willing to stay, but who knows? The President says they are urgent. Wheeler and Lindbergh say they aren't. Until they can decide, they ought to let us out."

'THESE GUYS OUTSIDE'

Said an Air Corps corporal: "These guys outside who are making good dough and striking for more while they keep us in the army—that's the thing that bothers me."

"There are plenty of men who like the army," said a cavalryman. "Why not let them volunteer? And besides, what are they going to do with all the new men coming

(Turn to Page 4—Column 1)

most of the filling station operators along the eastern seaboard complied with the government's request for a gasoline curfew between the hours of 7 p. m. and 7 a. m. some independent stations refused at the order and failed to observe the closing hours. The government resorted to the 12-hour curfew in the east because of the transportation shortage resulting from the diversion to the Atlantic seaboard. Above, an automobile at a New York station has just been gassed up before the 7 p. m. closing time. The motorist also gets an extra can filled up.

Dalhart Planning Perryton Journey

Dalhart's delegation to the second annual formal opening of the Fryer at Perryton Saturday and Sunday will be headed by Mayor and Mrs. Herbert Harrell, Miss Marilyn Harrell, Miss Rita Blanca—1941, Dalhart's red-headed twin sisters, Mrs. Bill Nite and Miss Be Pierce.

Harrell, daughter of Mr. R. S. Harrell of Perico, northwest of Dalhart, won the bathing beauty title in the bathing beauty contest that was a feature of the opening of Dalhart's Rita Blanca lake June 20.

Red-headed twins have been the attractions a long while, in connection with the Annual XIT Reunion, just in Dalhart.

O. E. Duggins, who arranged the Rita Blanca bathing beauty contest, and Mr. Duggins are to Perryton with us," said Peoples this morning. A number of other Dalhartans are expected to go.

Duggins has volunteered to provide transportation for all girls expected to enter the All-Pan-

handle Bathing Beauty Revue, one of the Perryton celebration headliners. It is open to any girl in this five-state High Plains area and the winner will be crowned Miss Lake Fryer—1941. Any girl interested is asked to call Mrs. Duggins, Phone 416.

Perryton has made elaborate plans to entertain huge crowds both Saturday and Sunday.

The celebration gets under way at mid-morning Saturday with ingathering of the crowd, renewal of old acquaintances and making of new ones.

A picnic will be spread under the trees around Lake Fryer at noon. In the afternoon there will be a band concert, swimming, nautical contests, boat rides. Members of the Panhandle Water Conservation Authority, which has been prominent among forces making the Panhandle lakes program possible, will be presented by Association President John L. McCarty. He is editor of The Amarillo News and will be master of ceremonies.

There will be a dance Saturday and Sunday nights at 9:00 in the lake recreational building. There will be an all-girl orchestra and a floor show made up of the best acts from some 20 Panhandle towns. Dalhart's red-headed twins will be in the floor show.

Eight boat races will be held Sunday, starting at 10 a.m. During the afternoon the races will be suspended 30 minutes for a speaking program.

Water ski stunts will be staged by Mrs. George Taylor, Mrs. W. L. Pearson, both of Plainview; and Bascom White, Amarillo.

The All-Panhandle bathing revue will be held Sunday evening.

TODAY

The Mission—Jeffry Lynn Underground".

THE WEATHER

East Texas: Partly cloudy afternoon, tonight and tomorrow with scattered thunderstorms. Little change in temperature.

Two Old Timers Get Together At The Reunion

"Bust my britches, if it ain't old Bill!"

"How ye, you danged old cuss."

"I granny, Bill, it's been nigh onto thirty years since I saw you. Remember when we first rode into Dalhart from down near Channing?"

"Sho do, fellow. Old Dalhart has sure changed since we hitched our hosses right over there where that bank stands now."

"Yes sir, and right over yonder is where we went to the first dance held on Saturday night. Old Jess Morris was fiddler and they tell me he's still hanging around here. Wonder where he is?"

"I guess it won't be hard to find Jess and the other fellows. But I been here all the time and it's hard for me to keep up with the changes. These new stores go in and new faces show up and there ain't so many of the old boys left that worked on the XIT."

"Right over yonder is the new underpass. Cost half a million they tell me, and fellow, that was some money when we were kids. And just a mile from town they've built a big stadium where they hold the best rodeo you ever saw. Now across the street there is where the Fox Hardware Company first started out. They've got a new building over 'cross the street from the post office now, but they're still selling that McCormick-Deering farm machinery they started out with. And remember they brought the first Farmalls to this country and they're still selling 'em."

"Yep, but a lot of that happened after I went back south and started in the cow business for myself. Been broke two or three times, but made a little money this year and coming to this here reunion is one of my ways of celebrating."

"Well, Bill, sure been good to see you. And if you'll stick around you'll find lots of the other fellows. They're sure having a good time."

"Goodbye, cowpoke, guess I'll start the rounds now. Be seeing you again."

**Former Dalhartan Married
Wednesday To New Mexico Girl**

Mr. and Mrs. Luther Flowers of Rita, N. M., have announced marriage of their daughter, Mae, to Glenn McKee, son of Mrs. Babe McKee of Dalhart. The wedding of the young couple took place Tuesday, August 6, at the home of Mrs. Santa Rita.

**SCHOOLMATE VISITS
FRANCES BARNES**

Interesting visitors in the city are Mrs. Marjorie Baker of Alva, Okla., who is the guest of Frances Barnes at the U. S. Field Station. Mrs. Barnes was hostess Monday at a dinner party honoring Mrs. Baker. Ten guests were present.

**AN TOMBERLIN
WEDS ON COAST**

Mrs. J. P. Tomberlin of Dalhart has announced the marriage of their daughter, Jean Marjorie, to Kenneth Roy Smith of Hollywood, Calif., on July 28.

The couple were married in the Kirk O' The Heather Church, West Park, Calif. After August 10, they will be at home at 367 Orange Grove, Hollywood.

The lovely bride and her parents frequently visited in Dalhart. Mrs. Barnes is a guest of Mr. and Mrs. Bill Barnes.

**AND ABOUT
TOWN**

Ralph Herrick, Denver, is visiting Mrs. Al Nelson and friends. The visitor is referred to as Johnnie Trooper.

Rusty Warrenburg, Oklahoma City, arrived a few days ago to visit her mother, Mrs. R. L. Warrenburg, and other relatives. She will leave the last of next week.

Dalhart for the Reunion with Mrs. Ted Houghton were Mrs. John Brown, Mrs. Bell McCarty, Miss Edna Weston, all of Fort Worth, and

Mr. and Mrs. W. L. Craddock, Atlanta, Ga.

Mr. and Mrs. George Locke, Mr. and Mrs. F. B. Gibbs and daughter, Ruth, returned last night from a motor trip to New Mexico and Colorado resorts.

XPT guests in the Arch Sneed home included Press Abbott of Bovina, Jim Shaw and daughters, Eloise and Catherine, of Weatherford, Mrs. Harold Baker, Mrs. W. D. Henson and Tommy Henson, Amarillo.

Mrs. John Wallace and daughter, Ruby, left Wednesday morning for Austin to visit Mrs. Wallace's brother, Dr. James A. Barnes, who is a member of the summer faculty of the University of Texas. Dr. Barnes has been connected with Temple University in Philadelphia for several years.

Mrs. Inez Sheets and son, Jake Earl, of Borger, were visitors of her mother, Mrs. J. W. Meador and other relatives the first of the week.

**Frazier Funeral
Rites Are Today**

Many friends this morning at 11:00 bowed at the bier of James Edward Frazier, 22, as last rites were conducted from the Peoples Funeral Chapel.

Rev. E. O. Stewart, Pentecostal minister, was in charge. Mrs. Lawrence Kelly, Mrs. Robert Ridener, Miss Ruby Barrow sang, "Sweet Bye and Bye," and "What a Friend".

Pallbearers were J. E. Chenault, J. C. Killins, E. H. Roberts, Hubert Heiskell, J. W. Gillis and Walter Gumper. Burial was in Memorial Park cemetery.

Frazier drowned yesterday about noon in Dalhart's Rita Blanca lake. He and five brothers entered the water at the foot of Dalhart's main street—Denrock Ave.—two miles from the swimming area, protected by lifeguards and emergency equipment, and operated by Concessionaires Earl S. and E. G. Carter.

The parents, Mr. and Mrs. R. L. Frazier, nine brothers and three sisters survive.

in? They won't have enough room for them."

Said a pugnacious Brooklynite: "They made a deal with us, and they ought to keep it. You can write this—if they'll let you—we're pretty hot about this business of keeping us in the army longer than they promised, pretty damned hot about it."

*** THE RUSSIANS HAVE IT

This does not mean that these boys are unpatriotic. But it does mean that the U. S. Army so far has neglected the most important conclusion to be drawn from the lesson of France and the lesson of Russia.

In France, battalions, companies, entire regiments surrendered almost en masse. The world was astounded. The French army had been heralded as the best in the world. Its officers had been trained for years. Its equipment, while not as good as the Nazis, was the next best in Europe.

Yet the French army collapsed in eleven short days.

Frenchmen who went through that catastrophic surrender now tell us that more important than Hitler's panzer divisions, more important than stuka dive-bombers, was French morale. French troops did not want to fight.

The country was torn by dissension. Men in the trenches had no idea why they were fighting. If they knew anything, it was that they were fighting for the Comite des Forges (Steel Trust) or the Deux Cent Families (the 200 families who ruled the Bank of France).

So France fell. One year later an entirely different story comes from Russia.

There, a huge, unwieldy, green army facing the pick of Hitler's mechanized veterans, has retreated, but not surrendered. At times isolated and hopelessly cut off, Russian troops have continued fighting—fighting so desperately that the Germans have complained that they did not obey the rules of war.

Obviously Russian troops have been defending something which they cherished. They have had what the French lacked—morale.

*** WE DON'T HAVE IT—YET

And to date, judging by our poll of selectees, plus the War Department's own frank fears, the American army also lacks morale. They have no idea that the country is in danger. They have little realization why they were drafted.

We have spent a year building up cantonments with most of the comforts of home. We have provided better than average food, good clothing and fair equipment. But we have neglected morale—the most important thing of all.

Nine months ago, this column published a series on lack of morale inside the draft army. Nine months ago, Mrs. Roosevelt addressed an inquiry to Chief of Staff General

Ambassadors Debate National Question

A debate on the question of United States using its armed forces actively in the present world conflict will be held tonight at 8:00 at the regular meeting of the Ambassador club.

Harry Simpson and Chas. Youts will take the affirmative; King Fike and Lanham Nelson, negative.

.12 Of An Inch Of Rain This Morning

A brief shower early this morning registered .12 of an inch at the U. S. field station, four miles southwest of Dalhart.

No other rains in this area were reported.

Marshall, got the reply that the situation was OK. About the same time, Harry Harrison, who ran the Smileage Book campaign for camp morale and entertainment during the last war, proposed a new program, but was rebuffed.

In other words, with the country facing an urgent crisis in both the Atlantic and the Pacific, the War Department has given the boys no conception of what is happening in the world, has made no attempt to show them why they are called upon to serve. It has completely fallen down on the one big weapon which makes a modern army fight.

*** NEW MARITIME COMMISSIONER

Democratic congressmen from Massachusetts are staging a tough fight to get a New Englander appointed to the vacancy on the Maritime Commission created by the transfer of ex-Congressman Jack Dempsey from the Commission to be Under Secretary of Interior.

Although New England is one of the most important shipping sections of the country, it has not had a representative on the Maritime Commission since the retirement of ex-Congressman Carl Moran several years ago. Wyoming, which scarcely has a navigable stream, is represented on the Commission, and until recently so also was New Mexico by Mr. Dempsey; also Ohio, California and Pennsylvania, but not New England.

Admiral Land, who has done an excellent job as chairman of the Maritime Commission but who has a penchant for naval officers, now is pushing a New Yorker for the vacancy. He is John E. Otterson, who after retiring from the Navy went into big business. He has been an executive of Western Electric and president of Paramount Pictures, now aspires to the Maritime Commission.

But Ed Flynn, chairman of the Democratic National Committee, has inserted a large and frustrating hand. Otterson, says Flynn, is not a legitimate Democrat.

Other opposition to Otterson comes from New England congressmen, especially forthright Joe Casey and scholarly Tom Elliot of Massachusetts. They are plugging for David Scoll, of Boston, who was appointed to the staff of the Commission by Joe Kennedy, its first chairman before he became ambassador to Great Britain. They are determined that New England get a place on the Commission, and say that Scoll is by far the best qualified man.

Use Want Ads for profit.

A lifelong friend, George Lider, of Amarillo, recently loaned me a copy of The Texas Almanac for the year 1869. George makes a hobby of collecting historical books and documents, and it must have kept him young for he doesn't look a day older than he did when he gave me the Tenderfoot Boy Scout test in his office in the courthouse at Floydada so many years ago neither of us can remember.

The remainder of today's column is taken from the 1869 Texas Almanac produced by W. D. Richardson and Co., Galveston, Texas.

The Texas immigrant will find the following prevailing prices for food that he will need here: Bacon, 12 to 15 cents per pound; beef, fresh, two to three cents per pound; pork, fresh, 5 to 6 cents per pound; chickens, \$1 to \$3 per dozen; eggs, 10 to 12 cents per dozen; butter, 10 to 15 cents per pound; common cows, including young calves, each giving two to three gallons of milk per day, fed on grass alone, \$10 to \$15 each; oxen, well broke and of large size, \$30 to \$40 per yoke; mules, \$30 to \$40 each; horses, \$30 to \$150 each; stock cattle, \$2 to \$6 per head. Sheep usually command about \$1 apiece.

Texas Prairies: The prairies of Texas differ materially from those of the Northwestern states; and the most obvious difference is the fact that we have in Texas no vast expanses of prairie without any visible timber. Nowhere does the country present those vast, monotonous plains without an object to relieve the eye, that are seen in Illinois and some states west of the Mississippi.

Indians: The Comanches roam over the whole extent of the Staked Plains, between the Canadian and the Rio Grande. During the summer season they follow the buffalo still farther north. A vigorous campaign should be made into the Indian country. Troops should be started from Texas, from Kansas, from New Mexico and from the Indian Territory, all at the same time and should converge upon their hiding places along the streams of the Staked Plains. By this means they can be overtaken, intercepted, and punished.

(The only National Banks serving Texas in 1869 are listed): First National at Galveston, capital \$200,000; National Bank of Texas (Galveston), capital \$100,000; First National Bank of Houston, capital \$100,000; San Antonio National Bank, capital \$125,000. (There were 24 private banks and exchange brokers, including one at Dallas, but none at Fort Worth.)

E. M. Pease was Governor of

LAFF-A-DAY

"Gosh, I don't see how I broke the whole dozen! only dropped 'em once!"

R. I. Softball Team Meets Charros Tonight

The Rock Island Softball team will meet the Charros tonight in the opening game of the regular semi-weekly Dalhart Softball League schedule. Ambassadors and Porters Market play the second game.

The free league games are played each Monday and Thursday night beginning at 8:15 at Legion field, officials remind.

Texas at a salary of \$4000. Heads of other state offices drew salaries of \$2500 down to \$1000. Supreme Court judges received \$4500 each; district judges \$3500 and district attorneys \$1000. (The best I can figure out from listing there were 146 counties in Texas.)

Tota: receipts of the government of the State of Texas, May 31, 1868, were \$2,844,532.19. Tota' value of all property assessed, \$170,005,545. Tax on same at \$15 per \$100, was \$255,008.31. Cost of meeting of State Legislature for the year 1886 totaled \$70,661.83. (Governor Coke Stevenson estimates it will cost Texas \$100,000 for a special thirty-day session of the present legislature.)

The Almanac contains several advertisements, among them being one of The Galveston News, subscription \$16.00 per year, Holloway's Pills for disorder of the stomach, liver and bowels; Cresylic and carbolic Soaps, and Brady's Family Bitters.

Anyone may look this interesting book over, providing it is not taken from the Texan office.

Insurance Firms To Go Wage-Hour

Washington—General Phillip Fleming, Wage-Hour law administrator, said today that voluntary compliance programs have started or promised by a representative group of insurance companies.

His announcement followed completion of a personnel classification study made by the Wage-Hour Commission in cooperation with employer association groups to determine legitimate exemptions of executives and administrative employees.

Gus. C. Street, Jr., regional director at Dallas, said that more than 300,000 insurance employees in Texas, Oklahoma, Arkansas and New Mexico would be affected. Their benefits, he said, will include the 40-hour week.

Montoya Funeral Held This Morning

Funeral services for Mrs. D. Montoya, 69, who died early yesterday morning, were held from St. Anthony's Catholic church morning. Father T. W. Nuss Loretto hospital was in charge. Burial was in Memorial cemetery.

Mrs. Montoya is survived three sons and a daughter. Her late husband was a prominent sheep raiser on Ute Creek Alamosa, N. M. He died several years ago.

SAVE THE IDEAL WAY SAVE THE IDEAL WAY SAVE THE IDEAL WAY SAVE THE IDEAL WAY

O. M. OLIVER

M. (Mark) Oliver, new assistant general passenger agent of the Panhandle & Santa Fe Railroad with offices in Amarillo, is one of the young men in this capacity on the P&S lines.

Road Labor Demands Rejected

Conference Committees representing American Railroads advised leaders of railroad that their demands for increased pay cannot be granted. G. Gurley, speaking for the committee, said the demands total \$225,000,000 per year. That is more than the railroads ever made net in one year as much as all the net the railroads have had in the last ten years.

five operating railroad

Hammer, Red Cross Chairman, Aided By Hoyt's

F. W. Hammer, Ph.D., of 2106 Omg. st., Amarillo, states: "I had a terrible

DR. F. W. HAMMER

of indigestion. After each I had a sour taste in my mouth, pains in my shoulder, pressure around my heart. It was as though there was a solid lump in my stomach. My breath was bad. I was constipated, and because of kidney trouble, my sleep was broken at night. I had spent large sums for relief, had sought all every kind of medicine. Hoyt's Compound made me feel like a new man. There's no more indigestion, sour taste, breath, or constipation. The pains in my shoulder and my heart are gone. Hoyt's also relieved Mrs. Hammer's stomach. You can be sure in giving it a trial. It is the best medicine!" Hoyt's Compound is sold by Wolf Drug Store, and by other druggists in this area.

brotherhoods have asked for a 30 per cent wage hike, with a minimum increase of \$1.80 per day. Non-operating groups are asking an increase of 30 per cent per hour, with a minimum wage of 70 cents an hour.

Gurley said if these demands had been in effect in 1940 the railroads would have had a net of \$600,000,000 instead of a small net income. Had they been effective the first half of this year the roads would have had \$225,000,000 net deficit, and such roads as the Pennsylvania, Union Pacific and Santa Fe would not have made expenses.

Gurley admitted railroad business and income have increased. "But", he said, "this is due almost entirely to additional business resulting from changing world conditions and the supreme national defense effort."

"No one knows how long these conditions will continue and no one knows what the additional costs of operation will be in handling this business, or how high taxes will mount."

Railroad labor point not only to more railroad business and bigger net profits as justification for their demands, but emphasize also rapidly rising living costs and productivity per unit of labor.

Mr. and Mrs. Kenneth Lovell and daughter, Clara Louise, are spending their vacation with her father, W. G. Sigafoos of Alto, N. M.

Mrs. Sam Hill Has X-Ray Examination

Mrs. Sam Hill, injured Tuesday when struck by an Amarillo car on a Dalhart street, was taken to Loretto Hospital this morning for a thorough x-ray investigation.

Her husband, a cook at the B. & B. cafe, said vertebrae injuries are feared.

Mrs. Hill, following the x-ray photographic examination, was returned to the home of Mr. and Mrs. C. B. Slater.

The x-rays, it was said, will be sent to Chicago for reading and will not be reported on for about ten days.

Jerry Carroll, Fulton Thomas, J. T. Mann and Dr. Artis Dawson left this morning for Eagle Lake, N. M., on a fishing trip.

Miss Hallie Dudley, Altus, Okla., is visiting Mr. and Mrs. W. R. Robinson and other friends.

DO YOUR EARS RING?

Maybe somebody's talking about you! They noticed your bad breath. Sour, gassy stomach often accompanies occasional constipation. ADLERIKA blends 3 laxatives for quick bowel action and 5 carminatives to relieve gas. Try ADLERIKA today.

Ranking Texas 4-H Club Girl Attends XIT Show

Unknown to most Dalhart folks was the fact that one of the most distinguished visitors at the XIT reunion this year was a pretty young lady from Weatherford, Tex., who is rated one of the outstanding 4-H club members in Texas and to whom many honors have come.

Katherine Shaw, of Weatherford, attended the reunion together with her older sister, Elouise, and father J. B. Shaw. They were guests of Mr. and Mrs. Arch Sneed and the girls are grand neices of B. P. Abbott, XIT cowhand from Bovina.

Two years ago Texas was privileged to select two girls who had made outstanding records in 4-H club work over a period of several years, for a trip to Washington, New York and other eastern cities. Katherine was one of the girls to whom this honor came from Texas. And for her club work she has been to College Station several times, made radio appearances and done considerable newspaper writing. She plans to write a story of the XIT reunion and possibly the life history of her Uncle "Press" Abbott.

Speaking of her trip to Washington, Katherine modestly said she was lucky to win and she guessed there were lots of girls that knew more about 4-H club work than she did.

Mrs. Eldridge Is At Mother's Funeral

Rev. and Mrs. J. E. Eldridge attended the funeral of Mrs. D. C. Brady, mother of Mrs. Eldridge, this morning at 11:00 at Gainesville, Texas.

Mrs. Brady died Tuesday night at her home in Oklahoma City. Rev. Eldridge is pastor of the Central Methodist church.

SBA Business Meeting Will Be Held Friday

The regular business meeting of the Security Benefit Association will be held tomorrow night at 7:30 at the Cooperative Hall, Mrs. J. C. Marries, reporter and vice-president, announced today.

NAZI HOME—

(Continued from Page 1)

ited transactions. Tokyo said it would reciprocate with similar relaxations in its freezing orders against the Dutch.

Japan claimed today it has only peaceful intentions toward Thailand. England, it said, has raised the scare of a Japanese invasion to screen establishment of new British bases in Thai, designed to strengthen Singapore. It said Britain has troops concentrated on Thai's borders; and said repeated U. S.-British assertions that Japan plans aggressions against Thai are unwarranted and will result in a further deterioration of relations between Tokyo and Washington and London.

Enigmatic messages from the President's yacht, Potomac, cruising off the New England coast, coupled with other signs, still keep alive reports that Prime Minister

Churchill of Britain and Roosevelt have or will meet somewhere in the Atlantic.

Latest cablegram from the Potomac said the cruise would continue; and that the President is keeping in touch with the world situation by radio. However, neither the message today nor yesterday said definitely that Roosevelt is still aboard the yacht.

Federal Oil Czar Ickes warned today that unless facilities are expanded promptly there will be a shortage of airplane gasoline for needs of the U. S., other Western hemisphere countries and for nations resisting aggression, including Russia.

Russia, he said, has plenty of petroleum but lacks cranking machinery to make aviation gasoline. The U. S., he added, may be able to furnish the cranking equipment.

Try newspaper advertising first.

Rock Island Supt. of Motor Power Bert Smith and Mrs. Smith, Kansas City, have been here this week. The Smiths formerly lived here.

Mr. and Mrs. Virgil Dominick and daughters, Betty Jean and

Carol Ann, are home from a motor trip to South Carolina and other southern points.

Among Claytonites in Dalhart this week for the XIT Reunion were Mr. and Mrs. Ben Thaxton and children.

Mrs. Josie McPherson has returned to Clayton after spending several days visiting in Dalhart and attending the XIT Reunion.

O. E. Duggins went to Chicago today on business.

Rat Terrier in Fine Form in Warsaw, Ind. (UP)—Twenty rats in 20 minutes—that was the record set by Buster, a rat here. The dog found the rats under a trash box and killed them off at the rate of better than a minute.

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

Press Abbott, XIT Officer, Praises Annual XIT Event

By ED BISHOP

Sitting cross-legged on the lawn of his friend's home and with his back against a tree and his pipe going full blast, B. P. (Press) Abbott, old XIT cowhand from Bovina, looked a long time at the full moon Tuesday night before he started talking to me about the reunion. And his first remark was "I just live from one reunion to the next, the two biggest and best days of my life".

Urged to express himself fully about the celebration the old cowboy, who spends the reunion time

Press Abbott

with his close friend Arch Sneed, gave Judge Reese Tatum, deceased district judge, credit for his attendance at his first reunion here in 1938.

"The judge kept telling me that I was missing a lot of fun but I just thought Dalhart was having a big rodeo and western celebration and it didn't interest me. When I made my first reunion in 1938 one of the first men I saw was Bob Beverley and I hadn't seen him in 47 years. Then there were others and each year I see some of them for the first time and I'll tell you, friend, it is a grand time for all of us".

Abbott started naming some of the XIT members whom he hadn't seen in 30 years to 40 years until

he came to the reunion. "There was Mack Johnson's family that I saw last year. Why I hadn't seen or heard of Mack in 33 years. And it was 35 years since I had seen Roy Tisdale, of Coleman, and equally as long since I had seen old Bob Rouse and Bill Armstrong".

This year, after registering at the reunion and visiting with many of the veterans of the XIT, Abbott, Sneed, J. B. Shaw, of Weatherford, and another cowhand by the name of Wright, went to Buffalo Springs and Texline, came back to Dalhart and then went to Tascosa to visit the Boy's Ranch.

"Let me tell you something", Abbott suddenly remarked in the conversation, "we old timers owe something to Dalhart for this reunion. Why we get everything we want, are treated swell and we appreciate it. Of course not many of us are interested in rodeos and dances but we always bring some folks with us that are interested and if they are not entertained we wouldn't get to come. For instance here are my grand nieces (and he introduced two very pretty young ladies). They came up with their father, J. B. Shaw, and went to the rodeo and other entertainment and really enjoyed it. And if you hadn't had it for them I wouldn't have had much fun knowing they didn't enjoy it".

Asked if he thought of anything that Dalhart could do to make the visit of the XITers more pleasant

Farm Directors Meet In Amarillo Monday

Directors of the Texas Farm Bureau Federation has called a meeting of the District 1 for next Monday at 11:00 in the Herring Hotel in Amarillo, Dallam County Agent Ed Crabtree announced today.

Well informed farm leaders will conduct the program on the 1942 Farm Program, the agent said.

Crabtree and several other county agricultural officials plan to attend.

Abbott remarked, "Well, I personally think you are doing everything in reason and I wouldn't want to ask anything further, but if it's possible for you to get us old timers a more private place to meet where we could spend the entire two days together without outside disturbance I think more of us would attend".

Abbott made it plain that he was in no way complaining of the courtesies shown the XITers in the past and emphasized that as long as the reunion is conducted on its present plan that he'll be back for "you know I just live from one reunion to the next".
